PROGRAM DESCRIPTION

Department: Social Services

Program Name: Family Support Administration

Program is found in the following core budget(s): Family Support Administration

1. What does this program do?

The Family Support Administration program provides funding for the salaries, communication costs and office expenses for the Central Office management and support staff. Administrative staff provide oversight, direction and general support for the Family Support Division's statewide public assistance and child support programs. The Office of the Director/Human Resources, Communications and Compliance, Customer Relations & Critical Analysis, Program and Policy, and Field Operations are all units in this area. Funding from this appropriation is used to support the implementation of new technologies, such as document imaging, and to support the expense and equipment costs of field offices. This core also funds administrative costs for TANF funded programs such the Summer Jobs Program and State Parks Youth Corps (SPYC).

The Family Support Division (FSD) is charged with administering a variety of public assistance and service programs. These programs include the following: Child Support, Temporary Assistance, Food Stamps, Food Distribution, Food Nutrition & Employment Training, Emergency Solutions Grant Program, Community Services Block Grant (CSBG), Energy Assistance, Refugee Assistance, Services for the Visually Impaired, MO HealthNet Eligibility, SCHIP Eligibility, Adult Supplementation, Supplemental Nursing Care, Supplemental Aid to the Blind and Blind Pension.

Office of the Director:

The Office of the Director is responsible for coordinating the writing and publishing of state regulations, reviewing legislation, developing and monitoring FSD's management strategies, coordinating fiscal functions with the Division of Finance and Administrative Services (DFAS), and distributing federal and state regulations to program managers. In addition, this unit evaluates statistical data for FSD programs, responds to inquiries from federal and state agencies as well as elected/appointed officials. FSD Human Resources is also administered under the Office of the Director. This unit manages personnel issues and is responsible for processing all Personnel Transaction Records (PTR's) for the Division's approximately 3,100 employees. The Human Resources Unit also administers, develops and distributes personnel policy and advises all managers on personnel actions.

Communications, Compliance, Customer Relations and Critical Analysis Unit:

This unit is responsible for FSD's communication efforts, customer relations, compliance and quality control functions, and division problem solving through critical analysis. Communication includes identifying and developing collaborative community partnerships, and continual improvement efforts for division wide communication. Compliance combines quality control, corrective action plan, management evaluation, program integrity, and currency review efforts. Customer Relations responds to constituent concerns, program recipients, providers and other interested parties. These responses are conducted through phone calls, written correspondence and personal contacts. Critical Analysis involves collecting and evaluating statistical data for all FSD programs, procedures and policies in an effort to minimize risk and improve program outcomes. In addition, this unit researches, develops and monitors implementation of special initiatives/projects and agency reorganization efforts.

Other functions include EBT, Food Nutrition and Employment Training, Food Assistance Programs, policy clearances, medical review team functions, corrective action plan, automated system development and maintenance, and numerous legislative, legal, and federal liaison functions. Program and Policy units include: Food Stamps Policy, MO HealthNet and Temporary Assistance Policy, Refugee Program, LIHEAP and CSBG Policy, Emergency Solutions, and FAMIS. Program and Policy also provides training for all IM Family Support staff. Please refer to the FSD Staff Training Program Description for a list and description of training provided.

IM Field Operations is responsible for management and oversight of the IM field offices statewide. These staff oversee IM County Managers for Income Maintenance programs. 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo. 207.010, 207.020; 45 CFR Chapter 111.

3. Are there federal matching requirements? If yes, please explain.

Family Support Administration federal fund reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around 47.2% federal (52.8% state match) or at the level as specified under federal law, such as Child Support IV-D (66% FF and 34% State) or Food Stamp Administration (50% FF and 50% state) if expenditures are allowed as reimbursable under that particular program. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate. In addition, some administrative expenditures may be pooled with other department administrative expenditures to earn an indirect federal fund reimbursement rate or may be used as Maintenance of Effort (MOE) to earn the TANF block grant and Social Services Block Grant (SSBG).

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet are considered federally mandated. Resources used to support other programs would be considered non-mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves.

Reverted: \$ 19,843 General Revenue

Reserves: \$ 8,200,000 Federal

Under this program, the Family Support Division has an office in each of the 114 counties and the City of St. Louis as required by law.

The Family Support Division is reorganizing its infrastructure, workflows and business processes to improve customer service outcomes and program performance and efficiencies. Over the next several years, infrastructure will transition by establishing resource centers in every county and in multiple locations in some counties and the metropolitan areas to ensure better customer access to the services provided by the division. Customers who need to conduct business in-person with the Family Support Division will be able to do so at resource centers.

The Family Support Division, through the reorganization initiative, will also establish processing centers across the state where the eligibility determination activities (i.e., the backroom case functions) will be processed to improve program integrity, efficiencies and performance.

Through funding appropriated for new technologies, the Family Support Division established a contracted call center to manage customer inquiries regarding Income Maintenance cases. This call center operates statewide and manages approximately 154,800 calls per month.

Currently, the Family Support Division is in the process of implementing two new technologies that will improve program performance and efficiencies:

- A new eligibility and enrollment system for income maintenance programs that will allow for streamlined workflows and business processes. Along with the new eligibility system, a new method of determining eligibility for Family MO HealthNet, called MAGI, was required by federal regulations. Eligibility determinations for these families are based on Modified Adjusted Gross Income (MAGI). MAGI is a methodology for how income is counted and how household composition and family size is determined.
- A new system called the Enterprise Content Management (ECM) system. This system will capture, manage, perform work-flow distribution tasks, store, preserve and deliver content and documents related to public assistance eligibility and enrollment processes. This project will support the new reorganization structure by creating efficiencies by allowing FSD workers to process applications and perform casework activities statewide regardless of their physical location and eliminate the need to maintain paper files thus allowing document retrieval to be instantaneous.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo. 207.010, 207.020, 208.400

3. Are there federal matching requirements? If yes, please explain.

IM Field Staff and Operations expenditures are reimbursable at the Income Maintenance time study rate of around 47.2% federal (52.8% state match) or at the level as specified under a specific grant such as MO HealthNet Administration (50% FF and 50% State) or Food Stamp Administration (50% FF and 50% State) if expenditures are allowed as reimbursable under that particular grant. The time study rate is determined by polling a select number of Income Maintenance staff. In addition, some expenditures may be used as Maintenance of Effort (MOE) to earn the TANF block grant and Social Services Block Grant (SSBG).

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet would be considered federally mandated. Resources used to support other programs would be considered non-mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves.

Reverted: \$ 586,411 (\$561,736 GR and \$24,675 Other)

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Electronic Benefits Transfer (EBT)

Program is found in the following core budget(s): Electronic Benefits Transfer (EBT)

1. What does this program do?

EBT provides for a statewide delivery system for Food Stamp and Temporary Assistance benefits. The EBT system has been a successful benefit delivery system, enabling recipients to use the same type of system used everyday by other consumers completing transactions with debit and credit cards. Inherent in the system is the availability of data that can be used to identify retailer and recipient fraud. This system supports the intended use of the benefits by maximizing the amount of benefits spent for legitimate purposes. The Family Support Division currently contracts with FIS/eFunds Corporation to coordinate the activities of this program.

