2. CORE DESCRIPTION

The Office of the Director serves as the focal point for leadership and coordination across the Department. The Director articulates and reinforces the Department's vision and goals to the programs within the Department and provides advice and counsel on public health and senior services issues to the Governor and the Legislature. The Director of the Department of Health and Senior Services facilitates the Department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues. The Director's Office staff provide administrative leadership, support, coordination, and oversight for the entire Department. Staff within the Director's Office coordinate press releases and respond to media requests on health information and the Department's social media posts, work on organizational development issues, provide counsel on regulatory and licensure actions, pursue guardianships for eligible adults, and provide legal assistance to all Departmental Divisions. This also includes the Employee Disqualification List (EDL) program that manages all aspects of the statutorily mandated EDL process, including complaint investigations indicating possible abuse, neglect, misappropriation of funds or property, and falsification of service delivery documents by employees.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services.

The Division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The Division of Administration processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the Division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assesses program performance and compliance with state and federal requirements; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the Department; and works with the Office of Administration to manage building leases and related issues that arise with a workforce that operates from state office buildings and leased facilities spread across the state. This core includes the Office of Human Resources, which ensures compliance with state personnel law, personnel functions/employee relations, professional development, and recruitment. Department-wide operating expenditures such as telecommunications, postage, vehicle fleet operations, copy machine repair, paper, envelopes, building security, and freight services are paid from the Division's budget. The Division also prepares the Departmental budget submission and responds to budget-related inquiries and fiscal note requests from the Office of Administration and the legislature.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790010B BUDGET UNIT NAME: Refunds APPROPRIATION BILL SECTION: 10.620	DEPARTMENT: Department of Health and Senior Services DIVISION: Division of Administration	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
The Department requests continuation of fifty percent (50%) flexibility for refunds between federal and other funds granted by the Legislature in FY 2026.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.620 language allows up to fifty percent (50%) flexibility between federal and other funds.	Expenditures will differ annually based on the needs of the department. Refunds are processed in cases of duplicate payment, over payment, or payment in error. The Department's requested flex will allow it to return citizen monies in a timely manner and utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Not applicable.

2. CORE DESCRIPTION

Qualified community-based faculty preceptors who serve as the preceptor for a medical student core preceptorship or a physician assistant student core preceptorship shall be allowed a credit against the tax otherwise due under Chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265, RSMo.

Section 135.690.2(4), RSMo, allows no more than 200 preceptorship tax credits shall be authorized in a calendar year, which are awarded on a first-come, first-served basis. By statute, the credit is an amount equal to \$1,000 for each preceptorship, up to a maximum of \$3,000 a year. Section 135.690.2(4), RSMo, does not allow the tax credit to exceed \$200,000 per year. Funding for this tax credit is generated from a portion of license fees for physicians, surgeons, and physician assistants and deposited into the Medical Preceptor Fund. After the end of each tax year an amount equal to the total dollar amount of all tax credits claimed will be transferred to general revenue.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

The General Assembly appropriated one dollar for transfers from the department's core budget to the State Legal Expense Fund for the payment of claims, premiums, and expenses provided by Section 105.711 through Section 105.726, RSMo. In order to fund such expenses, the General Assembly also authorized three percent flexibility from the Department's operating budget into the one dollar transfer appropriation.

2. CORE DESCRIPTION

Chronic disease control and prevention programs coordinate initiatives to help Missourians prevent and control chronic diseases through blood pressure and cholesterol management, promotion of health screening and early detection of disease, increased knowledge of signs and symptoms of heart disease and stroke, and reduction of health disparities through various activities.

CORE DECISION ITEM

Dept Of Health & Senior Services

Budget Unit 790018B

Community and Public Health

CORE - Cancer and Chronic Disease Control and Prevention

Bill Section 10.700

The Department supports multiple evidence-based interventions such as chronic disease self-management, quality improvement initiatives in the healthcare system which improve care services, leveraging the reach of chronic disease programs through collaborations with stakeholders and partnerships, providing screening services through community providers, and maintaining the Organ and Tissue Donor Registry to increase the number of people who receive life-saving transplants. Some of the Department's programs and activities include:

-Show Me Healthy Women (SMHW): The program, funded by the Centers for Disease Control and Prevention, provides free breast and cervical cancer screening and diagnostic services to eligible low-income women age 35 and older with the goal of reducing the mortality rate of breast and cervical cancer for Missouri women. SMHW also receives general revenue funding and donations to provide services to eligible clients.

-WISEWOMAN: The goal of WISEWOMAN is to reduce risk factors for heart disease in women in the SMHW program. Only SMHW clients who are low-income, under-insured and age 40 to 64 years old are eligible for WISEWOMAN services. Services include health screenings for heart disease risk factors, such as high cholesterol, high blood pressure, obesity, and diabetes.

-Comprehensive Cancer Control Program: This program partners with many dedicated individuals, professionals, and cancer survivors who share expertise, resources, and ideas to develop a statewide cancer plan and tackle cancer priorities that are too broad to confront alone. The program and its partners support healthy lifestyles, recommend cancer screenings, educate people about cancer symptoms, increase access to quality cancer care, and enhance cancer survivors' quality of life.

-Missouri Alzheimer's Disease Program: This program works with individuals and groups to implement prevention and education activities, including those in the Alzheimer's State Task Force Plan, for Alzheimer's and related dementias.

-Missouri Asthma Prevention and Control Program (MAPCP): This program addresses asthma from a public health perspective in order to reduce the impact of asthma in Missouri. The goals of MAPCP is to reduce asthma deaths, emergency department visits, hospitalizations, missed school days and missed work days.

-Missouri Organ and Tissue Donor Program: This program has two primary purposes, to educate the public and bring awareness to the importance of giving life through organ, eye and tissue donation; and to promote and maintain a statewide registry (Donor Registry System or DRS). The DRS is a statewide, confidential registry of more than 3.2 million potential organ and tissue donors, available to procurement agencies and the public 24/7 year-round.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790018B BUDGET UNIT NAME: Cancer and Chronic Disease Control and Prevention APPROPRIATION BILL SECTION: 10.700	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$1,363,294	AB 10.700 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover shortfalls in appropriations 5215, 5055, 4983 and 4968. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

Communicable disease control and prevention programs improve the health of Missourians through the comprehensive prevention, intervention, and surveillance programs related to over 90 reportable communicable (or infectious) diseases and conditions of public health significant in Missouri.

CORE DECISION ITEM

Dept Of Health & Senior Services

Budget Unit 790112B

Community and Public Health

CORE - Communicable Disease Control and Prevention

Bill Section 10.705

There are four program areas: general communicable diseases, healthcare-associated infections and antimicrobial resistance, tuberculosis elimination, and zoonotic diseases. These programs improve the health of Missourians through the control of communicable diseases and communicable disease outbreaks. These programs provide the following services:

- Conducting surveillance and investigation activities for more than 90 different communicable diseases and conditions of public health significance in Missouri. The majority of the diseases are mandated for reporting by healthcare providers and clinical laboratories.
- Responding to communicable disease threats such as anthrax, Ebola, healthcare-associated carbapenemase-producing organisms, influenza, multi-drug resistant tuberculosis, measles, mpox, rabies, Rocky Mountain spotted fever, and West Nile virus.
- Providing training and technical assistance to local health officials on the application of epidemiologic methods to rapidly identify, respond to cases, and outbreaks of communicable diseases of public health importance. The prompt identification and implementation of appropriate control measures prevents additional illnesses occurring in Missouri.
- Coordinating with government at all levels, community organizations, hospitals, health care providers, and the media to implement control measures, and educate the public during local, statewide, national, and worldwide outbreaks of communicable diseases.
- Assisting with community planning and response for emergencies such as bioterrorism, pandemic influenza, other pandemics, and natural disasters such as flooding and earthquakes. Program staff are also responsible for public health surveillance, disease investigation, and disease related community education associated with these events.
- Providing vaccines to eligible children and adults through the federal entitlement Vaccines for Children (VFC) Program and Public Health Act Section 317 (VFC/317) funding.
- Offering education, immunization record assessments, and quality improvement strategies for health care professionals to increase coverage rates and providing technical assistance to health care providers and the general public regarding vaccine recommendations, safety, schedules, and other general information.
- Maintaining a central immunization registry, ShowMeVax, which houses immunization records and is used to conduct immunization validations required for school and childcare; forecasts need and manages centralized vaccine inventory; and allows providers to order vaccine and track shipments.
- Preventing and controlling vaccine-preventable outbreaks in vulnerable populations through immunization of VFC/317-eligible populations.

