2. CORE DESCRIPTION

The Division of Workforce Development (DWD) administers employment and training programs authorized by the federal government. The major funds include the Workforce Investment Act, Wagner-Peyser Act, Trade Adjustment Assistance Act and Veterans' Employment and Training Service. In addition, DWD administers certain state funded industry training programs. Services provided through these sources include, but are not limited to, job search assistance to connect job seekers with employment opportunities, job preparation activities and skill training for eligible adults, dislocated workers, veterans, and youth. This core supports the personal service and expense and equipment costs to operate these programs.

In addition this core also includes the funding for the Show Me Hero Program which solicits pledges from Missouri employers to consider veterans when filling job openings. They provide on the job training (OJT) opportunities to National Guard and reservist recently returned from deployment and recently separated active duty military personnel.

2. CORE DESCRIPTION

The Show-Me Heroes Program solicits pledges from Missouri employers to consider veterans when filling job openings. Employers who take the pledge and hire veterans are recognized with the "Flag of Freedom" award. The Show-Me Heroes program provides on-the-job training (OJT) opportunities to National Guard and reservists recently returned from deployment and recently separated active duty military personnel. The OJT funding allows employers to be reimbursed up to 50% of the veteran's wages during a contracted training period necessary to acquire specific skills to be a productive employee. The program also provides other workforce services including job placement assistance, vocational evaluation and vocational counseling to help the individual choose a viable employment goal, vocational training to acquire or upgrade skills. The program also provides these same services to spouses of deployed National Guard, reservists and active duty military personnel. This was a transfer appropriation in fy11,12 and 13. The expenditures can now be found in the Workforce Administration core under "Federal."

2. CORE DESCRIPTION

The Workforce Investment Act provides the framework for a unique national workforce preparation and employment system designed to meet both the needs of the nations' businesses and the needs of the job seekers and those who want to further their careers. These are the funds that the State of Missouri is obligated to distribute to subcontractors and recipients, including the Local Workforce Investment Boards, according to the Federal and State statutes. Funds from the Wagner-Peyser Act of 1933 for public employment services are also administered by the division and are used to provide a no-fee employment service to individuals seeking employment and to employers seeking workers, as well as special projects that meet these purposes. This core also includes other federal employment and training funds that compliment the workforce system.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

1. What does this program do?

Major programs included in this core are Adult Employment and Training Activities, Dislocated Worker Employment and Training Activities, Youth Activities, Veterans Employment, Work Opportunity Tax Credit (WOTC), Jobs.mo.gov and Trade Adjustment Assistance. The Workforce Administration core covers the personal service and expense and equipment costs for the staff necessary to operate the Division's programs. Together, these programs provide the framework for a national workforce preparation and employment system that is designed to meet the needs of both businesses and job seekers, including Unemployment Insurance claimants, as well as those that want to further their careers. The funds can be distributed to Local Workforce Investment Boards, subcontractors and recipients according to Federal Statutes. It includes the funds for Trade Adjustment Assistance to enable workers affected by international trade to rejoin the workforce by providing them with the means to attain competitive and marketable skills for today's increasingly competitive work environment.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Statute - Public Law 105-220 and Public Law 93-618 for Trade

3. Are there federal matching requirements? If yes, please explain.

None

4. Is this a federally mandated program? If yes, please explain.

This program is federally mandated through the Workforce Investment Act of 1998 and the Trade Act Adjustment Assistance Extension of 2011, and is designed to aid states and local communities in developing workforce investment systems that provide workers with the information, career counseling, employment assistance, and training to acquire and retain jobs, and to provide employers with skilled workers.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

In January 2012, Missouri was one of the first states selected to participate in American College Testing's (ACT) national Certified Work Ready Communities (CWRC) initiative. Today, more than 17 states are participating in CWRC, including South Carolina, Oregon, Utah, Wyoming, Virginia, Michigan and North Carolina.

Since launching the CWRC initiative here in Missouri, counties throughout the state stepped up to participate by forming local leadership teams comprised of employers, chambers of commerce, economic development, elected officials, K-12 education, community college and workforce development. These leadership teams work to develop and achieve community-specific goals for the number of National Career Readiness Certificates (NCRCs) awarded and the number of supporting businesses who commit to recognizing, preferring or recommending the NCRC in hiring.

Department: Economic Development

Budget Unit 42390C

DI# 1419027

When a county reaches a "certified" status it means that the county has a system in place to provide to employers/businesses irrefutable data demonstrating they can deliver a quality workforce with the skills needed by companies. Missouri has the distinction of leading the nation in the number of Certified Work Ready communities with 39 counties actively participating, four of which are fully certified, and thirty-five "in progress".

The Missouri CWRC continues to gain momentum across the state. We expect to have as many as 50 counties participating by this time next year. The CWRC initiative has led to a significant increase in National Career Readiness Certificate (NCRC) attainment and employer support. ACT has awarded nearly 40,000 NCRCs in Missouri; and over 1,000 Missouri businesses support the NCRC in their hiring practices.

This additional funding will enable the state to fund additional NCRC testing at Career Centers, Community Colleges, Career Technical Education programs, and in a growing number of high schools. By increasing the number of NCRC's the state will help Missouri employers select, hire and retain a high performing workforce.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

DWD currently utilizes \$300,000 in federal Wagner Peyser/Workforce Investment Act funding to provide National Career Readiness Certificate (NCRC) testing for transitioning/unemployed individuals at Career Centers throughout the state. This federal funding covers the costs for approximately 9,000 NCRCs as well as ACT's work readiness remediation tool, Career Ready 101, that is utilized at Career Centers and Community Colleges.

The additional \$500,000 in general revenue funding will allow for increased capacity and additional NCRC testing for two key worker cohorts - emerging workers who are completing education/training and incumbent/current workers currently employed at a business. The federal funding is limited and in some cases, prohibits the utilization of funds on students under the age of 18, and individuals who are employed. This testing will largely be conducted by Community Colleges, Career Technical Education and high schools. Counties participating in the Certified Work Ready Communities initiative must meet specific goals for NCRC attainment, and this additional funding will allow them to do so.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an effectiveness measure.

Increase the number of counties "fully certified" as Work Ready Communities in Missouri from 4 to 25 by June, 2015. By increasing the number of National Career Readiness Certificates awarded in counties participating in the Certified Work Ready Communities (CWRC) program, we can increase the number of counties that meet their goals and become "fully certified".

6c. Provide the number of clients/individuals served, if applicable.

20,000 - 25,000 more Missourians will attain a National Career Readiness Certificate, including incumbent workers currently employed at a Missouri business; students graduating from high school; and individuals completing certificate or degree programs at career/technical education programs and community colleges.