Monthly cost per case	Current
Food Stamp only cases	\$0.59
Temporary Assistance only cases	\$0.57
Cases receiving both Food Stamps and Temporary Assistance	\$1.15

As required by SB 251, DSS, Family Support Division uses FIS/eFunds Corporations' Fraud Navigator product to block Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments which provide adult-oriented entertainment. Fraud Navigator also analyzes Food Stamp and Temporary Assistance transactions for possible fraudulent activity and provides alerts to the DSS, Division of Legal Services Welfare Investigations Unit. DSS pays \$10,000 per month for these services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo 208.182, Federal law: Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996; PL 104-193

3. Are there federal matching requirements? If yes, please explain.

Yes. The state match for over 90% of program expenditures is 50%. The remaining expenditures are allocated at the Income Maintenance time study rate that earns a federal rate collectively.

4. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193, PRWORA of 1996. Distributing Food Stamp benefits through this method is a federal requirement.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Eligibility Enrollment System

Program is found in the following core budget(s): Eligibility Enrollment System

1. What does this program do?

The Missouri Eligibility Determination and Enrollment System (MEDES) project encompasses the design, development and implementation of a federally certified system for the MO HealthNet, Food Stamp, Temporary Assistance, Child Care Assistance, and Low Income Energy Assistance programs. MEDES is being designed to meet the present and future needs of DSS and its clients. Since October 2013, Family MO HealthNet applicants can create web based user accounts and apply for benefits online through the Citizen Portal at mydss.mo.gov. In coming months they will be able to elect to receive notices of eligibility determinations or notice of additional information required in order to determine eligibility through their online accounts. As of January 2014, eligibility specialists have been making eligibility determinations for Family MO HealthNet programs based on the Modified Adjusted Gross Income (MAGI) through the Caseworker Portal. The inbound and outbound account transfers for the federally-facilitated marketplace were automated in September 2014. In addition, the DSS began implementing an electronic document management system (EDMS/FileNet) for integrating document imaging of case records with the MEDES system. The MEDES and EDMS will allow the Family Support Division to streamline workflows and business processes to improve program performance and efficiencies.

Conditional on federal approval to receive enhanced federal match on development costs, the DSS plans to continue adding additional programs and functionality such as plan selection and enrollment.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Title IV-A of the Social Security Act, Federal regulation: 45 CFR Part 95, 7 CFR Part 272 and 277

3. Are there federal matching requirements? If yes, please explain.

Yes, there is an Advanced Planning Document filed with the Centers for Medicare & Medicaid Services (CMS) detailing allocation of funding for MEDES development which will require regular updates throughout the development stages of the project.

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federally mandated programs such as Medicaid and Food Stamps would be considered federally mandated. Resources used to support other programs would be considered non-mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves.

Reverted: \$ 271,447 (\$241,447 General Revenue and \$30,000 Other)

Reserves: \$ 3,794,831 (\$369,206 General Revenue and \$3,425,625 Federal)

6. What are the sources of the "Other " funds?

Health Initiatives (0275)

7a. Provide an effectiveness measure.

Effectiveness during the design and implementation stages of MEDES can be measured by CMS certification and readiness reviews. Milestones can be measured by meeting functional milestones identified in the contract for system development. These include:

October 1, 2013	Citizen web portal, ability to accept applications
December 31, 2013	Interfaces, MAGI calculation, forms, annual review process
September 2014	Implemented inbound/outbound Account Transfer for the FFM
September 2014	Began implementing integrated electronic document management (FileNet) into MEDES case management

7b. Provide an efficiency measure.

N/A

7c. Provide the number of clients/individuals served, if applicable.

When fully operational, MEDES will contain information for approximately 900,000 Medicaid and 880,000 Food Stamp participants, 91,000 Temporary Assistance participants, 163,000 LIHEAP participants, and 36,000 child care participants.

7d. Provide a customer satisfaction measure, if available.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Community Partnerships

Program is found in the following core budget(s): Community Partnerships

1. What does this program do?

The twenty Missouri Community Partnerships are decision-making entities, broadly representative of a county or multi-county area, that partners with the department and other state agencies to plan, develop, finance and monitor strategies to achieve specific Core Result areas.

The Core Result areas include, but not limited to, the following:

- Children & Families Safe
- Children & Families Healthy
- Children Ready to Enter School
- Children & Youth Succeeding in School
- Youth Ready to Enter the Workforce & Become Productive Citizens
- Parents Working

Strategies used to meet these Core Result areas include:

- Actively involving communities in decisions which affect their well-being;
- Bringing services closer to where families live & children go to school;
- Using dollars more flexibly & effectively to meet the needs of families; and
- Being accountable for results

Community Partnerships design, implement and evaluate community strategies based on assessments. These entities also mobilize, leverage, and allocate resources for community-based services. Each Community Partnership responds to needs and issues that are specific to their particular community. They bring together other existing groups to work on filling the gaps in services without duplicating efforts.

Examples of the types of initiatives the Community Partnerships are involved in include:

- Partner with DSS to work on early childcare issues and work with daycare providers.
- Partner with DSS to provide Missouri Mentoring Programs.
- Partner work with the Missouri Re-Entry Project utilizing VISTA Volunteers.
- Partner with DSS to provide Independent Living Program services.
- Partner with DSS and Department of Corrections on the Parenting from Prison Pilot.
- Partner with DYS on transitional services for youth.
- Work on safety issues in their communities. Many are certified to inspect and install car seats. Some are working on drug and alcohol prevention campaigns.
- Work on health and dental health strategies for the local communities. Several have been instrumental in getting Federally Qualified Healthcare Centers (FQHC) in their areas as well as dental clinics and mobile dental clinics. The Community Partnerships partner with local agencies to accomplish these goals.
- Work with local schools on a variety of issues such as increasing graduation rates and decreasing discipline problems. They provide after school programming, summer programs, teen parent mentoring and job readiness trainings.

Missouri's Community Partnership sites include: Buchanan County, Butler County, Cape Girardeau County, Dunklin County, Greene County, Jackson County, Jasper and Newton Counties, Jefferson County, Knox and Schuyler Counties, Marion County, Mississippi County, New Madrid County, Pemiscot County, Pettis County, Phelps County, Randolph County, Ripley County, St. Louis City and County, St. Francois County and Washington County. It should be noted that each Partnership's sphere of influence goes well beyond its county.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Adolescent Program

Program is found in the following core budget(s): Adolescent Program

1. What does this program do?

Adolescent Boys Program

The 1996 federal legislation allows states to spend federal Temporary Assistance to Needy Families (TANF) dollars in "any manner that is reasonably calculated to accomplish the statutory purposes of providing guidance to young boys making the transition into adulthood". Boys ages 11 - 14 face a vulnerable time in their lives when society is providing them with many conflicting and confusing messages about adulthood and responsibility for their actions. Because this is a critical and transitional time in their adolescence, in the Adolescent Boys Program, boys are encouraged to adopt the values that will give them a positive head start to adulthood. These adolescent boys are more likely than girls to demonstrate unique difficulties in meeting the challenges of adolescence by having discipline problems in school, committing suicide, belonging to gangs, committing violent crimes, ending up in jail, engaging in binge drinking or becoming alcoholics and engaging in promiscuous behavior.

