Program Name: Family Support Administration

Program is found in the following core budget(s): Family Support Administration

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo. 207.010, 207.020; 45 CFR Chapter 111.

3. Are there federal matching requirements? If yes, please explain.

Family Support Administration federal fund reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around 47.081% federal (52.92% state match) or at the level as specified under federal law, such as Child Support IV-D (66% FF and 34% State) or Food Stamp Administration (50% FF and 50% state) if expenditures are allowable under the program. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate. In addition, some administrative expenditures may be pooled with other department administrative expenditures to earn an indirect federal fund reimbursement rate or may be used as Maintenance of Effort (MOE) to earn the TANF block grant and Social Services Block Grant (SSBG).

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federally mandated programs such as Food Stamps and MO HealthNet are considered federally mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 17 expenditures are net of reverted and reserve.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.070

Program Name: Income Maintenance Field Staff and Operations

Program is found in the following core budget(s): Income Maintenance Field Staff and Operations

1. What does this program do?

This program provides funding for direct-line staff and support staff to operate the Income Maintenance programs. Field staff include Eligibility Specialists, Correspondence and Information Specialists, supervisors, managers and clerical. The overall objectives of field staff are to ensure eligibility through timely and accurate determinations and reinvestigations, document and monitor benefit amounts, refer recipients for employment and training and partner with stakeholders and providers to enhance access to programs and services.

The Family Support Division continues to improve customer service outcomes and program performance and efficiencies. Processing Centers were established across the state where staff work is focused on eligibility determination/redetermination activities. The Division continues to establish Resource Centers throughout the state, both in rural and urban areas, to ensure improved customer access to services. Public use computers were installed in Resource Centers and local offices to increase customer access to online tools. Customers can access these new online tools at myDSS.mo.gov at their convenience to check if they may be eligible for benefits, check the status of any pending application for benefits, and report changes online. Customers can submit applications for benefits electronically for all IM Programs streamlining the application process. This will save staff time and increase responsiveness to customers. Customers also have the ability to upload verification documents, such as verification of citizenship status and income, when they submit their online applications or can upload after submitting the online application at their convenience. As more customers submit their application for benefits online, there will be fewer paper applications to process, saving staff time and money, and processing timeliness will improve for all IM Programs.

The FSD received a technology grant from FNS for \$955,035 in September 2016. This grant will enable FSD to improve services offered to clients. The online tools will be updated to be mobile adaptable so customers can use their smartphones to apply for or check status of applications.

The Family Support Division previously utilized a contracted call center to manage customer inquiries regarding income maintenance cases. Effective January 1, 2016, the Division brought all income maintenance call center operations in-house. This has resulted in the ability to offer higher quality, more effective customer service provided by merit staff who have the knowledge, training and authorization to assist customers with far greater efficiency. Additionally, the FSD continues to develop and implement a more robust Interactive Voice Response (IVR) system which will provide greater access to self-service options, thus increasing customer satisfaction. Reallocating staff to the call center and developing new approaches to training allows the FSD to more adequately handle customers' demands. Furthermore, the development of the Outbound Call Team, who will utilize predictive dialer technology, supports the call center operation by contacting customers who need to take action prior to them contacting the FSD. This preemptive outreach will ensure timely processing and overall customer satisfaction while decreasing incoming calls to the call center. The FSD's new call center operation provides more consistent service and less confusion for the customer by establishing one dependable delivery mechanism where all customer needs are handled by merit staff.

Missouri continues to implement a new eligibility and enrollment system for Income Maintenance (IM) programs called the Missouri Eligibility and Enrollment System (MEDES) along with the Enterprise Content Management (ECM) system. MEDES will allow for streamlined workflows and business processes.

In 2016, MEDES continues to improve, with the addition of new functionality in processing applicant reported changes in circumstance. MEDES users have reported improved usability, accuracy and efficiency in the system. The Department is poised to complete functionality related to family Medicaid programs in early 2017, with several planned releases and an upgrade in the Curam software.

The ECM system will capture, manage, preserve and deliver content and documents related to public assistance eligibility and enrollment processes. The ECM will be creating efficiencies that allow FSD workers to process applications and perform casework activities statewide regardless of their physical location. It enables electronic file storage which will eventually eliminate the need to maintain paper files.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.070

Program Name: Income Maintenance Field Staff and Operations

Program is found in the following core budget(s): Income Maintenance Field Staff and Operations

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo. 207.010, 207.020, 208.400

3. Are there federal matching requirements? If yes, please explain.

IM Field Staff and Operations expenditures are reimbursable at the Income Maintenance time study rate of around 47.08% federal (52.92% state match) or at the level as specified under a specific grant such as MO HealthNet Administration (50% FF and 50% State) or Food Stamp Administration (50% FF and 50% State) if expenditures are reimbursable under the particular grant. The time study rate is determined by polling a select number of Income Maintenance staff. In addition, some expenditures may be used as Maintenance of Effort (MOE) to earn the TANF block grant and Social Services Block Grant (SSBG).

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet would be considered federally mandated.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted and reserve.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.075

Program Name: Family Support Staff Training

Program is found in the following core budget(s): Family Support Staff Training

1. What does this program do?

The FSD Training and Development Unit is responsible for creating and implementing basic orientation and program training for Child Support and Income Maintenance Staff. The Training Unit's responsibilities include teaching basic curriculum for new staff, in-service training required for system, law or policy changes that occur throughout the year, managing the Employee Learning Center, and managing lodging and travel costs related to training. In addition, FSD Training also conducts and tracks several training modules required by federal and state law. Overall, the FSD Training Unit is tasked with the responsibility of developing and implementing relevant and effective training, utilizing both classroom and on-line instruction, while supporting the mission and goals of the agency.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A

3. Are there federal matching requirements? If yes, please explain.

Family Support Staff Training federal reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around 47.08% federal (52.92% state match) or at the level as specified under a specific grant such as Child Support (66% FF and 34% State) or Food Stamp Administration (50% FF and 50% State) if expenditures are allowable under the grant. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

4. Is this a federally mandated program? If yes, please explain.

Training initiatives to support federally mandated programs such as Food Stamps, Temporary Assistance, Child Support and MO HealthNet are considered federally mandated.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.080

Program Name: Electronic Benefits Transfer (EBT)

Program is found in the following core budget(s): Electronic Benefits Transfer (EBT)

1. What does this program do?

The Family Support Division currently contracts with FIS/eFunds Corporation to provide for a statewide delivery system for Food Stamps and Temporary Assistance cash benefits. The EBT system allows recipients to use the same type of system used everyday by other consumers completing transactions with debit and credit cards. This system also provides reports that are used to identify retailer and recipient fraud.

<u>Monthly cost per case</u>	<u>Current</u>
Food Stamp only cases	\$0.59
Temporary Assistance only cases	\$0.57
Cases receiving both Food Stamps and Temporary Assistance	\$1.15

As required by SB 251, the Department of Social Services, Family Support Division uses FIS/eFunds Corporations' Fraud Navigator product to block Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments which provide adult-oriented entertainment. Fraud Navigator also analyzes Food Stamp and Temporary Assistance transactions for possible fraudulent activity and provides alerts to the DSS, Division of Legal Services Welfare Investigations Unit. In FY 16, DSS blocked more than \$10,000 per month in fraudulent transactions through the Fraud Navigator service.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo 208.182, Federal law: Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996; PL 104-193

3. Are there federal matching requirements? If yes, please explain.

Yes. The state match for over 90% of program expenditures is 50%. The remaining expenditures are allocated at the Income Maintenance time study rate that earns a federal rate collectively.

4. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193, PRWORA of 1996. Distributing Food Stamp benefits through this method is a federal requirement.

