

MISSOURI

COMPREHENSIVE ANNUAL FINANCIAL REPORT
FOR THE FISCAL YEAR ENDED JUNE 30, 2004

On the Cover:

The Missouri quarter was issued during August 2003, the fourth of five quarters issued during calendar year 2003. The quarter depicts Lewis and Clark's historic return to St. Louis down the Missouri River, with the Jefferson National Expansion Memorial (Gateway Arch) in the background. The quarter is inscribed "Corps of Discovery 1804-2004."

Jack Dothage
Interim Director
Division of Accounting

December 8, 2004

The Honorable Bob Holden
The Honorable Members of the Legislature
Citizens of the State of Missouri

In accordance with generally accepted accounting principles, I submit to you the Comprehensive Annual Financial Report of the State of Missouri for the fiscal year ended June 30, 2004. This report was prepared by the Office of Administration, Division of Accounting, whose management is responsible for its contents.

The report is prepared to show the financial position and operating results of the State. The State's internal accounting controls provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposal and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the resulting benefit. We believe the data presented is accurate in all material respects and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial activities have been included.

An annual audit of the basic financial statements is completed each year by the State of Missouri Auditor's Office. The State Auditor conducts the audit in accordance with generally accepted government auditing standards, and her opinion has been included in this report. The State Auditor conducts a "Single Audit" of all federal funds in accordance with the Federal Single Audit Act of 1984, and the U.S. Office of Management and Budget Circular A-133, "Audit of State and Local Governments and Non-Profit Organizations."

The State's financial statements have been prepared using the financial reporting model set forth by the Governmental Accounting Standards Board Statement No. 34. This is explained further in the *Management's Discussion and Analysis (MD&A)* section of this report. Other necessary disclosures are included in the *Notes to the Financial Statements*.

This report includes funds of various departments, agencies, and other organizational units for which the State is financially accountable. The various agencies, departments, boards, commissions, and accounts of the State that constitute the State's reporting entity are included in this report in accordance with criteria established by the Governmental Accounting Standards Board. Note 1 of the *Notes to the Financial Statements* provides a complete listing of the component units.

PROFILE OF THE GOVERNMENT

Missouri was organized as a territory in 1812 and was the second state (after Louisiana) of the Louisiana Purchase to be admitted to the Union. Statehood was granted on August 12, 1821, making Missouri the 24th state. The State encompasses 68,945 square miles.

The State operates under three branches of government: executive, legislative, and judicial. The executive branch consists of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, and Attorney General. The legislative branch consists of 34 members of the Senate, and 163 members of the House of Representatives. The judicial branch is a three-tier court system. The Supreme Court, the State's highest court, has statewide jurisdiction; a court of appeals that consists of districts established by the General Assembly; and a system of circuit courts that has original jurisdiction over all cases and matters, civil and criminal.

The State provides a range of services in the areas of agriculture, education, health and social services, transportation systems, public safety, law enforcement, judicial systems, economic development, conservation and natural resources, labor relations, and general administration.

The State operates on a legally adopted budget in order to ensure compliance with legal provisions embodied in the annual appropriated budget passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, supplemental amounts are requested during the next legislative session by the same process that original appropriations are requested. Budgetary control is maintained at the departmental level. Expenditures cannot exceed the appropriation amount at the individual appropriation level. Also, the Governor has the authority to reduce the allotments of appropriations in any fund if it appears that the revenue estimate will not be met. Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

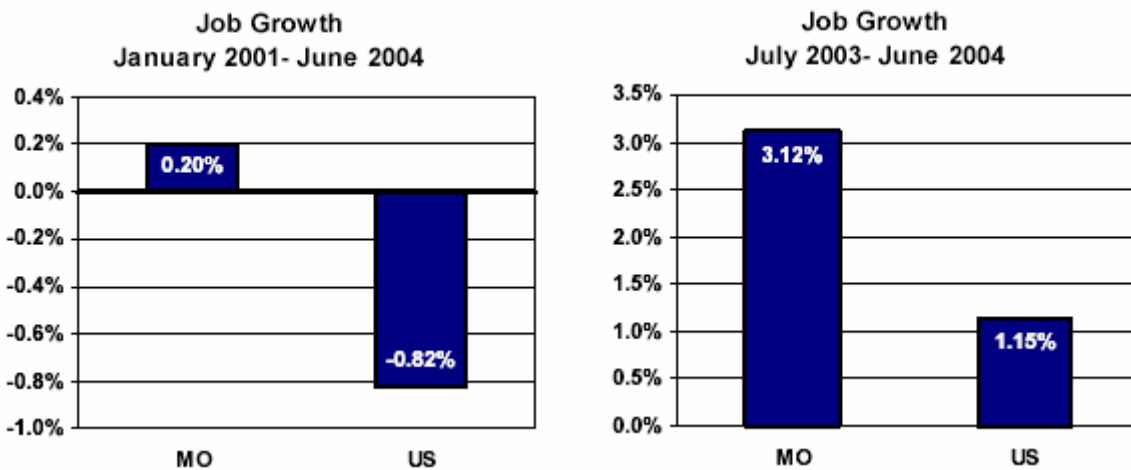

ECONOMIC CONDITION

Local Economy

Missouri's economy is both diverse and growing. Key economic activities of the State include manufacturing, extractive industries, and agricultural and food production. Missourians have strategic competencies and expertise in the following business sectors: manufacturing – lumber and wood products, paper products, greeting card publishing, and motor vehicles; extractive industries – lead mining, cement, paving and asphalt products, and lime and stone quarrying; agricultural and food production – agricultural chemicals, feed grains, cattle, hogs, pet foods, pasta products, poultry processing, and cereals.

Over the past year, Missouri's exports to other countries have increased substantially resulting in Missouri having the sixth highest export rate in the nation. Through the third quarter of 2004, the majority of exports were sold to Canada at approximately \$3 billion, however, substantial exports were also sold to Mexico – \$624 million, Japan – \$323 million, and China – \$283 million. Although diverse products are exported each year, those products with exceptionally high growth rates include minerals and ores, transportation equipment, agricultural products, and chemicals.

Along with Missouri's improving economy, the employment market has also been improving. Since July 2003, national employment has grown by 1.15%, while Missouri employment has grown by 3.12%. June of 2004 showed strong growth and moved Missouri's employment 5,600 jobs above the January 2001 level, the first time cumulative change from the beginning of 2001 has been positive. Missouri is one of only 19 states and the District of Columbia to have registered an increase in the number of jobs since the start of 2001.

Source: Missouri Economic Research and Information Center in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics

Missouri's unemployment rate has been below the U.S. rate, sometimes by a half point or more. The State's rate peaked at 5.8% between the periods of May 2003 to August 2003, and began to edge down after August. About 19,000 fewer Missourians are unemployed now than in June 2003, making the June 2004 unemployment rate 5.2%. The national unemployment rate for June 2004 was 5.6%.

Source: Missouri Economic Research and Information Center in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics

Additional evidence of an improving economy is supported by personal income statistics, which is a measure of income received from production, government or business, and government interest payments before taxes. Missouri's personal income rose by 2.5% in 2003 to total almost \$166 billion annually. The 2.5% increase is above the national average of 2.2%, and it is the 2nd highest increase compared to the 8 states bordering Missouri. Per capita personal income also increased during 2003 to an average of \$29,094 per year. The average national per capita personal income totaled \$31,459. Although Missouri's per capita income is below the national average, as of the 2nd quarter of 2004, Missourians live and work where the cost of living ranks 11th lowest in the nation.

Long-Term Financial Planning

Missouri funding priorities include education, health care, law enforcement, and economic development. In order to maintain adequate funding for those programs, streamlining the State government and reducing expenses have been emphasized. Cost savings have been achieved by reducing the number of state employees, restructuring debt, reducing procurement costs by consolidating the State's buying power, reducing the number of State owned vehicles, reducing Medicaid costs by implementing a prescription drug program, and reducing law enforcement expenses by closing inefficient prisons. Other cost reductions have been achieved through the use of new technologies and the Internet. In addition, some long-term construction and capital improvement projects have been postponed until future years.

Relevant Financial Policies

When increased efficiency and cost reductions have not been sufficient to fully fund Missouri's programs, budget gaps have been temporarily filled by one-time funding sources. The use of these non-recurring funds has increased from fiscal year 2003 to fiscal year 2004. Sources of non-recurring money included tobacco settlement payments, intergovernmental transfers, and federal fiscal relief from the Jobs and Growth Tax Relief Reconciliation Act of 2003.

The complexity of using non-recurring money to fund on-going state operations is growing since the cost of services, such as health care for Medicaid recipients and elementary and secondary education funding under the Foundation Formula, continue to grow without a corresponding growth in revenue. In future years, budget shortfalls will need to be addressed through either additional revenues (recurring or non-recurring) or significant cost reductions in the various state programs.

Major Initiatives

Balancing Missouri’s budget in fiscal year 2004 was achieved through sound financial management. At the beginning of the fiscal year, it was estimated that the State would see a slight decline in revenues, but it was later determined that revenue growth would be higher than expected. The higher than expected revenue growth, along with the federal moneys received pursuant to the Jobs and Growth Tax Relief Reconciliation Act of 2003, prevented significant cuts to education and health care for fiscal year 2004 through December of fiscal year 2005. Personal income trends indicate that Missouri can expect moderate growth during fiscal year 2005. In future years, Missouri will continue to focus on controlling the growth of mandatory programs through various cost-effective alternatives.

ACKNOWLEDGEMENTS

While the Office of Administration, Division of Accounting, is responsible for the contents of this report, no one division could do it alone. Many people were involved in the compilation of materials necessary to complete the report.

We want to issue a special thanks to all the personnel at the State agencies who provided us with information quickly and accurately so that we could issue the CAFR in a timely manner. We also owe thanks to the professionalism and dedication demonstrated by technical and management personnel within the State Auditor’s Office, the State Treasurer’s Office, Office of Administration, Division of Information Services, and the State Printing Center. We are greatly appreciative to all.

Sincerely,

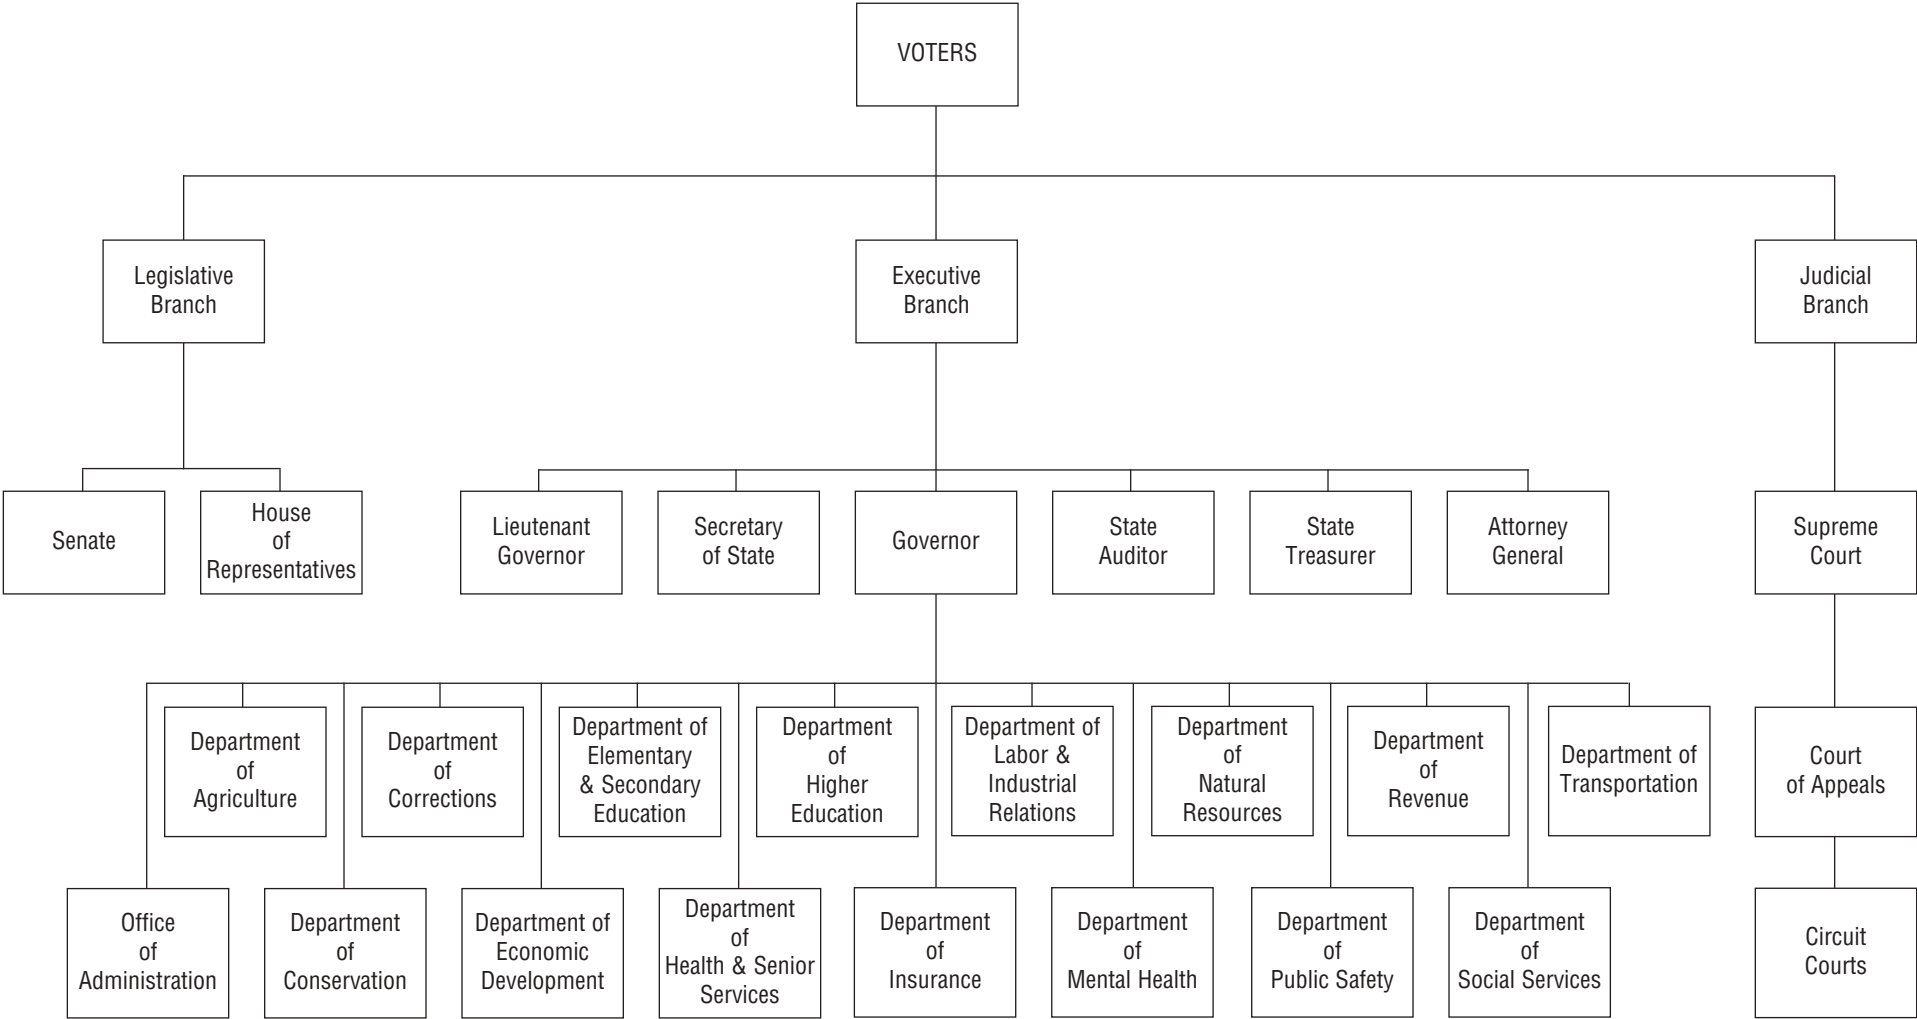

A handwritten signature in black ink that reads "Jack Dothage". The signature is written in a cursive style with a large, looping initial "J".

INDEPENDENT AUDITOR'S REPORT

Honorable Bob Holden, Governor
and
Members of the General Assembly

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of and for the year ended June 30, 2004, which collectively comprise the state's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the state's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Missouri Department of Transportation, the Consolidated Health Care Plan, the State Employees' Insurance Plan, the Transportation Employees' and Highway Patrol Insurance Plan, the Transportation Self-Insurance Plan, and the Conservation Employees' Insurance Plan which represents 79 percent and 12 percent of the assets and revenues, respectively, of the governmental activities. We did not audit the State Lottery and the Petroleum Storage Tank Insurance Fund, which represents 39 percent and 59 percent of the assets and revenues, respectively, of the business-type activities. We did not audit the component units. We did not audit the pension (and other employee benefit) trust funds and the Missouri Department of Transportation Local Fund, which represents 92 percent and 97 percent of the assets and additions, respectively, of the fiduciary funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to these amounts, are based on the reports of the other auditors.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

We were not allowed access to tax returns and related source documents for income taxes. Access was denied by the Director of Revenue based on her interpretation of the decision rendered by the Missouri Supreme Court in the case of Director of Revenue v. State Auditor 511 S.W.2d 779 (Mo. 1974). Approximately 26 percent of governmental activity revenues are from this source. We were unable to satisfy ourselves by appropriate audit tests or other means as to the income tax revenue beyond the amounts recorded.

In our opinion, based on our audit and the reports of other auditors, and except for the effects of such adjustments, if any, as might have been necessary had we been allowed access to tax returns and related source documents for income taxes, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of June 30, 2004, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 2, the state of Missouri implemented the Government Accounting Standards Board statement Number 40, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*.

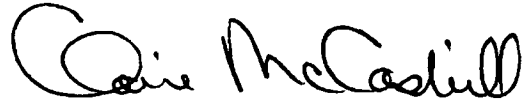

In accordance with *Government Auditing Standards*, our report on our consideration of the state of Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters is issued under separate cover in the Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and the budgetary comparison information as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by the accounting principles accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the state's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, and

except for the effects, if any, of the matter discussed in paragraph three, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The information in the introductory section and statistical section, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

A handwritten signature in black ink that reads "Claire McCaskill". The signature is written in a cursive, flowing style.

Claire McCaskill
State Auditor

December 8, 2004 (fieldwork completion date)

The Management's Discussion and Analysis provides a narrative overview and analysis of the financial activities of the State.

Management's Discussion and Analysis

The following is a discussion and analysis of the State of Missouri's (the State's) financial activities for the fiscal year ended June 30, 2004. Readers are encouraged to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal.

HIGHLIGHTS

Government-wide:

- Assets of the State's governmental activities exceeded liabilities by \$27.3 billion, a decrease in net assets of \$396.3 million or 1.4% from the prior year. Of this amount, \$767.6 million was reported as "unrestricted net assets" which represents the amount available to fund priority programs. The decrease in net assets was primarily caused by increased long-term liabilities for claims and bonds payable.
- Liabilities of the State's business activities exceeded assets by \$78.1 million, a decrease in net assets of \$174 million or 181.3% from the prior year. This decrease was primarily related to the Unemployment Compensation Fund which was forced to borrow federal money when expenses exceeded revenue and transfers by \$180.1 million.

Fund-level:

- Governmental fund assets exceeded liabilities by \$3.4 billion, an increase of \$243.4 million or 7.8% from the prior year. Fund net assets were improved because revenue growth was approximately 3.6% during fiscal year 2004. Further, cost saving measures including reducing agency budgets, state employee layoffs, and the consolidation of buying power were utilized.

Debt Issued and Outstanding:

- The primary government's total long-term obligations related to bonds payable increased \$172 million or 7.4% over the prior year. The outstanding bonds payable represents 44.1% of financial assets (cash, receivables, and investments) and 7.5% of total assets. The net increase in bonds payable resulted from decreases of \$76,475,000 due to bond payments and \$271,935,000 due to bond refundings and increases of \$520,335,000 due to issuances of General Obligation, State Road and Other Bonds. Additional detail is available in *Note 12*.

Revenue Limit:

- The State Constitution limits the State's ability to retain revenue collected over an amount set by a constitutional amendment known as Article X or the Hancock Amendment. Excess revenue must be refunded to the taxpayers each year. During fiscal year 2004, the State did not exceed the revenue limit.

OVERVIEW OF THE FINANCIAL STATEMENTS

The State's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements:

The government-wide financial statements are designed to provide readers with a broad overview of the State's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of the State's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of the State's financial position.

The *Statement of Activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of when the cash is received. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report three activities:

Governmental Activities are primarily supported by taxes and intergovernmental revenues. They include general government, education, natural and economic resources, transportation and law enforcement, and human services.

Business-Type Activities are intended to recover all or a significant portion of their costs through user fees and charges. They include constructing and operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents, insurance coverage, and the operation of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds.

Discretely Presented Component Units are operations for which the State has financial accountability, but are legally separate. They include colleges and universities, the Development Finance Board, Agricultural and Small Business Development Authority, and various highway transportation corporations.

Fund financial statements:

The fund financial statements present more detail about the government's operations than the government-wide statements. The State uses fund accounting to ensure and demonstrate compliance with statutory requirements. All of the funds of the State can be divided into three categories: governmental, proprietary, and fiduciary funds.

Governmental funds are used to account for most of the basic services provided by the State. Unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of current financial resources and utilize the modified accrual basis of accounting. This presentation focuses on when cash will be received and disbursed making the statements useful in evaluating a government's financing requirements in the near future.

Governmental funds include the general, special revenue, capital projects, debt service, and permanent funds. Major Funds include general, public education, conservation and environmental protection, transportation and law enforcement, and the State Road Fund which are presented in separate columns. Data from other governmental funds are combined into a single column for aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements.

In order for the user to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements, a reconciliation to facilitate this comparison is provided on the page immediately following each governmental fund financial statement.

Proprietary funds. Proprietary funds are used to account for activities similar to private businesses in which goods and services are sold for specified fees. Generally, the State uses enterprise funds to account for activities that provide goods and services to the general public. These include constructing and operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents, and the operation of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds. Internal service funds report activities that provide supplies and services for the State's other programs and activities. The State uses internal service funds to account for insurance and health-care plans, as well as administrative services for other state agencies, such as fleet management, data processing, and telecommunication services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds focus on economic resources and utilize the full accrual basis of accounting. The proprietary fund financial statements provide separate information for the State Lottery, Unemployment Compensation, and Petroleum Storage Tank Insurance, which are considered major enterprise funds. All internal service funds are combined into a single column in the proprietary fund financial statements. Non-major enterprise funds are combined into a single column for aggregated presentation. Individual fund data for the non-major enterprise and internal service funds is provided in the form of combining statements in supplementary information.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the state government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are not available to support the State's own programs. The accounting used for fiduciary funds is similar to that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (RSI) including a budgetary comparison schedule for the general fund and major special revenue funds. Other supplementary information includes the combining statements for the general, non-major governmental, non-major enterprise, internal service, fiduciary, and non-major component unit funds. It also includes the statistical section as well as budgetary comparison schedules for the State Road, non-major special revenue, debt service, and permanent funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Assets:

The following table displays the current and prior year government-wide condensed Statement of Net Assets.

