In addition, the Board must obtain legislative authority for the projects funded by the bonds. The following summarizes this authority:

If the Board shall elect to call any of said bonds numbered 289 to 1,000, inclusive, prior to the maturity thereof, the Board shall publish once in a financial journal published in the City of New York, New York, a notice of the intention of the Board to call and pay said bonds, the same being described by number, said notice to be published not less than thirty (30) days prior to the date on which said bonds are called for payment. Required Accounts

1. Construction Fund - All proceeds derived from the sale of the Series 1966 Bonds (except premium) shall be deposited into this fund. Immediately after such deposit, the Board shall withdraw from the Construction Fund and credit to the Principal and Interest Account, an amount equal to the amount of interest that will accrue on the revenue bonds prior to the estimated date on which the project will be completed and ready for use and occupancy, and if for any reason the amount thus transferred in the first instance shall be insufficient to pay all such interest accruing on said bonds prior to the date on which the project is completed and ready for use and occupancy, additional transfers shall be made from the time to time in an amount equal to the deficiency. The funds so credited to said Principal and Interest Account shall be used solely to pay the interest becoming due on the revenue bonds herein authorized prior to the date on which the project will be completed and ready for use and occupancy. The balance of the fund shall be used to pay for the cost of the project. When the project has been completed the balance shall be transferred to the Principal and Interest Account.
2. State Office Building Revenue Bond Fund - All income and revenue derived from the use and occupancy shall be deposited into this fund. The funds shall pay for the reasonable costs of operating and maintaining the project.
3. These amounts shall be used for the sole purpose of paying, when due, the interest and principal of the bonds.
4. Bond Reserve Account - There shall be credited semi-annually on the 15th of January and July (beginning not later than six months after the project is ready for use and occupancy) from the State Office Building Revenue Bond Fund the sum of \$15,000 until the account shall aggregate the principal amount of \$120,000 after which the payments shall be resumed as necessary to maintain such an aggregate amount. These amounts shall be used solely to prevent any default in payment of the interest and principal of the bonds.
5. Depreciation and Replacement Account - There shall be credited semi-annually on the 15th of January and July (beginning not later than six months after the project is ready for use and occupancy) from the State Office Building Revenue Bond Fund the sum of \$15,000 until the amount shall aggregate the principal amount of \$120,000 after which such payments shall be resumed as necessary to maintain such an amount. This amount shall be used, if no other funds are available, solely for the purpose of paying the expenses of operating and maintaining the project and making repairs and replacements. Required Accounts

1. Construction Fund - All proceeds derived from the sale of the Series A 1978 Bonds (except all accrued interest and premium) shall be deposited into this fund. Immediately after such deposit, the Board shall withdraw from the Construction Fund and credit to the Principal and Interest Account, an amount which, when added to the amount on deposit in said Account from any accrued interest and premium on the bonds, shall equal the amount of interest that will accrue on the bonds through January 1, 1981. The balance of the fund shall be used to pay the cost of the project. When the project has been completed the balance shall be transferred to the Principal and Interest Account.
2. Enterprise Fund - All income and revenues derived from the use and occupancy of the project or any other available moneys will be credited to the Enterprise Fund. The funds shall pay for the reasonable cost of operating and maintaining the project.
3. Principal and Interest Account - There shall be credited annually on July 20 (beginning in 1980) from the Enterprise Fund the amount required to pay the interest becoming due on the Series A 1978 Bonds on the next succeeding first days of January and July in that year and the amount required to pay the principal amount on the bonds becoming due on the next succeeding bond maturity date. These amounts shall be used for the sole purpose of paying, when due, the interest and principal of the bonds.
4. Bond Reserve Account - There shall be credited annually on July 20 (beginning in 1980) from the Enterprise Fund the sum of \$250,000 until the account shall aggregate the principal amount of \$1,250,000, after which the payments shall be resumed as necessary to maintain such an aggregate amount. These amounts shall be used solely to prevent any default in payment of the interest and principal of the bonds. Moneys in the account shall be used to pay and retire the last outstanding Series A 1978 Bonds (including interest and redemption premium) unless they could be otherwise paid.
5. Depreciation and Replacement Account - There shall be credited annually on July 20 (beginning in 1985) from the Enterprise Fund the sum of \$30,000 until the account shall aggregate the principal amount of \$150,000, after which such payments shall be resumed as necessary to maintain such an aggregate amount. These amounts shall be used, if no other funds are available, solely for the purpose of paying the expenses of operating and maintaining the project and making repairs and replacements. Moneys shall not be used to extend or enlarge the project.
6. Operating Reserve Account - This account was created by a resolution of the Board on June 28, 1984 in the amount of \$150,000. These moneys are to be used, if no other funds are available, for the purpose of paying expenses of operating and maintaining the project.

