**2. CORE DESCRIPTION**

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The director of the Department of Health and Senior Services facilitates the department's partnership with local public health agencies, Area Agencies on Aging, and other organizations addressing public health and senior issues.

The Director's Office staff provide administrative leadership, support, coordination, and oversight for the entire department. Within the Director's Office, the Office of General Counsel (OGC) provides legal support to all departmental units. OGC is also responsible for maintaining the Employee Disqualification List, which ensures that individuals that have committed acts of abuse, neglect, misappropriation, or falsification are not employed by health care agencies. The Office of Human Resources provides personnel management services and support for the department.

**1a. What strategic priority does this program address?**

Maximize program outcomes.

**1b. What does this program do?**

The Office of the Director, which includes the Boards of Health and Senior Services, serves as the focal point for leadership and coordination across the department. The director articulates and reinforces the department's vision and goals to the programs within the department and provides advice and counsel on public health and senior services issues to the governor and the legislature. The Director's Office includes:

- the department director, deputy director, and other senior management staff;
- the Office of Human Resources;
- the Office of Public Information;
- the Office of General Counsel; and
- the Employee Disqualification List (EDL) program that manages all aspects of the statutorily mandated EDL process including complaint investigations indicating possible abuse, neglect, misappropriation of funds or property, or falsification of service delivery documents by employees.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 191.400, RSMo (State Board of Health); Chapter 192, RSMo (department); Section 660.062, RSMo (State Board of Senior Services); and Sections 197.500, 198.070, 198.090, 208.912, and 208.915, RSMo (Employee Disqualification List).

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

The EDL program fulfills the requirements of 42 CFR 483.13, 42 CFR 483.156, and 42 CFR 488.335 requiring a state procedure for reporting findings to licensing boards and adding indicators to the Nurse Aid Registry for certified nurses aids who have abused or neglected residents or misappropriated funds or property.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Maximize Program Outcomes.  
 Funding for the Deputy Department Director position was eliminated in fiscal year 2016. The department's Director of Administration was assigned the dual role of performing both the duties of the Deputy Department Director position while retaining the duties of the Director of Administration. These positions are critical to the efficient and effective operation of the department. The Deputy Department Director is responsible for the day to day operation of the department and providing guidance to the three programmatic divisions. The Director of Administration acts as the department's chief financial officer and provides guidance to staff administering the department's budget, grant management, contract and procurement, and cash flows.

**2. CORE DESCRIPTION**

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services. The division assists the efforts of the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The Division of Administration processes all grant applications, initiates federal draws related to grants, and prepares required federal and state financial reports. In addition, the division reviews and processes all contracts and procurements to ensure that services and commodities are economically obtained; processes all payments to vendors; assesses program performance and compliance with state and federal requirements; maintains an inventory of physical assets to ensure the fiscal integrity of state property; operates warehouse, delivery, and mailroom services for the department; and works with the Office of Administration to manage building leases and related issues that arise with a workforce that operates from state office buildings and leased facilities spread across the state. Department-wide operating expenditures such as telecommunications, postage, vehicle fleet operations, copy machine repair, paper and envelopes, building security, and freight services are paid from the division's budget. The division also prepares the departmental budget submission and responds to budget-related inquiries and fiscal note requests from the Office of Administration and the legislature.

**FLEXIBILITY REQUEST FORM**

**BUDGET UNIT NUMBER:** 58025C

**DEPARTMENT:** Department of Health and Senior Services

**BUDGET UNIT NAME:** Division of Administration

**DIVISION:** Division of Administration

**HOUSE BILL SECTION:** 10.605

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

**GOVERNOR'S RECOMMENDATIONS**

The Governor recommends forty percent (40%) flexibility is allowed between funds.

**2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.**

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Not applicable.	Not applicable.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Governor's recommended flex on federal and other funds will allow the department to utilize non-GR resources as the need arises. The department cannot predict how much flexibility will be needed.

**3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?**

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Not applicable.

**1a. What strategic priority does this program address?**

Maximize Program Outcomes.

**1b. What does this program do?**

The Division of Administration provides administrative and financial support services for the Department of Health and Senior Services (DHSS). The division assists the programmatic divisions to provide services to Missourians in a cost-effective manner that assures fiscal accountability for taxpayer dollars. The division:

- processes all grant applications;
- initiates federal draws related to grants;
- prepares federal and state financial reports;
- reviews and processes all contracts and procurements;
- provides warehouse, delivery, and mailroom services;
- works with the Office of Administration (OA) to manage building leases;
- prepares the departmental budget submission; and
- responds to budget-related inquiries and fiscal note requests from OA and the legislature.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 33, RSMo - State Financial Administration, Chapter 34, RSMo - State Purchasing and Printing, Section 37.450, RSMo State Vehicle Fleet Manager, 1 CSR 10.3.010 Preapproval of Claims and Accounts, 1 CSR 10.11.010 State of Missouri Travel Regulations, 1 CSR 10.11.030 State of Missouri Vehicular Travel Regulations, 1 CSR 30.4 Facility Maintenance and Operation, 1 CSR 35.2.030.2 Leasing, 2 CFR Chapter 1, Chapter 11 Part 200, et al. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Cooperative Agreement with OA for payment processing, DHSS Internal Control Plan, Cash Management Improvement Act of 1990 and 1992 (Funds Accounting), and state and departmental policies and procedures.

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**2. CORE DESCRIPTION**

The Department of Health and Senior Services (DHSS) must be able to refund monies to citizens and other organizations when necessary. Refund appropriations provide DHSS with the mechanism to process refunds in a timely manner. Examples of refunds processed include vital records, license application fees, on-site sewage disposal, construction permit fees, and DHSS training registration fees.

**2. CORE DESCRIPTION**

The Department of Health and Senior Services (DHSS) is authorized to receive federal and other funds for health-related purposes pursuant to Chapter 192, RSMo. The appropriation authority provided by this core is used by the department if new grant funding is received during the fiscal year and inadequate appropriation authority exists. The legislature and the Office of Administration are notified by DHSS prior to expenditure of such funds.

**3. PROGRAM LISTING (list programs included in this core funding)**

**2. CORE DESCRIPTION**

The Division of Community and Public Health (DCPH) requests core funding to support its responsibilities to protect the health of Missourians. DCPH works with communities, local public health agencies (LPHAs), schools, organizations, and the healthcare delivery system to support and strengthen Missouri communities through disease prevention and control, access to essential healthcare, and health/wellness education. Programs in the division support Missouri's public health network consisting of 115 LPHAs that are locally governed and financially supported through local and state funds. Missouri's public health system is responsible for monitoring the disease trends of death and disability, health-related behaviors, and other factors that affect health. Along with community partners, DCPH identifies and monitors risks including personal behavior, communicable disease exposure, and the environment.

This core funding supports the personnel responsible for disease control, prevention and emergency response (novel influenza strains, measles, mumps, sexually transmitted diseases, tuberculosis, West Nile, Zika and other reportable communicable diseases); environmental health issues (foodborne illness outbreaks, radiological contamination, on-site sewage, retail food safety, food processing sanitation, lodging sanitation and safety, and childcare safety and sanitation inspections); Ryan White HIV/AIDS program; immunizations; newborn screening follow-up (Phenylketonuria (PKU), cystic fibrosis, sickle-cell, etc.); adolescent and school age children's health (teen pregnancy, injury and violence prevention); newborn health (healthy pregnancy, breastfeeding, and home visiting); Children with Special Health Care Needs; Brain Injury Unit; Medically Fragile Adult Waiver; Healthy Children and Youth; Cancer and Chronic Disease Control (Wisewoman, heart disease, diabetes, asthma, arthritis, organ and tissue donation, etc.); tobacco prevention and cessation (Quitline); obesity prevention; Nutrition Services (WIC, Summer Food); the Missouri Vital Records System; and collection, analysis, and distribution of health data.

**FLEXIBILITY REQUEST FORM**

**BUDGET UNIT NUMBER:** 58030C

**DEPARTMENT:** Department of Health and Senior Services

**BUDGET UNIT NAME:** Division of Community and Public Health

**DIVISION:** Division of Community and Public Health

**HOUSE BILL SECTION:** 10.700

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

**GOVERNOR'S RECOMMENDATIONS**

The Governor recommends thirty percent (30%) flexibility is allowed between personal service and expense and equipment.

**2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.**

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Not applicable.	Not applicable.	Expenditures will differ annually based on needs to cover operational expenses, address emergency and changing situations, etc. In addition, the level of governor's reserve, restrictions, and core reductions impact how the flexibility will be used, if at all. The Governor's recommended flex will allow the department to utilize available resources in the most effective manner as the need arises. The department cannot predict how much flexibility will be utilized.

**3. Was flexibility approved in the Prior Year Budget or the Current Year Budget? If so, how was the flexibility used during those years?**

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Not applicable.	Not applicable.

**1a. What strategic priority does this program address?**  
 Maximize Program Outcomes.

**1b. What does this program do?**

- Provides leadership, oversight, and general supervision for the division staff and programs/initiatives in accordance with the mission, goals, and values of the department and ensures compliance with state and federal laws and regulations.
- Approves contracts, grant applications, personnel actions, and non-routine correspondence with contractors, consumers, other external partners, and stakeholders.
- Provides public health emergency preparedness, fiscal management, policy development, personnel and human resource management, strategic planning and assurance of effective and efficient programs.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
 Provisions from multiple chapters of state statute and federal laws are applicable to the operations of the Division of Community and Public Health. State and federal authority for specific activities are included on the division's program description pages.

**3. Are there federal matching requirements? If yes, please explain.**  
 Yes, for every two dollars of federal funding, there is a required one dollar state match for the Ryan White Grant. The Maternal and Child Health Block Grant requires a three dollar non-federal match for every four dollars of federal funds received, and maintenance of effort.

**4. Is this a federally mandated program? If yes, please explain.**  
 No.

**1a. What strategic priority does this program address?**

Collect and Disseminate Health Data.

**1b. What does this program do?**

- The Bureau of Vital Records (BVR) maintains the central registry of births, deaths, fetal deaths (after 20 weeks gestation, but before birth), reports of marriages and dissolutions of marriages. The registry of births and deaths extends back to 1910, while the registry of marriages and dissolution of marriages extends back to 1948.
- Corrects vital records as authorized by law, files and issues certified copies of births, deaths and fetal reports; issues statements relating to marriages and dissolutions of marriages; and prepares new certificates for adoptions and legitimations. Other activities include providing confidential verifications to government agencies; conducting workshops for hospital personnel to ensure the complete, accurate, and timely filing of birth certificates and fetal reports; providing training and technical assistance to local registrars related to the issuance of certified copies of births and deaths; providing technical assistance, guidance, and workshops for funeral directors, medical examiners/coroners and physicians to ensure that death records are filed promptly; and utilizing vital records data in the preparation and publication of vital statistics and for collaboration in approved studies.
- Maintains the Putative Father Registry, which creates an official record of a man's intention to acknowledge paternity of a child born outside of marriage.
- The services provided by BVR ensure the accurate reporting and timely issuance of documents that verify vital events. BVR records are vital event information allowing individuals to establish lawful existence, obtain passports/identification, and participate in many programs/services that support daily living.

**2. CORE DESCRIPTION**

The requested core funding is an investment in the 115 local public health agencies throughout Missouri and is essential to protecting the public's health. The local public health agencies are crucial partners with the state in providing public health services. This investment supports the delivery of services critical to the prevention of disease and the promotion of healthy families, lifestyles, and environments through an integrated and cooperative public health system. Monitoring disease incidence and responding to disease outbreaks (e.g., Hepatitis A, foodborne E-coli, and salmonella) is a primary responsibility. The public health system is vital in responding to public health emergencies and natural disasters by assuring safe food and water, identifying specific health needs within local communities, and mobilizing resources to address the needs.

