January 17, 2017

The Honorable Eric Greitens  
Governor of Missouri  
State Capitol, Room 216  
Jefferson City, Missouri 65101

Dear Governor Greitens:

On behalf of Missouri's judiciary, the Court submits with this letter its fiscal 2018 budget. The Court recognizes the many requests for funds that you receive on an annual basis, thus, it has attempted in the spirit of partnership and collaboration to emphasize only those items that coincide with various legal requirements as well as those items that it believes are necessary for the long-term stability of the core operations of our judiciary.

In addition, the Court respectfully requests the continued flexibility that you and the General Assembly have granted in prior years, so that the Judiciary can ensure that dollars entrusted to it are managed in the most efficient way possible.

I am available to meet with you to discuss any of the initiatives and needs in this budget. Also, please feel free to contact Betsy AuBuchon, Clerk of the Court, should you or your staff have a specific budget question.

Sincerely,

A handwritten signature in green ink, reading "Patricia Breckenridge", is positioned above the printed name.

Patricia Breckenridge  
Chief Justice

According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce.

According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce.

Missouri's Office of Administration (OA) contracted with a third party vendor to conduct a comprehensive compensation study of the executive branch. The results were released in July 2016. The study identified employees whose salaries are below the proposed pay range minimums and recommended an initial implementation to bring these employees up to the minimum pay range determined by the study. The judiciary was not included in OA's study. The judiciary has also had a third party vendor complete a comprehensive compensation study. There are 1,540 judiciary employees whose salary is currently below the minimum pay range determined by the study. This decision item would bring those employees up to the minimum of their determined pay range.

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>The Supreme Court is charged by Article V, Section 4 of the Missouri Constitution with general superintending control over all of the state's courts. The Supreme Court, appellate courts and circuit, associate, family, juvenile and probate divisions of the circuit court are on one case management system. This has enabled the courts to standardize practices and improve the efficiency and accountability in critical areas such as case management and financial transaction processing. Currently, only 73 of the over 500 municipal divisions are on the state's case management system. The other municipal divisions use various local electronic systems or manual systems. Automating municipal divisions under one case management system will create greater efficiencies, enable wider public access, enhance Supreme Court oversight and foster accountability of municipalities.</p>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)						
With over 400 municipal divisions not on the state case management system, the Supreme Court has projected it will take four years to make the case management system available to all municipal divisions. This plan can only be accomplished with additional resources including additional staff. Resources have been categorized into two groups: implementation and on-going support. Implementation resources will be needed during the projected four year implementation and the on-going support will be what is needed to support the municipal divisions going forward. All municipal divisions not located at a circuit court would be able to access the state systems via the internet using a secure Virtual Desk Top managed by the OSCA. The internet access and the required computers at the municipal divisions will be provided by the municipality. Below is a breakdown of resources needed in year 1.

<p>E-courts is the use of technology to improve the effectiveness and efficiency of the delivery of court services and information to taxpayers, business community, court personnel and government agencies. **4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

This decision item would give the Judiciary the ability to move forward and keep the risk of security breaches and system failure at acceptable levels. In addition, this funding will enable technological innovation that will make courts more effective and efficient. Projects that could be funded include:

**Legacy Systems:** Legacy systems exist that are expensive to maintain, inhibit productivity, stymie effectiveness and/or are not sustainable into the future without unacceptable risk of system failures or breaches.

**Legacy Process:** Numerous legacy paper and manual processes could be converted to electronic processes that reduce cost, increase productivity, reduce case processing times and improve accuracy of court records.

**Enterprise Resource Planning (ERP):** The Judiciary's current ERP system, JIS, is a legacy system that lacks desired functionality. As a result, dozens of manual and paper processes have been developed to fill the void. A modern ERP system would ensure sustainability into the future, improve productivity and accuracy to court records.

**Mobile Application Development:** The Judiciary requires funding to address the needs of taxpayers and state employees in the era of mobile computing. There is an expectation that access to the courts should be available all the time, from anywhere using the device of their choice. Often this means accessing the courts on a smart phone or tablet via a mobile application or mobile website outside of business hours.

INTRODUCTION  
TO THE  
SUPREME COURT BUDGET

Article V, section 2 of the Missouri Constitution establishes the Supreme Court as the highest court of the judiciary, the third branch of government along with the executive and the legislative branches. The Supreme Court has general superintending control over all courts and tribunals, and its role is to ensure a stable and predictable system of justice by serving as the final arbiter of disputes involving the state's constitution and laws. As such, it hears and decides many of the most important legal issues affecting Missouri citizens, businesses, organizations and even factions of government. The Supreme Court also appoints and supervises a clerk, a state courts administrator and other staff to aid in the administration of the courts. It establishes rules of procedure, transfers judicial personnel among courts and has budgetary authority within the judiciary.

<p>The Supreme Court of Missouri requests adequate funding to hire well qualified law clerks and to retain experienced law clerks at the Court. The Court seeks law clerk candidates who are highly ranked law students or experienced attorneys. These individuals are also recruited by other entities and law firms who can offer higher starting salaries and similar benefit packages. The Court would also like to retain law clerks for longer terms in order to provide mentoring to new law clerks. The ability to offer a financial incentive to retain highly productive law clerks increases the efficiency in the judge's office.</p>

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Recruitment offices reported for 2014 that the average starting pay for law school graduates was approximately \$60,000, the median national starting salary was \$50,000 for all attorneys and \$75,000 for private practice. Competition for top legal talent in Missouri is intense. The Court cannot compete with other organizations to obtain top quality law school graduates when higher salaries are available elsewhere. This decision item raises first year law clerks salary four steps. The Court is currently funded at 14 law clerks at \$48,156 each.

7 Law Clerk I to 29/M (B00351)	\$28,140 increase	proposed Law Clerk I salary	\$53,136

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>																
<p>Acts of violence and threats towards government continue to increase. The Supreme Court building is a symbol for the judicial branch of government for the State of Missouri. The Attorney General maintains offices in the Supreme Court building as well. The Supreme Court building allows visitors on a daily basis. Citizens and government employees conduct business in the building. Screenings of visitors, employees and staff are conducted during business hours, and parking lots and deliveries are monitored by the Marshal's office. A recent study conducted by the United States Marshal Service recommends an increase in staff and substantial increase in training and certification efforts. The study discussed various types of threats occurring in the United States. In the report, the United States Marshal Service Office writes, "It is readily apparent to the authors of this report that the high profile missions which are conducted on a daily basis in your facility definitively possess an above average potential to inspire similar inappropriate directions of interest to both offices of the Supreme Court and Attorney General". Current level of Supreme Court Marshal's staff is one marshal, two deputy marshals and part-time marshals when needed. Efforts have been initiated to increase the training and certification of the marshal staff as recommended by the United States Marshal Service office. The Marshal's staff level is seriously impacted when a current staff member is out of the office on leave or training. The building has two entrances that should be monitored on a continuous basis in addition to many other duties of the Marshal staff.</p>

<p>The Missouri Supreme Court Library is the Official State Law Library of Missouri. The library has a collection of over 110,000 volumes, which include several rare sources. Legal research services are provided to the Missouri Judiciary, Missouri Legislature and staff, Missouri elected officials, state agencies, other libraries, foreign countries and the general public. The Office of Senate Research and the Office of the House of Representatives Research will also benefit greatly from the increase in funding, gaining access to additional resources provided by the State Law Library.</p>

