New Legislation
 Federal Mandate
 GR Pick-Up
 Pay Plan

New Program
 Program Expansion
 Space Request
 Other:

Fund Switch
 Cost to Continue
 Equipment Replacement

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The FY 2015 budget includes appropriation authority for a one percent pay raise for all state employees, except elected officials, members of the general assembly, and judges covered under the Missouri Citizens' Commission on Compensation for Elected Officials, beginning January 1, 2015 (11 pay periods). The remaining 13 pay periods were unfunded, but the stated intent of the legislature was to provide the funding in FY 2016.

<p>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFF fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</p> <p>The appropriated amount for the FY 2015 pay plan was based on one percent of the core personal service appropriations. That amount was then adjusted to reflect 11 pay periods which is the number of pay periods that would be paid in FY 2015 after January 1, 2015. The FY 2016 requested amount is equivalent to the remaining 13 pay periods in order to provide the core funding necessary for a full fiscal year.</p>

New Legislation	New Program	Fund Switch
Federal Mandate	Program Expansion	Cost to Continue
GR Pick-Up	Space Request	Equipment Replacement
<input checked="" type="checkbox"/> Pay Plan	Other:	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The FY 2015 budget includes appropriation authority to achieve half of the Personnel Advisory Board's (PAB) proposed targeted, class specific salary increases for certain registered nurse, youth specialist and children's service worker positions to improve recruitment and retention, beginning January 1, 2015. The remaining portion of the year (July 1-December 31) was unfunded, but the stated intent of the legislature was to provide a full year of funding in FY 2016.

DI Name: PAB Rec Increase FY 15 - Cost to Continue	DI#:	0000015

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFF fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Governor-recommended FY 2015 amounts were calculated to apply the PAB recommendations to each of the below listed job classes, beginning July 1, 2014. The legislature then reduced the recommendations by half (as reflected below) with a delayed start date of January 1, 2015. The FY 2016 requested amount is equivalent to the six remaining months in order to provide the core funding necessary for a full fiscal year.

- Youth Specialist I -- Repositioning from Range 15 to Range 16 and a one-step targeted within-grade increase
- Youth Specialist II, Youth Group Leader, Children's Service Worker I and II, Children's Service Supervisor -- one-step targeted within-grade increase
- Registered Nurse, Registered Nurse Senior, Registered Nurse – Clinical Operations, Registered Nurse Supervisor -- 3% salary adjustment
- Registered Nurse Manager (Bands 1-3) -- 2.5% salary adjustment
- DMH Maximum & Intermediate Security Facility Registered Nurse positions -- 5% & 3.3% salary adjustments

2. CORE DESCRIPTION

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The director of the Department of Health and Senior Services facilitates the department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues.

The Director's Office staff provide administrative leadership, support, coordination, and oversight for the entire department. Within the Director's Office, the Office of General Counsel (OGC) provides legal support to all departmental units. OGC is also responsible for maintaining the Employee Disqualification List, which ensures that individuals that have committed acts of abuse, neglect, misappropriation, or falsification are not employed by health care agencies. The Office of Human Resources provides personnel management services and support for the department.

PROGRAM DESCRIPTION

Health and Senior Services

DHSS Director's Office

Program is found in the following core budget(s):

	Director's Office								TOTAL	
GR	601,202								601,202	
FEDERAL	1,655,601								1,655,601	
OTHER	0								0	
TOTAL	2,256,803								2,256,803	

1. What does this program do?

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The director facilitates the department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues.

The Director's Office includes the department director, deputy department director, and other senior management staff that provide administrative leadership, support, coordination, and oversight for the entire Department of Health and Senior Services (DHSS). In addition, our department has centralized personnel and legal affairs in the Director's Office. The Director's Office also oversees the Employee Disqualification List (EDL) Program which manages all aspects of the statutorily mandated EDL process including complaint investigations indicating possible abuse, neglect, misappropriation of funds or property, or falsification of service delivery documents by employees of entities licensed under Chapter 197 (hospitals, hospice, home health agencies, ambulatory surgical units), long-term care facilities, in-home service providers, consumers, or vendors (Sections 208.912 and 208.915, RSMo). As a result of this centralized approach, DHSS is able to eliminate the need for the divisions to duplicate these services and processes.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 191.400, RSMo (State Board of Health); Chapter 192, RSMo (department); Section 660.062, RSMo (State Board of Senior Services); and Sections 197.500, 198.070, 198.090, 660.300, 660.305, 660.315, 208.912, and 208.915, RSMo (Employee Disqualification List).

3. Are there federal matching requirements? If yes, please explain.

No.

PROGRAM DESCRIPTION

Health and Senior Services

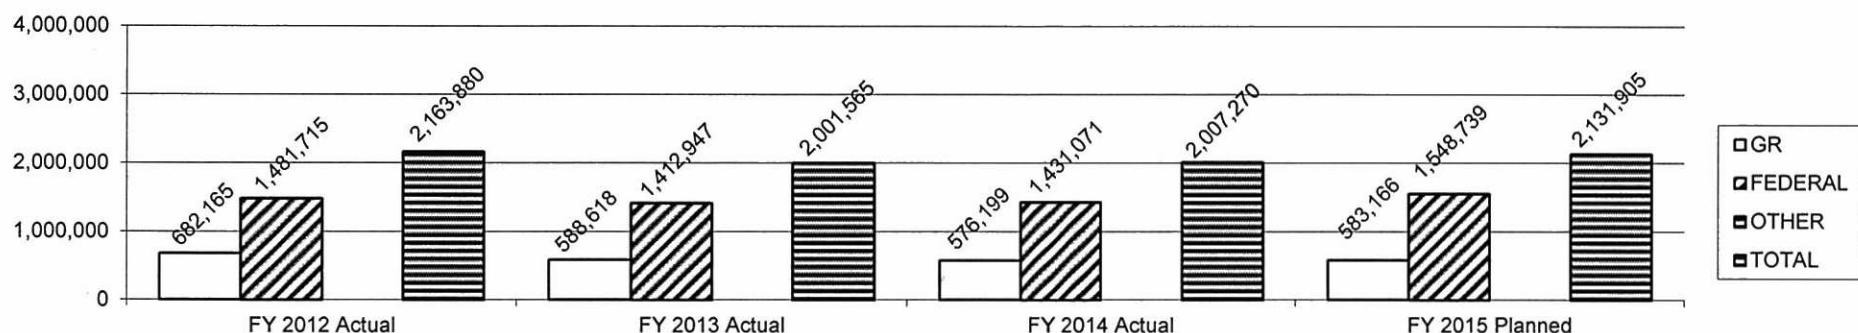

DHSS Director's Office

4. Is this a federally mandated program? If yes, please explain.

The EDL Program fulfills the requirements of 42 CFR 483.13, 42 CFR 483.156, and 42 CFR 488.335 requiring a state procedure for reporting findings to licensing boards and adding indicators to the Nurse Aid Registry for certified nurses aids who have abused or neglected residents or misappropriated funds or property.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Program Expenditure History

6. What are the sources of the "Other" funds?

Not applicable.

7a. Provide an effectiveness measure.

The Director's Office supports all DHSS programs. Effectiveness measures will be found in the division program sheets.

2. CORE DESCRIPTION																																																																					
<p>The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services (DHSS). The division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The Division of Administration processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assesses program performance and compliance with state and federal requirements; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the department; and works with the Office of Administration to manage building leases and related issues that arise with a workforce that operates from state office buildings and leased facilities spread across the state. Department-wide operating expenditures such as telecommunications, postage, vehicle fleet operations, copy machine repair, paper and envelopes, building security, and freight services are paid from the division's budget. The division also prepares the departmental budget submission and responds to budget-related inquiries and fiscal note requests from the Office of Administration and the legislature.</p>

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 58025C	DEPARTMENT: Department of Health & Senior Services
BUDGET UNIT NAME: Administration	DIVISION: Division of Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

The Division of Administration requests 100 percent flexibility between federal and other funds for expense and equipment. This flexibility will help ensure the division can maximize use of non-GR funding for operational expenditures and unforeseen circumstances.

DEPARTMENT REQUEST

DHSS requests 100 percent flexibility in E&E between federal and other funds.

BUDGET UNIT NAME: Administration	DIVISION: Division of Administration

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	
Fed E&E MOPHS E&E Admin DHSS Doc. Services	\$58,000 (\$50,000) (\$8,000)	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition the level of governor's reserve, restrictions, and core reductions impact how the flexibility will be used if at all. The 100 percent flex on other funds will allow the department to utilize non-GR resources as the need arises. Although the department cannot predict how much flexibility will be needed, the following flexibility has been authorized:	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition the level of governor's reserve, restrictions, and core reductions impact how the flexibility will be used if at all. The 100 percent flex on federal and other funds will allow the department to utilize non-GR resources as the need arises. Although the department cannot predict how much flexibility will be needed, the following flexibility is requested:
	FY-15 Other (E&E)	\$709,096	FY-16 Fed and Other (E&E)
			\$3,005,426

3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
In FY 2014 \$58,000 was flexed between federal and other funds to pay for various department operating costs.	In FY 2015, 100 percent flexibility in E&E between other funds is appropriated. This will allow the program to respond to changing situations to continue to provide high quality services to Missourians.

1. What does this program do?

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services (DHSS). The division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The division processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assists with tracking and monitoring activities; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the department; and works with the Office of Administration (OA) to manage building leases and related issues that arise with a workforce that operates from office buildings and leased facilities spread across the state. The division also prepares the departmental budget submission and responds to budget-related inquiries and fiscal note requests from OA and the legislature.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 33, RSMo - State Financial Administration, Chapter 34, RSMo - State Purchasing and Printing, Section 37.450, RSMo State Vehicle Fleet Manager, 1 CSR 10.3.010 Preapproval of Claims and Accounts, 1 CSR 10.11.010 State of Missouri Travel Regulations, 1 CSR 10.11.030 State of Missouri Vehicular Travel Regulations, 1 CSR 30.4 Facility Maintenance and Operation, 1 CSR 35.2.030.2 Leasing, OMB A-102 Administrative Requirements, OMB A-87 Cost Principles, OMB A-133 Audit, Cooperative Agreement with OA for payment processing, DHSS Internal Control Plan, Cash Management Improvement Act of 1990 and 1992 (Funds Accounting), and state and departmental policies and procedures.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Health Initiatives Fund (Section 191.831, RSMo) receives revenue from a tax on cigarettes and smokeless tobacco products. This appropriation transfers monies from the Health Initiatives Fund to the Health Access Incentives Fund, from which the Office of Primary Care and Rural Health expends funds for the Primary Care Resource Initiative for Missouri (PRIMO) Program.

2. CORE DESCRIPTION

The Department of Health and Senior Services (DHSS) is authorized to receive federal and other funds for health-related purposes pursuant to Chapter 192, RSMo. The appropriation authority provided by this core is used by the department if new grant funding is received during the fiscal year and inadequate appropriation authority exists. The legislature and the Office of Administration are notified by DHSS prior to expenditure of such funds.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

The Division of Community and Public Health (DCPH) requests core funding to support its responsibilities to protect the health of Missourians. DCPH works with communities, local public health agencies (LPHAs), schools, organizations, and the healthcare delivery system to support and strengthen Missouri communities through disease prevention and control, access to essential healthcare, and health/wellness education. Programs in the division support Missouri's public health network consisting of 115 LPHAs that are locally governed and financially supported through local and state funds. Missouri's public health system is responsible for monitoring the disease trends of death and disability, health-related behaviors, and other factors that affect health. Along with community partners, DCPH identifies and monitors risks including personal behavior, communicable disease exposure, and the environment.

This core funding supports the personnel responsible for disease control, prevention and emergency response (TB, novel influenza strains, STDs, measles, West Nile); environmental health issues (foodborne illness outbreaks, radiological contamination, on-site sewage, retail food safety, food processing sanitation, lodging sanitation and safety, and childcare safety and sanitation inspections); Ryan White AIDS program; immunizations; newborn screening follow-up (PKU, cystic fibrosis, sickle-cell, etc.); adolescent and school age children's health (teen pregnancy, injury and violence prevention); newborn health (healthy pregnancy, breastfeeding, and home visiting); Children with Special Health Care Needs; Adult Brain Injury; Medically Fragile Adult Waiver; Healthy Children and Youth; Cancer and Chronic Disease Control (Show-Me Healthy Women, Wisewoman, heart disease, diabetes, asthma, arthritis, organ and tissue donation, etc.); tobacco prevention and cessation (Quitline); obesity prevention; Nutrition Services (WIC, Summer Food); the Missouri Vital Records System; and collection, analysis, and distribution of health data.

1. What does this program do?

The Division of Community and Public Health Administration provides leadership, oversight, and general supervision for the division staff and programs/initiatives in accordance with the mission, goals, and values of the department and ensures compliance with state and federal laws and regulations. The division's administration provides public health emergency preparedness, fiscal management, policy development, personnel and human resource management, strategic planning, assurance of effective and efficient programs through performance management, program evaluation, and continuous quality improvement; customer/client satisfaction, and staff and resource development. The division's administration is responsible for approval of all contracts, grant applications, personnel actions, and non-routine correspondence with contractors, consumers, other external partners, and stakeholders.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State and federal authority for specific activities is included on the division's program description pages.

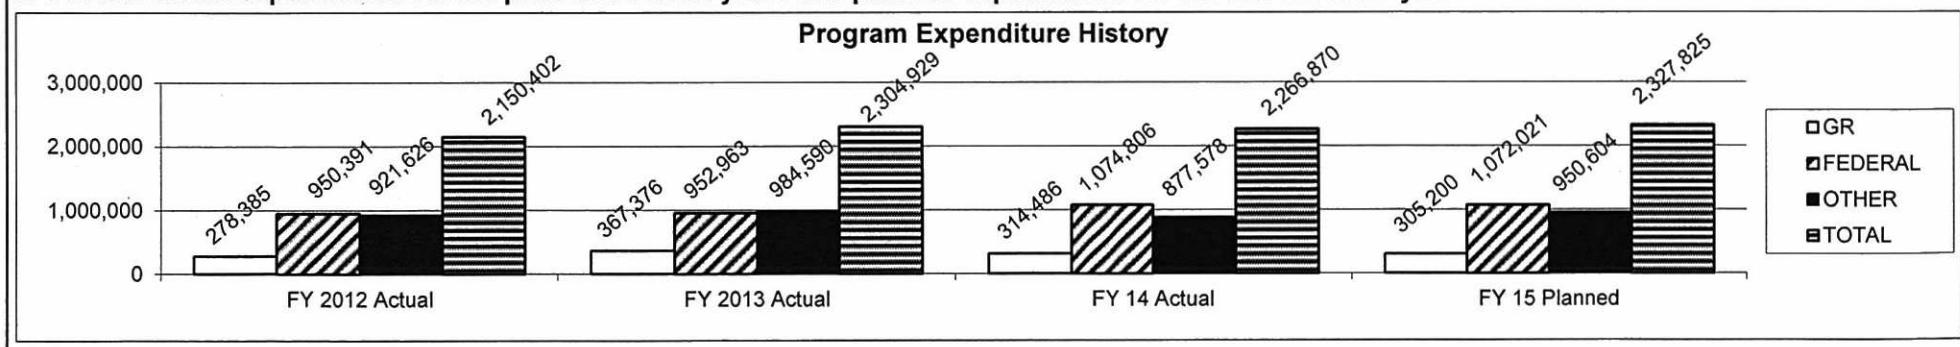

3. Are there federal matching requirements? If yes, please explain.

Yes, for every two dollars of federal funding, there is a required one dollar state match for the Ryan White Grant. The Maternal and Child Health Block Grant requires a three dollar non-federal, four dollar federal match, and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

1. What does this program do?

The Bureau of Vital Records maintains the central registry of births, deaths, fetal deaths (after 20 weeks gestation, but before birth), reports of marriages, and dissolutions of marriages for the State of Missouri. The registry of births and deaths extends back to 1910, while the registry of marriages and dissolution of marriages extends back to 1948. The bureau also corrects vital records as authorized by law; files and issues certified copies of births, deaths, and fetal reports; issues statements relating to marriages and dissolution of marriages; and prepares new certificates for adoptions and legitimations. Other activities include providing confidential verifications to government agencies; conducting workshops for hospital personnel to ensure the complete, accurate, and timely filing of birth certificates and fetal reports; providing training and technical assistance to local registrars related to the issuance of certified copies of births and deaths; providing technical assistance, guidance, and workshops for funeral directors, medical examiners/coroners, and physicians to ensure that death records are filed promptly; and utilizing vital records data for use in the preparation and publication of vital statistics, and for collaboration in approved studies that involve vital records. In addition, this bureau maintains the Putative Father Registry, which creates an official record of a man's intention to acknowledge paternity of a child born outside of marriage.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 188.047-055, 192.016, 192.060, 193.005-325, 194.005-194.512, 453.100, and 453.170, RSMo.