Challenges are increasing daily due to global travel that brings new and unknown diseases to our doorstep. Newly emerging and re-emerging diseases such as Ebola and Zika viruses, pandemic virus strains, and Avian Influenza, as well as the resurgence of old ones (e.g., measles and whooping cough) and drug resistant diseases (e.g., tuberculosis) place new demands on the public health system to assure that such diseases or agents are recognized early and measures are taken to protect and promote the public's health and safety. The public health system is further challenged by chronic diseases such as diabetes, heart disease, and risk factors including obesity and tobacco use. Reducing the burden of these diseases and risk factors improves the quality of life and decreases health care costs for Missourians.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Supports a public health presence in every city and county in Missouri by administering participation agreements that supplement local public health agency (LPHA) efforts to provide essential public health services (core functions).
- Supported services include surveillance, investigation and intervention in threats to health, whether caused by disease outbreaks (such as influenza or Hepatitis A), emerging diseases, food borne illnesses (such as E. Coli, salmonella, etc.), bioterrorism, or chronic disease and other emerging issues such as opioid abuse. The participation agreement also supplements local capacity to inspect retail food establishments and lodging facilities, respond to animal bites for rabies prevention, enforce regulations, provide health education, assess community health and health resources, and identify leading health and safety problems in communities.
- Works to strengthen Missouri's public health system by determining capabilities and gaps; providing and coordinating technical assistance and orientation to local agencies' new administrators, staff and local Boards of Health; working with external partners to determine workforce and public health system needs to assure training opportunities for public health workers and their governing bodies; setting standards of excellence in public health practice; and coordinating statewide mutual aid for LPHAs.
- Maternal and Child Health (MCH) Services distributes federal MCH Title V Block Grant funds to local public health agencies through the MCH services contract. The contract's purpose is to establish, within each local public health jurisdiction, a community system that is capable of addressing targeted health issues for the MCH population of pregnant women, infants, children, and adolescents; women of child-bearing age; and children with special health care needs. Current health priorities addressed are prevention and reduction of injury, obesity, tobacco use, and adverse birth outcomes.
- Child Care Health Consultation program is a partnership between DHSS and the LPHAs to reduce disease and improve health and safety in child care settings. Health professionals from LPHAs provide health and safety consultation and education to child care providers and young parents of children in child care across the state. Health education is also provided to young children in child care settings. Child Care Development Block Grant funding through the Department of Social Services, MCH Title V Block Grant, and USDA Child and Adult Care Food Program provide support for this state wide program.
- Coordinates the Council for Public Health Nursing to provide leadership, expertise and education related to public health nursing practice, standards and issues.

- 1a. What strategic priority does this program address?**  
 Increase Positive Health Outcomes.
- 1b. What does this program do?**
- Provide consultation, education, training, and resources to assist health professionals, school personnel, parents, adolescents, state agencies, community, and state organizations in addressing various adolescent health concerns.
  - Provides: Teen Outreach Program, which is an after school program, with service learning opportunities that promote healthy youth development, improve academic outcomes, and protect adolescents from risk factors that contribute to teen pregnancy and negative behaviors; Making Proud Choices and Becoming a Responsible Teen, which are evidence-based curriculums shown to promote healthy behaviors and delay negative behaviors; abstinence programming including Making A Difference and Promoting Health Among Teens; and health education curriculum resources for educators of teens and young adults.
  - Training, education consultation, and resources to decrease various health concerns and increase positive outcomes for adolescents.
  - Provide leadership for the Council for Adolescent and School Health (CASH) to engage stakeholders and key agency decision makers on current issues and needs.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
 Sections 167.765, 167.682, 170.15 and 192.025, RSMo.
- 3. Are there federal matching requirements? If yes, please explain.**  
 Yes, the Title V Maternal and Child Health Services Block Grant partially supports this program and requires a three dollar non-federal match for every four dollars of federal funds received. This grant also requires maintenance of effort. The Abstinence Education Grant Program also requires a match of at least 43 percent of the project's total cost with non-Federal resources, which is met with local partner funds.
- 4. Is this a federally mandated program? If yes, please explain.**  
 The Title V Maternal and Child Health Block Grant requires the state to address the Adolescent Health Domain for the 2016-2021 project period.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Enables Missouri residents ages 21 to 65, who have survived a traumatic brain injury (TBI), to obtain the highest possible level of independent living, community participation, and employment.
- Builds natural support systems that result in successful re-integration into the community through service coordination and community based provider rehabilitation services, along with developing and monitoring the participant's individualized goal-directed plan of service.
- Supports the Missouri Brain Injury Advisory Council through developing, recommending, and coordinating policies to prevent TBI and restore independent and productive lifestyles after TBI. Program staff also manages the TBI grant from the U.S. Department of Health and Human Services.
- Promote TBI system change initiatives and public awareness through funds from the TBI grant, provided by the U.S. Department of Health and Human Services. The federal grant may not be used for provision of services. Services for individuals are supported 100 percent by the Adult Brain Injury Fund and general revenue programmatic funding.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 192.735-192.745, 199.003-199.009, and 304.028, RSMo; Title XIX of Social Security Act.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, Medicaid funds support a portion of this program with a 50 percent General Revenue, 50 percent federal match for service coordination through the Adult Brain Injury Program. The TBI grant requires a 50 percent match of state funds for every federal dollar granted. TBI grant funds may not be used for direct services or care coordination.

**4. Is this a federally mandated program? If yes, please explain.**

No, however to receive the federal TBI grant, an advisory council must be in existence.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Supports the prevention and control of chronic diseases through initiatives to control blood pressure and cholesterol, promote health screening and early detection of disease, increase knowledge of signs and symptoms of heart disease and stroke, reduce health disparities, improve quality of school health services, and provide quality chronic care management to prevent and control chronic disease, improve overall health, and increase positive health outcomes for Missourians.
- Chronic diseases such as cancer, heart disease, stroke, diabetes, arthritis, and asthma account for the bulk of public and private health care costs and have costs associated with lost productivity, disability, and death. In the U.S., 75 percent of health care costs are related to treatment for chronic diseases. Cancer affects three out of four Missouri families and one out of every five Missourians has cardiovascular disease.
- Chronic Disease Program services include: Assessing the burden of cancer, heart disease, stroke, diabetes, arthritis, osteoporosis, asthma, and other chronic diseases; Raising awareness of chronic disease by increasing screening and early detection of chronic diseases; Supporting evidenced-based and self-management programs for people with chronic diseases; Supporting quality improvement initiatives in the healthcare system to improve chronic disease care; Providing professional education opportunities and technical assistance related to chronic disease prevention for physicians, nurses, and allied providers; Maintaining the Missouri Organ and Tissue Donor Registry to increase the number of people who receive life-saving transplants; Evaluating the effectiveness and efficiency of the Chronic Disease Program; and Collaborating with advisory groups, partners, stakeholders, schools, and the public to reach as many Missourians as possible.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Protects the public through improved preparedness and the investigation, prevention, and control of ninety-one reportable communicable diseases and conditions of public health significance in Missouri.
- Responds to emerging diseases such as Ebola, multi-drug resistant tuberculosis, novel influenza virus infections and zoonotic diseases such as Zika virus infection.
- Investigates the cause, origin, and method of transmission of communicable diseases in order to implement appropriate disease control and prevention measures. These include case/contact identification, testing, treatment, and source identification. The Bureau of Communicable Disease Control and Prevention (BCDCP) provides training and technical assistance to local health officials to prevent communicable diseases in their communities and rapidly respond to outbreaks of infectious disease when identified. BCDCP coordinates with government at all levels, community organizations, hospitals, health care providers, and the media to implement control measures and educate the public during local, statewide, national, and worldwide outbreaks of communicable diseases. Additional activities include community planning and response for emergencies such as bioterrorism, pandemic influenza, and natural disasters such as flooding and earthquakes. Program staff are responsible for public health surveillance, disease investigation, and disease-related community education associated with these events.
- Maintains two statewide surveillance systems, WebSurv and ESSENCE. WebSurv captures individual disease case reports and ESSENCE captures selected information gathered electronically from hospital emergency room visits. Analysis of case reports from WebSurv and chief complaints from ESSENCE assists in identifying trends, emerging conditions/issues, and early event detection.
- The TB Program provides case management services to TB disease and latent cases through the local public health agencies. TB medications are provided at no cost to patients.
- The services provided by the BCDCP program are essential to promote and protect overall public health and wellness and increase positive health outcomes for Missourians.

- 1a. What strategic priority does this program address?**  
 Increase Positive Health Outcomes.
- 1b. What does this program do?**
- Implements various evidence-based interventions designed to reduce tobacco use and exposure to second hand smoke, improve school health services, prevent unintentional injuries, increase physical activity and healthy eating throughout a lifespan. Such interventions are implemented in communities, early care and education settings, schools, worksites by staff and contractors in order to reduce tobacco-related illnesses and deaths, injuries to children, obesity, and also delay the onset of chronic diseases.
  - Provides training and technical assistance to local public health agencies and other stakeholders, while also providing resources and programmatic support to implement and evaluate evidence-based interventions.
  - By reducing negative health issues, this program is lessening the burden on the health care system, while improving positive health outcomes and quality of life for individuals.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
 Missouri Comprehensive Tobacco Control Program: Public Health Service Act 301, 307, 310, 311, Comprehensive Smoking Education Act of 1984, Comprehensive Smokeless Tobacco Health Education Act of 1986. **1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Reduces the risk of disease and illness in Missouri by implementing and assuring appropriate sanitation and safety practices in order to protect and promote overall wellness and increase positive health outcomes for Missourians.
- Permits construction of on-site wastewater treatment systems.
- Trains and registers on-site wastewater treatment system installers and inspectors.
- Inspects restaurants, grocery stores, bakeries, and food manufacturing/processing plants; responds to food recalls.
- Inspects summer food sites for children. These activities include a Rapid Response Team that is activated in the event of a significant food-borne illness outbreak. In addition, the programs are responsible for the annual health and sanitation inspections of child care facilities. Many sanitation inspections are conducted through contracts with Local Public Health Agencies.
- Inspects and licenses lodging establishments and frozen dessert machines.
- Provides information and technical support to the public and regulatory agencies on a variety of issues related to hazardous substance exposures and conditions. The programs assess risks, determine appropriate clean up levels, and educate communities on exposure reduction for hazardous substances at hazardous waste sites and through emergency planning activities and response. Staff also sample residential drinking water wells that may be affected by hazardous substances. Data on environmental health hazards, exposure to the hazards, and health effects related to those hazards is collected, integrated, and analyzed. When warranted, environmental epidemiology studies are conducted. The programs evaluate exposure to radon in schools and homes. Technical assistance is provided to assist in diagnosing indoor air quality and other healthy indoor environmental issues. In addition, the programs have a team of professional staff who are trained and prepared to respond to incidents involving radioactive materials, conduct inspections of radioactive shipments, and provide technical assistance for first responders and community partners.
- Provides accreditation of lead abatement training programs; licenses lead abatement professionals and contractors; monitors lead abatement projects and training programs; and provides lead-safe work practices information and presentations to parents, homeowners, property owners, remodeling professionals, schools, etc. An annual fish consumption advisory provides information to the public on contaminants in fish and safe fish choices. The programs assure that at-risk children are tested for lead poisoning and receive appropriate environmental and medical follow-up, as well as provide lead health education to parents, medical providers, and others on the importance of blood lead testing and reporting.

**1b. What does this program do?**

- All infants born in Missouri are screened for over 70 disorders within the following categories: congenital adrenal hyperplasia, cystic fibrosis, congenital primary hypothyroidism, classical galactosemia, amino acid disorders including phenylketonuria, organic acid disorders, fatty acid disorders, lysosomal storage disorders, biotinidase deficiency, hemoglobinopathies, severe combined immunodeficiency, critical congenital heart defects, and hearing.
- The Newborn Screening and Follow-up Program tracks infants who have an abnormal screening result to ensure that either a repeat newborn screen or a confirmatory test has been completed.
- The program also follows the infants diagnosed with a disorder to ensure they receive timely and appropriate management and/or treatment of the congenital condition in order to give these infants the best opportunity for healthy growth and development.
- The Genetic Services Program provides screening, diagnostic evaluations, treatment, and counseling to Missourians with genetic conditions. A referral network connects Missourians in need of genetic services with appropriate healthcare providers. This funding also provides treatment services for adults with cystic fibrosis, hemophilia, and sickle cell disease.
- The Metabolic Formula Program provides dietary formula for children and adults with metabolic conditions that meet program eligibility requirements.
- These programs ensure individuals in Missouri with these rare disorders have access to services that allow for the best opportunity for healthy outcomes throughout the lifespan.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**1a. What strategic priority does this program address?**

Collect and Disseminate Health Data.