6b. Provide an efficiency measure.

Missouri businesses save money and benefit from utilizing the NCRC in the workplace. Turnover costs are reduced by hiring candidates that have the documented skills to succeed on the job. Additional benefits are realized when employers utilize the NCRC in training and promotional opportunities.

6d. Provide a customer satisfaction measure, if available.

Individuals awarded an NCRC are successfully employed. Communities and businesses benefit by having a skilled workforce and achieving Certified Work Ready Community "fully certified" status.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This request is for an expansion of the General Revenue transfer to the Missouri Job Development Fund (MJDF), RSMo. 620.800-620.809 as well as the associated spending authority. The transfer provides the funding for the Missouri Works Training Program (formerly known as Customized Training), which receives \$50 million in training requests annually. The Missouri Works Training Program is the most flexible and popular of Missouri's workforce training programs and is a critical tool in the state's economic development efforts to create and retain jobs for Missourians. While funding can support training for workers in new jobs, it is primarily used to upgrade the skills of existing workers at existing businesses, making it one of our primary tools to retain jobs at existing companies.

Increasing the general revenue transfer to the MJDF corresponds with the increased spending authority for the MJDF and will help meet the needs of Missouri businesses and workers assisted by the Missouri Works Training Program.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This request is an increase in the program amount of funds available for businesses only and does not increase any FTE. The addition of \$4.5 million to the general revenue transfer as well as the MJDF spending authority would bring the Fund total to \$18.5 million, which is closer to the previous historic funding levels. The Department receives approximately \$50 million in requests annually for training assistance by Missouri businesses.

☐ New Legislation	☐ New Program	☐ Fund Switch

☐ GR Pick-Up	☐ Space Request	☐ Equipment Replacement
☐ Pay Plan	☒ Other: <u>General Revenue Transfer</u>	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This request is for an expansion of the General Revenue transfer to the Missouri Job Development Fund (MJDF), RSMo. 620.800-620.809 as well as the associated spending authority. The transfer provides the funding for the Missouri Works Training Program (formerly known as Customized Training), which receives \$50 million in training requests annually. The Missouri Works Training Program is the most flexible and popular of Missouri's workforce training programs and is a critical tool in the state's economic development efforts to create and retain jobs for Missourians. While funding can support training for workers in new jobs, it is primarily used to upgrade the skills of existing workers at existing businesses, making it one of our primary tools to retain jobs at existing companies.

Increasing the general revenue transfer to the MJDF corresponds with the increased spending authority for the MJDF and will help meet the needs of Missouri businesses and workers assisted by the Missouri Works Training Program.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This request is an increase in the program amount of funds available for businesses only and does not increase any FTE. The addition of \$4.5 million to the general revenue transfer as well as the MJDF spending authority would bring the Fund total to \$18.5 million, which is closer to the previous historic funding levels. The Department receives approximately \$50 million in requests annually for training assistance by Missouri businesses.

2. CORE DESCRIPTION									
The Missouri Works Job Retention Training Program offers an incentive for the retention of existing jobs by providing education and training to existing industries. The program targets companies with plans to move outside the state to find skilled labor by providing training assistance for workers to increase their skill level. The funding is generated from the withholding tax on retained jobs. DED/DWD must have this appropriation authority to disseminate money to the community college trustees to retire the bonds or meet the training project agreement amount. There is a \$45 million cap on the amount of outstanding certificates for this program, so it is estimated that at least \$10 million is required to handle that debt load (Section 620.809, RSMo.)

Reverted includes Governor's standard 3 percent reserve (when applicable) and any extraordinary withholdings.

Notes: (1) Unexpended funds are caused by 2 factors. First, it is impossible to project how much money a company will need upfront in withholding. Withholding claimed is based on the number of retained jobs and wages which can vary month-to-month. This in turn affects the amount of funds expended. Secondly, the unexpended portion is reserved for outstanding commitments made to companies for projects that have not finalized yet. **In addition, for FY 13 a substantial amount of funding was set aside for one company which did not close in time to expend funds during FY13.**

Program is found in the following core budget(s): Women's Council

1. What does this program do?

The Council acts as an informational, referral and resource service provider for women in the state of Missouri. The services provided by the Council help Missouri women achieve economic self-sufficiency by providing information to governmental programs, organizations and associations which provide education, training and leadership opportunities as well as partnering with other agencies to promote awareness of women's health related issues. The Women's Council provides information through several resource documents including the Self Sufficiency Standard Plan, the Women's Resource Guide and Fact Sheets that are available in both print version and can be downloaded from the Women's Council website. In addition, the Women's Council provides information by acting as a telephone and email conduit and by providing historical data on the input women have had on the state of Missouri through the Missouri Women's Council History Exhibit. The Council also sends an E-newsletter entitled the "Women's Edition" to over 6,000 individuals each month including Missouri Minority Business Enterprise (WBE Program) certified businesses.

In addition, the Women's Council helps women with the certification process in the Minority/Women Business Enterprise (M/WBE Program). This program provides greater opportunities for minority and women owned businesses to be eligible for benefits such as supportive services, technical and nontechnical assistance, and the opportunity to better access State-aid contracting programs.

The Women's Council established the annual "Award of Distinction" to recognize, honor, and celebrate women and organizations that have helped shape Missouri and continue to contribute their talents and skills to improve and enhance the quality of life for women.

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Missouri Arts Council (MAC). MAC provides accountability and oversight for the fair and equitable distribution of federal and trust funds in support of the arts statewide. MAC provides matching grants to Missouri non-profit, tax-exempt organizations for quality arts programming. Grant categories include: arts education, arts services, community arts, minority arts, and discipline programs (i.e. dance, theater, music, festivals, etc.). Applicants must demonstrate high artistic quality, strong management skills, community involvement and a diverse audience. MAC-supported activities must be open and accessible to the general public. Funds are distributed through a competitive process with developed guidelines, evaluation criteria and citizen advisory panel review. Over 80% of MAC's budget is distributed throughout the state in the form of grants. The MAC Trust Fund provides funding for 88.7% of MAC's programs and administration. The remaining 11.3% comes from federal funds.

NOTES:

- (1) (2) (3) - The unexpended Federal money is due to funds carried over to next fiscal year. and having excess federal spending authority.
- (1) (2) - The unexpended "Other" fund is due to not spending all of the Trust funds considering mid-year expenditure restrictions (FY09 and FY10) and zero transfers to Trust (FY11 and FY12) in order to maintain funds in the Missouri Arts Council Trust Fund to support MAC programs and administrative costs until MAC received additional transfers to the Trust.
- (3) - The unexpended "Other" fund is due to having more spending authority than actual funds left in the MAC Trust.

