PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

HB Section(s): 08.005

Program Name: Crime Victim Services & Juvenile Justice Unit-Office for Victims of Crime

Program is found in the following core budget(s): Director-Administration

1a. What strategic priority does this program address?

The CVS/JJ unit addresses Operational Excellence by utilizing technology to automate services and improve responsiveness through the Missouri Victim Automated Notification System (MOVANS).

1b. What does this program do?

Established via RSMo 650.310, the Office for Victims of Crime (OVC) promotes fair and just treatment of victims of crime. To meet this, the OVC:

- Coordinates and promotes the state's program for victims of crime by providing channels of communication among public and private agencies in exercising the rights afforded to victims of crime pursuant to Chapter 595 and the Missouri Constitution.
- Coordinates with key stakeholders to reduce domestic violence, sexual assault and other crime victimization.
- Administers the Missouri Victim Automated Notification System (MOVANS); and
- Facilitates the Missouri Victim Services Academy (MVSA).

MOVANS is an informational system to ensure victims remain aware of changes in a perpetrator's incarceration, court status or the status of a protection order. The MVSA is a statewide education program for victim advocates designed and implemented by victim service professionals in the state of Missouri. The OVC receives and responds to Crime Victim Rights violations and is developing a Statewide Coordinated Response for victims in for catastrophic crime incidents.

2a. Provide an activity measure(s) for the program.

MOVANS meets the statutory definition of an "automated victim notification system" as outlined in RSMo 595.045(4). MOVANS allows victims to register for automated notifications for offender custody status, court case status, and protective order status. As you can see from the New MOVANS registrations, we have increased registrations by 58% from FY 2019 to FY 2020. These users are primarily victims and/or family members of victims. This increase can be attributed to improved outreach through victim advocates and improved methods of monitoring law enforcement agency reporting patterns. Training was provided to nine agencies throughout the state.

2b. Provide a measure(s) of the program’s quality.

MOVANS/Vinewatch training was provided to nine different agencies throughout the state. Information was provided regarding compliance with RSMo. 595.209 **Rights of victims and witnesses — written notification, requirements and how to register victims for notifications.** There were a total of 96 attendees trained for MOVANS/Vinewatch. The survey conducted provided 55% strongly agreed that they learned information to improve their ability to do their job, 35% agreed, 8% reported neither agreeance nor disagreement and only 2% disagreed. The survey results have been beneficial in guiding our outreach efforts and technical assistance opportunities moving forward.

Additionally, the OVC collects pre and post evaluation forms at the annual Missouri Victim Services Academy. This data is tabulated and used to address any updates to the trainings, current trends/current events, federal/state guidance and access to services.

2c. Provide a measure(s) of the program’s impact.

The side chart provides visual insight into the total activity of the MOVANS. The phone, text, or email events referenced represent a notification that was sent to a victim regarding offender custody status, court event status, or protective order status. As evidenced by this chart, MOVANS maintains a critical role in fulfilling victim notification requirements as set forth in Missouri Revised Statute and the Missouri Constitution.

2d. Provide a measure(s) of the program's efficiency.

To best meet the needs of victims and family members utilizing the notifications services, OVC is constantly working to identify opportunities for improvement and efficiency. Based on utilization data, the OVC continues to upgrade, update and maintain technological hardware and software utilized. The recent additions of text messaging and Spanish language notifications are examples of these efforts. As evidenced in the following chart, the MOVANS exhibits yearly improvements in the percentage of notifications that are successfully delivered to registrants.

Program Name: Peace Officer Standards and Training (POST)

Program is found in the following core budget(s): Director Administration & Programs

1a. What strategic priority does this program address?

Public Protection, Service, and Workforce Development

1b. What does this program do?

The POST Program is responsible for the licensing of peace officers, reserve peace officers, corporate security advisors, law enforcement basic training instructors, law enforcement basic training centers, and continuing law enforcement education (CLEE) training providers. The POST Program also reviews and approves submitted CLEE training courses from unlicensed and in-service law enforcement agency training providers, maintains the closed-record list of school protection officers, and maintains the online CLEE tracking system used by law enforcement agencies and officers. The POST Program has an eleven-member gubernatorial appointed commission responsible for establishing the basic and continuing law enforcement education training standards of all licensed peace officers, reserve peace officers, and school protection officers. The POST Program is responsible for investigating complaints against licensed peace officers, basic training instructors, basic training centers, and licensed CLEE providers. The POST Program administers the POST Commission Fund, which provides a means to help offset the cost of CLEE training for Missouri's 16,798 licensed and commissioned peace officers. The goal of the POST Program is to ensure that all Missouri peace officers are properly trained and those officers who violate the public trust are disciplined appropriately.

2a. Provide an activity measure(s) for the program.

From January 1, 2016 to September 2, 2020, the POST Program initiated 1,271 investigations of peace officer misconduct and reviewed the background of 1,390 basic training and peace officer license applicants with a prior criminal history. The following numbers represent peace officer license disciplinary actions and applicant denials taken in calendar years 2016 through September 2, 2020:

POST DISCIPLINARY ACTIONS FROM 1/1/2016 TO 09/02/2020

From January 1, 2016 to September 2, 2020, the POST Program licensed 5,558 peace officers. In that same window of time, only 10 people failed the Missouri Peace Officer License Exam after their third attempt, as allowed by administrative rule. The following reflects the number of peace officer licenses issued in calendar years 2016 through September 2, 2020:

2b. Provide a measure(s) of the program’s quality.

The POST Program takes the steps necessary to license only properly trained individuals; the POST Program takes the steps necessary to prevent persons from becoming licensed that have committed criminal violations that are serious enough to jeopardize public safety if licensed; and the POST Program takes the steps necessary to quickly and fairly investigate peace officers that are alleged to have violated the public trust.

2c. Provide a measure(s) of the program’s impact.

Prevention of peace officer misconduct is difficult to quantify. The POST Program conducts a background check on each applicant before they start basic training, or before they are issued a license, with a state and FBI fingerprint check and a criminal history self-disclosure form. On 1/1/2015, we started tracking the number of applicants that disclosed, or were discovered to have a prior criminal history regardless of how minor that criminal history was, to include very minor traffic offenses. From 1/1/2015 to 9/2/2020, 1,622 applicants were found to have some form of an offense in their background. Of these applicants, 54 were denied entry into a basic law enforcement academy and 119 were allowed entry on a probationary basis by the Director of Public Safety. The remaining applicants were either allowed to begin basic training with no restrictions, or were denied entry by the training center director prior to the completion of our review. There were an additional 19 applicants from other state, federal, or military law enforcement agencies that were denied licensure in Missouri because of their criminal history. There are currently 18 basic training or license applicants with a criminal history that are pending a review and decision of eligibility by the Director of Public Safety. Furthermore, the names of all license applicants are searched in the National Decertification Index (NDI) in an effort to prevent officers that have had their peace officer license or certification revoked in another state from becoming licensed in Missouri. The name of every peace officer that has voluntarily surrendered his or her peace officer license while being subject to discipline, or has had his or her peace officer license revoked in Missouri, has been added by the to the NDI by the POST Program. The POST Program issues approximately 1,200 new peace officer licenses every calendar year.

2d. Provide a measure(s) of the program's efficiency.

The POST Program has been very aggressive in investigating officers who have had disciplinary complaints filed against them or for violations that were brought to the attention of the POST Program. As of September 2, 2020, there are 315 peace officer misconduct investigations the POST Program is actively managing.

In January of 2017, the POST Program, working with representatives of Missouri's Information Technology Services Division, completed the development of an online continuing law enforcement education (CLEE) tracking and compliance reporting system. This system allows an officer and his or her employing agency a secure method to review the CLEE training courses completed by the officer. When CLEE training is completed, it is entered into the CLEE system by the training provider through a secure web-based interface. In the past, an officer and his or her employing law enforcement agency had to maintain and track all paper certificates of completed CLEE training. At the end of the CLEE reporting cycle, the POST Program would spend multiple hours generating agency roster reports, preparing forms for signatures, and mailing forms to the CEO of Missouri's 620 active law enforcement agencies. The law enforcement agency CEO, or his or her designee, would then have to carefully review the training certificates for each officer and affirm that the officers employed with the law enforcement agency were compliant with the CLEE training requirements, and mail the completed forms back to the POST Program for processing and entry. Obviously, this was also a very time consuming process for the agency CEO and the POST Program. With the newly developed CLEE tracking system, officers and agency CEOs can verify an officer's compliance with the CLEE training requirements in a matter of moments through a secure web-based interface. Agency CEOs can check an officer's individual CLEE training records or they can run a compliance spreadsheet showing just those officers that are behind on training hours and the report will reflect exactly what training hours the officers are behind. The POST Program uses the CLEE system to send automated reminder emails near the end of the CLEE reporting cycle and to quickly determine officer compliance. As we have always done in the past, extensions are given to those officers that are non-complaint for medical reasons and CLEE training waivers can be given to those officers who were unable to complete their CLEE training hours because they were activated for military service.

According to representatives of Missouri's Information Technology Services Division, the MO POST Program and its CLEE system is the third largest user of "MO Login," which is the single source to access the State of Missouri's various online services. As of 9/2/2020, 11,354 users have created a MO Login account and accessed the POST CLEE system.

Program Name: Missouri Interoperability Center

Program is found in the following core budget(s): Office of the Director Administration and Program

1a. What strategic priority does this program address?

Operational Effectiveness

1b. What does this program do?

