2. CORE DESCRIPTION									
The Division of Comprehensive Psychiatric Services (CPS) and the Division of Alcohol and Drug Abuse (ADA) administratively merged in FY 2013 creating the Division of Behavioral Health (DBH). DBH has the responsibility of ensuring that prevention, evaluation, care, and rehabilitation services are accessible to persons with behavioral health disorders. DBH exercises administrative supervision and oversight of inpatient hospitals, residential facilities, and community based programs funded or licensed/certified by the department. This core provides funding for personal services and expense and equipment for administrative staff who are essential in promulgating necessary rules, policies and procedures for the governance, administration, discipline and management of its facilities, programs and operations.

**1. What does this program do?**

This core item funds the administration of the Division of Behavioral Health (DBH) psychiatric services through the following functions: Program and Policy Planning and Development; Training and Technical Assistance; Quality of Treatment; Compliance and Monitoring; and Financial and Data Management. Through program development, monitoring, and oversight DBH provides quality treatment to adults and children who have been diagnosed with Serious Mental Illness, Severe Emotional Disturbance, and in many cases dually diagnosed with both a psychiatric and a substance use disorder.

DBH supports four hospital systems. Each system is directed by a Regional Executive Officer and consists of one to three state operated inpatient facilities. Funding for these positions is through the budgets of the inpatient facilities; however, DBH provides direction, guidance and oversight for the hospital systems. The hospital systems were developed to consolidate administrative staff from each inpatient facility into a centralized regional administration in order to gain efficiency and standardization of treatment and policy. The four hospital systems are: 1) Western: Center for Behavioral Medicine and Northwest Missouri Psychiatric Rehabilitation Center; 2) Central: Fulton State Hospital; 3) Eastern: Metropolitan St. Louis Psychiatric Center, St. Louis Psychiatric Rehabilitation Center, and Hawthorn Children's Psychiatric Hospital; and 4) Southeast: Southeast Missouri Mental Health Center.

DBH Administration supports management and policy making for all of DBH's psychiatric services and assures: 1) the accessibility and coordination of treatment services throughout the state; 2) the availability and competence of both state and community treatment staff; and 3) the integration and attainment of the goals identified by the Department. DBH Administration works closely with community service providers to plan and implement specialized projects such as Disease Management 3700, a Department of Social Services and Department of Mental Health cost containment initiative. DBH provides funding and oversight for approximately 300 private provider contracts delivering mental health and residential services and supports.

DBH Administration applies for and oversees numerous federal grants to assist in the funding of treatment for both adults and children. This includes the annual application for the Community Mental Health Services Block Grant (approximately \$7.8 million annually).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 632.010 RSMo

3. Are there federal matching requirements? If yes, please explain.

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)

4. Is this a federally mandated program? If yes, please explain.

No. However, the Community Mental Health Services Block Grant allows 5% to be expended for administration.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

None.

**CPS Major Revenue Sources (in Millions)**

**Note:** Federal amount does not include federal match appropriations 6678 and 6679. While the Division's Administrative staff remains relatively steady, funding continues to increase.

Spending authority is needed to utilize Mental Health First Aid funds for a statewide Suicide Prevention campaign. Missouri's suicide rate, like the national rate, has steadily climbed since the year 2000. Missouri's rate of 15.9 per 100,000 persons is higher than the national rate of 13 per 100,000 persons.

Nationwide, suicide rates are climbing for white, middle-aged men (age 35 to 64 years). DBH plans to implement activities/programs that have been shown to be effective at reducing suicide rates, including a Suicide Prevention Campaign targeting middle-aged men. DBH is hoping to work with a media consultant on messaging.

## 2. CORE DESCRIPTION

The Facility Support HB Section was created to assist the Division of Behavioral Health (DBH) facilities by establishing a single section to administer several allocations to facilities. These allocations have historically come from various house bill sections within the DBH budget: Adult Community Programs, Loss of Benefits and PRN Nursing Pool. This also establishes a mechanism to allow the allocation of Medicare earnings to the facilities to assist them in coping with census pressures, safety, and patient acuity issues.

### Loss of Benefits

Pursuant to Chapter 552 RSMo., the Department of Mental Health (DMH) must provide secure inpatient hospitalization for those individuals committed by the Circuit Courts as not competent to proceed and not guilty by reason of mental disease or defect. Individuals so committed incur costs for necessary medical care. However, the Social Security Domestic Employment Reform Act of 1994 removed Social Security Disability Insurance (SSDI), Retirement Survivors Disability Insurance (RSDI), and Social Security Retirement (SSA) for those individuals committed as incompetent to proceed and not guilty by reason of mental disease or defect. Medicare Part B premiums, which help pay for necessary health care costs, were previously paid for out of these Social Security funds. Payment of these premiums will maintain Medicare insurance for those eligible forensic clients thereby allowing Medicare to pick up a major portion of client medical expenses. This core item will pay for Medicare Part B premiums and other necessary health care costs for those individuals so committed to DMH.

## CORE DECISION ITEM

<b>Department:</b>	<b>Mental Health</b>	<b>Budget Unit:</b>	<b>69112C</b>
<b>Division:</b>	<b>Comprehensive Psychiatric Services</b>		
<b>Core:</b>	<b>Facility Support</b>		

**PRN Nursing & Direct Care Staff Pool**  
A nursing shortage exists both statewide and nationally. This shortage, in conjunction with non-competitive state salaries, has limited the number of qualified nursing personnel available to staff state funded mental health facilities. This continuing shortage could adversely impact the safety and security of staff and patients; the Joint Commission accreditation status; Medicare Certification; third party reimbursements and disproportionate share hospital (DSH) reimbursement. It is also difficult to maintain appropriate direct care staffing complements due to the rapidly changing acuity levels of clients treated in the inpatient wards. In some instances it is necessary to provide two staff for one patient because of the severity of the patient's illness and resultant aggressive behavior.

A new bill section was created to address the nursing shortage and direct care staffing issue by allowing DBH to establish a PRN (as needed) nursing and direct care staff pool. This was accomplished through a redirect of Personal Service funding and FTE from DBH facility budgets to the new bill section. Individuals hired into this pool will not be allowed to work more than 1,039 hours per year (.49 FTE) and will not be eligible for state benefits. The fringe benefit funding associated with the DBH facilities' FTE was core transferred into this new bill section from HB 5 (O/A Fringe) to fully support the PRN nursing pool.

**Federal Authority**  
This will allow the facilities to utilize Medicare collections for the purchase of medical services in order to comply with the Medicare bundling requirements. In addition, this will also allow DBH to utilize state operated waiver collections to restore facilities expenses and equipment costs incurred for training, pay for annual expenses to implement Medicare Part D, and to utilize Medicare part D collections to assist facilities with staffing to cope with over census issues.

**Voluntary by Guardian**  
In FY11, DBH initiated a change within its state operated inpatient psychiatric system to reduce costs and improve long term care for individuals with serious mental illness. Goals associated with this initiative will be accomplished by moving approximately 120 consumers voluntarily placed by guardians from long term inpatient settings into the community supported by new intensive programs.

**3. PROGRAM LISTING (list programs included in this core funding)**

## CORE DECISION ITEM

<b>Department:</b>	<b>Mental Health</b>	<b>Budget Unit:</b>	<b><u>69209C &amp; 69212C</u></b>
<b>Division:</b>	<b>Comprehensive Psychiatric Services</b>		
<b>Core:</b>	<b>Adult Community Programs</b>		
<b>2. CORE DESCRIPTION</b>			
<p>The Division of Behavioral Health (DBH) Adult Community Programs serve individuals with serious mental illness. Priority populations include individuals who are discharged from state hospitals; committed by the courts in forensic status; under the supervision of Probation and Parole; Medicaid eligible; or experiencing crisis, to include danger of harm to self or others.</p> <p>DBH is responsible for ensuring prevention, evaluation, treatment and rehabilitation services are accessible wherever possible. Treatment that is based in the community is both successful and cost effective, as a result of new medications and evidence-based therapies.</p> <p>Adult Community Programs are administered locally by Community Mental Health Centers (CMHC) that serve as administrative agents for twenty-five (25) defined service areas. Community services are designed to promote independent living in the least restrictive setting possible. The goal of treatment is recovery. Recovery from behavioral health disorders is defined as a process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential. The four goals that support a life in recovery are successfully managing one's disease; having a safe place to live; participating in meaningful daily activities, such as a job or school; and maintaining healthy relationships.</p> <p>There are two major components of Adult Community Programs offered through DBH for psychiatric populations: 1) Community Treatment, and 2) Residential Services.</p>

**1. What does this program do?**

Community Mental Health Centers (CMHC) and affiliated community providers contract with the Division of Behavioral Health (DBH) to administer the behavioral health Adult Community Programs. These agencies serve individuals with serious mental illness, prioritizing the following sub-populations: individuals discharged from state hospitals, individuals under Probation and Parole supervision, individuals that are Medicaid eligible, and individuals in crisis.