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>	
<p>The Supreme Court Law Library continues to be a valuable resource to attorneys, judges, government agencies and the general public. The law library resource materials consists of hard bound books, periodicals, supplements and electronic reference access. Subscriptions to the reference material and electronic access to the digital material continues to escalate in cost. In the past seven years costs to maintain the law library have risen approximately thirty-five percent. The cost to operate the law library comes from the Supreme Court expense and equipment (E&amp;E) appropriation #0033. Funding for this appropriation has remained the same since fiscal year 2008. Maintaining the current level of subscriptions and electronic access requires approximately sixty-eight percent of the Court's E&amp;E appropriation. The law library continues to reduce the number of subscriptions and updates in an effort to offset the inflationary increases passed on by our vendors.</p> <p>Continuing to reduce the number of reference materials update each year has had a dramatic impact on the quality of the law library. The law library must have a reliable and reasonable source of funding in order to maintain the basic resources that remain.</p> <p>The physical reference materials in the Library continue to age. Without proper funding to continue a maintenance program on this aging collection, valuable materials will rapidly deteriorate. Older books need to be re-bound or properly prepared for archival storage.</p> <p>The Court can no longer afford to offset the law library funding with money flexed from other sources.</p>

## 2. CORE DESCRIPTION

Article V, section 25(d) of the Missouri Constitution establishes the duty of the Appellate Judicial Commission as nominating candidates for vacancies on the Supreme Court of Missouri and the Missouri Court of Appeals. This constitutional mandate includes the election of an attorney to serve on the commission, conducted in one of the three districts of the Missouri Court of Appeals on a rotating basis, every two years. The most recent election was conducted in FY 2016. The commission meets only when a vacancy occurs and it is necessary to make nominations to the Governor. Commission members do not receive salaries, but funds are needed to pay travel and operation expenses necessary for the work of the commission.

## INTRODUCTION TO THE OFFICE OF STATE COURTS ADMINISTRATOR BUDGET

Acting under the direction of the Supreme Court of Missouri, as allowed by the State Constitution (article V, section 4), the Office of State Courts Administrator (OSCA) is responsible for providing administrative, business and technology support services to the courts. The duties and responsibilities assigned to the state courts administrator's office relate to all levels of the state court system. The first state courts administrator was appointed in 1970.

Some of the ways the office assists the courts include case processing; criminal history reporting; debt collection and judgment enforcement; crime victims' rights; treatment court programming; the implementation of time standards for case disposition; and court improvement projects in the areas of child abuse and neglect, juvenile services and family preservation. The office also provides administrative and technology support, training of judicial personnel and statistical analysis. The office is organized as administrative services, court business services division and information technology services division.

The budget for the office is divided into four major components: OSCA, court improvement, statewide court automation and judicial education.

## 2. CORE DESCRIPTION

The court improvement projects' core budget provides the appropriation authority to accept and expend a variety of grants and other monies for programs and services provided to the public by the Missouri judiciary. The grant programs are focused on fulfilling mandates and developing new ways to make the judicial branch more effective and responsive to the needs of Missouri citizens. Initiatives such as improved processing of child abuse and neglect cases and automation of criminal history information as well as adult protection orders promote safety for Missouri families by addressing specific problems.

Statutorily created, the fundamental strategic goal of the statewide court automation project is to build and sustain "an integrated court system that renders geography largely irrelevant ... with greater efficiency, wider access, and enhanced accountability" for the litigant and taxpayer. This plan includes installation and ongoing development of case management, juror management and other software packages.

<b>2. CORE DESCRIPTION</b>																																																																																	
Judicial education serves to orient employees to a complex set of laws and procedures, all of which must be understood and followed if litigants are to have their cases resolved fairly and expeditiously. Judicial education plays a major role in updating the knowledge and skills for almost 5,000 state, county and municipal judicial branch employees, which includes front-line workers such as juvenile officers, detention workers and court clerks. The judicial employees have no other means to acquire the information to discharge day-to-day job responsibilities. Judicial education packages courses and programs of study that are tailored to meet the specific needs of new as well as experienced court personnel. These courses and programs are designed to satisfy standards mandated by federal and state statute and Supreme Court Rules.

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
Section 476.057 RSMo, establishes the Judicial Education and training fund and the general revenue transfer into the fund. This fund is to provide necessary training for Supreme, Appellate and Circuit Court judges and staff. Currently the appropriation for personnel services, expense and equipment, fringe benefits and lease payment exceed the general revenue transfer. This restricts the dollars available to be used for education.

#### 1. What does this program do?

- Maintains and supports the computers, servers, websites and information systems and technologies required to operate all Missouri courts.
- Maintains the statewide justice information network connecting 341 servers and 536 routers and switches in 224 locations that allow over 5,000 judiciary employees to share information on one network and to share electronic information with other state systems.
- Maintains and updates the integrated case management software, Judicial Information System (JIS), that services 100 percent of the state's judicial caseload. Also maintains the Jury Management System (JMS) that is used by all 45 circuits.
- Develops, deploys and maintains automated interfaces to share data with the Highway Patrol, local Prosecuting Attorneys, Missouri Department of Social Services, Missouri Department of Health and Senior Services, Attorney General's Office and Missouri Department of Revenue. The shared data is used to populate other automated systems and to meet federal and state reporting guidelines such as criminal history and traffic disposition reporting.
- Maintains the Missouri Juvenile Justice Information System (MOJJIS), which in 2016 made confidential court records for approximately 169,785 juveniles available to appropriate staff at the Missouri Department of Elementary and Secondary Education, Missouri Department of Social Services, Missouri Department of Health and Senior Services, Missouri Department of Mental Health and the courts.
- Maintains Case.net, providing web-based public access to more than 19 million open court case records.
- Maintains technologies such as electronic filing of court documents. With electronic filing, case documents are stored electronically at the court and are viewable electronically through Case.net by Missouri attorneys who are registered with the Missouri eFiling System. Access to public case documents by the general public or Missouri attorneys who are not registered users is available at the court during normal business hours. As of July 31, 2016, there was approximately 24,547 attorneys registered to use the system.
- Manages video conferencing in the courts. Video conferencing allows the offender to appear before a judge for arraignment without ever leaving their secure facility. This helps reduce the need for transportation to the appropriate court, the offenders are kept secure reducing the possibility of escape and reducing the need for court security, while the safety of the court personnel and general public is not jeopardized. Mental health hearings are also using video conferencing statewide, realizing both savings in transportation costs as well as savings in staff time that can now be productively spent on patient care.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

§476.055, §483.082, and §488.027, RSMo.

**1. What does this program do?**

The Basic Civil Legal Services Fund, passed in SB 447 (2003), funds the work of Missouri's four Legal Aid programs, which provide access to the civil justice system to low-income Missourians to protect their fundamental legal rights. Moneys collected must be paid to the Office of State Court Administrator and credited to the Basic Civil Legal Services Fund.

In addition to other fees authorized by law, and subject to lawful filing fee exemptions, the clerk of each court shall collect the following fees on the filing of any civil and criminal action or proceeding, including an appeal: appeals \$20.00; circuit division \$10.00; and, associate division \$8.00.

The Missouri Legal Aid programs handled 22,444 cases in 2016. By far, the largest practice area for the programs is domestic violence prevention, which accounts for over 25% of the programs' caseload. Work for victims of domestic violence includes obtaining Protective Orders, divorces and child custody orders for victims. Protective Orders and related legal work for victims have been shown to be one of the single most effective resources for stopping domestic violence.

Another major focus of the Legal Aid programs is to ensure that adults and children have access to medical care through the MoHealthNet system. Access to these benefits reduces the number of emergency room visits and the cost of medical care for everyone. The Legal Aids win over 85% of the cases they bring to obtain access to medical care for their clients.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

§§477.650 and 488.031, RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No.