2. CORE DESCRIPTION

This appropriation supports the Family Assistance Management Information System (FAMIS). FAMIS is a legacy system for the Child Care, Food Stamp, Temporary Assistance, MO HealthNet for the aged, blind and disabled, and related programs. It allows multiple program applications to be entered with customers only required to provide their personal details once instead of multiple times when applying for more than one program. FAMIS captures the required information to make eligibility determinations based upon which programs the customer applied for. FAMIS generates notices to customers, tracks receipt of verification or if verification is still pending, tracks Medical Review Team (MRT) review due dates and takes automatic actions based upon information entered into the system by staff. FAMIS issues benefits to both customers and vendors.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.090

Program Name: Family Assistance Management Information Systems (FAMIS)

Program is found in the following core budget(s): Family Assistance Management Information Systems (FAMIS)

1. What does this program do?

The Family Assistance Management Information System (FAMIS) is a legacy system for the Child Care, Food Stamp, Temporary Assistance, Mo HealthNet (Aged, Blind and Disabled) and related programs. It allows multiple program applications to be entered with customers only required to provide their personal details once instead of multiple times when applying for more than one program. FAMIS captures the required information to make eligibility determinations based upon which programs the customer applied for. FAMIS generates notices to customers, tracks receipt of verification or if the verification is still pending, tracks Medical Review Team (MRT) review due dates and takes automatic actions based upon information entered into the system by staff. FAMIS issues benefits to both customers and vendors. The system reduces error rates, saves the state money and ensures public assistance recipients receive the correct benefit levels. FAMIS processes approximately 48,000 determinations per day or 12,000,000 eligibility determinations per year.

To remain fully functional, FAMIS will require funding to address both state and federal law changes, to implement modifications to increase system efficiencies, to improve the quality of the services provided, to prevent fraud and abuse, to comply with audit findings and prevent future audit findings, and to provide enhanced client services.

The FAMIS is a legacy system which will eventually be replaced by the Missouri Eligibility Determination and Enrollment System (MEDES). At this time, the Family Medicaid (MAGI) is the only program that is converted into MEDES. Therefore, FAMIS must remain fully functional for the remaining programs until they are converted. Subject to federal approval, Food Stamps will be added next, followed by Temporary Assistance, Child Care and Mo HealthNet for the Aged, Blind and Disabled programs.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Title IV-A of the Social Security Act, Federal regulations: 45 CFR Part 95, 7 CFR Part 272 and 277

3. Are there federal matching requirements? If yes, please explain.

Yes. FAMIS has an approved cost allocation plan outlining financial participation of the state and federal partners.

4. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet would be considered federally mandated.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.095

Program Name: Eligibility Enrollment System

Program is found in the following core budget(s): Eligibility Enrollment System

1. What does this program do?

The Missouri Eligibility Determination and Enrollment System (MEDES) project encompasses the design, development and implementation of a federally certified system for the MO HealthNet, Food Stamp, Temporary Assistance, and Child Care Assistance programs. Project One of MEDES has focused on MO HealthNet programs for families. It includes functionality for eligibility specialists to make determinations for programs based on the Modified Adjusted Gross Income (MAGI). Family MO HealthNet applicants can create web based user accounts and apply for benefits online through myDSS.mo.gov. Inbound and outbound account transfers for the federally-facilitated marketplace have been automated.

A change in contractor for MEDES occurred in May, 2015. Since that time, there has been significant progress in MEDES development and improvements in functionality. Highlights include: records can be amended when there is a change in circumstance; new eligibility indicator for Show Me Healthy Babies; security enhancements, such as database encryption and password complexity; automated federal poverty level adjustments; redesign of the underlying database to prevent previously occurring data issues between MEDES and MMIS; and improvements and updates to the mydss.mo.gov citizen portal.

To ensure MEDES project success, DSS and ITSD came together to increase project capacity and expertise. Key to this has been a more robust project governance structure; increased staff capacity by reassigning key staff, subject matter experts and front-line end users, and introduction of Organizational Change Management (OCM) to the Project.

The Department is poised to complete functionality related to MO HealthNet for families in the second quarter of 2017. This will include a product upgrade to the latest version of Curam in late 2016 and functionality for Automated Case Reviews by April, 2017.

MEDES Project II will include the implementation of functionality for Food Stamps, Temporary Assistance, and Child Care Programs. An RFP for Food Stamps is in process, and a contract award is expected in early 2017.

MEDES Project III will include MO HealthNet for Adult Medicaid Programs for the elderly and disabled. An RFP will need to be developed for this project, with a contract award TBD.

In addition, the DSS is implementing an Enterprise Content Management (ECM) system for integrating document imaging of case records with the MEDES system. The MEDES and ECM will allow the Family Support Division to streamline workflows and business processes to improve program performance and efficiencies. Additionally, DSS is also developing a document intake solution.

FSD is procuring eligibility verification services to assist in eligibility determinations by ensuring all possible sources for verification are utilized and requests for missing information are sent the same day. This will also provide FSD the data needed to pursue potential fraud and to ensure program integrity. Contract award is expected in late 2016, with implementation in late spring/early summer of 2017.

Conditional on federal approval to receive enhanced federal match, the DSS will continue development of MEDES functionality, including the addition of new programs.

December 31, 2013	Interfaces, MAGI calculation, forms, Caseworker Portal
September 2014	Implemented inbound/outbound Account Transfer for the FFM
September 2014	Began implementing integrated electronic document management (FileNet) into MEDES case management
January 1, 2016	Launched Organizational Change Management as a project component
September 2016	Rollout of ECM to all offices
September 22, 2016	Release 1.10 Change in Circumstance functionality
December 2016	MEDES Application upgrade to Curam 6.2
Early 2017	Contract will be awarded for the beginning of Project Two which is the integration of Food Stamps into MEDES
April 2017	Release 2.0 to include functionality for Transitional Medicaid, Show Me Healthy Babies, automated case reviews, and completion of Project One, Mo HealthNet for Families

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.100

Program Name: Community Partnerships

Program is found in the following core budget(s): Community Partnerships

1. What does this program do?

The twenty Missouri Community Partnerships are decision-making entities, broadly representative of a county or multi-county area, that partners with the department and other state agencies to plan, develop, finance and monitor strategies to achieve specific Core Result areas.

The Core Result areas include, but are not limited to, the following:

- Children & Families Safe
- Children & Families Healthy
- Children Ready to Enter School
- Children & Youth Succeeding in School
- Youth Ready to Enter the Workforce & Become Productive Citizens
- Parents Working

Strategies used to meet these Core Result areas include:

- Actively involving communities in decisions which affect their well-being;
- Bringing services closer to where families live & children go to school;
- Using dollars more flexibly & effectively to meet the needs of families; and
- Being accountable for results

Community Partnerships design, implement and evaluate community strategies based on assessments. These entities also mobilize, leverage, and allocate resources for community-based services. Each Community Partnership responds to needs and issues that are specific to their particular community. They bring together other existing groups to work on filling the gaps in services without duplicating efforts.

Examples of the types of initiatives the Community Partnerships are involved in include:

- Partner with DSS to work on early childcare issues and work with daycare providers.
- Partner with DSS to provide Missouri Mentoring Programs.
- Partner with the Missouri Re-Entry Project utilizing VISTA (Volunteers in Services to America) Volunteers. These volunteers offer a low-cost solution to staffing Re-Entry efforts.
- Partner with DSS to provide Independent Living Program services for youth transitioning from foster care.
- Partner with DSS and Department of Corrections on the Parenting from Prison Pilot.
- Partner with DYS on transitional services for youth moving back to their communities/homes after they have been with DYS. Some examples include providing basic needs such as clothing, toiletries, jobsite clothes, and school supplies. Other transitional services provided are monthly parent support group sessions and community mentors to help youth transition.
- Work on safety issues in their communities. Many are certified to inspect and install car seats. Some are working on drug and alcohol prevention campaigns.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Adolescent Program

Program is found in the following core budget(s): Adolescent Program

1. What does this program do?

Adolescent Boys Program

The 1996 federal legislation allows states to spend federal Temporary Assistance to Needy Families (TANF) dollars in any manner that is reasonably calculated to accomplish the statutory purpose of preventing and reducing the incidence of out-of-wedlock pregnancies. Boys, ages 11 - 14, face a vulnerable time in their lives when society is providing them with many conflicting and confusing messages about adulthood and responsibility for their actions. Because this is a critical and transitional time in their adolescence, boys are encouraged to adopt the values that will give them a positive head start to adulthood. These adolescent boys are more likely than girls to demonstrate unique difficulties in meeting the challenges of adolescence by having discipline problems in school, committing suicide, belonging to gangs, committing violent crimes, ending up in jail, engaging in binge drinking or becoming alcoholics and engaging in promiscuous behavior.