These programs provide a comprehensive treatment and community-based support system, delivering evidence-based, cost-effective behavioral health rehabilitative services. Services provided include community support; medications and medication-related services; individual, group and family therapies; wrap-around services; peer support; psychosocial rehabilitation; supported employment; and 24-hour crisis intervention services. By actively participating in these programs, many individuals with serious mental illness can successfully live and work in the community. They can avoid repeated, expensive, and often long-term psychiatric hospitalizations.

DBH has successfully implemented new technologies to integrate behavioral health and medical care. The Disease Management 3700 project and the Healthcare Home initiative have assured the coordination of physical and behavioral health services to individuals with serious mental illness. The outcomes are improved health and lower costs to the healthcare system.

DBH also implemented emergency room enhancement (ERE) projects located in seven parts of the state with the purpose of developing models of effective intervention for people in behavioral health crises, creating alternatives to unnecessary hospitalization or extended hospitalization. Individuals are referred from local hospital emergency rooms to behavioral health providers for ongoing treatment and care coordination to prevent unnecessary and costly hospital admissions.

## PROGRAM DESCRIPTION

Department: **Mental Health**

HB Section(s): **10.210**

Program Name: **Adult Community Programs - Community Treatment**

Program is found in the following core budget(s): **Adult Community Programs**

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 632.010.1, 632.010.2(1), 632.050 and 632.055 RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a 40% state match.

**4. Is this a federally mandated program? If yes, please explain.**

The Americans with Disability Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could live in integrated community settings.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**Note:** The change from FY 2013 actual and FY 2014 actual is due to additional authority approved on appropriations where the "E" was removed and treatment provider utilization increase.

**1. What does this program do?**

On June 22, 1999, the United States Supreme Court decision in *Olmstead v. L.C.* stated that unjustified segregation of persons with disabilities constitutes discrimination and is in violation of the Americans with Disabilities Act. In 2009, the United States Department of Justice, Civil Rights Division, launched an aggressive effort to enforce the Supreme Court's decision. Some states are currently under court agreements to meet the intent of *Olmstead*. States must ensure that individuals with disabilities are served in the least restrictive environments based on their individual needs and choices.

As Missouri works to meet the mandates of the *Olmstead* decision, supportive housing plays a major role. The Division of Behavioral Health (DBH) is committed to providing individuals with serious mental illness (SMI) safe housing in combination with the support services needed to be able to live in the most integrated settings possible in a community of their choice.

Treating individuals of all ages and with unique needs in community settings requires a variety of residential alternatives. Funds are used to support a wide array of residential services that include residential care facilities, group homes, and independent supported housing. Residential services are provided in the client's community through contractual arrangements. As individuals move into more normalized housing alternatives, they require intensive but flexible services and supports in order to maintain that housing. Provision of these services and supports enable these individuals to successfully live and work in their communities.

The Division of Behavioral Health (DBH) is in the process of writing and applying for an 1115 Waiver, the Mental Health Crisis Prevention Project, that will provide early intervention, treatment and community support services to Missourians aged 21-35 that have a mental illness or substance use disorder and who are identified through a behavioral health crisis.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

Research shows that a majority of individuals with serious mental illness (SMI) experience the first signs of illness during adolescence or early adulthood, with peak onset occurring between 15 and 25 years of age. While low-income children in Missouri who experience the onset of a behavioral health crisis are largely eligible for coverage under Medicaid or Children's Health Insurance Program (CHIP), young adults in this situation are frequently uninsured. As a result, young adults often experience unreliable, delayed, or incomplete access to the services needed to address the immediate issues and support a pathway to recovery. Left unaddressed, psychotic disorders and substance use disorders (SUD) can disrupt a young person's social, academic, and vocational development and initiate a trajectory of accumulating disability.

The Mental Health Crisis Prevention Project builds upon two successful programs implemented as part of Governor Nixon's Strengthening Missouri's Mental Health System Initiative. These programs – the Community Mental Health Liaison program and the Emergency Room Enhancement program – identify young adults who are experiencing a behavioral health crisis and link them to health care and behavioral health services. Under the proposed demonstration, individuals identified through these programs will have far greater access to integrated medical and behavioral health services, including evidence-based supported employment services.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

This item funds expansion of the Emergency Room Enhancement (ERE) a key component in the Governor's Strengthening Missouri's Mental Health System initiative. Inappropriate use of hospital emergency departments is costly and is usually not the most appropriate intervention for individuals experiencing a variety of behavioral health crises. Currently there are emergency room enhancement projects in St. Louis, Columbia, Kansas City, Springfield, Rolla, Kirksville/Hannibal, and Poplar Bluff with 65 hospitals and agencies participating. These programs have demonstrated positive outcomes: reduction of emergency room visits and hospitalizations, reduction in homelessness, reductions in arrests, increase in employment, and increase in behavioral health treatment program enrollment for those eligible. The DMH seeks to expand access to effective emergency room interventions for people in behavioral health crises in additional regions in the state.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Funds for this Emergency Room Enhancement will be allocated to selected Community Mental Health Centers (CMHCs) who have a Department of Mental Health approved implementation plan that demonstrates collaboration with community stakeholders including hospitals and health centers, substance use disorder treatment providers, law enforcement, as well as other community resources (food banks, shelters, etc). The funds are used to help resolve immediate behavioral health issues, and to assist in mitigating the factors that trigger individuals' behavioral health symptoms. The CMHCs assist the individuals in accessing any benefits for which they might be eligible, and refer them for continued treatment which may be short-term case management or a longer-term enrollment in rehabilitation program (Community Psychiatric Rehabilitation and/or Comprehensive Substance Treatment and Rehabilitation). In addition to reduced hospitalizations and ER visits, the program has demonstrated significant decreases in homelessness and arrests and an increase in employment for participants.

## 2. CORE DESCRIPTION

Statute mandates that certain fees and costs for involuntary civil detention proceedings for an individual who presents a likelihood of harm due to a mental illness or substance use disorder be paid by the State (Sections 56.700, 57.280, 488.435, 630.130, 632.415, RSMo.).

It is required that reasonable attorney fees and costs be paid in involuntary civil detention hearings when the court has determined that the individual is unable to pay. Likewise, reasonable attorney fees and costs are paid for involuntary electroconvulsive therapy court proceedings when the court has determined the individual is unable to pay. Sheriff mileage fees for executing a court warrant for civil involuntary detention proceedings are considered court costs and are reimbursed at the rate set by the Internal Revenue Service.

In addition, the statute allows payment for prosecuting attorneys in certain counties to employ an assistant attorney and investigative or clerical staff to carry out the duties relating to mental health and mental health facilities located within their jurisdictions. Counties receiving payment are Buchanan, Callaway, Jackson, St. Francois and St. Louis City.

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

### NOTES:

The fees imposed by the courts are set by the Supreme Court. Effective July 1, 2003, pursuant to Supreme Court Operating Rule 21.01, Probate Courts could no longer collect the thirty-five dollar fee for involuntary hospitalizations proceedings that had for many years been charged and subsequently paid by the Department of Mental Health from this appropriation. The Supreme Court Operating Rule 21.01 effective July 1, 2004, once again allows the Probate Court to collect the thirty-five dollar fee, but not in cases where the costs are to be paid by the State.

(1) The change in FY 2014 appropriation level compared to FY 2013 is a core reduction of funding during the House cycle.

**1. What does this program do?**

The Department of Mental Health (DMH) is statutorily mandated to monitor forensic clients acquitted as not guilty by reason of mental disease or defect who are granted a conditional release to the community by the court. Monitoring is a public safety function that is provided by Forensic Case Monitors under the direction of the Director of Forensic Services and the facility Forensic Review Committee. There are eleven Forensic Case Monitors located across the state who oversee 491 forensic clients on court-ordered conditional release statewide.

