The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. In addition, some administrative expenditures may be used as Maintenance of Effort (MOE) to earn other federal funds.

#### 1a. What strategic priority does this program address?

Move families to economic stability

#### 1b. What does this program do?

The Family Support Division, Income Maintenance Field Staff Operations determine eligibility for assistance programs to help low-income and vulnerable Missouri citizens, by ensuring accurate and timely eligibility determinations and reinvestigations are completed, documenting and monitoring benefit amounts, referring recipients to employment and training, and partnering with stakeholders and providers to enhance access to programs and services. This program provides funding for front-line and support staff to operate the Income Maintenance Programs. Field staff include Eligibility Specialists, Correspondence and Information Specialists, supervisors, managers, and clerical.

IM serves Missourians through customer service centers across the state. These service centers consist of locations where individuals can walk in for assistance, processing centers that focus on processing applications to determine eligibility for benefits and call centers. Online services are also offered for individuals to check if they may be eligible, submit applications and upload verification documents, check the status of any pending applications for benefits, and report changes.

Missouri continues to implement a new eligibility and enrollment system for Income Maintenance Programs called the Missouri Eligibility Determination and Enrollment System (MEDES) along with the Enterprise Content Management (ECM) system.

MEDES allows for streamlined workflows and business processes. MEDES users have reported improved usability, accuracy and efficiency in the system. Project 1 of MEDES focused on MO HealthNet programs for families and was completed October 31, 2018.

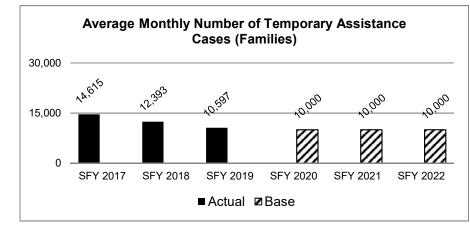

The ECM system captures, manages, preserves and delivers content and documents related to public assistance eligibility and enrollment processes. The ECM allows FSD workers to process applications and perform casework activities statewide, regardless of their physical location. It enables electronic file storage that will eventually eliminate the need to maintain paper files.

#### 2b. Provide a measure(s) of the program's quality.

FSD has developed measures to quantify processing error rates for child care, MO HealthNet Aged, Blind and Disabled (MHABD), MAGI and Temporary Assistance for Needy Families (TANF). A comprehensive case reading process was established in April 2019 and results will be reported in the FY 2022 budget request.

#### **2c.** Provide a measure(s) of the program's impact.

Since FSD could not separate applications from change in circumstances prior to FY 2020 (active cases with address or household changes), the graph above indicates both.

New measure starting in SFY 2018. Data was updated to reflect a full year in SFY 2018.

FSD worked with the Centers for Medicare and Medicaid Services while developing and improving functionality in a system that did not exist until recently. Data is unavailable for SFY 2016 through SFY 2018. FSD is validating SFY 2019 data and actual data will be reported in the FY 2022 budget request.

The FSD Resource Centers and Call Centers are referring clients interested in employment and training to SkillUP providers. The formalized referral process will soon include referrals from Vocational Rehabilitation, the Child Support Call Center and Responsible Fatherhood programs. This referral process will be offered to other agencies.

#### 2d. Provide a measure(s) of the program's efficiency.

FSD is no longer tracking the average number of case actions per staff per month. A process is in development to accurately track tasks completed by eligibility determination staff, to be reported in the FY 2022 budget request.

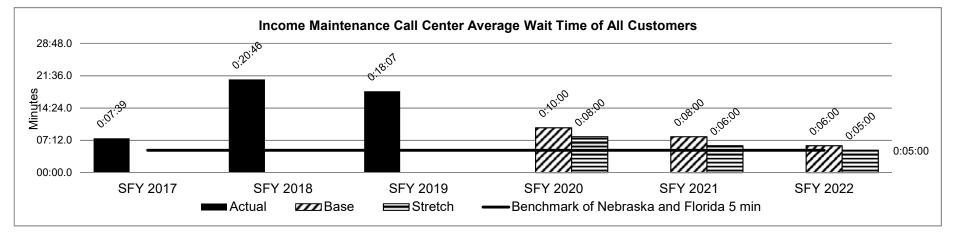

FSD implemented the online application system for Food Stamps, Child Care, Temporary Assistance and MO HealthNet (Aged, Blind, Disabled) on a statewide level in April, 2017. There is a positive correlation between the increase in the percentage of online applications and a decrease in walk-in applications.

The call center model can vary from state to state. Benchmark wait times are based on the operations of Nebraska and Florida. These states have similar models to Missouri. SFY 2018 average wait time increased due to the addition of Tier 4 processing on May 1, 2018. This addition allows for MAGI processing during the call, which lengthens the time of those calls and in turn lengthens the wait time for other customers.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Planned FY 2019 expenditures are net of reverted and reserve.

4. What are the sources of the "Other " funds?

Health Initiatives Fund (0275)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: Sections 207.010, 207.020, and 208.400, RSMo.

6. Are there federal matching requirements? If yes, please explain.

IM Field Staff and Operations federal fund (FF) reimbursement is based on the Income Maintenance time study rate of around (53.01% FF and 46.99% State Match) or at the level as specified under a specific grant such as MO HealthNet Administration (75% FF and 25% State Match) or Food Stamp Administration (50% FF and 50% State Match) if expenditures are reimbursable under the particular grant. The time study rate is determined by polling a select number of Income Maintenance of Effort (MOE) to earn other federal funds.

#### 7. Is this a federally mandated program? If yes, please explain.

Resources used to support federal mandated programs such as Food Stamps and MO HealthNet are considered federally mandated.

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Department of Social Services (DSS) Family Support Division (FSD) receives over 1.7 million documents annually through postal mail and Resource Center Office drop-boxes. These documents consist of applications, annual renewals and verifications for Income Maintenance programs. FSD currently struggles to scan, index, and register the mail timely to meet Federal processing guidelines, resulting in delays in issuance of benefits and poor customer service.

FSD mail and drop-box documents are currently received in all 114 counties across the state, as well as St. Louis City. FSD seeks to out-source the mail processing functions, with all mail received in one central location. This request includes the opening, scanning, indexing, and tasking of mail. FSD currently contracts for temporary staff to assist state staff with opening, scanning, and indexing the incoming mail, at a cost of approximately \$4.6 million annually. Implementing contracted centralized mail, with phase II of Enterprise Content Management (ECM), FSD's document management system, should decrease the need for temporary staff by 75% which will produce \$3,450,000 in annual savings.

State statute: Sections 207.010, 207.020 and 208.400, RSMo.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

#### FY2021 Request

#### FY 2022 Return on Investment (ROI) Estimated Core Cut

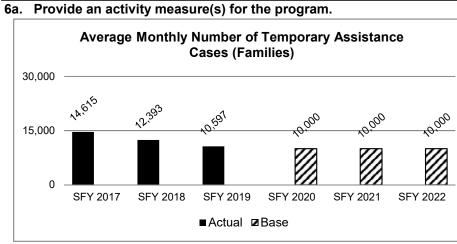

Currently, FSD contracts for temporary staff to assist state staff with opening, scanning, and indexing the incoming mail at a cost of approximately \$4.6 million annually. Implementing contracted centralized mail and phase II of Enterprise Content Management (ECM), FSD's document management system, should decrease the need for temporary staff by 75% allowing FSD to take a core cut of \$3,450,000.

#### 6b. Provide a measure of the program's quality.

FSD has developed measures to quantify processing error rates for child care, MO HealthNet Aged, Blind and Disabled (MHABD), MAGI and Temporary Assistance for Needy Families (TANF). A comprehensive case reading process was established in April 2019 and results will be reported in the FY 2022 budget request.

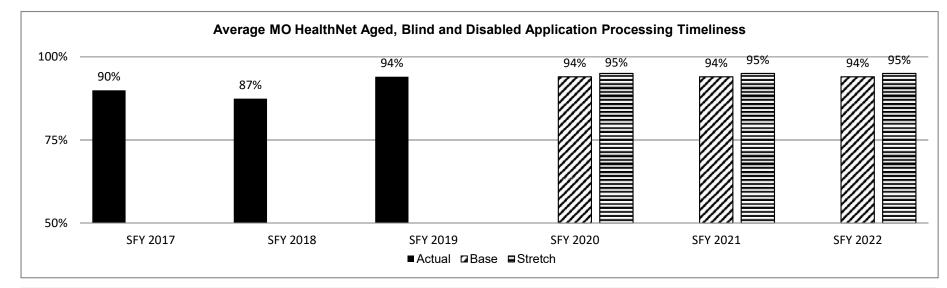

#### 6c. Provide a measure of the program's impact.

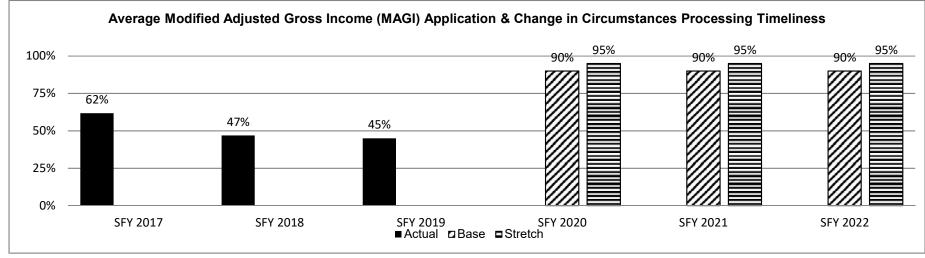

New Measures. Data unavailable prior to SFY 2019.

Child Care is a time limited program. Recipients must reapply annually to continue to receive benefits.

#### 6d. Provide a measure of the program's efficiency

FSD implemented the online application system for Food Stamps, Child Care, Temporary Assistance and MO HealthNet (Aged, Blind, Disabled) on a statewide level in April, 2017. There is a positive correlation between the increase in the percentage of on-line applications and a decrease in walk-in applications.

#### 7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Out-source the mail processing functions, with all mail received in one central location to include the opening, scanning, indexing and tasking of mail.

#### 1a. What strategic priority does this program address?

Revitalize organizational infrastructure

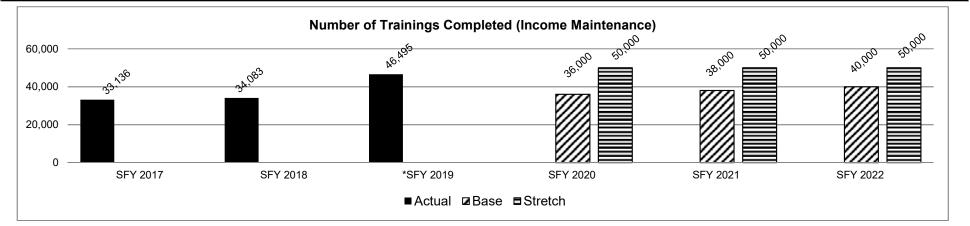

#### 1b. What does this program do?

The Department of Social Services, Family Support Division (FSD) develops, maintains and facilitates basic training to help FSD employees develop program knowledge and by extension, improve performance by teaching various system, law, and policy to team members with effective trainers who facilitate both in-person computer labs and innovative on-line delivery methods. This training allows staff to better serve Missouri citizens.

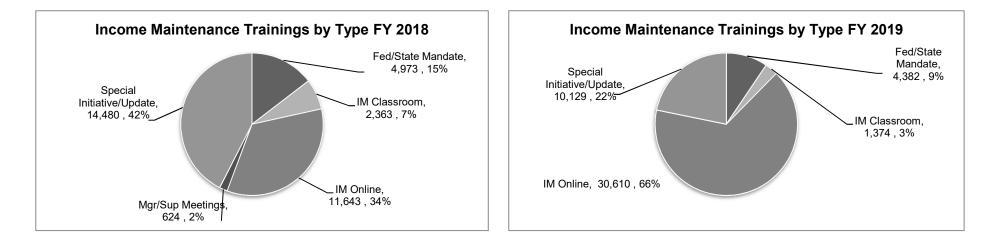

The FSD Training & Development Unit also manages the Employee Learning Center, which tracks enrollment and completion of required learning, and any lodging and travel costs associated with training. Additionally, the unit continues to upgrade curriculums using modern technologies to provide more cost effective development opportunities to all FSD team members (for example, online policy updates).

#### 2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

FSD has a new evaluation system, implemented in FY 2018. The scale is 1-5, with 5 being the most effective or most satisfied. This is completed by participants at the end of each training session.

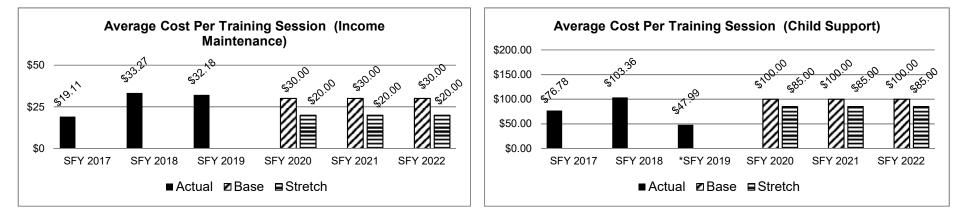

#### 2c. Provide a measure(s) of the program's impact.

Note: Training participants complete a final assessment at the end of each classroom training to measure competency. This is a new measure. Income Maintenance will implement assessments in FY 2019.

#### Department: Social Services Program Name: Family Support Staff Training Program is found in the following core budget(s): Family Support Staff Training

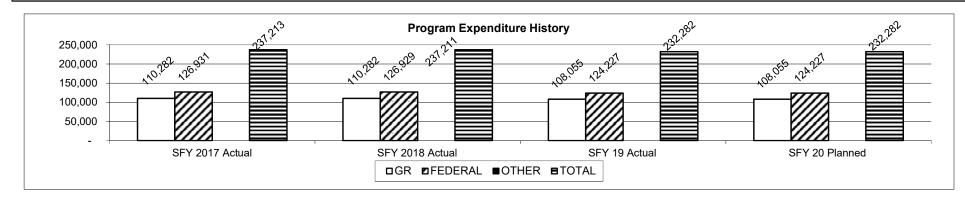

2d. Provide a measure(s) of the program's efficiency.

CS cost per training has historically been higher than IM cost per training because of the higher percentage of CS staff who complete classroom training, in comparison to IM staff. IM has a catalog of over 100 online lessons and materials, while CS has a catalog of 34 online lessons.

\*FY 19 had increased use of online training for CS. FY 20 is expected to return to historic levels due to a return to classroom training.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Planned FY 2020 expenditures are net of reverted and reserve.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A

#### 6. Are there federal matching requirements? If yes, please explain.

Family Support Staff Training federal reimbursement is based on the type of expenditure. Some expenditures are reimbursable at the Income Maintenance time study rate of around (53.01% federal 46.99% state match) or at the level as specified under a specific grant such as Child Support (66% FF and 34% State) or Food Stamp Administration (50% FF and 50% State) for expenditures allowable under the grant. The time study rate is determined by polling a select number of Income Maintenance staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

#### 7. Is this a federally mandated program? If yes, please explain.

Training initiatives to support federally mandated programs such as Food Stamps, Temporary Assistance, Child Support and MO HealthNet are considered federally mandated.

#### Department: Social Services Program Name: Electronic Benefits Transfer (EBT) Program is found in the following core budget(s): Electronic Benefits Transfer (EBT)

HB Section(s): 11.115

#### 1a. What strategic priority does this program address?

Providing efficient and secure delivery of benefits

#### 1b. What does this program do?

The Department of Social Services, Family Support Division is administering the Electronic Benefits Transfer program to help low income Missourians by providing for the delivey of cash assistance and SNAP benefits through credit or debit cards.

