Public safety is improved and risk of liability is reduced when the employees of the Department of Corrections (DOC) are trained to provide effective correctional services. The DOC provides the following levels of training to employees:

- 280 hours of pre-service training for all uniformed employees,
- 120 hours of pre-service training for institutional non-custody staff,
- 258 hours of pre-service and intermediate training for all new P&P officers,

3. WHY IS THIS FUNDING NEEDED? (Continued)

- 40 hours of training to new supervisory/management personnel,
- 16 hours of annual supervision/management training, and
- 16 hours of personal safety training to each P&P officer.

In addition to the above, the DOC requires that every staff member receive forty (40) hours training annually. Training is provided at three regional training centers.

The current level of space available at the Eastern Region Training Center (ERTC) in Farmington is not sufficient to meet the space needs of the department and is unable to be expanded to meet these needs. In an attempt to meet these space needs, additional space is rented at a local hotel. This requires staff and equipment to be moved back and forth from the existing ERTC for offsite training. The DOC has also reorganized and created the Office of Professional Standards (OPS). This request includes funding for additional space to allow the Eastern Region OPS to consolidate resources at the ERTC. With limited clerical support, locating Eastern Region OPS staff to one location will eliminate the need to request additional staff to support investigators. Additional staff relocated will include an Investigator III, four (4) Investigator IIs and an Office Support Assistant. The department is also moving towards regional personnel staff with a Personnel Analyst, Personnel Clerk and an Office Support Assistant needing office space. This request includes funding for additional space for personnel staff as well.

DEPARTMENT REQUEST:

The current ERTC is 7,417 square feet and cannot be sufficiently expanded. This decision item requests funding for a replacement 13,573 square foot leased location to provide sufficient space for required training, the Eastern Region OPS consolidation, and regional staffing needs. The additional space will consist of two (2) training classrooms, a lactation room and space for ten (10) additional staff.

| <p>6a. Provide an activity measure(s) for the program.</p> <p>The ERTC provides training opportunities to the more than 3,500 staff members regionally. Training programs conducted include monthly pre-service training for all new employees, quarterly pre-service training for all new contracted employees, ongoing in-service trainings for all employees, ongoing management training to all supervisory personnel and ongoing personal safety training to every Division of P&P officer. During the FY16 through FY18, the ERTC trained 1,369 new employees during pre-service training, averaging 35 students per monthly class held. During this period, all pre-service trainings for new employees were conducted at rental space located at a local hotel due to the limitations of available training space at the ERTC. The anticipated number of pre-service attendees and training requirements for the ERTC are expected to remain constant or increase through FY20.</p> | <p>6b. Provide a measure(s) of the programs quality.</p> <p>During FY16 through FY18, over 98% of the 1,369 pre-service attendees passed written testing requirements and went to their worksites prepared for employment. Additionally, during the aforementioned period, the ERTC provided a total of 647 training classes to 9,381 existing employee participants. Through the proposed increase of on-site classroom space for the ERTC, program quality is expected to increase in the following areas: all pre-service trainings will be held on location, requiring a significant decrease in work hours spent transporting training equipment; a greater number of training opportunities offered due to the increase in classroom space; and an increase in the number of participants able to attend in-service, management, and safety trainings due to the increase of classroom size.</p> |
| <p>6c. Provide a measure(s) of the program's impact.</p> <p>With the more than 3,500 staff members that work in eastern region institutions and Division of P&P district offices, the ERTC has ensured 98% of new employees successfully completed preservice requirements to continue employment with the department. This has provided the foundation for a sustainable workforce. Additionally, the ERTC has provided the opportunity through class offerings for all employees of the department to meet their annual requirement of 40 continuing training hours.</p> | <p>6d. Provide a measure(s) of the program's efficiency.</p> <p>Through the proposed increase in on-site classroom space, the ability of ERTC staff to more efficiently perform their job duties will be increased through less work hours being spent preparing, executing and breaking down the current off-site pre-service training. Also, the ability to provide a greater number of training classes to a larger number of participants through increased classroom size and availability will increase the overall productivity of ERTC staff. This can be measured through level three and four evaluations conducted by the Training Academy.</p> |

There has been an increase in the number of clients under Department of Corrections, Division of Probation and Parole (P&P) supervision in Jefferson County. With the increase in client supervision, additional staff and space are required. The current Division of P&P Jefferson County office in the City of Hillsboro does not have adequate work space available for the additional staff and to meet the increased space needs. Establishing an additional office in Jefferson County, particularly in the City of Arnold, would be beneficial to clients and community safety.

There are approximately 1,800 clients in Jefferson County currently under supervision by the Division of P&P. Of these 1,800 clients, approximately 460 would be supervised by staff in the new office.

The Department of Public Safety, Missouri Veterans Commission (MVC) currently leases office space in Osage Beach. The owner of this space has determined they may need our tenant space for other purposes. It is the intent of MVC to locate suitable replacement space in the Lake Ozark, Camdenton, or Osage Beach area.

MVC service offices must have certain attributes to meet the needs of the MVC and the Veterans we serve and their families. Our clients are very often handicapped in some way, making additional space necessary for the Veteran as well as their family member(s). Therefore, the space must be Americans with Disabilities Act compliant. It is equally important that our offices allow us to be HIPAA compliant and maintain confidentiality due to the nature of the conversations between the service officer and the Veteran, which typically deals with health issues, finances and other personal information.

DEPARTMENT REQUEST:

This decision item requests spending authority for a new leased location with one office, one reception area, one file storage room, one break room, and one restroom.
