## **Missouri Department of Mental Health Department Overview**

The Missouri Department of Mental Health was first established as a cabinet-level state agency by the Omnibus State Government Reorganization Act, effective July 1, 1974.

State law provides three principal missions for the department: (1) the prevention of mental disorders, developmental disabilities, substance use, and compulsive gambling; (2) the treatment, habilitation, and rehabilitation of Missourians who have those conditions; and (3) the improvement of public understanding and attitudes about mental disorders, developmental disabilities, substance use disorder, and compulsive gambling.

The seven-member Missouri Mental Health Commission serves as the principal policy advisory body to the department director. The department is composed of three divisions: the Division of Behavioral Health, the Division of Developmental Disabilities and the Division of Administrative Services, as well as seven support offices.

DMH serves approximately 170,000 Missourians annually through state-operated facilities and contracts with private organizations and individuals. The seven state-operated psychiatric facilities include inpatient psychiatric care for adults and children, as well as sex offender rehabilitation and treatment services. In addition, four habilitation centers, three community waiver programs, one community-based crisis program, five regional offices and six satellite regional offices serve individuals with developmental disabilities. Other services are purchased from a variety of privately operated programs statewide through approximately 1,300 contracts managed annually by DMH.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Senate Bill 367 (2005) allows employees providing direct client care in 24/7 state institutions to monthly request payment in lieu of compensatory time off. By statute, these requests must be paid each month. Additional funding is needed to meet these overtime pay requirements.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

As a follow up to the 21st Century Cures Act, State Targeted Response (STR) Grant, the Division of Behavioral Health has applied for the State Opioid Response (SOR) Grant. The purpose of Missouri's SOR project is to continue and build upon the system changes for Opioid Use Disorder (OUD) prevention, treatment, and recovery that have been activated by Missouri's STR grant, while focusing more explicitly on reaching high-risk and vulnerable populations (pregnant and parenting women (PPW), justice-involved persons, racial minorities, active drug users, individuals in rural areas, at-risk youth, etc.). Through comprehensive prevention and harm reduction efforts we aim to reduce the initiation and negative consequences of opioid use. Through the continued and honed implementation of Missouri's 'Medication First' treatment model for OUD, we aim to increase access to evidence-based medications and improve transitions of care. By expanding peer-led recovery services, we aim to provide individuals in all phases of drug use and recovery with the environmental and social support needed to achieve their recovery goals and thrive in their communities. To enhance the sustainability of project accomplishments, the SOR administration and evaluation teams will strengthen existing collaborations, help enact key policy changes, and demonstrate the effectiveness of protocols developed through the award.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

In response to the 21st Century Cures Act, the Division of Behavioral Health applied for and was awarded the State Targeted Response (STR) to the Opioid Crisis Grant. This grant is required to address the opioid crisis by increasing access to treatment, reducing unmet treatment need, and reducing opioid deaths through prevention, treatment and recovery activities. Key requirements include 1) expanding access to opioid treatment - particularly, medication assisted treatment (MAT), 2) providing treatment to offenders who are returning to the community following incarceration, 3) providing recovery-oriented supports, and 4) implementing prevention initiatives to address opioid use and opioid deaths. The use of addiction medications in combination with counseling has been shown to be effective in stopping opioid use by decreasing cravings. Use of recovery supports including recovery housing, recovery coaching, and management checkups have been shown to decrease substance use, decrease incarceration, and improve well-being. Training and distribution of naloxone has been found to decrease opioid deaths. Physician training will be provided to improve adherence to CDC prescribing guidelines. Community-based prevention will target youth, teens, and families to reduce risks associated with opioid use and increase protective factors. This request will provide the federal authority needed to expend the carryover funding from year one of the grant for treatment services.

**5b. Provide a measure of the program's quality.**

STR quality efforts in fiscal year 2017 focused on training and Naloxone distribution throughout the state. The training provided has focused on prevention, treatment, technical assistance, and peer credentialing. Overall, 10,035 individuals participated in these trainings in fiscal year 2017. As of August 2018, 5,867 Naloxone kits have been distributed through STR. Since May 2017, 119 individuals have attended PCSS-MAT training sessions, and 57 providers have obtained their waivers as a result of the trainings.

The STR training team, Opioid Crisis Management Team (OCMT) in Missouri, has provided Opioid Crisis Management Trainings in St. Louis, Springfield, Miner, Kansas City, Jefferson City, Moberly, and St. Charles. These trainings focus on managing the opioid crisis and the Medication First model for OUD treatment. Training in best practice related to treatment of OUD was attended by 775 administrative, psychosocial, and medical providers. The team has also provided 88 total consultations with 63 organizations focused on the implementation of MAT, the administrative process to support MAT, and the role of peer specialists, counselors, and social workers in MAT.

These efforts to build quality in the response to Missouri's opioid treatment system show positive results. STR has focused efforts in St. Louis City and St. Louis county, the center of the opioid epidemic in Missouri, to provide training and to distribute Naloxone kits. For calendar year 2017, data shows that opioid-involved deaths have decreased by about 4% after an increase of 69% in 2016. STR was involved with delivering over 3,500 Naloxone kits to the St. Louis region between July 2017 and April 2018.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The St. Louis region has been the hardest hit in Missouri in terms of the opioid crisis and overdose deaths. While there are a number of substance use treatment providers in this region, demand continues to exceed capacity. The Assisted Recovery Center of America (ARCA) has been successfully operating in St. Louis for decades. In FY 2011, DMH entered into a limited Comprehensive Substance Treatment and Rehabilitation (CSTAR) contract with ARCA, enabling them to serve as the medical service provider (for addiction medications and monitoring) for other substance treatment agencies that lacked this resource. Only CSTARs can bill the MO HealthNet Division (MHD) for individuals who have Medicaid. DMH is seeking to make ARCA a full, stand-alone CSTAR program, enabling them to provide the full array of psychosocial and medical services for individuals with substance use disorders (SUDs), primarily opioid use disorders and alcohol use disorders. This will provide additional access to individuals needing treatment and will ensure quicker admission to treatment since an affiliation with another DMH provider is not required. This alone will help decrease loss of life.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

General Revenue funding for several ongoing core programs, including the KC Crisis & Triage Center, was reduced in the FY19 budget under the assumption these programs could be included in the Certified Community Behavioral Health Center (CCBHC) rates. After further analysis, these programs were determined to be ineligible for CCBHC rate inclusion. Therefore, these ongoing programs need a restoration of their GR funding in order to continue providing the same level of services as FY 2018.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Division of Developmental Disabilities (DD) received funding for a provider cost of living adjustment (COLA) in FY 2016 and FY 2017 based on anticipated provider payments in FY 2016. This provider COLA funding was then core cut in FY 2018. In the FY 2019 budget, this same dollar amount was appropriated and labeled as a 1.5% provider COLA. Because the Division of DD received other provider funding and experienced FMAP (Federal Medical Assistance Percentage) changes since FY 2016, a new base should have been used to calculate a 1.5% provider COLA in FY 2019. The Division of DD implemented a 1.5% COLA effective July 1, 2018, therefore additional funds are being requested to make up the shortfall.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Division of DD has an appropriation to contract with SB40 boards or not-for-profit entities to provide support coordination, or Targeted Case Management (TCM) services, on behalf of the Division. In the FY 2018 budget, \$1,500,000 was core reduced from the Division of DD's GR TCM appropriation based on projected lapse in FY 2016. Billing for this state plan service has now exceeded the available funding in the appropriation so GR replacement funding is being requested.

The Division of DD is requesting a replacement of the core reduction in the amount of \$1.5M which was taken in the FY2018 budget. Funding replacement is necessary because the billings for this state plan service have now exceeded the available funding. Division of DD is projecting to be short of funding in the amount of \$1.1M in FY 2019, therefore supplemental funding is being requested. Division of DD is projecting a shortage in excess of \$1.5M in FY 2020 so continuation funding is being requested in FY 2020 budget.

Note: A service coordinator with a high caseload cannot write service plans and monitor delivered services as effectively as a service coordinator with a lower caseload. Private TCM agencies have found a caseload of 35 individuals per one service coordinator to be an upper limit for effectiveness.

- Plans of care where services and supports are aligned with assessed needs.

Note: Support Coordinators write annual service plans for all the individuals they serve. **2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Transportation Management Association (TMA), also known as Bi-State or Metro, gave notice to terminate their contract to provide transportation to individuals served by the Division of Developmental Disabilities (DD), as of July 31, 2018, citing insufficient rates. TMA and the Division of DD agreed to a two-month extension in exchange for one-time additional funding. This was necessary to allow the Division of DD to develop other alternatives. The Division of DD is working on a new Medicaid Waiver contract with LogistiCare Solutions and others to avoid interruption of transportation service. The rates accepted by the Division of DD for LogistiCare will result in a small budget shortfall. Transportation services under this contract are critical to these individuals who need it to get to their jobs, day programs and other Medicaid Waiver services.

The Division of DD compared the rates required by LogistiCare to those currently paid to TMA for all individuals currently served by TMA. The estimated total cost of the new contract will result in a modest cost increase of \$400,000 on an annual basis, but is far less than the increase that would have been required by TMA to maintain its contract. The Division of DD used actual route and mileage data provided by TMA to determine the total cost of the new contract. TMA originally gave notice effective July 1, 2018. TMA agreed to extend their contract to September 30, 2018 for \$443,151 to allow Division of DD time to transition to another contract.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

During the FY 2019 budget process, \$127,872 of GR funding budgeted for budget object class (BOBC) 560 Motorized Vehicles was core reduced and replaced with Office of Administration Revolving Administrative Trust Fund (RATF). Based on an opinion issued by Office of Administration, the Division of DD does not have access to the \$127,872 in RATF funding since it may have been earned by other Departments. As a result, this is a request to reinstate GR expense and equipment funding to DMH's budget.

**SUPPLEMENTAL NEW DECISION ITEM**

**Original FY 2019 House Bill Section, if applicable** 10.500,  
10.505, 10.510, 10.515, 10.520, 10.525

**3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)**

Funding in the amount of \$127,872 was reduced from DD facility budgets in FY 2019. This amount of funding was replaced with Revolving Administrative Trust Fund (RATF) in each facility budget, but the RATF funds are unavailable for DMH in FY 2019 to spend. As a result, DMH is requesting a FY 2019 supplemental to replace General Revenue funds as identified below:

HB Section		Approp	Type	Fund	Amount
10.500	Central Missouri Regional Office	2102	EE	0101	\$ 6,625
10.505	Kansas City Regional Office	2112	EE	0101	\$ 23,000

10.545	St. Louis Dev Disab Treatment Ctr	3040	EE	0101	\$ 1,500
					\$ 127,872

State staff at these facilities are required to travel to conduct official state business. This may include support coordinators traveling to meet with consumers and families; quality assurance, nursing, provider relations or business office staff traveling to conduct reviews at provider agencies; Targeted Case Management Technical Assistance Coordinators traveling to TCM agencies for meetings; staff traveling between a regional office and satellite office as a result of staff consolidations; etc. The funds are needed to allow the identified facilities to maintain their fleet in an effort to provide transportation to employees to conduct official state business. If state vehicles are not available, staff are faced with having to drive their own vehicles which results in DMH reimbursing staff for mileage.

**5. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**5a. Provide an activity measure of the program.**

Note: The six facilities impacted by the budget reduction have a total of 123 vehicles. Of these vehicles, 41% or 50 vehicles, have in excess of 150,000 miles, thus making a large percentage of the vehicles unreliable for staff and consumer transportation. Vehicle mileage will continue to increase without funding to replace these vehicles.

5c. Provide a measure of the program's impact.

Note: The six facilities impacted by the budget reduction have a total of 123 vehicles. Of these vehicles, 70% or 86 vehicles, are 11 years or older, thus making a large percentage of the vehicles less reliable for staff and consumer transportation. Vehicle age will continue to increase without funding to replace these vehicles.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

State facilities providing inpatient services are facing growing costs for food. State facilities must comply with dietary standards adopted by the federal government which require state facilities to provide a minimum number of servings of fruits and vegetables per day. Inflationary costs make it difficult to meet the federal government requirements and special dietary needs of the population served.

State health care jobs continue to trail the pay of similar positions in Missouri's labor markets. The Personnel Advisory Board's (PAB) FY20 Pay Plan Recommendations issued August 31, 2018 states that job classifications in the Department of Mental Health that warrant repositioning are Licensed Behavior Analyst, Psychologist I, Psychologist II, Licensed Practical Nurse I (General), Licensed Practical Nurse II (General), Licensed Practical Nurse III (General), Clinical Social Work Supervisor, Licensed Clinical Social Worker, Clinical Social Work Specialist, Counselor-In-Training, Licensed Professional Counselor I, and Licensed Professional Counselor II. The PAB also recommended Department of Mental Health job classes for targeted within-grade salary advancements, which include Psychiatric Technician I, Psychiatric Technician II, Psychiatric Technician III, Developmental Assistant I, Developmental Assistant II, Developmental Assistant III, Food Service Helper I, and Food Services Helper II. Additionally, due to continuing recruitment and retention challenges, the PAB recommends augmenting the current ranges of the Registered Nurses and Registered Nurse Managers.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The IGT/DSH Payments transfer appropriation (T159) is projected to have a shortfall of \$9,068,871. This non-counted transfer appropriation provides an accounting mechanism to reconcile disproportionate share payments for CPS psychiatric hospitals, Community Psychiatric Rehabilitation (CPR), and Comprehensive Substance Abuse Treatment and Rehabilitation (CSTAR) as required by the Centers for Medicare & Medicaid Services (CMS).

The IGT DMH Medicaid transfer appropriation (T545) is projected to have a shortfall of \$9,068,871. This appropriation transfers state match received from the Department of Social Services into General Revenue to reflect a non-counted transfer from DMH Federal back to GR. This funding maximizes eligible costs for federal Medicaid funds, utilizing current state and local funding sources as match for services.

**1a. What strategic priority does this program address?**

We will be nationally recognized in policy-making, treatment, and services for individuals with mental illness, substance use disorders and developmental disabilities.

**1b. What does this program do?**

The Office of Director, with the advice of the Mental Health Commission, is responsible for the overall operations of the Department of Mental Health, its two clinical divisions and their facilities, one administrative division, support offices, and central office. The director's duties include planning, supervising, and evaluating the provision of mental health services for Missourians with mental disorders, developmental disabilities, and substance use disorders.

The Director's Office has a leadership role in the Department's efforts to establish state policies, standards, and outcomes for state programs that affect mental health. The Department of Mental Health works with other agencies to define target populations, develop interagency agreements, needed legislation, and interagency funding strategies in collaboration with local entities and consumers.

The Mental Health Commission, composed of seven members, appoints the director of the Department of Mental Health with confirmation by the state Senate. Commissioners are appointed to four-year terms by the Governor, again with the confirmation of the Senate. The commissioners serve as principal policy advisers to the department director.

The Commission, by law, must include an advocate of community mental health services, a physician who is an expert in the treatment of mental illness, a physician concerned with developmental disabilities, a member with business expertise, an advocate of substance abuse treatment, a citizen who represents the interests of consumers of psychiatric services, and a citizen who represents the interests of consumers of developmental disabilities services.

**2. CORE DESCRIPTION**

Senate Bill 367, passed in the 2005 legislative session, allows employees providing direct client care in state institutions that are operated 24 hours a day, 7 days a week to request payment in lieu of compensatory time off. These requests may be made and must be paid each month. This includes federal, state, and holiday time.

In FY 2008, a department wide overtime pool was created for greater flexibility across all facilities to meet the legislative requirements for overtime pay. To ensure payments are made as required, one-half of the new funding received in FY 2007 in each direct facility appropriation was reallocated into this new department wide HB Section.

**2. CORE DESCRIPTION**

In FY 2007, IT funding was consolidated within the Office of Administration. One of the positions transferred to Office of Administration/Information Technology Services Division (OA/ITSD) is supported through federal earnings. Further, OA/ITSD and the Department of Mental Health (DMH) will occasionally coordinate special IT projects that require additional funds to be transferred to OA/ITSD. An appropriated transfer section is needed to provide the mechanism to transfer DMH federal funds to OA/ITSD on an annual basis.

**3. PROGRAM LISTING (list programs included in this core funding)**

Not applicable.

**CORE DECISION ITEM**

- Establishes consistency in training on best practices of client and consumer safety for DMH employees and employees of other service providers (e.g. Senate Board 40s);
- Increases supervisory skill sets to provide effective supervision through hands-on, accountable oversight, and coaching of the direct care workforce; and
- Provides continuing professional education resources to demonstrate DMH commitment to talented and qualified clinical staff who want to make a career in public sector mental health.

**2d. Provide a measure(s) of the program's efficiency.**

On average, a DMH employee is required to take 12 courses annually, primarily through MELS. These department and division-wide safety programs ensure the department and its facilities' employees hold a measure of competency within their work environment. The online courses continue to be made available on all shifts and assigned as workload permits, so not only is there a significant cost savings when compared to external training vendors, but MELS also allows facilities to provide training in a more efficient manner. In addition, facilities are now utilizing in-house knowledge experts in the creation of trainings offering DMH workers more relevant trainings, further increasing overall efficiency and cost savings.

<b>Core:</b>	<b>Refunds</b>		

**2. CORE DESCRIPTION**

The Department makes refunds for payments from third party payers from this appropriation. Mental health facilities may bill Medicare, MO HealthNet, private insurers and other financially responsible parties for client care. From time to time, facilities may overbill or collect duplicate payments from multiple payers. In these cases, it is necessary to pay refunds promptly. A separate appropriation is necessary so that these refunds will not adversely affect the facilities' operational appropriations.

In addition, a separate appropriation for the Debt Offset Escrow Fund allows the Department the ability to intercept tax refunds to clear debts owed for services delivered in state-operated hospitals.

**2. CORE DESCRIPTION**

This appropriation allows the Department of Mental Health (DMH) to accept federal grant funding that becomes available during a current fiscal year. Procedures consistent with the provisions of Section 630.090, RSMo. are followed.

In order to maximize the federal funding received in a fiscal year, the Department needs to be able to accept and expend federal funding when it becomes available. The Department utilizes this appropriation to take advantage of federal grant opportunities in a timely manner. Federal funds received are used only for a given year and if the funding continues into the next fiscal year, a new decision item is requested. Section 33.812, RSMo. requires that the Department submit all new grant applications to the Office of Administration, the Budget Committee of the Missouri House of Representatives, and the Appropriations Committee of the Missouri Senate for review before accepting the federal funding.

**2. CORE DESCRIPTION**

Federal regulations permit a Medicaid claim based on an established maximum calculation using Medicare rules. The maximum amount that could be paid is called the Upper Payment Limit (UPL). This authority provides the mechanism that allows the State of Missouri to capture additional federal funds from the UPL claim on the state-operated ICF/IID facilities (DD habilitation centers).

The Upper Payment Limit regulation was established in 1981 and was initially designed to:

- Set a maximum cap/ceiling on payments to facilities;
- Allow states the flexibility to pay providers differently accounting for higher costs;
- Set reasonable rates that reflect the volume and costs of Medicaid services; and
- Ensure that safety net services would be sufficiently funded.

**2. CORE DESCRIPTION**

Federal Medicaid regulation (42 CFR 433.51) requires state and local governmental units (including public providers) to transfer funds to the Department of Social Services (DSS) as the non-federal (state match) share of Medicaid payments to draw federal participation. These transfers are called intergovernmental transfers. This funding maximizes eligible costs for federal Medicaid funds, utilizing current state and local funding sources as match for services. Currently, the Department of Mental Health (DMH) utilizes an intergovernmental transfer (IGT) reimbursement methodology, where DMH serves as a provider of Medicaid services to DSS for the ADA and CPS community providers. This core is to allow DMH to deposit state match received from DSS into DMH Federal Funds and then transfer these same funds into General Revenue to reflect a non-counted transfer from DMH back to GR.

**2. CORE DESCRIPTION**

This is an appropriated transfer section that allows for the movement of a portion of Disproportionate Share Hospital program (DSH) federal reimbursements to General Revenue.

The DSH program allows states to leverage additional federal funds intended to ease the burden of serving the underinsured. Under the DSH program, hospitals that serve a high proportion of MO HealthNet, low-income Medicare and uninsured patients are eligible for additional state payments, matched at the regular federal matching rate.

