### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The FY 2022 budget includes appropriation authority for a 2% pay increase for employees beginning January 1, 2022. The remaining six months were unfunded, but the stated intent of the legislature was to provide the funding in FY 2023.

### 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amount for the Fiscal Year 2022 pay plan was based on a 2% pay increase for employees beginning January 1, 2022. The Fiscal Year 2023 requested amount is equivalent to the remaining six months in order to provide the core funding necessary for a full fiscal year.

## NEW DECISION ITEM

Department: Social Services  
Division: Department Wide  
DI Name: FY 23 Pay Plan

### 2. THIS REQUEST CAN BE CATEGORIZED AS:

<input type="checkbox"/>	New Legislation	<input type="checkbox"/>	New Program	<input type="checkbox"/>	Fund Switch
<input type="checkbox"/>	Federal Mandate	<input type="checkbox"/>	Program Expansion	<input checked="" type="checkbox"/>	Cost to Continue
<input type="checkbox"/>	GR Pick-Up	<input type="checkbox"/>	Space Request	<input type="checkbox"/>	Equipment Replacement
<input checked="" type="checkbox"/>	Pay Plan	<input type="checkbox"/>	Other: _____		

### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

To help address high turnover and vacancy rates across the state, funding is needed to address statewide salary needs. The FY 2023 budget includes appropriation authority for three pay plan components and their associated fringes:

- 5.5% pay increase for employees
- \$15/hr state employee baseline wage adjustment
- Compression adjustments between positions

### 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amount for the Fiscal Year 2023 pay plan was based on a 5.5% pay increase for employees, raising the baseline wage of employees to \$15/hr, and adjustments related to compression issues as a result of the increases.

The 5.5 percent COLA increase is based on the average increase of four general structure adjustment economic indicators:

Consumer Price Index for the Midwest – 6.4 percent;

Employment Cost Index – 4.3 percent;

World at Work Salary Budget Increases – 2.9 percent; and

Personal Income – 8.3 percent.

### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Family First Prevention Services Act (FFPSA) was signed into law on February 9, 2018. The Act aims to prevent children from entering foster care by allowing federal reimbursement for mental health services, substance use treatment, and in-home parenting skill training to families and children who are at risk of entering the child welfare system. FFPSA, also, aims to ensure children already in foster care are placed in the least restrictive, most family-like setting appropriate to the child's specialized needs when foster care is needed, and incentivizes states to reinvest funds, currently used for residential care, into prevention funds.

In addition, this Act creates the need for two provider types (Qualified Residential Treatment Program (QRTP) and Psychiatric Residential Treatment Facility (PRTF)) and corresponding rates for these providers.

Family First significantly changes federal reimbursement for residential treatment. Families First reduced the ability to claim IV-E (which provides federal reimbursement for room and board costs for Title IV-E eligible children). This Act also reduces the amount of Medicaid that can be claimed on Residential Facilities. In addition, this act pushes states to review facilities to evaluate if they are qualified as an Institution for Mental Diseases (IMD). This removes the ability to claim Medicaid on Residential Treatment costs child is placed in a residential facility that is determined to be an IMD. However, in October of 2021, CMS released guidance which allows for a waiver to enable States to claim medicaid for Foster Children placed in a QRTP which is classified as an IMD. Overall, this Act has a significant impact on the federal funding for Residential Treatment Placements. This increases the amount of state funding needed to support these programs and changes how these programs are administered.

Family First Prevention Services Act (FFPSA) does provide states the opportunity to receive 50% federal (Title IV-E) reimbursement for specific prevention services. The purpose of this proposal is to develop a prevention service array in Missouri, in accordance with FFPSA and the Title IV-E Prevention Services Clearinghouse, to qualify for the Title IV-E reimbursement.

Prevention services may be provided for a candidate for foster care, their parents/caregivers, and pregnant and parenting foster youth. A candidate for foster care is defined as a child identified in a prevention plan as being at imminent risk of entering foster care (without regard to whether the child would be eligible for title IV-E foster care, adoption, or guardianship payments) but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent the entry of the child into foster care are provided. This includes a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement.

## NEW DECISION ITEM

**Department: Social Services**  
**Division: MO HealthNet Division**  
**DI Name: Family First Residential Cost**

**DI# 1886011**

**Budget Unit: 90551C**  
**HB Section: 11.760**

Qualifying prevention services are mental health services, substance abuse treatment, and in-home parent skill-based programs. Prevention services must be trauma-informed, evidence-based, and provided by a qualified clinician. A federal clearinghouse, Title IV-E Prevention Services Clearinghouse (<https://preventionservices.abtsites.com/>) was developed to review and rate specific programs to be utilized for FFPSA. States must identify from the clearinghouse the specific practices the state plans to use for the services and programs in a detailed Prevention Services and Programs Five-Year Plan. Title IV-E dollars can only be used to provide services for a maximum of 12 months beginning on the date the child is identified in a prevention plan as a candidate for foster care or a pregnant and parenting foster youth in need of services. Children and families can receive these services more than once if they are later identified again as a candidate for foster care.

This request is for funding in 5 different areas as described below.

