The Honorable Jay Nixon
Governor of Missouri
State Capitol, Room 216
Jefferson City, MO 65101

Dear Governor Nixon:

The Department of Economic Development (DED) is pleased to provide you with the Department's Fiscal Year 2016 Budget Proposal. The future of Missouri's citizens depends on the existence of high-paying career opportunities and strong communities. It is our job to lead efforts to accomplish these goals.

DED is committed to keeping Missouri businesses on the cutting edge through programs to ensure a ready supply of highly skilled and trained workers; to assist communities so that they may preserve and expand the quality of life for which Missouri is known; to support a business environment that offers competitive operating costs; and to support a physical and technological infrastructure with sufficient capacity to ensure continued growth and expansion.

If you should have any questions about the budget proposal or need additional information, please feel free to contact me at 751-4770.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Downing", written over a white background.

DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW

The Department of Economic Development is composed of various agencies and divisions that administer programs in the areas of community and economic development, workforce development and tourism; as well as agencies that administer statutory requirements and work to safeguard public interest.

Programs managed by these agencies and divisions provide a wide array of services designed to enhance Missouri's economic growth in the 21st century. These services provide direct assistance to businesses and industries; communities and regions; and individuals and organizations by promoting business and community development, job training, housing, tourism, the art's, women in business, and utility regulation throughout the state.

The department consists of two distinct groups: development agencies and regulatory agencies. The department also has an administrative services division.

Development Agencies/Divisions:

The Division of Business and Community Services (BCS) is divided into five teams – Sales, Marketing, Finance, Compliance, and Research. The teams work together to support economic growth in Missouri by promoting and facilitating job creation/capital investment; international export expansion, the development of an innovation economy, and improving Missouri communities.

The Division of Workforce Development (DWD) provides vital services to develop Missouri's workforce for the 21st century through skill-training and career connections for job seekers and human resources, and financial assistance for businesses.

The Division of Tourism promotes Missouri as a premier tourist destination, while helping the state and local communities meet changing trends in the travel/tourism industry.

The Division of Tourism oversees the Missouri Film Office, which promotes the growth of the state's film and video production industry and works to attract film, television and video productions to Missouri.

The Missouri Arts Council provides technical and financial assistance to nonprofit organizations across Missouri to encourage and stimulate economic and community development through the arts.

The Missouri Housing Development Commission is the state's housing finance agency, providing for the financing, development and preservation of affordable housing for low- to moderate-income Missourians.

DEPARTMENT OF ECONOMIC DEVELOPMENT OVERVIEW (CONTINUED)

The Missouri Women's Council works to identify and address issues affecting the economic and employment status of women in Missouri.

The Missouri Development Finance Board provides development financing to assist infrastructure, economic development and business expansion and attraction projects throughout Missouri.

The Division of Energy assists, educates, and encourages Missourians to advance the efficient use of diverse energy resources to provide for a healthier environment and to achieve greater energy security for future generations. The Division works with economic development by providing technical and financial assistance to state and local governments, agricultural interests, school districts, business, industry and the general public related to energy efficiency and renewable energy projects and weatherization.

Regulatory Agencies:

The Office of the Public Counsel is a Type II agency and was established in 1975 to represent the public and the interests of utility customers in proceedings before the Missouri Public Service Commission (PSC) and in the Courts involving investor-owned electric, natural gas, telephone, water, sewer and steam heat utilities. Public Counsel addresses many issues that affect customers including rates, safe and adequate service, complaints and disputes, connections and disconnections, and billing and collection practices. Through the Ombudsman for Property Rights, established in 2006 with the passage of House Bill 1944, the Office of the Public Counsel provides guidance to landowners about the condemnation process.