Missouri Interoperability Center (MIC) administers, operates, maintains and enhances the Missouri Statewide Interoperability Network (MOSWIN). MOSWIN is a network of radio sites located around the state transmitting and receiving radio signals (24/7/365) to allow fire, police, emergency medical service and emergency management radios to operate. MOSWIN provides statewide radio coverage to utilize for internal agency and inter-agency (interoperable) radio communications. There are over 1,300+ public safety agencies (43,500+ radios) utilizing the system, including the following MO DPS agencies: MO State Highway Patrol, MO Capital Police, MO State Emergency Management Agency, Divisions of Gaming, Fire Safety, MO National Guard and Alcohol & Tobacco Control. MOSWIN is a vital state resource in ensuring the safety and security of Missouri's first responders, citizens, visitors and the traveling public.

2a. Provide an activity measure(s) for the program.

27 areas tested and quantified as requiring additional coverage or capacity, these areas are documented as of the end of FY20.

FY20: 7 permanent sites were added. Temporary sites were added in New Madrid and Memphis.

FY21: 4 site permanent sites added. Temporary site was added in Cedar County.

FY22: 4 site permanent sites projected.

2b. Provide a measure(s) of the program's quality.

Measure: Tower Site Wide-Area Network Availability

Base target: Provide wide area radio system for public safety agencies to utilize for communication and coordination. Wide area = connected to master core via backhaul link.

Stretch target: Provide radio system tower site availability at or above 99.99% (tower sites are unavailable for public safety agencies no more than 52.56 minutes in a year).

2c. Provide a measure(s) of the program's impact.

Measure: Tower Site Voice Channel Utilization

Base target: Provide radio system voice channel at all tower sites.

Stretch target: Provide radio voice channel utilization below 60% of a tower site's voice paths. This will provide surge capacity should a natural disaster or man-made event occur requiring additional users to respond and utilize the radio system.

2d. Provide a measure(s) of the program's efficiency.

Measure: Radio User Experiencing Unavailable Resource

Base target: Provide radio system tower wide area voice channel availability at or above 99.970% (radio users have less than a 3 second wait for voice path resources, industry standard).

Stretch target: Provide radio system tower voice path availability at or above 99.999% (public safety radio users have less than a 3 second wait for voice path resources, State of Missouri Goal).

PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

HB Section(s): 08.010

Program Name: Crime Victim Services & Juvenile Justice Protections (CVS/JJP) Unit-Title II

Program is found in the following core budget(s): Juvenile Justice and Delinquency Prevention

1a. What strategic priority does this program address?

The CVS/JJ unit takes full advantage of Federal and State Programs to protect and support Missouri citizens.

1b. What does this program do?

The CVS/JJP Unit administers federal Title II funds to improve Missouri's juvenile justice system. In order to be eligible for these funds, Missouri must be compliant with requirements set forth in the federal Juvenile Justice and Delinquency Prevention (JJDP) Act and recently enacted Juvenile Justice Reauthorization Act of 2018. In addition to meeting grant guidelines, funding is directly tied to compliance with four "Core Requirements": 1) Sight and Sound Separation from adult inmates; 2) the Deinstitutionalization of Status Offenders (DSO); 3) Jail Removal; and 4) Racial and Ethnic Disparities. Title II funds are then distributed to sub-grantees for projects to address program areas such as Delinquency Prevention, Alternatives to Detention, Racial and Ethnic Disparities, and Gender-Specific Programs. The program areas are determined by the State's Juvenile Justice Advisory Group whose members are appointed by the Governor. Note: All compliance and grant activities are based on the Federal Fiscal Year (FFY) of October 1, to September 30.

2a. Provide an activity measure(s) for the program.

The CVS/JJP Unit monitors for compliance with the first three "Core Requirements." Data is collected, analyzed, and verified from facilities classified as adult jails, adult lockups, juvenile detention centers, court holding facilities, juvenile correctional centers (DYS), and adult correctional facilities (DOC). Additional facilities are monitored for classification purposes. The fourth core requirement, Racial and Ethnic Disparities, is addressed through a collaborative with the Office of State Courts Administrator and the Missouri Juvenile Justice Association. Data from contact points between youth and the juvenile justice system is collected and analyzed. The data is then used to tailor the State's approaches to reducing disparities at the local level. The following charts illustrate compliance activities:

<i>Type of Facility</i>	<i>Monitored Onsite Annually</i>	<i>Monitored Onsite Biennially</i>	<i>Monitored Onsite Every 3 Years</i>	<i>Monitored Onsite Every 4 Years</i>	<i>Monitored Onsite at 10% Per Year</i>	<i>Surveyed Monthly</i>	<i>Surveyed Biannually</i>	<i>Surveyed Annually</i>

2a. Provide an activity measure(s) for the program (continued).

2b. Provide a measure(s) of the program's quality.

Due to the ongoing and cooperative efforts of the CVS/JJP Unit, the Missouri Juvenile Justice Advisory Group (JJAG), and stakeholders statewide, the state has a lengthy history of maintaining full compliance with the four "Core Requirements" of the JJDP Act. As a result, the state has remained eligible for, and received, the full funding available for Title II grant awards. Should the Compliance Standard (a maximum threshold set annually by OJJDP) be exceeded, the state's grant allocation will be reduced by 20% for each "Core Requirement" it fails to meet. Additionally, the state must agree to then spend 50% of the remaining Title II grant funds on corrective measures to resolve the issues that lead to non-compliance. It is vital to Missouri we receive these funds as they are directed to programs that utilize evidence-based model programs, as evaluated by subject matter experts, that have demonstrated positive outcomes for youth and the betterment of our communities.

SIGHT AND SOUND SEPARATION

The annually adjusted Compliance Standard (Maximum) for Sight and Sound Separation for this time period has ranged from 0 to 2.56 instances of non-compliance per 100,000 youth over the 3-year period. No chart is included as Missouri has not recorded any Sight or Sound Violations.

Agencies across the state take seriously the requirement to protect in-custody youth from adult inmates.

2c. Provide a measure(s) of the program's impact.

The federal Title II grant is utilized to support statewide juvenile justice initiatives and system improvements necessary to better the outcomes of system involved youth and those at risk of entering the juvenile justice system. Compliance monitoring under the auspices of the JJDP Act ensures youth in custody are afforded the protections required by the JJDP Act and that stakeholders are provided the training and technical assistance necessary to maintain compliance.

The following chart demonstrates progress is being made with respect to Racial and Ethnic Disparities (R/ED). This was formerly referred to as Disproportionate Minority Contact or DMC. For many years the Relative Rate Index (RRI) has been used as a measurement of minority youth outcomes at different contact points within the juvenile justice system as compared to white youth. Parity is reached when the rates are at a 1:1 ratio. The rates for Black Youth at the referral, secure detention, and certification referral points continue their downward trends. At the point of secure juvenile confinement there was a slight rise in FY2019. For the chart below the rate is reported as a 1. That is to say, based on the data, there was either no disparity or it was not enough of a disparity to consider statistically significant.

2d. Provide a measure(s) of the program’s efficiency.

The Juvenile Justice staff and Juvenile Justice Advisory Group administer and manage 100% of Title II Federal Formula funding by coordinating activities related to maintaining compliance with the JJDP Act and in accordance to the Three-Year Comprehensive Strategic Plan required by the federal funding agency. Facilities to be monitored are done so in accordance with a federally approved timeline. Ensuring 100% of the required data is collected through surveys reduces the number of compliance visits. Additionally, care is taken to schedule on-site visits in the same geographic area together and to minimize the number of trips necessary to complete the compliance activities. As a result of these compliance activities, all of which are necessary to demonstrate compliance with the “Core Requirements”, the state has received \$1,591,089 in federal Title II funds for Federal Fiscal Years 2017, 2018, and 2019, to improve juvenile justice services while protecting Missouri citizens.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the “Other” funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

This program is authorized by JJDP Act of 1974, pursuant to Title II, Part B, of the JJDP Act (34 U.S.C. §§ 11131–11133). Additionally, new requirements were included in the Juvenile Justice Reform Act (JJRA), Public Law No. 115-385, signed into law on December 21, 2018. CFDA #16.540.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.015

Program Name: Edward Byrne Memorial Justice Assistance Grant (JAG) Program

Program is found in the following core budget(s): Narcotics Control/JAG

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

The JAG Program issues grants to state, local, and tribal programs to prevent or reduce crime and violence. The JAG Program will fund grants within any one of the following purpose areas: 1) law enforcement, 2) prosecution and court, 3) prevention and education, 4) corrections and community corrections, 5) drug treatment and enforcement, 6) crime victim and witness initiatives, 7) planning, evaluation, and technology improvement, and 8) mental health programs and related law enforcement and corrections programs. DPS issues the majority of the monies to fund multi-jurisdictional law enforcement drug task forces in an effort to impact overall crime and violence problems within Missouri. The subawards are 1 year project periods (July 1 - June 30).

NOTE: The Department of Public Safety administers the grant monies to subrecipients, and the subrecipients implement the program and utilize the funding. The Department of Public Safety is not involved in the delivery of services or the outputs of such services.

2a. Provide an activity measure(s) for the program.

Measure: make grant funding available to the drug task forces that exist in Missouri

Base Target: support the existing drug task forces that request funding

Stretch Target: explore areas of consolidation and/or expansion to ensure effective coverage of the entire State

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.015

Program Name: Edward Byrne Memorial Justice Assistance Grant (JAG) Program

Program is found in the following core budget(s): Narcotics Control/JAG

2b. Provide a measure(s) of the program's quality.

