

Single Feasible Source Purchase

Title: Chronic Disease Collaborative

Description: To implement secondary prevention strategies that reduce morbidity and mortality due to cardiovascular and diabetes among high-risk minority populations and provide assistance for Federally Qualified Health Centers (FQHCs) to achieve patient centered medical home certification.

The Missouri Primary Care Association (MPCA) is considered a single feasible source because MPCA is the only organization that represents and assists FQHCs in Missouri and is the only Primary Care Association recognized by the Bureau of Primary Health Care.