The Missouri Public Service Commission is charged with the statutory responsibility of ensuring that public utility consumers receive safe and adequate services at just and reasonable rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. The PSC regulates the rates and practices of investor-owned gas, electric, water and sewer utilities, including safety, billing and quality of service. It has limited regulatory authority over investor-owned telephone companies. The PSC also administers safety standards for the rural electric cooperatives and municipal gas systems, maintains a registry of state video service providers and registers Voice-Over-Internet Protocol (VoIP) service providers. In addition, the PSC administers the provision of Relay Missouri service, which gives hearing-impaired citizens access to the telephone network. The Manufactured Housing Department is required by statute to annually register manufacturers and dealers of manufactured homes and modular units; prescribe and enforce uniform construction standards for manufactured homes and modular units sold in the state; and enforce manufactured home set-up and tie-down requirements.

Administrative Services Division:

The Administrative Services Division provides legal, public relation, legislative, financial, budget and human resource support to the department director, senior management and other divisions within the department.

2. CORE DESCRIPTION

The Research Team, better known as the Missouri Economic Research and Information Center (MERIC), performs data gathering, applied research, innovative analysis, and reporting to policymakers and the public. This research and analysis includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of Labor to conduct research and produce information on economic conditions, reports and labor market information.

The Division of Business and Community Services (BCS) serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1. What does this program do?

The Research Team, better known as the Missouri Economic Research and Information Center (MERIC), performs data gathering, applied research, innovative analysis, and reporting to policymakers and the public. This research and analysis includes labor market trends, employment and unemployment, new business startups, wage analysis, and studies of the state's targeted industries and economic development initiatives. MERIC also works in cooperation with the U.S. Department of Labor to conduct research and produce information on economic conditions reports and labor market information.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.010, RSMo, establishes the Department of Economic Development and its divisions. MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics and Employment and Training Administration (BLS). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

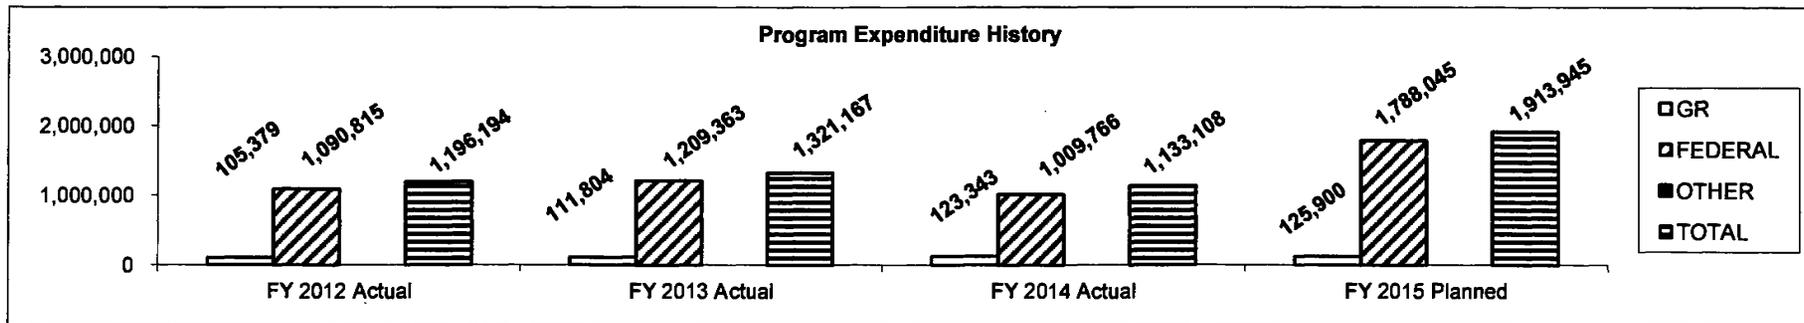

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. The BLS uses a cooperative agreement to fund cooperative statistical programs because of the agency's ongoing involvement in the programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this LMI Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Core Products and Services Grant.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: Planned Expenditures for GR reflect 3% Governor's Reserve.

6. What are the sources of the "Other" funds?

N/A

*Projected is hourly cost of experienced private sector market research analyst in Missouri.

7b. Provide an efficiency measure.

