## SECRETARY OF STATE'S OFFICE

The major divisions within the Secretary of State's office are: Administrative Rules, Business Services, Elections, Fiscal and Facilities, Information Technology, Records Services, Securities, and State Library.

The Administrative Rules Division publishes proposed rules and emergency rules in the Missouri Register. An agency may file an emergency rule if the agency finds an immediate danger to the public health, safety or welfare requiring emergency action or if the emergency rule is necessary to preserve a compelling governmental interest that requires an early effective date. The Division also publishes final rules monthly in the Code of State Regulations.

The Business Services Division has three sections: Commissions, Corporations and Uniform Commercial Code. The Secretary of State commissions notaries public, a process which is overseen by the Commissions section. The Commissions section certifies notaries for foreign documents, elected officials and the State Registrar of Vital Statistics. The unit authenticates official acts of the Governor and maintains bonds and oaths of office for state officials. The Secretary of State is responsible for the registration of all Missouri and out-of-state business entities doing business in Missouri. These entities include for profit and nonprofit corporations, and specialized business. The Secretary of State's office is the centralized office for the perfecting of personal property liens and other creditor interests under the Uniform Commercial Code (UCC). The Business Services Division also registers trademarks and service marks and keeps a registry of all marks. The division oversees the *Safe at Home* address confidentiality program that helps protect survivors of domestic violence, rape, sexual assault or stalking through the use of a designated address.

The Elections Division oversees all statewide elections, for both candidates and issues, which are run at the local level by Missouri's 116 local election authorities (county clerks or election boards). Missouri has more than four million registered voters, and in the 2016 November general election, 2.8 million voters went to the polls. Candidates for the six constitutional state offices, U.S. Congress, the General Assembly, and circuit judges not covered by the non-partisan court plan, file for election with the Secretary of State. The Secretary of State also certifies statewide ballot measures that are proposed by the General Assembly or through the referendum or the initiative petition process. It is the responsibility of the office to canvass, certify and publish election results.

The Fiscal and Facilities Division provides fiscal, budget, procurement, facilities management support, and general office services to the Secretary of State's office.

The Information Technology Service Division is responsible for developing, maintaining, and monitoring the information systems within the Secretary of State's office to ensure information is functional, accessible, and secured for use by the Secretary of State's office, other state departments, counties and the general public.

The Records Services Division has three sections: Missouri State Archives, Local Records and Records Management. It is responsible for managing both current and historical records of the state to ensure those records are accessible to Missouri citizens. It is also responsible for assisting local governments in records preservation and management. The Records Services Division, in conjunction with the Missouri State Library, oversees MissouriDigitalHeritage.com, a statewide program to expand historical information accessible on the Internet.

The Securities Division is responsible for protecting Missouri investors from fraud and for ensuring that firms and individuals that sell securities comply with the securities laws in the state. The division enforces the Missouri Securities Act of 2003. The division is organized into three sections: investor education, enforcement, and registration. The Securities Division also oversees the Missouri Investor Protection Center, which creates and promotes investor education initiatives designed to educate and assist both current and future investors.

The Missouri State Library provides library and reference services to Missouri state government, provides library services to the blind and physically disabled, and promotes the development and improvement of library services for citizens throughout the state. The Library Development section supports libraries through consulting, administration of grant programs, continuing education and statewide programs to improve the quality of library service for all Missouri citizens. The Reference Services section delivers library services, including access to research databases, to meet the needs of state government. Wolfner Talking Book and Braille Library serves as the public library for Missourians unable to use standard print because of a visual or physical disability.

**Actual Expenditures (All Funds)**

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

**NOTES:**

FY15 to FY16 appropriation was reduced by \$1,111,300 in expense and equipment; increased by \$54,050 Cost to Continue pay increase; and reduced by the elimination of a Surplus Revenue fund (\$79,900), and a Document Preservation grant (\$159,678).

FY16 to FY17 appropriation was decreased by \$83,283 in E & E, and increased in PS by \$145,590.

FY17 to FY18 appropriation was increased by \$3,750,000. \$1,500,000 GR was requested for photo ID implementation, an additional \$1,500,000 in federal appropriation was appropriated; however, it was not requested by the agency and was unfunded, and \$750,000 to was requested to restore the Tech Fund E & E to FY15 level.

The FY19 request includes a core reduction request of \$2,250,000. This is to reduce the increase received in the federal fund in FY18 of \$1,500,000 and also to reduce the GR increase received in FY18 down to \$750,000 for continuation of photo ID implementation.

**PROGRAM DESCRIPTION**

**Department** Secretary of State **HB Section(s)** 12.055  
**Program Name** Administrative Services  
**Program is found in the following core budget(s)** Operating Core

1. **What does this program do?**  
 This core request is to allow continued service to the agency for staffing and expenditures associated with fiscal, human resources, facilities, publications, and central services.
2. **What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**  
 Financial and Procurement authority is derived from Chapter 33 and 34, RSMo, and the agreements entered into between this office and the Office of Administration.
3. **Are there federal matching requirements? If yes, please explain.**  
 No
4. **Is this a federally mandated program? If yes, please explain.**  
 No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**HB Section(s)** 12.055

**Program Name** Administrative Services

**Program is found in the following core budget(s)** Operating Core

**7a. Provide an effectiveness measure.**

Without this appropriation, budgeting, vendor payments, procurement, financial reporting, mailroom, storeroom, publications, human resources, and fleet management at the current level for the Office of the Secretary of State would not be possible.

**7b. Provide an efficiency measure.**

The process of ordering and distributing office supplies is centralized in the storeroom. This has not only saved money, but has made it much more efficient for the divisions. Also, five employees located in the field were assigned fleet vehicles that previously were being reimbursed at the standard mileage rate or renting a vehicle. This increased the use of these cars, while decreasing mileage paid to these employees.

**7c. Provide the number of clients/individuals served, if applicable.**

The Administrative Services Division not only provides support to all the staff of the SOS, they also provide support to all grant recipients, such as the local libraries and local election authorities.

**7d. Provide a customer satisfaction measure, if available.**

Average invoice turn-around time is 14 days or less from date of invoice to payment, depending upon whether federal funds are involved and a drawdown is required before payment may issue. The mail is delivered on time, the storeroom is stocked to address agency-wide needs, and the fleet is safely maintained and scheduled.

**Program Name** Executive Services

**Program is found in the following core budget(s)** Operating Core

**1. What does this program do?**

This core request is to maintain the current level of executive support for all divisions within the Office of the Secretary of State. This core request represents resources for the continued operation of Agency programs and the productive coordination of the various divisions. This includes the creation and definition of policy and the direction for implementation of these policies. Priority outcomes are:

- 1) Continue to provide leadership and expertise in business and information systems to state and local governments. This will be accomplished by continued strategic planning, coordination with other government agencies, and the commitment of resources to achieve the planned objectives.
- 2) Enhance information access for governmental and constituent customers.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

N/A

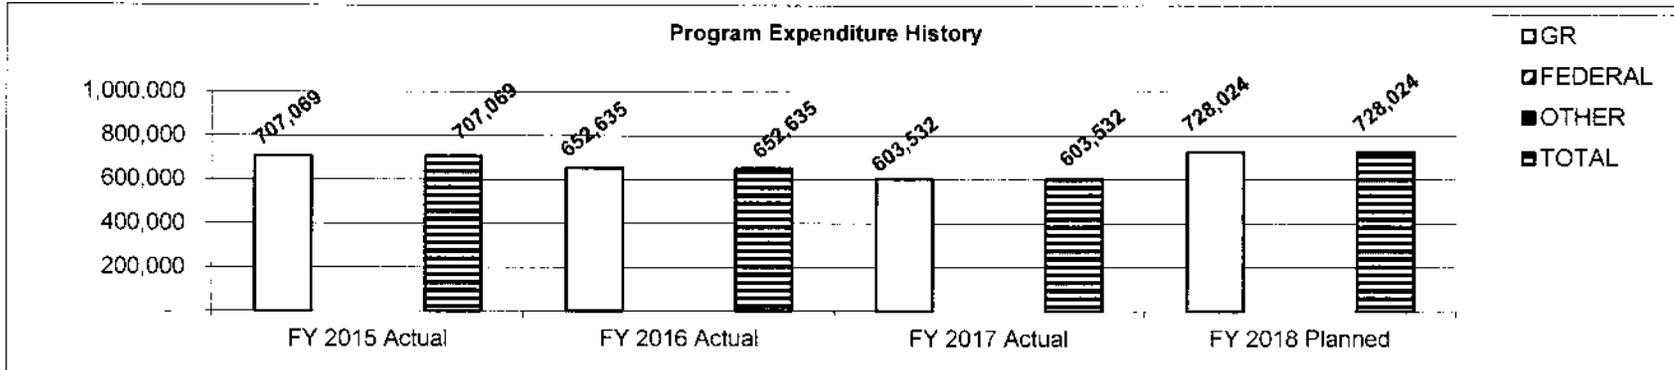

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

The number of clients/individuals served are the budgeted FTE, as well as any prospective employees.

Publications distributed to the General Assembly, schools, and the public were: General Assembly Roster, Missouri Roster, Missouri Constitution, and Great Seal Sheets.

**7d. Provide a customer satisfaction measure, if available.**

**PROGRAM DESCRIPTION**

**Department** Secretary of State **HB Section(s)** 12.055  
**Program Name** Elections  
**Program is found in the following core budget(s)** Operating Core

**1. What does this program do?**

The Secretary of State's Elections Division offers a myriad of services to both elected officials as well as the public. Specific Elections related tasks include preparing for and assisting local election authorities in conducting fair and orderly elections; planning for elections and statewide ballot issues including special elections and issues submitted to the people through initiative petitions, referendums; and joint resolutions passed by the legislature; reporting, counting and certifying election results; and ensuring the requirements of the Help America Vote Act of 2002 are met in the state of Missouri. In addition to ensuring Missouri elections run smoothly, the Elections Division also serves as a resource to the local election authorities as well as the general public. In this role, the Division seeks to provide quality customer service by delivering responsive and timely services to meet increasing demand for answers to elections -related questions from local election authorities, elected officials, and the public; and maintaining statutory compliance in providing services to state and to local governments while also helping to educate the public about the elections process through the publishing of various informative elections materials, hosting regional town halls with both the public and LEAs to ensure that all remain up-to-date on current election laws. Lastly, the Division is constantly looking for methods to enhance information access, utilizing the SOS website to inform voters as well as provide methods for voters to follow election results on Election Night.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapters 115 and 116 of the Missouri Revised Statutes and federal law including the National Voter Registration Act and the Help America Vote Act.