FY21 is Year 8 of a plan started by DPS in FY14 to impose minimum goals and objectives for drug task forces receiving JAG funds. The intent was (and continues to be) to ensure all JAG-funded drug task forces possess the minimum level of training to initiate drug investigations and result in successful prosecution, adopt policies and procedures to ensure efficient and effective operational activities, and proactively engage the public to bring better awareness to the subject of illicit drug use and rehabilitation. FY16 was Year 3 of the 3-Year plan (and thus is the baseline data to compare to), and all JAG-funded drug task forces were expected to be compliant with the goals and objectives by FY16. Compliance has resulted in incentives of grant funding from FY16 - FY20 and subsequent incentive to become (and stay) compliant in order to receive maximum funding.

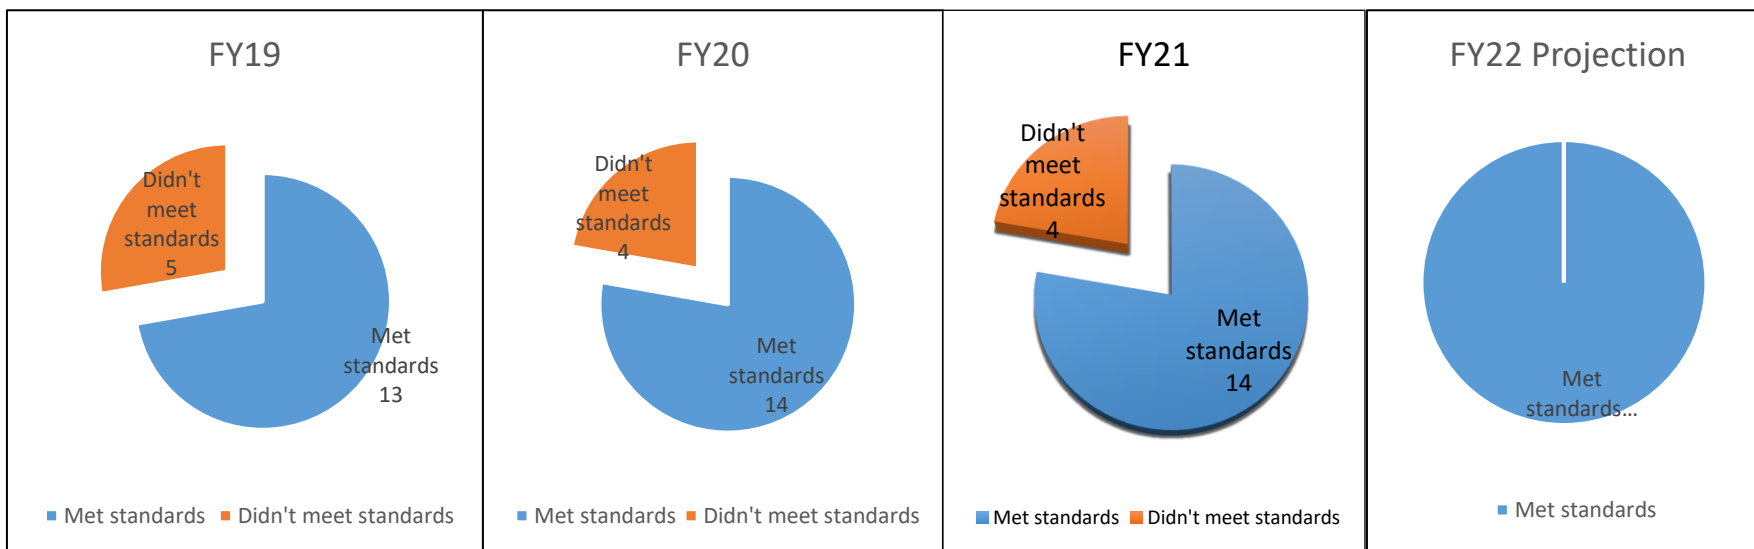

Measure: compliance with goals and objectives established for all drug task forces

Base Target: 100% compliance

Stretch Target: continue 100% compliance for all new and continuing projects

Grantees' Completion of Minimum Training Standards

NOTE: Minimum training standards include: 1) basic narcotic training, 2) advanced narcotic training, and 3) clandestine methamphetamine lab certification, where applicable if tasked with clean-up and disposal of clandestine methamphetamine labs.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.015

Program Name: Edward Byrne Memorial Justice Assistance Grant (JAG) Program

Program is found in the following core budget(s): Narcotics Control/JAG

Grantees' Adoption of Task Force Policies and Procedures

NOTE: Adoption of policies and procedures extends to, at a minimum, a policy addressing: 1) deconfliction, 2) hiring/selection of personnel, 3) information sharing, 4) development and use of informants, and 5) evidence storage and handling.

2c. Provide a measure(s) of the program's impact.

Realistically, the possession and distribution of illicit drugs is not a problem that will be eradicated completely. History has shown that a "drug of choice" will always exist in some capacity. Rather, as a result of the program quality measures, the hope is to further identify individuals possessing and distributing illicit drugs and to prevent teens and adults from starting to use illicit drugs. This can be assisted through the arrest of abusers and the seizure/removal of drugs from the street.

Measure: number of arrests made and number/value of drug seizures

Base Target: make as many arrests as possible and seize as many drugs as possible (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is indicative of the problem that exists)

Stretch Target: make as many arrests as possible and seize as many drugs as possible (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is indicative of the problem that exists)

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.015

Program Name: Edward Byrne Memorial Justice Assistance Grant (JAG) Program

Program is found in the following core budget(s): Narcotics Control/JAG

Again, the possession and distribution of illicit drugs is not a problem that will be eradicated completely. Rather, as a result of the program quality measures, the hope is to further identify individuals possessing and distributing illicit drugs and to prevent teens and adults from starting to use illicit drugs. Each case (and each drug type encountered) presents unique circumstances though. Each case is labor intensive in different ways, and the increasing presence of fentanyl has presented great officer health and safety concerns. In addition, personnel and funding are a huge factor in each task force's overall capabilities. The statistics below depict a general decrease in activity, but the decrease doesn't represent a decreasing presence of illicit drug use and sale in the State.

Measure: number of new cases opened, number of drug buys made, and number of search warrants resulting in drug seizures

Base Target: open as many new cases as possible following receipt of a drug tip and/or proactive investigations, make as many drug buys as possible to affirm the possession and/or sale of illicit drugs, and execute search warrants that will result in positive identification (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is a clear indicator of the problem that exists)

Stretch Target: open as many new cases as possible following receipt of a drug tip and/or proactive investigations, make as many drug buys as possible to affirm the possession and/or sale of illicit drugs, and execute search warrants that will result in positive identification (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is a clear indicator of the problem that exists)

2. CORE DESCRIPTION

The Deputy Sheriff Salary Supplementation Fund (DSSSF) Program was created in FY09 to supplement the salaries of county deputy sheriffs.

Section 57.278 RSMo provides for money to be collected from charges for service received by county sheriffs under subsection 4 of Section 57.280 RSMo, and the money collected is paid to the state treasurer and deposited into the DSSSF. The money in the DSSSF shall be used solely to supplement the salaries, and employee benefits resulting from such salary increases, of county deputy sheriffs.

The Missouri Sheriff Methamphetamine Relief Taskforce (MoSMART) is designated to administer the DSSSF. Administrative assistance is provided to the MoSMART by the Missouri Department of Public Safety, Office of the Director.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.025

Program Name: State Cyber Crime Grant (SCCG) Program

Program is found in the following core budget(s): Cyber Crime Task Force Grants

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

The SCCG Program issues grants to multi-jurisdictional cyber crime task forces. Funds are awarded to state and local law enforcement task forces to identify, combat, and prevent Internet sex crimes against children to include, but not limited to, child pornography, child solicitation/enticement, sexual exploitation of a minor, child trafficking, child prostitution, child molestation, sexual abuse of a child, and statutory rape/sodomy of a child. The goal is to improve public safety through investigations, forensics, and education/prevention. The subawards are 1 year project periods (June 1 - May 31).

NOTE: The Department of Public Safety administers the grant monies to subrecipients, and the subrecipients implement the program and utilize the funding. The Department of Public Safety is not involved in the delivery of services or the outputs of such services.

2a. Provide an activity measure(s) for the program.

Measure: make grant funding available to the cyber task forces that exist in Missouri

Base Target: support the existing cyber task forces that request funding

Stretch Target: explore areas of consolidation and/or expansion to ensure effective coverage of the entire State

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.025

Program Name: State Cyber Crime Grant (SCCG) Program

Program is found in the following core budget(s): Cyber Crime Task Force Grants

2b. Provide a measure(s) of the program's quality.

FY20 was Year 3 of a 3-Year plan started by DPS in FY18 to impose minimum goals and objectives for task forces receiving SCCG funds. The intent is to ensure all SCCG-funded cyber task forces possess the minimum level of training to perform cyber investigations and forensics, adopt policies and procedures to ensure efficient and effective operational activities, and proactively engage the public to bring better awareness to the subject of Internet sex crimes against children. FY20 was Year 3 of the 3-Year plan, and all SCCG-funded cyber task forces were expected to be compliant with the goals and objectives by FY20. Compliance will continue to be an incentive to become (and stay) compliant in order to receive maximum funding.

