The Missouri Judiciary's Budget

Fiscal 2022 Budget Priorities

Missouri's circuit, appellate, and supreme courts resolve around 700,000 cases each year. The types of cases brought to the courts include divorce, bankruptcy, estate resolution, and civil rights. Criminal cases filed by prosecutors, and cases challenging the constitutionality of state laws or the use of governmental power are other types of cases heard. Within the circuit courts, cases are grouped and heard in divisions by type, such as circuit, associate circuit, family, juvenile, municipal, probate, and small claims. Municipal divisions resolve just under an additional one million cases relating to

traffic and city ordinances every year.

Many circuit courts also provide treatment court programs that help address substance abuse problems that lead to criminal involvement.

Cases typically start in the circuit court and may be appealed to one of the three appellate districts, potentially ending up at the state supreme court.

The Missouri Judiciary – or third branch of government – provides Missouri citizens a stable, fair, and accessible system of justice for the resolution of disputes. While the judiciary has effectively used

existing resources to fulfill its role, additional resources are needed to further the priorities that will ensure **continuing**

stability, fairness, and accessibility.

The Missouri Judiciary – one of three co-equal branches of government – provides Missouri citizens a stable, fair, and accessible system of justice for the resolution of disputes.

The Missouri Judiciary's fiscal 2022 funding priority areas are:

- Compensation
- Judicial Education
- Treatment Courts
- Court Automation
- Interpreters in criminal cases
- Serving 17-year-olds as juveniles in court

Support Public Service

Over the past few years, except for the FY21 pandemic year of course, the legislature and governor have appropriated, and the judiciary has implemented, salary increases for judiciary staff consistent with the goals of its classification and compensation study. The judiciary's 21st Century Workforce compensation plan moves staff toward target – or market – salary goals, and improves recruitment and retention with much of the focus on the lowest paid staff. Staff whose positions are established by statute (e.g., circuit clerks) and were not a part of the salary study should receive a comparable increase.

Missouri judges' salaries are based upon the salaries of their federal counterparts under the Missouri Citizens Commission on Compensation for Elected Officials and Article XIII, section 3 of the Missouri Constitution.

Additionally, the legislature and governor authorized one additional associate circuit judge, effective January 1, 2021, for Cole County (19th Judicial Circuit).

Budget Request:

1. Appropriate **\$3,092,040** for fiscal 2019, 2020, and 2021 for salaries for judges. This would match the fiscal 2019, 2020, and 2021 salary increase federal judges received. The fiscal 2019, 2020, and 2021 increases did not result in a matching appropriation for Missouri judges.
2. Appropriate **\$604,432** for fiscal 2022 for salaries for judges to match the projected federal salary increase of 1.0%.
3. Appropriate **\$279,616** for fiscal 2019, 2020, and 2021 for salaries for commissioners, the Clerk of the Supreme Court, and the Counsel for the Commission on Retirement, Removal and Discipline.
4. Appropriate **\$54,833** for fiscal 2022 for salaries for commissioners, the Clerk of the Supreme Court, and the Commission on Retirement, Removal and Discipline to match the projected federal salary increase of 1.0%.

5. Implement the 21st Century Workforce compensation plan to provide funding for staff at target – or market – for a total of **\$10,255,256**.
6. Appropriate **\$74,145** for the second half of the new Cole County associate circuit judge position effective January 1, 2021, per SB 871 (2018).

Judicial Education

Courts dispense justice and resolve disputes in county courthouses throughout our state. Our citizens are best served when these clerks, judges, and juvenile staff are well educated and trained. In fiscal year 2021, the general revenue transfer into the Judicial Education Fund was reduced in the amount of \$973,768 and for spending authority in the amount of \$474,559. Also, the transfer for fiscal year 2020 was restricted by \$474,559. These reductions have led to fewer opportunities for clerk training and decreased the numbers of judges attending judicial colleges, and have completely eliminated training for juvenile officers throughout the state. Additionally, due to the pandemic, the remaining judicial education offerings have had to be re-developed and re-tooled to be provided and supported in a virtual format.

Budget Request: \$973,768 to restore the FY21 core reduction in the transfer from general revenue to the Judicial Education Fund and restore the reduction in spending authority from the Judicial Education Fund.