**2. CORE DESCRIPTION**

The Division of Alcohol and Drug Abuse (ADA) and the Division of Comprehensive Psychiatric Services (CPS) administratively merged in FY 2013 creating the Division of Behavioral Health (DBH). With regard to ADA services, DBH is responsible for ensuring that prevention, treatment, and recovery services are accessible to persons with substance use disorders, those at risk of substance misuse, and compulsive gamblers. In order to carry out its mission, DBH provides services to individuals through 205 community provider contracts, and treats about 48,000 individuals with substance use disorders each year. In addition, approximately 450,000 individuals are impacted through DBH's prevention programming, and 15,400 through the Substance Abuse Traffic Offender Program (SATOP). DBH also provides prevention, treatment and recovery services to address the opioid epidemic. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide programs by establishing policies and procedures; monitoring, evaluating and providing technical assistance to a network of community providers; providing data analytics; and applying appropriate fiscal procedures to ensure financial accountability.

**Department: Mental Health**

**HB Section(s): 10.100**

**Program Name: ADA Administration**

**Program is found in the following core budget(s): ADA Administration**

**1a. What strategic priority does this program address?**

We will be nationally recognized in policy-making, treatment, and services for individuals with mental illness, substance use disorders and developmental disabilities.

**1b. What does this program do?**

The Division of Behavioral Health (DBH) has the responsibility of ensuring that prevention, treatment, and recovery services are accessible to persons with substance use disorders, those at risk of substance misuse, and compulsive gamblers. DBH's administrative responsibilities include, but are not limited to: funding treatment services, technical assistance and training, standard setting to ensure quality services, research, public information dissemination, review and oversight of the Division's budget, and program planning and policy development for prevention, treatment, and recovery services.

Division administrative responsibilities include:

- Development and implementation of administrative standards and operating policies for all program areas. Standards and policies include guidelines for quality of care and quality improvement processes as well as client safety and clinical appropriateness.
- Development of curricula and implementation of training modules for substance use disorder practitioners to ensure current evidence-based practices are implemented in Division programming.
- Monitoring, evaluating and providing technical assistance to its provider network to ensure services maintain the highest levels of quality programming.
- Maintaining a clearinghouse of research and literature for dissemination to its provider network and the general public on treatment and prevention practices.
- Cooperation with other state and federal agencies to ensure coordination of evidence-based prevention programming.
- Applying standardized management, fiscal, and personnel procedures and practices. Administrative oversight is provided for the budget, provider allocations, fiscal notes, and research and evaluation support. DBH applies appropriate financial procedures and provides the necessary data to support federal requirements necessary for maintaining funding.

2a. Provide an activity measure(s) for the program.

	Consumers Served		
	FY 2016	FY 2017	FY 2018
	Actual	Actual	Actual
Treatment	40,002	39,960	39,123
Recovery Supports	3,532	3,913	3,236
SATOP	24,758	23,301	21,894
Gambling	107	114	110
Total	68,399	67,288	64,363

**Notes:**

- 1) Consumers who receive more than one category of service are counted once for each category.
- 2) SATOP includes individuals receiving only an assessment. Decrease in consumers is a result of decreased arrests for impaired driving offenses.

2b. Provide a measure(s) of the program's quality.

N/A

2c. Provide a measure(s) of the program's impact.

Administrative Staff to Program Funding			
	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual
Total Revenue (in Millions)	\$119.0	\$126.8	\$153.0
Amount Spent in Administration (in Millions)	\$1.7	\$1.7	\$1.8
% of Administration to Total ADA Programs	1.43%	1.34%	1.15%

**Note:** Of the \$173 million appropriated to DBH for substance use disorders for FY 2019, only 1.44% will be spent on administrative costs leaving 98.56% for prevention, treatment, and recovery services.

2d. Provide a measure(s) of the program's efficiency.

**Note:** This graph represents the proportion of consumers who have services paid for by MO HealthNet Division (MHD) in Missouri.

*Significance:* DBH continues to maximize state general revenue by ensuring each consumer's Medicaid eligibility is established in a timely manner and that Medicaid reimbursable services/programs are accessible.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

**Note:** Additional authority was appropriated in FY 2018 for the State Targeted Response to the Opioid Crisis Grant. Expenditures were lower in FY 2018 due to the late start-up of the grant. DBH plans to fully utilize the corresponding federal authority in FY 2019.

**Department: Mental Health**

**HB Section(s): 10.100**

**Program Name: ADA Administration**

**Program is found in the following core budget(s): ADA Administration**

**4. What are the sources of the "Other " funds?**

For FY 2019 Other includes Health Initiatives Fund (HIF) (0275) \$46,780.

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 631.010 and 313.842, RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

Yes. The federal Substance Abuse Prevention and Treatment Block Grant requires that the state maintain an aggregate level of general revenue spending for substance use disorders that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)

**7. Is this a federally mandated program? If yes, please explain.**

No. However, the Substance Abuse Prevention and Treatment Block Grant requires that up to 5% be expended for administration.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

During the FY 2018 Legislative session, HB 1355 was passed which established a program for people on probation or parole administered collaboratively by the Missouri Department of Corrections (DOC) and the Missouri Department of Mental Health (DMH) to provide effective services that contribute to lower crime, decreased system costs, and a safer, healthier Missouri. Funding has been appropriated for the Justice Reinvestment Initiative Treatment Pilot (JRITP). The intent of the pilot is to establish and implement a community behavioral health program to provide comprehensive community-based services for individuals under the supervision of DOC, who have substance use disorders and/or co-occurring substance use disorders and mild to moderate mental illness, and are considered high risk for returning to prison.

<b>DI Name:</b> <u>Justice Reinvestment Initiative</u> <b>DI#</b> <u>1650001</u>	<b>HB Section:</b> <u>10.100</u>

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

In accordance with Section 217.021, RSMo, the pilot program is established to reduce the incarceration and re-incarceration of individuals with substance use disorders or co-occurring (substance use and mental health) disorders who are under probation and parole supervision by ensuring that significant criminogenic needs are addressed in the community.

Three counties have been selected to pilot the JRITP in Missouri: Boone County (Columbia), Buchanan County (St. Joseph), and Butler County (Poplar Bluff). These counties were selected based on factors such as crime rates, sentencing trends, and existing criminal justice and behavioral health treatment resources. The funding will allow for intense oversight of the pilot program.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

This funding will allow for needed oversight of program case management services, provide performance and outcome metrics and supervise and monitor referral caseloads.

**PROGRAM DESCRIPTION**

**Department:** Mental Health **HB Section(s):** 10.105  
**Program Name:** Community-based Prevention  
**Program is found in the following core budget(s):** Prevention & Education Services

**1a. What strategic priority does this program address?**

Enhance prevention initiatives.

**1b. What does this program do?**

**Community-based prevention programs** provide preventive interventions with children, families, and college students; training, technical assistance, and support for coalitions; prevention evaluation, research, and data analysis; public education and social marketing, and information and referral services. A Pew research report estimated that it costs \$250,000 per teen who becomes addicted (The Pew Center for the States, January 2011). Direct prevention services utilize evidence-based programs and strategies and conduct pre- and post-testing and/or evaluations. **Prevention Resource Centers** provide training, technical assistance and support to community coalitions across the state. There are over 160 Missouri registered coalitions. These coalitions have been highly successful in substance use policy change in their communities. **High Risk Youth** programs provide evidence-based prevention services to youth and families with high risk factors for substance use. These programs use curricula that have been rigorously evaluated and determined to be effective at preventing alcohol and other drug use. **College Campus-based Programs** are provided on 14 state-supported and 7 private institutions of higher education. These programs work toward reducing rates of harmful and dangerous drinking on campuses. **Prevention Evaluation** supports all prevention services through the provision of data for assessing prevention needs and program effectiveness. The Missouri Student Survey is included among the evaluation activities. The Behavioral Health Data Tool website provides users with the ability to access and analyze community-level data to support strategic planning and implementation of targeted interventions.

**2a. Provide an activity measure(s) for the program.**

*Note: These numbers include individuals served in direct face-to-face programs and do not include individuals exposed to prevention education via media spots. 'Other' includes persons whose age was not collected at the time of the prevention program.*

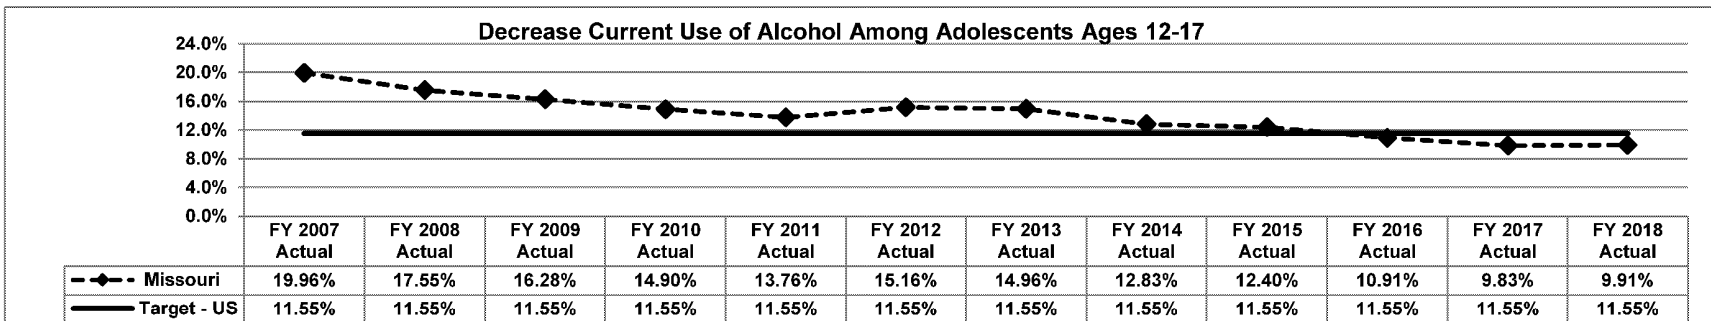

**PROGRAM DESCRIPTION**

Department: Mental Health HB Section(s): 10.105  
 Program Name: Community-based Prevention  
 Program is found in the following core budget(s): Prevention & Education Services

2b. Provide a measure(s) of the program's quality.  
 N/A

2c. Provide a measure(s) of the program's impact.

Data Source: U.S. Department of Health and Human Services, National Survey on Drug Use and Health.

Significance: Current alcohol use by Missouri adolescents has fallen from 19.96% to 9.83%.

Target: Use among Missouri adolescents to be at or below that for the US (2016).

Note: Prior data not available due to changes in the questionnaire.

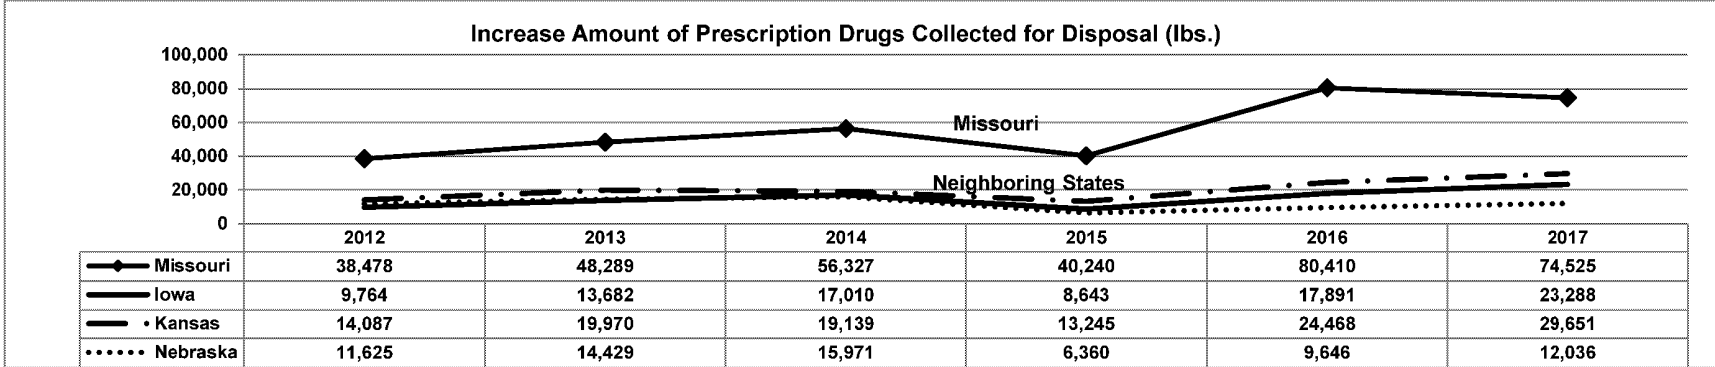

Data Source: U.S. Department of Health and Human Services, National Survey on Drug Use and Health.

Significance: Prescription drug misuse is a contributing factor in Missouri's rate being higher than that of the US.

Target: Use among Missouri adolescents to be at or below that for the US (2018).

**PROGRAM DESCRIPTION**

Department: Mental Health HB Section(s): 10.105  
 Program Name: Community-based Prevention  
 Program is found in the following core budget(s): Prevention & Education Services  
 2c. Provide a measure(s) of the program's impact. (Continued)

Data Source: Drug Enforcement Agency (DEA)  
 Significance: Drug take-backs reduce availability of addictive medications that could be diverted for nonmedical purposes. Community coalitions partner with the DEA to host take-back events.  
 Target: Collect more prescription drugs for disposal than neighboring states.

Data Source: Missouri Assessment of College Health Behaviors Survey, Partners in Prevention (PIP) Program.  
 Note: Harmful use is defined as 5 or more drinks in a 2 hour period in the past 2 weeks.  
 Significance: Progress has been made in reducing the rate of binge drinking at Missouri's universities and college campuses.  
 Target: Harmful use among Missouri College Students to be below that for U.S. college students (2016 Monitoring the Future Survey).

**PROGRAM DESCRIPTION**

**Department:** Mental Health **HB Section(s):** 10.105  
**Program Name:** School-based Prevention  
**Program is found in the following core budget(s):** Prevention & Education Services

**1a. What strategic priority does this program address?**

Enhance prevention initiatives.

**1b. What does this program do?**

**School-based Prevention Intervention and Resource Initiative (SPIRIT)** delays the onset of substance use and decreases the use of substances, improves overall school performance, and reduces incidents of violence. To achieve these goals, prevention agencies are paired with school districts to provide technical assistance in implementing evidence-based substance use prevention programming. SPIRIT is operated by four prevention agencies serving nine school districts across the state, including Carthage R-IX, Knox Co. R-1, New Madrid Co. R-1, Ritenour, East Prairie, Greenwood, S. Shelby, Macon, and Scotland Co. R-I.

SPIRIT was selected by the Substance Abuse and Mental Health Services Administration (SAMHSA) to receive the national 2010 Service and Science award for exemplary implementation of evidence-based interventions. The evaluation results demonstrate that the program has had a positive impact on attitudes and behaviors of students, decision making skills, bullying, use of substances, age of first use, and overall school performance. School administrators cite SPIRIT as having positively impacted their students and schools. Recent research has concluded that every dollar invested in school-based substance use prevention programs potentially saves \$18 in substance use disorder costs (2013 National Drug Control Strategy).

**2a. Provide an activity measure(s) for the program.**

**2. CORE DESCRIPTION**

The Division of Behavioral Health (DBH) contracts with community-based providers for substance use disorder treatment services. DBH-funded services for individuals with substance use disorders are provided to priority populations including: MO HealthNet-covered individuals, pregnant women and women with dependent children, offenders under the supervision of the Department of Corrections and drug courts, intravenous (IV) drug users, and people under civil involuntary commitment for danger to self or others.

Treatment sites are located across the state offering multiple levels of care in order to provide Missourians access to treatment. DBH has developed treatment programs that focus on providing a complete continuum of recovery services, including extended outpatient services in the community and, where possible, close to home. Multiple levels of care and comprehensive service packages are offered to provide Missourians with ready access to treatment and to assist them in achieving and maintaining recovery from alcohol and drugs. Services are individualized and have three basic levels of intensity. Treatment routinely includes assessment, individual and group counseling, family counseling, education, peer support, participation in self-help groups, and other structured, therapeutic measures. In addition, families can also participate in individual and group codependency counseling. Detoxification and residential support services are offered for those who need a safe drug free environment early in the treatment process.

The goals of treatment are to assist individuals in obtaining and sustaining recovery from substance use disorders. Such recovery goals include reduction of substance misuse; reduction in criminal behavior resulting from substance misuse; obtaining and sustaining meaningful employment; securing stable housing; and increasing social connectedness.

Comprehensive Substance Treatment and Rehabilitation (CSTAR) is the only intensive substance use disorder treatment in Missouri reimbursed under MO HealthNet. The following programs for specialized populations are available under the CSTAR model: Women and Children, Adolescents, and individuals with Opioid dependence. There are also CSTAR programs for the general population. Additionally, Medically Monitored Inpatient Detoxification is available in some CSTAR programs, providing moderate medical support for those withdrawing from drugs and/or alcohol. DBH contracts with 31 primary recovery sites, 16 recovery support sites, and 192 CSTAR sites. Treatment services at all programs are subject to clinical utilization review to promote service delivery that is necessary, appropriate, and provided in accordance with admission criteria and service definitions.

**NOTES:**

- (1) Increase in appropriation is primarily due to new funding for medications and utilization increases.
- (2) In response to the 21st Century Cures Act, the Division applied for and received the State Targeted Response to the Opioid Crisis Grant. Additional authority and expenditures are related to the Opioid Crisis grant. Federal authority also increased due to the CCBHC demonstration project to move from fee-for-service to a Prospective Payment System. Lapse in GR is due to the Governor's spending restriction being released on June 29, 2018.
- (3) Additional funding was appropriated in FY 2019 for Recovery and Peer Recovery services.

## PROGRAM DESCRIPTION

<b>Department:</b> <u>Mental Health</u>	<b>HB Section(s):</b> <u>HB 10.110</u>
<b>Program Name:</b> <u>Substance Use Disorder Community Services</u>	
<b>Program is found in the following core budget(s):</b> <u>Treatment Services</u>	
<b>1a. What strategic priority does this program address?</b> Strengthen and integrate community services and advance Missouri models for treatment and services.	
<b>1b. What does this program do?</b> Comprehensive Substance Treatment and Rehabilitation (CSTAR) programs are designed to provide an array of comprehensive, but individualized, treatment services with the aim of reducing the negative impacts of substance use disorders to individuals, family members and society. Services available in CSTAR increase individuals' abilities to successfully manage chronic substance use disorders. CSTAR features three levels of outpatient care that vary in duration and intensity, with specific services received based on individuals' needs. Persons may enter treatment at any level in accordance with eligibility criteria. Only substance use disorder treatment programs designated by the department as CSTAR are approved for reimbursement under MO HealthNet. Top priority for admission is given to pregnant, intravenous drug users because of the risk to unborn babies and public safety. CSTAR programs serve a large number of Missouri offenders with substance use disorders that are re-entering their communities following incarceration or are under probation supervision. Effective substance use disorder treatment for these individuals reduces criminal recidivism and promotes a productive and safe return to their communities. <b>~Specialized CSTAR programs for Women and Children</b> offer priority treatment to women who are pregnant, postpartum, or have children in their physical care and custody. Depending on assessed needs, additional services may include daycare, residential support, and community support for young children that accompany their mothers into treatment. Treatment focuses on issues particularly impactful to women and mothers, such as developing job skills and establishing healthy, safe relationships. These programs have demonstrated clear success in assuring drug-free births to women enrolled, as well as assisting in the reunification of families that have had children removed from custody. <b>~Specialized CSTAR programs for Adolescents</b> offer the full menu of treatment services, as well as academic education, to youth between the ages of 12 and 17 years. <b>~CSTAR General Population programs</b> are intensive outpatient treatment programs for both men and women with substance use disorders. The full menu of treatment services is available. <b>~CSTAR Opioid treatment programs</b> are federally accredited to provide services on an outpatient basis to individuals who demonstrate physiological dependence to opiates. In addition to the full menu of treatment services, clients also receive medical evaluations, as treatment involves the use of methadone for medically supervised withdrawal from narcotics. Individuals are able to eliminate illegal drug use and maintain employment while receiving opioid treatment. In addition to pregnant women and intravenous drug users, priority admission is also afforded to persons who are HIV-positive. <b>~CSTAR Medically Monitored Inpatient Detoxification programs</b> offer a moderate level of medical care to individuals whose intoxication or withdrawal symptoms are so severe that 24-hour inpatient care and monitoring is required; but the full resources of a hospital are not necessary.