Forensic Case Monitors review the case of each forensic client on conditional release at least monthly, and more often if necessary, to determine compliance with court-ordered conditions of release and to ensure that forensic clients are receiving care and treatment consistent with their needs and the goal of public safety. If the Forensic Case Monitor determines the client has violated court-ordered conditions of release or needs inpatient psychiatric treatment, the client may be voluntarily admitted or the Director of Forensic Services may issue an order returning the client to inpatient treatment and initiate proceedings to revoke the conditional release. The Forensic Case Monitors must also provide testimony at court proceedings and revocation hearings and must educate community providers about forensic and public safety issues.

DMH, upon order of the Circuit Court, provides pretrial evaluations on issues of competency to stand trial and criminal responsibility. DMH requires that evaluations be completed by Certified Forensic Examiners who must hold doctorate degrees in medicine, osteopathy or psychology and who must complete required supervision and training. This certification process is the responsibility of the Director of Forensic Services.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 552 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)

## PROGRAM DESCRIPTION

Department: Mental Health

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

None.

7a. Provide an effectiveness measure.

**Note:** Conditional releases declined in FY 2014 while revocations of conditional release status occur only in a small percentage of that total population.

Program Name: Forensic Support Services

Program is found in the following core budget(s): Forensic Support Services

7b. Provide an efficiency measure.

**Annual Average Cost Per Conditionally Released Client Served**

**Note:** Serving conditionally released clients in the community is less costly than inpatient hospital settings which have an average annual cost of \$92,839 (average length of stay of 263 days multiplied by the average cost per day of \$353).

7c. Provide the number of clients/individuals served, if applicable.

**Clients Served as of June 30th**

**Note:** Forensic clients represented in this graph are only those clients who were committed to the Department as Not Guilty by Reason of Mental Disease or Defect (NGRI).

*Significance: The Division has successfully monitored an increasing number of NGRI clients in the community versus a hospital setting.*

7d. Provide a customer satisfaction measure, if available.

## 2. CORE DESCRIPTION

The Division of Behavioral Health (DBH) youth community providers serve priority populations including children and youth who are at risk of placement outside the home (inpatient or residential) and/or are transitioning from a Department of Mental Health supported placement out of their home. The purpose of the Youth Community Programs core item is to fund an array of treatment interventions for youth experiencing serious emotional disturbance (SED) residing in the community. Children and youth with SED and acute psychiatric needs are the primary clients that receive services funded by Youth Community Programs. Conservative estimates of prevalence (Center for Mental Health Services, HHS, 1997) indicate seven percent (7%) of all Missouri children, or 97,484 children, could experience SED. Estimates of any psychiatric illness with lesser functional impairment are even higher, from twelve percent (12%) to twenty-one percent (21%). Based upon a conservative presentation rate of fifty percent (50%) of children experiencing SED, some 48,742 children may need services from the public mental health authority. However, in FY 2015 approximately 16,651 children received DBH services and 172 of those children were served in hospital/residential facilities, leaving nearly 33,000 children unserved.

**1. What does this program do?**

The Division of Behavioral Health (DBH) youth community providers serve priority populations including children and youth who are at risk of placement outside the home (inpatient or residential), and/or are transitioning from a Department of Mental Health (DMH) supported placement out of their home.

This program serves children and youth who have a serious emotional disorder which is defined as having a psychiatric disorder that lasts six months or longer, interferes with functioning in two or more life domains, and requires services and supports from two or more public agencies: Children's Division, Juvenile Office, Special Education, Division of Youth Services, and/or DMH.

This funding provides community treatment and case management delivered through private not-for-profit community providers. Services are designed to maximize functioning and promote community and family integration using a comprehensive system of care approach. Community treatment targets youth who are at risk of inpatient hospitalization or other out-of-home placement. Services are provided by qualified mental health professionals within the state's 25 designated service areas. These services are developmentally appropriate, with the goal of promoting social/emotional health, positive relationships with family and peers, social competence and success in school and work. Services include intake/annual evaluations, crisis intervention, case management, psychotherapy, respite, day treatment, community support, medication management, psychosocial rehabilitation and treatment family homes. Contractual arrangements are made to purchase these services through local community mental health centers.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program #, if applicable.)**

Sections 630.405 - 630.460, 632.010.2(1), 632.050 and 632.055 RSMo

**3. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a 40% state match.

**4. Is this a federally mandated program? If yes, please explain.**

The federal block grant requires DBH to maintain a level of funding for community services.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**Note:** The change from FY 2013 actual and FY 2014 actual is due to additional authority approved on appropriations where the "E" was removed.

**6. What are the sources of the "Other" funds?**

Mental Health Local Tax Match Fund (MHLTMF) - \$1,008,129, Mental Health Interagency Payment Fund (MHIPF) - \$600,000, Tax Amnesty Fund (TAF) - \$617,797

7a. Provide an effectiveness measure.

**Note:** This graph represents the percentage of youth receiving DBH services who reside in a homelike setting versus an institutional environment.

7b. Provide an efficiency measure.

**Note:** Average costs per client in Hawthorn's Children's Psychiatric Hospital continues to increase as a result of the acuity level of the child client base requiring more one-to-one supervision. In addition, average lengths of stay for children with complex needs has increased by approximately 10 to 15 days for the community.

7c. Provide the number of clients/individuals served, if applicable.

**Clients Served: Community Services vs State Operated Children's Facility**

**Note:** Community Service client counts do not include the increase in clients served through charity care at CMHCs due to reductions in non-Medicaid GR. The drop in children facility clients in FY 2015 is due to the privatization of Cottonwood Residential Treatment Center on January 3, 2015.

**Change in Clients Served**

**Note:** The changes in the number of consumers is a result of program services converted from non-Medicaid reimbursed programs to CPR and Targeted Case Management (TCM) program models, and the shift of consumers to those services which is trending toward CPR based services.

The Division of Behavioral Health (DBH) will be applying for the System of Care Expansion Grant to assist children/youth under the age of 17 who are experiencing a first episode of psychosis. The overall purpose of the grant is to improve mental health outcomes for children/youth with serious emotional disturbances and their families.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

Most psychotic disorders, such as schizophrenia, begin with a period of altered functioning before the onset of full symptomatology. Clinicians have viewed this 'prodromal period' as potentially important from a preventive perspective. Recognizing these early symptoms and providing treatment may alter the trajectory of this serious mental illness. Research is demonstrating that children as young as 9 to 12 years of age, may exhibit these early symptoms. The System of Care Expansion Grant is a four-year grant that will enable providers to receive specialized training to implement a standardized assessment and provide targeted evidence based treatments to children/youth experiencing prodromal symptoms of psychosis. Initially three community mental health centers will take the lead in implementing the grant, while the State simultaneously builds a statewide infrastructure. This effort builds on the work already begun by the Department to develop a continuum of care for individuals experiencing a first episode of psychosis.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? ## 2. CORE DESCRIPTION

There is a need to substantially increase the capacity to provide evidenced-based practices (EBP) to children that have been abused. The consequences of not treating trauma are costly and significant for individuals and society in general. In the U.S., 61% of men and 51% of women report exposure to at least one lifetime traumatic event, and in public behavioral health settings, 90% of clients have experienced trauma (*Trauma (n.d.) SAMHSA-HRSA Center for Integrated Health Solutions. Retrieved from <http://www.integration.samhsa.gov/clinical-practice/trauma>*). Currently the number of qualified, trained clinicians to provide EBP is severely limited. These funds will be invested in training, education for frontline staff, and expanding capacity. In addition, funds will be used to address structural barriers such as workforce issues in rural communities, support for necessary facility upgrades for certain models, and identification of screening and assessment tools.

## **2. CORE DESCRIPTION**

This core item funds medication and medication-related services for people with serious mental illnesses who could not otherwise afford them. Psychiatric medication is a vital part of treatment for mental illness. New medications that are more effective and produce fewer side effects are developing rapidly. Individuals are more likely to take improved medications, and thus experience better outcomes such as reduced symptoms and improved social functioning.

Approximately half of the individuals served by the Division of Behavioral Health (DBH) for the treatment of severe and persistent mental illness have their medication costs covered through MO HealthNet. For almost all uninsured clients receiving mental health services, the cost of seeing a psychiatrist and buying medications is a major barrier to accessing needed services. Without these medical interventions, most would see an increase in the occurrence and severity of symptoms of mental illness, potentially leading to homelessness, incarceration, suicide, and other negative outcomes.