### 1. Loss of Medicaid Funding - \$10 M GR

- a. The implementation of Families First and implementation of Qualified Residential Treatment Program (QRTP) is requiring states to perform assessments to determine if residential treatment facilities are classified as Institution for Mental Diseases (IMD). CMS issued guidance that suggests that most QRTP's are IMD's. This is significant since States cannot claim Title XIX Medicaid for any child placed in an IMD.
- b. CMS has provided an option to apply for 2 year waiver exempting children placed in QRTP's from losing federal Medicaid reimbursement. However, not all residential treatment providers will qualify as QRTP's and may be determined to be IMD's
- c. DSS has contracted with Public Consultant Group (PCG) to conduct a QRTP and IMD assessment of providers.
- d. The estimated loss of Medicaid after implementation is \$10 million. However, this amount will be unknown until PCG has finalized its assessment.

### 2. Implementation of Qualified Residential Treatment Programs (QRTP) - \$9.3 M (\$3.1 M GR)

- a. DSS contracted with PCG to conduct a financial analysis of the cost to implement QRTP's
- b. The following costs are being requested to implement:
  - i. Loss of IV – E \$3.3 M (This can be absorbed in the RTS Core)
  - ii. Rate differential of \$1.37 - \$309,031(This can be absorbed in the RTS Core)
  - iii. Independent Assessor - \$490,000 – Family First requires an independent assessment of any child being placed in Residential Treatment to earn Title IV-E federal funding
  - iv. After Care - \$7 M (\$2.3 M GR) – Family First requires 6 months of after care for children exiting a QRTP. Currently only some children receive after care and normally for only 3 months.
  - v. Increase in Nursing Staff - \$1.8 million M (\$619,195 GR) – Family First requires 24/7 availability of licensed nurses. This cost is expected to be reimbursed through the direct billing of Medicaid services.

3. Implementation of Psychiatric Residential Treatment Facilities (PRTF's) - \$5.1 M (\$1.7 M GR)
  - a. Previously the state did not have a rate developed to reimburse for private PRTF's
  - b. The implementation of Family First necessitated the addition of private PRTF's and therefore a rate. DSS contracted with Myers & Stauffer to help set a rate for Missouri Medicaid private PRTF services.
  - c. The proposed rate, based on cost surveys from potential PRTF providers, is \$417.22 per day.
4. Prevention - \$9.9 M (\$3.3 M GR) - Family First provides new funding opportunities at a 50% match for approved prevention services. DSS is proposing new funding in 3 different ways
  - a. Funding for 2 programs listed in the clearing house (\$4.9 M)
    - i. Brief Strategic Family Therapy (BSFT) - \$2.1 M – This is a brief intervention used to treat adolescent drug use that occurs with other problem behaviors.
    - ii. Parent-Child Interaction Therapy \$2 M - This is a dyadic behavioral intervention for children (ages 2.0 – 7.0 years) and their parents or caregivers that focuses on decreasing externalizing child behavior problems (e.g., defiance, aggression), increasing child social skills and cooperation, and improving the parent-child attachment relationship.
  - b. Funding for programs that already exist in the community solicited through an RFI that meet the requirements of Family First – \$2.5 M (\$1.25 GR)
  - c. Creation of new programs that meet Family First criteria - \$2.5 M GR
5. Development of Community Settings \$ 11.8 M (\$4.6 M GR)
  - a. Funding for grants for providers to develop community settings \$5 M federal transition funds
  - b. Funding for contractor to coordinate, train and monitor the development \$1 M (\$500,000 GR)
  - c. Development of two new rates for Therapeutic Foster Care placements
    - i. Level I – Rate of \$134.90/day for 109 children (Cost - \$824,000)
    - ii. Level II – Rate of \$220.54/day for 300 children (Cost - \$5.8 M)
    - iii. DSS will need to conduct a time survey and cost analysis to refine the amount claimed to room and board versus rehab.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Several of the provisions of the bill will require additional staff to complete the tasks. First, the bill requires background screenings for all staff of unlicensed residential care facilities who have access of children. The Division will be responsible for more investigations, resulting in a need for staff. The reporting requirements for licensed residential units will increase, resulting in a need for staff. Finally, a process for relief if a facility disagrees with a decision made by the Department of Social Services needs to be established. This will process will require a hearings officer and litigation attorneys. This request lines up with the fiscal note in the number of staff requested. In preparing the fiscal note, the Department requested Social Services Specialists to do the work of background checks, but on further discussion, found the tasks could be accomplished using Administrative Support Assistants, at less cost to the state.

#### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding is requested to compensate for the change in the Federal Medical Assistance Percentage (FMAP). Each year the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. Effective October 1, 2022, the blended FMAP rate will decrease from 66.010% to 65.948%. The enhanced FMAP rate for the CHIP children and the Women with Breast or Cervical Cancer program will decrease from 76.205% to 76.165%. This change will result in a net cost shift from Federal to GR funds for the Departments of Mental Health, Health and Senior Services, and Social Services. In order to realign the federal match, the Governor recommended an NDI for additional general revenue authority as well as corresponding core reductions in federal authority. The Federal Authority is Social Security Act 1905(b).