STATEMENT OF NET ASSETS						
(In Thousands of Dollars)						
	Governmental Activities		Business-Type Activities		Total	
	2004	2003*	2004	2003*	2004	2003*
ASSETS:						
Current and Other Assets	\$ 5,348,843	\$ 5,241,571	\$ 398,023	\$ 286,828	\$ 5,746,866	\$ 5,528,399
Capital Assets, Net	27,315,652	27,061,983	53,626	53,186	27,369,278	27,115,169

<i>Total Net Assets</i>	<u>\$ 27,318,240</u>	<u>\$ 27,714,555</u>	<u>\$ (78,053)</u>	<u>\$ 95,975</u>	<u>\$ 27,240,187</u>	<u>\$ 27,810,530</u>

*Fiscal year 2003 amounts have been restated.

The State's total net assets decreased \$570.3 million dollars or 2.1% during fiscal year 2004. This decrease resulted from increases in bonds and claims payable. Capital assets net of related debt and restricted assets, which do not represent resources available to pay day-to-day operating expenses, increased by \$28.7 million or 0.1%.

The largest component of the State's net assets at \$25.4 billion or 93.3% is invested in capital assets net of related debt, such as bonds payable or capital lease obligations. These assets include land, infrastructure, buildings, and equipment which are not easily converted to cash nor readily available to pay state debts as they come due.

Restricted net assets of the primary government totaled \$1.1 billion or 4.1% of total net assets, a decrease of 4.0% from the prior year. Net assets are restricted for several reasons including constitutional, legal, or external requirements. Examples of restricted net assets include lottery proceeds restricted for public education, funds restricted for debt service, and certain sales taxes restricted for the maintenance of highways or state parks and conservation areas. Also, many federal funds are restricted to funding certain programs.

Changes in Net Assets:

The following table displays the current and prior year government-wide condensed Statement of Activities.

STATEMENT OF ACTIVITIES						
(In Thousands of Dollars)

*Fiscal year 2003 amounts have been restated.

As shown on the above schedule, net revenue collections increased by 1.7% over fiscal year 2003. Expenses increased by 6.0% over fiscal year 2003. Those functions with the largest percentage increase include Natural and Economic with 5.2% of total expenses in 2004 vs. 2.6% of total expenses in 2003 and General Government with 3.8% of total expenses in 2004 vs. 3.1% of total expenses in fiscal year 2003.

Governmental Activities:

Governmental activities decreased the State's net assets by \$396.3 million due to expense growth in natural and economic and human services. Due to limited growth in tax collections, revenue growth was outpaced by expense growth.

The following chart depicts revenues of the governmental activities for the fiscal year:

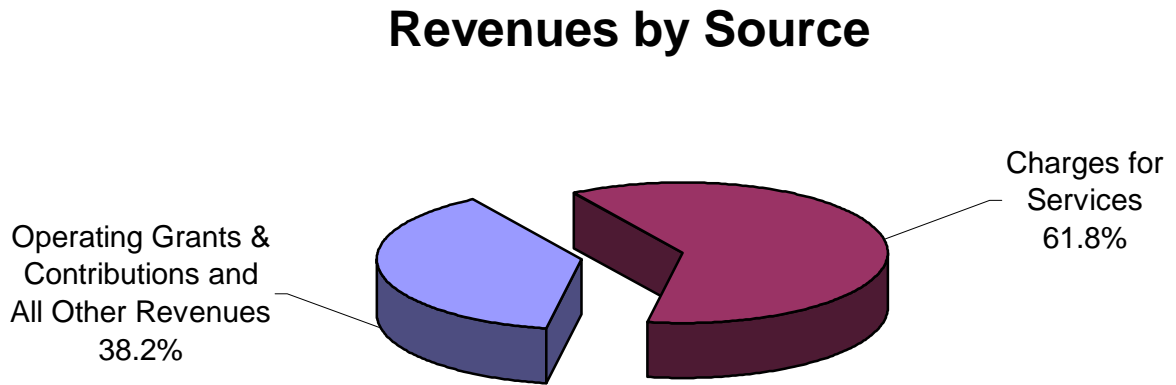

The following chart depicts expenses of the governmental activities for the fiscal year:

Business-Type Activities:

Net assets of the business-type activities decreased by \$174 million during the fiscal year. The primary reason net assets declined relates to the Unemployment Compensation Fund where benefit payments far outpaced employer contributions and Federal loans were obtained for the difference. Lottery also had a significant decline in net assets because of increased transfers to education, however, the decline was offset across all business activities because of gains in the Petroleum Storage Tank Insurance Fund.

The following chart depicts revenues of the business-type activities for the fiscal year:

The following chart depicts expenses of the business-type activities for the fiscal year:

FINANCIAL ANALYSIS OF THE STATE'S FUNDS

Governmental Funds:

As of the end of fiscal year 2004, the State's governmental funds reported combined ending fund balances of \$3.4 billion, an increase of \$243.4 million or 7.8% over fiscal year 2003. Approximately 60.4% of this amount constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed: 1) for budget reserve, 2) to pay debt service, 3) for loans receivable, and 4) for a variety of other restricted purposes (see *Note 1*).

Fund balances (in thousands) for governmental funds are as follows:

	General Fund	Public Education	Conservation and Environmental Protection	Transportation and Law Enforcement	State Road	Non- Major	Total
Unreserved	\$ 626,884	\$ 197,632	\$ 415,604	\$ 123,297	\$ 223,136	\$ 441,467	\$ 2,028,020
Reserved	548,469	49	523,599	9,085	106,739	143,725	1,331,666
Total	\$ 1,175,353	\$ 197,681	\$ 939,203	\$ 132,382	\$ 329,875	\$ 585,192	\$ 3,359,686

The General Fund is the chief operating fund of the State. At the end of fiscal year 2004, the State's General Fund reported a total fund balance of \$1.2 billion. The net increase in fund balance during fiscal year 2004 was \$193.6 million. Revenues of the general fund totaled \$13.9 billion in fiscal year 2004, an increase of \$646.5 million from fiscal year 2003. Factors contributing to this increase included the following:

- Revenue from taxes increased \$417 million from fiscal year 2003 to fiscal year 2004. The most significant increase was Individual Income Tax, which increased \$202 million or 4.6%. This increase was due to continued economic growth.
- Contributions and intergovernmental revenues increased by \$371.6 million during fiscal year 2004 due primarily to an increase of \$125 million in federal receipts for grants or programs financed by the U.S. Department of Health and Human Services and an increase of \$99.5 million from federal receipts for grants or programs financed by miscellaneous federal sources.
- Cost reimbursement/miscellaneous revenues decreased \$93.5 million in fiscal year 2004. This was primarily due to a decrease within recovery costs of \$114.1 million because of a reduction in money recovered from outside parties.

Expenditures of the General Fund totaled \$11.5 billion in fiscal year 2004, an increase of \$110.1 million from fiscal year 2003. The factors contributing to the increase included the following:

- An increase to human services expenditures of \$306.8 million due primarily to a \$218.1 million increase in payments for mental health services provided. There was also an increase of \$59.2 million in payments to individual recipients for social welfare and an increase of \$58 million in payments to doctors, hospitals, and similar institutions who provide medical treatment to social welfare recipients.
- Debt service principal expenditures decreased by \$56.7 million due to debt refinancing.

The public education fund category provides general and special education services to the children of the State and other related functions such as library services and student loans. Total fund balance increased by \$20.7 million. Expenditures of the public education funds totaled \$3.6 billion in fiscal year 2004, an increase of \$44.9 million from fiscal year 2003. The major factor that contributed to this was an increase of \$60.9 million in the education expenditures for an increase in aid to educational institutions and school districts for expenditures by the institution or the district. There was also an increase of \$176.3 million to other financing sources and uses due to more General Revenue funding and an increase in funds from Lottery.

The conservation and environmental protection fund category provides for the preservation of the State's wildlife and environment. The fund balance increased by \$81.9 million. Revenues of the conservation and environmental protection funds totaled \$342.4 million for fiscal year 2004, an increase of \$1.7 million from fiscal year 2003. The factors contributing to the increase included the following:

- Taxes increased \$4.2 million primarily from an increase of \$3.6 million in conservation sales and use tax.
- Contributions and intergovernmental revenues decreased \$5.6 million due mainly to a decrease of \$6.3 million in federal receipts for grants or programs financed by the U.S. Environmental Protection Agency.
- Penalties and Unclaimed Properties increased \$1 million due to an increase in money received by the state to settle claims for goods, services or damages against the state.

Expenditures of the conservation and environmental protection funds totaled \$267.9 million for fiscal year 2004, an increase of \$19.5 million. The main factor that contributed to this was an increase of \$101.9 million to Intergovernmental Expenditures due to an increase in both aid to local governments and loans disbursed to other entities.

The transportation and law enforcement fund category provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety. The fund balance increased by \$15.6 million. Revenues increased \$23.6 million during fiscal year 2004. The major factor contributing to this was an increase of \$39.3 million in tax revenues due primarily to an increase of \$22.4 million in receipts of tax on gasoline for use in motor vehicles.

The State Road Fund accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. The fund balance increased by \$20.9 million in fiscal year 2004. Revenues of the State Road Fund decreased during fiscal year 2004 by \$119.4 million. The major factor contributing to this was a decrease of \$82.1 million in Contributions and Intergovernmental revenues due mainly to a decrease of \$60.8 million in federal receipts for grants or programs financed by the U.S. Department of Transportation. Other Financing Sources/Uses increased by \$243.4 million during Fiscal Year 2004. The main factor for this was an increase in proceeds from Other Bonds of \$254 million due to an issuance of State Road Bonds.

Proprietary Funds:

The State has three major proprietary funds: State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance Fund. The State Lottery was established in 1986 to account for the sale of lottery tickets and lottery operations. Since 1992, public education has been the sole beneficiary of lottery proceeds. Unemployment Compensation accounts for contributions and payments collected from Missouri employers under the provision of the "Unemployment Compensation Law". This tax finances benefits for workers who become unemployed through no fault of their own. The Petroleum Storage Tank Insurance Fund accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks. The fund pays cleanup expenses from petroleum leaks or spills from underground storage tanks and certain above ground storage tanks as well as third party property damage or bodily injury resulting from such discharges. This fund is one of the largest insurers of tanks in the country.

The State Lottery Fund's net assets decreased by \$7.3 million. Although operating income increased because of more robust sales, transfers of public education also increased and the value of investments held for grand prize winners decreased substantially.

The Unemployment Compensation Fund's net assets decreased by \$180.1 million due to employer contributions and intergovernmental revenues insufficient to pay claims. During the year, loans from the Federal government were obtained as allowed by Title XII of the Social Security Act. The outstanding Federal liability was \$288.6 million at June 30, 2004.

The Petroleum Storage Tank Insurance Fund's net assets increased by \$13.6 million due to significantly reduced environmental cleanup expenses.

GENERAL FUND BUDGETARY HIGHLIGHTS

The original budget is the first complete appropriated budget that is truly agreed to and finally passed, and signed by the Governor. The final budget includes emergency and supplemental appropriations, transfers, and increases to estimated appropriations.

Budgeted appropriations for fiscal year 2004 from the general fund were \$15.2 billion original budget and \$15.5 billion revised budget. Actual spending was \$14.7 billion. Reasons for the budget variances include:

- Revenue refunds were less than expected partially due to lower tax credit utilization.
- Federal grants received were lower than appropriation authority.
- The late receipt of federal moneys and late contract completion moved some expenditures from fiscal year 2004 to fiscal year 2005.
- Multiple year grants are appropriated in one year but the expenditures may occur over several years.
- Appropriation authority exceeded cash available for expenditures.
- Federal moneys related to Medicaid were lost because the Department of Social Services did not have available the money for the required state match.

Budgeted revenues/transfers in for fiscal year 2004 for the general fund was \$14.7 billion original budget and \$14.8 billion revised budget. Actual revenue/transfers in was \$14.8 billion. Reasons for the budget variances include:

- Revenue growth in fiscal year 2004 outpaced economic growth forecasts for the State. Many economic forecasting experts predicted strong growth in production, but slow growth in jobs. Since Missouri's revenues are highly dependent on withholding and sales taxes, continued conservatism in the forecast was justified.
- Tax changes at the Federal level, particularly the Jobs and Growth Tax Relief Reconciliation Act of 2003, created uncertainty and posed substantial downside risk. While some provisions of the Act benefited Missouri's revenues, the Act also raised the standard deduction for many filers and enhanced depreciation allowances.

Refer to the *Notes to RSI*, Budgetary Reporting, on page 95 for more information on budgetary variances.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets:

The State's investment in capital assets for its governmental and business-type activities as of June 30, 2004, was \$27.4 billion (net of accumulated depreciation). This investment in capital assets includes construction in progress, infrastructure in progress, land, land improvements, buildings and improvements, equipment, and infrastructure. The total increase in the State's investment in capital assets for the current fiscal year was 0.9%.

Capital Assets of the State include (In Thousands):

	Governmental Activities	Business-Type Activities	Total
Construction in Progress	\$ 582,409	\$ 4,465	\$ 586,874
Infrastructure in Progress	3,011,466	---	3,011,466
Land	2,390,597	16,134	2,406,731
Land Improvements	90,489	7,068	97,557
Buildings and Improvements	2,014,569	26,757	2,041,326
Equipment	1,120,022	45,880	1,165,902
Infrastructure	37,312,836	---	37,312,836
Total	\$ 46,522,388	\$ 100,304	\$ 46,622,692

Additional information on capital assets can be found in *Note 5* of this report.

Long-term debt:

At the end of fiscal year 2004, the State had total general obligation and other bonded debt outstanding of \$2.5 billion. Of this amount, \$855.1 million comprises debt backed by the full faith and credit of the government.

During fiscal year 2004, \$150,305,000 of general obligation refunding bonds were issued to refund \$155,920,000 of general obligation bonds and to take advantage of lower interest rates. Other revenue refunding bonds of \$116,030,000 were issued to refund \$116,015,000 of other revenue bonds and to take advantage of lower interest rates. Other bonds were issued in the amount of \$254,000,000. Principal amounts retired in fiscal year 2004 were \$40,015,000 for general obligation bonds and \$36,460,000 for other revenue bonds.

The State of Missouri is proud to be one of only seven states to maintain a Triple-A credit rating from all three major credit rating agencies (Moody's Investor Services, Inc., Standard and Poor's, and Fitch Ratings, Inc.) on the State's General Obligation Bonds.

Outstanding bonds payable of the State include (In Thousands):

	Governmental Activities	Component Units	Total
General Obligation Bonds	\$ 855,115	\$ ---	\$ 855,115
Other Bonds	1,628,510	975,769	2,604,279
Total	\$ 2,483,625	\$ 975,769	\$ 3,459,394

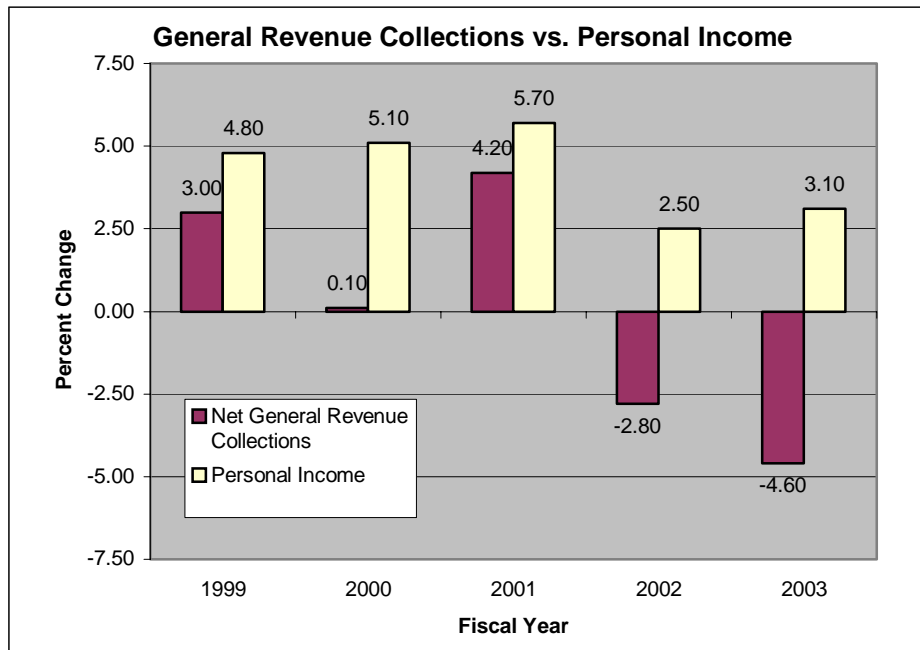

Additional information on long-term debt can be found in *Notes 11, 12, and 13* of this report.

ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

The economic future of Missouri is increasingly positive as evidenced by improving economic indicators and statistics. Since July of 2003, the State's jobs growth was ranked second in the nation with the addition of more than 80,000 jobs, an increase of more than 3%. In addition to improving employment numbers, Missouri's economy is expanding as evidenced by the purchasing manager's index that considers variables such as new orders, inventory levels, and production. Further, Missouri's cost of living remains well below the nation average, currently ranked 37th out of 48 participating states.

While Missouri's economic outlook is positive, the State faces significant funding challenges including Medicaid, elementary and secondary education, higher education, and the correctional institutions. The State's fiscal year 2004 net revenue collections, although growing, are still below the pre-recession collections of fiscal year 2001. Simultaneously, the expenditure demands of priority programs continue to outpace general revenue collections.

The primary source of Missouri's net revenue collections is personal income tax, which accounts for approximately 60% of total tax collections. In recent years however, changes in personal income have not been mimicked by similar changes in income tax collections as shown in the following chart:

One explanation for the difference is that Missouri's income tax calculation is directly connected to the federal tax calculations. Any tax cut passed by the federal government, such as the Jobs and Growth Relief Reconciliation Act of 2003, results in additional tax cuts at the state level. A second explanation is that Missouri has numerous tax credits, which are redeemed at the taxpayer's discretion.

Costs of the Medicaid program have been growing substantially in recent years, consistent with the overall increase in health care in this country. The State continues to pursue cost containment measures including reducing the number of Missourians receiving Medicaid by more than 34,000 people and adopting a pharmacy program which has saved more than \$300 million dollars. For fiscal year 2005, the Medicaid program is anticipated to cost an additional 30% in general revenue spending.

Challenges also exist regarding funding for elementary and secondary education. Education continues to be a high priority therefore; the elementary and secondary education budget has not been cut to the extent that other state departments have in recent years. In Missouri, education is the biggest single expenditure with increases of approximately 10% per year. On January 6, 2004, Missouri schools filed a lawsuit against the State over both the equity of funding between schools and the overall adequacy of school funding. Although this lawsuit is still pending, an additional \$600 million is needed to fully fund the current school funding formula in fiscal year 2005 and an estimated \$800 million is needed in fiscal year 2006.

The State's colleges and universities have experienced substantial funding cuts. As a result, tuition increased at public colleges and universities an average of 14.8% while tuition increased at community colleges an average of 9.3%.

Another significant challenge facing Missourians is the continued operation and maintenance of the State's correctional facilities. Due to strict enforcement of sentencing laws, Missouri's prison population has been expanding in recent years creating increased pressure to build additional, expensive correctional facilities. During fiscal year 2004, increased research efforts and initiatives focused on improving rehabilitation and reducing re-entry of offenders. Additionally, legislative changes passed in Senate Bill 5 reduce the sentencing requirements for certain non-violent crimes while strengthening penalties related to violent crimes. Senate Bill 5 also allows the Department of Corrections more flexibility relating to certain treatment programs by reducing the minimum duration and adding incentives for successful completion.

Although Missouri faces significant challenges in the future, the State is working diligently to stimulate the economy, increase efficiency in government, and reduce costs when possible. In the past year, several legislative initiatives have passed to attain these goals including HB289 Missouri Downtown and Rural Economic Stimulus Act which assists communities in funding infrastructure projects, SB299 Performance Based Budgeting and Sunset Act which requires departmental budgets be based on performance, and the implementation of the SmartBuy program which helps the state consolidate purchasing power and reduce costs. These measures in addition to continued departmental actions to reduce costs and create efficiencies will result in Missourians continuing to be well served by their state government.

Events taking place after the State's fiscal year end include:

- Governor Bob Holden announced plans to open a state marketing office in Shanghai, China to assist Missouri companies compete in one of the world's fastest growing markets. Currently, China is Missouri's 5th largest trading partner. The Shanghai office will join Missouri's established international offices in Tokyo, Japan and Seoul, South Korea.
- Missouri's first "green" state office building, the Lewis and Clark State Office Building, was dedicated on October 24, 2004. The Missouri Department of Natural Resources staff will eventually occupy the new building which is expected to use 53% less energy than other comparably sized buildings. A few of the innovative building features include: water collection and recycling system that collects runoff from the roof and flush toilets, building design that utilizes natural sunlight, emphasis on recycled construction materials, and solar energy collectors on the roof.
- Missouri is the third state in the nation, along with Illinois and Wisconsin, to participate in the I-SaveRx program. The new program will allow Missouri citizens to purchase lower cost prescription drugs from 45 inspected and approved pharmacies in Canada, the United Kingdom, and Ireland.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Office of Administration, Division of Accounting, P.O. Box 809, Jefferson City, MO 65102.

The notes to the financial statements are an integral part of this statement.

The Governmental Funds focus on current financial resources.

Governmental Fund Financial Statements

Major Funds

General Fund – Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

See the General Fund Combining Statements presented as part of Supplementary Information for listings of all funds included in the General Fund.

Major Special Revenue Fund Categories:

Public Education – Provides general and special education needs of the State and other related areas such as library services and student loans.

Conservation and Environmental Protection – Provides for the preservation of the State's wildlife and environment.

Transportation and Law Enforcement – Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

The State has numerous individual Special Revenue Funds. Therefore, the funds have been combined into specific functional areas. See the following pages for a listing of the individual funds that make up our Major Special Revenue Fund categories.

Major Capital Projects Fund:

State Road – Accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system.

Non-Major Funds

Non-Major Governmental Funds are presented in the Combining and Individual Fund Statements and Schedules for non-major funds as part of Supplementary Information.

Special Revenue – Public Education: Provides general and special education needs of the State and other related areas such as library services and student loans.

Marguerite Ross Barnett Scholarship – Accounts for moneys refunded from scholarships to be reissued.

School District Bond – Accounts for moneys to be used by the Missouri Health and Educational Facilities Authority for the issuance of school district bonds.

School Building Revolving – Accounts for moneys transferred from the Gaming Proceeds for Education Fund to be used for loans to school districts for specific capital improvement projects.

Gaming Proceeds for Education – Accounts for proceeds of taxes paid and interest earned from taxes paid on the gross receipts of excursion boat gambling to be used for education.

Outstanding Schools Trust – Accounts for moneys to be used to revise the mechanism which distributes basic state aid to schools and for various education programs.

Bingo Proceeds for Education – Accounts for fees and taxes collected relating to bingo to be used for education.

Lottery Proceeds – Accounts for the net proceeds from the State Lottery to be used for public institutions of elementary, secondary and higher education.

Missouri Community College Job Training Program – Accounts for moneys to be used for the New Jobs Training Program administered by the Department of Economic Development.

Professional and Practical Nursing Student Loan and Nurse Loan Repayment – Moneys will be used to make student loans to nursing students and for the repayment of principal and interest for students who work in specified areas of nursing.

Video Instructional Development and Educational Opportunity – Accounts for sales tax revenues on rental of sound or picture transcriptions and used for instructional television programming.

Missouri Job Development – Accounts for moneys from any source and used for vocational training or retraining.

State School Money – Accounts for funds distributed to public school districts.