Measure: compliance with goals and objectives established for all cyber task forces

Base Target: 100% compliance

Stretch Target: continue 100% compliance for all new and continuing projects

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.025

Program Name: State Cyber Crime Grant (SCCG) Program

Program is found in the following core budget(s): Cyber Crime Task Force Grants

Grantees' Adoption of Cyber Tips Handling Protocol

NOTE: A cyber tip handling protocol details the approximate timeframe, triaging system, and follow-up involved for handling cyber tips. Cyber tips are received by the cyber task forces from the National Center for Missing and Exploited Children (NCMEC) and require investigative action thereafter. The subject/substance of the cyber tip dictates the urgency of the cyber tips handling (e.g. child in immediate danger) so cyber task forces need a protocol in place that directs how they will manage these submissions. NCMEC requires feedback following submission.

2c. Provide a measure(s) of the program's impact.

Realistically, Internet sex crimes against children is not a problem that will be eradicated. Rather, as a result of the program quality measures, the hope is to further identify Internet sex crimes against children that are occurring and to prevent further Internet sex crimes against children from occurring. This can be achieved (in part) through the arrest of perpetrators and the identification, and subsequent protection, of child victims. This can also be achieved (in part) through education/training to businesses, general public/civic organizations, law enforcement agencies, public events, schools, etc.

Measure: number of arrests made, number of child victims identified, and number of attendees at education programs/presentations

Base Target: make as many arrests as possible, identify as many child victims as possible, and educate as many persons as possible (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is indicative of the problem that exists)

Stretch Target: make as many arrests as possible, identify as many child victims as possible, and educate as many persons as possible (it should never be the target to increase or decrease these numbers because neither an increase or decrease is indicative of the problem that exists)

Each case presents unique circumstances and the statistics below depict that while the caseloads may be stable, the evidence involved in the cases is growing, which depicts the growing victimization that is occurring within Missouri with each individual case.

Measure: number of cyber tips received, number of new cases opened, number of forensic examinations completed on computers, media devices, and cell phones

Base Target: open as many new cases as possible following receipt of a cyber tip and/or proactive investigations and perform examinations to identify the evidence in order to proceed with the investigation (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is a clear indicator of the problem that exists)

Stretch Target: open as many new cases as possible following receipt of a cyber tip and/or proactive investigations and perform examinations to identify the evidence in order to proceed with the investigation (it should never be the target to increase or decrease these numbers because neither an increase nor a decrease is a clear indicator of the problem that exists)

Under the current appropriation, the Missouri Department of Public Safety's Crime Victims' Compensation Program administers the Fallen Program funds.

2a. Provide an activity measure(s) for the program.

Activity is based on the number of eligible fallen service workers. DPS communicates with the point of contact information from the fallen service workers' department/agency, communicates with the eligible survivor to explain the Fallen benefits available.

2b. Provide a measure(s) of the program's quality.

Prior to any funds being disbursed, a Line of Duty Death Statement from the worker's employers must be received by DPS. The order of priority for benefit disbursement is generally as follows: spouse, child, or other dependent. The DPS Director retains discretion to award benefits to any eligible survivor.

2c. Provide a measure(s) of the program's impact.

The impact of the benefit spans the entire state as it applies to any public safety worker meeting the criteria mentioned in above; provided a Line of Duty Death Statement is received by DPS.

2. CORE DESCRIPTION

Since 1995 the State of Missouri has been receiving funding through the S.T.O.P. (Services*Training*Officers*Prosecutors) Violence Against Women Grant Program as authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended by Title IV, Section 40121 of the Violent Crime Control and Law Enforcement Act of 1994, public Law 103-322, reauthorized by the Violence Against Women Act of 2000. Since its inception, Missouri has provided approximately \$13 million in funding to programs throughout the State aimed at addressing violent crimes committed against women.

Federal guidelines require that at least 25 percent of each year's grant award to the state be awarded for law enforcement programs, at least 25 percent for prosecution programs, at least 5 percent to court programs, and at least 30 percent for nonprofit, nongovernmental victim service programs. Of the 30% allocated for victim service programs, 10% must be allocated to culturally specific community-based organizations. These are statutory requirements. The remainder of the funds may be spent at the discretion of the DPS Director to address the statutory program purposes of this program. Further, 20% of the total amount granted shall be allocated to projects in two or more allocation categories that meaningfully address sexual assault.

In distributing funds, Missouri must give priority to areas of varying geographic size with the greatest showing of need, take into consideration the geographic population of the area to be served, equitably distribute monies geographically including non-urban and rural areas, and ensure that the needs of previously underserved populations are identified and addressed.

PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

HB Section(s): 08.040

Program Name: Crime Victim Services & Juvenile Justice Unit-Violence Against Women

Program is found in the following core budget(s): Violence Against Women (VAWA)

1a. What strategic priority does this program address?

The CVS/JJ Unit, through federal VAWA funding, protects and supports Missouri citizens who have been victims of violent crimes.

1b. What does this program do?

The federal Violence Against Women Act (VAWA) program encourages the development and implementation of effective, victim-centered, strategies for law enforcement agencies, prosecutors, and courts to address violent crimes against women. Additionally, the VAWA program encourages the development and enhancement of victim services in cases involving violent crimes against women. VAWA funding is passed through to local and statewide entities to increase intervention, advocacy, accompaniment, support services, related assistance for adult, youth, and child victims of sexual assault; family and household members of victims; and those collaterally affected by the victimization, except for the perpetrator of such victimization.

2a. Provide an activity measure(s) for the program.

VAWA funding is passed through to agencies within the following four (4) domains to ensure victims are served from a comprehensive system of service providers: victim services providers/culturally specific, law enforcement, courts, and prosecution. Additionally, up to 15% of VAWA funds are discretionary. To ensure the State meets the needs of its citizens, additional funding may be allocated to any of the four domains or toward a project that would not otherwise be funded.

PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

Program Name: Crime Victim Services & Juvenile Justice Unit-Violence Against Women

Program is found in the following core budget(s): Violence Against Women (VAWA)

2b. Provide a measure(s) of the program's quality.

Agencies funded by VAWA are mandated by the federal award to submit detailed records/data related to their awards. Data, as determined by the federal program, is collected from each subrecipient. The reports are reviewed and validated by DPS CVS/JJ staff, then submitted to the federal funding agency. For the years below Performance Reports were received, reviewed, and forwarded to the federal funding agency. In FY2017, two agencies ended participation in the VAWA Grant Program.

2c. Provide a measure(s) of the program's impact.

The VAWA funds increase State and local capacity to serve victims of crime, including vulnerable and underserved populations, through a network of sub-recipients who form a comprehensive system of care that includes safety, advocacy, prosecution, and law enforcement services. Benefits of the VAWA supported programs reach beyond just the recipient for whom we receive data. Also benefitting from VAWA programs are the immediate family members of the victims (i.e., children, caregivers, other family members) who share the trauma. The chart below illustrates the financial impact these funds add to the state's ability to provide services to our citizens.

2d. Provide a measure(s) of the program's efficiency.

The CVS/JJ Unit ensures a full 100% of VAWA funds are distributed to local courts, units of local government, law enforcement, and service providers. Through the VAWA Grant for this three year reporting period the State has been able to expend \$5,677,864.00 to assist and support victims in Missouri. Those funds are distributed, per federal requirements, in the following manner: 25% to law enforcement; 25% to prosecution; 30% to victim services, 10% of which must be culturally specific; and not less than 5% to state and local courts. Sub-recipients receiving VAWA funds must provide services within one or more of the 20 allowable purpose areas. These include:

- developing and strengthening effective law enforcement and prosecution strategies to combat violent crimes against women
- developing and strengthening victim services in cases involving crimes against women

The CVS/JJ staff continue to ensure that each sub-recipient is providing services to victims within the specified purpose area(s) and remains compliant with applicable federal guidelines for which they are receiving funds.

PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

HB Section(s): 08.040

Program Name: Crime Victim Services & Juvenile Justice Unit-Sexual Assault Services

Program is found in the following core budget(s): Violence Against Women

1a. What strategic priority does this program address?

The CVS/JJ Unit, through federal SASP funding, protects and supports Missouri citizens who have been victims of violent crimes.

1b. What does this program do?

The Sexual Assault Services Program (SASP) is federal funding dedicated to the provision of direct intervention and related assistance for victims of sexual assault. SASP Formula Grant Program funds are passed through to local agencies in support of rape crisis centers and other non-profit, non-governmental organizations or tribal programs that provide services, direct intervention, and other closely related assistance to victims of sexual assault. Funds provided through SASP are designed to supplement other funding sources that address sexual assault at the state and territorial level.

2a. Provide an activity measure(s) for the program.

Awards are based on availability of funds and the number of applicants meeting specific eligibility requirements. Following a thorough review by CVS/JJ staff with applicable federal guidelines, funds are awarded for a two-year calendar year period to non-profit, non-governmental organizations or tribal programs that provide sexual assault services to Missouri citizens. SASP funds are supplemental and adjust annually based on an agency's other funding sources to ensure the continuation of services.

2b. Provide a measure(s) of the program’s quality.

Agencies funded by SASP are mandated by the federal award to submit detailed data related to their awards. Sub-recipient activity is measured annually by performance reports they submit at the end of the performance period. These reports are thoroughly reviewed by CVS/JJ staff and submitted to the federal funding agency. To date, all programs have completed their annual performance reports.

2c. Provide a measure(s) of the program’s impact.

The SASP funds increase State and local level capacity to serve victims of crime, including vulnerable and underserved populations, through a network of sub-recipients. While the chart below indicates the number of recipients who received services, the benefits of SASP supported programs have a much farther reach. Also benefitting from SASP programs are the immediate family members of the victims (i.e., children, caregivers, other family members) who share the trauma. The CVS/JJ Unit is currently revising reporting processes to improve data as it relates to the impact of sub-recipient activities, including the actual total number of victims served; the number of victims served by courts, medical facilities, and law enforcement.