**1b. What does this program do?**

- The bureaus of Vital Statistics and Health Care Analysis and Data Dissemination collect, analyze, and disseminate data, which is essential to understanding Missouri's health status, and is used by local, state, and national partners in addressing the overall health and wellness of Missourians.
- The bureaus are stewards of data that aid and guide the planning, development, and evaluation of programs and services of the department in addition to related activities of other agencies, institutions, and organizations. While the data collected is primarily valuable to help address Missouri health issues, much of the activity of the Bureau of Vital Statistics is coordinated with the National Center for Health Statistics, which facilitates the collection of comparable data across all states to form a picture of the health status of the nation.
- Coordinate the health-related data systems maintained within the state to increase the comparability, completeness, accuracy, and timeliness of the data to reduce duplication in the data systems. The bureaus also provide statistical and analytical support to all state public health programs and serve as the primary data resource for state and local health planning efforts.
- Coordinate the acquisition, analysis, and publication of health data and statistics on the department's website. The types of data published include births, deaths, injuries, health conditions and health status measures, and health-care associated infections. The majority of this data is compiled from patient abstract records reported by hospitals and ambulatory surgery centers and vital records. Additional data such as health manpower statistics, hospital revenues, and other financial data are compiled from information obtained on annual surveys submitted by individual practitioners and facilities.
- The Missouri Public Health Information Management System (MOPHIMS), available through the Department's website, provides a common means for users to access public health-related data to assist in defining and visualizing the health status and needs of Missourians. The Missouri Information for Community Assessment (MICA) is a key component of the system and is managed and maintained by the bureaus, as are the Community Data Profiles. MICA is an interactive web-based system that allows users to customize their selections to summarize data, calculate rates, and prepare information in a graphic format. Community Data Profiles are static reports that provide data on 15 to 30 indicators for a selected geography.

**1a. What strategic priority does this program address?**  
 Increase Positive Health Outcomes.

**1b. What does this program do?**

- Provide HIV, STI, and Hepatitis prevention, education, testing, and linkage to care services to stop the spread of infection, prevent re-infection, and prevent poor health outcomes.
- Serve individuals infected with or affected by HIV, STI, and Hepatitis, and individuals at risk of becoming infected.
- Provide screening and testing resources for specific, disproportionately affected populations who are underinsured or uninsured.
- Provide training, awareness materials, and education to those at risk for HIV, STI, and Hepatitis, as well as to the general public and community providers who serve large numbers of those at risk for such infections.
- Ensure coordination and collaboration with statewide HIV, STI, and Hepatitis service providers and consumers to determine program priorities and ensure efficient use of limited resources.
- Provide disease information and risk reduction counseling, elicitation of sex and needle sharing partners, and confidential notification of exposed partners to offer counseling, testing, and referral for treatment and care.
- Provide education and awareness for hepatitis B (HBV) and hepatitis C (HCV) including information on disease transmission, disease process, diagnosis, and treatment to clinical and social service providers, infected/affected individuals, and the general public to ensure infants born to HBV positive women receive timely and complete vaccination in order to prevent infection.
- Provide access to HIV medical care, medication, and related services for low income Missourians living with HIV; and Surveillance, which HSH coordinates with the Bureau of Reportable Disease Informatics (BRDI) to collect, report, and analyze relevant data to determine trends and inform HSH program priorities.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- This program promotes healthy birth and child outcomes by increasing awareness of the importance of early entry into prenatal care through providing education activities; developing and promoting brochures/booklets; exhibiting at events; creating and sending text messages through Text4Baby; posting multimedia messages to promote the importance of preconception and interconception care; promoting the use of folic acid to reduce birth defects; promoting avoidance of smoking, alcohol, and other drugs; and promoting breastfeeding and other healthy behaviors.
- Services provided by this program also include: analyzing the cause of maternal deaths and developing interventions through the Pregnancy Associated Mortality Review (PAMR) project; Safe Cribs for Missouri, which provides a safe portable crib and two individual safe sleep education sessions to low-income families; Sexual Assault Forensic Examination-Child Abuse Resource and Education (SAFE-CARE), collaborates with child abuse medical resource centers to provide training, support, and mentoring to SAFE-CARE medical providers; TEL-LINK offers a confidential, toll-free Maternal Child Health Information and Referral Line (800-TEL-LINK or 800-335-5465) that connects families with health related programs and services; Maternal and Child Home Visiting provides home visiting services to the maternal-child population by providing evidence-based home visitation model services to prenatal and postpartum women and their infants and children (up to age five) that have been identified to be at-risk for poor pregnancy and infant health outcomes.
- Education, outreach, and interventions are provided to improve maternal and prenatal health; increase healthier births, promote normal growth and development outcomes; and increase school readiness.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 192.060, and 192.067, RSMo (Pregnancy Associated Mortality Review); Sections 191.725, 737, and 743, RSMo (Perinatal Substance Abuse); and the Federal Omnibus and Reconciliation Act (OBRA 89) (Maternal Child Health Information and Referral Line TEL-LINK Section 192.001.1, RSMo). It also includes: Social Security Act, Title V, § 511(c) Maternal, Infant and Early Childhood Home Visiting Programs (42 U.S.C. § 711(c)), as added by § 2951 of the Patient Protection and Affordable Care Act (P.L. 111-148).

**3. Are there federal matching requirements? If yes, please explain.**

Yes, the Maternal and Child Health Block Grant (Title V) supports this program, partially, with a three dollar non-federal match for every four dollars of federal funds received, and maintenance of effort. The Home Visiting programs require maintenance of effort.

\*\*FFY 2016 MIECHV is less than FFY 2015, which could reflect fewer prenatally enrolled mothers now counted in this measure because of late prenatal enrollment (> 28 weeks) allowed in 2 of the 3 home visiting models implemented through MIECHV, resulting in home visitors having less time to impact birth outcomes.

**1a. What strategic priority does this program address?**

Collect and Disseminate Health Data.

**1b. What does this program do?**

- The Office of Epidemiology (OOE) is responsible for collecting, analyzing and providing health information on a range of health conditions and diseases, risk factors and preventative practices in such areas as maternal and child health, chronic disease, communicable disease, environmental health, and nutritional health.
- Health information provided by OOE is used to:
  - conduct public health surveillance to monitor the health status of Missourians;
  - assess health data to determine the need for interventions or programmatic assistance;
  - research diverse public health interventions to determine potential impact on a variety of demographic populations;
  - use surveillance and other health data to measure progress on health outcomes; and
  - evaluate the effectiveness of public health programs.
- The activities of OOE provide the information necessary to shape policy decisions and promote evidence based practices that assist public health organizations (local, state and national) to increase positive health behaviors and promote overall public health.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Behavioral Risk Factor Surveillance System: 42 USC Section 301 (a)317(k); Missouri Cancer Registry Cancer Information System: Section 192.650-657, RSMo, PL 102-515; Pregnancy Risk Assessment Monitoring System: CDC-RFA-DP06-002; Maternal and Child Health Title V Block Grant: Social Security Act, Title V, Sections 501-510 (USC 701-710, Subchapter V, Chapter 7, Title 42); and National Violent Death Reporting System: CDC-RFA-CE16-1607.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, the Cancer Registry grant requires one dollar of in-kind match from reporting facilities and the University of Missouri for every three dollars of federal funds and requires maintenance of effort. The MCH Title V Block Grant supports portions of the OOE and requires a three dollar non-federal/four dollar federal match and maintenance of effort.

7a. Provide an effectiveness measure.

Pregnancy Risk Assessment Monitoring System (PRAMS) Response Rate

PRAMS is an ongoing, population-based survey surveillance system designed to identify and monitor selected maternal experiences and behaviors that occur before and during pregnancy and during the child's early infancy. PRAMS provides statewide estimates of selected perinatal health indicators that are representative of women who have recently delivered a live birth. PRAMS collects data through a mailed survey with telephone follow-up for non-respondents.

CDC will not publish the states response unless 60 percent response threshold is met.

Behavior Risk Factor Surveillance System Response Rate

The Behavioral Risk Factor Surveillance System (BRFSS) is a state-based health survey that annually collects information on health conditions, behaviors, preventive practices, and access to health care. BRFSS data are used to identify emerging health problems, establish health objectives and track their progress, and develop and evaluate public health policies and programs to address identified problems.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- Provides statewide healthcare support services, including service coordination for individuals with disabilities, chronic illnesses, and birth defects. Service coordination facilitates, coordinates, monitors, and evaluates services and outcomes, supporting individuals/families to improve their level of independence and overall health status.
- Provides service coordination for children under the age of 21 who meet medical eligibility criteria and limited funding for preventative, diagnostic, and treatment services for those children whose families also meet financial eligibility criteria.
- Administrative case management services are provided for the Medicaid Healthy Children and Youth (HCY) Program and the Medically Fragile Adult Waiver (MFAW) Program. Participants of HCY are under the age of 21, while MFAW participants are age 21 and over. Case management services include prior authorization of medically necessary services (for example, personal care and nursing care) and coordination of services for Medicaid payment beyond the scope of the Medicaid state plan.
- Services provided by HCY and MFAW programs enable medically complex individuals to remain safely in their homes with their families, rather than receiving care in an institution.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priorities: Maximize Program Outcomes.  
 The Ryan White Program serves HIV-positive clients through a coordinated statewide system of care that is funded cooperatively by the Department of Health and Senior Services (DHSS) and a network of statewide partners who are directly funded by the Health Resources and Services Administration's federal Ryan White HIV/AIDS Program. This program includes the AIDS Drug Assistance Program (ADAP), HIV Medical Case Management, and a range of core medical and support services aimed at reducing barriers to engagement in HIV medical care for low-income Missourians living with HIV.

DHSS requested and was approved for a federal supplemental to help cover the rising costs of the Ryan White Program. The increases to the program are being driven by multiple factors including increased cost of insurance premiums through the marketplace exchange, higher copays, increased cost of medication, higher deductibles, and higher out-of-pocket maximums. This request is needed to provide sufficient authority to spend the supplemental federal amount received.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

HB Section	Approp	Type	Fund	Amount
10.710	1493	PSD	0143	<b>\$9,141,265</b>

Due to increased costs of insurance premiums, higher copays, increased costs of medications, higher deductibles, and high out of pocket maximums, DCPH is projecting total Ryan White expenditures of \$53,981,343 (federal). DCPH has requested and received a federal supplemental of \$8,700,000 to aid in covering the total estimated expenditures. Pharmaceutical rebate funds will be used to cover the remaining \$441,265.

Current DCHP projected expenditures: \$53,981,343  
 Current DCPH appropriation authority: \$44,840,078  
 Additional authority needed: \$9,141,265

Strategic Priorities: Maximize Program Outcomes.  
 Senate Bill 5 (2017 Special Session) requires new reporting requirements for the Department of Health and Senior Services related to fetal tissue tracking. Section 188.047.2, RSMo requires the department to reconcile each notice of abortion with its corresponding tissue report. Section 188.07.3, RSMo requires the department to produce an annual report to the general assembly. Section 192.6671, RSMo requires the department to collect patient abstract data. Section 192.667.2, RSMo requires the department to collect data related to the incidence of health care-associated infections from abortion facilities. Section 192.667.13 requires the department to develop and disseminate to the public reports regarding risk adjusted healthcare-associated infections for each abortion facility based on data compiled from abortion facilities for a twelve month period.

