**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR**

Funding for continued services is requested for children placed in the care and custody of the Children's Division (CD). Shortfalls are projected in children's placement costs and services for Adoption/Guardianship Subsidy and Foster Care. The number of children moving to permanent homes through either adoption or guardianship has increased. With increased efforts through legislation expanding the definition of eligible guardians, CD has seen an increase in the number of children in guardianship. Children in Adoption Subsidy and Guardianship increased by 854 and 279 respectively in FY19. CD is placing a concentrated effort to decrease the number of children in Foster Care by moving them to a permanent home in FY20. As a result, the number of children moving to permanency are expected to increase in FY20.

On an average Foster Care has seen an approximate 4% increase in costs since FY15. In FY19, DSS saw an increase in children throughout the year of 0.64% over FY18 which equates to approximately 87 more children throughout the year. Since FY16 the number of children in care and custody of the CD has increased; FY16 (1.85%), FY17 (1.48%), FY18 (0.82%) and FY19 (0.64%). While the increase in the number of children has declined, children are staying in care approximately two months longer resulting in increased costs for FY20. Because of the increased length of stay, a supplemental request is needed for FY20. This is a continuation of supplemental funding.

State statute: Sections 453.005 - 453.170, RSMo. ; Federal: 42 USC Sections 670 and 5101

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Projected shortfalls are based on July End of Month Projections. In FY20, funding was added to Residential Treatment Service for Rate Rebasing (\$3,358,942 GR / \$4,543,566 Federal) a portion of the FY20 NDI (\$2,048,305 GR / \$3,903,995 Federal) should have been placed in MO HealthNet's Rehab appropriations for Medicaid related expenditures for children in Residential Treatment Services. This funding is being used to offset the cost-to-continue request.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.300**

**Program Name: Children's Division Administration**

**Program is found in the following core budget(s): Children's Administration**

### **1a. What strategic priority does this program address?**

Effective, supported, and accountable workforce

### **1b. What does this program do?**

The mission of the Children's Division (CD) is to partner with families and communities to protect children from abuse and neglect and to assure safety, permanency, and well being for Missouri's children. CD Administration provides funding for salaries and expense and equipment for all CD Central Office staff who provide direction and support to the entire Division. Central Office is responsible for the direction and management of all Division programs. The following is a description of units responsible for the management of CD programs.

Children's Division Director's Office is responsible for coordination of human resources functions with the Department's Human Resource Center, legislative affairs, coordination of legal support with Division of Legal Services, and coordination of fiscal functions with the Division of Finance and Administrative Services. Focus is placed on proactive internal and external communications to enhance the division's relationship with staff, clients, partners, and the public.

Child Abuse and Neglect Prevention is responsible for programs to help ensure Missouri's children are safe and work to prevent children from coming into the care and custody of CD. This includes overseeing the Child Abuse and Neglect Hotline, out of home investigations, policy supervision, critical events, interagency prevention initiatives and partnership development, and implementation of the Family First Prevention Services Act. Focus is placed on safety of the children and providing support for those services.

Permanency is responsible for programs supporting the permanency and well-being of Missouri's Children. This includes overseeing Foster Care, Adoption/Guardianship, interdepartmental placement management, policy and program development, field support to regional and circuit managers, older youth programs and health initiatives. Focus is placed on the delivery of child welfare services and providing support for those services.

Operations and Administration is responsible for communications, constituent services, emergency management, strategic planning, systems development and support, quality assurance and quality improvement, and professional development and training. Focus is placed on strategic planning and the use of data to maintain and improve the delivery of services, and maintenance of the state's IV-B Plan (Social Security Act reference for Safe and Stable Families – prevention).

Early Childhood & Prevention is responsible for child care subsidy administration, Early Childhood Programs, interagency prevention initiatives and partnership development, and provider registration. Focus is placed on supporting childcare consumers and providers, and on activities that can assist families before children enter the child welfare system due to abuse and neglect.

HB Section(s): 11.300

Program Name: Children's Division Administration

Program is found in the following core budget(s): Children's Administration

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

Planned FY2020 expenditures are net of reverted and reserves.

**4. What are the sources of the "Other " funds?**

Third Party Liability Fund (0120)

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute(s) - Sections 207.010 and 207.020, RSMo; Federal 42 USC Sections 670 and 5101

**6. Are there federal matching requirements? If yes, please explain.**

Expenditures are allocated in accordance with the methodology outlined in the department's cost allocation plan and charged to corresponding grants or used as maintenance of effort as appropriate.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act (CAPTA) obligate Missouri to investigate reports of child abuse, neglect and care for children who are abused and neglected. Administrative activities related to these obligations are considered mandatory.

**2. CORE DESCRIPTION**

This appropriation provides funding for personal services and expense and equipment for Children's Service Workers and support staff in each of the 46 Judicial Circuits in the State of Missouri. Front line staff respond to allegations of child abuse or neglect; provide assistance for families in need of services to keep or return children home safely; secure appropriate out-of-home placements for children placed in the division's custody; and locate permanent homes when it is in the best interest of the child. As a whole, Missouri's Child Welfare System became accredited through the Council on Accreditation (COA) effective November 2009 and was reaccredited March 2015. Children's Division is currently going through the re-accreditation process. Maintaining these standards helps to ensure the safety of children and to expedite moving kids from state custody to permanency.

Reverted includes statutory reserve amounts (when applicable).  
 Restricted includes Governor's expenditure restrictions which remained at the end of the fiscal year.

**NOTES:**

- (1)** FY17 - 10 FTE and \$408,000 GR was appropriated and then placed in restriction. A Pay Plan cost to continue was added for \$1,528,550 (\$628,350 GR, \$898,774 FF and \$1,426 OT). There was an agency reserve of \$916,747 FF due to empty authority.
- (2)** FY18 - The 10 FTE and \$408,000 GR that was granted in FY17 was core reduced.
- (3)** FY19 - 1 FTE and \$31,688 (\$13,024 GR and \$18,664 FF) was core reduced due to the consolidation of Child Care. A pay plan was added totaling \$698,150 (\$252,124 GR, \$445,348 FF, \$678 OF). Reverted amount of \$968,553 GR was transferred out to the Legal Expense Fund. Lapse of \$1,241,790 was not spent due to increased turnover of Children Service Workers around the state.
- (4)** FY20 - A 3% Pay plan was appropriated totaling for \$1,189,806 (\$632,805 GR, \$555,891 FF, \$1,110 OF) and CBIZ market rate compensation funding of \$816,793 (\$504,875 GR and \$311,918 FF) both beginning January 1, 2020. A cost-to-continue for the other half of the pay plan recommended in FY19 was appropriated totaling \$698,150 (\$252,124 GR, \$445,348 FF, \$678 OF). Additional funding was appropriated for the Career Ladder totaling \$531,048 (\$345,181 GR and \$185,867 FF).

**FLEXIBILITY REQUEST FORM**

<b>BUDGET UNIT NUMBER:</b>	90085C	<b>DEPARTMENT:</b>	Social Services
<b>BUDGET UNIT NAME:</b>	Children's Field Staff/Ops	<b>DIVISION:</b>	Children's Division
<b>HOUSE BILL SECTION:</b>	11.305		

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

**GOVERNOR'S RECOMMENDATION**

***Contract Administration Flexibility***

<i>Foster Care Case Management</i>	\$39,786,333	10%	\$3,978,633
<i>Child Field Staff/Ops</i>	\$93,152,663	10%	\$9,315,266

<b>Total</b>	<b>%Flex</b>	<b>Flex Amount</b>
\$ 132,938,996	10%	\$13,293,900

Not more than ten percent (10%) flexibility is requested between sections 11.305 and 11.340

**2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.**

<b>PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED</b>	<b>CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>	<b>BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED</b>
None	HB11 language allows up to 10% flexibility between subsections of 11.305 and 11.340	10% flexibility is being requested for FY 21.

**3. Please explain how flexibility was used in the prior and/or current years.**

<b>PRIOR YEAR EXPLAIN ACTUAL USE</b>	<b>CURRENT YEAR EXPLAIN PLANNED USE</b>
None	Contract Administration flexibility for the two areas listed will allow for funds to be used for Foster Care Case Management when caseloads increase and appropriation authority has been exhausted.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.305**

**Program Name: Children's Field Staff and Operations**

**Program is found in the following core budget(s): Children's Field Staff and Operations**

### **1a. What strategic priority does this program address?**

Effective, supported, and accountable workforce

### **1b. What does this program do?**

The Children's Division (CD) highest priorities are to ensure the safety of children and move children from the state's custody to permanency. The Division protects Missouri's most vulnerable children by responding to allegations of child abuse and neglect; assisting families to help children remain in or return home safely; ensure safe out-of-home placements for children placed in the Division's custody; and locate permanent homes for children who cannot return home.

CD direct service staff, supervisory, administrative, and clerical support the programs administered. The Division's administrative structure provides that the Division Director or Deputy Director will supervise regional administrative staff, and they in turn will manage the Division's local county offices which are organized into judicial circuits. Regional staff are responsible for all programs operated by the Division within their respective region. Each Circuit Manager has similar responsibility for that circuit's staff, and employs supervisory and clerical staff to facilitate the management of these programs. A typical circuit structure would have a unit or units of Children's Service Workers, a Social Service Supervisor(s), clerical staff, and a Circuit Manager.

Administrative staff are engaged in activities related to program monitoring and evaluation, personnel management and appraisals, training, and automated system support. These positions are responsible for quality of service provision and for monitoring of case activities to assure accuracy. They also provide significant on-the-job training to new employees. Supervisory staff are allocated based on a ratio of one (1) to no more than five (5) workers. Clerical staff assist clients entering the local offices, organize and coordinate work flow, and perform data entry functions.

Children's Service Workers investigate child abuse and neglect reports, perform family assessments, provide permanency planning for children, and ensure that permanency is achieved in an expeditious manner. The Children's Service Worker is an advocate for the children, and an integral partner with the juvenile court. They assure the safety of the child, and provide for the needs of the children and their families in a manner that serves the child's best interest. According to Section 210.112, RSMo, it was the intent and goal of the General Assembly to have the CD attain accreditation by the Council on Accreditation (COA). On November 13, 2009, COA announced that CD was fully accredited. Since then the Division has remained accredited, and in December 2017, successfully met requirements for interim re-accreditation and is currently going through the full re-accreditation process. Attaining and maintaining accreditation demonstrates to consumers and stakeholders that the CD is adhering to nationally recognized standards. COA supports sound policy and reasonable caseload sizes to help ensure the safety and welfare of children. The following is a brief discussion of the major responsibilities of the Children's Service Worker. CD is in the process of implementing several strategies focused on family engagement through the Five Domains of Wellbeing, Signs of Safety, Structured Decision Making, Team Decision Making, and Trauma Informed practices.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.305**

**Program Name: Children's Field Staff and Operations**

**Program is found in the following core budget(s): Children's Field Staff and Operations**

Responding to Reports of Child Abuse and Neglect: A Children's Service Worker initiates an investigation or family assessment into allegations of child abuse or neglect within 24 hours of the report to the Child Abuse & Neglect Hotline. If the report indicates behavior that may constitute a criminal violation, the report is screened as an investigation and law enforcement is contacted to co-investigate. An investigation determination is made as to whether abuse/neglect has occurred and if so, the name of the perpetrator is placed in the Central Registry. Services are provided to the family as appropriate. Reports of child abuse/neglect that do not appear to be of a criminal nature are addressed through a family assessment. The primary purpose of the comprehensive family assessment is to assess the child's safety and the family's need for services. The agency seeks to form a collaborative relationship with the family and their community to build on existing strengths. Through this process the focus is on long-term success for the family, rather than on an individual incident.