Department of Social Services Educational Improvement – Accounts for moneys from the Department of Elementary and Secondary Education, and is used for school foundation money for children placed in Division of Youth Services' custody.

State Seminary Money – Accounts for interest earnings to be spent for maintenance of the State university.

State Guaranty Student Loan – Accounts for funds from any source to assist students in financing their education.

Excellence in Education – Accounts for moneys to be spent for education programs.

Missouri Prospective Teachers Loan – Accounts for funds from any source to assist students in financing their education to become teachers.

Fair Share – Accounts for additional tax on cigarettes for distribution to schools.

School District Trust – Accounts for sales tax moneys to be distributed to the public school districts of the State.

GEAR UP Scholarship – Accounts for moneys to be used for awarding scholarships who meet the requirements of the GEAR UP for Education Program.

Schools for the Future – Accounts for moneys received as a result of the amnesty program to be transferred to the State Schools Money Fund, and subsequently paid out to school districts as part of the monthly school foundation formula.

Library Networking – Accounts for bequests received to be used for library networking expenses.

Student Grant – Accounts for moneys used to provide financial aid to eligible students.

Academic Scholarship – Accounts for moneys to be used to provide scholarships based on academic ability.

U.S. Department of Education/Coordinating Board for Higher Education P.L. 105-33 Recall Account – Accounts for Federal recalled reserve funds. The Coordinating Board for Higher Education will transfer an amount equal to 20% of the total recalled reserve to this fund. These funds cannot be withdrawn without the U.S. Department of Education's written approval.

U.S. Department of Education/Coordinating Board for Higher Education P.L. 105-33 Interest Account – Accounts for moneys earned on and transferred from the U.S. Department of Education P.L. 105-33 Recall Account Fund. The moneys are used for the sole purpose of performing default reduction activities applicable to the Title IV student loan programs.

Advantage Missouri Trust – Accounts for moneys to provide loans and loan forgiveness programs.

Missouri College Guarantee – Accounts for moneys transferred from the Gaming Commission Fund to be used by the Coordinating Board of Higher Education for awarding scholarships to eligible students.

Early Childhood Development Education and Care – Accounts for moneys transferred from the Gaming Commission Fund to be used for programs that prepare children for kindergarten.

Kids Chance Scholarship – Accounts for moneys transferred from the Workers' Compensation Fund to be used for children of job injured workers.

Guaranty Agency Operating – Accounts for moneys transferred from the State Guaranty Student Loan Fund to be used for administrative purposes.

Federal Student Loan Reserve – Accounts for moneys to pay lender claims.

Secretary of State – Wolfner State Library – Accounts for moneys to be used to ensure library services to the eligible blind and physically handicapped residents of the State.

Special Revenue – Conservation and Environmental Protection: Provides for the preservation of the State's wildlife and environment.

Missouri Air Emission Reduction – Accounts for fees collected under the Emissions Inspections Program.

Natural Resources Protection – Accounts for moneys collected for examinations, applications, certifications and inspections used for the purpose of protecting the air, water and land resources of the State.

Natural Resources Protection – Water Pollution Permit Fee Subaccount – Accounts for moneys to be used for the protection of State water.

Solid Waste Management – Scrap Tire Subaccount – Accounts for moneys to be used for the protection of the State's public health and safety in regards to the disposition of scrap tires.

Solid Waste Management – Accounts for moneys used to promote the development of markets for recovered materials and other activities to protect the environment.

Metallic Minerals Waste Management – Accounts for moneys collected from any forfeiture of a financial assurance instrument, civil penalties collected and administrative penalties collected for the safe disposal of waste from metallic minerals.

Natural Resources Protection – Air Pollution Asbestos Fee Subaccount – Accounts for moneys to be used to administer requirements relating to asbestos abatement projects that protect public health and the environment.

Underground Storage Tank Regulation Program – Accounts for fees collected for registration of underground storage tanks and used for costs related to their regulation.

Chemical Emergency Preparedness – Accounts for moneys provided to the Missouri Response Commission and Department of Natural Resources for expenses of the commission.

Natural Resources Protection – Air Pollution Permit Fee Subaccount – Accounts for moneys to be used to protect the air, water and land resources of the State.

Water and Wastewater Loan Revolving – Accounts for loans and loan repayments under the Wastewater Loan Program.

Conservation Commission – Accounts for fees and a special sales tax used to administer laws and regulations pertaining to forestry and wildlife resources.

Parks Sales Tax – Accounts for sales tax moneys spent to control, manage and regulate state parks.

Soil and Water Sales Tax – Accounts for sales tax moneys used for the conservation and management of the soil and water resources of the State.

Water and Wastewater Loan – Accounts for moneys from any source received for wastewater construction loans.

Groundwater Protection – Accounts for fees collected for permits and is used for the administration and enforcement of water well drillers' laws.

Energy Set-Aside Program – Accounts for moneys appropriated and any gifts, grants and bequests. These moneys are loaned to public school districts to implement energy conservation projects.

State Land Survey Program – Accounts for fees collected from state recorders and used for land survey programs.

Petroleum Violation Escrow – Accounts for fines collected from petroleum companies for petroleum violations and is used for energy programs.

Hazardous Waste – Accounts for moneys from fees and permits and from any other source for hazardous waste management and cleanup.

Safe Drinking Water – Accounts for fees and grants from any source for the administration of safe drinking water laws.

Coal Mine Land Reclamation – Accounts for fees assessed on the amount of coal processed and is used to restore the land.

Hazardous Waste Remedial – Accounts for moneys from fees, penalties and from any other source for administering hazardous waste services.

Missouri Air Pollution Control – Accounts for fees collected from automobile emissions inspection stations and is used for air pollution control programs.

Meramec-Onondaga State Parks – Accounts for proceeds from the sale of this land by the federal government and is used for the support and maintenance of these parks by the State.

Oil and Gas Remedial – Accounts for the proceeds from the sale of illegal oil products and used for costs of administering these laws.

Biodiesel Fuel Revolving – Accounts for moneys to be used to pay for incremental cost of biodiesel fuel for use in state vehicles, and for administration costs of the program.

Stormwater Loan Revolving – Accounts for the receipt of repayment for stormwater control project loans to be used for the construction of stormwater control projects.

Rural Water and Sewer Loan Revolving – Accounts for the receipt of repayment for rural water and sewer control project loans to be used for the construction of rural water and sewer loan projects.

Concentrated Animal Feeding Operation Indemnity – Accounts for moneys to be used to close concentrated animal feeding operation waste water lagoons.

Missouri Alternative Fuel Vehicle Loan – Accounts for moneys to be used to issue loans to political subdivisions in order to purchase new vehicles capable of using alternative fuels.

Petroleum Violation Escrow Interest Subaccount – Accounts for interest earnings to be used for administrative costs of energy programs.

Missouri Lead Abatement Loan – Accounts for moneys to be used in carrying out lead abatement projects.

Dry-Cleaning Environmental Response Trust – Accounts for moneys received from surcharges, fees, gifts, bequests, donations and moneys recovered by the State to be used to protect human health and natural resources.

Mined Land Reclamation – Accounts for fees, forfeiture of bonds, penalties and gifts and used for the administration and enforcement of these laws.

Babler State Park – Accounts for assets donated, bequeathed, or devised to the State for the benefit of the Doctor Edmund A. Babler Memorial State Park used solely for the maintenance and development of this park.

Special Revenue – Transportation and Law Enforcement: Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

Peace Officer Standards and Training Commission – Accounts for fees assessed as court costs to be used for training peace officers or other law enforcement employees.

Transportation Department Grade Crossing Safety Account – Accounts for moneys to be used to improve safety at the crossings of public roads with railroad tracks.

Highway Patrol Inspection – Accounts for fees collected for certificates of inspection and approval used by the State Highway Patrol for administration and enforcement of the various motor vehicle inspection programs.

Firing Range Fee – Accounts for fees collected from law enforcement agencies for use of the firing range operated by the Department of Public Safety to be used for its operations.

Highway and Transportation Department – Accounts for fees paid by highway users to operate the Highway Commission and the Department of Transportation. Also used to administer and enforce state motor vehicle laws or traffic regulations.

Railroad Expense – Accounts for assessments used to administer and enforce railroad regulations.

Motor Fuel Tax – Accounts for motor fuel taxes to be distributed to other governments and to the Department of Transportation Funds.

Highway Patrol Academy – Accounts for fees charged for the training of peace officers and is used solely for the maintenance and operation of the Highway Patrol Academy.

State Transportation – Accounts for moneys from sales taxes and other sources to be used for state transportation purposes other than construction or maintenance of roads.

Highway Patrol's Motor Vehicle and Aircraft Revolving – Accounts for proceeds from government agencies to be used solely for the purchase of Highway Patrol vehicles or aircraft.

Highway Patrol Traffic Records – Accounts for copy fees received by the Highway Patrol for reports, photographs, and other data relating to investigated motor vehicle accidents.

Antiterrorism – Accounts for individual contributions received to be used for antiterrorism and emergency response activities undertaken by State and local law enforcement, fire protection, and public health agencies.

State Transportation Assistance Revolving – Accounts for moneys to be used for loans for the development of transportation of elderly or handicapped persons or the purchase of rolling stock for transit purposes.

Aviation Trust – Accounts for fuel taxes not refunded to the users of fuel used in aircraft engines. These moneys are used as matching funds for the preventive maintenance of runways, taxiways, aprons and safety-related items.

STATE OF MISSOURI
RECONCILIATION OF THE COMBINING BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE COMBINED STATEMENT OF NET ASSETS
June 30, 2004
(In Thousands of Dollars)

Total Fund Balances – Governmental Funds \$ 3,359,686

Amounts reported for governmental activities in the Statement of Net Assets are different because:

Capital assets used in governmental funds are not financial resources and they are not reported in the funds. These assets consist of (Note 5):

Construction in Progress	427,219	
Infrastructure in Progress	3,011,466	
Land	2,382,176	
Land Improvements	87,665	
Buildings and Improvements	1,775,196	
Equipment	1,047,548	
Infrastructure	37,312,836	
Accumulated Depreciation	<u>(19,024,431)</u>	
		27,019,675

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds (Note 1). 497,639

Long-term assets held for the State with a paying agent to make interest payments on bonds. 37,888

Bonds issued by the State have associated cost that are paid from current available financial resources in the funds. However, these costs are deferred on the Statement of Net Assets. 41,110

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of (Notes 11 and 12):

Due to Other Entities	(32,228)	
General Obligation and Other Bonds	(2,483,625)	
Capital Leases	(193,538)	
Compensated Absences	(150,059)	
Net Pension Obligation	(99,018)	
Claims and Judgements	(965,201)	
Accrued Interest on Bonds	(36,710)	
Unamortized Bond Premium	<u>(97,862)</u>	
		(4,058,241)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities are included in governmental activities in the Statement of Net Assets. 420,483

Net Assets of Governmental Activities \$ 27,318,240

The notes to the financial statements are an integral part of this statement.

**STATE OF MISSOURI
RECONCILIATION OF THE COMBINING STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES IN
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2004
(In Thousands of Dollars)**

Net Change in Fund Balances – Total Governmental Funds		\$ 243,579
<p>Amounts reported for governmental activities in the Statement of Activities are different because:</p>		
Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Decrease in Reserve for Inventories on the fund statement has been reclassified as a functional expense on the government-wide statement.		(197)
Governmental funds report capital outlays as expenditures. In the Statement of Activities, however, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount that capital outlays of \$1,072,114 exceeds depreciation of \$874,883 in the current period.		197,231
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(34,488)
Proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. In governmental funds, repayment of principal is an expenditure, but the repayment reduces long-term liabilities in the Combined Statement of Net Assets (Note 12).		
Bonds Issued	(520,335)	
Bond Premiums, Issuance, and Refunding Costs	(14,581)	
Bond Principal Payments	348,410	
Capital Leases Issued	(4,510)	
Capital Lease Payments	19,572	(171,444)
<p>Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds (Notes 11 and 12).</p>		
Amortization of Bond Premiums, Issuance, and Refunding Costs	6,460	
Net Increase in Accrued Interest	(508)	
Decrease in Restricted Cash	(17,711)	
Decrease in Due to Other Entities	1,993	
Decrease in Compensated Absences	1,251	
Increase in Claims and Judgements	(652,289)	
Increase in Net Pension Obligation	(2,502)	(663,306)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue and expense of internal service funds are reported with governmental activities.		32,310
Change in Net Assets of Governmental Activities		\$ (396,315)

The notes to the financial statements are an integral part of this statement.

*The **Proprietary Funds** focus on economic resources and are operated in a manner similar to private business enterprises.*

Proprietary Fund Financial Statements

Major Funds

State Lottery – Accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

Unemployment Compensation – Accounts for contributions and payments collected under the provisions of the “Unemployment Compensation Law” to pay benefits.

Petroleum Storage Tank Insurance – Accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

Non-Major Funds

Non-major enterprise funds and all internal service funds are presented in our combining non-major fund financial statements as part of Supplementary Information.

Non-Cash Financing Activities:

During fiscal year 2004, the Office of Administration Revolving Fund entered into an equipment capital lease agreement for \$3,099,000. The new lease agreement was part of a trade-in of old leased equipment that resulted in a \$602,000 buyout of the old capital lease.

The notes to the financial statements are an integral part of this statement.

*The **Fiduciary Funds** account for assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.*

Individual fund financial statements for pension (and other employee benefit) trust funds, agency funds, and private-purpose trust funds are presented as part of Supplementary Information.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies

A. Financial Statements and Reporting Entity

The accompanying financial statements of the State of Missouri (primary government) and its component units have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The State has elected not to follow the Financial Accounting Standards Board's pronouncements issued after November 30, 1989 for proprietary activities.

The financial statements include the departments, agencies, boards, commissions and other organizational units over which the State has financial accountability. GASB set forth the following criteria in Statement No. 14 – *The Financial Reporting Entity* for determining financial accountability: appointment of a voting majority of an organization's governing body and either: 1) the ability to impose the State's will on the organization or; 2) the organization's ability to provide specific benefits to, or impose specific burdens on, the primary government. Where the State does not appoint a voting majority of the governing body, the entity would still be included if it is fiscally dependent on the State. Statement No. 39 – *Determining Whether Certain Entities are Component Units* added a requirement to include all entities whose relationship with the State would make it misleading to exclude it.

In addition to the legislative, executive and judicial branches, the following organizations are included in these financial statements:

Component Units (Blended):

Blended component units are legally separate entities from the State, but are so intertwined with the State that they are, for all practical purposes, the same as the State. They are reported as part of the primary government and blended into the appropriate funds. The following component units are blended because they provide services entirely or almost entirely to the primary government:

Board of Public Buildings – The Board was created by state law and its governing body is made up of the Governor, the Lieutenant Governor and the Attorney General. Its purpose is to provide state buildings by issuing revenue bonds and to supervise the operations of these facilities. All construction contracts must be approved by the Division of Design and Construction and its projects must be approved by the General Assembly. The Board can require state agencies to occupy its projects. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves and pay the costs of operations. Copies of the Board of Public Buildings' financial statements can be requested from:

Office of Administration
Deputy Commissioner's Office
P.O. Box 809
Jefferson City, Missouri 65102

Conservation Employees' Insurance Plan – The Plan provides health and life insurance coverage to eligible employees and retirees of the Missouri Department of Conservation. The Plan is administered by a five member board of trustees made up of two members determined by the Board and Commission from insurance members, the Business and Support Services Chief, the Human Resources Division Administrator, and the Internal Auditor. Copies of the Plan's financial statements can be requested from:

Missouri Department of Conservation
P.O. Box 180
Jefferson City, Missouri 65102

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

Transportation Self-Insurance Plan – The Plan provides fleet vehicle liability, workers' compensation and general liability. The Plan is administered by the Office of Risk Management, which is a Division of the Missouri Department of Transportation. Copies of the financial statements can be requested from:

Missouri Department of Transportation
Highway Building, 2nd Floor
105 West Capitol Avenue
Jefferson City, Missouri 65101

Missouri Consolidated Health Care Plan (MCHCP) – The Plan was created by state law to provide medical benefits to its members and is administered by a board of trustees. The board consists of two members of the Senate, two members of the House, six members appointed by the Governor, the Director of the Department of Health and Senior Services, the Director of the Department of Insurance and the Commissioner of Administration. The management of MCHCP is the responsibility of the Executive Director who is appointed by the board. Copies of the Plan's financial statements can be requested from:

Missouri Consolidated Health Care Plan
P.O. Box 104355
832 Weathered Rock Court
Jefferson City, Missouri 65110-4355

Highway and Transportation Employees' and Highway Patrol Insurance Plan – The Plan provides health and life insurance coverage to eligible employees, retirees and their dependents of the Missouri Department of Transportation (MoDOT) and the Missouri State Highway Patrol (MSHP). The Plan is administered by a board of trustees consisting of four active MoDOT employees and one retired MoDOT employee appointed by the director of MoDOT, two active MSHP employees and one retired MSHP employee appointed by the superintendent of MSHP. Copies of the Plan's financial statements can be requested from:

Missouri Department of Transportation
Highway Building, 2nd Floor
105 West Capitol Avenue
Jefferson City, Missouri 65101

Missouri State Employees' Retirement System (MOSERS) – The System was created by state law and provides retirement, survivor, disability and life insurance to its members and is administered by a board of trustees. The board consists of two members of the Senate, two members of the House, two members appointed by the Governor, three members elected by the System's members, the State Treasurer and the Commissioner of Administration. The management of MOSERS is the responsibility of the Executive Director who is appointed by the board. Copies of the System's financial statements can be requested from:

Missouri State Employees' Retirement System
P.O. Box 209
907 Wildwood
Jefferson City, Missouri 65102-0209

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

Highway and Transportation Employees' and Highway Patrol Retirement System – The System provides retirement, death and disability benefits to qualified employees of the Missouri Highways and Transportation Commission (includes employees of the Department of Transportation), and both uniformed and non-uniformed members of the State Highway Patrol. The System is administered by a board of trustees consisting of three members of the Missouri Highways and Transportation Commission, the director of the Missouri Department of Transportation, the superintendent of the State Highway Patrol, one member of the Senate, one member of the House, one member elected by MoDOT employees, one member elected by Patrol employees, and one retired member elected by retirees of the system. Copies of the System's financial statements can be requested from:

Missouri Highway and Transportation Employees'
and Highway Patrol Retirement System
P.O. Box 1930
Jefferson City, Missouri 65102-1930

Missouri State Public Employees' Deferred Compensation Commission – The Commission consists of one member of the House of Representatives, one member of the Senate and three other members appointed by the Governor with the advice and consent of the Senate. The Commission offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under this Plan, employees are permitted to defer a portion of their current salary until future years. This Plan's fiscal year ends December 31, therefore, financial statements for its reporting period ending December 31, 2003, have been included in this report. In addition, the Commission offers eligible employees the opportunity to participate in the Missouri State Employees' Deferred Compensation Incentive Plan. Under this Plan, the State contributes \$25 per month on behalf of any employee who contributes at least that amount to the Missouri State Public Employees' Deferred Compensation Plan and who has been an employee of the State for at least one year. Copies of financial statements for both Plans can be requested from:

PEBSCO – A Division of Nationwide
Retirement Solutions, Inc.
One Nationwide Plaza, 1-13-G1
Columbus, Ohio 43215-2220

Component Units (Discretely Presented):

Discretely presented component units are legally separate entities for which the State is financially accountable. The financial data for these entities is reported separately from the financial data of the primary government.

Note 1 – Significant Accounting Policies (cont.)

Agricultural and Small Business Development Authority – The Authority was created by state law and is authorized to issue bonds to finance agricultural and small business development loans for property acquisitions/renovations and pollution control facilities throughout the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. If for any reason, the Authority ceases to exist, all rights and properties of the Authority will pass to the State. Copies of the Authority’s financial statements can be requested from:

Missouri Agricultural and Small
Business Development Authority
P.O. Box 630
1616 Missouri Boulevard
Jefferson City, Missouri 65102

Fulton 54 Transportation Corporation – The Corporation is a not-for-profit corporation organized under the Missouri Transportation Corporation Act. The Corporation issued revenue bonds for the purpose of paying all or any part of the cost for the acquisition and construction of an overpass at the intersection of Route HH and U.S. Highway 54. Its governing body consists of a board of directors appointed by the Missouri Highways and Transportation Commission. When the purpose for which the Corporation was formed has been complied with and all obligations of the Corporation have been paid, the board shall, with the approval of the Commission, dissolve the Corporation. Upon dissolution, any assets of the Corporation will be liquidated and deposited in the State Road Fund and will become the property of the Commission. Copies of the Corporation’s financial statements can be requested from:

Missouri Department of Transportation
Highway Building, 2nd Floor
105 West Capitol Avenue
Jefferson City, Missouri 65101

Missouri Transportation Finance Corporation – The Corporation is a not-for-profit corporation organized under the Missouri Nonprofit Corporation Law. The Corporation is financed by federal highway and transit dollars, plus state and local matching funds. It is authorized to issue revenue bonds. The Corporation provides loans to assist public and private entities fund highway and transportation projects throughout the State. The Missouri Highways and Transportation Commission determines which applicants are extended loans from the Missouri Transportation Finance Corporation. Copies of the Corporation’s financial statements can be requested from:

Missouri Department of Transportation

Wentzville Parkway Transportation Corporation – The Corporation is a not-for-profit corporation organized under the Missouri Transportation Corporation Act. The Corporation issued bonds to finance the expansion and reconstruction of the Pearce Boulevard Interchange. Its governing body consists of a board of directors appointed by the Missouri Highways and Transportation Commission. When the purpose for which the Corporation was formed has been complied with and all obligations have been paid, the board shall, with the approval of the Commission, dissolve the Corporation. Upon dissolution, any assets of the Corporation will be liquidated and deposited in the State Road Fund and will become the property of the Commission. Copies of the Corporation's financial statements can be requested from:

Missouri Department of Transportation
Highway Building, 2nd Floor
105 West Capitol Avenue
Jefferson City, Missouri 65101

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements:

The government-wide financial statements focus on the government as a whole. The Statement of Net Assets and Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Governmental activities include governmental type funds and internal service funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and consist of enterprise funds.

The **Statement of Net Assets** presents the reporting entity's non-fiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

- **Invested in capital assets, net of related debt** consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.
- **Restricted net assets** result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, or imposed by law through constitutional provisions or enabling legislation. Net assets restricted by enabling legislation are subject to change by a majority vote of the General Assembly.
- **Unrestricted net assets** consist of net assets which do not meet the definition of the two preceding categories. Unrestricted net assets often are designated, to indicate that management does not consider them to be available for general operations. Unrestricted net assets often have constraints on resources which are imposed by management, but can be removed or modified.

The **Statement of Activities** demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Indirect costs, such as depreciation expense, are included in the direct expenses reported for individual functions. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

Fund Financial Statements:

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. For governmental and proprietary fund financial statements, the emphasis is on major individual governmental and enterprise fund categories, with each displayed in a separate column. All remaining governmental and enterprise fund categories are aggregated and reported as non-major funds. Internal service fund categories are also aggregated and reported in a separate column on the proprietary fund financial statements.

C. Basis of Presentation

The State's financial practices are based upon fund accounting concepts. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and fund balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The accompanying financial statements are structured into three categories of funds and discretely presented component units:

Primary Government:

Governmental Funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds account for the revenues and expenditures, capital outlay, and certain debt service of the State.

Proprietary Funds include enterprise funds and internal service funds. These funds account for the cost of certain services provided by the State.