**1b. What does this program do? (Continued)**

Primary Recovery Plus (PR+) substance use disorder treatment programs are designed like CSTAR programs to provide an array of comprehensive individualized treatment services with the aim of reducing the negative impacts of substance use disorders (SUD) to individuals, families, and society. These sites are unable to bill services to MO HealthNet due to the number of residential beds at the site creating an Institution of Mental Disease (IMD) limitations. Services available in PR+ increase individuals' abilities to successfully manage chronic SUDs. These outpatient programs feature three treatment levels of care that vary in duration and intensity. Individuals may enter treatment at any level in accordance with eligibility criteria and individual need.

Recovery Support services supplement substance use disorder treatment programs and expand access to an array of supportive services that include employment assistance and emergency housing. Recovery supports are delivered by nontraditional and faith-based community organizations. The highest priority populations for all Division addiction programs are pregnant women and intravenous drug users because of the risks to unborn babies and public safety. All Division addiction programs serve a large number of Missouri offenders with substance use disorders who are re-entering their communities following incarceration or who are under probation supervision. Effective substance use disorder treatment for these individuals reduces criminal recidivism and promotes a productive and safe return to their communities.

The nation is facing an opioid epidemic and Missouri has been a state hard hit by overdoses, deaths, and increasing admissions to treatment for opioid use disorder (OUD). In 2017, 951 Missourians died from overdoses involving opiates. As part of the federal response, a two-year State Targeted Response (STR) grant was awarded in 2017. Missouri utilizes these funds to increase public awareness; promote responsible opioid prescribing; enhance physician knowledge of OUDs and increase the number of doctors able to treat them; enhance treatment programs' interventions and expand fast access to needed medications; expand the treatment for OUDs in publicly funded primary care centers; train emergency responders and other citizens in the use of naloxone for overdose reversal; promote the use of peer supports in recovery; make emergency housing available; and support four recovery community centers to provide assistance to those seeking recovery.

- 2) The cost for one child with Fetal Alcohol Syndrome for health care and indirect costs, such as lost productivity, is \$1.8 million. (U.S. Department of Health and Human Services, National Institutes of Health, 2003)

**2c. Provide a measure(s) of the program's impact. (Continued)**

**Note:** Based on consumers discharged within the fiscal year.  
*Significance:* Treatment improves substance use patterns for the majority of consumers.

**Note:** National data from the Treatment Episode Dataset - Discharges, 2014 (SAMHSA, 2017).  
 Missouri data based on consumers who are discharged from detox in FY 2018 and are admitted to treatment within 5 days of discharge.  
*Significance:* Studies confirm that providing access to treatment services immediately following detoxification for substance use disorder is critical to positive outcomes. This graph demonstrates that Missouri is doing significantly better than the national average in linking individuals from detox into formal treatment.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

**Note:** FY17: Increase is due to the conversion of Primary Recovery programs to Comprehensive Substance Treatment and Rehabilitation (CSTAR) plus new funding was received for Medicaid utilization increase. FY18: In response to the 21st Century Cures Act, the Division applied for and received the State Targeted Response to the Opioid Crisis Grant. Additional authority and expenditures are related to the Opioid Crisis grant. Expenditures were low due to a late start-up. In addition, the Division was awarded a demonstration project to move to a Prospective Payment System instead of a Fee-for-Service. Additional authority was requested for the anticipated increase in Federal match for the PPS. FY19: Additional funding was appropriated in FY 2019 for Recovery and Peer Recovery services provider rate increases, and additional authority.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The St. Louis region has been the hardest hit in Missouri in terms of the opioid crisis and overdose deaths. While there are a number of substance use treatment providers in this region, demand continues to exceed capacity. The Assisted Recovery Center of America (ARCA) has been successfully operating in St. Louis for decades. In FY 2011, the Department of Mental Health (DMH) entered into a limited Comprehensive Substance Treatment and Rehabilitation (CSTAR) contract with ARCA, enabling them to serve as the medical service provider (for addiction medications and monitoring) for other substance treatment agencies that lacked this resource. Only CSTARs can bill the MO HealthNet Division (MHD) for individuals who have Medicaid. DMH is seeking to make ARCA a full, stand-alone CSTAR program, enabling them to provide the full array of psychosocial and medical services for individuals with substance use disorders (SUDs), primarily opioid use disorders and alcohol use disorders. This will provide additional access to individuals needing treatment and will ensure quicker admission to treatment since an affiliation with another DMH provider is not required. This alone will help decrease loss of life.

Faith and Community-Based Recovery Support Services assist people with opioid and other substance use disorders to engage in and sustain long term recovery. Individuals served by clinical treatment have a multitude of needs that many treatment agencies are not able to address. Recovery Support offers additional housing, employment, and peer services in a place of fellowship and spiritual growth giving consumers access to a healthy community of people throughout the state of Missouri. 54% of the individuals served are on Probation and Parole supervision and these services provide additional and unique supports. These recovery support services have been funded through the federal Access To Recovery (ATR) grants over the past 13 years. The federal ATR grant ended April 30, 2018 and additional grants were not awarded. In FY19, \$3 million was requested for recovery supports; \$2.6 million of General Revenue was appropriated. This funding completes the request for \$3 million to increase access to recovery support services statewide to address opioid and other substance use disorders.

As a follow up to the 21st Century Cures Act State Targeted Response (STR) Grant, the Division of Behavioral Health has applied for the State Opioid Response (SOR) Grant. The purpose of Missouri's SOR project is to continue and build upon the system changes for opioid use disorder (OUD) prevention, treatment, and recovery that have been activated by Missouri's STR grant, while focusing more explicitly on reaching high-risk and vulnerable populations (pregnant and parenting women, justice-involved persons, racial minorities, IV drug users, individuals in rural areas, at-risk youth, etc.). Through comprehensive prevention and harm reduction efforts we aim to reduce the initiation and negative consequences of opioid use. Through the continued and honed implementation of Missouri's 'Medication First' treatment model for OUD, we aim to increase access to evidence-based medications and improve transitions of care. By expanding peer-led recovery services, we aim to provide individuals in all phases of drug use and recovery with the environmental and social support needed to achieve their recovery goals and thrive in their communities. To enhance the sustainability of project accomplishments, the SOR administration and evaluation teams will strengthen existing collaborations, help enact key policy changes, and demonstrate the effectiveness of protocols developed through the award.

**2. CORE DESCRIPTION**

The Substance Awareness Traffic Offender Program (SATOP), recently renamed to reduce stigma, is legislatively mandated for any person who has pled guilty or has been found guilty of impaired driving offenses, or for the offense of Minor in Possession or Abuse and Lose. By statute, completion of a SATOP is a condition to drivers' license re-instatement. SATOP incorporates education and treatment interventions at various levels of intensity based on an individual assessment, blood alcohol content (BAC) at time of arrest, driving record, treatment history, and prior arrest history. The Division of Behavioral Health (DBH) contracts with community agencies across the state for these services. Program sites include: 167 Offender Management Units (OMU), 142 Offender Education Programs (OEP), 80 Adolescent Diversion Education Programs (ADEP), 68 Weekend Intervention Programs (WIP), 126 Clinical Intervention Programs (CIP), 34 Youth Clinical Intervention Programs (YCIP), and 108 Serious and Repeat Offender Programs (SRP). The goal is to reduce impaired driving and increase public safety on Missouri's roadways.

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.115
<b>Program Name:</b> SATOP	
<b>Program is found in the following core budget(s):</b> SATOP	
<b>1a. What strategic priority does this program address?</b> Advance Missouri models for treatment and services.	
<b>1b. What does this program do?</b> <p>The Substance Awareness Traffic Offender Program (SATOP), recently renamed to reduce stigma, is a statewide system of comprehensive, accessible, community-based education and treatment programs designed for individuals arrested for alcohol and drug-related driving offenses or arrested with possession or use of alcohol or a controlled substance prior to age 21. The goals of the program are to prevent future incidents of impaired driving and to get those with serious substance use disorders into treatment.</p> <p>Completion of a SATOP is a statutory condition of license reinstatement. The program incorporates a comprehensive assessment to determine program placement into any of the four levels of education and/or treatment interventions. The placement of an offender is determined by several factors which include the individual's history of drug and alcohol use, Blood Alcohol Content (BAC) at the time of arrest, and their arrest and treatment history.</p> <p>The Offender Education Program (OEP) is a 10-hour education course designed specifically for first-time offenders who are considered to have a low risk of recidivism and a low need for clinical treatment services. The Adolescent Diversion Education Program (ADEP) is the education counterpart for individuals under age 18. The Weekend Intervention Program (WIP) is comprised of 20 hours of education during a 48-hour weekend of structured activities. The Clinical Intervention Program (CIP) is a 50-hour outpatient treatment program designed for repeat DWI offenders considered to be at high risk for re-offending. The Serious and Repeat Offender Program (SROP) requires at least 75 hours of substance use disorder treatment services, provided in no less than 90 days, for serious and/or repeat DWI offenders. A serious offender is one who has a BAC percent of 0.15 or greater at the time of arrest and meets criteria for a substance use disorder. A repeat offender is one who has been arrested on two or more separate occasions for operating a motor vehicle while under the influence of alcohol or drugs, having resulted in administrative action by the Department of Revenue.</p>

**2. CORE DESCRIPTION**

The Division of Comprehensive Psychiatric Services (CPS) and the Division of Alcohol and Drug Abuse (ADA) administratively merged in FY 2013 creating the Division of Behavioral Health (DBH). DBH has the responsibility of ensuring that prevention, evaluation, care, and rehabilitation services are accessible to persons with behavioral health disorders. DBH exercises administrative supervision and oversight of inpatient psychiatric hospitals, residential facilities, and community based programs funded or licensed/certified by the department. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide community programs and state-operated psychiatric hospitals by establishing policies and procedures; monitoring, evaluating and providing technical assistance; providing data analytics; and applying appropriate fiscal procedures to ensure financial accountability.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.200

Program Name: CPS Administration

Program is found in the following core budget(s): CPS Administration

**1a. What strategic priority does this program address?**

We will be nationally recognized in policy-making, treatment, and services for individuals with mental illness, substance use disorders and developmental disabilities.

**1b. What does this program do?**

This core item funds the administration of psychiatric services within the Division of Behavioral Health (DBH) through the following functions: Program and Policy Planning and Development; Training and Technical Assistance; Quality of Treatment; Compliance and Monitoring; and Financial and Data Management. Through program development, monitoring, and oversight DBH provides quality treatment to adults and children who have been diagnosed with Serious Mental Illness, Severe Emotional Disturbance, and in many cases are dually diagnosed with both a psychiatric and a substance use disorder.

DBH supports four hospital systems. Each system is directed by a Regional Executive Officer and consists of one to three state operated inpatient facilities. Funding for these positions is through the budgets of the inpatient facilities; however, DBH provides direction, guidance and oversight for the hospital systems. The hospital systems were developed to consolidate administrative staff from each inpatient facility into a centralized regional administration in order to gain efficiency and standardization of treatment and policy. The four hospital systems are: 1) Western: Center for Behavioral Medicine and Northwest Missouri Psychiatric Rehabilitation Center; 2) Central: Fulton State Hospital; 3) Eastern: Metropolitan St. Louis Psychiatric Center, St. Louis Psychiatric Rehabilitation Center, and Hawthorn Children's Psychiatric Hospital; and 4) Southeast: Southeast Missouri Mental Health Center.

DBH Administration supports management and policy making for all of DBH's psychiatric services and assures: 1) the accessibility and coordination of treatment services throughout the state; 2) the availability and competence of both state and community treatment staff; and 3) the integration and attainment of the goals identified by the Department. DBH Administration works closely with community service providers to plan and implement specialized projects such as Disease Management 3700, a Department of Social Services and Department of Mental Health cost containment initiative. DBH provides funding and oversight for approximately 250 private provider contracts delivering mental health and residential services and supports.

The Division of Behavioral Health has been awarded the Federal Substance Abuse and Mental Health Services (SAMSHA) Zero Suicide grant. This program is designed to support health systems with implementation of the Zero Suicide model. Missouri's Zero Suicide project is employing a multi-pronged approach to implement the Zero Suicide model to reduce suicide and suicidal behaviors among at-risk adults age 25 and older. In 2016, Missouri was awarded a Youth Suicide Prevention grant with the target age range being youth 10-24. This left a gap in funding for suicide prevention targeting adults age 25 and over. The award of the Zero Suicide grant in addition to the Youth Suicide Prevention grant will provide Missouri with a comprehensive suicide prevention plan, inclusive of all age ranges. Missouri will promote the Zero Suicide model utilizing effective practices for suicide assessment, prevention and treatment by targeting several systems of care including 1) the statewide publicly funded behavioral healthcare system, 2) emergency departments in Kansas City and St. Louis, 3) the statewide crisis hotline system, and 4) primary healthcare providers.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

The Department of Mental Health will integrate the Zero Suicide model into multiple health systems. This will be accomplished by improving care coordination in emergency departments and hospitals, strengthening the state's crisis hotline system, expanding Zero Suicide in the behavioral healthcare system and associated referral systems and developing a statewide collaborative to guide policy. This project is estimated to directly serve 5,500 individuals at-risk for suicide and 47,088 crisis hotline callers. This project will serve adults age 25 and older who have behavioral health disorders, adults and their families experiencing crisis and Missouri veterans at risk, but not currently served by the Veterans Health Administration. The initiative will also provide evidence-based training for the health and behavioral health workforce throughout the state in suicide prevention programs and practices.

**2. CORE DESCRIPTION**

The Facility Support HB Section was created to assist the Division of Behavioral Health (DBH) by establishing a single section to administer several allocations to facilities. These allocations have historically come from various house bill sections within the DBH budget: Adult Community Programs, Loss of Benefits and PRN Nursing Pool. This also establishes a mechanism to allow the allocation of Medicare earnings to the facilities to assist them in coping with census pressures, safety, and patient acuity issues.

**Loss of Benefits**  
Pursuant to Chapter 552 RSMo., the Department of Mental Health (DMH) must provide secure inpatient hospitalization for those individuals committed by the Circuit Courts as not competent to proceed and not guilty by reason of mental disease or defect. Individuals so committed incur costs for necessary medical care. However, the Social Security Domestic Employment Reform Act of 1994 removed Social Security Disability Insurance (SSDI), Retirement Survivors Disability Insurance (RSDI), and Social Security Retirement (SSA) for those individuals committed as incompetent to proceed and not guilty by reason of mental disease or defect. Medicare Part B premiums, which help pay for necessary health care costs, were previously paid for out of these Social Security funds. Payment of these premiums will maintain Medicare insurance for those eligible forensic clients thereby allowing Medicare to pick up a major portion of client medical expenses. This core item will pay for Medicare Part B premiums and other necessary health care costs for those individuals so committed to DMH.

<b>Division:</b>	Comprehensive Psychiatric Services	<b>HB Section:</b>	10.205
<b>Core:</b>	Facility Support		

**PRN Nursing & Direct Care Staff Pool**

A nursing shortage exists both statewide and nationally. This shortage, in conjunction with non-competitive state salaries, has limited the number of qualified nursing personnel available to staff state-funded mental health facilities. This continuing shortage could adversely impact the safety and security of staff and patients; the Joint Commission accreditation status; Medicare Certification; third party reimbursements and disproportionate share hospital (DSH) reimbursement. It is also difficult to maintain appropriate direct care staffing complements due to the rapidly changing acuity levels of clients treated in the inpatient wards. In some instances it is necessary to provide two staff for one patient because of the severity of the patient's illness and resultant aggressive behavior.

A new bill section was created to address the nursing shortage and direct care staffing issue by allowing DBH to establish a PRN (as needed) nursing and direct care staff pool. This was accomplished through a redirect of Personal Service funding and FTE from DBH facility budgets to the new bill section. Individuals hired into this pool will not be allowed to work more than 1,039 hours per year (.49 FTE) and will not be eligible for state benefits. The fringe benefit funding associated with the DBH facilities' FTE was core transferred into this new bill section from HB 5 (O/A Fringe) to fully support the PRN nursing pool.

**Federal Authority**

This will allow the facilities to utilize Medicare collections for the purchase of medical services in order to comply with the Medicare bundling requirements. In addition, this will also allow DBH to utilize state operated waiver collections to restore facilities expenses and equipment costs incurred for training, pay for annual expenses to implement Medicare Part D, and to utilize Medicare Part D collections to assist facilities with staffing to cope with over census pressures.

**Voluntary by Guardian**

In FY11, DBH initiated a change within its state operated inpatient psychiatric system to reduce costs and improve long term care for individuals with serious mental illness. Goals associated with this initiative will be accomplished by moving approximately 120 consumers voluntarily placed by guardians from long term inpatient settings into the community supported by new intensive programs.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Social Security Domestic Employment Reform Act of 1994 removed Social Security Disability Insurance (SSDI), Retirement Survivors Disability Insurance (RSDI), and Social Security Retirement (SSA) for those individuals committed as incompetent to proceed and not guilty by reason of mental disease or defect. State statutory authorization is found in Chapter 552 and Section 632.010, RSMo. Medicare Part B premiums, which help pay for necessary health care costs, were previously paid for out of these Social Security funds. Payment of these premiums maintains Medicare insurance for those eligible forensic patients thereby allowing Medicare to pick up a major portion of patient's medical expenses. The appropriation for Medicare Part B premiums and medical care is no longer adequate to pay these expenses. It is anticipated that Medicare Part B premiums will increase from \$134.00 per month to \$149.00 per month in FY 2020. Consequently, an additional \$15.00 per month per patient is needed.

**2. CORE DESCRIPTION**

The Division of Behavioral Health (DBH) Adult Community Programs serve individuals with serious mental illness. Priority populations include individuals who are discharged from state hospitals; committed by the courts in forensic status; under the supervision of Probation and Parole; Medicaid eligible; or experiencing crisis, to include danger of harm to self or others.

DBH is responsible for ensuring prevention, evaluation, treatment and rehabilitation services are accessible wherever possible. Treatment that is based in the community is both successful and cost effective, as a result of new medications and evidence-based therapies.

Adult Community Programs are administered locally by Community Mental Health Centers (CMHC) that serve as administrative agents for twenty-five (25) defined service areas. Community services are designed to promote independent living in the least restrictive setting possible. The goal of treatment is recovery. Recovery from behavioral health disorders is defined as a process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential. The four goals that support a life in recovery are successfully managing one's disease; having a safe place to live; participating in meaningful daily activities, such as a job or school; and maintaining healthy relationships.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>	<b>HB Section(s): 10.210</b>
<b>Program Name: Adult Community Services</b>	
<b>Program is found in the following core budget(s): Adult Community Programs</b>	
<b>1a. What strategic priority does this program address?</b>	
Strengthen and integrate community services and advance Missouri models for treatment and services.	
<b>1b. What does this program do?</b>	
<p>Community Mental Health Centers (CMHC) and affiliated community providers contract with the Division of Behavioral Health (DBH) to administer the behavioral health Adult Community Programs. These agencies serve individuals with serious mental illness, prioritizing the following sub-populations: individuals discharged from state hospitals committed by courts in forensic status, individuals under Probation and Parole supervision, individuals that are Medicaid eligible, and individuals in crisis.</p> <p>These programs provide a comprehensive treatment and community-based support system, delivering evidence-based, cost-effective behavioral health rehabilitative services. By actively participating in these programs, many individuals with serious mental illness can successfully live and work in the community. They can avoid repeated, expensive, and often long-term psychiatric hospitalizations.</p> <p>DBH has successfully implemented new technologies to integrate behavioral health and medical care. The Disease Management 3700 project and the Healthcare Home initiative have assured the coordination of physical and behavioral health services to individuals with serious mental illness. The outcomes are improved health and lower costs to the healthcare system.</p> <p>DBH also implemented emergency room enhancement (ERE) projects located in twenty out of twenty-five service areas of the state with the purpose of developing models of effective intervention for people in behavioral health crises, creating alternatives to unnecessary hospitalization or extended hospitalization. Individuals are referred from local hospital emergency rooms to behavioral health providers for ongoing treatment and care coordination to prevent unnecessary and costly hospital admissions.</p> <p>Thirty-one (31) Community Mental Health Liaisons (CMHL) are employed at CMHCs across the state. The purpose of the CMHL is to assist law enforcement and court systems to link individuals with behavioral health needs to treatment. CMHLs have created partnerships with law enforcement agencies and courts to save valuable resources on unnecessary jail, prison, and hospital stays and have improved outcomes on individuals with behavioral health issues.</p> <p>Funds are used to support a wide array of residential services that include residential care facilities, group homes, and independent supported housing. Provision of these services and supports enable these individuals to successfully live and work in their communities. Residential services are provided in the client's community through contractual arrangements. As individuals move into more independent housing alternatives, they require intensive but flexible services and supports in order to maintain that housing. Treating individuals of all ages and with unique needs in community settings requires a variety of residential alternatives.</p>

**1b. What does this program do? (Continued)**

The United States Supreme Court decision in *Olmstead v. L.C.* stated that unjustified segregation of persons with disabilities constitutes discrimination and is in violation of the Americans with Disabilities Act. States must ensure that individuals with disabilities are served in the least restrictive environments based on their individual needs and choices.

