Final implementation of correct Social Security coverage was effective July 1, 2010. Many other resources have also been provided specifically for school districts on our website at:

It is also important to remember the use of FORM SSA-1945. Federal law requires State and local government employers to provide a statement to employees hired January 1, 2005 or later in a job not covered under Social Security. The statement explains how a pension from that job could affect future Social Security benefits to which they may become entitled. This form should be used for ALL new-hire full-time certificated individuals in positions not covered by Social Security. You may print the form at <https://www.ssa.gov/forms/ssa-1945.pdf>.

There is no change from the guidance issued to each school district prior to the July 1, 2010 implementation date. If you have questions regarding these requirements, please contact our office at 573-751-1987 or email at 218agreements@oa.mo.gov. Again, we ask that individual employees not be forwarded to us, but their questions be routed through a single contact within your district, preferably the Superintendent. Individual benefit questions should be directed to a local Social Security Administration office which can be found through www.ssa.gov.
