

Single Feasible Source Purchase

Title: Foodservice Suite Maintenance/Support

Description: The Office of Administration, Information Technology Services Division (OA-ITSD) and the Department of Mental Health under C213077001 currently has ongoing maintenance and support for Foodservice Suite from the CBORD Group, which was acquired via a single feasible source procurement. OA-ITSD needs to add additional licenses and since CBORD is the sole proprietor for the additional licenses and the associated software maintenance, this represents a sole proprietary source requirement that meets the criteria as a single feasible source under RSMo 34.044. Therefore, the state is pursuing this acquisition as a Single Feasible Source.
