

## Single Feasible Source Purchase

Title: Satellite Internet Services

Description: The Office of Administration, Information Technology Services Division requires the continuation of support for satellite service provided by ODN, Inc. for existing state of Missouri applications. ODN Inc. has developed and provides specific satellite communications applications with related equipment and support services. ODN Inc. is the only organization that can provide the existing service and support. As a result, this represents a proprietary requirement that meets the criteria as a single feasible source under RSMo 34.044, and the State is pursuing this continuation as a Single Feasible Source.

Contract Period: October 2, 2013 through October 1, 2014

Renewal
