

# NASPO/WSCA CONTRACTS

The State of Missouri, Division of Purchasing and Materials Management (DPMM) has signed Participating Addenda to utilize contracts established through the National Association of State Procurement Officials (NASPO) and the Western States Contracting Alliance (WSCA).

- “Political Subdivisions Only” indicates the contract is only open for use by political subdivisions of the State of Missouri. State agencies governed by Chapter 34 RSMo are prohibited from using “political subdivisions only” agreements unless specifically authorized by the Director of DPMM. “State Agencies and Political Subdivisions” indicates the contract is available for use both by state agencies governed by Chapter 34 RSMo and by political subdivisions of the State of Missouri.
- The “NASPO/WSCA Contract Website” link contains the signed participating addenda, the lead state’s website, and pricing/ordering information. For “State Agencies and Political Subdivisions” contracts, the “State of Missouri Contract Website” link directs you to the State of Missouri’s statewide contract search that allows you to search by contract description and contract number for the information needed to utilize contracts established by the state.