The Family Support Division currently contracts with FIS/eFunds Corporation to provide a statewide delivery system for Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance (TA) cash benefits. The EBT system allows recipients to use the same type of system used everyday by other consumers completing transactions with debit and credit cards. This is a federal requirement for SNAP recipients. The Department of Social Services began contracting with FIS/eFunds Corporation in June 2011. The initial five-year contract ended in June 2016, however there was an option for an additional five one-year renewals. DSS is developing a new Request for Proposal (RFP), which is expected to be released by December 2019. There is currently one renewal option left. If DSS chooses to use all renewal options available, the final contract expiration date will be June 2021. This system also provides reports that are used to identify potential retailer and recipient fraud.

| Monthly cost per case                              | <u>Current</u> |
|--|----------------|
| SNAP only cases                                    | \$0.61         |
| Temporary Assistance only cases                    | \$0.57         |
| Cases receiving both SNAP and Temporary Assistance | \$1.17         |

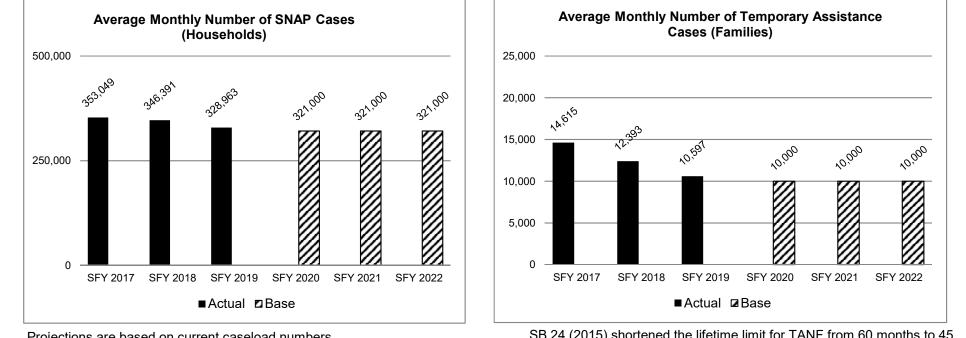

As required by SB 251 (2013), the Department of Social Services, Family Support Division blocks Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments which provide adult-oriented entertainment, using FIS/eFunds Corporations' Fraud Navigator. Fraud Navigator also analyzes SNAP and Temporary Assistance transactions for possible unallowable activity, and provides alerts to the Division of Legal Services, Welfare Investigations Unit.

Missouri is in the process of implementing additional fraud prevention methods. Missouri has added a level of security to EBT cards to protect consumers from cloning of EBT benefit cards with the activation of Card Authentication Value (CAV). Customers are discourage from using common pin numbers, such as 1111, 1234, 4444 for EBT transactions. Additionally, The Agriculture Improvement Act of 2018 states that Missouri must expunge SNAP Benefits from EBT online accounts that have not been accessed in 9 months, or upon verification that all members of the household are deceased. The implementation of these requirements are in development.

Provide an activity measure(s) for the program. 2a.

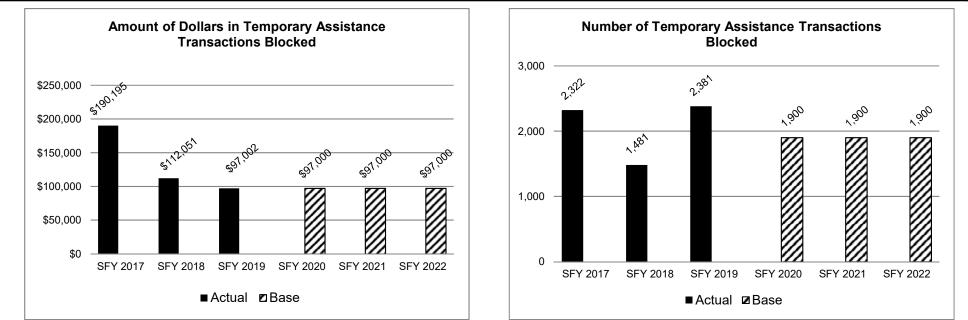

Projections are based on current caseload numbers.

SB 24 (2015) shortened the lifetime limit for TANF from 60 months to 45 months. Projections are based on current caseload numbers.

2b. Provide a measure(s) of the program's quality.

As required by SB 251 (2013), the Department of Social Services, Family Support Division blocks Temporary Assistance transactions at inappropriate locations, such as liquor stores, casinos, gambling/gaming establishments and establishments which provide adult-oriented entertainment, using FIS/eFunds Corporations' Fraud Navigator. The initial push to block inappropriate locations has leveled off and projections were made based on the new transactions and dollars that are expected to be blocked over the next three years.

# 2c. Provide a measure(s) of the program's impact.

\*Some people elect to not use the EBT card, and have TANF benefits directly deposited. The use of the EBT card is more efficient, and allows for ATM blocking, so the Department is working to decrease the percentage of Direct Deposits.

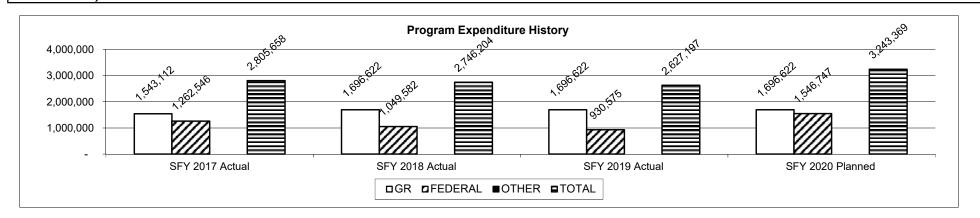

## 2d. Provide a measure(s) of the program's efficiency.

Funds withdrawn at ATMs are an efficient source of funding for recipients, compared with other ways to access cash benefits.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

#### 4. What are the sources of the "Other " funds?

N/A

#### 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: Section 208.182, RSMo. Federal law: Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996; PL 104-193; Code of Federal Regulations (CFR) Title 7, Subtitle B, Chapter II, Subchapter C, Part 274 Issuance and Use of Program Benefits.

#### 6. Are there federal matching requirements? If yes, please explain.

EBT federal fund (FF) reimbursement is based on the type of expenditure. Expenditures related to Food Stamp Administration/EBT Issuance are reimbursable at 50% FF and 50% State Match, and expenditures related to TANF are reimbursable at 100% FF unless used as maintenance of effort.

## 7. Is this a federally mandated program? If yes, please explain.

Yes. PL 104-193, PRWORA of 1996. Distributing SNAP benefits through this method is a federal requirement.

#### 2. CORE DESCRIPTION

The Family Assistance Management Information System (FAMIS) is a legacy system for Child Care, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance, MO HealthNet (Aged, Blind and Disabled) and related programs. It allows customers to provide their personal information once, rather than multiple times when applying for more than one program. FAMIS generates notices to customers, tracks required verification, and tracks Medical Review Team (MRT) review due dates. The system takes automatic actions based on information entered by staff. FAMIS issues benefits to customers and payments to vendors.

## Department: Social Services HB Section(s Program Name: Family Assistance Management Information System (FAMIS) Program is found in the following core budget(s): Family Assistance Management Information System (FAMIS)

1a. What strategic priority does this program address?

Move families to economic sustainability

1b. What does this program do?

The Department of Social Services, Family Support Division uses the Family Assistance Management Information System (FAMIS), a legacy eligibility determination system for Child Care, Supplemental Nutrition Assistance Program (SNAP or Food Stamps), Temporary Assistance, MO HealthNet (Aged, Blind, and Disabled) and related programs to help FSD team members process applications and deliver benefits to customers in an accurate and timely manner. FAMIS issues benefits to customers and payments to vendors.

As the programs managed in the system are constantly changing due to both state and federal requirements, FAMIS will require continued funding to make necessary changes. This appropriation also supports modifications to increase system efficiency, prevent fraud and abuse, comply with and prevent audit findings and provide enhanced client services. To support these changes, the FAMIS team gathers business requirements, completes design, development, and testing for all system changes.

The Missouri Eligibility Determination and Enrollment System (MEDES) will eventually replace FAMIS. Beginning January 1, 2014 the Family Medicaid (MAGI) program was converted into MEDES. The MEDES project encompasses the design, development, and implementation of a federally certified system for the MO HealthNet, SNAP, Temporary Assistance, and Child Care Assistance programs. Food Stamps will be added next, followed by Temporary Assistance; Child Care; and MO HealthNet (Aged, Blind and Disabled) programs. FAMIS must remain fully functional for the remaining programs until conversion is complete. The FAMIS unit also operates a help desk, which took 7,629 calls in FY 2019.

#### 1a. What strategic priority does this program address?

Effective, accountable partnerships for Missourians

#### 1b. What does this program do?

The Department of Social Services, Family Support Division contracts with Missouri's Community Partnerships to engage local communities to overcome challenges such as child abuse/neglect, drug abuse, before/after school childcare, safety and health issues, and many others by mobilizing, leveraging, and allocating resources. The 20 Missouri Community Partnerships are decision-making entities for the services provided in the areas they serve, broadly representative of a county or multi-county area. They partner with the department and other state agencies to plan, develop, finance, and monitor strategies to achieve specific core result areas.

The core result areas include, but are not limited to, the following:

- Safe Children and Families;
- Healthy Children and Families;
- Children Ready to Enter School;
- Children and Youth Succeeding in School;
- Youth Ready to Enter the Workforce and Become Productive Citizens; and
- Parents Working.

Strategies used to meet these core result areas include:

- Actively involving communities in decisions which affect their well-being;
- Bringing services closer to where families live and children go to school;
- Using dollars more flexibly and effectively to meet the needs of families; and
- Being accountable for results.

Community Partnerships design, implement, and evaluate community strategies in response to needs and issues that are specific to their particular community, and bring together other existing groups to work on filling service gaps, without duplicating efforts.

Examples of the types of initiatives include:

- Partnering with the Children's Division (CD) to work on early childcare issues and work with daycare providers.
- Partnering with the Family Support Division (FSD) to provide Missouri Mentoring Programs.
- Partnering with the Missouri Re-Entry Project utilizing Volunteers in Services to America (VISTA) Volunteers. These volunteers offer a low-cost solution to staffing re-entry efforts.
- Partnering with CD to provide Independent Living Program services for youth transitioning from foster care.
- Partnering with the Division of Youth Services (DYS) on transitional services for youth moving back to their communities/homes after they have been with DYS. Some examples include providing basic needs such as clothing, toiletries, jobsite clothes, and school supplies. Other transitional services provided are monthly parent support group sessions and community mentors to help youth transition.
- Working on safety issues in their communities. Many are certified to inspect and install car seats. Some are working on drug and alcohol prevention
- Working on health and dental health strategies for the local communities. Several have been instrumental in getting Federally Qualified Healthcare Centers (FQHC), dental clinics, and mobile dental clinics in their community.
- Working with local schools on a variety of issues such as increasing graduation rates and decreasing discipline problems. They provide after school programming, summer programs, teen parent mentoring and job readiness trainings.

Missouri's Community Partnership sites include: Buchanan County, Butler County, Cape Girardeau County, Dunklin County, Greene County, Jackson County, Jasper and Newton Counties, Jefferson County, Knox and Schuyler Counties, Marion County, Mississippi County, New Madrid County, Pemiscot County, Pettis County, Phelps County, Randolph County, Ripley County, St. Louis City and County, St. Francois County, and Washington County. It should be noted that each Partnership's sphere of influence goes well beyond its county.

#### Department: Social Services Program Name: Community Partnerships Program is found in the following core budget(s): Community Partnerships

#### 2a. Provide an activity measure(s) for the program.

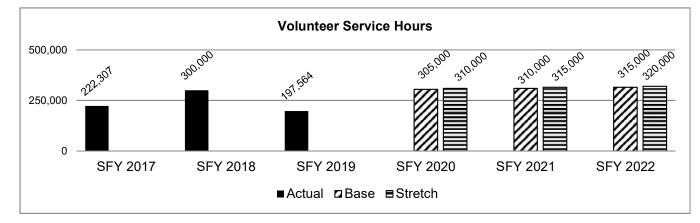

The Partnerships experienced an increase in the number served in FY 2018 and FY 2019 due to added programs. Based in past participation levels, these appear to be an anomaly that cannot be sustained.

#### 2b. Provide a measure(s) of the program's quality.

Each Community Partnership does some level of quality control and customer satisfaction survey. Beginning in FY 2020, surveys will be compiled.

#### 1a. What strategic priority does this program address?

Effective, accountable partnerships for Missourians

#### 1b. What does this program do?

The Department of Social Services, Family Support Division partners with the Family and Community Trust (FACT), Community Partnerships, non-profit agencies, and Missouri State University to implement the Missouri Mentoring Partnership (MMP) program. This program helps youth between 16 and 21 years of age at high risk of entering the welfare or juvenile justice systems by offering mentoring programs that provide guidance to youth through worksite and teen parent mentoring programs.

The Missouri Mentoring Partnership mentoring programs operate with two types of mentors: worksite program mentors and teen parent mentors. Worksite mentors provide guidance and encourage hands-on experiences in dealing with real world problems participants may encounter in the world of work and help them develop a vision for their future. Teen Parent Mentors are mature, adult mothers who are paired with pregnant teen moms or new teen parents. They provide the youth with a model to help the teen mother become the best parent possible, and help the teen parent learn proper, practical parenting and coping skills for dealing with a new baby.

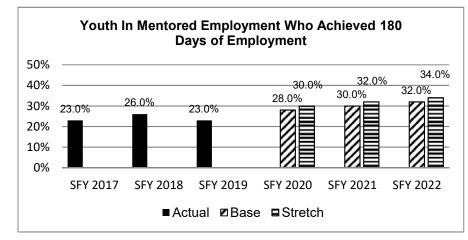

#### 2a. Provide an activity measure(s) for the program.

#### 2b. Provide a measure(s) of the program's quality.

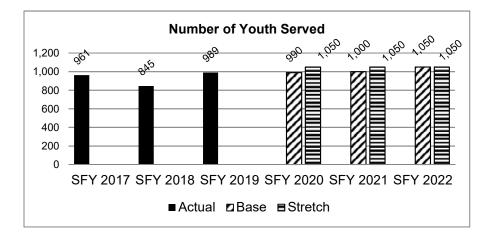

Beginning in FY 2020, the MMP sites will implement a satisfaction survey for clients to determine the quality of their work site and teen parent programs.

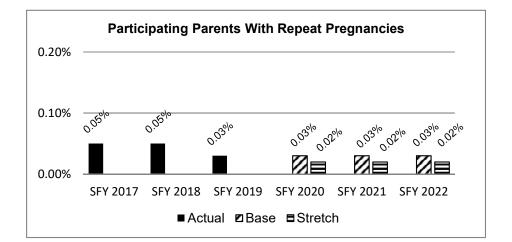

Department: Social Services Program Name: Missouri Mentoring Partnership Program is found in the following core budget(s): Missouri Mentoring Partnership

1a. What strategic priority does this program address?