As Missouri works to meet the mandates of the *Olmstead* decision, supportive housing plays a major role. The programs are designed to provide individuals with serious mental illness (SMI) safe housing in combination with the support services needed to be able to live in the most integrated settings possible in a community of their choice.

**2a. Provide an activity measure(s) for the program.**

**Note:** Increase in client count can be for clinic only consumers due to the Certified Community Behavioral Health Center (CCBHC) pilot program. Unduplicated client count for residential reflects the continued need for assistance to individuals with SMI in their community/residential placements.

2d. Provide a measure(s) of the program's efficiency.

*Significance: Treatment is more cost effective in the community versus state operated hospitals.*

**Note:** The Center for Medicare and Medicaid Services (CMS) methodology uses calendar year and compares each individual's 12 months post Healthcare Home (HCH) cost with their 12 month pre HCH costs.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: An Expenditure Restriction was placed on GR totaling \$4,287,924 in FY 2017.

**4. What are the sources of the "Other" funds?**

Mental Health Local Tax Match Fund (MHLTMF) \$1,284,357 and Mental Health Interagency Payment Fund (MHIPF) \$1,310,572

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 632.010.1, 632.010.2(1), 632.050 and 632.055 RSMo. ▯

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a state match.

**7. Is this a federally mandated program? If yes, please explain.**

The Americans with Disability Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could live in integrated community settings.

Missouri is one of eight states selected by the federal Centers for Medicare & Medicaid Services (CMS) and Substance Abuse and Mental Health Services Administration (SAMHSA) to participate in a two-year demonstration program to implement a Prospective Payment System (PPS) for the purchase of behavioral health services for certain Medicaid beneficiaries. The PPS is an actuarially sound, cost-based reimbursement method that replaces the current Medicaid fee-for-service system, which provides reimbursement for individual units of community service provided. Under the demonstration program, community behavioral health organizations recognized by the Department of Mental Health as in substantial compliance with new federal standards for Certified Community Behavioral Health Clinics (CCBHCs) receive a single, fixed payment amount for each day that they provide eligible CCBHC services to a Medicaid-eligible individual.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

A PPS is designed to provide efficient and effective care, without the over-utilization of services thought to be inherent in a fee-for-service system. As part of the demonstration program, the state received an enhanced match rate for eligible CCBHC services provided to Medicaid enrollees.

The CCBHC PPS demonstration pilot project and enhanced federal match will end June 30, 2019. This decision item is needed in order to continue the services provided under the CCBHC PPS.

**DEPARTMENT REQUEST:**

This funding will allow the current 15 CCBHCs to continue to receive a prospective payment for behavioral health services provided to certain Medicaid enrollees.

The pilot project is ending June 30, 2019 and the enhanced rate will no longer be effective. Funding is needed to continue current services being provided.

**DEPARTMENT REQUEST:**

The CCBHC project pays a daily Prospective Payment based on cost. Each year the prospective payment rates can be adjusted either by rebasing cost reports or applying the Medicare Economic Index (MEI). The CCBHC leadership team decided to apply the MEI rate. The MEI for FY 2019 is 1.7%; DBH was appropriated 1.5%. This request includes the 0.2% not appropriated in FY 2019 as well as a projected FY 2020 MEI increase of 2.02%.

General revenue funding for several ongoing core programs, including the KC Crisis & Triage Center, was reduced in the FY19 budget under the assumption these programs could be included in the CCBHC rates. After further analysis, these programs were determined to be ineligible for CCBHC rate inclusion. Therefore, these ongoing programs need a restoration of their GR funding in order to continue providing the same level of services. This is a cost to continue the FY19 supplemental request.

To continue the CCBHC project after the end of the demonstration period, Missouri is applying for a Medicaid State Plan amendment. However, the Centers for Medicare and Medicaid Services (CMS) will not approve a State Plan which includes the statewide Access Crisis Intervention (ACI) system. Previously, the ACI system has been funded with federal revenues from Medicaid administrative earnings. Since those federal revenues are no longer available with implementation of the PPS and since the ACI system is ineligible for CCBHC rate inclusion, general revenue is being requested to maintain the statewide behavioral health crisis system.

The Division of Behavioral Health is requesting additional authority for the following two grant opportunities that have been made available through the Health Resources and Services Administration (HRSA):

**Missouri Perinatal Psychiatry Access Project for Moms (MO-PAP for Moms)** - This grant will increase screening, assessment, and treatment of behavioral health needs in perinatal women by providing non-psychiatry women's health providers (WHPs) with education and supports to begin identifying and treating mild to moderate behavioral health needs. This will be a collaborative project among a variety of partners. Key staff are spread among four organizations: Department of Mental Health, Behavioral Health Network, University of Missouri-Columbia, and Assessment Resource Center. The purpose of this project is threefold: 1) increase universal screening, making screening for maternal depression and related behavioral health disorders, including but not limited to depression, anxiety, or substance use disorder (opioid, alcohol, and others) a standard practice;

2) increase timely detection, assessment, treatment, and referral of pregnant and postpartum women's behavioral health disorders using evidence based practices and via telephonic care coordination, expediting accessibility to community-based resources that include affordable services through a network of providers and consultations; and 3) increase access to treatment and recovery support services for women identified with maternal depression and related behavioral health disorders, including those living in rural and medically underserved areas.

**Missouri Child Psychiatry Access Project (MO-CPAP)** - This grant will focus on behavioral health (mental health and substance use) services for youth. MO-CPAP will respond to the systematic child and adolescent psychiatry shortage by providing training, consultation, and resources to primary care physicians (PCPs) to empower them to address mild to moderate behavioral health conditions in their primary care practice.

The Missouri Perinatal Psychiatry Access Project for Moms (MO-PAP for Moms) MO-PAP will target the behavioral health needs in seven counties in the eastern region (St. Louis City and the counties of St. Louis, Franklin, Jefferson, Lincoln, St. Charles, and Warren) and eight counties in the central region (Boone, Cole, Moniteau, Cooper, Howard, Randolph, Audrain, and Callaway). All 15 counties include Medically Underserved Areas or Health Professional Shortage Areas. Training of WHPs will be conducted by consulting physicians who have experience treating the behavioral health needs of perinatal women either as psychiatrists or ob/gyns. WHPs who enroll in the project will have access to additional training and a phone line where they can access same-day psychiatry consultation, linkages and referrals, and case management. This is a five year grant for a total grant award of \$3.25 million (\$650,000 per grant year).

The Missouri Child Psychiatry Access Project (MO-CPAP) grant consists of a consortium of partners whose purpose is to promote behavioral health integration in pediatric primary care by improving an existing regional pediatric telehealth access program and works in conjunction with the MO-PAP grant. MO-CPAP brings together partners to provide telephonic psychiatry consultation services, education, and assistance with parents' linkage to community-based services for pediatric primary care providers in the eastern region of Missouri, with expansion to the central region of Missouri in 2019. The expansion grant is a five year grant for a total grant award of \$2,125,000 (\$425,000 per grant year).

MO-PAP - By 2023, increase to 100 percent the number of pregnant or postpartum women, served by participating practices, who are screened using a standardized validated tool for depression, anxiety, and substance use at least once during pregnancy or in the first 12 months after delivery.

MO-CPAP - 70% of providers will "agree" or "strongly disagree" that MO-CPAP provides a) timely access to program psychiatric consultation, b) psychiatric consultations are useful, c) education provided was useful, and d) care coordination provided was useful.

**6b. Provide a measure(s) of the program's quality.**

MO-PAP for Moms has sought the endorsement of the chosen model from state and national associations of clinicians focused on perinatal behavioral health and commitment of their support during implementation. The Missouri chapter of the American College of Obstetricians and Gynecologists and the Council on Patient Safety in Women's Health Care both provided letters of support for this program.

Training for MO-CPAP PCPs and their staff is provided through the University of Missouri's ECHO project, Show-Me Child Psych ECHO. The 24 annual trainings consists of curriculum topics that include evidenced-based guidelines, depression, anxiety, attention deficit hyperactivity disorder, oppositional defiant disorder, post-traumatic stress disorder, reactive attachment disorder, aggression, bipolar disorder, eating disorders, gender dysphoria, and side effects of pharmacologic interventions.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.) (Continued)**

<p><b>6c. Provide a measure(s) of the program's impact.</b></p> <p>MO-PAP - To encourage open communication among collaborating organizations and gain the most from each partner's expertise, the group will establish two types of meetings to communicate and organize. The overall initiative will have an implementation team, comprised of all project staff from each relevant organization, that meets twice monthly by video conference. The details of implementation will be discussed at these meetings. Implementation team is responsible for activities, outputs, and outcomes of the project.</p> <p>MO-CPAP - Project outputs and outcomes will be shared at local, regional and national conferences to share the successes and challenges of this project. Materials will be produced on program successes to share with state legislative bodies in order to educate and build support for effective components of the project.</p>	<p><b>6d. Provide a measure(s) of the program's efficiency.</b></p> <p>MO-PAP for Moms will participate in all HRSA program evaluation activities such as responding to surveys, participating in interviews, and providing other useful reports.</p> <p>MO-CPAP will collect data on the number of PCPs, quality of PCP experience, and outcome of psychiatric consultations to enhance the analysis of the impact of the two key expansion program activities (face-to-face videoconferencing with psychiatrists and care coordination).</p>
---	--

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

<p>MO-PAP for Moms plans to implement a system-wide program for WHPs to receive psychiatric consultation, linkages and referrals, and care coordination for perinatal behavioral health disorders through training participating providers, collecting data and surveying providers for challenges to universal screening, hiring and training consulting psychiatrists, and providing referral services to psychiatric providers for patients.</p> <p>MO-CPAP plans to 1) increase the availability and accessibility of regional networks of pediatric mental health teams; 2) conduct training and provide technical assistance to primary care providers to enable them to conduct early identification, diagnosis, and treatment for children with behavioral health conditions; 3) provide information to pediatric providers about and assist pediatric providers in accessing pediatric mental health care providers; and 4) improve access through telehealth to treatment and referral services for children and adolescents with identified behavioral health disorders, especially those living in rural and other underserved areas.</p>

The Kansas City Assessment and Triage Center (KC ATC) is for persons who are experiencing a mental health or substance use crisis that come into contact with Kansas City Missouri Police Department (KCPD), Kansas City Missouri EMS or an approved Emergency Department (ED). The ATC has the capacity to serve 18 individuals at a time with 9 slots for psychiatric stabilization and 9 slots for triaging substance use disorders. The operating budget for the KC ATC comes from Ascension Health, local partnering hospitals, the City of Kansas City and general revenue through the Department. The average length of stay is 13.5 hours. From the opening date of October 31, 2016 to June 30, 2018 there have been 5,665 referrals into KC ATC. This item provides additional funding for aftercare services for individuals triaged through the KC ATC.

During the FY 2018 budget process, funds for the KC ATC aftercare services were reduced. This item would restore the cuts made in the FY 2018 budget.

**2. CORE DESCRIPTION**

Statute mandates that certain fees and costs for involuntary civil detention proceedings for an individual who presents a likelihood of harm due to a mental illness or substance use disorder be paid by the State (Sections 56.700, 57.280, 488.435, 630.130, 632.415, RSMo.).

It is required that reasonable attorney fees and costs be paid in involuntary civil detention hearings when the court has determined that the individual is unable to pay. Likewise, reasonable attorney fees and costs are paid for involuntary electroconvulsive therapy court proceedings when the court has determined the individual is unable to pay. Sheriff mileage fees for executing a court warrant for civil involuntary detention proceedings are considered court costs and are reimbursed at the rate set by the Internal Revenue Service.

In addition, the statute allows payment for prosecuting attorneys in certain counties to employ an assistant attorney and investigative or clerical staff to carry out the duties relating to mental health and mental health facilities located within their jurisdictions. Counties receiving payment are Buchanan, Callaway, Jackson, St. Francois and St. Louis City.

**NOTES:**

The fees imposed by the courts are set by the Supreme Court. Effective July 1, 2003, pursuant to Supreme Court Operating Rule 21.01, Probate Courts could no longer collect the thirty-five dollar fee for involuntary hospitalizations proceedings that had for many years been charged and subsequently paid by the Department of Mental Health from this appropriation. The Supreme Court Operating Rule 21.01 effective July 1, 2004, once again allows the Probate Court to collect the thirty-five dollar fee, but not in cases where the costs are to be paid by the State.

(1) Increase in appropriation for FY 2016 is due to supplemental funding in the amount of \$102,815. On-going funding was appropriated in FY 2017 in the amount of \$55,350.

(2) Increase in appropriation for FY 2018 is due to supplemental funding in the amount of \$181,304. On-going funding was appropriated in FY 2019 in the amount of \$112,091.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.220

Program Name: Forensic Support Services

Program is found in the following core budget(s): Forensic Support Services

**1a. What strategic priority does this program address?**

Strengthen and integrate community services and provide treatment and habilitation services to individuals in state-operated programs.

**1b. What does this program do?**

The Department of Mental Health (DMH) is statutorily mandated to monitor forensic clients acquitted as not guilty by reason of mental disease or defect who are granted a conditional release to the community by the court and those committed as sexually violent predators. Monitoring is a public safety function that is provided by Forensic Case Monitors under the direction of the Director of Forensic Services and the facility Forensic Review Committee. There are eleven Forensic Case Monitors located across the state who oversee 421 forensic clients on court-ordered conditional release statewide.

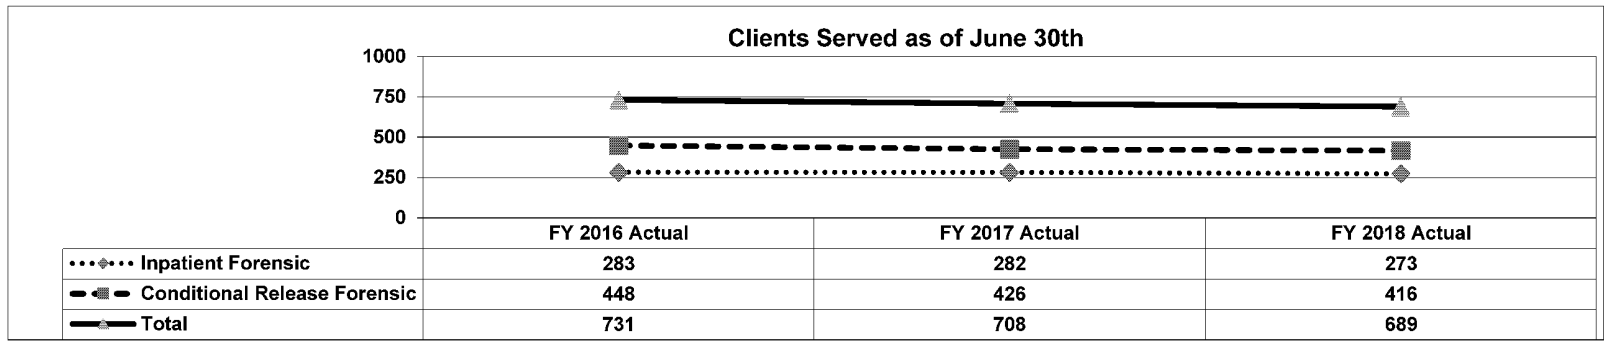

Forensic Case Monitors review the case of each forensic client on conditional release at least monthly, and more often if necessary, to determine compliance with court-ordered conditions of release and to ensure that forensic clients are receiving care and treatment consistent with their needs and the goal of public safety. If the Forensic Case Monitor determines the client has violated court-ordered conditions of release or needs inpatient psychiatric treatment, the client may be voluntarily admitted or the Director of Forensic Services may issue an order returning the client to inpatient treatment and initiate proceedings to revoke the conditional release. The Forensic Case Monitors must also provide testimony at court proceedings and revocation hearings and must educate community providers about forensic and public safety issues.

DMH, upon order of the Circuit Court, provides pretrial evaluations on issues of competency to stand trial and criminal responsibility. DMH requires that evaluations be completed by Certified Forensic Examiners who must hold doctorate degrees in medicine, osteopathy or psychology and who must complete required supervision and training. This certification process is the responsibility of the Director of Forensic Services.

**2a. Provide an activity measure(s) for the program.**

**Note:** Forensic clients represented in this graph are only those clients who were committed to the Department as Not Guilty by Reason of Mental Disease or Defect (NGRI).

*Significance:* The Division is successfully monitoring NGRI clients in the community versus a hospital setting.

**2b. Provide a measure(s) of the program's quality.**

**Program is found in the following core budget(s): Forensic Support Services**

**2c. Provide a measure(s) of the program's impact.**

<b>Number of NGRI clients on conditional release</b>	
June 30, 2014	465
June 30, 2015	454
June 30, 2016	449
June 30, 2017	426

Data for June 30, 2018 is not yet available.

<b>NGRI clients remaining on conditional release on the following calendar year</b>		
	<b>Clients</b>	<b>%</b>
June 30, 2015	428	92.0%
June 30, 2016	414	91.2%
June 30, 2017	402	89.5%

*Significance: This demonstrates the success of the conditional release system within DMH. Clients are effectively transitioning from an inpatient setting to the community due to several factors: 1) Support from, and continuing treatment by, the community mental health centers and 2) Supervision, and ongoing oversight by, the Forensic Case Monitors and Forensic Review Committees.*

*Target: To stay at or above 90%*

**2. CORE DESCRIPTION**

Youth Community Programs core item is to fund an array of treatment interventions for youth experiencing serious emotional disturbance (SED) residing in the community. Children and youth with SED and acute psychiatric needs are the primary clients that receive services funded by Youth Community Programs. An estimate of prevalence from a January 2018 analysis<sup>1</sup> shows approximately ten percent (10%) of all Missouri children, or 138,297 children, could experience SED. Based upon a conservative presentation rate of fifty percent (50%) of children experiencing SED, some 69,149 children may need services from the public mental health authority. However, in FY 2018 only 18,594 children received DBH services, leaving an estimated 50,555 children unserved.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.225

Program Name: Youth Community Services

Program is found in the following core budget(s): Youth Community Programs

**1a. What strategic priority does this program address?**

Strengthen and integrate community services and advance Missouri models for treatment and services.

**1b. What does this program do?**

Twenty percent (20%) of youth live with a mental health condition and fifty percent (50%) of all lifetime cases of mental illness begin by the age of 14 years. Program provides services to children with a serious emotional disturbance to maximize functioning, reduce symptoms, promote family integration, and improve school attendance.

Funding supports a comprehensive array of services that are developmentally appropriate including crisis intervention, medication management, family counseling, evidence based interventions and residential out-of-home placement.

Ignoring mental health conditions in childhood can have lasting adverse effects on the individual's functioning and mental, physical, social, emotional, or spiritual well-being as adults.

For most children with a serious emotional disturbance served by the Division of Behavioral Health (DBH), their mental health needs can be addressed in their home environment. But for a small number of children, due to the severity of their mental illness, they cannot be maintained in the home and a temporary out-of-home placement is required. Out-of-home placement is a setting with 24 hour monitoring and oversight; and specific planned activities for children; individual and group treatment. Out-of-home placements vary as far as their restrictiveness level from least restrictive to more restrictive and the determinant of restrictiveness is based on the child's mental health condition. The least restrictive environment is a Treatment Family Home with the next level being a Professional Parent Home, and then residential services. Beyond residential, inpatient is the most restrictive level of placement.

Treatment Family Homes (TFH) consist of trained and qualified individuals who work with children in their own home. The goal of this service is to reunite children with their families whenever possible. Treatment parents receive over 40 hours of training. Up to three children can be placed in each TFH.