Fiduciary Funds include pension (and other employee benefit) trust funds, private-purpose trust funds, and agency funds. These funds account for assets held by the State in a trustee capacity or as an agent for individuals, other governments and other funds.

Discretely Presented Component Units:

Major

Colleges and Universities account for moneys from federal and state grants, debt proceeds, gifts and contributions, state appropriations, investments, and endowments. Assets and liabilities are accounted for on the Statement of Net Assets. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Fund Net Assets.

Non-Major

Non-Major Component Units account for moneys from bond proceeds, loans, contributions, gifts, grants, and sales tax proceeds. Assets and liabilities are accounted for on the Statement of Net Assets. Revenues, expenses, gains and losses are reported on the Statement of Revenues, Expenses, and Changes in Fund Net Assets.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

D. Measurement Focus and Basis of Accounting

Government–Wide Financial Statements:

The government–wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred. Fiduciary funds have been excluded from the government–wide financial statements because, by definition, the resources of these funds cannot be used to support government operations. Generally, interfund transactions have also been eliminated. Some interfund transactions, such as the exchange of services, were not eliminated because doing so would mistakenly understate both expenses of the buyer and revenues of the seller.

Fund Financial Statements:

The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. With the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. Operating statements of governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Material revenues susceptible to accrual include federal grants, and sales and income taxes. Expenditures are recognized when the related fund liability is incurred except for the following:

- Principal and interest on general long–term debt is recorded as an expenditure when due.
- Compensated absences (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid.
- Inventories are reported as expenditures when purchased, except for the State Road Fund, which updates inventory perpetually under the consumption method.

The proprietary, pension (and other employee benefit) trust, and private–purpose trust fund financial statements are presented using the economic resources measurement focus and accrual basis of accounting. With the economic resources measurement focus, assets and liabilities associated with the operation of these funds are included on the Statement of Net Assets. Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary fund–type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net assets.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. The agency fund financial statements are presented on the accrual basis of accounting.

The discretely presented component unit financial statements are presented using the economic resources measurement focus and accrual basis of accounting with the following exception in regard to colleges and universities. Revenues and related expenditures in connection with the summer sessions in progress at June 30 are deferred at that date.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

The State reports the following major funds categories:

General Fund – accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Public Education – provides general and special education needs of the State and other related areas such as library services and student loans.

Conservation and Environmental Protection – provides for the preservation of the State's wildlife and environment.

Transportation and Law Enforcement – provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

State Road – accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system.

State Lottery – accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

Unemployment Compensation – accounts for contributions, payments, and federal loans collected under the provisions of the "Unemployment Compensation Law" to pay benefits.

Petroleum Storage Tank Insurance – accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

The State also reports the following non-major fund types:

Governmental – accounts for current financial resources of the government. Governmental funds include special revenue funds, which are established for a specific function; debt service funds, which accumulate resources for the payment of long-term debt principal and interest; capital projects funds, which accumulate resources for the acquisition and construction of capital assets; and permanent funds, which are legally restricted.

Proprietary – accounts for operations that are funded through fees or a cost reimbursement basis. Proprietary funds include enterprise funds, which sell products and services to external parties and internal service funds, which sell products and services to other government agencies.

Fiduciary – accounts for assets held by the State in a trustee or agent capacity. Examples of such assets include Missouri State Employees' Retirement System contributions, social security contributions, and unclaimed property.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

E. Budgets

The State's annual budget is prepared principally on the cash basis and represents departmental appropriations passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. Appropriations can only be amended through the normal appropriation process which requires approval of the General Assembly and the Governor. Certain estimated original appropriation amounts may be increased as necessary. If supplemental appropriations are required for an appropriation year, they are enacted during the next legislative session by the same process used for original appropriations. During the year, supplemental appropriations of \$240,375,000 were required, 85% for Human Services, 10% for Education, and the remainder for other functions. Estimated appropriations were increased by \$516,535,000.

Budgetary control is maintained at the individual appropriation level since expenditures cannot exceed the appropriation amounts. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys are recorded in order to reserve part of the appropriation, is employed for the purposes of budgetary control and contract compliance. Encumbrances at year end do not constitute expenditures or liabilities.

The Governor has the authority to reduce the allotments of appropriations in any fund if it appears that revenues for the fiscal year will fall below estimated revenues. Unexpended appropriations lapse at the end of each appropriation year. Certain appropriations referred to as "reappropriations" represent the continuation of a prior year's program or project which requires additional time for completion. There were no reappropriations to fiscal year 2005.

F. Cash and Cash Equivalents

For reporting purposes, cash and cash equivalents include bank accounts, petty cash and all investments with an original maturity of three months or less, such as certificates of deposit, money market certificates and repurchase agreements. Cash balances of most state funds are pooled and invested by the State Treasurer (see *Note 3*).

G. Investments

These are long-term investments which are expected to be held to maturity and redeemed at face value. The majority of investments are reported in pension (and other employee benefit) trust funds, however, investments are held in all fund types. All investments are reported at fair value (see *Note 3*).

H. Receivables

Receivables include primarily federal revenue amounts, accrued interest on investments and taxes receivable. Receivables are reported net of allowances for uncollectibles of \$1,072,407,000 for governmental activities and \$16,000 for business-type activities (see *Note 14*).

I. Interfund Receivables/Payables

The State makes various transactions between funds or between primary government and component units to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. These receivables at June 30 are classified as "due from other funds" or "due from primary government/component units" on the Statement of Net Assets. Payables are classified as "due to other funds" or "due to primary government/component units" on the Statement of Net Assets (see *Note 15*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

J. Advances to/from Other Funds

Long-term interfund receivables are classified as "advances to other funds" or "advances to primary government/component units" on the Statement of Net Assets. Long-term interfund payables are classified as "advances from other funds" or "advances from primary government/component units" on the Statement of Net Assets (see *Note 15*).

K. Inventories

Inventories in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase, except for the State Road Fund, which updates inventory perpetually under the consumption method. Reserves of fund balance have been established for the inventory balances in governmental funds. Inventories in the proprietary funds consist of both expendable supplies held for consumption and the cost of goods held for resale, the cost of which is recorded as an expense as they are used. Inventories are valued at cost using various methods such as moving average, weighted average and first-in, first-out.

L. Deferred Charges

Deferred charges represent issuance costs on bonds and are amortized over the life of the related issue.

M. Restricted Assets

These moneys are restricted by donors and applicable bond indentures.

N. Capital Assets

Capital assets, which include construction in progress, infrastructure in progress, land, land improvements, buildings, equipment, and infrastructure assets, are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimate of historical cost was based on current appraised value indexed to the date of acquisition. Donated capital assets are reported at estimated fair value at the time received. Capital assets acquired through lease agreements are capitalized at the inception of the agreement (see *Notes 5 and 6*).

Infrastructure assets (including highways, bridges, streets and sidewalks, drainage systems, lighting systems, and similar items) are capitalized. Interest costs incurred during construction of capital assets are not capitalized.

The capitalization threshold for all capital assets is as follows: land improvements, \$15,000; buildings and improvements, \$15,000; and equipment, \$1,000. No dollar threshold is set for land or infrastructure.

Capital assets are depreciated using the straight-line method of depreciation over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, equipment – 5 years, and infrastructure 12 to 50 years. Construction in progress, infrastructure in progress, and land are not depreciated.

Most works of art and historical treasures are not capitalized or depreciated. The State's non-capitalized collections include the historical artifacts at the various state museums and historical sites, monuments, and other art throughout the capital grounds. Assets that were previously capitalized continue to be reported in the government-wide financial statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

Component unit capital assets are stated at cost and are depreciated using the straight-line method of depreciation over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, and equipment – 5 years.

O. Deferred Revenues

Primary Government

Deferred revenues are those for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met for governmental funds, which use the modified accrual basis of accounting. Therefore, such amounts are reported within the governmental fund financial statements as receivables and offset by a deferred revenue account. These amounts include \$438,747,000 within the General Fund, \$23,706,000 within the major special revenue funds, \$28,625,000 within the State Road Fund, and \$6,561,000 within non-major governmental funds which totals \$497,639,000 for governmental funds. Such amounts have been deemed to be measurable but not available. For the State of Missouri, the availability period is 60 days.

Deferred revenues also include amounts collected in advance of the year in which earned. The State has reported as such deferred revenues the amount of \$30,029,000 within the General Fund, \$2,563,000 within major special revenue funds, \$10,851,000 within the State Road Fund, and \$19,741,000 within the internal service funds which totals \$63,184,000 for governmental activities. Total deferred revenue for business type activities is \$603,000 which includes \$562,000 within the Petroleum Storage Tank Insurance Fund, \$41,000 within the non-major enterprise funds.

Component Units

Deferred revenue amounts collected in advance of the year in which earned are reported in the amount of \$71,667,000 within the college and university funds and \$22,049,000 within the non-major component units which totals \$93,716,000 for component units.

P. Long-Term Debt

Long-term liabilities that will be financed from governmental funds are not reported on the fund financial statements. However, the long-term liabilities are reported on the government-wide financial statements. The reconciliation between fund financial statements and government-wide financial statements includes a line item for the long-term liabilities of governmental funds. These long-term liabilities include the following:

1. Due to Other Entities includes outstanding principal on advances from other governments, contractual obligations to other governments, and loans from other entities. The expenditures are recorded in the appropriate governmental funds when the liability is paid (see *Note 11*).
2. Outstanding principal for general obligation debt. The expenditure for payment of principal and interest for general obligation debt is recorded in the debt service funds when paid (see *Note 12*).
3. Outstanding principal for revenue bonds issued by the Board of Public Buildings, bonds issued by the Health and Educational Facilities Authority, bonds issued by the Regional Convention and Sports Complex Authority, and State Road bonds issued by the Missouri Highways and Transportation Commission. The expenditure for payment of principal and interest for these bonds is recorded in the appropriate governmental funds when paid (see *Note 12*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

4. Bond premiums are deferred and amortized over the life of the bonds using the effective interest rate method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium.

In the fund financial statements, governmental fund types recognize bond premiums during the current period. Premiums on debt issuances are reported as other financing sources (see *Note 11*).

5. Obligations under lease/purchases reported include the present value of net minimum future lease payments, which will be paid from the General Fund, various special revenue funds, and the State Road Fund (see *Notes 6 and 11*).
6. Compensated absences include accumulated unpaid vacation and compensatory time accruals and related employer payroll taxes. These amounts are not accrued in the governmental funds but are recorded as expenditures when paid (see *Note 11*).

Vacation leave is accumulated at a rate of 10 to 14 hours a month depending on the number of years of employment. Accumulated vacation leave cannot exceed twice the number of vacation hours earned annually. Compensatory time is accumulated as earned by an individual employee.

Sick leave is accumulated at a rate of 10 hours per month with no limit to the amount which can be accumulated. Accumulated sick leave is not paid upon employee termination and does not represent a liability of the State.

The expenditures for all compensated absences are made primarily from the General Fund and special revenue funds.

7. Claims and judgments include estimates of the risk of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. Claims liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Expenditures are recorded in the fund from which the liability is paid (see *Notes 11 and 22*).

Long-term liabilities of all proprietary, pension (and other employee benefit) trust, and private-purpose trust funds are accounted for in the respective funds.

Q. Net Assets/Fund Balance

The difference between fund assets and liabilities is reported as “Net Assets” on the government-wide, proprietary, and fiduciary fund statements, and “Fund Balance” on the governmental fund financial statements. A description of “Restricted Net Assets” is presented in Part B of this note disclosure.

On the governmental fund financial statements, “reserves” represent those portions of fund balance not available for expenditure or legally segregated for a specific future use. Following is a list of reserves used by the State of Missouri and a description of each:

Reserved for Budget Reserve – An account used to meet the cash flow requirements and program funding requirements of the State.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

Reserved for Inventories – An account used to segregate a portion of fund balance to indicate that inventories do not represent available, spendable resources.

Reserved for Future Distribution – An account used to segregate a portion of fund balance for the specific future use of other entities.

Reserved for Landfill Postclosure – An account used to segregate a portion of fund balance to pay postclosure costs for landfill owners that have defaulted on their obligation to pay postclosure care costs (see *Note 21*).

Reserved for Taxes – An account used to segregate a portion of fund balance for taxes received for which payment was made under protest and for bonds filed by license holders for security against default of payment of tax liabilities.

Reserved for Debt Service – An account used to segregate a portion of fund balance for debt service resources legally restricted to the payment of general long-term debt principal and interest amounts maturing in future years.

Reserved for Loans Receivable – An account used to segregate a portion of fund balance to indicate that loans receivable do not represent available, spendable resources.

Reserved for Trust Principal – An account used to segregate a portion of fund balance to indicate the principal amount of permanent funds that is legally restricted for a specific future purpose.

R. Revenues

The revenues of the General Fund include federal grants and contributions of \$6,592,546,000. Revenues for all funds are reported net of refunds of \$1,484,535,000.

S. Interfund Transactions

During the fiscal year the State incurs various transactions between funds, including expenditures and transfers of resources to distribute interest earnings, finance operations, provide services, construct assets, and service debt. Interfund transactions basically consist of these two types:

1. Transactions that would be treated as revenues or expenditures/expenses if they involved organizations external to the State are similarly treated when involving other funds of the State. Major transactions that fall into this category include payments to internal service funds from other funds for services rendered and to agency funds for contributions for employee benefits.
2. Transfers from funds receiving revenues to funds through which the resources are to be expended and operating subsidies are classified as transfers (see *Note 16*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 1 – Significant Accounting Policies (cont.)

T. Expenditures and Expenses

Expenditures and expenses are reported net of revenue over collections of \$1,155,002,000 and \$863,000, respectively. Expenditures and expenses are reported net of overpayments to vendors, individuals, school districts and for cost reimbursements of \$327,865,000 and \$805,000, respectively.

U. Property Taxes

Presently there is a state property tax of three cents on each hundred dollars assessed valuation on all real estate and personal property. The tax collected is deposited into the Blind Pension Fund.

The property taxes in Missouri are levied by October 31 of each year on assessed valuation as of January 1 of that year. Property taxes are due and payable by December 31 and penalties on unpaid taxes are imposed after that date. Assessed values are established by each county assessor's office and are calculated as a percent of market value except for agricultural land which is calculated on productive capability. The percentage for real property varies according to use: residential at 19%, commercial at 32% and agricultural at 12%. Personal property is assessed according to type with the majority at 33 1/3% of market value.

Note 2 – Reporting Changes and Reclassifications

The Missouri State Public Employees' Deferred Compensation (IRC 457) Plan has been reclassified from a private-purpose trust fund to a pension (and other employee benefit) trust fund for the fiscal year ended June 30, 2004.

The State of Missouri implemented the following new accounting standard issued by the Governmental Accounting Standards Board (GASB) for the fiscal year ended June 30, 2004:

- Statement No. 40, *Deposit and Investment Risk Disclosures*.

Statement No. 40 amends Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*. Statement No. 40 revises the existing requirements regarding disclosure of custodial credit risk, as required by Statement No. 3 and establishes new requirements for disclosures regarding credit risk, concentration of credit risk, interest rate risk, and foreign currency risk.

Note 3 – Deposits, Investments and Securities Lending Program

The State Treasurer maintains a cash and short-term investment pool that is used by substantially all state funds. These funds do not include accrued interest. Certain organizational units are authorized to administer assets designated to their organization in a manner similar to the deposit and investment activities of the State as a whole. Summarized below is the portfolio that represents the "Cash and Cash Equivalents", "Investments", "Restricted Assets – Cash and Cash Equivalents", "Restricted Assets – Investment" and "Bank Overdraft" as reported at June 30, 2004.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

A. Deposits

The State minimizes custodial credit risk by restrictions set forth in state law. Custodial credit risk is risk associated with the failure of a depository financial institution. In the event of a depository financial institution's failure the State would not be able to recover its deposits or collateralized securities that are in the possession of the outside parties. Statutes restrict the State Treasurer to deposit funds in financial institutions that are physically located in Missouri which are selected based on financial stability and community involvement. The financial institution's loan to deposit ratio must exceed 50% at the time of deposit and deposits must be collateralized at least 100% with approved securities. Deposits must have a maturity of five years or less and earn interest at a rate equal to that paid on U.S. Treasury securities with equivalent maturities.

Primary Government

At June 30, 2004, the reported amount of the primary government's deposits was \$516,365,000 and the bank balance was \$518,815,000. Of the bank amount, \$163,000 was uncollateralized, \$115,832,000 was collateralized with securities held by the counterparty's trust department or agent in the State's name, and \$62,000 was collateralized with securities held by the counterparty's trust department or agent but not in the State's name.

Fiduciary

At June 30, 2004, the reported amount of the deposits of the fiduciary funds was \$323,416,000 and the bank balance was \$323,416,000. Of the bank amount, \$2,422,000 was uncollateralized.

Component Units

At June 30, 2004, the reported amount of the deposits of the component units was \$411,158,000 and the bank balance was \$383,167,000. Of the bank amount, \$2,960,000 was uncollateralized, \$201,130,000 was collateralized with securities held by the counterparty's trust department or agent in the component units' name, and \$125,370,000 was collateralized with securities held by the counterparty's trust department or agent but not in the component units' name.

B. Investments

Statutes authorize the State Treasurer to invest in U.S. Treasury or Agency securities maturing within five years, commercial paper and banker's acceptances maturing within 180 days, or in repurchase agreements maturing within ninety days secured by U.S. Treasury or Agency securities of any maturity. The internal service funds, the agency and pension (and other employee benefit) trust funds, and the component units, in accordance with statutory authority, invest primarily in U.S. Government securities, repurchase agreements, preferred and common stocks, bonds, real estate, and fixed income securities. There have been no violations of these investment restrictions during fiscal year 2004.

The State Treasurer minimizes credit risk, the risk of loss due to the failure of the security issuer or backer, by establishing a pre-approved list of financial institutions and companies that will be used to purchase commercial paper. The State Treasurer also conducts regular credit monitoring, pre-qualifies the financial institutions and brokers/dealers with which the Treasurer's Office will do business for broker services and repurchase agreements, and diversifies the portfolio to reduce potential losses on individual securities.

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004**

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

Primary Government

At June 30, 2004, the reported amount of the primary government's investments was \$2,799,220,000. Of the amount, \$100,952,000 was uninsured and unregistered with securities held by the counterparty's trust department or agent in the State's name.

Fiduciary

At June 30, 2004, the reported amount of the fiduciary funds investments was \$8,298,574,000. Of the amount, \$30,000 was uninsured and unregistered with securities held by the counterparty's trust department or agent in the State's name, and \$1,043,645,000 was uninsured and unregistered with securities held by the counterparty's trust department or agent but not in the State's name.

Component Units

At June 30, 2004, the reported amount of the component units investments was \$1,604,581,000. Of the amount, \$1,319,095,000 was uninsured and unregistered with securities held by the counterparty's trust department or agent in the component units' name, and \$5,667,000 was uninsured and unregistered with securities held by the counterparty's trust department or agent but not in the component units' name.

The following table (in thousands of dollars) provides information about the interest rate risks associated with the State's investments. The investments include certain short-term cash equivalents, various long-term items, and restricted assets by maturity in years. The State Treasurer minimizes the risk of the market value of securities falling due to changes in interest rates by maintaining an effective duration of less than 1.5 years, and holding at least 40% of the portfolio's total market value in securities with a maturity of 12 months or less.

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004**

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

The State minimizes concentration of credit risk, the risk attributed to the magnitude of an investment in a single issuer. State statute prohibits the State Treasurer from investing more than 5% of the total investment portfolio into any single financial institution or issuer, excluding U.S. securities and repurchase agreements. There are no restrictions in the amount that can be invested in U.S. securities, however, there can be no more than 15% of the total portfolio invested in repurchase agreements. During fiscal year 2004, the State did not have more than 5% of total investments in a single issuer.

The State Treasurer requires investments in commercial paper and bankers' acceptances have the highest letter and numerical ranking (A1/P1) as rated by Moody's Investor Service, Inc. (Moody's) and Standard & Poor's Corporation (S & P). The Treasurer does not have any additional policies regarding credit ratings of investments. The following table (in thousands of dollars) provides information on the credit ratings associated with the State's investments in debt securities.

The State Treasurer does not have a policy regarding foreign currency risk, which is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The following table (in thousands of dollars) provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars. The State Treasurer's Office does not have any deposits or investments in foreign currency, however, the Missouri State Employees' Retirement System and the Missouri Highway and Transportation Employees' and Highway Patrol Retirement System do have foreign currency deposits and investments which may be used for hedging purposes. In addition to the amounts provided in the table, the University of Missouri System had \$294,808,000 in government obligations, \$83,119,000 in bonds, \$496,500 in stock, and \$2,877,000 in other investments held in foreign currencies as of June 30, 2004.

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

C. Securities Lending Program

State Treasurer's Office:

The Missouri State Treasurer's Office participates in a securities lending program to augment investment income. Authority to participate rests in Section 30.260.5 RSMo. The program is administered by U.S. Bank as the State Treasurer's custodial agent bank, which lends certain securities to registered broker-dealers as approved by the State Treasurer's Office in exchange for collateral. At least 75% of the collateral received must match the maturities of the securities lent with a maximum duration gap between loans and investments of 15 days. The maximum life of term loans shall be 90 days. Collateral may be in the form of cash, securities issued or guaranteed by the United States Government or its agencies, or bank letters of credit or equivalent obligation if pre-approved by the State Treasurer's Office. Collateral must be provided in the amount of 102% of the then market value of the loaned securities and accrued interest, if any. The Custodian (U.S. Bank) provides for full indemnification to the State Treasurer's Office for any losses that might occur in the program due to borrower default, insolvency, or failure to return loaned securities.

At June 30, 2004, the State Treasurer's Office had an aggregate fair value of securities lent of \$1,632,357,000 and an aggregate fair value of collateral received of \$1,665,303,000.

Missouri State Employees' Retirement System:

The Missouri State Employees' Retirement System's (MOSERS) Board of Trustees' investment policies permit the pension trust funds to participate in securities lending programs. Lehman Brothers, who acts as the exclusive borrower of the domestic equity securities and Credit Suisse/First Boston, who manages the lending of fixed income and international securities, manage the programs. Certain securities of the pension trust funds are loaned to participating brokers who provide collateral in the form of cash, U.S. Treasury or Government Agency securities, or letters of credit issued by approved banks. Collateral must be provided in the amount of 102% of market value for domestic loans and 105% of market value for international loans. In order to reduce credit risk in this exclusive agreement, MOSERS has placed a cap of \$250 million on the amount of securities that can be on loan at any given time. The Custodian (Bankers Trust Company) provides for full indemnification to the pension trust funds for any losses that might occur in the program due to broker default, insufficiency of collateral, or operations risk associated with corporate actions and income collection. Full indemnification and daily monitoring of securities that are on loan ensure proper collateralization levels and mitigate counterparty risk.

The majority of the security loans are open loans and can be terminated on demand by either MOSERS or the borrower. Cash collateral is invested in short-term investment funds. The cash collateral investments of the Lehman Brothers and Credit Suisse program each had a weighted average maturity of 28 days as of June 30, 2004.

Investment income derived from the domestic loans and international equity lending programs are subject to minimum guarantees.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

Missouri Highway and Transportation Employees' and Highway Patrol Retirement System:

In accordance with the investment policies set by the board of trustees, the Missouri Highway and Transportation Employees' and Highway Patrol Retirement System (the System), lends its securities to broker-dealers and banks pursuant to a form of loan agreement. The System's custodial bank is authorized to lend available securities to approved broker-dealers and banks subject to the receipt of acceptable collateral.