This core decision item establishes the spending authority for the Public Broadcasting Corp. (PBC) Special Fund. The Missouri Arts Council (MAC) assumed responsibility for granting state funds to public radio & television beginning FY2007. The funds are distributed from the PBC Special Fund. As a state program for public broadcasting services, the funds will be used for local programming related to the needs and problems of the community served by the broadcast licensee. The 4 public television stations contribute significantly to Missouri's educational and cultural enrichment and reach 5.5 million people annually. The 12 public radio stations reach 3.6 million people annually. MAC uses the grant agreement process to ensure the accountability of public funding to the broadcasting stations. MAC distributes 75% of the funds to the 4 television stations and 25% to the 12 radio stations according to the formula in RSMo 143.183. The stations are required to send an annual report detailing how the state funds were used.

2. CORE DESCRIPTION									
This core decision item is the General Revenue transfer that provides funding to Missouri Arts Council (MAC) for programs and administration. RSMo 143.183 states that 60% of the estimated collection of the Non-resident Professional Athletes' and Entertainers' (A&E) Income Tax is to be transferred to the MAC Trust Fund. In FY13 the tax generated over \$33 million. MAC Trust Fund has never received the full 60% portion the legislation provides, which would be approximately \$20 million annually. Mid-year expenditure restrictions were imposed in FY09 and FY10, and no transfers were made in FY11 and FY12. In FY13, \$600,000 was transferred to the MAC Trust Fund, representing only 2% of the estimated collection of the A&E tax. In FY14 the transfer is to be \$4.8 million, subject to 3% reserve. As a result, MAC's expenditures were reduced by 43% from \$9.75 million in FY10 to \$5.6 million in FY14. During this period, MAC spent down the Trust Funds as directed by the legislature, with a projected balance of only \$500,000 remaining at the beginning of FY15. MAC provides matching grants to Missouri nonprofit, tax-exempt organizations thereby doubling the impact of state funds. MAC funds quality arts programming that addresses MAC's strategic goals of increasing participation in the arts, growing Missouri's economy with the arts, and strengthening Missouri's education using the arts.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Arts Council Trust Fund Transfer

Program is found in the following core budget(s): Missouri Arts Council Trust Fund Transfer

1. What does this program do?

The Missouri Arts Council (MAC) funds art programming in over 555 Missouri tax-exempt organizations in 135 communities. MAC grants serve every Missouri Senate district and 78% of the House districts. Our grantees produced 14,913 arts events attended by approximately 8.2 million people annually. MAC grantee organizations generated over \$177 million in revenue; provided 6,127 full and part-time jobs; hired 53,964 artists; and paid \$130 million in salaries, which generated about \$3.9 million in state tax revenues. Over 43,000 Missourians volunteered for the arts. RSMo 143.183 states that 60% of the estimated collection of the Non-resident Professional Athletes' and Entertainers' (A&E) Income Tax is to be transferred to the MAC Trust Fund. In FY13 the tax generated over \$33 million. MAC Trust Fund has never received the full 60% portion the legislation provides, which would be approximately \$20 million annually. Mid-year expenditure restrictions were imposed in FY09 and FY10, and no transfers were made in FY11 and FY12. In FY13, \$600,000 was transferred to the MAC Trust Fund, representing only 2% of the estimated collection of the A&E tax. In FY14 \$4.8 million is to be transferred, subject to 3% reserve. As a result, MAC's expenditures have been reduced by 43% from \$9.75 million in FY10 to \$5.6 million in FY13. During this period MAC spent down the Trust Funds as directed by the legislature, with a projected balance of only \$500,000 at the beginning of FY15.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 185.100 RSMo., Section 143.183 RSMo.

3. Are there federal matching requirements? If yes, please explain.

Yes, funds from the National Endowment for the Arts must be matched 1:1 by state appropriations.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

The FY 2014 Planned amount is based on planned expenditures less Governor's Reserve.

6. What are the sources of the "Other " funds?

Original source of funds is the non-resident professional athletes and entertainers tax. Transfer from GR to MO Arts Council Trust Fund (0262).

2. CORE DESCRIPTION									
The Missouri Humanities Council (MHC) requests annual appropriations to benefit and assist local heritage institutions and organizations through competitive grants, and to support the grassroots activities of community museums, libraries, historical societies, educational institutions, and other civic organizations in preserving and sharing their stories. MHC will continue to encourage and support humanities-based programming, and to present its own programs including traveling historical exhibitions, such as the current Civil War in Missouri exhibit, creative writing workshops for Missouri veterans, the Missouri History speakers bureau, early reading initiatives for low income families, and development of an innovative mobile technology-based heritage tourism application for use in both urban and rural communities statewide. RSMo143.183 states that 10% of the estimated collection of \$33 million of the Non-resident Professional Athletes' & Entertainers' Income Tax is to be transferred to the MHC Trust Fund. MHC has never received the full 10% or \$3.3 million. Mid-year expenditure restrictions were imposed in FY09 & FY10, and no transfers were made in FY11 & FY12. In FY13 \$100,000 was transferred, and in FY14 \$800,000 is to be transferred. The FY14 transfer represents only 2.6% of the collection of the A&E tax.

2. CORE DESCRIPTION

This core decision item is the General Revenue transfer that provides funding for the Missouri Public Broadcasting Corp (PBC) Special Fund. The Missouri Arts Council (MAC) assumed responsibility for granting state funds to public television and radio stations beginning in FY2007. MAC will use the grant agreement process to ensure the accountability of public funds distribution. The 4 public television and 12 radio stations contribute significantly to Missouri's educational and cultural enrichment and are a valuable state resource. Section 143.183, RSMo enables 10% of the revenue (approximately \$3.3 million of the \$33 million collected annually) from the Non-Resident Professional Athletes and Entertainers Tax to be transferred from General Revenue to the PBC Special Fund. MAC distributes 75% of the funds to 4 tv stations and 25% to 12 radio stations according to the formula in statute. The state funds received are to be used for local programming related to the needs and problems of the community served by the broadcast licensee. In FY09 & FY10 mid-year expenditure restrictions were imposed on the transfers; in FY11 & FY12 zero funds were transferred; in FY13 only \$100,000 was transferred; and in FY14 \$800,000 was transferred, with \$450,000 transferred from GR and \$350,000 transferred from the MO Humanities Trust Fund.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Public Broadcasting Community Service Programs

Program is found in the following core budget(s): Missouri Public Broadcasting Corporation Special Fund Transfer

