**Bill Section 12.055**

This funding request addresses the Secretary of State Information Technology Services Department's request for the purposes of establishing, procuring, developing, modernizing and maintaining: (1) An electronic data processing system and programs capable of maintaining a centralized database of all registered voters in the state; (2) Library services offered to the citizens of this state; (3) Administrative rules services, equipment and functions; (4) Services, equipment and functions relating to securities; (5) Services, equipment and functions relating to corporations and business organizations; (6) Services, equipment and functions relating to the Uniform Commercial Code; (7) Services, equipment and functions relating to archives; (8) Services, equipment and functions relating to record services; and (9) Services, equipment and functions relating to state and local elections. Missouri state statute RSMo 28.160 gives the statutory authority to the Secretary of State office to collect fees for the purposes identified for the overall maintenance and operation of the office information technology services department. This NDI is pursuant to the sunset of RSMo 355.023, 347.740, 351.127, 356.233, 400.9-528, 417.018.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**Info Technology Services NDI**  
**DI# NOP.89B.007**

**Budget Unit 8900001B****Bill Section 12.055**

The requested funding amount is based on a structured set of assumptions designed to ensure accuracy, accountability, and long-term sustainability. Each component has been carefully evaluated against operational needs, projected demand, and cost benchmarks.

**1. Baseline Operational Costs**

The foundation of the request reflects current expenditures for core operations, including technology systems, staffing, and ongoing service contracts.

**2. Growth and Demand Projections**

Assumptions anticipate growth in both workload and service delivery requirements. This growth requires additional resources to scale capacity, prevent service disruptions, and maintain compliance with statutory requirements.

**3. Personnel and Staffing Requirements**

The request includes personnel costs based on established state pay bands. Salary calculations were paired with state benefits. Training and professional development costs were also factored in, ensuring staff remain equipped to manage new technologies and expanded responsibilities.

**4. Technology and Infrastructure Investments**

Funding assumptions incorporate a regular 3–5 year lifecycle for equipment and software replacement. Vendor-quoted rates for licensing, cybersecurity compliance, and maintenance were included. These investments are critical to modernize systems, strengthen security, and support uninterrupted operations.

**5. Contingency and Risk Management**

A contingency allocation is included to address unforeseen expenses such as vendor pricing fluctuations, supply chain delays, or urgent compliance upgrades. This factor ensures fiscal stability while reducing the need for supplemental funding requests during the budget cycle.

This request is not tied to a TAFP fiscal note. This is a request for funding in the event that RSMo 355.023, 347.740, 351.127, 356.233, 400.9-528, 417.018 is allowed to sunset.

The funding request is based on the average collection of filing fees used for the agencies technology needs, which affect every Missourian starting a business, registering to vote, searching Missouri history, listing to a book on-line and reporting fraudulent investment activity. If current authority sunsets these funds are needed for continuing the public services of the agency.

**5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.**

### 2. CORE DESCRIPTION

The Office of the Secretary of State collects revenues, often received in the form of a check, for services provided. Refunds result when an overpayment occurs. This request is for an appropriation to allow timely payment of refunds. This appropriation is used for refunds occurring in all areas within the office except special funds. Most refunds for prior fiscal years were due to overpayments received in the form of checks in our Business Services area. Other divisions may utilize this appropriation as needed.

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri Constitution, Article XII, Section 2(b) and 116.260 RSMo require the Secretary of State to publish the full text of each statewide ballot measure in local newspapers prior to an election. Additional funds are required to cover the cost of publishing the measures in local newspapers, which provides Missouri voters with necessary material to make informed voting choices. This request will allow the State to meet its constitutional and statutory obligations during FY27.

## 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? The cost is dependent on the number of measures placed on the ballot by initiative petition or by joint resolution of the General Assembly and the length of the full text. It is not possible to predict the number of ballot issues in a given year or the length of each initiative petition's full text. This request is for an increase to the appropriation which allows for timely payment to participating newspapers if additional issues are brought to the voters. This decision item is necessary to have funds available to cover the costs of additional ballot measures.

### 2. CORE DESCRIPTION

115.285, RSMo. requires mailing envelopes used for returning ballots to local election authorities (LEAs) to incorporate a business reply permit so that no ballot, returned by mail, requires postage. Moreover, Missouri law requires that all fees and costs for establishing and maintaining the business reply permit be covered by the Secretary of State. This core is to allow the Elections Division to pay LEAs for using business reply permits on absentee envelopes returned by voters in accordance with Missouri law.

### 2. CORE DESCRIPTION

This federal program provides funds to states to improve the administration of elections. This includes improving access to the elections process to those with disabilities, maintaining a statewide voter registration database with access by all local election authorities, and creating voter education and poll worker training programs. Federal funds have been received through guidelines of the United States Elections Assistance Commission (EAC) and interest has accrued. The annual transfer comes directly from General Revenue and all special elections, as well as federally required matching for maintenance requirements, will be paid from this appropriation.

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

SB 592, passed in 2018, revised 115.063.2 RSMo, which now states, "All costs of elections involving a statewide candidate or statewide issue and all costs of elections involving candidates for state senator or state representative shall be paid by the state, except that if a political subdivision or special district holds an election on the same day, the costs shall be shared proportionately by the state and the political subdivisions and special districts affected." Based on research of previous elections, this Office anticipates paying approximately 50% of the cost for the August 2026 and November 2026 elections.

appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The SOS anticipates that the state's proportionate share of the election costs will be approximately 50%. In the 2022 August and November elections, we received \$6.3M to pay local election authorities for the state's share of the elections; however, the actual costs were a little over \$7.5M. Using that number as a guide, and due to the fact of inflation and rising expenses, we estimate the costs of the August and November 2026 elections to be \$4.75M each for a total cost estimate of \$9.5M for the state's proportional share.

### 2. CORE DESCRIPTION

Local Records Grants facilitate more secure storage of, and faster access to, records produced by local government entities (political subdivisions with taxing authority) to meet the information needs of public officials, private citizens, and general public interest. Public records security and access insures the preservation of public information of permanent intrinsic or historic value, and facilitates information access as required by state statutes, for both the record provider and the information seeker. Grant funds are available by means of dedicated user fees collected by county recorders of deeds. This fund provides financial resources beyond those of the awarded local entity to effectively maintain, manage, and preserve public records through sound records management policies and practices, archival preservation of long-term or historically significant records, as well as appropriate storage and access supplies.

### 2. CORE DESCRIPTION

The State Document Preservation Fund consists of all moneys received by the Missouri State Archives from gifts, bequests, or contributions for the specific purpose of preserving legal, historical, and genealogical materials and making them available to the public. The Document Preservation Fund allows the Archives to seek assistance from the private sector to help save state government documents, which might otherwise be lost, destroyed, or inaccessible to the public. Various projects include grant administration, work on Missouri State Archives-St. Louis projects, and other special projects that make records available to the public as described in RSMo 109.005.

### 2. CORE DESCRIPTION

Under the Missouri Constitution and state statutes, the General Assembly appropriates funds to support public libraries. State aid is appropriated to libraries that have a minimum voted tax or local government support equal to \$.10 per \$100 of assessed valuation. Libraries use these funds to improve information access and develop stronger library services for Missouri citizens. Funds are distributed to public libraries on a per capita basis and to libraries in high poverty/low assessed valuation counties for equalization aid, and to other public libraries for purposes compliant with RSMo 181.060.

State statute (143.183 RSMo), requires the transfer of 10% of the estimated revenues generated by the income tax on out-of-state athletes and entertainers to the Library Networking Fund for distribution to public libraries for purchase of library materials.