1. **What does this program do?**

This core funding ensures accessibility to necessary medications needed to treat serious and persistent mental illness for those that are uninsured. It supports the use of newer, more effective medications that increase the likelihood that a person will take them. Compliance with prescribed medications results in better outcomes. This funding can also support medication-related services, such as physician services, to ensure access to medications from the most appropriate medical professionals.
  
2. **What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 632.010.2(1) and 632.055 RSMo
  
3. **Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)
  
4. **Is this a federally mandated program? If yes, please explain.**

No.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising cost of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is identical to the inflation rate requested by MO HealthNet Division for pharmacy.

This item also includes funding to cover the annual cost increase for contracted pharmacy and advanced practitioner services.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**REQUEST:**

**Inflation of Pharmaceuticals** - This is a 5.8% inflationary increase based off of FY 2015 actual spending.

## 2. CORE DESCRIPTION

The Division of Behavioral Health (DBH) is responsible for ensuring that prevention, evaluation, treatment, and rehabilitation services are accessible to Missouri citizens requiring such services. This item funds the six (6) adult psychiatric inpatient hospitals operated by DBH. Northwest Missouri Psychiatric Rehabilitation Center  
St. Louis Psychiatric Rehabilitation Center  
Southeast Missouri Mental Health Center (including Sex Offender Rehabilitation and Treatment Services)  
Metropolitan St. Louis Psychiatric Center  
Center for Behavioral Medicine

Note: Southwest MO Psychiatric Rehabilitation Center was privatized in FY 2015. Authority for state employees leased to Compass Health for up to five years is included.

## 3. PROGRAM LISTING (list programs included in this core funding)

## **NOTES:**

**(1)** In FY 2015 funding was reallocated from Marshall Habilitation Center to Fulton State Hospital for the MI/DD Forensic dual diagnosis unit. In addition, Southwest MO Psychiatric Rehabilitation Center was transitioned from state-operated to privately operated, resulting in an approximately \$800,000 reduction in appropriation for FY 2015. In FY 2015, funding was appropriated to open a 25 bed SORTS ward at Fulton. Due to pending litigation and temporary freeze in admissions, this ward was not opened until July of 2015.

<p><b>1. What does this program do?</b></p> <p>State operated adult facilities provide long term inpatient hospitalization and psychiatric treatment for individuals with serious mental illness. The facilities serve forensic individuals committed by the criminal courts, individuals needing high security committed by the probate courts, and individuals committed by guardian. Also admitted are individuals civilly committed as sexually violent predators. These individuals present a danger to themselves or others and cannot be effectively treated in a less restrictive environment.</p> <p>The forensic program provides psychiatric evaluation, care and treatment for individuals ordered into the system by the Circuit Courts. These clients are mentally ill and have become involved with the criminal justice system. The forensic program requires not only the specialized knowledge and services needed for working with individuals with serious mental illness, but also specialized knowledge of the more structured procedural issues surrounding interaction with the judicial system. This highly specialized service provides the capability of evaluation and treatment in a secure environment.</p> <p>The Division of Behavioral Health (DBH) has a full range of secured treatment settings in order to more effectively treat forensic and non-forensic clients and to ensure public safety in accordance with Chapter 552 RSMo. These settings are provided through various applications of secured perimeters, including inside and outside containment, internal security systems, escort requirements and security staffing. In a less secure environment, when public safety is not an issue, services are provided with the desired goal of progressive movement from a highly structured living situation to a less structured living situation. In this manner, people are given the opportunity to move through a system specifically designed to provide them with an accompanying increased emphasis on demonstrated acceptable standards of behavior.</p>

<p><b>1. What does this program do? (Continued)</b></p> <p>Since 2013, the Department of Mental Health (DMH) has seen a 45% increase in individuals who have been referred by the criminal courts for competency restoration. This increase is resulting in hospitals operating at or over existing capacity and individuals waiting in jails for beds to open up.</p> <p><b>2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)</b></p> <p>Sections 632.010.2 and 632.010.2(1) RSMo</p> <p><b>3. Are there federal matching requirements? If yes, please explain.</b></p> <p>Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses, so no additional match is required. Also, the cost associated with the operation of the DBH long-term care hospitals significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital requirements.</p> <p><b>4. Is this a federally mandated program? If yes, please explain.</b></p> <p>The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities budgets are captured in the MOE calculation.</p>

### 1. What does this program do?

The Sex Offender Rehabilitation and Treatment Services (SORTS) provides appropriate treatment and housing for individuals adjudicated by the courts as sexually violent predators. With passage of the Sexually Violent Predator law, which was effective January 1, 1999, the Missouri General Assembly mandated that individuals adjudicated by the court as sexually violent predators be committed indefinitely to the custody of the Director of the Department of Mental Health for "control, care and treatment until such time...that the person is safe to be at large." In order for such commitments to pass constitutional scrutiny, the Department must provide care and treatment that is consistent with existing professional standards and practice, and federal case law. The law also requires that individuals committed for treatment as sexually violent predators be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients who have not been found to be sexually violent predators.

The current SORTS program is operated within two Division of Behavioral Health (DBH) facilities, Southeast Missouri Mental Health Center and Fulton State Hospital. In FY 2011, FY 2012 and FY 2013, funds were allocated to open new wards at Fulton State Hospital. The additional space at Fulton State Hospital was created by the FY 2011-2012 Inpatient Redesign Initiative. In FY 2014, an addition was opened at Southeast Missouri Mental Health Center. In FY 2015, Fulton State Hospital was appropriated funding to open a fourth ward that wasn't opened until July 1, 2015.

The original SORTS (formerly known as the Missouri Sexual Offender Treatment Center -- MSOTC), is located on the campus of Southeast Missouri Mental Health Center in Farmington within a secure perimeter maintained by the Department of Corrections. In FY 2009, funds were reallocated to allow SORTS to contract with jails to house individuals who are awaiting trial to determine their commitment status. This will allow the growth of the committed population without requiring expansion of facilities beyond what is required for those committed.

In addition to the housing and treatment of individuals committed under this statute, the Department provides a psychiatrist and a psychologist to participate in the Multidisciplinary Team to assist the Prosecutor's Review Committee in determining whether an individual may meet the definition of a sexually violent predator. Furthermore, the Department is required to provide a psychiatrist or psychologist to evaluate each individual for whom the court finds probable cause to believe the person is a sexually violent predator. Finally, the Department must provide the committing court an annual report regarding the committed person's mental condition.

State facilities providing inpatient services are facing growing costs for food. State facilities must comply with dietary standards adopted by the federal government which require state facilities to provide a minimum number of servings of fruits and vegetables per day. Inflationary costs make it difficult to meet the federal government requirements and special dietary needs of the population served.

### 2. CORE DESCRIPTION

This core item funds the operation of Hawthorn Children's Psychiatric Hospital which provides hospital inpatient and residential services to children and youth with Severe Emotional Disturbances (SED) or acute psychiatric needs. Conservative estimates of prevalence (Center for Mental Health Services, HHS, 1997) indicate seven percent (7%) of all Missouri children, or 98,913 children, could experience SED.

In response to growing referrals from social service agencies and families, the children's facility operated by the Division of Behavioral Health (DBH) is treating children with more challenging, complex, and ingrained behaviors. Many of these children are dually diagnosed with intellectual disabilities, requiring enhanced safety measures, staffing patterns and skills. The resources required to sufficiently meet the challenging demands of these children have been primarily funded through general revenue. The current MO HealthNet State Plan allows for the reimbursement of rehabilitative services for children requiring specialized residential services.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>								<b>HB Section(s): 10.335</b>	
<b>Program Name: State Operated Children's Facilities</b>									
<b>Program is found in the following core budget(s): State Operated Children's Facilities</b>									
	State Operated Children's Facilities								TOTAL
GR	7,121,456								7,121,456
FEDERAL	2,066,407								2,066,407

1. **What does this program do?**

State operated Hawthorn Children's Psychiatric Hospital provides inpatient and residential treatment when children are in crisis or at serious risk of harming themselves or others, and cannot be managed in less restrictive settings. The treatment provides intensive intervention which can get the child stabilized and back in the community as soon as possible.

Professional and paraprofessional interdisciplinary staff provide an array of treatment services including behavior modification, counseling, medication management, social services, therapeutic recreation, special education, art therapy, physical evaluation, and other consultations as needed. The goal is to promote, restore, and maintain the mental health of youth and allow their return to the community at their optimal level of functioning.
2. **What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 632.010.1 and 632.010.2(1) RSMo.
3. **Are there federal matching requirements? If yes, please explain.**

Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses - no additional match is required. Also, the cost associated with the operation of Hawthorn significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital (DSH) requirements.
4. **Is this a federally mandated program? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities budgets are captured in the MOE calculation.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.335

Program Name: State Operated Children's Facilities

Program is found in the following core budget(s): State Operated Children's Facilities

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

None.

