DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW

The Department of Economic Development is composed of various agencies and divisions that administer programs in the areas of community and economic development, workforce development and tourism; as well as agencies that administer statutory requirements and work to safeguard public interest.

Programs managed by these agencies and divisions provide a wide array of services designed to enhance Missouri's economic growth in the 21st century. These services provide direct assistance to businesses and industries; communities and regions; and individuals and organizations by promoting business and community development, job training, housing, tourism, the art's, women in business, and utility regulation throughout the state.

The department consists of two distinct groups: development agencies and regulatory agencies. The department also has an administrative services division.

Development Agencies/Divisions:

The Division of Business and Community Services (BCS) is divided into five teams – Sales, Marketing, Finance, Compliance, and Research. The teams work together to support economic growth in Missouri by promoting and facilitating job creation/capital investment; international export expansion, the development of an innovation economy, and improving Missouri communities.

The Division of Workforce Development (DWD) provides vital services to develop Missouri's workforce for the 21st century through skill-training and career connections for job seekers and human resources, and financial assistance for businesses.

The Division of Tourism promotes Missouri as a premier tourist destination, while helping the state and local communities meet changing trends in the travel/tourism industry.

The Division of Tourism oversees the Missouri Film Office, which promotes the growth of the state's film and video production industry and works to attract film, television and video productions to Missouri.

The Missouri Arts Council provides technical and financial assistance to nonprofit organizations across Missouri to encourage and stimulate economic and community development through the arts.

The Missouri Housing Development Commission is the state's housing finance agency, providing for the financing, development and preservation of affordable housing for low- to moderate-income Missourians.

DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW (CONTINUED)

The Missouri Women's Council works to identify and address issues affecting the economic and employment status of women in Missouri.

The Missouri Development Finance Board provides development financing to assist infrastructure, economic development and business expansion and attraction projects throughout Missouri.

The Division of Energy assists, educates, and encourages Missourians to advance the efficient use of diverse energy resources to provide for a healthier environment and to achieve greater energy security for future generations. The Division works with economic development by providing technical and financial assistance to state and local governments, agricultural interests, school districts, business, industry and the general public related to energy efficiency and renewable energy projects and weatherization.

Regulatory Agencies:

The Office of the Public Counsel is a Type II agency and was established in 1975 to represent the public and the interests of utility customers in proceedings before the Missouri Public Service Commission (PSC) and in the Courts involving investor-owned electric, natural gas, telephone, water, sewer and steam heat utilities. Public Counsel addresses many issues that affect customers including rates, safe and adequate service, complaints and disputes, connections and disconnections, and billing and collection practices. Through the Ombudsman for Property Rights, established in 2006 with the passage of House Bill 1944, the Office of the Public Counsel provides guidance to landowners about the condemnation process.

The Missouri Public Service Commission is charged with the statutory responsibility of ensuring that public utility consumers receive safe and adequate services at just and reasonable rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. The PSC regulates the rates and practices of investor-owned gas, electric, water and sewer utilities, including safety, billing and quality of service. It has limited regulatory authority over investor-owned telephone companies. The PSC also administers safety standards for the rural electric cooperatives and municipal gas systems, maintains a registry of state video service providers and registers Voice-Over-Internet Protocol (VoIP) service providers. In addition, the PSC administers the provision of Relay Missouri service, which gives hearing-impaired citizens access to the telephone network. The Manufactured Housing Department is required by statute to annually register manufacturers and dealers of manufactured homes and modular units; prescribe and enforce uniform construction standards for manufactured homes and modular units sold in the state; and enforce manufactured home set-up and tie-down requirements.

Administrative Services Division:

The Administrative Services Division provides legal, public relation, legislative, financial, budget and human resource support to the department director, senior management and other divisions within the department.

In Fiscal Year 2014, the General Assembly included and the Governor approved a \$500 annual pay raise for all state employees, except elected officials, members of the general assembly and judges covered under the Missouri Citizens' Commission on Compensation for Elected Officials, beginning January 1, 2014 (12 pay periods). The remaining 12 pay periods were unfunded, but the stated intent was to provide the funding in FY 15.

NDI 1419016 (\$15,381) is the corresponding General Revenue transfer to the Missouri Works Job Development Fund and the Tourism Supplemental Revenue Fund to accommodate the FY14 pay plan cost to continue.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriation amount for the Fiscal Year 14 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

The request also includes the General Revenue transfers to the MJDF and TSRF, including fringe benefits.

The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1. What does this program do?