3. PROGRAM LISTING (list programs included in this core funding)

Communicable Disease Investigation and Control
Healthcare-associated Infections Program
Immunizations Program
Immunizations Quality Improvement for Providers (IQIP)
School & Child Care Survey Reporting
Section 317 Vaccine
ShowMeVax (Immunization Registry)
Tuberculosis Elimination Program
Vaccines for Children (VFC)
Zoonotic Disease Program

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790112B BUDGET UNIT NAME: Communicable Disease Control and Prevention APPROPRIATION BILL SECTION: 10.705	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$274,821	AB 10.705 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover shortfalls in appropriations 4974, 4983, 5014, 5049 and 5055. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

**Department of Health and Senior Services
Community and Public Health
CHIP Program Cost to Continue
DI# NOP.79B.003**

Budget Unit 790112B

Bill Section AB10705

This NDI is requesting funds to support the Children's Health Insurance Program (CHIP) Immunization program, which is expected to grow due to an increase in the CHIP population. CHIP is a federal entitlement program that provides health insurance to children whose parents do not qualify for Medicaid but cannot afford open-market insurance. These families are charged a monthly premium and the child receives a Medicaid card. However, the child is not Medicaid eligible as CHIP is considered private insurance. The Department of Health and Senior Services (DHSS), covers these required school aged immunizations with funds it receives to purchase the immunizations to be administered to children enrolled in CHIP as they are not eligible for the Vaccines for Children Program. DHSS purchases immunizations through the Centers for Disease Control and Prevention for providers to order as needed for the CHIP-eligible population. This program covers all immunizations recommended by the Advisory Committee on Immunization Practices (ACIP). Immunizations are one of the most successful public health interventions in reducing disease spread and are recommended throughout a child's life to protect against serious, sometimes deadly diseases.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Each year DHSS receives the CHIP population counts from MOHealthNet. The CHIP population estimate has increased from 47,337 in Q2 FFY23, to 64,333 children in Q2 FFY24, to 75,405 in Q2 FFY25. For FY26, DHSS received a one-time appropriation increase for the CHIP Program for a total of \$2,687,866. Utilizing those numbers and the current cost of immunizations, DHSS and the Centers for Disease Control (CDC) use the CDC Cost Affordability Tool (CAT) to estimate the cost to provide immunizations to CHIP participants. In FY24 the CAT estimate was \$5,205,151. For FY26, the CAT estimate is \$8,274,610, a difference of \$3,069,459. Expenditures for this program are incurred at the Federal Medical Assistance Percentage (FMAP), thus this request reflects the current FMAP split.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Community Health and Wellness Initiatives programs implement evidence-based interventions to improve health risks and reduce disparities in communities, child care centers, schools, and worksites to reduce tobacco use and exposure to secondhand smoke; prevent unintentional injuries and overdose incidents; support access to substance use disorder treatment, recovery and prevention services; reduce teen pregnancies; reduce obesity; improve maternal, infant and child health; and improve the management of chronic diseases for children in the school setting.

Budget Unit 790025B

Bill Section 10.710

The program accomplishes these by sharing staff knowledge and expertise, providing resources and programs, and fostering local, state and federal partnerships. Activities focus on system-level and policy changes that create environments where making a healthy choice is the easy choice. The initiative activities include the following:

- Providing professional development opportunities for stakeholders such as childcare providers, school health and food service professionals, local public health agencies, and employers.
- Developing and disseminating resources such as toolkits on increasing physical activity in childcare, implementing farm-to-preschool programs, passing and implementing school tobacco use policies, implementing worksite wellness programs, navigating youth mental health crises, and implementing naloxone protocols in schools.
- Providing technical assistance and consultation services to a variety of stakeholders on reducing tobacco use and exposure to secondhand smoke; preventing unintentional injuries; reducing teen pregnancy; reducing obesity; improving maternal, infant and child health; and improving the management of children with chronic disease in the school setting.
- Overseeing Missouri Tobacco Quit Services, which provides tobacco cessation services, including phone and online coaching programs and nicotine replacement therapies to eligible callers.
- Administering contracts to local agencies to implement evidence-based prevention strategies, including 10 Safe Kids contracts to provide local injury prevention services; MCH Services contracts with 111 LPHAs to support building and expanding a community-based system to respond to priority health issues, ensure access to quality MCH services, reduce health disparities and promote health within the MCH population; and technical assistance contracts with subject matter experts to assist communities with implementation of smoke-free air policies, complete streets policies, food service guidelines, and other various system and policy change strategies.
- Providing leadership across state and national organizations to create cohesive strategies to catalyze change, including leading the Missouri Injury and Violence Prevention Advisory Committee and Council for Adolescent and School Health.
- Conducting outreach campaigns such as Connect with Me, a campaign to encourage adults to have conversations with youth regarding healthy development, and other campaigns to raise awareness of the harms of exposure to secondhand smoke, tobacco and youth vaping use, and cannabis use.

3. PROGRAM LISTING (list programs included in this core funding)

Adolescent Health Program

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790025B BUDGET UNIT NAME: Community Health and Wellness Initiatives APPROPRIATION BILL SECTION: 10.710	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests fifteen percent (15%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and fifteen percent (15%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$18,059	AB 10.710 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover a shortfall in appropriation 4968. Reallocation will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790025B BUDGET UNIT NAME: Community Health and Wellness Initiatives APPROPRIATION BILL SECTION: 10.710	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
The department requests continuation of seventeen percent (17%) flexibility between personal service and expense and equipment within the Health Initiatives Fund (1275) within section 10.710 to support the tobacco cessation programs.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
N/A	\$430,592	The department anticipates a continued need for flexibility to support tobacco cessation efforts in the department. This includes: implementing evidence-based strategies to prevent youth from starting to use tobacco-related products, increasing access to smoke/tobacco-free environments, and offering programs to help tobacco users quit, including Missouri Tobacco Quit Services (statewide Quitline).
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Flex was first awarded in fiscal year 2026.	Based on estimated payroll in needs in fiscal year 2026, the department anticipates utilizing the full amount of flexibility.

2. CORE DESCRIPTION

The Division of Community and Public Health operates the Substance Use Disorder (SUD) grant program that is funded with proceeds from the Veterans, Health and Community Reinvestment Fund.

Per Article XIV, of the Missouri Constitution, the Division may use these funds for grants to agencies and not-for-profits to increase access to evidence-based, low-barrier drug addiction treatment programs, support overdose prevention education, and to support job placement, housing, and counseling for those with substance use disorders. Agencies and organizations serving populations with the highest rates of drug-related overdose shall be prioritized to receive the grants. Grants are awarded to develop new or support existing recovery support services for priority populations impacted by substance use disorder.

2. CORE DESCRIPTION

The Division of Community and Public Health operates the Substance Use Disorder (SUD) grant program that is funded with proceeds from the Veterans, Health and Community Reinvestment Fund.

Per Article XIV, of the Missouri Constitution, the Division may use these funds for grants to agencies and not-for-profits to increase access to evidence-based, low-barrier drug addiction treatment programs, support overdose prevention education, and to support job placement, housing, and counseling for those with substance use disorders. Agencies and organizations serving populations with the highest rates of drug-related overdose shall be prioritized to receive the grants. Grants are awarded to develop new or support existing recovery support services for priority populations impacted by substance use disorder.

2. CORE DESCRIPTION

Youth Tobacco Use Prevention initiatives implement evidence-based interventions to prevent and reduce youth tobacco use. The initiatives are accomplished through promoting and coordinating programs and activities with state and local health advocates, associations, schools and universities.

The Tobacco Cessation Initiatives programs implement evidence-based interventions to reduce tobacco use, remove barriers to quitting, and increase access to cessation supports. This funding provides grants to organizations and covers costs for MO HealthNet members' use of Missouri Tobacco Quit Services, which offers free and confidential tools, including phone and online coaching programs, to help individuals quit nicotine (cigarettes, vapes, or chewing tobacco).

2. CORE DESCRIPTION

This portion of the Division provides leadership, oversight, and general supervision for the division staff and programs/initiatives in accordance with the mission, goals, and values of the Department; and ensures compliance with state and federal laws and regulations. This is achieved through the following activities:

- Reviewing and approving budget requests, grant applications, contracts, purchase requests for goods and services, personnel actions, publications, and correspondence with contractors, consumers, other external partners and stakeholders.
- Assistance with policy development, personnel and human resource management, coordination between programs and OA-ITSD for maintenance and implementation of public health information systems, strategic planning, and assurance of effective and efficient programs.
- Providing and coordinating responses to a variety of requests, including fiscal notes, sunshine requests, legislative requests, internal operation requests, and general public inquiries.

3. PROGRAM LISTING (list programs included in this core funding)

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790113B	DEPARTMENT: Department of Health and Senior Services (DHSS)
BUDGET UNIT NAME: Division of Community and Public Health Administration	DIVISION: Division of Community and Public Health (DCPH)
APPROPRIATION BILL SECTION: 10.725	

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.725 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The Emergency Preparedness and Response programs manage public health and healthcare planning and response to emergencies primarily through the Public Health Emergency Preparedness and Cities Readiness Initiative and the Hospital Preparedness Program Grants.