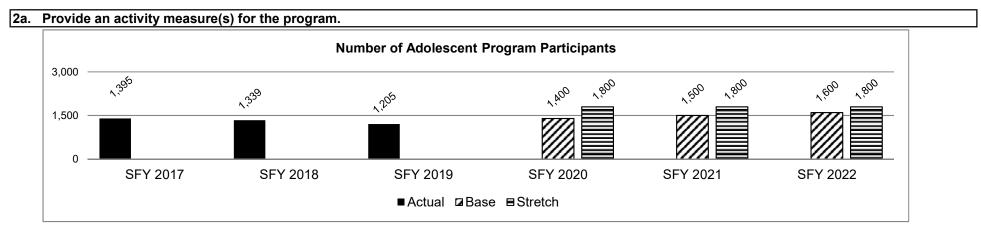

Move families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services, Family Support Division partners with non-profit agencies to help adolescent boys and girls ages 11-14 understand healthy relationships, how to respect one another in their lives, and the responsibility that parenthood brings by building self-esteem through positive outlets, with programs aimed at delaying sexual involvement and reducing out-of-wedlock pregnancies.

The Adolescent Program targets boys and girls ages 11-14 who are not yet fathers and mothers. Upon completion of the Adolescent Program, the participants should have a better understanding of the physical changes occurring in their bodies, coping skills for dealing with them, understanding healthy relationships, increased respect for authority and respect for individuals in their lives, understanding the responsibility that parenthood brings, taking responsibility for the decisions that they make as it relates to planning for the future, and increased ability for dealing with peer pressure. The program promotes the goal of delaying sexual involvement, the reduction of out-of wedlock pregnancies, and improving self-esteem through positive outlets. Connecting the participants to positive, supportive, and caring role models helps improve the likelihood that such behaviors will be improved, and that the lives of the participants will be positively affected.

In FY 2019, language was added to House Bill 11 to provide a program distributed to an organization with structured after school and summer activities; tested and proven programs; trained youth development personnel; a dedicated youth-centric facility; and services provided at a minimum of ten (10) locations throughout the state. The Department of Social Services combined services into one contract. The new contract with Missouri Alliance of Boys and Girls Club began July 1, 2019 (SFY 2020). These programs are being provided in the following eighteen counties: Benton, Boone, Butler, Cape Girardeau, Cole, Greene, Howell, Jackson, Jasper, Johnson, Oregon, Pettis, Pulaski, Saint Charles, Saint Louis, Scott, Stone, and Taney.

#### 2. CORE DESCRIPTION

This appropriation provides funding for the following four programs: The Food Nutrition Program (FNP) which is known nationally as Supplemental Nutrition Assistance Program Education (SNAP-Ed), SkillUP, SNAP Outreach, and Adult High School.

SNAP-Ed provides information on nutrition, physical activity, food safety, and food budgeting education to SNAP eligible individuals, especially women; people with children in the home; at risk, pregnant, and parenting teens; youth; and seniors. The goal of the program is to help participants make behavior changes to achieve lifelong health and fitness and to reduce obesity. The FNP continues to focus on improving the policies, systems and environments to target obesity prevention for SNAP recipients.

SkillUP, Missouri's employment training program, provides SNAP participants with opportunities to gain skills, training, or experience that will improve their employment prospects and assists them in the ability to obtain and retain employment, reducing their reliance on SNAP benefits. FSD has greatly increased outreach to recipients to educate and encourage them to participate in work or training activities. Advocacy groups and partner agencies also actively assist with outreach and education.

SNAP Outreach helps low income people buy the food they need for good health, including fruits, vegetables and whole grains. FSD works with local agencies, advocates, employers, community and faith-based organizations, and others to conduct outreach to eligible low-income people who are not currently participating in SNAP, and shares information about nutrition benefits available from SNAP to help individuals make informed decisions. FSD currently contracts with the University of Missouri and the Missouri Food Bank Association (Feed Missouri).

Excel Centers (Adult High Schools) helps individuals age 21 and over by offering the opportunity to earn a high school diploma and industry certificates while their children receive on-site child care. The Excel Centers were bid and awarded by the Department of Elementary and Secondary Education, and are operated by MERS Goodwill Industries. Funding for this program is also provided through the Temporary Assistance for Needy Families (TANF) core.

#### 1a. What strategic priority does this program address?

#### 1b. What does this program do?

The Department of Social Services, Family Support Division is partnering with the University of Missouri to provide SNAP Education to low income eligible Missourians where they live and work, with the goal of teaching participants to make healthy choices and improve food resources.

The SNAP-Ed (Food Nutrition) Program provides educational information about nutrition, physical activity, food safety and food budgeting to SNAP eligible individuals, especially to households with children in the home, at-risk pregnant and parenting teens, youth, and seniors through multiple approaches. Focus on changing behaviors to increase vegetable and fruit consumption, such as gardening and purchasing fresh produce at farmers markets, is included in the education provided throughout the state. The goal of the program is to teach participants how to make behavior changes and improve food resource management to achieve lifelong health and fitness, and reduce obesity.

Currently, the Department of Social Services partners with the University of Missouri to deliver education to targeted SNAP participants and eligible individuals. This appropriation is used to pay the salaries, benefits, expenses and equipment for over 158 University of Missouri Extension employees who implement the Food Nutrition Program by providing education regarding nutrition to low-income Missourians. These positions fill various roles to deliver nutrition, health, and physical activity education throughout Missouri where SNAP recipients and eligible individuals live and work. There are over 13,000 agency personnel and University faculty and staff who also contribute to the SNAP-Ed program.

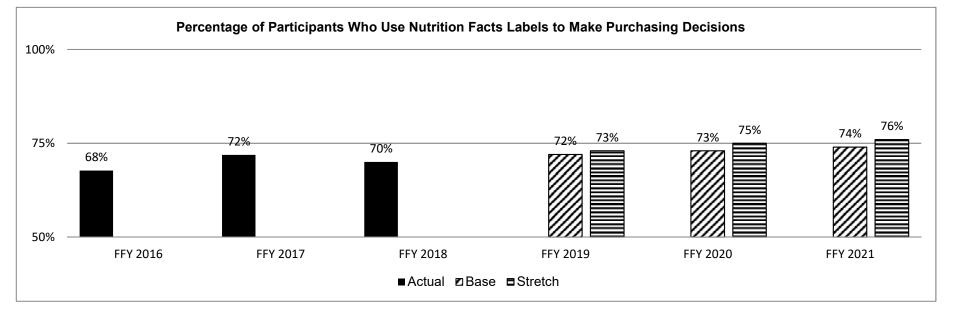

Beginning in FFY 2015, work requirements for SNAP changed, increasing the number of work participants. The number of SNAP participants is declining each year when work participants either do not meet the work requirements or receive exemptions. FFY 2019 will be available in March 2020.

#### Department: Social Services Program Name: SkillUP Program is found in the following core budget(s): Food Nutrition and Employment Training

#### 1a. What strategic priority does this program address?

Move families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services Family Support Division (FSD) administers the SkillUP program funded through the Food and Nutrition Services (FNS) to help unemployed and underemployed Supplemental Nutrition Assistance Program (SNAP) recipients by providing employment and training opportunities. SkillUP rapidly connects SNAP recipients to employment or better employment with increased wages through short-term training programs and skill building. This program aligns with DSS' mission of helping secure and sustain healthy, safe and productive lives.

Able Bodied Adults without Dependents (ABAWDs), who are 18-49 years old without child(ren), must participate in 80 hours per month or they will lose benefits after 3 months. ABAWDs can achieve their hours by participating through SkillUP or by providing participation hours directly to FSD. Non-ABAWDs can chose to participate through SkillUP. The 100% grant funding is currently allocated to the Workforce Development Boards, Missouri Community Action Network and Missouri Community College Association. The 50/50% match funding is allocated to the Excel Centers (MERS Goodwill) and Missouri Community College Association. FSD can request additional 50/50% match funding at any time during the year which allows other providers to leverage resources and increase the SkillUP opportunities.

1a. What strategic priority does this program address?

Connecting Missourians to employment/training opportunities

#### 1b. What does this program do?

The Department of Social Services, Family Support Division administers the Healthcare Industry Training and Education (HITE) program funded through the Health Profession Opportunity Grant (HPOG). Grant funding is allocated to the Workforce Development Boards (WDBs) including: Full Employment Council, St. Louis Agency on Training and Employment and the Central Workforce Development Board. These funds help low income persons earn self-sustaining wages, and decrease the need for government assistance by providing opporunities for healthcare training in high-demand healthcare careers. This program aligns with the DSS' mission of helping secure and sustain healthy, safe, and productive lives.

The Department of Social Services (DSS) was awarded a 5-year Health Profession Opportunity Grant (HPOG) with an approximate value of \$15 million. HITE utilizes a wide array of job training and recruitment strategies such as job fairs, social media, HITE healthcare training orientations and registered apprenticeship programs. Programs engage, train, employ, and serve the target population of Temporary Assistance for Needy Families (TANF) recipients and other youth and adults who have incomes under 200% of the federal poverty level. The goal is to promote self-sufficiency by providing training in healthcare fields such as Medical Assistant and Certified Nurse Assistant.

HPOG is funded by the U.S. Department of Health and Human Services, Administration of Children and Families. The total grant award is \$14,932,410 over five years, with an annual grant award of \$2,986,482 which is allocated in FFY 2020 as follows:

- Full Employment Council of Kansas City (FEC): \$1,191,100
- St. Louis Agency on Training and Employment (SLATE): \$1,179,599
- Central Region Workforce Development Board (CWDB): \$410,100
- Missouri Hospital Association (MHA): \$53,000
- Department of Social Services (DSS): \$152,683 (administrative expenses)

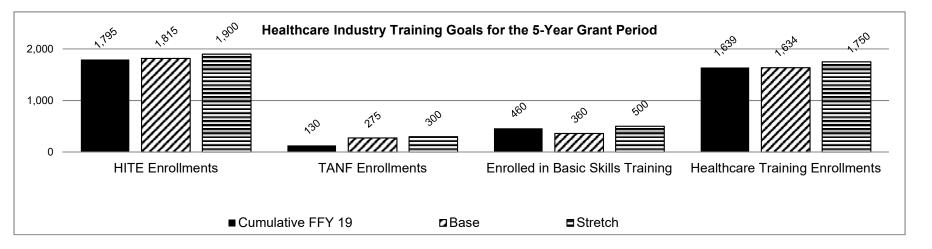

This grant expires September 29, 2020 and may either be extended, ended, or replaced by another healthcare grant that DSS can apply for.

#### 2a. Provide an activity measure(s) for the program.

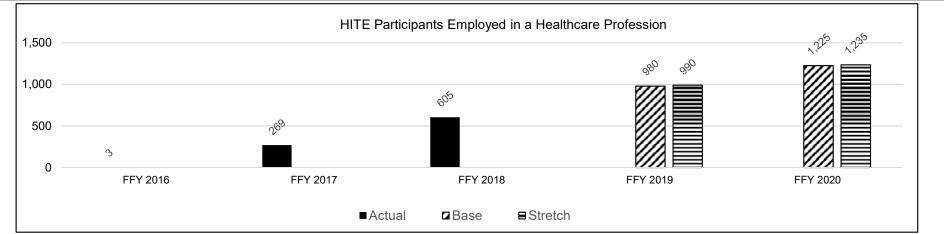

The HITE program accomplishes program goals by providing healthcare training and the wrap-around services through a participant based service delivery model. The WDB, employers, Missouri Hospital Association, educational facility, and participants work together as a team to ensure the participant is able to achieve employment in the healthcare field, and allows the employers to fill critical positions. In addition, the program provides pathways to assist the participant in achieving employment which can sustain a family. The Department exceeded the goals reported in the grant application for TANF enrollments and participants completing basic skills training. The base goals represent the goals reported by the Department on the grant application and the stretch goals represent program goals in excess of the initial goals established.

## Department: Social Services Program Name: Cash Assistance Program is found in the following core budget(s): Temporary Assistance

#### 1a. What strategic priority does this program address?

Move families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services Family Support Division determines eligibility and administers the Temporary Assistance (TA) program to help low-income Missourians by providing cash assistance to families, based on income and family size, for a period not to exceed a lifetime total of 45 months with some exceptions. Prior to being approved for benefits, the applicant must sign a personal responsibility plan, complete an orientation to benefits and requirements and register on jobs.mo.gov. The state does not extend TA past 45 months unless there is a documented hardship (domestic violence, substance abuse treatment, mental health, or family crisis). Parents/caretakers are exempt from the lifetime limit if they are age 60 and over, or permanently disabled. Applicants who attest to using a controlled substance and refuse treatment, or applicants who refuse to complete an attestation stating they do not use controlled substances are not authorized to receive benefits for themselves, but their child(ren) in the household can receive benefits. In addition, applicants who have a prior felony drug conviction cannot receive benefits for themselves. TA recipients cannot access cash benefits at ATMs in unauthorized locations including liquor stores, gaming establishments, and establishments that provide adult entertainment.

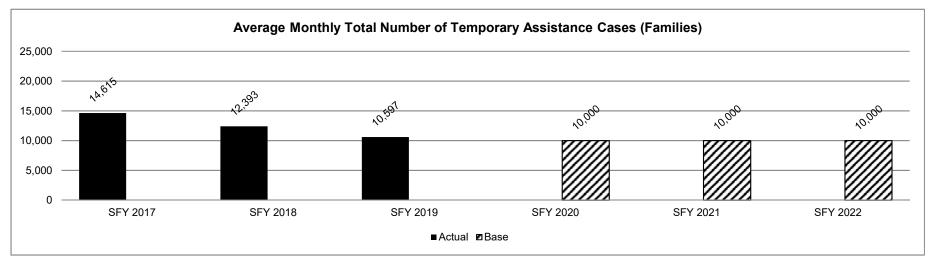

TA recipients are referred to Missouri Work Assistance (TA) providers for employment and training services, unless they meet a federally defined reason they do not have to participate. The parents/caretakers must comply with the minimum required work participation hours per week. Failure to comply with Missouri Work Assistance (MWA) will result in a 50% reduction in benefits after 10 weeks, and the family no longer receiving benefits after 16 weeks. To receive benefits again following termination, the parent/caretaker must achieve 30 hours of employment and training activities, or provide documentation indicating they meet a federally defined reason they do not have to participate in work activities.

TA recipients who earn wages, or additional wages after becoming eligible and receiving TA, while on benefits, will have a portion of their income disregarded. TA recipients no longer receiving TA due to increased wages earned from employment will receive a six month transitional benefit of \$50. The earnings disregarded and transitional benefits are intended to help recipients stabilize household incomes.

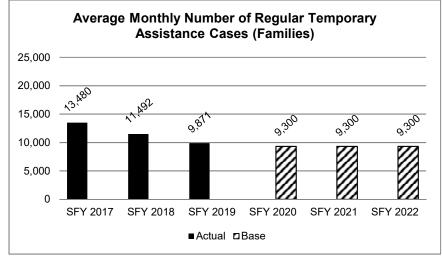

TA is included in the Workforce Innovation and Opportunity Act (WIOA) state plan as a combined partner. This allows for engagement with other agencies on employment and training strategies, resources, and blending of funds.

## Department: Social Services Program Name: Missouri Work Assistance and TANF Funded SkillUp Program is found in the following core budget(s): Temporary Assistance

HB Section(s): 11.150

## 1a. What strategic priority does this program address?

Connecting Missourians to employment/training opportunities

#### 1b. What does this program do?

The Department of Social Services Family Support Division administers the SkillUP program funded through Temporary Assistance for Needy Families Funds (TANF) to help unemployed and underemployed Supplemental Nutrition Assistance Program (SNAP) recipients by providing employment and training opportunities. TANF funds support employment and training services for clients who are 16-24 years old, or 25 years and older with a child(ren). SkillUP rapidly connects SNAP recipients to employment or better employment with increased wages through short-term training programs and skill building. This program aligns with DSS' mission of helping secure and sustain healthy, safe, and productive lives. See Attachment A for a current listing of contractors.