## INTRODUCTION TO THE COURT OF APPEALS BUDGET

The court of appeals is an intermediate appellate court and is divided by statute into three districts. The Western District sits in Kansas City, the Eastern District sits in St. Louis and the Southern District sits in Springfield and Poplar Bluff. The number of judges in each district is also set by statute. The Western District has 11 judges, the Eastern District has 14 judges and the Southern District has 7 judges.

Amendments to the Missouri Constitution in 1970 expanded the appellate jurisdiction of the court of appeals to include cases not within the exclusive jurisdiction of the Supreme Court as specified in article V, section 3. All litigants have a right of appeal to the appropriate appellate court from final judgments in all civil and criminal cases. In 98% of the cases, the right of appeal is to the intermediate court of appeals. Judges are nominated by the nonpartisan Appellate Judicial Commission and appointed by the governor. If approved by the voters at the first general election after their first 12 months in office, they serve 12-year terms. Judges in each district elect a chief judge to serve for a term fixed by the district.

Last year, there were 13,197 motions, appeals and writs filed and 12,850 motions, appeals and writs disposed.

To assist the court of appeals in carrying out its constitutional obligations, staff of the three districts share common functions including keeping records and filings; arranging dockets; reviewing briefs and motions to present them to the court in an organized manner; issuing court orders; transporting prisoners; and carrying out financial and personnel management, legal research and library functions. Staffing patterns for carrying out these duties vary among the three districts depending upon local needs. Case management is facilitated by use of the statewide case management system known as Judicial Information System (JIS).

The three districts of the court of appeals are increasingly concerned about their ability to hire and retain quality non-judicial personnel. A well trained, competent work force is essential to the effective and efficient operation of the court of appeals, as well as all other government agencies.

The total FY 2018 core request for the court of appeals is \$12,117,833. Funds to operate the court of appeals are appropriated separately to each district: the Western District is requesting \$4,183,989; the Eastern District is \$5,358,975; and the Southern District is requesting \$2,574,869. The three districts of the Court of Appeals agree that there are certain additional resources that are necessary to permit the Court of Appeals, as a whole, to perform its constitutional obligations. Those resources, in order of priority, are:

Article XIII, section 3, of the Missouri Constitution establishes the Missouri Citizens' Commission on Compensation for Elected Officials which sets the salaries for the judges. The commission issued their report on compensation on November 24, 2010, and the 96<sup>th</sup> general assembly failed to disapprove it. **The total for this decision items is \$51,392.**

The three districts of the Court of Appeals need to maintain a core of experienced staff to assist judges in conducting the court's business. The need for each district is to fund positions with sufficient dollars to retain qualified personnel. **The total for this decision item is \$690,865.**

The State of Missouri contracted with a third party to conduct a comprehensive compensation study for the executive branch. The recommendation from the study was to increase the salary of all positions that are below the first step of the designated pay range. The judiciary was not included in the study but a similar study conducted by a third party vendor has assigned all positions to a pay range. This item would fund all positions who currently are below the designated pay range to the first step of the pay range. **The total for this decision item is \$61,718.**

As part of the judiciary-wide technology upgrade decision item, the three districts of the Court of Appeals are in need of an ongoing computer upgrade core to be used to replace computers and other related electronic equipment on a regular basis. All three districts are asking that funds for each be equal to the amount needed to replace approximately one-fourth of their computer and electronic equipment items each year to avoid the need for massive replacements of such equipment periodically in a single fiscal year. The amount requested is \$53,091 for the Western District, \$95,094 for the Eastern District and \$63,941 for the Southern District. **The total of all these decision items is \$212,126.**

<b>2. CORE DESCRIPTION</b>																																																																																	
<p>The Missouri Constitution charges the Missouri Court of Appeals, Western District with appellate and original jurisdiction over cases that arise in 45 counties of northern, central and western Missouri. In addition to its headquarters in downtown Kansas City, the Western District regularly holds court in locations throughout its 45 counties including Missouri Western State University; University of Central Missouri; Westminster College; William Jewell College; William Woods University; Truman State University; University of Missouri, Kansas City; and the University of Missouri, Columbia. Twelve of the state's twenty-one correctional institutions are located in the Western District, which results in a large percentage of the writs regularly filed by inmates. In addition, Cole County is within the geographical jurisdiction of this court. Hence, appeals include virtually all cases from the Public Service Commission, the Labor and Industrial Relations Commission, the Administrative Hearing Commission, the Missouri Department of Transportation and the Missouri Gaming Commission. Many of these appeals involve review of complicated and complex evidentiary and legal issues, requiring a great deal more judicial time than the average appeal. A total of 3,313 motions were filed in the Western District in FY 2016. Many of these presented novel and vexing problems uniquely so because the center of state government and most of the state's correctional institutions lie within the Western District.</p>

The Missouri Constitution and Missouri Statutes confer upon the Missouri Court of Appeals, Eastern District jurisdiction over 25 counties and the City of St. Louis containing 41 percent of the state's population. All citizens within this area have an automatic right of appeal from all final judgments in civil and criminal cases to the Eastern District, except those within the exclusive jurisdiction of the Supreme Court. The court hears 47 percent of all appeals filed in the state. The Eastern District includes six correctional facilities containing more than one-third of the state's inmate population and five centers run by the Missouri Department of Mental Health creating a continuing source of petitions for writs and appeals. In order to carry out its mandate to hear and decide cases, the court also operates the clerk's office, the library and provides security. The court endeavors to make the appellate process visible to all geographic areas of the Eastern District by holding sessions of court at more than 20 different courthouses and schools throughout the Eastern District.

## 2. CORE DESCRIPTION

The constitutional provisions establishing the parameters and responsibilities of the Missouri judicial system reflect the basic recognition of the need for a fair and timely system of justice for Missouri citizens. The Missouri Constitution charges the Missouri Court of Appeals, Southern District with appellate jurisdiction over cases in the 44 counties of southern Missouri. These counties include 24 percent of the state's population. The appeals generated by this population through the circuit court filings are reviewed and decided by the seven judges of the Southern District, which is 22 percent of the state's court of appeals judges. With the assistance of nine law clerks, cases are heard and decided by the Southern District. The principal location of the court is in Springfield. However, in accordance with §477.200, RSMo, the court is mandated to annually hold two sessions of court in Poplar Bluff. The court attempts to broaden its exposure, educate the public and save time and expense for litigants and counsel by holding oral argument sessions in different county courthouses and schools throughout the district's jurisdiction.

## PROGRAM DESCRIPTION

<b>Judiciary</b>	
<b>Court of Appeals</b>	
<b>Court of Appeals</b>	

**1. What does this program do?**

- The Missouri Constitution organizes the court of appeals into separate districts and allows the court to sit en banc or in divisions of not less than three judges.
- The court of appeals has general appellate jurisdiction in all cases except those within the exclusive jurisdiction of the Supreme Court.
- The court considers the briefs; oral arguments; and the transcripts, pleadings and exhibits from a trial in researching, deciding and writing its opinions.
- To increase accessibility to the judicial process, court is held not only in their own courthouse, but also in county courthouses, schools and at other locations throughout the state.
- The court en banc sets administrative policies and internal and external rules.
- The chief judge of the Western District chairs the 6th, 7th and 16th Judicial Circuit commissions. The chief judge of the Eastern District chairs the 21st and 22nd Judicial Circuit commissions. The chief judge of the Southern District chairs the 31st Judicial Circuit Commission. These commissions submit panels to the Governor for appointment of associate and circuit court judges for the respective circuits.
- Law clerks and research attorneys perform legal research and write memoranda to aid the judges.
- Clerk's office carries out the day-to-day staff functions necessary to keep cases moving through the appellate court, performs essential filing and record keeping, notifies the parties of the court's rulings and decisions, distributes the court's opinions and provides fiscal support to the court.
- Section 477.150, RSMo, authorizes a state-funded law library for each district to assist the judges and staff in the legal research necessary to promptly decide cases.
- Marshals provide security at the courthouse for citizens, staff and judges and arrange for the arrest of criminal appellants on bonds.