The program inspects radioactive material shipments, locates lost or orphaned radioactive sources, and provides training and subject matter expertise to first responders throughout the state. Examples of emergencies include: flood, tornadoes, earthquakes, influenza pandemics, disease outbreaks, environmental hazardous spills, biological and chemical terrorism, and nuclear power plant accidents. Through partnerships with local public health agencies (LPHAs), hospitals, other health organizations, local government, law enforcement agencies, schools, and other partners, systems are put in place to protect the health of Missourians during a public health emergency. Some of the activities within the Office of Emergency Coordination include:

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Emergency Preparedness and Response**

Budget Unit 790046B

Bill Section 10.730

- Assures consistency and coordination of state and local public health plan development and public health emergency response for bioterrorism, pandemic, and other public health emergencies and assures consistency and coordination among local, state, and federal partners. Provides direction and technical assistance to health care providers, including hospitals, community health centers, trauma centers, LPHAs, healthcare coalitions, etc., regarding preparedness for pandemic influenza, bioterrorism, surge capacity, and mass fatalities; may be disseminated through the Health Notification System (MOHNS).
- Maintains the public health Emergency Response Center (ERC), which can be quickly activated and fully staffed to function as a public health emergency operations center in a disaster. During non-threatening times, ERC staff maintains situational awareness on a national, state, and local level by monitoring Web-based systems as well as media and through communications with emergency response partner agencies. The Public Health Emergency Hotline's toll-free number is answered 24 hours a day, seven days a week.
- Houses the Missouri Rapid Response Team (MRRT): The MRRT responds to complex, multi-jurisdictional foodborne illness outbreaks and contamination. The team combines environmental public health, epidemiology and laboratory capabilities while it also includes team members from the Department, the Missouri Department of Agriculture and the U.S. Food and Drug Administration (FDA). The team is able to find the causes that lead to foodborne illness and contamination by leveraging considerable resources, adding efficiencies including the Incident Command System (ICS), and streamlining communications. By finding the causes sooner, outbreaks can end sooner, fewer people become ill, and businesses recover faster.
- Maintains the Radiological and Chemical Emergency Response Program, which by state statute, oversees the response to any radiological incident within the state. The program provides identification, sampling, and protective action recommendations for nuclear power plants and other radiological production facilities. The program inspects radioactive material shipments, locates lost or orphaned radioactive sources, and provides training and subject matter expertise to first responders throughout the state.
- Provides command, control and direction for the state's Emergency Support Function 8 (ESF-8) Health and Medical response in public health emergencies. Working in conjunction with the State Emergency Operations Center, the office provides situational assessments, coordinates resource requests, and activates response staff and operations.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790046B BUDGET UNIT NAME: Emergency Preparedness and Response APPROPRIATION BILL SECTION: 10.730	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.730 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

Environmental public health works to reduce the risk of illness, injury, and death related to environmental causes and to ensure sanitation and safety practices which protect and promote overall wellness and increase positive health outcomes for Missourians. Some of the activities included within the environmental health programs include:
 -Tracking and responding to environmental emergencies and emerging diseases (such as legionella), foodborne illness outbreaks, food recalls, emergency preparedness planning, incidents involving radioactive materials, transportation accidents involving food, natural disasters, and environmental and medical follow up for children with elevated blood lead levels.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Environmental Public Health Services**

Budget Unit 790021B

Bill Section 10.735

-Providing training and technical assistance to local public health agencies (LPHAs) and industry: technical assistance for first responders and community partners, safe food handling best practices, sanitation and safety requirements for child care facilities, lodging establishments, legionella water management plans, childhood lead poisoning, and onsite wastewater treatment systems (OWTSs);

-Issuing permits and licenses: construction permits for onsite wastewater treatment systems (OWTSs), licensing lodging establishments, accrediting lead abatement training programs, licensing lead abatement professionals and contractors, and registering OWTS installers, soil evaluators, and inspectors;

-Inspecting regulated facilities and environmental sites: food establishments, food manufacturing/processing plants, child care facilities, summer food sites, lodging establishments, healthcare facility legionellosis, and lead abatement projects;

-Conducting assessment and surveillance of environmental public health issues (hazardous substance exposure risks, appropriate clean up level determination), collecting, integrating, and analyzing data on health effects related to environmental health hazards (algal blooms, recreational water, heat and cold related deaths, carbon monoxide deaths), providing epidemiology studies, and assuring at-risk children are tested for lead poisoning;

-Providing environmental health education to the general public: hazardous substance exposures and conditions, waste sites, sampling of residential drinking wells, radon kits, indoor air quality and other indoor environmental issues, proper food handling, proper care of OWTSs, lead-safe work practices, annual fish consumption advisory, and blood lead testing;

-Responding to citizen concerns and complaints: bedbugs, food service, lodging, child-care complaints, radon, and other exposures;

-Collaborating to leverage resources between federal, state, and local entities for efficient and effective use.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790021B BUDGET UNIT NAME: Environmental Public Health APPROPRIATION BILL SECTION: 10.735	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$340,137	AB 10.735 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover shortfalls in appropriations 4968, 4996, 5030, 5058, 5195, 5198, and 5783. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The Genetics and Healthy Childhood (GHC) promotes and protects the health and safety of individuals and families based on their unique conditions, needs, and situations, utilizing multiple programs. The Department implements prevention and intervention strategies to optimize health and the environment from pre-pregnancy through adulthood. The Department accomplishes its mission in collaboration with families, health care providers, and other community, state, and national partners. Primary program activities and priorities include encouraging early entrance into prenatal care; providing education on healthy behaviors starting at preconception; helping families learn healthy parenting skills; administering the confidential, toll-free TEL-LINK Line that connects families with programs and services; providing follow-up and coordination of services to abnormal newborn blood spot screening tests and hearing loss exams for the purpose of early intervention and optimization of health outcomes; and providing case management, education, and awareness for Hepatitis B (HBV) to ensure infants born to HBV positive women receive timely and complete immunization to prevent infection.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790020B BUDGET UNIT NAME: Genetics and Newborn Health Services APPROPRIATION BILL SECTION: 10.740	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
--	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests fifteen percent (15%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and fifteen percent (15%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$346,878	AB 10.740 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover shortfalls in appropriations 4968, 4977, 4983 and 5783. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The Health Informatics and Epidemiology unit is responsible for collecting, analyzing, and providing health information on a range of health conditions and diseases, risk factors, and preventative practices.

It houses the resources necessary to operate and maintain major public health information systems; state vital statistics; community health information; and medical and public health epidemiology resources necessary to prevent, intervene, and control diseases and conditions impacting the health and wellness of Missourians. The unit is involved in health data collection, from the enumeration of the population at risk (e.g. birth and death records) to health-care related experiences of Missourians, (e.g. managing the Patient Abstract System, health data abstracting, and healthcare infections reporting) communicable (infectious) diseases, sexually transmitted infections (STIs) and zoonotic diseases; the Missouri Cancer Registry (MCR); the Pregnancy Mortality Surveillance System (PMSS); the State Unintentional Drug Overdose Reporting System (SUDORS), and the Missouri Violent Death Reporting System (MOVDRS); the dissemination of health statistics (e.g. Missouri Public Health Information Management System (MOPHIMS)); and the distribution of downloadable public service announcements, brochures and other information; as well as statewide reportable surveillance systems (Websurv and EpiTrax); the HIV/AIDS reporting system (eHARS), and the Missouri Electronic Surveillance System for Early Notification of Community-Based Epidemics (ESSENCE). The unit manages the collection, analysis, and interpretation of data (e.g. Behavioral Risk Factor Surveillance System (BRFSS), a system for collecting state and local level data regarding health-related risk behaviors, chronic health conditions, and the use of preventative services; and the Pregnancy Risk Assessment Monitoring System (PRAMS) which collects state-specific, population-based data on maternal attitudes and experiences before, during and shortly after pregnancy.

2. CORE DESCRIPTION

Educating Missourians regarding Human Immunodeficiency Virus (HIV), sexually transmitted infections (STI) and hepatitis prevention, testing, and linkage to care services is essential to stop the spread of infection, prevent re-infection and prevent poor health outcomes. This program provides HIV, STI, and viral hepatitis education to the general public, those at risk for infection, and clinical providers; access to HIV, STI, and viral hepatitis prevention and testing services; increased access to HIV, STI, and viral hepatitis care and treatment; and a coordinated and efficient use of limited HIV, STI, and viral hepatitis resources to protect health and keep people safe. These outcomes are achieved through the following activities:

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - HIV, STI, and Hepatitis Services**

Budget Unit 790023B

Bill Section 10.750

- Providing screening and testing resources for specific, disproportionately affected populations who are underinsured or uninsured. Priority populations vary by condition and are based on epidemiological data and grant priorities.
- Delivering services in collaboration with local public health agencies, as well as a network of prevention contractors and testing program partner sites to ensure access to services throughout the state.
- Providing disease information, risk reduction counseling, and partner services (including elicitation of sex/needle-sharing partners and confidential notification of exposed partners to offer counseling, testing, and referral for treatment and care).
- Providing access to HIV medical care, medication, and related services for low-income Missourians living with HIV to improve individual health outcomes as well, as to reduce HIV transmission rates. Individuals living with HIV for whom the virus is well controlled by HIV medications pose essentially no risk of transmitting the virus through sexual contact.
- Facilitating the coordination and collaboration among statewide HIV, STI, and hepatitis service providers and stakeholders to determine program priorities and ensure efficient use of limited resources based on historical epidemiological data and emerging trends.