Funding is requested to support the Office of Administration - Information Technology Services Division (OA-ITSD) in modifying the existing ITOP mainframe application and the Missouri Healthcare-Associated Infection Reporting system (MHIRS) application for data reporting to DHSS. The modifications are necessary in order to capture the additional data required to be collected, to reconcile the abortion reports with the corresponding tissue report, and to produce the new reports required for the general assembly and the public. As reported in the 2440-07T fiscal note, OA-ITSD estimates it will require \$8,100 to modify the ITOP mainframe application and \$71,280 to modify the MHIRS application for a total of \$79,380.

**1a. What strategic priority does this program address?**

Increase Positive Health Outcomes.

**1b. What does this program do?**

- This program provides family planning and family planning-related services, pap tests and pelvic exams, pregnancy testing, sexually transmitted disease testing/treatment, and follow-up services for eligible women.
- The services provided are intended to reduce the number of unintended pregnancies for eligible women and thereby reduce Medicaid expenditures. Unintended pregnancies, which account for nearly half (45 percent) of all pregnancies in the United States, are also associated with risks of other health issues such as low birth weight and maternal depression. The services also assist women in preventing the spread of sexually transmitted infections.
- Eligibility includes a family Modified Adjusted Gross Income for the household size that does not exceed 201 percent of the Federal Poverty Level, and uninsured women losing MO HealthNet coverage at the conclusion of 60 days postpartum are eligible to continue receiving these services for one additional year.
- In addition, this program conducts education and outreach to encourage eligible women to access the family planning services and family planning-related services offered.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 208.040, 208.151 and 208.659, RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**2. CORE DESCRIPTION**

Funding is requested to support the Child and Adult Care Food Program (CACFP), the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the Commodity Supplemental Food Program (CSFP), and the Summer Food Service Program (SFSP). CACFP reimburses eligible providers for nutritious meals and snacks served to children and adults enrolled in day care centers, children enrolled in after-school enrichment programs, and children and disabled adults residing in emergency homeless shelters in order to improve nutrient intake and contribute to the development of healthy eating habits for these populations. WIC provides services of health screening and risk assessment, nutrition counseling, breastfeeding promotion and support, and referrals that assure access to quality healthcare services. As a benefit for participating in the services as recommended by the nutritionist, WIC pays for nutritious foods to supplement the diets of pregnant, postpartum, and breastfeeding women, infants, and children up to their fifth birthday who qualify as nutritionally at-risk. CSFP provides a variety of nutritious food packages that are distributed to elderly qualified participants through the food bank network. SFSP reimburses eligible sponsoring organizations that provide meals to low-income children age 18 and under when school is not in session, thereby improving their nutrient intake, reducing their risk for nutritionally-related health problems, and enhancing their learning capabilities when they return to school.

- 1a. What strategic priority does this program address?**  
 Increase Positive Health Outcomes.
- 1b. What does this program do?**
- Decrease preventable nutrition-related illnesses and deaths using a variety of methods including health screening and risk assessment; nutrition counseling; breastfeeding promotion and support; referrals to health and social services; checks to purchase specific food items needed for good health; reimbursement for meals that meet federally prescribed guidelines; and provision of commodity food packages.
  - Specific programs include: Special Supplemental Nutrition Program for Women, Infants and Children (WIC); the Child and Adult Care Food Program (CACFP); the Summer Food Service Program (SFSP); and the Commodity Supplement Food Program (CSFP).
  - Services are provided to increase access to healthy, nutritious food, which in turn reduces preventable nutrition-related illnesses and deaths and increases positive health outcomes.
- 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**2. CORE DESCRIPTION**

The Office on Women's Health (OWH) provides recommendations to the department director on women's health programs and services; serves as a central location for information, resources, technical assistance, and consultation about women's health for the department, state agencies, local health departments, and community-based organizations; and promotes coordination of and collaboration among programs and services. OWH offers expertise on areas that affect women's health and works to promote and improve the physical and mental health and well-being of Missouri's women and girls.

OWH also manages the Sexual Violence Prevention program and the Sexual Violence Victim Services program by contracting with local service providers, non-profits, and public health entities to provide primary prevention education and advocacy/counseling services to victims of sexual assault in Missouri. These programs use a public health approach and support strategies and activities designed to prevent sexual violence from occurring through comprehensive primary prevention programming and evaluation.

**2. CORE DESCRIPTION**

The Office of Primary Care and Rural Health (OPCRH) is composed of the Oral Health Program, the Primary Care Office, and the State Office of Rural Health.

The Oral Health Program provides a broad range of core dental public health activities including surveillance, education, and support for the provision of preventive services to improve the oral health of Missourians.

The Primary Care Office evaluates the availability of medical, dental, and behavioral health professionals; develops and expands community-based health systems in areas with a shortage of health professionals; and assists in the recruitment and retention of health professionals into areas with a shortage of health professionals.

The State Office of Rural Health provides leadership in the development and coordination of rural health initiatives. The Office is a central resource of information and education related to rural health to support, strengthen, and improve rural health care.

**2. CORE DESCRIPTION**

The Primary Care Resource Initiative for Missouri (PRIMO) addresses the needs of areas with a shortage of health professionals by assisting in the development and expansion of community-based health systems that provide medical, dental, and behavioral health services; working with federal, state, and local partners in the recruitment and retention of health care professionals in shortage areas; and providing forgivable student loans to health care professional students who agree to work within the shortage areas.

The Missouri Professional and Practical Nursing Student Loan and Loan Repayment Program provides forgivable student loans to nursing students in exchange for service in designated underserved communities and/or facilities that are experiencing nursing shortages upon completion of training. The program also provides loan repayment to practicing nurses in exchange for service in communities and/or facilities that are experiencing nursing shortages.

The Health Professional Loan Repayment Program provides educational loan repayment to practicing primary care medical and dental health professionals in exchange for service in areas with a shortage of primary care medical and dental professionals.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Increase Access to Care.

The Office of Primary Care and Rural Health (OPCRH) requests additional authority to expend \$400,000 from the Professional and Practical Nursing Loan Fund (0565) to assist in the recruitment and retention of registered nurses (RNs) and advanced practice registered nurses (APRNs) who are dedicated to working in a Missouri hospital or an eligible health care facility providing health care in a federally designated Health Professional Shortage Area (HPSA).

- The Nurse Loan Repayment Program (NLRP) is funded through a biennial nurse license renewal fee.
- The nurse participant must work a minimum of two years in a Missouri hospital or HPSA and findings indicate 90 percent of NLRP participants are still practicing in either their original work location or in another hospital/HPSA two years after their service commitment is complete.
- OPRCH requests \$400,000 additional authority of which \$300,000 will be one-time funding to be utilized to fund an average of 22 additional nurses in FY 2019 and \$100,000 ongoing authority to fund an additional seven nurses each year.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

OPRCH requests \$100,000 ongoing authority and \$300,000 in one-time funding to fund additional nurse loan repayments. Educational loan repayment of up to \$20,000 is provided to APRNs and up to \$10,000 for RNs. The current average number of participants is 15 to 20 nurses per year. The Missouri Hospital Association's (MHA) 2017 Annual Workforce Report finds a 15.9 percent vacancy statewide, a 6.7 percent increase from last year. Staff nurse vacancy is the highest it has been in the 16-year history of this survey. According to the survey, Missouri has 30,613 staff nurses working in hospitals and 5,773 vacant staff nurse positions. The one-time request of \$300,000 will have an immediate impact by placing approximately 22 nurses in these shortage areas during FY 19, and the additional \$100,000 authority will help build the nurse health care workforce over time.

**1b. What does this program do?**

The Office of Dental Health is responsible for providing education to the general public, dental and medical providers, public health officials, and decision-makers on a broad range of oral health topics. These topics include strategies to prevent dental problems, the consequences of poor oral health for an individual's overall health, and community water fluoridation. The office does the following:

- operates the Preventative Services Program and the Dental Sealant Program to deliver education and preventative measures to Missouri children;
- provides training and support for communities that choose to fluoridate their water; and
- works with partners to advocate for increased access to dental care to prevent costly trips to the hospital and expensive dental restorations.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 192.050, RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, the Title V Maternal and Child Health Services Block grant requires three dollars of state funds for every four dollars of federal funds.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Increase Positive Health Outcomes.

The Office of Dental Health (ODH) requests authority to expend \$255,000 in grant funds.

- \$55,000 from the non-profit Delta Dental Foundation is needed to conduct a special oral health survey that will allow ODH to understand the prevalence of tooth decay as well as risk and preventive factors among Missouri's children.
- Data from the survey would be used for program planning and to better inform requests for funding future projects from federal and private sources.
- \$200,000 from the Missouri Foundation for Health would allow ODH to expand its Dental Sealant Program from four to eight locations across the state.
- Dental sealants can prevent tooth decay by sealing the chewing surfaces of molars.
- Sealants can save up to \$125 in dental treatment on just one tooth; typically a child will receive sealants on up to eight molars between the ages of 7 and 12 years old.
- The Dental Sealant Program contracts are awarded by competitive bid and serve students from public schools with 50 percent or more of the population eligible for the Free or Reduced School Lunch Program.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The assumptions used for estimating costs for the Missouri Basic Screening Survey are based on guidance from the Association for State and Territorial Dental Directors and the recommended sampling frame for screening of up to 4,500 children from approximately 50 third grade classes across Missouri.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

To achieve results for the oral health survey the Office of Dental Health will contract with one entity to screen children across the state. The office needs accurate, randomized data from across the state to make decisions and plan for dental programs. The goal is to reduce tooth decay in children. This will be a one-year project.

For the dental sealant program the Office of Dental Health would use the state competitive bid process to find contractors to perform the application of the dental sealants. Another factor would be to ensure adequate coverage for this program in all areas of the state to provide services to all regardless of income or geographic areas.

**2. CORE DESCRIPTION**

The Office of Minority Health develops public health interventions and provides technical assistance to decrease the rate of health disparities in minority communities; provides technical support for the design of culturally appropriate health messages and educational outreach; convenes minority-specific focus groups; develops and conducts surveys; and assists state and local partners with program implementation for "hard-to-reach" (underserved/vulnerable populations that are geographically, culturally, and economically isolated) minority populations. The office supports six regional minority health alliances that serve as a voice of advocacy and advice for improving the health status of minorities. The office co-sponsors workshops and symposiums to gather and distribute information to communities about emerging health issues, with an emphasis on chronic disease and HIV/AIDS prevention.

**2. CORE DESCRIPTION**

The Office of Emergency Coordination (OEC), in collaboration with the State Emergency Management Agency (SEMA), manages planning and response activities for public health emergencies, including natural and man-made disasters (i.e. floods, tornadoes, earthquakes, influenza pandemics, disease outbreaks, environmental hazardous spills, biological and chemical terrorism, and nuclear power plant accidents). OEC is responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative (CRI) Grant and the Hospital Preparedness Grant. Through OEC, the Department performs disease and disaster surveillance and notification activities, and provides health care guidance and coordination of response to these events. Coordination of local emergency response plans is managed through contracts with all 115 Missouri local public health agencies (LPHAs). The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with LPHAs, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and identify problems before a real situation occurs. OEC and SEMA assist communities to establish and maintain medical reserve corps in communities and use the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS CRI, and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies to be distributed in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies. The Hospital Preparedness Program provides funding for training, exercises, and emergency supplies and resources for the seven regional healthcare coalitions as well as for statewide disaster response.