The efficiency measure for the Research Team (MERIC) is a shared measure throughout the Division of Business and Community Services - Sales, Finance, Compliance and Research Teams. PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Marketing Team

Program is found in the following core budget(s): Marketing Team

1. What does this program do?

Missouri is a great place to do business and it is the responsibility of the Marketing Team to promote and market Missouri in the in-state, national, and international marketplace. The number one goal of the Marketing Team is to make Missouri attractive for capital investment and the creation of quality jobs. The Marketing Team supports the Division by providing all print advertising, publishing, videography, and other media production services. The team consists of professional graphic design artists, a videographer, event planners, and technical writers. In addition to creating marketing collateral materials aimed at the public, they support the other teams by designing and publishing applications, reports, and newsletters specific to the Division.

The International Promotions Revolving Fund is a means for collection of private funds provided by companies in support of the services DED provides in accompanying businesses on foreign transactions. BCS has no FTE to serve as community development representatives in the field. BCS only employs business development representatives. Community development activities such as outreach, education, training, project finance technical assistance, project development technical assistance and community planning have all been considered "other duties as assigned" to Finance and Compliance staff. The time spent on these activities, is therefore limited. The quality of the expertise is also diminishing as new employees are focused on accounting, due diligence and program administration.

There are new community initiatives (place-making, etc.) and existing community needs (infrastructure, housing, facilities) that provide sustainability and viability not currently addressed in Missouri. With these new staff, the quality of the projects developed at the local level and subsequently those that DED invests in, will be higher.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

In order to access the education and expertise required, DED determined the positions must be at the Band 1 Manager level. That salary range provided the basis for two \$60,000/year FTE. The one-time funding and expense and equipment was drawn from the OA standards. Fringe was calculated using the OA standard for FY16.

The 2 FTE represent one rural and one urban manager. In order to create the synergy necessary between these positions and the finance and program administrators, DED determined that outsourcing or contracting would not result in the same benefit.

One-times equal \$12,888 (2 x \$6,444) of the total expense and equipment listed above.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Compliance Team, within the Division of Business and Community Services (BCS), provides both in-house administration; application eligibility determination, review and recommendation, award and approval of release of funds, and project oversight; and on-site monitoring and project compliance for the Community Development Block Grant Program to ensure funds are being used properly and taxpayers are receiving the best return for their investment. The Compliance Team works in partnership with communities to improve infrastructure and provide growth opportunities throughout the state. They provide annual program training and specialized new grantee training and technical assistance to Missouri's rural communities.

BCS serves as a partner in the economic development professional community to facilitate the expansion of existing business in the State; to facilitate the location of new business to the State; and to facilitate the startup of new business in the State. The Division also serves as a partner with local governments, non-profits, community organizations, and private citizens to help develop and grow Missouri's communities. The services provided by BCS include professional technical assistance and project management; training; research; financial assistance; and compliance. A few of the ways BCS measures its success include measuring new jobs created, private investment, leverage, and efficiency of operations.

2. CORE DESCRIPTION

The Economic Development Advancement Fund allows the Department to contract for the services of a professional firm or organization to work with the DED and other economic development organizations at the state, regional and local levels to attract new companies and help advance Missouri's standing as an industrial leader. Services contracted for include: responding to requests for information and preparing proposals for the location of new business in the state; vetting available sites; locating new or available buildings; providing information on communities and workforce; identifying utility availability and cost; and facilitating meetings with state government agencies and potential strategic partners. Contracted duties also include marketing the state nationally and internationally in a manner that effectively produces new leads for business recruitment, including but not limited to, maintaining a working relationship with national site selection firms and coordinating opportunities with DED overseas offices.

The contract provides for an integrated partnership with the Missouri Department of Economic Development, Division of Business and Community Services staff who oversee the business development incentives for the State. The private component of the initiative currently calls for matching private dollars to be contributed to the annual budget. This fund was created by the General Assembly and grants the DED the authority to collect a 2.5 percent fee from awardees on certain state tax credits issued in order to direct those fees to the fund and pay the costs of the contract.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Community Development Block Grant Program

Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

1. What does this program do?

This federally-funded program provides grants to non-entitlement cities and counties for community development activities that: (1) benefit at least 51% low and moderate income persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety. Typical projects include infrastructure expansion and improvements (water, sewer, bridge, street, drainage); downtown revitalization; housing rehabilitation; Americans with Disabilities Act accessibility improvements; and community facility projects (senior centers, day care, Sheltered Workshop, community centers).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

42 USC Section 5301 et. Seq., 24 CFR Part 570, and the Missouri Consolidated Plan submitted to the US Department of Housing and Urban Development.