The Research Team, better known as the Missouri Economic Research and Information Center (MERIC), performs data gathering, applied research, innovative analysis, and reporting to policymakers and the public. This research and analysis includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of Labor to conduct research and produce information on economic conditions reports and labor market information.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.010, RSMo, establishes the Department of Economic Development and its divisions. MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics and Employment and Training Administration (BLS). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

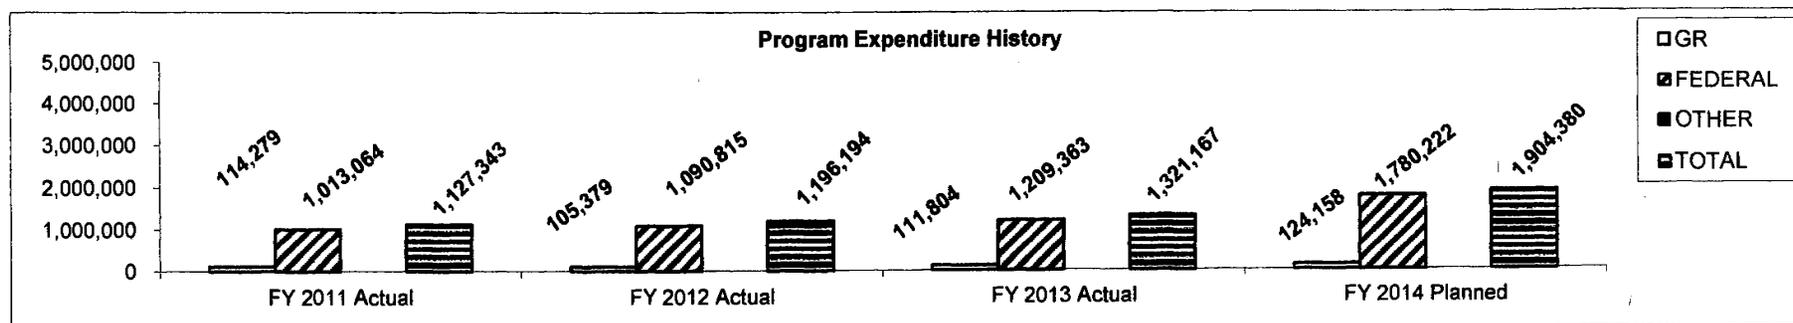

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. The BLS uses a cooperative agreement to fund cooperative statistical programs because of the agency's ongoing involvement in the programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this LMI Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Core Products and Services Grant.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: The FY 2014 Planned amount is based on planned expenditures less Governor's Reserve and the current FY14 Expenditure Restriction.

6. What are the sources of the "Other" funds?

2. CORE DESCRIPTION

Missouri is a great place to do business and it is the responsibility of the Marketing Team to promote and market Missouri in the in-state, national, and international marketplace. The number one goal of the Marketing Team is to make Missouri attractive for capital investment and the creation of quality jobs. The Marketing Team supports the Division of Business and Community Services (BCS) by providing all print advertising, publishing, videography, and other media production services. The team consists of professional graphic design artists, a videographer, event planners, and technical writers. In addition to creating marketing collateral materials aimed at the public, they support the other teams by designing and publishing applications, reports, and newsletters specific to the Division.

The International Promotions Revolving Fund is a means for collection of private funds provided by companies in support of the services DED provides in accompanying businesses on foreign transactions. The Program Specific Distribution funding is used to support the Export Trade Program, which supports travel, trade show costs and other direct costs of Missouri businesses to spend their opportunities to create export sales. The Export Initiative is supported by \$500,000 of the E/E funds included here.

The Division serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

7a. Provide an effectiveness measure (continued)

The Marketing Team performance can also be measured by output per hour of work. The value of output is derived from the hourly market rate charged for marketing research. Marketing in the private sector provides an output equal to \$61 per hour. The cost to the State for this hour of work is \$33, a savings of roughly \$28 per hour

7b. Provide an efficiency measure.

The efficiency measure for the Marketing Team is a shared measure throughout the Division of Business and Community Services - Marketing, Sales, Finance, Compliance and Research Teams. The measure is the total dollar amount of financial incentives issued or awarded for the fiscal year divided by the total BCS operational budget for the fiscal year.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

GR funds are needed to continue required program administration. Over the past few years GR and EDAF funding have been reduced, but federal technical assistance and disaster funds were available to at least partially compensate for that reduction. Those temporary federal funds are now declining as the annual allocation is reduced. Program administration for previously authorized grants must continue for multiple years. These responsibilities include insuring rural cities and counties access to the program (training, project development) and grantee compliance with procurement, contracting, equal opportunity, fair housing, labor standards, and environmental review. This NDI requests GR FTE authority, but this represents a reallocation from federal FTE, for no net change.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one times and how those amounts were calculated.)

No new FTE are requested. The FTE listed represent a change in appropriation authority only. The request for General Revenue is needed to replace the loss of federal administration funding.

2. CORE DESCRIPTION

The Sales Team, within the Division of Business and Community Services (BCS), is responsible for "selling" Missouri -- our communities, our infrastructure, and our well-trained, dedicated workforce. Missouri is the best place in the U.S. to locate, expand, and conduct business. With an emphasis on creating additional high quality jobs for Missourians, members of the Sales Team work in the field to gain in-depth knowledge of the resources and needs of their assigned region and have continuous contact with the communities and businesses within that region. Additionally, the Sales Team is also focused on specific industry sectors that show promise in Missouri. Regions covered by Sales staff include in-state, national and international.