The Adolescent Boys Program reviews factors that put some youth at risk for teen pregnancy. To enhance the chances of success, planned interventions funded by TANF funds address the risk and/or protective factors contributing to teen pregnancy. Upon completion of the Adolescent Boys Program, these youth should have a better understanding and coping skills to deal with the physical changes occurring within their bodies, have respect for authority, friends and members of the opposite sex. They should have a greater appreciation of their freedom. The youth should have a better understanding of the importance of taking responsibility for the decisions that they make as it relates to planning for the future and how to deal with peer pressure. How they handle these challenges will determine the degree to which they become responsible, productive young adults.

Adolescent Girls Program

The Adolescent Girls Program targets young women and girls, ages 11-14, who are not yet mothers. The Adolescent Girls Program helps these adolescents to understand healthy relationships, respect for individuals in their lives and the responsibility that motherhood brings. Such programs build self-esteem in girls through positive outlets with the result of delaying sexual involvement. Connecting these adolescents to a positive, supportive, caring role model helps improve the likelihood that such behaviors will be improved and the lives of these adolescents can be positively affected.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 260.31 Preamble Discussion at 64 FR 17754-63; P.L. 104-193 known as PRWORA of 1996.

3. Are there federal matching requirements? If yes, please explain.

Yes. There is a state MOE (Maintenance of Effort) required to earn the TANF block grant that pays for this program.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

This appropriation funds two programs: The Food Nutrition Program (FNP) which is known nationally as Supplemental Nutrition Assistance Program Education (SNAP-Ed). This program provides information on nutrition, physical activity, food safety and food budgeting education to Food Stamp eligible individuals, especially women; people with children in the home; at risk, pregnant, and parenting teens; youth; and seniors. The goal of the program is to help participants make behavior changes to achieve lifelong health and fitness, and to reduce obesity. In FY17, the FNP is continuing to focus on improving the policies, systems and environments to target obesity prevention for SNAP recipients.

SkillUP, the Missouri employment training program, provides Food Stamp participants opportunities to gain skills, training or experience that will improve their employment prospects and assists them to obtain and retain sustaining employment reducing their reliance on Food Stamp benefits. The changes from SB 24 are leading to increased contact with Able Bodied Adults Without Dependents (ABAWDs) recipients. The FSD has greatly increased its outreach to recipients to educate them about the new requirements and to encourage them to participate in work or training activities. Advocacy groups and partner agencies are also actively assisting with outreach and education and have been involved in the implementation of SB 24.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.105

Program Name: Food Nutrition & Employment Training

Program is found in the following core budget(s): Food Nutrition & Employment Training

1. What does this program do?

The Food Nutrition program provides nutrition information, physical activity, food safety and food budgeting education to Food Stamp eligible individuals, especially to households with children in the home, at-risk pregnant and parenting teens, youth and seniors through multiple approaches. Focus on behaviors to increase vegetable and fruit consumption, such as gardening and purchasing fresh produce at farmers markets, is included in the education provided throughout the state. The goal of the program is to teach participants how to make behavior changes and improve food resource management to achieve lifelong health and fitness, and reduce obesity.

Currently, the Department of Social Services partners with the University of Missouri to deliver education to targeted Food Stamp participants and eligible individuals. This appropriation is used to pay the salaries, benefits, expenses and equipment for over 156 University of Missouri Extension employees who implement the Food Nutrition program by providing education regarding nutrition to low income Missourians. These positions fill various roles to deliver nutrition, health and physical activity education throughout Missouri where Food Stamp recipients and eligible individuals live and work. There are over 13,000 agency personnel and University faculty and staff who also contribute to the SNAP Ed program.

SkillUP, Missouri's employment training program, provides Food Stamp participants opportunities to gain skills, training or experience that will improve their employment prospects and assists them to obtain and retain sustaining employment reducing their reliance on Food Stamp benefits. FSD has partnered with the Department of Economic Development, Division of Workforce Development (DWD) to be the primary agency implementing this program through the Workforce Development Boards and thirty-two job centers. The FSD also contracts with the University of Missouri to provide services the Job Centers are unable to provide based on the participant's need. In FY 17, SkillUP began contracting with Community Colleges, governmental entities, and Community Based Organizations to expand the program by leveraging non-federal resources to obtain additional federal resources. A New Decision Item (NDI) is being requested in the FY 2018 budget to fund the expansion of this program. Expenditures that occur during FY 2017 are being paid out of the Federal Grants and Donations Appropriation (HB Section 11.010). Programs offered as components of an employment plan may include staff assisted and self-directed job search and training. The program also pays for transportation and other supportive services to assist participants in obtaining and maintaining employment. SkillUP provides a focused approach, with one-on-one case management for Food Stamp participants in the program. SkillUP offers greater opportunities for participants to be successful in finding regular employment or increase their current earnings, and reduce their need for Food Stamp benefits.

SB 24 (2015) changed the Food Stamp program because it does not allow the State to apply for an Able Bodied Adult Without Dependent (ABAWD) waiver until 2019, even for specific counties with high unemployment rates. ABAWDs not meeting the work/training requirement are limited to three months of Food Stamp benefits. ABAWDs can extend Food Stamp participation past the three month limit if they meet the work/training requirement. Participation in the SkillUP will enable individuals to meet the work/training requirement by finding work, increasing hours worked and/or participating in approved training programs. The FSD anticipates participation in SkillUP will increase.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The 2014 Farm Bill placed considerable new emphasis on employment & training for Food Stamp recipients. When the Food and Nutrition Service (FNS) contracted with the Seattle Jobs Initiative to provide technical assistance, Missouri was selected along with 9 other states to expand and implement increased service capacity. Missouri's employment and training program is called SkillUP.

In FY 17, SkillUP began contracting with Community Colleges, governmental entities, and Community Based Organizations to expand the program by leveraging non-federal resources to obtain additional federal resources. Programs offered as components of an employment plan may include staff assisted and self-directed job search and training. The program also pays for transportation and other supportive services to assist participants in obtaining and maintaining employment. SkillUP provides a focused approach, with one-on-one case management for Food Stamp participants in the program. SkillUP offers greater opportunities for participants to be successful in finding regular employment or increase their current earnings, and reduce their need for Food Stamp benefits.

Expenditures that occur during FY 2017 are being paid out of the Federal Grants and Donations Appropriation (HB Section 11.010) and are estimated at \$2.5 million. This request is for appropriation authority needed to grow Missouri's SkillUP program.

Authorization: Federal law: 7CFR 273.7

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

SkillUP will be expanded to a total of 14 Workforce Development Board Regions. Community partners will leverage non-federal resources to the tune of \$11 million dollars. As Kansas City and St. Louis are the largest geographic areas and have the largest number of Food Stamp recipients that could participate in the program, \$2.5 million is planned for each. The remaining funds will be split between the remaining 12 regions at \$500,000 each. It is possible these allocations will change depending on the number of Community Based Organizations that have non-federal resources to leverage. These organization will receive a 50% reimbursement for their investment of non-federal funds to meet the needs of employers for a skilled workforce. This request is for federal funding to reimburse community partners 50% of total expenditures.

1. What does this program do?

The Department of Social Services (DSS) was awarded a 5-year \$15 million dollar Health Profession Opportunity Grant (HPOG), otherwise known as Missouri's Healthcare Industry Training and Education (HITE) initiative. HITE utilizes a wide array of job training and recruitment strategies to engage, train, employ, and serve the target population of Temporary Assistance for Needy Families (TANF) recipients and other low-income youth and adults who have incomes under 200% of the federal poverty level. Participants are chosen for participation through a random assignment (lottery) process. Those selected from the random assignment process must meet the eligibility criteria to participate in the program. Missouri's HITE initiative established a goal to enroll approximately 1,800 low-income Missourians in St. Louis, Kansas City, and mid-Missouri over the next 5 years. To implement this program, DSS has contracted with the Missouri Hospital Association (MHA) and three Missouri Workforce Development Boards (WDB): St. Louis Agency on Training and Employment (SLATE), Full Employment Council of Kansas City (FEC), and Central Region Workforce Development Board. Through the WDBs, other state departments and regional partners include, but are not limited to: the Missouri Department of Health and Senior Services (DHSS), Missouri Department of Economic Development, SSM Health, Missouri Community College Association (MCCA), and the Missouri Workforce Development Board.