Family-Centered Services: If the result of the investigation or family assessment concludes that the child is in danger, the worker collaborates with law enforcement and/or the Juvenile Court to take immediate steps to protect the child and begins working with the family to prevent any further abuse or neglect. Treatment services are put into place to help prevent the reoccurrence of abuse or neglect and to help the family regain custody in instances where the removal of the child(ren) was necessary.

Alternative Care: In many instances the protection of the child requires the removal of the child from the home and placement in an alternate living arrangement. The Children's Service Worker makes arrangements for this placement, monitors the placement, and when appropriate makes plans for the subsequent return of the child to their natural home.

Recruitment and Retention: CD contracts for all recruitment, recommendations for licensure/approval, and retention of resource homes in Jackson County and the Northwest portion of the state. The contract began as a pilot, as required by a report of the Task Force on Recruitment, Licensing and Retention of Foster Care and Adoptive Homes, and has continued since. CD is also piloting an enhanced effort for recruiting, licensing, and retaining foster and adoptive homes in the southern regions of the state.

The Children's Division Child Abuse and Neglect Hotline Unit (CA/NHU): The hotline accepts confidential reports of suspected child abuse, neglect, or exploitation. Reports are received through a toll-free nationwide telephone line which is answered seven days a week, 24 hours a day. Members of certain occupational groups, such as teachers, social workers, and physicians are mandated by law (mandated reporters) to make reports to the hotline. The reporters are able to make reports that are non-emergency in nature through a web-based on-line application. Any person may report and anonymous reports are accepted from individuals who are not mandated by occupation to report through the toll-free telephone line. Missouri law requires mandated reporters to identify themselves when making a report. The toll-free number is 1-800-392-3738. In addition, all schools are required by law to post signs containing a child-friendly acronym for the child abuse hotline. That phone number is 1-844-CAN-TELL. In 2018, the phone system was updated from analog to digital with additional call management capabilities such as expanding the queue size to allow for 50 callers instead of 12 and adding a callback option for mandated reporters.

Permanency Attorneys: The Foster Care budget includes CD contracts with attorneys to achieve timely permanency of children in state custody. Additional attorneys were also hired to assist in the courtroom and work side by side with staff to help move children to permanency. Contracted and staff attorneys are placed throughout the state to assist in the reduction of children in state custody.

## PROGRAM DESCRIPTION

**HB Section(s): 11.305**

**Program Name: Children's Field Staff and Operations**

**Program is found in the following core budget(s): Children's Field Staff and Operations**

Mobility Project: CD provides iPads to approximately 1,500 frontline staff statewide. CD staff use the Family and Children Electronic Services (FACES) application and virtual desktop (VDI) to enter and save case data while out in the field. In addition, staff use the iPad to access email, calendars, FaceTime to supplement visits between incarcerated parents and children, GPS for locating homes, internet access to search for local services to serve family needs, the Signs of Safety application, the Child Protector application including talk to text, and free texting applications that allow staff to use the iPad to text with clients. All iPads are equipped with 3G data plans. Wi-Fi access has been installed in all Children's Division offices.

**4. What are the sources of the "Other " funds?**

Health Initiatives Fund (0275)

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State Statute(s): Sections 207.010, 207.020, and 208.400, RSMo.; Federal: 42 USC Sections 670 and 5101.

**6. Are there federal matching requirements? If yes, please explain.**

Children's Division administrative reimbursement is based on the Children's Division random moment time study rate of approximately 35.70% federal (64.30% state match), which is reimbursable at the IV-E administrative rate of 50% (50% state match) for IV-E allowable expenditures. The time study rate is determined by polling a select number of Children's Division staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Line staff and operations activities related to these obligations would be considered mandatory.

Currently, staff utilize their personal cell phone for work purposes to interact with parent and youth through texting and phone calls. The Children's Division (CD) is requesting funding to purchase smartphones for front line staff. While the iPads can be used for texting purposes, it does not have the capability for calls which is a necessity for the interaction between the worker and parents and youth. It is the intent of the Children's Division to equip staff with the tools necessary to do their job as efficiently and safely as possible. Issuing state phones will assist in this effort.

Providing front line staff cell phones creates a better sense of safety for the worker. Many times staff are by themselves in tense situations or remote areas. Additionally, state issued phones eliminates the legal concern of personal phones being used for work as some staff have had their phone confiscated for investigation purposes of a case, leaving them without a phone for several days.

As CD will continue to use iPads, the intent is to turn off the existing data plan and put the data plan on the phone resulting in a cost savings. The state issued phone will tether with the iPad and serve as the data plan. Currently, CD is anticipating piloting phones in an urban and a rural region.

CD is requesting state issued iPhones for 1,400 staff. The cost includes iPhone, cases, and service costs offset by the removal of iPad data plans. Ongoing costs to support the monthly service costs would remain in the budget. Monthly service costs include unlimited text and data with an allocated number of minutes for voice and tethering costs.

**PROGRAM DESCRIPTION**

**Department: Social Services**

**HB Section(s): 11.310**

**Program Name: Children's Staff Training**

**Program is found in the following core budget(s): Children's Staff Training**

**1a. What strategic priority does this program address?**

Effective, supported, and accountable workforce

**1b. What does this program do?**

The Children's Division (CD) staff training program provides a well trained workforce that is vital to insuring children and families are treated and supported while CD is involved and can reduce turnover of front line CD staff. The Leadership and Professional Development unit provides training and development for staff, resource providers, and contracted case management partners. This program operates through coordinated, regionally located training teams that provide a continuum of leadership and professional development opportunities, including new employees and resource parent training, and ongoing and continued development for tenured staff and contracted partners.

CD Leadership and Professional Development unit provides training to staff on CD policies and practices, using federal and state statutes as a framework to ensure children and families receive the appropriate services to meet their individual needs. New staff receive formal in-class training, and on-the-job (OJT) training with their supervisor and/or specialist coach. Ongoing training is provided to staff based on updated policy and/or changes to state and federal statutes. CD is increasing its efforts to utilize webinars and eLearning opportunities allowing staff to spend more time with children and families addressing their needs.

**2a. Provide an activity measure(s) for the program.**

\* The FY19 drop in training is due to turnover which affects new hire training. Additionally, new training was implemented in FY18 resulting in the majority of staff being trained (including tenured staff); therefore, reducing the number of staff being trained on same/similar training.

**2c. Provide a measure(s) of the program's impact.**

CD implemented a new evaluation tool for Child Welfare Practice Training which measures all of the training aspects, to include classroom, on-the-job coaching, shadowing, and co-worker interactions. This evaluation tool is completed at the end of each stage of training.

**2d. Provide a measure(s) of the program's efficiency.**

CD began utilizing webinar and eLearning training tools in FY18 to maximize learning opportunities, while decreasing costs associated with lodging and travel.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

Planned FY 2020 expenditures are net of reverted

**4. What are the sources of the "Other " funds?**

N/A

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 210.543, 210.112 (4), and 210.180,RSMo. ; Federal: 42 USC Sections 670 and 5101.

**6. Are there federal matching requirements? If yes, please explain.**

Child Welfare training expenditures may receive a 50% or 75% federal match for IV-E.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Training related to these obligations would be considered mandatory.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.315

Program Name: Children's Treatment Services

Program is found in the following core budget(s): Children's Treatment Services

### 1a. What strategic priority does this program address?

Protecting children from abuse/neglect

### 1b. What does this program do?

The Children's Division Children's Treatment Services (CTS) program provides services designed to assist children and families with reducing risks to child safety, and improving family functions. Services include traditional therapeutic psychological testing, assessments and counseling, crisis intervention, emergency medical examinations for allegation of CA/N, transportation, juvenile court diversion, intensive in-home services, and intensive family reunification services. Each area of service is described in greater detail below.

#### "Traditional" CTS Services

Services are provided to families with children identified as abused or neglected, or at risk of abuse or neglect, to prevent injury to the children and to reduce the risk of abuse/neglect. Because of the multitude of challenges experienced by these families, it is necessary to have a variety of services available. Services provided through CTS contracts are intended to prevent further incidents of child abuse and neglect by strengthening families through services delivered, to divert children from foster care, and to assist families in having their children returned to their homes. The services described below are available on a statewide basis. MO HealthNet funding is used in lieu of CTS when the child or family is MoHealthnet eligible and the service is covered by Medicaid.

CTS Services include:

- Mental Health Assessment – Assessment services to identify the treatment needs of the child or family for the purpose of assisting the Division to develop and implement a treatment plan
- Behavioral Health Services – Services required to meet the child's additional needs which require additional units outside of MO HealthNet coverage
- Crisis Intervention Services – Services to a child to alleviate or diffuse a situation of immediate crisis
- Day Treatment – Therapeutic treatment programs to serve emotionally disturbed, developmentally disadvantaged, and abused or neglected children, and to provide therapy for members of the child's family
- Drug Testing – Specimen collection, evaluation and reporting of drug testing panels administered to clientele of the Division
- Family Therapy – Intensive family therapy treatment services to families at the contractor's facility or in the home of the family
- Group Therapy – Guidance and instruction provided through therapeutic interaction between the contractor and a group consisting of two or more individuals
- Individual Therapy – Therapy in the form of guidance and instruction
- Parent aide – Placement of a trained parent aide in the home of a family as part of the family/child's case treatment plan. The aide assists the parent(s) in developing parenting and homemaking skills
- Parent Education and Training Program – The contractor provides an instructional program in the form of appropriate parenting techniques for a group consisting of three or more individuals. The programs are competency based, to demonstrate appropriate parenting techniques

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.315**

**Program Name: Children's Treatment Services**

**Program is found in the following core budget(s): Children's Treatment Services**

- Psychological Testing – Testing services which shall include: the administration and interpretation of an individual battery of test; the submission of a written report stating the result of the tests; and a recommendation for treatment
- Respite Care – The provision of 24 hour per day placement services for children who are living outside their own homes and who need short term placement
- Service Delivery Coordination – Identifying and accessing community resources on behalf of a specific child or family
- Speech Therapy – Services for children who have speech, language or hearing impairments. Services may be provided by a licensed speech language therapist or by a provisionally licensed speech therapist working with supervision from a licensed speech language therapist
- Vision Therapy – Provides an individualized, supervised, treatment program designed to correct visual-motor and/or perceptual cognitive deficiencies
- Domestic Violence Batterer's Intervention Program – This intervention program is intended to help clients modify behavior patterns and break the cycle of violence by learning new skills around power and control, and accountability and communication
- Nursing Services – Provides professional nursing care for assigned pediatric clients in a home care environment
- Personal Assistance (Behavioral and Medical) – Provides services that assist with any activity of daily living (ADL) or instrumental activity of daily living (IADL)
- Pervasive Developmental Services Coordinator – Provides assistance with treatment plan development, consultation, environmental manipulation and training clients with developmental disabilities whose maladaptive behaviors are significantly disrupting their progress toward a successful family environment
- Substance Abuse Treatment Services – Includes thorough client assessments and client specific treatment interventions designed to address alcoholism, drug dependence, and addiction

### Crisis Intervention Funds

These funds allow the Children's Division (CD) to address the critical financial and resource needs of families served. The funds are utilized for families being investigated for child abuse/neglect who are receiving CD services. The service is accessed only when other resources to alleviate the crisis have been fully explored. Eligible services include home repair, child safety items, health related purchases, employment/school supplies, household items, rent/mortgage arrears, and transportation.