#### 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Since the federal fiscal year (FFY) does not begin until the second quarter of the state fiscal year (SFY), a SFY blended rate is applied to the SFY core funding. This blended rate is derived by adding the old FFY rate (66.36%) for three months (July thru September) and the new FFY rate (65.81%) for nine months (October thru June) and dividing by 12 months, resulting in a SFY blended rate of 65.948%. This same procedure is applied to the enhanced federal match for the CHIP program and the women with Breast or Cervical Cancer program. The enhanced old FFY rate of 76.45% for three months (July thru September) and the new FFY rate of 76.07% for nine months (October thru June) results in an enhanced SFY blended rate of 76.165%. In order to continue current core funding, these blended rates are applied to the SFY22 core funding resulting in a revised mix of federal and state shares while maintaining the same total. Additionally, for Foster Care the participation rate (# of children eligible for IV-E FMAP) dropped from 52.28% to 50.36%. Based on a review of all program cores and the change in FMAP, the below increases are needed to maintain total funding at the correct level.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.008

Program Name: Office of the Director

Program is found in the following core budget(s): Childrens Division Residential Program Unit

### 1a. What strategic priority does this program address?

Safety, wellbeing, behavior support and rehabilitative treatment services for foster care youth.

### 1b. What does this program do?

The Residential Program Unit personnel encompass two (2) distinct teams that are responsible for the licensing and regulatory oversight of licensed residential treatment agencies, notification requirements associated with license exempt residential care facilities (HB 557), the coordination of residential treatment services, residential contract development, management of child specific contracts, and monitoring specific to the services provided through the CD residential treatment program. The children served through the residential treatment program are those with needs that cannot be managed in a less restrictive setting, therefore, requiring placement in a safe, secure, 24/7 supervised setting. This program leads the effort in the coordination of residential rehabilitative services for children in care that may have delinquency histories, are medically fragile, are pregnant and/or parenting, have been abused or neglected, and/or who have emotional and/or psychological difficulties. Personnel working within this program have access to various levels of residential services depending on the specific needs of the child. Two basic federal funding streams partially help fund Residential Treatment: Title IV-E (Foster Care, and Adoption and Guardianship Assistance) and Title XIX (Medicaid). Residential contractors provide room and board, supervision, and therapeutic rehabilitative services to children within their programs. Rehabilitative services are necessary to address the behavioral needs of children and transition them to community-based settings through rehabilitative planning, evaluation, and service delivery. Children who receive such services have completed a Childhood Severity of Psychiatric Illness (CSPI) assessment to establish eligibility. A portion of the children and youth receive residential services as a result of an emergency need for placement, or are young women in need of maternity and infant care, rather than because of behavioral needs.

Residential treatment agencies are licensed and provide residential treatment services associated with the following levels of care:

- Emergency Shelter – temporary living arrangement other than their own home, which will assure a safe and protected environment.
- Level 2/Moderate/Residential – for children who are in need of twenty-four hour care for moderate behavioral needs.
- Level 3/Severe/Residential – for children who are in need of twenty-four hour care in a stable, structured, therapeutic environment that focuses on treatment.
- Level 4/Psychiatric/Intensive – for children previously in acute psychiatric hospital or children whose treatment needs are beyond severe.
- Therapeutic Foster Care Services – services provided to eligible youth consisting of highly intensive individual treatment in a family foster home setting and community environment.
- Aftercare Services – short term intensive services provided to eligible youth and their families to expedite the youth's return home from residential care.
- Maternity Residential Services – services are for pregnant adolescents for whom a family or family-like resource is not available.
- Maternity Residential Services with Infant – services for parenting adolescents and their newborn infants, for whom a family or family-like resource is not available.
- Infant/Toddler Residential Services – services directed toward children under the age of seven, including those who are medically fragile, drug/alcohol-affected, and/or severely emotionally disturbed for whom a family or family-like resource is not available.