2. CORE DESCRIPTION

The requested core funding is an investment in the 115 local public health agencies throughout Missouri. These agencies are critical partners of the state's public health system. This investment supports the delivery of public health services essential to the prevention of disease, promotion of healthy families, lifestyles, and environments; and for protection from disease and disaster through an integrated and cooperative public health system in Missouri. The public health system monitors disease incidence and responds to disease outbreaks (e.g., Hepatitis A, foodborne E-coli, and salmonella). The public health system is crucial in responding to public health emergencies and natural disasters by assuring safe food and water, identifying specific health needs within local communities, and mobilizing existing resources to address the needs. Public health system challenges are increasing daily due to global travel that brings new and unknown diseases to our doorstep. Newly emerging diseases such as the deadly Ebola virus outbreak, pandemic virus strains, and Avian Influenza and the resurgence of old ones (e.g., measles, tuberculosis, and whooping cough) place new demands on the public health system to assure that such diseases or agents are recognized early and measures are taken to protect and promote the public's health and safety.

The public health system is further challenged by chronic diseases such as diabetes, heart disease, and risk factors including obesity and tobacco use. Planning and implementing policies to reduce the burden of these diseases and risk factors will improve the quality of life and decrease health care costs for Missourians.

1. What does this program do?

Local Public Health Services (LPHS) supports a public health presence in every city and county in Missouri. LPHS administers participation agreements that supplement local public health agency (LPHA) efforts to provide essential public health services (core functions). Supported services include surveillance, investigation, and intervention in threats to health, whether caused by disease outbreaks (such as influenza or Hepatitis A), emerging diseases, food borne illnesses (such as E. coli, salmonella, etc.), bioterrorism, or chronic disease. The participation agreement also supplements local capacity to inspect retail food establishments and lodging facilities and respond to animal bites for rabies prevention, enforces regulations, provides health education, assesses community health and health resources, and identifies leading health and safety problems in communities. LPHS works to strengthen Missouri's public health system by determining capabilities and gaps; providing and coordinating technical assistance to local agencies; working with external partners to assure training opportunities for public health workers and their governing bodies; and setting standards of excellence in public health practice.

Maternal and Child Health (MCH) Services distributes federal MCH Title V Block Grant funds to local public health agencies through the MCH services contract. The contract purpose is to establish, within each local public health jurisdiction, a system that is capable of addressing targeted health issues for the MCH population of pregnant women, infants, children, and adolescents; women of child-bearing age; and children with special health care needs. Current health priorities addressed are prevention and reduction of injury, obesity, tobacco use, and adverse birth outcomes.

Child Care Health Consultation (CCHC) program is a partnership between DHSS and the local public health agencies (LPHAs) to reduce disease and improve health and safety in child care settings. Health professionals from LPHAs provide health and safety consultation and education to child care providers and young parents of children in child care across the state. Health education is provided to young children in child care settings. Child Care Development Block Grant funding through the Department of Social Services, MCH Title V Block Grant, and USDA Child and Adult Care Food Program provide support for this state wide program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

3. Are there federal matching requirements? If yes, please explain.

Yes, the LPHS core funding provides match for the MCH Services Block Grant that requires a three dollar non-federal/four dollar federal match and maintenance of effort. This funding also provides a 10 percent non-federal match for both the CERT Public Health Preparedness and the Hospital Preparedness Program grants.

4. Is this a federally mandated program? If yes, please explain.

No.

1. What does this program do?

This program provides consultation, education, training, and resources to assist health professionals, school personnel, parents, adolescents, state agencies, and community and state organizations in addressing various adolescent health concerns. Staff consult across department programs to strengthen capacity and expertise in addressing the health of adolescents and their families. This program provides:

- Teen Outreach Program (TOP), which is an after school program with service learning opportunities that promote healthy youth development, improve academic outcomes, and protect adolescents from risk factors that contribute to teen pregnancy and other negative behaviors;
- Making Proud Choices (MPC) and Becoming a Responsible Teen (BART), which are evidence-based curriculums shown to promote healthy behaviors and delay negative behaviors;
- Education on current adolescent health issues, including information available on the department's adolescent and teen health webpage;
- Consultation, training, and resources on best practices and evidence-based teen pregnancy prevention education programs; and
- Health education curriculum resources for educators of teens and young adults.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Not applicable.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Services Title V Block Grant partially supports some of this program and requires a three dollar non-federal match for every four dollars of federal funds received. This grant requires maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

No.

TOTAL	285,490	3,098,056						3,383,546

1. What does this program do?

The Adult Brain Injury (ABI) Program assists Missouri residents ages 21 to 65 who have survived a traumatic brain injury (TBI). The goal of the ABI Program is to enable TBI survivors to obtain the highest possible level of independent living, community participation, and employment. The ABI Program provides service coordination and community-based provider rehabilitation services, develops and monitors the participant's individualized goal-directed plan of service, and builds natural support systems that result in successful re-integration into the community. The program provides staff support to the Missouri Brain Injury Advisory Council, which is charged with the responsibility to develop, recommend, and coordinate policies to prevent TBI and to restore independent and productive lifestyles after TBI. The program staff also manage a TBI grant from the Department of Health and Human Services that focuses on TBI system change initiatives and public awareness. While 100 percent of the Adult Brain Injury Fund and the general revenue programmatic funding is used for services for individuals, the TBI federal grant may not be used for the provision of services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.735-192.745, 199.003-199.009, and 304.028, RSMo; Title XIX of Social Security Act.

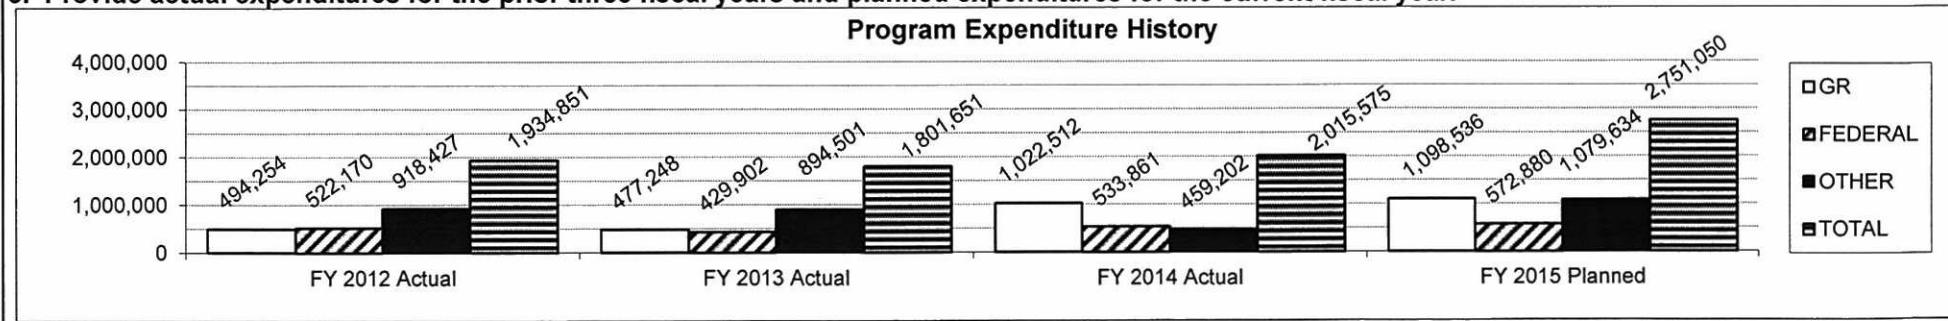

3. Are there federal matching requirements? If yes, please explain.

Yes, Medicaid funds support a portion of this program with a 50 percent General Revenue, 50 percent federal match for service coordination through the ABI Program. The TBI grant requires a 50 percent match of state funds for every federal dollar granted. TBI grant funds may not be used for direct services or care coordination.

4. Is this a federally mandated program? If yes, please explain.

No, however to receive the federal TBI grant, an advisory council must be in existence.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

1. What does this program do?

The Immunization Program works to increase immunization rates in order to protect Missourians against vaccine-preventable diseases based on the recommendations of the Centers for Disease Control and Prevention (CDC). The program provides vaccines to eligible children and adults through the federal entitlement Vaccines for Children (VFC) Program and Section 317 funding; provides education and immunization record assessments for health care providers to increase coverage rates; maintains a central immunization registry, ShowMeVax; tracks immunizations and conducts immunization validations mandated for school and child care; forecasts need and manages centralized vaccine inventory, purchasing, and shipping; and gives technical assistance to providers and the general public regarding vaccine recommendations, vaccine safety, schedules, and other general vaccine information. The Immunization Program also focuses on the provision of services to prevent and control influenza outbreaks in vulnerable populations through immunization of VFC/317-eligible children and some adult populations. The program is an integral participant in pandemic influenza planning.

TOTAL	1,735,605	5,917,038				7,652,643

1. What does this program do?

Chronic diseases such as cancer, heart disease, stroke, diabetes, arthritis, and asthma account for the bulk of public and private health care costs and have costs associated with lost productivity, disability, and death. In the U.S., 75 percent of health care costs are related to treatment for chronic diseases. Cancer affects three out of four Missouri families and one out of every five Missourians has cardiovascular disease. The Chronic Disease Program supports the prevention and control of chronic diseases through initiatives to control blood pressure and cholesterol, promote health screening and early detection of disease, increase knowledge of signs and symptoms of heart disease and stroke, reduce health disparities, improve the quality of school health services, and provide quality chronic care management. Activities of the chronic disease control programs include:

- Assess the burden of cancer, heart disease, stroke, diabetes, arthritis, osteoporosis, asthma, and other chronic diseases;
- Raise awareness of chronic disease by increasing screening and early detection of chronic diseases;
- Support evidenced-based and self-management programs for people with chronic diseases;
- Support quality improvement initiatives in the healthcare system to improve chronic disease care;
- Provide professional education opportunities and technical assistance related to chronic disease prevention for physicians, nurses, and allied providers;
- Maintain the Missouri Organ and Tissue Donor Registry of Missouri residents to increase the number of people who receive life-saving transplants;
- Evaluate the effectiveness and efficiency of the Chronic Disease Program; and
- Collaborate with advisory groups, partners, stakeholders, schools, and the public to reach as many Missourians as possible.

TOTAL	1,313,459	423,449	454,339			2,191,247	

1. What does this program do?

The role of the Bureau of Communicable Disease Control and Prevention (BCDCP) is to protect the public through improved preparedness and the investigation, prevention, and control of ninety-one reportable communicable diseases and conditions of public health significance in Missouri. Many of these are emerging diseases such as multi-drug resistant tuberculosis, and emerging Influenza virus infections. The program maintains two statewide surveillance systems, WebSurv and ESSENCE. WebSurv captures individual disease case reports while ESSENCE captures selected information gathered electronically from hospital emergency room visits. Analysis of case reports from WebSurv and chief complaints from ESSENCE assists in identifying trends, emerging conditions/issues, and early event detection. There are currently federally funded prevention programs in place for Tuberculosis (TB), food borne disease programs, ESSENCE, and public health preparedness in addition to the general communicable disease control program that is funded through state general revenue. The TB Program provides case management services to TB disease and latent cases through the local public health agencies. TB medications are provided at no cost to patients.

The BCDCP programs investigate the cause, origin, and method of transmission of communicable diseases in order to implement appropriate disease control and prevention measures. These include case/contact identification, testing, treatment, and source identification. BCDCP provides training and technical assistance to local health officials to prevent communicable diseases in their communities and rapidly respond to outbreaks of infectious disease when identified. BCDCP coordinates with government at all levels, community organizations, hospitals, health care providers, and the media to implement control measures and educate the public during local, statewide, national, and worldwide outbreaks of communicable diseases.

Additional activities include community planning and response for emergencies such as bioterrorism, pandemic influenza, and natural disasters such as flooding and earthquakes. The program staff are responsible for public health surveillance, disease investigation, and disease-related community education associated with these events.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

**CY 2014 is an estimate based on the reported cases through June 29 and averaged for the rest of the calendar year. For this data to be final it must be reconciled with CDC.*

Missouri ESSENCE Facilities

ESSENCE facilities report near real-time data regarding Emergency Department (ED) visits. Missouri ESSENCE Facilities include hospitals and urgent care centers in Missouri, Kansas (metro Kansas City area), and Illinois (metro St. Louis area). The increasing number of ESSENCE facilities provides DHSS with more complete information for early event detection and to identify trends of emerging diseases/conditions.

TOTAL	1,180,797	5,387,611					6,568,408

1. What does this program do?

The Community Health and Wellness Bureau comprises a multi-program approach to improving the lives of Missourians with activities designed for addressing tobacco use, obesity, physical activity, school health, injury and violence prevention, abstinence, worksite wellness, and healthy eating. The bureau's programs implement various evidence-based interventions designed to reduce chronic diseases, injuries, tobacco use, and exposure to second-hand smoke; as well as increasing physical activity, healthy eating, and healthy behaviors in the workplace. These interventions are implemented in communities, schools, and worksites by staff and contractors and result in reduced tobacco-related use and deaths, rates of obesity, teen pregnancies, injured children, and onset of chronic diseases.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri Comprehensive Tobacco Control Program: Public Health Service Act 301, 307, 310, 311, Comprehensive Smoking Education Act of 1984, Comprehensive Smokeless Tobacco Health Education Act of 1986. Center on Drugs and Public Policy Program: PART A, TITLE XIX, PHS Act, as amended. TOTAL	4,035,335	928,598	89,351			5,053,284	

1. What does this program do?

The Environmental Public Health Programs reduce the risk of disease and illness in Missouri by implementing and assuring appropriate sanitation and safety practices through inspecting and licensing of lodging establishments and frozen dessert machines; permitting construction of on-site wastewater treatment systems; and training and registering on-site wastewater treatment system installers and inspectors. The programs also inspect restaurants, grocery stores, bakeries, and food manufacturing/processing plants; respond to food recalls; and inspect summer food sites for children. In addition, the programs are responsible for the annual health and sanitation inspections of child care facilities and those operated by religious organizations. Many sanitation inspections are conducted through contracts with Local Public Health Agencies.

The Environmental Public Health Programs also provide information and technical support to the public and to regulatory agencies on a variety of issues related to hazardous substance exposures and conditions. The programs assess risks, determine appropriate clean up levels, and educate communities on exposure reduction for hazardous substances at hazardous waste sites and during emergencies. Staff also sample residential drinking water wells that may be affected by hazardous substances. When warranted, environmental epidemiology studies are conducted. The programs evaluate exposure to radon in schools and homes. Technical assistance is provided to assist in diagnosing indoor air quality and other healthy indoor environmental issues. The programs also accredit lead abatement training programs; license lead abatement professionals and contractors; monitor lead abatement projects and training programs; and provide lead-safe work practices information and presentations to parents, homeowners, property owners, remodeling professionals, schools, etc. An annual fish consumption advisory provides information to the public on contaminants in fish and safe fish choices. The programs assure that at-risk children are tested for lead poisoning and receive appropriate environmental and medical follow-up, as well as provide lead health education to parents, medical providers, and others on the importance of blood lead testing and reporting. Data on environmental health hazards, exposure to the hazards, and health effects related to those hazards is collected, integrated, and analyzed. Finally, the programs have a team of professional staff who are trained and prepared to respond to incidents involving radioactive materials.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapters 192, 196, 210, 260, 315, 701, and Sections 44.100 (4)(h), 210.199-275, and 701.300-349, RSMo; 19 CSR 20-1.025, 19 CSR 20-3.015-3.080, 19 CSR 20-3.050, 19 CSR 20-10.010-10.200, 19 CSR 20-20.020, 19 CSR 20-20.075, 19 CSR 20-20.080, and 19 CSR 20-8.030; Federal Statutory or Regulatory Citation: CERCLA Section 104(l)(15); CERCLA Section 104, CERCLA Section 14(l)(15); 40 CFR parts 31 and 35, Sub-part O; FEMA-REP-1 NUREG 0654.

3. Are there federal matching requirements? If yes, please explain.

Yes, Title XIX for lead screening requires a 50 percent state match for administrative costs and a 25 percent state match for costs associated with skilled medical activities. The Environmental Protection Agency Radon Grant requires a 40 percent state match.