## INTRODUCTION TO THE CIRCUIT COURT BUDGET

The circuit courts, organized under the Missouri Constitution and statutes, are the trial courts of general jurisdiction. There are 46 circuits, each having at least one circuit judge. Each circuit is composed of one to five counties with at least one associate circuit judge in each county. Each circuit has a presiding judge and is organized into divisions: circuit, associate, family, juvenile, municipal and probate.

In each county, a circuit clerk office supports the clerical aspect of the cases before circuit and associate circuit judges. In larger counties, there may be several divisions of the court. In the 34 multi-county circuits, 38<sup>th</sup> and 46<sup>th</sup>, the juvenile court staff are state paid, while the original 10 single-county circuits pay juvenile court staff through county funds.

Core funding for the circuit courts for FY 2018 includes 2,959.70 FTE. There are 655 FTE which are provided by statute with statutory salaries and 2,304.70 other personnel. While the majority are court clerks, included in that total are 518.1125 FTE to support juvenile operations.

The FY 2018 budget request includes \$2,109,410 for new circuit judges for SB 578; \$13,566,991 to fund the full implementation of the 21<sup>st</sup> century workforce plan; \$173,917 for a new associate circuit judge for Cass County; \$258,528 for access to justice interpreter service for criminal cases; \$275,084 for access to justice interpreter services for civil and juvenile cases; \$287,044 to fully staff secure juvenile detention centers; \$493,769 for treatment court staff; \$48,948 for a reimbursable family court administrator in the 45<sup>th</sup> circuit; \$4,096,939 for cost to implement section 211.021 RSMo; \$5,332,500 for attorneys for juvenile offices; and \$1,491,141 for single county circuit juvenile court personnel reimbursement.

On May 18, 2016, the U.S. Department of Labor (USDOL) announced an overtime rule change to expand employee overtime protections. Effective December 1, 2016, employees making less than \$47,476 per year will earn time and a half pay after working 40 hours per week. The previous threshold was \$23,660 per year. In addition, the USDOL will index the income threshold every three years. State agencies will take steps to minimize the fiscal impact of this rule change; however, the current core budget may be insufficient to cover these additional expenses.

The average salary for the approximately 331 employees effected by the FLSA change is \$37,773 (\$18.16/hour). We project that each employee may work 52 hours of overtime per year which equates to 78 hours (52 hours X 1.5 overtime rate) that will need to be paid. Our estimated overtime cost would be \$468,855 (78 hours X \$18.16/hour X 331).

<p>The number of associate circuit judges in any county is established by §478.320, RSMo, which provides for: one associate circuit judge in each county of less than 30,000 people; two associate circuit judges in counties of over 30,000 and less than 100,000; three or more associate circuit judges in counties of more than 100,000; and one additional associate circuit judge for each additional 100,000 inhabitants. A county shall gain an additional judgeship if it maintains the next level of population for three consecutive years.</p> <p>The 2015 census estimates prepared by the United States Bureau of the Census that is certified by the State demographer show the population of Cass County to be over 100,000. Based on this estimate, a new judgeship should be funded in Cass County.</p>

The salary of the associate circuit judge is statutory and a state obligation, as are division clerks, to staff the new court. Space, equipment and operating expenses are a county responsibility under the statutes, which predate the Hancock amendment.

For each new judgeship, the state costs are as follows:

	<b>FTE</b>	<b>Cost</b>

<p>Providing judicial services for those that are hearing impaired or have lingual challenges is required by state and federal law. Per §476.760(5) and §476.806(2), RSMo, the courts shall appoint a state-paid interpreter in criminal proceedings. In addition, state law requires courts to appoint a qualified foreign language interpreter in all legal proceedings in which a non-English speaking person is a party or a witness (§476.803.1, RSMo).</p> <p>According to 2015 census data, 6.1 percent of the Missouri population speaks a language other than English at home. Qualified foreign language interpreters are essential to a functional and fair justice system. An insufficient number of foreign language interpreters and funding could result in language barriers and a lack of awareness of one's rights in, for example, domestic and child abuse cases, which could lead to a victim not pursuing needed protection or being placed in danger.</p>

<p>In 2015, 357,318 civil, juvenile and probate cases were filed. Missouri's total population is 6,083,672. Approximately 6.1 percent of the total population filed civil, juvenile and probate cases. The percentage of the Missouri population that speaks little or no English is 6.1 percent. With those assumptions (6,083,672 x 6.1% x 6.1% / 6,083,672), it is anticipated that 0.4 percent of the cases filed would have an individual who speaks little or no English, who would need an interpreter to participate in the court proceeding. The average hourly rate of interpreters is \$70.00/hour, and it is estimated that each case would require an average of 2.5 hours of interpreter services. Currently, other expenses (mileage, hotel, meals) for interpreters in criminal cases are approximately 10 percent of what is spent on interpreter services.</p>

<p>Providing judicial services for those that are hearing impaired or have lingual challenges is required by state and federal law. Per §476.760(5) and §476.806(2), RSMo, the courts shall appoint a state-paid interpreter. In addition, state law requires courts to appoint a qualified foreign language interpreter in all legal proceedings in which a non-English speaking person is a party or a witness (§476.803.1, RSMo). Federal Executive Order 13166 and the U.S. Department of Justice policy guidelines states that courts provide interpreting and translating services to all non-English speaking individuals who use the court system in order to have meaningful access to the courts. Furthermore, failure to provide such services is a violation of Title VI of the Civil Rights Act of 1964, which prohibits discrimination based upon national origin.</p> <p>According to 2015 census data, 6.1 percent of the Missouri population speaks a language other than English at home. Qualified foreign language interpreters are essential to a functional and fair justice system. An insufficient number of foreign language interpreters and funding could result in language barriers and a lack of awareness of one's rights in, for example, domestic and child abuse cases, which could lead to a victim not pursuing needed protection or being placed in danger.</p>

Missouri's total population is 6,083,672. Approximately 6.1 percent of the total population filed civil, juvenile and probate cases. The percentage of the Missouri population that speaks little or no English is 6.1 percent. With those assumptions (6,083,672 x 6.1% x 6.1% / 6,083,672), it is anticipated that 0.4 percent of the cases filed would have an individual who speaks little or no English, who would need an interpreter to participate in the court proceeding. The average hourly rate of interpreters is \$70.00/hour, and it is estimated that each case would require an average of 2.5 hours of interpreter services. Currently, other expenses (mileage, hotel, meals) for interpreters in criminal cases are approximately 10 percent of what is spent on interpreter services.</p>

## U. S. Department of Justice

## Civil Rights Division

Assistant Attorney General

Washington, D.C. 20530

August 16, 2010

Dear Chief Justice/State Court Administrator:

In the past decade, increasing numbers of state court systems have sought to improve their capacity to handle cases and other matters involving parties or witnesses who are limited English proficient (LEP). In some instances the progress has been laudable and reflects increased recognition that language access costs must be treated as essential to sound court management. However, the Department of Justice (DOJ) continues to encounter state court language access policies or practices that are inconsistent with federal civil rights requirements. Through this letter, DOJ intends to provide greater clarity regarding the requirement that courts receiving federal financial assistance provide meaningful access for LEP individuals.