Able Bodied Adults without Dependents (ABAWDs) who are 18-49 years old without child(ren) must participate 80 hours a month or will lose benefits after 3 months and TANF can support ABAWDs who are 16-24 years old. ABAWDs can achieve their hours by participating with SkillUP or by providing participation hours directly to FSD. Non-ABAWDs can chose to participate with SkillUP. The FSD has contracts or has agreements with Missouri's Workforce Development Boards, the Missouri Community College Association who subsequently contracts with 13 Community Colleges, Area Resources for Community and Human Services that contracts services for 4 pilot projects, Missouri Community Action Network who contracts with 10 Community Action Agencies, Mississippi Caring Communities which serves as the lead agency and includes 4 other Community Partnerships and MERS Goodwill Excel Centers (Adult High Schools) to operate SkillUP. In addition, services are provided through MWA providers.

TANF funds also support Department of Corrections (DOC) Reentry Efforts as the agencies share many clients who have historically been provided significant benefits. The current projects include supporting efforts in the Kansas City Reentry Center and Community Supervision Centers, purchasing a truck simulator in Southeast Missouri and offering pre-release Microsoft classes and certification. These projects will continue to expand and be streamlined, will include participant tracking and reporting of outcomes. TANF funds are also being used to support research projects to determine reasons clients aren't engaging in employment.

#### 2a. Provide an activity measure(s) for the program.

MWA mandatory and volunteer participants are electronically referred to MWA contractors to provide employment and training services. The participant is assessed by addressing participant's goals, strengths, and barriers. Participants must engage in work activities which lead to employment.

Note: The Administration for Children and Families (ACF) requires states to meet a Work Participation Rate (WPR); however, Missouri's required rate is nominal as the caseload continues to decrease. Missouri does not currently focus on the WPR, and instead focuses on the participant's best interest and outcomes. ACF is considering legislative changes to measure outcomes.

The percentage of MWA referrals enrolled will be available in December 2019.

SNAP clients are electronically referred to the Office of Workforce Development's case management system. The participant is assessed by addressing participant goals, strengths, and barriers. Each participant has an Employability Plan with short- and long-term goals.

In FFY 2018, there were issues with recording the actual number of participants due to the implementation of a new system by the Division of Workforce Development. FSD is validating the data and will report updated actual FFY 2017 and FFY 2018 in December 2019. FFY 2019 data will be available in December 2019.

## Department: Social Services Program Name: First Birthday, Midtown Youth Facility, and Food Banks Program is found in the following core budget(s): Temporary Assistance

HB Section(s): 11.150

#### 1a. What strategic priority does this program address?

Provide effective services to Missourians

#### 1b. What does this program do?

The Department of Social Services, Family Support Division contracts services to help new parents with the highest need to provide a safe sleep environment through the First Birthday project. The project gives them a Baby Box or Pack n' Play, in conjunction with safe sleep educational materials through a collaborative partnership between the community partnerships and the county health departments, health care systems, medical centers, and hospitals. DSS works closely with the Safe Sleep Coalition to identify best practices and develop a statewide strategy to reduce sleep-related deaths.

The Department of Social Services, Family Support Division partners with Midtown Youth Facility, through ARCHS, to help TANF eligible families by connecting the parents of youth with services. These services help reduce family stressors that contribute to child abuse and neglect by focusing on activities that promote the five strengthening Families Protective Factors developed by the Center for Study of Social Policy. Factors include parental resilience, social connections, knowledge of parenting and child development, concrete support in times of need, and the social and emotional competence of children.

#### 2. CORE DESCRIPTION

The Alternatives to Abortion Program provides services and counseling to pregnant women, at or below 185 percent of the federal poverty level, to assist in carrying their unborn child to term rather than having an abortion and to assist women in caring for their child or placing their child for adoption. The goals of the Alternatives to Abortion Program are to: 1) Reduce abortions and improve pregnancy outcomes by helping women practice healthy behaviors; including discontinuing the use of tobacco, alcohol, and illegal drugs, and improving their nutrition; 2) Improve child health and development by helping parents provide more responsible and competent care for their child(ren); and 3) Improve families' economic self-sufficiency by helping parents develop a vision for their own future, continue their education, and find a job. The purpose of the Alternatives to Abortion Public Awareness Program is to help pregnant women at risk for having abortions become aware of the alternatives to abortion services available to them in their local communities.

1a. What strategic priority does this program address?

Ensure Missourians secure and sustain healthy, safe, and productive lives

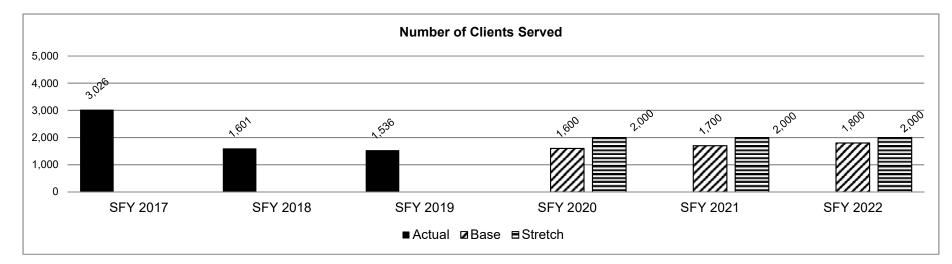

#### 1b. What does this program do?

The Department of Social Services, Family Support Division partners with non-profit agencies to help pregnant women at or below 185 percent of the federal poverty level carry their unborn child to term rather than have an abortion, and assist them in caring for their child or placing their child for adoption by providing services and supports to the mother throughout the pregnancy, and continuing for one year following the birth of the child.

Services include, but are not limited to: prenatal care referrals; medical and mental health care referrals; parenting skills and education; drug and alcohol testing and treatment referrals; newborn and infant care; child care; housing assistance; utilities; educational services; food, clothing and supplies (including diapers) related to pregnancy, newborn care and parenting; adoption assistance; job training and placement; establishing and promoting responsible parenting; ultrasound service referrals; case management services; domestic abuse protection; and transportation.

Alternatives to Abortion funds shall not be expended to perform or induce, assist in the performing or inducing of, or referring for abortions.

#### 2a. Provide an activity measure(s) for the program.

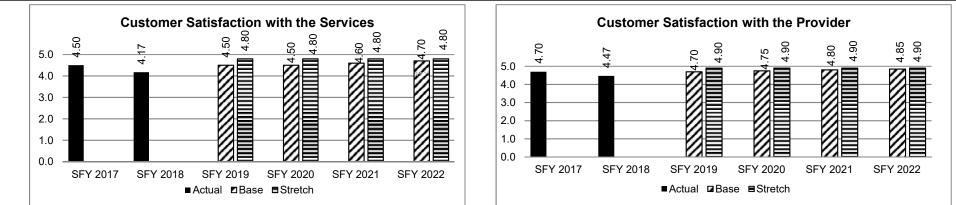

In FY 2017, the contract was funded in part by General Revenue with no eligibility requirements based on income. In FY 2018, the program was funded with TANF funds, requiring income eligibility requirements set at 185% of the federal poverty level. Therefore, the number of clients served decreased.

Increasing fathers' participation in their children's lives and moving families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services, Family Support Division partners and coordinates with organizations to provide services to fathers to help support their children emotionally and financially by providing access to programs that deliver responsible parenting, healthy marriage, economic stability, and job training skills.

The Responsible Fatherhood projects are designed to provide relationship and parenting skills in addition to access to programs which promote the opportunity for fathers to support their children emotionally and financially. Temporary Assistance for Needy Families (TANF) block grant funds were appropriated in FY 2017 as a result of the passage of SB 24 (2015, Section 208.067, RSMo.) to support fatherhood program initiatives. The programs listed below are fully or partially supported by the Healthy Marriage/Responsible Fatherhood grants for FY 2020.

**The Responsible Fatherhood Programs:** provide a responsible fatherhood/parenthood curriculum, as well as supportive services designed to address parenting skills, co-parenting, domestic violence, child support, and provide employment/educational opportunities. The programs also improve the abilities of fathers to support their children. This includes active engagement with child support outreach specialists to facilitate the payment of child support obligations. These funds are awarded on a regional basis and include:

- Region 1: St. Louis Fathers' Support Center (FSC) in metropolitan St. Louis
- Region 2: Connections to Success (CtS) in metropolitan Kansas City
- Region 3: Randolph County Caring Communities Partnership (RCCCP) based in Moberly and serving northern Missouri
- Region 4: Powerhouse Community Development Corporation (PCDC) based in Sedalia and serving central Missouri
- Region 5: Missouri Bootheel Regional Consortium (MBRC) based in Sikeston and serving southeast Missouri
- Region 6: Good Dads, Inc. (GD) based in Springfield and serving southwest Missouri

Healthy Families, Court Diversion and Employment-based Fatherhood Initiatives: The following programs address a variety of barriers which affect healthy marriage and responsible parenthood:

The New Pathways for Fathers and Families (NPFF): ARCHS, Saint Louis Agency on Training and Employment (SLATE), and the 22nd Judicial Circuit Court partnership, provide fathers facing contempt charges for nonpayment of child support an alternative to incarceration that includes intensive services in employment readiness and parenting activities. This program is intended to provide fathers with services and support to enable them to successfully comply with child support orders.

**Urban League Transitions for Change Employment Program (TFCEP):** This employment program with the Urban League of Metropolitan St. Louis Inc. provides job search and employability skill services that assist participants to move from unemployed to permanently employed. Participants have a maximum of 90 days from enrollment to obtain full-time or part-time employment. The Transition for Change Employment Program incorporates the following practices to achieve the program's goals: readiness assessment, individualized employment plan, coordinated network of services and employers, transitional employment and on the job training, and comprehensive case management.

**Big Brothers Big Sisters Pilot Program:** This fatherhood pilot program has three parts. The Fatherhood Prevention Program matches 200 young men with a Big Brother or a Big Couple. This program provides opportunities to understand the importance of fatherhood and healthy relationships with peers, and strategies to avoid issues related to early fatherhood, drugs, and alcohol. The ABC Today Schools Program assigns a resource officer in two schools to identify and help high-risk students build a plan to address school and home challenges. These students are matched with a Big Brother/Big Sister mentor and may be referred to the Fatherhood Prevention Program. The FIRST JOB Program is an employment program for young men and women designed to help eighth graders prepare for their first job. Young men and women in the Fatherhood Prevention or the ABC Today Schools Programs may also be able to participate in the FIRST JOB Program.

**Youth Alliance Fatherhood Program:** This employment program is operated by the St. Joseph Youth Alliance and the Buchanan County Prosecuting Attorney's Office. The Prosecuting Attorney refers individuals to the Youth Alliance for education and support services, with a focus on employment. Employment support services are based on the Workforce Innovation Opportunity Act (WIOA) model, which embraces employment and training services, including supported employment. The program helps participants move from unemployed to permanently employed.

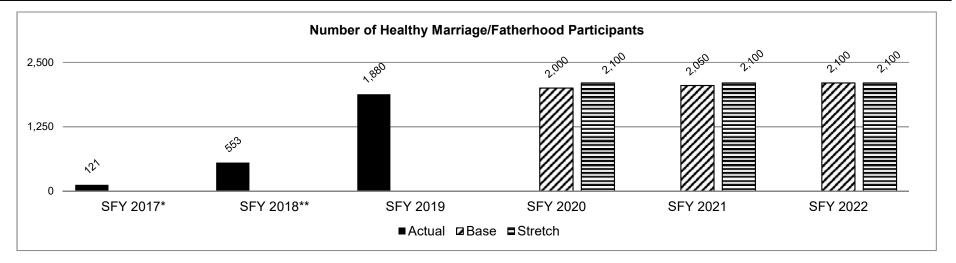

Total Man Community Development Corporation (CDC) Dads Achieving Destiny Successfully (DADS) Program/Kansas City Municipal Court Reinstatement Court: This program helps noncustodial parents resolve their driver's license suspension issues and resume a consistent pattern of child support payments. The 16th Judicial Court of Missouri- Kansas City Municipal Division refers individuals to Total Man CDC for education and support services, with a focus on employment. The program also assists participants to move from unemployed to permanently employed. Successful participants in Reinstatement Court receive a stay on their driver's license suspension within 30 days of enrollment, with possible termination of the license suspension upon successful completion of the program.

#### 2a. Provide an activity measure(s) for the program.

\*New program in SFY 2017. There were start-up costs in SFY 2017 for the new projects. The participants in SFY 2017 include 63 Parenting In Partnership (PIP) and 58 SLATE. SLATE did not start enrolling participants until November 2016.

\*\*TFCEP is a new program. MBRC (35) and GD (15) did not start enrolling participants until March 2018. The following projects reflect a full year of operation: PIP (58), FSC (87), PCDC (61), RCCCP (63), CtS (75), and SLATE (159).

Each of the Healthy Marriage/Responsible Fatherhood programs served anywhere from 60 to 300 fathers during FY 2019. This activity is measured by participants enrolled in each program as well as retention/withdrawal rates within the programs.

#### Department: Social Services Program Name: Healthy Marriage/Fatherhood Program is found in the following core budget(s): Healthy Marriage/Fatherhood Initiatives

#### 2b. Provide a measure(s) of the program's quality.

Quality control within the programs will be measured by a customer satisfaction survey in FY 2020, designed by child support administration, and administered by the participating agencies as part of the 180-day interview between the father and the project manager. The questions are designed to determine:

HB Section(s):

11.155

- Overall satisfaction with the services provided;
- The degree to which the participant has received the services requested/needed;
- Whether such services have made a difference in their ability to interact with their children;
- Whether the services provided helped to overcome obstacles in their ability to interact with their children; and
- Whether they see themselves as better parents.

The survey results will be reported in the FY 2022 budget request.

Quality within the outreach unit will be assessed by benchmarks established by child support, and captured through quality control audits, monthly production reports, and actions captured within the automated reporting system (MACSS).

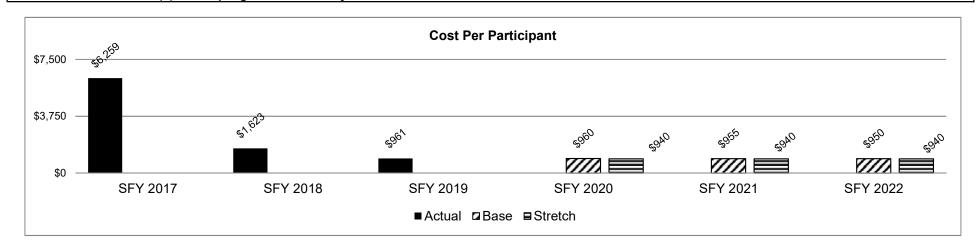

#### 2c. Provide a measure(s) of the program's impact.

The FY 2020 customer satisfaction survey is also designed to address issues related to the program's impact as perceived by the participants themselves, as indicated above in 2b.