7a. Provide an effectiveness measure.

**Note:** This graph represents the 30 day readmission rate for Missouri compared to the national average for readmission of consumers to a state hospital after 30 days. Drop in numbers is due to the removal of residential services in the calculation. FY 2015 Actual data is not yet available. *Significance:* Overall Missouri is well below the national average which indicates successful community placements.

7b. Provide an efficiency measure. (Continued)

**Note:** Cost per bed day is increasing due the acuity of patients requiring higher staffing ratios and the reduced number of beds available.

7c. Provide the number of clients/individuals served, if applicable.

**Note:** This graph represents an unduplicated count of clients served. The decline of client count is directly associated with the increasing acuity level of the children/youth served. Cottonwood Residential Treatment Center was privatized on January 3, 2015.

### 1. What does this program do?

The Division of Developmental Disabilities (DD) has the responsibility to ensure that evaluation, care, habilitation, and rehabilitation services are accessible to Missouri citizens with developmental disabilities. In order to carry out its mission, the Division of DD purchases and provides services to persons with developmental disabilities through regional offices (located at Columbia, Kansas City, Sikeston, Springfield, and St. Louis) and state operated services provided by Bellefontaine Habilitation Center, Higginsville Habilitation Center/Northwest Community Services, Marshall Habilitation Center/Northwest Community Services, Southwest Community Services in Nevada, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services. These facilities serve approximately 33,400 individuals and employ approximately 3,221 staff who require administrative and technical support from the Division of DD. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide programs through establishing policies, procedures, and providing support to the Division of DD's facilities and contract providers.

In FY 2015 budget, administrative functions at regional offices were consolidated. As a result, the Division currently operates five regional offices (Columbia, Kansas City, Sikeston, Springfield, and St. Louis), along with six satellite offices (Albany, Hannibal, Joplin, Kirksville, Poplar Bluff and Rolla). Staff who remain at the six satellite offices are responsible for continuing to provide critical services such as eligibility determination, quality enhancement, contract provider monitoring, service coordination, consumer advocacy and crisis services.

The Division of Developmental Disabilities Central Office has six sections: Director's Office, Administrative Services, Federal Programs, Quality Enhancement, Office of Autism Services, and Licensure and Certification.

- The Director's Office directs all aspects of Division of DD administration, including supervision of Central Office and field staff.
- The Administrative Services Section has primary responsibility for preparing the Division of DD budget, allocating and monitoring facility funds, preparing fiscal notes, projecting and monitoring federal collections, setting statewide financial policies, and all other fiscal operations.
- The Federal Programs Unit oversees the operation of all Division of DD federal programs. The Federal Programs unit develop and monitor five Home and Community Based Waivers (DD Comprehensive Waiver, Community Support Waiver, Autism Waiver, MOCDD/Sarah Lopez Waiver, and Partnership for Hope Waiver) as well as other MO HealthNet programs. This section has the responsibility for making sure the Division of DD is in compliance with federal guidelines in an effort to safeguard funding for supports and services of consumers served by the Division of DD, including the recently enacted community settings rule which the state must be in compliance with by March 2019.
- The Quality Enhancement Section is responsible for developing and implementing a formal process, structure and format for policy promulgation within the Division of DD. In addition, this section oversees all training aspects for staff of the Division. This section also oversees the development and implementation of a continuous cycle of integrated quality assurance and improvement functions. The functions are designed to assess the service delivery process, improve service outcomes, and enhance the quality of life for individuals with developmental disabilities.

**1. What does this program do? (Continued)**

- The Office of Autism Services was created to enhance the Division of DD's efforts to meet the needs of individuals with Autism Spectrum Disorders (ASD) and their families. The Office of Autism Services works to implement the Blue Ribbon Panel's recommendations and contemporary best practice in meeting the needs of individuals with ASD and their families. The Office of Autism Services also provides staffing support for the Missouri Autism Commission on Spectrum Disorders.
- The Licensure and Certification Section provides quality oversight to Department of Mental Health agencies, both public and private, in the State of Missouri. This oversight is carried out in order to license or certify these facilities or programs that offer services to consumers of the Department. The monitoring ensures that providers maintain compliance with applicable state standards and remain consistent with the Department of Mental Health's vision, principles of practice, and values.

The Division of DD entered into 801 contracts in FY 2015. Through these contracts, the Division of DD purchases residential services and non-residential support services.

2. CORE DESCRIPTION
<p>The Division of Developmental Disabilities (DD) worked with the MO HealthNet Division to implement a new Federal funding stream authorized in Senate Bill 1081 which was signed into law on June 25, 2008. The legislation allows the state to implement a provider assessment on all Intermediate Care Facilities for the Intellectually Disabled (ICF/ID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/ID facilities. As a result, this core consists of \$7 million GR funding to pay the tax for state-operated ICF/ID programs.</p> <p>In July 2015, state habilitation centers began to deposit room and board funds for residents of habilitation centers into a new fund called Habilitation Center Room and Board Fund. This core contains \$3.4 million in appropriation authority for these habilitation center room and board receipts. Once the funds are received and deposited, habilitation centers will spend the funds on expense and equipment purchases to support residents of habilitation centers.</p>

	(1), (2), (3)	(1), (2), (3)	(1), (3)	(4)

Reverted includes the statutory three-percent reserve amount (when applicable).

**NOTES:**

- (1) Lapse amounts for GR funds occurred as a result of actual calculated provider assessment amounts for given year being less than the appropriated general revenue amount.
- (2) Lapse amounts for Federal funds occurred as a result of lower collections to support funding authority for staffing pool.
- (3) In FY 2013 and FY 2014, this core included staffing pool PS and E&E funding for direct care staff and professional staff resources. This funding was then allocated to the applicable habilitation center in FY 2013 & FY 2014. In the FY 2015 budget, such funds were transferred to the various habilitation centers. Thus in FY 2015, the house bill section included only GR funding to pay the ICF/ID provider tax.
- (4) In FY 2016, funds were reallocated from habilitation center appropriations to this house bill section for habilitation center room and board payments.

<b>2. CORE DESCRIPTION</b>									
<p>The primary mission of the Division of Developmental Disabilities (DD) community programs is to provide the supports necessary to enable persons with developmental disabilities to remain connected to their parents, families, school, and community. The Division of DD operates a community-based service delivery system through its regional offices for persons with developmental disabilities. The regional offices utilize core funding to contract with community providers who provide in-home supports, residential services, autism supports, and other specialized services to individuals who are able to choose their own service provider. The support services allow individuals to live in their community and stay connected with their family and live in their least restrictive environment. In addition, this core contains some personal services funds, as well as expense and equipment funds, which are used to support staff who are responsible for oversight of community programs funding</p>

### 1. What does this program do?

There is a need for the Division of Developmental Disabilities (DD) to provide on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities with the supports their conditions and circumstances require. The Division of DD operates a community-based service delivery system through its regional offices. The Division of DD's community programs funding provides an array of community supports and services, including in-home supports, to families who choose to have their sons and daughters cared for in their own homes, thus enabling them to fully be included in all aspects of home, school, and community life.

Traditional in-home support services are provided for individuals who reside in their own home or with their own family, but who do not receive residential services. This program allows families who have made a personal and financial commitment to care for their children and adults in their homes to be supported in their care-giving and decision-making roles.

In-home supports are directed toward the following: preserving the natural family structure, access of generic supports available at the local level, giving families a choice in selecting support services which meet their needs, allowing consumers and families to participate in as many life experiences as possible, and giving consumers an opportunity to choose their own service providers. In addition, elderly and chronically ill parents will know their child with developmental disabilities will have supports to meet their future needs.

The community programs funding includes state match and Federal authority to draw down funds for MO HealthNet programs, such as the Comprehensive Waiver, Community Support Waiver, Autism Waiver, the MOCDD (Lopez) Waiver, Partnership for Hope Waiver, and for Community Intermediate Care Facilities for the Developmentally Disabled (ICF/ID).