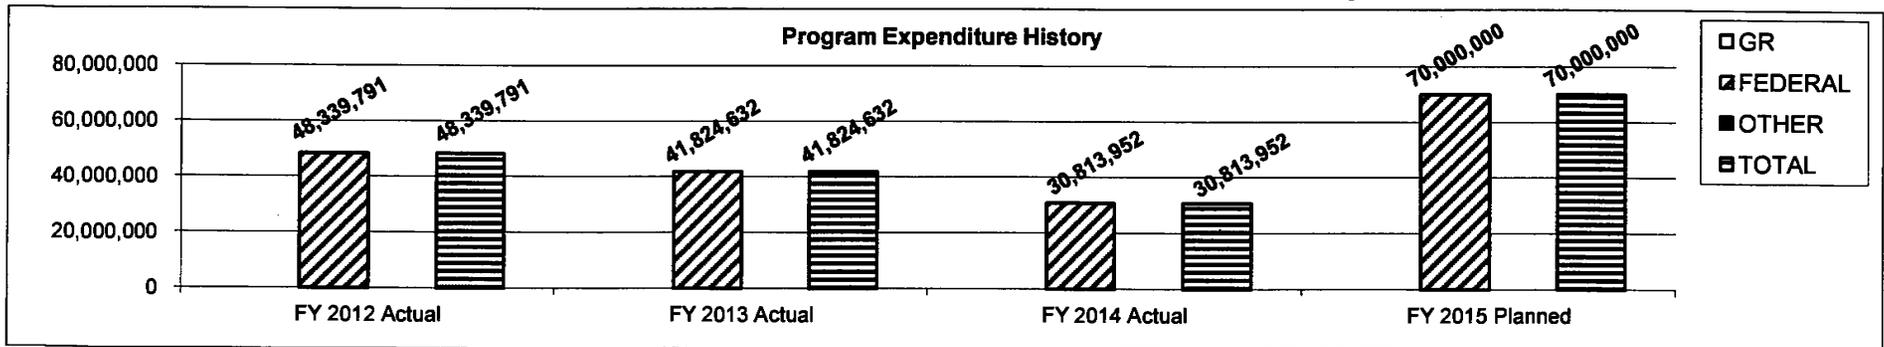

3. Are there federal matching requirements? If yes, please explain.

\$1 for \$1 match required for a portion of the administrative funds. The applicable administrative funds equal 2% of the total appropriation. Soft costs are an eligible match.

4. Is this a federally mandated program? If yes, please explain.

The program is a formula block grant provided to the State of Missouri; 70% of which is provided to the entitlement cities, 30% of which is provided to the non-entitlement balance of the state. That 30% portion is administered by DED.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FY2012 Actual includes Supplemental Disaster Funding and Neighborhood Stabilization Funding.