The HPOG is funded by the U.S. Department of Health and Human Services, Administration of Children and Families. The Department of Social Services provides funding through contracts with the Missouri Hospital Association and three Workforce Development Board (WDB) regional entities (St. Louis, Kansas City and Central Missouri). It is estimated that the partners will have 363 participants per year in the program. The total grant is \$14,932,410 over five years, with the first year grant award of \$2,986,482 which will be divided as follows:

Full Employment Council of Kansas City (FEC): \$1,187,267
St. Louis Agency on Training and Employment (SLATE): \$1,122,267
Central Region Workforce Development Board: \$407,292
Missouri Hospital Association (MHA): \$110,000

2. CORE DESCRIPTION

This appropriation provides cash assistance to needy families. Eligible families receive a monthly cash payment based on their income and family size, for a period of time not to exceed 45 months total in a lifetime.

Senate Bill 24 required programmatic changes on August 28, 2015, including full-family sanctions, required orientation and personal responsibility plans, capturing hours from jobs.mo.gov and disregarding a new spouse income for six months. On January 1, 2016, lifetime benefit limits decreased from 60 to 45 months, a cash diversion program was implemented, and applicants are required to engage in work activities prior to being approved for Temporary Assistance.

The Federal Deficit Reduction Act of 2005 requires that 50% of a state's TANF caseload must participate in a federally defined work activity. States are expected to design programs to effectively address barriers such as mental health issues, addiction when participating in a treatment program, developmental or learning disabilities, limited English proficiency, and domestic violence. FSD contracts with outside vendors for direct case management of TANF recipients required to participate in work activities and is responsible for monitoring the vendors' performance and reporting outcomes to the federal government. The funding for the administration of the Missouri Work Assistance (MWA) Program is included in this appropriation.

Language in the department's appropriation bill allows funding for a \$50 per month, six month transitional benefit to those recipients going to work, helping recipients stabilize household incomes and transition to self-sufficiency. The transitional employment benefit will be paid only if sufficient funds are available after providing the regular benefit.

The department screens and tests applicants and recipients of Temporary Assistance for illegal use of a controlled substance. In addition, the Department prohibits the use of TANF funds at unauthorized locations and on restricted items (SB 251, 2013).

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.115

Program Name: Temporary Assistance

Program is found in the following core budget(s): Temporary Assistance

1. What does this program do?

Temporary Assistance (Temporary Assistance for Needy Families-TANF) provides cash assistance to families based on income and family size for a period not to exceed 45 months total in a lifetime with some exceptions. The state does extend assistance paid with federal funds beyond the 45 month limit on the basis of hardship (domestic violence, substance abuse, mental health or family crisis). Parents/caretakers are exempt from the lifetime limit if they are age 60 and over, or permanently disabled.

The four purposes of the TANF program are:

- To provide assistance to needy families to help keep children in the home;
- To end dependence of needy parents by promoting job preparation, work and marriage;
- To prevent and reduce out-of-wedlock pregnancies; and
- To encourage the formation and maintenance of two-parent families.

The Federal Deficit Reduction Act of 2005 requires that 50% of a state's TANF caseload must participate in a federally defined work activity. States are expected to design programs to effectively address barriers such as mental health issues, addiction when participating in a treatment program, developmental or learning disabilities, limited English proficiency, and domestic violence. FSD contracts with outside vendors for direct case management of TANF recipients required to participate in work activities through the Missouri Work Assistance (MWA) Program. FSD is responsible for monitoring the outside vendor(s) performance and reporting outcomes to the federal government. FSD has dedicated staff in the field to provide technical assistance and support to MWA service providers. These staff meet regularly with service providers to identify training needs, locate resources to coordinate removal of barriers, and provide continuous support for program and performance improvement.

In 2015, Senate Bill 24 passed, and the Family Support Division implemented new requirements:

- A video orientation and a personal responsibility plan.
- Sanctions of benefits for non-compliance with work activities when this information is received from MWA.
- A data exchange between the Division of Workforce Development and the Family Support Division to capture hours of participation on jobs.mo.gov.
- A disregard of a new spouse's income for six months.
- A reduction in lifetime limits from 60 to 45 months.
- A Temporary Assistance diversion program.

These changes were communicated to participants, in collaboration with advocacy groups and partners.

On July 22, 2014, the Workforce Innovation and Opportunity Act (WIOA) became law, which reforms and modernizes the public workforce system. It reaffirms the role of the public workforce system, and brings together and enhances several key employment, education, and training programs. WIOA provides resources, services and leadership tools for the workforce system that improves employer prospects for success in the global marketplace by helping individuals find good jobs, stay employed and advance their skills. Missouri opted to include TANF as a required partner in WIOA to enhance the relationships between partner agencies serving TANF clients. The Family Support Division in coordination with other state agencies created a resource guide of agencies, held a consortium to enhance learning and held mini sessions on subjects such as using Labor Market Information, the meaning of WIOA and agency resources. The FSD is engaged in the Steering Committee discussions on apprenticeships and other innovative ideas to engage Food Stamp and TANF participants in training and employment. As WIOA continues to develop at the federal, state and local levels, the FSD will continue to work on improving these relationships and provide staff the required knowledge and resources.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.115

Program Name: Temporary Assistance

Program is found in the following core budget(s): Temporary Assistance

Language in the department's appropriation bill allows funding for a \$50 per month, six month transitional employment benefit to those recipients going to work, helping recipients stabilize household incomes and transition to self-sufficiency. Additionally, paying a transitional cash benefit to former Temporary Assistance beneficiaries moving to employment will allow Missouri to capitalize on its job entry success by counting these individuals in its work participation rate calculation. The transitional employment benefit will be paid only if sufficient funds are available after providing the regular benefit.

The department screens and tests applicants and recipients of Temporary Assistance for illegal use of a controlled substance. In addition, the department prohibits the use of TANF funds at unauthorized locations and on restricted items (SB 251,2013).

TANF can also be used to provide other assistance through partner agencies such as Food Banks, tutoring programs and school assistance programs to support one of the four goals of TANF stated above. The House Bill appropriates funds for the following programs:

- Microsoft Academy assists low income students to provide information technology certifications to address the growing concern of IT jobs going unfulfilled in Missouri due to a skills gap.
- Funding to support Food Banks' efforts to provide services and food to low income individuals.
- LINC/Boys and Girls Club of America provide TANF eligible activities in after school settings to promote the health, social educational, vocational, and character development of youth. These programs provide Out of School Support such as homework help, general mentoring to school-age children, constructive leisure time activities and guidance under trained leadership.
- Funding to support tutoring and enrichment programs for children and youth who are part of TANF eligible families living in St. Louis City and St. Louis County school districts. DSS is contracting with the University of Missouri-St. Louis (UMSL) to work with local school districts and other stakeholders to leverage existing resources, including, but not limited to building space and equipment, to make our dollars stretch farther and serve more kids. The programs will compliment, rather than replicate other learning and development opportunities and tailor programming to individual participant needs, progress, interest and preferred learning style and ability.
- Summer Jobs Program assists the youth of low-income families in the St. Louis and Kansas City metropolitan areas. Through partnering with local businesses and community leaders, the Summer Jobs Program will provide youth with productive work experience that develops valuable job skills for those participating in the program.
- State Parks Youth Corps (SPYC) supports the participation of youth from low income households with the opportunity to gain valuable work experience in Missouri State Parks and historic sites.
- Project Xcel is an initiative bringing together business, government, and young people aging out of Missouri's foster care system to achieve mutually-beneficial goals. Through shared commitment and responsibility, the partners will address business demand for good customer service employees, meet public expectations for reliable and courteous service, get young people aging out of the foster care system started on meaningful career paths, and grow Missouri's middle class.
- Jobs for America's Graduates (JAG) programs provide participants (in school or out of school) with classroom and work based learning experiences that result in a quality job leading to a career after graduation or completion of a High School Equivalency Test (HiSET).
- ABC Today provides a mentoring model through the Big Brothers, Big Sisters program that partners with Missouri public school districts to encourage and support children living in low income families to Attend school, Behave when they get there and experience Classroom performance in reading and math. Data has shown that youth in need are succeeding in school under this model.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.115

Program Name: Temporary Assistance

Program is found in the following core budget(s): Temporary Assistance

The house bill allows for use of funds in additional areas, including the following:

- Capable Kids and Families provides support in the form of home visitation services, networking group meetings and activities, connections to other agencies, and a one of a kind resource-lending program filling the gaps in services to families of young children with disabilities and/or developmental delays.
- Home visiting programs partner with other community groups to provide education and other outreach to parents and children to reduce incidents of child abuse and neglect. This appropriation funds early childhood development programs targeting low income families and families with children under age three to ensure that these children have positive early childhood experiences both in and out of the home. These programs help prepare children to enter school ready to succeed and to reduce the potential for child abuse and neglect.
- Funding for the Alternatives to Abortion program (located in House Bill 5 - Office of Administration) is designed to assist women in carrying their unborn child to term instead of having an abortion, and to assist them in caring for their child or placing their child for adoption.
- Other programs that meet the goals of TANF or for Emergency Assistance.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.040, Federal law: PL 104-193 and PRWORA of 1996

3. Are there federal matching requirements? If yes, please explain.

Yes. There is a state maintenance of effort required to earn the TANF block grant that pays for the program. Expenditures from other programs also provide state maintenance of effort required to earn the TANF block grant.

4. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193 and PRWORA of 1996.

1. What does this program do?

TANF block grant funds were appropriated in FY2017 to support fatherhood program initiatives. These funds will support two existing projects in the St. Louis area, and the remaining funds will be allocated regionally through a competitive bid process. Regions will include the metropolitan areas, Southwest, Southeast, Central and Northern.

A description of the two existing St. Louis projects follows.

\$306,046 - St. Louis Fathers' Support Center Parenting in Partnership (PIP) – Pilot program through which both parents participate in efforts to increase child support, promote family stability through co-parenting, and help children remain safely in their homes.

The program is intended to give fathers services and support so they can successfully comply with child support orders.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.040, Federal law: PL 104-193 and PRWORA of 1996

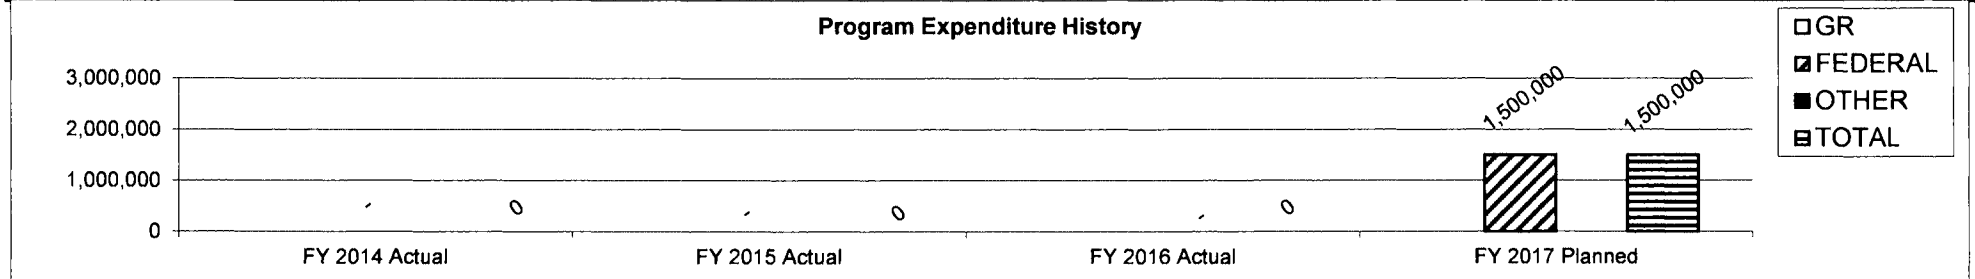

3. Are there federal matching requirements? If yes, please explain.

N/A

4. Is this a federally mandated program? If yes, please explain.

N/A

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

N/A

7a. Provide an effectiveness measure.

Effectiveness will be measured based on a before/after comparison. Payments of the NCP should become more frequent and closer to the amount of child support ordered after enrollment in the program than they were before enrollment.

7b. Provide an efficiency measure.

Efficiency will be measured by comparing the child support payment activity of the NCPs enrolled in such programs with those in similar circumstances who are not enrolled in a Responsible Fatherhood program.

7c. Provide the number of clients/individuals served, if applicable.

FSD anticipates that 1,500 or more clients will be served over the next year between the current efforts and the additional efforts funded through this initiative.

7d. Provide a customer satisfaction measure, if available.

2. CORE DESCRIPTION

Adult Supplementation provides a monthly cash benefit to targeted aged, blind and disabled persons. This program, along with Supplemental Security Income (SSI), provides supplemental payments to persons, receiving less income than they were in December 1973 from the prior supplemental programs of Old Age Assistance, Aid to the Blind and Permanent and Total Disability. These claimants remain eligible for medical care. No new cases can be added to this caseload and consequently it will decline over time.

PROGRAM DESCRIPTION

Department: Social Services

HB: Section 11.125

Program Name: Adult Supplementation

Program is found in the following core budget(s): Adult Supplementation

1. What does this program do?

Adult Supplementation provides a monthly cash benefit to targeted aged, blind and disabled persons. In conjunction with the Supplemental Security Income (SSI) program, states are required to make Supplemental Payments (SSI-SP) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs of Old Age Assistance, Aid to the Blind and Permanent and Total Disability. Those recipients who were not eligible for SSI, but whose incomes were less than their 1973 level, also receive a supplemental payment from the State of Missouri equal to the difference in the income levels. These recipients are designated as Supplemental Payment Only (SP-Only) recipients.

Any claimant converted to SSI-SP or SP-Only remains eligible for medical care. No new cases can be added to this caseload and, consequently, it will decline over time.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.030, Federal law: Section 1616 of the Social Security Act.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. Section 1616 of the Social Security Act. States are required to make Supplemental Payments (SSI-SP or SP Only) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs referenced above.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.130

Program Name: Supplemental Nursing Care

Program is found in the following core budget(s): Supplemental Nursing Care

1. What does this program do?

The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in Residential Care Facilities, Assisted Living Facilities, non-MO HealthNet certified areas of Intermediate Care Facilities, and Skilled Nursing Facilities. These grants help low-income seniors and persons with disabilities afford adequate care and remain in a less restrictive environment for long term care, improving their quality of life. Supplemental Nursing Care (SNC) recipients must be 65 or over in age or permanently and totally disabled or blind and have insufficient income to meet the basic facility charge. Currently, resources must be less than \$1,000 for a single person, or \$2,000 for a married person.

As a result of the passage of HB 1565 (2016), starting July 1, 2017, resource limits will increase from \$1,000 for a single person, or \$2,000 for a married person, to \$2,000 for a single person, or \$4,000 for a married person. The following years, the resource limits will increase by one thousand dollars (single) and two thousand dollars (married) respectively until the sum of resources reach the amount of five thousand dollars and ten thousand dollars respectively by FY21. Beginning in FY22, the resource limits will be modified to reflect any increases in cost-of-living that are approved on the federal level.

An eligible adult, living in a licensed nursing facility and found medically eligible, may receive a maximum of \$390 monthly. If living in an assisted living facility, formerly known as a licensed residential care facility II (RCF-II), an eligible person may receive a maximum of \$292 monthly. An eligible adult, living in a licensed residential care facility I (RCF-I), may receive a maximum of \$156 monthly. Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 208.016 & 208.030, Federal law: Section 1618 of the Social Security Act.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes. Section 1618 of the Social Security Act, RSMo 208.030. It is an optional state program that provides monthly cash benefits for eligible persons in residential care facilities and in non-MO HealthNet certified areas of ICF/SNF nursing facilities. Federal law mandates that once a state exercises their option to operate a program it may not be terminated without losing all federal Medicaid Assistance.

2. CORE DESCRIPTION

The Community Services Block Grant (CSBG) provides core funding to nineteen Community Action Agencies (CAAs) to alleviate the causes and conditions of poverty in communities. CSBG funding is from a block grant provided to the State of Missouri by the U.S. Department of Health and Senior Services. Federal statutes require that 90% of the CSBG funding be passed through to Community Action Agencies (CAAs) and/or other not-for-profit organizations. A portion of the remaining funds is used for discretionary purposes supporting Community Action Agency {Results Oriented Management & Accountability (ROMA)} capacity building, contracts to targeted populations such as Indians, and poverty-related issues including, but not limited to, homelessness and children's nutrition.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.145

Program Name: Community Service Block Grant

Program is found in the following core budget(s): Community Service Block Grant

1. What does this program do?

The purposes of the Community Services Block Grant (CSBG) are to reduce poverty, revitalize low-income communities, and to empower low-income families and individuals to become self-sufficient. Activities to address and reduce poverty conditions such as unemployment, inadequate education, inadequate housing, inadequate available income, unmet emergencies and malnutrition are carried out by a network of local, non-profit Community Action Agencies (CAAs) and/or other not-for-profit organizations serving 114 counties and the city of St. Louis. See Attachment A for a current listing of CAAs.