Infants who have abnormal screening results are tracked to ensure that either a repeat newborn screen or a confirmatory test has been completed. The Genetic Services Program provides screening, diagnostic evaluations, treatment, and counseling to Missourians with genetic conditions. A referral network connects Missourians in need of genetic services with appropriate healthcare providers. This funding also provides treatment services for adults with cystic fibrosis, hemophilia, sickle cell disease, and provides dietary formula for children and adults with metabolic conditions. 1. What does this program do?						
<p>The bureaus of Vital Statistics and Health Care Analysis and Data Dissemination collect, analyze, and distribute information that promotes better understanding of health-related issues and needs in Missouri, and spotlights progress achieved in the general health status of Missourians. The bureaus are stewards of data that aid and guide the planning, development, and evaluation of programs and services of the department in addition to related activities of other agencies, institutions, and organizations. While the data collected are primarily valuable to help address Missouri health issues, much of the activity of the Bureau of Vital Statistics is coordinated with the National Center for Health Statistics, which facilitates the collection of comparable data across all states to form a picture of the health status of the nation.</p>						
<p>The bureaus also provide statistical and analytical support to all state public health programs and serve as the primary data resource for state and local health planning efforts. The bureaus coordinate the acquisition, analysis, and publication of health data and statistics on the department's website. The types of data published include, but are not limited to, births, deaths, injuries, health conditions and health status measures, and health-care associated infections. The majority of these data are compiled from patient abstract records reported by hospitals and ambulatory surgery centers and vital records. Additional data such as health manpower statistics, hospital revenues, and other financial data are compiled from information obtained on annual surveys submitted by individual practitioners and facilities.</p>						
<p>The Missouri Information for Community Assessment (MICA) System was developed and is currently being maintained and expanded in an effort to increase health data transparency and accessibility. MICA is an interactive web-based data query system that provides access to summary statistics on a wide spectrum of health conditions and health status measures in tabular and graphic formats. Users may generate data tables or maps by year of occurrence, age, gender, race, county or zip code of residence, and other variables as appropriate. This tool allows state programs and community partners to efficiently obtain information essential for identifying health concerns and opportunities for improving the health status of Missourians.</p>

1. What does this program do?

Sexually Transmitted Infection (STI) / HIV Prevention Program services include efforts focused on reducing the transmission of HIV, syphilis, and gonorrhea infections through disease investigation, risk reduction education, and referral for treatment and care. Primary goals are stopping the spread of infection, preventing re-infection, and preventing health threatening outcomes. Additionally, screening and testing resources are available for specific, disproportionately affected populations who are underinsured or uninsured. This allows for the early detection and treatment of STIs that are often asymptomatic.

Other preventative services include education and awareness materials and information sharing as a method to reduce the risk for such infections. Prevention and awareness messaging is all-encompassing, including abstinence messaging, and is sensitive to the diversity found among Missouri's populations. Staff also provide technical assistance to community stakeholders and clinical providers as a method to increase our capacity to share medically accurate information throughout Missouri.

Viral Hepatitis (VH) Prevention Programs include education and awareness for hepatitis B (HBV) and hepatitis C (HCV). All aspects of VH including infection transmission, disease process, diagnosis and treatment information is provided to clinical, affected, and general populations. A very small proportion of Missouri's at-risk population is screened for HCV infection, pursuant to recommendations. The Perinatal Hepatitis B Prevention Program ensures all infants born to HBV positive women receive timely and complete vaccine series. Case management efforts assist HBV positive women to assure complete treatment of their infant.

The HIV Care program links low-income Missourians living with HIV disease to core health and supportive services including lifesaving medications through a statewide HIV case management system. Through needs assessment, clients are linked to existing federal, state, and local assistance programs. The program reduces the overall cost of treatment by slowing the progression of the disease as well as by lowering viral loads, thus reducing the chance of transmission.

Other Bureau programs provide cross-program cooperation and increased screening and testing resources. Collaborative programs facilitate quicker entry into HIV medical care for those newly found to be infected. Expanded resources allow for increased screening and testing in areas of high-morbidity. The bureau also supports a quality surveillance system to assure disease case reporting, analysis of infection trends and to support the strategic use of limited resources.

TOTAL	503,542	4,681,634				5,185,176
1. What does this program do?						
<p>The Newborn Services program promotes healthy birth and child outcomes through Safe Cribs for Missouri, which provides safe portable cribs to low-income families. Each family also receives two educational sessions on safe sleep practices. Newborn Health increases awareness of the importance of early entry into prenatal care through providing educational activities; developing and promoting brochures/booklets; exhibiting at events; creating and sending text messages through the Text4Baby; and posting multi-media messages to promote the importance of preconception and interconception care; the use of folic acid to reduce the risk of birth defects; avoidance of smoking, alcohol and other drugs; breastfeeding and other healthy behaviors. This program analyses the cause of maternal deaths and develops interventions to ameliorate causes through the Pregnancy Associated Mortality Review (PAMR) project. Sexual Assault Forensic Examination-Child Abuse Resource and Education (SAFE-CARE) funds child abuse medical resource centers that provide training, support, and mentoring to SAFE-CARE medical providers. TEL-LINK offers a confidential, toll-free Maternal Child Health Information and Referral Line (1-800-TEL-LINK or 1-800-835-5465) that connects families with health related programs and services. Maternal and Child Home Visiting provides home visiting services to the maternal-child population by providing evidence-based home visitation model services to prenatal and postpartum women and their infants and children (up to age five) that have been identified to be at-risk for poor pregnancy and infant health outcomes. Program goals include improved maternal and prenatal health; healthier birth, growth and development outcomes; and increasing school readiness.</p>						
2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)						
<p>Sections 192.060, and 192.067, RSMo (Pregnancy Associated Mortality Review); Sections 191.725-191.745, RSMo (Perinatal Substance Abuse); and the Federal Omnibus and Reconciliation Act (OBRA 89) (Maternal Child Health Information and Referral Line TEL-LINK). It also includes: Social Security Act, Title V, 511 Maternal, Infant and Early Childhood Home Visiting Programs (42 U.S.C. 711).</p>						
3. Are there federal matching requirements? If yes, please explain.						
<p>Yes, the Maternal and Child Health Block Grant (Title V) supports this program, partially, with a three dollar non-federal match to every four dollar federal match received, and maintenance of effort. The Home Visiting programs require maintenance of effort.</p>

TOTAL	1,003,846	1,371,653	28,216				2,403,715	

1. What does this program do?

The Office of Epidemiology (OOE) provides epidemiologic leadership and expertise for the division, the department, local public health agencies, other stakeholders, and partners to guide public health practice. OOE monitors health status and health risk behaviors through effective use of public health surveillance; plans and evaluates public health programs; promotes evidence-based public health interventions; tests and researches public health interventions; provides epidemiologic and medical consultation; and conducts epidemiologic teaching and training. OOE coordinates functions to assist in achieving better health outcomes through grant development and management of the Missouri Cancer Registry (MCR) and State Systems Development Initiative Grant. OOE provides key analytical and epidemiological support towards the development of several department block grant application and objectives/targets for various national and state performance measures. OOE also leads evaluation of community health programs, performs statewide need/capacity assessments, and develops contracts to support major surveillance systems managed by the department, such as the Behavioral Risk Factor Surveillance System (BRFSS) and the Pregnancy Risk Assessment Monitoring System (PRAMS). BRFSS is a U.S. Centers for Disease Control and Prevention (CDC) funded state-based telephone health survey that annually collects information on a range of health conditions, diseases, risk factors, and preventive practices among adults age 18 or older. PRAMS is a CDC funded population-based surveillance system that collects state-specific data on maternal behaviors, attitudes and experiences before, during, and shortly after pregnancy. The State Systems Development Initiative is a Health Resources and Services Administration funded initiative whose main purpose is to assure that the MCH programs and Title V agency have access to policy and program-relevant information and data.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Behavioral Risk Factor Surveillance System: 42 USC Section 301 (a)317(k); Missouri Cancer Registry Cancer Information System: Section 192.650-657, RSMo, PL 102-515; Pregnancy Risk Assessment Monitoring System: CDC-RFA-DP06-002; Maternal and Child Health Title V Block Grant: Social Security Act, Title V, Sections 501-510 (USC 701-710, Subchapter V, Chapter 7, Title 42).

3. Are there federal matching requirements? If yes, please explain.

Yes, the Cancer Registry grant requires one dollar of in-kind match from reporting facilities and the University of Missouri for every three dollars of federal funds and \$240,753 in maintenance of effort. The MCH Title V Block Grant supports portions of the OOE and requires a three dollar non-federal/four dollar federal match and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

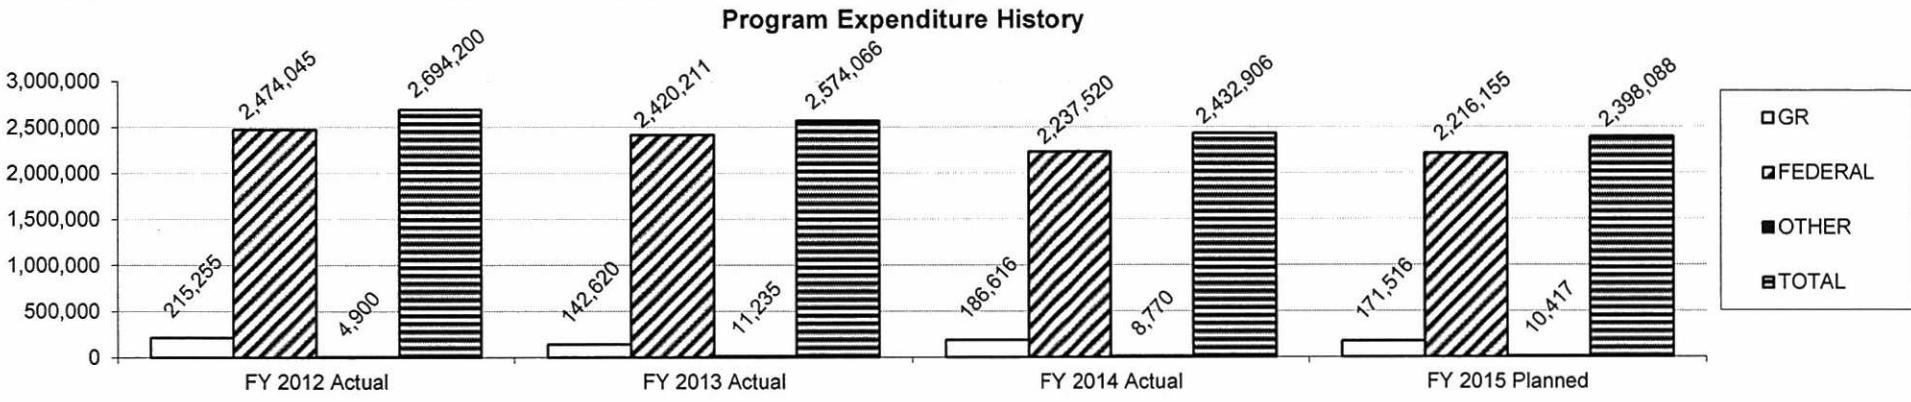

Yes, the Cancer Registry is federally mandated (Cancer Registries Amendment Act: PL 102-515).

TOTAL	2,393,329	1,915,256					4,308,585	

1. What does this program do?

The Bureau of Special Health Care Needs (SHCN) provides statewide healthcare support services, including service coordination for individuals with disabilities, chronic illnesses, and birth defects. Service coordination facilitates, coordinates, monitors, and evaluates services and outcomes; and supports individuals/families to improve their level of independence and overall health status. The Children and Youth with Special Health Care Needs Program provides service coordination for children under the age of 21 who meet medical eligibility criteria and limited funding for preventative, diagnostic and treatment services for those children whose families also meet financial eligibility criteria. Administrative case management services are provided for the Medicaid Healthy Children and Youth (HCY) Program and the Medically Fragile Adult Waiver (MFAW) Program. Participants of HCY are under the age of 21 while MFAW participants are age 21 and over. Services include prior authorization of medically necessary services (for example, personal care and nursing care) and coordination of services for Medicaid payment beyond the scope of the Medicaid state plan. HCY and MFAW services enable individuals to remain safely in their homes with their families.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 201.010 to 201.130, RSMo; Title V of the Social Security Act, Maternal and Child Health Block Grant, Sections 501 to 514.

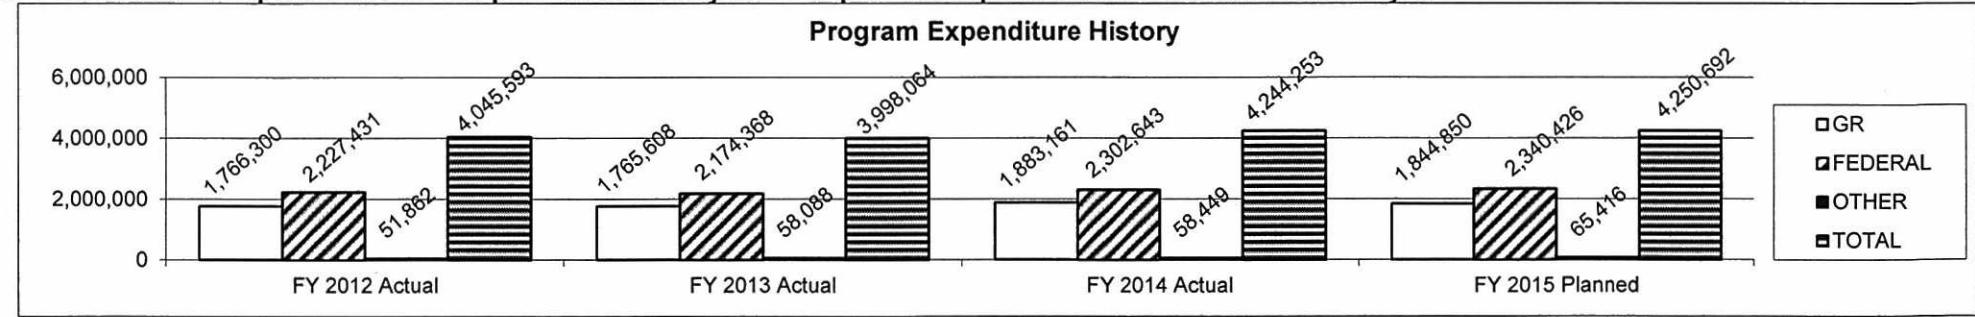

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Grant supports this program and requires a three dollar non-federal, four dollar federal match; and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

Yes, states receiving the Maternal and Child Health Block Grant funds are required to have a Children with Special Health Care Needs Program.

2. CORE DESCRIPTION

Funding is requested to support the Child and Adult Care Food Program (CACFP), the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the Commodity Food Supplemental Program (CFSP), and the Summer Food Service Program (SFSP). CACFP reimburses child and adult care facilities for nutritious meals served to children and adults enrolled for care, to children in after-school enrichment programs, and emergency homeless shelters to improve their nutrient intake and contribute to the development of healthy eating habits. WIC includes benefits for health screening and risk assessment, nutrition counseling, breastfeeding promotion, support and referrals that assure access to quality healthcare services, and pays for nutritious foods to supplement the diets of pregnant, postpartum, and breastfeeding women, infants, and children up to their fifth birthday who qualify as nutritionally at-risk. CFSP provides food packages that are distributed through the food bank network and include a variety of nutritious foods. CFSP serves a similar population as WIC, although CFSP serves the elderly as well. Participants are not allowed to participate in WIC and CFSP at the same time. SFSP reimburses eligible sponsoring organizations to provide meals to low-income children age 18 and under when school is not in session, improving their nutrient intake, reducing their risk for nutritionally-related health problems, and enhancing their learning capabilities when they return to school.

1. What does this program do?

The Nutrition Initiatives Program decreases preventable nutrition-related illnesses and deaths using a variety of methods including health screening and risk assessment; nutrition counseling; breastfeeding promotion and support; referrals to health and social services; checks to purchase specific food items needed for good health; reimbursement for meals that meet federally prescribed guidelines; and provision of commodity food packages. Specific programs include the Special Supplemental Nutrition Program for Women, Infants and Children (WIC); the Child and Adult Care Food Program (CACFP); the Summer Food Service Program (SFSP); and the Commodity Supplemental Food Program (CSFP).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

WIC: Child Nutrition Act of 1966, 42 U.S. Code Sections 1771, 1786; CACFP: William B. Russel National School Lunch Act, 42 U.S. Code 1766, Section 17; Section 210.251, RSMo; SFSP: William B. Russel National School Lunch Act, 42 U.S. Code 1761, Section 13; Section 191.810, RSMo; and CSFP: Farm Security and Rural Investment Act of 2002, 7 U.S. Code 612c; Section 208.603, RSMo.