- The Comprehensive Waiver for persons with developmental disabilities, which began in FY 1989, is the only Medicaid Waiver which provides for residential services. The Division of DD uses General Revenue (GR) funds to match Federal funds to pay for residential and support services through MO HealthNet. This waiver supports individuals in all settings such as group homes, supported living, and natural homes. 8,342 individuals were served through the Comprehensive Waiver during FY 2015 of which, 7,012 received residential services. The remaining 1,330 lived on their own or with family. Until other waivers were available, this waiver served all eligible individuals. Currently, only individuals deemed in crisis need for residential services are enrolled in this waiver.

**1. What does this program do? (Continued)**

- The Community Support Waiver which began in July 2003, serves individuals who do not require residential placement outside of their natural home. This waiver provides a wide range of supports for individuals. The total cost of waiver services required to meet the person's needs must not exceed \$28,000 annually except in special circumstances. All individuals coming off the Division's wait list who require a higher level of support, but do not need residential, are assigned to the Community Support Waiver. On June 30, 2015, 1,901 individuals were enrolled.
- The Autism Waiver was approved July 1, 2009 as an option for families seeking services for children with autism. This waiver includes assessment, behavior and parent support services for children up to 19 years of age. As of June 30, 2015, 140 individuals were enrolled.
- The MOCDD (Lopez) Waiver is a MO HealthNet waiver operated by the Division which targets children under the age of 18 with special needs. MO HealthNet guidelines require parental income and resources to be considered in determining the child's financial eligibility for MO HealthNet when the child lives in the home with the parents. This requirement, called deeming parental income to the child, is waived for children who participate in the Lopez Waiver. As a result, only income and resources that are specific to the child are considered when determining financial eligibility for this waiver. As of June 30, 2015, 319 individuals were enrolled.
- The Partnership for Hope (PfH) Waiver is a county-based waiver approved in October 2010. State match costs are split 50/50 with the county in which the individual resides. Services are available only in counties with a Senate Bill 40 Board (SB40) and who have agreed to participate in this waiver. PfH serves over 2,500 individuals. The total cost of waiver services per individual must not exceed \$12,000 annually.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**3. Are there federal matching requirements? If yes, please explain.**

The Division of DD provides the state share of the cost of services that it provides to eligible consumers.

**4. Is this a federally mandated program? If yes, please explain.**

### 1. What does this program do?

The Division of Developmental Disabilities operates a residential program that provides for round-the-clock support and oversight to individuals who cannot be supported in their own home or with family members. This program is operated through a network of contracted and state-operated providers. Supports are provided in various settings which include congregate group homes, apartments, supported living (ISL) and Intermediate Care Facilities for Intellectual Disabilities (ICF/ID) with the goal of integrating each individual into their local community as much as possible. These services are funded through the Comprehensive Medicaid Waiver for group homes and ISLs and through Medicaid State Plan for ICF/ID. Resident's income and benefits are used to offset the cost of room and board expenses which are not billable to Medicaid.

Currently, only new individuals deemed in crisis need for residential services are enrolled in this program. To be eligible for Medicaid Waiver, an individual must be Medicaid eligible and be certified as needing ICF/ID level of care based on an assessment. The Division maintains a residential waiting list of individuals who have requested this level of service. Each individual is scored based on a priority of need (PON) assessment which ranks them on the wait list. Each fiscal year, based on new funding appropriated, the Division begins working with individuals assessed with the highest need first. Priority for residential placement also includes individuals transitioning from nursing homes or ICF/ID facilities.

The funding for this program includes state match and federal authority to draw down federal match.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

### 1. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division of DD services is assigned a support coordinator who is responsible for that person's service plan. The support coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the support coordinator is responsible for arranging those services and monitoring their delivery. The support coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. DD regional offices employ 192 support coordinators and 22 supervisors. In FY 2015, there are 102 counties with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving over 60% of the individuals eligible for Division of DD services.

An effective, well trained support coordinator is the crucial link between the consumer and family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, ISL budgets and other paperwork, the support coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with Department of Mental Health guidelines and regulations.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with Division of DD.

**3. Are there federal matching requirements? If yes, please explain.**

DD is reimbursed the federal share of the cost of support coordination provided by regional offices to eligible consumers. DD pays the state match from Medicaid appropriations for support coordination provided by county and private agencies. MO HealthNet requires that the state share costs be funded with state funds or local public funding.

**4. Is this a federally mandated program? If yes, please explain.**

No.

The Division of Developmental Disabilities (DD) began working with the provider community in 2009 to develop strategies to address the issue of rate inequities between providers and historically low rates. The rate rebasing system was developed to address this issue. Rate rebasing sets a standard end-goal rate per individual based on an assessment of that individual's needs. Funding in the amount of \$23.3 million (\$8.9 million General Revenue) was received in FY 2014 and was used to increase the lowest rates.

The Division of DD has estimated the total FY 2016 cost to fund the standard rates for all residential consumers to be \$84.9 million in General Revenue. This decision item included in the FY 2017 Governor's Recommendation, along with the rate rebasing funding included in the Tax Amnesty Fund Replacement decision item, will allow the lowest residential rates to be raised to 68% of the end-goal rate. Funding will also be directed to increase historically low personal care rates and day habilitation rates. This funding, combined with funding from the Tax Amnesty Fund Replacement decision item, will increase rates for over 3,100 individuals in residential services, plus, over 2,700 rates will be increased for individuals receiving day habilitation and personal care services.

### 1. What does this program do?

The Division of Developmental Disabilities (DD) provides specialized services for individuals and their families diagnosed with disorders that fall under the Autism spectrum. These services are provided through local parent advisory committees (PACs), Medicaid Waiver funding through the Autism Waiver and through specialized diagnostic clinics.

Autism is a lifelong developmental disability that typically appears during the first three years of life. Autism and autistic-like symptoms are the results of a neurological disorder that affects brain functioning which interferes with communication, learning, behavior and social development. Classified as a spectrum, autism is a collection of behavioral symptoms that may have more than one cause. The Centers for Disease Control and Prevention (2014) report that the prevalence of autism and autism spectrum disorders is estimated to occur in as many as 1 in 68 individuals.

There are 5 regional PACs that serve Missouri: Southeast, Southwest, Central, Northwest and East. Each of these local advisory groups formulate policy regarding the allocation of general revenue funds for their region. These funds provide individual intervention services as well as parent training. The Autism Waiver is one of 5 Medicaid Waivers administered by the Division of DD and provides support services for Medicaid eligible individuals who qualify. The diagnostic clinics provide diagnosis and referral for individuals who present for an evaluation as well as research on Autism.

There are approximately 11,000 individuals with an autism diagnosis who are enrolled with the Division of DD. In total, nearly \$160 million is being spent on supports for consumers with an autism diagnosis.

In FY 2008, additional funds were appropriated to address diagnostic waiting lists at three hospitals (Cardinal Glennon, Children's Mercy, and University of Missouri, which are referred to as Missouri's Autism Centers) and to fund an intensive treatment pilot program in Joplin. Funding was also added to the existing five Missouri Autism Projects (MAP) to address waiting lists. In FY 2009, additional funds were appropriated to address diagnostic wait lists and services at the Southeast Missouri State Diagnostic and Treatment Center. Funds were also appropriated for the on-going day treatment program in Joplin, and a similar program in Springfield. In FY 2009, funds were appropriated for expansion of the Mid-Missouri Autism Rapid Response Initiative, a program designed to provide families with timely, core, credible information when their child is diagnosed with autism. In FY 2012, FY 2013, and FY 2014, additional funds were appropriated to the five MAP projects to address waiting lists. In FY 2015, an additional one million dollars was appropriated to increase funding to the five Missouri Autism Projects, and the Washington University Autism Clinic was appropriated \$300,000 to address diagnostic wait lists.

## **2. CORE DESCRIPTION**

Tuberous sclerosis complex (TSC) is a genetic disorder that involves growth of tumors or other abnormalities in multiple organs of the body, including the brain, skin, eye, heart, lungs, and kidneys. This disease can have many different presentations and symptoms, but most commonly TSC afflicts infants and children with developmental delay, intellectual disability, autism, and intractable seizures. As a result, many people with TSC and their families are left dealing with life-long neurological disabilities. Although TSC is not widely recognized by the general public and receives relatively limited clinical resources, TSC has a similar prevalence as the better-known neurological disease, Duchenne's muscular dystrophy, and is more common than ALS (Lou Gehrig's disease). Thus, there is a great need to develop ways to help improve the lives of this significant population of patients through better clinical care and research.

Funding in the amount of \$250,000 was appropriated in FY 2016 to allow the Department to contract with Washington University for on-going research and treatment of tuberous sclerosis.