3. PROGRAM LISTING (list programs included in this core funding)

AIDS Drug Assistance Program (ADAP)
Ending the HIV Epidemic Initiatives (EHE)
Hepatitis C Prevention, Testing and Health Education
HIV/STI Screening, Testing and Prevention Services
Housing Opportunities for Persons with AIDS (HOPWA) Program
Medicaid AIDS Waiver
Pre-exposure Prophylaxis (PrEP) Coordination
Ryan White HIV Case Management

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790023B BUDGET UNIT NAME: HIV, STI, and Hepatitis Services APPROPRIATION BILL SECTION: 10.750	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
--	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests twenty percent (20%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and twenty percent (20%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$280,000	AB 10.750 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover shortfalls in appropriations 4977 and 5185. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The Department of Health and Senior Services (DHSS), Center for Local Public Health administers participation agreements with 115 local health agencies to ensure public health services are available in every county in Missouri. The presence of public health services at the local level is essential for protecting health and keeping people safe.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Local Public Health Agency Support**

Budget Unit 790014B

Bill Section 10.755

The presence of public health services at the local level is essential for protecting health and keeping people safe. The local health agencies are a vital partner in providing statewide services including, but not limited to, communicable disease surveillance and outbreak response, environmental surveillance (retail food, lodging, on-site sewage, childcare sanitation), immunizations, infectious disease testing and referral to care, chronic disease prevention and control education, public health emergency preparedness and response, and vital records issuance. The funding administered allows local health agencies to utilize funding as needed to deliver public health services in cooperation with DHSS. While the Department is available for technical assistance and may lead activities in some program areas, public health services statewide would not be available without the existence of local public health agencies. State funding constitutes a different percentage of each local health department's total budget, but overall, public health in Missouri remains underfunded and state funding is necessary to maintain local delivery of these services. The federal funding (49 percent of the total in Fiscal Year 2025) distributed through these core participation agreements is the result of federal match received on expenditures reported by locals for specific unreimbursed services they have delivered to children age zero through 19 (Children's Health Insurance Program Health Services Initiative (CHIP H.S.I.). DHSS staff provide technical assistance regarding CHIP H.S.I. claiming, and collect and aggregate the expenditure data for all 115 agencies for quarterly submission to the Center for Medicare and Medicaid Services (through collaboration with Department of Social Services) in order to receive this match. In addition to the core funding, an additional \$3.8 million in general revenue, referred to as incentive funding, is available in total to the 115 local public health agencies. The incentive funding is only distributed to an individual agency if the agency is able to demonstrate achievement of specific quality initiatives.

Besides funding support, the Center for Local Public Health staff provide a collaborative approach to quality services by holding orientations and trainings for new administrators, boards of health and county commissioners, connecting locals with staff throughout DHSS for specific programmatic technical assistance, and connecting locals with resources and programs through conference calls and in-person regional meetings offered throughout the year. The Department also assists in sponsoring a state-wide annual conference for public health professionals.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790014B BUDGET UNIT NAME: Local Public Health Agency Support APPROPRIATION BILL SECTION: 10.755	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests five percent (5%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and five percent (5%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.755 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The nutrition initiatives programs implement services and activities that increase access to healthy, nutritious food, which in turn increases positive health outcomes for eligible Missourians and reduces preventable nutrition-related illnesses and deaths.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Nutrition Services**

Budget Unit 790035B

Bill Section 10.760

The nutrition initiatives programs improve nutritional health through a variety of services. Services provided include: health screening and risk assessment; nutrition counseling; breastfeeding promotion and support; referrals to health and social services; benefits to purchase specific food items needed for good health; reimbursement for meals which meet federally prescribed guidelines; and distribution of commodity food packages.

Specific programs include:

- WIC, the Special Supplemental Nutrition Program for Women, Infants, and Children, which provides supplemental nutritious foods, nutrition education, breastfeeding promotion and support, and referrals to health and other social services for low-income pregnant, breastfeeding, and postpartum women, and to infants and children up to age five who are found to be at nutritional risk;
- The Child and Adult Care Food Program (CACFP), which improves the nutritional health of children and adults in child care centers, family child care homes, adult day care facilities, emergency/homeless shelters, and afterschool programs;
- The Summer Food Service Program (SFSP), which assures that low-income children continue to receive nutritious meals when school is not in session and during times of emergency such as the COVID-19 pandemic when all schools were closed or operating virtually; and
- The Commodity Supplemental Food Program (CSFP), which improves the nutrient intake needed for adults 60 years of age and older by providing supplemental commodity food which contains needed sources of iron, calcium, protein, and vitamins A and C.

3. PROGRAM LISTING (list programs included in this core funding)

- Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)
- Breastfeeding Peer Counseling Program
- Breastfeeding Program
- Child and Adult Care Food Program (CACFP)
- Summer Food Service Program (SFSP)
- Commodity Supplemental Food Program (CSFP)

2. CORE DESCRIPTION

The Office of Rural Health and Primary Care (ORHPC), comprised of the State Office of Rural Health (SORH) and the Primary Care Office (PCO), enhances equitable access to health care services to rural and underserved populations and communities to improve the health status of these Missouri residents.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Rural Health and Primary Care Initiatives**

**Budget Unit 790115B
Bill Section 10.765**

ORHPC does this by working closely with local health advocates, associations, universities, hospitals and clinics, and providers on a variety of community development activities and providing resources and leadership for health care access initiatives. SORH provides leadership in the development and coordination of rural health initiatives to support, strengthen, and improve rural health care. Activities include acting as a central location for the collection and dissemination of information related to rural health care issues, research findings related to rural health, and innovative health care delivery approaches; monitoring, coordinating, and facilitating rural health efforts with a focus on avoiding duplication and inefficiencies; and providing technical assistance to rural health stakeholders to support their efforts. Additionally, SORH seeks to promote and develop diverse and innovative health care service models, educate and recommend appropriate public policies to ensure the viability of rural health care delivery. Programs and contracts include providing rural health clinics with trainings and webinars to become Patient Centered Medical Home accredited and the Rural Track Pipeline Program, which establishes rural training sites, identifies and develops community based faculty preceptors, recruits rural students into health care professions, and collaborates with other state and national leaders to promote the advancement of rural health care. PCO works to improve primary care service delivery, conduct a health provider needs assessment, manage health professional shortage designation, and address workforce availability to meet the needs of underserved populations. The PCO partners with federal and state programs, communities, private entities, health care facilities, and providers to assess, develop, and expand comprehensive, community-based primary health care services. The PCO manages multiple programs, including Missouri's J-1 Visa, National Interest Waiver (NIW), and health professional loan repayment programs; helping to recruit and retain health professionals in underserved communities; and collaborating and providing technical assistance to support improved access to primary care services. PCO also administers the Rural Physician Grant Program awarding funding to primary care physicians to relocate to HPSA in exchange for a five-year service obligation and the Missouri Graduate Medical Education Grant Program established in FY 2024 to increase primary care residency slots available in Missouri.

3. PROGRAM LISTING (list programs included in this core funding)

Faculty Preceptors Tax Credit Program
Health Professional Shortage Areas
J-1 Visa/State 30 Waiver Program
Medicare Rural Hospital Flexibility Program (FLEX)
National Interest Waiver
Missouri Graduate Medical Education Grant Program (GME)
Health Professional Loan Repayment Program (HPLRP)
Rural Health Promotion
Small Rural Hospital Improvement Program (SHIP)
State Office of Primary Care
State Office of Rural Health Grant (SORH)
Rural Healthcare Provider Transition Project
Rural Health Blog

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790115B BUDGET UNIT NAME: Rural Health and Primary Care Initiatives APPROPRIATION BILL SECTION: 10.765	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests ten percent (10%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and ten percent (10%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.765 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

Oral health services and initiatives are in place to improve oral health outcomes for Missourians. The Office of Dental Health (ODH) provides education to the general public, dental, and medical providers, public health officials, and decision-makers on a broad range of oral health topics. Topics include strategies to prevent dental problems, the consequences of poor oral health for an individual's overall health, and community water fluoridation. ODH activities include:

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Oral Health Services and Initiatives**

Budget Unit 790116B

Bill Section 10.770

- Operating the Preventive Services Program (PSP) and the Dental Sealant Program to deliver education and preventive measures to Missouri children;
- Providing training and support for communities which choose to fluoridate their water or start fluoridation in their communities;
- Working with partners to advocate for increased access to dental care to prevent costly trips to the hospital and expensive dental restorations;
- Coordinating with schools to recruit volunteer dentists, hygienists, and dental students to screen children during the PSP events. Children participating in PSP are screened to assess their dental health to see if treatment is necessary, and to evaluate the dental health of Missouri children. Volunteers apply the fluoride varnish as a part of the PSP event;
- Coordinating with Truman Medical Center for the Elks Mobile Dental Program and the Dental Lifeline Network for the Donated Dental Services program. These programs provide dental care to people who may not have access to dental care who include but are not limited to developmentally or intellectually disabled individuals, veterans and those who are medically fragile;
- Operating the Improving Oral Health Outcomes, which hopes to increase Missouri's number of children with dental sealants, a known deterrent to dental decay, and to increase the number of people being served by optimally fluoridated community water systems, one of the most cost-effective ways to prevent tooth decay;
- Operating the Support Oral Health Workforce Activities, aiming to bring teledentistry services to people with limited access to dental care, and working with the Local Public Health Agencies to provide fluoride varnish to children who may not have access to dental care;
- Coordinating efforts to bring the Community Water Fluoridation (CWF) Program to Missouri communities by promoting this evidence based public health measure and coordinating the repair and replacement of CWF equipment; and
- Coordinating the school sealant program by working with dental schools and Local Public Health Agencies to go into their local schools and apply dental sealants to the children who do not have dental sealants.

