3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On May 18, 2016, the U.S. Department of Labor (USDOL) announced an overtime rule change to expand employee overtime protections. Effective December 1, 2016, employees making less than \$47,476 per year will earn time and a half pay after working 40 hours per week. The previous threshold was \$23,660 per year. In addition, the USDOL will index the income threshold every three years. State agencies will take steps to minimize the fiscal impact of this rule change; however, the current core budget may be insufficient to cover these additional expenses.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on instructions from the Office of Administration, DHSS calculated this amount by using the amount of additional hours worked in FY 2016 by employees earning less than \$47,476 that currently do not earn time and a half for overtime and multiplied this amount by half the hourly rate of these employees.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The director of the Department of Health and Senior Services facilitates the department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues.

The Director's Office staff provide administrative leadership, support, coordination, and oversight for the entire department. Within the Director's Office, the Office of General Counsel (OGC) provides legal support to all departmental units. OGC is also responsible for maintaining the Employee Disqualification List, which ensures that individuals that have committed acts of abuse, neglect, misappropriation, or falsification are not employed by health care agencies. The Office of Human Resources provides personnel management services and support for the department.

1. What does this program do?

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The director facilitates the department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues.

The Director's Office includes the department director, deputy department director, and other senior management staff that provide administrative leadership, support, coordination, and oversight for the entire Department of Health and Senior Services (DHSS). In addition, the department has centralized personnel and legal affairs in the Director's Office. The Director's Office also oversees the Employee Disqualification List (EDL) Program that manages all aspects of the statutorily mandated EDL process including complaint investigations indicating possible abuse, neglect, misappropriation of funds or property, or falsification of service delivery documents by employees of entities licensed under Chapter 197, RSMo (hospitals, hospice, home health agencies, ambulatory surgical units), long-term care facilities, in-home service providers, consumers, or vendors (Sections 208.912 and 208.915, RSMo). As a result of this centralized approach, DHSS is able to eliminate the need for the divisions to duplicate these services and processes.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 191.400, RSMo (State Board of Health); Chapter 192, RSMo (department); Section 660.062, RSMo (State Board of Senior Services); and Sections 197.500, 198.070, 198.090, 208.912, and 208.915, RSMo (Employee Disqualification List).

3. Are there federal matching requirements? If yes, please explain.

No.

PROGRAM DESCRIPTION

Health and Senior Services

DHSS Director's Office

4. Is this a federally mandated program? If yes, please explain.

The EDL Program fulfills the requirements of 42 CFR 483.13, 42 CFR 483.156, and 42 CFR 488.335 requiring a state procedure for reporting findings to licensing boards and adding indicators to the Nurse Aid Registry for certified nurses aids who have abused or neglected residents or misappropriated funds or property.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

Not applicable.

7a. Provide an effectiveness measure.

The Director's Office supports all DHSS programs. Effectiveness measures will be found in the division program sheets.

2. CORE DESCRIPTION

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services. The division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The Division of Administration processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assesses program performance and compliance with state and federal requirements; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the department; and works with the Office of Administration to manage building leases and related issues that arise with a workforce that operates from state office buildings and leased facilities spread across the state. Department-wide operating expenditures such as telecommunications, postage, vehicle fleet operations, copy machine repair, paper and envelopes, building security, and freight services are paid from the division's budget. The division also prepares the departmental budget submission and responds to budget-related inquiries and fiscal note requests from the Office of Administration and the legislature.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 58025C	DEPARTMENT: Department of Health & Senior Services
BUDGET UNIT NAME: Administration	DIVISION: Division of Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

The Division of Administration requests continuation of the 40 percent E&E flexibility between federal and other funds granted by the legislature for FY 2017. This flexibility will help ensure the division can maximize use of non-GR funding for operational expenditures and unforeseen circumstances.

1. What does this program do?

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services (DHSS). The division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The division processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assists with tracking and monitoring activities; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the department; and works with the Office of Administration (OA) to manage building leases and related issues that arise with a workforce that operates from locations across the state. The division also prepares the departmental budget submission and responds to budget-related inquiries and fiscal note requests from OA and the legislature.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 33, RSMo - State Financial Administration, Chapter 34, RSMo - State Purchasing and Printing, Section 37.450, RSMo State Vehicle Fleet Manager, 1 CSR 10.3.010 Preapproval of Claims and Accounts, 1 CSR 10.11.010 State of Missouri Travel Regulations, 1 CSR 10.11.030 State of Missouri Vehicular Travel Regulations, 1 CSR 30.4 Facility Maintenance and Operation, 1 CSR 35.2.030.2 Leasing, 2 CFR Chapter 1, Chapter 11 Part 200, et al. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Cooperative Agreement with OA for payment processing, DHSS Internal Control Plan, Cash Management Improvement Act of 1990 and 1992 (Funds Accounting), and state and departmental policies and procedures.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Department of Health and Senior Services (DHSS) must be able to refund monies to citizens and other organizations when necessary. Refund appropriations provide DHSS with the mechanism to process refunds in a timely manner. Examples of refunds processed include vital records, license application fees, on-site sewage disposal, construction permit fees, and DHSS training registration fees.

2. CORE DESCRIPTION

The Department of Health and Senior Services (DHSS) is authorized to receive federal and other funds for health-related purposes pursuant to Chapter 192, RSMo. The appropriation authority provided by this core is used by the department if new grant funding is received during the fiscal year and inadequate appropriation authority exists. The legislature and the Office of Administration are notified by DHSS prior to expenditure of such funds.

3. PROGRAM LISTING (list programs included in this core funding)

Federal Grants and Donated Funds.

2. CORE DESCRIPTION

The Division of Community and Public Health (DCPH) requests core funding to support its responsibilities to protect the health of Missourians. DCPH works with communities, local public health agencies (LPHAs), schools, organizations, and the healthcare delivery system to support and strengthen Missouri communities through disease prevention and control, access to essential healthcare, and health/wellness education. Programs in the division support Missouri's public health network consisting of 115 LPHAs that are locally governed and financially supported through local and state funds. Missouri's public health system is responsible for monitoring the disease trends of death and disability, health-related behaviors, and other factors that affect health. Along with community partners, DCPH identifies and monitors risks including personal behavior, communicable disease exposure, and the environment.

This core funding supports the personnel responsible for disease control, prevention and emergency response (TB, novel influenza strains, STDs, measles, West Nile, Zika); environmental health issues (foodborne illness outbreaks, radiological contamination, on-site sewage, retail food safety, food processing sanitation, lodging sanitation and safety, and childcare safety and sanitation inspections); Ryan White AIDS program; immunizations; newborn screening follow-up (PKU, cystic fibrosis, sickle-cell, etc.); adolescent and school age children's health (teen pregnancy, injury and violence prevention); newborn health (healthy pregnancy, breastfeeding, and home visiting); Children with Special Health Care Needs; Brain Injury Unit; Medically Fragile Adult Waiver; Healthy Children and Youth; Cancer and Chronic Disease Control (Wisewoman, heart disease, diabetes, asthma, arthritis, organ and tissue donation, etc.); tobacco prevention and cessation (Quitline); obesity prevention; Nutrition Services (WIC, Summer Food); the Missouri Vital Records System; and collection, analysis, and distribution of health data.

1. What does this program do?
 The Division of Community and Public Health Administration provides leadership, oversight, and general supervision for the division staff and programs/initiatives in accordance with the mission, goals, and values of the department and ensures compliance with state and federal laws and regulations. The division's administration provides public health emergency preparedness, fiscal management, policy development, personnel and human resource management, strategic planning, assurance of effective and efficient programs through performance management, program evaluation, and continuous quality improvement; customer/client satisfaction, and staff and resource development. The division's administration is responsible for approval of all contracts, grant applications, personnel actions, and non-routine correspondence with contractors, consumers, other external partners, and stakeholders.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 Provisions from multiple chapters of state statute and federal laws are applicable to the operations of the Division of Community and Public Health. State and federal authority for specific activities are included on the division's program description pages.

3. Are there federal matching requirements? If yes, please explain.
 Yes, for every two dollars of federal funding, there is a required one dollar state match for the Ryan White Grant. The Maternal and Child Health Block Grant requires a three dollar non-federal match for every four dollars of federal funds received, and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.
 No.

- 1. What does this program do?**
 The Bureau of Vital Records maintains the central registry of births, deaths, fetal deaths (after 20 weeks gestation, but before birth), reports of marriages, and dissolutions of marriages for the State of Missouri. The registry of births and deaths extends back to 1910, while the registry of marriages and dissolution of marriages extends back to 1948. The bureau also corrects vital records as authorized by law; files and issues certified copies of births, deaths, and fetal reports; issues statements relating to marriages and dissolution of marriages; and prepares new certificates for adoptions and legitimations. Other activities include providing confidential verifications to government agencies; conducting workshops for hospital personnel to ensure the complete, accurate, and timely filing of birth certificates and fetal reports; providing training and technical assistance to local registrars related to the issuance of certified copies of births and deaths; providing technical assistance, guidance, and workshops for funeral directors, medical examiners/coroners, and physicians to ensure that death records are filed promptly; and utilizing vital records data in the preparation and publication of vital statistics and for collaboration in approved studies. In addition, this bureau maintains the Putative Father Registry, which creates an official record of a man's intention to acknowledge paternity of a child born outside of marriage.

- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

HB 1599 (2016) allows adult adoptees to obtain a copy of their uncertified original birth certificate upon receipt of a written application and proof of identification. Section 193.128 RSMo, requires the state registrar to develop a contact preference form and medical history form. DHSS is to provide these forms to birth parents upon request and maintain the forms as a confidential communication between birth parents and adoptees. Requested information will be released to adult adoptees as prescribed by statute. Two additional positions are necessary to implement the provisions of this statute including responding to inquires for records, processing contact preference forms, medical history forms, and applications for uncertified original birth certificates. Without additional funding for these new duties, the length of time to provide citizens with vital records (birth and death certificates, marriage and dissolution of marriage, adoptions) will be significantly delayed.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Two Senior Office Support Assistant Keyboard positions will be required to meet the expected increase in workload. Inquiries and requests for copies of original birth certificates are expected to increase by approximately 3,780 requests annually (15 requests times average of 21 working days per month times 12 month/year). The position duties will include:

- ❖ Processing of original contact preference and medical history forms. This includes:
 - mailing forms and reviewing returned forms for accurate completion.
- ❖ Responding to inquires (telephone, mail, walk-in, electronic) and process applications for an uncertified original birth certificate, including providing the contact preference and medical history forms, if available. This includes:
 - searching archived files at an offsite location; and
 - redacting information as required by statute and indicated by birth parent contact preference forms.
- ❖ Processing updated contact preference and medical history forms. This includes:
 - searching archived files at an offsite location;
 - updating existing files to reflect the most current information; and
 - mailing forms and reviewing returned forms for accurate completion.