The Adolescent Boys Program reviews factors that put some youth at risk for teen pregnancy. To enhance the chances of success, planned interventions funded by TANF funds address the risk and/or protective factors contributing to teen pregnancy. Upon completion of the Adolescent Boys Program, these youth should have a better understanding and coping skills to deal with the physical changes occurring within their bodies, have respect for authority, friends and members of the opposite sex. They should have a greater appreciation of their freedom. The youth should have a better understanding of the importance of taking responsibility for the decisions that they make as it relates to planning for the future and how to deal with peer pressure. How they handle these challenges will determine the degree to which they become responsible, productive young adults.

Adolescent Girls Program

In FY15, funding was added to this core to include an Adolescent Girls Program. A Request for Proposal (RFP) will be issued February 2015.

3. Are there federal matching requirements? If yes, please explain.

Yes. There is a state MOE (Maintenance of Effort) required to earn the TANF block grant that pays for this program.

4. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Food Nutrition & Employment Training

Program is found in the following core budget(s): Food Nutrition & Employment Training

1. What does this program do?

Food Nutrition provides nutrition, physical activity, food safety and food budgeting education to food stamp eligible individuals, especially to households with children in the home, at-risk pregnant and parenting teens, youth and seniors through multiple approaches. Focus on behaviors to increase vegetable and fruit consumption, such as gardening and purchasing fresh produce at farmers markets, is included in the education provided throughout the state. The goal of the program is to teach participants how to make behavior changes through improved food resource management in order to achieve lifelong health and fitness.

Currently, the Department of Social Services partners with the University of Missouri to deliver education to targeted food stamp eligible individuals. This appropriation is used to pay the salaries, benefits, expenses and equipment for over 242 University of Missouri Extension employees who implement Food Nutrition by providing education regarding nutrition to low income Missourians. These positions fill various roles to deliver nutrition, health and physical activity education throughout the state of Missouri where Food Stamp recipients and eligibles live and work; however, there are over 13,000 agency personnel and University faculty and staff who also contribute to the SNAP Ed program.

In FY2015, the Missouri Employment Training Program (METP) funding was transferred into this appropriation from the Department of Economic Development (DED), Division of Workforce Development (DWD). This program, administered through a contract with the University of Missouri, provides Food Stamp participants opportunities to gain skills, training or experience that will improve their employment prospects and assist them to obtain and retain sustaining employment reducing their reliance on Food Stamp benefits. Programs offered as components of an employment plan may include, personal financial management education, job search education, business skills training, job retention training and career services. The program also pays for transportation and other supportive services to assist participants in obtaining and maintaining employment. The METP provides a focused approach, with one-on-one case management for the Food Stamp participants who participate in the program. This offers greater opportunities for participants to be successful in finding sustainable employment.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Food Nutrition - Federal law: Food Security Act of 1995 (P.L. 99-198), Hunger Prevention Act of 1996, PRWORA of 1996, 1997 Balanced Budget Reconciliation Act, RSMo. 205.960 Food and Nutrition Act of 2008; Healthy, Hunger Free Kids Act of 2010.

2. CORE DESCRIPTION

This appropriation provides cash assistance to needy families. Eligible families receive a monthly cash payment based on their income and family size, for a period of time not to exceed 60 months total in a lifetime.

The Federal Deficit Reduction Act of 2005 requires that 50% of a state's TANF caseload must participate in a federally defined work activity. States are expected to design programs to effectively address barriers such as mental health issues, addiction when participating in a treatment program, developmental or learning disabilities, limited English proficiency, and domestic violence. FSD contracts with outside vendors for direct case management of TANF recipients required to participate in work activities and is responsible for monitoring the vendors' performance and reporting outcomes to the federal government. The funding for the administration of the Missouri Work Assistance (MWA) Program is included in this appropriation.

Language in the department's appropriation bill allows funding for a \$50 per month, six month transitional employment benefit to those recipients going to work, helping recipients stabilize household incomes and transition to self-sufficiency. Additionally, paying a transitional cash benefit to former Temporary Assistance beneficiaries moving to employment will allow Missouri to capitalize on its job entry success by counting these individuals in its work participation rate calculation. The transitional employment benefit will be paid only if sufficient funds are available after providing the regular benefit.

The department was granted funding in FY13 to fund provisions required in HB 73 & 47 (2011). This funding enables the department to screen and test applicants and recipients of Temporary Assistance for illegal use of a controlled substance. The department has put into place the rules, system requirements, and contracts necessary to implement drug testing and began drug testing in March 2013. In 2013, SB 251 was passed, prohibiting the use of TANF funds at unauthorized locations and on restricted items.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Temporary Assistance

Program is found in the following core budget(s): Temporary Assistance

1. What does this program do?

Temporary Assistance (Temporary Assistance for Needy Families-TANF) provides cash assistance to families based on income and family size for a period not to exceed 60 months total in a lifetime with some exceptions. The state does extend assistance paid with federal funds beyond the 60 month limit on the basis of hardship (domestic violence, substance abuse, mental health or family crisis). Parents/caretakers are exempt from the lifetime limit if they are age 60 and over, or permanently disabled.

The four purposes of the TANF program are:

- To provide assistance to needy families to help keep children in the home;
- To end dependence of needy parents by promoting job preparation, work and marriage;
- To prevent and reduce out-of-wedlock pregnancies; and
- To encourage the formation and maintenance of two-parent families.

The Federal Deficit Reduction Act of 2005 requires that 50% of a state's TANF caseload must participate in a federally defined work activity. States are expected to design programs to effectively address barriers such as mental health issues, addiction when participating in a treatment program, developmental or learning disabilities, limited English proficiency, and domestic violence. FSD contracts with outside vendors for direct case management of TANF recipients required to participate in work activities through the Missouri Work Assistance program (MWA). FSD is responsible for monitoring the outside vendor(s) performance and reporting outcomes to the federal government. FSD has dedicated staff in the field to provide technical assistance and support to MWA service providers. These staff meet regularly with service providers to identify training needs, locate resources to coordinate removal of barriers, and provide continuous support for program and performance improvement. FSD worked with ITSD to develop a web-based case management system and began using that system in June 2012. In Fiscal Year 2014, the funding for the administration of the Missouri Work Assistance (MWA) Program was transferred from DED/DWD to FSD.

Language in the department's appropriation bill allows funding for a \$50 per month, six month transitional benefit to those recipients going to work, helping recipients stabilize household incomes and transition to self-sufficiency. The transitional employment benefit will be paid only if sufficient funds are available after providing the regular benefit.