During the fiscal year, the System lent securities and received cash, securities insured or guaranteed by the U.S. government or its agencies, and irrevocable bank letters of credit as collateral. The System did not have the ability to pledge or sell collateral securities absent a borrower default. Borrowers were required to deliver collateral for each loan equal to: (1) in the case of loaned securities denominated in dollars or whose primary trading market was located in the United States, 102% of the market value of the loaned securities; and (2) in the case of loaned securities not denominated in U.S. dollars or whose primary trading market was not located in the United States, 105% of the market value of the loaned securities.

The System did not impose any restrictions during the fiscal year on the amount of the loans that the custodial bank made on its behalf. There were no failures by any borrowers to return loaned securities or pay distributions thereon during the year.

The System and borrowers maintained the right to terminate all securities lending transactions on demand. The collateral held at June 30, 2004, was \$166,553,000 and the market value of securities on loan for the System was unavailable as of the System's report date.

At June 30, 2004 and 2003, the System earned \$333,000 and \$129,000, respectively, on the securities lending program.

University of Missouri System:

The University participates in a securities lending program to augment income. The program is administered by the University's custodial agent bank, which lends certain securities for a predetermined period of time, to an independent broker/dealer (borrower) in exchange for collateral. Collateral may be cash, U.S. government securities, defined letters of credit or other collateral approved by the University. Loans of domestic securities are initially collateralized at 102% of the fair value of securities lent. Loans of international securities are initially collateralized at 105% of the fair value of securities lent. The University has minimized its exposure to credit risk from borrower default by having the custodial agent bank determine daily that required collateral meets a minimum of 100% of the market value of securities on loan for domestic securities lent and 105% for international securities lent. The University continues to receive interest and dividends during the loan period as well as a fee from the borrower. At June 30, 2004, the University has no credit risk exposure since the collateral held exceeds the value of the securities lent. The University is fully indemnified by its custodial bank against any losses incurred as a result of borrower default.

In addition, at June 30, 2004, letters of credit and security collateral, not meeting the criteria for inclusion on the Combined Statement of Net Assets, totaled \$3,555,000. At June 30, 2004, the aggregate fair value of the securities lent was \$60,000,000 and the aggregate fair value of the collateral received was \$62,138,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 3 – Deposits, Investments and Securities Lending Program (cont.)

D. Derivatives

Missouri State Employees' Retirement System (MOSERS), through its external investment managers, has an investment policy which holds investments in futures contracts, swap contracts, and forward foreign currency exchange contracts. MOSERS does not anticipate additional significant market risk from the swap arrangements. The forward foreign currency exchange contracts are used primarily to hedge against changes in exchange rates related to foreign equities. MOSERS could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. MOSERS anticipates that the counterparties will be able to satisfy their obligation as credit evaluations and credit limits are monitored by the investment managers. MOSERS also invests in mortgage-backed securities to diversify the portfolio and increase the return while minimizing the extent of risk.

The following table (in thousands of dollars) summarizes the various contracts in MOSERS portfolio as of June 30, 2004. The investments are reported at fair value and are included on the Statement of Plan Net Assets of the pension trust funds.

Futures Contracts:

<u>Notional Amount</u>	<u>Exposure</u>
\$355,581	\$4,877

Swaps:

<u>Notional Amount</u>	<u>Counterparty Exposure</u>
\$48,056	\$(1,991)

Note 4 – Federal Surplus Commodities Inventory

The federal surplus commodities inventory for the Department of Social Services and the Department of Health and Senior Services were \$318,000 and \$4,303,000, respectively, as of June 30, 2004. This inventory is not considered to be an asset of the State and is not included in the financial statements.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 6 – Leases

Capital

The State has entered into various agreements to lease land, buildings and equipment. FASB Statement No. 13, *Accounting For Leases*, requires a lease that transfers substantially all of the benefits and risks of ownership to the lessee to be accounted for as the acquisition of a capital asset and the incurrence of an obligation by the lessee (a capital lease).

Capital leases for the enterprise, internal service, and college and university funds are reported as a long-term obligation in those funds along with the related assets. Capital leases and the related assets are not reported on the fund financial statements of governmental type funds. However, the capital leases and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

Following is a summary of the future minimum lease payments for capital leases (in thousands of dollars):

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Governmental</u> <u>Funds</u>	<u>Enterprise</u> <u>Funds</u>	<u>Internal Service</u> <u>Funds</u>	<u>College and</u> <u>University</u>
2005	\$ 28,561	\$ 184	\$ 1,607	\$ 3,181
2006	28,153	184	1,077	1,739
2007	21,013	184	338	1,424
2008	20,177	184	118	1,296
2009	19,656	184	118	1,215
2010–2014	94,402	919	591	6,075
2015–2019	58,746	552	118	6,075
2020–2024	---	---	---	304
Total minimum lease payments	<u>270,708</u>	<u>2,391</u>	<u>3,967</u>	<u>21,309</u>
Less amount representing interest	<u>77,170</u>	<u>1,056</u>	<u>317</u>	<u>8,143</u>
Present value of net minimum lease payments	<u>\$ 193,538</u>	<u>\$ 1,335</u>	<u>\$ 3,650</u>	<u>\$ 13,166</u>

Assets acquired through these capital lease agreements are recorded as capital assets at the lower of the present value of the minimum lease payments or the fair value at the time of acquisition. The following is an analysis of the property under capital lease by asset category as of June 30, 2004 (in thousands of dollars):

	<u>Governmental</u> <u>Funds</u>	<u>Enterprise</u> <u>Funds</u>	<u>Internal Service</u> <u>Funds</u>	<u>College and</u> <u>University</u>
Land	\$ ---	\$ ---	\$ ---	\$ 152
Buildings	215,653	1,413	1,318	14,790
Equipment	<u>42,879</u>	<u>---</u>	<u>8,560</u>	<u>3,969</u>
Total Capital Assets	<u>\$ 258,532</u>	<u>\$ 1,413</u>	<u>\$ 9,878</u>	<u>\$ 18,911</u>

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004**

Note 6 – Leases (cont.)

Operating

The State has entered into various operating leases for land, buildings, and equipment. Most of these leases are classified as operating because the lease period is one year with multiple renewal options. Future minimum commitments due under operating leases as of June 30, 2004, were as follows (in thousands of dollars):

<u>Year Ending June 30</u>	<u>Primary Government</u>	<u>Component Units</u>
2005	\$ 33,841	\$ 2,388
2006	27,030	1,242
2007	20,115	611
2008	15,195	427
2009	10,040	379
2010–2014	20,850	692
2015–2019	675	487
2020–2024	524	---
After 2024	<u>102</u>	<u>---</u>
Total Minimum Commitments	<u>\$ 128,372</u>	<u>\$ 6,226</u>

Expenditures for rent under operating leases for the years ended June 30, 2004 and June 30, 2003 were \$33,788,000 and \$33,509,000, respectively.

Rental Revenue

The State leases certain state owned facilities to entities outside the State. These lessor arrangements are generally long-term commitments which either generate revenue from otherwise idle property or better serve Missouri's citizens by providing convenient access to products and services. Future minimum receivables, payable from lessor arrangements as of June 30, 2004, were as follows (in thousands of dollars):

<u>Year Ending June 30</u>	<u>Primary Government</u>	<u>Component Units</u>
2005	\$ 330	\$ 1,190
2006	312	658
2007	296	618
2008	230	604
2009	225	604
2010–2014	1,102	2,900
2015–2019	1,097	2,896
2020–2024	1,097	2,798
After 2024	<u>59</u>	<u>13,097</u>
Total Minimum Receivables	<u>\$ 4,748</u>	<u>\$ 25,365</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 7 – Retirement Systems

The State has two major retirement systems which cover substantially all state employees. These systems are Missouri State Employees' Retirement System (MOSERS) and Highway and Transportation Employees' and Highway Patrol Retirement System (HEHPRS). The University of Missouri's Retirement Plan is included as the University is a component unit of the State. The Public School Retirement System is included in this note disclosure as the State contributes to it. The Missouri State Employees' Deferred Compensation Incentive Plan is a defined contribution pension plan, to which the State also contributes.

Plan Descriptions

The Missouri State Employees' Plan (MSEP), Administrative Law Judges and Legal Advisors Plan (ALJLAP) and the Judicial Plan are single-employer defined benefit public employees' retirement plans administered by MOSERS. The Plans are administered in accordance with the Revised Statutes of Missouri Sections 104.010 and 104.312-104.1215, 287.812-287.856 and 476.445-476.690, respectively.

The MSEP has two benefit structures known as MSEP (closed plan) and MSEP 2000 (new plan). The MSEP covers all full-time employees hired before July 1, 2000, who are not covered under another state-sponsored retirement plan. MSEP 2000 covers all full-time employees hired on or after July 1, 2000. Members in the closed plan have the option at retirement to choose between the benefit structure of the closed plan or new plan. Retirement benefits for members of the ALJLAP and Judicial Plan are administered and paid by MOSERS.

MOSERS provides retirement, death, and disability benefits to its members. MOSERS employees are fully vested after 5 years of creditable service (4 years for elected officials and 6 years for legislators). The retirement eligibility requirements are as follows:

MSEP

Age 65 and active with 4 years of service
Age 65 with 5 years of service
Age 60 with 15 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 55 with at least 10 years of service with reduced benefits.

ALJLAP

Age 62 with 12 years of service
Age 60 with 15 years of service
Age 55 with 20 years of service
Employees may retire early at age 65 with less than 12 years of service with a reduced benefit that is based upon years of service relative to 12 years.

MSEP 2000

Age 62 with 5 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 57 with at least 5 years of service with reduced benefits.

Judicial Plan

Age 62 with 12 years of service
Age 60 with 15 years of service
Age 55 with 20 years of service
Employees may retire early at age 62 with less than 12 years of service or age 60 with less than 15 years of service with reduced benefit that is based upon years of service relative to 12 or 15 years.

For members hired prior to August 28, 1997, cost of living adjustments (COLA's) are provided annually based on 80% of the change in the Consumer Price Index (CPI) with a floor of 4% and a ceiling of 5%, until the cumulative amount of COLA's equal 65% of the original benefit, thereafter the 4% floor is eliminated. For members hired on or after August 28, 1997, COLA's are provided annually based on 80% of the change in the CPI up to a maximum rate of 5%. Qualified, terminated-vested members of MSEP, ALJLAP, and Judicial Plan may make a one-time election to receive the present value of benefit in a lump sum payment. To qualify, a member must have terminated with at least 5, but less than 10 years of service, be less than age 60, and have a benefit present value of less than \$10,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 7 – Retirement Systems (cont.)

The Highway and Transportation Employees' and Highway Patrol Retirement System (HEHPRS) is a single-employer defined benefit public employees' retirement system administered in accordance with the Revised Statutes of Missouri Sections 104.010-104.270.

HEHPRS membership is composed of qualified employees of the Missouri Highways and Transportation Commission (includes employees of the Department of Transportation), and uniformed and non-uniformed members of the State Highway Patrol.

HEHPRS provides retirement, death and disability benefits to its members. HEHPRS employees are fully vested after 5 years of creditable service. Employees may retire at age 65 with 4 years of service; age 60 with 15 years of service; age 55 with 4 years of service (uniformed members only); or age 48 with age and service equaling 80 or more. Employees may retire between the ages of 55 and 59 and receive a reduced benefit if they have at least 10 years and less than 30 years of service. For members hired prior to August 28, 1997, cost of living adjustments (COLA's) are provided annually based on 80% of the change in the Consumer Price Index (CPI) with a floor of 4% and a ceiling of 5%, until the cumulative amount of COLA's equal 65% of the original benefit, thereafter the 4% floor is eliminated. For members hired on or after August 28, 1997, COLA's are provided annually based on 80% of the CPI. Effective August 28, 2003, uniformed patrol members who previously were employed by a non-federal public entity will be allowed to purchase creditable service time of up to 4 years maximum.

Copies of financial reports issued by MOSERS and HEHPRS can be requested from:

Jefferson City, Missouri 65102-1930

Funding Requirement

MOSERS administers plans which cover substantially all State of Missouri employees. The State of Missouri is obligated by state law to make all required contributions to the System. The actuarially determined contributions are expressed as a level percentage of covered payroll. Current year actuarially determined contribution rates for the MSEP, ALJLAP and the Judicial Plan are 9.35%, 20.12% and 51.68%, respectively. Actual contribution rates are the same as the actuarially determined rates.

The State of Missouri makes all required contributions to HEHPRS. Current year calculated contribution rates are 38.40% for uniformed members of the Highway Patrol and 25.54% for non-uniformed members of the Highway Patrol and employees of the Department of Transportation. Actual contribution rates are the same as the actuarially determined rates.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 7 – Retirement Systems (cont.)

Annual Pension Cost and Net Pension Obligation

The annual pension cost and net pension obligation for the current year were as follows (in thousands of dollars):

	<u>MSEP</u>	<u>ALJLAP</u>	<u>Judicial Plan</u>	<u>HEHPRS</u>
Annual required contribution	\$ 164,692	\$ 946	\$ 20,636	\$ 86,725
Interest on net pension obligation	4,850	8	3,346	---
Actuarial adjustment to annual required contribution	<u>(3,371)</u>	<u>(5)</u>	<u>(2,326)</u>	<u>---</u>
Annual pension cost	166,171	949	21,656	86,725
Contributions made	<u>(164,692)</u>	<u>(946)</u>	<u>(20,636)</u>	<u>(86,725)</u>
Increase in net pension obligation	1,479	3	1,020	---
Net pension obligation, beginning of year	<u>57,059</u>	<u>94</u>	<u>39,363</u>	<u>---</u>
Net pension obligation, end of year	<u>\$ 58,538</u>	<u>\$ 97</u>	<u>\$ 40,383</u>	<u>\$ ---</u>

The annual required contribution for MOSERS for the current year was determined as part of an actuarial valuation of the Systems as of June 30, 2002, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the valuation for MOSERS include (a) rate of return on the investment of present and future assets of 8.5% per year compounded annually, (b) projected salary increases of 4.0% per year annually, attributable to inflation, (c) additional projected salary increases ranging from 0% to 2.7% per year for MSEP and 0% to 1.6% for ALJLAP and Judicial Plan, depending on age, attributable to seniority and/or merit and (d) the assumption that benefits will increase 4.0% per year after retirement.

The actuarial valuation of the System dated June 30, 2004, will set the required contribution rates for the fiscal year ending June 30, 2006. The actuarial value of assets was determined using a 5-year valuation method which fully recognizes expected investment return and averages unanticipated market return. The unfunded actuarial accrued liabilities are amortized on a closed basis as a level percentage of payroll over 32 years.

The annual required contribution for HEHPRS for the current year was determined as part of an actuarial valuation as of June 30, 2003, using the normal entry age actuarial cost method. Significant actuarial assumptions used in the valuation for HEHPRS include (a) rate of return on the investment of 8.25% and (b) projected wage inflation rate of 4.0%.

Public School Retirement System of Missouri:

The State of Missouri also made employer contributions to the Public School Retirement System of Missouri which is a cost-sharing multiple-employer defined benefit public employees' retirement system. The System includes all public school districts within the State except for the two districts covering the major metropolitan areas. It also includes certain public colleges and universities and some state employees.

The benefit provisions include retirement annuities, death benefits and disability benefits. A member is vested after acquiring five years of membership credit for Missouri service.

The System was created and is governed by Chapter 169 of the Revised Statutes of Missouri. State employees who elect to remain with the Public School Retirement System under the Revised Statutes of Missouri, Section 104.342, are covered by the System.

Employees of the State are not required to contribute. The State, as employer, contributed \$2,752,000, \$2,951,000, and \$3,057,000 for the years ending June 30, 2004, 2003 and 2002, respectively, to the System, equal to the required contributions for each year.

Missouri State Employees' Deferred Compensation Incentive Plan:

The Plan was established by the Missouri State Public Employees' Deferred Compensation Commission in July 1995 pursuant to Section 401(a) of the Internal Revenue Code. It is administered by the Public Employees Benefit Services Corporation (PEBSCO).

Under the Plan provisions, any employee of the State is eligible to participate in the Plan if he/she has been an employee of the State for at least 12 consecutive months immediately preceding any employer contributions to the Plan, and is making continuous monthly deferrals of at least \$25 to the Missouri State Public Employees' Deferred Compensation Plan. The State, subject to appropriation, contributes \$25 per month for each employee that meets these requirements. Participating employees are 100% vested.

The first employer contributions to the Plan were made in January 1996. During fiscal year 2004, employer contributions were \$11,214,000. No employee contributions are made to the Plan.

Copies of the Plan's financial statements can be requested from:

PEBSCO – A Division of Nationwide
Retirement Solutions, Inc.
One Nationwide Plaza, 1-13-G1
Columbus, Ohio 43215-2220

College and University:

University of Missouri Retirement System

Plan Description

The University of Missouri Retirement, Disability and Death Benefit Plan is a single employer, defined benefit plan for all qualified employees. The University's Board of Curators establishes the terms of the Plan and administers it as authorized by state statute.

All full-time employees are eligible for benefits after five years of credited service. Full benefits are available to members who retire at age 65 or after. Early retirement may be taken, at member's option, after age 55 with at least ten years of credited service, or age 60 with five years of credited service. Benefits are reduced for those who retire early, unless they retire at age 62 or later with at least 25 years of credited service. At retirement, up to 30% of the value of the retirement annuity can be taken in a lump sum; also the single life annuity can be exchanged for an actuarially equivalent annuity option.

Separate financial statements and supplemental schedules are not prepared for the Plan.

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 7 – Retirement Systems (cont.)

Detailed information concerning the Plan is presented in the University's 2004 financial report, which is publicly available. Copies of this report can be requested from:

University of Missouri System
Office of the Controller
118 University Hall
Columbia, Missouri 65211

Funding Requirement

The University's contributions to the Plan are equal to the actuarially determined contribution requirement, as a percent of payroll, which averaged 6.7% for the year ended June 30, 2004. The Plan is funded 100% by University contributions and does not require employee contributions. The contribution rate is updated annually at the beginning of the University's fiscal year on July 1 to reflect the actuarially determined funding requirement from the most recent valuation, as of the preceding October 1, and the adoption of any Plan amendments during the interim.

Annual Pension Cost and Net Pension Obligation

The annual pension cost and net pension obligation for the current year were as follows (in thousands of dollars):

Annual required contribution	\$	48,521
Interest on net pension obligation		---
Adjustment to annual required contribution		---
Annual pension cost		48,521
Contributions made		(48,521)
Change in net pension obligation		---
Net pension obligation, beginning of year		---
Net pension obligation, end of year	\$	---

The annual required contribution for the University for the current year was determined as part of an actuarial valuation of the System as of October 1, 2002, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the valuation include (a) assumed rate of return on investments of 8.0% per year, (b) projected salary increases for academic and administrative employees averaging 5.2% per year, (c) projected salary increases for clerical and service employees averaging 4.5% per year, and (d) assumed no future retiree ad-hoc increases or cost of living adjustments.

Note 8 – Other Postemployment Benefits

In addition to the retirement benefits described in *Note 7*, the State provides postemployment health care and life insurance benefits, in accordance with state statutes, to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the Highway and Transportation Employees' and Highway Patrol Insurance Plan (HEHPIP), and the Conservation Employees' Insurance Plan (CEIP). The eligible number of retirees/long-term disability claimants for MCHCP, HEHPIP, and CEIP for health care benefits are approximately 11,402, 3,943, and 518, respectively. The eligible number of retirees/long-term disability claimants for MOSERS, HEHPIP, and CEIP for life insurance benefits are 13,825, 3,132, and 353, respectively. Health care benefits are funded through both employer and employee contributions. MOSERS life insurance benefits are funded through employer and employee contributions. HEHPIP and CEIP life insurance benefits are funded through employee contributions. Employer contribution rates are set in accordance with Section 103.100 of the Revised Statutes of Missouri. Retiree contribution rates are established based on projected claims experience and funding provided by employer contributions. Insurance policies are purchased for life insurance benefits and are the liability of the insurance carrier. For fiscal year 2004 the State's contributions were 49.56% of the total (employer/employee) contributions made for other postemployment benefits.

Currently, the number of retirees/long-term disability claimants participating in each plan is as follows:

	Health Care	Life Insurance
MCHCP	11,402	---
MOSERS	---	13,825
HEHPIP	3,943	3,132
CEIP	518	353
Total	15,863	17,310

During fiscal year 2004 the State contributed the following amounts:

	Health Care	Life Insurance
MCHCP	\$ 34,829,913	\$ ---
MOSERS	---	1,667,842
HEHPIP	10,584,518	---
CEIP	1,650,612	---
Total	\$ 47,065,043	\$ 1,667,842

During fiscal year 2004 the expenditures recognized by the State for (employer/employee) other postemployment benefits were as follows:

	Health Care	Life Insurance
MCHCP	\$ 69,720,735	\$ ---
MOSERS	---	---
HEHPIP	24,672,422	1,445,500
CEIP	2,900,340	268,884
Total	\$ 97,293,497	\$ 1,714,384

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 8 – Other Postemployment Benefits (cont.)

College and University Funds:

University of Missouri System

In addition to the retirement benefits described in *Note 7*, the University provides postemployment medical care, dental care, and life insurance benefits to eligible employees who retire from the University and to employees receiving long-term disability benefits. Currently, 5,475 retirees/long-term disability claimants meet the eligibility requirements. These postemployment benefits are funded through both employer and employee contributions. For fiscal year 2004 the University's contributions were 55.85% of the total (employer/employee) contributions made for other postemployment benefits.

Currently, the numbers of retirees/long-term disability claimants participating are 4,911 for medical care, 4,428 for dental care, 2,750 for life insurance, and 3,952 for accidental death and dismemberment, dependent life and long-term care insurance. During fiscal year 2004, the University contributed \$16,647,000 for other postemployment benefits. The expenditures recognized by the University for (employer/employee) other postemployment benefits were \$29,133,000.

Note 9 – Missouri State Public Employees' Deferred Compensation Plan

In accordance with Internal Revenue Code Section 457, the State offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under the Plan, employees are permitted to defer a portion of their current salary until future years.

All amounts of compensation deferred under the Plan must be held in a trust, custodial account or annuity contract for the exclusive benefit of Plan participants and their beneficiaries. Investments are managed by the Plan's trustee under one of several investment options, or a combination thereof. The choice between the investment option(s) available by the Plan is made by the participants.

Copies of the Plan's financial statements can be requested from:

PEBSCO – A Division of Nationwide
Retirement Solutions, Inc.
One Nationwide Plaza, 1-13-G1
Columbus, Ohio 43215-2220

Note 10 – Changes in Short-Term Liabilities

The State uses a bank overdraft line of credit to compensate for timing in cash payments and receipts. Budget reserve loans are also issued to the General Revenue Fund and other funds to maintain adequate cash balances for anticipated payments.

The following is a summary of the changes in short-term liabilities for the year ended June 30, 2004 (in thousands of dollars):

	Balance <u>July 1, 2003</u>	Increases	Decreases	Balance <u>June 30, 2004</u>

* Beginning balances as of July 1, 2003 have been restated (see *Note 17*).

Note 12 – Bonds Payable

Bonds are long-term liabilities and are reconciling items from fund financial statements to government-wide financial statements. These bonds are included as long-term liabilities because the principal and interest payments required for retirement of the bonds are made from governmental funds. On the Government-Wide Statement of Net Assets, the long-term liabilities are shown as the amounts due within one year from the date of the statement and the amounts due in more than one year from the date of the statement.