6. What are the sources of the "Other " funds?

N/A

PROGRAM DESCRIPTION

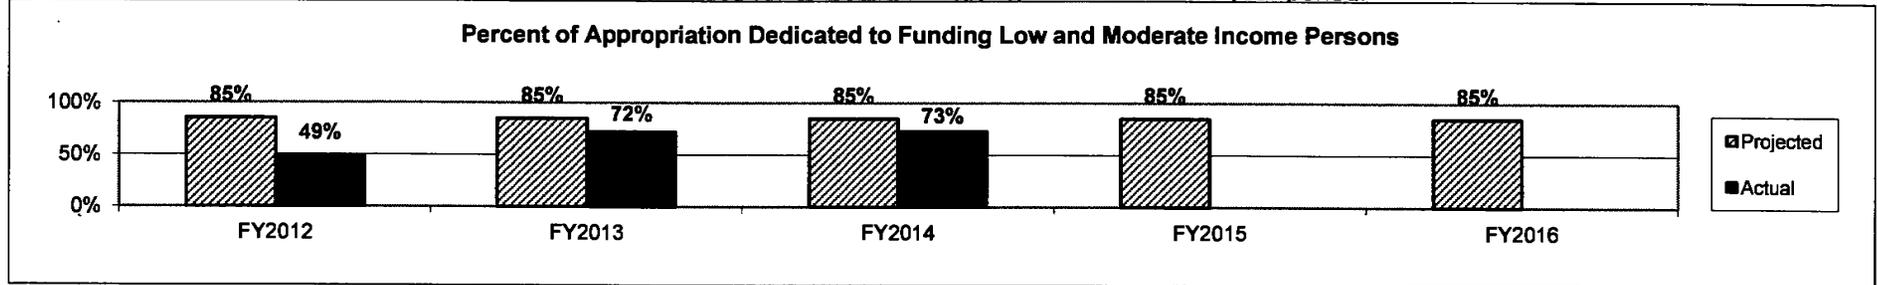

Department: Economic Development

Program Name: Community Development Block Grant Program

Program is found in the following core budget(s): CDBG Program, Marketing, Sales, Finance, Compliance, Administrative Services

7a. Provide an effectiveness measure.