- Adult, youth, and child victims of sexual assault;
- Family and household members of such victims; and
- Those collaterally affected by the victimization (e.g., friends, coworkers, classmates), **except** for the perpetrator of such victimization.

Through the SASP grant for the three year reporting period the State expended \$764,025.00 to assist and support victims of sexual assault in Missouri. The CVS/JJ staff continue to ensure that each sub-recipient is delivering services to victims and remains compliant with applicable federal guidelines for which they are receiving funds.

2. CORE DESCRIPTION

The Crime Victims Compensation Program (CVC) provides financial assistance to eligible crime victims/family members who have suffered harm as a result of violent crime. In the case of death, the CVC may help the victim's dependents. The CVC is designed to assist victims/family members of violent crimes through a period of financial hardship as a payer of last resort. If a victim has exhausted other sources of compensation, such as health insurance, and has no other source of reimbursement, CVC may help pay for crime related medical costs, wage loss, psychological counseling, funeral expenses and support for dependent survivors up to a maximum limit of \$25,000.

A portion of funding for the program come from court costs assessed in criminal prosecutions. Additional funds are received from a federal formula grant from the U.S. Department of Justice, Office for Victims of Crime. DPS administers the VOCA Compensation program, the CVC program. This federal formula grant is separate from the VOCA Assistance program administered by DHSS.

Beginning July 1, 2008 appropriate medical providers in Missouri are prohibited from charging victims for a sexual assault forensic exam or charges incurred in collecting evidence during the exam. The DPS, Sexual Assault Forensic Examination (SAFE) Program pay the medical provider directly. The victim is not to be billed for any sexual assault forensic examination charges. The Child Physical Abuse Forensic Examination (CPAFE) began in fiscal year 2016.

PROGRAM DESCRIPTION

Department: Missouri Department of Public Safety, Office of the Director

HB Section(s): 08.045

Program Name: Crime Victims' Compensation & Sexual Assault Forensic Exams

Program is found in the following core budget(s): Crime Victims' Compensation

1a. What strategic priority does this program address?

In the DPS theme of Protection and Service, through Crime Victims' Compensation (CVC) and Sexual Assault Forensic Examination-Child Abuse Resource & Education (SAFE) initiatives we provide impactful services to Missouri residents who are victims of crimes compensable by CVC/SAFE.

1b. What does this program do?

The CVC & SAFE programs provide compensation to victims and survivors of violent crimes. Victims/survivors of certain crimes can apply for assistance to offset expenses incurred as a result of the crime. The CVC program is a payer of last resort, meaning any other collateral resources such as insurance or settlements must be exhausted first. CVC can offer assistance with expenses attributable to a compensable crime such as medical expenses, mental health counseling, lost wages and funeral expenses. The SAFE program ensures victims of sexual assault are not charged for a forensic exam. The program provides payment to appropriate medical providers to cover the reasonable charges of the forensic examination.

2a. Provide an activity measure(s) for the program.

The CVC/SAFE program receives and processes applications from claimants including victims and others on behalf of victims such as family members, victim advocates, medical providers, funeral homes, etc. Application processing is initiated upon receipt of each claim.

2b. Provide a measure(s) of the program's quality.

The CVC/SAFE program application/claims processing includes a thorough review to determine eligibility, collection of all required supporting documentation and necessary releases, etc. The turn-around time on any given claim varies based on the complexity and responses from medical providers, funeral homes, and claimants. To ensure quality, the program policies and practices are continuously reviewed to maintain compliance with state and federal guidelines as well as provide victims/claimants with exemplary, compassion-based service.

2c. Provide a measure(s) of the program's impact.

The CVC/SAFE is statewide.

2d. Provide a measure(s) of the program's efficiency.

The CVC/SAFE program processes claims as they arrive; due to the complexity and the many variables involved per claim, it's difficult to determine the length of time any particular claim may take to process. Currently we measure efficiency by the average number of days it takes to process claims. There is room for improvement as we hone our policies and procedures and train staff and advocates that assist victims in application completion. The more complete an application is upon receipt by the program the sooner it can be processed. It should be noted that CVC claims are more complex and it is expected the CVC claims require more time than SAFE claims.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

NOTE: These expenditures reflect funds directly paid to crime victims/families and/or providers. The amounts do not reflect

Program is found in the following core budget(s): Crime Victims' Compensation

In the DPS theme of Protection and Service, through Child Physical Abuse Forensic Examinations Program (CPAFE) initiatives we provide impactful services to children under the age of 18 who are alleged victims of physical abuse.

1b. What does this program do?

The CPAFE Program covers the cost of the professional fee for SAFE-CARE providers who perform a forensic examination to collect and preserve evidence on children under 18 years of age who have been a victim of physical abuse in Missouri. Medical professionals are required to bill the Child Physical Abuse Program as a payer of first resort for reasonable charges incurred during the forensic examination. Professional fee charges shall not be billed to other payment resources, such as the patient's parent or guardian, health insurance, Medicaid, or Medicare. Charges for medical procedures, facility fees, supplies, laboratory/radiology tests, court preparation or court testimony are not eligible for reimbursement.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.065

Program Name: Residential Substance Abuse Treatment (RSAT) Program

Program is found in the following core budget(s): Residential Substance Abuse

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

The RSAT Program issues grants to provide substance abuse treatment for incarcerated inmates; prepare offenders for reintegration into the communities from which they came by incorporating re-entry planning activities into treatment programs; and assist offenders and their communities through the re-entry program through the delivery of community-based treatment. RSAT funds may be used to implement three types of programs: 1) prison-based, 2) jail-based, and 3) aftercare post-release from prison or jail. DPS historically only funds projects for the Missouri Department of Corrections and St. Louis County Justice Services because other units of government are unable to meet the program requirements to be eligible for funding. The subawards are 1 year project periods (July 1 - June 30).

NOTE: The Department of Public Safety administers the grant monies to subrecipients, and the subrecipients implement the program and utilize the funding. The Department of Public Safety is not involved in the delivery of services or the outputs of such services.

2a. Provide an activity measure(s) for the program.

Measure: make grant funding available to the units of government that are eligible for RSAT funding in Missouri

Base Target: support the eligible RSAT projects that request funding

Stretch Target: explore the capability of other units of government to be eligible for RSAT funding in Missouri

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.065

Program Name: Residential Substance Abuse Treatment (RSAT) Program

Program is found in the following core budget(s): Residential Substance Abuse

2b. Provide a measure(s) of the program's quality.

Measure: number of new enrollments vs. successful completions in the grant-funded substance abuse treatment programs

Base Target: 90% success/completion rate

Stretch Target: 93% success/completion rate

NOTE: During FY18, 1 of the 2 subrecipients (St. Louis County) was not able to hire the approved program staff (due to internal issues). Thus there were no program statistics to include for the agency for FY18. In addition, following a reduction in federal funding, the 2nd subrecipient (Department of Corrections) exhausted their grant award during Quarter 3 (January-March 2018) so statistics from Quarter 4 are not included. For these reasons, the quantity of program enrollments is considerably lower for FY18.

NOTE: During FY19, 1 of the 2 subrecipients (St. Louis County) was not able to hire the approved program staff (due to internal issues) until November 2018 and January 2019 respectively. Thus there were no program statistics to include for the agency for Q1 of FY19.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.065

Program Name: Residential Substance Abuse Treatment (RSAT) Program

Program is found in the following core budget(s): Residential Substance Abuse

2c. Provide a measure(s) of the program's impact.

Measure: number of alcohol/drug tests administered to program participants vs. number of alcohol/drug tests failed by program participants

Base Target: 98% success rate (drugs and/or alcohol not detected)

Stretch Target: 100% success rate (drugs and/or alcohol not detected)

NOTE: During FY18, 1 of the 2 subrecipients (St. Louis County) was not able to hire the approved program staff (due to internal issues). Thus there were no program statistics to include for that agency for FY18. In addition, following a reduction in federal funding, the 2nd subrecipient (Department of Corrections) exhausted their grant award during Quarter 3 (January-March 2018) so statistics from Quarter 4 are not included. For these reasons, the quantity of drug tests administered to program participants is lower for FY18.

NOTE: During FY19, 1 of the 2 subrecipients (St. Louis County) was not able to hire the approved program staff (due to internal issues) until November 2018 and January 2019 respectively. Thus there were no program statistics to include for the agency for Q1 of FY19.

2d. Provide a measure(s) of the program's efficiency.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.065

Program Name: Residential Substance Abuse Treatment (RSAT) Program

Program is found in the following core budget(s): Residential Substance Abuse

The Department of Public Safety administers the grant monies to subrecipients, and the subrecipients implement the program and utilize the funding. The Department of Public Safety is not involved in the delivery of services or the outputs of such services. As a result, there are no efficiency measures that can be captured.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the “Other” funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The RSAT Program is authorized by 34 U.S.C. § 10421 et. seq.

6. Are there federal matching requirements? If yes, please explain.

Yes, the RSAT Program requires a 25% local match of the total project cost. This match is provided by the subrecipients through in-kind sources.