## PROGRAM DESCRIPTION

<b>Department</b> Secretary of State	<b>HB Section(s)</b> 12.055
<b>Program Name</b> Records and Archives	
<b>Program is found in the following core budget(s)</b> Operating Core	

### 1. What does this program do?

The Records and Archives Division is comprised of the following three divisions:

**Archives:** The Missouri State Archives is the official repository for Missouri's records of permanent historical value. Among its holdings are land records from Missouri's colonial, territorial, and early statehood periods; the Missouri State Constitutions; the Journals of the Missouri House and Senate; Supreme Court of Missouri case files; State Appeals Court case files; Circuit and Probate Court case files; and records for Missouri counties. As the home of the state's permanently valuable records, the Missouri State Archives identifies, collects, preserves, and makes available to government officials, historians, students, family historians, and other researchers the permanent and historically significant records of Missouri.

**Records Management:** Records Management directs the efficient and effective management of the official records of state government agencies by establishing standards, procedures, and techniques for the management of records; developing schedules for the retention of records of continuing value; the prompt and orderly destruction of records no longer possessing sufficient value to warrant their future retention; and operating the State Records Center to provide secure cost-effective storage of paper records during their retention. The program evaluates the cost efficiency of microfilm and electronic records technologies and provides imaging, microfilming and microfilm storage services to state agencies.

**Local Records:** Through consultations, inventories, records processing projects and a competitive grant program, Local Records works with public officials to preserve the permanent and historically significant records of their offices. These local records are vital to the citizens of Missouri, documenting everything from marriages and property ownership to education and government expenditures. In addition, the program provides professional guidance on managing current records; everything from proper housing and storage of records to final disposition through the implementation of Local Records generated retention schedules.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMo 109 and dedicated funding for Local Records from Recorder of Deeds user fees in RSMo 59.319 (3)

**Program Name** Administrative Rules  
**Program is found in the following core budget(s)** Operating Core

**1. What does this program do?**

The Administrative Rules Division accepts, edits and publishes proposed rules in the *Missouri Register* and the *Code of State Regulations* for the 191 state agencies/entities that promulgate rules. Rules or regulations have the force and effect of law and serve to implement and interpret the laws passed by the General Assembly and signed by the Governor. The Division publishes rule material six times per month which includes two (2) paper and two (2) Internet publications of the *Missouri Register* and one (1) paper and one (1) Internet publication of the *Code of State Regulations*. The Administrative Rules Division also assists agencies/entities on rulemaking through several features on the SOS homepage which allow state agencies to download current rules in Word for use in amending current rules; providing fillable rulemaking forms/templates on-line; permitting agencies to email electronic copies of proposed rule text changes to the SOS; and providing a timeline calculator to assist agencies in calculating key dates for rulemaking. The Division also answers questions from agencies and the public regarding how rules are filed. The Division further has published and maintains an updated rulemaking manual containing uniform standards and procedures called *Rulemaking 1-2-3*. Division staff also assists agencies and the public in researching prior versions of a rule to accurately represent its history in legal proceedings. Additionally, the Administrative Rule Division offers classes to any agency/entity in how to prepare and make rule filings.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Chapter 536 of the Missouri Revised Statutes

The effectiveness is measured by the timely processing of monthly publications without additional staff and little or no overtime. For the 2017 fiscal year, Administrative Rules processed the following:

- 78 Emergency rules
- 394 Proposed rules
- 433 Orders of Rulemaking
- 75 In Additions
- 14 Executive Orders
- 194 Dissolutions and other filings

**7b. Provide an efficiency measure.**

The above was accomplished without adding any additional staff.

**7c. Provide the number of clients/individuals served, if applicable.**

Administrative Rules serves 191 state agencies/entities, who may have numerous rule makers.

**Department** Secretary of State  
**Program Name** Securities Division  
**Program is found in the following core budget(s)** Operating Core

**HB Section(s)** 12.055

**1. What does this program do?**

The Securities Division seeks to protect Missouri investors from fraud, and is organized into three sections: *Investor Education*, seeking to prevent and reduce investor harm by educating investors about the risks of investing, which includes the Vulnerable Citizens Services Unit (VCSU); *Registration*, seeking to ensure that investment professionals are qualified and compliant with securities laws and regulations and fostering capital formation through the review of securities offerings; and *Enforcement*, receiving complaints, tips and referrals, conducting investigations and initiating actions to remedy violations. Enforcement includes investigations, issuance of subpoenas, issuance of administrative orders prohibiting violations, the commencement of civil actions in circuit court and referrals of criminal matters to state and federal prosecutors, with an emphasis on restitution for aggrieved investors.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Statutes under Regulation of Securities, Chapter 409, RSMo: Fraudulent and Other Prohibited Practices Section 409.107 et seq., RSMo, Missouri Takeover Bid Disclosure Act, Section 409.500 et seq., RSMo, Senior Savings Protection Act, Section 409.600 et seq., RSMo, Commodities, Regulation, 409.800 et seq., RSMo, Investments by Fiduciaries and Employee Retirement System, Section 409.950, Regulation of Business Opportunities, Section 409.1000, RSMo, and Missouri Securities Act of 2003, Section 409.1-101 et seq., RSMo.

**7a. Provide an effectiveness measure.**

Measuring the effectiveness of securities regulation and compliance is difficult. Increased public awareness of the risk of particular investments and fraud, facilitating access to information investors need to make informed investment decisions through the registration of securities, firms, and professionals should result in lower levels of fraud, unregistered activity, and harm to aggrieved investors. Fostering and enforcing compliance with Missouri securities laws through risk-based, high quality examinations.

**7b. Provide an efficiency measure.**

Measuring the efficiency of investor education and law enforcement is difficult, but efficiencies can be obtained with increased citizen involvement; increased registration of securities, firms, and professionals; and prompt detection and deterrence of violations of Missouri securities laws through administrative and civil enforcement actions that hold violators accountable with an emphasis on investor restitution.

**Program Name** Business Services

**Program is found in the following core budget(s)** Operating Core

**1. What does this program do?**

The Business Services Division is comprised of four units: Notaries and Commissions, Corporations, Uniform Commercial Code and Safe at Home. The division oversees filing offices in Jefferson City, St. Louis, Kansas City and Springfield.

Commissions is responsible for receiving, filing and maintaining notary applications; documenting and providing certificates to gubernatorial appointees; processing certifications and apostilles for international documents; and handling foreign extraditions. Missouri has about 67,000 commissioned notaries.

Corporations is responsible for maintaining, receiving, and filing all corporate filings that are required by law for over 900,000 entities. In addition, Corporations handles service of process and filing and maintaining trademark and service mark registrations.

Uniform Commercial Code is responsible for receiving, filing and maintaining notice filings for secured transactions as required by law.

The Safe at Home Program is an address confidentiality program which provides survivors of sexual assault, rape, stalking, human trafficking, and domestic violence a substitute mailing address to use on new records they create with state agencies, local government agencies, and the courts.

Each work area is responsible for answering customer inquiries timely and accurately whether by phone, in person, or through correspondence with the office. The Business Services Division also efficiently serves customers through access to business records and images 24 hours a day, seven days a week through the Secretary of State's web site.

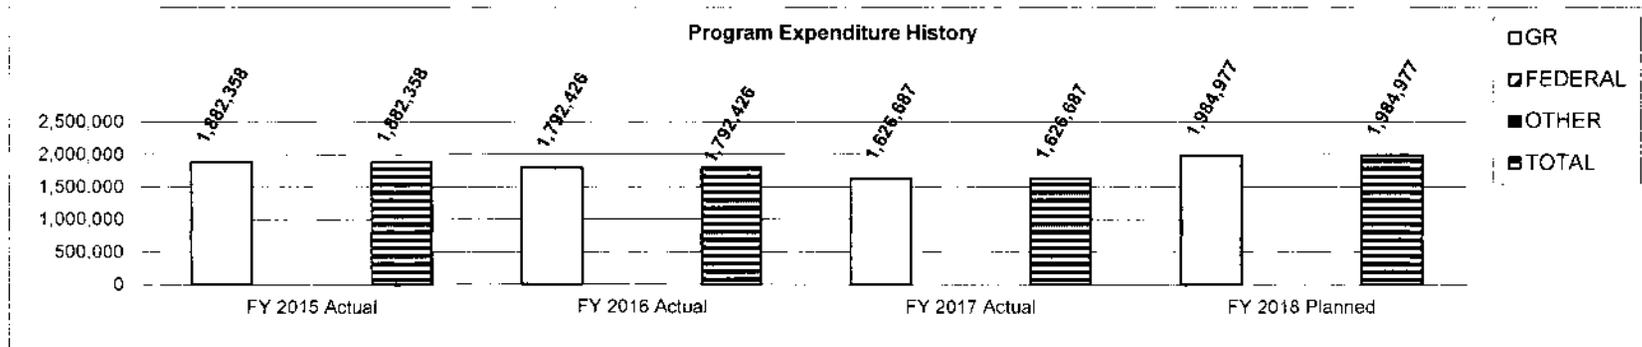

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Business Services Division tracks turn-around time for all documents processed. A business services portal provides customers the ability to file documents online, some instantly. Average processing time for paper documents is 2-5 days or less. Walk-in customers receive immediate processing of their documents, with only a few exceptions that need more specialized review. New and reapplying notaries can utilize an online portal to apply or submit by paper, with processing time of 1-3 days. Mail for Safe at Home participants is processed and sent out to the participants the same day as received.

**Library Development**

The independent evaluator of Missouri's LSTA FY2013-2017 Plan stated: "In the opinion of the evaluators, the Missouri State Library has, using the measure of leveraging a small amount of money to accomplish major results by strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its five-year LSTA Plan for 2013 – 2017. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

**Program Name** Wolfner Library

**Program is found in the following core budget(s)** Operating Core

**1. What does this program do?**

The Wolfner Talking Book and Braille Library is a free library service available to anyone in the State of Missouri certified as unable to read standard print materials due to a visual or physical disability. The library collection consists of more than 370,228 volumes of different formats: large-print, Braille, audio cassettes, digital cassettes, games, and magazines. Wolfner Library staff also facilitate patron downloading of digital books from BARD, a national repository of talking books for eligible citizens. The library also provides the necessary players (cassette and digital) for using the recorded materials. Books, magazines and machines are mailed to and from library patrons, wherever they reside in the state, at no charge to the user. Currently, over 13,000 Missourians are registered to use Wolfner Library services. This represents about 10% of eligible Missouri citizens. Our goal is to increase that to 15%, through an energized outreach program. The Wolfner Recording Studio produces recorded books with Missouri connections and makes them available for circulation or for download on BARD, making the Wolfner collection accessible to patrons nation-wide. Recording is done by volunteers; the actual audio books are created by Wolfner staff. Wolfner produces approximately 50 titles each year.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Missouri Revised Statutes 181.065 and PL 89-522