### Emergency Medical Exams Related to CA/N

The Division pays for medical examinations related to child abuse investigations when other payment resources (e.g. Medicaid, private insurance, direct payment by parents) are not available.

### Transportation

Purchase of transportation services to transport clients to and from services such as to medical appointments, counseling sessions, etc.

### Juvenile Court Diversion

This service allows the Juvenile Court to provide services to youth who come to their attention without placing the youth in the custody of CD. The services are aimed at diverting the children from CD custody.

### Intensive In-Home Services

Intensive In-Home Services (IIS) is a short-term, intensive, home-based crisis intervention program that offers families in crisis the possibility of remaining safely together and averting the out-of-home placement of children. Families that have a child or children at imminent risk of removal from the home due to neglect, abuse, family violence, mental illness, emotional disturbance, juvenile status offense, and juvenile delinquency are offered IIS. The IIS program combines skill-based intervention with maximum flexibility so that services are available to families in their home or other natural setting according to their unique needs. Among other services, family members may receive individual and family counseling, parenting education, child development training, household maintenance education, nutritional training, job readiness training, and referral to other community resources. Services provided are focused upon assisting in crisis management and restoring the family to an acceptable level of functioning.

Intensive Family Reunification Services (IFRS) are intensive, short-term, home-based interventions provided to reunite children in out-of-home care with the child's identified family. The purpose of IFRS are to improve the family's functioning, teach skills to enable family members meet the needs of the family's children, and gain support within the family's community to enable families to be safely reunified. This intervention is approximately 60-90 days in duration, and staff are available to the family 24 hours a day, seven days a week, in order to ensure that children transition successfully back to their homes and communities.

IIS and IFRS are available statewide for the benefit of all Missouri families.

The Children's Division (CD) requests an increase in Children's Treatment Services (CTS) therapeutic services rates to be consistent with Medicaid rates for the same service. Currently, there is a discrepancy between CTS and Medicaid rates due to increases given for Medicaid rates. This will help encourage providers to provide treatment knowing the rate will be aligned with Medicaid's rates. CD has seen many occasions where services would not be provided due to CTS' lower rate. An increase will encourage providers who are not providing services to become contracted CTS providers.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Additional funding is requested to bring parity to CTS therapeutic rates with Medicaid rates. Currently, most of the rates for therapeutic services are below the Medicaid rate. The request is the difference between the FY20 CTS and Medicaid rates. This request does not include all services as many are not eligible for Medicaid reimbursement.

**2. CORE DESCRIPTION**

Crisis Care provide temporary care for children whose parents/guardians are experiencing an unexpected crisis or emergency situation that requires immediate action resulting in a need for short-term care and who would be at risk for abuse and neglect or at risk of entering state custody without this care. Crisis care services are designed to alleviate the immediate stress, and to enhance the families' capability of preventing future crisis or emergency situations from occurring. Crisis Care providers serve children ages birth through 17 years of age. Some examples of crisis or emergency situations include unexpected hospitalization of a parent or another child in the home, unexpected incarceration of one or both parents, death of one or both of the parents, or leaving with no one immediately available to care for the child or children. Lack of food, utilities, shelter, domestic violence, overwhelming parental stress, and other crisis situations that jeopardize the immediate safety and well-being of the child or children are also examples of crisis or emergency situations. Some families have minimal support systems to rely on in times of crisis. These services assist families in overcoming current crisis situations and help to build future support networks to assist in times of need.

**Program Name: Crisis Care**

**Program is found in the following core budget(s): Crisis Care**

**1a. What strategic priority does this program address?**

Protecting children from abuse/neglect

**1b. What does this program do?**

The Children's Division Crisis Care program provides temporary care for children (ages 0-17) whose parents/guardians are experiencing unexpected crisis or emergency situations requiring immediate action resulting in short-term care and who would be at increased risk for abuse and neglect and/or at risk of entering state custody without this care. Care for these children typically results from an immediate emergency, where the parent has no other support system to provide care for the child(ren). Examples of situations include: parental incarceration or death, hospitalization or another sick child in the household, homelessness, domestic violence, increased parental stress, or lack of basic needs. Crisis Care Providers take a holistic approach with the family, to not only address the immediate crisis, but to also look at the underlying issues that cause the crises. Additionally, Crisis Care Providers aid the families in building a natural support network and educate the families how to better cope with crises that result in the need for Crisis Care services.

Crisis Care services are provided free of charge to families voluntarily accessing services in response to a family crisis. These services are available twenty-four hours a day, seven days a week. A teen or child will be accepted at a crisis care facility at any time, day or night, if space is available. If space is not available, families are referred to other crisis care facilities or to other resources that meet their immediate needs. Crisis Care contracts are awarded through a competitive bid process. The annual award amounts are outlined below.

**2. CORE DESCRIPTION**

The purpose of the Home Visiting program is to prevent child abuse and neglect, and to divert children from the custody of the state, by providing free, voluntary parent education, support and incentives to low-income families currently pregnant or who have a child/children under the age of 3 . Funding is used to support local community social service agencies and community partners, to provide home visiting services using evidence based parenting models. This appropriation funds early childhood development programs, targeting low-income families with children under the age of 3, to ensure that these children have positive early childhood experiences both in and out of the home. These programs reduce the potential for child abuse and neglect and help prepare children to enter school ready to succeed.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.320**

**Program Name: Home Visiting**

**Program is found in the following core budget(s): Home Visiting**

### **1a. What strategic priority does this program address?**

Protecting children from abuse/neglect

### **1b. What does this program do?**

The Children's Division Home Visiting program provides in-home services for at-risk families designed to assist with the prevention of child abuse and neglect by offering additional in-home support.

The purpose of the Home Visiting Program is to prevent child abuse and neglect and divert children from state custody by providing voluntary services to eligible parents whose family income does not exceed 185% of the federal poverty level, and are currently pregnant or have a child under the age of 3 years. The program provides parents with education in the areas of early childhood development, parenting skills, protective capacities, and school readiness with a focus on preventing the risk of child abuse and neglect. The Home Visiting program also provides parents with hands-on training and educational support groups, developmentally appropriate books and toys for the children, and various incentives for the parents to keep them engaged in the program. As the child(ren) age out of the program, they are referred to a Parents as Teachers (PAT), Head Start, or other early learning program to maintain continuity of educational services for the family. In the FY20 Home Visiting Request for Proposal (RFP), providers that are awarded the Home Visiting contract will also offer parent cafés to enrolled families to encourage peer to peer learning and networking opportunities.

The Home Visiting program is located in 11 regions across the state with 8 Partnership Agreements, and 11 Competitive Contracts providing Home Visiting Services. As a result of the FY20 funding increase, Home Visiting services will be provided statewide upon the award of the new contract to reach more at-risk families. Home Visiting contractors and partnerships currently utilize either an evidence-based or promising approach model focusing on the areas of child abuse and neglect prevention, early childhood development, parent education, positive brain development, and school readiness. Home Visiting contractors and partnerships are required to serve 70% Children's Division involved families, ensuring that preventing and reducing the risk of child abuse and neglect is the highest priority.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.325

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

### 1a. What strategic priority does this program address?

Safety and wellbeing for foster youth while safely reducing children in care

### 1b. What does this program do?

The Children's Division (CD) Foster Care program provides the least restrictive environment for children placed into foster care by Missouri courts. Services and supports are provided to youth, birth parents, and caregivers to remedy the issues that prompted the child(ren) being brought into custody. The Division works toward permanency (reunification, adoption, or guardianship) for all children in their custody, while also working toward improving their well-being.

#### Traditional Foster Care Program

Many children and youth are brought to the attention of CD and the court as a result of serious abuse or neglect. Other children are placed in the custody of CD as a result of mental or behavioral health challenges and delinquent behavior.

By law, CD is required to make reasonable efforts to provide support and services to every parent/caregiver and child to reduce risk of serious harm to the child prior to and during out of home placement. Courts must determine and document whether sufficient reasonable efforts were made by CD at every court hearing. CD has a responsibility to provide for the well being (physical, medical, educational, emotional, and social/behavioral needs) for all child(ren) in care. CD must also develop and implement, in a timely manner, the most appropriate treatment plan with the family to facilitate early reunification or another permanent plan for the child. Children are returned to the custody of their parents or placed in other permanent arrangements only by order of the court.

To make payment for a child while in out-of-home care, the child must be described in the court order as abused/neglected or having committed a status offense and be placed with a licensed and contracted foster family, residential facility, relative family, or transitional living placement.

Licensed foster homes and licensed relative care providers receive a standardized monthly maintenance payment to cover daily living expenses such as room, board, clothing and incidentals, and an additional annual clothing allowance based on the age of each child. Foster and relative families caring for children between the ages of 0-36 months also receive an additional \$50 per month to help meet the special needs of infants, such as diapers, formula, and supplies. Foster homes who serve children with elevated needs (Level A, Level B, and medical foster care) receive payments based on the enhanced needs of the child.

All foster children, regardless of placement type, are eligible to receive medical/dental care, including services available through the Healthy Children and Youth (HCY) preventative health care program, Title XIX through MO HealthNet, Child Care, special medical and non-medical expenses, and Children's Treatment Services (CTS).

The Children of Youth in Alternative Care (CYAC) program allows for the provision of maintenance and special expenses for a child who is born to a youth in the CD's custody. The youth and child must be in the same eligible placement.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.325**

**Program Name: Foster Care**

**Program is found in the following core budget(s): Foster Care**

### Youth with Elevated Needs - Level A Program

Youth with Elevated Needs - Level A - a foster family placement program designed for children who have moderate to severe behavior issues. These children require a family setting that can provide greater structure and supervision. Children with elevated needs experience multiple placements due to their behavior in traditional foster care placements.

A goal of the Level A Program is to provide children, with moderate to severe behavior issues, an individualized, consistent, structured family setting in which they can learn to control behaviors which limit their ability to function in a normal home setting and in society. Level A Foster Care is not meant to replace appropriate residential treatment placement. However, it is intended to provide an alternative to residential treatment for children experiencing moderate to severe behavioral problems. In order for the Level A foster parent to provide the structure, consistency and individualization these children require, they are allowed to care for no more than two Youth with Elevated Needs at a time with a total of no more than 6 alternative care children. CD ensures parents are adequately prepared and supported to effectively care for and intervene on behalf of the children placed in their home.

Families/individuals interested in providing this level of care for children must meet all foster home licensing requirements plus receive an additional eighteen (18) hours of specialized training. The Level A Foster Care parent serves as the primary change agent for these children and must provide a firm, consistent, nurturing and normalizing environment in which the children receive twenty-four (24) hour supervision. They receive a higher monthly rate to ensure the consistency, availability, and intensity of care these children require.

CD staff and the Level A Foster parent meet monthly to assess the child's continuing need for this level of care. A formal reassessment is completed every six months.