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The Peace Officer Standards and Training Commission disburses funds from the Peace Officer Standards and Training Commission Fund to law enforcement agencies to pay for the costs of Continuing Law Enforcement Education training for law enforcement officers or technical or professional training for non-commissioned personnel employed by a law enforcement agency. To be eligible for disbursement, courts shall assess a surcharge of \$1 in each criminal case pursuant to Section 488.5336 RSMo. Monthly, the county or municipality will forward the collected surcharges to the Missouri Department of Revenue to be deposited to the Peace Officer Standards and Training Commission Fund. Distribution of these funds is made annually with agencies contributing less than \$500 receiving \$500, and agencies contributing in excess of \$500 receiving at least 90% of their contribution plus a portion of the difference between the total contribution less the total amount of agencies receiving \$500. The entire formula for funding is located in 11 CSR 75-16.010.

The core request of \$950,000 will continue to allow the Department of Public Safety to assist law enforcement with their continuing education costs.

PROGRAM DESCRIPTION

Department Public Safety

HB Section(s): 8.075

Program Name: Missouri Capitol Police

Program is found in the following core budget(s): MCP Core Budget Section 8.177 RSMo

1a. What strategic priority does this program address?

The mission of Missouri Capitol Police is to provide a safe and secure environment for members of the Missouri General Assembly, state employees and visitors to all state-owned facilities within the seat of government (Cole County).

1b. What does this program do?

Missouri Capitol Police is a full service 24/7/365 law enforcement agency providing safety and security for the Missouri General Assembly, state employees, and visitors. We respond to all calls for service at state owned/leased property in Cole County. Missouri Capitol Police conducts security screenings of people and items during daily operations of the State Capitol. Missouri Capitol Police protects the First Family and the Missouri Governor's Mansion through the Executive Protection Detail.

2a. Provide an activity measure(s) for the program.

Missouri Capitol Police monitor several statistics on an annual basis and review our activities monthly. The following chart summarizes FY19 and FY20 statistics for the three categories listed:

HB Section(s): 8.075

Program Name: Missouri Capitol Police

Program is found in the following core budget(s): MCP Core Budget Section 8.177 RSMo

2b. Provide a measure(s) of the program's quality.

Missouri Capitol Police provides security screening at the south entrance for all visitors and items that enter the Capitol. We assist citizens and provide customer service on a daily basis throughout the Capitol Complex and state owned/leased buildings.

2c. Provide a measure(s) of the program's impact.

Missouri Capitol Police emphasizes customer service with every contact of our legislators, visitors, and state employees in our jurisdiction. Though COVID-19 reduced the number of citizens towards the end of FY20, we anticipate an estimated increase during the next fiscal year.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri Capitol Police is authorized under RSMo 8.177. Request funding to replace our current uniforms which are ill-fitting and of poor quality. Uniform shirts and pants purchased within the past two years are already starting to fray, look worn, and are coming apart at the seams. The uniforms were not properly fitted for the officers, the sizes are mislabeled, and the oversized cut of the pants has led to health issues for the officers. This is especially relevant when they are scheduled during long shifts and/or events. We request funding to purchase durable quality uniforms and have them properly fitted to the officers.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The majority of training for MCP officers has been online for the past several years. We are in need of numerous basic training topics for continuing education and mandated annual Peace Officer Standards Training (POST) requirements. On-line training may be adequate for some topics but not all mandatory topics are offered in this format. In-person classroom instruction is needed for topics such as de-escalation training, Crisis Intervention Training (CIT), defensive tactics, Field Training Officers (FTO), leadership development training, firearms training, report writing, active shooter, criminal investigations, and crowd control. In-person training allows a better learning environment so the officers can ask questions, interact with the instructor, and allow feedback from the instructor to gain further clarity on the subject matter.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Capitol Police request funding to deliver in-person training for 40 FTE. We intend to have certified instructors from law enforcement training providers to conduct in-person classroom instruction when needed. State-approved training providers such as the Missouri State Highway Patrol and the Law Enforcement Training Institute at the University of Missouri will provide in-person training topics mentioned in section #3. This request will aid in complying with state-mandated annual continuing education training as required by Peace Officer Standards and Training (POST) program.

Program is found in the following core budget(s): Enforcement

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

Field Operations Bureau (FOB) service descriptions:

- Coordinates, plans, and analyzes the traffic and patrol functions of the nine geographic troops, which provide the full spectrum of police services to citizens throughout the state.
- Eight canine units are strategically located to assist law enforcement personnel in the detection of controlled substances, locating lost or missing persons, enhancing officer safety, and apprehending criminal suspects.
- Four 20-member Special Weapons and Tactics Teams are stationed at Troop A-Lee's Summit, Troop C-St. Louis, Troop D-Springfield, and Troop F-Jefferson City. The teams respond to a variety of critical incidents ranging from hostage situations to high-risk warrant services.
- Sixteen officers assigned to four Major Crash Investigation Units (MCIU), are positioned throughout the state. The units investigate and provide detailed reporting of serious crashes involving multiple-vehicle fatalities, commercial motor vehicles and crashes resulting in felony criminal charges.
- The Driving While Impaired Victim Advocacy program provides support, information and resources to victims of alcohol/drug related traffic crashes. Patrol officers interact more often with victims than other professionals in the criminal justice system.
- The Patrol Dive Team is comprised of 14 divers. The divers are located across the state and conduct dive operations to recover drowning or boating crash victims, or to recover criminal evidence for felony cases.
- FOB facilitated the Interdiction for the Protection of Children (IPC) Training. This statewide initiative assists troopers with the identification of criminal indicators surrounding human trafficking. These cases are often multilayered and extremely complex, which necessitates extensive documentation for the successful prosecution of suspects and the recovery of victims from illicit activities.
- Mobile Field Force Training is critical for an enhanced state of readiness. The Field Operations Bureau provides guidance and support, and assists with the command and control during large scale deployments. Each troop maintains multiple squads ready for rapid deployment anywhere within the state.
- Coordinates the Aircraft Division, Selective Traffic Enforcement Programs, Combined Accident Reduction Effort, Criminal Interdiction operations, the Gubernatorial Inauguration Detail, and large-scale natural disasters.

2a. Provide an activity measure(s) for the program.

One of the primary goals of the Missouri State Highway Patrol is to remove intoxicated drivers from Missouri's roadways. National trends support a growing number of drug impaired drivers are frequenting our highways, and with the passing of Amendment 2, the number of drug impaired driving cases are expected to rise. To address this concern, the Field Operations Bureau mandated all enforcement personnel with three or more years of experience to complete Advanced Roadside Impaired Driving Enforcement (ARIDE) training. The ARIDE class focuses on identifying drug impaired drivers and provides direction to improve the documentation and prosecution of these cases. The Patrol will have 746 of its 927 members trained in ARIDE during the first quarter of 2021. The Patrol continues to conduct numerous DWI saturations, Wolf Packs, and participates in all national impaired driving enforcement campaigns. These efforts are in support of the Patrol's mission of making our roadways safer through the reduction of alcohol/drug related drivers, injury, and fatality crashes. The Patrol's commitment has been steadfast, and new methods to address impaired driving will remain a top priority for enforcement efforts. No targets are set for number of arrests.

2b. Provide a measure(s) of the program's quality.

Members of the Missouri State Highway Patrol attend approximately 1,190 hours of instruction at its Law Enforcement Academy in order to become troopers. That is 50% more than the state requirement. Recruits score an average of 91% on all administered tests. This additional instruction produces extremely qualified troopers to keep Missourians safe.

2c. Provide a measure(s) of the program's impact.

The information below provides a comparison of the fatality rates for Missouri and the surrounding eight states. Many fatalities occur due to the frequency of human errors which include a large number of contributing circumstances drivers could easily avoid. The current trends still reflect seat belt usage to be the most prominent contributing factor to Missouri's fatality rates. As of August 12, 2020, the total number of fatalities resulting from traffic crashes in Missouri was 535, and 68% of those fatalities were not wearing their seat belt. Unrestrained fatalities continue to be one of the most critical factors that could easily change the outcome of vehicular crashes. The Missouri State Highway Patrol emphasizes the importance of seat belt usage, and will continue to participate in National Seat Belt Enforcement Programs in an effort to educate motorists within Missouri.

The Field Operations Bureau supports all national enforcement programs, works closely with surrounding states during CARE enforcement projects, ensures additional officers are working during peak travel periods, and encourages high visibility enforcement to alter driving behavior. Additionally, Zone Commanders are encouraged to adjust staffing levels according to local trends and festivities within their respective counties.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.095

Program Name: Water Patrol Division

Program is found in the following core budget(s): Water Patrol

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

This program is designed to provide a safe environment and quality public service for our citizens and visitors while they utilize the waters of our state by:

- Educating on recreational boating and water safety through programs, enforcement activities, and media resources.
- Providing professional marine enforcement, visibility, and emergency response on the water with approximately 80 marine troopers assigned to our waterways.
- Providing marine recovery efforts for victims of boating accidents and drownings in addition to evidence recovery for crimes, including advanced marine recovery capabilities by our 14 member statewide dive team.
- Providing the state's primary response to flood waters.

Troopers assigned to fulfill the field mission of the Water Patrol Division receive extensive training in marine operations. The Water Patrol Division oversees the training provided to those officers. In addition to an initial four week marine academy training, a minimum 40 days of task oriented marine field training is required. Additional training includes swift water training and annual marine in-service training. Marine operation troopers are required to successfully complete a validated swim test each year.

2a. Provide an activity measure(s) for the program.

Note: CY2020 has an increased amount of students due to the increased boating activity during COVID.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.095

Program Name: Water Patrol Division

Program is found in the following core budget(s): Water Patrol

2b. Provide a measure(s) of the program's quality.

