

## Single Feasible Source Purchase

Title: Lysosomal Storage Disorder (LSD) Reagent Rental

Description: The Missouri Department of Health and Senior Services, State Public Health Laboratory desires to obtain microfluidic-based and microplate-based testing systems via a bailment/rental agreement, as well as purchase reagents and kits for these systems. A single feasible source contract with Baebies, Inc. is requested since they are the sole manufacturer, sole distributor and sole supplier of the digital microfluidics and microplate-based technologies used by the Baebies LSD screening systems including the testing equipment, reagents, standards, methods, training and support service for lysosomal storage disorder screening of newborns. Baebies, Inc. does not sell through dealers or distributors.

Contract Period: October 24, 2015 through October 23, 2016

Renewal Options: Two (2)

Agency: Missouri Department of Health and Senior Services, State Public Health Laboratory

Supplier: Baebies, Inc.