Treat Drug, Alcohol, and Mental Health Problems

Treatment courts, created by section 478.001, RSMo, reduce incarceration costs, recidivism, substance use, child abuse/neglect, and instances of driving while intoxicated. Forty-five judicial circuits in Missouri have some type of treatment court program. The Treatment Courts Coordinating Commission – created by section 478.009, RSMo and comprised of members from the judiciary and the departments of corrections, social services, mental health, and public safety, and a representative of the prosecuting attorneys and of the criminal defense bar – evaluates treatment court program needs and allocates the limited resources. The Commission distributes funds from the Treatment Court Resources Fund to the programs.

Treatment courts provide alternatives to incarceration, juvenile detention, and long-term foster care for individuals who have a substance use disorder. The community based, team-oriented programs provide an array of treatment and other services to meet the individual needs of the participants based upon a comprehensive assessment. First year recidivism rates are significantly lower than third year rates for a first return to prison, confirming the need for funding of extended program services.

In fiscal year 2021, the general revenue transfer into and spending authority for the Treatment Court Resources Fund were each reduced in the amount of \$2,995,616. Consequently, funds distributed to local courts for treatment court programs in FY21 were reduced by this amount.

Budget Request: \$2,995,616 to restore the FY21 core reduction in the transfer from general revenue to the Treatment Court Resources Fund and restore the reduction in spending authority from the Treatment Court Resources Fund.

Missouri Treatment Court Program Successes Collateral Savings

14% increase in participants with a corresponding 14% decrease in available programs from 2017 through 2019.

83% of adult drug court graduates remain free of additional convictions three years after graduation.

61% graduation rate for all programs in 2019.

56 drug-free babies born to participants in 2019 for an estimated lifetime savings of more than \$42 million for the state.¹ Since the inception of treatment courts in Missouri, 955 of the 1,052 babies born were drug-free.

¹Total lifetime costs for babies who survive prenatal alcohol or drug exposure range from \$750,000 to \$1.4 million, Office of Justice Programs, 2002

Replace, Sustain, and Expand Court Technology

The Missouri Legislature mandated the development of a statewide court automation system in 1994. Missouri citizens, however, have considerably benefited from Case.net, Track This Case, Pay By Web, and eFiling. While the legislature did appropriate an additional \$2 million for fiscal 2020 – the first in 24 years – funding today is not enough to sustain current case management functions, let alone expand services to meet the demands of the 21st century.

- Current statewide case processing system, required by Court Operating Rule 1 and section 476.055, RSMo, is anticipated to no longer be capable of receiving critical system updates by July 31, 2021. A new case management system will need to be in place by that date. Using current resources only, it is not anticipated that development of the replacement system can be completed by July 31, 2021.
- The current \$7 court automation fee covers less than 1/3 of total funding needed for continuous court automation maintenance and development; unsustainable grant funding threatens another 1/3 of total funding and continued development of the new case processing system.

Budget Request: \$2,830,553 in additional funding

1. Continue development of Missouri's new case processing system – Show-Me Courts – including municipal case processing, at a viable pace.
2. Enhance security technologies to help protect judicial electronic information systems from cyber threats.
3. Update Case.net with current technology to provide increased user-friendly functionality.
4. Develop user-friendly electronic systems that promote remote access to justice for citizens who represent themselves.
5. Eliminate outdated technology systems.

Missouri Receives National Award for Court Technology

In 2017, the Missouri Judiciary received a “Top 10 Court Technology Solutions Award” for its court automation solutions, including Show-Me Courts, Track This Case, Pay By Web, eFiling, and the mobile optimization of the *Missouri Courts* website. The award, which **recognized the best use of technology to improve court services and access to the public**, was presented during the National Association for Court Management's annual conference in Washington, D.C.

Comply with State Law to Provide Interpreters in Criminal Cases

Sections 476.760.5, 476.803.1, and 476.806.2, RSMo require funding for interpreters in criminal court proceedings for the hearing impaired and those with lingual challenges. Interpreters enable court participants to have access to the courts and ensure due process of law.

■ The funding appropriated for interpreters in criminal court proceedings is \$120,000 annually, which covers only about 36% of the funds expended each year for this purpose.

