GENERAL INFORMATION

SAM 2 User Note: The state agency user will note that not all line item numbers on this notice and on SAM 2 are consecutively numbered. This is because the numbering herein follows the numbering from the RFP, which will also be the numbering the contractor will use for invoicing. For reasons of consistency between the bid document and the contract, the line items herein follow the bid even though they are not consecutive. SAM 2 line item numbering should match numbering on this statewide notice.

Vehicle specifications and prices, including options, are included herein.

ORDERING

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre approval form and submit to Cindy Dixon, State Fleet Manager. The pre-approval form can be found at the following website address:

<http://www.oe.mo.gov/gs/fm/vehiclepreapproved.htm>

Once the state agency receives approval from the State Fleet Manager, the agency shall issue its own PGQ (Quick Price Agreement) order. The contractor must not ship until they are in receipt of a hard copy PGQ order.

The commodity service code to use for alternative fuel vehicles in SAM 2 will be 07007.

The commodity service code to use for all regular fuel vehicles in SAM 2 will be 07048.

PERFORMANCE REQUIREMENTS OF THE CONTRACTORS:

Latest Model:

The contractor must provide 2012 model year or newer fleet light duty trucks and sport utility vehicles with all manufacturers' standard equipment and any additional equipment required by the State of Missouri. The base price on contract shall include all specifications stated herein.

All options and/or accessories stated herein must be manufacturer's original equipment. Aftermarket options and/or accessories shall not be acceptable.

As applicable, all options must be factory installed.

Each vehicle shall be clean, lubricated, serviced and ready for immediate service. This shall include installation of all required options and accessories (i.e. body side moldings, license plate brackets, etc...) and removal of all plastic from interior and exterior of the vehicle.

Warranty:

The Standard Factory Warranty shall apply to all vehicles. A properly executed warranty must be delivered with the vehicle. The warranty shall not become effective until the unit is placed in service. If special forms must be filed with the contractor, the State of Missouri will comply with this request.
