1. General Instructions for both Non-Emergency and Emergency Services:

The state agency shall provide an On-Site Coordinator (OSC) to supervise each cleanup project. The OSC shall be responsible for the following:

- a. Determining the day(s) and time(s) the contractor shall provide services,
- b. Supervision and approval or disapproval of the contractor's cleanup procedures,
- c. Supervision and approval or disapproval of all equipment, materials, personnel, and/or related services and procedures provided by the contractor,
- d. Ordering of any additional equipment, materials, and/or services requested by the contractor,
- e. Stop work orders for the safety of the contractor and/or the environment or due to violation of safety regulations by the contractor or the contractor's personnel/subcontractors,
- f. Review of the contractor's daily costs as reported in the contractor's daily record, and
- g. Determination of project completion and emergency and non-emergency status, as described herein.

1.2 If your state agency encounters any problems or has any questions, contact the buyer at the address and phone number as stated on page one of this notice.

1.3 In the event of a pricing duplication between the contractor's pricing page and the price list catalog the state agency shall pay the lowest price.

2. Non-Emergency Services Instructions: In the event a project site is located within a county served by more than one contractor, the state agency shall contact each contractor for a project estimate. The contractor with the lowest project cost shall be utilized for that particular hazardous substance cleanup and disposal project.

2.1 **Initial contact to contractor(s) for services** – When a state agency identifies a need for a non-emergency hazardous substance cleanup and disposal, the state agency shall: (1) contact the contractor for a work plan for

the non-emergency hazardous substance cleanup and disposal project and (2) provide information to the contractor regarding the project site upon which hazardous substance cleanup and disposal is required.

2.2 All other requirements of the state agency's related to the contract including the work plan development, approval, modification, authorization to proceed, etc., are included throughout the attached document.

2.3 **In the event a state agency has a hazardous substance emergency, the state agency shall contact the Department of Natural Resources Environmental Response Emergency hotline 573-634-2436.**

3. Department of Natural Resources Instructions for Emergency Services:

3.1 The determination of a hazardous substance emergency rests solely with the Department of Natural Resources (DNR). DNR shall utilize the definition of "hazardous substance emergency", as provided in RSMo Chapters 260.500, in making such determination.

3.2 In the event a hazardous substance emergency exists, the Department of Natural Resources shall determine which contractor shall serve the site based on the counties proposed by the contractor, contractor's location and the overall cost.

3.3 The listing below provides a ranking of the contractors from lowest cost to highest in cost. DNR shall make every effort to utilize the lowest priced contractor when possible.

- 1) Environmental Restoration
- 2) Sunbelt Environmental
- 3) Environmental Works
- 4) Haz-Mat Response

All other requirements of the state agency's related to the contract are included throughout the attached document.

Contract Terms

1. General Requirements:

- 1.1 The contractor shall provide for the cleanup and disposal of hazardous substances for any state agency of the State of Missouri in accordance with the provisions and requirements specified herein.
- 1.2 The contractor shall provide services on an as needed, if needed basis. The State of Missouri does not guarantee any usage of the contract whatsoever. However, any state agency needing the services shall be required to use the contract unless an exemption is granted by the Division of Purchasing and Materials Management.
 - a. In addition, the contractor shall agree and understand that the contract shall not be construed as an exclusive arrangement and if it is in the best interest of the State of Missouri and approved by the Division of Purchasing and Materials Management, a state agency may obtain alternate services elsewhere.
- 1.3 Since multiple contracts exist, the state agency shall determine which contractor's services shall be utilized based on the counties served by the contractor and the contractor's cost.
- 1.4 The contractor must comply with all applicable provisions of RSMo 260.500 through 260.550 in regards to the cleanup of hazardous substances.
 - a. In accordance with RSMo 260.500, the contractor shall conduct "all actions necessary to contain, collect, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance".
 - b. In addition to the hazardous substances identified in RSMo 260.500, the contractor shall agree and understand that for the purpose of the contract, radioactive materials, wastes, emissions, or discharges that are released in any manner shall also be considered a hazardous substance.
- 1.5 The contractor shall provide the cleanup and disposal of hazardous substances which are, or are at the risk of, being emitted, discharged, spilled, leaked, pumped, poured, emptied, dumped, or released in any manner into or onto the land, underground, air, or waters of the State of Missouri. In addition, the contractor shall provide the cleanup and disposal of hazardous substances which are discovered in, on, or about containers, buildings, or any other location where such hazardous substances may appear.