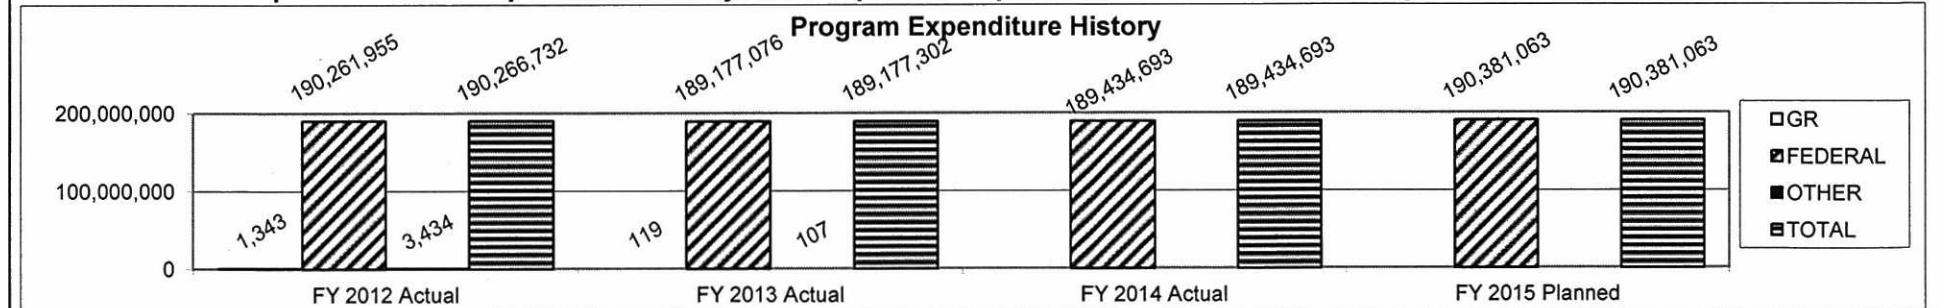

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

The Office on Women's Health (OWH) provides recommendations to the director on women's health programs and services; serves as a central location for information, resources, technical assistance, and consultation about women's health for the department, state agencies, local health departments, and community-based organizations; and promotes coordination of and collaboration among programs and services. OWH offers expertise on areas that affect women's health and works to promote and improve the physical and mental health and well-being of Missouri's women and girls.

OWH also manages the Sexual Violence Prevention and Education program and the Sexual Violence Victim Services program by contracting with local service providers, non-profits, and public health entities to provide primary prevention education and advocacy/counseling services to victims of sexual assault in Missouri. These programs use a public health approach and support strategies and activities designed to prevent sexual violence from occurring through comprehensive primary prevention programming and evaluation.

2. CORE DESCRIPTION

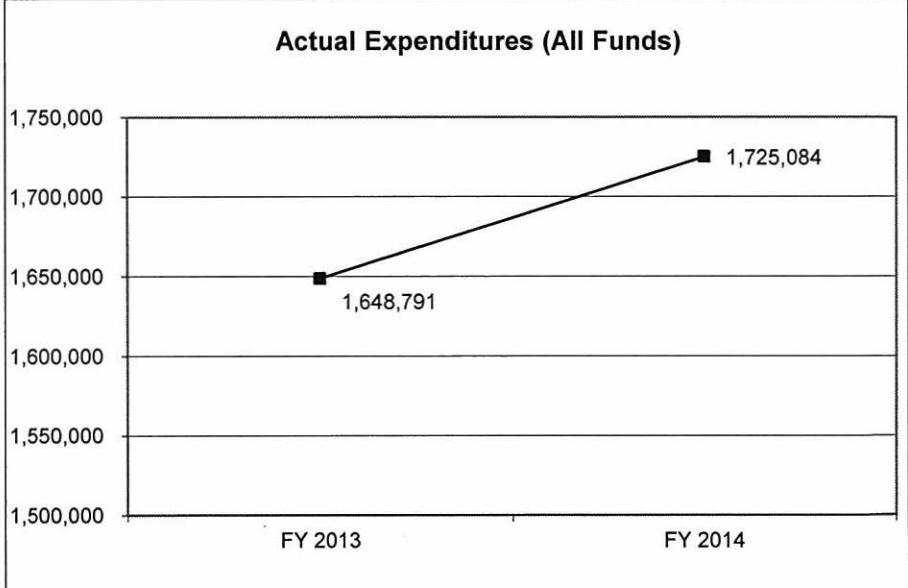

The Office of Primary Care and Rural Health (OPCRH) is composed of the Oral Health Program, the Primary Care Office, and the State Office of Rural Health.

The Oral Health Program provides a broad range of core dental public health activities including surveillance, education, and support for the provision of preventive services to improve the oral health of Missourians.

The Primary Care Office evaluates the availability of medical, dental, and behavioral health professionals; develops and expands community-based health systems in areas with a shortage of health professionals; and assists in the recruitment and retention of health professionals into areas with a shortage of health professionals.

The State Office of Rural Health provides leadership in the development of rural health initiatives; a central resource for information and education related to rural health; and coordination for rural health initiatives to support, strengthen, and improve rural health care.

OTHER	401					401	
TOTAL	1,037,173					1,037,173	

1. What does this program do?

The Office on Women's Health (OWH) provides recommendations to the director on women's health programs and services; serves as a central location for information, resources, technical assistance, and consultation about women's health for the department, state agencies, local health departments, and community-based organizations; and promotes coordination of and collaboration among programs and services. OWH also manages the Sexual Violence Prevention and Education program by contracting with non-profit and public health entities to provide focused, community-based, sexual violence primary prevention education to the citizens of Missouri through implementation of the Green Dot Bystander Intervention Strategy. OWH manages the Sexual Violence Victims Services program by contracting with local service providers to provide advocacy and counseling services to victims of sexual assault.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.965 and 192.968, RSMo (Women's Health).

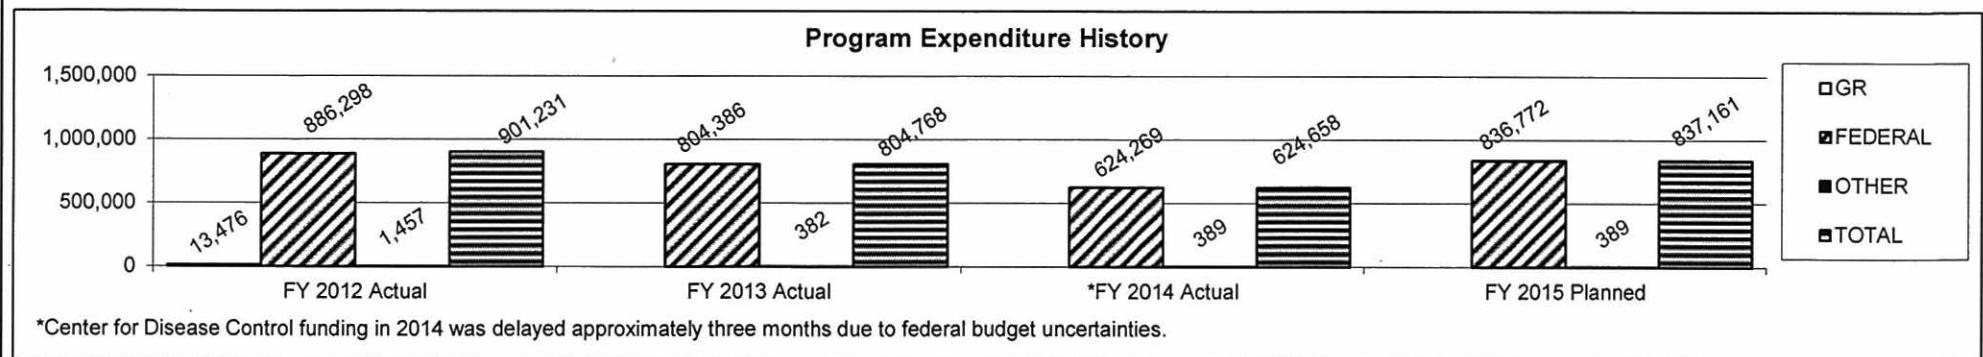

3. Are there federal matching requirements? If yes, please explain.

The Maternal and Child Health Services Block Grant supports this program and requires a three dollar non-federal/four dollar federal match and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

TOTAL	2,211,627	2,430,434				4,642,061

1. What does this program do?

The Office of Primary Care and Rural Health (OPCRH) is composed of the Oral Health Program (OHP), the Primary Care Office (PCO), and the State Office of Rural Health (SORH). OPCRH administers the Primary Care Resource Initiative for Missouri (PRIMO) program, the Health Professional Student Loan Repayment Program, and the Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program.

The Oral Health Program provides a broad range of core dental public health activities, including surveillance, education, and support for the provision of preventive service, to improve the oral health of Missourians.

The Primary Care Office evaluates the availability of medical, dental, and behavioral health professionals; develops and expands community-based health systems in areas with a shortage of health professionals; and assists in the recruitment and retention of health professionals into those areas with a shortage. Within the PCO, the Primary Care Resource Initiative for Missouri (PRIMO) addresses the needs of areas with a shortage of health professionals by assisting in the development and expansion of community-based health systems that provide medical, dental, and behavioral health services; working with federal, state, and local partners in the recruitment and retention of health care professionals into shortage areas; and providing forgivable student loans to health care professional students who agree to work within shortage areas. Also in the PCO, the Health Professional Student Loan Repayment Program provides educational loan repayment to practicing medical and dental health professionals in exchange for service in areas with a shortage of those health professionals, and the J-1 Visa Waiver program provides opportunities for foreign medical school graduates to receive a waiver of certain visa requirements in exchange for at least three years of service in areas with a shortage of health professionals.

The State Office of Rural Health provides leadership in the development of rural health initiatives; a central resource for information and education related to rural health; and coordination for rural health initiatives to support, strengthen and improve rural health care.

The Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program provides forgivable student loans to nursing students in exchange for service in communities and/or facilities that are experiencing nursing shortages. The program also provides educational loan repayment to practicing nurses in exchange for service in communities and/or facilities that are experiencing nursing shortages.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 191.411, RSMo (PRIMO); Section 191.500, RSMo (Student Loans); Section 191.600, RSMo (Loan Repayment Program); Section 192.050, RSMo (Oral Health Program); Section 192.604, RSMo (Office of Rural Health); Section 335.212, RSMo (Nurse Loan Program); Section 335.245, RSMo (Nurse Loan Repayment Program); and Section 333(D), Public Health Service (PHS) Act (Primary Care Office).

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Services Block grant requires three dollars of state funds for every four dollars of federal funds. The State Loan Repayment Program Grant requires one dollar of state funds for each dollar of federal funds, which is provided through PRIMO funding. The State Office of Rural Health requires a three dollar state to one dollar federal match, which is provided through PRIMO contracts in rural Missouri communities.

PROGRAM DESCRIPTION

1. What does this program do?

The primary function of the Office of Minority Health (OMH) is to decrease health disparities through leadership and community involvement in minority communities by developing public health interventions and providing technical support to assist in decreasing the rate of health disparity. The office provides technical support for the design of culturally appropriate health messages and educational outreach, convenes specific minority focus groups, conducts surveys, and assists with program implementation for "hard-to-reach" (underserved/vulnerable populations that are geographically, culturally, and economically isolated) minority populations. The office supports six regional minority health alliances that serve as a voice of advocacy for their respective communities in identifying and improving the health status of minorities. The office's three major health initiatives are HIV/AIDS prevention and reduction in the African American community, obesity prevention, and infant mortality reduction. The office also assists Hispanic communities and organizations with developing strategies to address health care issues and barriers in rural and metropolitan areas. Other key activities include co-sponsoring workshops, professional symposiums, and community health promotion events.

The Office of Minority Health also contracts with the Paula J. Carter Center on Minority Health and Aging, which is housed on the Lincoln University campus. The Center is charged with conducting training, participatory research, initiating evidence-based programming, and housing a repository of information that supports efforts to reduce minority health disparities. Current projects include diabetes health promotion in Callaway and Howard County and a nutrition program for rural minority communities. The Paula J. Carter Center also hosts the annual Missouri Institute on Minority Aging which is designed to present evidenced-based data to health care providers and the public on health care issues that impact underserved minority senior populations.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 192.083, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION																																							
<p>The Office of Emergency Coordination (OEC), in collaboration with the State Emergency Management Agency (SEMA), manages the planning and response activities for public health emergencies, including natural and man-made disasters (i.e. floods, tornadoes, earthquakes, influenza pandemics, and disease outbreaks; environmental hazardous spills, biological and chemical terrorism, and nuclear power plant accidents). OEC is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative Grant and the Hospital Preparedness Grant. Through OEC, the Department of Health and Senior Services provides emergency reporting of and health care guidance for disease outbreaks and other disasters, as well as coordination of the department's response to those events. Coordination of local emergency response plans is managed through contracts with all 115 Missouri local public health agencies. The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with local public health agencies, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and aid in finding problems before a real situation occurs. OEC and SEMA assist communities to establish and maintain Medical Reserve Corps in communities and utilize the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS Cities Readiness Initiative (CRI), and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies, to be disseminated in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies.</p>

1. What does this program do?

The Office of Emergency Coordination (OEC), in collaboration with the State Emergency Management Agency (SEMA), manages the planning and response activities for public health emergencies, including natural and man-made disasters. Examples of these disasters are floods, tornadoes, earthquakes, influenza pandemics, and disease outbreaks; environmental hazardous spills, biological and chemical terrorism, and nuclear power plant accidents. OEC is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative Grant and the Hospital Preparedness Grant. Through OEC, the Department of Health and Senior Services provides emergency reporting of and health care guidance for disease outbreaks and other disasters, as well as coordination of the department's response to those events. Coordination of local emergency response plans is managed through contracts with Missouri local public health agencies, which are monitored on an annual basis. The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with local public health agencies, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and aid in fixing and correcting problems before a true emergency occurs. OEC and SEMA assist communities to establish and maintain Medical Reserve Corps in communities and utilize the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS Cities Readiness Initiative (CRI), and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies, to be disseminated in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

National Security Act.

3. Are there federal matching requirements? If yes, please explain.

Yes, the federal match rate is ten percent of federal funds awarded.

4. Is this a federally mandated program? If yes, please explain.

No.

7a. Provide an effectiveness measure.

Health Professionals Registered in Show-Me Response

Show-Me Response is Missouri's Emergency System for Advance Registration of Volunteer Health Professionals (ESAR-VHP) and is a robust and well-functioning database with over 7,826 registrants representing RNs, physicians, and other professionals who are willing to volunteer in the event of an emergency. Thirty-eight local/regional Medical Reserve Corps (MRC) units use Show-Me Response to manage volunteers. Show-Me Response now includes 3,193 RNs and 408 physicians.

7b. Provide an efficiency measure.

The CDC requires all grantors to exercise their ability to stand up their command staff for purpose of preparing for an emergency event. This unannounced call is required to be practiced annually and all required staff must report within one hour of being called. This exercise measures the departments ability to respond in a timely manner.

7c. Provide the number of clients/individuals served, if applicable.

2. CORE DESCRIPTION									
The State Public Health Laboratory (SPHL) is vitally important to community and public health, providing a broad range of disease control and surveillance, preventive healthcare, emergency preparedness, all-hazards laboratory response, environmental monitoring, and laboratory improvement services. The SPHL operates specialty units in Jefferson City and Poplar Bluff providing services to physicians, veterinarians, law enforcement, local and district public health personnel, hospitals, and private laboratories. The SPHL conducts testing in the fields of sexually transmitted disease (STD) serology, virology, microbiology, tuberculosis, chemistry, environmental bacteriology, and newborn screening, allowing medical practitioners to identify harmful conditions and provide appropriate treatment. The SPHL also conducts analyses of water and food to assure its safe use. The SPHL is the state reference laboratory, serving the department, local health agencies, and medical professionals and institutions throughout Missouri by confirming results or completing organism identification. The SPHL is the leader in the state for acquiring and implementing advanced technologies and methodologies to detect newly emerging or re-emerging diseases of public health consequence. Examples include foodborne diseases, future pandemic strains of influenza, antibiotic-resistant bacteria, chlamydia, gonorrhea, and extensively drug-resistant tuberculosis.									
Serving as the primary state response laboratory for biological and chemical terrorism events, the SPHL also conducts program evaluations for municipal, hospital, and private laboratories; supports public safety programs (implied consent/breath alcohol); and supervises certifications and operations of breath alcohol analyzers. Disease outbreaks and exposures to toxic substances are major public health concerns. Many programs within state government require routine and specialized public health laboratory services to support their objectives in protecting the health of the public and in supporting programs that assure the health of communities.