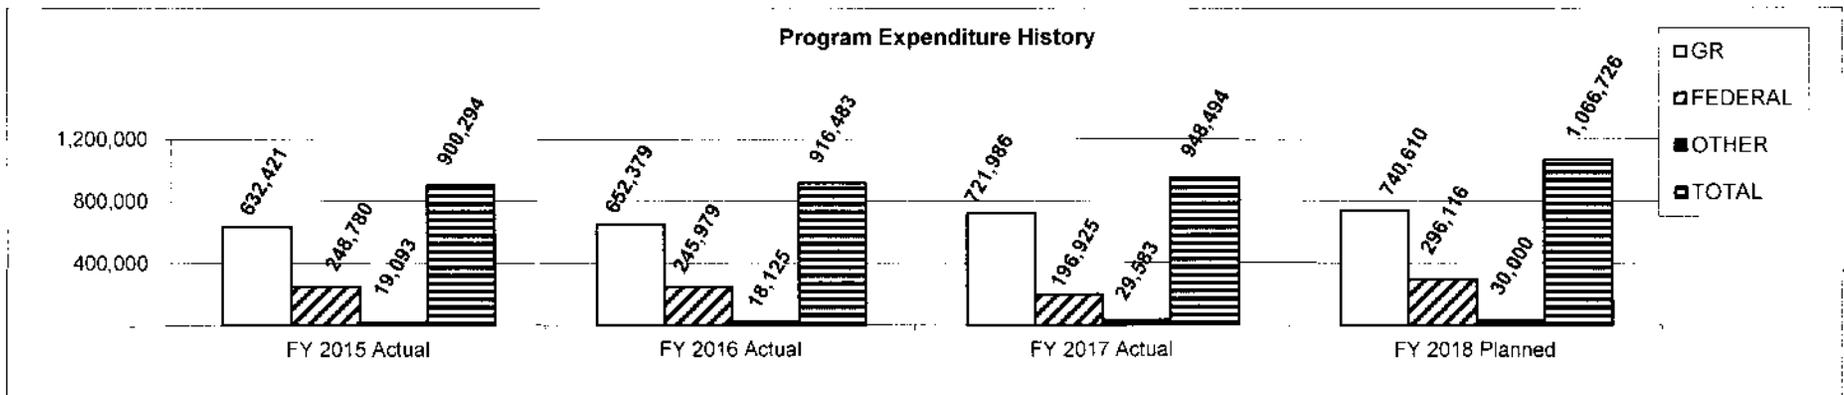

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

Public Law 89-522 establishes a national program to provide library service to everyone in the United States who cannot use standard print. Each state provides services to the blind and physically disabled under the direction of the National Library Service.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

This one-time new decision item is aimed at funding an awareness campaign to reach Missouri citizens who are unaware of the services and benefits available to them through Wolfner Talking Book and Braille Library. Wolfner Talking Book and Braille Library is authorized in the Missouri Revised Statutes 181.065 and Public Law 89-522.

The Wolfner Talking Book and Braille Library is a free library service available to anyone in the State of Missouri certified as unable to read standard print materials due to a visual or physical disability. The library collection consists of more than 240,000 volumes of different formats: large-print, Braille, digital audiobooks, games, and magazines. Wolfner Library staff also facilitate patron downloading of digital books from BARD, a national repository of talking books for eligible citizens. The library also provides the necessary players for audiobook listening. The current machine collection (both circulating and in-house) numbers in excess of 60,000 items. Books, magazines and players are mailed to and from library patrons, wherever they reside in the state, at no charge to the user. Currently, over 8,000 Missourians are actively using Wolfner Library services. This represents about 5% of eligible Missouri citizens. The Wolfner Recording Studio produces recorded books with Missouri connections and makes them available for circulation or for download on BARD, making the Wolfner collection accessible to patrons nation-wide. Recording is done by volunteers; with final audiobook production by Wolfner staff. Wolfner Library produces approximately 50 titles each year.

Anecdotal information reported by Wolfner Library staff on outreach visits tells us all too frequently that the general public have little knowledge of Wolfner Library. Invariably, we hear expressions of pleasant surprise when people learn about Wolfner Library services. The approximate number of active individual patrons served by Wolfner Library in 2017 was 8,000. Unfortunately, this falls far short of the 152,228\* Missourians who are dealing with vision loss. Just taking into account the portion of our population with visual disabilities, Wolfner Library is only serving 5% of potential users within the state.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

This one-time awareness campaign would be run by a professional media organization outside of state government. No additional FTE are required to run this campaign. Media would run from July 2018 to June 2019 and would highlight Wolfner Library services and resources through a wide range of media outlets, including radio ads and interviews, podcasts, and social media posts. Total cost for this campaign would be \$54,500.

**Podcasts** (\$12,000) - Podcast content would educate the public about disabilities served by Wolfner Library, and emphasize the quality of life aspects of utilizing the service.

**Radio** (\$37,500) - The radio component includes promoting the podcasts, conducting radio interviews and distributing public service announcements statewide. The ads would run at strategic times, including Blindness Awareness Month, Library Lovers Month, and National Library Week. The campaign has a potential reach of 537,900 Missourians with a gross impact of 2 million.

**Facebook** (\$5,000) - "Boosted" Facebook posts would be designed to generate interest in the podcasts and have a special focus on reaching metropolitan markets.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

Wolfner Library hopes to see an increase in patron base between 3%-5%.

**6b. Provide an efficiency measure.**

This awareness campaign is certain to provide for more efficient reach when compared to Wolfner Library's normal outreach efforts. Wolfner Library Staff outreach efforts are generally limited to in-person appearances at senior fairs and caregiver, librarian and health professional conferences. The reach of these events is limited to an estimated 30-40 individuals per event with an average of 35 events per year. This results in a maximum reach of 1,400 per year. The estimated reach of a radio campaign in the state of Missouri, with a gross impact of 2,137,500 listeners, far outpaces the efficiency of traditional outreach.

**6c. Provide the number of clients/individuals served, if applicable.**

Wolfner Library currently serves 8,000 individual patrons and 500 institutions in the state of Missouri. According to the American Community Survey, the potential patron base of Missourians with a vision loss is approximately 152,000 individuals. Though Wolfner Library serves individuals with other disabilities, the focus is on visual since numbers specific to this disability can be verified using census numbers, but none that specifically represent other eligible disabilities.

**6d. Provide a customer satisfaction measure, if available.**

Customer satisfaction surveys consistently report a high level of satisfaction with Wolfner Library services. Our 2017 survey shows 78.3% of our respondents rate overall satisfaction with the services as excellent, additionally we received a 20% 'good' rating in that same survey. We feel confident that we can maintain a high level of satisfaction with an increased patron base of 3%-5%.

**2. CORE DESCRIPTION**

The Office of the Secretary of State requests this appropriation to provide a means of receiving and expending funds that become available during the fiscal year from grants, contracts, or gifts from the federal government, other governmental entities, and private sources. Similar appropriations have been provided for many years to a number of departments of state government such as the Department of Elementary and Secondary Education, the Department of Health and Senior Services, the Department of Mental Health, and the Department of Social Services. This request continues in accordance with recommendations from OA, Budget and Planning, regarding open-ended federal appropriations.

The Secretary of State currently has one active grant utilizing this fund.

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**HB Section(s):** 12.060

**Program Name** Federal grants, donations, contracts

**Program is found in the following core budget(s)** Administrative Services

**1. What does this program do?**

The opportunity to apply for federal funding and other grants comes at various times throughout the fiscal year. Not all of the funding opportunities can be foreseen ahead of time. This appropriation has the effect of substantially increasing the department's ability to take advantage of funds which may become available between sessions.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

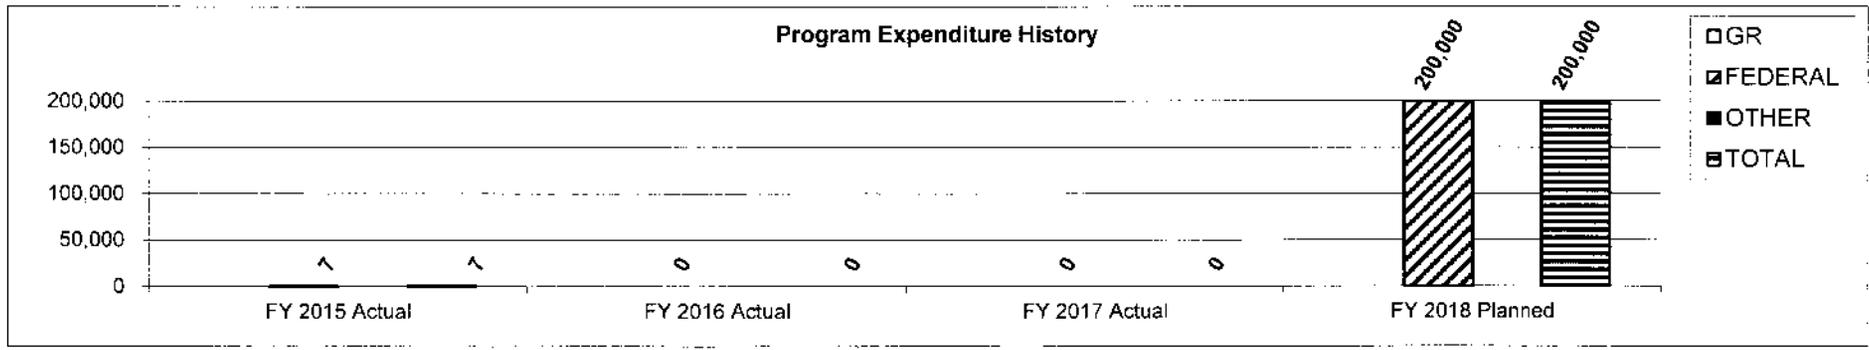

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**Program is found in the following core budget(s)** Administrative Services

**7a. Provide an effectiveness measure.**

Funding from other sources for innovative projects increases our ability to apply for alternative funding sources.

**7b. Provide an efficiency measure.**

Having this appropriation has ensured that the projects have started and been completed in a timely manner. The process has not been delayed while waiting to receive spending authority to spend the grant monies.

**7c. Provide the number of clients/individuals served, if applicable.**

The scope will depend on each innovative project identified and completed.

**7d. Provide a customer satisfaction measure, if available.**

Faster completion will improve satisfaction and result in more innovative projects.

**2. CORE DESCRIPTION**

The Office of the Secretary of State collects revenues, often received in the form of a check, for services provided. Refunds result when an overpayment occurs. This request is for an appropriation to allow timely payment of refunds should there be more overpayments than anticipated. This appropriation is used for refunds occurring in all areas within the office except special funds.

Most refunds for prior fiscal years were due to overpayments received in the form of checks in our Business Services area. We have expanded online filing in Business Services, which automatically determines the total fees owed, and these are then paid by credit card and ACH debit. Other divisions using this appropriation are Archives and Securities.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Office of the Secretary of State collects revenue, often received in the form of a check, for services provided. Refunds results when an overpayment occurs. Original deposits of these monies are made to General Revenue Fund and the Technology Trust Fund. In order to accurately reflect the refund based on the original allocation of the deposit, this new decision item is required so that refunds can be made from the Technology Trust Fund, not just the General Revenue Fund.

House Bill 292 was passed and RSMo 362.010(8) allows for a family trust company to defined as a corporation or limited liability company organized or qualified to do business in Missouri that is wholly owned and exclusively controlled by one or more family members that operates for the exclusive benefit of a family member regardless of whether compensation is received or anticipated.