## PROGRAM DESCRIPTION

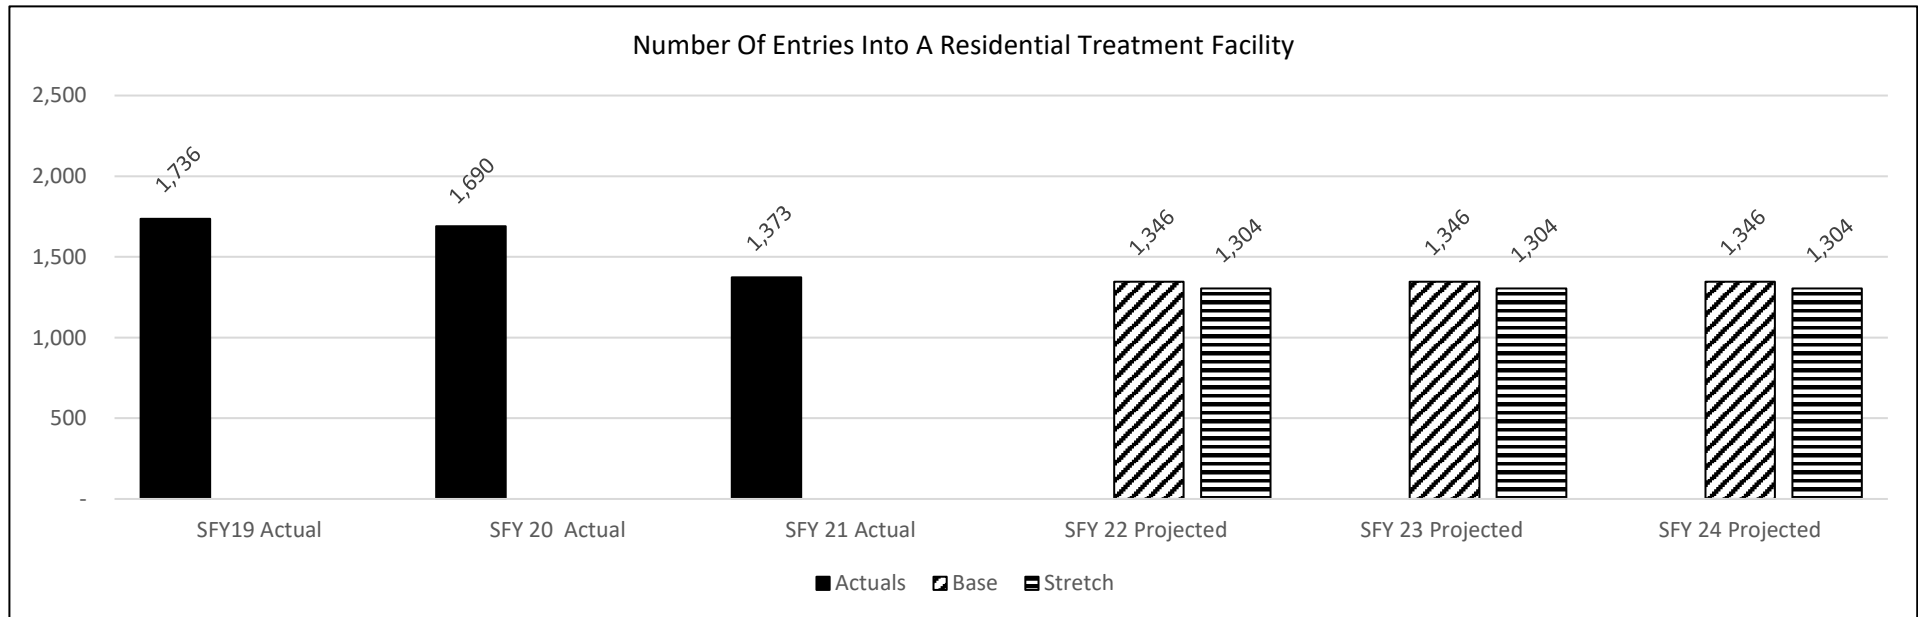

Department: Social Services

HB Section(s): 11.010

Program Name: Office of Director

Program is found in the following core budget(s): Federal Grants and Donations

### 1a. What strategic priority does this program address?

Centralized mechanism for new grants

### 1b. What does this program do?

This appropriation provides the department with a centralized administrative mechanism to receive and expend new grants as they become available during the fiscal year. The Division of Finance and Administrative Services coordinates the use of this authority for the department as divisions pursue sources other than General Revenue for funding. New grants and donations provide opportunities to sustain a level of service delivery and fund program development that will better serve Missourians. Without this appropriation, the department would be forced to delay use of new grants and donations until emergency or supplemental appropriations are approved.

This appropriation is primarily used for one-time and/or time-limited federal grants and may support a wide variety of expenditures, including staff, for effective administration of the grant or donation. House Bill 11 language for this appropriation requires the department to notify the General Assembly of any new funds and the purpose for which they will be expended. New grants spent through this appropriation are transferred to the grantee division's budget through the appropriation process when it is anticipated that funding will continue for years after the grant is first received. Exceptions to this rule are made in those cases when the department is acting in an administrative capacity.

Awards planned to utilize this appropriation:

**Program is found in the following core budget(s):** State Technical Assistance Team

**1a. What strategic priority does this program address?**

Provide investigation services.

**1b. What does this program do?**

The State Technical Assistance Team (STAT) assists in the investigation of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality cases upon the request of local, state or federal law enforcement, prosecuting officials, Department of Social Services staff, representatives of the family courts, medical examiners, coroners or juvenile officers. As commissioned by the Director of the Department of Social Services, STAT investigators are Peace Officer's Standards and Training (POST) licensed police officers and have powers of arrest limited to offenses involving child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality. STAT assists county multidisciplinary teams in the development and implementation of protocols for the investigation and prosecution of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality.

STAT also manages Missouri's Child Fatality Review Program with multidisciplinary panels in 114 counties and the City of St. Louis. Based on the child death information received, risks to children are identified and prevention strategies are developed to assist local Child Fatality Review Panels save children's lives.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

STAT has two FTE's that need PS and E&E to fulfill authorized strength.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

This is the salary for one Senior Commissioned Investigator and one Police Dispatcher. These positions were previously funded through a DPS grant for STAT to work with the Missouri Internet Crimes Against Children Task Force (MOICAC). No additional FTE authority is being sought.