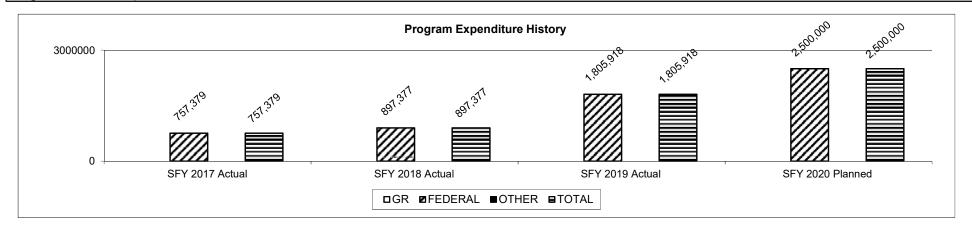

The goal of the Healthy Marriage/Responsible Fatherhood program is to have all program participants with child support cases cooperating with the outreach unit in the establishment and enforcement of child support cases. This would include cooperation with efforts to establish paternity as well as payment of child support through either established payment agreements or income withholding orders in the case of those who are employed. The impact of the Healthy Marriage/Responsible Fatherhood programs in such cases can be measured on a before and after comparison. Payments from fathers should become more frequent and closer to the amount of child support ordered after enrollment than before enrollment. Child support payments will be measured in terms of the amount paid, frequency of payments, consistency of payments, and percentage of participants who are making payments, all of which should show increases from before enrollment to after enrollment. This will be reported in the FY 2022 budget request.

#### 2. CORE DESCRIPTION

Adult Supplementation provides a monthly cash benefit to targeted aged, blind, and disabled persons. This program, along with Supplemental Security Income (SSI), provides supplemental payments to persons receiving less income than they were in December 1973 from the prior supplemental programs of Old Age Assistance, Aid to the Blind, and Permanent and Total Disability. These claimants remain eligible for medical care. No new cases can be added to this caseload and consequently it will decline over time. The number of active cases fluctuates due to individuals moving to other programs such as vendor (nursing home), and then moving back to Adult Supplementation when they leave the vendor program.

#### Department: Social Services Program Name: Adult Supplementation Program is found in the following core budget(s): Adult Supplementation

HB Section(s): 11.160

#### 1a. What strategic priority does this program address?

Improving life and opportunities of Missourians

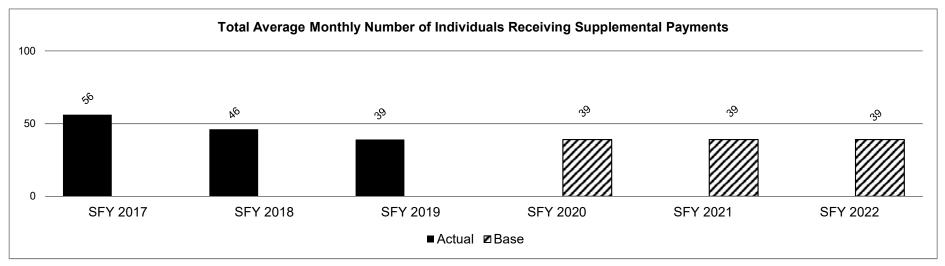

#### 1b. What does this program do?

The Department of Social Services, Family Support Division is determining eligibility and administering this program to help aged, blind and disabled Missourians by providing monthly cash benefits.

Adult Supplementation provides a monthly cash benefit to targeted aged, blind, and disabled persons. In conjunction with the Supplemental Security Income (SSI) program, states are required to make Supplemental Payments (SSI-SP) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs of Old Age Assistance, Aid to the Blind, and Permanent and Total Disability. Recipients who were not eligible for SSI, but whose incomes were less than their 1973 level, also receive a supplemental payment from the State of Missouri equal to the difference in the income levels. These recipients are designated as Supplemental Payment Only (SP-Only) recipients.

Any claimant converted to SSI-SP or SP-Only remains eligible for medical care. No new cases can be added to this caseload, and consequently, it will decline over time. The number of active cases fluctuate due to individuals moving to other programs such as vendor (nursing home), and then moving back to Adult Supplementation when they leave the vendor program.

State statute: Section 208.030, RSMo. Federal law: Section 1616 of the Social Security Act.

6. Are there federal matching requirements? If yes, please explain.

No.

#### 7. Is this a federally mandated program? If yes, please explain.

Yes. Section 1616 of the Social Security Act. States are required to make Supplemental Payments (SSI-SP or SP Only) to those persons who would receive less total income than they were receiving in December 1973 from any of the three former programs referenced above.

#### 1a. What strategic priority does this program address?

Secure and sustain healthy and safe lives for individuals

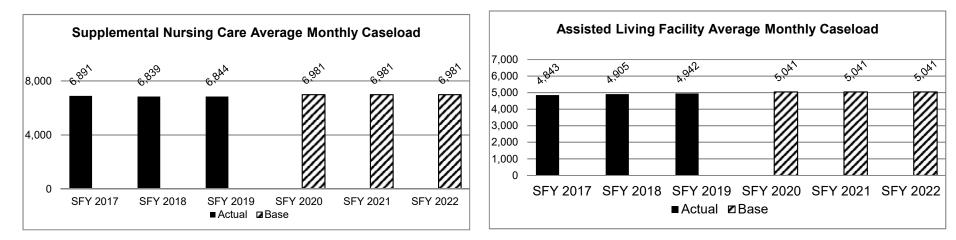

#### 1b. What does this program do?

The Department of Social Services, Family Support Division, determines eligibility and administers this program to help aged, blind and disabled Missourians by providing monthly cash benefits to supplement individuals costs for care in skilled nursing and assisted living facilities.

The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in Residential Care Facilities, Assisted Living Facilities, non-MO HealthNet certified areas of Intermediate Care Facilities, and Skilled Nursing Facilities. These grants help low-income seniors and persons with disabilities afford adequate care and remain in a less restrictive environment for long term care, improving their quality of life. Supplemental Nursing Care (SNC) recipients must be 65 or over in age, or age 21 or over and permanently and totally disabled or blind and have insufficient income to meet the base facility charge.

An eligible adult, living in a licensed nursing facility and found medically eligible, may receive a maximum of \$390 monthly. If living in an assisted living facility, formerly known as a licensed residential care facility II (RCF-II), an eligible person may receive a maximum of \$292 monthly. An eligible adult, living in a licensed residential care facility I (RCF-II), an eligible person may receive a maximum of \$292 monthly. An eligible adult, living in a licensed residential care facility I (RCF-I), may receive a maximum of \$156 monthly. Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health. This keeps people in a less restricitve and less costly environment than a nursing home.

The Supplemental Nursing Care (SNC) program provides monthly cash benefits to eligible persons in Residential Care Facilities, Assisted Living Facilities, non-MO HealthNet certified areas of Intermediate Care Facilities, and Skilled Nursing Facilities. SNC recipients must be age 65 or over, or age 21 or over and permanently and totally disabled or blind with insufficient income to meet the basic facility charge. Supplemental nursing care recipients have medical coverage under the MO HealthNet Program.

Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health.

In the last half of FY 2019, SNC caseloads increased, resulting in increased expenditures. Funding is requested to cover the difference between current appropriation authority and projected expenditures.

#### 1a. What strategic priority does this program address?

Secure and sustain healthy and safe lives for individuals.

#### 1b. What does this program do?

The Department of Social Services, Family Support Division determines eligibility and administers this program to help blind Missourians by providing monthly cash benefits.

The Blind Pension Program is cash assistance for blind persons who do not qualify under the supplemental aid to the blind law and who are not eligible for Supplemental Security Income benefits. The Supplemental Aid to the Blind Program is cash assistance for blind persons who meet certain requirements with reasonable subsistence in accordance with standards developed by the Family Support Division. In addition to the cash grant, individuals in both programs are provided with medical coverage from MO HealthNet's budget.

HB 2171 (2018) was implemented to ensure that only eligible blind Missourians are receiving benefits. With the implementation of this legislation, the Blind Pension (not Supplemental Aid to the Blind) caseload decreased by 230 cases from FY 2018 to FY 2019.

Each eligible person receives a monthly cash grant and medical coverage funded by MO HealthNet, depending on eligibility. The grant is \$750. Eligibility requirements of the Blind Pension program:

- Must be 18 years of age or older;
- Missouri resident;
- United States citizen or eligible non-citizen;
- Has not given away, sold, or transferred real or personal property in order to be eligible for Blind Pension;
- Single, or married and living with spouse, and does not own real or personal property (excluding their residence) worth \$30,000 or more, with the first \$100,000 in an individual's Achieving a Better Life Experience (ABLE) account excluded;
- Determined to be totally blind as defined by law (vision cannot be corrected to better than 5/200 in the better eye or visual field of less than or equal to 5 degrees in the better eye for at least 12 months);
- Willing to have a medical treatment or an operation to cure their blindness unless they are 75 years old or older;
- Is not a resident of a public, private, or endowed institution except a public medical institution;
- Shall not obtain, maintain, or renew a driver license, or operate a motor vehicle with or without a valid driver's license;
- Has not pleaded guilty or been found to have violated provisions of Sections 209.010 to 209.160, RSMo.; and
- A sighted spouse may not have an annual income that is equal to or greater than 500% of the federal poverty level (FPL).

Supplemental Aid to the Blind (SAB) is operated in Missouri in conjunction with a totally state-supported blind pension program. Eligible individuals receive a monthly cash grant and Title XIX MO HealthNet benefits. The grant is the difference between the maximum grant (\$750) and the SSI payment that the individual receives. Eligibility requirements for the SAB program:

- Must be 18 years of age or older;
- Missouri resident;
- Single and does not own real or personal property (excluding their residence) worth more than \$4,000 or, if married and living with spouse, does not own real or personal property worth more than \$8,000 individually or jointly;
- Determined to be totally blind as defined by law (vision cannot be corrected to better than 5/200 in the better eye or visual field of less than or equal to 5 degrees in the better eye for at least 12 months);
- Is not a resident of a public, private or endowed institution except a public mental health institution; and
- Has applied for Supplemental Security Income (SSI).

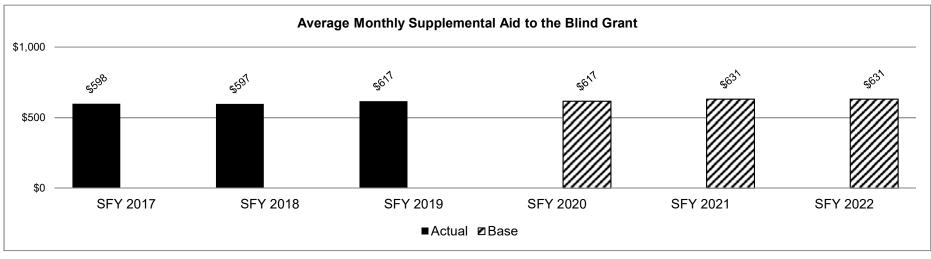

On March 30, 2018, the Cole County Circuit Court entered a final judgment finding that individuals who received a blind pension between February 1, 2001 and June 30, 2010 did not receive the full amount of the pension that they were entitled to receive, and that members of that class who did not opt out are entitled to a monetary award. A copy of the judgment is available on the DSS website.

This settlement resolves all issues, the pending appeal, the possibility of a loss and/or another trial court hearing and has the approval of class attorneys, class representatives, and a defense attorney. The Department has completed payments for all members with approved claims that have not requested administrative review. The Department is now in the administrative review process for appealed, approved, and denied claims.

#### 2b. Provide a measure(s) of the program's quality.

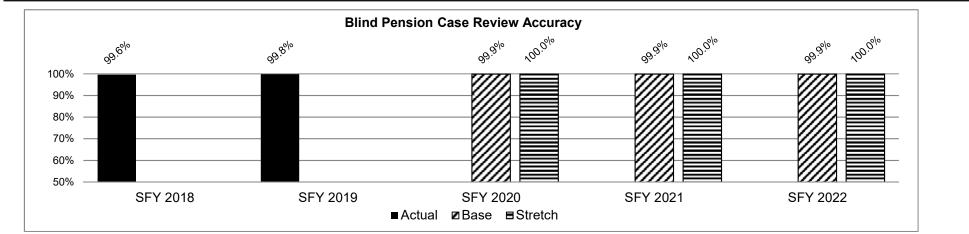

#### 2c. Provide a measure(s) of the program's impact.

4. What are the sources of the "Other " funds?

Blind Pension Fund (0621)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: Chapter 209 and Sections 208.020 and 208.030 RSMo., Missouri Constitution, Article III, Section 38 (b).

6. Are there federal matching requirements? If yes, please explain.

No.

7. Is this a federally mandated program? If yes, please explain.

Blind Pension is not federally mandated because it is a fully state-funded program. SAB is mandated through the receipt of federal funds. Federal law mandates that once a state exercises their option to operate a program (such as SAB) it may not be terminated without losing all federal medical assistance.

Section 209.040 subsection 6, RSMo. states "The Department of Social Services shall submit to the General Assembly a projected estimate of the monthly pension payment for each upcoming fiscal year with the department's proposed budget request for each upcoming fiscal year. The estimate may consider projected revenues from the tax levied under section 209.130, the projected balance in the blind pension fund, projected cash flow estimates to the blind pension fund, and estimates of the number of persons eligible to receive blind pension payments in each upcoming fiscal year. The Department may consult with the state treasurer, the Department of Revenue, and other sources in estimating projected revenues under this subsection. The estimated change in the monthly pension payment for each upcoming fiscal year shall be calculated as follows: one-twelfth of the quotient obtained by dividing seventy-five percent of the annual change in the amount of funds in the blind pension fund for the preceding fiscal year by the projected number of persons eligible to receive the monthly pension provided in subsection. "

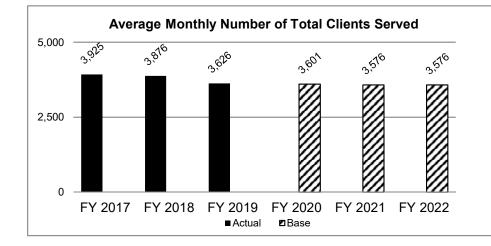

Based on this methodology, the Division is requesting a rate increase of \$14 per month for Blind Pension recipients (from \$750 to \$764 and a maximum grant of \$631 for Supplemental Aid to the Blind recipients).

# 2. CORE DESCRIPTION

The Community Services Block Grant (CSBG) provides core funding to nineteen Community Action Agencies (CAAs) to alleviate the causes and conditions of poverty in communities. CSBG funding is from a block grant provided to the State of Missouri by the U.S. Department of Health and Human Services. Individuals whose family income is below the Department of Health and Human Services 125% poverty guidelines are eligible for CSBG programs. Federal statutes require that 90% of the CSBG funding be passed through to eligible entities. The remaining funds are used for discretionary purposes including administration, training, technical assistance, services for special populations, and other poverty-related issues including homelessness and child nutrition.

#### 1a. What strategic priority does this program address?

Effective, accountable partnerships for Missourians

#### 1b. What does this program do?

The Department of Social Services, Family Support Division is overseeing a network of local, non-profit Community Action Agencies (CAAs) and/or other not-forprofit organizations serving 114 counties and the City of St. Louis to help empower low-income families and individuals to become self-sufficient and revitalize lowincome communities by addressing and reducing conditions associated with poverty, including unemployment, education barriers, inadequate housing, emergency needs, and malnutrition.

See Attachment A for a current listing of CAAs.

The CSBG is utilized to provide services based on locally determined needs. CSBG funds are coordinated with other federal, state, local, and private funds to support services and activities for low-income families and communities. The CAAs offer a variety of services to ensure clients have resources to help them become self-sufficient. CAAs use CSBG funds to provide a mix of services and activities including early childhood education, literacy (education and financial), job training, transportation, utility assistance, emergency food, asset development, economic development, and community development.

An initiative for children's nutrition is the No Kid Hungry Missouri Program, which works with state agencies, schools, private organizations, businesses, and individuals to break down barriers and implement solutions to ensure kids have greater access to nutritious meals.