Dispensing justice fairly, efficiently, and accurately is a cornerstone of the judiciary. Policies and practices that deny LEP persons meaningful access to the courts undermine that cornerstone. They may also place state courts in violation of long-standing civil rights requirements. Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d *et seq.* (Title VI), and the Omnibus Crime Control and Safe Streets Act of 1968, as amended, 42 U.S.C. § 3789d(c) (Safe Streets Act), both prohibit national origin discrimination by recipients of federal financial assistance. Title VI and Safe Streets Act regulations further prohibit recipients from administering programs in a manner that has the effect of subjecting individuals to discrimination based on their national origin. *See* 28 C.F.R. §§ 42.104(b)(2), 42.203(e).

The Supreme Court has held that failing to take reasonable steps to ensure meaningful access for LEP persons is a form of national origin discrimination prohibited by Title VI regulations. *See Lau v. Nichols*, 414 U.S. 563 (1974). Executive Order 13166, which was issued in 2000, further emphasized the point by directing federal agencies to publish LEP guidance for their financial assistance recipients, consistent with initial general guidance from DOJ. *See* 65 Fed. Reg. 50,121 (Aug. 16, 2000). In 2002, DOJ issued final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons. 67 Fed. Reg. 41,455 (June 18, 2002) (DOJ Guidance). The DOJ Guidance and subsequent technical assistance letters from the Civil Rights Division explained that court systems receiving federal financial assistance, either directly or indirectly, must provide meaningful access to LEP persons in order to comply with Title VI, the Safe Streets Act, and their implementing regulations. The federal requirement to provide language assistance to LEP individuals applies notwithstanding conflicting state or local laws or court rules.

Despite efforts to bring courts into compliance, some state court system policies and practices significantly and unreasonably impede, hinder, or restrict participation in court proceedings and access to court operations based upon a person's English language ability. Examples of particular concern include the following:

1. Limiting the types of proceedings for which qualified interpreter services are provided by the court. Some courts only provide competent interpreter assistance in limited categories of cases, such as in criminal, termination of parental rights, or domestic violence proceedings. DOJ, however, views access to *all* court proceedings as critical. The DOJ Guidance refers to the importance of meaningful access to courts and courtrooms, without distinguishing among civil, criminal, or administrative matters. *See* DOJ Guidance, 67 Fed. Reg. at 41,462. It states that "every effort should be taken to ensure competent interpretation for LEP individuals during *all* hearings, trials, and motions," *id.* at 41,471 (emphasis added), including administrative court proceedings. *Id.* at 41,459, n.5.

Courts should also provide language assistance to non-party LEP individuals whose presence or participation in a court matter is necessary or appropriate, including parents and guardians of minor victims of crime or of juveniles and family members involved in delinquency proceedings. Proceedings handled by officials such as magistrates, masters, commissioners, hearing officers, arbitrators, mediators, and other decision-makers should also include professional interpreter coverage. DOJ expects that meaningful access will be provided to LEP persons in all court and court-annexed proceedings, whether civil, criminal, or administrative including those presided over by non-judges.

2. Charging interpreter costs to one or more parties. Many courts that ostensibly provide qualified interpreters for covered court proceedings require or authorize one or more of the persons involved in the case to be charged with the cost of the interpreter. Although the rules or practices vary, and may exempt indigent parties, their common impact is either to subject some individuals to a surcharge based upon a party's or witness' English language proficiency, or to discourage parties from requesting or using a competent interpreter. Title VI and its regulations prohibit practices that have the effect of charging parties, impairing their participation in proceedings, or limiting presentation of witnesses based upon national origin. As such, the DOJ Guidance makes clear that court proceedings are among the most important activities conducted by recipients of federal funds, and emphasizes the need to provide interpretation free of cost. Courts that charge interpreter costs to the parties may be arranging for an interpreter's presence, but they are not "providing" the interpreter. DOJ expects that, when meaningful access requires interpretation, courts will provide interpreters at no cost to the persons involved.

3. Restricting language services to courtrooms. Some states provide language assistance only for courtroom proceedings, but the meaningful access requirement extends to court functions that are conducted outside the courtroom as well. Examples of such court-managed offices, operations, and programs can include information counters; intake or filing offices; cashiers; records rooms; sheriff's offices; probation and parole offices; alternative dispute resolution programs; *pro se* clinics; criminal diversion programs; anger management classes; detention facilities; and other similar offices, operations, and programs. Access to these points of public contact is essential to the fair administration of justice, especially for unrepresented LEP persons. DOJ expects courts to provide meaningful access for LEP persons to such court operated or managed points of public contact in the judicial process, whether the contact at issue occurs inside or outside the courtroom.

4. Failing to ensure effective communication with court-appointed or supervised personnel. Some recipient court systems have failed to ensure that LEP persons are able to communicate effectively with a variety of individuals involved in a case under a court appointment or order. Criminal defense counsel, child advocates or guardians *ad litem*, court psychologists, probation officers, doctors, trustees, and other such individuals who are employed, paid, or supervised by the courts, and who are required to communicate with LEP parties or other individuals as part of their case-related functions, must possess demonstrated bilingual skills or have support from professional interpreters. In order for a court to provide meaningful access to LEP persons, it must ensure language access in all such operations and encounters with professionals.

DOJ continues to interpret Title VI and the Title VI regulations to prohibit, in most circumstances, the practices described above. Nevertheless, DOJ has observed that some court systems continue to operate in apparent violation of federal law. Most court systems have long accepted their legal duty under the Americans with Disabilities Act (ADA) to provide auxiliary aids and services to persons with disabilities, and would not consciously engage in the practices highlighted in this letter in providing an accommodation to a person with a disability. While ADA and Title VI requirements are not the same, existing ADA plans and policy for sign language interpreting may provide an effective template for managing interpreting and translating needs for some state courts.

Language services expenses should be treated as a basic and essential operating expense, not as an ancillary cost. Court systems have many operating expenses – judges and staff, buildings, utilities, security, filing, data and records systems, insurance, research, and printing costs, to name a few. Court systems in every part of the country serve populations of LEP individuals and most jurisdictions, if not all, have encountered substantial increases in the number of LEP parties and witnesses and the diversity of languages they speak. Budgeting adequate funds to ensure language access is fundamental to the business of the courts.

We recognize that most state and local courts are struggling with unusual budgetary constraints that have slowed the pace of progress in this area. The DOJ Guidance acknowledges that recipients can consider the costs of the services and the resources available to the court as part of the determination of what language assistance is reasonably required in order to provide meaningful LEP access. *See id.* at 41,460. Fiscal pressures, however, do not provide an exemption from civil rights requirements. In considering a system's compliance with language access standards in light of limited resources, DOJ will consider all of the facts and circumstances of a particular court system. Factors to review may include, but are not limited to, the following:

- The extent to which current language access deficiencies reflect the impact of the fiscal crisis as demonstrated by previous success in providing meaningful access;
- The extent to which other essential court operations are being restricted or defunded;
- The extent to which the court system has secured additional revenues from fees, fines, grants, or other sources, and has increased efficiency through collaboration, technology, or other means;
- Whether the court system has adopted an implementation plan to move promptly towards full compliance; and
- The nature and significance of the adverse impact on LEP persons affected by the existing language access deficiencies.

DOJ acknowledges that it takes time to create systems that ensure competent interpretation in all court proceedings and to build a qualified interpreter corps. Yet nearly a decade has passed since the issuance of Executive Order 13166 and publication of initial general guidance clarifying language access requirements for recipients. Reasonable efforts by now should have resulted in significant and continuing improvements for all recipients. With this passage of time, the need to show progress in providing all LEP persons with meaningful access has increased. DOJ expects that courts that have done well will continue to make progress toward full compliance in policy and practice. At the same time, we expect that court recipients that are furthest behind will take significant steps in order to move promptly toward compliance.