**1a. What strategic priority does this program address?**  
Protect Vulnerable Individuals.

**1b. What does this program do?**

- In collaboration with the State Emergency Management Agency (SEMA), the OEC manages the planning and response activities for public health emergencies, including natural and man-made disasters. Examples of these disasters are floods, tornadoes, earthquakes, influenza pandemics, disease outbreaks, hazardous spills, biological and chemical terrorism, and nuclear power plant accidents. Through OEC, the Department of Health and Senior Services provides emergency reporting of and health care guidance for disease outbreaks and other disasters, as well as coordination of the department's response to those events.
- The collaboration of OEC and SEMA assures systems are in place to protect the health of Missourians during a public health emergency through partnerships with local public health agencies, hospitals and other health care organizations, local government and law enforcement agencies, schools, and other partners. OEC and SEMA design, conduct, organize, and evaluate training exercises across the state. Training and exercises help responders practice, build partnerships, and aid in fixing and correcting problems before a true emergency occurs.
- Assist communities to establish and maintain Medical Reserve Corps in communities and utilize the web-based Show-Me Response health care volunteer registry. The Ready-in-3 program provides educational emergency preparedness materials for Missouri citizens. OEC and SEMA work to provide specific emergency response programs including the Strategic National Stockpile (SNS), the SNS Cities Readiness Initiative (CRI), and the CHEMPACK program. SNS offers an emergency supply of medications, antidotes, and medical supplies, to be disseminated in a timely and efficient manner. The CRI facilitates planning and increasing local capacity for agencies in the Kansas City and St. Louis areas to distribute SNS assets within 48 hours. The CHEMPACK program provides pre-positioned nerve agent and chemical weapon antidotes and other supplies.
- Responsible for two federal grants: the Public Health Emergency Preparedness/Cities Readiness Initiative Grant and the Hospital Preparedness Grant. This funding enables hospitals throughout the state to be better prepared to handle epidemics, exposures to chemical toxins, and mass casualties. Coordination of local emergency response plans is managed through contracts with Missouri local public health agencies, which are monitored on an annual basis.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
319C-1 and 319C-2 of the Public Health Service (PHS) Act.

**2. CORE DESCRIPTION**

The State Public Health Laboratory (SPHL) is vitally important to public health, providing a broad range of disease control and surveillance, preventive healthcare, emergency preparedness, all-hazards laboratory response, environmental monitoring, and laboratory improvement services. The SPHL operates specialty units in Jefferson City and Poplar Bluff providing services to physicians, veterinarians, law enforcement, local and district public health personnel, hospitals, and private laboratories. The SPHL conducts testing in the fields of immunology, virology, microbiology, tuberculosis, chemistry, environmental bacteriology, advanced molecular detection, and newborn screening that allows medical practitioners to identify harmful conditions and provide appropriate treatment. The SPHL also conducts analyses of water and food to assure its safe use. The SPHL is the state reference laboratory, serving the department, local health agencies, and medical professionals and institutions throughout Missouri by confirming results or completing organism identification. The SPHL is the leader in the state for acquiring and implementing advanced technologies and methodologies to detect newly emerging or re-emerging diseases of public health consequence. Examples include: Zika, Ebola, Dengue, Chikungunya, Middle-East Respiratory Syndrome (MERS), foodborne diseases, rabies, pandemic strains of influenza, antibiotic-resistant bacteria, mumps, sexually transmitted diseases (syphilis, HIV, chlamydia, gonorrhea), and drug-resistant tuberculosis. Much of this testing occurs in specially designed laboratories (Bio-Safety Level 3) and requires extensive technical and safety training.

Serving as the primary state response laboratory for biological and chemical terrorism events, the SPHL also conducts program evaluations for municipal, hospital, and private laboratories; supports public safety programs (implied consent/breath alcohol); and supervises certifications and operations of breath alcohol analyzers. Disease outbreaks and exposures to toxic substances are major public health concerns. Many programs within state government require routine and specialized public health laboratory services to support their objectives in protecting the health of the public and in supporting programs that assure the health of communities.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 196, RSMo; Sections 191.331-333, 191.653, 192.020, 192.050, 306.114, 306.117, 577.020, 577.026, 577.037, 577.208; 640.100-140, and 701.322, RSMo; Code of State Regulations 10 CSR 60-1.010, 19 CSR 20-20.080, 19 CSR 25-32.010, 19 CSR 25-34.010; and Clinical Laboratory Improvement Amendment (CLIA) Federal: 42 USC 263a.

**3. Are there federal matching requirements? If yes, please explain.**

Missouri Public Health Services Fund (0298) will provide match for newborn screening for the MCH Block Grant of \$4.5 million and the Safe Drinking Water Fund (0679) will provide match for the Public Health Emergency Preparedness Grant of \$100,000 in FY 2017.

**4. Is this a federally mandated program? If yes, please explain.**

No. However, in testing clinical human specimens, SPHL is regulated under the Clinical Laboratory Improvement Amendments (CLIA) - Federal - 42 USC 263a. The CLIA establishes quality standards for all laboratory testing to ensure the accuracy, reliability, and timeliness of patient test results regardless of where the test was performed.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other" funds?**

Missouri Public Health Services (0298), Safe Drinking Water (0679), and Childhood Lead Testing (0899).

Strategic Priority: Increase Positive Health Outcomes.

- Senata Bill 50 (2017) requires the State Public Health Laboratory (SPHL) to add Spinal Muscular Atrophy (SMA) and Hunter syndrome (MPS-II) to the current newborn screening panel with testing to begin by January 1, 2019. The SPHL is requesting \$324,626 in additional authority to expend from the Missouri Public Health Services fund.
- The Newborn Screening Program within the Division of Community and Public Health (DCPH) provides the follow-up to positive MPS-II screenings. The DCPH is requesting \$100,000 in additional authority to expend from the Missouri Public Health Services fund to provide additional follow-up that will be necessary for MPS-II positive screenings.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The SPHL is required to conduct Missouri newborn screening per Section 191.331 to 191.333, RSMo and SB 50 (2017) adds new testing methodologies. To conduct full population screening of Missouri newborns for SMA and MPS-II the DHSS will require an additional \$424,626 for laboratory supplies (\$302,451), laboratory equipment maintenance agreements (\$22,175), and patient follow-up services (\$100,000).

To provide follow-up and confirmatory testing per Section 191.332, RSMo the DCPH (Newborn Screening Program) is requesting \$100,000 to increase the four existing genetic tertiary center contracts by \$25,000. It is estimated that a total of 50 abnormal screening results for MPS-II will require follow-up with confirmatory testing (DNA molecular analysis) each year. The follow-up and confirmatory testing is conducted by the genetic tertiary centers at a cost of \$2,000 per newborn (50 newborns referred x \$2,000 = \$100,000).

Strategic Priority: Increase Positive Health Outcomes.

- Additional authority in the Safe Drinking Water fund is needed to maintain bacteriological drinking water testing capabilities at the State Public Health Laboratory (SPHL).
- The Department of Natural Resources (DNR) and the SPHL provide routine testing for Missouri public drinking water systems per Section 640.100 to 640.140, RSMo.
- The SPHL is requesting \$39,109 (ten percent inflationary increase) in additional authority from the Safe Drinking Water fund to maintain the ability to test Missouri public drinking water systems for bacteriological contaminants per Section 640.100 to 640.140, RSMo. The additional authority will allow the SPHL to maintain the number of clients/customers served.

In recent years the SPHL has experienced an increase in cost for reagents, laboratory supplies, water collection kits, and shipping. The SPHL is requesting an increase of \$39,109 in additional authority to maintain the same level of testing currently provided (63,115 tests in FY 2016, serving 2,735 public water systems).

Due to time constraints for accurate results the SPHL processes and tests 100 percent of the drinking water samples it receives for bacteriological testing on the same day. Routine test results are reported within 24 to 30 hours of sample receipts (one-day turnaround time).

Proficiency testing is required by laboratory accrediting bodies and is used to determine the performance for specific tests. SPHL performs proficiency testing for all testing methodologies and uses the outcomes to gauge testing performance.

Strategic Priority: Increase Positive Health Outcomes.

- The State Public Health Laboratory (SPHL) is requesting \$285,189 in additional federal authority for laboratory testing supplies and three additional FTE for public health lab scientists to perform new grant testing functions for Zika and food safety.
- The SPHL relies on federal funds to jointly support existing state-funded laboratory testing programs as well as meet new demands for increased laboratory services in areas such as enhanced food testing, electronic laboratory reporting, and emergency response.
- The SPHL currently utilizes federal funds to support important public health laboratory programs to control bacteria and biological disease outbreaks, identify sexually transmitted diseases, protect the food supply, rapidly analyze microbiological and chemical terrorism agents, and respond to emerging public health threats such as Ebola, Zika, and MERS-CoV.

Proficiency testing is required by laboratory accrediting bodies and is used to determine the performance for specific tests. SPHL performs proficiency testing for all testing methodologies and uses the outcomes to gauge testing performance.

The SPHL provides a variety of testing and routinely implements state of the art technology to provide more efficient and accurate testing. Tests implemented include new and emerging diseases such as Ebola, MERS-CoV, Zika and antibiotic resistant bacteria as well as expanding Newborn Screening disorder testing and providing a vast array of chemical and biological terrorism preparedness methods. The SPHL is constantly working towards having the most current and advanced technologies to provide expanding services to meet the needs of its customers.

**2. CORE DESCRIPTION**

This core funding supports staff and operations of the Division of Senior and Disability Services (DSDS). DSDS is comprised of the Office of the Division Director; the Special Investigation Unit; the Bureau of Home and Community Services; the Bureau of Long Term Services and Supports; the Bureau of Systems and Staff Development; the Bureau of Senior Programs; the Bureau of Central Registry Unit and Home and Community Based Services Call Center; and the Financial Support Unit. DSDS plays a crucial role as the state unit on aging and is the primary agency that oversees, monitors, and assures the health and safety of seniors and adults with disabilities receiving long-term care in their home or community as an alternative to facility-based care. DSDS investigates allegations of abuse, neglect, and financial exploitation of seniors and adults with disabilities; registers hotlines and regulatory complaints regarding care; informs individuals considering long-term care about home-based care options; provides oversight for eligibility determinations and authorizations of Home and Community-Based Services (HCBS); advocates for resident rights and resolves complaints regarding nursing facility care; provides customer service to seniors and adults with disabilities and their caregivers; and oversees the Older Americans Act funded programs administered by the Area Agencies on Aging.

Funding is utilized to support adult protective service activities, crisis intervention, complaint investigation, and quality assurance activities as mandated under Chapters 197, 198, 208, 565, 570, and 660, RSMo; participation in the Medicaid State Plan, the Aged and Disabled Waiver, the Adult Day Care Waiver, and the Independent Living Waiver (1915c) (Centers for Medicare and Medicaid Services); and the Older Americans Act.

**1a. What strategic priority does this program address?**  
 Maximize Program Outcomes.

**1b. What does this program do?**

- The Division of Senior and Disability Services (DSDS) is the designated state unit on aging with primary responsibility to plan, coordinate, improve, and administer programs for Missouri's seniors and adults with disabilities age 18 to 59 in need of protection or long-term care services.
- The division's activities include investigating hotline calls that allege abuse, neglect, or financial exploitation of seniors and adults with disabilities; providing education and information about home and community based options for long-term care; administering the State Long-Term Care Ombudsman Program; monitoring Area Agencies on Aging programs for compliance with the Older Americans Act; and providing customer service, information, and referral services to seniors and adults with disabilities.
- DSDS' Director's Office provides management, oversight, and direction for division programs designed to help ensure the needs of Missouri senior citizens and adults with disabilities are addressed; reviews legislation impacting seniors and adults with disabilities; ensures compliance with federal and state rules and regulations; develops the division budget and tracks expenditures; coordinates policy responses to ensure consistency with division/department policy; coordinates disaster planning and emergency response; responds to client, consumer, and legislative inquiries; and administers a workforce of over 500 employees.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
 Chapters 192 and 208, RSMo. Federal authority for specific activities is included on division program description pages.

**3. Are there federal matching requirements? If yes, please explain.**  
 Federal matching requirements for various activities are included on respective division program description pages.

**4. Is this a federally mandated program? If yes, please explain.**  
 The federal mandate for various activities is included on respective division program description pages.

<b>TOTAL</b>	19,613,064								19,613,064

**1a. What strategic priority does this program address?**

Protect Vulnerable Individuals.

**1b. What does this program do?**

Adult Protective and Community Services (APCS) field staff:

- Investigate allegations of abuse, neglect, and financial exploitation (A/N/E) of individuals over age 60 and those with disabilities who are age 18 to 59 and coordinate appropriate intervention services to allow those individuals to remain in their homes and communities and prevent future incidents.
- Process new requests for Medicaid Home and Community-Based Services (HCBS) including prescreens, assessments of levels of care, and development and authorization of Medicaid-funded HCBS; changes to care plans for current participants; and review and oversee annual reassessments for eligible adults who are age 18 to 59 and disabled or over age 60, allowing them to remain in their homes and communities rather than entering a nursing facility.