The department was granted funding in FY13 to fund provisions required in HB 73 & 47 (2011). This funding enables the department to screen and test applicants and recipients of Temporary Assistance for illegal use of a controlled substance. The department has put into place the rules, system requirements, and contracts necessary to implement drug testing. Drug testing began March 2013.

In 2013, SB 251 was passed, prohibiting the use of TANF funds at unauthorized locations and on restricted items.

In the FY15 budget, TANF funding in this core was redirected to fund \$508,700 of the MO Mentoring program. In FY16, this amount is being transferred into the MO Mentoring core.

In addition to cash assistance and providing work support, TANF can also be used to provide other assistance through partner agencies such as Food Banks, tutoring programs and school assistance programs to support one of the four goals of TANF stated above. Examples:

- Jobs for America's Graduates (JAG) programs provide participants (in school or out of school) with classroom and work based learning experiences that result in a quality job leading to a career after graduation or completion of a High School Equivalency Test (HiSET).
- Funding to support Food Banks' efforts to provide services and food to low income individuals.
- LINC/Boys and Girls Club of America provide TANF eligible activities in after school settings to promote the health, social educational, vocational, and character development of youth. These programs provide Out of School Support such as homework help, general mentoring to school-age children, constructive leisure time activities and guidance under trained leadership.
- State Parks Youth Corps (SPYC) supports the participation of youth from low income households. SPYC provides these youth with the opportunity to gain valuable work experience to prepare for tomorrow's careers.
- Initiative bringing together business, government, and young people aging out of Missouri's foster care system to achieve mutually-beneficial goals. Through shared commitment and responsibility, the partners will address business demand for good customer service employees, meet public expectations for reliable and courteous service, get young people aging out of the foster care system started on meaningful career paths, and grow Missouri's middle class.
- Capable Kids and Families provides support in the form of home visitation services, networking group meetings and activities, connections to other agencies, and a one of a kind resource-lending program filling the gaps in services to families of young children with disabilities and/or developmental delays.
- Home Visitation programs partner with other community groups to provide education and other outreach to parents and children to reduce incidents of child abuse and neglect. This appropriation funds early childhood development programs targeting low income families and families with children under age three to ensure that these children have positive early childhood experiences both in and out of the home. These programs help prepare children to enter school ready to succeed and to reduce the potential for child abuse and neglect.
- Summer Jobs Program for low income youth in St. Louis and Kansas City assists the youth of low income families in the St. Louis and Kansas City metropolitan areas. Through partnering with local businesses and community leaders, and the Missouri Office of Community Engagement, the Summer Jobs Program will provide jobs for youth along with services that provide practical work experience and develop future job skills for those participating in the program.
- Funding to support tutoring and enrichment programs for children and youth who are part of TANF eligible families living in St. Louis City and St. Louis County school districts. DSS is contracting with the University of Missouri-St. Louis (UMSL) to work with local school districts and other stakeholders to leverage existing resources, including, but not limited to building space and equipment, to make our dollars stretch farther and serve more kids. The programs will compliment, rather than replicate other learning and development opportunities and tailor programming to individual participant needs, progress, interest and preferred learning style and ability.
- Other programs that meet the goals of TANF or for Emergency Assistance.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.040, Federal law: PL 104-193 and PRWORA of 1996

3. Are there federal matching requirements? If yes, please explain.

Yes. There is a state maintenance of effort required to earn the TANF block grant that pays for the program. Expenditures from other programs also provide state maintenance of effort required to earn the TANF block grant.

4. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193 and PRWORA of 1996.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Adult Supplementation

Program is found in the following core budget(s): Adult Supplementation

1. What does this program do?

Adult Supplementation provides a monthly cash benefit to targeted aged, blind and disabled persons. This program along with SSI provides supplemental payments to persons receiving less income than they were in December 1973 from prior supplemental programs. In conjunction with the SSI program, states are required to make Supplemental Payments (SSI-SP) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs. Those recipients who were not eligible for SSI, but whose incomes were less than their 1973 level also receive a supplemental payment from the State of Missouri equal to the difference in the income levels. These recipients are designated as Supplemental Payment Only (SP-Only) recipients.

Any claimant converted to SSI-SP or SP-Only remains eligible for medical care. No new cases can be added to this caseload and consequently it declines over time.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.030, Federal law: Section 1616 of the Social Security Act.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. Section 1616 of the Social Security Act. States are required to make Supplemental Payments (SSI-SP or SP Only) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs referenced above.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

This appropriation provides monthly cash benefits to eligible persons in residential care facilities and in non-Medicaid certified areas of Intermediate Care Facilities (ICF) and Skilled Nursing Facilities (SNF).

- Supplemental Nursing Care (SNC) provides monthly cash benefits for the use in paying for the care of eligible persons in Residential Care Facilities and in non-MO HealthNet certified areas of ICF/SNF Nursing facilities.
- The recipients have medical coverage under the MO HealthNet program.
- Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health. Senate Bill 418 (2007) modified the personal needs allowance for Supplemental Nursing Care program to equal the MO HealthNet vendor nursing facility personal needs allowance, which is currently \$50 per month. House Bill 395 (2009) specifies that beginning January 1, 2010, the allowance must be increased by an amount equal to the product of the percentage of the Social Security benefit cost-of-living adjustment and the average amount that MO HealthNet participants are required to contribute to the cost of institutionalized care but must not exceed \$5 in any year. Now that the allowance has reached \$50 a month, there will be no further increases unless authorized by annual appropriation.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Supplemental Nursing Care

Program is found in the following core budget(s): Supplemental Nursing Care

1. What does this program do?

The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in Residential Care Facilities, Assisted Living Facilities, non-MO HealthNet certified areas of Intermediate Care Facilities, and Skilled Nursing Facilities. These grants help low-income seniors and persons with disabilities afford adequate care and remain in a less restrictive environment for long term care, improving the quality of life.

An eligible adult, living in a licensed nursing facility and found medically eligible, may receive a maximum of \$390 monthly. If living in an assisted living facility, formerly known as a licensed residential care facility II (RCF-II), an eligible person may receive a maximum of \$292 monthly. An eligible adult, living in a licensed residential care facility I (RCF-I), may receive a maximum of \$156 monthly. Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health. Senate Bill 418 modified the personal needs allowance for Supplemental Nursing Care program to equal the MO HealthNet vendor nursing facility personal needs allowance, which is currently \$50 per month. House Bill 395 (2009) specifies that beginning January 1, 2010, the allowance must be increased by an amount equal to the product of the percentage of the Social Security benefit cost-of-living adjustment and the average amount that MO HealthNet participants are required to contribute to the cost of institutionalized care but must not exceed \$5 in any year. The current personal needs allowance of \$50 reflects an increase of \$5 that began on January 1, 2015. This is the fourth increase based on House Bill 395 passed in 2009. Now that the allowance has reached \$50 a month, there will be no further increases unless authorized by annual appropriation.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.016 & 208.030, Federal law: Section 1618 of the Social Security Act.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. Section 1618 of the Social Security Act, RSMo 208.030. It is an optional state program that provides monthly cash benefits for eligible persons in residential care facilities and in non-MO HealthNet certified areas of ICF/SNF nursing facilities. Federal law mandates that once a state exercises their option to operate a program it may not be terminated without losing all federal Medicaid assistance.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding provides assistance to two groups:

- 1) Assistance for blind persons who do not qualify under the supplemental aid to the blind law and who are not eligible for Supplemental Security Income benefits (Blind Pension Program); and
- 2) Assistance for blind persons who meet certain requirements with reasonable subsistence in accordance with standards developed by the Family Support Division (Supplemental Aid to the Blind Program).