The associated expense and equipment costs (supplies, postage, computers, office equipment) are \$45,194, including \$13,214 of one-time costs.

2. CORE DESCRIPTION

The requested core funding is an investment in the 115 local public health agencies throughout Missouri and is essential to protecting the public's health. The local public health agencies are crucial partners with the state in providing public health services. This investment supports the delivery of services critical to the prevention of disease and the promotion of healthy families, lifestyles, and environments through an integrated and cooperative public health system. Monitoring disease incidence and responding to disease outbreaks (e.g., Hepatitis A, foodborne E-coli, and salmonella) is a primary responsibility. The public health system is vital in responding to public health emergencies and natural disasters by assuring safe food and water, identifying specific health needs within local communities, and mobilizing resources to address the needs.

Challenges are increasing daily due to global travel that brings new and unknown diseases to our doorstep. Newly emerging and re-emerging diseases such as Ebola and Zika viruses, pandemic virus strains, and Avian Influenza, as well as the resurgence of old ones (e.g., measles and whooping cough) and drug resistant diseases (e.g., tuberculosis) place new demands on the public health system to assure that such diseases or agents are recognized early and measures are taken to protect and promote the public's health and safety. The public health system is further challenged by chronic diseases such as diabetes, heart disease, and risk factors including obesity and tobacco use. Planning and implementing policies to reduce the burden of these diseases and risk factors improve the quality of life and decrease health care costs for Missourians.

1. What does this program do?

Local Public Health Services (LPHS) supports a public health presence in every city and county in Missouri. LPHS administers participation agreements that supplement local public health agency (LPHA) efforts to provide essential public health services (core functions). Supported services include surveillance, investigation, and intervention in threats to health, whether caused by disease outbreaks (such as influenza or Hepatitis A), emerging diseases, food borne illnesses (such as E. Coli, salmonella, etc.), bioterrorism, or chronic disease. The participation agreement also supplements local capacity to inspect retail food establishments and lodging facilities, respond to animal bites for rabies prevention, enforce regulations, provide health education, assess community health and health resources, and identify leading health and safety problems in communities. LPHS works to strengthen Missouri's public health system by determining capabilities and gaps; providing and coordinating technical assistance to local agencies; working with external partners to assure training opportunities for public health workers and their governing bodies; and setting standards of excellence in public health practice.

Maternal and Child Health (MCH) Services distributes federal MCH Title V Block Grant funds to local public health agencies through the MCH services contract. The contract purpose is to establish, within each local public health jurisdiction, a system that is capable of addressing targeted health issues for the MCH population of pregnant women, infants, children, and adolescents; women of child-bearing age; and children with special health care needs. Current health priorities addressed are prevention and reduction of injury, obesity, tobacco use, and adverse birth outcomes.

The Child Care Health Consultation program is a partnership between DHSS and the LPHAs to reduce disease and improve health and safety in child care settings. Health professionals from LPHAs provide health and safety consultation and education to child care providers and young parents of children in child care across the state. Health education is provided to young children in child care settings. Child Care Development Block Grant funding through the Department of Social Services, MCH Title V Block Grant, and USDA Child and Adult Care Food Program provide support for this state wide program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 167.181, 191.668, 191.677, 191.733, 192.020, 192.031, 192.072, 192.080, 192.090, 192.110, 192.510, 196.030, 196.045, 196.055, 196.240, 196.866, 196.951, 199.170-270, 199.350, 210.003, 210.050, 315.007, 322.140, 701.033, 701.326, 701.328, 701.336, and 701.343, RSMo (Disease Surveillance, Communicable Disease Prevention, Immunization, Environmental Public Health and Safety, Childhood Lead Poisoning Prevention); Social Security Act Title V Section 501-510.

Local Public Health Services (LPHS)

3. Are there federal matching requirements? If yes, please explain.

Yes, the LPHS core funding provides match for the MCH Services Block Grant that requires a three dollar non-federal/four dollar federal match and maintenance of effort. This funding also provides a 10 percent non-federal match for both the Public Health Preparedness and the Hospital Preparedness Program grants.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

Health Initiatives (0275) and Department of Health and Senior Services - Donated (0658).

7a. Provide an effectiveness measure.

Adolescent Health

Program is found in the following core budget(s):

	DCPH Program Operations	DCPH Programs and Contracts			TOTAL
GR	15,150	0			15,150
FEDERAL	257,074	2,186,539			2,443,613
OTHER	1,228	0			1,228
TOTAL	273,452	2,186,539			2,459,991

1. What does this program do?

The Adolescent Health program provides consultation, education, training, and resources to assist health professionals, school personnel, parents, adolescents, state agencies, and community and state organizations in addressing various adolescent health concerns. Staff consult across department programs to strengthen capacity and expertise in addressing the health of adolescents and their families. The Adolescent Health staff also provide leadership for the Council for Adolescent and School Health (CASH) to engage stakeholders and key agency decision makers on current adolescent issues and needs.

This program provides:

- Teen Outreach Program, which is an after school program with service learning opportunities that promote healthy youth development, improve academic outcomes, and protect adolescents from risk factors that contribute to teen pregnancy and other negative behaviors;
- Making Proud Choices and Becoming a Responsible Teen, which are evidence-based curriculums shown to promote healthy behaviors and delay negative behaviors;
- Abstinence programming including Choosing the Best (through 2016), Making A Difference; and Promoting Health Among Teens (starting in 2017);
- Consultation, training, and resources on best practices and evidence-based teen pregnancy prevention education programs and current adolescent health issues; and
- Health education curriculum resources for educators of teens and young adults.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 167.765, 167.682, 170.15 and 192.025, RSMo.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Title V Maternal and Child Health Services Block Grant partially supports this program and requires a three dollar non-federal match for every four dollars of federal funds received. This grant also requires maintenance of effort. The Abstinence Education Grant Program also requires a match of at least 43 percent of the project's total cost with non-Federal resources, which is met with local partner funds.

4. Is this a federally mandated program? If yes, please explain.

The Title V Maternal and Child Health Block Grant requires the state to address the Adolescent Health Domain for the 2016-2021 project period.

Adult Brain Injury Program (including Missouri Brain Injury Advisory Council)

Program is found in the following core budget(s):

	DCPH Program Operations	DCPH Program and Contracts								TOTAL
GR	172,731	1,717,878								1,890,609
FEDERAL	128,499	1,649,766								1,778,265
OTHER	4,669	597,445								602,114
TOTAL	305,899	3,965,089								4,270,988

1. What does this program do?

The Adult Brain Injury (ABI) Program assists Missouri residents ages 21 to 65 who have survived a traumatic brain injury (TBI). The goal of the ABI Program is to enable TBI survivors to obtain the highest possible level of independent living, community participation, and employment. The ABI Program provides service coordination and community-based provider rehabilitation services, develops and monitors the participant's individualized goal-directed plan of service, and builds natural support systems that result in successful re-integration into the community. The program provides staff support to the Missouri Brain Injury Advisory Council, which is charged with the responsibility to develop, recommend, and coordinate policies to prevent TBI and to restore independent and productive lifestyles after TBI. The program staff also manage a TBI grant from the U.S. Department of Health and Human Services that focuses on TBI system change initiatives and public awareness. While 100 percent of the Adult Brain Injury Fund and the general revenue programmatic funding is used for services for individuals, the TBI federal grant may not be used for the provision of services. The Brain Injury Unit is currently working on an application for a Brain Injury Waiver (BIW) through Centers for Medicare and Medicaid Services (CMS) with the expectation of a FY 2017 implementation date. The Brain Injury Waiver will serve individuals ages 21 to 65 that have been diagnosed with a TBI and meet nursing home level of care. The BIW will provide the following services: applied behavioral analysis (ABA), assistive technology, environmental/home modification, physical therapy, speech therapy, occupational therapy, personal care (above state plan) and neuropsychological evaluation.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.735-192.745, 199.003-199.009, and 304.028, RSMo; Title XIX of Social Security Act.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Brain Injury Waiver (BIW) funds appropriated from general revenue are matched by federal funds according to the standard Federal Medicaid Assistance percentage (FMAP) rate for the BIW services.

4. Is this a federally mandated program? If yes, please explain.

No, however to receive the federal TBI grant, an advisory council must be in existence.

1. What does this program do?

The Immunization Program works to increase immunization rates in order to protect Missourians against vaccine-preventable diseases based on the recommendations of the Centers for Disease Control and Prevention (CDC). The program provides vaccines to eligible children and adults through the federal entitlement Vaccines for Children (VFC) Program and Section 317 funding; education and immunization record assessments for health care professionals to increase coverage rates; a central immunization registry, ShowMeVax; immunization tracking and conducts immunization validations mandated for school and child care; forecasts need and manages centralized vaccine inventory, purchasing, and shipping; and gives technical assistance to providers and the general public regarding vaccine recommendations, vaccine safety, schedules, and other general vaccine information. The Immunization Program also focuses on the provision of services to prevent and control influenza outbreaks in vulnerable populations through immunization of VFC/317-eligible children and some adult populations. The program is an integral participant in pandemic influenza planning.

TOTAL	1,097,639	2,477,559					3,575,198

1. What does this program do?

Chronic diseases such as cancer, heart disease, stroke, diabetes, arthritis, and asthma account for the bulk of public and private health care costs and have costs associated with lost productivity, disability, and death. In the U.S., 75 percent of health care costs are related to treatment for chronic diseases. Cancer affects three out of four Missouri families and one out of every five Missourians has cardiovascular disease. The Chronic Disease Program supports the prevention and control of chronic diseases through initiatives to control blood pressure and cholesterol, promote health screening and early detection of disease, increase knowledge of signs and symptoms of heart disease and stroke, reduce health disparities, improve the quality of school health services, and provide quality chronic care management. Activities of the chronic disease control programs include:

- Assess the burden of cancer, heart disease, stroke, diabetes, arthritis, osteoporosis, asthma, and other chronic diseases;
- Raise awareness of chronic disease by increasing screening and early detection of chronic diseases;
- Support evidenced-based and self-management programs for people with chronic diseases;
- Support quality improvement initiatives in the healthcare system to improve chronic disease care;
- Provide professional education opportunities and technical assistance related to chronic disease prevention for physicians, nurses, and allied providers;
- Maintain the Missouri Organ and Tissue Donor Registry to increase the number of people who receive life-saving transplants;
- Evaluate the effectiveness and efficiency of the Chronic Disease Program; and
- Collaborate with advisory groups, partners, stakeholders, schools, and the public to reach as many Missourians as possible.