Budget Request: \$223,595

1. Fully fund the projected annual expenditures to cover costs for interpreters in criminal court proceedings for fiscal 2022.

Implement Raise-the-Age Legislation

In 2018, the Legislature passed and the Governor signed SB 793, which raised the age for juveniles to go to adult court versus juvenile court. This means that 17-year-olds will participate in juvenile court instead of adult court effective January 1, 2021, or per the legislation, “when an appropriation sufficient to fund the expanded service is provided therefor.”

- Funding is necessary to implement raise the age legislation in all circuits – single and multi-county – in the state.
- Increased workload will cost \$3,052,202 and require an additional 34 FTE for the multi-county circuits, and cost \$10,187,476 for single county circuit reimbursement, consistent with the fiscal note response.
- As of August 2020, the related dedicated fund cash balance was approximately \$2.36 million.

Budget Request: \$13,239,678 and 34 FTE for state and county costs for fiscal 2022.

<p>Courts dispense justice and resolve disputes in county courthouses throughout our state. Our citizens are best served when these clerks, judges and juvenile staff are well educated and trained. In FY21 one quarterly transfer from General Revenue to the Judicial Education and Training Fund was core cut in the amount of \$474,559 and the E&E spending authority was also cut by \$474,559. This has led to the reductions in offerings of clerk training, reducing the number of judges attending judicial college and eliminating training for juvenile officers throughout the state. Ensuring clerks, judges and juvenile staff are well educated and trained through quality, educational programming assists in providing justice for the citizens of Missouri. Recent cuts to the General Revenue transfer into the Judicial Education and Training fund, as well as to the spending authority of that fund, have led to changes in the way we offer training to clerks, judges and juvenile officers throughout the state. Virtual training has provided a way to continue providing educational opportunities, and many sessions will likely be continued well after the pandemic; however, some training is more beneficial for attendees and is more effective when provided through in-person events.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Courts dispense justice and resolve disputes in county courthouses throughout our state. Our citizens are best served when these clerks, judges and juvenile staff are well educated and trained. For several years the General Revenue transfer into the Judicial Education and Training fund was less than the spending authority appropriation out of the fund. In FY20 this amount was restored in the budget, and in FY21 it was core cut in the amount of \$499,209. In addition, in FY21 one quarterly transfer from General Revenue to the Judicial Education and Training Fund was core cut in the amount of \$474,559. This resulted in a total core cut of \$973,768 in FY21. This is in addition to one quarterly transfer being restricted in FY20 of \$474,559. This has led to the reductions in offerings of clerk training, reducing the number of judges attending judicial college and eliminating training for juvenile officers throughout the state. Ensuring clerks, judges and juvenile staff are well educated and trained through quality, educational programming assists in providing justice for the citizens of Missouri. Recent cuts to the General Revenue transfer into the Judicial Education and Training fund, as well as to the spending authority of that fund, have led to changes in the way we offer training to clerks, judges and juvenile officers throughout the state. 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The current statewide court automation system, required by Court Operating Rule 1 and section 476.055, RSMo, is anticipated to no longer be capable of receiving critical system updates by July 31, 2021. A new case management system will need to be in place by that date. Using current resources only, it is not anticipated that development of the replacement system can be completed by July 31, 2021.

The \$7 court automation fee covers less than 1/3 of the total funding needed for continuous court automation maintenance and development. In 1994 -- and for several years after -- the Court Automation Fund provided 100% of the annual costs. Now, annual costs are stitched together from three sources: Court Automation Fund at 1/3, general revenue at 1/3, and unsustainable funding (grants) at 1/3.

Tremendous progress has been made in court automation since 1994. The Missouri Court Automation Committee has been a noble steward of the state funds entrusted to it. The Missouri Judiciary has been recognized for its work to revolutionize its court processes using a statewide, inclusive approach to technology. It's vital to ensure -- and secure -- the funding needed to develop, deliver and maintain high quality court automation in Missouri. Otherwise, fair and timely justice to all Missouri citizens is in jeopardy.