1. What does this program do?

The Missouri Arts Council (MAC) assumed responsibility for granting state funds to public television and radio stations beginning in FY2007. Section 143.183, RSMo., enables revenue collected from the Non-Resident Professional Athletes and Entertainers Tax to be transferred to the Public Broadcasting Corporation Special Fund. MAC distributes 75% of the funds to the 4 television stations and 25% to the 12 radio stations according to the formula in the statute. The state funds received are to be used for local programming related to the needs and problems of the community served by the broadcast licensee. MAC uses the grant agreement process to ensure the accountability of public funds distribution to the broadcasting stations. The 4 Missouri public television stations reach 5.5 million people annually and the 12 Missouri public radio stations reach 3.6 million people annually. Section 143.183, RSMo states that 10% of the revenue (approximately \$3.3 million of the \$33 million collected annually) from the Non-Resident Professional Athletes and Entertainers Tax is to be transferred from GR to the PBC Special Fund. In FY09 & FY10 mid-year expenditure restrictions were imposed on the transfers; in FY11 & FY12 zero funds were transferred; in FY13 only \$100,000 was transferred; and in FY14 \$800,000 was transferred, with \$450,000 transferred from GR and \$350,000 transferred from the MO Humanities Trust Fund.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 185.200 - 185.230 RSMo. Section 143.183 RSMo.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

The FY 2014 Planned amount is based on planned expenditures less Governor's Reserve.

6. What are the sources of the "Other " funds?

Original source of funds is the Non-resident Professional Athletes' and Entertainers' Income Tax. Transfer from GR to MO Public Broadcasting Corp. Special Fund (#0887). For FY14 \$450,000 is to be transferred from GR, and \$350,000 from the MO Humanities Trust Fund (#0177).

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Beginning in FY07, the Missouri Arts Council is responsible for distributing State funds to the Missouri Public Broadcasting Corporation's television and radio stations in accordance with Sections 185.200-185.230 and Section 143.183, RSMo. Missouri's 4 public television stations and 12 radio stations have an audience of over 4.7 million people according to the Nielsen and Arbitron ratings. The funds requested represent a portion of revenue collected for Non-Resident Professional Athletes and Entertainers Tax and are distributed (75%) to four public television broadcasting stations and (25%) to 12 public radio stations, as outlined in Section 143.183 RSMo. The stations are also under the authority of Section 73.621 of the Federal Communications Commission rules and regulations as a noncommercial educational or public broadcasting station.

In FY14 a portion of the Public Broadcasting budget was funded with the Humanities Council Trust Fund in the amount of \$350,000. This NDI is a fund switch from the Humanities Council Trust Fund back to General Revenue. This NDI will bring the funding back to \$800,000 General Revenue.

The fund switch to General Revenue comes in the form of a transfer to the Public Broadcasting Special Fund (0887). In FY15 it represents a portion of the Non-resident Professional Athletes and Entertainers Tax, as described in Section 143.183, RSMo. This NDI will allow Public Broadcasting to maintain their current funding level of \$800,000.

Legislation states that the MAC Trust be appropriated 60% of the annual collection of the A&E Tax and 10% to each of the cultural partners, of approximately \$33m. This NDI also includes \$300,000 in additional spending authority for Missouri Humanities Council and Public Broadcasting Corporation.

2. CORE DESCRIPTION

This core decision item establishes the spending authority for the Missouri Division of Tourism (MDT) Statewide Tourism Marketing Program as provided for in Sections 620.450 through 620.467, RSMo. Section 620.467, RSMo., tracks sales tax revenue generated by 17 tourism-related Standard Industry Classification (SIC) codes used as a barometer to determine the growth in TSRF. In effect since July 1, 1994, this Missouri Tourism funding model is a nationally recognized formula that was established to provide reliable funding for MDT, allowing the Division to be competitive with other states in promoting tourism. Tourism is in the driver's seat of Missouri's future as a catalyst for economic stimulus and job creation. We have only just begun to tap our potential. The Missouri Division of Tourism (MDT), the state promotion office, runs broad reaching marketing, sales, destination development and industry relations programs across the state. MDT works with local businesses, destination marketing organizations, convention and visitors bureaus, and communities to leverage and tie-in to marketing and public relations efforts to stimulate travel demand and brand the state as a destination. The funds from this request will be used in the tourism promotional budget to advertise Missouri's tourism destinations and attractions to the traveling public. Such advertising returns dividends back to Missouri. In FY11, each dollar in the MDT's budget generated \$57.76 in additional tourist expenditures and \$3.22 in state tax revenues. Tourist expenditures not only improve Missouri's economy, it also means additional jobs for Missouri residents with tourism employing more than 280,000 Missourians.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Statewide Tourism Marketing Program

Program is found in the following core budget(s): Tourism

1. What does this program do?

Tourism is a major industry in Missouri. Tourism generates \$11 billion in revenue for Missouri, supports more than 280,000 jobs and provides \$1.14 billion in state and local taxes for communities. Missouri receives \$3.22 in state tax revenues from every dollar invested in the Missouri Division of Tourism (MDT) budget. Our state of 6 million people hosts more than 36 million leisure travelers annually. MDT utilizes research based marketing to achieve optimum benefits from our marketing dollar. MDT is responsible for promoting Missouri as a premier destination for tourists from throughout the United States and from around the world. The Division is dedicated to wise and strategic investments in travel promotion that will feed a virtuous cycle of economic benefits for Missouri. Travel promotion programs spur interest in visiting destinations among potential travelers. Stronger travel interest generates more visitors. Additional visitors spend more at local attractions, hotels, restaurants, retail stores and other businesses. Greater travel spending supports more local jobs and generates additional tax revenue for state and local governments.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 620.450 through 620.467 RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

The FY 2014 Planned amount is based on planned expenditures less Governor's Reserve.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Division of Tourism (MDT) is requesting a \$10,000,000 General Revenue transfer to the Tourism Supplemental Revenue Fund (TSRF) and a \$10,000,000 increase in the TSRF spending authority to restore the division's eroding operating funds. In FY09, the General Revenue Transfer to the Tourism Supplemental Revenue fund was \$20.9 million. This amount has been reduced since FY09 to \$13.2 million in FY10, \$13.0 million in FY11 and FY12, and further reduced to \$12.6 million in FY13. In FY14, the appropriated transfer was increased to \$14.0 million. The net amount of the reduction since FY09 remains at \$6.9 million. This funding will be used in MDT's marketing plans to increase the division's reach into new and current markets using select research based mediums in television, on-line, magazines, as well as public relations efforts.

As the official destination marketing organization charged with promoting Missouri as a leisure travel destination, the Missouri Division of Tourism (MDT) plans and implements a wide variety of marketing and strategic sales initiatives. Our goal is to deliver the right message, through the right medium, to the right audience, at the right time, in order to maximize the economic impact of travel to the Show-Me State.