2. Personnel Requirements:

- 2.1 If requested by the state agency, the contractor shall furnish an on-site project manager who is knowledgeable of hazardous substances and has experience in providing the cleanup and disposal of hazardous substances comparable to the services described herein.
- 2.2 The contractor shall provide additional personnel as necessary to successfully provide the cleanup and disposal services described herein. The contractor's personnel shall have experience to carry out instructions provided by the project manager.
- 2.3 The contractor must have, maintain, and enforce an established health and safety training program for all personnel who provide services in accordance with the terms of the contract.
 - a. The contractor's safety training program must, at a minimum, satisfy the safety guidelines and regulations set forth by the Occupational Safety and Health Administration (OSHA) Safety Guidelines and Regulations.

3. Non-Emergency Service Requirements:

- 3.1 The contractor shall provide the cleanup and disposal of hazardous substances on a non-emergency basis when a hazardous substance situation exists which requires action sometime in the future. Time is not a critical factor. The contractor's required response time may range from a few days to a few weeks as stipulated by the state agency. The determination of a non-emergency situation rests solely with the state agency.

- 3.2 When a state agency identifies a non-emergency hazardous substance project, the state agency shall contact the contractor who shall provide the following services:
- a. The contractor shall develop a written work plan which describes in detail the manner in which the contractor proposes to address the non-emergency services required by the state agency.
 - 1) The contractor should visit the state agency project site in order to obtain a comprehensive understanding of the hazardous substance situation.
 - 2) The contractor shall include in the work plan a description of how, when, by whom, with what, and to what degree the contractor proposes to satisfy the requirements set forth in each non-emergency hazardous substance project, as well as the contractor's safety plan for the non-emergency hazardous substance project.
 - 3) The contractor's written work plan shall be subject to review and approval of the state agency. If requested by the state agency, the contractor shall modify and/or provide additional information in the written work plan.
 - b. The contractor shall develop a guaranteed not-to-exceed total project price for each non-emergency hazardous substance project presented by the state agency.
 - 1) The individual unit price components of the guaranteed not-to-exceed total project price shall not exceed the firm, fixed unit prices stated on the Pricing Pages and the price list/catalog for the non-emergency services.
 - 2) The state agency reserves the right to request lower prices than those stated in the guaranteed not-to-exceed total project price if, in the state agency's opinion, a specific non-emergency hazardous substance project merits such a request.
- 3.3 Upon the state agency's approval of the written work plan and the guaranteed not-to-exceed total project price, the contractor shall provide the non-emergency services at the location, at the time, and in accordance with the instructions specified by the state agency and the work plan.
- a. The contractor shall provide the equipment, supplies, labor, and support services needed to complete the non-emergency services.
 - 1) If requested and/or when approved by the OSC, the contractor shall provide stand-by equipment, supplies, labor, and support services to complete the non-emergency services.
 - b. The contractor shall maintain a complete daily record of all labor, equipment, materials, and subcontracted services and expenses, if any, incurred in the performance of the non-emergency services.
 - 1) The contractor shall submit a draft copy of the daily record to the OSC by no later than noon of the following workday, unless otherwise specified.
 - c. If, after working on the non-emergency hazardous substance project, it is determined by the contractor, and agreed upon by the OSC, that the written work plan needs or will need modification, the contractor shall submit all changes in writing to the OSC along with any changes to the guaranteed not-to-exceed total project price.
 - 1) The contractor shall acquire the approval of the OSC prior to implementing any proposed changes.
 - d. The contractor shall agree and understand that the OSC shall determine when the non-emergency hazardous substance project is complete.
 - 1) The contractor shall provide any additional services requested by the OSC.

3.4 Upon project completion, the contractor must submit an affidavit that all hazardous substances removed from a hazardous substance project site have been properly and legally transported and destroyed or disposed.