3. PROGRAM LISTING (list programs included in this core funding)

Dental Health Education
Dental Health Workforce Issues
Education, Training & Support for Community Water Fluoridation
Elks Mobile Dental and Donated Dental Program
Improving Oral Health Outcomes
Schools Preventive Services Program and Dental Sealant Program for MO Children
Teledentistry
Veterans' Dental Treatment (Veteran's United),
Dental Assisting in High Schools (Delta Dental Funding)

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790116B BUDGET UNIT NAME: Oral Health Services and Initiatives APPROPRIATION BILL SECTION: 10.770	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
--	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests five percent (5%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and five percent (5%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$25,000	AB 10.770 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex to cover a shortfall in appropriation 5055. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

Minority Health Initiatives (MHI) work to develop public health interventions and strategies to decrease the rate of health disparities in underserved/vulnerable populations that are geographically, culturally, and economically isolated. This is accomplished through providing technical support for the design of culturally appropriate health messages and educational outreach; convening minority-specific community engagement opportunities, and assisting state and local partners with program implementation of activities for “hard-to-reach” minority and underserved populations. The MHI assists community minority health organizations throughout Missouri by identifying available funding for health programs through public and private grants and promoting coalition and community development resources. MHI also advises the Missouri Department of Health and Senior Services (DHSS) director on topics related to promoting fair and reasonable access to health care addressing health disparities impacting all Missourians with an emphasis on minority and underserved geographic areas; provides support to the Health Equity Stakeholder Committee; support for the statewide health assessment and statewide health improvement plan addressing social determinates of health, promotes the development of community coalitions and resources across Missouri; provides technical assistance related to person centered services, health literacy, and social determinates of health; coordinates with internal and external partners on strategies to promote fair and reasonable access to health care to reduce health disparities impacting Missourians, coordinates the development of culturally sensitive health educational programs designed to promote health literacy and reduce the incidence of disease among minority populations across Missouri; and addresses new issues impacting the health of minorities and underserved areas of Missouri.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790045B BUDGET UNIT NAME: Minority Health Initiatives APPROPRIATION BILL SECTION: 10.775	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests five percent (5%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and five percent (5%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.775 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

Women's health and wellness initiatives serve to protect and improve the health of women and families by coordinating programs and activities across the state. The Department of Health and Senior Services (DHSS) directs programs focused on improving health and safety outcomes for women. The initiatives include maternal mortality review and prevention, maternal morbidity prevention, sexual violence prevention and response, family planning services, and health education and awareness. Some of the specific programs and activities include:

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Women's Health and Wellness**

Budget Unit 790117B

Bill Section 10.780

- The Extended Women's Health Services Program covers family planning-related services, pregnancy testing, sexually transmitted disease testing and treatment (including pap tests and pelvic exams), and follow-up services covered by MO HealthNet for uninsured women who are 18-55 years of age that meet income guidelines.
- The Sexual Violence Prevention and Response Program focuses on preventing sexual violence perpetration and providing telehealth support to hospitals for forensic exams. Preventing violence is accomplished by using a public health approach to decrease sexual violence risk factors and increase sexual violence protective factors. Contractors implement and evaluate evidence-based sexual violence prevention strategies that include bystander intervention, changing the built environment, and building community connectedness. Additionally, work is focused on strengthening economic supports for women and families and establishing and revising sexual harassment and violence prevention policies and procedures in the workplace. The response program is a statewide network available to hospitals that do not currently have sexual assault nurse examiner coverage. Telehealth services are available to providers at these hospitals to assist their medical providers with conducting a forensic exam.
- The Pregnancy Associated Mortality Review (PAMR) Program abstracts data on all women who die during pregnancy and up to one year following the end of the pregnancy. The purpose of the PAMR is to examine the medical and non-medical circumstances of these deaths and to identify gaps in services and systems that should be improved to prevent future deaths. The PAMR can also identify strengths in the system of care that should be supported or expanded to improve maternal outcomes.
- Maternal Mortality Prevention Plan: These efforts include developing maternal quality control protocols to standardize practices at all birth facilities across the state; establishing a perinatal health access collaborative to allow general practitioners in underserved areas to consult with medical specialists elsewhere in the state; standardizing maternal care provider trainings, including screening and treating cardiovascular disorders associated with pregnancy and the treatment of mental health conditions or substance use disorders during and after pregnancy; developing and implementing best practices for postpartum plans of care; and improving maternal health data collection and reporting.
- This funding also includes some initiatives of the Title V Maternal and Child Health (MCH) Services Block Grant which assures a maternal-child public health system with a variety of services, programs, and initiatives that addresses the needs of Missouri's mothers, infants, children, adolescents, and families, including children and youth with special health needs (CYSHCN).

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790117B BUDGET UNIT NAME: Women's Health and Wellness APPROPRIATION BILL SECTION: 10.780	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests fifteen percent (15%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and fifteen percent (15%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.780 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.	

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790117B BUDGET UNIT NAME: Women's Health and Wellness APPROPRIATION BILL SECTION: 10.780	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
The department requests continuation of ten percent (10%) flexibility between Maternal Mortality Prevention Program Domains within AB section 10.780.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.780 language allows up to ten percent (10%) flexibility between subsections within the section.	Expenditures will differ annually based on needs to support the Maternal Mortality Prevention Program efforts.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE

NEW DECISION ITEM

RANK: 007 OF 8

**Department of Health and Senior Services
Community and Public Health
Extended Womens Health NDI
DI# NOP.79B.004**

Budget Unit 790117B

Bill Section AB10780

This NDI requests funds to support the ongoing operations of the Extended Women's Health program. During the Public Health Emergency (PHE), a majority of this population remained in the Pregnant woman/Postpartum Medicaid eligibility or were transitioned into the Adult Expansion Group population. Federal requirements during the PHE kept those populations from dropping off Medicaid eligibility, resulting in decreased expenditures through this program. As a result, appropriation for this program was decreased from \$6,289,091 in FY22 to \$1,089,091 in FY25. Now that the PHE has ended, individuals are moving back into this program, increasing projected expenditures. This program provides funding for family planning and family planning-related services, pap tests and pelvic exams, pregnancy testing, sexually transmitted disease testing/treatment, and follow-up services for eligible women. This program also provides education and outreach to encourage eligible women to access the family planning services and family planning-related services offered. Eligible women include those with a family Modified Adjusted Gross Income for the household size that does not exceed 201 percent of the Federal Poverty Level, and uninsured women losing MO HealthNet coverage at the conclusion of one year postpartum for one additional year. Program services are intended to reduce the number of unintended pregnancies for eligible women and thereby reduce Medicaid expenditures. Unintended pregnancies, which account for nearly half (45 percent) of all pregnancies in the United States, are also associated with risks of other health issues such as low birth weight and maternal depression. The services provided by this program also assist women in preventing the spread of sexually transmitted infections. This is not an entitlement program.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The amount requested reflects the anticipated shortage in state funds the Department needs to facilitate this program in state fiscal year 2027, based on actual and projected expenditures.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

Fetal Infant Mortality Review (FIMR) is an evidence-based process to identify and analyze factors that contribute to fetal and infant death.

The National FIMR model utilizes a regional approach due to the large case load of fetal and infant deaths, and contributing factors for fetal and infant deaths are often related to local environmental causes that local communities will understand better than the state program. Based on the National FIMR model, 10 Missouri FIMR regions were formed based on fetal and infant mortality case loads and geographic areas of interest. Missouri's FIMR Program is a network of ten regional FIMR teams, comprising diverse, multidisciplinary professionals to examine confidential, de-identified individual cases of fetal and infant deaths from 24 weeks gestation through the 12 months after birth. The review process operates as a two-tiered system. A Community Review Team (CRT) conducts the case reviews and a separate team, a Community Action Team, is charged with taking recommendations from the CRT and implementing them into action within the communities.