### Youth with Elevated Needs - Level B Program

The Level B Foster Parent Program was developed as a result of seeing an influx of children with increased diverse and complex needs that were not adequately met through traditional foster care or the Level A Program. These children experienced multiple placements as they were moved from foster family to residential care, and back again, in an attempt to secure stability. Such moves were often very traumatic for the children and at high cost. A goal of the program is to provide children who exhibit serious behavior and emotional disorders with intensive individualized intervention in a family and community based setting. Level B placements are viewed as a transitional placement designed to stabilize the child and prepare him/her for a less structured environment, i.e., traditional foster care, family reunification, and/or successful independence.

Children who qualify for Level B care may pose a threat to the safety of themselves, others, or property. Due to the severity of the children's needs, Level B Foster Parents are not allowed to care for more than two children screened in for this level of care at the same time, with a total of no more than four children.

Families/individuals interested in providing specialized Level B care and interventions for children and youth must meet all foster home licensing requirements, receive an additional nine (9) hours of Level B foster parenting workshops plus the eighteen (18) hours of specialized Level A training, and demonstrate the skills required to care for children requiring this high level of structure and care. The Level B Foster Parent serves as the primary change agent for these children and must be available to respond immediately to any problem experienced or created by the child, whether it is at home, at school, or in the community. Level B Foster Parent homes receive a higher monthly-rate to ensure their availability to meet the needs of the children daily.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.325**

**Program Name: Foster Care**

**Program is found in the following core budget(s): Foster Care**

Each month, CD staff and the Level B parent meet to assess the child's continuing need for this level of care. A formal reassessment is completed every six months.

### Medical Foster Care Program

Some examples of children who may qualify for Medical Foster Care include those suffering from: "shaken baby" syndrome, multiple sclerosis, cerebral palsy, muscular dystrophy, severe apnea, debilitating heart/lung/kidney conditions and failure to thrive, drug affected children, wheel chair bound children who suffer from complications of other illnesses, and severely developmentally delayed children with complicating illnesses. Each month CD staff and the Medical Foster Care Parent will assess the child's continuing need for this level of care. Every twelve (12) months a formal reassessment is required to determine the progress of the child and the continued need for Medical Foster Care. Chronically ill or terminally ill children may require this level of care for long periods of time.

Families/individuals interested in providing this specialized level of care for children and youth must meet all foster home licensing requirements and must possess the experience, time, and commitment to provide necessary service to the Medical Foster Care child. The families/individuals must receive child specific training from the medical professionals currently caring for the child in the hospital or rehabilitative setting. Medical Foster Care families receive a higher monthly rate to ensure the level of care, availability, and intensity of care these children require.

These children require far more than the routine daily care of children in non-medical settings. This may include assistance with bathing, eating, dressing, and their normal activities. They may also require medical treatments on a daily basis and/or frequent trips for medical care/therapy.

### Emergency Foster Care Program

The Emergency Foster Care Program was designed to meet the needs of children who, after careful assessment, are determined to be in serious danger or threat of harm if they remain in the care of their parent(s), and that delivery of protective services will not provide immediate adequate protection for them. In many instances the family and children require immediate, short term separation in order for family members to remedy the problems which prompted the children being brought into care. Emergency Foster Care is not intended to be a long term placement, and generally is not to exceed thirty (30) days. When possible, the children are placed in relative homes, and only when these resources are not available, are the children placed in Emergency Foster Care.

Families/individuals interested in providing this level of care for the children and youth must meet all foster home licensing requirements and must possess the commitment to provide emergency care for children 24 hours a day, for a maximum of thirty (30) days. Emergency Foster Care Homes must accept placements of children at any hour of the day, 7 days a week, and agree to maintain bed space, within their licensed capacity, for designated children. Emergency Foster Care parents are paid a higher daily rate for children placed in their homes under this program to compensate for the intensive one-on-one attention these children require and for the twenty-four hour availability.

### Foster Care Case Management

Contracted Case Management providers receive a case rate per child per month for children being served by the private agency. A portion of that case rate is for foster care services and is paid from this appropriation. Contracted case managers contract directly with foster, relative, and respite providers.

**Program Name: Foster Care**

**Program is found in the following core budget(s): Foster Care**

### Relative Care Program

The Relative Care Program exists because it is the most desirable and first choice for children who must be removed from their homes. Relative care provides children in the custody of CD with familiar caretakers who have previously been involved with the family. Relative foster care providers are persons, related by blood or marriage to the child or who have a close relationship with the child and/or the child's family. Relative care providers must also meet the same licensing/approval standards as non-relative foster homes, with the exception of certain non-safety licensing standards which can be waived with Regional Office approval. Grandparents must be notified first when children are removed from their homes per Missouri statute and CD policy.

### Legal Expenses

The Foster Care appropriation is used to pay legal expenses when a child cannot safely return home, and a decision is made to terminate parental rights. Legal expenses include litigation fees, attorney fees, and costs. Attorneys may contract directly with the department, or they may be secured by the prospective adoptive parents.

### Definitions:

**Level A:** Placements for children with severe to moderate behavior problems.

**Medical:** Placements for children with acute medical problems or severe physical/mental disabilities.

**Level B:** Career foster parents - placement for children with serious severe emotional and/or behavior problems.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

**4. What are the sources of the "Other " funds?**

Foster Care and Adoptive Parents Recruitment and Retention Fund (0979)

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 173.270, 211.031, and 453.315, RSMo.; Federal: 42 USC Sections 670 and 5101

**6. Are there federal matching requirements? If yes, please explain.**

Children and youth receiving services from the Children's Division are grouped into two categories for expenditure purposes - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are state funded, TANF funded, or TANF MOE funded. Expenditures on behalf of eligible IV-E children and youth are reimbursable at the IV-E program rate, which is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match is around 65%. There is a 50% state match (50% federal earned) for IV-E administrative costs. Some expenditures are reimbursable at the Social Services Block Grant federal rate of 100%. Expenditures related to TANF are reimbursable at 100% federal unless identified as maintenance of effort.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

**NOTES:**

**(1)** FY17 - Supplemental funding of \$2,877,096 (\$1,727,329 GR and \$1,149,767 FF) was granted. There was a GR/FF fund switch for Tax Amnesty funds of \$3,352,251 (\$1,775,705 GR and \$1,576,546 FF). There was a core reduction \$1,400,083 (FF) due to empty authority.

**(2)** FY18 - Governor released GR restricted amount of \$1,987,186 at the end of the fiscal year. FF of \$1,762,222 was originally placed in reserves as a result of the GR restricted amount. There was a core reallocation to MHD for \$17,089,399 (\$6,284,114 GR and \$10,805,285 FF) from Residential Treatment for rehab services.

**(3)** FY19 - Supplemental funding of \$118,452 GR for DD Placement rate increase was granted. Flexibility of \$1,624,442 FF from Residential Treatment to Adoption was utilized. There was \$2,303,756 FF transferred from Residential Treatment to Foster Care to offset a supplemental request.

**(4)** FY20 - DD Placement rate increase cost-to-continue for \$118,452 GR was granted. The IV-E Residential Treatment cost-to-continue and rate rebasing of \$7,902,508 (\$3,358,942 GR and \$4,543,566 FF) was granted. A 1.5% provider rate increase of \$743,503 (\$579,932 GR and \$163,571 FF) was granted.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.325**

**Program Name: Residential Treatment**

**Program is found in the following core budget(s): Residential Treatment**

### **1a. What strategic priority does this program address?**

Safety, wellbeing, and behavior support treatment for foster youth

### **1b. What does this program do?**

The Children's Division Residential Treatment program provides children who are status offenders, have been abused or neglected, and/or who have emotional or psychological difficulties with required treatment in a residential environment, offering various levels of residential services available to these youth and children, depending on their specific needs. Two basic federal funding streams partially help fund Residential Treatment: Title IV-E (Foster Care and Adoption Assistance) and Title XIX (Medicaid).

Residential contractors provide room and board, supervision, and therapeutic rehabilitative services to children within their programs. Rehabilitative services are necessary to address the behavioral needs of children and transition them to community-based settings through rehabilitative planning, evaluation, and service delivery. Children who receive such services have completed a Childhood Severity of Psychiatric Illness (CSPI) assessment to establish eligibility. A portion of the children and youth receive residential services as a result of an emergency need for placement, or are young women in need of maternity and infant care, rather than because of behavioral needs.

The residential contracts allow the department to maintain compliance with federal requirements, strengthen Medicaid rehab claiming protocols, and maintain compliance with the federal district court order, to base room and board reimbursements on a cost-based methodology.

Residential Treatment Service include:

- Emergency Shelter – temporary living arrangement other than their own home, which will assure a safe and protected environment.
- Level 2/Moderate/Residential – for children who are in need of twenty-four hour care for moderate behavioral needs.
- Level 3/Severe/Residential – for children who are in need of twenty-four hour care in a stable, structured, therapeutic environment that focuses on treatment.
- Level 4/Psychiatric/Intensive – for children previously in acute psychiatric hospital or children whose treatment needs are beyond severe.
- Above Level 4 – services are short term and provide services above and beyond Level 4 Residential Care.
- Therapeutic Foster Care Services – services provided to eligible youth consisting of highly intensive individual treatment in a family foster home setting and community environment.
- Aftercare Services – short term intensive services provided to eligible youth and their families to expedite the youth's return home from residential care.
- Maternity Residential Services – services are for pregnant adolescents for whom a family or family-like resource is not available.
- Maternity Residential Services with Infant – services for parenting adolescents and their newborn infants, for whom a family or family-like resource is not available.
- Infant/Toddler Residential Services – services directed toward children under the age of seven, including those who are medically fragile, drug/alcohol-affected, and/or severely emotionally disturbed for whom a family or family-like resource is not available.

### Specialized Care Management Contract

The Interdepartmental Initiative for Children with Severe Needs was a consortium of the Departments of Elementary and Secondary Education, Health and Senior Services, Mental Health, and Social Services designed to address a more responsive approach to children with severe behavioral health needs that negatively impact their ability to remain in their homes and communities. These children's severe behavioral health issues negatively impact their placement success in traditional Children's Division residential care, Mental Health residential care, or Mental Health hospitalization. The children and their families have complex interactions with mental health, medical, social service, legal, and education systems. They often receive a series of increasingly intense and expensive state services including long-term placement in residential care. This contract includes outcomes to measure child safety, permanency, stability, and well-being.

The Specialized Care Management contract award covers 42 counties; 10 Eastern Missouri counties; 10 Central Missouri counties; 5 Kansas City Area counties; 9 counties in Southwest Missouri (this area can be expanded as negotiated with the contracted agency), and 8 Southeast Missouri counties. The contract allows a maximum of 375 children, ages 6 - 20 years, to be served. As of January 2020, there were 330 children being served by this contract.

### Voluntary Placement Agreements (VPA)

This program allows children to receive appropriate and necessary services, which include out-of-home placement to address mental health needs. The VPA allows the parent to retain custody of their child, while receiving services which the parent cannot afford or access. The VPAs are not to exceed 180 days. The ultimate goal is to provide services and reunify the child with his/her parent(s) as quickly as possible.

### S.B. 1003 Arrangements

Children can be placed in the custody of the CD solely to access mental health services when no abuse or neglect has occurred. This program allows children to receive appropriate and necessary services to address mental health needs when custody of the child has been returned to their parent/custodian. The child receives services which the parent cannot afford or access even though the court has terminated jurisdiction and returned custody to the parent/custodian.