STAT Commissioned Investigators are Missouri POST licensed Police Officers who specialize in investigating all crimes against children. STAT cops are based in rural Missouri where they build relationships with local multidisciplinary teams to assist in protecting children. STAT cops focus only on crimes against children allowing them to specialize in things such as Abusive Impact injuries on small children, sexual abuse and exploitation of children of all ages and the production, distribution and collection of child pornography.

The STAT Police Dispatcher position would be part of a Joint Communications Operation being proposed with the Capitol Police Department and several other small state level law enforcement units such as STAT and the State Fire Marshal's office. These investigative units have statewide radio communications capabilities but have no operational communications center with 24 hours a day access to other agencies or other emergency services such as Ambulance or Fire. This position will bring these state agencies up to basic officer and public safety standards. The Missouri Highway Patrol has declined to provide these radio services saying they are overwhelmed and unable to fulfil these duties.

## 7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Over the last 5 years STAT Criminal Investigators have been hired and based in rural areas of Missouri. This has allowed a significant increase in contact with the local multi-disciplinary child protection teams. This increased contact has resulted in an ever increasing positive influence in cases worked, cases prosecuted and convictions secured. The technical assistance these "out-based" investigators bring to these rural areas include access to experts in recovery of digital evidence thru STAT's high technology unit, investigative expertise and STAT's own medical expert. The results are a dramatic increase in successful investigations resulting in justice for children.

In the last 2 years STAT Child Fatality Review unit has increased the numbers of death reviews from 87% to 98%. This marked increase was the result of focusing current Program Specialists to cover the entire state rather than just focus on the two major metropolitan areas. This increase in reviewed deaths will increase the effectiveness for local multidisciplinary teams to identify prevention issues, where some counties may have never properly utilized the program's potential.

One of STAT's statutory obligations is Teaching, Training and Outreach in all areas of child protection.

### 2. CORE DESCRIPTION

The mission of Missouri Medicaid Audit & Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program, and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error, or having been improperly billed to MO HealthNet. MMAC also protects the integrity of the Medicaid program by enrolling providers through a rigorous screening process. MMAC has cooperative agreements with the Department of Health and Senior Services and the Department of Mental Health, to enhance the integrity of the waiver programs through the same processes. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguarding taxpayer's dollars from fraud and abuse within the Medicaid program.

### 1b. What does this program do?

- Enrolls new Medicaid providers and maintains enrollment files for approximately 65,000 health care providers that participate in the MO HealthNet fee-for-service (FFS) and managed care programs. This includes processing new applications, updating the records of existing providers, and revalidating the enrollment information for each MO HealthNet provider at least every five years. Federal regulations require screening of new applicants as well as monthly monitoring of current providers.
- Conducts audits and investigations of enrolled providers and determines appropriate enforcement activities, including education, prepayment review, restricted participation, recoupment, participation or payment suspension, or termination. Audits and investigations that identify a credible allegation of fraud are referred to the Attorney General's Office Medicaid Fraud Control Unit (MFCU).
- Performs oversight of contracted vendors conducting Electronic Health Records Incentive Payments audits, Credit Balance Audits (CBA) and Long-Term Care (LTC) audits on patient accounts, and Commercial Insurance Disallowance Audits.
- Works closely with enrolled providers to ensure they receive necessary information regarding program requirements.

Providers' enrollment can be administratively deactivated or terminated for cause for a variety of reasons.

During the past six state fiscal years, the number of authorized provider types that can enroll with Missouri Medicaid has increased from 58 to 63, representing an 8.6% increase. The 5 new provider types added an additional 2,255 individually enrolled providers.

The Centers for Medicare and Medicaid (CMS) continually adds new Medicaid provider enrollment requirements necessitating additional health care professionals to be enrolled. This requires more stringent, time consuming, or frequent background checks to be completed.

The number of authorized PEU staff has remained at 22 FTE since MMAC was created in 2011. The PEU has utilized temporary staff to address increased workloads, but lose those individuals shortly after they are fully trained and proficient. Continual training and monitoring of new temp staff decreases the productivity and efficiency of other PEU staff.

Over the past six state fiscal years, the PEU has implemented new technology to process revalidation applications and to conduct required background screenings. The automated processes helped the PEU maintain acceptable transaction processing times, but the overall volume of provider enrollment transactions is predicted to increase by 17% during SFY22 and SFY23.

### 6c. Provide a measure(s) of the program's impact.

### 6d. Provide a measure(s) of the program's efficiency.

Return on Investment was calculated by dividing MMAC recoveries by MMAC expenditures. Recoveries include checks received, Medicaid reimbursement offsets, and claims voided on-line through the adjustment process.

## 7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

The mission of Missouri Medicaid Audit & Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program, and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error, or having been improperly billed to MO HealthNet. MMAC also protects the integrity of the Medicaid program by enrolling providers through a rigorous screening process. MMAC has cooperative agreements with the Department of Health and Senior Services and the Department of Mental Health, to enhance the integrity of the waiver programs through the same processes. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguarding taxpayer's dollars from fraud and abuse within the Medicaid program.