BCS serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Sales Team

Program is found in the following core budget(s): Sales Team

1. What does this program do?

The Sales Team, within the Division of Business and Community Services (BCS), is responsible for "selling" Missouri -- our communities, our infrastructure, and our well-trained, dedicated workforce. Missouri is the best place in the U.S. to locate, expand, and conduct business. With an emphasis on creating additional high quality jobs for Missourians, members of the Sales Team work in the field to gain in-depth knowledge of the resources and needs of their assigned region and have continuous contact with the communities and businesses within that region. Additionally, the Sales Team is also focused on specific industry sectors that show promise in Missouri. Regions covered by Sales staff include in-state, national and international.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.010, RSMo., establishes the Department of Economic Development and its divisions.

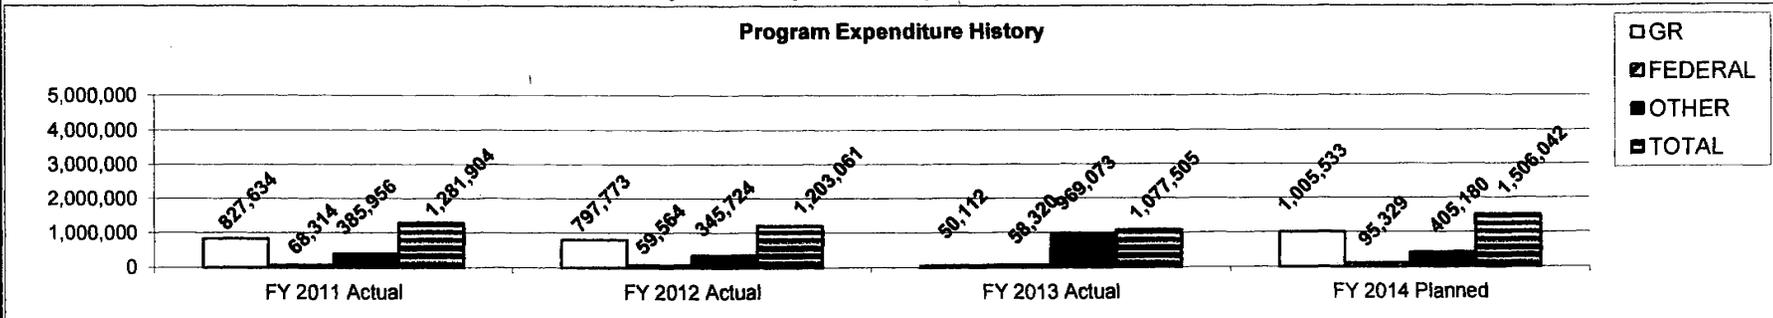

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: Planned Expenditures for GR reflect 3% Governor's Reserve.

6. What are the sources of the "Other " funds?

Economic Development Advancement Fund (0783) and Economic Development Administrative Revolving Fund (0547)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

GR funds are needed to continue required program administration. Over the past few years GR and EDAF funding have been reduced, but federal technical assistance and disaster funds were available to at least partially compensate for that reduction. Those temporary federal funds are now declining as the annual allocation is reduced. Program administration for previously authorized grants must continue for multiple years. These responsibilities include insuring rural cities and counties access to the program (training, project development) and grantee compliance with procurement, contracting, equal opportunity, fair housing, labor standards, and environmental review. This NDI requests GR FTE authority, but this represents a reallocation from federal FTE, for no net change.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one times and how those amounts were calculated.)

No new FTE are requested. The FTE listed represent a change in appropriation authority only. The request for General Revenue is needed to replace the loss of federal administration funding.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

An increase in spending authority would allow for a grant to MO SourceLink to support the small Business Assistance Hotline which serves as the contact number for the Missouri Business Portal (<http://business.mo.gov>).

MO SourceLink connects small business owners with a network of nonprofit resource organizations that provide business building services. The program facilitates the linking of these resource organizations to one another and to established, emerging and start-up businesses throughout the state.

This one time funding would be used to support a position to continue to answer the Small Business Hotline for the State of Missouri. This hotline provides service to the Missouri Business Portal and others who are referred to the hotline by state agencies, the Small Business Development Center network, other economic development programs across the state and individuals. The hotline is operated during regular business hours, answering basic business startup and relocation questions and referring the caller to appropriate resources across the state.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

GR funds are needed to continue required program administration. Over the past few years GR and EDAF funding have been reduced, but federal technical assistance and disaster funds were available to at least partially compensate for that reduction. Those temporary federal funds are now declining as the annual allocation is reduced. Program administration for previously authorized grants must continue for multiple years. These responsibilities include insuring rural cities and counties access to the program (training, project development) and grantee compliance with procurement, contracting, equal opportunity, fair housing, labor standards, and environmental review. This NDI requests GR FTE authority, but this represents a reallocation from federal FTE, for no net change.

No new FTE are requested. The FTE listed represent a change in appropriation authority only. The request for General Revenue is needed to replace the loss of federal administration funding.