The CSBG is utilized by CAAs to provide services based on locally determined needs. CSBG funds are coordinated with other federal, state, local, and private funds to support services and activities for low-income families and communities. The Missouri Work Assistance (MWA) Program refers participants who are no longer receiving Temporary Assistance (TA) and are not receiving Transitional Employment Benefits to the Community Action Agency (CAA) to be assessed for services. This transitional service is essential as clients may no longer be eligible for Temporary Assistance due to lifetime limits or income, but are still in need of services that MWA can no longer provide as the individual is not receiving TA. The CAAs have a variety of services to ensure clients have resources to become self-sufficient and support their families. CAAs use CSBG funds to provide a mix of the following services and activities: early childhood education, literacy, job training, transportation, utility assistance, emergency food, asset development, financial literacy, economic development and community development.

A new initiative for children's nutrition is the No Kid Hungry Missouri Program, which works with state agencies, schools, private organizations, businesses and individuals to break down barriers and implement common sense solutions to ensure kids have greater access to nutritious meals.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 660.370-660.374, Federal law: P.L. 105-285, Community Services Block Grant Act

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

PL 105-285. In the event that the Congress of the United States approves a block grant system to fund social programs, the state may, subject to appropriation, use such block grant funds or in-kind services to provide a level of financial assistance for CAAs to carry out community action programs through the community services block grants pursuant to the federal Community Services Block Grant Act and other such federal funding sources which may be appropriate. Federal statutes require that 90% of the CSBG funding be passed through to CAAs and/or other not-for-profit organizations. A portion of the remaining funds is used for discretionary purposes for contracts to increase Community Action Agency capacity and address targeted populations and poverty related issues such as Indians, seniors and those with disabilities.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.150

Program Name: Emergency Solutions Grant Program

Program is found in the following core budget(s): Emergency Solutions Grant Program

1. What does this program do?

The Emergency Solutions Grant Program (ESGP) is designed to identify sheltered and unsheltered homeless individuals and families, as well as those at risk of homelessness, and provide the services necessary to help those persons quickly regain stability in permanent housing after experiencing homelessness or a housing crisis. In Missouri, the goal is to safely reduce the length of stay for families and individuals in shelters in order to create opportunities for them to be rapidly re-housed. All currently existing emergency services will continue but will do so with the intent to ultimately transition persons into a more stable and permanent environment. This model removes the traditional tiered system that offers limited services and imposes unnecessary requirements on individuals and families in order to obtain permanent housing. Missouri recognizes that there will always be specific populations that require emergency shelter and services, including but not limited to homeless youth, survivors of domestic violence and homeless individuals struggling with substance abuse and hopes to incorporate ways to safely shorten these episodes of homelessness and move individuals and families directly into a permanent housing situation through rapid re-housing.

Funding is provided to non-profit community based and faith-based organizations to operate shelters and to provide case management, rent and utility subsidies and other social services that directly contribute to housing stability. Funding is provided through either direct contracts with non-profits, or through non-profit sub-contracts with local units of government (cities or counties). The Department partners with the Missouri Housing Development Commission (MHDC) to issue competitive grants. Up to 7.5% of the grant can be used for administration costs such as reports, monitoring, and audits. The state and any grantees or sub-grantees share the 7.5% administrative funding. (Note: Local government and non-profit grantees/sub-grantees must match funding on a dollar-for-dollar basis. The federal government also contracts directly with metropolitan areas for additional ESGP funds.)

The Emergency Solutions Grant Program (ESGP) is a component of Missouri's Consolidated Plan for funding received from the Department of Housing and Urban Development.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Stewart B. McKinney Homeless Assistance Act, as amended 42 UCS 11371

Federal law: P.L. 111-22, Division B, Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act)

Federal law: PL 112-141, Moving Ahead for Progress in the 21st Century

3. Are there federal matching requirements? If yes, please explain.

Yes, matching funds are required of grantees (local units of government and non-profits) on a dollar-for-dollar basis.

The state can award grantees a waiver under certain conditions. The state does not provide any matching funds for this program other than a small portion to match administrative funds used for oversight and monitoring.

4. Is this a federally mandated program? If yes, please explain.

No. However, ESGP is a component of Missouri's Consolidated Plan for all funding from the Department of Housing and Urban Development.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.155

Program Name: Food Distribution Programs

Program is found in the following core budget(s): Food Distribution Programs

1. What does this program do?

Through the U.S. Department of Agriculture Food Distribution Program, this program provides food to help improve the nutritional status of children and needy adults. The Food Distribution Program provides for the distribution of USDA foods to charitable institutions (when food is available) along with food distribution to summer food service programs for children, disaster relief agencies and six non-profit food banks. The food banks distribute USDA foods to food pantries which assist needy persons and households in situations of emergency or distress. Food banks also distribute USDA foods to soup kitchens, homeless shelters, domestic violence shelters and other like organizations that provide meals for the homeless. The Family Support Division contracts with companies and non-profit organizations to store and transport the food.

The federal funding also provides for administrative services including allocation, warehousing, storage, delivery, accounting and federal reporting responsibilities. The following are the totals of administrative funds paid to each of the six foodbanks during the months of July 2015 through June 2016 (SFY 2016):

Second Harvest Community Food Bank	\$ 108,071
The Food Bank for Central and Northeast Mo	\$ 189,255
Harvesters-The Community Food Network	\$ 257,987
Ozarks Food Harvest	\$ 296,034
Southeast Missouri Food Bank	\$ 137,166
St. Louis Area Foodbank	\$ 350,698
Total funds paid:	\$ 1,339,211

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 205.960-967, Federal law: P.L. 113-79, 110-246, 107-171, 104-193, 104-127, 100-435, 98-8, 93-86, 81-439, 74-320.
Federal Regulations: 7 CFR Part 250 and 251

3. Are there federal matching requirements? If yes, please explain.

There is no match for The Emergency Food Assistance Program (TEFAP) funding which is utilized in this appropriation. However, the State must provide a cash or in-kind contribution equal to the amount of TEFAP administrative funds received under this federal program and retained by the State for state level costs (employees, salaries, travel, equipment) which is paid out of FSD Administration. This typically amounts to 5 - 6 % of total Federal administrative funds.

4. Is this a federally mandated program? If yes, please explain.

No.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.160

Program Name: Energy Assistance

Program is found in the following core budget(s): Energy Assistance

1. What does this program do?

Missouri's Low Income Home Energy Assistance Program (LIHEAP) is a block grant program. The objectives of LIHEAP are to help low-income people meet the costs of home energy, defined as heating and cooling of residences; to increase their energy self-sufficiency, and to reduce their vulnerability resulting from energy needs. The target population is low-income households, especially those with the lowest incomes and the highest home energy costs or needs. Additional factors taken into account for low-income households include family size, elderly, disabled, and families with children under six years of age.

This federal funding for low-income Missourians includes three components: Energy Assistance (EA) and Energy Crisis Intervention Program (ECIP) and Low-Income Weatherization Assistance Program (LIWAP).

Energy Assistance (EA)

- Provides financial assistance to households to help pay primary fuel source heating bills for Missourians during the months of November through March.
- The one time benefit amount is based upon household size, income and the type of fuel used for home heating.
- The Family Support Division (FSD) contracts with the Missouri Community Action Agencies and/or other not-for-profit organizations to determine eligibility and process applications.
- Application information, as well as documentation, is entered into the state EA data system that is web-based and secure for eligibility determination and payment processing.
- Payments are made by the DSS directly to energy suppliers and in a small number of cases to eligible clients. Less than 8% of funds are paid directly to clients.