RSMo 362.1030 established the Family Trust Company Fund which consist of all fees collected by the Secretary of State from family trust companies. The fund shall be used solely to support the secretary's role and fulfillment of duties in RSMo 362.1010 to 362.1117.

The Business Services filing system will need to be modified to include this type of filing. The number of family trust companies established is unknown at this time but each filing cost \$5,000. It's estimated that four will be completed the first fiscal year; therefore, the \$20,000 request is to expend such funds, if collected, to make modifications needed to the business filing system.

**2. CORE DESCRIPTION**

Article XII Section 2(b) and Section 116.260, RSMo. require the Office of the Secretary of State to publish in local newspapers the full text of each statewide ballot measure to be voted on at an election. The expenditure of this requirement is dependent upon how many measures are placed on the ballot by initiative petition or by a joint resolution passed by the General Assembly. As of August 23, 2017, 267 initiative petitions have been filed with the Secretary of State's office, with an unknown number of joint resolutions to be filed during the Second Regular Session of the 99th General Assembly. Note: not all filed initiative petitions and joint resolutions will ultimately reach the ballot.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Missouri Constitution, Article XII, Section 2(b.) and 116.260 RSMo requires the Secretary of State to publish in local newspapers the full text of each statewide ballot measure to be voted during an election. Additional funds are required to cover the cost of publishing the measures in local newspapers, which provides Missouri voters with necessary material to make informed voting choices. This request will allow the State to meet its constitutional and statutory obligations during FY19.

The cost is dependent on the number of measures placed on the ballot by initiative petition or by joint resolution of the General Assembly. It is not possible to predict the number of ballot issues in a given year or the size each initiative petition's full text. This request is for an increase to the appropriation which allows for timely payment of participating newspapers if additional issues are brought to the voters. This decision item is necessary to have funds available to cover the costs of additional ballot measures.

Actual expenditures and number of ballot issues:

**2. CORE DESCRIPTION**

115.285, RSMo. requires mailing envelopes used for returning ballots to local election authorities (LEAs) to incorporate a business reply permit so that no ballot, returned by mail, requires postage. Moreover, Missouri law requires that all fees and costs for establishing and maintaining the business reply permit be covered by the Secretary of State. This core is to allow the Elections Division to pay local election authorities for using business reply permit on absentee envelopes returned by voters in accordance with Missouri law.

**PROGRAM DESCRIPTION**

<b>Department</b> Secretary of State	<b>HB Section(s):</b> 12.085
<b>Program Name</b> Elections	
<b>Program is found in the following core budget(s)</b> Absentee Ballots	

**1. What does this program do?**

This program allows voters to return their absentee ballots to their local election authority at no expense to the voter. The local election authority prints a business reply permit on absentee ballot envelopes. The Secretary of State, through this appropriation and in compliance with the requirements of 115.285, RSMo. reimburses the local election authority for the expenses incurred.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 115.285, RSMo.

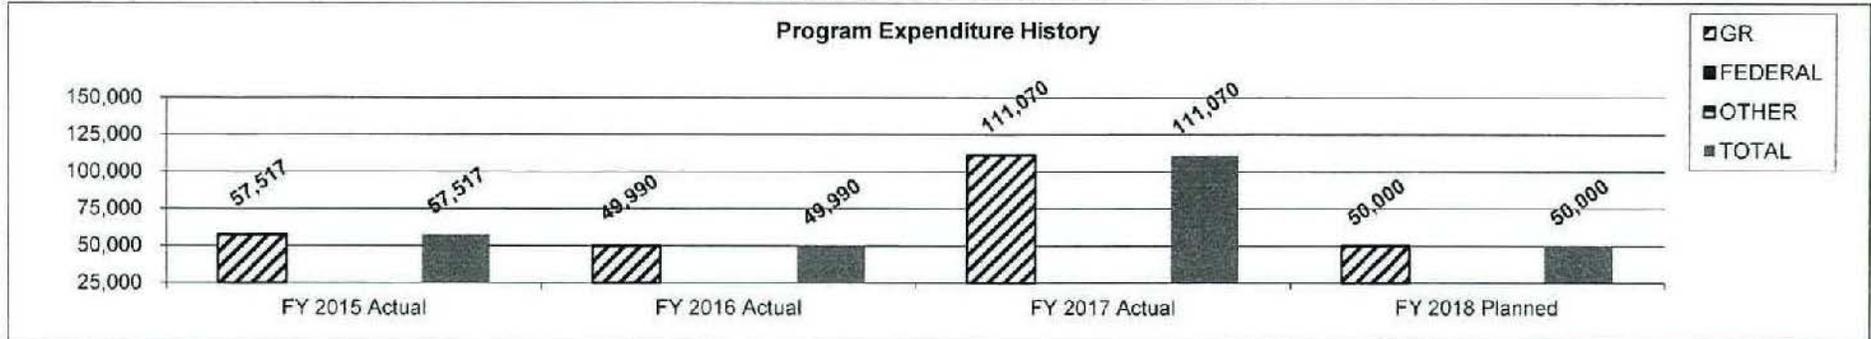

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

**7a. Provide an effectiveness measure.**

Since the passage of HB 676 in 1999, voters have been able to return their absentee ballot via mail, without personally incurring any costs to do so.

PROGRAM DESCRIPTION

<b>Department</b> Secretary of State	<b>HB Section(s):</b> 12.085
<b>Program Name</b> Elections	
<b>Program is found in the following core budget(s)</b> Absentee Ballots	
<b>7b. Provide an efficiency measure.</b> Payments to local elections authorities are made, if possible, within 10 days of submission date.	
<b>7c. Provide the number of clients/individuals served, if applicable.</b> 116 local elections authorities and thousands of absentee voters. In Calendar Year 2008, 344,199 absentee ballots were cast. In Calendar Year 2010, 173,639 absentee ballots were cast. In Calendar Year 2012, 271,972 absentee ballots were cast. In Calendar Year 2014, 137,006 absentee ballots were cast. In Calendar Year 2016, 417,096 absentee ballots were cast.	
<b>7d. Provide a customer satisfaction measure, if available.</b> Article VIII, Section 7 provides that all qualified Missouri voters who are absent on Election Day may be allowed to vote absentee, according to Missouri law. This program ensures that those voters that must vote absentee can do so without incurring any undue financial cost.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

As a result of the cyclical nature of elections, the expense of this program will increase in FY19 from the current fiscal year. In FY17, there was a primary election as well as general election held for both Federal and State races, including a major presidential election and presidential preference primary election, much like the 2008 election cycle, which was included in FY09. This fund was previously an E appropriation. The change in status requires a change in budget to be more in line with historical trends in actual expenditures. Expenditures have increased due to the increase in ballot initiatives and special elections, as well as increases in postage. All 116 election jurisdictions are eligible for absentee postage reimbursement under 115.285 RSMo.

**Actual Expenditures:**

FY2009 - \$115,672.67	FY2012 - \$44,400.12	FY2015 - \$57,517.24
FY2010 - \$56,737.41	FY2013 - \$96,534.31	FY2016 - \$49,990.17

**2. CORE DESCRIPTION**

This federal program provides federal funds to states to improve the administration of elections. This includes updating voting equipment, improving access of the elections process to those with disabilities, updating a statewide voter registration database with access by all local election authorities, and creating voter education and poll worker training programs. Federal funds have been received through guidelines of the United States Elections Assistance Commission (EAC) and interest has accrued. A transfer from the Special Elections Subsidy Fund is made annually that provides for federally required matching for maintenance requirements and supports other Help America Vote Act activities.

**PROGRAM DESCRIPTION**

<b>Department</b> Secretary of State	<b>HB Section(s):</b> 12.090
<b>Program Name</b> Federal Election Reform	
<b>Program is found in the following core budget(s)</b> Elections	

**1. What does this program do?**

The Help America Vote Act of 2002 (HAVA), passed by the United States Congress, provides federal funds to states to improve the administration of elections. This includes upgrading voting equipment, improving access to the elections process for those with disabilities, updating a statewide voter registration database with access by all local election authorities (LEAs), election improvements, and creating voter education and poll worker training programs.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

HAVA and HB 511 (2003)

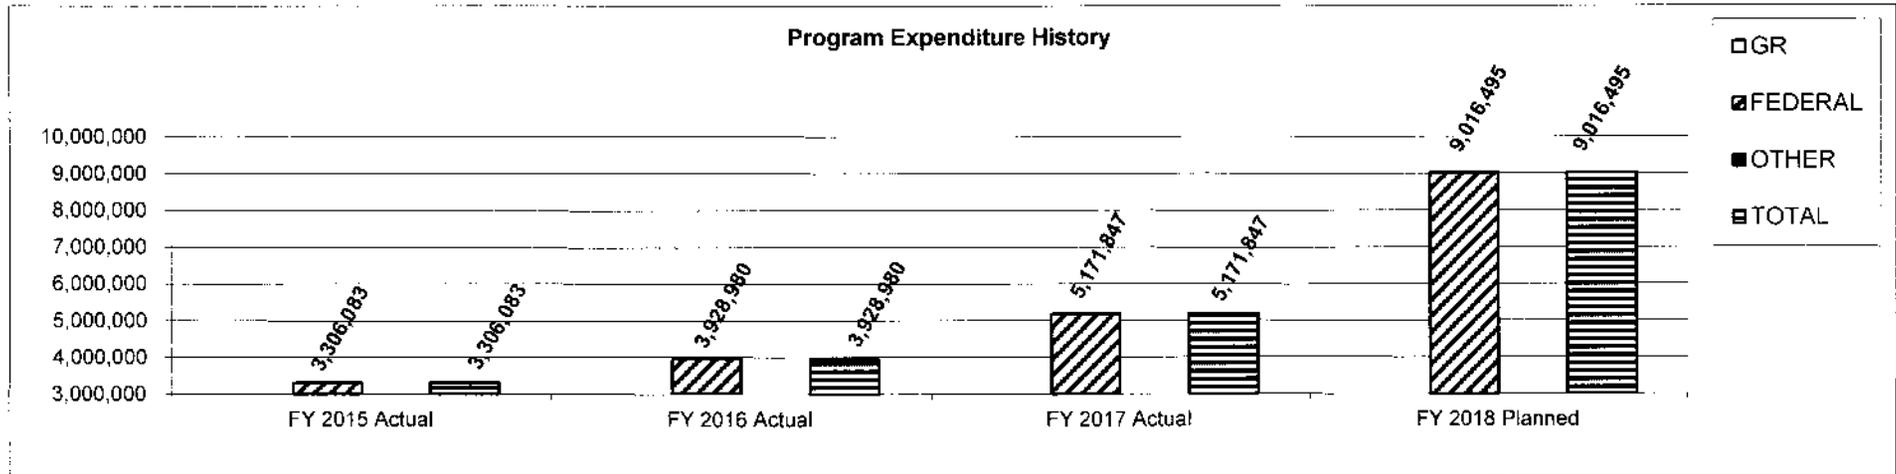

**3. Are there federal matching requirements? If yes, please explain.**

Federal law requires that Missouri maintain expenditures for the Elections Division for the Office of the Secretary of State at the same level or greater than for the state fiscal year ending June 30, 2000.