In addition, the Department of Social Services, Department of Health and Senior Services, Department of Corrections, and Department of Mental Health are collaborating with the Department of Economic Development and the Missouri Housing Development Commission to refer homeless customers using a centralized, coordinated entry process. The goal of the program is to improve the delivery of housing and shelter services for single adults, families and youth in the community who are homeless or at risk of becoming homeless. The program works to rapidly exit people from homelessness to stable housing and ensure the hardest-to-serve population, with the greatest need, is served first.

# Department: Social Services Program Name: Emergency Solutions Grant Program Program is found in the following core budget(s): Emergency Solutions Grant Program

#### 1a. What strategic priority does this program address?

Move families into housing stability

#### 1b. What does this program do?

The Department of Social Services, Family Support Division partners with the Missouri Housing Development Commission (MHDC) to help homeless persons and those at risk of homelessness find permanent housing by implementing the Emergency Solutions Grant Program (ESG) through 79 grants, monitored by MHDC, to communities and non-profit agencies with programs that reduce the length of stay for families and individuals in shelters and create opportunities for them to be rapidly re-housed.

#### 2a. Provide an activity measure(s) for the program. **Total Clients Assisted Using ESG Funding** 11,023 11,000 C 1,823 1<sup>1,0</sup>9 17,300 11,250 17.200 15,000 11,14 10.000 5,000 0 **FFY 2017 FFY 2018 FFY 2019 FFY 2020 FFY 2021** ■Actual ■Base ■Stretch

Note 1: The above graph demonstrates the number of persons who were provided assistance through ESG for all of the ESG program components. Note 2: FFY 2019 data will be available August 2020.

Note 3: Prior to FFY 2017, the "number of person assisted" was reported to HUD differently and data is not available for that time period.

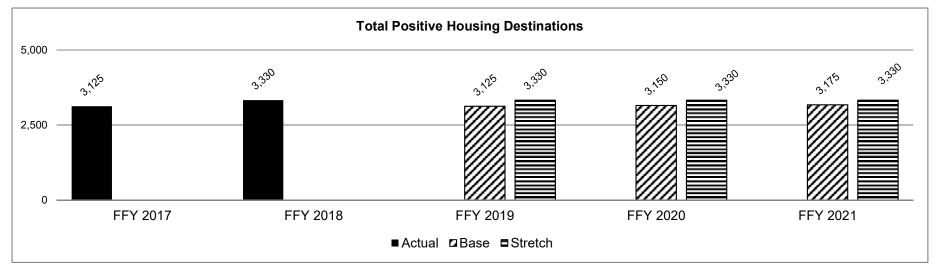

Note 4: The increase for FFY 2018 can be explained by a one-time increase in HUD funding for the FFY 2018 program year.

# Department: Social Services Program Name: Emergency Solutions Grant Program Program is found in the following core budget(s): Emergency Solutions Grant Program

# 2b. Provide a measure(s) of the program's quality.

The nature of the assistance provided by the ESG Program makes it difficult to collect customer satisfaction data; however, MHDC holds an annual Focus Group for funded agencies at the end of each grant cycle with the most recent being held on July 17, 2019. During this time, funded agencies are offered an opportunity to provide feedback and suggestions for the future grant year. The feedback has historically been very positive. In conjunction with the ESG Focus Group, MHDC is working to create and implement a more effective way of evaluating customer satisfaction measures and data reporting processes.

# 2c. Provide a measure(s) of the program's impact.

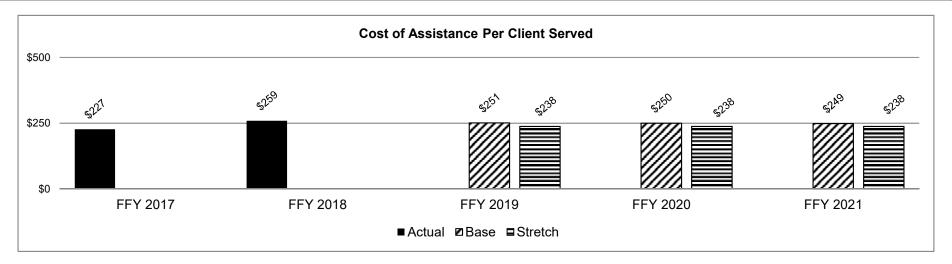

Note 1: "Total Positive Housing Destinations" refers to individual housing "outcomes" recorded and reported in the Consolidated Annual Performance Evaluation Report (CAPER) to the US Department of Housing and Urban Development (HUD). Positive Permanent Outcomes include individuals and families that obtained a rental housing unit or purchased a home with or without on-going subsidies (i.e. Section 8 or other housing vouchers) as well as other types of permanent housing outcomes such as moving in with family.

Note 2: MHDC began collecting this data during the FFY 2017 grant year.

Note 3: The increase for FFY 2018 can be explained by a one-time increase in HUD funding for the FFY 2018 program year.

# Department: Social Services Program Name: Emergency Solutions Grant Program Program is found in the following core budget(s): Emergency Solutions Grant Program

2d. Provide a measure(s) of the program's efficiency.

Note: The cost of assistance is calculated by taking the total federal dollars spent divided by the number of clients served (see 2a).

Program Name: Emergency Solutions Grant Program

Program is found in the following core budget(s): Emergency Solutions Grant Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

The above program expenditures reflect only the federal ESG dollars allocated to Missouri by HUD. They do not include each individual agency's dollar for dollar match as outlined in guestion 6.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Stewart B. McKinney Homeless Assistance Act, as amended 42 USC 11371 Federal law: P.L. 111-22, Division B, Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) Federal law: PL 112-141, Moving Ahead for Progress in the 21st Century

6. Are there federal matching requirements? If yes, please explain.

Yes, matching funds are required of grantees (local units of government and non-profits) on a dollar-for-dollar basis. As stated in HUD regulation, the state can waive up to \$100,000 in match for sub-grantees. The state does not provide any matching funds for this program other than a small portion to match administrative funds used for oversight and monitoring.

7. Is this a federally mandated program? If yes, please explain.

No. However, ESGP is a component of Missouri's Consolidated Plan for all funding from the Department of Housing and Urban Development.

#### 1a. What strategic priority does this program address?

#### Provide effective services to Missourians

#### 1b. What does this program do?

The Department of Social Services, Family Support Division administers The Emergency Food Assistance Program (TEFAP) to help low-income children, families, homeless persons and persons living in domestic violence shelters by providing nutritious food from the United States Department of Agriculture (USDA) TEFAP donated foods through the network of Missouri's Food Banks, food pantries, and congregate feeding sites (e.g. soup kitchens).

The federal funding also provides for administrative services including allocation, warehousing, storage, delivery, accounting, and federal reporting responsibilities.

Beginning in FY 2019, the USDA granted additional funding which was distributed to food banks to help defray the costs for storage and distribution of additional bonus TEFAP Trade Mitigation foods aimed as assisting farmers suffering from damage due to unjustified trade retaliation by foreign nations.

The following are the totals of administrative funds paid to each of the six food banks during the months of July, 2018 through June, 2019 (SFY 2019).

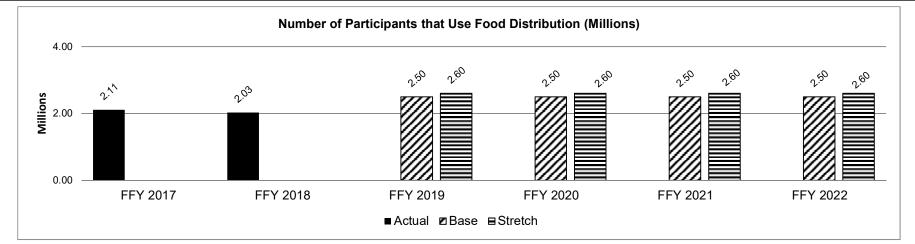

| Second Harvest Community Food Bank         | \$   | 153,162   |
|--|------|-----------|
| The Food Bank for Central and Northeast MO | \$   | 302,022   |
| Harvesters-The Community Food Network      | \$   | 392,879   |
| Ozarks Food Harvest                        | \$   | 383,428   |
| Southeast Missouri Food Bank               | \$   | 267,837   |
| St. Louis Area Foodbank                    | \$   | 593,996   |
| Total funds paid:                          | \$ 2 | 2,093,324 |

In FY 2019, the federal government granted additional federal funding which was distributed to food banks.

#### 2a. Provide an activity measure(s) for the program.

Note: The number of participants may be duplicated due to repeat visits by families in need.

FFY 2019 data will be available November 2019.

#### 2b. Provide a measure(s) of the program's quality.

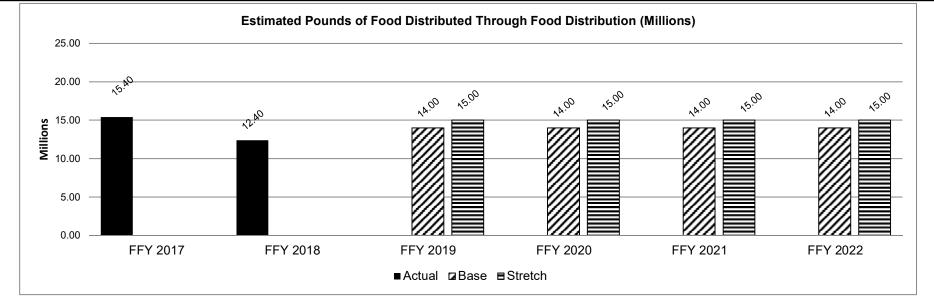

FFY 2019 data will be available November 2019.

#### Department: Social Services Program Name: Food Distribution Program is found in the following core budget(s): Food Distribution

HB Section(s): 11.185

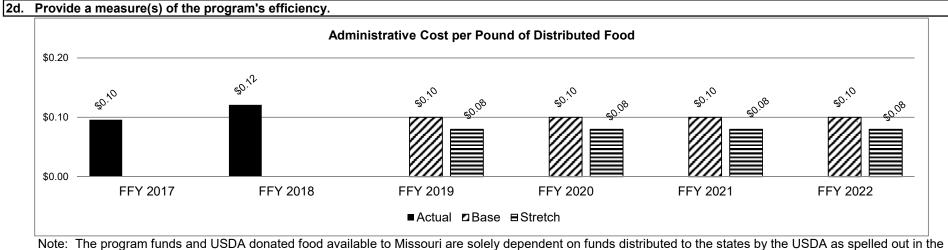

#### 2c. Provide a measure(s) of the program's impact.

Note: FFY 17 actual pounds of food distributed was high due to bonus food allotments being made available to Missouri through the USDA. Missouri distributes one hundred percent of food made available from the USDA through The Emergency Food Assistance Program (TEFAP), including "bonus foods" to our Food Bank network for distribution to pantries and congregate feeding sites. In FFY 2019, the actual pounds of food distributed is expected to be higher due to the availability of TEFAP Bonus and TEFAP Trade Mitigation foods made available to Missouri through the USDA. FFY 2019 data will be available November 2019.

#### Department: Social Services Program Name: Food Distribution Program is found in the following core budget(s): Food Distribution

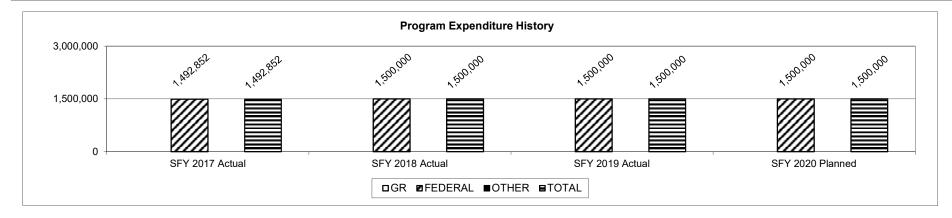

HB Section(s): 11.185

Note: The program funds and USDA donated food available to Missouri are solely dependent on funds distributed to the states by the USDA as spelled out in the Farm Bill. This can fluctuate from year to year. The administrative cost per pound of food distributed is based on the administrative cost of Food Banks divided by the pounds of distributed food.

FFY 2019 data will be available November 2019.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

#### Department: Social Services Program Name: Food Distribution Program is found in the following core budget(s): Food Distribution

HB Section(s): 11.185

#### 4. What are the sources of the "Other " funds?

N/A

#### 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: Sections 205.960-967, RSMo. Federal law: P.L. 113-79; 110-246;107-171; 104-193; 104-127; 100-435; 98-8; 93-86; 81-439; 74-320. Federal Regulations: 7 CFR Part 250 and 251

#### 6. Are there federal matching requirements? If yes, please explain.

There is no match for The Emergency Food Assistance Program (TEFAP) funding which is utilized in this appropriation. However, the State must provide a cash or inkind contribution equal to the amount of TEFAP administrative funds received under this federal program and retained by the State for state level costs (employees, salaries, travel, equipment) which is paid out of FSD Administration. This typically amounts to 5 - 6 % of total Federal administrative funds.

#### 7. Is this a federally mandated program? If yes, please explain.

No.

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Family Support Division is requesting increased federal authority to expend the amount of federal funds made available for the Food Distribution Programs. The United States Department of Agriculture (USDA) provides donated foods to children, needy adults, and organizations to improve the nutritional status and health of program participants through The Emergency Food Assistance Program (TEFAP). In recent years, USDA has made additional TEFAP bonus foods available for distribution to Missouri's Food Banks. USDA provides administrative funds, which are passed from the state agency through to the Food Banks for storage and distribution to food pantries and congregate feeding sites. The current TEFAP grant amount exceeds Missouri's appropriation authority.

In addition, the USDA is also conducting Trade Mitigation programs aimed at assisting farmers suffering from damage due to unjustified trade retaliation by foreign nations. The bulk of this food is being distributed through The Emergency Food Assistance Program (TEFAP), which is USDA's primary outlet for food distribution. These foods are being provided in addition to TEFAP entitlement and bonus foods. Additionally, USDA is making funds available to Missouri to assist with the operational costs of the receipt, storage, and distribution of these foods. All TEFAP Trade Mitigation administrative funds are being distributed to Missouri's Food Banks to help defray these costs.

#### Authorization:

State statute: Sections 205.960-967, RSMo. Federal law: P.L. 113-79; 110-246;107-171; 104-193; 104-127; 100-435; 98-8; 93-86; 81-439; 74-320. Federal Regulations: 7 CFR Part 250 and 251

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

There are two parts to this request. The first is an increase in funding to reflect the current TEFAP grant amount of \$2,275,029. The second is for the addition of available Trade Mitigation funding estimated at \$1,400,000.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

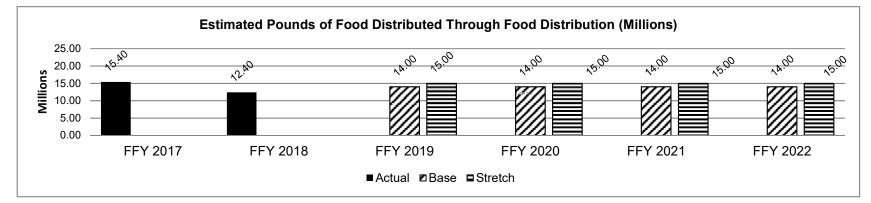

Note: The number of participants may be duplicated due to repeat visits by families in need. FFY 2019 will be available in November 2019.

6c. Provide a measure of the program's impact.

