

## ENVIRONMENTALLY PREFERABLE PRODUCTS AND SERVICES STATEWIDE CONTRACT LIST

The Mo. Office of Administration, Division of Purchasing and Materials Management, is working to expand purchases of products made with recycled content and other environmentally preferable products. Environmentally preferable products or services may provide environmental services, utilize recovered materials, reduce toxics or save energy. Listed below are current statewide contracts for environmentally preferable products or services that are available to state agencies. Cooperative procurement members may also take advantage of these contracts if indicated.