1. What does this program do?							
<p>The Missouri State Public Health Laboratory (SPHL) provides laboratory support in the diagnosis and investigation of disease and hazards that threaten public health. Responsibilities include sample analysis and microbiologic identification, disease control and surveillance, reference and specialized testing, food safety, and emergency terrorism response. The SPHL is accredited under the Clinical Laboratory Improvement Amendments and possesses the required capabilities to provide specialized testing for tuberculosis, rabies, botulism toxin, anthrax, West Nile Virus, plague, and various chemical contaminants, and to identify newly emerging threats such as avian flu, pandemic influenza, and Middle East Respiratory Syndrome (MERS-CoV).</p>							
<p>As mandated by Missouri law, the Department of Health and Senior Services (DHSS) screens infants born in Missouri for the presence of certain genetic, endocrine, and metabolic disorders. Missouri is currently screening for 30 core conditions (including hearing and critical congenital heart defects screening) recommended by Health Resources and Services Administration's (HRSA) Discretionary Advisory Committee on Heritable Disorders in Newborns and Children. When considering secondary conditions, more than 70 disorders can now be detected through Missouri's newborn screening program for disorders within the following categories: congenital adrenal hyperplasia, cystic fibrosis, primary congenital hypothyroidism, classical galactosemia, amino acid disorders including phenylketonuria, organic acid disorders, lysosomal storage disorders, fatty acid disorders, hemoglobinopathies, and biotinidase deficiency. The results of these laboratory tests provide early detection of these conditions that otherwise may not be detected until illness, disability, or death occurs.</p>							
<p>The Breath Alcohol Program approves, disapproves, and issues permits to law enforcement agencies in Missouri for chemical analysis of blood, breath, urine, or saliva for alcohol and drugs. This unit approves evidential breath analyzers and establishes standards and methods for instrument operation, inspections, quality control, training, and approval of training to assure standards meet state regulations.</p>							
<p>The SPHL performs bacteriological testing of nearly 65,000 public water samples each year from more than 2,000 public drinking water supplies in Missouri to ensure state and federal regulatory requirements for safe drinking water are met. These drinking water sources serve more than 50 percent of the state's population.</p>							
2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)							
<p>Chapter 196, RSMo; Sections 191.331-333, 191.653, 192.020, 192.050, 306.114, 306.117, 577.020, 577.026, 577.037, 577.208; 640.100-140, and 701.322, RSMo; Code of State Regulations 10 CSR 60-1.010, 19 CSR 20-20.080, 19 CSR 25-32.010, 19 CSR 25-34.010; and Clinical Laboratory Improvement Amendment (CLIA) Federal: 42 USC 263a.</p>							
3. Are there federal matching requirements? If yes, please explain.							
<p>Missouri Public Health Services Fund (0298) will provide match for newborn screening for the MCH Block Grant of \$3.5 million and the Safe Drinking Water Fund (0679) will provide match for the Public Health Emergency Preparedness Grant of \$100,000 in the upcoming federal fiscal year.</p>

4. Is this a federally mandated program? If yes, please explain.

No. However, in testing clinical human specimens, SPHL is regulated under the Clinical Laboratory Improvement Amendments (CLIA) - Federal - 42 USC 263a. The CLIA establishes quality standards for all laboratory testing to ensure the accuracy, reliability, and timeliness of patient test results regardless of where the test was performed.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

SPHL Proficiency Testing Success Rate Clinical Laboratory Improvement Amendment (CLIA)

7b. Provide an efficiency measure.

The SPHL processes and tests 100 percent of the drinking water samples it receives for bacteriological testing on the same day. Routine test results are reported within 24 to 30 hours of sample receipt (one-day turnaround time).

PROGRAM DESCRIPTION

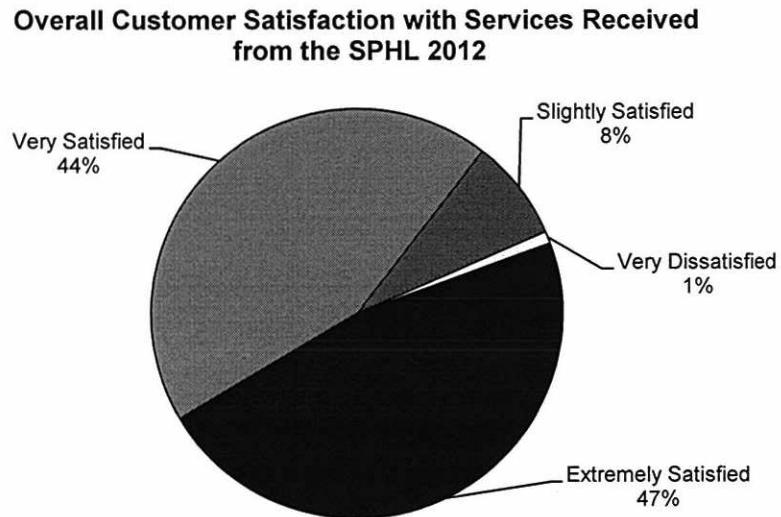

Department of Health and Senior Services

State Public Health Laboratory

7c. Provide the number of clients/individuals served, if applicable.

In calendar year 2013, the SPHL reported over 6,350,000 analyses on nearly 326,000 specimens and samples; distributed 335,325 test kits to partners in Missouri's public health system and to Missouri citizens, tested approximately 91,000 newborn screening samples to identify 224 Missouri newborns in need of life-saving interventions; and trained 267 laboratory professionals and other public health professionals representing 95 facilities offered in 19 regional sessions by the SPHL Laboratory Preparedness, Education and Safety Unit.

7d. Provide a customer satisfaction measure, if available.

**Zero Respondents selected Slightly or Extremely Dissatisfied.*

<p>The State Public Health Laboratory (SPHL) is designated by Section 191.331.1, RSMo., as Missouri's newborn screening laboratory. SPHL collects fees to cover costs associated with maintaining this capability and to add new tests as required. Funds generated from these fees are placed in the Missouri Public Health Services (MOPHS) fund per Section 192.900, RSMo. Additional funding is necessary for screening for Lysosomal Storage Disorders (LSD) (Section 191.333, RSMo) as well as vendor pricing increases. Screening for these debilitating and deadly genetic disorders leads to early detection and treatment, thus improving or saving the lives of affected Missouri newborns.</p>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Fiscal Year 2014 expense and equipment costs for newborn screening were \$2,688,205 from the MOPHS fund. Those costs will increase significantly in Fiscal Year 2016 due to two principal factors: vendor quotes for the price of reagents used to conduct genetic screening are higher; and by the end of Fiscal Year 2016 the State Public Health Laboratory will have fully implemented testing for all Lysosomal Storage Disorders (LSD) that are in statute. Therefore, an increase of \$650,933 MOPHS funding is necessary to continue LSD screening.

2. CORE DESCRIPTION

This core funding supports staff and operations of the Division of Senior and Disability Services (DSDS). DSDS is comprised of the Office of the Division Director; financial support staff; the Office of Long Term Care Ombudsman; the Bureau of Home and Community Services; the Special Investigation Unit; the Bureau of Program Integrity; the Bureau of Home and Community Based Assessment and Contract Oversight (which includes the HCBS Call Center); the Bureau of Systems and Staff Development; the Bureau of Senior Programs; and the Central Registry Unit (Elder Abuse Hotline and intake). DSDS plays a crucial role as the state unit on aging and is the primary agency that oversees, monitors, and assures the health and safety of seniors and adults with disabilities receiving long-term care in their home or community as an alternative to facility-based care. DSDS investigates allegations of abuse, neglect, and financial exploitation of seniors and adults with disabilities; registers hotlines and regulatory complaints regarding care; informs individuals considering long-term care about home-based care options; provides oversight for eligibility determinations and authorizations of state and federally funded Home and Community-Based Services (HCBS); advocates for resident rights and resolves complaints regarding nursing facility care; monitors the delivery of HCBS services; provides customer service to seniors and adults with disabilities and their caregivers; and oversees the Older Americans Act funded programs administered by the Area Agencies on Aging.

Funding is utilized to support adult protective service activities, crisis intervention, complaint investigation, and quality assurance activities as mandated under Chapters 197, 198, 208, 565, 570, and 660, RSMo; participation in the Medicaid State Plan, the Aged and Disabled Waiver, the Adult Day Care Waiver, and the Independent Living Waiver (1915c) (Centers for Medicare and Medicaid Services); and the Older Americans Act.

1. What does this program do?

Division of Senior and Disability Services (DSDS) is the designated state unit on aging with primary responsibility to plan, coordinate, improve, and administer programs for Missouri's seniors and adults with disabilities age 18 to 59 in need of protection or long-term care services. The division's activities include investigation of hotline calls that allege abuse, neglect, or financial exploitation of seniors and adults with disabilities; education and information about home and community based options for long-term care; administering the State Long-Term Care Ombudsman Program; monitoring Area Agencies on Aging programs for compliance with the Older Americans Act; and providing customer service, information, and referral services to seniors and adults with disabilities. DSDS' Director's Office provides management, oversight, and direction for division programs designed to help ensure the needs of Missouri's senior citizens and disabled adults are addressed; reviews legislation impacting seniors and adults with disabilities; ensures compliance with federal and state rules and regulations; develops the division budget and tracks expenditures and staffing; coordinates policy responses to ensure consistency with division/department policy; coordinates disaster planning and emergency response; responds to client, consumer, and legislative inquiries; and administers a workforce of over 500 employees.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapters 192, 208, and 660, RSMo. Federal authority for specific activities is included on division program description pages.

3. Are there federal matching requirements? If yes, please explain.

Federal matching requirements for various activities are included on respective division program description pages.

4. Is this a federally mandated program? If yes, please explain.

The federal mandate for various activities is included on respective division program description pages.

1. What does this program do?

The Adult Protective and Community Services (APCS) section's field staff:

- 1) investigate allegations of abuse, neglect, and financial exploitation (A/N/E) of individuals over age 60 and those with disabilities who are age 18 to 59 and coordinate appropriate intervention services to allow those individuals to remain in their homes and communities and prevent future incidents; and
- 2) process new requests for Medicaid Home and Community-Based Services (HCBS) including prescreens, assessments of levels of care, and development and authorization of Medicaid-funded HCBS; changes to care plans for current participants; and review and oversee annual reassessments for eligible adults who are age 18 to 59 and disabled or over age 60, allowing them to remain in their homes and communities rather than entering a nursing facility.

In addition, staff located in the central office of the Section for APCS interpret state and federal laws, rules, and regulations; ensure Division of Senior and Disability Services (DSDS) complies with the Medicaid State Plan and the various Medicaid Waivers administered by the division; set policies that apply to adult protective and HCBS; and provide training to HCBS providers and DSDS field staff. The Special Investigations Unit assists in complex investigations of alleged abuse, neglect, or

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Sections 208.152, 208.895, 208.900 to 208.930, 565.180 to 565.188, 570.145, 660.023, 660.050, and 660.250 to 660.321, RSMo.

3. Are there federal matching requirements? If yes, please explain.

Yes, within this program lies responsibility for program oversight of the Medicaid State Plan Personal Care and Adult Day Care Programs, the Aged and Disabled Waiver, and the Independent Living Waiver. State funds receive a 50 percent federal match when activities deal with home and community based care or the health and safety of Medicaid participants.

4. Is this a federally mandated program? If yes, please explain.

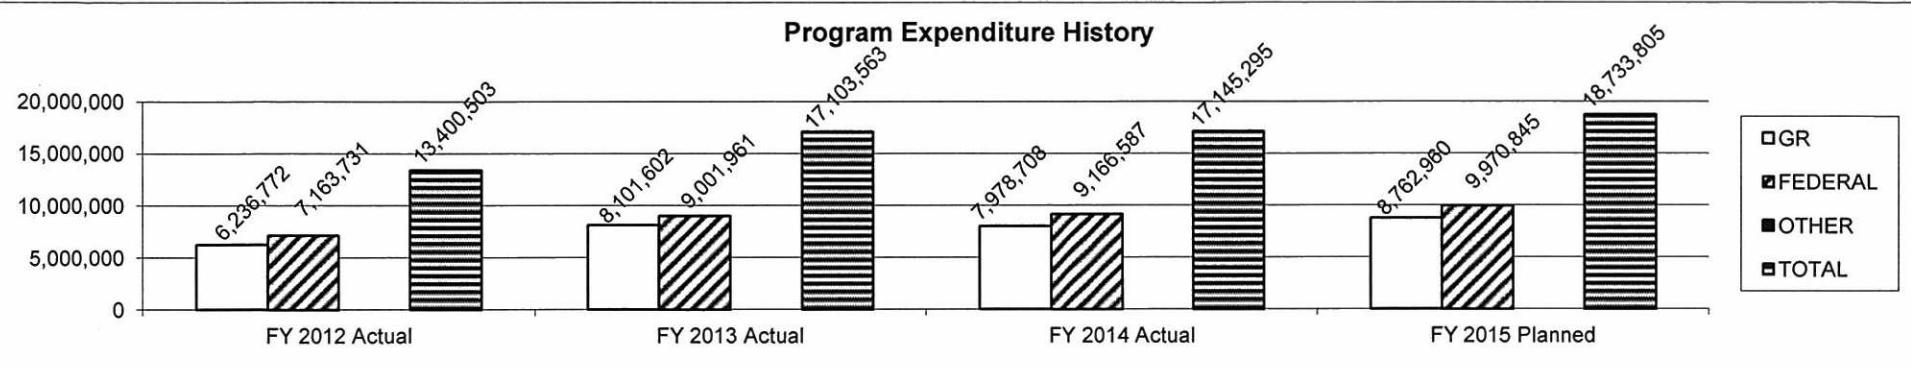

No. Due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

1. What does this program do?

The Central Registry Unit (CRU) serves as the Adult Abuse and Neglect Hotline for the Division of Senior and Disability Services (DSDS) and Division of Regulation and Licensure (DRL). CRU is the point of entry for registering allegations of abuse, neglect, or exploitation of Missouri's elderly and adults with disabilities, and for regulatory violations of nursing and residential care facility licensure standards. CRU also processes reports that are referred to other entities such as the Department of Mental Health, Department of Social Services/Missouri Medicaid Audit and Compliance Unit, Home Health Licensing, Hospital Licensing, and the Veterans Administration for intervention or review. CRU also serves as the information and registration entry point for the Shared Care Program and tax credit.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 192, Sections 198.032, 198.070, 565.180 - 565.188, 570.145, 660.255, 660.263, and 660.300, RSMo. Title XIX of the Social Security Act; PL 89-73, Older Americans Act.

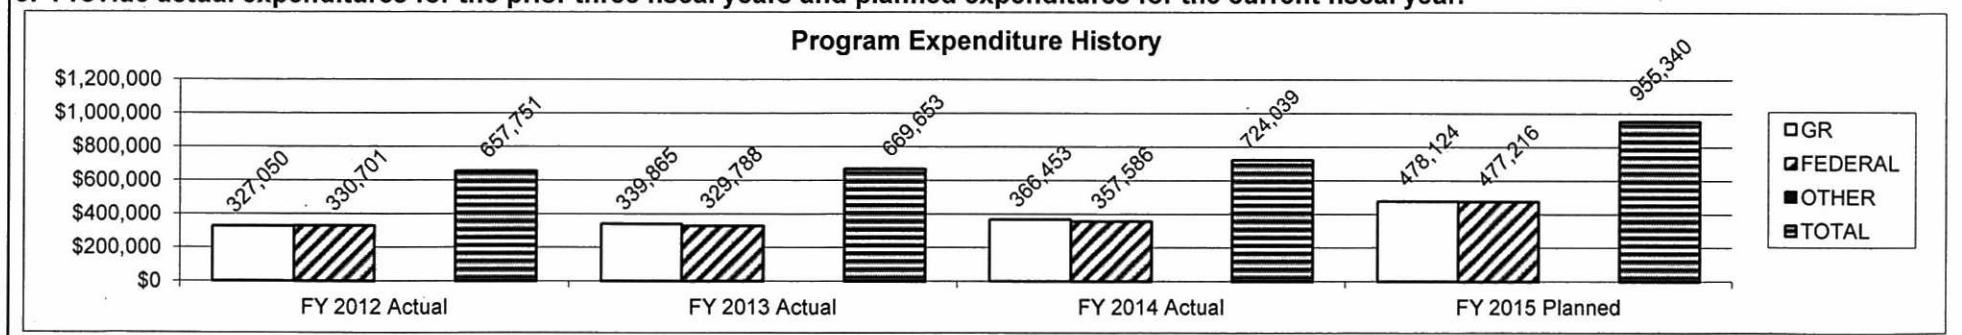

3. Are there federal matching requirements? If yes, please explain.

Some of the activities of the Central Registry Unit are eligible for Medicaid funding; the matching requirement is 50 percent.

4. Is this a federally mandated program? If yes, please explain.

No.

1. What does this program do?

The Long Term Care Ombudsman Program (LTCOP) advocates for the rights of residents of licensed long-term care (LTC) facilities. The LTCOP receives, investigates, and resolves complaints made by or on behalf of LTC residents. The program maintains a toll-free number for residents and family members to access ombudsman services. Four state employees oversee the ombudsman program, which includes 14 regional ombudsman employees contracted by the Area Agencies on Aging (AAA) and 270 ombudsman volunteers. Staff provide educational materials to the public through presentations on many topics involving LTC residents (i.e. choosing a nursing home, preventing abuse and neglect, starting a resident or family council, etc.). State staff monitor the regional programs, which are part of the AAA network of services. LTCOP recruits and trains ombudsman volunteers to resolve issues in facilities. The program resolves an average of 5,000 complaints each year.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

PL 89-73 Older Americans Act, updated by PL 109-365; 42 U.S.C., Section 3058; and Section 660.600 - 660.608, RSMo.