**2. CORE DESCRIPTION**

The Division of Developmental Disabilities (DD) assures that every consumer eligible for DD services is assigned a service coordinator who is responsible for that person's service plan. The service coordinator works with the consumer's family, interested parties, and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the service coordinator is responsible for arranging those services and monitoring their delivery. The service coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. DD Regional Offices employ 192 service coordinators and an additional 22 service coordination supervisors. An effective, well trained service coordinator is the crucial link between the consumer and the family and the DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, ISL budgets, and other paperwork, the service coordinator ensures that services are available and delivered to the satisfaction of the consumer or the family, and in accordance with the Department of Mental Health (DMH) guidelines and regulations.

The Community Support Staff house bill section contains funding for DMH service coordinators as well as Targeted Case Management (TCM) support positions. This funding is allocated to the appropriate regional offices.

### **NOTES:**

- (1) Lapse amounts for Federal funds occurred as a result of lower collections to support funding authority.
- (2) In FY 2015 budget, funds for regional office non-service coordinator staff were reallocated from Community Support Staff to the appropriate regional office. As a result, Community Support Staff house bill section now consists of funding for only DMH service coordinators and Targeted Case Management (TCM) support positions.
- (3) Lapse amounts for Federal funds occurred as a result of lower collections to support funding authority. Federal lapse amount in FY 2015 is also related to administrative consolidation at regional offices. Several positions were left vacant for an extended period of time during the layoff process, thus resulting in lower expenditures. These positions have since been filled.
- (4) FY 2016 includes a core reallocation in the amount of \$104,832 - 3.00 FTE.

### 1. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division of DD services is assigned a support coordinator who is responsible for that person's service plan. The support coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the support coordinator is responsible for arranging those services and monitoring their delivery. The support coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. DD regional offices employ 192 support coordinators and 22 supervisors. In FY 2016, there are 103 counties, plus the City of St. Louis, with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving over 60% of the individuals eligible for Division of DD services.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with Division of DD.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 633.100 through 633.160

### 3. Are there federal matching requirements? If yes, please explain.

DD is reimbursed the federal share of the cost of support coordination provided by regional offices to eligible consumers. DD pays the state match from Medicaid appropriations for support coordination provided by county and private agencies. MO HealthNet requires that the state share costs be funded with state funds or local public funding.

### 4. Is this a federally mandated program? If yes, please explain.

No.

## 2. CORE DESCRIPTION

Senate Bill 1081, signed into law on June 25, 2008, allows the state to implement a provider assessment on all Intermediate Care Facilities for the Intellectually Disabled (ICF/ID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/ID facilities. The Division of DD projects the ICF/ID provider assessment on state operated facilities will generate approximately \$2.6 million annually.

This core item is an appropriated transfer section to transfer approximately \$2.6 million from the ICF/ID Reimbursement Allowance Fund to General Revenue. This core also allows for the transfer of approximately \$4.3 million from the ICF/ID Reimbursement Allowance Fund to DMH Federal funds to allow for the use of Federal funds generated by the state operated ICF/IDs to support the Federal authority and FTEs redirected from the Regional Offices in FY 2009 to Community Support Staff.

## 2. CORE DESCRIPTION

This item requests funding for five regional offices and six satellite offices within the Division of Developmental Disabilities (DD). These offices are the point of entry for all persons with developmental disabilities in the state, as client access to the Department of Mental Health (DMH) system is facilitated through these regional offices. Regional offices are located in Kansas City, Springfield, Sikeston, St. Louis and Columbia, while satellite offices are located in Albany, Kirksville, Hannibal, Poplar Bluff, Joplin and Rolla. Each office, which services anywhere from three to fifteen counties, provides or contracts for case management services, develops new service providers, establishes contracts for services, develops consumer service plans, and provides quality assurance and oversight of the service delivery system.

Regional office core appropriations include funding for expense and equipment and personal services for administrative staff, behavior resource teams, provider relations teams, quality assurance staff, as well as for DD Community Worker I-II, DD Community Specialist and DD Community Program Coordinator positions which function as services and supports resource teams in the regional offices. Funding for DMH case managers and other Targeted Case Management (TCM) staff is appropriated in the Community Support Staff house bill section and is allocated to the appropriate regional office.

Reverted includes the statutory three-percent reserve amount (when applicable).

### NOTES:

- (1) Federal lapse amounts occur as a result of lower Federal collections to support funding authority.
- (2) Federal lapse amount in FY 2015 is related to administrative consolidation at regional offices. Several positions were left vacant for an extended period of time during the layoff process, thus resulting in lower expenditures. These positions have since been filled.
- (3) In FY 2014, FY 2015 and FY 2016, reductions in the appropriated amount are due to the regional office administrative consolidation.
- (4) In FY 2015 budget, funds for regional office non-service coordinator staff were reallocated from Community Support Staff to the appropriate regional office. As a result, Community Support Staff house bill section now consists of funding for only DMH service coordinators as well as other TCM staff.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>									
<b>Program Name: DD Regional Offices</b>									
<b>Program is found in the following core budget(s): DD Regional Offices, Community Support Staff</b>									
	<b>Regional Offices</b>								<b>TOTAL</b>
<b>GR</b>	14,972,303								14,972,303
<b>FEDERAL</b>	4,042,394								4,042,394
<b>OTHER</b>									0
<b>TOTAL</b>	19,014,697		0	0	0	0	0	0	19,014,697

### 1. What does this program do?

The Division of Developmental Disabilities (DD) is required to identify, assess, determine eligibility, and enroll individuals with developmental disabilities who present to the Division of DD system. In FY 2015 budget, administrative functions at regional offices were consolidated. As a result, the Division currently operates five regional offices (Columbia, Kansas City, Sikeston, Springfield, and St. Louis), along with six satellite offices (Albany, Hannibal, Joplin, Kirksville, Poplar Bluff and Rolla).

The regional offices perform intake activities, which help to determine if the individual is eligible for services. This initial eligibility determination must be completed within thirty days of the application for service. After an individual is found eligible, a service coordinator is assigned to the individual (see DD Service Coordination Program Description). The regional office then, in partnership with the individual and family, works to identify the services or supports which are needed. These services and supports are documented in a person-centered plan. The plan describes what is needed, how the service/support will be obtained and delivered, and the method by which the effectiveness of the service or support will be measured. When developing and implementing individual plans, the regional office staff strives to meet individual's needs in the least restrictive environment possible, typically in or near the individual's home.

Regional offices also develop and support the contract providers who deliver the majority of services in an individual's plan. The offices must continually develop new contracts, train providers, and monitor the services provided. Regional offices pre-authorize all services purchased, and are the entry point for all services billed to Division of DD.

Regional office budgets contain funding to support all regional office staff excluding support coordination. Regional Office staff include business office, behavior resource, provider relations, quality assurance, nursing oversight, intake and assessment, utilization review, TCM technical assistance, community living and inquiry coordination and self-directed support. Funding for support coordinators remains in the Community Support Staff house bill section. Such Community Support Staff funding is allocated to the appropriate regional office. Funding for county and not for profit support coordination is in the Community Programs house bill section.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 633.100 through 633.160.

### 3. Are there federal matching requirements? If yes, please explain.

Division of DD is reimbursed the federal share of the cost of case management to MO HealthNet eligible consumers. MO HealthNet requires that the regional offices cover the state share with state funds. The Division also bills Medicaid Administration for qualifying staff and is reimbursed 50% of actual cost.

## PROGRAM DESCRIPTION

**Department:** Mental Health  
**Program Name:** DD Regional Offices  
**Program is found in the following core budget(s):** DD Regional Offices, Community Support Staff

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: A total of \$449,171 is included in FY 2016 Governor's reserve. This amount is therefore excluded from FY 2016 planned expenditures reflected above. Several positions were left vacant for an extended period of time during the layoff process, thus resulting in lower FY15 expenditures. These positions have since been filled.