This decision item would give the Judiciary the ability to move forward and keep the risk of security breaches and system failure within standard levels. In addition, this funding will enable technological innovation that will make courts more effective and efficient. Projects that could be funded include:

- Continue development of the Judiciary's new case processing system – Show-Me Courts – at a viable pace.
- Eliminate outdated technology systems.
- Update Case.net with current technology to provide increased user-friendly functionality.
- Develop more robust and user-friendly self-represented litigant systems and other improvements to increase remote electronic access to justice.
- Enhance security technologies to help protect judicial electronic information systems from cyber threats.
- Expand system capacity to support municipal division automation toward including all municipal division case processing within the statewide court automation system.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.																																					
<p>Providing judicial services for those that are hearing impaired or have lingual challenges is required by state and federal law. Per §476.760(5) and §476.806(2), RSMo, the courts shall appoint a state-paid interpreter in criminal proceedings. In addition, state law requires courts to appoint a qualified foreign language interpreter in all legal proceedings in which a non-English speaking person is a party or a witness (§476.803.1, RSMo).</p> <p>According to 2018 census data, 6.1 percent of the Missouri population speaks a language other than English at home. Qualified foreign language interpreters are essential to a functional and fair justice system. An insufficient number of foreign language interpreters and funding could result in language barriers and a lack of awareness of one's rights in, for example, domestic and child abuse cases, which could lead to a victim not pursuing needed protection or being placed in danger.</p>

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? Detail which portions of the request are one-times and how those amounts were calculated.)

Re: Complaint No: 171-43-20
Complaint Regarding the Ste. Genevieve County, Missouri court

Dear Mr. Leyshock:

Thank you for your cooperation with the U.S. Department of Justice's (DOJ) review of a complaint alleging that the Ste. Genevieve County, Missouri court (Ste. Genevieve Court) failed to provide appropriate language assistance services to a limited English proficient (LEP) individual under Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000d to 2000d-7, and its implementing regulations (Title VI). The purpose of this letter is to advise you that, because of actions taken by the court during the course of our review, our office considers this matter resolved.

The Federal Coordination and Compliance Section (FCS) of the Civil Rights Division at DOJ initiated this Title VI review following receipt of a complaint alleging that the court failed to provide appropriate language assistance services in a case involving the complainant, including a March 28, 2017 order requiring parties to pay for a court interpreter. In May, my staff contacted Lynette Ricks, access to courts specialist, in the Office of State Courts Administrator, to discuss the complaint. You then contacted our office and we provided you with information on state court obligations to provide meaningful access to LEP individuals under Title VI. On June 26, the Ste. Genevieve court directed the clerk to immediately refund the amount paid by each party for court interpreter fees. The parties have settled the underlying case and the complainant has received the refund. As a result, we are closing our review of the Ste. Genevieve Court.

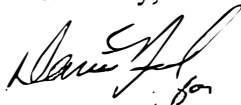

While we are closing our files in this matter, it is critical that the Missouri State Courts ensure meaningful language access to court proceedings and operations. We recommend that court personnel review the state courts section of www.LEP.gov (<https://go.usa.gov/xNMCR>), including the *Language Access Guidance Letter to State Courts from the Assistant Attorney General for Civil Rights* (Aug. 16, 2010). In addition, the DOJ publication, “Language Access in State Courts” provides an overview of FCS’s State Courts Language Access Initiative, a multi-pronged initiative focused on enforcement, technical assistance, outreach, resource development, and policy efforts to ensure meaningful access to state courts receiving federal financial assistance. Court staff may also find the Language Map App (<https://www.lep.gov/maps/>) helpful in finding the concentration of, and languages spoken by, LEP individuals in a community.

We are obligated to inform you that no one may intimidate, threaten, coerce, or engage in other discriminatory conduct against anyone because he or she has either taken action or participated in an action to secure rights protected by the civil rights laws we enforce. We are further obligated to inform you that closure of this matter is limited to the specific facts of the matter and neither precludes DOJ from taking additional appropriate action to evaluate a recipient’s compliance with any of the laws enforced by DOJ nor affects the Ste. Genevieve Court or the Missouri State Courts’ requirement to comply with all applicable federal laws and regulations.

To the extent we can provide any additional guidance or assistance going forward, please do not hesitate to contact Dylan Nicole de Kervor at (202) 616-2271.

Thank you.