2. CORE DESCRIPTION

The Department is the repository of vital records for the State of Missouri and provides citizens and federal, state, and local agencies the ability to register, amend, and obtain vital records.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Community and Public Health
CORE - Vital Records Registration and Issuance**

Budget Unit 790058B

Bill Section 10.790

Vital record documents also provide important data and statistical information critical to identifying and quantifying health related issues and measuring progress toward quality improvement and public health goals. Activities include:

- Maintaining the central registry of births, deaths, reports of fetal deaths, reports of marriages and divorces, and the Putative Father Registry.
- Correcting or amending vital records as authorized by state law, to include court orders or as a result of adoption or legitimation.
- Issuing certified and non-certified copies of births, deaths, reports of fetal deaths, original pre-adoptive records, and statements relating to marriages and divorces.
- Conducting workshops, trainings, and providing technical assistance to ensure the complete, accurate, and timely registration of vital records by a wide variety of professionals who are responsible for components of vital record documentation and submission.

The Department is a part of the national group of jurisdictions that share vital records information with the National Vital Statistics System (NVSS) at the Centers for Disease Control and Prevention (CDC). The compiled national natality, mortality, and fetal death statistics inform a variety of medical and health-related research efforts. Local and state public health agencies use information from the death record to assess community health status and for disease surveillance (e.g. drug overdose deaths, influenza, and other infectious diseases).

3. PROGRAM LISTING (list programs included in this core funding)

Vital Records Registration and Issuance.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790058B BUDGET UNIT NAME: Vital Records Registration and Issuance APPROPRIATION BILL SECTION: 10.790	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
Based on the recommendations of the Legislative body in previous years, DHSS has worked to create and breakdown CORES within DCPH in order to provide more transparency. The Department requests fifteen percent (15%) flexibility between personal service in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790, and fifteen percent (15%) flexibility between expense and equipment in Sections 10.700, 10.705, 10.710, 10.725, 10.730, 10.735, 10.740, 10.745, 10.750, 10.755, 10.760, 10.765, 10.770, 10.775, 10.780, and 10.790 in order to ensure continuity of operations during the transition.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$86,500	AB 10.790 language allows up to thirty percent (30%) flexibility between personal service and expense and equipment. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
The Department utilized this flex to cover shortfalls in appropriations 4983, 5007 and 5014. Reallocations will be sought as needed to reduce future flex usage.	Flex will be utilized as needed to cover operational expenses and address emergency and changing situations throughout the fiscal year.

2. CORE DESCRIPTION

The Department of Health and Senior Services (DHSS) initiated its response to SARS-CoV-2 (COVID-19) in January 2020.

Since the onset of the pandemic, DHSS partnered with other governmental agencies, numerous non-governmental organizations, and healthcare systems, with the Department taking action at multiple levels, from assistance in the field of overall administration, to assist with public health response and mitigation efforts. American Rescue Plan Act (ARPA) and Coronavirus State and Local Fiscal Recovery Funds (COVID) funds have strengthened the state's public health infrastructure through enhancements to public health data systems and supporting public health capacity by bolstering the workforce and its foundational capabilities. Missouri's utilization of these federal funds has and will continue to fulfill the purposes of the American Rescue Plan Act, addresses the economic and public health impacts of the pandemic, restores public services, and builds the long-term public health infrastructure necessary to meet future public health crises.

3. PROGRAM LISTING (list programs included in this core funding)

Various COVID-19 or ARPA related projects

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790118B BUDGET UNIT NAME: COVID Response and ARPA Initiatives APPROPRIATION BILL SECTION: 10.795	DEPARTMENT: Department of Health and Senior Services (DHSS) DIVISION: Division of Community and Public Health (DCPH)	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
The Department requests ten percent (10%) flexibility between American Rescue Plan Act of 2021 grant programs in this section.		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.795 language allows up to ten percent (10%) flexibility between American Rescue Plan Act of 2021 grant programs in this section. Due to variance in needs and general unpredictability, it is difficult to anticipate if flexibility will be used.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. Flexibility between Appropriation bill sections will allow for transparency. The Department cannot predict how much flexibility will be utilized.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Not applicable.	Not applicable.

2. CORE DESCRIPTION

The State Public Health Laboratory (SPHL) is core component of Missouri's public health infrastructure providing a broad range of disease control and surveillance, newborn screening, emergency preparedness, all-hazards laboratory response, environmental monitoring and laboratory improvement services.

CORE DECISION ITEM

**Dept Of Health & Senior Services
State Public Health Laboratory
CORE - State Public Health Laboratory**

**Budget Unit 790059B
Bill Section 10.800**

These services within the fields of immunology, virology, microbiology, tuberculosis, chemistry, environmental bacteriology, advanced molecular detection, and newborn screening allow medical practitioners to identify harmful conditions and provide appropriate treatment. The SPHL is the state reference laboratory, serving the department, local health agencies, and medical professionals and institutions throughout Missouri by confirming results or completing organism identification. This includes conducting analysis of water and food specimens to assure that they do not contain bacteriological, chemical or radiological contamination. It will also serve as the state reference laboratory for the Department of Health and Senior Services' Division of Cannabis Regulation to assist with safe use of cannabis products in line with constitutional amendments outlining our role. There are specialty units in Jefferson City and Poplar Bluff including animal testing for rabies, public safety programs (implied consent/breath alcohol); and supervision of certification and operation of breath alcohol analyzers throughout the state that support the needs of physicians, veterinarians, law enforcement officials, local and district public health personnel, hospitals, and private laboratories. Our mission to provide the most accurate and timely testing results means that we are committed to being a leader in the state for acquiring and implementing advanced technologies and methodologies to detect newly emerging or re-emerging diseases of public health consequence. Examples include: Mpox, SARS-CoV-2 (COVID-19), Ebola, Middle-East Respiratory Syndrome (MERS), foodborne diseases, rabies, pandemic strains of influenza, antibiotic-resistant bacteria, mumps, sexually transmitted infections (syphilis, HIV, chlamydia, gonorrhea), whole genome sequencing of bacterial and viral isolates, and drug-resistant tuberculosis. This testing occurs in specially designed laboratories (Bio-Safety Level 3) with the SPHL that require extensive technical and safety training to use the necessary personal protective equipment and advanced instrumentation. Our capabilities listed above fit our role as the primary state response laboratory for biological and chemical terrorism events, helping to coordinate with other clinical laboratories as well as federal programs like BioWatch to be prepared for that emergency response. It is also important to note that many programs within state government require the support of our public health infrastructure including our testing services, training capabilities, preparedness activities, statewide courier system and laboratory information management systems.

CORE - State Public Health Laboratory**

Budget Unit 790059B

Bill Section 10.800

NOTES:

Lapse in other funds is mainly due to: Cannabis reference testing program launched on July 1, 2025 and prior to that operations were limited to method development and verification and staff training. Approvals for contracts related to spending of federal funding limited our ability to fully utilize our core federal appropriation authority and a large segment of federal fund spending for the laboratory comes out of supplemental federal awards whose authority does not reside within the SPHL core budget.

2. CORE DESCRIPTION

This core funding supports staff and operations of the Division of Senior and Disability Services (DSDS). DSDS is comprised of four programmatic components:

- 1) Section of Home and Community Based Services (HCBS),
- 2) Section of Adult Protective Services (APS);
- 3) Bureau of Senior Programs; and
- 4) Office of Long Term Care Ombudsman.

DSDS plays a crucial role as the State Unit on Aging. It is the primary agency that oversees, monitors, and assures the health and safety of seniors and individuals with disabilities receiving long-term care in their homes or community as an alternative to facility-based care. DSDS investigates allegations of abuse, neglect, and financial exploitation of seniors and adults with disabilities; registers hotlines and regulatory complaints regarding care; informs individuals considering long-term care about home-based care options; provides oversight for eligibility determinations and authorizations of HCBS; advocates for resident rights and resolves complaints regarding nursing facility care; provides customer service to seniors and individuals with disabilities and their caregivers; and oversees the Older Americans Act funded programs administered by the Area Agencies on Aging.

Funding is utilized to support adult protective service activities, crisis intervention, complaint investigation, and HCBS administration, implementation, and quality assurance activities as mandated under Chapters 192, 197, 198, 208, 565, 570, and 660, RSMo; participation in six 1915(c) waivers through the Centers for Medicare and Medicaid Services; and the Older Americans Act.

2. CORE DESCRIPTION

This core funding provides temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation.

Division of Senior and Disability Services' staff authorize and arrange short-term services to allow individuals to remain in their homes and communities. The Adult Brain Injury (ABI) Program provides service coordination and community-based rehabilitation services. Participants of ABI are ages 21 to 65 living with a traumatic brain injury (TBI). Service coordination links the participants to resources to enable each person to obtain independent living goals, community participation, and/or employment. Participants may also receive community-based rehabilitation services to help achieve their identified goals. Rehabilitation services include counseling, vocational training, employment support, and transitional home and community-based support training. The Children and Youth with Special Health Care Needs (CYSHCN) Program provides service coordination for children under the age of 21 who meet medical eligibility criteria and provides limited funding for preventative, diagnostic, and treatment healthcare services for those children whose families also meet financial eligibility.