The Missouri Film Commission was created in 1996 per §620.1200, RSMo, as part of the Missouri Department of Economic Development (DED). The purpose of the nine member Commission is to advise the director of the DED on the promotion of development of film production and facilities in Missouri. The Missouri Film Office works to develop, coordinate and market the film industry and film-related activities in Missouri. The production and distribution of films and television programs is one of the nation's most valuable cultural and economic resources, and in Missouri more than 7,600 workers are employed in the industry with salaries above the national average. Many small businesses provide support to the film industry in Missouri, including transportation, food service, hospitality, retail, accounting, information management, equipment rental, heavy machine leasing, specialized design services, fine arts schools, lawyers, and managers for public figures and independent artists. The Missouri Film Office serves as the official central point of contact for all state-wide inquiries - film, TV shows/segments, commercials, web content, and motion media. The office maintains and markets a large photo database of diverse locations across the state and keeps current a state-wide database of skilled workers, special equipment operators and support service companies.

In Fiscal Year 2014, the General Assembly included and the Governor approved a \$500 annual pay raise for all state employees, except elected officials, members of the general assembly and judges covered under the Missouri Citizens' Commission on Compensation for Elected Officials, beginning January 1, 2014 (12 pay periods). The remaining 12 pay periods were unfunded, but the stated intent was to provide the funding in FY 15.

NDI 1419016 (\$15,381) is the corresponding General Revenue transfer to the Missouri Works Job Development Fund and the Tourism Supplemental Revenue Fund to accommodate the FY14 pay plan cost to continue.

The appropriation amount for the Fiscal Year 14 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

The request also includes the General Revenue transfers to the MJDF and TSRF, including fringe benefits.

The funding for the Division of Tourism is through a General Revenue transfer to the Tourism Supplemental Revenue Fund (TSRF). The authority for the Division of Tourism Statewide Tourism Marketing Program is provided for in Sections 620.450 through 620.467, RSMo.

The Division of Tourism (MDT) is requesting a \$10,000,000 GR transfer to the TSRF to be used in the tourism promotional budget to advertise Missouri's tourism destinations and attractions to the traveling public with a fully integrated marketing strategy based upon sound research . As we welcome more and more of the world's travelers to our diverse state, we are helping to create jobs, build our economy, and strengthen the foundation of communities across Missouri.

Additional funding will enhance efforts to showcase Missouri's tourism opportunities.

If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Division of Tourism (MDT) is requesting a \$10,000,000 General Revenue transfer to the Tourism Supplemental Revenue Fund (TSRF) and a \$10,000,000 increase in the TSRF spending authority to restore the division's eroding operating funds. In FY09, the General Revenue Transfer to the Tourism Supplemental Revenue fund was \$20.9 million. This amount has been reduced since FY09 to \$13.2 million in FY10, \$13.0 million in FY11 and FY12, and further reduced to \$12.6 million in FY13. In FY14, the appropriated transfer was increased to \$14.0 million. The net amount of the reduction since FY09 remains at \$6.9 million. This funding will be used in MDT's marketing plans to increase the division's reach into new and current markets using select research based mediums in television, on-line, magazines, as well as public relations efforts.

As the official destination marketing organization charged with promoting Missouri as a leisure travel destination, the Missouri Division of Tourism (MDT) plans and implements a wide variety of marketing and strategic sales initiatives. Our goal is to deliver the right message, through the right medium, to the right audience, at the right time, in order to maximize the economic impact of travel to the Show-Me State.

Tourism plays a vital role in Missouri's economic development. In fiscal year 2013, visitors spent a combined \$11.1 billion, supported 285,000 jobs, and generated \$1.3 billion in state and local taxes that contribute to our communities' economic well-being. In fact, in Fiscal Year 2013, total tourism sales were up \$140 million from the previous fiscal year.

2. CORE DESCRIPTION

Section 215.034, RSMo. states "At the conclusion of each fiscal year, the state treasurer shall allocate all moneys in the Missouri Housing Trust Fund to the Missouri Housing Development Commission for disbursement and investment as directed by this section." These funds consist of \$3 of the recording fee on real estate-related documents established in Section 59.319, RSMo. The objective of the Missouri Housing Trust Fund is to increase the availability of affordable housing for low-income and homeless Missourians. By statute, the funds must be used to benefit households earning 50% of area median income or less, and at least half of the funds must be used to benefit households earning 25% of area median income or less. There are over 145,000 families in Missouri paying more than 50% of their income for rent.*

For the 2013 application cycle, MHDC received application requests totaling \$14,963,212.36 but the Trust Fund had received only \$3,367,386.64 to disburse.

PROGRAM DESCRIPTION

Department: Economic Development

Program Name: Missouri Housing Trust Fund

Program is found in the following core budget(s): Missouri Housing Development Commission

1. What does this program do?

The Missouri Housing Trust Fund (MHTF) grants funds to organizations that provide housing and/or housing services to families and individuals who are at risk or homeless in Missouri. The MHTF works in collaboration with several funding sources and agencies to end or drastically reduce homelessness in Missouri.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 215.034-215.039, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

* FY 2013 amounts have been allocated by region. Actual spending amounts will not be available until August 2014. --- By special approval from the Commission, funds recaptured for FY 2010 (\$575,271) and FY 2011(\$ 244,628) were reallocated to specifically serve victims of disaster in 2011.

6. What are the sources of the "Other " funds?

Missouri Housing Trust Fund (0254) is funded through \$3 of the recording fee on real estate-related documents established in Section 59.319 RSMo.

7a. Provide an effectiveness measure.

Number of individuals prevented from becoming homeless as a result of assistance received from the Missouri Housing Trust Fund:

*Actual data for FY 2013 will be available in August 2014. Projected data for FY 2013, 2014 and 2015 is based on FY 2012 actual data. The increase in FY 2011 actual figure is largely attributed to one operational grant and the particular service measurement used for it. One grant reported serving 6128 persons during one reporting period while 80 was the average number of persons served in a reporting period. Starting in FY 2013, rental assistance became the funding priority for the MHTF. With this change, the priority moved to increasing the number of individuals living in permanent housing. The shift will likely serve fewer individuals but in a more comprehensive manner. Rental assistance remains the top funding priority in FY 2014 for the MHTF.

7b. Provide an efficiency measure.

MHDC is able to assist a larger number of individuals than would otherwise be possible by successfully leveraging the Missouri Housing Trust Fund dollars with other private and public funds.

Ratio of Funds Leveraged

7c. Provide the number of clients/individuals served, if applicable.