6. What are the sources of the "Other " funds?

2. CORE DESCRIPTION									
<p>The Division of Developmental Disabilities (DD) operates habilitation centers providing Intermediate Care Facility for the Intellectually Disabled (ICF/ID) services. As a part of the services system for persons with developmental disabilities, the habilitation centers (Bellefontaine, Higginsville, Marshall, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services) continue to provide ICF/ID level of care in a structured environment for 384 consumers on their campuses. The primary mission of these facilities is to provide active treatment and habilitation in an ICF/ID residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. The Division also operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 211 persons. State-operated ISL's and group homes in the community have been used to effectively transition individuals from the facility to community settings. Habilitation centers also provide statewide crisis beds to help support individuals in need of short term crisis/evaluation services. Most individuals accessing crisis beds have a length of stay of 30-60 days.</p>

## **NOTES:**

- (1) Federal lapse amounts occur as a result of lower Federal collections to support funding authority.
- (2) Habilitation center appropriations in the amount of \$7,517,787 were used for community services in FY 2013 for consumers who transitioned from habilitation centers as a result of losing the "E" on the estimated Community Program PSD appropriation. Actual expenditures for State Operated Services in FY 2013 excluding the \$7.5M were \$73,464,174.
- (3) Habilitation center appropriations in the amount of \$377,401 were used for community services in FY 2014 for consumers who transitioned from habilitation centers. Actual expenditures for State Operated Services in FY 2014 excluding the \$377,401 were \$74,158,462.
- (4) Habilitation center appropriations in the amount of \$249,276 were used for community services in FY 2015 for consumers who transitioned from habilitation centers. Actual expenditures for State Operated Services in FY 2015 excluding the \$249,276 were \$76,053,013.

### 1. What does this program do?

As a part of the services system for persons with disabilities, the Division of Developmental Disabilities (DD) operates state-owned facilities (Bellefontaine, Higginsville, Marshall, St. Louis Developmental Disabilities Treatment Center, and Southeast Missouri Residential Services). These facilities provide an ICF/ID level of care in a structured environment for 384 consumers on their campuses. The primary mission of these facilities is to provide active treatment and habilitation in an ICF/ID residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. In addition, the Division of DD operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 211 persons through Northwest Community Services, Southwest Community Services and Southeast Missouri Residential Services.

Consumers served by these facilities are diagnosed with developmental disabilities ranging from mild to severe, with the majority being in the severe/profound range. To be eligible for ICF/ID services or MO Health Net Waiver services, an individual must meet the Division of DD's definition of having a developmental disability as set forth in 630.005 RSMo, and meet Division of DD criteria of requiring placement in a state operated facility or community residential services. ICF/ID services and MO HealthNet Waiver services also serve individuals with developmental disabilities who are medically fragile and require constant medical oversight to address their complex medical needs.

State operated campuses providing inpatient residential services are certified under Title XIX Intermediate Care Facilities for the Developmentally Disabled (ICF/ID) and receive federal reimbursement for eligible residents. Costs for the clients living off-campus in their communities are also eligible for federal reimbursement under the Comprehensive Waiver program.

In the Fall 2013, the Mental Health Commission established the Northwest Habilitation Services Task Force. The Task Force was charged to review the Marshall and Higginsville facilities and recommend services that would best meet the needs of the individuals and optimize the use of all available resources. In August 2014, the Mental Health Commission approved the Task Force recommendations. As a result, the Division of DD is moving towards one habilitation center campus at Higginsville which will continue to be ICF/ID certified. Further, the Marshall off-campus waiver program and the Higginsville off-campus waiver program will become one entity, known as Northwest Community Services. To accomplish these program modifications, funds were reallocated and/or transferred in the FY 2016 budget request. The Division of DD will continue to need flexibility in FY 2017 between PS/EE and the facilities to implement the recommendations.

## GLOSSARY FUNDING SOURCES

**Abandoned Fund Account:** This fund collects moneys and other personal item dispositions and then transfers the cash to the Mental Health Trust Fund.

**Compulsive Gamblers Fund (CGF):** Section 313.842, RSMo., authorized a fund to provide treatment services for compulsive gamblers and their families. The fund is supported through the collection of one cent of the admission charge from gambling boats as provided in RSMo. 313.820. This fund receives its revenue by way of a cash transfer from the Gaming Commission Fund.

**Developmental Disabilities Waiting List Trust Fund (DDWLTF):** HB 631, 96th General Assembly, first regular session, allows the Division of Developmental Disabilities to receive monies designated on individual or corporation tax refund forms to serve individuals on the DD waiting list. The legislation also established a new fund in the state treasury to receive these funds. Proceeds collected as a result of the tax refund forms shall be deposited into the new fund.

**Federal (FED):** Authority is appropriated to accept funds coming to the Department from federal grant sources or Medicaid earnings.

**General Revenue (GR):** Missouri State revenues.

**Habilitation Center Room and Board Fund (HCRB):** This fund is for the receipt of room and board charges for residents of state habilitation centers.

**Healthy Family Trust Fund (HFT):** This is a State fund supported from tobacco funding awarded to the State of Missouri.

**Health Initiatives Fund (HIF):** This is a State fund established through the Griffin Health Care Access Bill which receives new revenues from cigarette tax.

**ICF/IR Transfer Fund (ICF-IR):** SB 1081, 94<sup>th</sup> General Assembly provides for the transfer of assessment revenues from providing services of intermediate care facilities.

**Inmate Revolving Fund (IRF):** The Inmate Revolving Fund was established in accordance with RSMo. 217.430. The sources of revenue for the fund are reimbursements from offenders participating in work release, electronic monitoring, and residential treatment facility programs and, per RSMo. 217.690, from the payment of a fee, not to exceed sixty dollars per month, from every offender placed under board supervision on probation, parole, or conditional release. Per RSMo. 217.430, the funds shall be used as provided by appropriation, to support offenders in education programs, drug treatment programs, residential treatment facilities, other community-based sanctions, electronic monitoring, or in work or educational release programs. RSMo. 217.690 further states that funds may be used for the costs of contracted collections services as well as to provide community corrections and intervention services for offenders. Such services include substance use disorder assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the board to assist offenders to successfully complete probation, parole, or conditional release.

## GLOSSARY FUNDING SOURCES

**Inmate Revolving Fund (IRF) (Continued):** The Department of Corrections currently charges a fee of \$30 per offender under community supervision but may waive all or part of that fee based on factors such as disability or inability to pay. DOC agreed on the \$30 fee with the bill's sponsors when the intervention fee went into effect, but they allowed for the possibility of raising the fee in the future. The Department of Mental Health/Division of Alcohol & Drug Abuse, in conjunction with the Department of Corrections, utilizes a portion of these fees for the following programs: Community Partnerships for Restoration (CPR), Treatment Resources Encouraging New Directions (TREND) and Southeast Missouri Treatment program (SEMO). The first two programs, CPR and TREND provide assessment, case management, substance use disorder treatment and employment placement for high risk offenders. The third program SEMO, provides substance use disorder counseling for high risk probationers who otherwise would be unable to afford the treatment. All three of these programs are important components of the Department's efforts to reduce recidivism.

**Inter-Governmental Transfer Fund (IGT):** This fund is only used when the Department makes an Upper Payment Limit (UPL) claim on the state-operated ICF/MR habilitation centers to draw down additional federal funds for the State. The UPL is a method of calculating a supplemental federal payment in the Medicaid program based on Medicare cost principles.

**Mental Health Earnings Fund (MHEF):** There are several sources of cash deposited to this fund. One source is from the ADA Counselor Certification Board and another is the Substance Abuse & Traffic Offenders Program (SATOP). These are basically self-funded programs where expenditures are limited to the amount of revenues brought into the fund. Other sources include enterprise operations where the Department is reimbursed by private entities for activities such as food service or Mental Health First Aid USA.

**Mental Health Interagency Payments Fund (MHIPF):** This fund provides the mechanism for cooperative agreements between various agencies and the authority to accept funding from another state agency or DMH facility as a result of providing a service to that agency. Appropriations from this fund are considered a "double appropriation" in the statewide budget. An example of interagency payments would include agreements with the Children's Division to provide residential care and recovery for youth who require DMH services.

**Mental Health Trust Fund (MHTF):** This is an appropriation account established by the legislature that allows individuals or organizations to contribute to the Department for clients or programs. Section 630.330 RSMo. creates this fund and authorizes the Department to take, receive, administer and hold in trust grants, gifts, donations, moneys escheated under section 630.320, devises or bequests of money or other personal property and funds from the sales of the facilities' commissaries or canteens. The fund has been used to carry out the objects for which the grants, gifts, donations, bequests, etc. were made or for purposes of funding special projects or purchasing special equipment.

**Mental Health Local Tax Match Fund (MHLTMF):** Authority has been appropriated to maximize local tax funds contributed to pay the State's share for Medicaid-reimbursable services (mill tax, children's tax).