### Foster Care Case Management

Contracted Case Management providers receive a case rate per child, per month, for children being served by the private agency. A portion of the case rate is for residential treatment services and is paid from this appropriation. Contracted case managers contract directly with residential agencies for their services.

### Developmental Disabilities

The CD, through a Memorandum of Understanding (MOU) with the Department of Mental Health, has access to services for children with developmental disabilities. Through this MOU, CD can access appropriate services for children in the Division's custody. DMH accesses Medicaid dollars for the services, and the general revenue match is paid by the CD through the Residential Treatment appropriation. Children must meet the following criteria: An individual must have a developmental disability (per state law Section 630.005, RSMo) that occurred before age 18 or a severe health problem such as autism, epilepsy, or cerebral palsy that results in a need for specialized habilitation services. They may also have been injured or have a brain injury (from accidents, etc.). However, the disability should be expected to be a continuing problem rather than short-term, and result in significant functional limitation in at least three areas. These children will, in most cases, transition from DSS services to DMH adult services.

**2. CORE DESCRIPTION**

The outdoor program is designed to offer therapeutic learning opportunities and rehabilitative outcomes for youth in foster care through backpacking trips; adventure activities such as climbing and caving; wilderness trips; low and high ropes challenge courses; primitive skills; and camping. Adventure activities are designed to be a catalyst for inspiring change in character and integrity in the children served. In a relatively short period of time, children in these programs experience perspective changes, and gain increased efficacy, vision, and hope. The General Assembly appropriated funding for placement costs for a residential licensed or accredited "Outdoor Learning" program in South Central Missouri for the treatment of foster children.

**1a. What strategic priority does this program address?**

Safety and wellbeing for foster youth

**1b. What does this program do?**

The Children's Division (CD) contracts to fund placement costs for a residential licensed or accredited "Outdoor Learning" program in South Central Missouri for the treatment of foster children.

The outdoor program is designed to offer therapeutic learning opportunities and rehabilitative outcomes for youth in foster care through backpacking trips; adventure activities such as climbing and caving; wilderness trips; low and high ropes challenge courses; primitive skills; and camping. Adventure activities are designed to be a catalyst for inspiring change in character and integrity in the children served. In a relatively short period of time, children in these programs experience perspective changes, and gain increased efficacy, vision, and hope. Youth are placed in situations where communication, trust, and focus among campers must be attained in order to meet the therapeutic needs of each person, as well as the group. Participants who are involved increase their skills in areas of confidence, communication, coping, and conflict management. They are also able to improve peer relationships.

**2. CORE DESCRIPTION**

The Children's Division foster parent training program prepares applicants for the roles and responsibilities of foster parenting and provides existing foster parents with advanced training to enhance their functioning as foster parents. Pre-service training introduces applicants to the goals of foster parenting, provides them with an overview of the entire foster care system, and prepares them for the challenges of parenting foster children. This appropriation funds contractual payments related to training and includes training required prior to becoming a foster parent and on-going training required for the parent to remain licensed.

**PROGRAM DESCRIPTION**

**Department: Social Services**

**HB Section(s): 11.330**

**Program Name: Foster Parent Training**

**Program is found in the following core budget(s): Foster Parent Training**

**1a. What strategic priority does this program address?**

Safety and wellbeing for foster youth

**1b. What does this program do?**

The Children's Division Foster Parent Training program prepares applicants for the roles and responsibilities of foster parenting and provides existing foster parents with advanced training to enhance their functioning as foster parents. Pre-service training introduces applicants to the goals of foster parenting, provides them with an overview of the entire foster care system, and prepares them for the challenges of parenting foster children. In-service training provides foster parents with the opportunity to strengthen their foster parenting skills in a variety of different areas specific to the children they are parenting and challenges encountered.

The specific parenting skills needed to meet the unique needs of the foster youth population and their caregivers are continually assessed through national research and provider engagement. New training topics are continuously being reviewed and added to training requirements.

New foster parents must successfully complete the family assessment process and the 27 hour Foster Specialized Training, Assessment, and Resource Support/Skills (STARS) pre-service training. Relative care providers must successfully complete the family assessment process and the 9 hour STARS for the Caregiver Who Knows the Child pre-service training. The STARS programs are competency based, and designed to strengthen the quality of family alternative care services by providing the tools and skills families need to protect and nurture foster children, meet children's developmental needs, support relationships between children and their families, connect children with safe nurturing relationships intended to last a lifetime, and work as a member of the family support team. Families must demonstrate competence in the aforementioned areas before they are licensed. The resource parents are expected to work closely with birth families and are required to obtain 30 hours of training during each 2-year licensing period.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

**4. What are the sources of the "Other " funds?**

N/A

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 173.270, 211.031 and 453.315, RSMo.; Federal: 42 USC Sections 670 and 5101.

**6. Are there federal matching requirements? If yes, please explain.**

Child Welfare training expenditures may receive a 50% or 75% federal match for Title IV-E. The Title IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match 65%.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.335**

**Program Name: Foster Youth Educational Assistance**

**Program is found in the following core budget(s): Foster Youth Educational Assistance**

### 1a. What strategic priority does this program address?

Safety and wellbeing for foster youth

### 1b. What does this program do?

The Children's Division provides youth in foster care or former foster youth (from age 16 - 26) with financial assistance for tuition and other fees associated with the cost to attend post-secondary education or training programs. Early and on-going support for education is extremely important in preparing youth for self-sufficiency. The Foster Youth Education Assistance Program assists eligible youth interested in pursuing higher education with reaching their goals.

This program was expanded in FY 2017, to allow youth up to the age of 26 to pursue other types of post secondary education such as certificate programs, or vocational and technical education. Additionally, the expansion of the program provides support services such as transportation and housing so the youth has the propensity to complete their program of study, and reduces the need for large student loan debt.

### 2a. Provide an activity measure(s) for the program.

**PROGRAM DESCRIPTION**

Department: Social Services

HB Section(s): 11.335

**2. CORE DESCRIPTION**

The Children's Division contracts with agencies to provide foster care case management services to children who have been removed from their homes and are under the jurisdiction of the Juvenile Court. These children have been abused and/or neglected or were found to be at serious risk of such. The goal of the performance based foster care case management contracts is to improve safety and timely permanency for these children, while also reducing re-entries into care.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.340**

**Program Name: Foster Care Case Management Contracts**

**Program is found in the following core budget(s): Foster Care Case Management Contracts**

### 1a. What strategic priority does this program address?

Safety and wellbeing for foster youth

### 1b. What does this program do?

The Children's Division (CD) contracts with not-for-profit organizations to provide foster care case management (FCCM) services to children who have been removed from their homes and are under the jurisdiction of the Juvenile Court as a result of being at serious risk of or having been abused and/or neglected. FCCM providers form a statewide network committed to meeting the therapeutic and placement needs of children and families at the community level. The goal of the performance based case management contracts is to improve safety and timely permanency for these children, while also reducing re-entries into care.

Missouri's mobilization and empowerment of the private sector has also allowed increased flexibility to direct its limited and highly demanded resources to focus on child abuse and neglect prevention, to investigate child abuse and neglect, which is solely CD's responsibility per MO statute, and has enabled CD to implement evidence informed program and practice improvement.

Services purchased include the following:

- Continuous availability to accept children and families for services on an immediate basis;
- Child and parent assessments;
- Treatment planning;
- Placement planning;
- Service planning;
- Permanency/concurrent planning; and
- Recruit, develop and provide ongoing support to relative/kinship, foster and adoptive homes

Additionally, the contractors are expected to develop community resources to serve children and their families in care. FCCM providers collaborate closely with numerous public service divisions and with community based providers to meet a wide array of child and family needs. Funding for therapeutic services, placement cost, goods to meet immediate child/family needs, and ongoing clothing cost for children served is included in the case rate.

These services are paid from the foster care and residential treatment appropriations. More information can be found in those program descriptions.

Performance outcomes are incorporated into these contracts with the expectation that contractors achieve these outcomes. The performance measures are reviewed annually and renegotiated at the time of contract renewal or rebid.

A Request for Proposal (RFP) is released for bid with a closing date of January 27, 2020.

### **2a. Provide an activity measure(s) for the program.**

In the first contract period, a total of 2,055 children in out-of-home care were transferred to contractors.

- Additional funding was received in FY 2007 and in FY 2008 to assist with accreditation of the Children's Division. As a result, 232 additional children were transferred to contractors.
- In October, 2008, an additional 315 children began receiving contracted services in the central, south central and southwest regions of the state, bringing the total number of children served to 2,602.
- In October, 2009, expenditure restrictions resulted in case reductions which reduced the total number of children served to 2,522.
- In January, 2011, an additional 30 children began receiving contracted services in the Kansas City region. The expansion into Cass County increased the total number of children served to 2,552.
- In October, 2012, contracts were awarded for 2,625 children to be served.
- In October, 2014, contracts expanded by 480 children and added Cole, Franklin and Johnson counties, bringing the total to 3,105 children.
- In October, 2016, contracts expanded by 330 children and added Crawford County, bringing the total to 3,435 children.

**Program Name: Foster Care Case Management Contracts**

**Program is found in the following core budget(s): Foster Care Case Management Contracts**

**6. Are there federal matching requirements? If yes, please explain.**

Children and youth receiving services from the Children's Division are grouped into two categories for expenditure purposes - Homeless Dependent and Neglected (HDN), and Title IV-E eligible. Expenditures for HDN children and youth are 100% state funded. Expenditures on behalf of Title IV-E eligible children and youth are reimbursable at the IV-E program rate, which is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match is around 65%.

There is a 50% state match (50% federal earned) for IV-E administrative costs. Some expenditures are reimbursable at the Social Services Block Grant federal rate of 100%.

**7. Is this a federally mandated program? If yes, please explain.**

No.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.345

Program Name: Adoption/Guardianship Subsidy

Program is found in the following core budget(s): Adoption/Guardianship Subsidy

### 1a. What strategic priority does this program address?

Continued support to maintain permanency

### 1b. What does this program do?

The Children's Division Adoption Subsidy and Subsidized Guardianship program is a collaborative agreement between the Children's Division (CD) staff and the adoptive/guardianship family, to help the family in meeting the needs of the child with financial, medical, and support services that may be available through subsidy until the child is 18.

#### Adoption Subsidy

Adoption Subsidy is a financial assistance program available to children who are designated as having special needs (Section 453.065, RSMo.). Payments are made to the adoptive parent on behalf of the child. The subsidy is available to children in the care of the Children's Division, the Division of Youth Services, the Department of Mental Health, and licensed child placing agencies. Under certain circumstances, it may also be available to a child who is not now, but has previously been, in the custody of CD. Funding is also used to pay for contracted resource development activities such as adoption assessments.

#### Subsidized Guardianship

Subsidized Guardianship provides eligible individuals with the same services that an adopted child would receive under the Adoption Subsidy program. Individuals who qualify for this program are people related to the child by blood or affinity who have legal guardianship of a minor child. Close, non-related persons, who have legal guardianship and whose lives are so intermingled with the child such that the relationship is similar to a family relationship, are also eligible for guardianship.

For the purposes of this program, the term "legal guardianship" refers to the legal guardianship established by a probate court under the provision of the probate court code of the Missouri Revised Statutes.