The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

_____ Pay Plan	_____ Other: _____	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

GR funds are needed to continue required program administration. Over the past few years GR and EDAF funding have been reduced, but federal technical assistance and disaster funds were available to at least partially compensate for that reduction. Those temporary federal funds are now declining as the annual allocation is reduced. Program administration for previously authorized grants must continue for multiple years. These responsibilities include insuring rural cities and counties access to the program (training, project development) and grantee compliance with procurement, contracting, equal opportunity, fair housing, labor standards, and environmental review. This NDI requests GR FTE authority, but this represents a reallocation from federal FTE, for no net change.

No new FTE are requested. The FTE listed represent a change in appropriation authority only. The request for General Revenue is needed to replace the loss of federal administration funding.

2. CORE DESCRIPTION

The Economic Development Advancement Fund allows the Department to contract for the services of a professional firm or organization to work with the DED and other economic development organizations at the state, regional and local levels to attract new companies and help advance Missouri's standing as an industrial leader. Services contracted for include: responding to requests for information and preparing proposals for the location of new business in the state; vetting available sites; locating new or available buildings; providing information on communities and workforce; identifying utility availability and cost; and facilitating meetings with state government agencies and potential strategic partners. Contracted duties also include marketing the state nationally and internationally in a manner that effectively produces new leads for business recruitment, including but not limited to, maintaining a working relationship with national site selection firms and coordinating opportunities with DED overseas offices.

The contract provides for an integrated partnership with the Missouri Department of Economic Development, Division of Business and Community Services staff who oversee the business development incentives for the State. The private component of the initiative currently calls for matching private dollars to be contributed to the annual budget. This fund was created by the General Assembly and grants the DED the authority to collect a 2.5 percent fee from awardees on certain state tax credits issued in order to direct those fees to the fund and pay the costs of the contract.

2. CORE DESCRIPTION

The purpose of the BRAC appropriation is to implement strategies identified in the analysis of the impact of Missouri's military bases on the nation's military readiness and the state's economy in order to best position the state to retain its existing military operations and secure additional missions as they may become available. This was in response to a January 2012 announcement that Congress would seek authorization for the first BRAC (Base Re-alignment and Closing) in 2013, followed by another BRAC round in 2015.

The Missouri Technology Corporation (MTC) is a public-private partnership created by the Missouri General Assembly to promote entrepreneurship and foster the growth of new and emerging high-tech companies. MTC administers the Innovation Center and Manufacturing Extension Partnership programs on behalf of DED. MTC also administers the State Small Business Credit Initiative (SSBCI) program and Lewis and Clark Discovery Initiative (LCDI) funds which make up an investment portfolio of nearly \$25 million. To accomplish these goals and manage the investment portfolio, MTC operates with 2.5 FTE. The current MTC administration represents 6% of the program funds deployed through the Missouri Technology Investment Fund. However, the administration is approximately 1% of program funds when you consider the ongoing compliance and oversight of a the SSBCI and LCDI programs. MTC was established under RSMo 348.251.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The \$261,000 NDI replaces the Lewis and Clark Discovery Initiative (LCDI) and State Small Business Credit Initiative (SSBCI) funding that MTC is using in FY2014 to cover these admin costs. The LCDI fund was created in 2007 to launch several entrepreneurship and commercialization initiatives including investments in high-tech startups. The SSBCI program is a federal program which provide financing assistance to small business which MTC deploys through the Missouri IDEA fund seed and venture capital programs. while the program funds are projected to be fully expended, many of these investment require ongoing compliance and oversight. The admin costs support 2.5 existing FTE and E&E for MTC to carry out its program administration.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Technology Corporation (MTC) is a public-private partnership created by the Missouri General Assembly to promote entrepreneurship and foster the growth of new and emerging high-tech companies. MTC administers the Innovation Center and Manufacturing Extension Partnership programs on behalf of DED. MTC also administers the State Small Business Credit Initiative (SSBCI) program and Lewis and Clark Discovery Initiative (LCDI) funds which make up an investment portfolio of nearly \$25 million. To accomplish these goals and manage the investment portfolio, MTC operates with 2.5 FTE. The current MTC administration represents 6% of the program funds deployed through the Missouri Technology Investment Fund. However, the administration is approximately 1% of program funds when you consider the ongoing compliance and oversight of a the SSBCI and LCDI programs.

The \$261,000 NDI is an increase to the General Revenue transfer to the Mo. Technology Investment Fund (MTIF).

There is a corresponding NDI that increases the spending authority in to the MTIF that will be used to replace the Lewis and Clark Discovery Initiative (LCDI) and State Small Business Credit Initiative (SSBCI) funding that MTC is using in FY2014 to cover these admin costs. The LCDI fund was created in 2007 to launch sever entrepreneurship and commercialization initiatives including investments in high-tech startups. The SSBCI program is a federal program which provide financing assistance to small business which MTC deploys through the Missouri IDEA fund seed and venture capital programs. while the program funds are projected to be fully expended, many of these investment require ongoing compliance and

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Community Development Block Grant Program

Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

1. What does this program do?

This federally-funded program provides grants to non-entitlement cities and counties for community development activities that: (1) benefit at least 51% low and moderate income persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety. Typical projects include infrastructure expansion and improvements (water, sewer, bridge, street, drainage); downtown revitalization; housing rehabilitation; Americans with Disabilities Act accessibility improvements; and community facility projects (senior centers, day care, Sheltered Workshop, community centers).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

42 USC Section 5301 et. Seq., 24 CFR Part 570, and the Missouri Consolidated Plan submitted to the US Department of Housing and Urban Development.