### 2. CORE DESCRIPTION

This funding supports maintenance and operations for MMAC's Program Integrity (PI) Solution, implemented during October 2020. The PI Solution replaced the previous Fraud and Abuse Detection System (FADS), the Surveillance and Utilization Review System (SURS) and several other legacy PI databases that were outdated and no longer supported. The PI Solution, which includes a comprehensive electronic case management module, utilizes the most up-to-date technologies for the detection of provider and participant Medicaid fraud and abuse. The PI Solution provides enhanced capabilities for audit and investigations processes and allows for data mining, identification of claims outliers, and ad hoc query/reporting capabilities. This funding also supports continuing operation of a solution that conducts federally required eligibility screening and monthly monitoring of all enrolled Missouri Medicaid providers, as well as their owners and managing employees. This funding will also support system changes that allow the state to remain in compliance with changing federal requirements for the enrollment and monitoring of Medicaid providers.

### 1a. What strategic priority does this program address?

Protect the integrity of the Missouri Medicaid program

### 1b. What does this program do?

- Supports maintenance and operations for the Missouri Medicaid Audit and Compliance (MMAC) Program Integrity (PI) Solution, implemented during October 2020, to replace the previous Fraud and Abuse Detection System (FADS), the Surveillance and Utilization Review System (SURS) and several other legacy PI databases that were outdated and no longer supported. The PI Solution, which includes a comprehensive electronic case management module, utilizes the most up-to-date technologies for the detection of provider and participant Medicaid fraud and abuse, provides enhanced capabilities for audit and investigations processes, and allows for data mining, identification of claims outliers, and ad hoc query/reporting capabilities.
- Supports continuing operation and system changes of electronic solutions that conduct federally required eligibility screening and monthly monitoring of all enrolled Missouri Medicaid providers, as well as their owners and managing employees. These solutions also allow MMAC to properly enroll, monitor compliance, and suspend and/or terminate providers.
- For Title XIX Medicaid purposes, "systems mechanization" and "mechanized claims processing and information retrieval systems" is identified in section 1903(a)(3) of the Act and defined in regulation at 42 CFR 433.111. The objectives of MMAC systems and enhancements include monitoring Title XIX program control and administrative costs; service to participants, providers and inquiries; operations of claims control and computer capabilities; and management reporting for planning and control.

### 2. CORE DESCRIPTION

Federal law requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. This appropriation funds contractor contingency payments for overpayment recoveries. DSS received a 2 year waiver (exemption) from the Centers for Medicare and Medicaid Services (CMS) for RAC services. In September 2016, DSS was granted the RAC wavier that was effective 1/1/2016 to 12/31/2017. This waiver covered calendar years 2016 and 2017. The waiver exempted Missouri from the requirement to have a RAC, as long as certain provisions are met. In the request, the provisions included MMAC continuing to provide audit and investigation services for the state, as well as utilizing another contractor to complete credit balance audits of long term care facilities and hospitals. On May 7, 2020, DSS requested renewal/extension of the waiver (exemption). In June 2020, the waiver was approved through 03/31/2022.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.035

Program Name: Office of Director

Program is found in the following core budget(s): Recovery Audit Contract (RAC)

### 1a. What strategic priority does this program address?

Identify/recoup Medicaid provider overpayments

### 1b. What does this program do?

The federal government requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments and to recoup overpayments. Payments to Medicaid RACs are contingency-based and linked to overpayments the contracts identify. Missouri's RAC contract ended November 30, 2015. The Department of Social Services worked with the Office of Administration to issue two Requests for Proposals (RFPs) to execute a new contract. No bidders responded to either RFP. Following the lead of other states in the same circumstance, DSS submitted a State Plan Amendment (SPA) to request a waiver of the requirement for Medicaid state agencies to have a RAC contract. CMS granted the exemption, and DSS currently has a waiver through 03/31/2022.

Missouri Medicaid Audit and Compliance (MMAC) works with a contractor to verify recoupment and/or payments. Once 100% of the payment has been received for the audits conducted, an invoice is submitted by the contractor for the contingency fee percentage related to the amount of recoveries.

#### Contingency Fee Percentages

Total Amount of Overpayment Recoveries	Contingency Percentage of Total Overpayments Recovered
\$0 to \$10,000,000	12.0%
\$10,000,000.01 to \$20,000,000	9.5%
\$20,000,000.01 to \$50,000,000	8.0%
\$50,000,000.01 to \$60,000,000	9.0%
> \$60,000,000.01	12.0%

No performance measures are included for this program as it is an accounting mechanism.

Budget Unit: 88815C

### 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

House Bill 430 (2021) changed the limit for the Domestic Violence Shelter and Rape Crisis Center and the Maternity Home tax credits. This change is expected to result in an increased number of tax credits.

### 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

House Bill 430 changed two major things about the tax credits. First, it lifted the annual cap off both the Domestic Violence Shelter and Rape Crisis Center tax credit, and the Maternity Home tax credit. Further, it changed the amount of tax credit from 50% of the donation to 70% of the donation. These changes are expected to result in an increase in the number of tax credit certificates issued. If there is a 10% increase in the number of tax credit certificates issued, it will result in approximately 400 more tax credit certificates issued annually. One FTE is needed to assist in the issuing of tax credits. This request is the same as the fiscal note associated with House Bill 430.