#### Adoption/Guardianship Subsidy Agreements

Payment for maintenance, services provided by Title XIX (Medicaid), psychological/behavioral services, legal services related to the adoption/guardianship, and other special services are authorized through an Adoption/Guardianship agreement. This agreement is determined through an evaluation of the needs of the child. The agreement is legally binding.

The Adoption/Guardianship Subsidy Agreements may be renegotiated at the request of the adoptive parent(s)/guardian(s) at any time when changes in the needs of the child or the circumstances of the family are brought to the attention of the Division through an amendment to the agreement. All Adoption and Guardianship agreements expire when a child reaches age 18. In the case of adoption subsidy only, an agreement for a child over age 17 may be negotiated with the family on a yearly basis to a maximum age of 21 when there is a documented extraordinary mental health, physical, or dental need.

Current Rate of Payment FY 20:

Age 0-5	\$239/mo.
Age 6-12	\$291/mo.
Age 13-Over	\$322/mo.
Elevated Needs (Behavioral/Medical)	\$691/mo.

Program is found in the following core budget(s): Adoption/Guardianship Subsidy

**4. What are the sources of the "Other " funds?**

N/A

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 453.005 - 453.170, RSMo. ; Federal: 42 USC Sections 670 and 5101

**6. Are there federal matching requirements? If yes, please explain.**

Children and youth receiving services from the Children's Division are grouped into two categories for expenditure purposes - Homeless Dependent and Neglected (HDN) and Title IV-E eligible. Expenditures for HDN children and youth are 100% state funded, TANF funded, or TANF MOE funded. Expenditures on behalf of Title IV-E eligible children and youth are reimbursable at the IV-E program rate, which is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match is around 65%. There is a 50% state match (50% federal earned) for IV-E administrative costs. Some expenditures are reimbursable at the Social Services Block Grant federal rate of 100%. Expenditures related to TANF are reimbursable at 100% federal unless identified as maintenance of effort.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected.

**Program is found in the following core budget(s): Family Resource Centers**

**1a. What strategic priority does this program address?**

Safety, permanency, and well-being for children impacted by foster care

**1b. What does this program do?**

The Children's Division contracts with Family Resource Centers to find foster and adoptive families by recruiting and providing support services to meet the needs of foster, adoptive and guardianship children and families. Family Resource Centers are managed by three non-profit agencies and reach all areas of the state with the exception of the northeast region.

Services that may be provided include the following:

- Support groups for youth;
- Educational services, including training on accessing special education services;
- Crisis intervention;
- Respite care; and
- Medical/Behavioral services, including an Adoption Certificate Program for mental health professionals.

The Community Connections Youth Project (CCYP) directly focuses on increasing the quality of life experienced by young adults impacted by the foster care system. The goal of connecting participating youth to community-based resource providers is to maximize the impact of the health and wellbeing of former foster youth, producing a more effective continuum of care for this population.

CCYP's program model incorporates aspects of the Extreme Recruitment program into a model of voluntary peer case management for youth currently exiting or recently having exited from the foster care system. This model of case management emphasizes the inherent strengths of the youth and builds upon existing (or recruited) resources to produce an increase in the quality of long term outcomes for former foster youth, who have historically had tragic long term outcomes. Because it is used for youth still in foster care and youth who have already aged out of foster care, this is a unique approach to helping these older youth, not currently funded by any other state program.

**2. CORE DESCRIPTION**

The Children's Division Chafee Foster Care program assists foster and former foster youth in achieving positive outcomes in their transition to independent adulthood. Chafee services assist youth in achieving their own goals for self-sufficiency and to ensure youth recognize and accept responsibility in preparation for and transitioning to adulthood.

The Chafee Foster Care Independence Program:

- Provides funding for independent living activities;
- Offers assistance for young people ages 18 to 23 who have left foster care for emergency/crisis intervention services;
- Emphasizes the importance of securing permanent families for young people in foster care;
- Expands the opportunity for states to offer Medicaid to young people transitioning from care; and
- Increases state accountability for outcomes for young people transitioning from foster care.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.355**

**Program Name: Independent Living**

**Program is found in the following core budget(s): Independent Living**

**1a. What strategic priority does this program address?**

Safety and wellbeing for foster youth while transitioning to economic stability

**1b. What does this program do?**

The Children's Division Chafee Foster Care program assists foster and former foster youth in achieving positive outcomes in their transition to independent adulthood. Youth are referred by their case manager to a contracted provider. Chafee services are used to assist youth in achieving their own goals for self-sufficiency, and to ensure youth recognize and accept responsibility in preparation for and transitioning to adulthood. This appropriation also provides support for Chafee services for youth in Transitional Living Placements.

The Chafee Foster Care Independence Program (CFCIP) serves the following purposes:

- To help children who are likely to remain in foster care until 18 years of age and beyond make a successful, self-sufficient, and productive transition to adulthood
- To provide personal and emotional support to children aging out of foster care, through the promotion of interactions with dedicated adult mentors
- To provide financial, housing, counseling, employment, education, and other appropriate support services to former foster care recipients between 18 and 21 and youth who obtained adoption or legal guardianship after age 16 years of age to complement their own efforts to achieve self-sufficiency
- Assist youth who are likely to remain in foster care until age 18 years of age with regular, on-going opportunities to engage in “age or developmentally-appropriate activities
- To assist youth who are likely to remain in foster care until 18 years of age receive the education, training, and services necessary to obtain employment
- To assist youth who are likely to remain in foster care until 18 years of age prepare for and enter post-secondary training and education institutions

Chafee funds are also utilized to continue supporting Missouri's Aftercare program for youth who have exited state custody at age 18 or older, but have not yet reached age 23. Additionally, funds are used for the administration and facilitation of foster youth advisory boards.

Many services are available through the Chafee Foster Care Program. Contractors provide services to all foster youth, ages 14 through 23, who are referred to the program. Services focus on academic achievement, job readiness, community services and support, youth leadership, and independent living skills. Contractors assess the needs of each individual youth and provide necessary life skills training, or assist the youth in obtaining appropriate resources.

**2. CORE DESCRIPTION**

The purpose of the Transitional Living Program (TLP) is to facilitate moving youth from structured family or residential settings, to adult independence in group homes, apartments, or with advocates. These funds are paid directly to the youth in the advocate program, and to contractors for group home and apartment programs. Youth in TLP are typically moving from a residential treatment program to a planned permanent living arrangement. This program provides oversight, life skills teaching, and supervision to ensure the transition is successful.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.355

Program Name: Transitional Living

Program is found in the following core budget(s): Transitional Living

### 1a. What strategic priority does this program address?

Safety and wellbeing for foster youth while transitioning to economic stability

### 1b. What does this program do?

The purpose of the Children's Division Transitional Living Program (TLP) is to facilitate youth moving from structured family or residential settings, to adult independence in group homes, apartments, or with advocates. This program is available for youth ages 16 and over, who are moving from a structured family or residential setting and whose permanency plan is independence, or for youth who have re-entered care. Placement types in TLP include group home and single/scattered site apartments, and the Transitional Living Advocate program. Entry into TLP must be planned by the youth's Family Support Team and authorized by the Children's Division.

Desired outcomes include increasing the number of youth who:

- Have resources to meet their living expenses
- Have a safe and stable place to live
- Are successfully working toward completion of academic/vocational goals
- Have positive personal relationships with adults in the community
- Are avoiding high-risk behaviors
- Are able to access needed physical and mental health services
- Have or can obtain essential documents

#### Transitional Living Group Home and Single/Scattered Site Apartments

The Transitional Living Program is appropriate for older youth who are in need of guidance, coaching and mentoring in a safe and supervised environment to learn independent living skills in a community setting. Desired outcomes include education, employment, self sufficiency, and community involvement.

#### Transitional Living Group Home (TLGH)

The Transitional Living Group Home is a licensed and contracted Residential Care Agency operating a site dedicated solely for residents, ages 16 through age 18, who have a goal of "another planned permanent living arrangement." The program allows the residents to learn and practice life skills in a group setting with on-site supervision in accordance with residential treatment facility licensing rules. It offers youth the opportunity to transition smoothly from a more restrictive environment to a less restrictive setting, based on the readiness of the youth.

#### Transitional Living Single/Scattered Site Apartments (TLSS)

Scattered site apartments are an approved and contracted living arrangement dedicated solely to resident(s), age 18 and over, who have demonstrated the ability to make responsible decisions, maintain employment, and have a clear understanding of the financial and emotional demands of living independently and who have a plan of independent living. The program intent allows the resident(s) to learn and practice life skills and prepare for the future in an apartment setting. Youth receive support and guidance, however supervision is minimal.

### Independent Living

The Transitional Living appropriation also supports Independent Living activities. Services provided through the Chafee Foster Care Program include assistance in obtaining a high school diploma, career exploration, vocational training, job placement and retention, daily living skills, budget and financial management skills, and preventive health education.

The focus is on academic achievement, job readiness, community services and support, youth leadership, and independent living skills. Contractors assess the individual needs of youth, and match their needs with the services they provide.

### Transitional Living Advocacy Program (TLA)

The Transitional Living Advocate (TLA) program provides a safe and familiar setting for youth to live and continue life skills training. Youth in this setting receive encouragement and guidance with regard to employment, education and/or training to prepare for a successful transition from Children's Division custody. The advocate for the youth must be at least age 21, may be married or single, and is willing to provide the time, a home, supervision, and support needed by the youth transitioning out of care. TLAs must have flexible attitudes and expectations for the youth during this time of transition. They must have an understanding of adolescent behavior, and be able to allow the youth make mistakes and deal with consequences. Communication is essential when working with youth as well as allowing the youth to form value systems. The advocate is aware of community resources that will support the youth's endeavors, and must be willing to assist the youth in accessing services, including educational support, job readiness training, physical/mental health, and money management. This type of placement is crucial to the youth's successful transition to adulthood.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

**4. What are the sources of the "Other " funds?**

N/A

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 207.010 and 207.020, RSMo.;  
 Federal: 42 USC Sections 670 and 5101.

**6. Are there federal matching requirements? If yes, please explain.**

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded, while expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match 65%. There is a 50% state match (50% federal earned) for IV-E administrative costs.

**7. Is this a federally mandated program? If yes, please explain.**

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

The Children's Division Child Assessment Center program provides victims of child abuse and neglect an avenue to be interviewed by a trained forensic interviewer about their abuse in a child friendly, neutral, and culturally sensitive environment, and provides medical, mental health and advocacy services to children and their families.

Forensic interviews are conducted in a culturally competent manner by forensic interviewers trained in a nationally recognized, research based curriculum that includes child development, linguistics, and child abuse issues. The Children's Division makes grants to the CACs. The funds are used for expenses needed to operate the centers such as salaries, equipment, facility costs, etc. MO Kids First, the organization which represents CACs, develops the funding plan for distribution of these funds, which is then reviewed and implemented by the Department. **2. CORE DESCRIPTION**

The purpose of this appropriation is to provide a mechanism for the Children's Division (CD) to forward Title IV-E funds to the Juvenile Courts when Title IV-E eligible children are placed in Juvenile Court residential facilities. When IV-E eligible children are in the custody of the Juvenile Court, providing the Juvenile Courts with the Title IV-E match for maintenance helps to ensure these children do not enter the Division's custody.