The Water Patrol Division provides an on-line boating safety course that is nationally certified. The on-line course is a coordinated effort between the division and Kalkomey, Inc. Since January of 2017, Kalkomey has conducted surveys from those who have taken the on-line course. The ratings received are based on a scale of one to five stars. The Missouri course has received an average rating of 4.68 stars during that time period. This rating is significant since over 79% of the certified courses provided to the public in Missouri were the on-line course.

2c. Provide a measure(s) of the program's impact.

Note: We do not set targets or stretch targets for the number of accidents.

2d. Provide a measure(s) of the program's efficiency.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.095

Program Name: Water Patrol Division

Program is found in the following core budget(s): Water Patrol

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Water Patrol (0400), Retirement (0701), OASDHI (702), MCHCP (765)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Authorization for this program exists in Chapter 43 and 306. As part of Missouri's receipt of United States Coast Guard federal grant money, generally around two million dollars per year, Missouri's recreational boating safety program must include (46 USC 131):

- A cooperative boating safety assistance program with the United States Coast Guard.
- Sufficient patrol to ensure adequate enforcement of applicable state boating safety laws and regulations.
- An adequate state boating safety education program.
- An approved system for reporting marine casualties (boating accidents).

6. Are there federal matching requirements? If yes, please explain.

Yes, the Water Patrol Division's federal funding has a 50% match.

7. Is this a federally mandated program? If yes, please explain.

No.

In exploring a cost-effective alternative to the larger fiberglass lake boats currently in inventory, the Patrol is seeking spending authority to purchase a metal patrol boat. This would be a 28' welded aluminum, collared, center console boat that is purposely constructed for law enforcement work. Although higher in cost, the average service life is estimated to be double the ten (10) years the Patrol projects for a similar fiberglass vessel. In addition, the aluminum hull will better withstand wake impacts, not be subject to yearly fiberglass repairs and the collared system will protect against vessel damage during enforcement contacts.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The 28' welded aluminum boat, trailer, and two (2) engines are estimated to cost \$267,744. A bid process will be used for the purchase of the boat and trailer, and the two engines will be purchased through an existing contract. This one-time spending authority would come from the Water Patrol Fund.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Currently, the Patrol has two (2) specialized vehicles outfitted to support its dive team members throughout the state, one in Troop A (Lee's Summit) and the other in Troop I (Rolla). The older of the two trucks, located in Troop A, is a 2013 Ford F-550 with 91,000 miles. Accounting for the FY22 budget process, bid process and build time, this dive truck would be reaching, if not eclipsing, the 120,000-mile OA threshold at the time of its replacement. In addition, a purpose-built boat to support dive operations is needed to replace the existing 2011 War Eagle vessel which is essentially a recreational boat modified to fit the needs of the dive team. The replacement would be for a boat, motor, and trailer. Finally, the Patrol is seeking to replace its oldest side scan sonar, which was purchased in 2012 and utilizes 2009 technology. The side scan sonar would be an upgrade to the newest technology and would enhance search capabilities for not only missing persons, but also in support of criminal investigations. The Patrol is requesting spending authority only to complete these purchases.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The funding information associated with this decision item is based on the costs for the replacement of a dive truck, boat with inboard motor and trailer, and a side scan sonar. This one-time spending authority of \$387,000 would come from the Water Patrol Fund.

2.5 ton truck chassis with custom dry freight body - \$250,000 (0400/3598)
Landing craft style boat with inboard engine - \$68,000 (0400/3598)

Towed side scan sonar - \$59,000 (0400/3598)
Commercial duty trailer - \$10,000 (0400/3598)

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

1a. What strategic priority does this program address?

Improve operational effectiveness

1b. What does this program do?

- The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol as well as to other law enforcement agencies throughout the State of Missouri by analyzing evidence recovered through criminal investigations.
- The Crime Laboratory Division is responsible for the Offender DNA Profiling program in Missouri and serves as the State CODIS (Combined DNA Index System) Administrator.
- The services the laboratory provides are as follows:
 - Drug Chemistry - conducts analyses of evidence confiscated during investigations involving dangerous drugs and clandestine labs.
 - Toxicology - analyzes blood, urine, and other biological fluids for alcohol and drugs. The Toxicology section performs analyses for a variety of investigation types, including driving while intoxicated (DWI) cases.
 - DNA Casework - works criminal cases involving homicide and sexual assault, as well as other types of crimes. The section locates and identifies biological fluids and obtains DNA profiles from crime scene evidence.
 - CODIS - develops DNA profiles of convicted offenders, arrestees, registered sex offenders, and other samples required by law and uploads the profiles to the CODIS database where they are searched against crime scene DNA profiles.
 - Firearms/Toolmark - receives and examines evidence related to firearms, firearm components, ammunition, expended ammunition components as well as toolmarks, footwear and tire tread impressions.
 - Latent Prints - locates, examines and compares friction ridge impressions that are imparted on items left at crime scenes. Latent prints are entered into AFIS (Automated Fingerprint Identification System) and searched against a database of individuals.
 - Trace Evidence - analyzes evidence from crime scenes such as hairs, fibers, fire debris, explosives, gunshot residue, paint, glass, etc.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

2a. Provide an activity measure(s) for the program

- The Patrol receives an average of 27,942 forensic cases per year. A criminal case, in common law jurisdictions, begins when a crime is committed. Any evidence of the perpetration of a crime, or linking of individuals to the crime, can be submitted to the crime lab as a case.
- Even though the number of cases received increases approximately 2% each year (we have realized a 30% increase in cases since 2007), we are completing more cases per year than we are receiving. Although we are marginally able to work more cases than are submitted, backlogs and longer than average turnaround times still exist.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

2b. Provide a measure(s) of the program's quality

- The Crime Laboratory Division is internationally accredited by the ANSI-ASQ National Accreditation Board (ANAB). Every year the laboratory is required to remain in compliance with not only the ANSI-ASQ, but the FBI Quality Assurance Standards for Forensic DNA Testing Laboratories and Databasing Laboratories. In 2019, the MSHP Crime Laboratory was in compliance with over 500 internationally recognized standards and regulations and remains above or near the 75th percentile in case output when compared to an external benchmark, 139 Crime Laboratories in the United States (Project FORESIGHT Annual Report, 2017-2018, the most recent annual report).

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

2c. Provide a measure(s) of the program's impact.

The program has had significant impact on backlog reduction and reduction of turnaround time of cases. Moreover, looking at a stretch to 2021 and 2022, it appears as though the reduction will continue. The addition of FTE's and instrumentation in many of our disciplines has resulted in a reduction of backlog and turnaround in all disciplines but DNA. The submission of untested sexual assault cases and an continuous influx of unproductive touch DNA cases have negatively impacted DNA, but new FTE's obtained in 2019, internal reclassification of FTE's and a new addition to the lab should create a positive impact in CY 2021.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

2d. Provide a measure(s) of the program's efficiency.

- By comparing the costs of analyses at the MSHP Crime Laboratory to that of the Project Foresight data (Project FORESIGHT Annual Report, 2017-2018) we demonstrate that we are efficiently using our resources as our costs are at, or below, the median cost of 139 surveyed crime laboratories in all disciplines. We are meeting expectations and have demonstrated responsible resource management.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.110

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

Despite high output per FTE as demonstrated above in chart 2b, as well as reduction of average turnaround time in chart 2c, case turnaround time in most disciplines, although coming down, is high when compared to Project Foresight. These data may illustrate saturation of our labor capacity and perhaps a need to increase FTE, particularly in DNA and Latent Prints.

PROGRAM DESCRIPTION

Department: Public Safety

Program Name: Crime Laboratory

Program is found in the following core budget(s): Crime Lab

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do include fringe benefit costs.)

4. What are the sources of the "Other" funds?

Forensic Lab (591), Hwy (644), Crim Rec Sys (671), OASDHI (702), DNA Profiling (772), HP Exp (793)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Crime Laboratory Division provides support to the Patrol in fulfilling its responsibilities outlined in RSMo., Chapter 43.025 and 43.380. In addition, RSMo., Chapter 650.050-650.100 establishes a felon and sexual offender DNA Profiling program within the Highway Patrol. The Crime Laboratory is designated the State Repository for the DNA samples and the corresponding CODIS database.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

This core request is for funding for the Patrol's training academy. Training is provided at four levels: basic (officers are taught modern police methods, skills, and procedures to meet the statutory requirements for certification), specialized (officers become experts in areas such as firearms, radar, blood alcohol testing, etc), in-service/proficiency (officers are kept current in areas of criminal justice responsibilities and duties), and administrative (first-line supervisors, police chiefs, sheriffs, etc, are able to develop better supervision and management skills).

3. PROGRAM LISTING (list programs included in this core funding)

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 8.115

Program Name: Missouri State Highway Patrol Law Enforcement Academy

Program is found in the following core budget(s):

1a. What strategic priority does this program address?

Protect and Service

1b. What does this program do?

- Trains Law Enforcement Personnel by: Providing a structured, para-military training environment that will challenge the recruit physically, mentally, and academically. Following a rigorous selection process, recruits attend 25 weeks of intense training.
- Provides centralized training programs by coordinating, preparing, and conducting continuing, and recertification courses throughout the state.
- Coordinates instructor selection, training, evaluation, and certification in accordance with Department of Public Safety, Peace Officer Standards and Training (POST) regulations. The Academy is an approved peace officer training center under Chapter 590 RSMo.
- Serves over 200 law enforcement agencies throughout Missouri and the United States.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 8.115

Program Name: Missouri State Highway Patrol Law Enforcement Academy

Program is found in the following core budget(s):

The Academy hosts an abundance of trainings over the course of a year. The numbers above indicate the number of recruits we trained in each year. The remaining number(s) for that year, would include students/clients from outside departments such as Police Departments, Sheriff's Departments and Dept. of Conservation etc., attending training at the Academy. In CY 2017 the Patrol only held one recruit class, hence the decline in recruit numbers for that year. Due to COVID-19, there were a significant number of classes cancelled, therefore, it will show a significant decline in number of students trained in CY2020.