TOTAL	1,775,485	552,816	893,979		3,222,280

1. What does this program do?

The role of the Bureau of Communicable Disease Control and Prevention (BCDCP) is to protect the public through improved preparedness and the investigation, prevention, and control of ninety-one reportable communicable diseases and conditions of public health significance in Missouri. In addition, BCDCP responds to emerging diseases such as Ebola, multi-drug resistant tuberculosis, and emerging Influenza virus infections. The program maintains two statewide surveillance systems, WebSurv and ESSENCE. WebSurv captures individual disease case reports while ESSENCE captures selected information gathered electronically from hospital emergency room visits. Analysis of case reports from WebSurv and chief complaints from ESSENCE assists in identifying trends, emerging conditions/issues, and early event detection. There are currently federally funded prevention programs in place for Tuberculosis (TB), food borne disease programs, ESSENCE, and public health preparedness in addition to the general communicable disease control program that is funded through state general revenue. The TB Program provides case management services to TB disease and latent cases through the local public health agencies. TB medications are provided at no cost to patients.

The BCDCP programs investigate the cause, origin, and method of transmission of communicable diseases in order to implement appropriate disease control and prevention measures. These include case/contact identification, testing, treatment, and source identification. BCDCP provides training and technical assistance to local health officials to prevent communicable diseases in their communities and rapidly respond to outbreaks of infectious disease when identified. BCDCP coordinates with government at all levels, community organizations, hospitals, health care providers, and the media to implement control measures and educate the public during local, statewide, national, and worldwide outbreaks of communicable diseases. Additional activities include community planning and response for emergencies such as bioterrorism, pandemic influenza, and natural disasters such as flooding and earthquakes. The program staff are responsible for public health surveillance, disease investigation, and disease-related community education associated with these events.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

- 1. What does this program do?**
 The Bureau of Community Health and Wellness utilizes a multi-program approach to improving the lives of Missourians. The bureau's programs implement various evidence-based interventions designed to reduce tobacco use and exposure to second hand smoke, improve school health services, prevent intentional and unintentional injuries, and increase physical activity and healthy eating throughout the lifespan. Program staff provide training and technical assistance to local public health agencies and other stakeholders, while also providing resources and programmatic support to implement and evaluate evidence-based interventions. These interventions are implemented in communities, early care and education settings, schools and worksites by staff and contractors working to reduce tobacco-related deaths, injured children and obesity, and delay the onset of chronic diseases, which ultimately reduces the economic impact on the health care system.

1. What does this program do?

The Environmental Public Health Programs reduce the risk of disease and illness in Missouri by implementing and assuring appropriate sanitation and safety practices through inspecting and licensing of lodging establishments and frozen dessert machines; permitting construction of on-site wastewater treatment systems; and training and registering on-site wastewater treatment system installers and inspectors. The programs also inspect restaurants, grocery stores, bakeries, and food manufacturing/processing plants; respond to food recalls; and inspect summer food sites for children. These activities include a Rapid Response Team that is activated in the event of a significant food-borne illness outbreak. In addition, the programs are responsible for the annual health and sanitation inspections of child care facilities and those operated by religious organizations. Many sanitation inspections are conducted through contracts with Local Public Health Agencies.

The Environmental Public Health Programs also provide information and technical support to the public and to regulatory agencies on a variety of issues related to hazardous substance exposures and conditions. The programs assess risks, determine appropriate clean up levels, and educate communities on exposure reduction for hazardous substances at hazardous waste sites and through emergency planning activities and response. Staff also sample residential drinking water wells that may be affected by hazardous substances. When warranted, environmental epidemiology studies are conducted. The programs evaluate exposure to radon in schools and homes. Technical assistance is provided to assist in diagnosing indoor air quality and other healthy indoor environmental issues. The programs also accredit lead abatement training programs; license lead abatement professionals and contractors; monitor lead abatement projects and training programs; and provide lead-safe work practices information and presentations to parents, homeowners, property owners, remodeling professionals, schools, etc. An annual fish consumption advisory provides information to the public on contaminants in fish and safe fish choices. The programs assure that at-risk children are tested for lead poisoning and receive appropriate environmental and medical follow-up, as well as provide lead health education to parents, medical providers, and others on the importance of blood lead testing and reporting. Data on environmental health hazards, exposure to the hazards, and health effects related to those hazards is collected, integrated, and analyzed. In addition, the programs have a team of professional staff who are trained and prepared to respond to incidents involving radioactive materials, conduct inspections of radioactive shipments, and provide technical assistance for first responders and community partners.

1. What does this program do?

All infants born in Missouri are screened for 73 disorders within the following categories: congenital adrenal hyperplasia, cystic fibrosis, congenital primary hypothyroidism, classical galactosemia, amino acid disorders including phenylketonuria, organic acid disorders, fatty acid disorders, lysosomal storage disorders, biotinidase deficiency, hemoglobinopathies, critical congenital heart defects, and hearing. Infants who have abnormal screening results are tracked to ensure that either a repeat newborn screen or a confirmatory test has been completed. Beginning in January 2014, newborns have been screened by the birthing hospitals for critical congenital heart disease and the results are voluntarily reported to the Newborn Screening Program. The Genetic Services Program provides screening, diagnostic evaluations, treatment, and counseling to Missourians with genetic conditions. A referral network connects Missourians in need of genetic services with appropriate healthcare providers. This funding also provides treatment services for adults with cystic fibrosis, hemophilia, sickle cell disease, and provides dietary formula for children and adults with metabolic conditions. The Metabolic Formula Program provides metabolic formula based on program eligibility. All third party payers must be utilized before reimbursement is considered.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 191.300 - 191.380, RSMo (Adult Genetics and Metabolic Formula); Sections 191.331 - 191.332, RSMo (Newborn Blood Spot Screening); Sections 191.925 - 191.931, RSMo (Newborn Hearing Screening); Section 191.334, RSMo (Newborn Critical Congenital Heart Disease Screening-Chloe's Law); and Title V Social Security Act, Maternal and Child Health Services Title V Block Grant Sections 501-510.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Services Title V Block Grant partially supports this program and requires a three dollar non-federal match for every four dollars of federal funds received. This grant requires maintenance of effort.

 ***Net savings information is from the US Congress Office of Technology Assessment: "Newborn Screening for Congenital Disorders," 1988, \$93,000 cost per case detected in 1986 dollars. Cumulative medical cost inflation was derived using the U.S. Government Consumer Price Index, medical cost data, from 1986 through 2015. Net savings for CY 2015 for PKU and congenital hypothyroid (CH) is based upon nine PKUs and 27 CHs x \$339,956 (cost per case detected) = \$12,238,416. Net savings is less for CY 2015 than previous years due to fewer cases of CH detected than in previous years.

1. What does this program do?

The bureaus of Vital Statistics and Health Care Analysis and Data Dissemination collect, analyze, and distribute information that promotes better understanding of health-related issues and needs in Missouri, and spotlights progress achieved in the general health status of Missourians. The bureaus are stewards of data that aid and guide the planning, development, and evaluation of programs and services of the department in addition to related activities of other agencies, institutions, and organizations. While the data collected are primarily valuable to help address Missouri health issues, much of the activity of the Bureau of Vital Statistics is coordinated with the National Center for Health Statistics, which facilitates the collection of comparable data across all states to form a picture of the health status of the nation.

The bureaus also provide statistical and analytical support to all state public health programs and serve as the primary data resource for state and local health planning efforts. The bureaus coordinate the acquisition, analysis, and publication of health data and statistics on the department's website. The types of data published include, but are not limited to, births, deaths, injuries, health conditions and health status measures, and health-care associated infections. The majority of these data are compiled from patient abstract records reported by hospitals and ambulatory surgery centers and vital records. Additional data such as health manpower statistics, hospital revenues, and other financial data are compiled from information obtained on annual surveys submitted by individual practitioners and facilities.

The Missouri Information for Community Assessment (MICA) System was developed and is currently being maintained and expanded in an effort to increase health data transparency and accessibility. MICA is an interactive web-based data query system that provides access to summary statistics on a wide spectrum of health conditions and health status measures in tabular and graphic formats. Users may generate data tables or maps by year of occurrence, age, gender, race, county or zip code of residence, and other variables as appropriate. This tool allows state programs and community partners to efficiently obtain information essential for identifying health concerns and opportunities for improving the health status of Missourians.

1. What does this program do?

The Human Immunodeficiency (HIV), Sexually Transmitted Infections (STI), and Hepatitis (HSH) program provides HIV, STI, and Hepatitis prevention, education, testing, treatment, and linkage to care services. The primary goals are stopping the spread of infection, preventing re-infection, and preventing poor health outcomes. HSH staff, contractors, and community partners serve individuals infected with or affected by HIV, STI, and Hepatitis, individuals at risk of becoming infected, and the general public. HSH provides a range of programs and services to help meet the needs of individuals and communities affected by HIV, STI, and Hepatitis. These programs include:

Testing and Screening - provides screening and testing resources for specific, disproportionately affected populations who are underinsured or uninsured.

Health Education/Risk Reduction - provides training, awareness materials, and education to those at risk for HIV, STI, and Hepatitis, as well as to the general public and community providers who serve large numbers of those at risk for such infections.

Community Planning - ensures coordination and collaboration with statewide HIV, STI, and Hepatitis service providers and consumers to determine program priorities and to ensure efficient use of limited resources.

Partner Services and Treatment Verification - provides disease information and risk reduction counseling, elicitation of sex and needle sharing partners, and confidential notification of exposed partners to offer counseling, testing, and referral for treatment and care.

Viral Hepatitis Prevention - provides education and awareness for hepatitis B (HBV) and hepatitis C (HCV), including information on disease transmission, disease process, diagnosis, and treatment. Information is provided to clinical and social service providers, infected/affected individuals, and the general public. The program includes perinatal HBV case management which ensures that infants born to HBV positive women receive timely and complete vaccination in order to prevent infection.

HIV Care Services/Case Management - provides access to HIV medical care, medication, and related services for low income Missourians living with HIV. The program includes the AIDS Drug Assistance Program (ADAP), HIV Medical Case Management, and a range of core medical and support services aimed at reducing barriers to engagement in HIV medical care.

Surveillance - HSH coordinates with the Bureau of Reportable Disease Informatics (BRDI) to collect, report, and analyze relevant data to determine trends and inform HSH program priorities.