A General Revenue (GR) pickup is requested to continue funding for the Blind Pension program. In prior years, the Blind Pension fund supported this request; however, revenues are no longer sufficient to support this program.

The revenue source for the Blind Pension Fund is 0.3% of each \$100 valuation of assessed taxable property in MO; however, these revenues have been decreasing and are no longer sufficient to provide the blind pension

State statute: RSMo. 209, 208.020, 208.030, Missouri Constitution, Article 111, Section 38 (6). Federal law: Section 1618 of the Social Security Act

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Governor Recommended:

General revenue pickup in the amount of \$2,430,277 is needed to pay monthly pensions to eligible blind recipients as Blind Pension revenues are no longer sufficient to support the Pension program.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Refugee Assistance

Program is found in the following core budget(s): Refugee Assistance

1. What does this program do?

Refugee Assistance is a program designed to help refugees become self-sufficient, productive citizens within the shortest possible time. By contracting with various entities, the Refugee Assistance program offers several services including: social adjustment, interpretation and translation, daycare for children, citizenship and naturalization, English as a Second Language, job placement and resettlement. In addition, support services such as cash and medical assistance are offered as a transition aid where necessary.

Refugees, Asylees, Cuban & Haitian entrants, certified victims of a severe form of trafficking and their family members pursuant to section 107(b)(1)(A) or the Victims of Trafficking and Violence Protection Act of 2000, and/or Permanent Residents who have held one of the above statuses in the past are all eligible for Refugee Assistance services for up to 5 years except for information/referral, translation and citizenship preparation, which are not time limited. Additional eligibles include certain Amerasians from Vietnam who are admitted to the United States as immigrants under Section 584 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act of 1988 as included in the FY88 Continuing Resolution and certain Amerasians from Vietnam including United States citizens under Title II of the Foreign Operations, Export Financing and Related Programs Appropriations Act as well as Iraqi and Afghan Special Immigrants per Sec 602 of PL 111-08 and Sec 8120 of PL 111-118.

The Refugee Social Services, Targeted Assistance Formula, and Targeted Assistance Discretionary focus mainly on employability skills to help the client become employed and economically self-sufficient as quickly as possible. This program serves refugees who have been in the United States less than five years and supports services that address participants' barriers to employment. These services are designed to enable refugees to obtain jobs within one year of becoming enrolled in services.

The Services to Older Refugees program ensures that refugees aged 60 and above are linked to mainstream aging services in their community, encourages them to obtain citizenship, and helps create opportunities to enable older refugees to live independently as long as possible.

The Refugee Health Connections Program assists refugees in attaining and maintaining health services essential to their overall well-being, as well as build capacity amongst health and wellness providers to assure a culturally knowledgeable level of care. Collaborative networks work primarily with recently arriving refugees facing health service access challenges and education regarding clinical and non-clinical prevention and intervention services, and health care provider training regarding cultural norms.

The School Impact program works with the Missouri Department of Elementary and Secondary Education to make the transition into schools smoother for refugee children and to enable them to achieve the state's standards of academic performance at a rate commensurate with that of the average of all children within a district. Services target school-age refugees between the ages of 5 and 18 years of age with program activities that include English as a Second Language instruction, after-school tutorials, programs that encourage high school completion and full participation in school activities, after-school and/or summer clubs and activities, parental involvement programs, bilingual/bicultural counselors, and interpreter services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes, it is federally mandated by the Refugee Act of 1980 and Public Law 96-212 and complies with the provisions of Title IV of the Immigration and Nationality Act and meets all the requirements of 45 CFR Part 400.

2. CORE DESCRIPTION

This core funds the Community Services Block Grant (CSBG) program. Activities made possible through the Community Services Block Grant program are part of the overall effort to impact causes of conditions of poverty that result in people becoming inadequately employed, educated, or housed; malnourished; in crisis situations; or in need of help to make the best use of their resources. Individuals whose family income is below the Department of Health and Human Services 125% poverty guidelines are eligible for CSBG programs. Federal statutes require that 90% of the CSBG funding be passed through to Community Actions Agencies (CAAs) and/or other not-for-profit organizations. A portion of the remaining funds is used for discretionary purposes such as contracts to targeted populations and poverty related issues such as for Indians, homelessness, and Community Action Agency {Results Oriented Management & Accountability (ROMA)} capacity building.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Community Service Block Grant

Program is found in the following core budget(s): Community Service Block Grant

1. What does this program do?

The purposes of the Community Services Block Grant (CSBG) are to reduce poverty, revitalize low-income communities, and to empower low-income families and individuals in rural and urban areas to become more fully self-sufficient. Activities to address and reduce poverty conditions such as unemployment, inadequate education, inadequate housing, inadequate available income, unmet emergencies and malnutrition are carried out by a network of local, non-profit Community Action Agencies (CAAs) and/or other not-for-profit organizations serving 114 counties and the city of St. Louis. See Attachment A for a current listing of CAAs. The CSBG is utilized by Community Action Agencies (multi-purpose organizations) to provide services based on locally determined needs. CSBG funds are coordinated with other federal, state, local, and private funds to support services and activities for low-income families and communities. Missouri Community Action Agencies use CSBG funds to provide a mix of the following services and activities: early childhood education, literacy, job training, transportation, utility assistance, emergency food, asset development, financial literacy, economic development and community development.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 660.370, Federal law: P.L. 105-285, Community Services Block Grant Act

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

PL 105-285. In the event that the Congress of the United States approves a block grant system to fund social programs, the state may, subject to appropriation, use such block grant funds or in-kind services to provide a level of financial assistance for CAAs to carry out community action programs through the community services block grants pursuant to the federal Community Services Block Grant Act and other such federal funding sources which may be appropriate. Federal statutes require that 90% of the CSBG funding be passed through to CAAs and/or other not-for-profit organizations. A portion of the remaining funds is used for discretionary purposes for contracts to increase Community Action Agency capacity and address targeted populations and poverty related issues such as Indians, seniors and those with disabilities.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

For the past several years, there has been an uncertainty in the amount of CSBG grant award that Missouri will receive due to the timing of the federal budget. At the beginning of a fiscal year, FSD releases the minimum amount expected to receive. When the final grant amount is known, FSD releases funds to amend contracts to obligate 100% of the grant. Due to the timing of when the final grant amount is known, most Community Action Agencies (CAA's) have chosen to carryover all or a portion of the amendment to use the next federal fiscal year (FFY). In addition, the CSBG grant has a 2 year grant life and given the uncertainty of the federal award amount, CAA's often carryover a portion of their prior year allocation to use the following FFY. This request is to increase the federal authority to allow for obligating federal grant carryover.