**Department: Social Services**

**HB Section(s): 11.365**

**Program Name: IV-E Authority - Juvenile Courts**

**Program is found in the following core budget(s): IV-E Authority - Juvenile Courts**

**1a. What strategic priority does this program address?**

Safety and well being for foster youth

**1b. What does this program do?**

The Children's Division (CD) contracts with certain juvenile courts or family courts to reimburse the court the federal match for children who are placed in the court's custody and in an out-of-home placement. In order to qualify, Program Eligibility Analysts must determine the child to be Title IV-E eligible and reimbursable. This program brings federal dollars to the courts so that they can plan for the child and maintain their placement without placing the child in the custody of CD.

There are three contracts with juvenile or family courts throughout the state. CD has contracts with Boone County Juvenile Court (13th Judicial Circuit), Jackson County Family Court (16th Judicial Circuit), and the Bruce Normile Juvenile Justice Center (2nd Judicial Circuit--Adair, Knox, and Lewis Court).

No performance measures are included for this program as it is a pass through program.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

Planned FY 2020 expenditures are net of reserves.

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal laws: P.L. 96-272, Title IV-E of the Social Security Act

**6. Are there federal matching requirements? If yes, please explain.**

Yes, this federal funding comes from Title IV-E, which requires a state match. The juvenile and family courts entering into contracts with the Children's Division are responsible for the state match.

**7. Is this a federally mandated program? If yes, please explain.**

No.

**2. CORE DESCRIPTION**

The Administration for Children and Families (ACF) has identified the specific Court Appointed Special Advocate (CASA) training components that qualify as Title IV-E reimbursable training funds. The statewide CASA agency has an agreement with the Children's Division to access federal funding to support their training programs. The state general revenue match for this funding is \$150,000 in the Judiciary budget. Office of State Courts Administrator does not use this funding for any other federal match.

**1b. What does this program do?**

The Children's Division contracts with the Missouri Court Appointed Special Advocate (CASA) Association, enabling the association to access federal funding for certain CASA training programs to support and promote court-appointed volunteer advocacy for the state's abused and neglected children. CASA volunteers receive no less than 30 hours of training prior to being assigned to a case. These volunteers are supported by local CASA program staff with professional backgrounds in the legal and child welfare fields.

These federal dollars will allow the Missouri CASA Association to maximize their training dollars by matching the general revenue funds received through the Office of State Court Administrators (OSCA) budget with federal Title IV-E funds.

No performance measures are included for this program as it is a pass through program.

**2. CORE DESCRIPTION**

The Children's Division (CD) receives the Child Abuse and Neglect (CA/N) Basic Grant, and the Children's Justice Act (CJA) Grant. The guidelines for the federal grants specify criteria that must be met, and specifies limitations for how the funds can be expended.

The CA/N Grant must be used by states for improving child protective service systems such as the intake, assessment, screening, and investigation of reports of abuse and neglect; creating and improving use of multidisciplinary teams and interagency protocols; developing, improving, and implementing safety and risk assessment tools; training related to improving staff skills; and supporting collaboration among and across agencies.

The CJA Grant must be used to improve the investigation, prosecution and judicial handling of cases of child abuse and neglect, particularly child sexual abuse and exploitation in a manner that limits additional trauma to the child victim. Funds are typically used for developing curricula and conducting training for personnel in law enforcement and child protective services; establishing and enhancing child advocacy centers and other multidisciplinary programs; and establishing and supporting local and state child fatality review teams.

**PROGRAM DESCRIPTION**

**Department: Social Services**

**HB Section(s): 11.375**

**Program Name: Child Abuse/Neglect Grants**

**Program is found in the following core budget(s): Child Abuse/Neglect Grants**

**1a. What strategic priority does this program address?**

Protecting children from abuse/neglect

**1b. What does this program do?**

The Children's Division develops, establishes, and operates programs for caseworkers designed to improve the following:

- The handling of child abuse and neglect cases, particularly cases of child sexual abuse and exploitation, in a manner which limits additional trauma to the child victim;
- The handling of cases of suspected child abuse or neglect related to fatalities; and
- The investigation and prosecution of cases of child abuse and neglect, particularly child sexual abuse and exploitation.

The CJA Grant is used to fund initiatives for the investigation and prosecution of child abuse and funding attendance at various training/conferences revolving around child welfare (including multidisciplinary training).

**2a. Provide an activity measure(s) for the program.**

As the dollars are limited to grants approved and received through federal funding, the Missouri Task Force on Criminal Justice approves grant applications that are beneficial to Task Force in its charge of assuring appropriate use of CJA funds.

**PROGRAM DESCRIPTION**

**Program Name: Child Abuse/Neglect Grants**

**Program is found in the following core budget(s): Child Abuse/Neglect Grants**

**2d. Provide a measure(s) of the program's efficiency.**

The Child Abuse/Neglect Grant and Criminal Justice Act Grant are federal funding streams used to support multi-disciplinary teams for collaboration and information sharing, to ensure the safety of those who experienced abuse and neglect. Without this funding, DSS would not be able to collaborate with state only funding to the extent it currently does to provide support for programs and initiatives around proper handling of child abuse and neglect cases, including investigation and prosecutions, and various child welfare trainings, conferences and seminars.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

**4. What are the sources of the "Other " funds?**

N/A

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Section 210.001, RSMo.; Federal regulation: 42 USC Section 5101.

**6. Are there federal matching requirements? If yes, please explain.**

No.

**7. Is this a federally mandated program? If yes, please explain.**

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.380**

**Program Name: Foster Care Children's Account**

**Program is found in the following core budget(s): Foster Care Children's Account**

**1a. What strategic priority does this program address?**

Safety and wellbeing for foster youth

**1b. What does this program do?**

The Division of Finance and Administrative Services manages any outside income received by children in the care and custody of Children's Division (CD), to provide a central account for the distribution of funds received for these children, thus offsetting state expenses. Children receive outside income from a variety of sources, including Social Security (SSI and OASDI); Veterans Benefits; Railroad Retirement benefits; and lump sum payments (excludes the child's wages, if any). This income is used to offset the cost of maintaining the child in alternative care, and used to pay any special expenses for the child. The use of these funds reduces the payments made for children from state funding sources.

If a child is owed past SSI payments that exceed six times the federal monthly benefit rate, a separate special account referred to as a "dedicated account" must be established for the child. The past due benefits must be deposited into the dedicated account, and may not be combined with the child's SSI benefits or any other funds. CD may expend funds for medical treatment, education, job skills training and other specific expenses related to the child's impairment from this dedicated account. Expenditures from the dedicated fund must be approved by the Social Security Administration.

No performance measures are included for this program as it is a core that represents client accounts.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

No.

States do not have to serve as a Representative Payee for kids in Foster Care. Missouri has opted for the opportunity based on the information below: Section 205(j)(1) and section 163 l(a)(2)(A) of the Social Security Act provides broad authority for the Social Security Administration (SSA) to determine whether an individual beneficiary should have a representative payee. Section 205(j)(1) of the Act provides for the appointment of a representative payee if it is determined "that the interest of the individual under this title would be served thereby... regardless of the legal competency or incompetency of the individual". Missouri has opted to serve as this representative payee.

This appropriation provides a central account for the distribution of funds for children in the Children's Division's (CD) care and custody, offsetting state expenses. When children are placed in the Division's custody outside income on behalf of the children such as Social Security (SSI and OASDI), Veteran's Benefits, Railroad Retirement benefits, and lump sum payments (excluding a child's wages, if any) are pursued.

As the number of children in CD custody has increased, the dollars coming into this central account have also increased. Increased appropriation authority is needed in order to expend these funds on behalf of children.

Authorization: 210.560, RSMO.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

In fiscal year 2021, the Children's Division is projecting an increase in outside income on behalf of children in their custody. As of August 2019, approximately \$8 million in outside funds had been placed in the Foster Care Children's Account for calendar year 2019. It is anticipated that approximately \$16 million in income will be received annually.

An appropriation increase of \$3 million is being requested in order to have the budget authority to expend these funds.

The Governor recommended this request.

**2. CORE DESCRIPTION**

The purpose of the Purchase of Child Care program, is to assist families with breaking the cycle of poverty and achieving self-sufficiency, through providing access to affordable care for their children and to increase the children's chances of succeeding in school, by ensuring that children receive quality early childhood care and education. This appropriation funds child care subsidies for low-income families, as well as child care for children receiving protective services, and to improve the quality and availability of child care in Missouri. This appropriation also funds early childhood development programs targeting primarily low-income families, and families with children under age three, to ensure that these children have positive early child experiences both in and out of the home. These programs help prepare children to enter school ready to succeed, and reduce the potential for child abuse and neglect.

## PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.385

Program Name: Purchase of Child Care

Program is found in the following core budget(s): Purchase of Child Care

### 1a. What strategic priority does this program address?

Quality child care for working parents

### 1b. What does this program do?

The Children's Division Purchase of Child Care program assists families with breaking the cycle of poverty and achieving self-sufficiency, through providing access to affordable care for their children, and increases the children's chances of succeeding in school, by ensuring that children receive quality early childhood care and education. Research has proven that quality early childhood care and education experiences are critical for children to enter kindergarten prepared to succeed. Child care also prevents children from being left in inappropriate, unsafe or unsupervised environments.

The Purchase of Child Care program includes two components to help families achieve and maintain self-sufficiency and increases children's chances to succeed in school. The two components include subsidy and quality supports partially funded with the federal Child Care Development Fund (CCDF) block grant. Each component is discussed below:

#### **Child Care Subsidy**

##### Traditional Child Care Subsidy

Parents and other caretakers participating in job training, educational activities, or employment, depend on available, affordable and accessible child care. DSS child care subsidies support parents receiving Temporary Assistance benefits, those with low incomes, or families receiving child welfare services. Parents are required to share in the cost through a sliding fee scale based on household income. Parents are also responsible for paying the difference between the provider's actual charge and the state maximum payment rate. Sliding fees are waived for special needs children receiving child care, known as traditional child care through the Children's Division. The current income eligibility limit for a three (3) person traditional household is 138% of the Federal Poverty Level (FPL).

##### Transitional Child Care

In fiscal year 2009, an expanded child care subsidy program was established allowing family eligibility to continue beyond the traditional income eligibility limits. This expanded eligibility is called Transitional Child Care (TCC) and is only available to families who are already receiving traditional child care subsidy. TCC households have an increased share in the cost of care due to their increased income and continued eligibility. In FY-2014, a two-tiered transitional child care program was implemented. In FY-2016, a third tier of transitional child care was implemented. TCC consists of three different tiers of eligibility based on income. The income thresholds for Child Care subsidies are a full benefit for individuals with an income which is less than or equal to 138% of the federal poverty level; a benefit of 75% for individuals with an income which is less than or equal to 165% of the federal poverty level but greater than 138%; a benefit of 50% for individuals with an income which is less than or equal to 190% of the federal poverty level but greater than 165%; and a benefit of 25% for individuals with an income which is less than or equal to 215% of the federal poverty level but greater than 190%. Families are responsible for the 25%, 50%, or 75% of the child care expense, respectively. The program's income eligibility guidelines may decline at a proportionate rate when the FPL is adjusted each year.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.385**

**Program Name: Purchase of Child Care**

**Program is found in the following core budget(s): Purchase of Child Care**

### Trauma Training for Child Care Providers

This is an early childhood trauma intervention model that addresses the effects of complex trauma - such as community and family violence, poverty, illness, and homelessness - for young preschool-age children, their families, and the Head Start teachers who care for them.