1. What does this program do?

The Newborn Services program promotes healthy birth and child outcomes. Newborn Services increases awareness of the importance of early entry into prenatal care through providing educational activities; developing and promoting brochures/booklets; exhibiting at events; creating and sending text messages through the Text4Baby; posting multi-media messages to promote the importance of preconception and interconception care; promoting the use of folic acid to reduce birth defects; promoting avoidance of smoking, alcohol, and other drugs; and promoting breastfeeding and other healthy behaviors. This program analyzes the cause of maternal deaths and develops interventions to ameliorate causes through the Pregnancy Associated Mortality Review (PAMR) project. Safe Cribs for Missouri provides a safe portable crib along with two educational sessions on safe sleep practices for low-income families. Sexual Assault Forensic Examination-Child Abuse Resource and Education (SAFE-CARE) funds child abuse medical resource centers that provide training, support, and mentoring to SAFE-CARE medical providers. TEL-LINK offers a confidential, toll-free Maternal Child Health Information and Referral Line (1-800-TEL-LINK or 1-800-835-5465) that connects families with health related programs and services. Maternal and Child Home Visiting provides home visiting services to the maternal-child population by providing evidence-based home visitation model services to prenatal and postpartum women and their infants and children (up to age five) that have been identified to be at-risk for poor pregnancy and infant health outcomes. Program goals include improved maternal and prenatal health; healthier birth, growth, and development outcomes; and increasing school readiness.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.060, and 192.067, RSMo (Pregnancy Associated Mortality Review); Sections 191.725, 737, and 743, RSMo (Perinatal Substance Abuse); and the Federal Omnibus and Reconciliation Act (OBRA 89) (Maternal Child Health Information and Referral Line TEL-LINK Section 192.001.1, RSMo). It also includes: Social Security Act, Title V, § 511(c) Maternal, Infant and Early Childhood Home Visiting Programs (42 U.S.C. § 711(c)), as added by § 2951 of the Patient Protection and Affordable Care Act (P.L. 111-148).

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Block Grant (Title V) supports this program, partially, with a three dollar non-federal match for every four dollars of federal funds received, and maintenance of effort. The Home Visiting programs require maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

Yes, Federal Omnibus and Reconciliation Act (OBRA 89) and Maternal Child Health Information and Referral Link (TEL-LINK) and Social Security Act, Title V, § 511(c) Maternal, Infant and Early Childhood Home Visiting Programs (42 U.S.C. § 711(c)), as added by § 2951 of the Patient Protection and Affordable Care Act (P.L. 111-148).

TOTAL	1,224,388	1,481,259	50,602				2,756,249

1. What does this program do?

The Office of Epidemiology (OOE) provides epidemiologic leadership and expertise for the division, the department, local public health agencies, other stakeholders and partners to guide public health practice. OOE monitors health status and health risk behaviors through effective use of public health surveillance; plans and evaluates public health programs; promotes evidence-based public health interventions; tests and researches public health interventions; provides epidemiologic and medical consultation; and conducts epidemiologic teaching and training. OOE coordinates functions to assist in achieving better health outcomes through grant development and management of the Missouri Cancer Registry (MCR) and State Systems Development Initiative Grant. OOE provides key analytical and epidemiological support towards the development of several department block grant application and objectives/targets for various national and state performance measures. OOE also leads evaluation of community health programs, performs statewide need/capacity assessments, and develops contracts to support major surveillance systems managed by the department, such as the Behavioral Risk Factor Surveillance System (BRFSS) and the Pregnancy Risk Assessment Monitoring System (PRAMS). BRFSS is a U.S. Center for Disease Control and Prevention (CDC) funded state-based telephone health survey that annually collects information on a range of health conditions, diseases, risk factors, and preventive practices among adults age 18 or older. PRAMS is a CDC funded population-based surveillance system that collects state-specific data on maternal behaviors, attitudes and experiences before, during, and shortly after pregnancy. The State Systems Development Initiative is a Health Resources and Services Administration funded initiative to assure that the MCH programs and Title V agency have access to policy and program-relevant information and data.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Behavioral Risk Factor Surveillance System: 42 USC Section 301 (a)317(k); Missouri Cancer Registry Cancer Information System: Section 192.650-657, RSMo, PL 102-515; Pregnancy Risk Assessment Monitoring System: CDC-RFA-DP06-002; Maternal and Child Health Title V Block Grant: Social Security Act, Title V, Sections 501-510 (USC 701-710, Subchapter V, Chapter 7, Title 42).

3. Are there federal matching requirements? If yes, please explain.

Yes, the Cancer Registry grant requires one dollar of in-kind match from reporting facilities and the University of Missouri for every three dollars of federal funds and \$240,753 in maintenance of effort. The MCH Title V Block Grant supports portions of the OOE and requires a three dollar non-federal/four dollar federal match and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

Yes, the Cancer Registry is federally mandated (Cancer Registries Amendment Act: PL 102-515).

OTHER	52,548					52,548
TOTAL	2,832,946					2,832,946

1. What does this program do?

The goal of the Show Me Healthy Women (SMHW) Program is the early detection of breast and cervical cancer among eligible women when treatment is most successful. The SMHW Program pays for examination by a health care provider, screening mammograms, Pap smears, and diagnostic testing as needed. The SMHW Program contracts with public and private health care providers in 79 counties plus the city of St. Louis to determine client eligibility and provide the services. Also, the SMHW Program educates the public about the importance of breast and cervical cancer screening.

Funding is for personnel to direct the program, establish and monitor contracts, conduct public and healthcare provider education, oversee recruitment of clients, perform quality assurance assessments of service providers, and process provider claims. Also, funding is used to pay healthcare providers for conducting screening of the clients, providing case management of the clients, and transporting women to be screened.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Breast and Cervical Cancer Mortality Prevention Act of 1990, PL 101.354, 42 USC Section 247b(k)(2)

3. Are there federal matching requirements? If yes, please explain.

Yes, the Breast and Cervical Cancer Control Program requires a one dollar non-federal, three dollar federal match and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

No.

TOTAL	2,515,680	2,120,811					4,636,491

1. What does this program do?

The Bureau of Special Health Care Needs (SHCN) provides statewide healthcare support services, including service coordination for individuals with disabilities, chronic illnesses, and birth defects. Service coordination facilitates, coordinates, monitors, and evaluates services and outcomes; and supports individuals/families to improve their level of independence and overall health status. The Children and Youth with Special Health Care Needs (CYSHCN) Program provides service coordination for children under the age of 21 who meet medical eligibility criteria and limited funding for preventative, diagnostic and treatment services for those children whose families also meet financial eligibility criteria. Administrative case management services are provided for the Medicaid Healthy Children and Youth (HCY) Program and the Medically Fragile Adult Waiver (MFAW) Program. Participants of HCY are under the age of 21 while MFAW participants are age 21 and over. Services include prior authorization of medically necessary services (for example, personal care and nursing care) and coordination of services for Medicaid payment beyond the scope of the Medicaid state plan. HCY and MFAW services enable individuals to remain safely in their homes with their families.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 201.010 to 201.130, RSMo; Title V of the Social Security Act, Maternal and Child Health Block Grant, Sections 501 to 514.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Maternal and Child Health Grant supports this program and requires a three dollar non-federal, four dollar federal match; and maintenance of effort.

4. Is this a federally mandated program? If yes, please explain.

Yes, states receiving the Maternal and Child Health Block Grant funds are required to have a Children with Special Health Care Needs Program.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

Funding is requested to support the Child and Adult Care Food Program (CACFP), the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the Commodity Food Supplemental Program (CFSP), and the Summer Food Service Program (SFSP). CACFP reimburses eligible providers for nutritious meals and snacks served to children and adults enrolled in day care centers, children enrolled in after-school enrichment programs, and children and disabled adults residing in emergency homeless shelters in order to improve nutrient intake and contribute to the development of healthy eating habits for these populations. WIC provides services of health screening and risk assessment, nutrition counseling, breastfeeding promotion and support, and referrals that assure access to quality healthcare services. As a benefit for participating in the services as recommended by the nutritionist, WIC pays for nutritious foods to supplement the diets of pregnant, postpartum, and breastfeeding women, infants, and children up to their fifth birthday who qualify as nutritionally at-risk. CFSP provides a variety of nutritious food packages that are distributed to elderly qualified participants through the food bank network. SFSP reimburses eligible sponsoring organizations to provide meals to low-income children age 18 and under when school is not in session; thereby improving their nutrient intake, reducing their risk for nutritionally-related health problems, and enhancing their learning capabilities when they return to school.

1. What does this program do?

The Nutrition Initiatives Program decreases preventable nutrition-related illnesses and deaths using a variety of methods including health screening and risk assessment; nutrition counseling; breastfeeding promotion and support; referrals to health and social services; checks to purchase specific food items needed for good health; reimbursement for meals that meet federally prescribed guidelines; and provision of commodity food packages. Specific programs include the Special Supplemental Nutrition Program for Women, Infants and Children (WIC); the Child and Adult Care Food Program (CACFP); the Summer Food Service Program (SFSP); and the Commodity Supplemental Food Program (CSFP).

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

WIC: Child Nutrition Act of 1966, 42 U.S. Code Sections 1771, 1786; CACFP: William B. Russel National School Lunch Act, 42 U.S. Code 1766, Section 17; Section 210.251, RSMo; SFSP: William B. Russel National School Lunch Act, 42 U.S. Code 1761, Section 13; Section 191.810, RSMo; and CSFP: Farm Security and Rural Investment Act of 2002, 7 U.S. Code 612c; Section 208.603, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes, these programs are required to be administered in every state and are 100% federally funded.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

The Office on Women's Health (OWH) provides recommendations to the department director on women's health programs and services; serves as a central location for information, resources, technical assistance, and consultation about women's health for the department, state agencies, local health departments, and community-based organizations; and promotes coordination of and collaboration among programs and services. OWH offers expertise on areas that affect women's health and works to promote and improve the physical and mental health and well-being of Missouri's women and girls.

OWH also manages the Sexual Violence Prevention program and the Sexual Violence Victim Services program by contracting with local service providers, non-profits, and public health entities to provide primary prevention education and advocacy/counseling services to victims of sexual assault in Missouri. These programs use a public health approach and support strategies and activities designed to prevent sexual violence from occurring through comprehensive primary prevention programming and evaluation.

2. CORE DESCRIPTION

The Office of Primary Care and Rural Health (OPCRH) is composed of the Oral Health Program, the Primary Care Office, and the State Office of Rural Health.

The Oral Health Program provides a broad range of core dental public health activities including surveillance, education, and support for the provision of preventive services to improve the oral health of Missourians.

The Primary Care Office evaluates the availability of medical, dental, and behavioral health professionals; develops and expands community-based health systems in areas with a shortage of health professionals; and assists in the recruitment and retention of health professionals into areas with a shortage of health professionals.

The State Office of Rural Health provides leadership in the development and coordination of rural health initiatives. The Office is a central resource of information and education related to rural health to support, strengthen, and improve rural health care.

2. CORE DESCRIPTION

The Primary Care Resource Initiative for Missouri (PRIMO) addresses the needs of areas with a shortage of health professionals by assisting in the development and expansion of community-based health systems that provide medical, dental, and behavioral health services; working with federal, state, and local partners in the recruitment and retention of health care professionals in shortage areas; and providing forgivable student loans to health care professional students who agree to work within the shortage areas.

The Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program provides forgivable student loans to nursing students in exchange for service in designated underserved communities and/or facilities that are experiencing nursing shortages upon completion of training. The program also provides loan repayment to practicing nurses in exchange for service in communities and/or facilities that are experiencing nursing shortages.

The Health Professional Loan Repayment Program provides educational loan repayment to practicing primary care medical and dental health professionals in exchange for service in areas with a shortage of primary care medical and dental professionals.