Dear Chief Justice/State Court Administrator:

In the past decade, increasing numbers of state court systems have sought to improve their capacity to handle cases and other matters involving parties or witnesses who are limited English proficient (LEP). In some instances the progress has been laudable and reflects increased recognition that language access costs must be treated as essential to sound court management. However, the Department of Justice (DOJ) continues to encounter state court language access policies or practices that are inconsistent with federal civil rights requirements. Through this letter, DOJ intends to provide greater clarity regarding the requirement that courts receiving federal financial assistance provide meaningful access for LEP individuals.

Dispensing justice fairly, efficiently, and accurately is a cornerstone of the judiciary. Policies and practices that deny LEP persons meaningful access to the courts undermine that cornerstone. They may also place state courts in violation of long-standing civil rights requirements. Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d *et seq.* (Title VI), and the Omnibus Crime Control and Safe Streets Act of 1968, as amended, 42 U.S.C. § 3789d(c) (Safe Streets Act), both prohibit national origin discrimination by recipients of federal financial assistance. Title VI and Safe Streets Act regulations further prohibit recipients from administering programs in a manner that has the effect of subjecting individuals to discrimination based on their national origin. *See* 28 C.F.R. §§ 42.104(b)(2), 42.203(e).

The Supreme Court has held that failing to take reasonable steps to ensure meaningful access for LEP persons is a form of national origin discrimination prohibited by Title VI regulations. *See Lau v. Nichols*, 414 U.S. 563 (1974). Executive Order 13166, which was issued in 2000, further emphasized the point by directing federal agencies to publish LEP guidance for their financial assistance recipients, consistent with initial general guidance from DOJ. *See* 65 Fed. Reg. 50,121 (Aug. 16, 2000). In 2002, DOJ issued final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons. 67 Fed. Reg. 41,455 (June 18, 2002) (DOJ Guidance). The DOJ Guidance and subsequent technical assistance letters from the Civil Rights Division explained that court systems receiving federal financial assistance, either directly or indirectly, must provide meaningful access to LEP persons in order to comply with Title VI, the Safe Streets Act, and their implementing regulations. The federal requirement to provide language assistance to LEP individuals applies notwithstanding conflicting state or local laws or court rules.

- 2 -

Despite efforts to bring courts into compliance, some state court system policies and practices significantly and unreasonably impede, hinder, or restrict participation in court proceedings and access to court operations based upon a person's English language ability. Examples of particular concern include the following:

1. Limiting the types of proceedings for which qualified interpreter services are provided by the court. Some courts only provide competent interpreter assistance in limited categories of cases, such as in criminal, termination of parental rights, or domestic violence proceedings. DOJ, however, views access to *all* court proceedings as critical. The DOJ Guidance refers to the importance of meaningful access to courts and courtrooms, without distinguishing among civil, criminal, or administrative matters. *See* DOJ Guidance, 67 Fed. Reg. at 41,462. It states that "every effort should be taken to ensure competent interpretation for LEP individuals during *all* hearings, trials, and motions," *id.* at 41,471 (emphasis added), including administrative court proceedings. *Id.* at 41,459, n.5.

Courts should also provide language assistance to non-party LEP individuals whose presence or participation in a court matter is necessary or appropriate, including parents and guardians of minor victims of crime or of juveniles and family members involved in delinquency proceedings. Proceedings handled by officials such as magistrates, masters, commissioners, hearing officers, arbitrators, mediators, and other decision-makers should also include professional interpreter coverage. DOJ expects that meaningful access will be provided to LEP persons in all court and court-annexed proceedings, whether civil, criminal, or administrative including those presided over by non-judges.

2. Charging interpreter costs to one or more parties. Many courts that ostensibly provide qualified interpreters for covered court proceedings require or authorize one or more of the persons involved in the case to be charged with the cost of the interpreter. Although the rules or practices vary, and may exempt indigent parties, their common impact is either to subject some individuals to a surcharge based upon a party's or witness' English language proficiency, or to discourage parties from requesting or using a competent interpreter. Title VI and its regulations prohibit practices that have the effect of charging parties, impairing their participation in proceedings, or limiting presentation of witnesses based upon national origin. As such, the DOJ Guidance makes clear that court proceedings are among the most important activities conducted by recipients of federal funds, and emphasizes the need to provide interpretation free of cost. Courts that charge interpreter costs to the parties may be arranging for an interpreter's presence, but they are not "providing" the interpreter. DOJ expects that, when meaningful access requires interpretation, courts will provide interpreters at no cost to the persons involved.