Number of instances of assistance provided by the Missouri Housing Trust Fund by funding category:

Program	FY 2011 Projected	FY 2011 Actual	FY 2012 Projected	FY 2012 Actual	FY 2013 Projected	FY 2013* Actual	FY 2014 Projected	FY 2015 Projected

Grand Total	7,767	16,701	3,074	4,972	4,392		3,981	4,021

NOTE: The data referenced above reflects the instances of assistance broken down by funding category rather than the number of households served. Funding prioritization by category is set each year by the MHDC commissioners; consequently, the order of the priorities is subject to change from year to year. For FY 2014 the priorities are: Rental Assistance, Operating Funds, Home Repair and Modifications, Construction Rehabilitation, and Emergency Assistance.

Measurement tools may differ for each funding priority and are outlined in the application for funding. Changes for FY 2013 measurement tools included the focus on permanent housing rather than transitional and the change in measurement tools for operating funds. Agencies must base tools for operating funds on one of two outcomes - increasing the agency's capacity or the agency's ability to meet the housing needs of low income Missourians. There are no changes for FY 2014 measurement tools.

Construction grants represent another funding category, but do not directly serve individuals during the grant (construction) period. Agencies that are allocated a Construction / Rehabilitation grant must enter into an eighteen year Land Use Restriction Agreement (LURA) with MHDC which requires agencies to annually certify that residents of that facility are at or below 50% of the Area Median Income (AMI). The number of construction projects funded in recent years were as follows: seven in FY 2010, four for FY 2011, three in 2012, six for FY 2013. For FY 2014, seven construction grants are projected, and eight construction grants are projected for FY 2015.

* Actual data for FY 2013 will be available in August 2014.

7d. Provide a customer satisfaction measure, if available.

We do not have a customer satisfaction measure to report.

2. CORE DESCRIPTION

This core provides operational funding for the Division of Energy which is a nonregulatory state agency that helps ensure adequate energy supplies, promotes energy efficiency and advances the use of Missouri's indigenous energy resources, especially renewable resources. Staff members track and report on energy prices and supplies; collect and report Missouri energy data; facilitate solutions to Missouri energy supply disruptions; conduct energy policy research and analysis; and maintain Missouri's plan for energy emergencies. Staff also provide technical and financial assistance for energy efficiency and renewable energy projects to state and local governments, school districts, businesses, industries and citizens.

The work of the Division of Energy has advanced the development of wind resources within Missouri and collected new data that helped lead to the development of Missouri's first three utility-scale wind-generation projects. Staff also works extensively in the biomass arena, including increased use of biofuels in state-owned vehicles, and technical assistance and analysis focused on the use of a variety of biomass materials for energy. In addition, the division supports market research and demonstration projects that advance the use of clean, domestic energy resources and technologies. Staff members interact with DNR environmental programs to integrate energy efficiency into environmental quality and interact with utility companies and Public Service Commission staff to provide expertise in the development and deployment of energy-efficiency programs by utility companies.

Actual expenditures for all fiscal years are as of June 30 and do not include lapse period activities.

Reverted includes Governor's standard 3 percent reserve (when applicable) and any expenditure restrictions.

NOTES:

(1) Financial data includes operating and pass-through appropriations.

(2) In many cases, pass-through appropriations are set at a level to encumber and pay our commitments, which often span multiple fiscal years. This often causes high unexpended appropriation balances.

PROGRAM DESCRIPTION

Department of Economic Development

Division of Energy

Program is found in the following core budget(s): Division of Energy

1. What does this program do?

The Division of Energy is a nonregulatory state agency that helps ensure adequate energy supplies; promotes energy efficiency; and advocates for the use of Missouri indigenous energy resources, especially renewable energy. More than 90 percent of the primary fuels we consume (such as coal, petroleum and natural gas) come from outside the state. Energy efficiency provides the most cost-effective way to address the challenges of growing energy demand, higher energy prices, energy security, energy reliability and environmental quality. Staff manage projects, subgrants and contracts, and provide technical assistance to deliver energy-efficiency services and programs to Missourians; including energy-efficiency improvements to existing housing, improved energy-efficient building techniques and technologies for new homes, training for public and private-sector facilities managers, and industrial energy efficiency opportunities. Division staff participate in utility regulatory cases to encourage utility investments in energy-efficiency programs for their customers and help utilities design these customer programs. In addition, the division monitors energy supplies and prices, conducts special assessments in response to potential or actual supply disruptions or shortages, and coordinates mitigation efforts with state and federal agencies and decision-makers.

The Division of Energy encourages the use of Missouri's indigenous energy resources and technologies through various initiatives. The work of division staff advanced the development of Missouri's wind resources and helped lead to the development of Missouri's first utility-scale wind generation projects; there are now 460 megawatts of installed wind generation capacity in Missouri. Staff work extensively in the biomass arena. This work includes increased use of biofuels in state-owned vehicles, and technical assistance and analysis focused on the use of various biomass materials for energy. As a result of Missouri's Renewable Energy Standard (RES) that includes provisions for solar rebates, staff are increasingly providing technical assistance and information on solar installations. Also as required by the RES, staff review and certify eligible renewable energy sources and generation facilities to ensure no undue adverse environmental impacts.

Staff also direct and oversee the Building Operator Certification Program in Missouri, which helps energy managers of commercial, institutional, office, and school buildings learn how to reduce energy use through energy efficiency.

Energy Efficient Services PSD involves multiple successful efforts including revolving loans for energy efficiency improvements made to schools, hospitals and local government buildings which save local tax dollars. Funding for energy-efficiency improvements to homes of fixed-income Missourians saves families money by reducing their utility bills. Data analysis performed showed that families living in weatherized homes requested fewer public dollars to help pay their utility bills. Forty percent of the families who had requested emergency crisis intervention program monies (ECIP) to help pay utility bills before their homes were weatherized did not request any ECIP money during the two years after their homes were weatherized.

1. What does this program do? (continued)

The State Energy Program includes services such as energy assurance, mitigation of energy supply disruptions, development of energy efficiency programs and information, policy research and analysis, and assistance with development of renewable energy sources. Funding from the State Energy Program is made available to further energy-efficiency programs for residential, commercial, agricultural and industrial sectors; to further data collection and analysis of Missouri's indigenous energy resources; and to further the use of renewable energy. The Biodiesel Fuel Revolving Fund encourages alternative fuel use in state vehicles. Benefits of these programs include improving the state's economy by reducing expenditures for energy imported into the state, creating opportunities for development of renewable energy sources, environment and security benefits from avoiding fossil energy generation and consumption, developing clean domestic distributed energy systems and industries, informing citizens and decision-makers about energy prices, and helping ensure adequate energy supplies.

7a. Provide an effectiveness measure.