1. What does this program do?

The Office of Primary Care and Rural Health (OPCRH) is composed of the the Primary Care Office (PCO) and the State Office of Rural Health (SORH).

- The Primary Care Office evaluates the availability of medical, dental, and behavioral health professionals; develops and expands community-based health systems in areas with a shortage of health professionals; and assists in the recruitment and retention of health professionals into those areas with a shortage.
- The State Office of Rural Health provides leadership in the development and coordination of rural health initiatives to support, strengthen, and improve rural health care. The Office is a central resource for information and education related to rural health.

OPCRH administers the Primary Care Resource Initiative for Missouri (PRIMO) program, the Health Professional Student Loan Repayment Program, and the Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program. The Primary Care Resource Initiative for Missouri (PRIMO) addresses the needs of areas with a shortage of health professionals by assisting in the development and expansion of community-based health systems and by providing forgivable student loans to health care professional students who agree to work within shortage areas.

The Health Professional Student Loan Repayment Program provides educational loan repayment to practicing medical and dental health professionals in exchange for service in areas with a shortage of those health professionals.

The Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program provides forgivable student loans to nursing students in exchange for service in communities and/or facilities that are experiencing nursing shortages. The program also provides educational loan repayment to practicing nurses in exchange for service in

	Office of Dental Health			TOTAL
GR	200,000			\$200,000
FEDERAL	635,153			\$635,153
OTHER	400,000			\$400,000
TOTAL	1,235,153			\$1,235,153

1. What does this program do?

The Office of Dental Health is responsible for providing education to the general public, dental and medical providers, public health officials, and decision-makers on a broad range of oral health topics. These topics include strategies to prevent dental problems, the consequences of poor oral health for an individual's overall health, and community water fluoridation. The Office collaborates with stakeholder groups and other partners to address policy issues relevant to dental health.

The Office produces several reports each year on the dental workforce, the burden of oral disease in Missouri, and trends in the utilization of hospital emergency departments for dental complaints. The Office also operates the Preventive Services Program (PSP), an evidence-based fluoride varnish and oral health education program which has been in operation for over ten years. The PSP leverages community volunteers like dentists, dental hygienists, and lay volunteers such as parents to organize events in schools, day care centers, and health fairs.

The Missouri Dental Sealant Program will be implemented in early 2017 as an extension of the PSP. Dental sealants and fluoride varnish are both methods to prevent tooth decay in children, which is important because tooth decay is one of the most common chronic diseases in children and can lead to pain, difficulty eating and speaking, and problems at school.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 192.050, RSMo.

3. Are there federal matching requirements? If yes, please explain.

Yes, the Title V Maternal and Child Health Services Block grant requires three dollars of state funds for every four dollars of federal funds.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Office of Minority Health develops public health interventions and provides technical assistance to decrease the rate of health disparities in minority communities; provides technical support for the design of culturally appropriate health messages and educational outreach; convenes minority-specific focus groups; develops and conducts surveys; and assists state and local partners with program implementation for "hard-to-reach" (underserved/vulnerable populations that are geographically, culturally, and economically isolated) minority populations. The office supports six regional minority health alliances that serve as a voice of advocacy and advice for improving the health status of minorities. The office co-sponsors workshops and symposiums to gather and distribute information to communities about emerging health issues, with an emphasis on chronic disease and HIV/AIDS prevention.

1. What does this program do?

The primary function of the Office of Minority Health (OMH) is to decrease health disparities through leadership and community involvement in minority communities by developing public health interventions and providing technical support to assist in decreasing the rate of health disparity. The office provides technical support for the design of culturally appropriate health messages and educational outreach, convenes specific minority focus groups, conducts surveys, and assists with program implementation for "hard-to-reach" (underserved/vulnerable populations that are geographically, culturally, and economically isolated) minority populations. The office supports six regional minority health alliances that serve as a voice of advocacy for their respective communities in identifying and improving the health status of minorities. The office's three major health initiatives are HIV/AIDS prevention and reduction in the African American community, obesity prevention, and infant mortality reduction. The office also assists Hispanic communities and organizations with developing strategies to address health care issues and barriers in rural and metropolitan areas. Other key activities include co-sponsoring workshops, professional symposiums, and community health promotion events.

The Office of Minority Health also contracts with the Paula J. Carter Center on Minority Health and Aging, which is housed on the Lincoln University campus. The Center is charged with conducting training and participatory research, initiating evidence-based programming, and housing a repository of information that supports efforts to reduce minority health disparities. Current projects include diabetes health promotion in Callaway and Howard County and a nutrition program for rural minority communities. The Paula J. Carter Center also hosts the annual Missouri Institute on Minority Aging which presents evidenced-based data to health care providers and the public on health care issues that impact underserved minority senior populations.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 192.083, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Office of Emergency Coordination (OEC), in collaboration with the State Emergency Management Agency (SEMA), manages planning and response activities for public health emergencies, including natural and man-made disasters (i.e. floods, tornadoes, earthquakes, influenza pandemics, disease outbreaks, environmental hazardous spills, biological and chemical terrorism, and nuclear power plant accidents). OEC is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative (CRI) Grant and the Hospital Preparedness Grant. Through OEC, the Department performs disease and disaster surveillance and notification activities, and provides health care guidance and coordination of response to these events. Coordination of local emergency response plans is managed through contracts with all 115 Missouri local public health agencies (LPHAs). The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with LPHAs, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and identify problems before a real situation occurs. OEC and SEMA assist communities to establish and maintain medical reserve corps in communities and use the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS CRI, and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies to be distributed in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies. The Hospital Preparedness Program provides funding for training, exercises, and emergency supplies and resources for the seven regional healthcare coalitions as well as for the Missouri Disaster Response System.

- 1. What does this program do?**
 The Office of Emergency Coordination (OEC), in collaboration with the State Emergency Management Agency (SEMA), manages the planning and response activities for public health emergencies, including natural and man-made disasters. Examples of these disasters are floods, tornadoes, earthquakes, influenza pandemics, disease outbreaks, hazardous spills, biological and chemical terrorism, and nuclear power plant accidents. OEC is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative Grant and the Hospital Preparedness Grant. Through OEC, the Department of Health and Senior Services provides emergency reporting of and health care guidance for disease outbreaks and other disasters, as well as coordination of the department's response to those events. Coordination of local emergency response plans is managed through contracts with Missouri local public health agencies, which are monitored on an annual basis. The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with local public health agencies, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and aid in fixing and correcting problems before a true emergency occurs. OEC and SEMA assist communities to establish and maintain Medical Reserve Corps in communities and utilize the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS Cities Readiness Initiative (CRI), and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies, to be disseminated in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**
 319C-1 and 319C-2 of the Public Health Service (PHS) Act
- 3. Are there federal matching requirements? If yes, please explain.**
 Yes, the required match is ten percent of federal funds awarded.
- 4. Is this a federally mandated program? If yes, please explain.**
 No.

The CDC requires all grantors to exercise their ability to stand up their command staff for purpose of preparing for an emergency event. This unannounced call is required to be practiced annually and all required staff must report within one hour of being called. This exercise measures the departments ability to respond in a timely manner.

2. CORE DESCRIPTION

The State Public Health Laboratory (SPHL) is vitally important to public health, providing a broad range of disease control and surveillance, preventive healthcare, emergency preparedness, all-hazards laboratory response, environmental monitoring, and laboratory improvement services. The SPHL operates specialty units in Jefferson City and Poplar Bluff providing services to physicians, veterinarians, law enforcement, local and district public health personnel, hospitals, and private laboratories. The SPHL conducts testing in the fields of immunology, virology, microbiology, tuberculosis, chemistry, environmental bacteriology, advanced molecular detection, and newborn screening that allows medical practitioners to identify harmful conditions and provide appropriate treatment. The SPHL also conducts analyses of water and food to assure its safe use. The SPHL is the state reference laboratory, serving the department, local health agencies, and medical professionals and institutions throughout Missouri by confirming results or completing organism identification. The SPHL is the leader in the state for acquiring and implementing advanced technologies and methodologies to detect newly emerging or re-emerging diseases of public health consequence. Examples include: Zika, Ebola, Dengue, Chikungunya, Middle-East Respiratory Syndrome (MERS), foodborne diseases, rabies, pandemic strains of influenza, antibiotic-resistant bacteria, sexually transmitted diseases (syphilis, HIV, chlamydia, gonorrhea), and drug-resistant tuberculosis. Much of this testing occurs in specially designed laboratories (Bio-Safety Level 3) and requires extensive technical and safety training.

Serving as the primary state response laboratory for biological and chemical terrorism events, the SPHL also conducts program evaluations for municipal, hospital, and private laboratories; supports public safety programs (implied consent/breath alcohol); and supervises certifications and operations of breath alcohol analyzers. Disease outbreaks and exposures to toxic substances are major public health concerns. Many programs within state government require routine and specialized public health laboratory services to support their objectives in protecting the health of the public and in supporting programs that assure the health of communities.

1. What does this program do?

The Missouri State Public Health Laboratory (SPHL) provides laboratory support in the diagnosis and investigation of disease and hazards that threaten public health. Responsibilities include sample analysis and microbiologic identification; disease control and surveillance; reference and specialized testing; food safety; and emergency terrorism response. The SPHL is accredited under the Clinical Laboratory Improvement Amendments and possesses the required capabilities to provide specialized testing for tuberculosis, rabies, botulism toxin, anthrax, West Nile Virus, plague, and various chemical contaminants, and to identify newly emerging threats such as avian flu, pandemic influenza, Middle East Respiratory Syndrome (MERS-CoV) and Ebola.

As mandated by Missouri law, the Department of Health and Senior Services screens infants born in Missouri for the presence of certain genetic, endocrine, and metabolic disorders. Missouri is currently screening for 32 core conditions (including hearing and critical congenital heart defects screening) recommended by Health Resources and Services Administration's (HRSA) Advisory Committee on Heritable Disorders in Newborns and Children (ACHDNC). When considering secondary conditions, 71 disorders can now be detected through the SPHL's newborn screening program for disorders within the following categories: congenital adrenal hyperplasia, cystic fibrosis, primary congenital hypothyroidism, classical galactosemia, amino acid disorders including phenylketonuria, organic acid disorders, lysosomal storage disorders, fatty acid disorders, hemoglobinopathies, and biotinidase deficiency. The results of these laboratory tests provide early detection of these conditions that otherwise may not be detected until illness, disability, or death occurs.

The Breath Alcohol Program approves, disapproves, and issues permits to law enforcement agencies in Missouri for chemical analysis of blood, breath, urine, or saliva for alcohol and drugs. This unit approves evidential breath analyzers and establishes standards and methods for instrument operation, inspections, quality control, training, and approval of training to assure standards meet state regulations.