**4. Is this a federally mandated program? If yes, please explain.**

Yes, it is mandated by HAVA, passed by Congress in 2002.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

PROGRAM DESCRIPTION

<b>Department</b> Secretary of State	<b>HB Section(s):</b> 12.090
<b>Program Name</b> Federal Election Reform	
<b>Program is found in the following core budget(s)</b> Elections	

6. **What are the sources of the "Other " funds?**

7a. **Provide an effectiveness measure.**

The Secretary of State must comply with HAVA and state election laws to provide for the distribution and monitoring of federal funds, voter education, poll worker training, voting system qualification, maintenance of a statewide voter registration database, and other election related activities.

7b. **Provide an efficiency measure.**

The timely disbursement of federal funds to LEAs in order to minimize the time elapsing between the transfer of funds from the state and subsequent disbursement to the election authority.

7c. **Provide the number of clients/individuals served, if applicable.**

116 local election authorities and millions of Missouri voters.

7d. **Provide a customer satisfaction measure, if available.**

A statewide voter registration database accessible to all election authorities has been implemented and ongoing maintenance and enhancements are being made to better serve the needs of the LEAs; poll workers, including election judges, are receiving ongoing training to comply with HAVA regulations as well as changes in Missouri election laws; LEAs have been offered poll worker training; information on voter registration and polling place look up have been made available on the SOS website; complaint procedures have been implemented; initiative and referendum petitions submitted have been timely processed; over seven million dollars in grants have been made available to LEAs for the 2012 election cycle, close to \$3 million has been made available in the past two fiscal years for voter list maintenance activities, over \$1.5 million dollars in grants have been made available to LEAs for the 2014 election cycle and another \$4 million dollars has been made available to assist LEAs with the myriad of ongoing HAVA compliance related costs.

<b>Program is found in the following core budget(s)</b> Elections	

**1. What does this program do?**

Per 115.063, RSMo. the State must pay proportional costs for special elections involving a statewide candidate, statewide issue, state senator, or state representative. The number of special elections called in a fiscal year is contingent upon the number of vacancies and thus is unknown. Additionally, 115.077 RSMo. requires the Secretary of State to transfer from general revenue to the state election subsidy an amount not less than that expended in the fiscal year that ended June 30, 2000, which was \$4,284,000.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 115.063 and 115.077 RSMo.

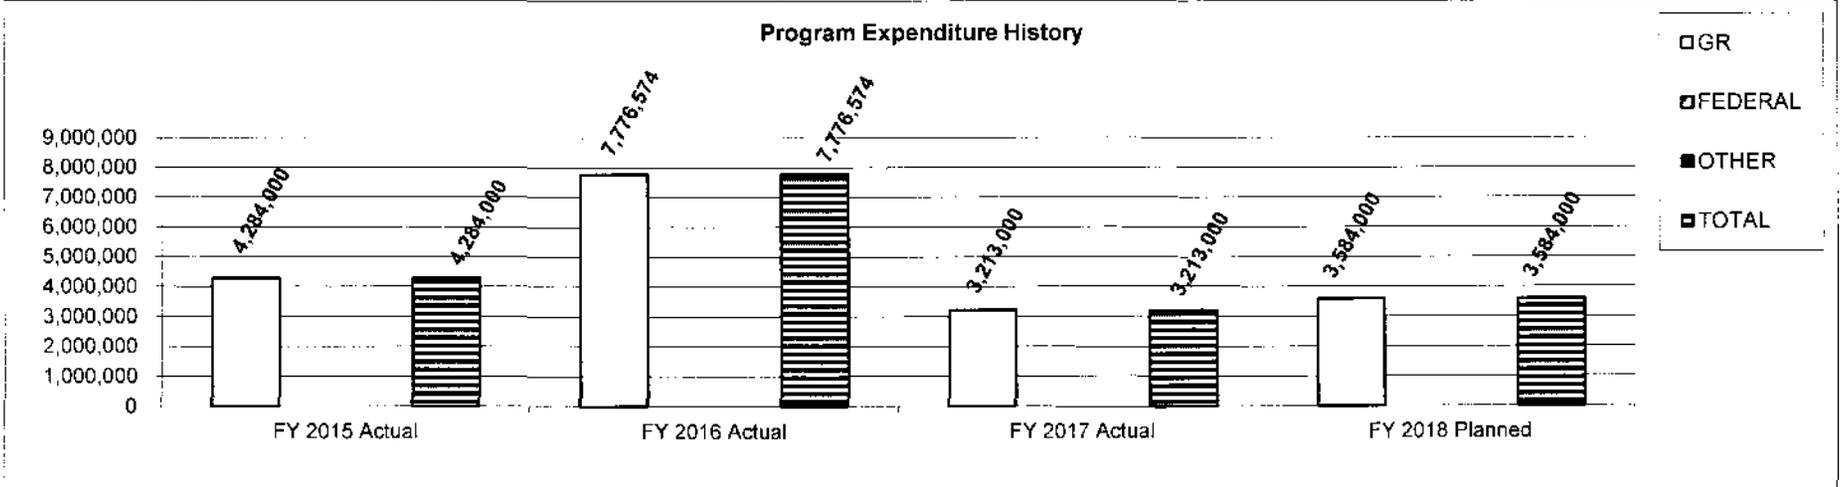

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

Per 115.077.5, RSMo., the Commissioner of the Office of Administration shall annually transfer from general revenue to the state election subsidy fund an amount not less than the amount expended in the fiscal year that ended June 30, 2000. This amount is \$4,284,000. The money transferred into this fund pays for all special election costs the local election authorities incur for statewide ballot measures. Per statute, any money remaining in this fund not expended or required to meet the state's obligation for special elections is transferred to the election administration improvement fund. For the first time since FY06, the Governor placed a restriction on this appropriation for FY17 in the amount of \$1,071,000. The FY18 approved budget included a \$700,000 reduction to this transfer appropriation. This new decision item is to restore the amount decreased to the appropriation.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

This transfer is not only required by statute, it is essential that the full amount be transferred from general revenue into the election subsidy fund. Any amount not used to pay for special elections is then transferred into the election administration improvement fund, which pays for maintenance of the Missouri Voter Registration Database (MCVR). It also provides grants that local election authorities rely on to help pay for voting equipment upgrades and maintenance which ensure a smooth process on Election Day for all Missouri voters. The Secretary of State received federal funds for these types of expenses in 2004 and the money received has been either spent or obligated for other federal mandates.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

All 116 local election authorities are offered grants and transaction cost reimbursements so they can keep the voting equipment maintained.

The Secretary of State must continue to award these grants in order to ensure the local election authorities can keep their aging voting equipment in working order. Moreover, the Secretary of State must properly maintain the MCVR system.

**6b. Provide an efficiency measure.**

**6c. Provide the number of clients/individuals served, if applicable.**

In Missouri, there are approximately 4,089,760 registered voters. Every one of those registered voter deserves to have their voice heard on Election Day, free from intimidation, and trust that the results of the election are a fair and accurate representation of the will of the people. In order for this to happen, it is imperative to ensure that local election authorities receive the adequate funding to keep their election equipment well maintained.

**6d. Provide a customer satisfaction measure, if available.**

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

**2. CORE DESCRIPTION**

Per 115.063, RSMo. the State must pay proportional costs for special elections involving a statewide candidate, statewide issue, state senator, or state representative. The number of special elections called during a fiscal year is contingent upon the number of vacancies and thus is unknown. An "E" appropriation is requested due to that uncertainty.

**1. What does this program do?**

Per 115.063, RSMo. the State must pay proportional costs for special elections involving a statewide candidate, statewide issue, state senator, or state representative. The number of special elections called in a fiscal year is contingent upon the number of vacancies and thus is unknown. For reference, in FY2014, there were no special elections held. In FY2015, special elections were held on August 5, 2014 for House Districts 67, 120, and 151 and Constitutional Amendments 1,5,7,8, and 9. In FY2016, elections were on November 3, 2015, House Districts 29, 36, and 89 was held and on March 15, 2016, the Presidential Preference Primary was held. During FY 2017, a special election for Senate District 4 was held on November 8, 2016. To date in FY 2018, special elections were held on August 8, 2017 for House District 50 and Senate District 28, additional special elections for House District 23, House District 151 and Senate District 8 are scheduled for November 7, 2017. Due to the unknown nature of special elections to be called in a fiscal year, an "E" appropriation is requested.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 115.063, RSMo.

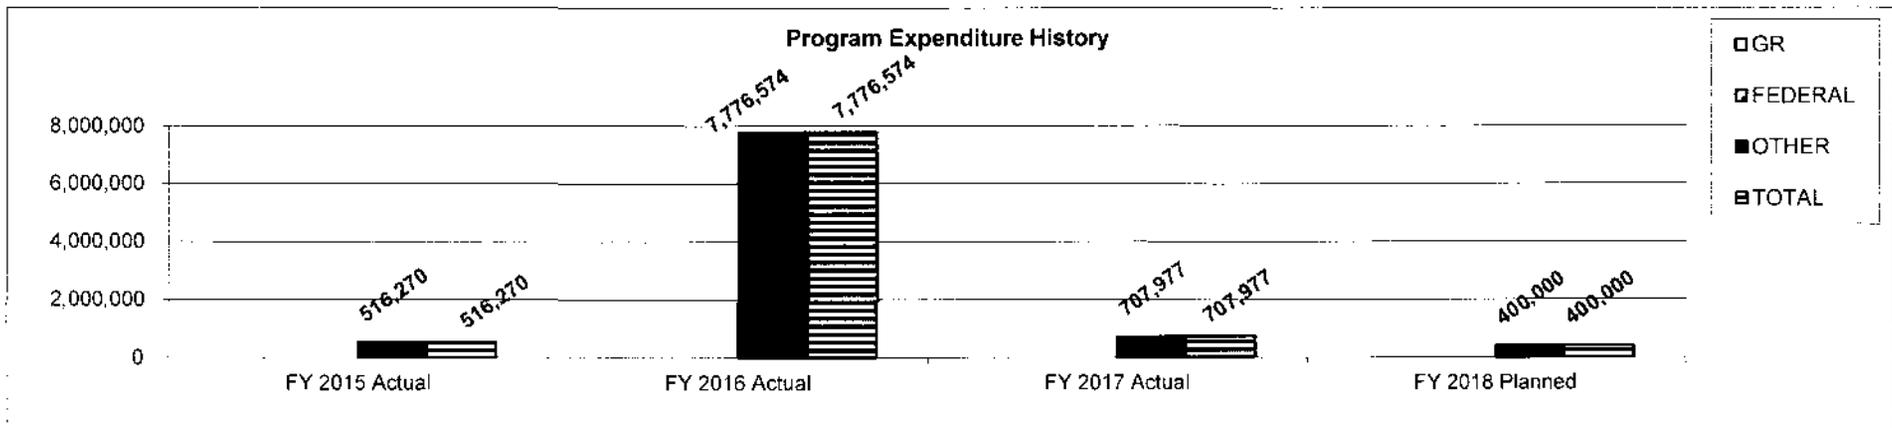

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**2. CORE DESCRIPTION**

Per section 115.077.5, RSMo., the Secretary of State will transfer the unexpended amount of the state elections subsidy fund to the election administration improvement fund. The number of special elections to be called in a fiscal year is unknown. Special election costs are transferred from general revenue to the state election subsidy fund in an amount not less than the amount expended in the fiscal year that ended June 30, 2000, which is \$4,284,000. At the end of each fiscal year, any amounts in the state election subsidy fund not expended or obligated to meet the state's obligations for special elections is transferred to the election administration improvement fund.