Annual Utilities Commitment to Energy Efficiency Programs through Utility Regulatory Proceedings

	FY 2011 Actual	FY 2012 Actual	FY 2013 Projected	FY 2013 Actual	FY 2014 Projected	FY 2015 Projected	FY 2016 Projected
Utility Regulatory Cases/Partners	12	12	12	12	12	12	12
Dollars Committed	\$28,719,655	\$10,386,616	\$53,909,534	\$42,348,198	\$78,666,173	\$96,320,495	\$101,691,799

The Division of Energy participates in regulatory proceedings of electric and natural gas utilities at the Public Service Commission (PSC) to secure funding for energy efficiency programs. These amounts represent annual utility investments in energy efficiency programs that have been approved in stipulation or PSC orders. Projections are based on the latest information available. Projections increase significantly from FY 2013 to FY 2015 due to PSC approval of Ameren's and Kansas City Power & Light-Greater Missouri Operations' (KCP&L-GMO) Missouri Energy Efficiency Investment (MEEIA) programs. Additional MEEIA programs after 2015 are anticipated, subject to utility filings and PSC approval of programs. Actual dollars committed for FY 2012 were lower due to ramp down of Ameren's programs prior to MEEIA programs that began in early 2013.

In FY2013 we distributed \$13.8 million in schools and local government loans and \$785,293 for waste water energy loans from the DNR American Recovery and Reinvestment Act Fund (not included above). Repayments from these loans will be deposited to the Energy Futures Fund where they will be available for additional revolving loans in the future.

7a. Provide an effectiveness measure (continued).

From 1977 through 2013, the Weatherization Assistance Program has weatherized 160,539 homes not including homes weatherized under the American Recovery and Reinvestment Act (22,768 homes). All families living in homes that received Weatherization Assistance Program improvements since the beginning of the program saved an estimated \$12 million during FY 2013. Lasting energy efficient improvements are installed in the home, resulting in lower utility bills year after year. A home that has been weatherized can reduce average annual fuel use per dwelling by 33.5 percent of natural gas space heating consumption, making it a cost effective way to help low-income families with their energy bills, thus allowing low-income families to use the extra money available for other life essentials. Savings above reflect regular Weatherization-funded projects; the majority of FY 2010 - FY 2013 Weatherization funding was from the American Recovery and Reinvestment Act, which is not included above.

Since 1989, the Division of Energy has offered low-interest loans to schools and local governments for the installation of energy-efficiency measures. Based on an expected 20-year life of the energy-efficiency measures, all entities that made improvements financed with energy loans since the beginning of the program saved an estimated \$11.5 million in FY 2013. The energy savings represent money that school districts and local governments do not have to spend on utility bills, and therefore, can redirect to education and public services. Due to the heightened interest in American Recovery and Reinvestment Act funding, no new Energy Efficiency Loans were awarded in FY 2012. Actual energy loan savings may change from year to year based on loan de-obligations.

(1) Due to heightened interest in American Recovery and Reinvestment Act funding, no new Energy Efficiency Loans were made in FY 2012.

(2) Utility Energy Efficiency Investments committed per FTE is based on Division of Energy involvement in Utility Rate Cases or Partnerships; projections based on case commitments. Implementation of Ameren's and KCP&L-GMO's MEEIA programs began in 2013, resulting in a significant increase in utility funds through 2015. Additional MEEIA programs are anticipated after 2015, subject to utility filings and PSC approval.

Prior year amounts may change from year to year based on loan de-obligations. Due to the heightened interest in Recovery Act funding, no new Energy Efficiency Loans were made in FY 2012.

Clients served by Utility Energy Efficiency Programs declined in FY2012 due to Ameren's ramp down of programs prior to implementation of its MEEIA programs, which began in 2013. Projections increase significantly in FY 2013 and 2014 associated with the MEEIA programs of both Ameren and KCP&L -GMO including projections for clients served through market transformation programs. Actual clients served by utility energy efficiency programs for FY2013 are subject to confirmation by a program evaluation to be completed in 2014. Information and Technical Contacts includes energy loans technical assistance, media outreach, State Fair, industrial energy audits performed, commercial building operators and miscellaneous technical site visits, public presentations, and exhibits. Contacts increased in 2013 due to tracking of website access and use of a tracking system for staff contacts. Energy Price and Supply Contacts includes distribution of Energy Bulletins.

7d. Provide a customer satisfaction measure, if available.

The division sends a satisfaction survey to each loan recipient. The loan recipient surveys maintain a very high satisfaction rating.

This core request will provide Public Counsel with sufficient expertise and resources to represent consumers of regulated Missouri utility companies as well as to assist and inform Missourians with property rights concerns. This request funds attorneys and a technical staff that provide expert analysis and recommendations to the Public Service Commission (PSC) and in the courts. Public Counsel advocates for the interests of all consumers of investor-owned utilities in Missouri, with a particular focus on residential and small business consumers who have no other representation. The Public Counsel also has the authority to appeal PSC decisions through the court system when necessary to protect consumer interests. Through the ombudsman for property rights, Public Counsel provides guidance to individuals seeking information about the condemnation process.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 42620C	DEPARTMENT: Economic Development
BUDGET UNIT NAME: 7897 - Office of Public Counsel PS 0607 7898 - Office of Public Counsel EE 0607	DIVISION: Office of Public Counsel

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The department is requesting 10% flexibility between the Personal Service and/or Expense and Equipment appropriation. This increased flexibility is needed to ensure our ability to immediately address any identified operational modifications to ensure the provision of the highest quality services to Missourians. Because of the office's tight budget and history of using virtually all of Personal Services and E&E allocations each year, the added flexibility will allow us to operate more efficiently.

- PS - \$601,149 * 10% = \$60,115

- EE - \$104,634 * 10% = \$10,463

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$11,000	Expenditures in PS and E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.	Expenditures in PS and E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
In FY2013, the Office of Public Counsel transferred \$11,000 from PS to E&E to cover travel costs.	In FY 2014, Office of Public Counsel was appropriated up to 10% flexibility between PS and E&E appropriations. This will allow the department to respond to changing situations to continue to provide the best possible, quality service to our customers.

PROGRAM DESCRIPTION

Department of Economic Development

Program Name Office of Public Counsel

Program is found in the following core budget(s): Office of Public Counsel

1. What does this program do?

This core request will provide Public Counsel with sufficient expertise and resources to represent consumers of regulated Missouri utility companies. This request funds attorneys and a technical staff that provide expert analysis and recommendations to the Public Service Commission and in the courts. Public Counsel advocates for the interests of all consumers of investor-owned utilities in Missouri, with a particular focus on residential and small business consumers who have no other representation. The Public Counsel also has the authority to appeal PSC decisions through the court system when necessary to protect consumer interests. In addition, through the property rights ombudsman, Public Counsel provides assistance to citizens seeking guidance about condemnation process and procedures.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 386.700 and 523.277, RSMo. 2000

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

*Expenditure reverts/unexpends taken out of planned expenditures.