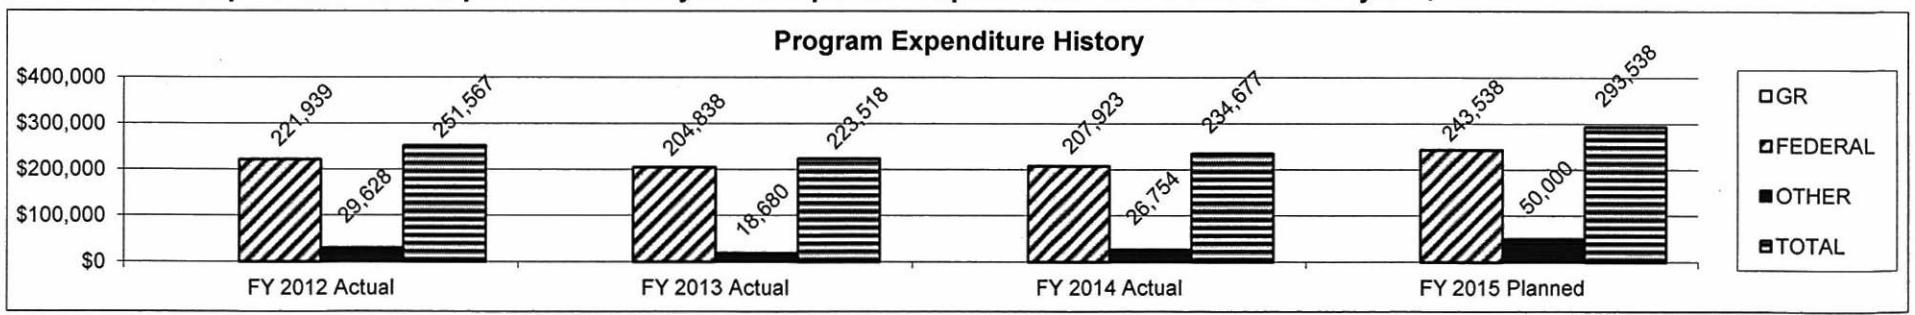

3. Are there federal matching requirements? If yes, please explain.

Yes, there is a federal matching requirement for ombudsman funding from the Older Americans Act.

4. Is this a federally mandated program? If yes, please explain.

Yes, states receiving Older Americans Act funding are mandated to have a long-term care ombudsman serving residents statewide.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year..

2. CORE DESCRIPTION																																				
<p>This core funds temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation. The Division of Senior and Disability Services' Adult Protective Community Workers authorize and arrange for short-term services to allow individuals to remain in their homes and communities. These in-home services can include personal care, nurse visits, respite care, adult day care, and home delivered nutrition services.</p>																																				
<p>This core also includes the Non-Medicaid Eligible (NME) Consumer Directed Services Program, which funds services to meet personal care needs for consumers who are not Medicaid eligible. Individuals must meet annual eligibility requirements regarding income, assets, and need assistance with activities of daily living. State statute places a cap on this program and no new participants may be enrolled. The program is set to sunset June 30, 2019.</p>

1. What does this program do?

This funding provides short-term intervention services to eligible adults who have been victims of abuse, neglect, or financial exploitation. These individuals can obtain temporary and emergency services to assist them in remaining safely in their homes and communities through Missouri's Adult Protective Services (APS) Program. Each person is empowered to make his or her own choices, including those regarding long-term care. If an individual chooses to receive services, an Adult Protective and Community Worker will assist in arranging appropriate interventions and services which can include core intake; case management follow-up; emergency food, shelter, and caregiver services; financial and economic assistance; legal assistance; medical care; home support and temporary housing; and social and educational services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 660.250 - 660.321, RSMo.

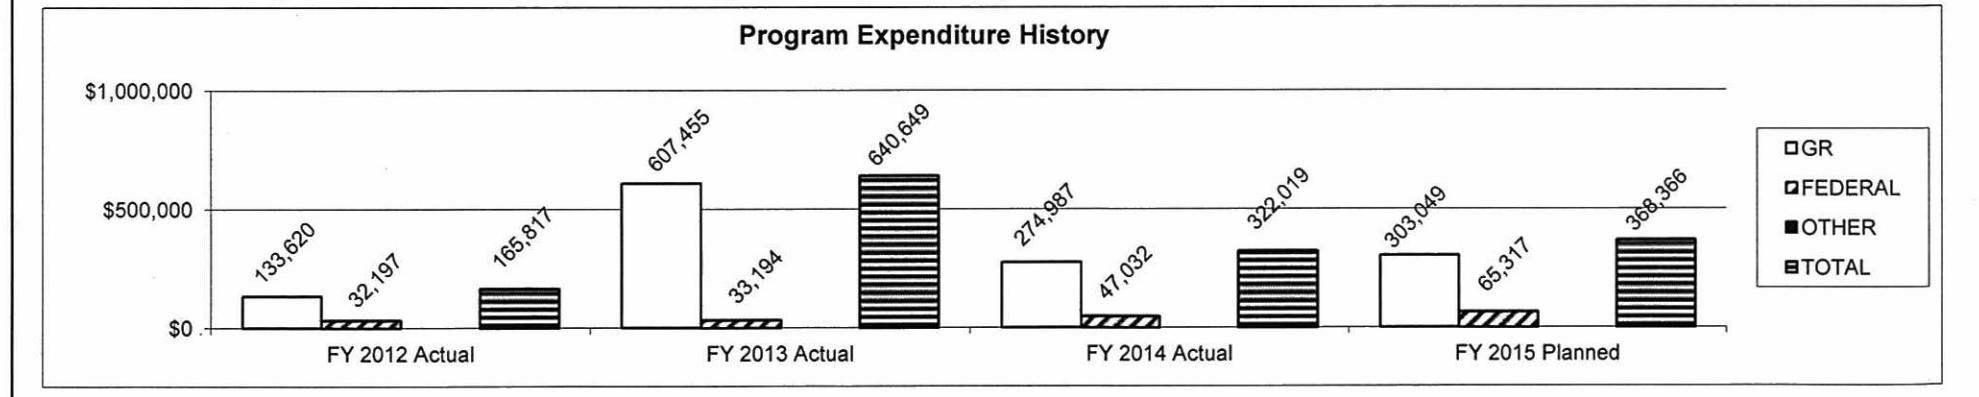

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

1. What does this program do?

This program provides Consumer Directed Services for Non-Medicaid Eligible (NME) adults with disabilities who need assistance in accessing care or services to perform activities of daily living necessary to maintain independence and dignity. There are 119 consumer-specific slots available, and only the original consumers may access services through this program. In order to qualify, individuals must make application; demonstrate financial need and eligibility under Section 208.930.3, RSMo; meet all criteria set forth in Sections 208.900-208.927, RSMo; be determined ineligible for Medicaid services; and not have access to affordable health care coverage for personal care assistance. Each of the original consumers may make application annually to have their benefits reinstated.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 208.900 to 208.927, RSMo.

2. CORE DESCRIPTION

This core funding reimburses Home and Community-Based Service (HCBS) providers and vendors for care provided to Medicaid participants who are eligible for long-term care benefits and choose to receive their care in the home or community as an alternative to entry into a long-term care facility. Medicaid funded HCBS include personal care, attendant care, nurse visits, adult day care, homemaker, respite, and home delivered meals for eligible adults; and additional services including adaptive equipment, private duty nursing, health screenings, and subsequent treatment for identified health problems for children including specialized medical equipment and critical medical supplies for eligible participants.

The Division of Senior and Disability Services manages HCBS benefits authorized under the Medicaid State Plan and administers the Aged and Disabled Waiver, Adult Day Care Waiver, and the Independent Living Waiver for care provided to seniors and adults with disabilities who would otherwise be eligible to receive care in a skilled nursing facility. The Division of Community and Public Health administers the Healthy Children and Youth benefits authorized under the Medicaid State Plan, HCBS benefits for children and adults authorized under the AIDS Waiver and the Medically Fragile Adults Waiver which provides HCBS benefits to individuals with serious and complex medical needs who would otherwise be eligible to receive care in an intermediate care facility.

The core also includes funding to reimburse HCBS providers and vendors for annual reassessments for participants to ensure the services they receive are appropriate and adequate.

PROGRAM DESCRIPTION

Health and Senior Services

Medicaid Home and Community-Based Services (HCBS)

Program is found in the following core budget(s):

	Medicaid HCBS						TOTAL	
GR	230,602,314						230,602,314	
FEDERAL	477,771,181						477,771,181	
OTHER	25,000						25,000	
TOTAL	708,398,495						708,398,495	

1. What does this program do?

This program includes Home and Community-Based Services (HCBS) (in-home and consumer-directed services) for Medicaid participants under the Adult Day Care, Aged and Disabled, Independent Living, Medically Fragile Adult, and AIDS Waivers; as well as state plan personal care services; and services for children under the Healthy Children and Youth (HCY) program. Services within this program are available to individuals who are eligible for Medicaid benefits, considering long-term care, need help to stay at home or in the community, and/or need assistance in accessing care or services necessary to maintain independence and dignity. Services are available to all Medicaid beneficiaries that need and choose personal care services as an alternative to facility placement and to seniors and adults with disabilities who are unable to independently access services or perform activities of daily living. The program also includes annual reassessments of HCBS participants to ensure the level of care and services authorized are appropriate.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Sections 208.152, 208.900 to 208.930, 660.050, and 660.250 to 660.321, RSMo.

3. Are there federal matching requirements? If yes, please explain.

Yes, HCBS provided under State Plan Personal Care, the Adult Day Care Waiver, the Aged and Disabled Waiver, the Independent Living Waiver, the AIDS Waiver, the Medically Fragile Adult Waiver, and Healthy Children and Youth (HCY) are matched by General Revenue according to the standard Federal Medical Assistance Percentage (FMAP) rate for activities related to home and community-based care for eligible participants.

4. Is this a federally mandated program? If yes, please explain.

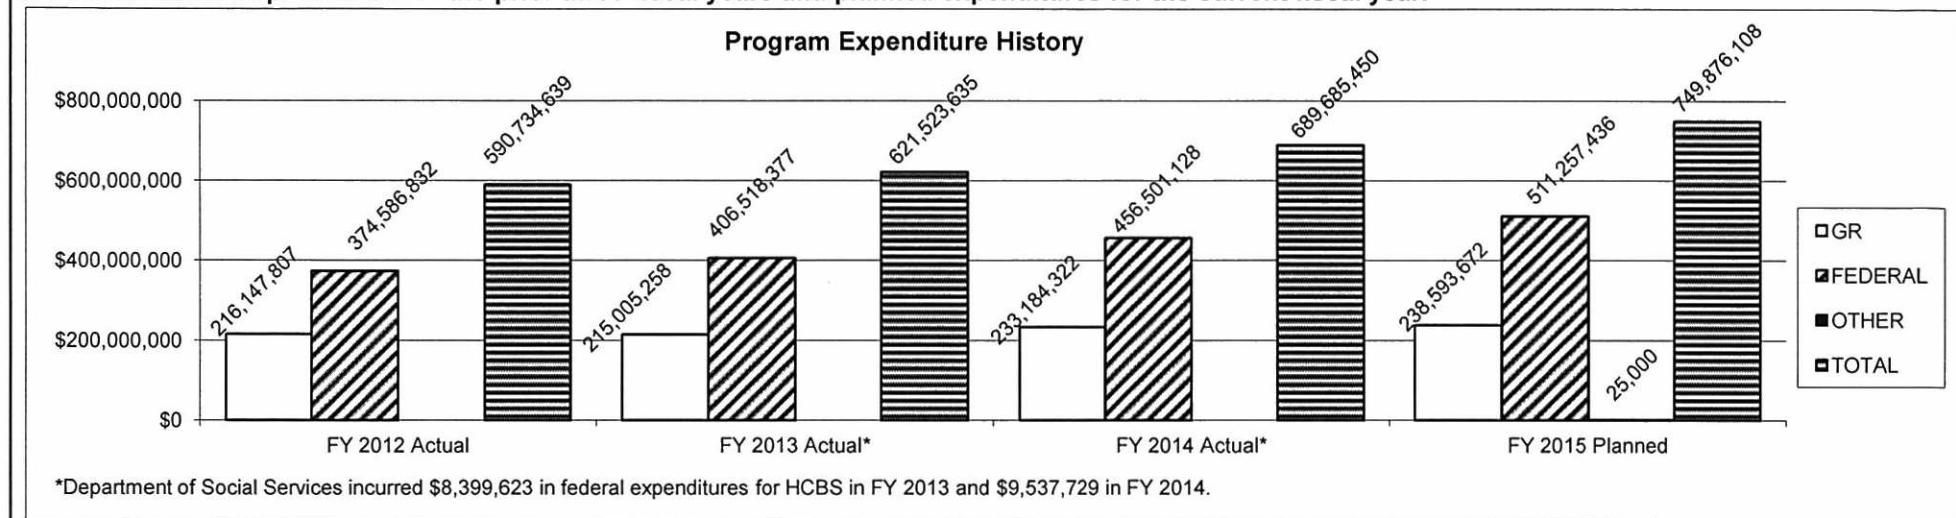

No. Due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.			
<p>Funding is requested to maintain Home and Community Based Services (HCBS) care plans currently authorized and provided to Medicaid participants receiving long-term care in their homes and communities. HCBS include Medicaid State Plan Personal Care, Independent Living Waiver, Adult Day Care Waiver, and the Aged and Disabled Waiver administered by the Division of Senior and Disability Services; and the AIDS Waiver; Medically Fragile Adult Waiver; and Healthy Children and Youth Program administered by the Division of Community and Public Health. Funding is requested to cover anticipated costs due to increased utilization, increased amount of service per client, and increased number of eligible individuals utilizing the program. This request is not associated with expansion of the program or eligibility requirements. The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 660.661-660.687, RSMo.</p>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The FY-16 amount available for HCBS totals \$705,389,760, which includes \$229,118,579 state funds and \$476,271,181 federal funds. Using the blended Federal Medical Assistance Percentage (FMAP) rate for FY-16 of 63.32 percent, adjusting for changes to federal Balancing Incentive Program funds, and accounting for the separate new decision item for Medically Fragile Adult Waiver (MFAW), \$33,338,864 General Revenue and \$4,966,854 federal funds are required to continue the program. The federal Balancing Incentive Program (BIP) ends September 30, 2015. Only one quarter of federal BIP funds are available for FY-16. See below for detailed calculations.

Funding is needed to provide for increases in the number of people utilizing HCBS and the projected increase in service cost per person for HCBS participants. This does not include any changes in any eligibility guidelines or new/additional services. In-home clients and Consumer Directed Services clients increased by 953 and 14,640 respectively from FY-10 to FY-14.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.																																																																																				
<p>The Medically Fragile Adult Waiver (MFAW) program provides service coordination and authorization of private duty nursing, personal care, and specialized medical supplies for Missourians over the age of 21 who are Medicaid eligible, have medically fragile conditions, and require private duty nursing. This program primarily serves individuals who age out of the Healthy Children and Youth program. These individuals require nursing care equivalent to the level of care provided in a nursing facility. The adult population with serious and complex medical disabilities is growing due to advances in medical care technology. MFAW services allow participants to remain safely in their homes and allow their family members to continue working outside the home. According to the Department of Social Services, the cost to administer the MFAW program is estimated at \$107,521 annually per participant, which is well below the Intermediate Care Facility for Individuals with Intellectual Disability (ICF/IID) level of care cost of \$267,596 annually. Administering the MFAW program prevents institutionalization of these young adults and provides a cost effective alternative for the state of Missouri.</p>

These slots are needed based on the increased number of MFAW participants enrolled with serious and medically fragile conditions, who will be aging out of the Healthy Children and Youth Program (HCY) and require private duty nursing. The amount requested is based on the \$107,521 average cost per participant times 30 slots, or \$3,225,630. 2. CORE DESCRIPTION

This core funding provides reimbursement for services for victims of Alzheimer's and other dementia-related diseases and their families or caregivers. According to preliminary data from the Centers for Disease Control, Alzheimer's disease was the sixth leading cause of death in the United States in 2011 and the fifth leading cause of death for individuals age 65 and over in 2010. Of the estimated 5.4 million cases of Alzheimer's disease nationwide, approximately 110,000 victims reside in Missouri. Although dementia generally affects individuals over age 65, it has also been known to strike a much younger population. This funding provides services to individuals with Alzheimer's Disease and their caregivers, including caregiver respite grants, peer-to-peer counseling for victims, and caregiver safety training programs such as those that prevent wandering.

1. What does this program do?

It is estimated that 110,000 of the approximately 838,000 Missouri citizens over the age of 65 suffer from Alzheimer's Disease. Services provided through the Alzheimer's Service Program are administered by the state in partnership with agencies contracted to provide services to Alzheimer's patients and their families statewide. The projects, which serve to facilitate access to care options, support efforts to decrease premature institutionalization of individuals diagnosed with Alzheimer's disease and caregiver stress. Services include assessment and care consultation, education, individual and group counseling, adult day care, safety programs, caregiver respite, and outreach.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 660.067 to 660.070, RSMo.