The SPHL performs bacteriological testing of nearly 65,000 public water samples each year from more than 2,000 public drinking water supplies in Missouri to ensure state and federal regulatory requirements for safe drinking water are met. These drinking water sources serve more than 50 percent of the state's population.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 196, RSMo; Sections 191.331-333, 191.653, 192.020, 192.050, 306.114, 306.117, 577.020, 577.026, 577.037, 577.208; 640.100-140, and 701.322, RSMo; Code of State Regulations 10 CSR 60-1.010, 19 CSR 20-20.080, 19 CSR 25-32.010, 19 CSR 25-34.010; and Clinical Laboratory Improvement Amendment (CLIA) Federal: 42 USC 263a.

3. Are there federal matching requirements? If yes, please explain.

Missouri Public Health Services Fund (0298) will provide match for newborn screening for the MCH Block Grant of \$3.5 million and the Safe Drinking Water Fund (0679) will provide match for the Public Health Emergency Preparedness Grant of \$101,113 in FY 2016.

PROGRAM DESCRIPTION

Department of Health and Senior Services
State Public Health Laboratory

4. Is this a federally mandated program? If yes, please explain.

No. However, in testing clinical human specimens, SPHL is regulated under the Clinical Laboratory Improvement Amendments (CLIA) - Federal - 42 USC 263a. The CLIA establishes quality standards for all laboratory testing to ensure the accuracy, reliability, and timeliness of patient test results regardless of where the test was performed.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

Missouri Public Health Services (0298), Safe Drinking Water (0679), and Childhood Lead Testing (0899).

7a. Provide an effectiveness measure.

7b. Provide an efficiency measure.

The SPHL processes and tests 100 percent of the drinking water samples it receives for bacteriological testing on the same day. Routine test results are reported within 24 to 30 hours of sample receipt (one-day turnaround time).

PROGRAM DESCRIPTION

7c. Provide the number of clients/individuals served, if applicable.

In calendar year 2015, the SPHL conducted over 6,799,123 analyses on nearly 298,000 specimens and samples; distributed 329,182 test kits to partners in Missouri's public health system and to Missouri citizens; tested approximately 92,000 newborn screening samples to identify newborns in need of life-saving interventions; and trained 178 local hospital laboratory professionals and other public health professionals representing 103 facilities offered in 21 regional sessions by the SPHL Laboratory Preparedness, Education and Safety Unit.

7d. Provide a customer satisfaction measure, if available.

**Overall Customer Experience with Services Received

**Customers were anyone receiving collection kits or test results. Types of respondents include Local Public Health Agency, Hospitals, Health Care Providers, Other State Agencies, College/University Health Care Center, Veterinarian, Private Laboratory, Community based organization, and Animal Control.*

2. CORE DESCRIPTION

This core funding supports staff and operations of the Division of Senior and Disability Services (DSDS). DSDS is comprised of the Office of the Division Director; the Office of Long Term Care Ombudsman; the Special Investigation Unit; the Bureau of Home and Community Services; the Bureau of Long Term Services and Supports; the Bureau of Systems and Staff Development; the Bureau of Senior Programs; the Bureau of Central Registry Unit and Home and Community Based Services Call Center; and the Financial Support Unit. DSDS plays a crucial role as the state unit on aging and is the primary agency that oversees, monitors, and assures the health and safety of seniors and adults with disabilities receiving long-term care in their home or community as an alternative to facility-based care. DSDS investigates allegations of abuse, neglect, and financial exploitation of seniors and adults with disabilities; registers hotlines and regulatory complaints regarding care; informs individuals considering long-term care about home-based care options; provides oversight for eligibility determinations and authorizations of Home and Community-Based Services (HCBS); advocates for resident rights and resolves complaints regarding nursing facility care; provides customer service to seniors and adults with disabilities and their caregivers; and oversees the Older Americans Act funded programs administered by the Area Agencies on Aging.

Funding is utilized to support adult protective service activities, crisis intervention, complaint investigation, and quality assurance activities as mandated under Chapters 197, 198, 208, 565, 570, and 660, RSMo; participation in the Medicaid State Plan, the Aged and Disabled Waiver, the Adult Day Care Waiver, and the Independent Living Waiver (1915c) (Centers for Medicare and Medicaid Services); and the Older Americans Act.

1. What does this program do?

The Division of Senior and Disability Services (DSDS) is the designated state unit on aging with primary responsibility to plan, coordinate, improve, and administer programs for Missouri's seniors and adults with disabilities age 18 to 59 in need of protection or long-term care services. The division's activities include investigating hotline calls that allege abuse, neglect, or financial exploitation of seniors and adults with disabilities; providing education and information about home and community based options for long-term care; administering the State Long-Term Care Ombudsman Program; monitoring Area Agencies on Aging programs for compliance with the Older Americans Act; and providing customer service, information, and referral services to seniors and adults with disabilities. DSDS' Director's Office provides management, oversight, and direction for division programs designed to help ensure the needs of Missouri's senior citizens and adults with disabilities are addressed; reviews legislation impacting seniors and adults with disabilities; ensures compliance with federal and state rules and regulations; develops the division budget and tracks expenditures; coordinates policy responses to ensure consistency with division/department policy; coordinates disaster planning and emergency response; responds to client, consumer, and legislative inquiries; and administers a workforce of over 500

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapters 192 and 208, RSMo. Federal authority for specific activities is included on division program description pages.

3. Are there federal matching requirements? If yes, please explain.

Federal matching requirements for various activities are included on respective division program description pages.

4. Is this a federally mandated program? If yes, please explain.

The federal mandate for various activities is included on respective division program description pages.

1. What does this program do?
 The Adult Protective and Community Services (APCS) field staff:
 1) investigate allegations of abuse, neglect, and financial exploitation (A/N/E) of individuals over age 60 and those with disabilities who are age 18 to 59 and coordinate appropriate intervention services to allow those individuals to remain in their homes and communities and prevent future incidents; and
 2) process new requests for Medicaid Home and Community-Based Services (HCBS) including prescreens, assessments of levels of care, and development and authorization of Medicaid-funded HCBS; changes to care plans for current participants; and review and oversee annual reassessments for eligible adults who are age 18 to 59 and disabled or over age 60, allowing them to remain in their homes and communities rather than entering a nursing facility.
 In addition, staff located in the central office of the Bureau of Home and Community Services and Bureau of Long Term Services and Supports interpret state and federal laws, rules, and regulations; ensure Division of Senior and Disability Services (DSDS) complies with the Medicaid State Plan and the various Medicaid Waivers administered by the division; set policies that apply to adult protective and HCBS; and provide training to HCBS providers and DSDS field staff. The Special Investigations Unit assists in complex investigations of alleged abuse, neglect, or financial exploitation for senior and disabled adults between the ages of 18 to 59

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Chapter 192, Sections 208.152, 208.895, 208.900 to 208.930, 565.180 to 565.188 and 570.145 RSMo.

3. Are there federal matching requirements? If yes, please explain.
 Yes, within this program lies responsibility for program oversight of the Medicaid State Plan Personal Care and Adult Day Care Programs, the Aged and Disabled Waiver, and the Independent Living Waiver. State funds receive a 50 percent federal match when activities deal with home and community based care or the health and safety of Medicaid participants.

4. Is this a federally mandated program? If yes, please explain.
 No. Due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

1. What does this program do?

The Central Registry Unit (CRU) serves as the Adult Abuse and Neglect Hotline for the Division of Senior and Disability Services (DSDS) and Division of Regulation and Licensure (DRL). CRU is the point of entry for registering allegations of abuse, neglect, or exploitation of Missouri's elderly and adults with disabilities, and for regulatory violations of nursing and residential care facility licensure standards. CRU also processes reports that are referred to other entities such as the Department of Mental Health, Department of Social Services/Missouri Medicaid Audit and Compliance Unit, Home Health Licensing, Hospital Licensing, and the Veterans Administration for intervention or review. CRU also serves as the information and registration entry point for the Shared Care Program and tax credit.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 192, Sections 198.032, 198.070, 565.180 - 565.188, 570.145 RSMo. Title XIX of the Social Security Act; PL 89-73, Older Americans Act.

3. Are there federal matching requirements? If yes, please explain.

Some of the activities of the Central Registry Unit are eligible for Medicaid funding; the matching requirement is 50 percent.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

- 1. What does this program do?**
 The Long Term Care Ombudsman Program (LTCOP) advocates for the rights of residents of licensed long-term care (LTC) facilities. The LTCOP receives, investigates, and resolves complaints made by or on behalf of LTC residents. The program maintains a toll-free number for residents and family members to access ombudsman services. Three state employees oversee the ombudsman program, which includes 14 regional ombudsman employees contracted by the Area Agencies on Aging (AAA) and 233 ombudsman volunteers. Staff provide educational materials to the public through presentations on many topics involving LTC residents (i.e. choosing a nursing home, preventing abuse and neglect, starting a resident or family council, etc.). State staff monitor the regional programs, which are part of the AAA network of services. LTCOP recruits and trains ombudsman volunteers to resolve issues in facilities. The program resolves an average of 5,000 complaints each year.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**
 PL 89-73 Older Americans Act, updated by PL 109-365; 42 U.S.C., Section 3058; and 192.2300 through 192.2315, RSMo.
- 3. Are there federal matching requirements? If yes, please explain.**
 No.
- 4. Is this a federally mandated program? If yes, please explain.**
 Yes, states receiving Older Americans Act funding are mandated to have a long-term care ombudsman serving residents statewide.
- 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

2. CORE DESCRIPTION

This core funds temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation. The Division of Senior and Disability Services' Adult Protective Community Workers authorize and arrange for short-term services to allow individuals to remain in their homes and communities. These in-home services can include personal care, nurse visits, respite care, adult day care, and home delivered nutrition services.

This core also includes the Non-Medicaid Eligible (NME) Consumer Directed Services Program, which funds services to meet personal care needs for consumers who are not Medicaid eligible. Individuals must meet annual eligibility requirements regarding income, assets, and need assistance with activities of daily living. State statute places a cap on this program and no new participants may be enrolled. The program is set to sunset June 30, 2019.

1. What does this program do?

This funding provides short-term intervention services to eligible adults who have been victims of abuse, neglect, or financial exploitation. These individuals can obtain temporary and emergency services to assist them in remaining safely in their homes and communities through Missouri's Adult Protective Services Program. Each person is empowered to make his or her own choices, including those regarding long-term care. If an individual chooses to receive services, an Adult Protective and Community Worker will assist in arranging appropriate interventions and services which can include core intake; case management follow-up; emergency food, shelter, and caregiver services; financial and economic assistance; legal assistance; medical care; home support and temporary housing; and social and educational services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.2400 - 192.2505, RSMo.