The model provides all Head Start staff and parents training to create calm, connected classrooms and home environments that recognize and address behavioral and other problems triggered by trauma, and provide the supports for children to learn and thrive. This subsidy was previously called Head Start Trauma Smart.

### Child Care Provider Payment

Payment for child care may be paid to a legal provider as defined in Section 210.211, RSMo. Child care providers who are licensed may contract with DSS and receive reimbursement. Other legally operating providers, who register with DSS, may also receive reimbursement under certain conditions. Providers who are license-exempt must have an exemption established by the Department of Health and Senior Services, Section for Child Care Regulation (SCCR).

Providers who care for six or fewer unrelated children must meet specific requirements including, but not limited to the following:

- Be at least eighteen years old
- Complete state and federal background fingerprint screenings on themselves through finger prints
- Complete background screenings on all household members age seventeen years and older
- Test negative for tuberculosis
- Complete health and safety training

The Division pays a maximum base rate determined by geographic area, type of facility (center, group or family home), duration of care (full, half or partial day) and the age of the child (infant/toddler, preschool or school age). When providers meet the following qualifications, their base rate may be enhanced:

- Providers who offer care after 7 p.m. and before 6 a.m., and/or on Saturday/Sunday may receive a 15% enhancement to their base rate
- Programs which are accredited by an accrediting organization recognized by the Department of Social Services may receive a 20% enhancement to their base rate
- Providers who care for children with special needs may receive a 25% enhancement to their base rate for that child. Special consideration is given to children with special needs. If a medical professional certifies that a child is functioning at a developmental age level lower than their chronological age, child care services for the child may be paid at the rate certified as the functional age
- Licensed providers, who are contracted with DSS and whose enrollment consists of 50% or more DSS subsidized children, may receive a 30% enhancement to their base rate
- Licensed providers, who are contracted with DSS and License Exempt Religious providers who are registered with DSS may receive a 30% enhancement to their base rate, if they are accredited or working towards becoming accredited and enrollment consists of 50% or more DSS subsidized children

### **Child Care Quality Supports**

CCDF quality funds support the following initiatives:

#### Resource & Referral

The Missouri Child Care Resource and Referral Network, d.b.a. Child Care Aware® of Missouri, provides statewide resource and referral services to families seeking child care and consumer education. Among the services provided, the following are those specifically supported by this appropriation:

- Child Care Aware® of Missouri maintains a child care referral computer database that uses nationally recognized resource and referral software programs for families seeking child care.
- Operates a statewide toll-free telephone system that links families to their appropriate local resource and referral agency.
- Provides statewide training coordination for the DHSS/DSS approved child care provider trainings which include Basic Knowledge Curriculum, Infant/Toddler Child Care Orientation, and School Age Child Care Orientation.
- Provides on-site technical assistance to child care providers to improve parental involvement in the care and education of their children based on the national Strengthening Families Protective Factors model.

#### Before & After School Care

The Department of Social Services funds Before and After School programs for children in high poverty urban areas to support working parents and to provide safe, constructive, extended day services for children. These services are provided free of charge or at a minimal charge to the parent. Services are provided at 42 sites in the Kansas City Area through the Greater Kansas City Local Investment Commission (LINC) and at 21 sites in the St. Louis Area through Area Resources for Community and Human Services (ARCHS).

#### Opportunities in a Professional Education Network (OPEN)

The OPEN initiative is an "umbrella" under which many career development efforts occur. OPEN's primary focus is the development and implementation of a career development system for staff in early childhood and school-age/after school and youth development programs.

- OPEN maintains the Missouri Professional Development Registry (MOPD Registry) which is a database system that collects and verifies early childhood, school-age/after school, and youth development professionals' education and training information. It collects and verifies education and experience for providers and trainers in Missouri. This registry allows teachers/practitioners to participate in Missouri's career development system and provides a source of valuable data for the field.
- Responsible for generating and maintaining the MOPD ID which is the workforce ID used by professional development partners.

### Educare

Educare is an initiative providing resources, technical assistance, and support opportunities targeting family home child care programs. Services are free or at reduced cost to state-subsidized child care and early learning programs. There are currently nine Educare sites in Missouri serving all 114 counties and the City of St. Louis.

Registered and Licensed Exempt Child Care providers are required to take specific trainings, including, but not limited to First Aid/CPR, Child Development, Infection Control and Prevention and other health and safety trainings. Training records are obtained in the automated tracking system.

The guiding principles of Educare are:

- Strengthen the ability of child care programs to offer developmentally appropriate early care and education activities and programs;
- Develop and expand school-linked, integrated services to serve young children, focusing on the special needs of children from low-income families;
- Encourage parental involvement and participation with their child's developmental process;
- Draw on community leadership for design, implementation and continued involvement to improve early child care and education systems; and
- Create programs that are designed to meet the unique needs of communities.

Educare services include:

- Professional development opportunities for child care and early learning programs;
- Individualized home visits for family child care programs;
- Customized center-based training;
- Supporting coordination of existing community resources to optimize funding; and
- Linking child care and early learning programs and families to schools and community resources.

### Missouri Early Head Start/Child Care Partnership Project:

The goal of the Missouri Early Head Start (EHS) Child Care Partnership Project is to promote quality early childhood services for Missouri's birth to age three population, including prenatal care. Using the national Early Head Start model, this program partners with a wide range of child care and early learning programs in communities. Partnerships may include public and private programs, religious-based programs, family child care programs, group homes and centers-based programs.

The EHS model directly serves families under 185% of the FPL. The Missouri Early Head Start Child Care Partnership also offers parents a wide range of child care arrangements which meet federal Early Head Start Performance standards. EHS services include child care, parent education and support, age appropriate developmental screenings, access to a medical home, support toward attaining family self-sufficiency, and mental health services including substance abuse counseling. Because of the partnerships with community child care and early learning programs, the Missouri Early Head Start/Child Care Partnership program is able to provide quality early childhood experiences to substantially more children than those directly funded through this appropriation. This funding currently supports 444 EHS slots in Missouri.

## PROGRAM DESCRIPTION

**Department: Social Services**

**HB Section(s): 11.385**

**Program Name: Purchase of Child Care**

**Program is found in the following core budget(s): Purchase of Child Care**

The Early Childhood Development Education and Care Fund (ECDEC), established in RSMo 313.835, sets aside funds to be jointly administered by the Departments of Social Services (DSS) and Elementary and Secondary Education (DESE). The overwhelming evidence from research conducted on early childhood, indicates early childhood experiences directly impact a child's potential for future learning. Children begin learning at birth. Experiences during the critical early years have an effect, either positively or negatively, on long-term development. Providing parents with support systems and education on child development and age appropriate behavior in the early years, are proven factors in reducing the potential for child abuse and neglect.

### Child Care Facility Inspections

All providers must meet state and federal requirements prior to receiving federal assistance (RSMo 210.027, Federal Child Care Development Block Grant). Children's Division has secured a contractor to conduct unscheduled onsite monitoring of registered child care providers, prior to providers receiving state or federal funds, and annually thereafter. Inspections include minimum requirements for building and physical premises, to include compliance with state and local fire, health and building codes, emergency preparedness and response planning. All providers are required to be tested for tuberculosis and meet pre-service training requirements. All providers must meet statutory requirements prior to receiving federal assistance.

### Child Care Providers Comprehensive Background Screenings

Missouri Revised Statute 210.025 requires child care providers and staff, including Religious-In-Compliance organizations receiving or applying to receive CCDF funding, to submit fingerprints to the Missouri State Highway Patrol. The fingerprints are used to screen for criminal history with the Missouri State Highway Patrol and with the Federal Bureau of Investigation.

Child care provider and staff includes, but is not limited to, an applicant child care provider; persons employed by the applicant child care provider for compensation, including contract employees or self-employed individuals; individuals or volunteers whose activities involve the care or supervision of children for the applicant child care provider or unsupervised access to children who are cared for or supervised by the applicant child care provider; or individuals residing in the applicant's family child care home who are seventeen years of age or older. Eligibility as a registered child care provider is not determined until all screening results are received and evaluated.

### Child Care Business Information Systems

In order to improve the tracking of attendance in the child care subsidy program, a contract has been awarded to ControlTec to develop and implement an electronic time and attendance system. The Child Care Business Information Solution will provide providers with an electronic point of service device for parents to use to check their children into and out of the child care facility. The system will then interface with the payment system resulting in a decrease of paper attendance records, paper invoices, and will provide other program efficiencies. Implementation of the system is expected to be completed in FY20.

**2a. Provide an activity measure(s) for the program.**

**Eligibles:**

Under federal guidelines, children under 13 in families with income below 85% of the state median income are eligible; however, Missouri families are eligible below 57% of the state median income or below 138% of poverty.

Parents must be working, attending job training, or participating in educational programs.

**Eligibles:**

In addition to the criteria listed above, children currently under 13, in families with incomes greater than 138% and up to 165% of poverty, are eligible for a transitional benefit of 75%.

Families with incomes greater than 165% and up to 190% of poverty are eligible for a transitional benefit of 50%.

Families with incomes greater than 190% and up to 215% of poverty are eligible for a transitional benefit of 25%.

Parents must be working, attending job training, or participating in educational programs.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

Planned FY 2020 expenditures are net of reverted and reserves.

**4. What are the sources of the "Other " funds?**

Early Childhood Development Education and Care Fund (0859)

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State statute: Sections 161.215, 208.044, and 208.046, RSMo.; 13 CSR 35-32.040; Federal Regulation: 45 CFR 98.10.

**6. Are there federal matching requirements? If yes, please explain.**

Yes. The federal CCDF block grant funds subsidy and quality subsidy supports. This block grant is broken down into three types of funding: mandatory, matching, and discretionary. To receive mandatory funding, a state must maintain Maintenance of Effort (MOE). The CCDF reimbursement rate for matching funding is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match 65%.

**7. Is this a federally mandated program? If yes, please explain.**

No.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Purchase of Child Care program funds child care subsidies for low-income families and children receiving protective services child care, assist with the purchase of child care, and programs to improve the quality and availability of DSS subsidized child care in Missouri. In December 2019, Congress authorized an additional \$550 million in discretionary funding for the Child Care Developmental Block Grant (CCDF) by enacting the Further Consolidated Appropriations Act of 2020. Children's Division (CD) has not received the final award amount from Administration of Children and Families (ACF)/Office of Child Care (OCC). Once the final award amount is received, a spend plan will be developed.

State statute: Sections 161.215, 208.044, and 208.046, RSMo.; 13 CSR 35-32.040; Federal Regulation: 45 CFR 98.10.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

CD is requesting an increase of \$5 million federal authority to spend additional funding authorized through the Future Consolidated Appropriations Act of 2020. Funding can be used to improve access to quality child care such as increasing the number of Early Head Start slots and expanding the Infant and Toddler Specialist Network to statewide. The funding can also be used to increase the number of subsidy providers such as reimbursing the costs of fingerprint criminal background screenings and registering with the Family Care Registry Safety Registry to new providers signing a child care contract and contracting to recruit individuals to become family based child care providers. Once CD receives the final award amount from ACF/OCC, a spend plan will be developed.

This funding relates to the workforce development priority. By incentivizing new providers by reimbursing costs and recruiting individuals will increase the number of providers to provide day care for children, allowing parents to enter the workforce.