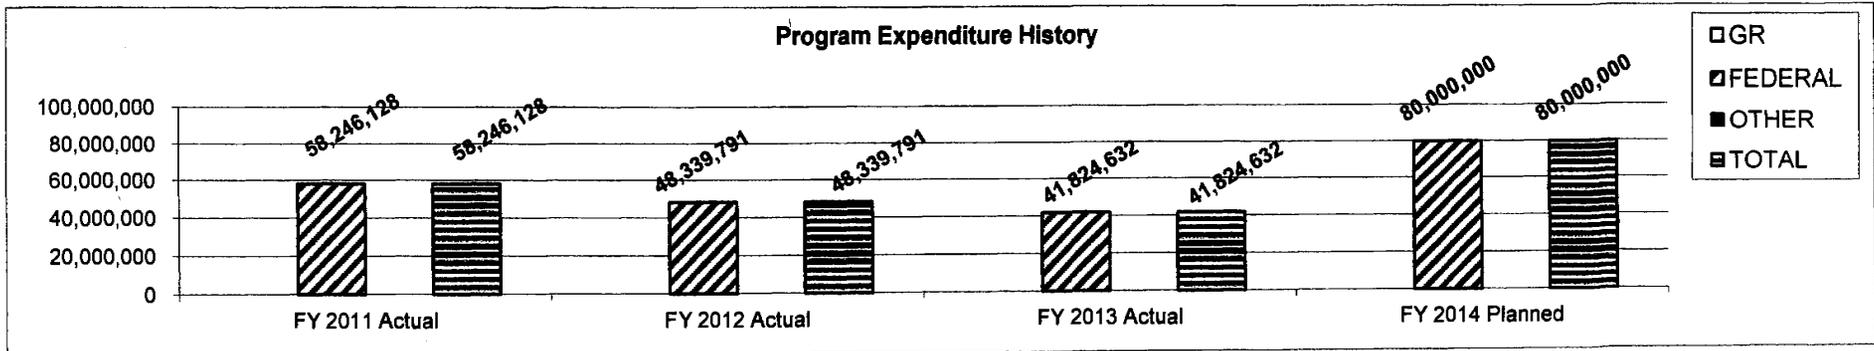

3. Are there federal matching requirements? If yes, please explain.

\$1 for \$1 match required for a portion of the administrative funds. The applicable administrative funds equal 2% of the total appropriation. Soft costs are an eligible match.

4. Is this a federally mandated program? If yes, please explain.

The program is a formula block grant provided to the State of Missouri; 70% of which is provided to the entitlement cities, 30% of which is provided to the non-entitlement balance of the state. That 30% portion is administered by DED.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FY2011 and FY2012 Actual includes Supplemental Disaster Funding and Neighborhood Stabilization Funding.

6. What are the sources of the "Other" funds?

N/A

PROGRAM DESCRIPTION

Program Name: Community Development Block Grant Program

Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

7a. Provide an effectiveness measure.