1. What does this program do?

This program provides Consumer Directed Services for Non-Medicaid Eligible (NME) adults with disabilities who need assistance in accessing care or services to perform activities of daily living necessary to maintain independence and dignity. There are 119 consumer-specific slots available, and only the original consumers may access services through this program. In order to qualify, individuals must make application; demonstrate financial need and eligibility under Section 208.930.3, RSMo; meet all criteria set forth in Sections 208.900-208.927, RSMo; be determined ineligible for Medicaid services; and not have access to affordable health care coverage for personal care assistance. Each of the original consumers may make application annually to have their benefits reinstated.

2. CORE DESCRIPTION

Home and Community-Based Services (HCBS) afford Medicaid eligible seniors and adults with physical disabilities control and access to a full array of long-term services and supports in the community that promote independence, health, and quality of life. Examples of HCBS include personal care, attendant care, nurse visits, adult day care, homemaker, respite, and home delivered meals for eligible adults; and additional services including adaptive equipment, private duty nursing, health screenings, and subsequent treatment for identified health problems for children including specialized medical equipment and critical medical supplies for eligible participants.

The Division of Senior and Disability Services (DSDS) is responsible for HCBS eligibility determination and authorization. DSDS manages HCBS benefits authorized under the Medicaid State Plan and administers the Aged and Disabled Waiver, Adult Day Care Waiver, and the Independent Living Wavier that provide HCBS benefits to seniors and adults with disabilities who would otherwise be eligible to receive care in a skilled nursing facility. The Division of Community and Public Health (DCPH) manages the Healthy Children and Youth benefits authorized under the Medicaid State Plan and administers the AIDS Waiver and the Medically Fragile Adults Waiver that provide HCBS benefits to individuals with serious and complex medical needs who would otherwise be eligible to receive care in an intermediate care facility.

This core also contains funding to reimburse providers for annual reassessments of participants as required by Section 208.906, RSMo.

- 1. What does this program do?**
 This program includes Home and Community-Based Services (HCBS) (in-home and consumer-directed services) for Medicaid participants under the Adult Day Care, Aged and Disabled, Independent Living, Medically Fragile Adult, and AIDS Waivers; state plan personal care services; and services for children under the Healthy Children and Youth (HCY) program. Services within this program are available to individuals who are eligible for Medicaid benefits, considering long-term care, need help to stay at home or in the community, and/or need assistance in accessing care or services necessary to maintain independence and dignity. Services are available to all Medicaid beneficiaries that need and choose personal care services as an alternative to facility placement and to seniors and adults with disabilities who are unable to independently access services or perform activities of daily living. The program also includes annual reassessments of HCBS participants to ensure the level of care and services authorized are appropriate.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**
 Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Sections 192.2000, and 192.2400 to 192.2505, 208.152, 208.900 to 208.930, RSMo.
- 3. Are there federal matching requirements? If yes, please explain.**
 Yes, HCBS provided under State Plan Personal Care, the Adult Day Care Waiver, the Aged and Disabled Waiver, the Independent Living Waiver, the AIDS Waiver, the Medically Fragile Adult Waiver, and Healthy Children and Youth (HCY) are matched by General Revenue according to the standard Federal Medical Assistance Percentage (FMAP) rate for activities related to home and community-based care for eligible participants.
- 4. Is this a federally mandated program? If yes, please explain.**
 No. Due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Funding is requested to continue providing Home and Community Based Services (HCBS) for Medicaid participants receiving long-term care in their homes and communities. HCBS include Medicaid State Plan Personal Care, Independent Living Waiver, Adult Day Care Waiver, and the Aged and Disabled Waiver administered by the Division of Senior and Disability Services; and the AIDS Waiver; Medically Fragile Adult Waiver; and Healthy Children and Youth Program administered by the Division of Community and Public Health. Funding is requested to cover anticipated costs due to an increased number of eligible individuals utilizing the program and an increased amount of services per client. This request is not associated with expansion of the program or eligibility requirements. The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 192.2000.1., RSMo.

2. CORE DESCRIPTION

This core funding provides reimbursement for contracted assistance for victims of Alzheimer's and other dementia-related diseases and their families or caregivers, including caregiver respite grants, peer-to-peer counseling for victims, and caregiver safety training programs such as those that prevent wandering. These contracted services are performed by the St. Louis Chapter of the Alzheimer's Association, which coordinates assistance statewide, and Memory Care, which serves Jefferson, St. Charles and St. Louis Counties, and St. Louis City.

Alzheimer's disease is an irreversible, progressive brain disorder that slowly destroys memory and thinking skills, and eventually the ability to carry out the simplest tasks. Women age 65 and older have a one in six chance of developing the disease and men have a one in 11 chance. The number of people with the disease doubles every five years beyond age 65. By 2025, the number of people age 65 and older with Alzheimer's disease is estimated to reach 7.1 million — a 40 percent increase from the 5.1 million affected in 2015. Alzheimer's is the sixth leading cause of death in Missouri.

1. What does this program do?

It is estimated that 110,000 of the approximately 838,000 Missouri citizens over the age of 65 suffer from Alzheimer's Disease. Services provided through the Alzheimer's Service Program are administered by the state in partnership with agencies contracted to provide services to Alzheimer's patients and their families statewide. These services facilitate access to care options, and support efforts to decrease premature institutionalization of individuals diagnosed with Alzheimer's disease and caregiver stress. Services include assessment and care consultation, education, individual and group counseling, adult day care, safety programs, caregiver respite, and outreach.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 192.2100 to 192.2110, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

This core decision item funds services and programs for seniors administered via contracts with the ten Area Agencies on Aging (AAAs). Federal Older Americans Act (OAA) funded grants pass through the Department of Health and Senior Services to the AAAs to provide senior programs including congregate and home-delivered meals and to help prevent unnecessary or premature long-term care facility placement.

Acting as the designated state unit on aging, the Division of Senior and Disability Services (DSDS) has the responsibility of monitoring AAA compliance with OAA mandates as well as providing technical assistance to enhance program operations. The AAAs and DSDS maintain a close working relationship throughout the state to foster the information-sharing necessary to sustain a coordinated network of aging services.

DSDS allocates Title III funds to the ten AAAs using a federally approved intrastate funding formula based on mandated criteria and information about the demographics of Missourians age 60 and over. Community funds, grants, and contributions are utilized. Persons receiving services are invited to voluntarily and confidentially contribute toward the cost of the service.

- 1. What does this program do?**

Services provided through the Older Americans Act Programs are administered by the ten Area Agencies on Aging (AAAs) and are available to seniors statewide. Primary program funding is received from the federal government pursuant to the Older Americans Act (OAA). AAAs provide supportive services (transportation, information and assistance, legal services, and in-home services), nutrition services, family caregiver support (respite and counseling services), and ombudsman services. The Senior Community Service Employment Program (OAA Title V) is distributed via a competitive grant process to support senior employment and training. General Revenue funds are used as the required federal match for OAA distribution and as a supplement to increase service availability. Funding also includes distributions from the Elderly Home Delivered Meals Trust Fund and Social Services Block Grant.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 192 RSMo. Federal Statutory or Regulatory Citation: Title XIX and Title XX of the Social Security Act and PL 89-73 Older Americans Act, updated in 2006 by PL 109-365.
- 3. Are there federal matching requirements? If yes, please explain.**

Yes, services funded through the Older Americans Act require matching funds. Title III administration and Title III-E family caregiver costs require a 25 percent match. Title III-B supportive program and Title III-C nutrition funding require 15 percent match of which five percent must be state match. Title V requires a ten percent match. No match is required for Title VII and the Nutrition Services Incentive Program (NSIP) funding.
- 4. Is this a federally mandated program? If yes, please explain.**

No. However, states receiving Older American Act funding are mandated to have a long-term care ombudsman serving residents statewide. In addition, state oversight is mandated for states accepting OAA funds. Oversight of the Aged and Disabled Waiver (which includes home delivered meals) is required by the Centers for Medicare and Medicaid Services for states that are granted a Home and Community-Based Waiver.

2. CORE DESCRIPTION

Core funding is used to assist elderly and/or disabled refugees residing in Missouri who are unable to take advantage of the normal naturalization process due to health, functional, or literacy barriers. Contracted entities provide assistance to the target population, helping them access services, navigate the naturalization process, and ultimately gain United States citizenship. Refugees receiving benefits such as Supplemental Security Income, MO HealthNet, and Medicare may gain citizenship after five years of lawful, permanent residency. Those unable to complete the process within five years may lose benefits necessary to maintain health and independence.

2. CORE DESCRIPTION

This core funds the Naturally Occurring Retirement Community (NORC) Programs, which establish programs, supports, and services within local communities that allow seniors in the designated geographic areas to remain in the community rather than entering a long-term care facility. These programs support the healthy aging of older adults through increased community involvement and easy access to services that include transportation, socialization and education, assistance with household maintenance, healthcare, and security.

The NORC model promotes healthy aging, independence, and community building for adults 60 years of age and older in a designated service area through a multi-faceted approach. The key elements consist of case management and social work services; health care management and prevention programs; education, socialization, and recreational activities; and volunteer opportunities for the community to assist members of the NORC with household tasks. NORC allows aging in place with greater dignity, independence, and quality of life.

2. CORE DESCRIPTION

The Division of Regulation and Licensure (DRL) is composed of the Director's Office, Section for Long Term Care Regulation, Section for Health Standards and Licensure, Section for Child Care Regulation, Family Care Safety Registry, and the Board of Nursing Home Administrators. DRL operates the health care and child care licensing programs within the department. These licensing (and certification for Medicare and Medicaid) programs include long-term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), adult day care providers, hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end stage renal dialysis centers, rural health clinics, home health agencies, hospices, outpatient physical therapy providers, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma centers, stroke centers, ST-segment elevation myocardial infarction (STEMI) centers, and child care facilities. Further, the division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. The Family Care Safety Registry provides background screening results for employees in the child care and elder care industries. The Board of Nursing Home Administrators tests and licenses nursing home administrators.

- 1. What does this program do?**
 The Division of Regulation and Licensure (DRL) coordinates the health care and child care licensing programs within the department. These licensing (and certification for Medicare and Medicaid) programs include long-term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end-stage renal dialysis centers, home health agencies, hospices, outpatient therapy agencies, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma/stroke/STEMI centers, adult day care, and child care facilities. Further, the division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. In addition, the Family Care Safety Registry provides background screenings of employees in the child care and elder care industries. The Board of Nursing Home Administrators tests, licenses, and provides disciplinary oversight for nursing home administrators. The Division Director's Office provides leadership and management to ensure that the various programs are following their state and federal statutory and regulatory requirements; reviews legislative proposals; prepares fiscal notes and bill reviews; develops the division's budget in coordination with the department; oversees the execution of the budget; and administers a workforce of approximately 460 employees.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**
 Portions of Chapters 190, 192, 195, 197, 198, 210, and 344, RSMo. Specific section references for each program, as well as the federal authority for specific activities, are included on division program description pages.
- 3. Are there federal matching requirements? If yes, please explain.**
 Federal matching requirements for specific activities are included on division program description pages.
- 4. Is this a federally mandated program? If yes, please explain.**
 The federal mandate for specific activities is included on division program description pages.