2. CORE DESCRIPTION

Home and Community-Based Services (HCBS) State Plan Consumer Directed Services (CDS) afford Medicaid-eligible seniors and adults with physical disabilities control over and access to a full array of long-term services and supports in the community that promote independence, health, and quality of life.

Consumer Directed personal care assistance supports activities of daily living and/or instrumental activities of daily living provided as an alternative to nursing facility placement. The consumer is responsible for hiring, training, supervising, and directing the personal care attendant. The Division of Senior and Disability Services (DSDS) is responsible for HCBS level of care eligibility determination and service authorizations.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790067B & 790069B BUDGET UNIT NAME: Division of Senior and Disability Services APPROPRIATION BILL SECTION: 10.910 & 10.915	DEPARTMENT: Department of Health and Senior Services DIVISION: Division of Senior and Disability Services
---	--

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department requests continuation of ten percent (10%) flexibility between Consumer Directed and Agency Directed Services that the Legislature approved for SFY 2025. Participant choice between the Consumer Directed and Agency Model programs make it difficult to estimate which budget line the Medicaid expenditures will incur under.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$3,000,000	AB 10.910 and 10.915 language allows up to ten percent (10%) flexibility between Consumer Directed and Agency Directed Services.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex for fund 0101 expenditures for provider claims payments in SFY 2025.	It appears the Department does not have enough existing federal authority in SFY 2026 for either AB 10.910 or AB 10.915; therefore, a flex between the two sections is likely to be utilized until such time a supplemental may be approved to avoid payment delays for service providers.

2. CORE DESCRIPTION

Home and Community-Based Services (HCBS) allows Medicaid-eligible seniors and individuals with physical disabilities access to a variety of long-term services and support in the community that promote independence, health, and quality of life in their community or the least restrictive setting.

HCBS may include personal care, attendant care, nurse visits, adult day care, homemaker, respite, home-delivered meals, specialized medical/adaptive equipment, medical supplies, private duty nursing, health screenings, and subsequent treatment for identified health problems. Service options may vary depending on specific qualifying criteria for each HCBS option. The Division of Senior and Disability Services (DSDS) is responsible for HCBS eligibility determination and authorization. DSDS manages HCBS benefits authorized under the Medicaid State Plan and administers six 1915(c) waivers (Aged and Disabled Waiver, Adult Day Care Waiver, Independent Living Waiver, Structured Family Caregiving Waiver, Traumatic Brain Injury Waiver, and Medically Fragile Adults Waiver) that provide HCBS benefits to seniors and individuals with disabilities who would otherwise be eligible to receive care in a skilled nursing facility or intermediate care facility. The Division of Community and Public Health (DCPH) administers the AIDS Waiver to individuals with serious medical needs who would otherwise be eligible to receive care in an intermediate care facility. This core also contains funding to reimburse providers for annual reassessments of participants as required by Section 208.906, RSMo.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790067B & 790069B BUDGET UNIT NAME: Division of Senior and Disability Services APPROPRIATION BILL SECTION: 10.910 & 10.915	DEPARTMENT: Department of Health and Senior Services DIVISION: Division of Senior and Disability Services
---	--

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department requests continuation of ten percent (10%) flexibility between Consumer Directed and Agency Directed Services that the Legislature approved for SFY 2025. Participant choice between the Consumer Directed and Agency Model programs make it difficult to estimate which budget line the Medicaid expenditures will incur under.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$3,000,000	AB 10.910 and 10.915 language allows up to ten percent (10%) flexibility between Consumer Directed and Agency Directed Services.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
The Department utilized this flex for fund 0101 expenditures for provider claims payments in SFY 2025.	It appears the Department does not have enough existing federal authority in SFY 2026 for either AB 10.910 or AB 10.915; therefore, a flex between the two sections is likely to be utilized until such time a supplemental may be approved to avoid payment delays for service providers.

Division of Senior and Disability Services
Medicaid HCBS Cost-to-Continue
DI# NOP.79B.005**

Budget Unit 790067B & 790069B

Bill Section AB10910 & AB10915

This NDI funding is requested to continue providing Home and Community Based Services (HCBS) for Medicaid participants receiving long-term care in their homes and communities. HCBS includes Medicaid State Plan Personal Care, Independent Living Waiver, Adult Day Care Waiver, Aged and Disabled Waiver, Medically Fragile Adult Waiver, and the Healthy Children and Youth Program administered by the Division of Senior and Disability Services; and the AIDS Waiver administered by the Division of Community and Public Health. Funding is requested to cover anticipated costs due to an increased number of eligible individuals utilizing the program and an increased amount of services per client. This request is not associated with an expansion of the program or eligibility requirements. The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 192.2000.1., RSMo.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The FY 2026 available core amounts for House Bill Section 10.915 HCBS In-Home Services are \$239,178,019 in general revenue and \$371,870,693 in federal funds for a total of \$611,048,712. The FY 2026 projected needs are \$247,923,158 in general revenue and \$449,799,542 in federal funds for a total need of \$697,722,700. This causes shortfalls of \$8,745,139 in general revenue and \$77,928,849 in federal funds for a total shortfall of \$86,673,988.

The FY 2026 available core amounts for House Bill Section 10.910 HCBS Consumer-Directed Services are \$255,754,909 in general revenue and \$440,209,856 in federal funds for a total of \$695,964,765. The FY 2026 projected needs are \$254,734,813 in general revenue and \$460,563,542 in federal funds for a total need of \$715,298,355. This causes a lapse of \$1,020,096 in general revenue and a shortfall of \$20,353,686 in federal funds for a total shortfall of \$19,333,590.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core establishes a new Medicaid service which will be identified as Complex Care Assistant (CCA). This service is intended to complement current Personal Care Aide (PCA), Advanced Personal Care (APC) and Private Duty Nursing (PDN) services to provide specialized care to medically complex individuals who meet program eligibility requirements. CCA services would provide an additional option for service delivery of skilled tasks, that do not require the competency, judgment, or assessment of a nurse, than what is currently allowed through the PCA program.

3. PROGRAM LISTING (list programs included in this core funding)

Complex Care Assistant.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790076B BUDGET UNIT NAME: Division of Senior and Disability Services APPROPRIATION BILL SECTION: 10.925		DEPARTMENT: Department of Health and Senior Services DIVISION: Division of Senior and Disability Services	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.			
DEPARTMENT REQUEST			
The Department requests continuation of ten percent (10%) flexibility between Home and Community Services and meal services granted by the Legislature in SFY 2025.			
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.			
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	
\$695,535	AB 10.925 language allows up to ten percent (10%) flexibility between Home and Community Services and meal services.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of Governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.	
3. Please explain how flexibility was used in the prior and/or current years.			
PRIOR YEAR EXPLAIN ACTUAL USE		CURRENT YEAR EXPLAIN PLANNED USE	
Other funding sources were utilized at a higher rate for AAA meals than previously projected.		Not applicable.

2. CORE DESCRIPTION

This core funding provides reimbursement for contracted assistance programs for persons with Alzheimer's and other dementia-related diseases and their families or caregivers, including caregiver respite grants, education, caregiver training programs, and assistive safety devices.

Alzheimer's disease is an irreversible, progressive brain disorder that slowly destroys memory, thinking skills, and eventually the ability to carry out the simplest tasks. The biggest risk factor for dementia is aging. This means as a person gets older, their risk of developing dementia increases a lot. For people aged between 65 and 69, around 2 in every 100 people have dementia. A person's risk then increases as they age, roughly doubling every five years. By 2025, the number of people 65 and older with Alzheimer's disease is estimated to reach 7.1 million, almost a 27 percent increase from the 5.6 million affected in 2019. By 2050, the projected number will grow to 12.7 million. Alzheimer's is the seventh leading cause of death in Missouri.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

This core funds the Senior Independent Living Program (SILP) (formerly Naturally Occurring Retirement Community or NORC), which establishes programs, supports, and services within four local communities allowing seniors in the designated geographic areas to remain in the community rather than entering a long-term care facility.

These programs support the healthy aging of older adults through increased community involvement and easy access to services that include transportation; socialization and education; assistance with household maintenance; healthcare; and volunteer opportunities.

The SILP model promotes healthy aging, independence, and community building for adults 60 and older in a designated service area through a multi-faceted approach. The key elements consist of case management and social work services; health care management and prevention programs; education, socialization, and recreational activities; and volunteer opportunities for the community to assist members of the SILP with household tasks. SILP's allow for aging in place with greater dignity, independence, and quality of life.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

This core funding is used to assist frail senior immigrants and refugees who have lawfully resided in Missouri for at least five years and cannot complete the normal naturalization process due to health barriers.

Becoming a citizen allows these individuals to obtain federal benefits they would not otherwise qualify for after their initial 84-month eligibility period in the United States. These federal benefits, such as Medicare and Supplemental Security Income, relieve the financial obligation to state resources such as Medicaid

3. PROGRAM LISTING (list programs included in this core funding)

Naturalization Assistance.