SERIES A 1991 REFUNDING

Required Accounts

1. Construction Fund - This fund shall consist of separate construction accounts to be designated by the Board for each project which has not been completed as of December 4, 1991. Moneys in this fund shall be used to pay the costs of acquiring, constructing, equipping and furnishing each respective uncompleted project. When a project is completed, any moneys or investments in the construction account for that project shall be transferred from the Construction Fund and credited to the Principal and Interest Fund.
2. Enterprise Fund - All income and revenues derived from the use and occupancy of each project and any other available moneys will be credited to the Enterprise Fund. The moneys shall be used to pay the reasonable cost of operating and maintaining each project. This fund may consist of separate accounts to be designated by the Board for each project.
3. Principal and Interest Fund - There shall be credited annually on or before July 20th (beginning in 1992) from the Enterprise Fund the amount required to pay the interest and principal becoming due on the Series A 1991 Refunding Bonds on the next succeeding interest and principal payment dates in each fiscal year. These amounts shall be for the sole purpose of paying, when due, the interest on and principal of the bonds. This fund may consist of separate accounts to be designated by the Board for each project.
4. Bond Reserve Fund - Moneys on deposit in the respective Bond Reserve Accounts of the Outstanding Bonds (Series A 1985; A 1988; B 1988 and C 1988) shall be transferred to and deposited in the Bond Reserve Fund. Moneys on deposit in respective Bond Reserve Accounts for the Outstanding Bonds in excess of \$100,000 shall be transferred to the General Revenue Fund of the state. All amounts credited to the Bond Reserve Fund shall be expended solely to prevent any default in the payment of the interest on or principal of the bonds if the moneys in the Principal and Interest Fund are insufficient. Moneys in the fund shall be used to pay and retire the last outstanding bonds, including interest and redemption premium, if any, unless such bonds could be otherwise paid. If the Board is compelled to use and expend any part of the Bond Reserve Fund and reduce its balance below the \$100,000 requirement, the Board will pay from the Enterprise Fund the amount necessary so the Bond Reserve Fund aggregates the sum of \$100,000.
5. Depreciation, Replacement and Operating Reserve Fund - The sum of \$7,000,000 shall be transferred to the Depreciation, Replacement and Operating Reserve Fund from moneys on deposit in the respective accounts for the Outstanding Bonds (Series A 1985; A 1988; B 1988 and C 1988). All moneys on deposit in the respective Depreciation, Replacement and Operating Reserve accounts in excess of \$7,000,000 shall be transferred to the General Revenue Fund of the State. All amounts credited to the Depreciation, Replacement and Operating Reserve Fund shall be expended solely for the purpose of paying the expenses of operating and maintaining the projects and making repairs and replacements necessary to keep the projects in operation. If the Board is compelled to use and expend any part of the Depreciation, Replacement and Operating Reserve Fund and reduce the amount of the fund below \$7,000,000, the Board will pay from the Enterprise Fund \$1,000,000 each year until the fund aggregates the sum of \$7,000,000.
6. Escrow Fund - The proceeds received from the sale of the bonds less the amount required to be deposited into the Principal and Interest Fund shall be deposited into the Escrow Fund. This fund shall be maintained and administered by the Escrow Agent. Moneys in the Escrow Fund shall be applied solely to the payment of the principal, redemption premium, and interest on the Refunded Bonds (Series A 1985; A 1988; B 1988 and C 1988) in accordance with the provisions of the Escrow Trust Agreement.