Energy Crisis Intervention Program (ECIP)

- Provides financial assistance to households in a verifiable energy crisis.
- This funding is distributed to the LIHEAP contract agencies through formula to make payments directly to the energy supplier.
- Agencies can also request in their yearly plan a portion of the ECIP funding to help purchase or repair furnaces or air conditioners, to pay for emergency or temporary shelter, provide limited emergency services, and provide education and outreach.

Winter ECIP can be used for primary or secondary fuel sources.

- Available from November through May based upon funding.
- Benefit amount is the amount required to resolve crisis.
- Maximum benefit amount is \$800.00.

Summer ECIP is primarily used to restore or prevent disconnection of services of a cooling utility source.

- Available from June through September based upon funding.
- Benefit amount is the amount required to resolve crisis.
- Maximum benefit amount is \$300.00.

Beginning Federal Fiscal Year (FFY) 2017, LIHEAP Energy Assistance and Winter Energy Crisis Intervention Program start dates changed to November 1st for elderly and disabled households and December 1st for all other households.

Contractors determine disability based on the following definition. "Disabled" shall be defined as an individual who is totally and permanently disabled or blind and is receiving one Service Disability, Medical Assistance, Railroad Retirement Disability Benefits, Social Security Disability Benefits, State Aid to the Blind, State Blind Pension, State Supplemental F Income Program, or Veterans Administration Disability Benefits.

More than 5 years ago, the Social Services' Domestic Violence Program was selected by the U.S. Department of Health and Human Services to participate in the Family Violence Prevention and Services Act (FVPSA) data collection and outcomes project. These outcomes have now become standard measures used by all 50 states. The Division's contractor, the Missouri Coalition Against Domestic and Sexual Violence (MCADSV), is in contact with each contractor regarding their specific program type and provides technical assistance regarding how to use the FVPSA outcomes and/or assist the program to develop goals, objectives and outcomes appropriate for the program.

14416 surveys were collected from domestic violence programs. Based on the responses from those surveys:

- As a result of contact with the domestic violence program, 94% of domestic violence survivors reported having strategies for enhancing their safety.
- As a result of contact with the domestic violence program, 93.4% of domestic violence survivors reported having knowledge of available community resources.

The MCADSV gathers the statistical information from Domestic Violence Shelter and Services (DVSS) contractors on behalf of the Division to derive the required outcomes above.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.185

Program Name: Blind Administration

Program is found in the following core budget(s): Blind Administration

1. What does this program do?

Blind Administration provides for personal services, expense & equipment and communication costs for both field and central office staff to administer the Services for the Blind and Visually Impaired programs. Blind Administration is also responsible for the coordination and administration of Rehabilitation Services for the Blind (RSB) policies and procedures.

Rehabilitation Services for the Blind (RSB) administers seven programs designed to provide blind and visually impaired individuals with the opportunity to obtain employment commensurate with their goals and abilities and to attain the independent living skills appropriate for each client. The Workforce Innovation and Opportunity Act (WIOA) has made significant changes to the Vocational Rehabilitation program that will increase employment opportunities for individuals with disabilities. Through new partnerships with WIOA core partners, RSB Administration has developed services, common performance measures and a combined state plan. This funding supports a case management system that allows for a more streamlined federal reporting process and provides an enhanced service delivery system to clients in a much more cost effective manner. This system allows for RSB management to monitor and review client cases in real time and to review client progress and initiate adjustments in their services if necessary. Please refer to Services for Visually Impaired narrative for more detailed information on each program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 8.051, 8.700-8.745, 207.010, 207.020, 209.010, 209.015, 209.020, 178.160-178.180; Federal law: Randolph-Sheppard Act as amended through 1974, 34 CFR 395, Rehabilitation Act of 1973 as amended by WIOA-Title VII-Part B and Chapter 2, and the Workforce Innovation and Opportunity Act of 2014 upon full implementation.

3. Are there federal matching requirements? If yes, please explain.

Vocational Rehabilitation funding is 78.7% Federal and 21.3% State.

4. Is this a federally mandated program? If yes, please explain.

Yes, except for funding of Prevention of Blindness, Reader Services, Blindness Education Screening and Treatment (BEST) Program, and the Children's Services Program. See #2 above for the listed Federal statutes.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.190

Program Name: Services for the Visually Impaired

Program is found in the following core budget(s): Services for the Visually Impaired

1. What does this program do?

Rehabilitation Services for the Blind (RSB) provides services to blind Missourians that affords the individual with an opportunity to identify appropriate living and employment goals and attain the skill levels necessary to achieve those goals. These services are provided through the following programs:

Vocational Rehabilitation (VR)

This program provides the services necessary to enable blind and visually impaired individuals to retain, maintain or obtain employment. Services are provided either directly by RSB staff or outsourced. Direct services provided by staff include adjustment and vocational counseling and guidance; job development and placement; travel; training; and instruction in communication, personal management and homemaking skills. Equipment and services such as physical restoration and training are purchased for blind and visually impaired consumers. Services are provided in accordance with the Rehabilitation Act of 1973 as amended in 2014 by the Workforce Innovation and Opportunity Act (WIOA). WIOA reforms and modernizes the public workforce system and enhances several key employment, education, and training programs. RSB is a required core WIOA partner for the implementation and provision of vocational rehabilitation services under Title IV. The federal oversight agency, Rehabilitation Services Administration, is currently developing new regulations. RSB has developed new partnerships with the core partners, submitted a combined state plan for federal approval, begun updating the electronic case management system and completed initial staff training. The full program impact is unknown until regulations are finalized, but it does include redefining employment outcomes and an emphasis on students in transition. As WIOA continues to develop at the federal, state and local levels, RSB will continue to work on improving partner relationships and provide staff the required knowledge and resources.

Business Enterprise Program (BEP)

Staff provide technical assistance in the establishment of vending facilities in federal, state and other properties; and supervisory and management services for facilities on an on-going basis. This program provides opportunities for self-employment to blind consumers.

Prevention of Blindness (POB)

The Prevention of Blindness Program arranges for and provides eye care to medically indigent persons. Services provided for eye care include treatment, surgery, hospitalization, medication and other physical restoration services, a glaucoma screening program and full scale screening clinics for glaucoma and vision. In addition, based on the availability of funds, the Blindness Education, Screening and Treatment (BEST) program fund, provides for blindness education, screening and treatment for eligible medically indigent persons.

Children's Services (CS)

Provides early identification/intervention, educational advocacy, parent education referral and resource information and counseling and guidance services to families with visually impaired children from birth to transition to an adult program. Staff also provides consultation to schools serving blind and visually impaired children.

Readers for the Blind

The program provides up to \$500 per year to meet the cost of readers for legally blind individuals who are attending eligible post-secondary institutions.

Independent Living Rehabilitation (ILR-Adult)

Provides the services required by eligible consumers to obtain their maximum level of independence. Services include training provided by staff in areas of communication, personal management and homemaking skills. Equipment and services such as physical restoration and other training are purchased.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.195

Program Name: Business Enterprise

Program is found in the following core budget(s): Business Enterprise

1. What does this program do?

The Business Enterprise Program, authorized by the Randolph-Sheppard Act, provides blind vendors licensed by the Department of Social Services (DSS) with a priority for the operation of vending facilities, including military dining facilities on federal property. The DSS has entered into a contract with the Department of Defense (DOD) to provide full food service at Fort Leonard Wood. The role of DSS is to facilitate the contract arrangement. In Fiscal Year 2015, language was added to the Appropriation House Bill 11 requiring "a federal military vending facility operated in accordance with RSMo 8.700-8.745 and that regularly employs at least five hundred individuals shall incorporate at least three blind vendors and shall evenly split all resulting compensation." The Department of Social Services has drafted a proposed amendment to 13 CSR 40-91.010 in order to comply with this requirement.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Randolph-Sheppard Act -US Code Title 20 Chapter 6A 107.
 State statute: 8.051 and 8.700-8.745 RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted and reserve.