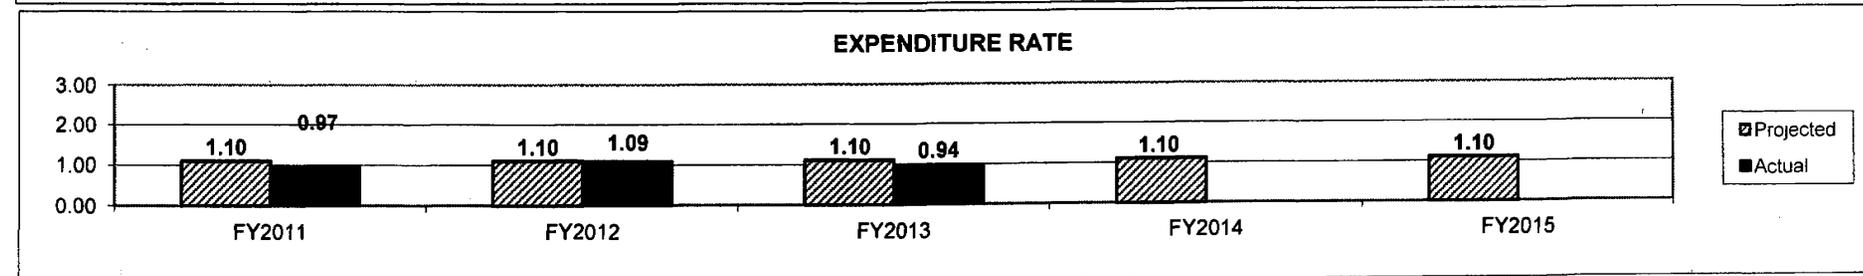

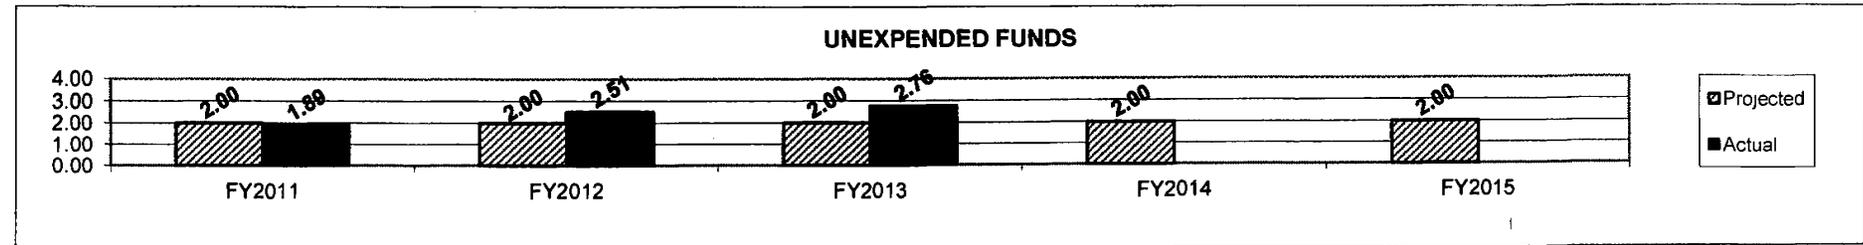

Federal regulations require a minimum of 70% of the appropriation be dedicated to benefiting 51% low and moderate income persons. Missouri CDBG typically exceeds this measure. The exception is a waiver that was requested to allow for response to the tornadoes of May 2003 without regard to income. This waiver allows the state to meet the minimum requirement of 70% aggregated over a three year period.

NOTE: Percentage reduced in FY12 due to funding large number of emergency (flood) projects and not based on income.

7b. Provide an efficiency measure.

HUD recommends, although there is as yet no mandate, that states maintain an annual expenditure rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that leaves an unexpended balance in the U.S. Treasury of less than 2.5 times a state's annual allocation. On an annual basis, Missouri is within each of these recommended ratios.

2. CORE DESCRIPTION

The Disaster Case Management Program (DCMP) is a federally funded program that makes funds available to the Missouri Department of Economic Development (DED) to provide DCMP services to the affected communities in DR1980 (Presidential Disaster Declaration 1980). By utilizing the contracted Management Agency, Lutheran Family and Children's Services of St. Louis (LFCS), DED can ensure DCMP services for long term disaster related unmet needs. DCMP service may include organizing, tracking, and providing referral for service such as: locating and securing housing, basic furniture, and/or appliances, financial counseling, utility deposits or installation fees, social service benefit restoration or application, employment assistance, assistance with mental and physical health resources, interpretation services, and coordination of transportation services, when necessary. DCMP is a two year program and will end in May 2013.

The DCMP grant has a 90-day close out period which will carry over into FY 2014 due to receiving the grant award later than expected. FEMA has indicated the possibility of a no-cost extension period to finish the program and use remaining funds.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: State Small Business Credit Initiative (SSBCI)

Program is found in the following core budget(s):

1. What does this program do?

The State Small Business Credit Initiative (SSBCI) Act of 2010 appropriated funds to be disbursed by the U.S. Department of Treasury to states that have created programs to increase the amount of private capital made available to small businesses and to cover reasonable administrative expenses. The State of Missouri was approved to receive an allocation of \$26.9 million through the Department of Economic Development, which will implement the program to assist Missouri small businesses in accessing credit and venture capital to create jobs for Missourians. Missouri's approved plan dedicates \$20.9 million to establish the high-tech Missouri Innovation, Development and Entrepreneurial Advancement (IDEA) seed and venture capital funds and \$6 million to the Grow Missouri Loan Participation Fund. The IDEA program funds four targeted programs: (1) Missouri TechLaunch designed to help high-tech Missouri entrepreneurs overcome the principal challenges of launching new technology start-ups; (2) Seed Capital Co-Investment designed to accelerate private investment in Missouri technology startups; (3) High-Tech Industrial Expansion designed to support industrial expansion efforts in Missouri that result in significant capital investment and high-paying jobs in targeted high-tech clusters; and (4) Venture Capital Co-Investment designed to accelerate private investment in Missouri technology early-stage companies and to increase the overall investment impact. The Grow Missouri Loan program seeks to provide a flexible loan to targeted companies in order to facilitate the complete funding of the project.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title III of the Small Business Jobs Act of 2010, Public Law 111-240, 124 Stat. 2568, 2582