**2. CORE DESCRIPTION**

The Missouri Historical Records Advisory Board (MHRAB) promotes and supports the identification, preservation and provision of access to all historical records in Missouri. The MHRAB is the central advisory body for strategic planning within the historical records community and for projects relating to historic records developed and carried out within the state. The Board provides state-level appraisal of grant proposals submitted to the National Historical Publications and Records Commission (NHPRC) by Missouri repositories and serves as the review and award panel for grant applications submitted to the Local Records Preservation Program. Members are appointed by the Governor, with the advice and consent of the Senate, and administrative responsibilities are handled by the Secretary of State who serves as the Board's coordinator. Federal regulations require members to have experience and interest in the collection, administration and use of historical records, as well as be dedicated to the preservation and access of the state's documentary heritage. Over the years, archivists, curators, family historians, legislators, librarians and records managers have served on the MHRAB.

**1. What does this program do?**

The Missouri Historical Records Advisory Board (MHRAB) promotes and supports identification, preservation and access to all historical records in Missouri. The MHRAB is the central advisory body for strategic planning of projects relating to historic records developed and carried out within the state of Missouri. The MHRAB provides state-level appraisal of grant proposals submitted to the National Historical Publications and Records Commission (NHPRC) by Missouri repositories and serves as the review and award panel for grant applications submitted to the Local Records Program and the Missouri Historical Records Grant Program.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

RSMo 109.221; Federal Statute, 44 USC 25; 36 CFR 1206.

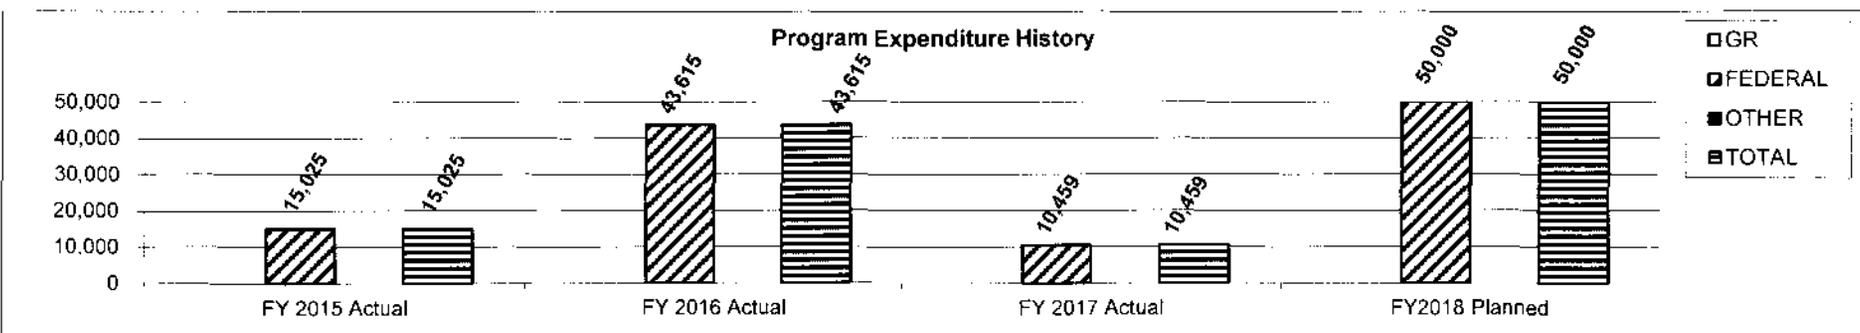

**3. Are there federal matching requirements? If yes, please explain.**

Yes, there is a 50/50 match for NHPRC federal grants

**4. Is this a federally mandated program? If yes, please explain.**

No. The federal government encourages states to have State Historical Record Advisory Boards and provides grant funding to those states who have boards.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

**7a. Provide an effectiveness measure.**

From FY15-FY17, the MHRAB and State of Missouri, with financial assistance from the National Historical Publications and Records Commission (NHPRC), have provided both professional development and public workshops with an archival focus at venues across the state. Topics have included records digitization, electronic records management, disaster preparedness, reference services and oral history. Total attendance at the 19 workshop offerings was 301.

**7b. Provide an efficiency measure.**

Three hundred and one (or seventy-nine percent) of the 380 available seats in these 19 workshops were filled. Workshop attendance in urban area tended to be higher.

**7c. Provide the number of clients/individuals served, if applicable.**

Since FY15, the MHRAB has provided workshops for 301 individuals from colleges/universities, historical societies, genealogical societies, local/state government, museums and religious organizations, as well as the general public.

**7d. Provide a customer satisfaction measure, if available.**

Many individuals attended more than one of the workshops, in some cases attending each of the four topics.

**2. CORE DESCRIPTION**

Local Records Grants facilitate more secure storage of, and faster access to, records produced by local government entities/political subdivisions with taxing authority to meet the information needs of public officials, private citizens, and general public interest. Public records security and access insures the preservation of public information of permanent intrinsic or historic value, and facilitates information access as required by state statutes, for both the record provider and the information seeker. Grant funds are available by means of dedicated user fees collected by county recorders of deeds. This fund provides financial resources beyond those of the awarded local entity to effectively maintain, manage, and preserve public records through sound records management policies and practices, archival preservation of long-term or historically significant records, as well as appropriate storage and access supplies.

**2. CORE DESCRIPTION**

The State Document Preservation Fund consists of all moneys received by the Missouri State Archives from gifts, bequests, or contributions for the specific purpose of preserving legal, historical, and genealogical materials and making them available to the public. The Document Preservation Fund allows the Archives to seek assistance from the private sector to help save state government documents, which might otherwise be lost, destroyed, or inaccessible to the public. Various projects include grant administration, work on the St. Louis Judicial Records Project, or other special projects that make records available to the public as described in RSMo 109.005.

**2. CORE DESCRIPTION**

RSMo 109.400 and 109.410 establish the Missouri State Archives' authority to create a records center in St. Louis with non-general revenue funds. The facility will centralize the housing of millions of historically valuable state and local government records in the St. Louis area. The Center's creation would be the result of a public-private partnership based on non-state funds. An initial endowment would be secured to help guarantee operating funds into the future. Should non-GR funding prove unavailable, the Center will not be created.

**1. What does this program do?**

The State Document Preservation Fund consists of all moneys received by the Missouri State Archives from gifts, bequests, or contributions for the specific purpose of preserving legal, historical, and genealogical materials and making them available to the public. The Document Preservation Fund allows the Archives to seek assistance from the private sector to help save state government documents, which might otherwise be lost, destroyed, or inaccessible to the public. Various projects include grant administration, work on the St. Louis Judicial Records Project, or other special projects that make records available to the public as described in RSMo 109.005.

**1. What does this program do?**

The facility would provide more complete and effective service for St. Louis City government offices and citizen researchers. Document storage in a records center is much less expensive than in finished office space. Thousands of dollars would be saved and thousands of square feet of scarce space would be reclaimed in government offices. The facility would draw thousands of cultural tourists from across the United States -- principally family historians, but also academics and journalists. The creation of a St. Louis Center would allow records holders to concentrate more fully on pressing contemporary business without having the diversion of genealogical and other historical searches.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Statutory authorization RSMo 109.400 and 109.410.

**2. CORE DESCRIPTION**

Under the Missouri Constitution and state statutes, the General Assembly appropriates funds to support public libraries. State aid is appropriated to libraries that have a minimum voted tax or local government support equal to ten cents per \$100 of assessed valuation. Libraries use these funds to improve information access and develop stronger library services for Missouri citizens. Funds are distributed to public libraries on a per capita basis and to libraries in less affluent counties for equalization aid as determined by RSMo 181.060.

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**HB Section(s):**

12.125

**Program Name** State Aid for Public Libraries

**Program is found in the following core budget(s)** State Aid for Public Libraries

**1. What does this program do?**

State Aid for Public Libraries makes a vital contribution to improving public library services for Missourians. The program provides funds to public libraries that meet the requirements specified in the Missouri Constitution, Article IX, Section 10 and in RSMo 181.060. Public libraries having a minimum voted tax of local government support equal to ten cents per \$100 of assessed valuation are eligible to receive funds from this program. The average tax rate is set at \$.20.

While public libraries in Missouri are funded primarily through property taxes, this program provides funds that help bridge local variations in funding due to differences in local property valuations and voted tax rates. In large cities and small towns alike, libraries serve as community anchors and provide baseline access to government services, economic opportunity, and support for students. In many communities, public libraries provide the only no cost high speed internet access, heavily used by people seeking jobs, filling out application forms, researching business opportunities, participating in online classes, or filing their taxes. For children, public libraries support early learning and education through storytimes, summer reading programs, and help with homework. State aid funds are used for computer technology or other equipment, Internet connectivity, print and digital resources, and library staff.

State aid applications are submitted annually for review and certification by the State Librarian. Once approved, local library boards of trustees decide the allocation of these funds according to the highest local needs and priorities.

The Secretary of State and the State Library provide service guidelines through the Missouri Public Library Standards. These Standards provide benchmarks for per capita income, hours of service, amount of funds to be budgeted for library collections, and guidelines for determining current and future community technology needs. Many libraries in Missouri currently struggle to meet the Missouri Public Library Standards. State aid funding provides modest support for libraries moving to meet the benchmarks.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

State Aid for Public Libraries makes a vital contribution to improving public library services in Missouri. The program provides funds to public libraries that meet the requirements specified in the Missouri Constitution, Article IX, Section 10 and in RSMo 181.060. Public libraries having a minimum voted tax equal to ten cents per \$100 of assessed valuation are eligible to receive State Aid. The average local tax rate for library service is set at \$.20.

Missouri's public libraries are undergoing major changes to provide library services in new ways that take advantage of the opportunities offered by ever-improving technologies. Most public libraries now provide access to e-books, and some offer new technologies such as 3-D printers. In many small communities, public libraries provide the only no cost high speed Internet access, heavily used by people completing online classes, researching business opportunities or filing their tax forms. While Missouri has only 35 career centers, there are 363 library facilities for people who need help writing resumes and filling out job application forms. For children, public libraries support early literacy and education through storytimes, summer reading programs, and help with homework. Students may be given a tablet or laptop for use in school, but not have the internet access at home to complete their work; these students often use the public library for their homework. Public libraries are heavily engaged in sharing their resources in support of statewide requests for library materials, but local services have to be strong enough to contribute their share. In FY17, there were 917,788 items exchanged through Missouri's public library courier service to meet requests from users of 122 library districts.