The Department is requesting funds for an Operational Excellence Coordinator and associated E&E to improve operational excellence. The coordinator position will work across all divisions and programs to identify and capture data and will serve as the Department's Tableau administrator. Better data analytics will improve fact-based decision making and efficiencies.

Cabinet members have identified Operational Excellence and data analytics as the most effective and useful addition to state government. The Operational Excellence initiative was introduced to State of Missouri agencies in 2017. Since that time, all Operational Excellence duties within the department have been absorbed by existing team members; however, an additional dedicated team member is necessary to continue improvements.

**Program Name: Division of Finance and Administrative Services**

**Program is found in the following core budget(s): Revenue Maximization**

### **1a. What strategic priority does this program address?**

Mechanism for maximizing program funding

### **1b. What does this program do?**

The Department of Social Services works with contracted entities that specialize in maximizing federal program dollars and identifying other non-GR sources. This program also provides a mechanism to make contingency contract payments on outstanding revenue maximization projects. The following projects are either planned or ongoing for FY23:

#### Cost Allocation Plan (CAP)

Contractor: Public Consulting Group

Project Description: This contract is to support the Department's Public Assistance Cost Allocation Plan (PACAP), assisting with updates to the narrative, assisting with responding to questions from federal agencies such as Cost Allocation Services (CAS), providing support to the AlloCAP system, and providing responses to ad hoc questions and inquiries from DSS related to the plan and federal claiming as necessary. The PACAP identifies, measures and allocates all costs incurred by the Department to each benefiting program to allow for the federal share of expenditures to be properly and accurately claimed.

#### Financial Sub recipient Monitoring Services

Ongoing for FY23

Project Description: To assist the Missouri DSS to acquire professional monitoring services. These services are required to perform desk and on-site financial monitoring of various programs such as Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), Jobs for America's Graduates (JAG), Community Action Agency's administration of the Community Services Block Grant (CSBG), and Low Income Housing Energy Assistance Program (LIHEAP) programs. DSS is responsible for performing monitoring of these funds, and the objective of the monitoring is to determine that the programs are administered in compliance with financial contract requirements and federal regulations.

No performance measures are included for this program as it is an accounting mechanism.

## PROGRAM DESCRIPTION

**Department:** Social Services

**HB Section(s):** 11.050

**Program Name:** Division of Finance and Administrative Services

**Program is found in the following core budget(s):** Receipt and Disbursement - Refunds

<b>1a. What strategic priority does this program address?</b>
---

Timely deposits of receipts

<b>1b. What does this program do?</b>
---------------------------------------

These appropriations allow the department to make timely deposits of all receipts, and to make refunds or corrections when necessary. Pursuing this method creates additional interest earnings for the state treasury. Delaying the deposit of funds increases the chance that funds will be incorrectly used. The State Auditor, who routinely reviews the cash receipt function of the department for accuracy and timeliness, endorses prompt deposit of all funds received. The appropriations also affords the department the authority to make correcting payments in the event funds were originally deposited to an inappropriate fund or when refunds to the payer are required due to an original overpayment.

The Department of Social Services receives hundreds of checks daily. Fiscal integrity and internal controls over cash receipts call for prompt deposit of all funds until a determination can be made as to proper deposit or distribution of the funds. A typical transaction would be when insurance companies and/or other parties liable for medical bills of clients reimburse Medicaid for the entire cost of the care rather than only the portion paid by Medicaid. Later, when the proper amount is determined, a refund is issued from this account for the difference. Another frequent use of this appropriation is to refund a portion of the premium paid by a family when they leave the program.

No performance measures are included for this program as it is an accounting mechanism.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The increased authority for these appropriations is needed for the purpose of refunding incorrectly deposited receipts, refunding payments due to participant overpayments, changes in coverage, and yearly income reconciliation.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The authority allows DSS to make correcting payments in the event funds were originally deposited to an inappropriate fund, or when refunds to the payer are required due to an original overpayment. By the nature of MO HealthNet expenses, one refund could utilize a large portion of authority.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.060

Program Name: Division of Legal Services

Program is found in the following core budget(s): Division of Legal Services

### 1a. What strategic priority does this program address?

Providing legal and investigation services

### 1b. What does this program do?

The Division of Legal Services (DLS) provides comprehensive legal support to all program and support divisions in the Department of Social Services (DSS) to division staff with accomplishing the Department's goals and objectives.

DLS is functionally organized into four major sections:

#### General Counsel

The General Counsel and Director of the Division of Legal Services is responsible for supervising the functions of the Division of Legal Services and for providing legal advice to the Directors of the Department and the Divisions within the Department. The General Counsel also directly supervises the Special Counsels for each of the program divisions who provide legal research and advice on the individual programs; work with the Attorney General's office in defending complex litigation involving DSS; prepare fiscal notes and legal analysis on pending legislation; review and draft contracts; review and draft administrative regulations; assist the Communications Director in administering DSS' compliance with the Sunshine law; and ensuring DSS' compliance with privacy laws.