2b. Provide a measure(s) of the program's quality.

This information is based on evaluations completed at the end of every course administered by the Academy. The questions asked the students to rate instructor performance, facility maintenance and cleanliness and cafeteria services.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 8.115

Program Name: Missouri State Highway Patrol Law Enforcement Academy

Program is found in the following core budget(s):

2c. Provide a measure(s) of the program's impact.

Effectiveness measures the Missouri State Highway Patrol Recruits POST Test scores, benchmarked with the statewide averages.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 8.115

Program Name: Missouri State Highway Patrol Law Enforcement Academy

Program is found in the following core budget(s):

2d. Provide a measure(s) of the program's efficiency.

While the main focus of the Academy is training MSHP recruits, the Academy continues to offer more specialized training classes. However, our instructor staff remains the same, therefore, we must be more efficient in our use of time. When the academy instructors are not teaching, they continually further their education, by attending training themselves and updating lesson plans to include the most current information available. Due to the cancellation of many classes, due to COVID-19, our CY2020 hours will be significantly less. We anticipate to be back to normal in 2021.

It costs approximately \$11,915.00 per recruit, for training materials, lodging and meals, during their 25 weeks of training. The Academy has its own dormitory and cafeteria, therefore keeping our costs at a minimum, versus lodging at a hotel and eating at an outside facility. The Academy estimates the daily cost to stay and use our facility, is \$80.00 per day. This includes meals, lodging and classroom usage. The average cost of lodging, between the two hotels the academy uses for overflow, is \$90.00, plus lodging tax, and this figure does not include daily meals or any facility usage.

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 8.115

Program Name: Missouri State Highway Patrol Law Enforcement Academy

Program is found in the following core budget(s):

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Hwy (0644), Gaming (0286), WP (0400), HPA (0674), Retirement (0701), OASDHE (0702) and MCHCP (0765)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 43,020 RSMo requires Highway Patrol personnel to have all powers necessary to fully and effectively carry out the purposes of Chapter 43. This includes the basic training and continuing education requirements necessary to maintain peace officer certification per Chapter 590 RSMo. Sections 590.145 and 33.080 RSMO are sources of authority for the existence and use of HPA funds.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department: Department of Public Safety

HB Section(s): 08.120

Program Name: Driver's Examination

Program is found in the following core budget(s): Vehicle and Driver Safety

1a. What strategic priority does this program address?

Protection and Service

1b. What does this program do?

- Verifies drivers have the knowledge and skills required for safe operation of motor vehicles of all classes, including motorcycle and all levels of commercial vehicles.
- Screens applicants for proper identification and documents prior to testing, as well as administers written, vision, highway sign recognition, and driver skills tests.
- Audits employees' skills testing at least annually to ensure regulation compliance, and performs weekly monitoring of written tests.
- Conducts annual site audits of all 3rd CDL testers. Conducts "re-examines" for a minimum of ten percent (10%) of drivers who pass 3rd party test, and trains all new 3rd party examiners.

2a. Provide an activity measure(s) for the program.

****No target established - the Driver Examination Section has no control over the number of people who take tests*

PROGRAM DESCRIPTION

Program Name: Driver's Examination

Program is found in the following core budget(s): Vehicle and Driver Safety

2b. Provide a measure(s) of the program's quality.

Customer service cards are available at all Missouri State Highway Patrol testing locations across the state. The card identifies the purposes of their visit, and requests information regarding their experience at Driver Examination offices.

During calendar year 2019, 185 customer service cards were submitted to the Driver Examination Section. Of these submissions, 174 individuals rated their experience as either "Good" or "Excellent". Eleven individuals rated their experience with at least one negative response. The customer service cards indicated a 94% positive rating. Of the 11 negative responses received, 4 received a negative rating based on wait time. The Driver Examination program's target is to receive a 98% positive rating on submitted customer service cards. The stretch target for the program is to reach 100% customer satisfaction.

When a customer service card with a negative response is received by the Driver Examination Section, contact is made by the assistant director, chief driver examiner or troop lieutenant, if the customer provided contact information. Appropriate action is taken as necessary.

2c. Provide a measure(s) of the program's impact.

Driver Examination Test Failure Rates

****Targets for the Written and Skills Test failure rate should be greater than 0%, as it is unrealistic that all applicants will pass the drivers' test; therefore, our goal is to accurately fail the people that do not have the knowledge and/or skills to safely drive on the roads, whatever percentage that may be.*

2d. Provide a measure(s) of the program's efficiency.

When applicants fail to appear for an appointment to take the CDL skills test, this creates inefficiency in the program. A policy was implemented, effective January 1, 2018, requiring the scheduler to contact the applicant approximately three days prior to their scheduled appointment, to confirm the test time or determine if the appointment is no longer necessary. This policy provides the opportunity to schedule a different applicant into a cancelled time period, allowing better management of employee time. The target is to reduce the number of applicants who fail to appear for scheduled CDL skills test appointments. Due to COVID-19, skills testing was suspended from March 17 to May 4, 2020. Since testing resumed, requests for CDL testing has not returned to normal capacity. The Division will continue to take reactive measures throughout the COVID-19 crisis.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Highway (0644), Retirement (0701), OASDHI (0702)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 302.173, RSMo., authorizes the Missouri State Highway Patrol to conduct driver examinations for obtaining a driver's license.

Section 302.720, RSMo., authorizes the Missouri State Highway Patrol to conduct commercial driver examinations for obtaining a commercial driver license.

Section 302.721, RSMo., requires the Missouri State Highway Patrol to "re-examine" a minimum of ten percent (10%) of those drivers who have passed the CDL skills examination administered by a certified third-party commercial driver license examination program in the State of Missouri.

6. Are there federal matching requirements? If yes, please explain.

There are no federal matching requirements for any programs administered by the Driver Examination Section.

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.120

Program Name: Motor Vehicle Inspection Section

Program is found in the following core budget(s): Vehicle and Driver Safety

2a. Provide an activity measure(s) for the program.

The School Bus Inspection Program of the Missouri State Highway Patrol includes an annual inspection of all Missouri school buses, as well as a spot check inspection of no less than 10% of Missouri school buses, by trained Missouri State Highway Patrol personnel. Annual inspections are conducted during the spring of each calendar year, while spot check inspections are conducted during the fall. During calendar year 2019, school buses were inspected during annual inspections with 1,286 buses found to have safety defects. Repair of all identified safety defects were completed on 1,255 buses. During 2019 spot check inspections, 1,343 school buses were inspected, with 361 buses found to have safety defects. Repair of all identified safety defects was completed on all 361 buses. The identification of safety defects during annual and spot check inspections leads to repairs that, in turn, directly affect the traveling safety of Missouri schoolchildren and the motoring public.

The goal is to complete an annual inspection of 100% of buses required to be inspected per RSMo., 307.375.

In 2019, 11,958 of 11,958 presented buses were inspected by the Missouri State Highway Patrol, meeting the division's established goal.

On average 10.7% of 11,958 buses inspected during annual inspections were found to have safety defects.

PROGRAM DESCRIPTION

Department: Public Safety

HB Section(s): 08.120

Program Name: Motor Vehicle Inspection Section

Program is found in the following core budget(s): Vehicle and Driver Safety

The goal is to complete spot check inspections equal to no less than 10% of the total buses inspected in the previous annual school bus inspection program. 1,343 buses (11.2% of the 11,958 buses presented during the 2019 annual inspection program) were inspected during unannounced spot check inspections performed during 2019, exceeding the division's established goal.

Effectiveness: On average, 26.9% of 1,343 buses spot check inspected were found to have safety defects.

In accordance with Missouri state statutes, approximately 2,343,561 motor vehicles were inspected for the presence of safety defects at official motor vehicle safety inspection stations during calendar year 2019.

Individuals may submit complaints to the Motor Vehicle Inspection Section regarding motor vehicle safety inspections performed at official inspection stations. To ensure customer satisfaction regarding the investigation and processing of complaints, the division has established a goal of resolving complaints within 10 business days of receipt, unless extenuating circumstances exist in the investigation of the complaint.

2c. Provide a measure(s) of the program's impact.

Motor Vehicle Inspection personnel are authorized to perform special investigations (undercover operations) at official motor vehicle safety inspection stations to ensure rules and regulations are being followed by stations and inspector/mechanics licensed by the division. The division has established a goal of annually conducting special investigations at no less than 10% of the total number of official motor vehicle safety inspection stations. 2. CORE DESCRIPTION

This core request is for funding to provide effective and timely communications for the Patrol, as well as to maintain a comprehensive data system. The Information and Communications Technology Division operates a statewide voice communications network, manages various internal telecommunications and voice systems, installs and maintains mobile communications equipment, and is responsible for the operation of the communication consoles and telephone switchboards at each of the nine troop headquarters. It also develops and operates data systems in four major areas (criminal justice, traffic records, administrative records, and computer support), and operates the Missouri Uniform Law Enforcement System (MULES) network, which provides criminal justice data services to regional law enforcement agencies across the state and is linked to the National Crime Information Center (NCIC) operated by the FBI. The Criminal Justice Information Services Division is charged with being the state repository for criminal records.