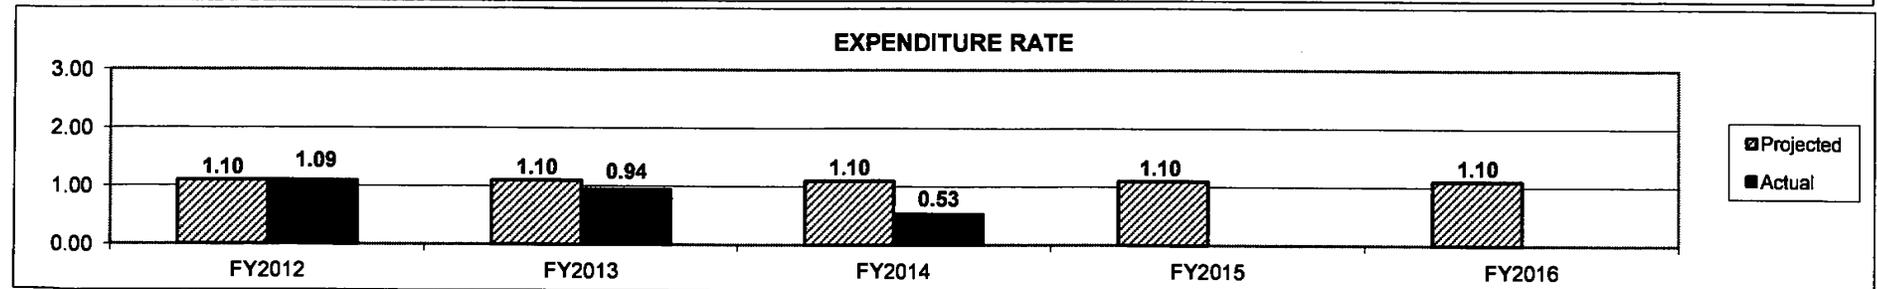

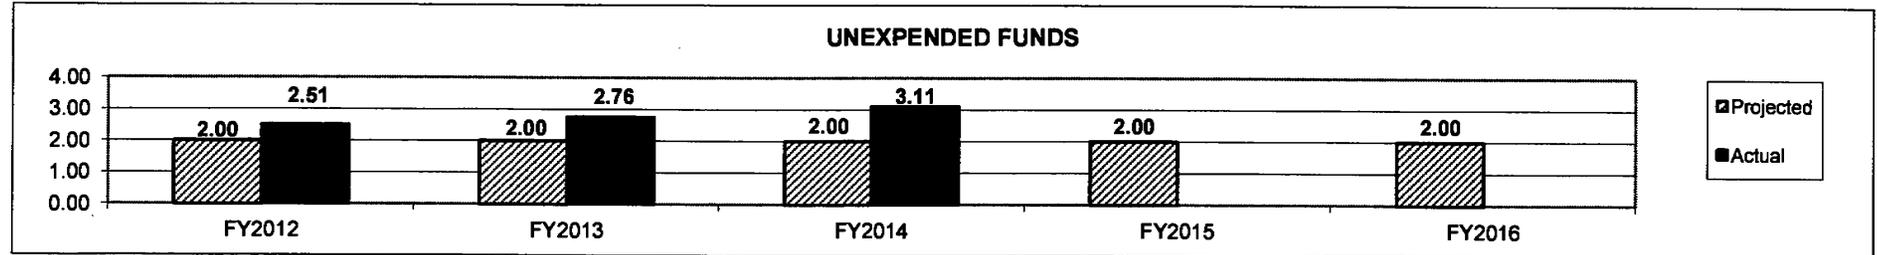

Federal regulations require a minimum of 70% of the appropriation be dedicated to benefiting 51% low and moderate income persons. Missouri CDBG typically exceeds this measure. The exception is a waiver that was requested to allow for response to the tornadoes of May 2003 without regard to income. This waiver allows the state to meet the minimum requirement of 70% aggregated over a three year period.

NOTE: Percentage reduced in FY12 due to funding large number of emergency (flood) projects and not based on income.

7b. Provide an efficiency measure.

HUD recommends, although there is as yet no mandate, that states maintain an annual expenditure rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that is at least equal or higher than the state's annual CDBG allocation. It is also recommended that the states expend CDBG funds at a rate that leaves an unexpended balance in the U.S. Treasury of less than 2.5 times a state's annual allocation. On an annual basis, Missouri is within each of these recommended ratios.

2. CORE DESCRIPTION

The Disaster Case Management Program (DCMP) is a federally funded program that makes funds available to the Missouri Department of Economic Development (DED) to provide DCMP services to the affected communities in DR1980 (Presidential Disaster Declaration 1980). By utilizing the contracted Management Agency, Lutheran Family and Children's Services of St. Louis (LFCS), DED can ensure DCMP services for long term disaster related unmet needs. DCMP service may include organizing, tracking, and providing referral for service such as: locating and securing housing, basic furniture, and/or appliances, financial counseling, utility deposits or installation fees, social service benefit restoration or application, employment assistance, assistance with mental and physical health resources, interpretation services, and coordination of transportation services, when necessary.

DCMP was a two year program that ended in May 2013. The DCMP grant had a 90-day close out period which carried over into FY 2014 due to receiving the grant award later than expected.

2. CORE DESCRIPTION

This core decision item establishes spending authority for the Missouri Downtown Economic Stimulus (MODESA) program. This program is designed to use increment financing to support redevelopment in Missouri's downtowns. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. In this case, it must be within the recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

Active Projects:

Kansas City Live!: restore/rebuild an eight city block, approximately 425,000 sq. feet in the south central part of downtown Kansas City for an entertainment district that has live entertainment, dining, specialty retail establishments and loft housing.

Ballpark Village: redevelop an area adjacent to Busch Stadium in St. Louis into restaurant, retail, entertainment, and office space.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Downtown Economic Stimulus Act (MODESA)

Program is found in the following core budget(s): Missouri Downtown Economic Stimulus Act (MODESA)

1. What does this program do?

The program provides for a diversion of a combination of state sales tax and employment withholding tax to local MODESA authorities establishing a local fund for the purpose of financing approved redevelopment projects. The state tax participation is net new taxes (increment) produced as a result of an approved redevelopment activity. The program limits these activities to downtown central business districts and is intended to offer financing to revitalize many Missouri downtowns. The local authority has the statutory capacity to sell bonds for infrastructure improvements. The increment helps pay the annual debt service on the bonds.

MODESA Project Included in Performance Measures: Kansas City Live!