- 3 -

3. Restricting language services to courtrooms. Some states provide language assistance only for courtroom proceedings, but the meaningful access requirement extends to court functions that are conducted outside the courtroom as well. Examples of such court-managed offices, operations, and programs can include information counters; intake or filing offices; cashiers; records rooms; sheriff's offices; probation and parole offices; alternative dispute resolution programs; *pro se* clinics; criminal diversion programs; anger management classes; detention facilities; and other similar offices, operations, and programs. Access to these points of public contact is essential to the fair administration of justice, especially for unrepresented LEP persons. DOJ expects courts to provide meaningful access for LEP persons to such court operated or managed points of public contact in the judicial process, whether the contact at issue occurs inside or outside the courtroom.

4. Failing to ensure effective communication with court-appointed or supervised personnel. Some recipient court systems have failed to ensure that LEP persons are able to communicate effectively with a variety of individuals involved in a case under a court appointment or order. Criminal defense counsel, child advocates or guardians *ad litem*, court psychologists, probation officers, doctors, trustees, and other such individuals who are employed, paid, or supervised by the courts, and who are required to communicate with LEP parties or other individuals as part of their case-related functions, must possess demonstrated bilingual skills or have support from professional interpreters. In order for a court to provide meaningful access to LEP persons, it must ensure language access in all such operations and encounters with professionals.

DOJ continues to interpret Title VI and the Title VI regulations to prohibit, in most circumstances, the practices described above. Nevertheless, DOJ has observed that some court systems continue to operate in apparent violation of federal law. Most court systems have long accepted their legal duty under the Americans with Disabilities Act (ADA) to provide auxiliary aids and services to persons with disabilities, and would not consciously engage in the practices highlighted in this letter in providing an accommodation to a person with a disability. While ADA and Title VI requirements are not the same, existing ADA plans and policy for sign language interpreting may provide an effective template for managing interpreting and translating needs for some state courts.

Language services expenses should be treated as a basic and essential operating expense, not as an ancillary cost. Court systems have many operating expenses – judges and staff, buildings, utilities, security, filing, data and records systems, insurance, research, and printing costs, to name a few. Court systems in every part of the country serve populations of LEP individuals and most jurisdictions, if not all, have encountered substantial increases in the number of LEP parties and witnesses and the diversity of languages they speak. Budgeting adequate funds to ensure language access is fundamental to the business of the courts.

- 4 -

We recognize that most state and local courts are struggling with unusual budgetary constraints that have slowed the pace of progress in this area. The DOJ Guidance acknowledges that recipients can consider the costs of the services and the resources available to the court as part of the determination of what language assistance is reasonably required in order to provide meaningful LEP access. *See id.* at 41,460. Fiscal pressures, however, do not provide an exemption from civil rights requirements. In considering a system's compliance with language access standards in light of limited resources, DOJ will consider all of the facts and circumstances of a particular court system. Factors to review may include, but are not limited to, the following:

- The extent to which current language access deficiencies reflect the impact of the fiscal crisis as demonstrated by previous success in providing meaningful access;
- The extent to which other essential court operations are being restricted or defunded;
- The extent to which the court system has secured additional revenues from fees, fines, grants, or other sources, and has increased efficiency through collaboration, technology, or other means;
- Whether the court system has adopted an implementation plan to move promptly towards full compliance; and
- The nature and significance of the adverse impact on LEP persons affected by the existing language access deficiencies.

DOJ acknowledges that it takes time to create systems that ensure competent interpretation in all court proceedings and to build a qualified interpreter corps. Yet nearly a decade has passed since the issuance of Executive Order 13166 and publication of initial general guidance clarifying language access requirements for recipients. Reasonable efforts by now should have resulted in significant and continuing improvements for all recipients. With this passage of time, the need to show progress in providing all LEP persons with meaningful access has increased. DOJ expects that courts that have done well will continue to make progress toward full compliance in policy and practice. At the same time, we expect that court recipients that are furthest behind will take significant steps in order to move promptly toward compliance.