Professional Parent Homes (PPH) consist of trained and qualified professionals serving only one child at a time in their home, due to the severity of the child's needs. The parenting role is the sole employment for these parents. They are required to complete 40 hours of basic training as well as an enhanced training package.

2a. Provide an activity measure(s) for the program.

**Note:** The changes in the number of consumers is a result of program services converted from non-Medicaid reimbursed programs to Community Psychiatric Rehabilitation (CPR) and Targeted Case Management (TCM) program models, and the shift of consumers to those services which is trending toward CPR based services.

Note: Increase in response is due to Certified Community Behavioral Health Center (CCBHC) requirements.

2c. Provide a measure(s) of the program's impact.

**Note:** This graph represents the percentage of youth receiving DBH services who reside in a private residence. Private residence category includes: Private Residence - Independent Living and Residence-Youth Living with Family or Non-Relative.

 Program is found in the following core budget(s): Youth Community Programs

**2c. Provide a measure(s) of the program's impact.**

**Note:** This graph represents a decrease in ER visits or hospitalizations due to a more stable living arrangement. Inpatient hospitalizations represent medical reasons only.

**2d. Provide a measure(s) of the program's efficiency.**

**Note:** Average costs per client in Hawthorn's Children's Psychiatric Hospital continues to increase as a result of the acuity level of the child client base requiring more one-to-one supervision. In addition, average lengths of stay for children with complex needs has increased by approximately 10 to 15 days for the community.

**PROGRAM DESCRIPTION**

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

**4. What are the sources of the "Other " funds?**

Mental Health Local Tax Match Fund (MHLTMF) - \$1,257,879 and Mental Health Interagency Payment Fund (MHIPF) - \$600,000

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program #, if applicable.)**

Sections 630.405 - 630.460, 632.010.2(1), 632.050 and 632.055, RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a 40% state match.

**7. Is this a federally mandated program? If yes, please explain.**

No. However, the Community Mental Health Services Block Grant requires children's expenditures to continue to meet their MOE requirement. In addition, 10% must be spent on young adults, 16 to 25 years of age, experiencing early serious mental illness, including psychotic disorders.

**2. CORE DESCRIPTION**

This core item funds medication and medication-related services for people with serious mental illnesses who could not otherwise afford them. Psychiatric medication is a vital part of treatment for mental illness. New medications that are more effective and produce fewer side effects are developing rapidly. Individuals are more likely to take improved medications, and thus experience better outcomes such as reduced symptoms and improved social functioning.

Approximately 75% of the individuals served by the Division of Behavioral Health (DBH) for the treatment of severe and persistent mental illness have their medication costs covered through MO HealthNet. For almost all uninsured clients receiving mental health services, the cost of seeing a psychiatrist and buying medications is a major barrier to accessing needed services. Without these medical interventions, most would see an increase in the occurrence and severity of symptoms of mental illness, potentially leading to homelessness, incarceration, suicide, and other negative outcomes.

**Department: Mental Health**

**HB Section(s): 10.230**

**Program Name: CPS Medications**

**Program is found in the following core budget(s): CPS Medications**

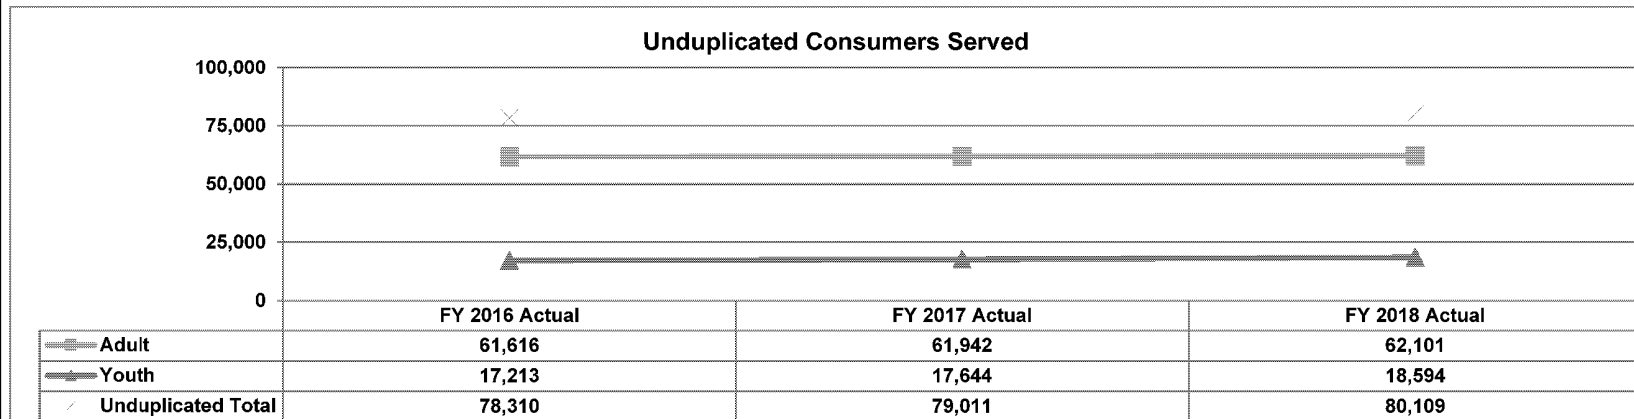

**1a. What strategic priority does this program address?**

Advance Missouri models for treatment and services and provide treatment and habilitation services to individuals in state-operated programs.

**1b. What does this program do?**

This core funding ensures accessibility to necessary medications needed to treat serious and persistent mental illness for those that are uninsured. It supports the use of newer, more effective medications that increase the likelihood that a person will take them. Compliance with prescribed medications results in better outcomes and less frequent hospitalizations. This funding is for adults and youth in the Division of Behavioral Health (DBH) State Operated facilities and community settings. This funding can also support medication-related services, such as physician services, to ensure access to medications from the most appropriate medical professionals.

**2a. Provide an activity measure(s) for the program.**

Medication is an essential treatment component for persons with serious mental illness and substance use disorders. State facilities, as well as community providers, are facing growing costs for medications. Additional funds for medication cost increases are needed to maintain adequate treatment practices. This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising cost of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is identical to the inflation rate requested by MO HealthNet Division for pharmacy. This item also includes funding to cover the annual cost increase for contracted pharmacy and advanced practitioner services and Hepatitis C medications.

**Hepatitis C Medication Funding** - This portion of the decision item will allow DBH state-operated facilities to mirror the MO HealthNet policy to cover the projected cost to individuals diagnosed with Hepatitis C. There are approximately 50 patients requiring treatment with medication costs ranging from \$34,000 to \$150,000 per patient depending on the patient's genotype and how many rounds of medications are required to eliminate the virus. **2. CORE DESCRIPTION**

There is a need to substantially increase the capacity to provide evidenced-based practices (EBP) to children that have been abused. The consequences of not treating trauma are costly, significant and long-term for individuals and society in general. In the U.S., 61% of men and 51% of women report exposure to at least one lifetime traumatic event, and in public behavioral health settings, 90% of clients have experienced trauma (*Trauma (n.d.) SAMHSA-HRSA Center for Integrated Health Solutions. Retrieved from <http://www.integration.samhsa.gov/clinical-practice/trauma>*). Currently the number of qualified, trained clinicians to provide EBP is severely limited. These funds will be invested in training, education for frontline staff, and expanding capacity. Funds will also be used to address structural barriers such as workforce issues in rural communities, support for necessary facility upgrades for certain models, and identification of screening and assessment tools.

**NOTES:**

- (1) This house bill section was created during the FY 2016 legislative cycle to provide mental health trauma treatment to children.
- (2) In FY 2017, new funding was appropriated for evidence-based treatment for children served by or referred from Child Advocacy Centers. In addition, the entire GR portion of this house bill was placed in spending restriction. In FY 2018, the lapse in GR is related to the evidence-based treatment delay in waiver approval.
- (3) Corresponding GR and Federal authority for the evidence-based treatment was transferred to Department of Social Services.

**PROGRAM DESCRIPTION**

**Department: Mental Health** **HB Section(s): 10.235**  
**Program Name: MH Trauma Treatment for Children**  
**Program is found in the following core budget(s): MH Trauma Treatment Children**

**1a. What strategic priority does this program address?**

Workforce development for DMH employees, individuals in service and contracted staff.

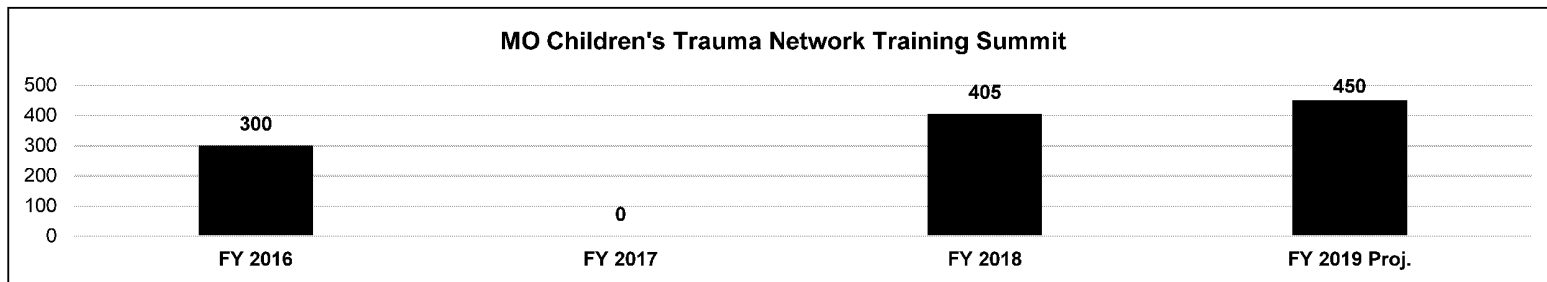

**1b. What does this program do?**

The capacity to provide trauma based treatments to abused children in Missouri is currently very limited. The capacity issue is due in large part to the payment structures for behavioral health. Reimbursement does not adequately cover the cost of the staff time and effort to become proficient and certified in a particular Evidence Based Practice (EBP). The goal is to build the infrastructure to adequately train the many clinicians and groups in EBPs for this population. The following EBPs are a priority for this effort: Motivational Interviewing, Trauma-Focused Cognitive Behavioral Therapy, and Eye Movement Desensitization Reprocessing.

Currently the number of qualified, trained clinicians to provide EBP is severely limited. Funding will address structural barriers such as workforce issues in rural communities, support for necessary facility upgrades for certain models, identification of screening and assessment tools, and resources that allow consumers to identify clinicians trained in EBP.

**2a. Provide an activity measure(s) for the program.**

- Awarded 20 mini-grants totaling \$68,614 to 20 agencies that serve the Children's Division, Child Advocacy Centers, MO HealthNet, and Department of Mental Health (including addiction providers and community mental health centers) to help defray the costs for the necessary equipment needed to provide treatment to kids in trauma, such as Parent Child Interaction Therapy (PCIT) rooms and play therapy.

**Note:** Funding for FY 2017 was placed in Governor's Spending Restriction.

Held an all-day Children's Trauma Summit in May for 405 behavioral health professionals, court personnel and school professionals to be trained on evidenced-based practices.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>	<b>HB Section(s): 10.300, 10.305, 10.310, 10.315,</b>
<b>Program Name: State Operated Adult Facilities</b>	<b>10.320, 10.325, 10.330</b>
<b>Program is found in the following core budget(s): Adult Inpatient Facilities</b>	
<b>1a. What strategic priority does this program address?</b> Provide treatment and habilitation services to individuals in state-operated programs.	
<b>1b. What does this program do?</b> <p>State operated adult facilities provide long-term inpatient hospitalization and psychiatric treatment for individuals with serious mental illness. The facilities serve forensic individuals committed by the criminal courts and individuals civilly committed by the probate courts who are involved in the criminal justice system and require a high security environment. These individuals present a danger to themselves or others and cannot be effectively treated in a less restrictive environment.</p> <p>The forensic program provides psychiatric evaluation, care and treatment for individuals ordered into the system by the Circuit Courts. These clients are mentally ill and have become involved with the criminal justice system. The forensic program requires not only the specialized knowledge and services needed for working with individuals with serious mental illness, but also specialized knowledge of the more structured procedural issues surrounding interaction with the judicial system. This highly specialized service provides the capability of evaluation and treatment in a secure environment.</p> <p>The Division of Behavioral Health (DBH) has a full range of secured treatment settings in order to effectively treat forensic and non-forensic clients and to ensure public safety in accordance with Chapter 552, RSMo. These settings are provided through various applications of secured perimeters, including inside and outside containment, internal security systems, escort requirements and security staffing. Services are provided with the desired goal of progressive movement from a highly structured living situation to a less structured living situation. In this manner, people are given the opportunity to move through a system specifically designed to provide them with an accompanying increased emphasis on demonstrated acceptable standards of behavior.</p> <p>Since 2013, the Department of Mental Health (DMH) has seen a 45% increase in individuals who have been referred by the criminal courts as not competent to stand trial for competency restoration. This increase is resulting in hospitals operating at or over existing capacity and individuals waiting in jails for beds to open up.</p>

NGRI - Persons committed for care and treatment under Section 552, RSMo. as "not guilty by reason by mental disease or defect". Discharges occur upon order of the court following a hearing to determine if the person is likely to be dangerous to others. IST - Persons committed for care and treatment under Section 552, RSMo. as "incompetent to stand trial". Discharges occur upon order of the court. Statute requires that a competency assessment report be provided to the court every 180 days. The base target for IST is 180 days while the stretch target is 150 days. VbG/PIST - Persons who are permanently incompetent to stand trial and who have a guardian or who are awaiting assignment of a guardian. Discharges occur upon consent of the guardian. Other - Individuals with serious risk histories who are civilly committed by the Probate Court or admitted by guardian. Discharges depend upon commitment status.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Mental Health Earnings Fund (MHEF) - \$1,488,938

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.2 and 632.010.2(1), RSMo.

6. Are there federal matching requirements? If yes, please explain.

Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses, so no additional match is required. Also, the cost associated with the operation of the DBH long-term care hospitals significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital requirements.

7. Is this a federally mandated program? If yes, please explain.

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities' budgets are captured in the MOE calculation.

**1a. What strategic priority does this program address?**

Provide treatment and habilitation services to individuals in state-operated programs.

**1b. What does this program do?**

The state-operated Sex Offender Rehabilitation and Treatment Services (SORTS) provides treatment to change the person's mental abnormality so that the person is not likely to commit acts of sexual violence if released. The SORTS provides appropriate treatment and housing for individuals adjudicated by the courts as sexually violent predators. With passage of the Sexually Violent Predator law, which was effective January 1, 1999, the Missouri General Assembly mandated that individuals adjudicated by the court as sexually violent predators be committed indefinitely to the custody of the Director of the Department of Mental Health for "control, care and treatment until such time...that the person is safe to be at large". In order for such commitments to pass constitutional scrutiny, the Department must provide care and treatment that is consistent with existing professional standards and practice, and federal case law. The law also requires that individuals committed for treatment as sexually violent predators be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients who have not been found to be sexually violent predators.

The current SORTS program is operated within two Division of Behavioral Health (DBH) facilities, Southeast Missouri Mental Health Center and Fulton State Hospital.

The SORTS program is responsible for preparing clients for community reintegration. If clients are provided a conditional release by the probate court, the program is also responsible for facilitating the transition into the community and for communication with community providers, Probation and Parole and DBH Forensic Case Monitors who provide community supervision.

In addition to the housing and treatment of individuals committed under this statute, the Department provides a psychiatrist and/or a psychologist to participate in the Multidisciplinary Team to assist the Prosecutor's Review Committee in determining whether an individual may meet the definition of a sexually violent predator. Furthermore, the Department is required to provide a psychiatrist or psychologist to evaluate each individual for whom the court finds probable cause to believe the person is a sexually violent predator. Finally, the Department must provide the committing court an annual report regarding the committed person's mental condition.

**DEPARTMENT REQUEST:**

This request is to fund a new ward at the Fulton State Hospital SORTS facility in the Guhleman complex and to replace staff in the security department, medical clinic and work therapy program. Currently, one building in the Guhleman complex houses SORTS residents and the other building houses forensic patients. Upon the opening of the Nixon Forensic Center, the forensic patients will move from Guhleman to Nixon. Guhleman will then exclusively house SORTS residents.

Twelve months of funding is requested to staff the security department, medical clinic and work therapy program in the Guhleman complex when current staff in those departments, who are allocated to the forensic program, move with the forensic patients to the Nixon Forensic Center. Ten months of funding is requested for staff for the new ward in the Guhleman complex that will open in FY 2020 after the forensic patients have moved.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Department of Mental Health (DMH) is statutorily required to provide care and treatment for individuals found by the courts to be incompetent to proceed to trial. The number of individuals committed to the Department consistently exceeds the existing bed capacity. The waiting list for admission has been as high as 70 individuals. These individuals with serious mental illness await admission in county jails, sometimes with little mental health services available to them.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

This item provides for a 25-bed expansion competency restoration ward at Metropolitan St. Louis Psychiatric Center (MPC) to meet the demand for court-ordered admissions.

An additional Forensic Case Monitor position is also requested to address caseload sizes in the Eastern Region. Forensic Case Monitors supervise individuals ordered to Department custody by the courts who are in the community on conditional release. The Forensic Case Monitors ensure that these individuals remain clinically stable and ensure public safety by returning these individuals to inpatient care when necessary.

In addition, a Certified Forensic Examiner is needed to complete competency restoration evaluations and assist in completion of pretrial evaluations for the service area which includes 32 counties and St. Louis City.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

The request is based on 12 months of funding for the additional ward. FTE's are based on staffing patterns on the other two units within MPC. This includes medical equipment such as medical Chart Caddy, phones, Crash Cart, stretcher suction machine, etc. based on current pricing. In addition, funding will support a Forensic Case Monitor with corresponding expense and equipment needs, along with a Psychologist II to assist in competency restoration evaluations.

The Department of Mental Health (DMH) is statutorily required to provide care and treatment for individuals found by the courts to be incompetent to proceed to trial. The number of individuals committed to the Department consistently exceeds the existing bed capacity. The waiting list for admission has been as high as 70 individuals. These individuals with serious mental illness await admission in county jails, sometimes with little mental health services available to them.

This item provides for a 10-bed pilot program at Center for Behavioral Medicine (CBM) in which individuals would be admitted for rapid stabilization prior to a commitment from the court, thus reducing the length of wait time for admission and overall length of stay on existing units. The innovative program will utilize several cost-savings approaches including a short-term, rapid-stabilization treatment model with an Advanced Practice Nurse as the primary practitioner and program leader.

The opening of the new Nixon Forensic Center (NFC) in February 2019, will require the consolidation of operations and staff from the Biggs Forensic Center (BFC) and the Guhleman Forensic Center (GFC). Historically, BFC staff from a variety of merit classes have received a security differential associated with working in maximum security. The NFC will be a high security setting comprised of patients from both maximum and intermediate security. Patients will not be distinguished based on their security levels—all will be considered high security. Procedurally patients' access to certain locations and privileges within the NFC will be based on the immediate risk they present. Staff within the same job classes, whether they previously worked in BFC or GFC, will have comparable expectations and responsibilities in the execution of all security and treatment procedures, and thus should have equitable salaries. In FY 2019, partial funding was appropriated for this. This item requests the remaining funds be appropriated.

**DEPARTMENT REQUEST:**

Personal Services FTE request is based on current post probation salaries for the identified classifications and staffing patterns necessary to provide coverage in a high security unit. The number and mix of FTEs is based on a standard nursing staffing formula for 24-hour supervision as well as ensuring adequate staff are available to deliver therapies and provide escorted community activities. In FY 2019, partial funding was appropriated.

**2. CORE DESCRIPTION**

This core item funds the operation of Hawthorn Children's Psychiatric Hospital which provides psychiatric hospital inpatient and residential services to children and youth with Severe Emotional Disturbances (SED) or acute psychiatric needs. An estimate of prevalence from a January 2018 analysis\* shows approximately ten percent (10%) of all Missouri children, or 138,297 children, could experience SED.

In response to growing referrals from social service agencies and families, the children's facility operated by the Division of Behavioral Health (DBH) is treating children with more challenging, complex, and ingrained behaviors. Many of these children are dually diagnosed with intellectual disabilities, requiring enhanced safety measures, staffing patterns and skills. In addition, many if not most of the children seeking services have experienced multiple traumatic events requiring an extensive comprehensive assessment and specific trauma focused evidence-based interventions.