Payments to the Ballpark Village project are authorized to begin in FY2015.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 99.915, RSMo

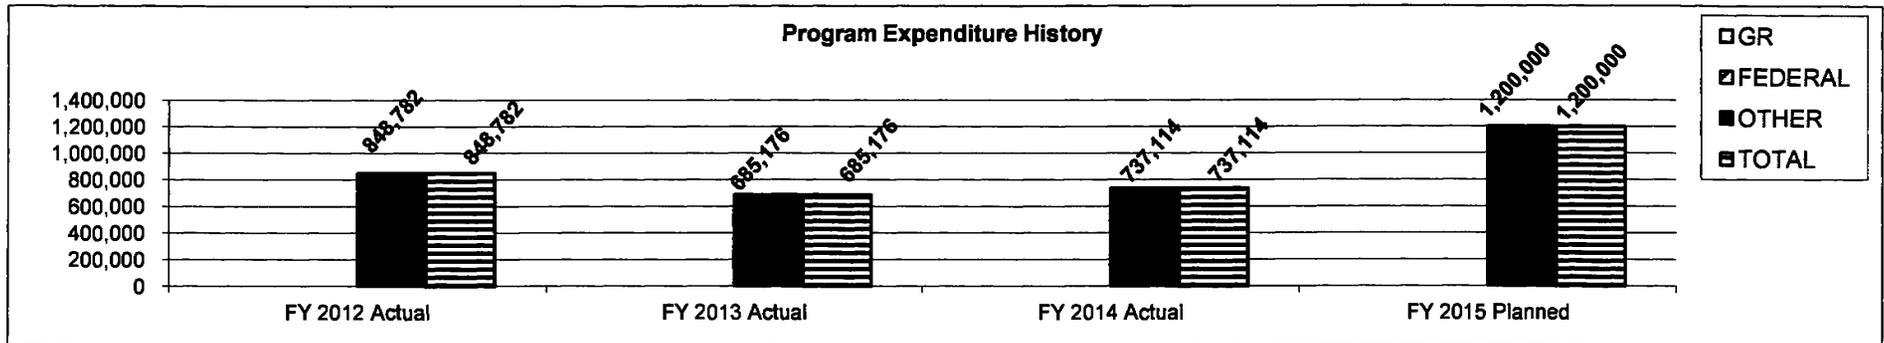

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Missouri Downtown Economic Stimulus Act Fund (0766)

This NDI requests an increase to the General Revenue Transfer and the Spending Authority for the State Supplemental Downtown Development Fund. This program is designed to use increment financing to support redevelopment in Missouri's downtowns. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. In this case, it must be within the recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

The St. Louis Ball Park Village and Kansas City Live! Projects will require an increase in increment during FY2016.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

We are requesting an increase in spending authority for the MODESA program to cover obligated costs for the current projects utilizing the program. The current core for the MODESA program is \$1,200,000. The projected amount needed for FY2016 is \$1,396,647; therefore, an amount of \$196,647 is needed to bridge the difference between the projected obligations and the current core amount.

MODESA requires a General Revenue Transfer into the State Supplemental Downtown Development Fund (0766).

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This NDI requests an increase to the General Revenue Transfer and the Spending Authority for the State Supplemental Downtown Development Fund. This program is designed to use increment financing to support redevelopment in Missouri's downtowns. Tax increment financing captures state economic activity taxes generated as a result of planned redevelopment activities within a prescribed area. In this case, it must be within the recognized Central Business District. The net new taxes generated are captured in accordance with the law for approved projects and used to pay the debt service on bonds issued for eligible redevelopment costs. Those costs include public infrastructure necessary to generate reuse of the properties.

The St. Louis Ball Park Village and Kansas City Live! Projects will require an increase in increment during FY2016.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

We are requesting an increase in spending authority for the MODESA program to cover obligated costs for the current projects utilizing the program. The current core for the MODESA program is \$1,200,000. The projected amount needed for FY2016 is \$1,396,647; therefore, an amount of \$196,647 is needed to bridge the difference between the projected obligations and the current core amount.

MODESA requires a General Revenue Transfer into the State Supplemental Downtown Development Fund (0766).