1. What does this program do?

The Board of Nursing Home Administrators consists of ten individuals appointed by the governor. The board is responsible for promulgating regulations that establish qualifications for licensure, testing standards, and license renewal requirements of individuals who serve as a licensed administrator in a skilled, intermediate care, assisted living facility, or residential care facility that follows the residential care facility II regulations. In addition, the board conducts hearings affording due process of law, upon charges calling for discipline of a licensee. State staff assigned to the board evaluate the applicant's qualifications for licensure; maintain the state licensure exams; issue licenses; approve, issue, and extend temporary emergency licenses; monitor continuing education programs; audit license renewal applications; renew the license of qualified licensees; maintain accurate records and minutes of all meetings of the full board or a committee thereof; and maintain a database of all persons holding an administrator's license.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 344, RSMo.

3. Are there federal matching requirements? If yes, please explain.

1. What does this program do?

The Bureau of Emergency Medical Services (EMS) manages the Comprehensive EMS Act of 1998 which helps protect the health, safety, and welfare of the public by assuring that emergency medical services meet established standards. The bureau inspects and licenses ambulance services and emergency medical response agencies; inspects and accredits training entities; and examines and licenses emergency medical technicians and paramedics. Information and data collected by the bureau includes Missouri Ambulance Reporting Form data. The bureau oversees the emergency medical services for children (EMS-C) and also establishes standards for emergency medical technician (EMT) curriculum development. The bureau administers a Health Resources and Services Administration grant for EMS-C and sponsors an annual pediatric conference.

1. What does this program do?
 The Family Care Safety Registry (FCSR) provides background screenings to employers and individuals or families who want to hire a caregiver for a child or disabled or senior adult. Caregivers for children, seniors, and disabled persons are required to register within 15 days of hire. After registration, a background screening is conducted to obtain criminal history; Sex Offender Registry information; child abuse and neglect information; employee disqualification lists for the Departments of Health and Senior Services and Mental Health; and child care and foster parent license denials, revocations, and involuntary suspensions. Caregivers are required to register only once and pay a one-time registration fee. These fees are deposited into the Missouri State Highway Patrol's Criminal Record System Fund. FCSR staff conduct background screenings requested through the toll-free call center (required by Section 210.918, RSMo), internet service, facsimile, or mail. Background screening information is provided at no cost to the employer or family.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)
 Sections 210.900 to 210.936, RSMo.

3. Are there federal matching requirements? If yes, please explain.
 Yes, the program is required to match Medicaid (Title XIX) funds at a state match rate of 50 percent.

- 1. What does this program do?**
 The Bureau of Home Care and Rehabilitative Standards (HCRS) inspects home health and hospice agencies to assure state and federal requirements are met, patient rights are protected and promoted, and quality care is provided. HCRS also contracts with the Centers for Medicare and Medicaid Services (CMS) to certify home health agencies, hospices, comprehensive outpatient rehabilitation facilities (CORF), and providers of outpatient physical therapy (OPT). A federally mandated toll-free hotline is maintained for the purpose of receiving questions about agencies or for patients to lodge complaints concerning their provider agency or quality of care issues. This hotline is consolidated with the Central Registry Unit for efficiency. HCRS investigates allegations of inappropriate care and other patient concerns. In addition to regulatory oversight, HCRS staff provide educational presentations to the industry, councils, and agencies.

- 3. Are there federal matching requirements? If yes, please explain.**
 Yes, the program is required to match Medicaid (Title XIX) funds at a state match rate of 50 percent.
- 4. Is this a federally mandated program? If yes, please explain.**
 Yes, the federal government has guidelines as to the frequency of surveys performed to assure compliance. Home health and hospice surveys are to be completed at least every 36 months, more often depending on the compliance history of the agency. OPTs and CORFs are surveyed at least every seven years according to the yearly CMS Survey and Certification Mission and Priority Document.

1. What does this program do?

As required by Chapters 198 and 660, RSMo, the Section for Long Term Care Regulation (SLCR) licenses and conducts inspections of long-term care facilities and adult day care facilities; reviews and approves applications; completes building plan reviews; administers the certified nurse aide, certified medication technician, and level one medication aide programs; and takes enforcement actions as needed. In addition, the SLCR conducts federal surveys and certifies long-term care and intermediate care facilities for individuals with intellectual disabilities for participation in the Medicare and Medicaid programs, conducts training, and reviews Medicaid pre-admission screening documents and resident assessments.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 198.003 to 198.186, 198.500 to 198.528, 198.532 to 198.545, 192.2000, 192.2490, 192.2495 to 192.2500, and 192.2200 to 192.2260, RSMo; Federal Statutory and Regulatory Citations: Sections 1819, 1864, 1902, and 1919 of the Social Security Act and 42 CFR 488.1 to 488.456, 42 CFR Part 483, 42 CFR Part 488 Subpart E, 42 CFR 483.400 (Chapter IV, Subpart 1), 42 CFR 483.150, 42 CFR Chapter IV, Part 456, Subpart F, and 42 CFR 483.20(m).

3. Are there federal matching requirements? If yes, please explain.

Yes, the program is required to match Medicaid (Title XIX) funds; the state match ranges from 25 to 50 percent.

4. Is this a federally mandated program? If yes, please explain.

Yes, SLCR is mandated by the Social Security Act to certify and inspect all long-term care facilities qualified to participate in the Medicaid/Medicare programs.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

1. What does this program do?

The mission of the Bureau of Narcotics and Dangerous Drugs is to maintain a registry of all entities and individuals that conduct activities with controlled substances and to identify the diversion or misuse of controlled substances without prohibiting their appropriate and effective use. This is accomplished through regulation of the distribution and use of these substances; enforcement of laws; and education of health professionals, other regulatory and law enforcement agencies, and the public. Registrants consist of physicians, dentists, veterinarians, pharmacies, researchers, hospitals, ambulatory surgical centers, and other entities. The registry database acts as a source for medical provider information during state emergency situations. The bureau is also responsible for implementing the pseudoephedrine tracking database.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 195.005 through 195.425, RSMo; Federal Statutory or Regulatory Citation: 21 USC 823 and 958 and 21 CFR 1301.14.

2. CORE DESCRIPTION

Core funding is requested for inclusion services to assist providers and families of children with special needs. The Section for Child Care Regulation promotes inclusive child care services for families and children with special needs by providing contract funding for inclusion services. These services include providing child care referrals to families of children with special needs, collaborating with child care providers to create new or convert existing child care openings for children with special needs, online and in-person training for child care providers, and on-site technical assistance when requested by parents or providers. Child care providers are also trained in an inclusion curriculum that teaches practical strategies as well as additional inclusion training sessions based on the surveyed needs of providers.

Child care is a workforce issue. The availability of quality child care affects the labor pool and workplace productivity and is linked to increased school success, crime reduction, and a stronger economy. This contract funding helps support an important industry comprised of thousands of small businesses in Missouri. Families of children with special needs are part of Missouri's workforce and can remain productive employees when quality child care is available.

1. What does this program do?

The Section for Child Care Regulation (SCCR) is responsible for the inspection, licensure, and regulation of child care programs in Missouri. SCCR staff conduct semi-annual inspections in licensed child care programs and annual inspections in regulated programs to monitor compliance with child care rules. SCCR staff also coordinate annual fire safety inspections conducted by the State Fire Marshal's Office. SCCR staff provide technical assistance to help child care providers achieve and maintain compliance with rules and conduct complaint investigations. SCCR also approves clock hour training for regulated child care providers and maintains a contract to provide inclusion services to assist providers and families with special needs children. Health consultation services for providers and families and sanitation inspections of providers are carried out by the Division of Community and Public Health in coordination with SCCR.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 210.199 to 210.275, RSMo; 45 CFR 98.40, 98.41 and 98.51.

3. Are there federal matching requirements? If yes, please explain.

Yes, funding for the inclusion program is provided through the Maternal and Child Health (MCH) Block Grant, which is matched at the departmental level.

4. Is this a federally mandated program? If yes, please explain.

No. However, the SCCR receives federal Child Care Development Fund (CCDF) monies from the Department of Social Services (DSS) through a memorandum of understanding in order to improve the quality and availability of safe and healthy child care. DSS is the lead agency in Missouri for CCDF funding from the federal government. A minimum of seven percent of the CCDF funds must be used to improve the quality of child care.

2. CORE DESCRIPTION

This core provides funding for staff and expenses to support the Missouri Health Facilities Review Committee. The Committee administers the Certificate of Need Program to achieve the highest level of health care for Missourians through cost containment, reasonable access, and public accountability. The mission of the Committee is fulfilled by reviewing applicable health care service proposals while taking into consideration community need. This is accomplished through:

- Reviewing proposed health care services;
- Managing health costs;
- Negotiating competing interests;
- Promoting economic value;
- Preventing unnecessary duplication; and
- Disseminating health-related information to affected parties.

1. What does this program do?

The Certificate of Need (CON) statute became effective September 1979. The statute is intended to address issues of community need, accessibility, cost containment, and other community health service factors.

The Missouri Health Facilities Review Committee's mission is to achieve the highest level of health for Missourians through cost containment, reasonable access and public accountability. This is accomplished by:

- 1) Reviewing proposed health care services;
- 2) Containing health costs;
- 3) Evaluating competing interests;
- 4) Promoting economic value;
- 5) Preventing unnecessary duplication; and
- 6) Disseminating health-related information to affected parties.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 197.300 to 197.366, RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Maintaining currently authorized Home and Community Based Services (HCBS) care plans requires supplemental funding to provide Medicaid participants with long-term care in their homes and communities. HCBS include Medicaid State Plan Personal Care, Independent Living Waiver, Adult Day Care Waiver, and the Aged and Disabled Waiver administered by the Division of Senior and Disability Services; the AIDS Waiver; Medically Fragile Adult Waiver; and Healthy Children and Youth Program administered by the Division of Community and Public Health. Funding will cover anticipated costs of increased utilization, increased units of authorized service per client, and increased number of eligible individuals utilizing the program. This request is not associated with expansion of the program or eligibility requirements. The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 192.2000.1, RSMo.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On May 18, 2016, the U.S. Department of Labor (USDOL) announced an overtime rule change to expand employee overtime protections. Effective December 1, 2016, employees making less than \$47,476 per year will earn time and a half pay after working 40 hours per week. The previous threshold was \$23,660 per year. In addition, the USDOL will index the income threshold every three years. State agencies will take steps to minimize the fiscal impact of this rule change; however, the current core budget may be insufficient to cover these additional expenses.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

Based on instructions from the Office of Administration, DHSS calculated this amount by using the amount of additional hours worked in FY 2016 by employees earning less than \$47,476 that currently do not earn time and a half for overtime and multiplied this amount by half the hourly rate of these employees. Due to the timing of when the actual payments will be made, DHSS requests six months of funding.