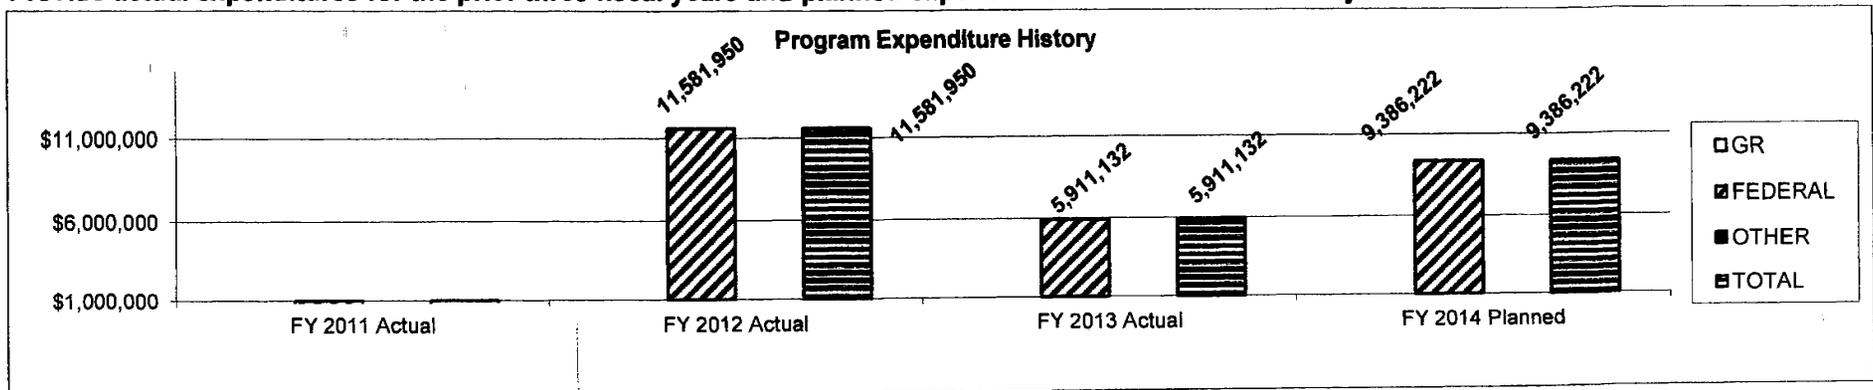

3. Are there federal matching requirements? If yes, please explain.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Over the past four years, several budget items for BCS have been moved from General Revenue to the Economic Development Advancement Fund. The attached chart clearly shows that the EDAF fund will not be able to sustain current spending levels as the revenues into the fund are not substantial enough to cover the expenditures.

In order to continue to provide the critical services provided by the Missouri Main Street Program, it is imperative that General Revenue Transfer funding is restored.

If this request is approved, it would require GR transfer into the MO Main Street Program Fund.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? The spending authority allows the Department of Economic Development (DED) to contract with the National Main Street program on behalf of Missouri communities. The program provides technical assistance and training for cities' governments, business organizations, merchants and property owners to accomplish community and economic revitalization and development of older central business districts and neighborhoods. 2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Main Street Program, administered by the MO Main Street Connection (MMSA), a non-profit. The Department of Economic Development (DED) contracts with the National Main Street and MMSA programs on behalf of Missouri communities. 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Over the past four years, several budget items for BCS have been moved from General Revenue to the Economic Development Advancement Fund. The EDAF fund will not be able to sustain current spending levels as the revenues into the fund are not substantial enough to cover the expenditures.

In order to continue to provide the critical services provided by the Missouri Main Street Program, it is imperative that General Revenue funding is restored for Expense and Equipment.

2. CORE DESCRIPTION

This core decision item establishes spending authority for the Missouri Downtown Economic Stimulus (MODESA) program. This program is designed to use increment financing to support redevelopment in Missouri's downtowns. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. In this case, it must be within the recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

Active Projects:

Kansas City Live!: restore/rebuild an eight city block, approximately 425,000 sq. feet in the south central part of downtown Kansas City for an entertainment district that has live entertainment, dining, specialty retail establishments and loft housing.

Ballpark Village: redevelop an area adjacent to Busch Stadium in St. Louis into restaurant, retail, entertainment, and office space.

Program Name: Missouri Downtown Economic Stimulus Act (MODESA)

Program is found in the following core budget(s): Missouri Downtown Economic Stimulus Act (MODESA)

1. What does this program do?

The program provides for a diversion of a combination of state sales tax and employment withholding tax to local MODESA authorities establishing a local fund for the purpose of financing approved redevelopment projects. The state tax participation is net new taxes (increment) produced as a result of an approved redevelopment activity. The program limits these activities to downtown central business districts and is intended to offer financing to revitalize many Missouri downtowns. The local authority has the statutory capacity to sell bonds for infrastructure improvements. The increment helps pay the annual debt service on the bonds.

MODESA Project Included in Performance Measures: Kansas City Live!