This facility is the only one of it's kind in the state and serves children and youth that cannot be treated elsewhere.

**PROGRAM DESCRIPTION**

**Department:** Mental Health **HB Section(s):** 10.335  
**Program Name:** State Operated Children's Facility  
**Program is found in the following core budget(s):** State Operated Children's Facility

**1a. What strategic priority does this program address?**

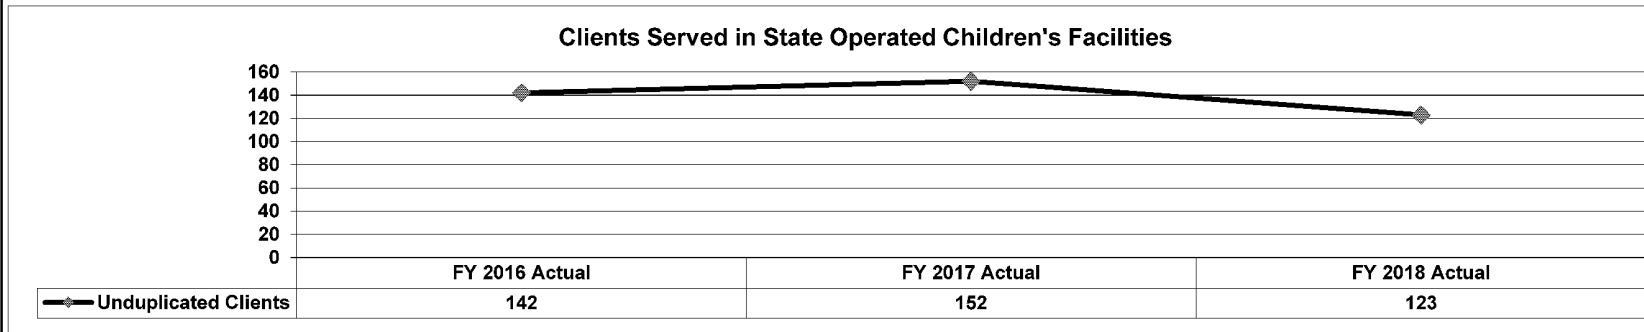

Provide treatment and habilitation services to individuals in state-operated programs.

**1b. What does this program do?**

Hawthorn Children's Psychiatric Hospital (HCPH) is a Joint Commission accredited 44 bed psychiatric facility that provides inpatient and residential treatment programs for children 6-18 years of age who have acute and severe psychiatric problems. HCPH is the only facility of its kind in the state. HCPH uses an interdisciplinary team approach to address the medical, psychological, social, educational, vocational and recreational needs of the child. This involvement may include family counseling and parent training designed to complement services the child receives. The goal is to enable the child to reach their full potential and return to the community.

An inpatient placement is the most restrictive setting on the children's continuum of care.

**2a. Provide an activity measure(s) for the program.**

**Note:** This graph represents an unduplicated count of clients served. The decline of client count is directly associated with the increasing acuity level of the children/youth served along with the temporary closure of beds as a result of required HVAC renovations at the facility.

**PROGRAM DESCRIPTION**

**Department:** Mental Health \_\_\_\_\_

**HB Section(s):** 10.335

**Program Name:** State Operated Children's Facility \_\_\_\_\_

**Program is found in the following core budget(s):** State Operated Children's Facility

**2b. Provide a measure(s) of the program's quality.**

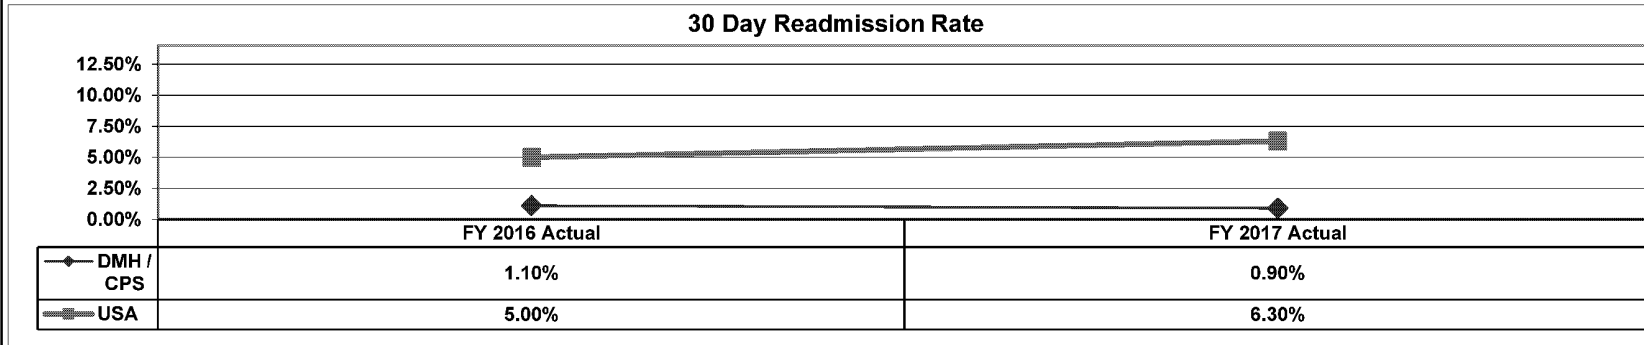

**Note:** The two graphs above represent the percent of clients at discharge or annual review who respond positively to the Client Perception of Outcomes and Facility Environment domains on the Inpatient Consumer Survey. The national mean includes all adult and children's facilities reporting. *Target: Base - Exceed national mean; Stretch - 85%*

**PROGRAM DESCRIPTION**

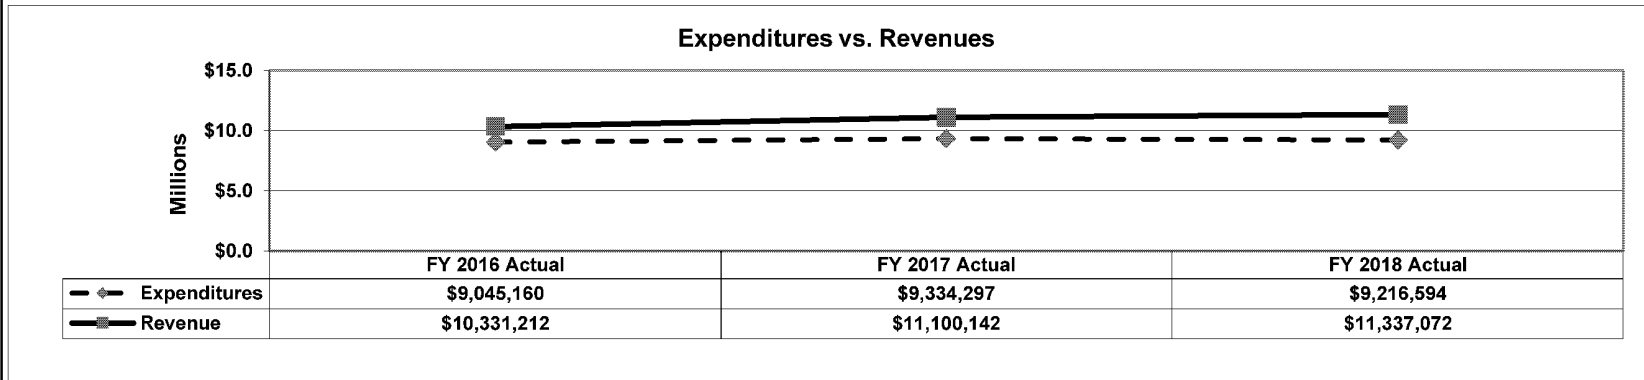

Department: Mental Health HB Section(s): 10.335  
 Program Name: State Operated Children's Facility  
 Program is found in the following core budget(s): State Operated Children's Facility

2c. Provide a measure(s) of the program's impact.

**Note:** This graph represents the 30 day readmission rate for Missouri compared to the national average for readmission of consumers to a state hospital after 30 days. *Significance: Overall Missouri is well below the national average which indicates successful community placements. Target: To be below the national rate. Stretch: 0%*

2d. Provide a measure(s) of the program's efficiency.

**Note:** Revenues represent all third party reimbursements and the 60% federal reimbursement for DSH claim. Expenditures do not include fringe.

**PROGRAM DESCRIPTION**

Department: Mental Health HB Section(s): 10.335  
 Program Name: State Operated Children's Facility  
 Program is found in the following core budget(s): State Operated Children's Facility

2d. Provide a measure(s) of the program's efficiency. (Continued)

**Note:** Cost per bed day is increasing due the acuity of patients requiring higher staffing ratios and the temporary reduction in the number of beds available.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?  
 None.

**PROGRAM DESCRIPTION**

<b>Department: Mental Health</b>	<b>HB Section(s): 10.335</b>
<b>Program Name: State Operated Children's Facility</b>	
<b>Program is found in the following core budget(s): State Operated Children's Facility</b>	
<b>5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)</b> Sections 632.010.1 and 632.010.2(1), RSMo.	
<b>6. Are there federal matching requirements? If yes, please explain.</b> Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses - no additional match is required. Also, the cost associated with the operation of Hawthorn significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital (DSH) requirements.	
<b>7. Is this a federally mandated program? If yes, please explain.</b> The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities' budgets are captured in the MOE calculation.

**PROGRAM DESCRIPTION**

**Department:** Mental Health

**HB Section(s):** 10.400, 10.410

**Program Name:** DD Administration

**Program is found in the following core budget(s):** DD Administration, Community Programs

**1a. What strategic priority does this program address?**

We will be nationally recognized in policy-making, treatment, and services for individuals with mental illness, substance use disorders and developmental disabilities.

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) has the responsibility to ensure that evaluation, care, habilitation, and rehabilitation services are accessible to Missouri citizens with developmental disabilities. In order to carry out its mission, the Division of DD purchases and provides services to persons with developmental disabilities through regional offices (located at Columbia, Kansas City, Sikeston, Springfield, and St. Louis) and state operated services provided by Bellefontaine Habilitation Center, Higginsville Habilitation Center, Northwest Community Services, Southwest Community Services in Nevada, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services. These facilities served 38,217 individuals in FY 2018. The Division's budget includes 3,205 appropriated staff who require administrative and technical support from the Division of DD. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all statewide programs through establishing policies, procedures, and providing support to the Division of DD's facilities and contract providers.

In FY 2015 budget, administrative functions at regional offices were consolidated. As a result, the Division currently operates five regional offices (Columbia, Kansas City, Sikeston, Springfield, and St. Louis), along with six satellite offices (Albany, Hannibal, Joplin, Kirksville, Poplar Bluff and Rolla). Staff who remain at the six satellite offices are responsible for continuing to provide critical services such as eligibility determination, quality enhancement, contract provider monitoring, service coordination, consumer advocacy and crisis services.

The Division of Developmental Disabilities Central Office has seven sections: Director's Office, Administrative Services, Federal Programs, Quality Enhancement, Office of Autism Services, Licensure and Certification and Community Supports Section.

- The Director's Office directs all aspects of Division of DD administration, including supervision of Central Office and field staff.
- The Administrative Services Section has primary responsibility for preparing the Division of DD budget, allocating and monitoring facility funds, preparing fiscal notes, projecting and monitoring federal collections, setting statewide financial policies, and all other fiscal operations.
- The Federal Programs Unit oversees the operation of all Division of DD federal programs. The Federal Programs unit develop and monitor four Home and Community Based Waivers (DD Comprehensive Waiver, Community Support Waiver, Missouri Children with Developmental Disabilities Waiver (MOCDD), and Partnership for Hope Waiver) as well as other MO HealthNet programs. This section has the responsibility for making sure the Division of DD is in compliance with federal guidelines in an effort to safeguard funding for supports and services of consumers served by the Division of DD, including the recently enacted community settings rule which the state must be in compliance with by March 2019.

- The Quality Enhancement Section is responsible for developing and implementing a formal process, structure and format for policy promulgation within the Division of DD. In addition, this section oversees all training aspects for staff of the Division. This section also oversees the development and implementation of a continuous cycle of integrated quality assurance and improvement functions. The functions are designed to assess the service delivery process, improve service outcomes, and enhance the quality of life for individuals with developmental disabilities.
- The Office of Autism Services was created to enhance the Division of DD's efforts to meet the needs of individuals with Autism Spectrum Disorders (ASD) and their families. The Office of Autism Services works to implement the Blue Ribbon Panel's recommendations and contemporary best practice in meeting the needs of individuals with ASD and their families. The Office of Autism Services also provides staffing support for the Missouri Autism Commission on Spectrum Disorders.
- The Licensure and Certification Section provides quality oversight to Department of Mental Health agencies, both public and private, in the State of Missouri. This oversight is carried out in order to license or certify these facilities or programs that offer services to consumers of the Department. The monitoring ensures that providers maintain compliance with applicable state standards and remain consistent with the Department of Mental Health's vision, principles of practice, and values.

The Division of Developmental Disabilities' (DD) state-operated programs employ over 2,200 employees, with nearly 1,500 being direct service professionals who provide around-the-clock care in state-owned settings for individuals with developmental disabilities. Currently the Division the DD utilizes a manual timekeeping system which requires all data to be keyed into the Human Resources system from paper timesheets. Scheduling around-the-clock shift staff is also a manual process. Division of DD is requesting funding for an electronic time and attendance system with scheduling capabilities to utilize within the Division of DD's state-operated programs.

The Division of DD is in need of implementing a more efficient workforce management tool across Division of DD's state-operated programs. The desired system will help track time and attendance for staff who work in on-campus settings as well as staff who work in state-operated waiver programs in the community. The system will also assist with employee scheduling, tracking absences, analytics in identifying patterns of workforce, etc. The request includes an estimated amount of federal spending authority needed to purchase a system for Division of DD's state-operated programs.

**2. CORE DESCRIPTION**

The Division of Developmental Disabilities (DD) worked with the MO HealthNet Division to implement a new Federal funding stream authorized in Senate Bill 1081, which was signed into law on June 25, 2008 (Chapter 633, Section 633.401, RSMo). The legislation allows the state to implement a provider assessment on all Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/IID facilities. As a result, this core consists of \$6.0 million GR funding to pay the tax for state-operated ICF/IID programs.

In July 2015, state habilitation centers began to deposit room and board funds for residents of habilitation centers into a new fund called Habilitation Center Room and Board Fund. This core contains \$3.4 million in appropriation authority for these habilitation center room and board receipts. Once the funds are received and deposited, habilitation centers will spend the funds on expense and equipment purchases to support residents of habilitation centers.

Reverted includes the statutory three-percent reserve amount (when applicable).

**NOTES:**

- (1) Lapse amounts for GR funds occurred as a result of actual calculated provider assessment amounts for given year being less than the appropriated general revenue amount.
- (2) In Fiscal Years 2016 through 2018, the lapse amount occurred in Hab Center Room and Board funds as a result of the level of cash received to support funding authority.
- (3) In FY 2018, the appropriation for the ICF/IID provider tax includes a core reduction in the amount of \$500,000 due to excess authority.
- (4) In FY 2019, the appropriation for the ICF/IID provider tax includes a core reduction in the amount of \$500,000 due to excess authority.

**2. CORE DESCRIPTION**

The primary mission of the Division of Developmental Disabilities (DD) community programs is to provide the supports necessary to enable persons with developmental disabilities to remain connected to their parents, families, school, and community. The Division of DD operates a community-based service delivery system through its regional offices for persons with developmental disabilities. The regional offices utilize core funding to contract with community providers who provide in-home supports, residential services, autism supports, and other specialized services to individuals who are able to choose their own service provider. The support services allow individuals to live in their community and stay connected with their family and live in their least restrictive environment. In addition, this core contains some personal services funds, as well as expense and equipment funds, which are used to support staff who are responsible for oversight of community programs funding.

- (3) In FY 2017, \$150,000 was restricted for Judevine Northeast Autism Project; \$50,000 was restricted for Leffen Center for Autism in Joplin; \$145,500 was restricted for Family Partnership Program; and \$2,000,000 was restricted for anticipated Targeted Case Management lapse.
- (4) In FY 2017, \$16,872 and .50 FTE was transferred to Department of Social Services for a Medicaid clerk position.
- (5) In FY 2018, at the beginning of the fiscal year \$5,457,085 was restricted for Provider Rates and \$3,500,000 was restricted for Rate Standardization. The FY 2018 restrictions were released on June 29, 2018. This was the last day of the fiscal year and therefore, the funds lapsed.

**PROGRAM DESCRIPTION**

**Department:** Mental Health

**HB Section(s):** 10.410, 10.555

**Program Name:** In-Home Supports

**Program is found in the following core budget(s):** DD Community Programs

**1a. What strategic priority does this program address?**

Strengthen and Integrate Community Services.

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) provides on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities. These supports are approved and monitored through the Division's regional offices. Traditional in-home support services are provided for 14,541 individuals who reside in their own home or with their own family, but who do not receive residential services. This program allows families who have made a personal and financial commitment to care for their children and adults in their homes to be supported in their care-giving and decision-making roles. In-home supports include but are not limited to respite, transportation, personal assistance, day habilitation, community integration, employment training and support, autism parent training, behavior services, etc.

The goal of in-home supports is to preserve the natural family structure through an individualized service plan. This service plan identifies state services needed as well as generic supports available at the local level, giving families a choice in selecting support services which meet their needs, allowing consumers and families to participate in their community and access employment.

The community programs funding includes state match and Federal authority to draw down funds for MO HealthNet programs that provide the support services such as the Comprehensive Waiver, Community Support Waiver, Missouri Children with Developmental Disabilities Waiver (MOCDD), Partnership for Hope Waiver and for Targeted Case Management which funds the support coordinators who develop service plans and monitor the services provided.

Medicaid Waivers, listed below, are specialized Medicaid programs approved by the Centers for Medicaid and Medicare Services (CMS) to serve specific populations. The Waivers listed below are administered by the Division of Developmental Disabilities and the MO HealthNet Division in the Department of Social Services.

- The Comprehensive Waiver for persons with developmental disabilities, which began in FY 1989, is the only Medicaid Waiver which provides for residential services. The Division of DD uses General Revenue (GR) funds to match Federal funds to pay for residential and support services through MO HealthNet. This waiver supports individuals in all settings such as group homes, supported living, and natural homes. 8,619 individuals were served through the Comprehensive Waiver during FY 2018 of which, 7,515 received residential services. The remaining 1,104 lived on their own or with family. Until other waivers were available, this waiver served all eligible individuals. Currently, only individuals deemed in crisis need for residential services are enrolled in this waiver.

- The Community Support Waiver which began in July 2003, serves individuals who do not require residential placement outside of their natural home. This waiver provides a wide range of supports for individuals. The total cost of waiver services required to meet the person's needs must not exceed \$28,000 annually except in special circumstances. Individuals presenting to the division who require a high level of support, but do not need residential, are assigned to the Community Support Waiver. In FY 2018, 3,620 individuals were served in the Community Support Waiver.

**1b. What does this program do?**

- The MOCDD Waiver is a MO HealthNet waiver operated by the Division of DD which targets children under the age of 18 with special needs. MO HealthNet guidelines require parental income and resources to be considered in determining the child's financial eligibility for MO HealthNet when the child lives in the home with the parents. This requirement, called deeming parental income to the child, is waived for children who participate in the MOCDD Waiver. As a result, only income and resources that are specific to the child are considered when determining financial eligibility for this waiver. In FY 2018, 319 individuals were served in this waiver.
- The Partnership for Hope (PfH) Waiver is a county-based waiver approved in October 2010. State match costs are split 50/50 with the county in which the individual resides. Services are available only in counties with a Senate Bill 40 Board (SB40) and who have agreed to participate in this waiver. PfH served 2,365 individuals in FY 2018. The total cost of waiver services per individual must not exceed \$12,362 annually.

**1a. What strategic priority does this program address?**

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) operates a residential program that provides for round-the-clock support and oversight to individuals who cannot be supported in their own home or with family members. This program is operated through a network of contracted and state-operated providers. Supports are provided in various settings which include congregate group homes, apartments, individualized supported living (ISL) and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID) with the goal of integrating each individual into their local community as much as possible. These services are funded through the Comprehensive Medicaid Waiver for group homes and ISLs and through Medicaid State Plan for ICF/IID. Resident's income and benefits are used to offset the cost of room and board expenses which are not billable to Medicaid.