Staff located in the central office of the Bureau of Home and Community Services and Bureau of Long Term Services and Supports interpret state and federal laws, rules, and regulations; ensure Division of Senior and Disability Services (DSDS) complies with the Medicaid State Plan and the various Medicaid Waivers administered by the division; set policies that apply to adult protective and HCBS; and provide training to HCBS providers and DSDS field staff.

The Special Investigations Unit assists in complex investigations of alleged abuse, neglect, or financial exploitation for senior and disabled adults between the ages of 18 to 59 and acts as a liaison between DSDS staff and local law enforcement.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Chapter 192, Sections 208.152, 208.895, 208.900 to 208.930, 565.180 to 565.188 and 570.145, RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, within this program lies responsibility for program oversight of the Medicaid State Plan Personal Care and Adult Day Care Programs, the Aged and Disabled Waiver, and the Independent Living Waiver. State funds receive a 50 percent federal match when activities deal with home and community based care or the health and safety of Medicaid participants.

**PROGRAM DESCRIPTION**

**Health and Senior Services**

**HB Section(s): 10.800**

**Adult Protective and Community Services**

**4. Is this a federally mandated program? If yes, please explain.**

No. Due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

**1a. What strategic priority does this program address?**  
Protect Vulnerable Individuals.

**1b. What does this program do?**

- The Central Registry Unit (CRU) serves as the Adult Abuse and Neglect Hotline for the Division of Senior and Disability Services and Division of Regulation and Licensure.
- CRU is the point of entry for registering allegations of abuse, neglect, or exploitation of Missouri's elderly and adults with disabilities, and for regulatory violations of nursing and residential care facilities, home health agencies, hospice agencies and hospitals.
- CRU also processes reports that are referred to other entities such as the Department of Mental Health, Department of Social Services/Missouri Medicaid Audit and Compliance Unit and the Veterans Administration for intervention or review.
- CRU serves as the information and registration entry point for the Shared Care Program and tax credit.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
Chapter 192, Sections 198.032, 198.070, 565.180-565.188, and 570.145, RSMo. Title XIX of the Social Security Act; PL 89-73, Older Americans Act.

**3. Are there federal matching requirements? If yes, please explain.**  
Some of the activities of the Central Registry Unit are eligible for Medicaid funding; the matching requirement is 50 percent.

**1a. What strategic priority does this program address?**

Protect Vulnerable Individuals.

**1b. What does this program do?**

- The Long Term Care Ombudsman Program (LTCOP) advocates for the rights of residents of licensed long-term care (LTC) facilities.
- The LTCOP receives, investigates, and resolves complaints made by or on behalf of LTC residents, and maintains a toll-free number for residents and family members to access ombudsman services.
- Three federally funded state employees oversee the ombudsman program, which includes 14 regional ombudsman employees contracted by the Area Agencies on Aging (AAA) and 233 ombudsman volunteers.
- Staff provide educational materials to the public through presentations on many topics involving LTC residents (i.e. choosing a nursing home, preventing abuse and neglect, starting a resident or family council, etc.).
- Staff monitor the regional programs, which are part of the AAA network of services.
- LTCOP recruits and trains ombudsman volunteers to resolve issues in facilities. The program resolves an average of 5,000 complaints each year.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**2. CORE DESCRIPTION**

This core funds temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation. The Division of Senior and Disability Services' Adult Protective Community Workers authorize and arrange for short-term services to allow individuals to remain in their homes and communities. These in-home services can include personal care, nurse visits, respite care, adult day care, and home delivered nutrition services.

This core also includes the Non-Medicaid Eligible (NME) Consumer Directed Services Program, which funds services to meet personal care needs for consumers who are not Medicaid eligible. Individuals must meet annual eligibility requirements regarding income, assets, and need assistance with activities of daily living. State statute places a cap on this program and no new participants may be enrolled. The program is set to sunset June 30, 2019.

**1a. What strategic priority does this program address?**

Protect Vulnerable Individuals.

**1b. What does this program do?**

- This funding provides short-term intervention services to eligible adults who have been victims of abuse, neglect, or financial exploitation. These individuals can obtain temporary and emergency services to assist them in remaining safely in their homes and communities through Missouri's Adult Protective Services Program.
- Each person is empowered to make his or her own choices, including those regarding long-term care. If an individual chooses to receive services, an Adult Protective and Community Worker will assist in arranging appropriate interventions and services which can include core intake; case management follow-up; emergency food, shelter, and caregiver services; financial and economic assistance; legal assistance; medical care; home support and temporary housing; and social and educational services.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 192.2400 - 192.2505, RSMo.

**1a. What strategic priority does this program address?**  
Protect Vulnerable Individuals.

**1b. What does this program do?**

- This program provides Consumer Directed Services for Non-Medicaid Eligible (NME) adults with disabilities who need assistance in accessing care or services to perform activities of daily living necessary to maintain independence and dignity.
- There are 119 consumer-specific slots available, and only the original consumers may access services through this program. In order to qualify, individuals must make application; demonstrate financial need and eligibility under Section 208.930.3, RSMo; meet all criteria set forth in Sections 208.900-208.927, RSMo; be determined ineligible for Medicaid services; and not have access to affordable health care coverage for personal care assistance. Each of the original consumers may make application annually to have their benefits reinstated.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
Sections 208.900 to 208.927, RSMo. Program sunsets on June 30, 2019 per Section 208.930.12, RSMo.

**2. CORE DESCRIPTION**

Home and Community-Based Services (HCBS) afford Medicaid eligible seniors and adults with physical disabilities control and access to a full array of long-term services and supports in the community that promote independence, health, and quality of life. Examples of HCBS include personal care, attendant care, nurse visits, adult day care, homemaker, respite, and home delivered meals for eligible adults; and additional services including adaptive equipment, private duty nursing, health screenings, and subsequent treatment for identified health problems for children including specialized medical equipment and critical medical supplies for eligible participants.

The Division of Senior and Disability Services (DSDS) is responsible for HCBS eligibility determination and authorization. DSDS manages HCBS benefits authorized under the Medicaid State Plan and administers the Aged and Disabled Waiver, Adult Day Care Waiver, and the Independent Living Wavier that provide HCBS benefits to seniors and adults with disabilities who would otherwise be eligible to receive care in a skilled nursing facility. The Division of Community and Public Health (DCPH) manages the Healthy Children and Youth benefits authorized under the Medicaid State Plan and administers the AIDS Waiver and the Medically Fragile Adults Waiver that provide HCBS benefits to individuals with serious and complex medical needs who would otherwise be eligible to receive care in an intermediate care facility.

This core also contains funding to reimburse providers for annual reassessments of participants as required by Section 208.906, RSMo.

**2. CORE DESCRIPTION**

Home and Community-Based Services (HCBS) State Plan Consumer Directed Services (CDS) afford Medicaid eligible seniors and adults with physical disabilities control and access to a full array of long-term services and supports in the community that promote independence, health, and quality of life. Consumer Directed personal care assistance provides assistance with activities of daily living and/or instrumental activities of daily living provided as an alternative to nursing facility placement to persons with a physical disability. The consumer is responsible for hiring, training, supervising, and directing of the personal care attendant.

The Division of Senior and Disability Services (DSDS) is responsible for HCBS eligibility determination and authorization.

**1a. What strategic priority does this program address?**  
Protect Vulnerable Individuals.

**1b. What does this program do?**

- This program provides Home and Community Based Services (HCBS) for Medicaid participants as an alternative to institutional placement.
- The HCBS program serves several vulnerable populations, including children, adults with disabilities, and seniors. The services allow them to remain safely and independently in the community by providing assistance with personal care and activities of daily living.
- Specific services provided within HCBS are: Adult Day Care Waiver; AIDS Waiver; Aged and Disabled Waiver; Healthy Children and Youth Program; Independent Living Waiver; Medically Fragile Adult Waiver; and State Plan Personal Care (agency model and consumer-directed). In general, Medicaid Waiver programs help provide services to people who would otherwise be in an institution, nursing home, or hospital to receive long-term care in the community. HCBS waivers provide services beyond what is covered under state plan benefits to allow individuals to remain in the community. Each waiver is designed to specifically meet the needs of a designated vulnerable population. The program also includes annual reassessments of HCBS participants to ensure the level of care and services authorized are appropriate.
- HCBS services are delivered through enrolled Medicaid providers that meet requirements specific to the populations they serve.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
Title XIX and Title XX of the Social Security Act; PL 89-73 Older Americans Act, updated in 2006 by PL 109-365; and Sections 192.2000, 192.2400 to 192.2505, 208.152, and 208.900 to 208.930, RSMo.

**3. Are there federal matching requirements? If yes, please explain.**  
Yes,. HCBS provided under State Plan Personal Care, the Adult Day Care Waiver, the Aged and Disabled Waiver, the Independent Living Waiver, the AIDS Waiver, the Medically Fragile Adult Waiver, and Healthy Children and Youth (HCY) are matched by general revenue according to the standard Federal Medical Assistance Percentage (FMAP) rate for activities related to home and community-based care for eligible participants.

**Medicaid Home and Community-Based Services (HCBS)**

**4. Is this a federally mandated program? If yes, please explain.**

No. However, due to Missouri opting to offer HCBS, oversight of federal funding is required for use of Title XIX and Title XX of the Social Security Act funds and PL 89-73, Older Americans Act. Additional oversight of the Medicaid HCBS waivers is required by the Centers for Medicare and Medicaid.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Protect Vulnerable Individuals.  
 The federal share of the blended Federal Medical Assistance Percentage (FMAP) rate will increase in FY 2018, thereby decreasing the state's share. As a result, the Governor recommends additional federal funding for Home and Community Based Services and a corresponding decrease in General Revenue core funding.

If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

An updated FMAP rate was acquired after the Department Request cycle, therefore changes were made in the Governor's cycle. The blended FMAP rate will increase from 64.260 percent to 65.203 percent, which will require an increase in federal authority and a decrease in General Revenue funding for Home and Community Based Services.

The core funding for Home and Community Based Services is \$303,256,459 General Revenue and \$559,957,350 Federal Funds for a total of \$863,213,809. The adjusted SFY 2019 FMAP rate decreases the state match rate to 34.797 percent and increases the FMAP to 65.203 percent, resulting in the need for \$294,968,533 in General Revenue for match and \$568,245,276 in federal authority. Increased federal authority of \$8,287,926 and a corresponding core reduction in General Revenue is needed to maintain the current participation level in the Home and Community-Based Services program.

The combined FY2019 core amount available for both In-Home HCBS and CDS totals \$898,523,500, which includes \$307,559,598 state funds and \$590,963,902 federal funds. Projected expenditures for FY2019 exceed the amount available by \$40,472,845. DHSS is unable to project exactly whether the projected shortfall will occur in Consumer Directed Services (CDS) claims or In-Home HCBS, therefore, the request is for the combined projected shortfall.

The FY 2018 core amount available for HCBS totals \$864,233,745, which includes \$316,949,858 state funds and \$547,283,887 federal funds. The Cost-to-Continue request will carry forward the FY 2017 supplemental amount to the FY 2018 budget. In addition, an estimated \$4,753,955 General Revenue and \$8,908,014 federal funds are necessary to account for caseload growth and increased service utilization.

This request funds services for additional individuals and couples who will become eligible for full Medicaid benefits as a result of HB 1565 (2016). This bill raises the MO HealthNet asset limits for MO HealthNet permanent and totally disabled claimants, MO HealthNet blind claimants, and MO HealthNet aged claimants from \$1,000 to \$2,000 for individuals and \$2,000 to \$4,000 for married couples starting in SFY18. Participants eligible under the SFY18 Asset Limit increase were assumed to be phased in over the SFY18. This request is for the cost to continue services for SFY19 at an annual level for those participants enrolled in SFY18.