The DOJ guidance encourages recipients to develop and maintain a periodically-updated written plan on language assistance for LEP persons as an appropriate and cost-effective means of documenting compliance and providing a framework for the provision of timely and reasonable language assistance. Such written plans can provide additional benefits to recipients' managers in the areas of training, administering, planning, and budgeting. The DOJ Guidance goes on to note that these benefits should lead most recipients to document in a written LEP plan their language assistance services, and how staff and LEP persons can access those services. In court systems, we have found that meaningful access inside the courtroom is most effectively implemented in states that have adopted a court rule, statute, or administrative order providing for universal, free, and qualified court interpreting. In addition, state court systems that have strong leadership and a designated coordinator of language services in the office of the court administrator, and that have identified personnel in charge of ensuring language access in each courthouse, will more likely be able to provide effective and consistent language access for LEP

individuals. Enclosed, for illustrative purposes only, are copies of Administrative Order JB-06-3 of the Supreme Judicial Court of Maine, together with the September 2008 Memorandum of Understanding between that court and DOJ. Also enclosed for your information is a copy of "Chapter 5: Tips and Tools Specific to Courts" from DOJ, *Executive Order 13166 Limited English Proficiency Document: Tips and Tools from the Field* (2004).

The Office of Justice Programs provides Justice Assistance Grant funds to the states to be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and criminal justice information systems that will improve or enhance criminal justice programs including prosecution and court programs. Funding language services in the courts is a permissible use of these funds.

DOJ has an abiding interest in securing state and local court system compliance with the language access requirements of Title VI and the Safe Streets Act and will continue to review courts for compliance and to investigate complaints. The Civil Rights Division also welcomes requests for technical assistance from state courts and can provide training for court personnel. Should you have any questions, please contact Mark J. Kappelhoff, Acting Chief, Federal Coordination and Compliance Section (formally known as Coordination and Review Section) at (202) 307-2222.

Sincerely,

<p>There are 19 secure juvenile detention centers in the state that are open 24 hours, 7 days per week. The state is responsible for staffing the nine centers located in the multi-county circuits. Juvenile officers and detention aides are required to provide intake and supervision services at the youth/staff ratio as established by the Circuit Court Budget Committee. Food service and support staff are also necessary for the daily operation of these facilities. Currently, state funding is not sufficient to staff all multi-county circuit secure juvenile detention centers at the state staffing standard so counties are having to provide staff to meet the need.</p>

Based upon standards relating to secure juvenile detention staffing, all multi-county circuit secure juvenile detention centers would be staffed in accordance to the following guidelines:

- All state-funded juvenile detention centers shall receive no more state-funded FTE than is required to supervise a maximum capacity of 16 juveniles.
- Each center shall require 16.5 FTE for detention staff. Detention staff shall consist of the detention superintendent, shift supervisor and detention aides.
- Each center may include no more than 1.5 state-funded FTE for food service workers.
- Each center may include no more than one state-funded FTE for secretarial support.

Currently, counties fund 8.08 FTE in the nine multi-county circuit secure juvenile detention centers to help the state meet the staffing standards. The counties funding staff are: 13th Circuit (Boone and Callaway counties), 17th Circuit (Cass and Johnson counties), 24th circuit (Madison, St. Francois, Ste. Genevieve and Washington counties), 35th Circuit (Dunklin and Stoddard counties) and the 44th Circuit (Douglas, Ozark and Wright counties).

<p>This decision item requests funding to improve treatment court services to six additional circuits in Missouri that currently do not have an administrator managing their programs. In circuits that do not have administrator, other court staff will be assigned different duties to perform for the treatment court programs. For small programs, this structure works but as the programs grow in size it makes it difficult to coordinate the services that are needed. Based on certain criteria like number of treatment court programs, number of participants and number of counties the programs serve, there are six circuits that would benefit from having a treatment court administrator. Those circuits are the: 23rd (Jefferson County), 25th (Maries, Phelps, Pulaski and Texas counties), 29th (Jasper County), 39th (Barry, Lawrence and Stone counties), 44th (Douglas, Ozark and Wright counties) and the 45th (Lincoln and Pike counties).</p>

<p>Providing consolidated judicial services to families is a goal of family courts (Chapter 487, RSMo). Family court administrators help meet this goal by improving the quality of justice and decreasing the time required to decide cases involving families and juveniles. The duty of a family court administrator is to oversee, supervise and administer the services of the family court, which includes: mediation services, preparation of home studies, and psychological services and counseling. A family court administrator manages cases under the supervision of the family court judge. This request would fund a reimbursable family court administrator in the 45th circuit (Lincoln and Pike counties).</p>

<p>Section 211.021 RSMo as passed in 2008 (HB 1550), provides for juvenile court jurisdiction of status offenders to increase from age seventeen to eighteen. This provision does not take effect until such time that appropriations by the general assembly for additional juvenile officer personnel exceeds \$1.9 million of the fiscal 2007 appropriations for both the 34 multi-county circuits and the twelve single county circuits.</p> <p>Authorization: §211.021, RSMo.</p>

Extending the juvenile court jurisdiction to age eighteen for status offenses will cause a significant workload and fiscal impact on the courts. The additional appropriation of \$1.9 million for multi-county circuits would fund 44 additional juvenile officers. The new multi-county juvenile officers will require 40 laptops and monitors. \$1.9 million would be transferred through program distribution to the single-county circuits.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The single-county circuits' juvenile personnel costs have increased approximately 46% since 1997. The reimbursements to the counties are the same every year since they are based on the 1997 personnel expenditures. To assist the counties with their rising personnel costs, the Judiciary is requesting to increase the reimbursement rate from twenty-five percent to thirty percent, which is allowed by §211.393, RSMo

Authorization: §211.393 and §211.394, RSMo

<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>					
<p>Section 211.393 RSMo, allows for an increase in the reimbursement to the single-county judicial circuits of up to thirty percent. The current reimbursements are based on 25% of the 1997 expenditures or the salary of one Chief Deputy Juvenile Officer (CDJO) and one Juvenile Officer I (JO I), whichever is greater. Platte County reimbursement will not increase in the proposed FY 18 reimbursement because the salary of a CDJO and JO I is greater than 30% of their 1997 expenditures.</p>

Personnel expenses are 95% of the program budget and include salaries of judges, commissioners, clerks, court reporters and other support personnel.

In addition:

- Section 488.2250, RSMo, obligates the state to pay transcription fees for: transcripts of testimony required by the judge; transcripts of criminal trials in which an indigent defendant appeals; pleas and sentences for class A & B felonies where a motion is filed under Supreme Court Rule 24.035; and, transcripts of preliminary hearings in homicide cases for indigents.
- Section 494.455, RSMo, provides that, if a county increases juror compensation from \$6 to \$12 a day from local funds, the state will add another \$6. This results in \$18 per juror per day served. Currently, there are 76 counties that qualify for the reimbursement.
- Section 476.803, RSMo, provides that, "the courts shall appoint qualified interpreters and translator in all legal proceedings in which the non-English speaking person is a party or a witness."
- Section 485.075, RSMo, provides that in the absence of the official reporter of any circuit judge because of illness or physical incapacity to perform his/her duties, the judge may appoint a temporary reporter, who shall perform the same duties and receive the same compensation as provided for the regular reporter for the time served by the appointee as temporary reporter, to be paid upon certification of the judge making such appointment.
- Section 476.385, RSMo also authorized the Supreme Court of Missouri to establish a centralized bureau to accept pleas of not guilty or pleas of guilty along with payment of fines and court costs for violations of offenses listed on the uniform fine schedule.