While public libraries in Missouri are funded primarily through property taxes, this program helps to bridge local variations in funding due to differences in local property valuations and voted tax rates. These funds are particularly critical in small and rural communities with lower assessed tax valuations. State aid funds are used for computer technology or other equipment, Internet connectivity, print and digital resources, and library staff.

State aid applications are submitted annually for review and certification by the State Librarian. Once approved, local library boards of trustees decide the allocation of these funds according to the highest local needs and priorities.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

In FY2015, all but \$723,776 of the State Aid for Libraries appropriation was withheld until April 2015 when it was then fully released. For FY2016, the State Aid for Libraries appropriation was decreased from \$3,504,001 to \$723,776 due to the state's financial situation. As a result, libraries had to cut hours, staff, programming, and print and digital materials budgets while delaying technology upgrades that are critical in meeting user needs and expectations. In FY2018, 2,323,776 was appropriated, but still short of FY2015 levels. The increase of \$1,180,225 will enable public libraries to receive .50 per capita instead of the .38 per capita rate, and provide funds for Equalization grants to city/county, urban public, county or consolidated districts that meet specific criteria as 'poor' in comparison to other library districts in the state.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

A 2013 Pew Internet Report on How Americans Value Public Libraries in Their Communities showed that Americans strongly value the role of public libraries in their communities, both for providing access to materials and resources, and for promoting literacy and improving the overall quality of life. In order to assist libraries in maintaining relevance in their communities, the Missouri State Library will continue to provide leadership and training in the transformation of libraries and library services to better meet the current needs and expectations of Missourians. This training is provided predominantly through federal funds. Library staff give consistently high ratings to training provided, whether in person or online.

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**HB Section(s):**

12.130

**Program Name** Remote Electronic Access for Libraries Program (REAL)

**Program is found in the following core budget(s)** REAL Program

**1. What does this program do?**

The REAL Program provides Internet access, network security, training, technical support, and peripheral services for public libraries, as well as licensing of shared electronic reference resources available to Missouri's participating public libraries, K-12 schools, higher education institutions and state agencies.

Public libraries serve as the sole source of high speed Internet access for many Missourians, especially in our rural communities. In order for Missourians to compete in an online environment for jobs and business revenue, they need a basic level of computer skills and access to Internet resources. Public libraries provide urban and rural low-to-moderate income families with the only widely available Internet access and electronic resources to gain the knowledge required to compete in an ever-increasing online economy. Via their local library's high speed Internet access, patrons access government forms, apply for jobs and receive essential online training courses. As schools continue to increase their use of electronic resources in their curricula, public libraries often provide the only means for students to complete research and online assignments outside school hours, particularly for those who have no Internet-enabled device or lack reliable or affordable Internet access at home.

To meet the ongoing demand for Internet access to serve their local communities, the three-year average bandwidth growth across all REAL Program participating library connections is nearly 19%. The American Library Association (ALA) currently recommends connections of 100 megabits per second (Mbps) for libraries serving populations of 50,000 or less and 1 gigabit per second (Gbps) for libraries serving populations larger than 50,000. Today, no REAL participating library connection meets the ALA recommendations.

The REAL Program appropriation includes funding for several types of database services including a general periodicals database, general practice tests including citizenship and college entrance exams, as well as resources for health, business, and other popular research topics. These services are heavily used by all types of libraries and are also available to state agencies. Without this program, individually most public libraries and schools would be unable to afford access to electronic information resources. Those that are able to afford access would individually pay a considerably higher per capita cost for these resources, thus wasting scarce taxpayer dollars. For example, the fiscal year 2018 cost for one such statewide product license is \$657,322. If instead of a statewide license, every participating K-12 school, public library and higher education institution had to acquire its own individual license, the total combined cost to taxpayers would exceed an estimated \$10 million.

The Missouri Research and Education Network (MOREnet) offers essential technical services and maintains a high-capacity, high-speed statewide telecommunications network in the State of Missouri. The Remote Electronic Access for Libraries (REAL) Program is one of the contractual programs for MOREnet.

Electronic Resource Usage

The electronic resources provided by the REAL Program provide important reference information to residents throughout the state. Not only are these services heavily used by public libraries and the people they serve, these resources are essential to K-12 and higher education libraries and classrooms and the students they serve. Without these shared resources, most public libraries and schools will not be able to afford access to electronic information resources, and the few able to afford to pay for individual access would pay more in total.

Demand Growth and Cost Efficiency: Capacity and Cost per Megabit (Mbps)

The demand for Internet connectivity at public libraries continues to grow. Additional workstations, wireless devices, and greater use of electronic resources and communications by library patrons and staff continue to push demands for capacity higher and higher.

By leveraging collective purchasing power, per Mb costs are lower than if each library district were to negotiate individually. In addition, the continual pursuit of additional connectivity savings has allowed REAL to meet the ongoing demand for increased bandwidth capacity with existing resources.

The REAL Program provides Internet access, training, technical support, and peripheral items for public libraries, as well as licensing of shared electronic reference resources available to public libraries, K-12 schools, higher education, and state agencies. In FY2015, the \$3,109,250 REAL Program budget was withheld until April 2015 when it was then fully released. For FY2016, the REAL Program funding was decreased from \$3,109,250 million to \$2 million due to the state's financial situation. Public libraries serve as the sole source of high speed Internet access for many Missourians. In order for Missourians to compete in an online environment for jobs and business revenue, they need a basic level of knowledge of computer and Internet resources. Public libraries provide urban and rural low-to-moderate income families the only widely available internet access and electronic resources used to gain the knowledge required to compete in an increasingly online economy. <b>DI Name:</b> REAL Program <b>DI#</b> 1231006	<b>House Bill</b> <u>12.130</u>

Due to the budget withholds in FY2015 and cuts in FY2016, public libraries have become at risk in being able to address the technology needs of the communities they serve. In order to stay abreast with technology, some public libraries have had to cut hours, staff, or programming which is also detrimental to meeting the educational, cultural, workforce, personal and social development needs of Missourians, particularly patrons with difficulty using the library and underserved rural and urban areas. Growth in bandwidth for public libraries slowed from an approximate 25% annual growth to only 6% during state fiscal year 2015. The need for growth is still present, but financially the libraries cannot afford to do so without the assurances of stable funding support from the State. The American Library Association (ALA) currently recommends connections of 100 megabits per second (Mbps) for libraries serving populations of 50,000 or less and 1 gigabit per second (Gbps) for libraries serving populations larger than 50,000. Today, no REAL Program participating library meets the ALA recommendations.

The REAL Program appropriation includes funding for several types of database services including a general periodicals database, K-12 education support, and resources for health, business, and other popular research topics. These services are heavily used by all types of libraries, and are also available to state agencies.

- Funding is sought to restore full funding of databases that supports K-12 and general population needs, including resources for health and workforce development.
- Funding is sought to expand the workforce development resource to include computer skill development assistance.
- Finally, funding is sought to add a PK through Grade 3 resource. Research shows that learning to read begins at birth, and parents and caregivers are a child's first and best teacher. Children who enter school ready to meet its academic, social and emotional demands are more likely to achieve success in academics and in life. Research also shows that children through Grade 3 are learning to read and by Grade 4, they need to be reading to learn. The resource will foster early literacy skill development as well as encourage reading skill development in older children. This resource should aid in Missouri reaching the Top 10 by 20, Goal 2 set by the Missouri Department of Elementary and Secondary Education. This goal states that all Missouri children will enter kindergarten prepared to be successful in school.

The Missouri Research and Education Network (MOREnet) offers essential technical services and maintains a high-capacity, high speed statewide telecommunications network in the State of Missouri. The Remote Electronic Access for Libraries (REAL) Program is one of the contractual programs for MOREnet.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Approximately \$350,000 would be used to restore funding in support of updating the public library technology infrastructure, including increased bandwidth and network support and management. Approximately \$400,000 would be used to restore funding to the databases that support K-12 and general population needs and \$359,250 to add a resource that supports computer skill development for adults, and a resource to support early literacy and reading skill development in children, PK-Grade 3.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

Growth and dependability in the public library technology infrastructure will be monitored.  
Usage statistics on statewide electronic resources will be tracked.

**6b. Provide an efficiency measure.**

Demand Growth and Cost Efficiency: Capacity and Cost per Megabit (Mbps)

The demand for Internet connectivity at public libraries continues to grow. Additional workstations and greater use of electronic resources and communications by library patrons and staff continue to push demands for capacity higher. By leveraging collective purchasing power, per Mb costs are lower than if each library district were to negotiate individually. In addition, the continual pursuit of additional connectivity savings has allowed the REAL Program to meet the continuing demand for additional capacity with existing resources.

Online Resources: Effective Use of Funds

Online resources are heavily used by all types of libraries, and are also available to state agencies. A statewide purchase of online resources ensures equitable access to information resources throughout the state. If libraries, schools, and academic institutions had to purchase these resources individually, they would pay a considerably higher per capita cost making it impossible for smaller institutions to provide access to the collections. For example, one statewide product license fee was \$657,322 in FY18. If every K-12 school, public library and higher education institution acquired its own individual license, the total cost to taxpayers would have exceeded an estimated \$10 million.

**6c. Provide the number of clients/individuals served, if applicable.**

<sup>1</sup> In FY14, McDonald County cancelled all services. Fisk Community Library was no longer eligible and Jackson Public Library merged with a regional system.

<sup>2</sup> In FY15, due to the REAL Program funding withhold, a total of 12 library systems cancelled services and withdrew from the REAL Program.

<sup>3</sup> In FY16, Willow Springs Public Library cancelled all services and left the REAL Program.

<sup>4</sup> In FY17, Centralia Public Library, Moniteau County Library and Scotland County Library cancelled all services and left the REAL Program.

**6d. Provide a customer satisfaction measure, if available.**

All participants contacting our support team for assistance receive an electronic satisfaction survey following the resolution of their issue(s). This survey asks the participant to rate performance in five areas: Staff Knowledge, Effectiveness of Solution, Timeliness of Resolution, Staff Communication, and Courteous Service. The data shown below is averaged across all public library participants, types of assistance and areas of performance.

	FY 2014	FY 2015	FY 2016	FY 2017	Projected FY 2018	Projected FY 2019	Projected FY 2020

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

- Bandwidth usage will be monitored and upgrades completed as needed to ensure capacity meets demand.
- Public libraries that left the REAL Program in FY15 and libraries that meet the standard to be State Aid recipients and have never belonged to the REAL Program will be encouraged to become members in order to provide access to the online resources in their communities.
- Usage of statewide online resources will be monitored.

**2. CORE DESCRIPTION**

The purpose of the Library Services and Technology Act Fund (LSTA) is to stimulate excellence and promote access to learning and information resources in all types of libraries and for individuals of all ages. Libraries have identified needs to make increased use of technology and train staff and library users in its effective use. This implements the Missouri State Library's long-range plan to use federal funds to develop stronger library services.