#### Litigation

The Litigation Section provides legal counsel and representation to the Department of Social Services and its divisions. The Chief Counsel for Litigation administers the section and assists the General Counsel in providing legal assistance and advice to the DSS Director to ensure that the programs and policies of the Department are implemented in the manner provided by law. Litigation attorneys are based in offices in Jefferson City, St. Louis, Raytown, and Springfield. The Permanency Attorney Initiative (PAI) unit is managed by the Chief Counsel for Litigation and consists of 12 full time attorneys who are embedded in Children's Division offices in Kansas City, St. Louis, and some rural circuits. The PAI unit was created to address institutional and cultural barriers to swift and safe permanency and the attorneys provide legal advice and representation exclusively to the Children's Division. In addition, contract attorneys assist in providing legal services in permanency work.

Litigation attorneys provide legal representation to DSS in many tribunals including circuit courts, juvenile courts, administrative hearings, and benefits appeals. Duties include, but are not limited to:

- Providing legal advice and representation to Children's Division and the Division of Youth Services in juvenile court;
- Defending hotline cases in circuit courts and providing legal advice to the child abuse and neglect system;
- Providing legal advice and representation to the Division of Youth Services to assist its mission of addressing the needs of delinquent youth;
- Providing legal advice and representation on matters involving compliance with laws governing the confidentiality of records including subpoenas and discovery requests; and
- Serving as a liaison between the Department and its divisions, and the Missouri Attorney General's Office on cases involving routine litigation.

### Documents Management Unit (DMU)

The DMU is the redaction unit for Children's Division documents. This unit consists of 5 full time employees, including the supervisor. Documents are provided to the DMU by Children's Division workers, DLS attorneys, and direct requests from constituents. DMU employees are highly trained to redact all confidential and privileged information from documents prior to releasing to the requestor or to the court.

### Administrative Hearings

The Administrative Hearings Section is comprised of hearing officers based in Jefferson City, St. Louis and Raytown who conduct hearings related to child support enforcement and public benefits. The attorneys who conduct hearings are qualified and trained to provide fair hearings.

Hearing officers assigned to child support hearings provide full and fair hearings in all aspects of the child support process, including establishment, enforcement, and modification of administrative child support orders.

Hearing officers assigned to public benefits hearings provide full and fair hearings related to over sixty different programs, including hearings for public benefit and service recipients who are challenging a decision of the Family Support Division, Children's Division or the MO HealthNet Division. These due process hearings provide a forum for determining whether the denial, modification or termination of public benefits or services was justified. These hearing officers provide due process to all participants expeditiously and promote the integrity of state programs, including food stamps, cash assistance, and medical assistance programs.

Hearing Officers also hear provider appeals of Children's Divisions' decisions to deny or revoke the registration of child care providers from the state's childcare subsidy program and conduct hearings on adoption and foster home licensure.

Hearing Officers may process hearings for other Departments under particular programs.

### Investigations

The Investigation Section is divided into three units: Welfare Investigations Unit (WIU), Claims and Restitution Unit (C&R), and the Special Assignment Unit (SAU).

The Welfare Investigations Unit (WIU) conducts welfare fraud and abuse investigations committed by public assistance recipients. These investigations can result in the criminal prosecution of offenders, civil collections of inappropriately paid benefits, deter fraud and increase cost avoidance. Additionally WIU investigators are responsible for:

- Staffing four regional welfare fraud/abuse hotlines;
- Conducting all collections interviews and procuring promissory notes;
- Conducting all DSS employee threat investigations; and
- Preparing for and testifying in administrative hearings and criminal court proceedings.

Claims and Restitution Unit (C&R) is responsible for collection efforts for all claims in the public assistance programs administer by DSS. C&R operates and manages the Claims Accounting Restitution System (CARS) and administers the Treasury Offset Program. The C&R unit also conducts background investigations on prospective DSS employees and research in support of DLS Investigations.

The Special Assignment Unit (SAU) is responsible for conducting criminal, personnel and internal investigations involving DSS, its employees and contracted vendors. This unit also furnishes technical support and investigative assistance to the various DSS divisions in their administration and control of departmental programs. The SAU conducts research in support of DLS data analytic investigations projects.

DLS also coordinates the department's compliance with the federal Health Insurance Portability and Accountability Act (HIPPA) and other state and federal privacy mandates. HIPPA requires that the Department have a privacy officer to oversee the Department's implementation of HIPPA standards within the Department and training of Department employees on HIPPA standards and the continuous compliance with the rules.

These numbers may not include cases carried over from the prior fiscal year.

The number of requests were down due to restrictions on closing certain benefits cases as a result of the CARES Act. When those restrictions are removed, we anticipate a significant increase in benefits hearing requests.

Recent studies from other states have shown that children in foster care gain better and faster outcomes when the child and parents are effectively represented by legal counsel in dependency cases. Federal law and policy now authorizes state Title IV-E agencies to claim federal funds for partial reimbursement of allowable administrative and training costs for legal representation for children and parents in dependence cases.