Residential services include direct care staff for up to 24 hours a day as well as professional program oversight. It is the responsibility of the provider to ensure staff meet eligibility requirements as well as receive required trainings. A residential provider also delivers transportation to activities, provides personal funds management, coordination of daily activities and oversight health and safety oversight.

Currently, only new individuals deemed in crisis need for residential services are enrolled in this program. To be eligible for Medicaid Waiver, an individual must be Medicaid eligible and be certified as needing ICF/IID level of care based on an assessment. The Division of DD maintains a residential waiting list of individuals who have requested this level of service. Each individual is scored based on a priority of need (PON) assessment which ranks them on the wait list. Each fiscal year, based on new funding appropriated, the Division of DD begins working with individuals assessed with the highest need first. Priority for residential placement also includes individuals transitioning from nursing homes or ICF/IID facilities.

The funding for this program includes state match and federal authority to draw down federal match.

SIS is a tool developed by American Association on Intellectual and Developmental Disabilities (AAIDD) that measures the individual's support needs in personal, work-related, and social activities in order to identify and describe the types and intensity of the supports an individual requires. SIS assessments are completed every three years at a minimum for individuals receiving residential services. - Cost savings for tiered support agencies.

Note: The staff time cost of documenting and reviewing incident reports was computed based on the estimated hourly wages of the staff typically involved in the documentation process; the rate used in this analysis was \$30 per behavioral EMT. Incident rate was computed per 100 individuals supported to allow comparison across agencies of all sizes. The analysis estimates that the number of behavioral incidents and cost associated is significantly higher for agencies not participating in the tiered supports process demonstrating that the tiered supports initiative is effective in reducing behavior problems and improving quality of life and agency success.

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division of DD services is assigned a support coordinator who is responsible for that person's service plan. The support coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the support coordinator is responsible for arranging those services and monitoring their delivery. The support coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. Division of DD regional offices employ 198 support coordinators and 20 supervisors. In FY 2018, there are 105 counties, plus the City of St. Louis, with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving nearly 66% of the individuals eligible for Division of DD services.

An effective, well trained support coordinator is the crucial link between the consumer and family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, Individualized Supported Living budgets and other paperwork, the support coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with Department of Mental Health guidelines and regulations.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with Division of DD.

This DD Support Coordination program description form contains funding for support coordinators who are employed through the Division's regional offices. Funding for these positions is appropriated in the Community Support Staff house bill section. This program form also contains funding for the Division of DD to contract with SB40 boards or not for profit entities to provide support coordination on behalf of the Division. This funding is appropriated in the Community Programs house bill section.

The Division of Developmental Disabilities (DD) received funding for a provider cost of living adjustment (COLA) in FY 2016 and FY 2017 based on anticipated provider payments in FY 2016. This provider COLA funding was then core cut in FY 2018. In the FY 2019 budget, this same dollar amount was appropriated and labeled as a 1.5% provider COLA. Because the Division of DD received other provider funding and experienced FMAP (Federal Medical Assistance Percentage) changes since FY 2016, a new base should have been used to calculate a 1.5% provider COLA in FY 2019. The Division of DD implemented a 1.5% COLA effective July 1, 2018, therefore additional funds are being requested to make up the shortfall.

The Division of DD provides residential supports to over 7,000 individuals through contracts with provider agencies throughout the State. The rates paid for these services have not kept up with the inflationary rate for this industry due to limited or inconsistent cost of living adjustments. In addition, as these rates have been set over many years, the rates are not consistent. These rates directly affect the wages that can be paid to direct support staff since the majority of the provider rate goes to direct care staffing and related employee expenses. Turnover reported by providers through the National Core Indicators Staff Stability survey in 2016 was 60% in Missouri compared to 45.5% for all states reporting. This turnover is exacerbated by the recent unemployment trend which has increased competition for this workforce. Retail and fast food employers directly compete for these workers and have increased pay rates beyond what Division of DD providers can afford. Per the 2016 survey, Missouri providers paid \$1 less per hour (\$10.50) than the average for all survey participants (\$11.51). Individuals receiving supports develop familiarity and trust with their caregivers, and frequent turnover means that individuals are constantly adjusting to new caregivers.

In FY 2017, the Division of DD procured an independent rate study for residential service from Mercer, a contracted actuarial company, to determine the actual cost to provide these services. Mercer provided the Division of DD with rates from the 50th percentile (lower bound) to the 75th percentile (upper bound) of market rates. The Division of DD compared the current FY 2019 rates paid to each individual receiving residential services to the market rates from the rate study. The rate differential necessary to bring current rates up to the lower bound market cost was annualized, resulting in a request of \$76.5M GR.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

The first priority is for providers to be able to secure qualified staff and retain them. This is extremely difficult in the current labor market. Sufficient rates are needed to stem the turnover rate. The Division of DD has been working with CMS and other departments on strategies for value-based purchasing in its HCBS Waiver programs. Switching to a model that incentivizes outcomes for individuals rather than billable units, can create opportunities to reduce cost if the provider has greater flexibility to manage the overall healthcare of the individual. The Division of DD will set aside a portion of this funding to pilot value-based purchasing for residential services. In addition, the Division of DD has been developing a behavior supports structure to identify and support individuals with severe behavior issues. Behavior issues in a residential setting lead to increased staffing which drives the per diem cost. Behavior support plans can reduce staffing costs over time. Tiered Behavior Supports is another strategy the Division of DD has implemented to improve behavior issues in residential settings. This training which focuses on how staff interact with the individuals they support has shown success in reducing incidents and related staff costs.

Transportation Management Association (TMA), also known as Bi-State or Metro, gave notice to terminate their contract to provide transportation to individuals served by the Division of Developmental Disabilities (DD) as of July 31, 2018 citing insufficient rates. TMA and the Division of DD agreed to a two-month extension in exchange for one-time additional funding. This was necessary to allow the Division of DD to develop other alternatives. The Division of DD is working on a new Medicaid Waiver contract with LogistiCare Solutions and others to avoid interruption of transportation service. The rates accepted by the Division of DD for LogistiCare will result in a small budget shortfall. Transportation services under this contract are critical to these individuals who need it to get to their jobs, day programs and other Medicaid Waiver services.

The Division of DD compared the rates required by LogistiCare to those currently paid to TMA for all individuals currently served by TMA. The estimated total cost of the new contract will result in a modest cost increase but is far less than the increase that would have been required by TMA to maintain its contract. The Division of DD used actual route and mileage data provided by TMA to determine the total cost of the new contract. This is a 12-month cost estimate.

Division of DD has an appropriation to contract with SB40 boards or not-for-profit entities to provide support coordination, or Targeted Case Management (TCM) services, on behalf of the Division of DD. In the FY 2018 budget, \$1,500,000 was core reduced from the Division of DD's GR TCM appropriation based on projected lapse in FY 2016. Billing for this state plan service has now exceeded the available funding in the appropriation so GR replacement funding is being requested.

The Division of DD is requesting a replacement of the core reduction in the amount of \$1.5M which was taken in the FY2018 budget. Funding replacement is necessary because the billings for this state plan service have now exceeded the available funding. Division of DD is projecting to be short of funding in the amount of \$1.1M in FY 2019, and projecting a shortage in excess of \$1.5M in FY 2020.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Enrollment of individuals in St. Louis Regional Office has grown far beyond the capacity of the FTE budgeted for service coordination. St. Louis County does not have a private option for service coordination so all cases are assigned to the regional office which has a fixed number of FTE available. Service coordinators for St. Louis Regional Office serve an average of 58 individuals each compared to an average of 29 for private agencies in the St. Louis region. Excessive caseloads reduce the ability of the service coordinators to effectively plan and monitor services provided to the individuals they serve. Private providers can employ the appropriate number of FTE needed to serve the individuals on their caseload. These providers can be county governmental boards or not-for-profits. This request is for the Medicaid match funds to move 750 Medicaid eligible individuals from the caseload of the regional office to a private provider. Proposals will be accepted from county and private entities to serve this number. More than one provider may be selected. This decision item is considered an initial step to privatize a majority of the cases in the St. Louis region in order to eliminate the need for more state FTE.

The Division of DD estimates that it needs to move 750 individuals from the caseload of state-employed service coordinators to achieve the most effective caseload ratios. For budgeting purposes, the Division of DD employs a standard of 120 billable hours per month per service coordinator and one service coordinator per 35 individuals. The amount was calculated as follows: 750 individuals / 35 caseload ratio = 21.43 service coordinators X 120 hours X 12 months = 30,857.14 hours X 103.68 per hour = \$3,199,268.

<p>The Division will develop a transition plan by geographical area and population on the most effective and economical way to move individuals to another TCM agency. Transitions will occur over time as capacity is available. The Division, through its TCM Technical Assistance Coordinators, will continue to monitor private TCM agencies for compliance and quality of service. The eventual goal to privatize a majority of the cases in St Louis region will allow the regional office to focus more effort on its role of program oversight and less on being a direct service provider.</p>

**1a. What strategic priority does this program address?**

Strengthen and Integrate Community Services.

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) provides specialized services for individuals diagnosed with autism spectrum disorder (ASD) and their families. These services are provided through Missouri's Autism Projects and through specialized diagnostic clinics. There are over 14,000 individuals with an autism diagnosis who are enrolled with the Division of DD. In total, \$227 million is being spent on supports for individuals with an autism diagnosis.

Autism is a complex neurodevelopmental disorder that includes impairments in social communication/interaction with restricted and repetitive behaviors. ASD ranges in severity from mild to severe impairment. The fastest growing developmental disability in the United States, autism's prevalence rate is 1 in 59 according to the Centers for Disease Control and Prevention (2018). Boys are 5 times more likely to be diagnosed with autism than girls. This ratio is consistent with reports from Missouri's Autism Centers.

Missouri's Autism Centers are clinics which provide best practice diagnostic evaluations and referrals for children. Missouri's strategic goal includes identifying children with ASD as early as possible and expediting their transition to early intervention services. Evaluating progress toward that goal requires tracking the age that the child is diagnosed, how long a child must wait before receiving an evaluation, and how many children are waiting for an evaluation at the end of a fiscal year. The Pediatric Clinics of North America October 2016 article "Whittling Down the Wait Time" cites the average age at diagnosis as over 4 years even though children can be diagnosed as early as age 2. To address this issue, Missouri's Autism Centers fast-track diagnostic evaluations for children 4 and under. Further, it is necessary to track both how long a child waits before receiving an evaluation and how many children are waiting for an evaluation at the end of the year in order to detect and address growing wait times along with clinical capacity. Dr. Kristin Sohl, pediatrician with the Thompson Center for Autism and Neurodevelopmental Disabilities, stated that national wait times for evaluations are between 8 and 12 months. Missouri's Autism Centers provide leadership throughout the medical and clinical community to advance evidence-based and emerging best practices for diagnostics and intervention. All six Autism Centers conduct outreach activities ranging from generalized workshop sessions for parents and community members to highly specialized continuing education for a variety of clinical specialties.

There are five regional Autism Projects in Missouri: Southeast, Southwest, Central, Northwest, and East, each governed by a local Parent Advisory Council (PAC). Each of these local advisory groups makes funding and provider recommendations of general revenue funds for its region. These funds provide a variety of intervention services aimed at helping families keep their loved ones integrated within the home and community.

Note: The autism waiver expired in FY 2017.

- Monitoring the length of time between establishing the eligibility of a child for the diagnostic evaluation and the actual appointment is important so that individual clinical data can be evaluated and discussions can occur to address increases.

Note: FY 2016 and FY 2017 similar measure was average number of days between date of appointment and actual evaluation.

**2c. Provide a measure(s) of the program's impact.**

- Increased access to appropriate services enables individuals/families to obtain timely intervention.

Note: Increase in number of evaluations and diagnoses in FY 2017 was due to the addition of a 6th clinic (Mercy Kids Autism Center). The Autism Centers continually strive for more effective triage when parents request evaluations. Better triage points families in the right clinical direction, conserving precious clinical resources. Monitoring the number of individuals with ASD informs clinical operations both at the level of intake and throughout the diagnostic process.

**2c. Provide a measure(s) of the program's impact.**

- Targeted trainings increase awareness and advance evidence-based practices for clinicians, educators, providers, and community members.

- Missouri's Autism Centers' median age (in months) at diagnosis compares favorably to national average (see note below).

Median Age at Diagnosis of ASD (months):

	FY 2016	FY 2017	FY 2018

Mercy Kids Autism Center - St. Louis	NA	NA	45.6
<b>All Centers (average)</b>			<b>51.6</b>
<b>CDC (based on FY 2018)</b>			<b>51.6</b>

Note: Children with ASD can be diagnosed as early as 2 years of age, but on average, the age of diagnosis is after 4 years (Gordon-Lipkin, E., Foster, J., & Peacock, G. (2016). Whittling Down the Wait Time: Exploring Models to Minimize the Delay from Initial Concern to Diagnosis and Treatment of Autism Spectrum Disorder. Pediatric Clinics of North America, 63(5), 851–859. <http://doi.org/10.1016/j.pcl.2016.06.007>). The CDC's Autism and Developmental Disabilities Monitoring (ADDM) Network cites the earliest known diagnosis as 51.6 months. The last available data from the CDC is based on FY 2018. Also, it is important to note that the ADDM Network's methodology involves reviewing the records of 8 year olds at the 11 ADDM national sites. Yearly mean age at diagnosis was not a required reporting function of MO's Autism Centers until FY 2018. Some, however, provided that data voluntarily.

**2c. Provide a measure(s) of the program's impact.**

- Number of children evaluated has maintained or increased as Autism Centers have been added, demonstrating impact across the state.

Note: The total number of children evaluated remains stable despite increased referrals and other constraints.

**2d. Provide a measure(s) of the program's efficiency.**

- Providing autism-specific services is cost efficient compared to the average cost of providing in-home service supports.

Note: For FY 2016 and FY 2017, the above data compare the average annual cost of an individual served through Autism Projects to the cost of an individual receiving in-home services through the Community Support, Autism, or Partnership for Hope Waiver. Due to the expiration of the Autism Waiver, for FY 2018, the above data compare the average annual cost of an individual served through Autism Projects to the cost of an individual receiving in-home services through the Community Support or Partnership for Hope Waiver.

**2. CORE DESCRIPTION**

The Division of Developmental Disabilities (DD) assures that every consumer eligible for DD services is assigned a service coordinator who is responsible for that person's service plan. The service coordinator works with the consumer's family, interested parties, and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the service coordinator is responsible for arranging those services and monitoring their delivery. The service coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. The Division of DD's Regional Offices employ 198 service coordinators and an additional 20 service coordination supervisors. An effective, well trained service coordinator is the crucial link between the consumer and the family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, ISL budgets, and other paperwork, the service coordinator ensures that services are available and delivered to the satisfaction of the consumer or the family, and in accordance with the Department of Mental Health (DMH) guidelines and regulations.

The Community Support Staff house bill section contains funding for DMH service coordinators as well as Targeted Case Management (TCM) support positions. This funding is allocated to the appropriate regional offices.

**1a. What strategic priority does this program address?**

Strengthen and Integrate Community Services.

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) assures that every consumer eligible for Division of DD services is assigned a support coordinator who is responsible for that person's service plan. The support coordinator works with the consumer's family, interested parties and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the support coordinator is responsible for arranging those services and monitoring their delivery. The support coordinator is the contact person for the regional office for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. Division of DD regional offices employ 198 support coordinators and 20 supervisors. In FY 2018, there are 105 counties, plus the City of St. Louis, with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving nearly 66% of the individuals eligible for Division of DD services.

An effective, well trained support coordinator is the crucial link between the consumer and family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, Individualized Supported Living budgets and other paperwork, the support coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with Department of Mental Health guidelines and regulations.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreements with Division of DD.

This DD Support Coordination program description form contains funding for support coordinators who are employed through the Division's regional offices. Funding for these positions is appropriated in the Community Support Staff house bill section. This program form also contains funding for the Division of DD to contract with SB40 boards or not for profit entities to provide support coordination on behalf of the Division. This funding is appropriated in the Community Programs house bill section.

- To provide more effective service coordination by reducing caseloads.

Note: A service coordinator with a high caseload cannot write service plans and monitor delivered services as effectively as a service coordinator with a lower caseload. Private TCM agencies have found a caseload of 35 individuals per one service coordinator to be an upper limit for effectiveness.

- To provide more effective service coordination by reducing caseloads.

Note: For the past 12 years, the Division of DD has been actively seeking private case management options to meet the capacity for service coordination.

**PROGRAM DESCRIPTION**

**Department:** Mental Health

**HB Section(s):** 10.420

**Program Name:** Developmental Disabilities Act

**Program is found in the following core budget(s):** Developmental Disabilities Act

**1a. What strategic priority does this program address?**

Strengthen and Integrated Community Services.

**1b. What does this program do?**

The Missouri Developmental Disabilities Council is a federally funded, 23-member, consumer-driven council appointed by the Governor. It is funded through Federal Legislation, PL 106-402. Its mandate is to plan, advocate, and give advice concerning programs and services for persons with developmental disabilities (DD) that will increase their opportunities for independence, productivity, and integration into communities. The DD Council's Mission is: "To assist the community to include all people with developmental disabilities in every aspect of life".

The DD Council is mandated to develop a 5 year plan. This is a 2 year process where the DD Council held 11 listening sessions across the state and also held public hearings in conjunction with Council meetings in Springfield, Kansas City, St. Louis and Columbia. The DD Council heard from over 1,000 parents, self-advocates, providers, and other stakeholders, about the gaps and barriers they found with the various systems in Missouri. The DD Council also reviewed data from multiple sources and developed a Comprehensive Review and Analysis, which guided the development of the 5 year plan. The DD Council developed goals and objectives as well as logic models. The state plan was distributed for public comment for 45 days prior to submission to the Administration on Community Living (ACL). Each year, the DD Council is required to submit a work plan to the ACL. The Council is required to review and report on the progress to ACL and if the DD Council determines they must change goals or objectives, the revised state plan must once again, be distributed for public comment. If the plan or work plans are not approved, ACL provides time for Councils to make corrections. For those Councils who are struggling, ACL will conduct site visits. The DD Council's 2017-2021 plan was approved by ACL with no need for a site visit from the funder, ACL.

**2. CORE DESCRIPTION**

Senate Bill 1081 (Chapter 633, Section 633.401, RSMo), signed into law on June 25, 2008, allows the state to implement a provider assessment on all Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/IID facilities. The Division of Developmental Disabilities (DD) projects the ICF/IID provider assessment on state operated facilities will generate \$2.1 million in FY 2019.

This core item is an appropriated transfer section to transfer \$2.1 million (based on FY 2019) from the ICF/IID Reimbursement Allowance Fund to General Revenue. This core also allows for the transfer of \$3.9 million from the ICF/IID Reimbursement Allowance Fund to DMH Federal funds. This allows the DMH to use Federal funds generated by the state operated ICF/IIDs to support the Federal authority and FTEs redirected from the Regional Offices in FY 2009 to Community Support Staff.

**2. CORE DESCRIPTION**

This item requests funding for five regional offices and six satellite offices within the Division of Developmental Disabilities (DD). These offices are the point of entry for all persons with developmental disabilities in the state.

Regional offices are located in Kansas City, Springfield, Sikeston, St. Louis and Columbia, while satellite offices are located in Albany, Kirksville, Hannibal, Poplar Bluff, Joplin and Rolla. Each office, which services anywhere from three to fifteen counties, provides or contracts for case management services, develops new service providers, establishes contracts for services, develops consumer service plans, and provides quality assurance and oversight of the service delivery system.

Regional office core appropriations include funding for expense and equipment and personal services for administrative staff, behavior resource teams, provider relations teams, quality assurance staff, as well as for DD Community Worker I-II, DD Community Specialist and DD Community Program Coordinator positions which function as services and supports resource teams in the regional offices. Funding for DMH case managers and other Targeted Case Management (TCM) staff is appropriated in the Community Support Staff house bill section and is allocated to the appropriate regional office.