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004**

Note 12 – Bonds Payable (cont.)

General Obligation Bonds:

The Board of Fund Commissioner's of the State of Missouri, upon voter approval and subsequent authorization of the General Assembly, issues general obligation bonds that are secured by a pledge of the full faith, credit and resources of the State. The principal and interest amounts are transferred one year in advance from the General Fund to the debt service funds from which principal and interest payments are made. Four types of general obligation bonds are currently outstanding. Proceeds from the Water Pollution Control Bonds were used to provide funds for the protection of the environment through the control of water pollution. Proceeds from the \$600,000,000 Third State Building Bonds were used to provide funds for improvements of state buildings and property. Proceeds from the \$250,000,000 Fourth State Building Bonds were used to provide funds for improvements of buildings and property of higher education institutions, Department of Corrections, and the Division of Youth Services. Proceeds from the Stormwater Control Bonds were used to provide funds to protect the environment through the control of stormwater.

To take advantage of lower interest rates, the Board of Fund Commissioners has issued bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Water Pollution Control Bonds:

Note 12 – Bonds Payable (cont.)

Other Bonds:

The Board of Public Buildings of the State of Missouri, upon the approval of the General Assembly, issues revenue bonds for building projects and commits state agencies to lease space in these buildings. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves and to pay the costs of operations. The total amount authorized for the Board equals \$825,000,000.

To take advantage of lower interest rates, the Board of Public Buildings has issued bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Board (in thousands of dollars):

	<u>Date Issued</u>	<u>Amount Issued</u>	<u>Series Refunded</u>	<u>Amount Refunded</u>
Board of Public Buildings:				
Series A 1983 Refunding	10/1/83	\$ 43,445	A 1981	\$ 43,445
Series A 1985 Refunding	12/1/85	150,560	1966	2,160
			1967	825
			A 1978	11,745
			A 1979	2,260
			A 1980	3,795
			A 1983 Refunding	39,875
			A 1984	89,900
Series A 1991 Refunding	12/1/91	148,500	A 1985 Refunding	107,700
			A 1988	19,165
			B 1988	2,550
			C 1988	2,145
Series B 2001 Refunding	10/1/01	83,465	A 1991 Refunding	86,810

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

As of June 30, 2004, the Board of Public Buildings Bonds had issued \$751,205,000 of the bond authorization. The remaining authorization is \$73,795,000.

The Board of Public Buildings Bonds issued and outstanding as of June 30, 2004, were as follows (in thousands of dollars):

The Health and Educational Facilities Authority issued \$35,000,000 of Educational Facilities Revenue Bonds (University of Missouri–Columbia Arena Project), Series 2001, dated November 1, 2001. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement dated November 1, 2001, the Office of Administration will request that the Governor’s annual budget request to the General Assembly include the State’s financing amount for principal and interest each year. These bonds are included as long-term liabilities since they will be repaid with moneys from the General Fund.

The Educational Facilities Revenue Bonds issued and outstanding as of June 30, 2004 were as follows (in thousands of dollars):

	<u>Interest Rates</u>	<u>Payment Dates</u>	<u>Issue Date</u>	<u>Final Maturity Date</u>	<u>Issued</u>	<u>Outstanding</u>

Note 12 – Bonds Payable (cont.)

The Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project Bonds, Series A 1991, dated August 15, 1991. On December 15, 1993, the Authority issued \$121,705,000 of Convention and Sports Facility Project Refunding Bonds, Series A 1993 for the purpose of refunding the callable portions of the outstanding bonds issued in August 1991 and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$101,410,000. On July 30, 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project Refunding Bonds, Series A 2003 for the purpose of refunding Convention and Sports Facility Project Bonds, Series A 1991 and Series A 1993 Refunding Bonds and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$2,845,000 for the Series A 1991 Bonds and \$113,170,000 for the Series A 1993 Refunding Bonds. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement dated August 1, 1991, the Office of Administration will request that the Governor’s annual budget request to the General Assembly include the State’s financing amount of \$10,000,000 for principal and interest and \$2,000,000 for maintenance each year. These bonds are included as long-term liabilities since they will be repaid with moneys from the General Fund.

Note 12 – Bonds Payable (cont.)

The Missouri Highways and Transportation Commission authorized by Section 226.133 of the State Highway Act, issues bonds for highway construction and repairs. Under the Missouri Constitution, the principal and interest of the State Road Bonds are payable solely from the revenues of the State Road Fund.

The total amount authorized for the Commission equals \$2,250,000,000. On December 1, 2000, the Commission issued \$250,000,000 principal amount of State Road Bonds, Series A 2000. In October 2001, the Commission issued \$200,000,000 principal amount of State Road Bonds, Series A 2001. State Road Bonds, Series A 2002, were issued by the Commission in June 2002 with principal amount of \$203,000,000. In November 2003, the Commission issued \$254,000,000 principal amount of State Road Bonds, Series A 2003. As of June 30, 2004, the Missouri Highways and Transportation Commission had used \$907,000,000 of the bond authorization.

The State Road Bonds issued and outstanding as of June 30, 2004, were as follows (in thousands of dollars):

	<u>Interest Rates</u>	<u>Payment Dates</u>	<u>Issue Date</u>	<u>Final Maturity Date</u>	<u>Issued</u>	<u>Outstanding</u>

Note 12 – Bonds Payable (cont.)

Component Units' Long-Term Debt – The following bonds are included in the balance sheet of the College and University Funds and the Non-Major Component Units.

Major

College and University Funds:

The colleges and universities of the State issue revenue bonds for various projects on each respective campus. Bonds are payable, both principal and interest, only out of net income and revenues arising from operations of facilities funded by the bonds. As of June 30, 2004, debt service requirements for principal and interest for the colleges and universities were as follows (in thousands of dollars):

<u>Fiscal Year Ended June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2005	\$ 25,153	\$ 37,595	\$ 62,748
2006	28,452	36,588	65,040
2007	29,321	35,472	64,793
2008	28,520	34,293	62,813

2010–2014	153,975	145,310	299,285
2015–2019	161,839	108,967	270,806
2020–2024	188,175	71,425	259,600
2025–2029	167,405	31,898	199,303
2030–2034	94,975	5,295	100,270
Totals ⁽¹⁾	<u>\$ 907,589</u>	<u>\$ 539,916</u>	<u>\$ 1,447,505</u>

⁽¹⁾ The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

Non-Major

Development Finance Board:

On July 1, 2000, the Development Finance Board issued \$7,700,000 in Infrastructure Facilities Grant Anticipation Bonds, Series 2000A. The Series 2000A bonds are not an obligation of the Board and do not constitute a pledge of the full faith and credit of the State. In December 2000, the Board issued \$6,500,000 and \$14,600,000 in Facilities Revenue Bonds Series 2000B and 2000C, respectively for the purpose of paying the costs of acquiring and constructing a convention center hotel and hotel garage in St. Louis. Bonds are payable, both principal and interest, only out of revenues derived from the operation of the convention center.

The Development Finance Board Revenue Bonds issued and outstanding as of June 30, 2004, were as follows (in thousands of dollars):

	<u>Interest Rates</u>	<u>Payment Dates</u>	<u>Issue Date</u>	<u>Final Maturity Date</u>	<u>Issued</u>	<u>Outstanding</u>

2020–2021	16,200	2,706	18,906
Totals	\$ 25,800	\$ 27,673	\$ 53,473

In December 2002, the Development Finance Board purchased a rate cap agreement of 8.5% for Series 2000B bonds and 6.7% for Series 2000C bonds with an expiration date of December 1, 2007. The Board has the option in the future to restructure the bond debt to acquire a fixed interest rate. The annual debt service schedule above uses an interest rate of 8.5% for the Series 2000B and Series 2000C bonds, which represents the maximum interest rate under the rate cap agreement.

Under a financing agreement dated July 1, 2000, the Missouri Highways and Transportation Commission will make payments to the Development Finance Board in the amount of \$7,700,000 to pay the principal on the Series 2000A bond. The future payments to the Corporation are as follows (in thousands of dollars):

<u>Fiscal Year Ended June 30</u>	<u>Commission Payments</u>
2005	<u>\$ 7,700</u>

Transportation Corporations:

The Fulton 54 Transportation Corporation issued \$8,705,000 of Highway Revenue Bonds Series 2000 dated September 1, 2000. These bonds are not an obligation of the Corporation and do not constitute a pledge of the full faith and credit of the State.

The Fulton 54 Transportation Corporation Highway Revenue Bonds issued and outstanding as of June 30, 2004, were as follows (in thousands of dollars):

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 13 – Defeased Debt

A. Current Year Debt Defeasance

On October 29, 2003, the State of Missouri issued \$74,655,000 in Water Pollution Control General Obligation Refunding Bonds, Series A 2003, with interest rates ranging from 3.25% to 6.00% to refund \$76,540,000 of outstanding Water Pollution Control, Series B 1993–Refunding with interest rates ranging from 4.30% to 7.30%. The securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds. As a result, the bonds are considered to be defeased and the liability for the bonds have been removed from the financial statements. The State reduced its total debt service payments over the next 12 years by \$6,183,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$5,320,000.

On October 29, 2003, the State of Missouri issued \$75,650,000 in Third State Building General Obligation Refunding Bonds, Series A 2003, with interest rates ranging from 3.25% to 6.00% to refund \$79,380,000 of outstanding Third State Building, Series A 1993–Refunding with interest rates ranging from 4.30% to 7.30%. The securities were deposited in an irrevocable trust with an escrow agent to provide all future debt service payments on the bonds. As a result, the bonds are considered to be defeased and the liability for the bonds has been removed from the financial statements. The State reduced its total debt service payments over the next 8 years by \$5,361,000 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$4,936,000.

On July 30, 2003, the Regional Convention and Sports Complex Authority issued \$116,030,000 in Convention and Sports Facility Project Refunding Bonds, Series A 2003, with interest rates ranging from 1.42% to 5.38% to refund \$2,845,000 of Series A 1991 Convention and Sports Facility Project bonds with interest rates ranging from 4.90% to 6.90%, to refund \$113,170,000 of Series A 1993 Convention and Sports Facility Project Refunding Bonds with interest rates ranging from 2.75% to 5.60%, and to pay costs of additions and enhancements to the project. The securities were deposited in an irrevocable trust with an escrow agent to provide all future debt service payments on the bonds. As a result, the bonds are considered to be defeased and the liability for the bonds has been removed from the financial statements. The total debt service payments were reduced by \$4,892,000 over the next 18 years to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$3,343,000.

On November 13, 2003, the University of Missouri issued \$37,085,000 of System Facilities Revenue Bonds, Series 2003 B. The Series 2003 B Bonds refunded \$36,780,000 of System Facilities Revenue Bonds, Series 1993. The bonds are considered to be defeased and the liability for these bonds has been removed from the financial statements of the University. The refunding resulted in an aggregate decrease in debt service payments of \$5,288,000. The University's loss of \$1,143,000 in connection with the insubstance defeasance of Series 1993 Bonds is included as a reduction of debt outstanding and will be amortized over the remaining life of the original Series 1993 Bonds. The defeasance resulted in an economic gain (difference between the present values of the old and new debt service payments) of \$3,525,000 for the System Facilities Revenue Bonds. At June 30, 2004, defeased bonds aggregating \$53,620,000 are outstanding.

On December 3, 2003, Missouri Western State College issued \$26,535,000 of Auxiliary System Refunding and Improvement Revenue Bonds, Series 2003 to refund \$6,600,000 of outstanding Series 1993 Bonds. The Series 2003 Bonds bear interest rates ranging from 1.10% to 5.00%. The Series 1993 Bonds had interest rates ranging from 2.35% to 5.40%. The securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds. During fiscal year 2004, the Series 1993 bonds were called. As a result, the liability for the bonds has been removed from the financial statements. The college reduced its total debt service over the next 12 years by \$369,000 to obtain an economic gain (difference between the present values of the old debt and the new debt service payments) of \$27,000. As of June 30, 2004, there were no defeased bonds outstanding.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 13 – Defeased Debt (cont.)

B. Prior Year Debt Defeasances

In prior years, various bond issues were defeased by creating separate irrevocable trust funds.

Either new debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds or sufficient funds have been deposited in an irrevocable escrow to pay principal and interest as they become due.

For financial reporting purposes, the following debt has been defeased and therefore removed as a liability from the governmental activities and college and university funds Statement of Net Assets.

Governmental Activities – As of June 30, 2004, bonds outstanding of \$379,924,000 are defeased.

College and University Funds – As of June 30, 2004, bonds outstanding of \$89,881,000 are defeased.

Note 14 – Payables and Receivables

A summary of accounts payable and accounts receivable at June 30, 2004, is shown below (in thousands of dollars):

Note 15 – Interfund Assets and Liabilities

A summary of interfund assets and liabilities at June 30, 2004, is shown below (in thousands of dollars):

<u>Due From/To Other Funds, Component Units, and Primary Government</u>	<u>Assets</u>	<u>Liabilities</u>
General Fund	\$ 82	\$ 25,147
Public Education	18,218	232
Conservation and Environmental Protection	1,126	1,785
Transportation and Law Enforcement	12	2,038
State Road Fund	1,516	17,810
Non-Major Governmental Funds	171	1,903
State Lottery	---	18,376
Petroleum Storage Tank Insurance	---	22
Non-Major Enterprise Funds	154	573
Internal Service Funds	19,424	1,232
Fiduciary Funds	33,304	20,563
Non-Major Component Units	17,454	1,780
	<u>\$ 91,461</u>	<u>\$ 91,461</u>

Interfund assets and liabilities are recorded for payroll liabilities, group insurance, deferred compensation, retirement, and interfund sales and services. Interfund assets and liabilities are also recorded for transfers of money from the State Lottery Fund to public education funds, from fiduciary funds to the State Road Fund, from the non-major component units to conservation and environmental protection funds, and between the non-major component units and the State Road Fund.

<u>Advances To/From Other Funds, Component Units, and Primary Government</u>	<u>Assets</u>	<u>Liabilities</u>
General Fund	\$ ---	\$ 61,607
Conservation and Environmental Protection	3,590	---
State Road Fund	3,646	44,145
Fiduciary Funds	61,607	---
Non-Major Component Units	51,835	14,926
	<u>\$ 120,678</u>	<u>\$ 120,678</u>

Interfund advances, which are not expected to be repaid within one year, include \$44.1 million advance from the State Road Fund to the non-major component units, \$61.6 million advance from the General Fund to the Unclaimed Property Fund, \$3.6 million advance from the non-major component units to conservation and environmental protection type funds, \$7.7 million between the non-major component units, and \$3.6 million advance from the non-major component units to the State Road Fund.

The loans from the component units were for the construction of additional state highways. Loans from the Unclaimed Property Fund were to provide resources for cash flow requirements.

During the consolidation process for the Government-Wide Combined Statement of Net Assets, interfund payables and receivables were eliminated as follows: Business-type activities in the amount of \$3,000 and governmental activities in the amount of \$7,146,000.

Advances between non-major component units of \$7,690,000 have been eliminated on the Government-Wide Combined Statement of Net Assets.

Note 16 – Interfund Transfers

All transfers must be legally authorized by the legislature through transfer appropriations. Interfund transfers for the fiscal year ended June 30, 2004 are as follows (in thousands of dollars):

Transfers In:					
	General Fund	Public Education	Conservation and Environmental Protection	Transportation and Law Enforcement	State Road Fund
Transfers Out:					
General Fund	\$ ---	\$ 2,273,696	\$ 18	\$ 3,707	\$ 13
Public Education	3,016	---	---	---	---
Conservation and Environmental Protection	2,366	---	---	---	---
Transportation and Law Enforcement	561	---	---	---	169,010
Non-Major Governmental Funds	90,948	32,534	11,169	---	---
State Lottery	---	229,931	---	---	---
Petroleum Storage Tank Non-Major Enterprise Funds	101	---	---	---	---
Internal Service Funds	606	---	---	965	---
Fiduciary Funds	4,793	---	---	---	---
Non-Major Component Units	39,134	---	---	---	---
	1	---	---	---	---
Totals	\$ 141,526	\$ 2,536,161	\$ 11,187	\$ 4,672	\$ 169,023
Continues Below					
	Non-Major Governmental	Non-Major Enterprise	Fiduciary	Non-Major Component	Totals
Transfers Out:					
General Fund	\$ 98,874	\$ ---	\$ ---	\$ 35	\$ 2,376,343
Public Education	---	---	---	---	3,016
Conservation and Environmental Protection	1,487	---	---	---	3,853
Transportation and Law Enforcement	---	---	5,572	---	175,143
Non-Major Governmental Funds	22,969	12,600	---	---	170,220
State Lottery	---	---	---	---	229,931
Petroleum Storage Tank Non-Major Enterprise Funds	---	---	---	---	101
Internal Service Funds	---	---	---	---	1,571
Fiduciary Funds	2,604	---	---	---	4,793
Non-Major Component Units	---	---	---	---	41,738
	---	---	---	---	1
Totals	\$ 125,934	\$ 12,600	\$ 5,572	\$ 35	\$ 3,006,710

Principal reasons for interfund transfers include:

- moving general revenue funds to support elementary and secondary education
- moving State Lottery funds to support elementary and secondary education
- moving general revenue funds to support social assistance programs reported in non-major governmental funds
- moving funds related to the construction of capital assets.

During fiscal year 2004, certain funds were required to reimburse the central service agencies for overhead costs incurred on their behalf. The total amount reimbursed was \$11.2 million. Additional transfers of \$3.5 million from the internal service funds to the General Fund occurred for cash flow purposes and \$12.6 million from capital projects funds to Missouri Veterans' Homes, a non-major enterprise fund, occurred to pay for operations.

STATE OF MISSOURI

* The Missouri State Public Employees' Deferred Compensation (IRC 457) Plan has been reclassified from a private purpose trust fund to a pension (and other employee benefit) trust fund (see *Note 2*).

Purpose for restatements:

Restatements were made to all appropriated state funds to reclassify cash equivalents as investments for securities and other moneys that have an average maturity of greater than 90 days. Fund balance/net assets were restated by the amount of the unrealized gain or loss on the investments to report these investments at fair value.

Governmental funds were also restated as a result of additional information received relating to prior year revenue corrections, increases/decreases in accounts payable, and inventory. The largest restatement for Governmental funds was a \$56.7 million increase to the General Fund's accounts payable.

Non-major enterprise funds were restated mainly due to a \$13.5 million increase to the State Parks Fund's net assets to include land and buildings not previously reported.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 17 – Restatements (cont.)

Internal service funds were restated mainly due to a \$7.1 million increase in accumulated depreciation for the State Facility and Operation Fund.

College and university net assets were restated to record corrections made to prepaid expenses, fixed assets, funds held for others, and payables.

On the Government-Wide Statement of Activities, net assets for governmental activities were restated by the amounts shown on the restatement schedule for governmental funds and internal service funds. In addition, net assets for governmental activities were restated to account for the net pension obligation that was not reported as a liability last year.

Obligations under capital lease for governmental activities were restated as most lease contracts were written with a lease term of one year and a series of renewal options. The new language no longer qualifies most leases as capital in nature. Immaterial restatements were also made to other long-term liability accounts and other government-wide reconciling items.

Capital assets for governmental activities were restated as a result of additional information received related to prior year corrections.

Net assets for business-type activities on the Government-Wide Statement of Activities were restated by the sum of all amounts shown on the restatement schedule for enterprise funds. As mentioned earlier, the restatements were primarily to include State Parks' land and buildings not previously reported.

Note 18 – Fund Deficit

The following funds had deficit balances:

Enterprise Fund – Unemployment Compensation – At June 30, 2004, this fund had a net asset deficit of \$83,025,000. This deficit occurred when revenue from employers' state unemployment contributions were not sufficient to cover the cost of unemployment benefits paid. In order to continue paying unemployment benefits, the fund borrowed from the U.S. Treasury as allowed by Title XII of the Social Security Act. The fund's Title XII liability was \$288,557,000 at June 30, 2004. House Bills 1268 and 1211, passed during the fiscal year and signed by the Governor, will increase employer contributions into the fund and authorizes the refinancing of this liability through the issuance of debt instruments. Beginning in calendar year 2005, if the Title XII advances are not refinanced, the federal government will reduce federal employer unemployment tax credits, thereby increasing federal unemployment tax collections and will use these additional collections to pay off the fund's liability over the next several years.

Enterprise Fund – Petroleum Storage Tank – At June 30, 2004, this fund had a net asset deficit of \$61,236,000. The restated deficit at June 30, 2003 was \$74,871,000. The deficit occurred when transport load fees collected were not sufficient to cover the estimated claims liability for clean up of petroleum storage tank leaks. This liability amount is the cumulative result of numerous years of petroleum storage tank leaks. Per Section 319.129, RSMo, this fund will be closed on December 31, 2010, or upon revocation of federal regulation 40 CFR, whichever occurs first, unless extended by action of the general assembly. Various alternatives are being considered to pay off the claims liability amount of this fund. Per Section 319.131, RSMo, the liability of the petroleum storage tank fund is not the liability of the State. Upon dissolution of this fund, the liability would be liquidated.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 18 – Fund Deficit (cont.)

Enterprise Fund – Missouri Veterans' Homes – At June 30, 2004, this fund had a net asset deficit of \$27,000. The restated deficit at June 30, 2003 was \$422,000. The deficit occurred when rising medical costs, especially pharmacy expenses, outpaced increased funding. The annual spending authority from the fund exceeds the revenues. However, per Section 313.835, RSMo, the Veterans' Commission Capital Improvement Trust Fund is authorized to make fund transfers to the Missouri Veterans' Home Fund as necessary to maintain solvency. The current situation is being monitored closely by the Department of Public Safety. Possible solutions include cost containment of medical costs, increased general revenue funding, and increased funding from the federal government. A last resort may involve higher charges to residents.

Internal Service Fund – Transportation Self-Insurance Plan – At June 30, 2004, this fund had a net assets deficit of \$3,143,000. This deficit was \$5,282,000 at June 30, 2003. The deficit occurred when revenue from insurance premiums were not sufficient to cover the cost of claims. The self-insurance plan is subject to annual actuarial review which is done on a calendar year basis. An actuarial study was completed in April 2004. The fiscal year 2005 appropriations were based on the actuarial study and budget availability. Increases in appropriations should eliminate the deficit over time.

Component Unit – Missouri Highway 63 Transportation Corporation – At June 30, 2004, the transportation corporation had a net asset deficit of \$87,000. This deficit was \$94,000 at June 30, 2003. This deficit initially occurred because the corporation was established during fiscal year 2003 and incurred one-time start up expenses. According to the Missouri Highway 63 Transportation Corporation's audited financial statements, the City of Kirksville has agreed to fund any corporation net asset deficits.

Note 19 – Related Party Transactions

The Missouri State Public Employees' Deferred Compensation Plan is administered by the Public Employees Benefit Services Corporation of Missouri (PEBSCO) under a contract for a term ending December 31, 2005. PEBSCO is a wholly-owned subsidiary of Nationwide Corporation of Columbus, Ohio. Nationwide Life Insurance Company, one of the guaranteed fixed annuity and variable annuity underwriters for the Plan, is also a subsidiary of Nationwide Corporation. At December 31, 2003, total investments of the Plan were \$860,352,000 and investments in Nationwide Life Insurance Company were \$750,721,000.

Note 20 – Commitments

Contracts

The Department of Conservation had contracts outstanding of \$226,000 for land acquisition and \$4,854,000 for construction contracts at June 30, 2004. These contracts are funded through the special revenue funds from specific sales tax, fees and permits.

