

ENGAGE 2.0

State of Missouri team,

Public servants like you across the state are working tirelessly to respond to the evolving COVID-19 situation, focusing their time and energy on keeping the citizens of Missouri safe and healthy.

Even in challenging times like this, we should continue as much as possible the fundamental internal operations of government that help us deliver today and in the future. This includes ENGAGE 2.0. Despite the COVID-19 response, to date, over two-thirds of our supervisors have already completed their reviews and over 13,400 of our teammates have provided upward feedback.

That said, we want to give additional time to our teammates since we know many have been focusing on COVID-19 response. Therefore, **we are extending the deadline for submitting ENGAGE 2.0 evaluations and upward feedback to 11:59pm on Friday, April 10th**. It only takes a few minutes.

If you have **questions about the new deadline or any other aspect of ENGAGE 2.0**, please **contact our team** at engage@oa.mo.gov, 573.526.4500, or check out the ENGAGE 2.0 website by visiting: <https://engage2.mo.gov/>

ENGAGE 2.0 is about helping us all get better. As many teams shift to working remotely or at the right “social distance,” remember that MOLearning has a lot of to offer. Some specific course recommendations for learning how to excel at work remotely include:

- [Time Management: Working from Home](#)
- [Productivity Tips: Finding Your Productive Mindset](#)
- [Leading at a Distance](#)
- [Managing Virtual Teams](#)
- [Leading Virtual Meetings](#)

Thanks for your dedication during this uncertain time,

The ENGAGE 2.0 Team