<b>BUDGET UNIT NUMBER:</b> 74310C, 74325C, 74345C 74350C, and 74355C	<b>DEPARTMENT:</b> Mental Health
<b>BUDGET UNIT NAME:</b> Regional Offices	<b>DIVISION:</b> Developmental Disabilities

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

Flex appropriations for the facilities allow the Department to:

- Improve processes through contracting as new ideas are developed. Flexibility gives management the ability to continually review whether it is more beneficial to contract for services, hire staff in-house to provide services, or provide a mix of both contracting and in-house services.
- React to emergency situations that could occur in any given fiscal year. Flexibility allows available funds to be shifted to cover critical equipment/supply needs that would otherwise go unmet. This could include such things as security enhancements, phone systems, etc. The flex language allows facilities to flex personal services dollars when available and purchase facility furnishings, equipment, etc. as needed.

**DEPARTMENT REQUEST**

DMH is requesting 50% flexibility between PS and E&E based on total GR and FED funding for FY 2020. The information below shows a 50% calculation of both the PS and E&E FY 2020 budgets.

**PROGRAM DESCRIPTION**

**Department:** Mental Health

**HB Section(s):** 10.500, 10.505, 10.510, 10.515, 10.520

**Program Name:** DD Regional Offices

**Program is found in the following core budget(s):** DD Regional Offices

**1a. What strategic priority does this program address?**

Strengthen and Integrate Community Services

**1b. What does this program do?**

The Division of Developmental Disabilities (DD) is required to identify, assess, determine eligibility, and enroll individuals with developmental disabilities who present to the Division of DD system. In FY 2015 budget, administrative functions at regional offices were consolidated. As a result, the Division of DD currently operates five regional offices (Columbia, Kansas City, Sikeston, Springfield, and St. Louis), along with six satellite offices (Albany, Hannibal, Joplin, Kirksville, Poplar Bluff and Rolla).

The regional offices perform intake activities which help to determine if individuals are eligible for services. This initial eligibility determination must be completed within thirty days of the application for service. After an individual is found eligible, they are referred to a service coordination agency or are directed to resources provided by the state or local county, depending upon eligibility. For individuals eligible for case management, a service coordinator works with the individual and family to identify the services or supports which are needed. These services and supports are documented in a person-centered plan. The plan describes what is needed, how the service/support will be obtained and delivered, and the method by which the effectiveness of the service or support will be measured. When developing and implementing individual plans, the regional office staff strive to meet individual's needs in the least restrictive environment possible, typically in or near the individual's home.

Regional offices also develop and support the contract providers who deliver the majority of services in an individual's plan. The offices must continually develop new contracts, train providers, and monitor the services provided. Regional offices pre-authorize all services purchased, and are the entry point for all services billed to Division of DD.

Regional office budgets contain funding to support all regional office staff excluding support coordination. Regional Office staff include business office, behavior resource, provider relations, quality assurance, nursing oversight, intake and assessment, utilization review, TCM technical assistance, community living and inquiry coordination and self-directed support. Funding for support coordinators is contained in the Community Support Staff house bill section. Such Community Support Staff funding is allocated to the appropriate regional office. Funding for county and not for profit support coordination is in the Community Programs house bill section.

During the FY 2019 budget process, \$127,872 of GR funding budgeted for budget object class (BOBC) 560 Motorized Vehicles was core reduced and replaced with Office of Administration Revolving Administrative Trust Fund (RATF). Based on an opinion issued by Office of Administration, the Division of DD does not have access to the \$127,872 in RATF funding since it may have been earned by other Departments. As a result, this is a request to reinstate GR expense and equipment funding to DMH's budget.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Funding in the amount of \$127,872 was reduced from DD facility budgets in FY 2019. This amount of funding was replaced with Revolving Administrative Trust Fund (RATF) in each facility budget, but the RATF funds are unavailable for DMH to spend. As a result, DMH is requesting a replacement of General Revenue funds as identified below:

HB Section		Approp	Type	Fund	Amount
10.500	Central Missouri Regional Office	2102	EE	0101	\$ 6,625
10.505	Kansas City Regional Office	2112	EE	0101	\$ 23,000
10.510	Sikeston Regional Office	2117	EE	0101	\$ 15,500
10.515	Springfield Regional Office	2118	EE	0101	\$ 55,679
10.520	St. Louis Regional Office	2332	EE	0101	\$ 25,568
10.545	St. Louis Dev Disab Treatment Ctr	3040	EE	0101	\$ 1,500
					<u>\$ 127,872</u>

State staff at these facilities are required to travel to conduct official state business. This may include support coordinators traveling to meet with consumers and families; quality assurance, nursing, provider relations or business office staff traveling to conduct reviews at provider agencies; Targeted Case Management Technical Assistance Coordinators traveling to TCM agencies for meetings; staff traveling between a regional office and satellite office as a result of staff consolidations; etc. The funds are needed to allow the identified facilities to maintain their fleet in an effort to provide transportation to employees to conduct official state business. If state vehicles are not available, staff are faced with having to drive their own vehicles which results in DMH reimbursing staff for mileage.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

6a. Provide an activity measure(s) for the program.

Note: The six facilities impacted by the budget reduction have a total of 123 vehicles. Of these vehicles, 41% or 50 vehicles, have in excess of 150,000 miles, thus making a large percentage of the vehicles unreliable for staff and consumer transportation. Vehicle mileage will continue to increase without funding to replace these vehicles.

6b. Provide a measure(s) of the program's quality.

**2. CORE DESCRIPTION**

The Division of Developmental Disabilities (DD) operates habilitation centers providing services in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID). As a part of the services system for persons with developmental disabilities, the habilitation centers (Bellevue, Higginsville, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services) continue to provide ICF/IID level of care in a structured environment for approximately 322 consumers on their campuses. The primary mission of these facilities is to provide active treatment and habilitation in an ICF/IID residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. The Division of DD also operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 216 persons. State-operated ISL's and group homes in the community have been used to effectively transition individuals from the facility to community settings. Habilitation centers also provide statewide crisis beds to help support individuals in need of short term crisis/evaluation services. Most individuals accessing crisis beds have a length of stay of 30-60 days.

**NOTES:**

- (1) Federal lapse amounts occur as a result of lower Federal collections to support funding authority.
- (2) Habilitation center appropriations in the amount of \$200,000 were used for community services in FY 2016 for consumers who transitioned from habilitation centers. Actual expenditures for State Operated Services in FY 2016 excluding the \$200,000 were \$73,779,529.

### FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 74415C, 74420C, 74427C, 74430C, 74435C, 74440C	<b>DEPARTMENT:</b> Mental Health
<b>BUDGET UNIT NAME:</b> State Operated Services	<b>DIVISION:</b> Developmental Disabilities

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

Flex appropriations for the facilities allow the Department to:

- Shift funds to follow a consumer who moves to a new location. When a consumer moves from on-campus to a state-operated Individualized Supported Living (ISL) in the community, to a private provider in the community, or to another on-campus facility, flexibility is needed to allow funds to move with the consumer in order to cover the cost of services at the new residential setting. The flexibility improves the Division's ability to streamline operations between facilities.
- React to changing conditions in areas such as housekeeping, security and pharmacy. The flex appropriation allows facilities to continually review whether it is more beneficial to contract for services, hire staff in-house to provide these services, or provide a mix of both contracting and in-house services.
- React to emergency situations that could occur in any given fiscal year. Flexibility allows available funds to be shifted to cover critical equipment/supply needs that would otherwise go unmet. This could include such things as client furniture, security enhancements, medical supplies, etc. The flex language allows facilities to flex personal services dollars when available and purchase facility furnishings as needed.
- Pay overtime costs for staff, when funds are available.
- Provide a staff-to-consumer ratio of 1:1, if required for certain DMH consumers. This situation puts an additional strain on personal services needs. The flex language provides the flexibility needed to obtain staff necessary to meet the clients' needs.
- Contract out to fill vacancies if a facility is unable to find someone to hire (i.e., physicians, nursing staff, etc.).

10.540, 10.545, 10.550**

**Program Name: State Operated Services**

**Program is found in the following core budget(s): State Operated Services**

**1a. What strategic priority does this program address?**

Provide treatment and habilitation services to individuals in state-operated programs.

**1b. What does this program do?**

As a part of Missouri's service system for persons with intellectual and developmental disabilities, the Division of Developmental Disabilities (DD) operates State-owned and operated ICF/IID habilitation centers and State-operated Community Based Waiver Homes.

**State-owned and operated Habilitation Centers** include Bellefontaine, Higginsville, St. Louis Developmental Disabilities Treatment Center in St. Charles and South County, and Southeast Missouri Residential Services in Poplar Bluff and Sikeston. These programs provide residential around-the-clock specialized care, in a structured long-term campus environment, for 322 individuals with intellectual and developmental disabilities. These facilities receive funding under Centers for Medicare and Medicaid Services' (CMS) *Intermediate Care Facilities for Individuals with Intellectual Disabilities* program (ICF/IID). CMS requirements ensure specific health care and safety standards are met; that the specialized developmental needs of each individual are addressed; and that these centers provide quality health care, appropriate oversight and supervision, active treatment, and habilitation. Many individuals currently residing at a habilitation center have made it their home for more than 20 years. With the increasing complex medical needs of these aging individuals with developmental disabilities, specialized health care has become of utmost importance at the centers. Many individuals are medically fragile and require 24 hour medical care through nursing and physician oversight. In addition to specialized health care, CMS also monitors that the developmental needs of the individuals are being met through active treatment and habilitation. This demands intensive seven-days-a-week close professional supervision in an environment conducive to enhancing each individual's developmental learning in a day habilitation classroom setting at each center, or within the home in which the individual resides. Habilitation includes training in activities of daily living, as well as receiving therapies directly related to the person's individualized habilitation plan. Staff employed at each habilitation center are state employees. Most of the staff employed are the direct care or direct support professionals, their supervisors, as well as nursing staff who provide around-the-clock personal, hygiene care and developmental teaching to the individuals who live on the campuses. Other staff employed at habilitation centers include physicians and psychiatrists; occupational, speech and physical therapists; behavioral analysts and psychologists; human resources; dietary and housekeeping; quality assurance; fiscal management and business office; clerical and other support staff.

In 1999, the U. S. Supreme Court ruled in the Olmstead case that the "integration mandate" of the Americans with Disabilities Act requires public agencies to provide services "in the most integrated setting appropriate to the needs of qualified individuals with disabilities". This ruling, along with national trends, has led to drastic down-sizing in large ICF/IID facilities in Missouri and across the country. In 2008 DD halted long-term admissions to ICF/IID and only admits individuals in crisis on a short-term basis until they are able to return to the community. The crisis program serves individuals with developmental disabilities who reside outside of habilitation centers but are encountering extreme behavioral challenges that make it necessary for them to be out of their home for treatment. On average, this service is provided to approximately 16 individuals throughout the state at any given time.

**Program Name: State Operated Services**

**Program is found in the following core budget(s): State Operated Services**

**1b. What does this program do?**

**State-operated Community Based Homes** began in 1990 to provide an option for individuals to move off campus, but still be served by state staff. Individualized residential settings in the community were a national trend to replace institutional care and were funded through a Medicaid Waiver program approved by CMS. The state-operated community-based Comprehensive Waiver services are operated through Northwest Community Services, Southwest Community Services and Southeast Missouri Waiver program. They provide supports to 216 individuals with intellectual and developmental disabilities who live in typical housing in communities and neighborhoods of their choice. Like the habilitation centers, the staff that are employed to provide care to the individuals in the State Operated Waiver Programs, are state employees; however in contrast, the homes that the individuals reside in are private property which are leased by the individuals who live there. In order to maintain federal funding, these Waiver Programs must meet all of the required Comprehensive Waiver standards on a continual basis, as monitored by CMS. The standards ensure that these programs guarantee quality health care, appropriate supervision and oversight, choice of services, and adherence to promoting self-determination and community membership. Most of the individuals served in these programs previously resided on a habilitation center campus for many years prior to choosing to move to this type of optional program. As a result, many of the individuals receiving services through the State Operated Waiver Programs are considered medically fragile and aging with complex medical needs. All individuals receive 24 hour supports from state employed direct care, nursing and other professional staff, to ensure health and safety, quality of life and community integration.

The individuals served in both of these program types are diagnosed with developmental disabilities ranging from mild to severe, with the majority being in the severe/profound range. To be eligible for services, an individual must meet the Division of DD's definition of having a developmental disability as set forth in 630.005 RSMo, and meet Division of DD criteria of requiring placement in a state operated facility or community residential services.

The habilitation center house bill sections includes funding for Habilitation Center campuses, as well as for individuals living in state-operated CMS Comprehensive Waiver Community homes. Core budget includes funding for campus services and their crisis services in the amount of approximately \$53.7 million and Community Waiver Homes in the amount of approximately \$28.9 million.

The Division of DD will continue to use the flexibility in habilitation center budgets to purchase appropriate community services for consumers who choose to leave these facilities to live in the community.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Department of Mental Health, Division of Developmental Disabilities (DD), is requesting one-time funding for modular systems furniture, telecommunication relocations, and physical move costs. These items are needed to assist Northwest Community Services (NWCS) in their move of 57 staff from the Higginsville Habilitation Center campus to leased space in the Higginsville area. A companion budget request for leasing the administrative office space, including janitorial services and utilities, is included in HB 13.

NWCS currently supports 81 individuals who live in the communities of Higginsville, Corder, Lexington, Warrensburg, Independence, Blue Springs, and Kansas City. The leased space is needed for the 57 program and administrative staff who support 231 direct support professionals and 81 individuals residing in the Higginsville area.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The Division of DD is requesting funds to lease space for administrative offices. Space is needed for 57.00 FTE's including the Director, Human Resources, Accounting, Quality Assurance, Staff Development, and other Supervisory and Nursing support staff. By moving all NWCS staff out of the D-Cottage (Providence Building) on the Higginsville Habilitation Center campus, the state will forgo the expense of approximately \$1.3M in necessary renovations. The needed renovations include, replacing boilers, chillers, HVAC piping, installing dedicated outside air units, BAS controls, insulating the roof deck, and power attic ventilators. In the past the building has tested positive for mold due to high humidity levels in the building. This issue was addressed extensively back in 2010 but there still continue to be mildew problems in offices, the Fire Alarm System Components collect moisture and short out, and the paint in some areas starts peeling badly. The building itself was not designed for office space, instead the original intent was for living space for consumers residing on the Higginsville Habilitation Center campus.

**One-Time Costs:**

	Rate	FTE	Cost
MVE Systems Furniture Estimate	\$ 5,600	42	\$235,200
Telecommunications Relocations (Voice/data wiring)	\$ 300	57	\$17,100

<b>Total</b>			<b>\$272,250</b>

HB Section	Approp	Type	Fund	Amount
10.535 Northwest Community Services	9173	EE	0101	\$272,250

OA-Facilities Management, Design and Construction will still need oversight funds for the current Higginsville Habilitation Center. Preparatory and maintenance measures are still needed for winterizing and securing the Providence Building to minimize further damage and the consequences of an unkempt building until a clear future plan can be made for the building. Currently there are approximately \$1.3M of critical needs of Capital Improvement projects at this building and would become cost avoidance projects.

# Glossary

## GLOSSARY FUNDING SOURCES

**Abandoned Fund Account:** This fund collects moneys and other personal item dispositions and then transfers the cash to the Mental Health Trust Fund.

**Compulsive Gamblers Fund (CGF):** Section 313.842, RSMo., authorized a fund to provide treatment services for compulsive gamblers and their families. The fund is supported through the collection of one cent of the admission charge from gambling boats as provided in 313.820, RSMo. This fund receives its revenue by way of a cash transfer from the Gaming Commission Fund.

**Developmental Disabilities Waiting List Trust Fund (DDWLTF):** HB 631, 96th General Assembly, first regular session, allows the Division of Developmental Disabilities to receive monies designated on individual or corporation tax refund forms to serve individuals on the DD waiting list. The legislation also established a new fund in the state treasury to receive these funds. Proceeds collected as a result of the tax refund forms shall be deposited into the new fund.

**Federal (FED):** Authority is appropriated to accept funds coming to the Department from federal grant sources or Medicaid earnings.

**General Revenue (GR):** Missouri State revenues.

**Habilitation Center Room and Board Fund (HCRB):** This fund is for the receipt of room and board charges for residents of state habilitation centers.

**Healthy Family Trust Fund (HFT):** This is a State fund supported from tobacco funding awarded to the State of Missouri.

**Health Initiatives Fund (HIF):** This is a State fund established through the Griffin Health Care Access Bill which receives new revenues from cigarette tax.

**ICF/IID Reimbursement Allowance Fund (ICF/IID):** To account for assessment payments received from providers of services of intermediate care facilities for individuals with intellectual disabilities.

**Inmate Revolving Fund (IRF):** The Inmate Revolving Fund was established in accordance with 217.430, RSMo. The sources of revenue for the fund are reimbursements from offenders participating in work release, electronic monitoring, and residential treatment facility programs and, per 217.690, RSMo. from the payment of a fee, not to exceed sixty dollars per month, from every offender placed under board supervision on probation, parole, or conditional release. Per 217.430, RSMo. the funds shall be used as provided by appropriation, to support offenders in education programs, drug treatment programs, residential treatment facilities, other community-based sanctions, electronic monitoring, or in work or educational release programs. Section 217.690, RSMo. further states that funds may be used for the costs of contracted collections services as well as to provide community corrections and intervention services for offenders. Such services include substance use disorder assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the board to assist offenders to successfully complete probation, parole, or conditional release.

## GLOSSARY FUNDING SOURCES

**Inmate Revolving Fund (IRF) (Continued):** The Department of Corrections (DOC) currently charges a fee of \$30 per offender under community supervision but may waive all or part of that fee based on factors such as disability or inability to pay. DOC agreed on the \$30 fee with the bill's sponsors when the intervention fee went into effect, but they allowed for the possibility of raising the fee in the future. The Department of Mental Health/Division of Alcohol & Drug Abuse, in conjunction with the DOC, utilizes a portion of these fees for the following programs: Community Partnerships for Restoration (CPR), Treatment Resources Encouraging New Directions (TREND) and Southeast Missouri Treatment program (SEMO). The first two programs, CPR and TREND provide assessment, case management, substance use disorder treatment and employment placement for high risk offenders. The third program SEMO, provides substance use disorder counseling for high risk probationers who otherwise would be unable to afford the treatment. All three of these programs are important components of the Department's efforts to reduce recidivism.

**Inter-Governmental Transfer Fund (IGT):** This fund is only used when the Department makes an Upper Payment Limit (UPL) claim on the state-operated ICF/IID habilitation centers to draw down additional federal funds for the State. The UPL is a method of calculating a supplemental federal payment in the Medicaid program based on Medicare cost principles.

**Mental Health Earnings Fund (MHEF):** There are several sources of cash deposited to this fund. One source is from the ADA Counselor Certification Board and another is the Substance Abuse & Traffic Offenders Program (SATOP). These are basically self-funded programs where expenditures are limited to the amount of revenues brought into the fund. Other sources include enterprise operations where the Department is reimbursed by private entities for activities such as food service or Mental Health First Aid USA.

**Mental Health Interagency Payments Fund (MHIPF):** This fund provides the mechanism for cooperative agreements between various agencies and the authority to accept funding from another state agency or DMH facility as a result of providing a service to that agency. Appropriations from this fund are considered a "double appropriation" in the statewide budget. An example of interagency payments would include agreements with the Children's Division to provide residential care and recovery for youth who require DMH services.

**Mental Health Trust Fund (MHTF):** This is an appropriation account established by the legislature that allows individuals or organizations to contribute to the Department for clients or programs. Section 630.330, RSMo. creates this fund and authorizes the Department to take, receive, administer and hold in trust grants, gifts, donations, moneys escheated under section 630.320, RSMo. devises or bequests of money or other personal property and funds from the sales of the facilities' commissaries or canteens. The fund has been used to carry out the objects for which the grants, gifts, donations, bequests, etc. were made or for purposes of funding special projects or purchasing special equipment.

**Mental Health Local Tax Match Fund (MHLTTF):** Authority has been appropriated to maximize local tax funds contributed to pay the State's share for Medicaid-reimbursable services (mill tax, children's tax).

**Revolving Administrative Trust Fund (RAT):** The commissioner of administration shall administer a revolving "Administrative Trust Fund" which shall be established by the state treasurer which shall be funded annually by appropriation and which shall contain moneys transferred or paid to the office of administration in return for goods and services provided by the office of administration to any governmental entity or to the public. The state treasurer shall be the custodian of the fund, and shall approve disbursements from the fund for the purchase of goods or services at the request of the commissioner of administration or the commissioner's designee. The provisions of section 33.080 notwithstanding, moneys in the