The DOJ guidance encourages recipients to develop and maintain a periodically-updated written plan on language assistance for LEP persons as an appropriate and cost-effective means of documenting compliance and providing a framework for the provision of timely and reasonable language assistance. Such written plans can provide additional benefits to recipients' managers in the areas of training, administering, planning, and budgeting. The DOJ Guidance goes on to note that these benefits should lead most recipients to document in a written LEP plan their language assistance services, and how staff and LEP persons can access those services. In court systems, we have found that meaningful access inside the courtroom is most effectively implemented in states that have adopted a court rule, statute, or administrative order providing for universal, free, and qualified court interpreting. In addition, state court systems that have strong leadership and a designated coordinator of language services in the office of the court administrator, and that have identified personnel in charge of ensuring language access in each courthouse, will more likely be able to provide effective and consistent language access for LEP

individuals. Enclosed, for illustrative purposes only, are copies of Administrative Order JB-06-3 of the Supreme Judicial Court of Maine, together with the September 2008 Memorandum of Understanding between that court and DOJ. Also enclosed for your information is a copy of "Chapter 5: Tips and Tools Specific to Courts" from DOJ, *Executive Order 13166 Limited English Proficiency Document: Tips and Tools from the Field* (2004).

The Office of Justice Programs provides Justice Assistance Grant funds to the states to be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and criminal justice information systems that will improve or enhance criminal justice programs including prosecution and court programs. Funding language services in the courts is a permissible use of these funds.

DOJ has an abiding interest in securing state and local court system compliance with the language access requirements of Title VI and the Safe Streets Act and will continue to review courts for compliance and to investigate complaints. The Civil Rights Division also welcomes requests for technical assistance from state courts and can provide training for court personnel. Should you have any questions, please contact Mark J. Kappelhoff, Acting Chief, Federal Coordination and Compliance Section (formally known as Coordination and Review Section) at (202) 307-2222.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The salary of the associate circuit judge is statutory and a state obligation. Space, equipment and operating expenses are a county responsibility under the statutes, which predate the Hancock amendment.

For each new judgeship, the state costs are as follows:

	FTE	Cost
Associate Circuit Judge	1.00	\$146,812
Total FTE and Cost:	1.00	\$146,812

In FY21, 1.00 FTE and \$72,667 was funded. Therefore, the difference of \$74,145 is requested in FY22 (\$146,812-\$72,667).

<p>According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce. Pay increases for judiciary staff in FY17, FY19 and FY20, and for court clerks in FY18 and FY20, have improved the judiciary's effort to remain competitive in the workforce. However, the vast majority of judiciary staff remain below their market based competitive salary. This hinders the judiciary's efforts to remain competitive in recruiting and retaining an experienced workforce. This decision item would enable staff to reach their target salary for their job class and assist in retaining the most experienced staff.</p>	
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)	
<p>Staff who are below the target salary for their job class would be eligible for an increase to the target amount. The judiciary needs a total of \$10,255,256 to fund staff to target.</p> <p>Since statutory staff were not included in this request, statutory staff would need to be included in a statewide pay plan.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.	
<p>According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce. Pay increases for judiciary staff in FY17, FY19 and FY20, and for court clerks in FY18 and FY20, have improved the judiciary's effort to remain competitive in the workforce. However, the vast majority of judiciary staff remain below their market based competitive salary. This hinders the judiciary's efforts to remain competitive in recruiting and retaining an experienced workforce. This decision item would move staff to their target salary for their job class and assist in retaining the most experienced staff.</p>	
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)	
<p>The judiciary needs an increase to the General Revenue transfer for the Judicial Education and Training Fund and the Treatment Court Resources Fund. The amount of the increases are \$11,992 for Judicial Education and Training and \$30,704 for Treatment Court Resources for a total of \$42,696.</p>

2. CORE DESCRIPTION																																																																																											
<p>Judicial education serves to orient employees to a complex set of laws and procedures, all of which must be understood and followed if litigants are to have their cases resolved fairly and expeditiously. Judicial education plays a major role in updating the knowledge and skills for over 5,000 state, county and municipal judicial branch employees, which includes front-line workers such as juvenile officers, detention workers and court clerks, and to municipal division employees. The judicial employees have no other means to acquire the information to discharge day-to-day job responsibilities. Judicial education packages courses and programs of study are tailored to meet the specific needs of new as well as experienced court personnel. These courses and programs are designed to satisfy standards mandated by federal and state statute and Supreme Court Rules.</p>