The Department of Transportation had long-term contracts of \$682,960,000 outstanding at June 30, 2004. These contracts are paid from capital projects funds with approximately 73.37% federal reimbursement expected.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 20 – Commitments (cont.)

The Office of Administration, Division of Design and Construction, had construction contracts outstanding at June 30, 2004, of \$49,320,000. Approximately 11% will be paid from the General Fund, 4% from special revenue funds, 60% from capital projects funds, and 25% from internal service funds.

The Department of Elementary and Secondary Education has desegregation payments outstanding of \$55 million at June 30, 2004. These payments are due to the St. Louis Public School District based upon Court Order L(266)99 approving the 1999 settlement agreement requiring annual payments. The future payments are as follows:

July 1, 2005	\$13 million
July 1, 2006	\$12 million
July 1, 2007	\$11 million
July 1, 2008	\$10 million
July 1, 2009	\$ 9 million

On March 10, 1988, the State of Missouri entered into a contract with the United States Army Corps of Engineers confirming an assurance agreement of April 8, 1965. The State obtained rights to a portion of the water supply storage from the Clarence Cannon Dam and Mark Twain Lake Project. The State agreed to pay up to \$10.8 million plus interest for the investment costs allocated to the water supply storage, the amount of such payments to be determined by the portion of the water storage space put in use by the State for that purpose. The contract provided a ten year interest free period running from 1984 to 1994. In fiscal year 1995, the State began making interest payments. The interest payment amount for fiscal year 2004 was \$362,000. Payment of principal and interest must be completed by the end of a 50 year period beginning from the date of the contract (March 1988).

Note 21 – Landfill Closure and Postclosure

The State does not own any municipal solid waste landfills (MSWLF), however, the State does pay for closure and postclosure care requirements in the event the owner refuses or is unable to properly maintain his/her landfill. Each landfill owner must obtain a financial assurance instrument to be held by the State as collateral. These financial instruments can include financial guarantee bonds, performance bonds, letters of credit, insurance policies, corporate guarantees, contracts of obligation, trust funds, or escrow accounts. At June 30, 2004, the value of non-forfeited financial assurance instruments was \$274,761,000, which is reported in agency funds.

At June 30, 2004, seven MSWLF's and one waste tire site have defaulted on their obligation to pay closure and postclosure care costs. Financial assurance instruments in the amount of \$675,000 have been forfeited to the State as authorized by Missouri Revised Statutes Chapter 260, Section 228. The State has assumed responsibility for these related costs. All of the MSWLF's the State has assumed responsibility for were closed between 1994 and 2000. The State will monitor and pay postclosure expenses for 30 years in accordance with EPA regulations. At June 30, 2004, it is expected that \$902,000 will be paid over the remaining monitoring periods. This is the amount that has been reserved on the combining balance sheet of the governmental funds for landfill postclosure care costs.

Note 22 – Contingencies

The State is exposed to various risks of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. The State assumes its own liability for risks except for the purchase of surety bond, aircraft, and boiler coverage.

**STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004**

Note 22 – Contingencies (cont.)

Claims liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported including the effects of specific, incremental claim adjustment expenditures/expenses, salvage, subrogation, and other allocated or unallocated claim adjustment expenditures/expenses. Liabilities of governmental funds are reported as a reconciling item to the Government-Wide Statement of Net Assets. Expenditures are recognized as payments are made.

At June 30, 2004, the amount of the contingent liabilities was \$216 million. Changes in the reported liability since June 30, 2003, resulted from the following:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2003-2004	\$ 111,784,447	\$ 139,300,560	\$ (35,483,758)	\$ 215,601,249
2002-2003	226,293,410	(84,500,674)	(30,008,289)	111,784,447
2001-2002 *	33,197,671	223,770,916	(30,675,177)	226,293,410

*Restated to exclude Second Injury Fund.

RSMo 287.220.6 requires that an actuarial study of the Second Injury Fund be made every three years to determine the solvency of the Fund. Figures presented below for current year claims and changes in estimates are based on the 2001 and 2004 actuarial studies. At June 30, 2004, the amount of liabilities for the Second Injury Fund was \$750 million. Changes in the reported liability since June 30, 2003, resulted from the following:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2003-2004	\$ 201,127,755	\$ 605,454,470	\$ (56,982,225)	\$ 749,600,000
2002-2003	242,596,242	8,740,950	(50,209,437)	201,127,755
2001-2002	280,087,260	7,265,256	(44,756,274)	242,596,242

The State receives federal grants which are subject to review and audit by federal grantor agencies. This could result in requests for reimbursements to the grantor agency for expenditures which are disallowed under grant terms. The State believes that such disallowances, if any, would be immaterial.

Loan Guarantees:

The State appropriates money to the Development Finance Board for the purpose of making loan guarantees. Upon default of a guaranteed loan, the Board makes the payment for default from state appropriations. The total loans outstanding at June 30, 2004, for which the Board has guaranteed payment is \$7,000. During 2004, no loans defaulted.

The State appropriates money to the Agricultural and Small Business Development Authority for the purpose of making loan guarantees. Upon default of a guaranteed loan, the Authority makes the payment for default from State appropriations. The Authority administers the Single-Purpose Animal Facilities Loan Program and the Value Added Loan Guarantee Program, which provides a 25% first-loss guarantee on loans up to \$250,000. The total of loans outstanding at June 30, 2004, for which the Authority has guaranteed payment is \$3,360,000 and \$1,116,000, respectively. There were no loan default payments for the Single-Purpose Animal Facilities Loan Program, however the Authority did make payments in the amount of \$35,000 for defaults in the Value Added Loan Guarantee Program.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 22 – Contingencies (cont.)

Medicaid Lawsuits:

Blessing Hospital, Gravette Medical Center Hospital, and Shelby County Health Care Corp vs. Department of Social Services, Division of Medical Services (DSS/DMS) (Case No. 03CV324295). These out of state hospitals filed a lawsuit against the DSS/DMS in the Circuit Court of Cole County, Missouri, challenging the reimbursement rate paid by Missouri to out of state hospitals on behalf of Missouri Medicaid beneficiaries. The claim is currently unliquidated and is being disputed. Counsel estimates the claims may exceed \$2,500,000 in the event of an adverse judgment.

Alliance for Community Health vs. DSS/DMS – Administrative Hearing Commission (Case No. 02-0088SP), et al – DSS reduced payments to the managed care provider when the provider failed to achieve the contractual requirement that it meet an 80% screening rate for Medicaid’s Early and Periodic Screening, Diagnosis, and Treatment Program (EPSDT). Alliance is seeking judgment in the amount of \$3,800,000.

Sales Tax Lawsuits:

Southwestern Bell Telephone Company vs. Director of Revenue (Case No. SC83859). The Missouri Supreme Court held that Southwestern Bell Telephone Company was entitled to a refund of sales and use tax paid on machinery and equipment used to create its digital phone service product. Manufacturing was found to include producing taxable services as well as tangible personal property products. The case was remanded to the Administrative Hearing Commission for further determination as to which items are used in manufacturing the digital phone service product. Refunds to Southwestern Bell and other related companies could adversely affect the State’s General Revenue Fund by \$77.2 million.

The Missouri Supreme Court has ruled that hotel guests in effect purchase the electricity used in their room during their stay at the hotel and, therefore, applicable charges are exempt from sales tax. This pertains to water, gas, and other items used in hotel rooms as well. Requests by hotels/motels for refunds could adversely affect the State’s General Revenue Fund by \$32.3 million.

The State has brought an appeal before the Missouri Supreme Court of a lower court’s decision to classify caskets and vaults as fixtures of a funeral home until being sold to a customer. This would make the funeral home’s purchase price, but not the sales price, taxable to the funeral home. Requests by funeral homes for refunds could adversely affect the State’s General Revenue Fund by \$1.8 million.

The Missouri Supreme Court has ruled that a business that operates a cafeteria solely for the benefit of its employees is not serving food to the general public and is exempt from sales tax on food items sold to the business’ employees. Requests by businesses for refunds could adversely affect the State’s General Revenue Fund by \$1.3 million.

Education Lawsuits:

Two education lawsuits are pending; Board of Education of the City of St. Louis and Voluntary Interdistrict Choice Corporation (VICC) vs. the State of Missouri and the Missouri State Board of Education (Case No. 034-00284), filed in the Circuit Court of St. Louis City, and Committee for Educational Equality, et al vs. the State of Missouri, et al (Case No. 04CV323022), filed in the Circuit Court of Cole County. Decisions in these cases may require additional state money or a revision to the current school aid formula.

Contractual Lawsuit:

LogistiCare Solutions, LLC vs. Office of Administration, (Case No. 04CV325071), et al – This out of state medical transportation company filed a lawsuit that disputes the State’s decision to terminate the contract with LogistiCare. The contract provides Missouri Medicaid/MC+ recipients with free transportation to and from scheduled services. The case is pending and it is not possible to estimate the cost at this time.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 23 – Joint Ventures

The Regional Convention and Sports Complex Authority was created by state law for the purpose of financing, constructing, operating, and maintaining a multipurpose convention and sports facility to be located in the City of St. Louis. The Authority operates under a board of commissioners of whom five are appointed by the Governor of the State, three by the Mayor of the City of St. Louis, and three by the County Executive of St. Louis County. The Authority is granted all rights and powers necessary to plan, finance, construct, equip, and maintain the facility.

The Authority is considered a joint venture of the State, County and City because it constitutes a contractual agreement for public benefit in which the State, County and City retain an ongoing financial responsibility for the Convention and Sports Facility Project Bonds. In August 1991, the Authority issued \$258,670,000 of Convention and Sports Facility Project Bonds. The bonds were sponsored in the amount of \$132,910,000 by the State (Series A), \$65,685,000 by the County (Series B) and \$60,075,000 by the City (Series C). In December 1993, the Authority issued \$181,885,000 in Convention and Sports Facility Project and Refunding Bonds to advance refund \$101,410,000 and \$50,275,000 of the outstanding 1991 Series A and Series B bonds, respectively, and for additional construction costs. The bonds were sponsored in the amount of \$121,705,000 by the State (Series A) and \$60,180,000 by the County (Series B). In February 1997, the Authority issued \$61,285,000 in Series C Refunding bonds to advance refund \$47,155,000 of the outstanding 1991 Series C bonds. In August 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds, Series A 2003 to refund \$2,845,000 and \$113,170,000 of Series A 1991 and Series A 1993 Refunding Bonds, respectively, and for additional construction costs.

Pursuant to a financing agreement entered into in August 1991, the Authority leased the facility to the sponsors who subleased the facility back to the Authority. The payments made by the State, County and City under the financing agreement are sufficient to pay the principal and interest on the bonds. See *Notes 12 and 13* for more information on the 1991, 1993, and 2003 Series A Bonds sponsored by the State.

Summary financial information for the Authority as of, and for the fiscal year ended December 31, 2003, is presented below (in thousands of dollars):

Total Assets	<u>\$ 323,505</u>
Total Liabilities	\$ 226,462
Total Equity	<u>97,043</u>
Total Liabilities and Equity	<u>\$ 323,505</u>
Total Revenues	\$ 25,707
Total Expenses	24,245
Net Increase in Retained Earnings	<u>\$ 1,462</u>

Note 24 – Related Organizations

The State is responsible for appointing all or part of the members of the boards of other organizations, but the State's accountability for these organizations does not extend beyond making the appointments.

The following organizations are considered to be related organizations of the State of Missouri:

Missouri Health and Educational Facilities Authority – The Authority was created by state law and is authorized to issue revenue bonds to finance health and educational facilities for institutions within the State. The Authority also assists institutions in borrowing funds at the lowest possible cost in order to provide quality medical and educational services to State residents. These bonds do not constitute a debt or liability of the Authority or the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. The Authority's fiscal year ends December 31. Copies of the Authority's financial statements can be requested from:

Missouri Health and Educational
Facilities Authority
15450 South Outer Forty Road, Suite 230
Chesterfield, Missouri 63017
Web Site: www.mohefa.org

Missouri Higher Education Loan Authority – The Authority was created by state law and is authorized to issue debt to provide a secondary market for loans made under the Federal Family Education Loan Program provided for by the Higher Education Act. Its governing body consists of seven members, five of whom are appointed by the Governor with the advice and consent of the Senate, each of whom shall be a resident of the State; a member of the Coordinating Board of Higher Education; and the Commissioner of Higher Education. Copies of the Authority's financial statements can be requested from:

Missouri Higher Education Loan Authority
633 Spirit Drive
Chesterfield, Missouri 63005
Web Site: www.mohela.com

Missouri Housing Development Commission – The Commission was created by state law and is authorized to make or purchase mortgage loans and to insure mortgage loans, the funds of which are used to develop new or rehabilitate low and moderate income housing. The Commission is also authorized to issue bonds and notes for making or purchasing such loans. Bonds and notes issued by the Commission are not a debt of the State. The Commission has entered into a contract with the Department of Economic Development whereby the Department pays the Commission's staff salaries and related benefits from cash advanced monthly by the Commission. Its governing body is made up of the Governor, the Lieutenant Governor, the State Treasurer, the Attorney General and six members appointed by the Governor with the advice and consent of the Senate. If for any reason the Commission ceases to exist, its rights and properties shall pass to and be vested in the State, subject to the rights of lien holders and other creditors. Note 24 – Related Organizations (cont.)

State Environmental Improvement and Energy Resources Authority – The Authority, created by state law, is an independent, self-supporting, quasi-governmental agency, governed by a five member board appointed by the Governor with the advice and consent of the Senate. The Authority is administratively placed in the Department of Natural Resources. The Authority is authorized to finance, acquire, construct and equip projects for the purpose of reducing, preventing or controlling pollution and to provide for the development of energy resources of the State. The usual method of financing is through the issuance of tax-exempt revenue bonds and notes. In March 1992, pursuant to Senate Bill #530, Section 260.335, RSMo, the Authority entered into an interagency agreement with the Department of Natural Resources and the Department of Economic Development to promote markets for recycled materials. As required in that legislation, the program has been provided annual funding of \$1,000,000 upon appropriation by the Missouri Legislature, from the Solid Waste Management Fund, through fiscal year 1997. In fiscal year 1998, the funding changed to 10% of the Fund, not to exceed \$1,000,000. The Authority, in cooperation with the Missouri Clean Water Commission and other agencies, established and operates the State Revolving Fund, which provides financing to communities and districts for construction of clean water and drinking water projects. The Authority is a provider of technical research for the State. Partnerships have been created with entities, both public and private, to promote and educate Missouri's citizens on a variety of environmental and energy related topics. The Authority's employees are covered under the State's retirement system with all contributions being made by the Authority. Upon termination or dissolution of the Authority, all rights and properties shall pass to and be vested in the State, subject to the rights of note holders, bondholders and other creditors. Copies of the Authority's financial statements can be requested from:

State Environmental Improvement and
Energy Resources Authority
325 Jefferson Street, Suite 200
Jefferson City, Missouri 65101
Web Site: www.dnr.state.mo.us/eiera

Jackson County Sports Complex Authority – The Authority was created by state law and is responsible for the construction, operation and financing of the Jackson County Sports Complex. The funds and related accounts are maintained by fiscal agents who administer all investment transactions and act as paying agents for bond transactions. Its governing body consists of five members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements can be requested from:

Jackson County Sports Complex Authority
8501 Stadium Drive
Kansas City, Missouri 64129-1698

Kansas City Regional Sports Complex Authority – The Authority was created by state law and is responsible for the study and review of all current major sports leagues, clubs, or franchises operating in Kansas City and analyzing the possibilities of future growth. Its governing body consists of the director of the Department of Economic Development, as well as seven members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements can be requested from:

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2004

Note 25– Subsequent Events

Agricultural and Small Business Development Authority:

Between July 1 and September 3, 2004, the Authority issued Certificates of Guarantee in the amount of \$172,000 guaranteeing 25% of the \$690,000 loans issued.

Petroleum Storage Tank Insurance Fund (PSTIF):

On July 28, 2004, the Petroleum Storage Tank Insurance Board released five remedial claims, which increased the claims payable by approximately \$240,000. These remedial claims had been filed since May 1, 2004. Remedial claims are those claims filed by tank owners and operators who do not have a contract for insurance with the PSTIF, but for which the PSTIF may extend coverage.

Missouri Housing Development Commission:

On July 14, 2004, the Commission issued \$3,785,000 of Multifamily Housing Revenue Bonds (FP–San Remo Apartments Project), Series V 2004.

On August 9, 2004, the Commission issued \$6,735,000 of Multifamily Housing Revenue Bonds (Allen Market Lane Apartments Project), Series VI 2004.

On August 26, 2004, the Commission issued \$60,000,000 of Single Family Mortgage Revenue Bonds (Homeownership Loan Program), Series C 2004.

Southwest Missouri State University:

On September 7, 2004, the University entered into a capital lease–purchase agreement with Johnson Controls for the installation of energy savings improvements in various locations throughout the Springfield campus. The total amount financed will be \$10,902,000 with annual payments of \$1,052,000 beginning on August 30, 2006, or the date on which a certificate of substantial completion is executed, whichever is earlier.

Development Finance Board:

On October 13, 2004, the Board acquired title from the U.S. General Services Administration to the “Old Post Office Project,” which consists of the acquisition and renovation of the U.S. Custom House and Old Post Office in downtown St. Louis. The Board then executed a 99–year lease of this project with St. Louis U.S. Custom House and Post Office Building Associates, L.P. (lessee). On October 14, 2004, the Board made a subordinated loan to the lessee in the amount of \$12,356,800 to assist in the financing of the “Old Post Office Project.” The Board has an option to purchase the Old Post Office from the lessee at fair market value beginning in 2014.

On October 14, 2004, the Board issued \$16,500,000 of Infrastructure Facilities Revenue Bonds (Ninth Street Garage Project) Series 2004. These are variable rate bonds with a scheduled maturity date of October 1, 2034. Bond proceeds will be used toward the development and construction of a 1,050 space, multi–level parking garage in downtown St. Louis.

Required Supplementary Information (RSI) includes the Budgetary Comparison Schedule for the General Fund and Major Special Revenue Fund Categories, as well as the Budget to Generally Accepted Accounting Principles (GAAP) reconciliation, and the Notes to RSI on Budgetary Reporting.

STATE OF MISSOURI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY REPORTING
June 30, 2004

The Budgetary Comparison Schedule in Required Supplementary Information (RSI) presents comparisons of the original and revised legally adopted budgets with actual data on a budgetary basis for the General Fund, and the major special revenue funds. The major special revenue fund categories presented for the State of Missouri are: public education, conservation and environmental protection, and transportation and law enforcement. The General Fund is composed of two fund categories, general and federal. The State Road Fund is a major capital projects fund, but must be presented on a separate schedule in Supplementary Information.

The Budgetary Comparison Schedule reports revenues and expenditures on a budgetary basis. Under this basis, "actual" revenues are recognized when cash is received, and "actual" expenditures are recognized for cash disbursements. The accounting principles applied for reporting on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. A reconciliation of the two for the fiscal year ended June 30, 2004, has been presented at the bottom of the Budgetary Comparison Schedule shown on the previous pages of RSI. The Budgetary Comparison Schedule includes data presented on this basis for the fiscal year, and for adjustments made in the one-month lapse period, July 1 through July 31.

The budgetary expenditures are included in the current year's Appropriation Activity Report, which demonstrates legal compliance with the current year's budget. This report can be viewed at <http://www.oa.mo.gov/acct/AAR>. The "original budget" expenditures and transfers are for what was originally appropriated for each fund. The "final budget" expenditures and transfers takes into account any increases and decreases to appropriations during the fiscal year less what was re-appropriated to the next fiscal year less the Governor's amounts reverted (withheld) for each fund.

On the Budgetary Comparison Schedule in RSI, "original budget" revenues are equal to "revised budget" revenues for all funds except for the State's General Revenue Fund. State agencies budget revenues for each of their funds once during the year and send the revenue estimates to the Office of Administration-Division of Budget & Planning for their use in budgetary reporting, and for the CAFR budgetary comparison schedules presentation. The State's General Revenue Fund has a revised revenue estimate amount available each spring from the Office of Administration-Division of Budget and Planning for use in the "final budget" revenue column on the Budgetary Comparison Schedule. The "final budget" revenue estimates for the General Fund are very comparable to actual revenue, and result in a small positive variance on the Budgetary Comparison Schedule.

In accordance with state statute, all state funds must have an appropriation before amounts can be expended or transferred to another state fund. Therefore, the variances between "budgeted" and "actual" expenditures and transfers on the budgetary schedule will always be positive. The variance amounts in RSI this year are large for the General Fund. This is due to agency-imposed withholding amounts not being taken into account on this schedule. This schedule does include any "reverted" amounts or Governor withholdings of funds to agencies. If an amount is reverted, an agency does not have authority to spend that money.

Budgetary comparisons are also required for any other individual governmental funds for which annual appropriated budgets have been adopted. Therefore, budget to actual statements have been provided in the Supplementary Information section of CAFR for the following non-major governmental fund categories: special revenue, debt service, and permanent funds. These schedules provide similar information to the schedule in RSI with the exception of the original budget data, which is not required for non-major governmental funds under GASB Statement 34.

Budgetary comparisons are not included for non-major capital projects funds. These funds are funded by bond proceeds or grants for various projects that require several years to complete. Generally, the bond authorization or grant is appropriated in total the first year even though the bond sales or grant receipts are received over a period of years as required by the projects. Therefore, these funds do not have annual budgets and their budget data is not comparable to the actual data for the fiscal year.

Supplementary Information includes the Budgetary Comparison Schedule and Reconciliation for the Major Capital Projects Fund (State Road), as well as the Combining and Individual Fund Statements and Schedules for the General Fund and all Non-Major Funds.

The Combining and Individual Fund Statements and Schedules

Major Funds

General Fund – Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Non-Major Funds

This includes all non-major governmental and enterprise funds, as well as the non-major component units. It also includes all internal service and fiduciary funds because the “major fund” classification, created under GASB Statement 34, does not apply to these funds.

A budgetary comparison schedule is provided for all non-major governmental funds with the exception of capital project funds.

General Fund:

General:

General Revenue – All moneys received by the State unless required by statute or constitutional provision to be deposited elsewhere in a specifically named fund.

Budget Reserve – Moneys used when there are revenue shortfalls that require the Governor to reduce expenditures of agencies below the level of their appropriations or when there is a financial need due to a disaster.

Uncompensated Care – Accounts for moneys used for the non-federal share of uncompensated care and other services under the Title XIX Medicaid Program.

Department of Health Interagency Payments – Accounts for reimbursed moneys to be used for program disbursements.

Facilities Maintenance Reserve – General Revenue moneys to be used for maintaining, repairing and renovating State facilities.

Intergovernmental Transfers – Moneys from publicly owned nursing facilities to be used for Medicaid and other related charges.

Federal Reimbursement Allowance – Moneys received for payment of Title XIX services.

Pharmacy Reimbursement Allowance – Tax moneys received from retail pharmacies to be used for funding payments under the Medicaid fee-for-service and managed care programs.

Title XIX–Patient Placement – General Revenue – Moneys received from the federal government to be used for medical assistance to eligible recipients pursuant to Title XIX.

Child Support Enforcement Collections – Moneys received from individuals to be used for the expenditures of the Division of Child Support Enforcement.

Missouri Technology Investment – Moneys received from various sources to be used for technology development programs.

Missouri Water Development – General Revenue moneys to be used to purchase water supply storage.

General Revenue Reimbursements – Federal moneys received by the Department of Mental Health and the Department of Social Services to be used by the Department of Mental Health as appropriated.