If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The MO HealthNet Division (MHD) estimates a fiscal impact because of changes to the resource limits for blind, elderly, and disabled persons. Higher cost will result from one group of Medicaid eligible who currently receive limited medical benefits but will receive full Medicaid benefits under this legislation. New eligible are also expected to enter the Medicaid program because of the change in eligibility rules.

Based on SFY 18 actual enrollment, MHD estimates 2,865 new cases in SFY 18:

- 1) 2,033 new cases (374 rejections + 1 closing + 1,658 unknown population)
- 2) 358 Qualified Medicare Beneficiary (QMB) and 473 Specified Low-Income Medicare Beneficiary (SLMB)

Participants	160	226	228	251	250	250	250	250	250	250	250	250	2,865

An annual cost per person was calculated for persons with disabilities and seniors using SFY 15 expenditures. Using the annual cost per person, a total cost of \$41,578,577 and \$2,824,133 was calculated for persons with disabilities and seniors respectively for a total cost of \$44,402,710. With the 358 QMB and 473 SLMB eligible receiving full benefits, the total cost is reduced by the current premium payments for these eligible (\$3,140,700) for a total cost of \$41,262,010. This bill raised the MO HealthNet asset limits for MO HealthNet claimants from \$1,000 to \$2,000 for individuals and \$2,000 to \$4,000 for married couples in SFY18. Resource limits shall be increased annually by \$1,000 and \$2,000 respectively until the sum of resources reach the amount of \$5,000 and \$10,000 respectively by SFY21.

Participants eligible under the SFY18 Asset Limit increase were assumed to be phased in over the SFY18. This request is for the cost to continue services for SFY19 at an annual level for those participants enrolled in SFY18.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The MO HealthNet Division (MHD) estimates a fiscal impact because of changes to the resource limits for blind, elderly, and disabled persons. Higher cost will result from one group of Medicaid eligible who currently receive limited medical benefits but will receive full Medicaid benefits under this legislation. New eligible are also expected to enter the Medicaid program because of the change in eligibility rules.

HB 1565 (2016) raised the MO HealthNet asset limits for MO HealthNet claimants from \$1,000 to \$2,000 for individuals and \$2,000 to \$4,000 for married couples in SFY18. Resource limits shall be increased annually by \$1,000 and \$2,000 respectively until the sum of resources reach the amount of \$5,000 and \$10,000 respectively by SFY21. This legislation raised the MO HealthNet asset limits for MO HealthNet claimants from \$2,000 to \$3,000 for individuals and \$4,000 to \$6,000 for married couples in SFY 2019.

Based on SFY 18 actual enrollment, MHD estimates 992 new participants will be added in FY19 due to this asset limit increase.

- 1) 748 New Cases (97 rejections + 651 unknown population)
- 2) 110 Qualified Medical Beneficiary (QMB) and 134 Specified Low-Income Medicare Beneficiary (SLMB) eligible

An annual cost per person was calculated for persons with disabilities and seniors using SFY 15 expenditures. Using the annual cost per person, a total cost of \$18,672,477 and \$1,362,222 was calculated for persons with disabilities and seniors respectively for a total cost of \$20,034,699. With the 110 QMB and 134 SLMB eligible receiving full benefits, the total cost is reduced by the current premium payments for these eligible (\$1,078,116) for a total cost of \$18,956,583. The expenditures listed below are for SFY19 services related to the additional participants phased in over SFY19.

Strategic Priority: Increase Positive Health Outcomes.

- The Medically Fragile Adult Waiver (MFAW) provides service coordination and authorization of private duty nursing, personal care, and specialized medical supplies for persons reaching the age of 21 years who are Medicaid eligible, have medically fragile conditions, and require private duty nursing. This program primarily serves individuals who age out of the Healthy Children and Youth (HCY) program.
- These individuals require nursing care equivalent to the level of care provided in a nursing facility.
- The adult population with serious and complex medical disabilities is growing due to the advances in medical care technology.
- The services provided allow participants to remain safely in their homes, allow their family members to continue working outside the home, prevents institutionalization of these young adults, and provides a cost effective alternative for the state.
- The waiver has experienced growth in the number of participants to be served each year and DHSS projects continued growth through FY 2019. According to the Department of Social Services, the annual cost of the MFAW Program is estimated at \$99,858 per participant, which is well below the Intermediate Care Facility for Individuals with Intellectual Disability (ICF/IID) level of care cost of \$241,595 annually.

In FY 2019, additional funding is requested to expand the MFAW Program by 26 slots (in addition to the current 210 state funded slots). The additional 26 slots are needed based on the number of HCY participants with serious and medically fragile conditions who will be aging out of the HCY program and require private duty nursing. The amount requested is based on the \$99,858 average cost per participant times 26 slots, or \$2,596,308. Based on the FY 2019 blended Federal Medical Assistance Program rate of 65.2 percent, an additional \$903,437 General Revenue and \$1,692,871 federal funds is requested to add 26 additional MFAW slots in FY 2019.

**2. CORE DESCRIPTION**

This core funding provides reimbursement for contracted assistance for victims of Alzheimer's and other dementia-related diseases and their families or caregivers, including caregiver respite grants, peer-to-peer counseling for victims, and caregiver safety training programs such as those that prevent wandering. These contracted services are performed by the St. Louis Chapter of the Alzheimer's Association, which coordinates assistance statewide, and Memory Care, which serves Jefferson, St. Charles and St. Louis Counties, and St. Louis City.

Alzheimer's disease is an irreversible, progressive brain disorder that slowly destroys memory and thinking skills, and eventually the ability to carry out the simplest tasks. Women age 65 and older have a one in six chance of developing the disease and men have a one in 11 chance. The number of people with the disease doubles every five years beyond age 65. By 2025, the number of people age 65 and older with Alzheimer's disease is estimated to reach 7.1 million — a 40 percent increase from the 5.1 million affected in 2015. Alzheimer's is the sixth leading cause of death in Missouri.

**2. CORE DESCRIPTION**

This core decision item funds services and programs for seniors administered via contracts with the ten Area Agencies on Aging (AAAs). Federal Older Americans Act (OAA) funded grants pass through the Department of Health and Senior Services to the AAAs to provide senior programs including congregate and home-delivered meals and to help prevent unnecessary or premature long-term care facility placement.

Acting as the designated state unit on aging, the Division of Senior and Disability Services (DSDS) has the responsibility of monitoring AAA compliance with OAA mandates as well as providing technical assistance to enhance program operations. The AAAs and DSDS maintain a close working relationship throughout the state to foster the information-sharing necessary to sustain a coordinated network of aging services.

DSDS allocates Title III funds to the ten AAAs using a federally approved intrastate funding formula based on mandated criteria and information about the demographics of Missourians age 60 and over. Community funds, grants, and contributions are utilized. Persons receiving services are invited to voluntarily and confidentially contribute toward the cost of the service.

**1a. What strategic priority does this program address?**

Protect Vulnerable Individuals.

**1b. What does this program do?**

- Older Americans Act Programs are administered by the ten Area Agencies on Aging (AAAs) and are available to seniors statewide. Services are provided to persons at least 60 years of age, in the greatest social and economic need, with special emphasis placed on low income minority elderly.
- Primary program funding is received from the federal government pursuant to the Older Americans Act (OAA). General Revenue funds are used as the required federal match for OAA distribution and as a supplement to increase service availability. Funding also includes distributions from the Elderly Home Delivered Meals Trust Fund and Social Services Block Grant.
- Seniors are vulnerable due to increased risk of illness and injury, decreased mobility, and nutritional needs. AAAs provide a wide array of services to help alleviate these risks. Services provided to seniors include:
  - Nutrition Services**
    - ✓ Home delivered meals
    - ✓ Congregate meals
  - Supportive Services**
    - ✓ Transportation
    - ✓ Information and assistance
    - ✓ Legal services
    - ✓ In-home services
  - Family Caregiver Support**
    - ✓ Respite care
    - ✓ Counseling services
  - Ombudsman Services**
- The Senior Community Service Employment Program (OAA Title V) is distributed via a competitive grant process to support senior employment and training.

**PROGRAM DESCRIPTION**

**HB Section(s): 10.800, 10.815**

**Older Americans Act Programs**

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 192, RSMo. Federal Statutory or Regulatory Citation: Title XIX and Title XX of the Social Security Act and PL 114-144 Older Americans Reauthorization Act of 2016.

**3. Are there federal matching requirements? If yes, please explain.**

Yes. Services funded through the Older Americans Act require matching funds. Title III administration and Title III-E family caregiver costs require a 25 percent match. Title III-B supportive program and Title III-C nutrition funding require 15 percent match of which five percent must be state match. Title V requires a ten percent match. No match is required for Title VII and the Nutrition Services Incentive Program (NSIP) funding.

**4. Is this a federally mandated program? If yes, please explain.**

No. However, states receiving Older American Act funding are mandated to have a long-term care ombudsman serving residents statewide. In addition, state oversight is mandated for states accepting OAA funds. Oversight of the Aged and Disabled Waiver (which includes home delivered meals) is required by the Centers for Medicare and Medicaid Services for states that are granted a Home and Community-Based Waiver.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other" funds?**

Elderly Home Delivered Meals Trust (0296).

According to the latest release of the America's Health Rankings only 22% of senior Missourians living with limited activities-of-daily-living had home-delivered meals delivered to them even though studies have show that receiving home-delivered meals may help keep low-care residents out of long-term care institutions. Recent estimates show that 1 in 8 Missouri seniors struggled with hunger in 2015, and number of seniors is projected to grow by 41% by 2030.

**2. CORE DESCRIPTION**

The Division of Regulation and Licensure (DRL) is composed of the Director's Office, Section for Long Term Care Regulation, Section for Health Standards and Licensure, Section for Child Care Regulation, Family Care Safety Registry, and the Board of Nursing Home Administrators. These licensing (and certification for Medicare and Medicaid) programs include long-term care facilities (residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing facilities), adult day care providers, hospitals, ambulatory surgical centers, clinical laboratory services, mammography services, end stage renal dialysis centers, rural health clinics, home health agencies, hospices, outpatient physical therapy providers, comprehensive outpatient rehabilitation facilities, emergency medical technicians (basic, intermediate, and paramedic), air and ground ambulance services, trauma centers, stroke centers, ST-segment elevation myocardial infarction (STEMI) centers, and child care facilities. Further, the division registers persons and businesses that manufacture, distribute, prescribe, or dispense controlled substances. The Family Care Safety Registry provides background screening results for employees in the child care and elder care industries. The Board of Nursing Home Administrators tests and licenses nursing home administrators.

**1a. What strategic priority does this program address?**

Protect Vulnerable Individuals.

**1b. What does this program do?**

- Provides background screenings to assist employers and families with determining whether or not a potential caregiver represents a risk to vulnerable persons in care. The results of this screening enable employers or families to rule out those who may represent risk. Caregivers for children, seniors, and disabled persons are required to register within fifteen days of hire.
- Background screenings include criminal history, sex offender registry information, child abuse and neglect information, employee disqualification lists for both DMH and DHSS , child care and foster parent license denials, revocations, and involuntary suspensions. Caregivers may work in the following locations: child care settings; children's residential facilities; long-term care facilities; mental health facilities; home health, hospice, in-home care or personal care agencies; or other organizations caring for children, seniors or disabled persons.
- Collects a one-time registration fee that is deposited in the Criminal Record System Fund.
- Background screening information is provided at no cost to the employer or family.

Strategic priority: Protect Individuals Utilizing Licensed Entities.