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 99.915, RSMo

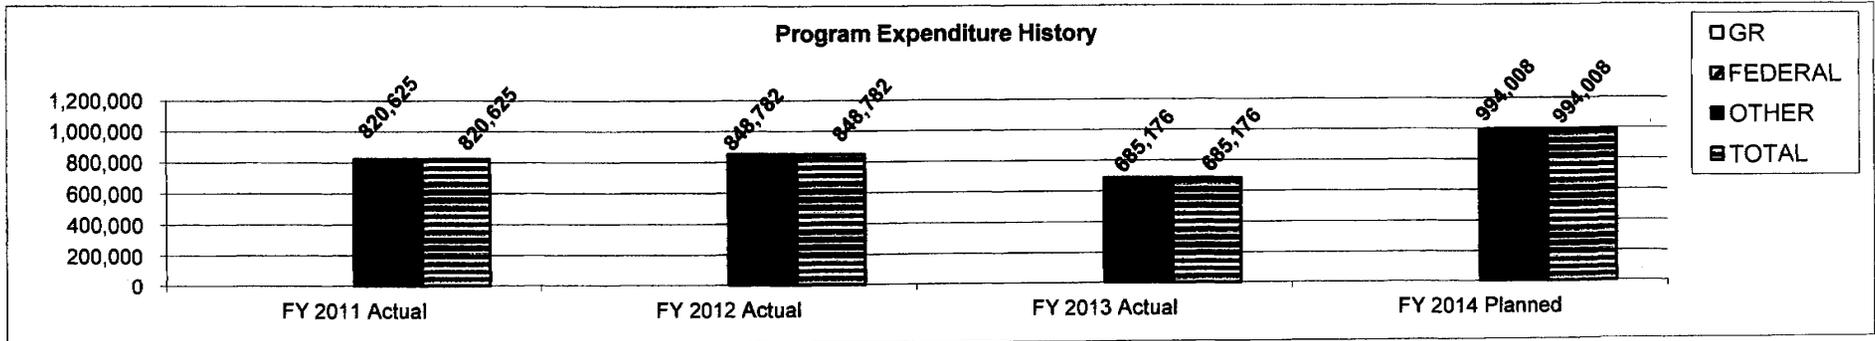

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Missouri Downtown Economic Stimulus Act Fund (0766)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The St. Louis Ball Park Village will begin activity and is expected to create increment during FY2015. In addition, a small amount of the total request is attributed to an increase in increment estimated for the Kansas City Live! Project.

This program is designed to use increment financing to support redevelopment in Missouri's downtowns. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. In this case, it must be within the recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

We are requesting an increase in spending authority for the MODESA program to cover obligated costs for the current projects utilizing the program. The current core for the MODESA program is \$994,008. The projected amount needed for FY2015 is \$1,200,000; therefore, an amount of \$205,992 is needed to bridge the difference between the projected obligations and the current core amount. MODESA requires a General Revenue transfer into the State Supplemental Downtown Development Fund (0766).

2. CORE DESCRIPTION

The Downtown Revitalization Preservation Program (better known as MODESA Lite) is authorized in 99.1080 to 99.1092, RSMo. It allows a portion of the new state and local taxes created by a redevelopment project to be diverted to fund eligible public infrastructure projects, along with related costs for a period of 25 years. Net new taxes generated because of the redevelopment project are captured and diverted to pay the debt service on bonds issued to fund the project. The purpose of the program is to facilitate the redevelopment of downtown areas and the creation of jobs by providing essential public infrastructure.

Current Obligations:
 (1) College Station/Heer's Tower-located in the downtown core of Springfield; consists of mixed use of entertainment, dining, residential, retail, office space and parking needs; and
 (2) Hannibal Clemens Redevelopment-located in the downtown core of Hannibal; consists of a complete renovation of the existing stadium, playing field, boundary wall and certain smaller buildings on the site for the location of a summer college baseball league.

2. CORE DESCRIPTION

AmeriCorps is a national service network and is supported by the Corporation for National and Community Service (CNCS), a federal agency located in Washington, D.C. This program provides opportunities for individuals to serve their communities as full-time or less than full-time AmeriCorps members. The Missouri Community Service Commission (MCSC) receives funding from CNCS to administer the AmeriCorps State and Education Awards programs in Missouri. These funds are made available to not-for-profit organizations, educational institutions, community-based organizations and faith-based organizations with 501(c)3 status. MCSC staff is located within the Department of Economic Development's Business and Community Services division. MCSC is composed of 15-25 Governor-appointed commissioners and five full-time staff. AmeriCorps brings people of all ages from 17 to 100 together to serve in areas of education, youth mentoring, public safety, housing rehabilitation, health care, environmental issues, disaster relief and veterans. It provides communities and neighborhoods with the human resources necessary to address their most pressing civic needs and gives individuals a way to serve their country by completing community service projects.

AmeriCorps is a national service network and is supported by the Corporation for National and Community Service (CNCS), a federal agency located in Washington, D.C. This program provides opportunities for individuals to serve their communities as full-time or less than full-time AmeriCorps members. The Missouri Community Service Commission (MCSC) receives funding from CNCS to administer the AmeriCorps State and Education Awards programs in Missouri. These funds are made available to not-for-profit organizations, educational institutions, community-based organizations and faith-based organizations with 501(c)3 status. MCSC staff is located within the Department of Economic Development's Business and Community Services division. MCSC is composed of 15-25 Governor-appointed commissioners and five full-time staff. AmeriCorps brings people of all ages from 17 to 100 together to serve in areas of education, youth mentoring, public safety, housing rehabilitation, health care, environmental issues, disaster relief and veterans. It provides communities and neighborhoods with the human resources necessary to address their most pressing civic needs and gives individuals a way to serve their country by completing community service projects.