Beginning FY 2012 funding by assessment.

The FY2014 Planned Amount is based on planned expenditures less Governor's Reserve and the current FY14 Expenditure Restriction.

6. What are the sources of the "Other " funds?

Public Service Commission Fund (0607)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Office of Public Counsel (OPC) is required by statute, Section 386.710, RSMo., to represent the interests of the public in proceedings before the Public Service Commission (PSC) and in the courts. At the current staffing level, OPC simply cannot fulfill its statutory obligations. At times, it is impossible to attend all the meetings and hearings that are scheduled by the PSC, much less adequately prepare and effectively participate. There are entire categories of cases (fuel adjustment charge increases for electric utilities, for example) in which the OPC no longer participate at all, even though these are important cases. The small requested increase in funding and staffing will not solve the problem, but it will make a huge difference in the OPC's ability to participate in cases that affect the public.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Since 2003, OPC has dropped from 16 FTEs to the currently authorized 12. In that same time period, the number of major rate increase cases has increased dramatically. In addition, an entirely new function has been added, the Ombudsman for Property Rights. In effect, the OPC is being called on to do much more with approximately one-third less FTEs than were appropriated ten years ago. Adding 2 FTEs will bring the OPC up to 14 FTE, which will still be 2 FTE short of the staffing level ten years ago before we had to devote one FTE to property rights.

2. CORE DESCRIPTION									
The Missouri Public Service Commission has the statutory responsibility of ensuring that consumers receive adequate amounts of safely delivered and reasonably priced utility services at rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. The Commission must balance a variety of often competing private interests to ensure the overall public interest. Much of the Commission's work is conducted through formal contested case hearings, similar to court proceedings. The primary statutory provisions governing the Commission are contained in Chapters 386, 392, and 393 RSMo. The Commission regulates the rates and practices of investor-owned local telephone, water, sewer, gas and electric companies. The PSC administers the state's deaf relay program, Relay Missouri, which allows speech or hearing impaired people to communicate with hearing people by using a communications assistant who "relays" the conversation to the other party. The Commission also issues video service authorizations to entities that meet statutory requirements and registers providers of Voice-Over-Internet (VoIP) communications service.

NOTES: Any appropriation lapse monies will remain in PSC Fund, not transferred to General Revenue, but obligated for next fiscal year's budget and used as a reduction of the PSC assessment to regulated utility companies per Chapter 386.370 RSMo. Lapsed monies are primarily due to employee turnover, vacancies, and various cost containment measures implemented within the agency

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	Expenditures in PS and E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.	Expenditures in PS an E&E will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
In FY2013, the Public Service Commission flex \$0.	In FY2014, the Public Service Commission was appropriated 10% flexibility between the PS and E&E appropriations. PROGRAM DESCRIPTION

Department: Economic Development

Program Name: PSC Regulatory Core

Program is found in the following core budget(s): Public Service Commission Regulatory

1. What does this program do?

The Missouri Public Service Commission (PSC) has the statutory responsibility of ensuring that consumers receive adequate amounts of safely delivered and reasonably priced utility services at rates that will provide the utility companies' shareholders the opportunity to earn a reasonable return on their investment. Much of the Commission's work is conducted through formal contested case hearings, similar to court proceedings. The Commission regulates the rates and practices of investor-owned local telephone, water, sewer, gas and electric companies. The PSC also administers the state's deaf relay program, Relay Missouri, which allows speech or hearing impaired people to communicate with hearing people by using a communications assistant who "relays" the conversation to the other party. 2. CORE DESCRIPTION

The Manufactured Housing Department, housed within the Public Service Commission, is required by statute (Section 700.010 - 700.692 RSMo) to: 1) annually register manufacturers and dealers of manufactured homes and modular units, and new manufactured home installers; 2) prescribe and enforce uniform construction standards for manufactured homes and modular units sold in the State of Missouri; 3) enforce manufactured home set up and tie-down requirements; and 4) to administer the Consumer Recovery Fund established pursuant to SB 788. The Manufactured Housing Program acts as the State Administrative Agency (SAA) to the Federal Housing and Urban Development's Manufactured Housing Program in an effort to assure safe and affordable housing for consumers with emphasis on safety. The SAA provides this assurance by responding to consumer complaints, conducting manufactured home inspections and performing dealer lot inspections and manufacturing plant record reviews. It also provides installer and inspector training. These functions directly increase the number of manufactured homes that are code compliant and installed correctly, in addition to providing consumers with safe and adequate housing. The Program also enforces similar policies for the modular unit industry.

For the Manufactured Housing Fund, annual lapse funds do not revert to General Revenue, but remain as a portion of fund balance and are used to operate the program. The transfer of a biennial lapse to the General Revenue fund is permitted under Chapter 700.040.3 RSMo if the fund amount exceeds two times the appropriation of the prior fiscal year. Lapsed monies are primarily due to various containment measures implemented within the Manufactured Housing Department.

The Manufactured Housing (MH) Department, housed within the Public Service Commission, is required by statute (Section 700.010 - 700.692 RSMo) and acts as the State Administrative Agency (SAA) to the Federal Housing and Urban Development's Manufactured Housing Program in an effort to assure safe and affordable housing for consumers. The MH Department collects and maintains data related to all licensed manufacturers, dealers and installers of manufactured homes and modular units in Missouri. The current computer model and system that houses this data has become antiquated and unreliable. A more efficient computer model and system would provide more timely and accurate reporting and allow field staff more time to perform site inspections and respond to consumer issues.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Members of the Manufactured Housing staff were selected to lead a formal meeting with members of the PSC Information Technology Department to discuss short falls with our current software. In this meeting we presented additional functions and desired capabilities we would like for our new software to possess. The IT department produced an estimate based on similar software proposals they have assisted with and the amount of man-hours they felt would be needed in building such software.

These transfers allow for reimbursement to DED Administrative Services from other divisions for providing direction and guidance through the Director's Office. In addition, Administrative Services provides for legal, financial, human resources, budget and general services assistance and support. 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

As federal funding available to states decreases through sequestration actions, an increase in other funds is needed in order to cover the costs of department administrative expenses. Based on the FY14 Cost Allocation Plan for the DED, it was determined an increase was needed in the transfer amount for the Public Service Commission totaling \$83,970 and for Manufactured Housing totaling \$4,797 for a total increase of \$88,767.