4. Emergency Service Requirements:

- 4.1 The contractor shall provide the cleanup and disposal of hazardous substances on an emergency basis when a hazardous substance situation exists which requires immediate action. Time is a critical factor. The contractor must initiate a response to the hazardous substance emergency within one hour.
- a. The determination of a hazardous substance emergency rests solely with the Department of Natural Resources (DNR). DNR shall utilize the definition of “hazardous substance emergency”, as provided in RSMo Chapters 260.500, in making such determination.
- 4.2 The contractor’s emergency services must be available on a twenty-four (24) hours per day, seven (7) days per week basis, as needed.
- 4.3 Upon notification by DNR of a hazardous substance emergency, the contractor shall provide emergency services in accordance with the following:
- a. The contractor shall respond to hazardous substance emergencies immediately, in accordance with the instructions provided by DNR.
- b. The contractor shall provide the equipment, supplies, labor, and support services needed to complete the services.
- 1) The contractor may utilize the services of subcontractors, if needed to expedite the response.
- 2) If requested and/or when approved by the OSC, the contractor shall provide stand-by equipment, supplies, labor, and support services to complete the services required.
- c. If the situation allows, the contractor shall discuss with the OSC, prior to implementation of the emergency services, the safety measures to be utilized in the performance of the emergency services.
- 1) The contractor shall document the safety measures actually performed and submit such documentation to the OSC upon project completion.
- d. The contractor shall maintain a complete daily log of all labor, equipment, materials, and subcontracted services and expenses, if any, incurred in the performance of the emergency services.
- 1) The contractor shall submit a copy of the daily log sheets to the OSC by no later than noon of the following work day, unless otherwise specified.
- e. The contractor shall agree and understand the OSC shall determine when the emergency hazardous substance project is complete.
- 1) The contractor shall provide any additional services requested by the OSC.
- 4.4 Upon project completion, the contractor must submit an affidavit that all hazardous substances removed from a hazardous substance project site have been properly and legally transported and destroyed or disposed.
- 4.5 In the event of a release of natural gas or natural gas mixtures, by or from intrastate facilities, regardless of the quantity, the contractor shall follow the notification and reporting procedures set forth by the Public Service Commission rather than the notification and reporting procedures identified in RSMo Chapters 260.500 through 260.550. Furthermore, the contractor shall agree and understand that interstate facilities shall report natural gas releases within the State of Missouri to the State of Missouri and the National Response Center in accordance with the Federal Department of Transportation regulatory requirements.

5. Additional Requirements:

- 5.1 Within thirty-five (35) days after the contractor has removed the hazardous substances, the contractor shall dispose of all collected hazardous substances at hazardous waste treatment, recycling, storage, or disposal facilities (also known as Treatment, Storage, and Disposal Facility (TSDF) having all required permits or at Missouri Certified Resource Recovery facilities that have approval to accept the hazardous substances.
- a. In the event the TSDF does not or is unable to dispose of the hazardous substance, the contractor shall pick-up the hazardous substance and transport such to another TSDF at no cost to the state agency.
- 5.2 Within thirty-five (35) days after the date the hazardous substances were removed by the contractor, the contractor shall ensure that a Hazardous Waste Manifest has been returned to the state agency.
- 5.3 For each project completed by the contractor, the contractor shall provide a complete report of all on-site activities to the state agency by no later than thirty (30) calendar days following completion of the project. The contractor's report shall include, but is not necessarily limited to, the following items, as applicable:
- a. Written narrative of all site activities,
 - b. Project start and completion dates,
 - c. Equipment used including dates and number of hours used,
 - d. Labor classifications used including dates and number of hours used,

 - o. Any subcontractor developed reports, and
 - p. Other information as requested by the OSC.
- 5.4 The contractor shall include a project name and number in all documents related to each specific project. The name and number shall be provided at the time of notification by the state agency.
- 5.5 Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to perform the services required herein.