## PROGRAM DESCRIPTION

**Judiciary****Circuit Courts****Trial Courts****3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

Title II of the Americans with Disabilities ACT (ADA) mandates that state and local governments ensure persons with disabilities are not precluded from services, programs or activities. The ADA requires the entity to furnish appropriate services or auxiliary aids at no expense to the person with a disability. The U.S. Supreme Court's decision in *Tennessee v. Lane*, 541 US 509 (U.S. 2004) upheld as constitutional the provisions of Title II of the ADA that allows private citizens to bring suits for money damages against the state for failing to provide reasonable access to the courts, costing the state and counties more than \$970,000. Recipients of federal assistance must comply with Title VI of the Civil Rights Act of 1964 that prohibits discrimination, including discrimination on the basis of national origin.

**1. What does this program do?**

- Missouri is composed of 46 circuits comprised of 114 counties and the City of St. Louis. Each circuit has a juvenile officer with deputy juvenile officers in many counties throughout the state. These 46 juvenile officers and their staff provide front line services for Missouri's juvenile courts and youth. The types of cases they deal with range from child abuse/neglect to violent juvenile delinquency.
- Juvenile staff are educated professionals performing supervisory level work in the enforcement and administration of juvenile justice activities for the judicial circuit. Juvenile staff are vested with the statutory authority to take charge of youth who come within the jurisdiction of the court. The Juvenile Officer is given the responsibility for the overall operation and administration of the juvenile office and detention center. Work involves administration activities such as caseload management and distribution, preparation of budget, payroll and grant applications, administering staff disciplinary procedures, conducting performance evaluations and acting as chief public relations officer.
- The juvenile staff are responsible for the supervision and programming for delinquent youth, for the protection of the community's public safety and the youth appearing for court hearings. Staff are also responsible for overseeing the protection of children from abuse and neglect from those who are providing care, custody and control of the child.
- Juvenile divisions report workload, assessment and outcome data for youth receiving informal and formal services. In addition, information on delinquency and the effectiveness of delinquency programming is reported.
- Standards for the Administration of Juvenile Justice require juvenile officers and support staff to screen and process juvenile court referrals and supervise youth.
- The Juvenile Detention Alternative Initiative (JDAI) is implemented within 16 circuits to promote change to policies, practices and programs in order to:
  - reduce reliance on secure confinement;
  - establish alternatives to detention;
  - improve public safety;
  - reduce racial disparities and bias;
  - save taxpayers' dollars; and
  - stimulate overall juvenile justice reforms.

- The Disproportionate Minority Contact (DMC) Initiative is a juvenile reform effort to reduce the over-representation of minority youth in the juvenile justice system. The program calculates the Office of Juvenile Justice and Delinquency Prevention (OJJDP) Relative Rate Index (RRI) to measure the over-representation of minorities in the juvenile justice system at 8 court contact points (referral, diverted, detention, charges filed, delinquency finding, probation, secure confinement, and transfer to adult court) for the 114 counties and the City of St. Louis.
- There are 17 secure juvenile detention centers in the state that are open 24 hours, 7 days per week. Nine centers are state funded and located in the 35 multi-county circuits, and require juvenile officers and detention aides to provide intake and supervision services at the youth/staff ratio established by Supreme Court Rule. Food service and clerical staff are also necessary for the daily operation of these facilities.

The Missouri Permanency Planning Program started in 1997 in the 2nd and 23rd circuits and has developed into a statewide initiative. The program's mission is to provide for the safety and timely placement of abused and neglected children in permanent homes.

Congress has created three different grant programs to support juvenile court improvements for at-risk children and families to promote permanency. Each state's highest court is guaranteed a portion of these federal funds. Each grant program focuses in one area of permanency planning.

The Juvenile Court Improvement Project (JCIP) Steering Committee, Missouri's multidisciplinary task force, developed, implemented and monitors a strategic plan to progress towards outcomes and assist in developing future plans for Missouri's court improvement program.

Missouri courts participate in the Child and Family Services Review and the Title IV-E Foster Care Eligibility Review Process and assist in implementing any necessary related improvement plans. The goals of the strategic plans are:

- Improve court practice to increase engagement with foster parents, caregivers, and parties with language or distance barriers in court hearings; increase timeliness of these hearings and improve time to permanency.
- Promote court-agency collaborations in the use of data to ensure accountability for improved outcomes for children in the foster care system under the oversight of the Juvenile Court Improvement Project Steering Committee, including projects such as Fostering Court Improvement (FCI) in which each circuit focuses on their own local data and challenges.
- Evaluate data and outcomes to improve policy, procedure and initiatives for children in out-of-home placement and to prevent removal.
- Provide education on child welfare policy, procedures, and initiatives to multidisciplinary stakeholders that work with the courts in the child welfare field.
- Provide education to attorneys who practice in child welfare cases and improve quality of legal representation for children, parents and agencies.
- Shorten the average length of stay for children in out-of-home care and reduce the amount of state and federal funds that would otherwise be necessary to support those children in out-of-home care.

## PERCENTAGE OF CHILDREN IN CARE ON LAST DAY OF FISCAL YEAR

2 years or more	29%	30%	30%	29%	30%	30%
12-23 months	27%	27%	29%	26%	30%	29%
0-11 months	44%	43%	41%	45%	40%	41%

All FY15 data is preliminary as data is still being entered and may change once the Children's Division Annual Report is published.

Statewide, the percentage of children who had been in care two years or more continues to remain significantly low. Which is likely due, in part, to mandatory timeframes for court hearings in child abuse/neglect cases and other court and agency reform efforts. Many reforms were initiated as the result of HB 1453, which was passed in May 2004.

**1. What does this program do?**

Court Appointed Special Advocate (CASA) programs recruit, train, supervise and evaluate volunteer advocates for abused and neglected children. CASA volunteers, assigned to abuse or neglect cases by a judge, conduct thorough research on the background of the case, review documents, interview involved parties, report to the court with recommendations based on the best interest of the child and provide the judge with information that will help him or her make an informed decision. Funds are used to increase the number of children that can be served in the circuit court and community, thereby expediting the placement of children in safe and permanent homes and improving the quality of services offered directly to those children.

Each fiscal year, funding is distributed to approved CASA programs from the CASA fund with 15 percent of collections going to new programs and 85 percent going to existing program; in years where there is not a new program, the funds are distributed evenly to all approved programs. Also, Missouri CASA programs complete an application for funding from the state CASA office, which includes program policy reviews, financial reporting, and an accounting of past fund usage. Approved programs will receive at least \$5,000 from the state CASA office, but the goal is to at least give each program \$10,000 between the two awards. Programs can use these funds as a match for Title IV-E funding for training of new volunteers; in CY2015 CASA programs received reimbursements totaling \$20,815 under Title IV-E at a rate of between 49-50%.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Missouri CASA Program is funded through a \$2.00 surcharge (deposited into the "Missouri CASA Fund") for domestic relations petitions filed in the circuit or associate circuit court as provided in §476.777, RSMo (2001).

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

The “Domestic Relations Resolution Fund” is established through a \$3.00 surcharge assessed on civil cases as provided in §§452.554 and 452.552, RSMo. Moneys in this fund are used to pay costs for the following:

- The parenting handbook, created by §452.556, RSMo, helps to assure that parents receive basic, easy to read information regarding court processes and the court system. It is available in English, Spanish, Braille, large print and electronic format upon request. They are provided to each party of a dissolution or legal separation action, motion to modify, motion for family access order and motion for contempt.
- Helps with the creation and implementation of local circuit programs applicable to domestic relations cases. Examples of these programs include supervised visitation, exchange programs and alternative dispute resolution and education programs. The Missouri Family Court Committee oversees the Request for Proposals (RFP) process and allows circuits to apply for funds for more than one program.
- Funds partially support implementation and evaluation of unified family court projects in the 11th circuit. The program is designed to provide unified case management to ensure that cases involving children and families are handled in a fair, timely, effective and cost-efficient manner.
- Funds partially support implementation of a child support court in the 22nd and 45th circuits. This specialized court is focusing on the non-support offender and enhancing the parent/child relationship.
- Funds family court judicial bench book, which includes recent juvenile law changes, practice and procedures.