Note: FFY 17 actual pounds of food distributed was high due to bonus food allotments being made available to Missouri through the USDA. Missouri distributes one hundred percent of food made available from the USDA through The Emergency Food Assistance Program (TEFAP), including "bonus foods" to our Food Bank network for distribution to pantries and congregate feeding sites. In FFY 2019, the actual pounds of food distributed is expected to be higher due to the availability of TEFAP Bonus and TEFAP Trade Mitigation foods made available to Missouri through the USDA. FFY 2019 will be available November 2019.

Note: The program funds and USDA donated food available to Missouri are solely dependent on funds distributed to the states by the USDA as spelled out in the Farm Bill. This can fluctuate from year to year. The administrative cost per pound of food distributed is based on the administrative cost of Food Banks divided by the pounds of distributed food.

FFY 2019 will be available November 2019.

#### 1a. What strategic priority does this program address?

Provide effective services to Missourians

#### 1b. What does this program do?

The Department of Social Services Family Support Division determines eligibility to help low-income Missourians with the cost to heat or cool their homes by targeting elderly, disabled, and young child households to prevent the loss of heating and/or cooling services.

Missouri's Low Income Home Energy Assistance Program (LIHEAP) is a block grant program. The objectives of LIHEAP are to help low-income people with the costs of home energy, defined as heating and cooling of residences; to increase their energy self-sufficiency; and to reduce their vulnerability resulting from energy needs. The target population is low-income households, especially those with the lowest incomes and the highest home energy costs or needs. Additional factors taken into account for low-income households include family size, elderly, disabled, and families with children under six years of age.

This federal funding for low-income Missourians includes three components: Energy Assistance (EA), Energy Crisis Intervention Program (ECIP) and Low-Income Weatherization Assistance Program (LIWAP). In SFY 2020, the appropriation authority for LIWAP funding was transferred to the Division of Energy.

#### **Energy Assistance (EA)**

- Provides financial assistance to households to help pay primary fuel source heating bills for Missourians during the months of November through March.
- The one time benefit amount is based upon household size, income and the type of fuel used for home heating.
- The Family Support Division (FSD) contracts with the Missouri Community Action Agencies and other not-for-profit organizations to determine eligibility and process applications.
- Application information, as well as documentation is entered into the state EA data system that is web-based and secure for eligibility determination and payment processing.
- Payments are made by the DSS directly to energy suppliers and, in a small number of cases, to eligible clients. Less than 7% of funds are paid directly to clients.
- In FFY 2018, the maximum EA benefit was \$450.
- In FFY 2018, the average EA benefit was \$265.

To receive EA payments, a household must meet the following eligibility criteria:

- Missouri resident;
- United States citizen or eligible non-citizen;
- Resources less than three thousand dollars (\$3,000);
- Responsible for the home heating or cooling bill; and
- Household income less than one-hundred thirty-five percent (135%) of the Federal Poverty Level.

#### **Energy Crisis Intervention Program (ECIP)**

- Provides financial assistance to households in a verifiable energy crisis.
- This funding is distributed to the LIHEAP contract agencies through a formula to make payments directly to the energy supplier.
- Agencies can also request in the agency yearly plan a portion of the ECIP funding to help purchase or repair furnaces or air conditioners, to pay for emergency or temporary shelter, to provide limited emergency services, and to provide education and outreach.
- Winter ECIP can be used for primary or secondary fuel sources
  - ° Available from November through May based on funding
  - ° Benefit amount is the amount required to resolve the crisis
  - Maximum benefit amount is \$800
  - FFY 18 average beneift amount was \$735
- Summer ECIP is primarily used to restore or prevent disconnection of services of a cooling utility source.
  - <sup>o</sup> Available from June through September based on funding
  - ° Benefit amount is the amount required to resolve the crisis
  - Maximum benefit amount is \$300
  - FFY 18 average benefit was \$253

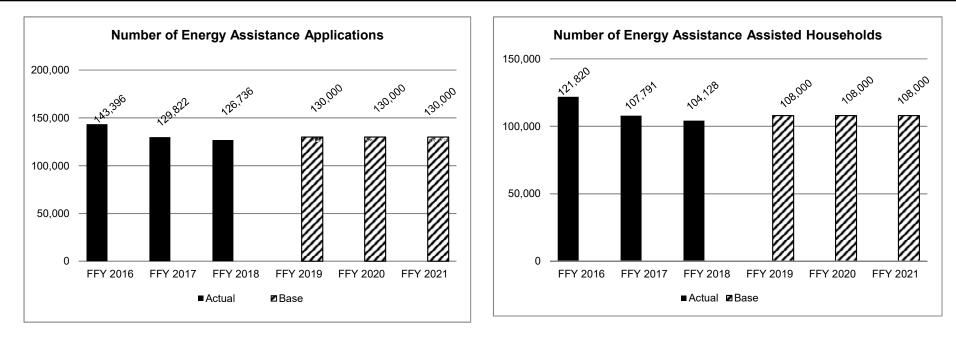

To receive ECIP payments, a household must meet the above LIHEAP EA eligibility criteria and have a verified crisis defined as the following:

- Received shut off or termination notice from a utility company
- Report a propane tank that is less than twenty percent (20%) full
- Have a Cash on Delivery (COD) account
- · Have a prepaid electric account that is almost out of funds
- Service is shut off or terminated

Contractors determine disability based on the following definition. "Disabled" shall be defined as an individual who is totally and permanently disabled or blind and is receiving one or more of the following: Civil Service Disability, Medical Assistance, Railroad Retirement Disability Benefits, Social Security Disability Benefits, State Aid to the Blind, State Blind Pension, State Supplemental Payments, Supplemental Security Income, or Veterans Administration Disability Benefits.

#### 1a. What strategic priority does this program address?

Ensure Missourians secure and sustain healthy, safe, and productive lives

#### 1b. What does this program do?

The Department of Social Services Family Support Division administers the Domestic Violence Program on a contractual basis to support community-based domestic violence shelters and programs throughout the state. The Division currently has contracts with 66 contractors to provide services at 84 sites. These shelters and programs provide support services related to the emotional healing and recovery of victims of domestic violence and their children. The shelter must be capable of providing care (including provision for free daily meals) 24 hours a day, 7 days a week. The shelter must also assure a safe and protective environment for the victim and their dependents.

Examples of support services include, but are not limited to, 24-hour hotline calls, crisis intervention, case management, legal advocacy, professional therapy, support group, community education and public awareness, prevention services, interpreting and translation services, batterer intervention and advocacy/case management.

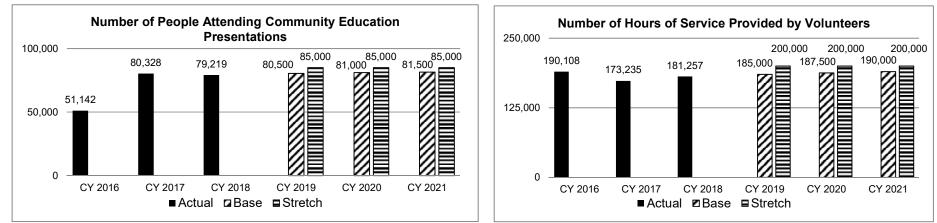

These statistics are provided by the Missouri Coalition Against Domestic and Sexual Violence (MCADSV). The statistics are gathered from all MCADSV member programs statewide, a majority of which are also DSS contractors. CY 2019 data will be available in July 2020.

# Department: Social Services Program Name: Emergency Shelter Domestic Violence Program is found in the following core budget(s): Emergency Shelter Domestic Violence

# 1a. What strategic priority does this program address?

Ensure Missourians secure and sustain healthy, safe, and productive lives

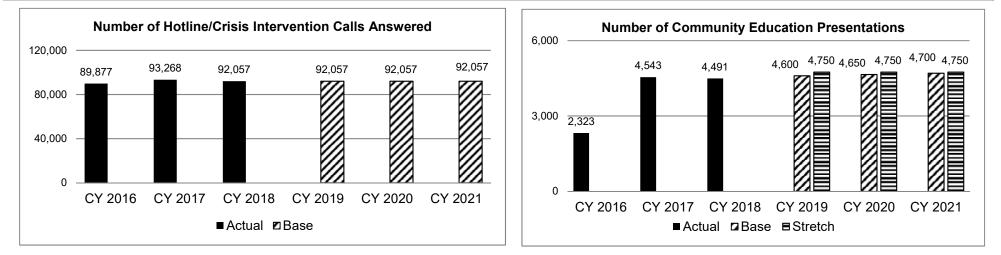

#### 1b. What does this program do?

The Department of Social Services Family Support Division allocates emergency shelter funding on a contractual basis to community-based domestic violence shelters who provide needed emergency support services to victims of domestic violence and their children who meet Temporary Assistance for Needy Families (TANF) eligibility. These families have at least one or more children in the family or the woman is pregnant and their income does not exceed one hundred and eighty-five percent of the federal poverty guidelines.

Women living in poverty experience violence at higher rates than those with economic independence and employment. They experience violence by their partners at higher rates partially because they have fewer options.

Examples of emergency support services include, but are not limited to, 24-hour hotline calls, crisis intervention, case management and therapy for adults and children. The shelter must be capable of providing care (including provision of free daily meals) 24 hours a day, 7 days a week. The shelter must also assure a safe and protective environment for the victim and the victim's dependent children.

## 2a. Provide an activity measure(s) for the program.

These statistics are provided by the Missouri Coalition Against Domestic and Sexual Violence (MCADSV). The statistics are gathered from all MCADSV member programs statewide, a majority of which are also DSS contractors. CY 2019 data will be available in July 2020.

#### 2. CORE DESCRIPTION

Since 1986, the State of Missouri received funding from the U.S. Department of Justice through the Victims of Crime Act (VOCA) of 1984. These grants are awarded annually to the state as a pass through to crime victim service agencies, and state and local units of government to provide high quality services that are directly related to the emotional healing and recovery of crime victims.

VOCA is supported through fines and forfeitures collected by the federal courts. VOCA guidelines require that a minimum of 10% of the total funds be distributed for services to each of the following four types of crime victims: domestic violence, sexual assault, child abuse, and underserved populations. Victim assistance programs serving other types of crime victims are also eligible for funding.

The assistance provided through VOCA grants includes, but is not limited to, the following comprehensive services: 24-hour crisis hotline, individual and group counseling, emergency shelter, crisis intervention, court advocacy, emergency transportation, emergency legal assistance, transitional housing, and other services to promote emotional and physical health of victims.

### 1a. What strategic priority does this program address?

Provide effective services to blind and visually impaired Missourians.

### 1b. What does this program do?

The Department of Social Services, Family Support Division, provides operational support to help blind and visually impaired individuals by providing client services necessary to obtain employment and independent living skills commensurate with their goals and abilities.

This appropriation provides funding for:

1. The salaries and associated expense and equipment for the central office management and field staff providing direct client services.

2. The implementation of new technologies for the effective and efficient delivery of services and federal reporting in accordance with federal requirements.

3. Compliance with state and federal laws in the provision of services, expenditure requirements, documentation and reporting, and program management to promote accountability and good stewardship of taxpayer funds.

Rehabilitative Services for the Blind (RSB) administers the following services programs to blind or visually impaired Missourians (a full description of each program is provided in the Services for the Visually Impaired program description):

- 1. Vocational Rehabilitation (VR)
- 2. Business Enterprise Program (BEP)
- 3. Children's Services (CS)
- 4. Prevention of Blindness (POB)
- 5. Readers for the Blind
- 6. Independent Living Rehabilitation (ILR)
- 7. Independent Living- Older Blind (ILR-OB)

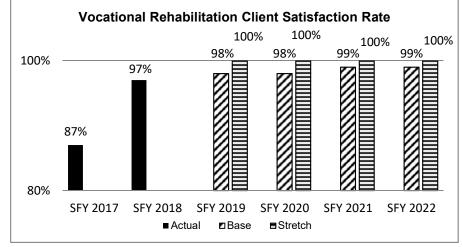

Successful case closure from the Vocational Rehabilitation program requires 90 days of employment. The Workforce Innovation and Opportunity Act (WIOA) has made significant changes to the Vocational Rehabilitation Program that will increase employment opportunities for individuals with disabilities. Through partnerships with the WIOA core partners and a combined state plan, RSB Administration began braiding employment services including job assessment, job training, and job development across agencies. WIOA also implemented new federal performance measures. Beginning in SFY 2018, RSB began capturing data to develop a baseline to determine the federal level of performance required beginning in SFY 2021.

The number of individuals can fluctuate as a result of life events preventing completion of the rehabilitation program, such as medical/health decline.

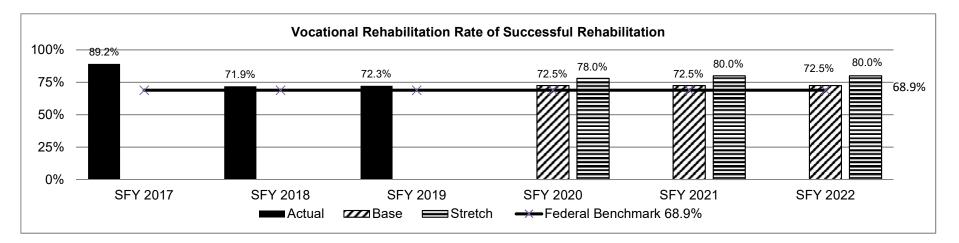

Employment outcomes are based on client choice. The type of employment, wages, and hours worked can impact Total Annual Wages.

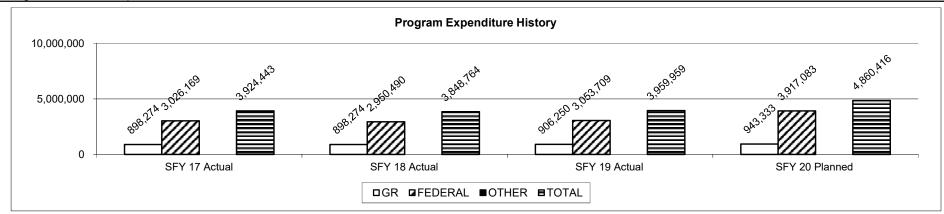

### Department: Social Services Program Name: Blind Administration Program is found in the following core budget(s): Blind Administration

### 2d. Provide a measure(s) of the program's efficiency.

Successful Rehabilitation is a measure that is difficult to meet, therefore the federal level benchmark is 68.9%. The SFY 2017 percentage was attributed to changes being made to federal regulations that created a hold on closing cases, increasing the total for that year.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

### 1a. What strategic priority does this program address?

Move families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services Family Support Division administers seven service programs to help blind and visually impaired Missouri citizens by delivering services necessary to obtain employment and independent living skills commensurate with their goals and abilities.

Rehabilitation Services for the Blind (RSB) administers the following seven service programs: Vocational Rehabilitation (VR), Business Enterprise Program (BEP), Children's Services (CS), Prevention of Blindness (POB), Readers for the Blind, Independent Living Rehabilitation (ILR), and Independent Living- Older Blind (ILR-OB).

#### Vocational Rehabilitation (VR)

The VR program provides the services necessary to enable blind and visually impaired individuals to retain, maintain or obtain employment.

Services are provided in accordance with the Rehabilitation Act of 1973 as amended in 2014 by the Workforce Innovation and Opportunity Act (WIOA). Through partnerships with the WIOA core partners and a combined state plan, RSB began braiding employment services including job assessment, job training, and job development across agencies. The impact of the new regulations includes redefining employment outcomes and eliminating specific employment categories, new staff training and qualification standards, new performance measures, and an emphasis on the Pre-Employment Transition services for Students with a Disability, which requires 15% of the grant be dedicated to these specific services.