6. Payment and Invoicing Requirements:

- 6.1 The contractor shall submit a monthly-itemized invoice to the state agency's OSC for the services actually provided during the month.
- a. Labor: The invoice must itemize the quantity of services performed by each labor classification and the applicable firm, fixed unit price stated in the contract less any percentage discount stated on the Pricing Page.
 - b. Equipment: The invoice must itemize the equipment used and number of hours, days, and/or weeks each piece of equipment was used during the invoiced period and the applicable firm, fixed unit price stated in the contract less any percentage discount stated on the Pricing Page.
 - c. If the project site is located more than 50 miles from the contractor's facility, the contractor must identify each member of the contractor's staff located at the project site and the number of days each were located at the project site.

- d. The contractor shall identify any subcontracted services utilized by the contractor during the invoiced period. The contractor shall include a copy of any invoices for subcontracted services with the contractor's invoice.
- e. The contractor must submit a copy of the daily records with the contractor's invoice.
- f. The contractor may invoice for less than the firm, fixed unit prices stated on the Pricing Page and/or price list/catalog, but in no event, shall the contractor invoice for more than the firm, fixed unit prices stated on the Pricing Page and/or price list/catalog.

6.2 Non-Emergency Services: For labor and equipment provided by the contractor, the contractor shall be paid the applicable firm, fixed price stated in the contract less any percentage discount stated on the Pricing Page.

- a. Labor: The contractor shall be paid for personnel time on-site and for time spent in the development of the written work plan. The contractor shall also be paid the applicable firm, fixed price per hour for time spent traveling to and from the project site.
- b. Equipment: The contractor shall be paid for equipment usage while on-site. The contractor shall also be paid for the time that the equipment is on stand-by as approved by the OSC. In addition, the contractor shall be paid the applicable firm, fixed price per mile for transportation of equipment to and from the project site.
- c. For each day and for each member of the contractor's staff located at a project site that is located more than 50 miles from the contractor's facility, the contractor shall be paid the firm, fixed per person, per day price as stated on the Pricing Page for all lodging, food, and related expenses.
- d. The contractor shall be reimbursed for all documented subcontracted services and/or equipment plus the percentage over net cost as specified on the Pricing Page.
- e. The state agency shall retain 25 percent of the amount of each monthly invoice. The state agency shall pay the accumulated retainment to the contractor upon receipt of the Hazardous Waste Manifest and the state agency's acceptance of the services provided. The total payment to the contractor for the project shall not exceed the guaranteed not-to-exceed total project price stated in the work plan.

6.3 Emergency Services: For labor and equipment provided by the contractor, the contractor shall be paid the applicable firm, fixed price stated in the contract less any percentage discount stated on the Pricing Page.

- a. Labor: The contractor shall be paid for personnel time on-site. In the event the contractor's services are required for less than four hours on-site, the contractor shall be paid for four (4) hours on-site. The contractor shall also be paid the applicable firm, fixed price per hour for time spent traveling to and from the project site.
- b. Equipment: The contractor shall be paid for equipment usage while on-site. In the even the contractor's services are required for less than four (4) hours on-site, the contractor shall be paid for four (4) hours on-site. The contractor shall also be paid for the time that the equipment is on stand-by as approved by the OSC. In addition, the contractor shall be paid the applicable firm, fixed price per mile for transportation of equipment to and from the project site.
- c. For each day and for each member of the contractor's staff located at a project site that is located more than 50 miles from the contractor's facility, the contractor shall be paid the firm, fixed per person, per day price as stated on the Pricing Page for all lodging, food, and related expenses.
- d. The contractor shall be reimbursed for all documented subcontracted services and/or equipment plus the percentage over net cost as specified on the Pricing Page.

- e. The state agency shall retain 25 percent of the amount of each invoice. The state agency shall pay the accumulated retainment to the contractor upon receipt of the affidavit that all hazardous substances have been legally destroyed or disposed of and the state agency's acceptance of the services provided.