State statute: RSMo. 660.370, Federal law: P.L. 105-285, Community Services Block Grant Act

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? PROGRAM DESCRIPTION

Department: Social Services

Program Name: Emergency Solution Grant Program

Program is found in the following core budget(s): Emergency Solutions Grant Program

1. What does this program do?

This program provides funds to local units of government and/or non-profit homeless service providers for the provision of emergency shelter for Missourians who are homeless, services to prevent homelessness, and rapid re-housing of those that become homeless. The program is part of the continuum of care to enable homeless individuals and families, and those at risk of homelessness, to obtain or retain permanent housing and to prevent homelessness.

Funding is provided to non-profit community based and faith-based organizations to operate or renovate shelters and to provide case management, rent and utility subsidies and other social services that directly contribute to housing stability. Funding is provided through either direct contracts with non-profits, or through non-profit sub-contracts with local units of government (cities or counties). The Department partners/sub-contracts with the Missouri Housing Development Commission (MHDC) to issue competitive grants. Up to 7.5% of the grant can be used for administration costs such as reports, monitoring, and audits. The state and any grantees or sub-grantees share the 7.5% administrative funding. (Note: Local government and non-profit grantees/sub-grantees must match funding on a dollar-for-dollar basis. The federal government also contracts directly with metropolitan areas for additional ESGP funds.)

The Emergency Solutions Grant Program (ESGP) is a component of Missouri's Consolidated Plan for funding received from the Department of Housing and Urban Development.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: P.L. 100-77, Stewart B. McKinney Homeless Assistance Act

Federal law: P.L. 111-22, Division B, Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act)

3. Are there federal matching requirements? If yes, please explain.

Yes, matching funds are required of grantees (local units of government and non-profits) on a dollar-for-dollar basis.

The state can award grantees a waiver under certain conditions. The state does not provide any matching funds for this program other than a small portion to match administrative funds used for oversight and monitoring.

4. Is this a federally mandated program? If yes, please explain.

No. However, ESGP is a component of Missouri's Consolidated Plan for all funding from the Department of Housing and Urban Development.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Note: FFY 2014 Actual expenditures were \$2,999,844 funded partially with Federal Grants & Donations authority.

6. What are the sources of the "Other " funds?

N/A.

*Missouri's ESG program year is April 1 through March 31. Due to delays in federal funding, FFY11 (second allocation) and FFY12 funding were not awarded until calendar year 2013 so this is not an accurate reflection of persons served with FFY11 and FFY12 funds. Those numbers are reflected under FFY13. Due to delays in federal funding, FFY13 funds were awarded with an effective date of March 1, 2014.

**FFY13 was the first full year of the new Emergency Solutions Grant. Projections were revised significantly downward to reflect the additional cost involved in providing meaningful support (more intensive support for longer time periods) to families transitioning to permanent housing as directed by HUD in order to ensure future housing stability. Previous numbers were based primarily on persons served in shelters where funding was provided for operations.

The only services provided under these high numbers was a bed for a night and usually a meal. The smaller numbers now reflect HUD's goal of moving people out of shelters and into permanent housing by providing security deposits, rental and utility assistance, case management and other other services necessary to stabilize them in a permanent housing arrangement rather than simply bandaiding the problem with a night in a shelter. We anticipate shelter numbers will decrease and rapid re-housing numbers will increase as agencies move toward HUD's new goal of decreasing shelter stays by moving persons into permanent housing within 30 days.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This appropriation provides emergency shelter for Missourians who are homeless, services to prevent homelessness, and rapidly re-house those that become homeless. The Department partners with the Missouri Housing Development Commission (MHDC) to issue competitive grants directly to community and faith based organizations and/or to cities and counties that will provide services by subcontracting with community and faith-based organizations. The Emergency Solutions Grant (ESG) has 2 year federal spending authority, therefore in each fiscal year there are at least 2 years of federal awards contracted with MHDC.

The Division is requesting increased federal authority to expend the amount of federal funds made available for the Emergency Solutions Grant Program.

Federal law: P.L. 100-77, Stewart B. McKinney Homeless Assistance Act

Federal law: P.L. 111-22, Division B, Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act)

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Department Request:

The current core authority in this appropriation is no longer sufficient for the amount of federal grant funds available. An increase of \$1.5 million in federal appropriation is needed in order to fully utilize the federal funding.

Those numbers are reflected under FFY13. Due to delays in federal funding, FFY13 funds were awarded with an effective date of March 1, 2014.

**FFY13 was the first full year of the new Emergency Solutions Grant. Projections were revised significantly downward to reflect the additional cost involved in providing meaningful support (more intensive support for longer time periods) to families transitioning to permanent housing as directed by HUD in order to ensure future housing stability. Previous numbers were based primarily on persons served in shelters where funding was provided for operations.

The only services provided under these high numbers was a bed for a night and usually a meal. The smaller numbers now reflect HUD's goal of moving people out of shelters and into permanent housing by providing security deposits, rental and utility assistance, case management and other other services necessary to stabilize them in a permanent housing arrangement rather than simply bandaiding the problem with a night in a shelter. We anticipate shelter numbers will decrease and rapid re-housing numbers will increase as agencies move toward HUD's new goal of decreasing shelter stays by moving persons into permanent housing within 30 days.

2. CORE DESCRIPTION

This appropriation provides USDA-donated foods to children, needy adults and organizations to improve the nutritional status/health of program participants. Program funds are appropriated by Congress to purchase foods on the open market. USDA pays for the initial processing and packaging of the food and for transporting it to designated points (i.e. food banks) within each state. The Family Support Division (FSD) is responsible for ordering, storing, transporting and distributing food to public and private non-profit agencies. PROGRAM DESCRIPTION

Department: Social Services

Program Name: Food Distribution Programs

Program is found in the following core budget(s): Food Distribution Programs

1. What does this program do?

Through the U.S. Department of Agriculture Food Distribution Program, this program provides food to help improve the nutritional status of children and needy adults. The Food Distribution Program provides for the distribution of USDA-donated foods to charitable institutions (when food is available) along with food distribution to summer food service programs for children, disaster relief agencies and six non-profit food banks that provide emergency food assistance to needy persons/households and organizations providing meals for the homeless. The Family Support Division contracts with companies and non-profit organizations to store and transport the food.

The federal funding also provides for administrative services including allocation, warehousing, storage, delivery, accounting and federal reporting responsibilities.