Missouri Humanities Council Trust – Moneys from various sources to be used for promotion of the humanities.

Nursing Facility Federal Reimbursement Allowance – Tax moneys used for expenditures of nursing facilities.

Post Closure – Moneys from forfeited collateral to be used for costs related to closure and post closure activities of landfills.

Attorney General’s Court Cost – General Revenue moneys to be used for the payment of court costs.

Attorney General’s Anti-Trust – General Revenue moneys to be used for expenses related to anti-trust activities.

State Elections Subsidy – Appropriated moneys to be used for payment of advance election costs.

State Legal Expense – General Revenue, Transportation and Conservation moneys to be used for claims against state departments or employees.

General Fund – Federal: Accounts for moneys received or reimbursed by the federal government to cover costs of federally funded grants and programs. Each program or grant has its own fund to account for its operations as follows:

*Vocational Rehabilitation – Federal
Elementary and Secondary Education –
Federal and Other
General Assembly – Federal
Division of Youth Services –
Federal and Other
Office of the State Public Defender –
Federal and Other
Pharmacy Rebates
State Auditor – Federal

<i>Board of Nursing</i>	<i>Massage Therapy</i>

Judicial Protection and Assistance: Provides for protection of public employees by the Attorney General's Office, conviction of criminal offenders by prosecuting attorneys and assistance to victims of criminal offenses.

Missouri Crime Prevention Information and Programming – Accounts for moneys from various sources to be used by local government/school district partnerships to operate crime prevention programs.

Statewide Court Automation – Accounts for additional court costs assessed in certain cases. Moneys are used for a statewide court automation system.

Missouri CASA – Accounts for money to be used for Court Appointed Special Advocate (CASA) Programs.

State Forensic Laboratory – Accounts for moneys used to defray costs of registered laboratories.

Services to Victims – Accounts for fees assessed as costs in criminal cases. Moneys are used to provide services to victims of crimes.

Tort Victims' Compensation – Accounts for a portion of any final judgment awarding punitive damages after the deduction of attorneys' fees and expenses.

Merchandising Practices Revolving – Accounts for general revenues and moneys required to be deposited in this fund. These moneys are used to pay costs incurred by the Attorney General in cases concerning merchandising practices.

Legal Defense and Defender – Accounts for moneys from services rendered. The moneys are used for training public defenders and for other lawful expenses as authorized by the Public Defender Commission.

Criminal Record System – Accounts for fees collected from federal and non-state agencies for administering criminal history record information and fingerprint searches.

Missouri Office of Prosecution Services – Accounts for fees assessed as costs in most criminal proceedings. These moneys are used to assist the prosecuting attorneys throughout the State in their efforts against criminal activity.

Crime Victims' Compensation – Accounts for fees assessed as costs against a convicted criminal. These moneys are used to compensate victims of crime.

Drug Court Resources – Accounts for moneys available for distribution by the Drug Courts Coordinating Commission to the various drug courts operating within the State.

Legal Services for Low Income People – Accounts for moneys to be used to provide legal services for individuals with low income.

Investors Restitution – Accounts for fines collected relating to securities fraud to be used to reimburse the victims of the fraudulent acts.

Basic Civic Legal Services – Accounts for filing fees received on civil and criminal court cases to be disbursed to State legal services organizations that provide legal representation to low-income individuals.

Child Labor Enforcement – Accounts for moneys to be used for investigations and enforcement of child labor laws.

Inmate Incarceration Reimbursement Act Revolving – Accounts for moneys collected for reimbursement of the expenses of the State for the cost of care of offenders.

State Courts Administration Revolving – Accounts for moneys received for registration fees, grants, or other sources to be used to provide training and purchase goods and services related to the training and education of court personnel.

Criminal Justice Network and Technology Revolving – Accounts for moneys to be used for the procurement of telecommunications and computer equipment, services, and software associated with connection to the criminal justice network.

Missouri Office of Prosecution Services Revolving – Accounts for moneys received by or on behalf of the Missouri Office of Prosecution Services.

Judiciary Education and Training – Accounts for fees collected to be used for training and education of judicial personnel.

Fine Collections Center Interest Revolving – Accounts for interest moneys to be used for goods and services related to the administration of the judicial system by the judicial branch.

Agriculture and State Fair: Provides for inspections of products, market development and awards for competition at the State fair.

Animal Health Laboratory Fee – Accounts for laboratory fees to be used to defray expenses of diagnosing animal disease.

Animal Care Reserve – Accounts for fees from businesses engaged in breeding, selling and caring for cats and dogs to be used to administer the Animal Care Program.

Livestock Brands – Accounts for fees collected for brand applications, transfer of brand ownership and maintenance of brands. The fees are used by the Division of Animal Health for program administration.

Commodity Council Merchandising – Accounts for fees imposed under the Commodity Merchandising Program for the use and benefit of the commodity councils.

Missouri Qualified Fuel Ethanol Producer Incentive – Accounts for moneys used to provide subsidies to Missouri qualified fuel ethanol producers.

Aquaculture Marketing Development – Accounts for fees collected on fish food purchased by commercial producers and used for the marketing of fish and fish products.

Livestock Sales and Markets Fees – Accounts for license fees collected for the licensing of livestock sales and markets used for the benefit of the Division of Animal Health.

Missouri Breeders – Accounts for moneys received for horse racing application and handling fees.

Apple Merchandising – Accounts for fees imposed on apples grown in the State which are sold for consumption. These moneys are used only for the costs of administering and enforcing laws concerning apple merchandising.

Livestock Dealer Law Enforcement and Administration – Accounts for penalties assessed for violations of the "Missouri Livestock Dealer Law" and is used for the benefit of the Division of Animal Health.

Milk Inspection Fees – Accounts for fees received from State milk inspections and is used to pay the costs of performing this inspection.

Grain Inspection Fees – Accounts for fees received for providing grain inspection services and is used to pay the cost of providing this service.

Marketing Development – Accounts for moneys received by the Department of Agriculture from any source to be spent for marketing development only.

Organic Production and Certification Fee – Accounts for fees collected for certification or participation in organic farming to be used by the Department of Agriculture to develop standards and labeling for organic farming purposes.

Boll Weevil Suppression and Eradication – Accounts for moneys for a sound program of eradication and suppression of the boll weevil.

Missouri Wine Marketing and Research Development – Accounts for pro rata charges to commercial grape producers in Missouri to be used for enology research, education, and marketing of wine produced in Missouri.

Agriculture Development – Accounts for assets from the Federal Secretary of Agriculture and earnings from those assets to be used for agricultural development in accordance with a written agreement with the U.S. Department of Agriculture.

State Fair Trust – Accounts for moneys received as gifts, grants, legacies or devises to be used as prizes to the winners of five-gaited saddle horse stakes at the State fair.

Social Assistance: Provides financial, health and other services to qualifying individuals.

Utilicare Stabilization – Moneys from various sources to be used for financial assistance of heating and cooling costs for the needy.

Motorcycle Safety Trust – Accounts for fees collected from persons who violate laws relating to motorcycles or cause accidents involving motorcycles.

Compulsive Gamblers – Accounts for moneys received from cities and counties that have licensed excursion gambling boats. These moneys are used to provide services for compulsive gamblers and their families.

Missouri Housing Trust – Accounts for moneys received from any source to be used for loans or grants for assistance to low-income families.

Health Initiatives – Accounts for additional taxes on cigarettes and other moneys to fund health care incentives and other programs.

Health Access Incentive – Accounts for moneys appropriated and received by law to be used to implement a program to provide incentives in exchange for location of health providers who agree to serve all persons in need of health services regardless of ability to pay.

Mental Health Housing Trust – Accounts for moneys received from the sale of surplus real property formerly used by the Department of Mental Health. Moneys are used for the construction or renovation of Mental Health Centers, or to finance the rental, purchase, construction or renovation of community based housing for clients.

Family Support Loan Program – Accounts for moneys appropriated to be used for low interest, short-term loans to families having a member with a developmental disability.

Independent Living Center – Accounts for fees received from persons convicted of or pleading guilty to a drug-related or an intoxicated-related traffic offense. Moneys are used to establish and maintain independent living centers for persons with disabilities.

Mental Health Earnings – Accounts for fees assessed on individuals due to alcohol and drug-related traffic offenses. Moneys are used to develop and certify alcohol related traffic offender programs and provide rehabilitation services to persons unable to pay.

Division of Aging Elderly Home Delivered Meals Trust – Accounts for moneys contributed by taxpayers and other designated moneys to be used in preparing and delivering meals to elderly persons.

Missouri Public Health Services – Accounts for fees collected for health purposes.

Deaf Relay Service and Equipment Distribution Program – Accounts for fees collected to fund a program that provides a telecommunications device for the deaf to transmit messages over basic telephone lines.

Veterans' Trust – Accounts for moneys contributed by taxpayers, grants, gifts, bequests, federal sources or other sources to be used for the benefit of the State's veterans.

Medical School Loan and Loan Repayment Program – Accounts for moneys used to pay the principal, interest and related costs of government and commercial loans on behalf of individuals working in a specified area of need.

Children's Service Commission – Accounts for gifts and grants from various sources to be spent for children's services as provided by law.

Handicapped Children's Trust – Accounts for grants, gifts, donations, or bequests to be spent as requested by the donor of the handicapped children.

Blind Pension – Accounts for State property tax moneys used to provide a pension to certain blind people.

Healthy Families Trust Funds – To account for moneys received from the Tobacco Settlement.

Department of Health – Donated – Accounts for moneys received from donations and spent for various health programs.

Children's Trust – Accounts for grants or gifts from any source used to establish programs to prevent or alleviate child abuse or neglect.

ADA Compliance – Accounts for moneys from various funds to be used for projects to comply with the Americans with Disabilities Act.

Head Injury – Accounts for fees, grants, donations, and other moneys designated for the Head Injury Fund. Moneys are spent by the Head Advisory Council to help support individuals with traumatic head injury and their families by providing a wide range of services.

Missouri Commission for the Deaf and Hard of Hearing – Accounts for fees and contributions received by the Commission to provide goods and services to government entities or the public.

Organ Donor Program – Accounts for moneys used to implement organ donor awareness programs.

Property Reuse – Accounts for moneys appropriated and gifts, contributions, grants or bequests from federal, private, or other sources for direct loans, guarantees and grants to create and preserve jobs, attract and retain businesses, and improve economic welfare.

Domestic Relations Resolution – Accounts for moneys received from surcharges and fines for disputes in marriage dissolutions and custody orders. Moneys are used for creating and approving a handbook dealing with divorce and child custody and to reimburse local judicial circuits for the costs associated with the implementation of this act.

Correctional Substance Abuse Earnings – Accounts for fees charged to persons required by the court to begin an Educational Assessment and Community Treatment Program. Moneys are used solely for assistance in securing alcohol and drug rehabilitation services.

Assistive Technology Loan Revolving – Accounts for appropriated moneys to be used for loans to qualified individuals for the purchase of assistive technology devices and services.

Blindness Education, Screening and Treatment Program – Accounts for donated moneys used to provide blindness prevention education, screenings, and treatments for persons not covered under a healthcare benefit plan.

Childhood Lead Testing – Accounts for federal or other contributions received to fund childhood lead programs, blood tests to uninsured children, educational materials, and case management.

Missouri National Guard Trust – Accounts for moneys received through contributions, gifts, bequests, grants and federal funds to be used for providing military honors at veterans' burials, interments, or memorial services.

School for the Blind – Accounts for grants, gifts, donations or bequests for the sole use of the Missouri School for the Blind.

School for the Deaf – Accounts for grants, gifts, donations or bequests for the sole use of the Missouri School for the Deaf.

Governor's Council on Physical Fitness – Institution Gift Trust – Accounts for gifts, bequests, or donations to the Governor's Council on Physical Fitness to be spent as requested by the donor.

Institution Gift Trust – Accounts for grants, gifts, donations, devises or bequests to various institutions to be spent as requested by the donor.

Mental Health Trust – Accounts for moneys to be used for the purpose of carrying out the objects for which the grants, gifts, donations or bequests were made, or for the purposes of funding special projects or purchasing special equipment from escheated moneys.

Crippled Children's Services – Accounts for moneys from various sources to be used for costs of crippled children's services.

Unemployment and Workers' Compensation: Provides for the administration of these laws and benefits to workers who qualify for workers' compensation.

Workers' Compensation – Accounts for taxes paid by insurance carriers and is used for victims of industrial injuries.

Workers' Compensation – Second Injury – Accounts for taxes paid by insurance carriers and is used for victims of industrial injuries where permanent disability occurs.

Special Employment Security – Accounts for moneys paid as interest and penalties by the employer for unemployment fees not paid. These moneys are used to pay interest on advances from the federal government and for other costs necessary and proper under the unemployment compensation laws.

Reimbursements and Other: Provides various reimbursements of costs to other governments and various regulatory commissions not included in other functional areas.

Treasurer's Information – Accounts for funds received for the preparation, reproduction, or dissemination of information or publications.

Elevator Safety Board – Accounts for moneys collected for inspections, permits, licenses and certificates to be used for the operation and expenses of the board.

Residential Mortgage Licensing – Accounts for fees set and collected for application fees, investigation of license applicant fees, examination fees, contingent fees, and any other miscellaneous fee.

Missouri Arts Council Trust – Accounts for moneys to be used for the administration of the Missouri Arts Council.

Gaming Commission Bingo – Accounts for moneys collected for license fees, penalties and administration fees to be used for the administration cost of the commission.

Secretary of State's Technology Trust – Accounts for fees received from the issuance of notary commissions to be used for establishing and maintaining a data processing system and other administrative costs for services.

Missouri National Guard Training Site – Accounts for fees collected for use of training sites from persons or organizations not connected with the militia. The moneys are used for operating costs of the facilities.

Nursing Facility Quality of Care – Accounts for certification fees collected from nursing home facilities to be used for assistance to the facilities and for conducting surveys and inspections.

Division of Tourism Supplemental Revenue – Accounts for additional sales tax collected from tourism-oriented goods and services to be used for promotional marketing strategies.

Business Extension Service Team – Accounts for moneys used to help Missouri companies in financial difficulty to regain financial stability by a plan developed by a team of knowledgeable and experienced persons.

Gaming Commission – Accounts for moneys received from licenses, fees, and permits to be used to fund the administrative costs of the Gaming Commission.

Mammography – Accounts for fees collected from licensing of specific sources of ionizing radiation and from other nonrefundable fees collected in connection with mammography authorization to be used for program administration.

Statutory Revision – Accounts for moneys received from the sale of the Revised Statutes of Missouri and supplements and from fees for any services rendered by the Committee on Legislative Research. The moneys are used for enhancing or producing the statutes and supplements.

Division of Credit Unions – Accounts for moneys assessed on credit unions and used for costs related to their regulation.

*The **Capital Projects Funds** account for financial resources to be used for the acquisition or construction of major capital facilities.*

Non-Major Capital Projects Funds:

Veterans' Homes Capital Improvement – Accounts for fees collected from the sale of bingo cards to be used for the construction or renovation of veterans' homes and cemeteries in the State.

Water Pollution Control – Accounts for bond sale proceeds to be used for the protection of the environment through the control of water pollution.

Fourth State Building – Accounts for bond sale proceeds to be used for capital improvements of institutions of higher education, the Department of Corrections and the Division of Youth Services.

Stormwater Control – Accounts for bond sale proceeds to be used for financing and construction of stormwater control.

Board of Public Building Revenue Bond – Accounts for bond sale proceeds to be used for renovating state buildings and structures.

*The **Permanent Funds** account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.*

Permanent Funds:

Arrow Rock State Historic Site Endowment – Accounts for moneys transferred from the State Parks Earnings Fund, as well as other moneys or property received by grant, gift, donation, or bequest specified for the enhancement of the Arrow Rock State Historic Site.

Confederate Memorial Park – Accounts for the income from investments acquired by gifts, donations and bequests to be used for the maintenance of the Confederate Memorial Park.

State Public School – Accounts for all moneys, bonds, lands and other properties belonging to or donated to the State for public school use in establishing and maintaining free public schools.

Smith Memorial Endowment Trust – Accounts for moneys bequeathed for the use and benefit of the Crippled Children's Service.

Missouri Investment Trust – Accounts for moneys transferred from the Missouri Arts Council Trust Fund, the Missouri Humanities Council Trust Fund, the Johnson-Travis Memorial Trust Fund, and the Secretary of State Wolfner Library Fund to be invested by the Missouri Investment Trust's Board of Trustees.

*The **Enterprise Funds** account for operations that are financed and operated in a manner similar to private business enterprises.*

Non-Major Enterprise Funds:

State Fair Fees – Accounts for the fairground admission fees used to improve the grounds and to pay the operating costs of the state fair.

State Parks – Accounts for park concessions and contributions which are used to acquire and operate state parks.

Natural Resources Revolving Services – Accounts for moneys received from the delivery of services and the sale or resale of maps, plats, reports, studies, records and other publications and documents.

Historic Preservation Revolving – Accounts for gifts, grants, and contributions used to acquire, preserve, restore, maintain or operate any historical properties.

Missouri Veterans' Homes – Accounts for fees to provide services for persons confined to one of the veterans' homes.

State Agency for Surplus Property – Accounts for the surplus property operation.

Department of Revenue Information – Accounts for fees received by the Department of Revenue for publications and used to pay the costs of providing this information.

*The **Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.*

Internal Service Funds:

Natural Resources Cost Allocation – Accounts for the administrative costs of the Department of Natural Resources.

Mental Health Interagency Payments – Accounts for moneys received through interagency agreements for services provided by other agencies.

State Facility Maintenance and Operation – Accounts for moneys transferred or paid to the Office of Administration as operating expenses, and for rent expenses of certain state-owned facilities.

Office of Administration Revolving – Accounts for the following operations: printing services, flight operations, vehicle management, garage services, data processing and telecommunication services, building and grounds, insurance services, postage, and personnel administration.

Working Capital Revolving – Accounts for the operation of correctional industry programs and correctional farm programs.

General Government Revolving – Accounts for various service operations of the House of Representatives, Supreme Court, Adjutant General, Senate, Treasurer and Department of Corrections.

Social Services Administrative Trust – Accounts for moneys transferred or paid to the Department of Social Services from any governmental entity or the public for goods and services provided.

Economic Development – Administrative – Accounts for moneys collected for goods and services provided to other divisions and used to pay the cost of providing such services.

Professional Registration Fees – Accounts for moneys received from the professional boards for administrative services.

Conservation Employees' Insurance Plan – Accounts for health insurance coverage on a self-insured basis and life insurance coverage by a third party provider for the Department of Conservation employees.

Transportation Self-Insurance Plan – Accounts for highway and highway patrol moneys used to pay workers' compensation claims. Moneys are also used to pay auto claims against the Department of Transportation.

Missouri State Employees' Insurance Plan – Accounts for long-term disability and death benefits provided on a self-insured basis for state employees.

Missouri Consolidated Health Care Plan – Accounts for medical care benefits provided on a self-insured basis for state employees.

Highway and Transportation Employees' and Highway Patrol Insurance Plan – Accounts for the medical coverage provided on a self-insured basis and death benefits provided on an insured basis to Department of Transportation employees and members of the Missouri State Highway Patrol.

Non-Cash Financing Activities:

During fiscal year 2004, the Office of Administration Revolving Fund entered into an equipment capital lease agreement for \$3,099,000. The new lease agreement was part of a trade-in of old leased equipment that resulted in a \$602,000 buyout of the old capital lease.

*The **Fiduciary Funds** account for assets held by the State in a trustee or agent capacity.*

Pension (and Other Employee Benefit) Trust Funds:

Missouri State Employees' Retirement System:

Missouri State Employees' Plan – Accounts for retirement, survivor and disability benefits paid to employees of the State who are not covered under another state-sponsored retirement plan.

Administrative Law Judges' and Advisors' Plan – Accounts for retirement, survivor and disability benefits paid to individuals appointed as administrative law judges or legal advisors in the Division of Workers' Compensation, members of the Labor and Industrial Relations Commission and their attorneys, the chairperson of the State Board of Mediation, and administrative hearing commissioners.

Judicial Plan – Accounts for retirement, survivor and disability benefits to judges in the State of Missouri.

Highway and Transportation Employees' and Highway Patrol Retirement Plan – Accounts for retirement, survivor and disability benefits paid to Department of Transportation employees and members of the Missouri State Highway Patrol.

Missouri State Employees' Deferred Compensation Incentive (IRC 401a) Plan – Accounts for retirement benefits paid to employees of the State.

Missouri State Public Employees' Deferred Compensation (IRC 457) Plan – Accounts for deposits from State employees, which are invested for the benefit of the employees until properly authorized to distribute.

Private-Purpose Trust Funds:

Alternative Care Trust – Accounts for all moneys received and spent by the Division of Family Services on behalf of children in their custody.

Johnson-Travis Memorial Trust – Accounts for all moneys, stocks and securities given to the State by Miss Pansy Johnson or for the benefit of the Pansy Johnson-Travis Memorial State Gardens. Moneys will be used solely to establish, develop and maintain the gardens.

Unclaimed Property – Accounts for moneys unpaid or unclaimed within one year after final settlement of any executor or administrator, assignee, sheriff or receiver and all unclaimed deposits, dividends and interest of banks unable to locate the owners.

Agency Funds:

State Retirement Contributions – Accounts for the receipt of contributions from various state funds which are to be transferred to the Missouri State Employees' Retirement Plan Trust Fund.

Social Security Contributions – Accounts for the receipt of contributions from various state funds for the State's share of social security contributions, which are due to the Federal Social Security Administration.

Missouri State Employees' Deferred Compensation Incentive Plan Administration – Accounts for moneys to be used for the payment by the State to deferred compensation investment companies on behalf of qualified state employees.

Missouri Consolidated Health Care Plan Benefit – Accounts for the receipt of contributions from various state funds, which are to be transferred to the Missouri Consolidated Health Care Plan Fund.

Missouri State Employees' Voluntary Life Insurance – Accounts for moneys withheld from employees' compensation for the contracts entered into with life insurance companies.

Program – Accounts for the receipt of various taxes, refundable deposits and other moneys to be held until the State has the right or obligation to distribute them to various entities or individuals.

Institution – Accounts for deposits to various institutional accounts and other receipts held by the State until there is proper authorization to disburse them directly to others.

**STATE OF MISSOURI
TAXES**

The Constitution of Missouri, Article X, Section 8, provides general guidelines for property taxes within the State. It limits the State tax on real and tangible personal property to ten cents on each hundred dollars assessed valuation, excluding any tax necessary to pay any bonded debt of the State.

Presently there is a State property tax of three cents on each hundred dollars assessed valuation on all real estate and tangible personal property in the State. This tax collects approximately 23 million dollars a year and is paid into the Blind Pension Fund, a special revenue fund.

(3) The data for 2004 was not available at publication date.

**STATE OF MISSOURI
DEBT**

The limitations on State debts and bond issues are contained in the Constitution of Missouri, Article III, Section 37. This section restricts the general assembly from contracting or authorizing the contracting of any liability of the State or the issuing of bonds therefore, except:

1. To refund outstanding bonds, the refunding bonds must have a maturity date of not more than twenty-five years from the date of issue.
2. Upon the recommendation of the governor for a temporary liability incurred by an unforeseen emergency or casual deficiency in revenues for an amount not to exceed one million dollars for any one year and to be paid in five years or less.
3. When the liability exceeds one million dollars, the general assembly as on constitutional amendments, or the people by the initiative, may submit a measure containing the amount, purpose and terms of the liability, and if the measure is approved by a majority of those voting, the liability may be incurred.