6.4 Other than the payments specified above, no other payments or reimbursements shall be made to the contractor.

7. Other Contractual Requirements:

- 7.1 Contract Period - The original contract period shall be as stated on page 1 of the Request for Proposal (RFP). The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing and Materials Management shall have the right, at its sole option, to renew the contract for four (4) additional one-year periods, or any portion thereof. In the event the Division of Purchasing and Materials Management exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.
- 7.2 Termination - The Division of Purchasing and Materials Management reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.
- 7.3 Transition - Upon award of the contract, the contractor shall work with the state agency and any other organizations designated by the state agency to ensure an orderly transition of services and responsibilities under the contract and to ensure the continuity of those services required by the state agency.
 - a. Upon expiration, termination, or cancellation of the contract, the contractor shall assist the state agency to ensure an orderly transfer of responsibility and/or the continuity of those services required under the terms of the contract to an organization designated by the state agency, if requested in writing. The contractor shall provide and/or perform any or all of the following responsibilities:
 - b. The contractor shall deliver, FOB destination, all records, documentation, reports, data, recommendations, or printing elements, etc., which were required to be produced under the terms of the contract to the state agency and/or to the state agency's designee within seven (7) days after receipt of the written request in a format and condition that are acceptable to the state agency.
 - c. The contractor shall agree to continue providing any part or all of the services in accordance with the terms and conditions, requirements and specifications of the contract for a period not to exceed sixty (60) calendar days after the expiration, termination or cancellation date of the contract for a price not to exceed those prices set forth in the contract.
 - d. The contractor shall discontinue providing service or accepting new assignments under the terms of the contract, on the date specified by the state agency, in order to ensure the completion of such service prior to the expiration of the contract.
- 7.4 Contractor Liability - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
 - a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.

- c. Under no circumstances shall the contractor be liable for any of the following: third party claims against the state for losses or damages (other than those listed above); and/or economic consequential damages (including lost profits or savings) or incidental damages, even if the contractor is informed of their possibility.

7.5 Insurance - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor shall maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any loss, damage, and/or expense related to his/her performance under the contract.

- a. The insurance coverage shall include, but shall not necessarily be limited to, general liability, professional liability, etc. In addition, automobile liability coverage for the operation of any motor vehicle must be maintained if the terms of the contract require any form of transportation services.
- b. The limits of liability for all types of coverage shall not be less than \$2,000,000 per occurrence.
- c. The contractor shall provide written evidence of the insurance to the state agency. Such evidence shall include, but shall not necessarily be limited to: effective dates of coverage, limits of liability, insurer's name, policy number, endorsement by representatives of the insurance company, etc. Evidence of self-insurance coverage or of another alternate risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable. The evidence of insurance coverage must be submitted before or upon award of the contract. The contract number must be identified on the evidence of insurance coverage.
- d. In the event the insurance coverage is canceled, the state agency must be notified immediately.

7.6 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.

- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
- b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- c. The contractor must obtain the approval of the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors. The approval shall not be arbitrarily withheld.

7.7 Substitution of Personnel - The contractor agrees and understands that the State of Missouri's agreement to the contract is predicated in part on the utilization of the specific individual(s) and/or personnel qualifications identified in the proposal. Therefore, the contractor agrees that no substitution of such specific individual(s) and/or personnel qualifications shall be made without the prior written approval of the state agency. The contractor further agrees that any substitution made pursuant to this paragraph must be equal or better than originally proposed and that the state agency's approval of a substitution shall not be construed as an acceptance of the substitution's performance potential. The State of Missouri agrees that an approval of a substitution will not be unreasonably withheld.