The following are the totals of administrative funds paid to each of the six foodbanks during the months of July 2013 through June 2014 (SFY 2014):

Second Harvest Community Food Bank	\$ 97,056
The Food Bank for Central and Northeast Mo	\$ 145,332
Harvesters-The Community Food Network	\$ 252,273
Ozarks Food Harvest	\$ 221,331
Southeast Missouri Food Bank	\$ 125,736
St. Louis Area Foodbank	\$ 252,935
Total funds paid:	<u>\$1,094,663</u>

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 205.960-967, Federal law: P.L. 113-79, 110-246, 107-171, 104-193, 104-127, 100-435, 98-8, 93-86, 81-439, 74-320.

Federal Regulations: 7 CFR Part 250 and 251

3. Are there federal matching requirements? If yes, please explain.

There is no match for The Emergency Food Assistance Program (TEFAP) funding which is utilized in this appropriation. However, the State must provide a cash or in-kind contribution equal to the amount of TEFAP administrative funds received under this federal program and retained by the State for state level costs (employees, salaries, travel, equipment) which is paid out of FSD Administration. This typically amounts to 5 - 6 % of total Federal administrative funds.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Energy Assistance

Program is found in the following core budget(s): Energy Assistance

1. What does this program do?

Missouri's Low Income Home Energy Assistance Program (LIHEAP) is a block grant program. The objectives of LIHEAP are to help low-income people meet the costs of home energy, defined as heating and cooling of residences; to increase their energy self-sufficiency; and to reduce their vulnerability resulting from energy needs. The target population is low-income households, especially those with the lowest incomes and the highest home energy costs or needs. Additional factors taken into account for low-income households include family size, elderly, disabled, and families with children under five.

The program for low-income Missourians includes three components: Energy Assistance (EA) and Energy Crisis Intervention Program (ECIP) and Low-Income Weatherization Assistance Program (LIWAP).

Energy Assistance (EA)

- Provides financial assistance to households to help pay primary fuel source heating bills for Missourians during the months of October through March.
- The one time benefit amount is based upon household size, income and the type of fuel used for home heating.
- The Family Support Division (FSD) contracts with the Missouri Community Action Agencies and/or other not-for-profit organizations to determine eligibility and process applications.
- Application information, as well as documentation, is entered into the state EA data system that is web-based and secure for eligibility determination and payment processing.
- Payments are made by the DSS directly to energy suppliers and in a small number of cases to eligible clients. Less than 8% of funds are paid directly to clients.

Energy Crisis Intervention Program (ECIP)

- Provides financial assistance to households in a verifiable energy crisis.
- This funding is distributed to the LIHEAP contract agencies through formula to make payments directly to the energy supplier.
- Agencies can also request in their yearly plan a portion of the ECIP funding to help purchase or repair furnaces or air conditioners, to pay for emergency or temporary shelter, provide limited emergency services, and provide education and outreach.
- Winter ECIP can be used for primary or secondary fuel sources.
 - o Available from October through May based upon funding.
 - o Benefit amount is the amount required to resolve crisis.
 - o Maximum benefit amount is \$800.00
- Summer ECIP is primarily used to restore or prevent disconnection of services of a cooling utility source.
 - o Available from June through September based upon funding.
 - o Benefit amount is the amount required to resolve crisis.
 - o Maximum benefit amount is \$300.00.

Low-Income Weatherization Assistance Program (LIWAP)

- In Fiscal Years 2013 and 2014, one million dollars was transferred to DED for weatherization projects.
 - In Fiscal Year 2015, language was added to Appropriation House Bill 2011, providing ten percent (10%), up to \$7,000,000, be used for the Low-Income Weatherization Assistance Program (LIWAP) administered by the Division of Energy within the Department of Economic Development.
- Funding is administered by the Department of Economic Development (DED) under a MOU (Memorandum of Understanding) with DSS.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Domestic Violence

Program is found in the following core budget(s): Domestic Violence

1. What does this program do?

The Domestic Violence Program provides funding on a contractual basis to domestic violence shelters and programs throughout the state. The Division currently has 80 state and/or TANF funded contracts and 74 federally funded contracts with Domestic Violence shelters. These shelters provide residential facilities or transitional housing (through state appropriations only) for victims of domestic violence. These shelters are open continuously. The shelter must be capable of providing care (including provision of free daily meals) 24 hours a day, 7 days a week. The shelter must also assure a safe and protective environment for the victim and the victim's dependent children.

In addition, shelters must provide related services. Examples of related services include but are not limited to Hotline Calls, Crisis Intervention, Case Management, Legacy Advocacy, Professional Therapy, Support Group and Community Education. A brief explanation of these services follows:

Hotline Calls – Crisis Intervention, information and referral provided 24 hours per day, seven days per week by qualified, trained staff or volunteers. It cannot be an answering machine or a call back service. Calls can be from a third party.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Blind Administration

Program is found in the following core budget(s): Blind Administration

1. What does this program do?

Blind Administration provides for personal services, expense & equipment and communication costs for both field and central office staff to administer the Services for the Blind and Visually Impaired programs. Blind Administration is also responsible for the coordination and administration of Rehabilitation Services for the Blind (RSB) policies and procedures.

Rehabilitation Services for the Blind (RSB) administers seven programs designed to provide blind and visually impaired individuals with the opportunity to obtain employment commensurate with their goals and abilities, and to attain the independent living skills appropriate for each client. This funding supports a new case management system that allows for a more streamlined federal reporting process and provides an enhanced service delivery system to clients in a much more cost effective manner. This new system allows for RSB management to monitor and review client cases in real time and to audit client progress and initiate adjustments in their services if necessary. Please refer to Services for Visually Impaired narrative for more detailed information on each program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 8.051, 8.700-8.745, 207.010, 207.020, 209.010, 209.020, 178.160-178.180, 192.935, 167.195; Federal law: Randolph Shepard Act as amended through 1974, 34 CFR 395, Rehabilitation Act of 1973 as amended by Rehabilitation Act Amendments of 1992-Title VII-Part B and Chapter 2, Workforce Investment Act of 1998-Title IV, Rehabilitation Act Amendments of 1998.

3. Are there federal matching requirements? If yes, please explain.

Vocational Rehabilitation funding is 78.7% Federal and 21.3% State.

Independent Living Rehabilitation funding is 90% Federal and 10% State.

Older Blind Services (OBS) funding is 90% Federal and 10% State.

4. Is this a federally mandated program? If yes, please explain.

Yes, except for funding of Prevention of Blindness, Reader Services, Blindness Education Screening and Treatment (BEST) Program, and the Children's Services Program. See #2 above for the listed Federal statutes.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Child Support Field Staff and Operations

Program is found in the following core budget(s): Child Support Field Staff and Operations

1. What does this program do?

The Family Support Division (FSD) promotes parental responsibility. Whenever a child receives support from a non-custodial parent, that child's need for MO HealthNet benefits or Temporary Assistance benefits may decrease. Child Support Field Staff and Operations provides for the salaries, communication costs and office expenses for front-line worker, supervisory and support staff to operate the 16 Child Support Field offices located across the state of Missouri and central field support units.