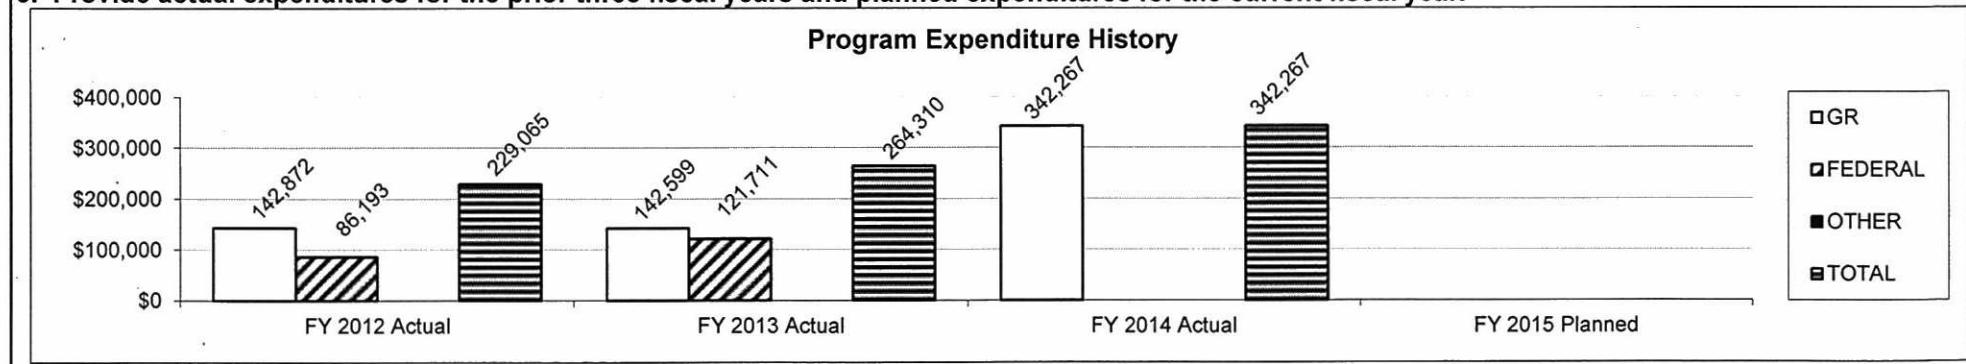

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

This core decision item funds services and programs for seniors administered via contracts with the ten Area Agencies on Aging (AAAs). Federal Older Americans Act (OAA) funded grants pass through the Department of Health and Senior Services to the AAAs to provide ongoing funds for senior programs, including home and community based services for seniors, congregate and home-delivered meals, and to help prevent unnecessary or premature long-term care facility placement. This core also includes funding to train and support Missouri's older workers and funds for long-term care ombudsman advocacy services.

1. What does this program do?

Services provided through the Older Americans Act Programs are administered by the ten Area Agencies on Aging (AAAs) and are available to seniors statewide. Primary program funding is received from the federal government pursuant to the Older Americans Act (OAA). AAAs provide supportive services (including transportation, information and assistance, legal services, and in-home services), nutrition services, family caregiver support (including respite and counseling services), and ombudsman services. The Senior Community Service Employment Program (OAA Title V) is distributed via a competitive grant process to support senior employment and training. General Revenue funds are used as the required federal match for OAA distribution and as a supplement to increase service availability. Funding also includes distributions from the Elderly Home Delivered Meals Trust Fund and Social Services Block Grant.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 192, Sections 660.050, 660.057, and 660.250, RSMo. Federal Statutory or Regulatory Citation: Title XIX and Title XX of the Social Security Act and PL 89-73 Older Americans Act, updated in 2006 by PL 109-365.

3. Are there federal matching requirements? If yes, please explain.

Yes, services funded through the Older Americans Act require matching funds. Title III administration and Title III-E family caregiver costs require a 25 percent match. Title III-B supportive program and Title III-C nutrition funding require 15 percent match of which five percent must be state match. Title V requires a ten percent match. No match is required for Title VII and the Nutrition Services Incentive Program (NSIP) funding.

4. Is this a federally mandated program? If yes, please explain.

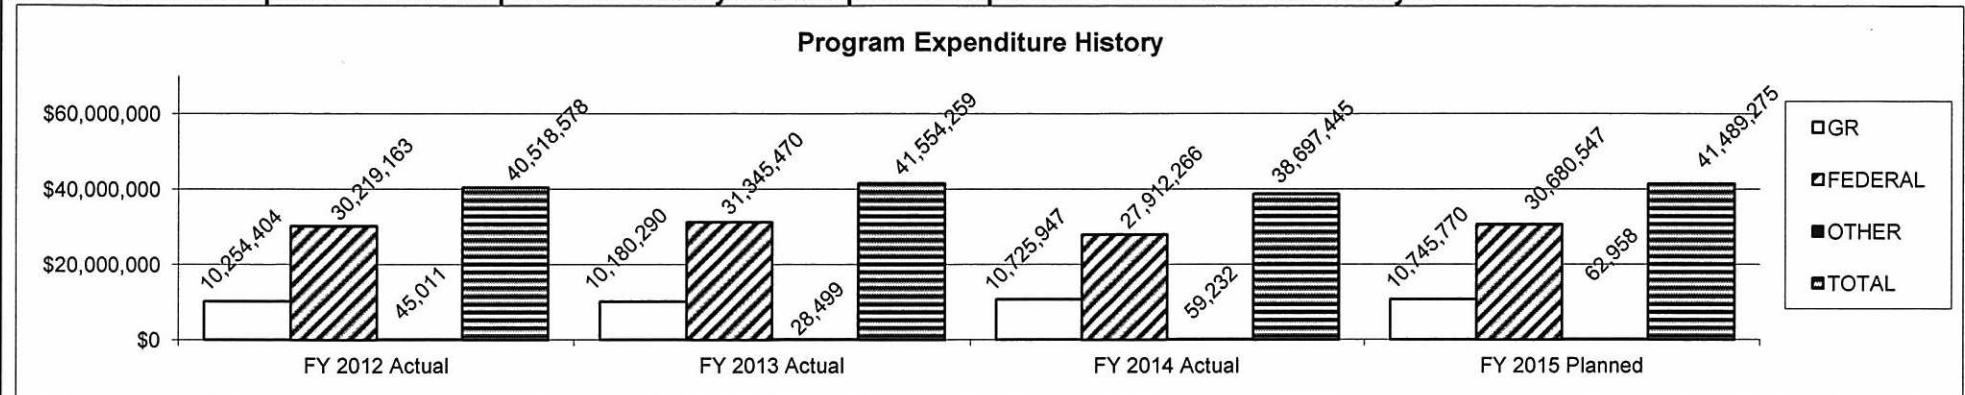

No, however, states receiving Older American Act funding are mandated to have a long-term care ombudsman serving residents statewide. In addition, state oversight is mandated for states accepting OAA funds. Oversight of the Aged and Disabled Waiver (which includes home delivered meals) is required by the Centers for Medicare and Medicaid Services for states that are granted a Home and Community-Based Waiver.

Core funding is used to assist elderly and/or disabled refugees residing in Missouri who are unable to take advantage of the normal naturalization process due to health, functional, or literacy barriers. Contracted entities provide assistance to the target population, helping them access services, navigate the naturalization process, and ultimately gain United States citizenship. Refugees receiving benefits such as Supplemental Security Income, MO HealthNet, and Medicare may gain citizenship after five years of lawful, permanent residency. Those unable to complete the process within five years may lose benefits necessary to maintain health and independence.

1. What does this program do?

Funding supports a project to assist senior and disabled refugees residing within Missouri that are not able to take advantage of the normal naturalization process due to health barriers or an inability to understand English. Contracted entities provide assistance to this target population to help them access services, navigate the naturalization process, and ultimately gain United States citizenship. Legal placement of refugees allows them five years to gain citizenship while receiving benefits such as Supplemental Security Income, Medicaid and Medicare. They may lose their benefits if they do not complete the process within five years.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Not applicable.

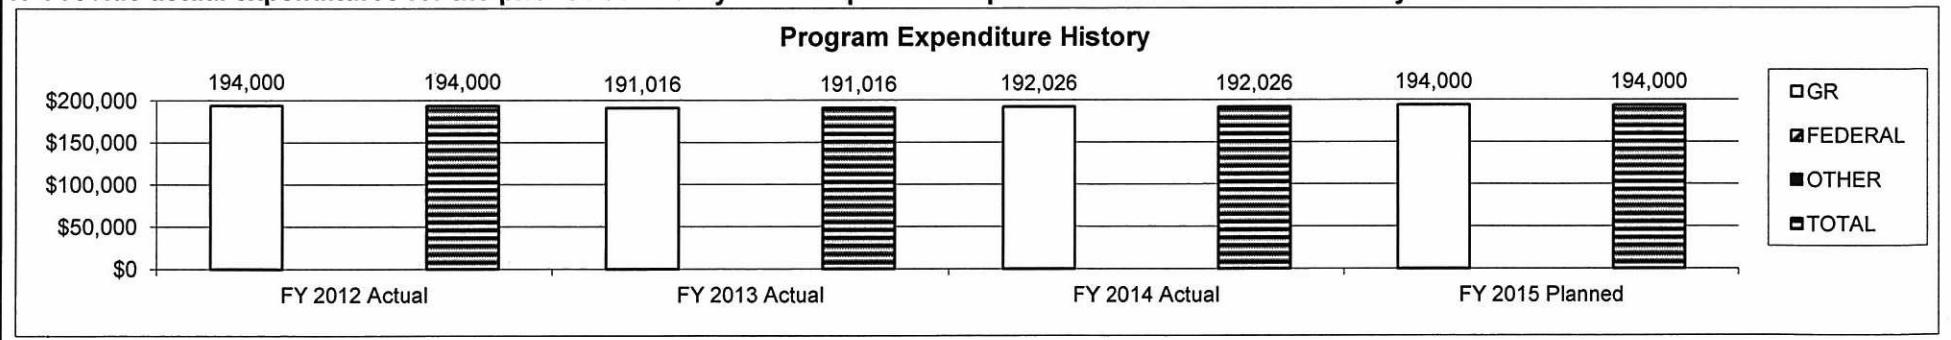

3. Are there federal matching requirements? If yes, please explain.

No.

2. CORE DESCRIPTION																																		
Core funding is requested to support operations of the Division of Regulation and Licensure (DRL). DRL is composed of the Director's Office, Section for Long Term Care Regulation, Section for Health Standards and Licensure, Section for Child Care Regulation, Family Care Safety Registry, and the Board of Nursing Home Administrators.																																		
DRL coordinates the health care and child care licensing programs within the department. These licensing (and certification for Medicare and Medicaid) programs include long-term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), adult day care providers, hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end stage renal dialysis centers, rural health clinics, home health agencies, hospices, outpatient physical therapy providers, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma centers, stroke centers, ST-segment elevation myocardial infarction (STEMI) centers, and child care facilities. Further, the division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. The Family Care Safety Registry provides background screening results for employees in the child care and elder care industries. The Board of Nursing Home Administrators tests and licenses nursing home administrators.

1. What does this program do?

The Division of Regulation and Licensure (DRL) coordinates the health care and child care licensing programs within the department. These licensing (and certification for Medicare and Medicaid) programs include long-term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end stage renal dialysis centers, home health agencies, hospices, outpatient therapy agencies, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma/stroke/STEMI centers, adult day care, and child care facilities. Further, the division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. In addition, the Family Care Safety Registry provides background screenings of employees in the child care and elder care industries, and the Board of Nursing Home Administrators tests, licenses, and provides disciplinary oversight for nursing home administrators. The Division Director's Office provides leadership and management to ensure that the various programs are following their state and federal statutory and regulatory requirements; reviews legislative proposals; prepares fiscal notes and bill reviews regarding new legislation; develops the division's budget in coordination with the department; oversees the execution of the budget; and administers a workforce of approximately 460 employees.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Portions of Chapters 190, 192, 195, 197, 198, 210, 344, and 660, RSMo. Specific section references for each program, as well as the federal authority for specific activities, are included on division program description pages.

3. Are there federal matching requirements? If yes, please explain.

Federal matching requirements for specific activities are included on division program description pages.

4. Is this a federally mandated program? If yes, please explain.

The federal mandate for specific activities is included on division program description pages.

1. What does this program do?

The Bureau of Ambulatory Care (BAC) is responsible for the regulation and licensing of certain health care facilities in Missouri, including ambulatory surgical centers (ASCs) and birthing centers. BAC also monitors medical and industrial radiation equipment (x-ray machines and linear accelerators) usage and procedures and ensures appropriate radiation safety measures are in place. BAC conducts both routine and non-routine inspections of health facilities as directed by state and/or federal statute and regulations. BAC conducts investigations of complaints against regulated health care facilities in order to assure minimal standards and requirements for patient safety and care are met.

2. What is the authorization for this program, i.e., federal or state statute, etc.?

Sections 192.400 to 192.510, RSMo (radiation control); Sections 192.760 to 192.766, RSMo (mammography); Sections 197.200 to 197.240, RSMo (ASCs); Sections 197.285 to 197.297, RSMo (operation and management of hospitals and ASCs); Sections 197.700 to 197.705, RSMo (medical staffing for licensed facilities); and Sections 197.150 to 197.165 and 197.293 to 197.294, RSMo (infection control). 1. What does this program do?

The Board of Nursing Home Administrators consists of ten individuals appointed by the governor. The board is responsible for promulgating regulations that establish qualifications for licensure, testing standards, and license renewal requirements of individuals who serve as a licensed administrator in a skilled, intermediate care, assisted living facility, or residential care facility that follows the residential care facility II regulations. In addition, the board conducts hearings affording due process of law, upon charges calling for discipline of a licensee. State staff assigned to the board evaluate the applicant's qualifications for licensure; maintain the state licensure exams; issue licenses; approve, issue, and extend temporary emergency licenses; monitor continuing education programs; audit license renewal applications; renew the license of qualified licensees; maintain accurate records and minutes of all meetings of the full board or a committee thereof; and maintain a database of all persons holding an administrator's license.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

1. What does this program do?

The Bureau of Emergency Medical Services (EMS) implements the Comprehensive EMS Act of 1998 which helps protect the health, safety, and welfare of the public by assuring that emergency medical services meet established standards. The bureau inspects and licenses ambulance services and emergency medical response agencies, inspects and accredits training entities, and examines and licenses emergency medical technicians and paramedics. Information and data collected by the bureau includes head and spinal cord trauma data and Missouri Ambulance Reporting Form data. The bureau oversees the emergency medical services for children (EMS-C) and also establishes standards for emergency medical technician (EMT) curriculum development. The bureau administers a Health Resources and Services Administration grant for EMS-C, and sponsors an annual pediatric conference.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

1. What does this program do?

The Family Care Safety Registry (FCSR) provides background screenings to employers and individuals or families who want to hire a caregiver for a child or disabled or senior adult. Caregivers for children, seniors, and disabled persons are required to register within 15 days of hire. After registration, a background screening is conducted to obtain criminal history; Sex Offender Registry information; child abuse and neglect information; employee disqualification lists for the Departments of Health and Senior Services and Mental Health; and child care and foster parent license denials, revocations, and involuntary suspensions. Caregivers are required to register only once and pay a one-time registration fee. These fees are directly deposited into the Missouri State Highway Patrol's Criminal Record System Fund. FCSR staff conduct background screenings requested through the toll-free call center (required by Section 210.918, RSMo), internet service, facsimile, or mail. Background screening information is provided at no cost to the employer or family.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 210.900 to 210.936, RSMo.