**Program Name** Library Services

**Program is found in the following core budget(s)** Federal Aid for Public Libraries

**1. What does this program do?**

The purpose of the Library Services and Technology Act Fund (LSTA) is to stimulate excellence and promote access to learning and information resources in all types of libraries and for individuals of all ages, including targeted populations. The Missouri State Library is the State Library Administrative Agency for LSTA funds awarded annually to Missouri. Based on needs identified by Missouri libraries and a formal evaluation of the 2013-2017 State Five Year Plan, approved by the Institute for Museum and Library Services (IMLS), the federal agency which administers the LSTA funds, the Missouri State Library developed a Five Year Plan for 2018-2022. This Plan is currently under review by IMLS

To implement the 2018-2022 Five Year Plan, the Missouri State Library developed programs to:

1. Build and sustain information resources
2. Target library and information services
3. Strengthen the library workforce

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Library Services and Technology Act; Public Law 104-208 as amended.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, states must provide a 34% match in general revenue funding. States are also required to maintain their level of effort of expenditures for libraries purposes, as calculated over a 3-year average.

**4. Is this a federally mandated program? If yes, please explain.**

All states receive funds under The Museum and Library Services Act of 2010. Funds are calculated by formula under the law and awarded to the states through the IMLS Grants to States Program.

**PROGRAM DESCRIPTION**

**Department** Secretary of State

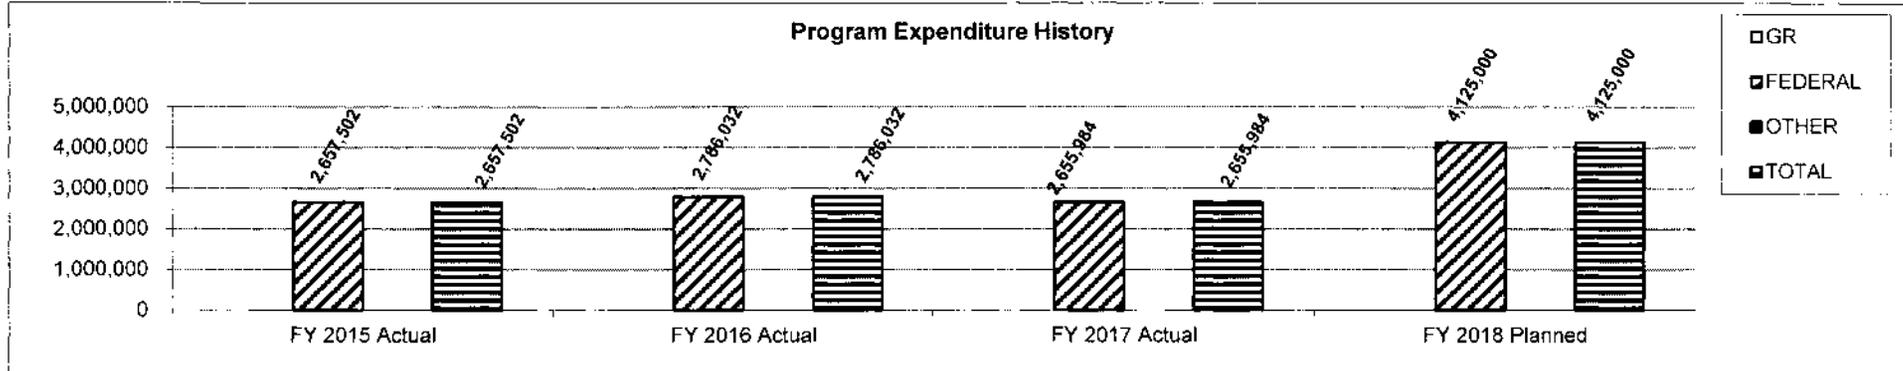

**HB Section(s):**

12.135

**Program Name** Library Services

**Program is found in the following core budget(s)** Federal Aid for Public Libraries

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**6. What are the sources of the "Other " funds?**

**7a. Provide an effectiveness measure.**

All grant applications require detailed evaluation plans. For state FY17, 155 of 160 grant applications were awarded LSTA funding. This indicates most libraries submitting applications were able to follow grant guidelines and propose projects that met requirements for appropriate use of funds in their communities. Grantees are required to report impact of their individual projects, and describe how services are improved through acquisition of up-to-date technology, or programs to reach populations with difficulty using libraries due to transportation or other barriers.

**7b. Provide an efficiency measure.**

The independent evaluator of Missouri's LSTA FY2013-2017 Plan stated: "In the opinion of the evaluators, the Missouri State Library has, using the measure of leveraging a small amount of money to accomplish major results by strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its five-year LSTA Plan for 2013 – 2017. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

**PROGRAM DESCRIPTION**

**Department** Secretary of State

**HB Section(s):** 12.140

**Program Name** Library Networking Fund

**Program is found in the following core budget(s)** Library Networking Fund

**1. What does this program do?**

This program provides funds to Missouri public libraries for books in any format, audio, video, and other information resources to meet citizens' needs for learning and authoritative information. In fields where information changes rapidly, such as health, sciences, business, and consumer information, new items must be purchased regularly to avoid incorrect and sometimes harmful information. Families need interesting, well-written, attractive materials to develop children's interest in reading and learning, whether or not they can afford to purchase them. Reading aloud to young children has been found to be a major factor in school readiness and later reading achievement. Students and adults find accurate, reliable information in their local libraries. Information in rapidly changing fields such as health and consumer information is accessed to make informed decisions, search for jobs, plan career changes, and inform themselves as citizens. In accordance with 143.183 RSMo, ten percent of the annual estimate of taxes generated from the nonresident entertainer and professional athlete income tax is to be allocated and transferred to the Library Networking Fund for distribution to public libraries. In addition, gifts, contributions, grants and bequests from federal, private, or other sources may also be deposited to the Library Networking Fund and used according to the purpose of the gift or grant. Interest accrued to the Library Networking Fund may also be spent for the purposes of the fund.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 143.183 RSMo (professional athletes and entertainers income tax), 182.812 RSMo (Library Networking Fund) and 181.021 RSMo (State Library)

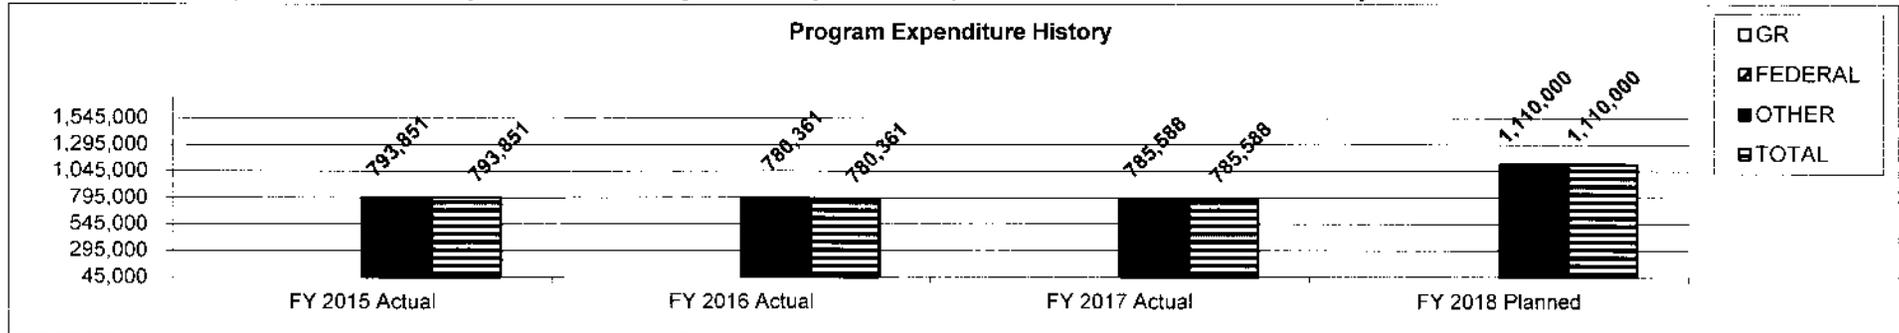

**3. Are there federal matching requirements? If yes, please explain.**

No

**4. Is this a federally mandated program? If yes, please explain.**

No

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

State statute (143.183 RSMo), requires the transfer of 10% of the estimated revenues generated by the income tax on out-of-state athletes and entertainers to the Library Networking Fund for distribution to public libraries for purchase of library materials. These materials support children learning to read as well as adults taking classes and learning new skills.

In addition, gifts, grants, contributions, or bequests from federal, private, or other sources may also be deposited to the Library Networking Fund (RSMo182.812) and used according to the purposes of the gift or grant.

The increase requested is due to the increase in FY19 estimated receipts from the tax on nonresidents out-of-state athletes and entertainers.

Each year the Department of Revenue is required to estimate the amount of revenue generated by the income tax on out-of-state athletes and entertainers. The increase requested is based on the FY19 estimated receipts from the tax on nonresidents out-of-state athletes and entertainers as reported by the Office of Administration. The FY18 appropriation \$1,110,000. The estimated revenues for FY19 are \$40.6 million. 10% of that is \$4,060,000. The transfer amount should be \$4,060,000; however, the fund keeps an extra \$100,000 in appropriation authority for the possibility of grants, contributions, or bequests. The request is for the difference.

Each year the Department of Revenue (DOR) is required to estimate the amount of revenue generated by the income tax on out-of-state athletes and entertainers. The increase requested is due to estimated receipts from the tax on nonresidents out-of-state athletes and entertainers. The FY18 appropriation is \$800,000. DOR has estimated FY19 revenues to be \$40.6 million; therefore, the amount that should be transferred is \$4,060,000 (10% of the receipts). The new decision item is the difference between the core and the amount that needs to be transferred.

On August 8th, two General Assembly special elections were held - House District 50 and Senate District 28. Three General Assembly special elections were held November 7th - House Districts 23 and 151, and Senate District 8. Subsection 115.063.2, RSMo, provides that the state shall pay all special election costs involving a statewide candidate or statewide issue and all special election costs involving General Assembly candidates, except that if a political subdivision or special district holds an election on the same day, the costs shall be shared proportionately by the state and the political subdivisions and special districts.

To complete the reimbursement of local election authorities (LEAs) for the special elections already held and allow for potential additional special elections, the SOS is requesting that a total of \$700,000 be made available for FY 2018. The current special election costs appropriation is \$400,000. This request includes an "E" due to the uncertainty of the costs or the number of special elections that will be held before June 30, 2018. As of 11/15/2017, there are four vacant state representative offices for which special elections have not been held. As of 11/15/2017, the Secretary of State (SOS) had spent \$308,807 for special election costs, as summarized below. The SOS reimburses LEAs in advance of special elections based on estimates provided by the LEAs. The SOS and the LEAs settle up obligations afterward through additional reimbursements or refunds as needed.