2. CORE DESCRIPTION

The Family Support Division (FSD) promotes parental responsibility. Whenever a child receives support from a non-custodial parent, that same child's need for MO HealthNet benefits or Temporary Assistance benefits may decrease. This appropriation provides the salaries, communication costs and office expenses for front-line worker, supervisory and support staff to operate the 15 Child Support (CS) Field offices located across the state and central field support units. This appropriation also funds a contracted call center and a contract that combines mail processing, case initiation, and document management functions.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.200

Program Name: Child Support Field Staff and Operations

Program is found in the following core budget(s): Child Support Field Staff and Operations

1. What does this program do?

The Family Support Division (FSD) promotes parental responsibility. Whenever a child receives support from a non-custodial parent, that child's need for MO HealthNet benefits or Temporary Assistance benefits may decrease. This appropriation provides for the salaries, communication costs and office expenses for front-line worker, supervisory and support staff to operate the 15 Child Support Field offices located across the state and central field support units.

The increasing number of single-parent households, the number of children living below the poverty level and the changes in public assistance brought about by welfare reform have made the work by the FSD Child Support staff and its circuit clerk and prosecuting attorney partners more important today than ever before. Often child support is the safety net that helps prevent families from slipping further into poverty.

In Missouri, the Department of Social Services' FSD Child Support Program is charged with collecting financial support for children. The child support program is also charged with securing private health care coverage information, establishing and enforcing medical support obligations for children and assisting with efforts to contain MO HealthNet costs by identifying possible third parties liable for medical costs. The program is administered from FSD's central office located in Jefferson City. The majority of case-carrying functions/responsibilities are carried out by state employees in FSD's field offices. An Office Manager manages each field office. One field office is a specialized intergovernmental unit where support is pursued for children who live in other states or countries, but whose non-custodial parents live in Missouri. This appropriation also funds a contracted call center and a contract for mail processing, case initiation and document management functions.

Paternity Establishment

Establishing legal paternity for children born to a mother not married to the child's biological father is the first step in addressing the social and economic needs of children. FSD contracts with a genetic testing vendor to scientifically determine paternity. When paternity is presumed (for instance, the child was born of the marriage or genetic testing established a presumption), or legally established by court order or by affidavit signed by the parents, FSD may establish a child support order by using administrative process. The resulting administrative order is filed with the circuit court, thereby becoming an order docketed by that court.

The goal of the program is to increase the percentage of children for whom paternity is established. Federal studies show that the best time for unmarried parents to acknowledge paternity of their newborn is at the hospital, immediately following the birth of the child. FSD has developed the In-Hospital Paternity Program (IHPP) at all of Missouri's birthing hospitals to provide hospital staff with comprehensive, on-site training, to assist them with offering new, unmarried parents the option of establishing paternity with the Affidavit Acknowledging Paternity. In SFY2015, 74,103 children were born in Missouri, of which 30,772 were born to mothers who were not married. Of those children born out of wedlock in Missouri, 20,759 had paternity established through the affidavit. In SFY2015, approximately 79% of all affidavits came directly from birthing hospitals.

If the alleged father does not cooperate with FSD in determining his paternity through genetic tests or affidavit, FSD must use judicial processes to establish paternity and obtain a child support order. FSD staff refer such cases to prosecuting attorneys throughout the state.

Order Establishment and Modification

Missouri uses an "income shares" model to calculate the amount of child support obligation to be paid in the establishment of an order and the modification of an existing order. The guidelines take into account special circumstances such as daycare expenses, health insurance premiums, other children of the parents and extraordinary needs of the child or the parents.

Order Enforcement

Child Support staff enforce administrative and/or judicial support orders on over 300,000 cases. An obligor who fails to comply with his/her support order may be subject to a variety of enforcement actions. The division has statutory authority to enforce child support orders through income withholding, state and federal tax refund intercepts, passport denial, driver license suspension and liens on property/bank accounts. Enforcement tools utilized by the division resulted in over \$686 million in collections for FFY 2015. The program has historically increased its collections every year since the inception of the program in 1975. Collections from the child support program's enforcement actions have helped families to receive the support they are entitled to and to live better lives.

The collection of current child support and arrears for initiating intergovernmental cases is one of the most challenging enforcement activities. An initiating intergovernmental case is where the custodial parent/custodian (CP) lives in Missouri and the noncustodial parent (NCP) lives outside the state of Missouri and the state agency has determined that it cannot take any direct enforcement action. In Fiscal Year 2016, language was added to the Appropriation House Bill 11 to allow for "staff or contractual services to complete child support interstate collection activities." An RFP is being developed and expected to be issued by the end of 2016 regarding initiating intergovernmental referrals.

Customer Service

Child Support experiences a high volume of customer inquiries. The call center manages child support customer inquiries from custodial and non-custodial parents with support orders. Centralized and privatized customer service creates efficiencies for the child support program by significantly increasing the amount of uninterrupted staff time devoted to collecting support and modifying support orders for families. Call center representatives provide callers with information on payments, debt balances, case status and child support processes, and also update the child support system with new information the callers provide. The call center is operational statewide and is managing approximately 54,000 calls per month.

FSD provides toll-free help lines for the general public. Assistance is available for employers Monday through Friday, 8 a.m. to 5 p.m. to answer questions and help with child support concerns and problems. FSD also has a website to assist the public in learning more about the division and the services available. Through this website, individuals may apply for child support services online; custodial parents can access an application to receive payments by direct deposit and non-custodial parents can access an application for auto withdrawal of support payments. The FSD website also enables customers to access information regarding payments and balances.

Mediation

The Family Support Division (FSD) contracts for mediation services for divorced or never married IV-D eligible parents to resolve parenting disputes and to reduce or eliminate potential emotional trauma to children due to parental conflict. Mediation services are designed to resolve issues relating to parenting time, custody, child support, transportation, health care coverage and health and safety of the children. However, only mediations discussing child support payments are eligible for the IV-D federal match. Clients are referred for mediation and only IV-D clients are eligible for these services.

PROGRAM DESCRIPTION

Department: Social Services

11.205

Program Name: Child Support Reimbursement to Counties

Program is found in the following core budget(s): Child Support Reimbursement to Counties

1. What does this program do?

The Family Support Division (FSD) partners with county government Prosecuting Attorney and Circuit Clerk Offices to increase the quantity and the quality of child support services provided to families. All counties have entered into cooperative agreements with FSD to assist in executing child support services. The State of Missouri must provide services to any child of an individual who applies for child support services, and when requested, individuals not residing within the state must receive the same child support services as individuals residing within the state. FSD delivers child support services, to the extent possible, using administrative processes under the authorities granted in Chapter 454, RSMo. When administrative remedies are exhausted without successful outcomes or when administrative processes are not appropriate in the delivery of child support services, the division requests the assistance of prosecuting attorneys. Prosecuting attorney staff assist the Division by using judicial processes to establish paternity, establish support orders, prosecute and otherwise enforce support orders. In FY 16, 12,907 cases were referred to prosecuting attorneys. Circuit Clerk staff assist the Division by utilizing the Missouri Automated Child Support System (MACSS) to accept or add administrative and judicial orders on all child support and/or spousal support cases as well as receiving and filing other administrative actions with the court and providing certified copies of required documents to the Division.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 454.405; RSMo. 210; 45 CFR Chapter III; 45 CFR Chapter 302.34

3. Are there federal matching requirements? If yes, please explain.

Yes. This program is partially funded by IV-D which requires a 34% state match.

4. Is this a federally mandated program? If yes, please explain.

Yes. 45 CFR 302.34 addresses cooperative agreements.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.210

Program Name: Distribution Pass Through

Program is found in the following core budget(s): Distribution Pass Through

1. What does this program do?

Provides a mechanism for the Department of Social Services (DSS) to manage certain types of collections and support payments to families and other payees. Examples of payments for which this mechanism is used include:

- Disbursement of erroneously intercepted federal income tax refunds back to the non-custodial parent or non-custodial parent's current spouse; and
- Disbursement of federal tax monies and unemployment compensation benefits collected by DSS on behalf of families due child support.

In addition to payments from federal funds, this program provides for payments from the State's Debt Offset Escrow fund. The Family Support Division (FSD) identifies delinquent child support cases meeting certain criteria for intercept of non-custodial parents' state tax refunds and certifies the arrears owed. Occasionally, case scenarios change after the arrears are certified, or there is an error in identification, or in the calculation of the amount of arrears owed. The Debt Offset Escrow fund serves to distribute any state tax intercepts due families and to return erroneously intercepted state income tax refunds to the appropriate party.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 143.783, 143.784, 454.400

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

Yes, 45 CFR 303.72 applicable to return of federal offset and 45 CFR 303.102 for the Debt Offset Escrow.