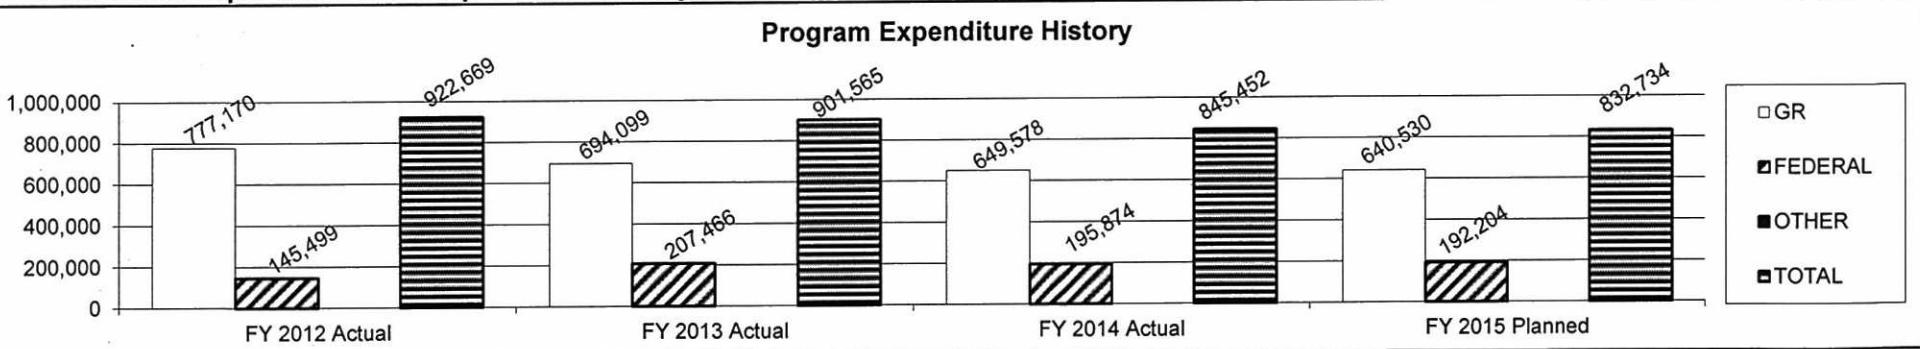

3. Are there federal matching requirements? If yes, please explain.

Yes, the program is required to match Medicaid (Title XIX) funds at a state match rate of 50 percent.

1. What does this program do?

The Bureau of Home Care and Rehabilitative Standards (HCRS) inspects home health agencies and hospice facilities to assure state and federal requirements are met, patient rights are protected and promoted, and quality care is provided. HCRS also contracts with the Centers for Medicare and Medicaid Services (CMS) to certify home health agencies, hospices, comprehensive outpatient rehabilitation facilities (CORF), and providers of outpatient physical therapy (OPT). A federally mandated toll-free hotline is maintained for the purpose of receiving questions about agencies or for patients to lodge complaints concerning their provider agency or quality of care issues. This hotline is consolidated with the Central Registry Unit for efficiency. HCRS investigates allegations of inappropriate care and other patient concerns. In addition to regulatory oversight, HCRS staff provide educational presentations to the industry, councils, agencies, and boards.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 197.400 to 197.478, RSMo (Home Health); Sections 197.250 to 197.280, RSMo (Hospice); Sections 1861, 1864, 1891, and 1902 of the Social Security Act; 42 CFR 484.1 to 484.260 (Home Health); 42 CFR 418.1 to 418.405 (Hospice); 42 CFR 485.701 to 485.729 (OPT); 42 CFR 485.50 to 485.74 (CORF).

3. Are there federal matching requirements? If yes, please explain.

Yes, the program is required to match Medicaid (Title XIX) funds at a state match rate of 25 percent.

4. Is this a federally mandated program? If yes, please explain.

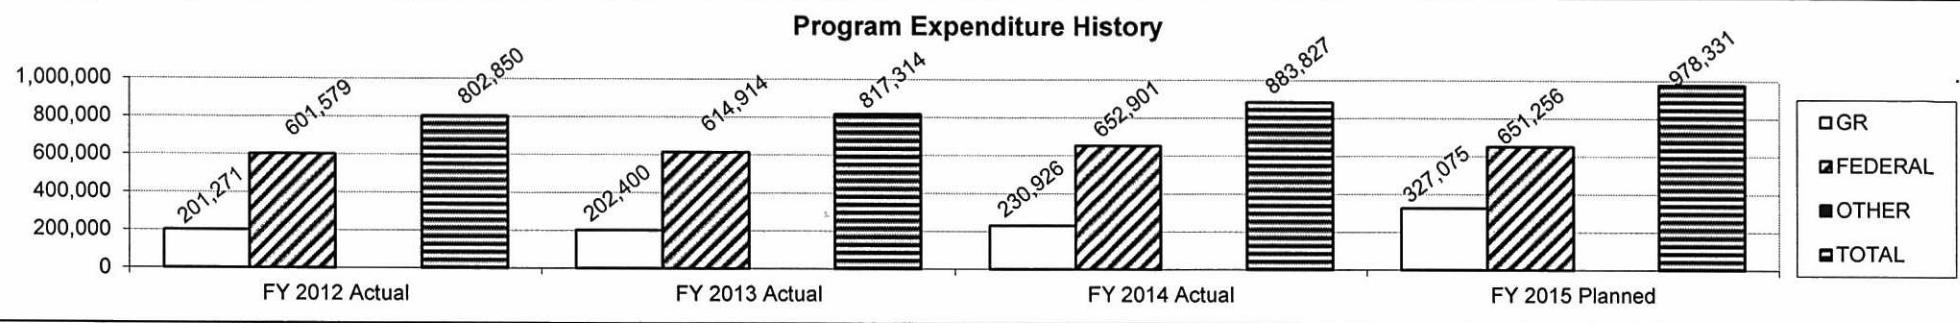

Yes, the federal government has guidelines as to the frequency of surveys performed to assure compliance. A home health survey is completed at least every 36 months, more often depending on the compliance history of the agency. Hospices, OPTs, and CORFs are surveyed at least every seven years according to the yearly CMS Survey and Certification Mission and Priority Document.

The Bureau of Hospital Standards (BHS) is responsible for the regulation and licensing of hospitals in Missouri. BHS conducts both routine and non-routine inspections of hospitals as directed by state and/or federal statute and regulations. BHS also conducts investigations of complaints against hospitals and hospital staff in order to assure minimal standards and requirements for patient safety and care are met. BHS also includes the Time Critical Diagnosis (TCD) program which designates hospitals, based on tier levels, as a Trauma, Stroke, or ST Segment Elevation Myocardial Infarction (STEMI) center. The TCD program is a state-only voluntary program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 190.185 and 190.241, RSMo (TCD program); Sections 197.010 to 197.120, RSMo (hospitals); Sections 197.285 to 197.297 RSMo (operation and management of hospitals); Sections 197.700 to 197.705, RSMo (medical staffing for licensed facilities); and Sections 197.150 to 197.165 and 197.293 to 197.294, RSMo (infection control). Federal Statutory and Regulatory Citations: Section 1864 of the Social Security Act and 42 CFR 482.1 to 482.104 (hospitals).

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

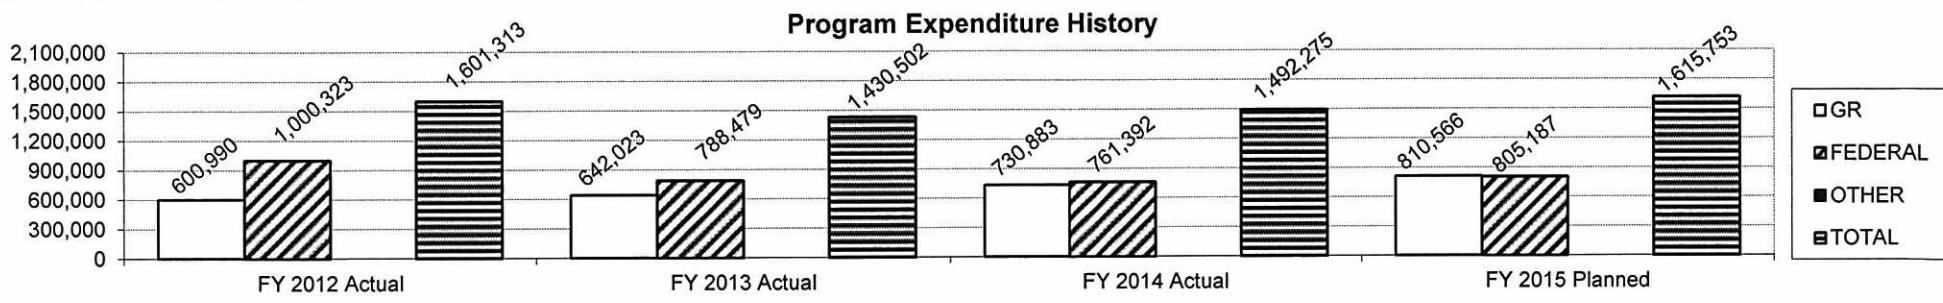

Yes, the hospital regulation program is mandated and under federal contract for its services.

1. What does this program do?

The mission of the Bureau of Narcotics and Dangerous Drugs is to maintain a registry of all entities and individuals that conduct activities with controlled substances and to identify the diversion or misuse of controlled substances without prohibiting their appropriate and effective use. This is accomplished through regulation of the distribution and use of these substances; enforcement of laws; and education of health professionals, other regulatory and law enforcement agencies, and the public. Registrants consist of physicians, dentists, veterinarians, pharmacies, researchers, hospitals, ambulatory surgical centers, and other entities. The registry database acts as a source for medical provider information during state emergency situations. Individual registrants pay a \$30 fee every year. Fees are deposited in the general revenue fund. The bureau is also responsible for implementing the pseudoephedrine tracking database.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

HB 2238 (2014) authorizes the use of hemp extract for the treatment of intractable epilepsy. The legislation requires the Department of Health and Senior Services (DHSS) to issue hemp extract registration cards to individuals or parents who are 18 years of age or older; are Missouri residents; and provide DHSS with a statement signed by a neurologist indicating the individual (or a minor in their care) suffers from intractable epilepsy and may benefit from hemp extract. The card applicant is required to submit an annual application and a fee established by the department that does not exceed the cost to implement the program. DHSS is required to maintain a record of each registrant and each minor receiving care from a registrant. DHSS is also required to promulgate rules, including rules that regulate the distribution of hemp extract by cannabidiol oil care centers to a registrant.

<p>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAPP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</p>									
<p>DHSS will require 2 FTE to implement the hemp extract program. One Health Program Representative III (HPR) will administer the program, including developing and maintaining the database into which applicant data will be entered, scanning and retrieving applicant data, working with a contracted physician to identify card holders no longer eligible for the program, printing and mailing the identification cards, and generating applicant and renewal reports. One Investigator II will be responsible for inspecting/investigating cannabidiol oil care centers regarding the distribution of hemp extract. DHSS will contract with a physician for the review of statements from neurologists to ensure applicants have the qualifying diagnosis and to provide other medical consultation to the program as needed. Calendar year 2012 data indicates that there were 313 inpatient and emergency room diagnoses for intractable epilepsy. DHSS estimates that 400 cards will be issued to patients and 800 cards will be issued to caregivers annually each year beginning in FY 2016. It is further estimated that a registration card will be mailed initially and with each renewal. A specialized printer is required to print the cards. Applications will be received in paper form and the program will scan all documents into an automated retrieval system.</p>

2. CORE DESCRIPTION					
<p>Core funding is requested for inclusion services to assist providers and families of children with special needs. The Section for Child Care Regulation promotes inclusive child care services for families and children with special needs by providing contract funding for inclusion services. These services include providing child care referrals to families of children with special needs, collaborating with child care providers to create new or convert existing child care openings for children with special needs, online and in-person training for child care providers, and on-site technical assistance when requested by parents or providers. Child care providers are also trained in an inclusion curriculum that teaches practical strategies as well as additional inclusion training sessions based on the surveyed needs of providers.</p> <p>Child care is a workforce issue. The availability of quality child care affects the labor pool and workplace productivity and is linked to increased school success, crime reduction, and a stronger economy. This contract funding helps support an important industry comprised of thousands of small businesses in Missouri. Families of children with special needs are part of Missouri's workforce and can remain productive employees when quality child care is available.</p>

1. What does this program do?

The Section for Child Care Regulation (SCCR) is responsible for the inspection, licensure, and regulation of child care programs in Missouri. SCCR staff conduct semi-annual inspections in licensed child care programs and annual inspections in regulated programs to monitor compliance with child care rules. SCCR staff also coordinate annual fire safety inspections conducted by the State Fire Marshal's Office. SCCR staff provide technical assistance to help child care providers achieve and maintain compliance with rules and conduct complaint investigations. SCCR also approves clock hour training for regulated child care providers and maintains a contract to provide inclusion services to assist providers and families with special needs children. Health consultation services for providers and families and sanitation inspections of providers are carried out by the Division of Community and Public Health in coordination with SCCR.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 210.199 to 210.275, RSMo; 45 CFR 98.40, 98.41 and 98.51.

3. Are there federal matching requirements? If yes, please explain.

Yes, funding for the inclusion program is provided through the Maternal and Child Health (MCH) Block Grant, which is matched at the departmental level.

4. Is this a federally mandated program? If yes, please explain.

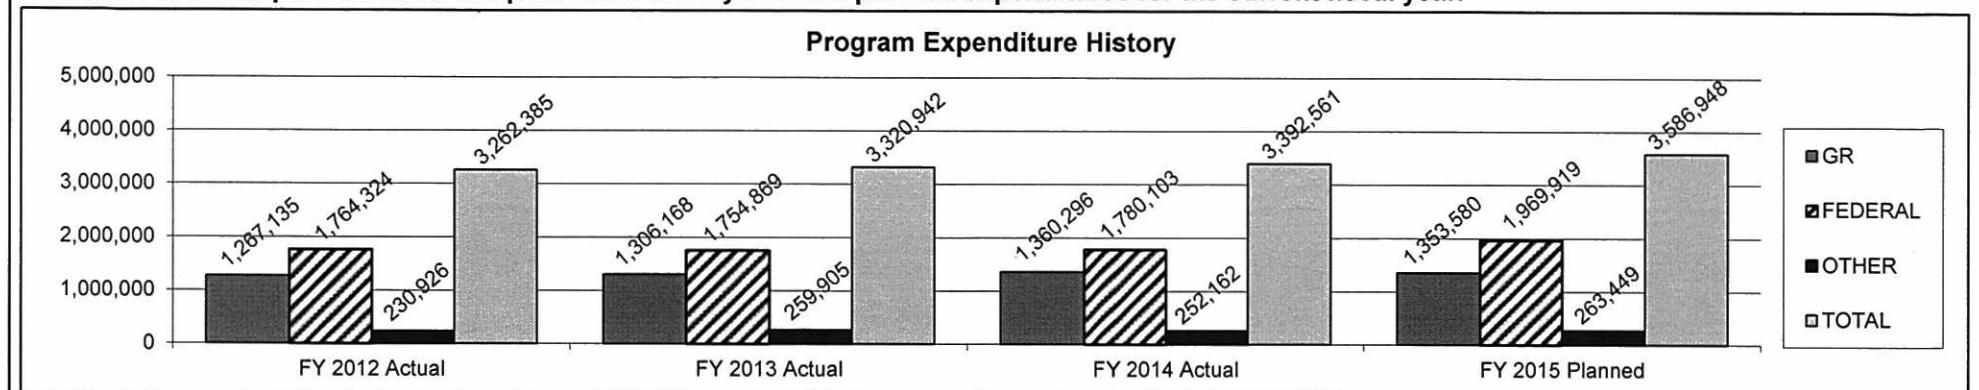

Yes, the SCCR receives federal Child Care Development Fund (CCDF) monies from the Department of Social Services (DSS) through a memorandum of understanding in order to improve the quality and availability of safe and healthy child care. DSS is the lead agency in Missouri for CCDF funding from the federal government. A minimum of four percent of the CCDF funds must be used to improve the quality of child care.

2. CORE DESCRIPTION

This core provides funding for staff and expenses to support the Missouri Health Facilities Review Committee. The Committee administers the Certificate of Need Program to achieve the highest level of health care for Missourians through:

- Cost containment;
- Reasonable access; and
- Public accountability.

This is accomplished through:

- Reviewing proposed health care services;
- Addressing community needs;
- Managing health costs;
- Promoting economic value;
- Negotiating competing interests; and
- Preventing unnecessary duplication.

1. What does this program do?

The Certificate of Need (CON) statute, Sections 197.300 to 197.366, RSMo, became effective September 1979. The statute is intended to address issues of community need, accessibility, cost containment, and other community health service factors.

The Missouri Health Facilities Review Committee's mission is to achieve the highest level of health for Missourians through cost containment, reasonable access and public accountability. This is accomplished by:

- 1) Reviewing proposed health care services;
- 2) Containing health costs;
- 3) Promoting economic value;
- 4) Evaluating competing interests;
- 5) Preventing unnecessary duplication; and
- 6) Disseminating health-related information to affected parties.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 197.300 to 197.366, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Supplemental funding is required to maintain Home and Community Based Services (HCBS) care plans currently authorized and provided to Medicaid participants receiving long-term care in their homes and communities. HCBS include Medicaid State Plan Personal Care, Independent Living Waiver, Adult Day Care Waiver, and the Aged and Disabled Waiver administered by the Division of Senior and Disability Services; and the AIDS Waiver; Medically Fragile Adult Waiver; and Healthy Children and Youth Program administered by the Division of Community and Public Health. Funding is requested to cover anticipated costs due to increased utilization, increased units of authorized service per client, and increased number of eligible individuals utilizing the program. This request is not associated with expansion of the program or eligibility requirements. The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 660.661-660.687, RSMo.

Missouri currently receives a temporary FMAP enhancement through the Balancing Incentives Payment (BIP) program to encourage choosing community-based long-term services and supports over institutional services.