The increasing number of single-parent households, the number of children living below the poverty level, and the changes in public assistance brought about by welfare reform have made the work by the FSD Child Support staff and its circuit clerk and prosecuting attorney partners more important today than ever before. Often child support is the safety net that helps prevent families from slipping further into poverty.

In Missouri, the Department of Social Services' FSD Child Support Program is charged with collecting financial support for children. The child support program is also charged with securing private health care coverage information, establishing and enforcing medical support obligations for children, and assisting with efforts to contain MO HealthNet costs by identifying possible third parties liable for medical costs. The program is administered from FSD's central office located in Jefferson City. The majority of case-carrying functions/responsibilities are carried out by state employees in FSD's field offices. An Office Manager manages each field office. One field office is a specialized intergovernmental unit where support is pursued for children who live in other states or countries, but whose non-custodial parents live in Missouri. This appropriation also funds a contracted call center and a contract for Mail processing, the case Initiation function, and a Document Management system (MIDM).

Paternity Establishment

Establishing legal paternity for children born out of wedlock is the first step in addressing the social and economic needs of children. FSD employs the genetic testing program to scientifically determine paternity. When paternity is presumed (for instance, the child was born of the marriage or genetic testing established a presumption), or legally established by court order or by affidavit signed by the parents, FSD may establish a child support order by using the administrative process. The resulting administrative order is filed with the circuit court, thereby becoming an order docketed by that court.

The goal of the program is to increase the percentage of children for whom paternity is established. Federal studies show that the best time for unmarried parents to acknowledge paternity of their newborn is at the hospital, immediately following the birth of the child. FSD has developed the In-Hospital Paternity Program (IHPP) at all of Missouri's birthing hospitals to provide hospital staff with comprehensive, on-site training, to assist them with offering new, unmarried parents the option of establishing paternity with the Affidavit Acknowledging Paternity. In SFY2014, there were 30,902 children born out of wedlock in Missouri. Of those children born out of wedlock in Missouri, 17,752 had paternity established through the affidavit. In SFY2014, approximately 91% of all affidavits came directly from birthing hospitals.

If the alleged father does not cooperate with FSD in determining his paternity through genetic tests or affidavit, FSD must use judicial processes to establish paternity and obtain a child support order. FSD staff refer such cases to prosecuting attorneys throughout the state.

Order Establishment and Modification

Missouri uses an "income shares" model to calculate the amount of child support obligation to be paid in the establishment of an order and the modification of an existing order. The guidelines take into account special circumstances such as daycare, expenses, health insurance premiums, other children of the parents, and extraordinary needs of the child or the parents.

Order Enforcement

Child Support staff monitor non-custodial parents' compliance with administrative and/or judicial support orders. Should a non-custodial parent fail to comply with his/her support order, FSD takes available, appropriate action to enforce the order. The division has a variety of enforcement procedures at its disposal, many of which can be implemented without judicial involvement.

Customer Service

Child Support experiences a high volume of customer inquiries. The call center manages child support customer inquiries from custodial and non-custodial parents with support orders. Centralized and privatized customer service creates efficiencies for the child support program by significantly increasing the amount of uninterrupted staff time devoted to collecting support and modifying support orders for families. Call center representatives provide callers with information on payments, debt balances, case status and child support processes, and also update the child support system with new information the callers provide. The call center is operational statewide and is managing approximately 73,400 calls per month.

FSD provides toll-free help-lines for the general public and for employers. Assistance is available for employers Monday through Friday, 8 a.m. to 5 p.m., to answer questions and help with child support concerns and problems. FSD also has a website to assist the public in learning more about the division and the services available. Through this web site, individuals may apply for child support services online, custodial parents can access an application to receive payments by direct deposit and non-custodial parents can access an application for auto withdrawal of support payments. FSD also provides a website for accessing information regarding payments and balances.

Mediation

The Family Support Division (FSD) supports the concept of providing mediation services to divorced or never married parents to resolve parenting disputes cooperatively to reduce or eliminate potential emotional trauma to children from parental conflict. Mediation services are designed to resolve issues relating to parenting time, custody, child support, transportation, health care coverage and health and safety of the children. Services must be provided to IV-D clients. However, only mediations discussing child support payments are eligible for the IV-D federal match.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Child Support Reimbursement to Counties

Program is found in the following core budget(s): Child Support Reimbursement to Counties

1. What does this program do?

The Family Support Division (FSD) partners with county governments of Missouri to increase the quantity and the quality of child support services provided to families. Most counties have entered into cooperative agreements with FSD to assist in executing child support services. The State of Missouri must provide services to any child of an individual who applies for child support services, and when requested, individuals not residing within the state must receive the same child support services as individuals residing within the state. FSD delivers child support services, to the extent possible, using administrative processes under the authorities granted in Chapter 454, RSMo. When administrative remedies are exhausted without successful outcomes or when administrative processes are not appropriate in the delivery of child support services, the division requests the assistance of prosecuting attorneys. Prosecuting attorney staff assist the Division by using judicial processes to establish paternity, establish support orders, prosecute and otherwise enforce support orders.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 454.405; RSMo. 210; 45 CFR Chapter III; 45 CFR Chapter 302.34

3. Are there federal matching requirements? If yes, please explain.

Yes. This program is partially funded by IV-D which requires a 34% state match.

4. Is this a federally mandated program? If yes, please explain.

Yes. 45 CFR 302.34 addresses cooperative agreements. Additionally, although Multi County Service Centers are not a mandate, these centers provide services that are mandated by the federal government.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves

Reverted: \$58,732 General Revenue

Reserves: \$1,755,968 (\$955,554 Federal and \$800,424 Other)

6. What are the sources of the "Other " funds?

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Distribution Pass Through

Program is found in the following core budget(s): Distribution Pass Through

1. What does this program do?

Provides a mechanism for the Department of Social Services (DSS) to manage certain types of collections and support payments to families and other payees.

Examples of payments for which this mechanism is used include:

- Disbursement of erroneously intercepted federal income tax refunds back to the non-custodial parent or non-custodial parent's current spouse; and
- Disbursement of federal tax monies and unemployment compensation benefits collected by DSS on behalf of families due child support.

In addition to payments from federal funds, this program provides for payments from the State's Debt Offset Escrow fund. The Family Support Division (FSD) identifies delinquent child support cases meeting certain criteria for intercept of non-custodial parents' state tax refunds and certifies the arrears owed. Occasionally, case scenarios change after the arrears are certified, or there is an error in identification, or in the calculation of the amount of arrears owed. The Debt Offset Escrow fund serves to distribute any state tax intercepts due families and to return erroneously intercepted state income tax refunds to the appropriate party.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 143.783, 143.784, 208.337, 454.400

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes, 45 CFR 303.72 applicable to return of federal offset and 45 CFR 303.102 for the Debt Offset Escrow

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

Debt Offset Escrow (0753)

7a. Provide an effectiveness measure.

This operational appropriation is a pass through funding source. Effectiveness measures are not applicable.

7b. Provide an efficiency measure.