## INTRODUCTION TO DRUG COURTS COORDINATING COMMISSION

The Drug Courts Coordinating Commission was established by House Bill 471 (2001) and is composed of eight members representing the judiciary and the departments of corrections, social services, mental health and public safety. The legislation also established a Drug Court Resources Fund to be administered by the commission. The commission is to evaluate, secure, coordinate and allocate funding resources to the various treatment court programs around the state.

As of July 1, 2016, there were over 4,800 participants in 43 circuits that operate a total of 141 adult, juvenile, family, veterans and DWI treatment court programs. There have been more than 17,000 treatment court graduates in Missouri since the treatment courts began in 1993. Also, there have been over 760 babies born drug free to treatment court participants, saving the state hundreds of millions of dollars in lifetime costs in care for children who would have otherwise been prenatally exposed to drugs or alcohol.

Drug use drives crime in Missouri. Drug court programs provide a cost-effective alternative to incarceration and probation by addressing the increased rates in sentencing and new prison admissions for drug-involved offenders. Drug court programs add substance use disorder treatment and intensive judicial supervision to traditional probation. Drug court participants learn discipline and sobriety skills and are returned to their families and communities as productive tax-paying citizens.

In 2010, the General Assembly passed legislation which reformed Missouri's DWI laws in an effort to reduce drunk driving. These statutes (478.007 and 302.309 RSMo) authorized circuit courts to establish DWI courts and allowed DWI court judges to grant a Limited Driving Privilege (LDP) to DWI court participants and graduates. Since 2010, there has been an overwhelming response to the legislation with an increase of more than 124% in the DWI court participant population. Due to the tremendous demand, many DWI courts have taken slots previously dedicated to drug court, causing some drug court participants to be placed on waiting lists or not be served. Due to limited funding, DWI court participants also pay higher fees, restricting access to some in need. Additional funding would support the current DWI court population, increase accessibility to more DWI offenders, provide additional monitoring with ignition interlock devices, instill long-term behavior change, reduce the incidence of DWIs and save lives.

Veterans treatment courts are hybrid drug and mental health courts that use the treatment court model to assist those who are serving or who have served in the U.S. military and are struggling with a substance use disorder and/or serious mental illness. Veterans treatment courts connect veterans to services, promote sobriety and stability through a coordinated response that involves collaboration with the traditional partners found in drug and mental health courts, with the addition of the U.S. Department of Veterans Affairs health care networks, the Veterans Benefits Administration, U.S. Department of Defense, volunteer veteran mentors and veterans family support organizations.

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
The Drug Court Resources fund was established in Section 478.009 RSMo to provide funds for circuit courts that establish treatment courts. Funds are awarded to the treatment courts through a Request for Proposal (RFP) process. Currently the spending authority in the funds is greater than the GR transfer. This reduces the funds available to the local treatment courts.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

In 2010 the General Assembly passed legislation which reformed Missouri's DWI laws in an effort to reduce drunk driving. This legislation authorized circuit courts to establish DWI courts and allowed DWI court judges to grant participants and graduates a Limited Driving Privilege (LDP). Since 2010, there has been an overwhelming response to the legislation with an increase of more than 124% in the DWI court participant population, with no additional funding. Due to the tremendous demand, many DWI court programs have adopted a self-pay model to cover program costs which has prevented some from entering the program. In FY16, DWI court participants paid an average of \$91 per month for program fees, compared to an average of \$57 per month for adult drug court program fees. Based on an 18 month program, a DWI court participant will pay an average of \$1,638 in program fees in addition to SATOP, Ignition Interlock, insurance, fines, alcohol testing and electronic monitoring expenses. Additional funding would support the current program capacity while also increase accessibility of services to a greater population of DWI offenders, instill long-term behavior change, reduce the incidence of DWIs and save lives.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Like drug courts, DWI courts effectively divert offenders from the state prison system, resulting in cost avoidance to the state correctional budget. The Missouri Department of Mental Health currently provides \$3,000 per participant towards the treatment of each DWI court offender through the Serious and Repeat Offender (SROP) Program to offset the cost of treatment for DWI court participants. With SROP funding, in FY16, the average yearly cost per DWI court participant from the Drug Court Resource Fund was \$898. With additional funding of \$1,163,808, the current population of DWI court participants can be funded and Missouri DWI court programs will increase accessibility to a greater population of DWI offenders.

**In FY16, there were 1,296 DWI court participants served x \$898 = \$1,163,808**

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>	
<p>Drug use drives crime in Missouri. Treatment court programs provide a cost-effective alternative to incarceration and probation by addressing the increase in rates of sentencing and new prison admissions for drug-involved offenders. Treatment court programs add substance use disorder treatment, mental health disorder treatment and intensive judicial supervision to traditional probation. Veterans treatment courts are a hybrid drug and mental health courts that use the treatment court model to assist those who are serving or who have served in the U.S. military and are struggling with a substance use disorder and or serious mental illness.</p>

### 1. What does this program do?

Treatment courts:

- Provide a cost effective method to allow drug and alcohol users to be diverted from incarceration in the state's prison system;
- Have a proven track record of improved program outcomes compared to regular probation or incarceration resulting in immediate cost avoidance and resulting in a lower recidivism rate;
- Allow offenders to remain active taxpayers in their communities;
- Allow offenders to obtain training or education so they are more employable;
- With repeat drunk drivers as a target, DWI court programs provide intensive court supervision, provide treatment and monitor ignition interlock device for offenders who receive a Limited Driving Privilege to reduce drunk driving incidents and protect public safety;
- Reduce the number of drug addicted babies being born;
- Decrease the negative consequences of drug and alcohol abuse such as a reduction in the number of cases filed involving family disputes, abuse and neglect, truancy, property crimes, domestic violence and crimes of violence;
- Increase child support payments, number of families reunited, employment of those participating in court treatment plans, community service activity and number of GEDs earned;
- Reduce participant reliance on state and federal assistance programs like: women, infant and children services (WIC), temporary assistance to needy families (TANF), food stamps, and social security income benefits (SSI);
- Connect veterans to increased services through a collaboration with traditional community partners in drug and mental health courts with the addition of the U.S. Department of Veterans Affairs health care networks, Veterans Benefits Administration, U.S. Department of Defense, volunteer veteran mentors and veterans family support organizations.
- Assist the Drug Courts Coordinating Commission in the administration of the treatment court programs throughout the state; administer the methods and systems adopted by the Commission; and process the payment of state monies appropriated for the treatment programs.

<b>2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>											
<p>On May 18, 2016, the US Department of Labor announced that the overtime pay protection of the Fair Labor Standard Act (FLSA) was being changed effective December 1, 2016. The salary threshold for those who qualify for overtime pay protection is being increased from \$23,660 to \$47,476. This increase will effect approximately 328 employees in the judiciary. These employees represent front line supervisors and juvenile officers in the circuit courts.</p>

The average salary for the approximately 331 employees effected by the FLSA change is \$37,773 (\$18.16/hour). We project that each employee may work 30 hours of overtime per year which equates to 45 hours (30 hours X 1.5 overtime rate) that will need to be paid. Our estimated overtime cost would be \$270,493 (45 hours X \$18.16/hour X 331).