2. CORE DESCRIPTION

The Division of Regulation and Licensure (DRL) coordinates licensing and regulation for a variety of entities providing services that impact public health and safety. Within this core is licensing (and certification for Medicare and Medicaid) programs including long term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), adult day care providers, hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end stage renal dialysis centers, rural health clinics, home health agencies, hospices, outpatient physical therapy providers, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma centers, stroke centers, ST-segment elevation myocardial infarction (STEMI) centers, and health care staffing agencies.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Regulation and Licensure
CORE - Regulation and Licensure Program Operations**

**Budget Unit 790084B
Bill Section 10.1000**

Further, the Division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. The Family Care Safety Registry provides background screening results for employees in the childcare and elder care industries. The Board of Nursing Home Administrators test and license nursing home administrators. The Missouri Health Facilities Review Committee administers the Certificate of Need Program to achieve the highest level of health care for Missourians through cost containment, reasonable access, and public accountability. Division staff support complaint investigation, licensure, and survey/inspection activities required under Chapters 190, 192, 195, 197, 198, 210, 344, and 660, RSMo; various sections of 21 CFR and 42 CFR; the Mammography Quality Standards Act; the Clinical Laboratory Improvement Amendments; the Social Security Act (Medicare and Medicaid), and conditions of participation in the Medicare 1864 agreement with the Centers for Medicare and Medicaid Services.

**Department of Health and Senior Services
Division of Regulation and Licensure
BEMS Program Audits
DI# NOP.79B.002**

Budget Unit 790084B

Bill Section AB101000 and AB10605

This NDI is requesting General Revenue for the Bureau of Emergency Medical Services (BEMS) to investigate ambulance services agency financial records, operations data, number of runs and responses, ambulance vehicle inventory, training records, and determine percentage of calls covered by other agencies giving mutual aid and/or appropriate level of response for a service area. In addition, BEMS will collect and track corrective action plans, as well as work with license holders as needed to ensure services are provided to any area affected by disciplinary action and will track all agreements received.

During the 2025 Legislative session, Senate Bill 271 and House Bill 225 added Section 190.166 that outlines specific situations in which the Department of Health and Senior Services (DHSS), Division of Regulation and Licensure's (DRL) Bureau of Emergency Medical Services (BEMS) may refuse to issue, deny renewal of, or suspend an ambulance service license, or take other corrective actions. The legislation also provides requirements related to corrective action plans, Department responsibilities, and service area coverage in the event action is taken on a licensee as authorized by Section 190.166.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Department requires one full-time Regulatory Auditor (annual salary of \$59,112) to perform ambulance service audits; prepare reports to determine what action should be taken by the Department; conduct ongoing monitoring and tracking; and provide initial and annual training for the 233 ambulance services currently licensed by BEMS.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Time Critical Diagnosis (TCD) program is a state-only volunteer program that designates hospitals, based on tier levels, as a Trauma, Stroke, or ST-segment elevation myocardial infarction (STEMI) center.

The program seeks to ensure that critically ill patients suffering from trauma, stroke, and certain types of heart attack (STEMI) get to hospitals that have the capacity to treat them more effectively.

2. CORE DESCRIPTION

The Quality Improvement Program for Missouri (QIPMO) is a cooperative service of the Department of Health and Senior Services (DHSS) and the University of Missouri Sinclair School of Nursing.

The service provides long-term care nursing facility staff with technical assistance and support separate from the DHSS survey process. The Sinclair School of Nursing utilizes gerontological nurse experts to work directly with long-term care nursing facility staff to help them learn best clinical practices, improve care delivery, and improve the outcomes for nursing home residents. Since its inception, a major focus is assisting staff to effectively apply the Resident Assessment Instrument (RAI) process to clinical care; then improve the quality of clinical care through monitoring process and outcomes with Quality Measures/Indicators (QM/QI) derived from the Nursing Home Minimum Data Set (MDS). An additional component of QIPMO is the Leadership Coaching for Nursing Home Administrators program. This program was created to assist nursing home administrators and key operational leaders in meeting the leadership challenges of the long-term care industry. The services offered focus on helping administrators deal effectively with the complex management issues faced each day in the business and personnel operations of long-term care facilities.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790109B	DEPARTMENT: Department of Health and Senior Services
BUDGET UNIT NAME: Adult Use	
APPROPRIATION BILL SECTION: 10.1010	DIVISION: Division of Cannabis Regulation

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department requests continuation of ten percent (10%) flexibility between personal services and expense and equipment granted by the Legislature in FY 2026.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.1010 language allows up to ten percent (10%) flexibility between personal services and expense and equipment.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. Additionally, the level of Governor's reserve, restrictions and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Not applicable.

2. CORE DESCRIPTION

The Division of Cannabis Regulation's (DCR) exists is to ensure qualifying patients and adult consumers over the age of 21 have safe and secure access to regulated cannabis through consistent regulation, enforcement, and education. Pursuant to the authorities provided to DCR in Article XIV, Section 1 and 19 CSR 100, DCR is responsible for regulating Missouri's legal medical marijuana ecosystem, which includes:

- Medical Marijuana Facility Licensees
- Medical Marijuana Products
- Patient, Caregiver, Patient Cultivation, and Agent ID Cards,
- Testing and Research of Marijuana

To achieve continuity of DCR's responsibilities, DCR accepts and processes patient and caregiver applications and accepts, processes, and awards medical marijuana facility licenses, which is succeeded by consistent and routine compliance enforcement.

All revenues derived from the taxes and fees from regulated medical marijuana are deposited into the Veterans' Health and Care Fund.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 790087B BUDGET UNIT NAME: Medical Marijuana APPROPRIATION BILL SECTION: 10.1010	DEPARTMENT: Department of Health and Senior Services DIVISION: Division of Cannabis Regulation
--	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department requests continuation of ten percent (10%) flexibility between personal services and expense and equipment granted by the Legislature in FY 2026.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	AB 10.1010 language allows up to ten percent (10%) flexibility between personal services and expense and equipment.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. Additionally, the level of Governor's reserve, restrictions and core reductions impact how the flexibility will be used, if at all. The Department's requested flex will allow the Department to utilize available resources in the most effective manner as the need arises. The Department cannot predict how much flexibility will be utilized.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Not applicable.

2. CORE DESCRIPTION

The Division of Cannabis Regulation's (DCR) exists is to ensure qualifying patients and adult consumers over the age of 21 have safe and secure access to regulated cannabis through consistent regulation, enforcement, and education.

CORE DECISION ITEM

**Dept Of Health & Senior Services
Cannabis Regulation
CORE - Adult Use Cannabis Transfer**

**Budget Unit 790111B
Bill Section 10.1035**

Pursuant to the authorities provided to DCR in Article XIV, Section 2 and 19 CSR 100, DCR is responsible for regulating Missouri's legal adult use cannabis ecosystem, which includes:

- Marijuana Licensees
- Marijuana Products
- Consumer Cultivation and Agent ID Cards
- Testing and Research of Marijuana

To achieve continuity of DCR's responsibilities, DCR contributes to controlling the commercial production and distribution of adult use cannabis within a system that licenses and regulates industry businesses, products, and activities while ensuring Missouri's public health is protected.

All revenues derived from the taxes and fees from the adult use marijuana program are deposited into the Veterans, Health, and Community Reinvestment Fund.

Article XIV of the Missouri Constitution states that, after appropriation to the Division to carry out its constitutional responsibilities, and after appropriation necessary for carrying out the responsibilities in the expungement of criminal history records, remaining funds are equally transferred to 1) the Missouri Veterans Commission and allied state agencies for health care and other services for military veterans and their dependent families, 2) DHSS to provide grants to agencies and not-for-profit organizations to increase access to evidence based low-barrier drug addiction treatment, and 3) to the Missouri State Public Defender to be used for legal assistance for low-income Missourians.

2. CORE DESCRIPTION

The Division of Cannabis Regulation's (DCR) exists is to ensure qualifying patients and adult consumers over the age of 21 have safe and secure access to regulated cannabis through consistent regulation, enforcement, and education.

Pursuant to the authorities provided to DCR in Article XIV, Section 1 and 19 CSR 100, DCR is responsible for regulating Missouri's legal medical marijuana ecosystem, which includes:

- Medical Marijuana Facility Licensees
- Medical Marijuana Products
- Patient, Caregiver, Patient Cultivation, and Agent ID Cards,
- Testing and Research of Marijuana

To achieve continuity of DCR's responsibilities, DCR accepts and processes patient and caregiver applications and accepts, processes, and awards medical marijuana facility licenses, which is succeeded by consistent and routine compliance enforcement.

All revenues derived from the taxes and fees from regulated medical marijuana are deposited into the Veterans' Health and Care Fund.

Article XIV of the Missouri Constitution states that, after appropriation to the Division to carry out its constitutional responsibilities, remaining funds are transferred to the Missouri Veterans Commission for health and care services for military veterans.