Services are provided either directly by RSB staff or outsourced. Direct services provided by staff include: adjustment and vocational counseling and guidance; job development and placement; travel; job training; and instruction in communication, personal management and independent living skills. Supported Employment services, including customized employment, are provided for the most significantly disabled individuals. Equipment and services such as physical restoration, adaptive aids and devices, and training are purchased for blind and visually impaired consumers.

WIOA reforms and modernizes the public workforce system and enhances several key employment, education, and training programs. WIOA also implemented new federal performance measures. Beginning in SFY 2018, RSB began capturing data to develop a baseline to determine the federal level of performance required beginning in SFY 2021.

### Business Enterprise Program (BEP)

This program provides self-employment opportunities for Missourians who are blind or visually impaired. Services are provided in accordance with the Randolph-Sheppard Act establishing vending, convenience stores, snack bars, or full-service cafeterias in state and federal buildings, including dining services for military troops at Ft. Leonard Wood. RSB staff provide comprehensive training, technical assistance in the set-up of new or existing facilities, and assist facility managers in analyzing the business effectiveness of service, profitability, design and efficiency. In FFY 2018, this program consisted of 34 facilities, generating \$41,689,061 in gross sales, and employed 939 Missourians. (FFY 2019 data will be available in November 2019)

### Prevention of Blindness (POB)

The Prevention of Blindness Program arranges for and provides eye care to medically indigent persons. Services provided for eye care include treatment, surgery, hospitalization, medication and other physical restoration services, a glaucoma screening program and full scale screening clinics for glaucoma and vision. In addition, based on the availability of funds, the Blindness Education, Screening and Treatment (BEST) program fund, provides for blindness education, screening and treatment for eligible medically indigent persons.

### Children's Services (CS)

Provides early identification/intervention, educational advocacy, parent education referral and resource information, and counseling and guidance services to families with visually impaired children from birth to transition to an adult program. Staff also provides consultation to schools serving blind and visually impaired children.

### Readers for the Blind

The program provides up to \$500 per year to meet the cost of those who are readers for legally blind individuals who are attending eligible post-secondary institutions.

### Independent Living Rehabilitation (ILR-Adult)

Provides the services required by eligible consumers to obtain their maximum level of independence. Equipment and services such as physical restoration and other training are purchased.

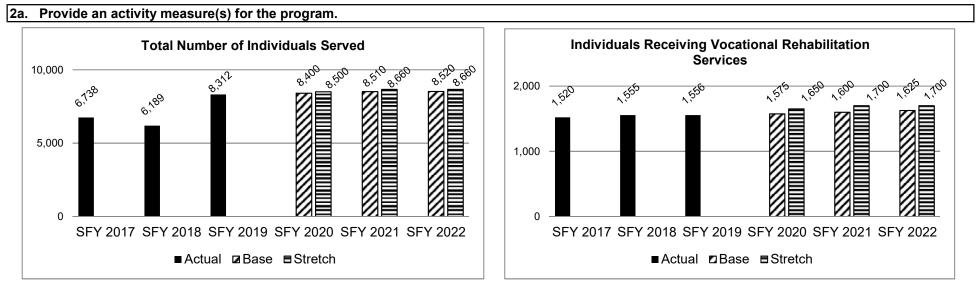

### Independent Living Rehabilitation - Older Blind (ILR-OB)

The number of individuals rehabilitated can fluctuate as a result of life events preventing completion of the rehabilitation program, such as medical/health decline.

FFY 2019 data will be available in November 2019.

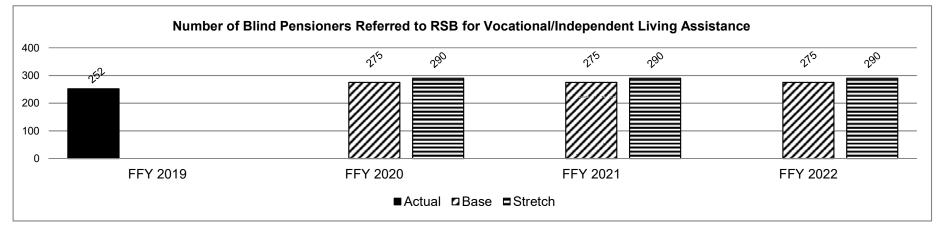

Employment outcomes are based on client choice. The type of employment, wages, and hours worked can impact Total Annual Wages.

The Family Support Division began referring newly approved Blind Pension recipients and current recipients, upon request, to Rehabilitation Services for the Blind in FFY 2019. Participation in RSB services is not required for individuals to receive Blind Pension.

Successful Rehabilitation is a measure that is difficult to meet, therefore the federal level benchmark is 68.9%. The SFY 2017 percentage was attributed to changes being made to federal regulations that created a hold on closing cases, increasing the total for that year.

Other Funds:

#### 2. CORE DESCRIPTION

The Family Support Division (FSD) promotes parental responsibility. Whenever a child receives support from a non-custodial parent, that same child's need for MO HealthNet benefits or Temporary Assistance benefits may decrease. This appropriation provides the salaries, communication costs, and office expenses for front-line worker, supervisory, and support staff to operate the 15 Child Support (CS) field offices located across the state and central field support units. This appropriation also funds a contracted call center; a contract that combines mail processing, case initiation, document management functions; and a contract for initiating intergovernmental services.

1a. What strategic priority does this program address?

Move families to economic sustainability

#### 1b. What does this program do?

The Department of Social Services Family Support Division collects financial and medical support for children to help ensure children have the financial and medical support of both parents. Children benefit when both parents are involved in their children's lives.

The Family Support Division, Child Support program provides effective services to Missourians and promotes stable, safe, and healthy relationships between parents and children. The responsibilities of the Child Support program include promoting parent involvement at all levels, locating parents, establishing paternity, establishing and enforcing child support and medical support orders, reviewing and initiating modification of support orders, and distributing child support collections. The Child Support program collects an average of \$1.7 million per day.

The Child Support program is also charged with securing private health care coverage information, establishing and enforcing medical support obligations for children, and assisting with efforts to contain MO HealthNet costs by identifying possible third parties liable for medical costs.

#### Paternity Establishment

Child Support staff provided paternity establishment services for over 5,170 cases in SFY 2019. Establishing legal paternity for children born to a mother who is not married to the child's biological father, is the first step in addressing the social and economic needs of children. FSD contracts with a genetic testing vendor to scientifically determine paternity by providing genetic paternity testing at no cost to clients. When paternity is presumed (for instance, the child was born of the marriage or genetic testing established a presumption), or legally established by court order or by affidavit signed by the parents, FSD may establish a child support order by using administrative process. The resulting administrative order is filed with the circuit court, thereby becoming an order docketed by that court.

The goal of the program is to increase the percentage of children for whom paternity is established. Federal studies show that the best time for unmarried parents to acknowledge paternity of their newborn is at the hospital, immediately following the birth of the child. FSD operates an in-hospital paternity program in all of Missouri's birthing hospitals to provide hospital staff with comprehensive training to assist them with offering unmarried parents the option of establishing paternity with the Affidavit Acknowledging Paternity. The program was expanded to include FSD staff being on-site at selected hospitals to obtain affidavits from parents of newborn children. In SFY 2018, 73,846 children were born in Missouri, of which 29,616 were born to mothers who were not married. Of those children born out of wedlock in Missouri, 18,329 had paternity established through the affidavit. In SFY 2018, approximately 96% of all affidavits came directly from birthing hospitals. (SFY 2019 will be available in November)

If the alleged father does not cooperate with FSD in determining his paternity through genetic tests or affidavit, FSD must use judicial processes to establish paternity and obtain a child support order. FSD staff refer such cases to prosecuting attorneys throughout the state.

#### Order Establishment and Modification

Missouri uses an "income shares" model (guidelines) to calculate the amount of child support obligation to be paid in the establishment of an order and the modification of an existing order. The guidelines take into account special circumstances such as daycare expenses, health insurance premiums, other children of the parents, and extraordinary needs of the child or the parents.

#### Order Enforcement

Child Support staff enforce administrative and/or judicial support orders on over 280,000 cases. An obligor who fails to comply with his/her support order may be subject to a variety of enforcement actions. The division has statutory authority to enforce child support orders through income withholding, state and federal tax refund intercepts, passport denial, driver license suspension, and liens on property/bank accounts. Enforcement tools utilized by the division resulted in a half a billion dollars collected annually from FFY 2004 to 2019. In FFY 2016, 95% of collections were disbursed to the families and the remaining 5% were reimbursed public assistance dollars. The division achieves 75% of these collections through income withholding from the employee's paycheck. Collections from the child support program's enforcement actions have helped families live better lives by providing them with the support they are entitled to. (FFY 2017 will be available in November)

#### Customer Service

Child Support experiences a high volume of customer inquiries. The contracted call center manages child support customer inquiries from employers and custodial and non-custodial parents with support orders. Centralized and privatized customer service creates efficiencies for the child support program by significantly increasing the amount of uninterrupted staff time devoted to collecting support and modifying support orders for families. The call center is operational statewide and is managing approximately 42,000 calls per month.

FSD has a website to assist the public in learning more about the division and the services available. Through this website, individuals may apply for child support services online; custodial parents can access an application to receive payments by direct deposit and non-custodial parents can access an application for auto withdrawal of support payments. The FSD website also enables customers to access information regarding payments and balances.

#### **Mediation**

The Family Support Division (FSD) contracts for mediation services for divorced or never married eligible parents to resolve parenting disputes and to reduce or eliminate potential emotional trauma to children due to parental conflict. Mediation services are designed to resolve issues relating to parenting time, custody, child support, transportation, health care coverage, and health and safety of the children. The Department of Social Services refers clients for mediation.

#### 1a. What strategic priority does this program address?

Move families to economic sustainability

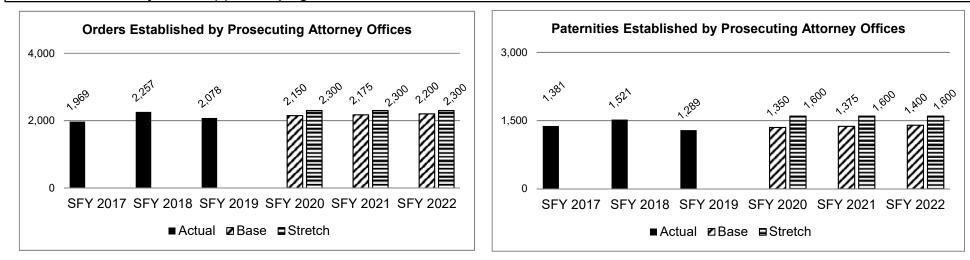

#### 1b. What does this program do?

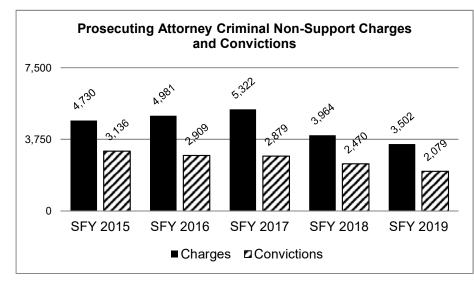

The Department of Social Services Family Support Division partners with county government prosecuting attorney and circuit clerk offices in all Missouri counties and the City of St. Louis to help families by increasing the quantity and quality of child support services provided.

All counties have entered into cooperative agreements with FSD to assist in executing child support services. The State of Missouri must provide services to any child of an individual who applies for child support services, and when requested, individuals not residing within the state must receive the same child support services as individuals residing within the state. FSD delivers child support services, to the extent possible, using administrative processes under the authorities granted in Chapter 454, RSMo. When administrative remedies are exhausted without successful outcomes, or when administrative processes are not appropriate in the delivery of child support services, the division requests the assistance of prosecuting attorneys. Prosecuting attorney staff assist the division by using judicial processes to establish paternity, establish support orders, prosecute, and otherwise enforce support orders. Prosecuting attorney staff also complete the administrative task of preparing outgoing intergovernmental referrals to other states. In CY 2018, 10,592 cases were referred to prosecuting attorneys and there were non-criminal child support enforcement actions taken on 4,125 cases, including Civil Contempt, Payment Agreements, and Bankruptcy actions. In several counties, prosecuting attorneys have created parenting courts, or are partnering with responsible parenting programs, to provide employment and other services to non-custodial parents to help them increase their ability to sustain regular child support payments. Circuit Clerk staff assist the division by utilizing the Missouri Automated Child Support System (MACSS) to accept or add administrative and judicial orders on all child support and/or spousal support cases, as well as receiving and filing other administrative actions with the court, and providing certified copies of required documents to the division.

#### 1a. What strategic priority does this program address?

Revitalize organizational infrastructure

#### 1b. What does this program do?

The Department of Social Services, Family Support Division manages certain types of collections and support payments to help families and other payees by ensuring that all payments are distributed to the appropriate party with this pass-through accounting mechanism.

Examples of payments for which this mechanism is used include:

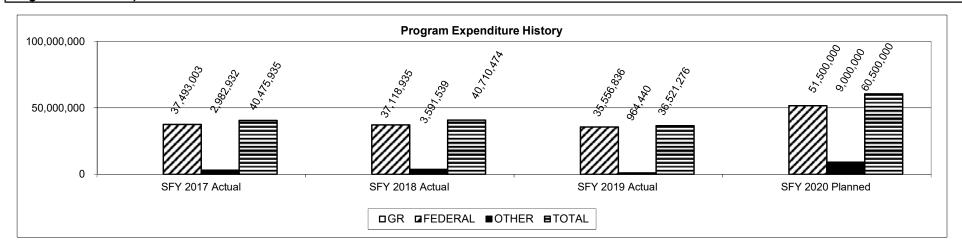

- Disbursement of erroneously intercepted federal income tax refunds back to the non-custodial parent or non-custodial parent's current spouse;
- Disbursement of federal tax monies and unemployment compensation benefits collected by DSS on behalf of families due child support; and
- Payments from the State's Debt Offset Escrow fund.

The Family Support Division (FSD) identifies delinquent child support cases meeting certain criteria for intercept of non-custodial parents' state tax refunds and certifies the arrears owed. Occasionally, case scenarios change after the arrears are certified, or there is an error in identification, or an error in the calculation of the amount of arrears owed. The Debt Offset Escrow fund serves to distribute any state tax intercepts due families and to return erroneously intercepted state income tax refunds to the appropriate party.

Performance measures are not included as this is a pass-through program.

After this is accomplished through the Distribution Pass Through appropriation, there is a portion of funds remaining that are to be retained by the State and Federal Government. The purpose of this section is to transfer the portion of funds that are to be retained by the State and Federal Government to the DSS Federal and Other Fund (0610) for the Federal portion and the Child Support Enforcement Fund (0169) for the State portion.

#### 1b. What does this program do?

The Department of Social Services, Family Support Division transfers funds from the Debt Offset Escrow Fund to the DSS Federal and Other Fund (0610) and/or Child Support Enforcement Fund (0169) to help ensure funds that are to be retained by the State and Federal Government are transferred appropriately by utilizing this accounting mechanism for state tax intercepts.

The Debt Offset Escrow Fund serves to distribute any state tax intercepts due families and to return erroneously intercepted state income tax refunds to the appropriate party. After this is accomplished through the Distribution Pass Through appropriation, there is a portion of funds remaining that are to be retained by the State and Federal Government. The purpose of this section is to transfer the portion of funds that are to be retained by the State and Federal Government to the DSS Federal and Other Fund (0610) for the Federal portion and the Child Support Enforcement Fund (0169) for the State portion.

Performance measures are not included as this is an accounting mechanism.