- 7.8 Authorized Personnel - The contractor understands and agrees that by signing the RFP, the contractor certifies the following:
- a. The contractor shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
 - b. If the contractor is found to be in violation of this requirement or the applicable laws of the state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state.
 - c. The contractor agrees to fully cooperate with any audit or investigation from federal, state or local law enforcement agencies.
- 7.9 Contractor Status - The contractor represents himself or herself to be an independent contractor offering such services to the general public and shall not represent himself/herself or his/her employees to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 7.10 Coordination - The contractor shall fully coordinate all contract activities with those activities of the state agency. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing and Materials Management throughout the effective period of the contract.
- 7.11 Property of State - All documents, data, reports, supplies, equipment, and accomplishments prepared, furnished, or completed by the contractor pursuant to the terms of the contract shall become the property of the State of Missouri. Upon expiration, termination, or cancellation of the contract, said items shall become the property of the State of Missouri.
- 7.12 Confidentiality - The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the state agency.
- 7.13 Prevailing Wage Requirements - The contractor shall comply with Section 290.250 RSMo by paying, to all personnel employed for applicable services actually provided under the contract, not less than the prevailing hourly rate of wages as determined by the Department of Labor and Industrial Relations, Division of Labor Standards, specified in Annual Wage Order No. 13 dated February 1, 2007 for the awarded counties. The prevailing wage rates incorporated as a part of this document by the referenced annual wage order(s) shall remain in effect for the duration of the contract period stated on page 1.
- a. For each renewal period, if any, exercised by the Division of Purchasing and Materials Management, the contractor shall comply with Section 290.250 RSMo by paying, to all personnel employed for applicable services actually provided under the contract, not less than the prevailing hourly rate of wages as determined by the Department of Labor and Industrial Relations, Division of Labor Standards, specified in the annual wage order referenced in the contract renewal amendment.
 - b. The contractor shall forfeit to the state agency ten dollars (\$10.00) for each person employed, for each calendar day, or portion thereof, such person is paid less than the prevailing hourly rate of wages for any applicable work done under the contract by the contractor or by any subcontractor under them (Section 290.250 RSMo).

- c. In addition to the above, the contractor must comply with all other requirements pertaining to the payment of prevailing wages contained in Section 290.210 through 290.340, RSMo and is advised to review the requirements carefully prior to beginning work. In addition, in the event a period of “excessive unemployment” is identified and announced by the Missouri Department of Labor and Industrial Relations, the contractor must assign personnel to provide services who meet the definition of “Missouri laborers” as defined in Chapter 290.550 RSMo.
 - d. The above-stated prevailing wage requirements shall also apply to all subcontractors employed by the contractor to perform services under the contract.
- 7.14 Surety Bond - The contractor must furnish a bond guaranteeing payment of all labor, suppliers and subcontractors providing equipment and/or services to the contractor as a part of the contract in accordance with the requirements of RSMo Section 107.170.
- a. The surety bond must be provided in the form of an original bond issued by a surety company authorized to do business in the State of Missouri (no copy or facsimile shall be acceptable) to the Office of Administration, Division of Purchasing and Materials Management within thirty (30) days after award of the contract and prior to performance of service under the contract or any installation of equipment.
 - b. The bond must be made payable to the State of Missouri in an amount of \$100,000.00.
 - c. The contract number and contract period must be specified in the bond.
 - d. In the event the Division of Purchasing and Materials Management exercises an option to renew the contract for an additional period, the contractor shall maintain the validity and enforcement of the bond for the said period, pursuant to the provisions of this paragraph, in an amount stipulated at the time of contract renewal.
- 7.15 Commercial Drivers License - The contractor and the contractor's drivers who, in the provision of services under the contract: (1) operate any single vehicle with a Gross Vehicle Weight Rating (GVWR) of over 26,000 pounds or any combination vehicle with a Gross Combination Weight Rating of over 26,000 pounds provided the Gross Vehicle Weight Rating of the vehicle(s) being towed is in excess of 10,000 pounds, (2) operate any size vehicle which requires hazardous materials placards, (3) operate any vehicle designed to transport more than 15 persons (including the driver) transports more than 15 persons, or (4) engage in any other activity outlined in the Commercial Motor Vehicle Safety Act, must comply with all other requirements in the Commercial Motor Vehicle Safety Act. The contractor must submit proof or verification of compliance with such Act to the state agency no later than 30 calendar days after award of the contract.
- 7.16 Hazardous Materials Data Sheet and Labeling - The State of Missouri, Division of Purchasing and Materials Management, in accordance with the revised rules and regulations of the Occupational Safety and Health Administration (OSHA) requires that all hazardous chemicals and other appropriate commodities purchased by the State of Missouri must contain a material safety data sheet and warning labels with each shipment. Therefore, the contractor must comply with this mandatory requirement for all commodities which contain hazardous material. Failure to comply with this requirement may cause cancellation of the contract with goods returned at the contractor's expense as well as suspension from the solicitation list for future requirements.
- 7.17 Participation by Other Organizations - The contractor must comply with any Organization for the Blind/Sheltered Workshop and/or Minority Business Enterprise/Women Business Enterprise (MBE/WBE) participation levels committed to in the contractor’s awarded proposal.
- a. The contractor shall prepare and submit to the Division of Purchasing and Materials Management a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops and/or MBE/WBEs participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Division of Purchasing and Materials Management.
 - b. The Division of Purchasing and Materials Management and the Office of Supplier and Workforce Diversity (OSWD) will monitor the contractor’s compliance in meeting the participation levels committed to in the