- The Prescription Drug Monitoring Program (PDMP) was implemented through Executive Order 17-18 on July 17, 2017.
- The Department of Health and Senior Services (DHSS), Bureau of Narcotics and Dangerous Drugs (BNDD) will review dispensation information, determine if a violation or breach has occurred, notify appropriate law enforcement or regulating entities of potential violations, and provide required dispensation information.
- There are approximately 30,000 BNDD registrants. BNDD currently has four Investigator II positions for the 30,000 registrants. DHSS estimates the BNDD workload would increase by approximately 50 percent due to the number of the transactions to be reviewed.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Based upon the number of BNDD registrants and the corresponding amount of controlled substance prescriptions written by the registrants, DHSS would require two additional Investigator positions, one Research Analyst, and one Attorney to comply with the requirements outlined in Executive Order 17-18 establishing the PDMP. The requirements cannot be absorbed with the current staffing levels. If it is determined that a dispenser has not complied with the submission requirements, an Investigator II will review the case to ascertain the reason for non-compliance and determine if the dispenser knowingly or unknowingly failed to comply. An Investigator II will also be required to support the process of levying administrative penalties. The additional workload would also require a Research Analyst III to perform data analytics of controlled substance prescriptions for use by the Investigators. One full-time Attorney would be needed to assist in drafting emergency and proposed regulations and forms; perform legal research; provide day-to-day legal counsel to the program; and represent the department in legal actions. One full-time Special Assistant Professional will be required to oversee all opioid related activities for the State of Missouri.

Strategic Priority: Protect Vulnerable Individuals.  
 Missouri will seek to reduce opioid-involved deaths through distribution of narcan to trained first responders. The Department of Health and Senior Services (DHSS) will lead the effort by partnering with vendor(s) to supply narcan to first responders throughout the state.

From 2015 to 2016, opioid related deaths in Missouri rose 35 percent (from 672 to 908, an increase of 236 deaths). Opioid use and opioid related deaths are growing in all areas of the state, warranting further measures to address opioid overdose in these areas. As such, there is an urgent need for narcan in all areas of the state. In FY 2019, DHSS will build on the initial distribution of narcan by supplying additional doses to first responders who have deployed their initial allotment for its intended use.

Missouri has been awarded the First Responders-Comprehensive Addiction and Recovery Act grant in the amount of \$800,000 per year beginning October 1, 2017. As part of its application, Missouri has identified approximately 1,300 professionals who will be trained in the use of narcan and provided with a two-dose package of narcan in FY 2019. An additional 4,460 two-dose packages will be distributed to professionals already trained in the use of narcan to replenish deployed doses. This will result in a total distribution of 5,760 two-dose packages of narcan. Each two-dose package costs \$75 for a total narcan cost of \$432,000. The cost of the training will be \$100 per individual or \$130,000 total. Data will be collected on opioid-involved overdoses, narcan administration events and distribution, and training outcomes in accordance with the requirements of the grant. This will be facilitated through a contract with the Missouri Institute for Mental Health (MIMH) for \$160,000. The grant also includes funding for a Project Director which will be filled using existing Personal Services and FTE authority. Additional authority is needed for Travel-in State (\$5,000), Supplies (\$3,254), and Computer Equipment (\$900).

Strategic priority: Protect Individuals Utilizing Licensed Entities.

- The amount of Civil Monetary Penalties (CMP) paid by nursing homes for failure to meet federal Medicare and Medicaid requirements has increased creating the availability of additional funding to the DHSS.
- The additional funds are deposited in the state Nursing Facility Quality of Care Fund (NFQC) and are available to fund projects to improve the quality of care for Missouri nursing home residents.
- The Division of Regulation and Licensure (DRL) requests additional authority to expend \$1,000,000 from the NFQC.
- Centers for Medicare and Medicaid Services (CMS) approval is required on all CMP-related projects to improve the quality of care for Missouri nursing home residents.

Federal law contains specific provisions pertaining to the imposition and collection of CMPs when nursing homes do not meet Medicare and Medicaid requirements for long-term care facilities. As a result of the increasing amount of CMP funds being collected, the NFQC appropriation authority contained in DRL's budget is insufficient to cover planned projects. DRL requests additional authority to expend \$1,000,000 from the NFQC to be used on projects that promote quality care and the well-being of nursing home residents in certified nursing facilities. This appropriation authority will be used exclusively to fund CMP-related projects that are approved by CMS.

**2. CORE DESCRIPTION**

Core funding is requested for inclusion services to assist providers and families of children with special needs. The Section for Child Care Regulation promotes inclusive child care services for families and children with special needs by providing contract funding for inclusion services. These services include providing child care referrals to families of children with special needs, collaborating with child care providers to create new or convert existing child care openings for children with special needs, online and in-person training for child care providers, and on-site technical assistance when requested by parents or providers. Child care providers are also trained in an inclusion curriculum that teaches practical strategies, as well as additional inclusion training sessions based on the surveyed needs of providers.

Child care is a workforce issue. The availability of quality child care affects workplace productivity and is linked to increased school success, crime reduction, and a stronger economy. When a family must take off work or leave employment to care for their children, many are affected. Inclusion services support the increasing need of children with behavioral concerns. Inclusion specialists work with child care providers to develop strategies for the child with a goal of maintaining the child's placement in the program. This contract funding helps support an important industry comprised of thousands of small businesses in Missouri. Families of children with special needs are part of Missouri's workforce and can remain productive employees when quality child care is available and maintained.

**1a. What strategic priority does this program address?**

Protecting Individuals Utilizing Licensed Entities.

**1b. What does this program do?**

- Conduct inspections of licensed child care programs, nursery schools, and child care programs operated by religious organizations to determine compliance with licensing rules and rules for license-exempt child care facilities. The rules provide minimum health and safety requirements in areas such as staffing, including staff/child ratios, medical and background screenings for staff, supervision of children, physical plant and equipment, nutrition, transportation and recordkeeping.
- Conduct complaint investigations to determine compliance with statutes and rules.
  - High Priority Complaints contain allegations that place children at immediate risk of serious harm. Examples include:
    - ✓ allegations of child abuse/neglect that indicates an immediate danger of death or serious injury and
    - ✓ allegations of a serious physical injury that requires medical attention.
  - Medium Priority Complaints contain allegations that are serious in nature but do not place children at immediate risk of serious harm. Examples include:
    - ✓ serious environmental/physical hazards;
    - ✓ unsanitary conditions;
    - ✓ transporting children without appropriate safety restraints; and
    - ✓ a fence in need of repair.
  - Low Priority Complaints contain allegations of a rule or statute violation that involve a low risk to children. Examples include:
    - ✓ recordkeeping violations;
    - ✓ failure to serve all components of a meal as required; and
    - ✓ insufficient materials for the children in care.
- Coordinate annual fire safety inspections and sanitation inspections conducted by the State of Missouri.
- Approve required yearly licensed child care provider training in topics such as child development, emergency preparedness, safe sleep, etc.
- Determine programs' regulatory status pursuant to Sections 210.201, 210.211, and 210.278, RSMo.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 210.199 to 210.275, RSMo; 45 CFR 98.40, 98.41 and 98.51.

**3. Are there federal matching requirements? If yes, please explain.**

Yes. Funding for the inclusion program is provided through the Maternal and Child Health (MCH) Block Grant, which is matched at the departmental level.

**4. Is this a federally mandated program? If yes, please explain.**

No. However, the SCCR receives federal Child Care Development Fund (CCDF) monies from the Department of Social Services (DSS) through a memorandum of understanding in order to improve the quality and availability of safe and healthy child care. DSS is the lead agency in Missouri for CCDF funding from the federal government. A minimum of seven percent of the CCDF funds must be used to improve the quality of child care.

**2. CORE DESCRIPTION**

This core provides funding for staff and expenses to support the Missouri Health Facilities Review Committee. The Committee administers the Certificate of Need Program to achieve the highest level of health care for Missourians through cost containment, reasonable access, and public accountability. The mission of the Committee is fulfilled by reviewing applicable health care service proposals while taking into consideration community need. This is accomplished through:

- Reviewing proposed health care services;
- Managing health costs;
- Negotiating competing interests;
- Promoting economic value;
- Preventing unnecessary duplication; and
- Disseminating health-related information to affected parties.

**1a. What strategic priority does this program address?**

Increase Access to Care.

**1b. What does this program do?**

- The Missouri Health Facilities Review Committee's mission is to increase access to care for Missourians through cost containment, improved quality and public accountability. This is accomplished by:
  - ✓ reviewing proposed health care services;
  - ✓ containing health costs;
  - ✓ evaluating competing interests;
  - ✓ promoting economic value;
  - ✓ preventing unnecessary duplication; and
  - ✓ disseminating health-related information to affected parties.
- For hospitals, equipment, and long-term care facilities the committee considers criteria such as population of the service area, assessment of unmet community needs, and utilization of current services.
- Section 197.310, RSMo, establishes the committee and its membership as follows:
  - ✓ two members of the Senate appointed by the president pro tempore, who shall be from different political parties;
  - ✓ two members of the House of Representatives appointed by the speaker, who shall be from different political parties;
  - ✓ five members appointed by the Governor with the advice and consent of the Senate, not more than three of whom shall be from the same political party.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Ryan White Program serves HIV-positive clients through a coordinated statewide system of care funded cooperatively by the Department of Health and Senior Services (DHSS) and a network of statewide partners who are directly funded by the federal Health Resources and Services Administration's Ryan White HIV/AIDS Program. This program includes the AIDS Drug Assistance Program (ADAP), HIV medical case management, and a range of core medical and support services aimed at reducing barriers to engagement in HIV medical care for low-income Missourians living with HIV.

DHSS was approved for a federal supplemental to help cover the rising costs of the Ryan White Program. The cost increases are being driven by multiple factors, including increased insurance premiums through the marketplace exchange, higher copays, increased cost of medications, higher deductibles, and higher out-of-pocket maximums. This request is needed to provide sufficient authority to spend the federal supplemental.

<u>HB Section</u>	<u>Approp</u>	<u>Type</u>	<u>Fund</u>	<u>Amount</u>
10.710	1493	PSD	0143	<b>\$9,141,265</b>

Due to increased insurance premiums, higher copays, increased cost of medications, higher deductibles, and higher out-of-pocket maximums, DCPH is projecting total Ryan White expenditures of \$53,981,343 (federal). DCPH has received a \$8,700,000 federal supplemental to aid in covering the total estimated expenditures. Pharmaceutical rebate funds will be used to cover the remaining \$441,265.

Current DCPH projected expenditures: \$53,981,343  
 Current DCPH appropriation authority: \$44,840,078  
 Additional authority needed: \$9,141,265

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Protect Vulnerable Individuals.  
 Funding request is based on the FY17 actual expended amounts for the Division of Senior and Disability Services (DSDS) Home and Community Based Services (HCBS) reassessment staff. A reassessment is performed annually to establish continued eligibility for services, ensure adequacy of the individual care plan, and determine the participant's satisfaction with their current HCBS provider. Funding for reassessments has been included in the DHSS budget since FY13. The department uses expense & equipment funding to pay for reassessments performed by HCBS providers and Area Agencies on Aging (AAAs). However, state staff are required to perform reassessments that providers and AAAs are not able to conduct. The state staff can only be paid through personal services appropriations. This request is necessary because Section 10.810 in the FY18 appropriation bill was mistakenly modified to designate HCBS reassessment expenditures for "Expense & Equipment" only.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Strategic Priority: Protect Vulnerable Individuals.  
 Supplemental funding is required to maintain Home and Community Based Services (HCBS) care plans authorized and provided to Medicaid participants with long-term care needs in their homes and communities. HCBS includes Medicaid State Plan Personal Care; Independent Living Waiver; Adult Day Care Waiver; the Division of Senior and Disability Services administered Aged and Disabled Waiver; the AIDS Waiver; Medically Fragile Adult Waiver; and the Division of Community and Public Health administered Healthy Children and Youth Program. The supplemental is largely attributed to individuals who were expected to become ineligible for HCBS due to the increase in the nursing facility level of care (LOC) who were reassessed at a higher LOC and remained eligible for services. This request is not associated with expansion of the program or eligibility requirements.

The federal authority for this program is the Social Security Act Sections 1894, 1905(a)(7), 1905(a)(24), 1915(c), and 1934; 42 CFR 440.130, 440.170(f), 440.180, 440.210 and 460. The state authority for this program is Sections 208.152, 208.168, and 192.2000.1, RSMo.