contractor's awarded proposal. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Division of Purchasing and Materials Management determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.

- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other certified MBE/WBEs or other organizations for the blind/sheltered workshops to fulfill the participation requirements committed to in the contractor's awarded proposal.
- d. The contractor must obtain the written approval of the Division of Purchasing and Materials Management for any new entities. This approval shall not be arbitrarily withheld.
- e. If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Purchasing and Materials Management detailing all efforts made to secure a replacement. The Division of Purchasing and Materials Management shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.

7.18 Federal Funds Requirements - The contractor shall understand and agree that the contract may involve the use of federal funds. Therefore, for any federal funds used, the following paragraphs shall apply:

- a. Steven's Amendment – In accordance with the Departments of Labor, Health and Human Services, and Education and Related Agencies Appropriations Act, Public Law 101-166, Section 511, "Steven's Amendment", the contractor shall not issue any statements, press releases, and other documents describing projects or programs funded in whole or in part with Federal money unless the prior approval of the state agency is obtained and unless they clearly state the following as provided by the state agency:
 - The percentage of the total costs of the program or project which will be financed with Federal money;
 - The dollar amount of Federal funds for the project or program; and
 - The percentage and dollar amount of the total costs of the project or program that will be financed by nongovernmental sources.
- b. The contractor shall comply with 31 U.S.C. 1352 relating to limitations on use of appropriated funds to influence certain federal contracting and financial transactions. No funds under the contract shall be used to pay the salary or expenses of the contractor, or agent acting for the contractor, to engage in any activity designed to influence legislation or appropriations pending before the United States Congress or Missouri General Assembly. The contractor shall comply with all requirements of 31 U.S.C. 1352 which is incorporated herein as if fully set forth. The contractor shall submit to the state agency, when applicable, Disclosure of Lobbying Activities reporting forms.
- c. The contractor shall comply with the requirements of OMB Circular A-133, including subsequent amendments or revisions, as applicable or 2 CFR 215.26 as it relates to for-profit hospitals and commercial organizations. A copy of any audit report shall be sent to the state agency at the address used for invoicing each contract year if applicable. The contractor shall return to the state agency any funds disallowed in an audit of the contract.
- d. The contractor shall comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.).
- e. Non-Discrimination and ADA - The contractor shall comply with all federal and state statutes, regulations and executive orders relating to nondiscrimination and equal employment opportunity. These include but are not limited to:

- Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color, or national origin (this includes individuals with limited English proficiency) in programs and activities receiving federal financial assistance and Title VII of the Act which prohibits discrimination on the basis of race, color, national origin, sex, or religion in all employment activities;
- Equal Pay Act of 1963 (P.L. 88 -38, as amended, 29 U.S.C. Section 206 (d));
- Title IX of the Education Amendments of 1972, as amended (20 U.S.C 1681-1683 and 1685-1686) which prohibits discrimination on the basis of sex;
- Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794) and the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) which prohibit discrimination on the basis of disabilities;
- The Age Discrimination Act of 1975, as amended (42 U.S.C. 6101-6107) which prohibits discrimination on the basis of age;
- Equal Employment Opportunity – E.O. 11246, “Equal Employment Opportunity”, as amended by E.O. 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity”;
- Missouri State Regulation, 19 CSR 10-2.010, Civil Rights Requirements; and
- The requirements of any other nondiscrimination federal and state statutes, regulations and executive orders which may apply to the services provided via the contract.