Help Desk Calls FY2020

Average Help Desk Calls for Calendar Years 2015 - 2019

Acting under the direction of the Supreme Court of Missouri, as allowed by the State Constitution (article V, section 4), the Office of State Courts Administrator (OSCA) is responsible for providing administrative, business and technology support services to the courts. The duties and responsibilities assigned to the state court administrator's office relate to all levels of the state court system. Some of the ways the office assists the courts include:

- Provide case processing technical support;
- Enable criminal history reporting;
- Facilitate debt collection via vendor;
- Support treatment court programs and administer treatment court funding;
- Maintain data for case disposition time standards and child permanency hearings;
- Maintain measures for juvenile services standards and administer juvenile program funding;
- Develop, maintain and update statewide case management system in all courts, along with a wide variety of other technical applications and hardware necessary for court operations;
- Fiscal support services (appropriation requests, fiscal notes, bill payment & reimbursements);
- Legal support services (e.g., updates on new legislation);
- Human resources support (payroll processing, personnel matters);
- Training for judicial personnel;
- Statistical analysis;
- Process requests for judicial transfers.

Sustain and expand technology services that render geography largely irrelevant, with greater efficiency, wider access, and enhanced accountability for the litigant and taxpayer.

- Maintain and support the computers, servers, websites, information systems, and technologies required to operate all Missouri courts by connecting 341 servers and 536 routers and switches in 224 locations, which allows more than 5,000 judiciary employees to share electronic information on one network and with other state systems.
- Develop and implement Show-Me Courts Enhanced Traffic and Ordinance and Show-Me Jury in the circuit courts, including the municipal divisions.
- Support Missouri Case.net, which averages more than 53 million hits monthly, and more than 636.2 million hits yearly.
- Added "Track This Case" to Case.net, which improves service by allowing citizens to receive an email or text about events in a particular case of interest. Currently, more than 189,700 users are registered with an average of more than 3,550 new users signing up each month.
- The Missouri eFiling system generated more than 16.8 million eNotices and eService emails in fiscal 2020.
- The System-Generated Legal in the appellate courts, which allows lawyers to use existing electronic court records to compile a legal file instead of paper records. The Public Defenders Office is a significant beneficiary of the legal file functionality, saving the Public Defenders time and expense in their appellate filings. Postage costs are also saved due to this implementation. Taxpayer dollars are saved by eliminating the need for circuit court personnel to be involved in the process and citizens pay less in attorney fees for preparation of the legal file. The Missouri eFiling System processed more than 1600 system-generated legal file filings during FY20.
- Support video conferencing technology that allows an offender to appear before a judge for arraignment without ever leaving a secure facility. This reduces the need for transportation to court and security personnel, and increases secure containment of offenders, all which enhance the safety of court personnel and the general public. Video Conferencing allows cost savings to county jails for not having to hold inmates while on a trip for a court appearance. Mental health hearings also use video conferencing statewide, realizing savings in time and money more productively spent on patient care. More than 14,500 video conferences were held in fiscal 2018.
- Develop, deploy, and maintain automated interfaces to share data with the highway patrol; attorney general's office; local prosecuting attorneys; and departments of revenue, social services, and health and senior services. Shared data populates other automated systems and meets federal and state reporting guidelines, such as criminal history and traffic disposition reporting.

Ed Tech Projects

More than 5,000 state and county judicial branch employees rely on new or continuing education and skills training funded by the Judicial Education and Training Fund. Citizens are best served when clerks, judges, and juvenile staff are well-educated and trained.

These courses and programs are designed to satisfy standards mandated by federal and state statutes and by Supreme Court rules. Courses provided included the following:

- New juvenile officer training
- Child abuse and neglect training
- Case planning and assessment
- Fundamental skills and safety for the juvenile justice professional
- Fundamental skills for detention staff faculty development

Basic Civil Legal Services

Provides funding for the Legal Aid programs.

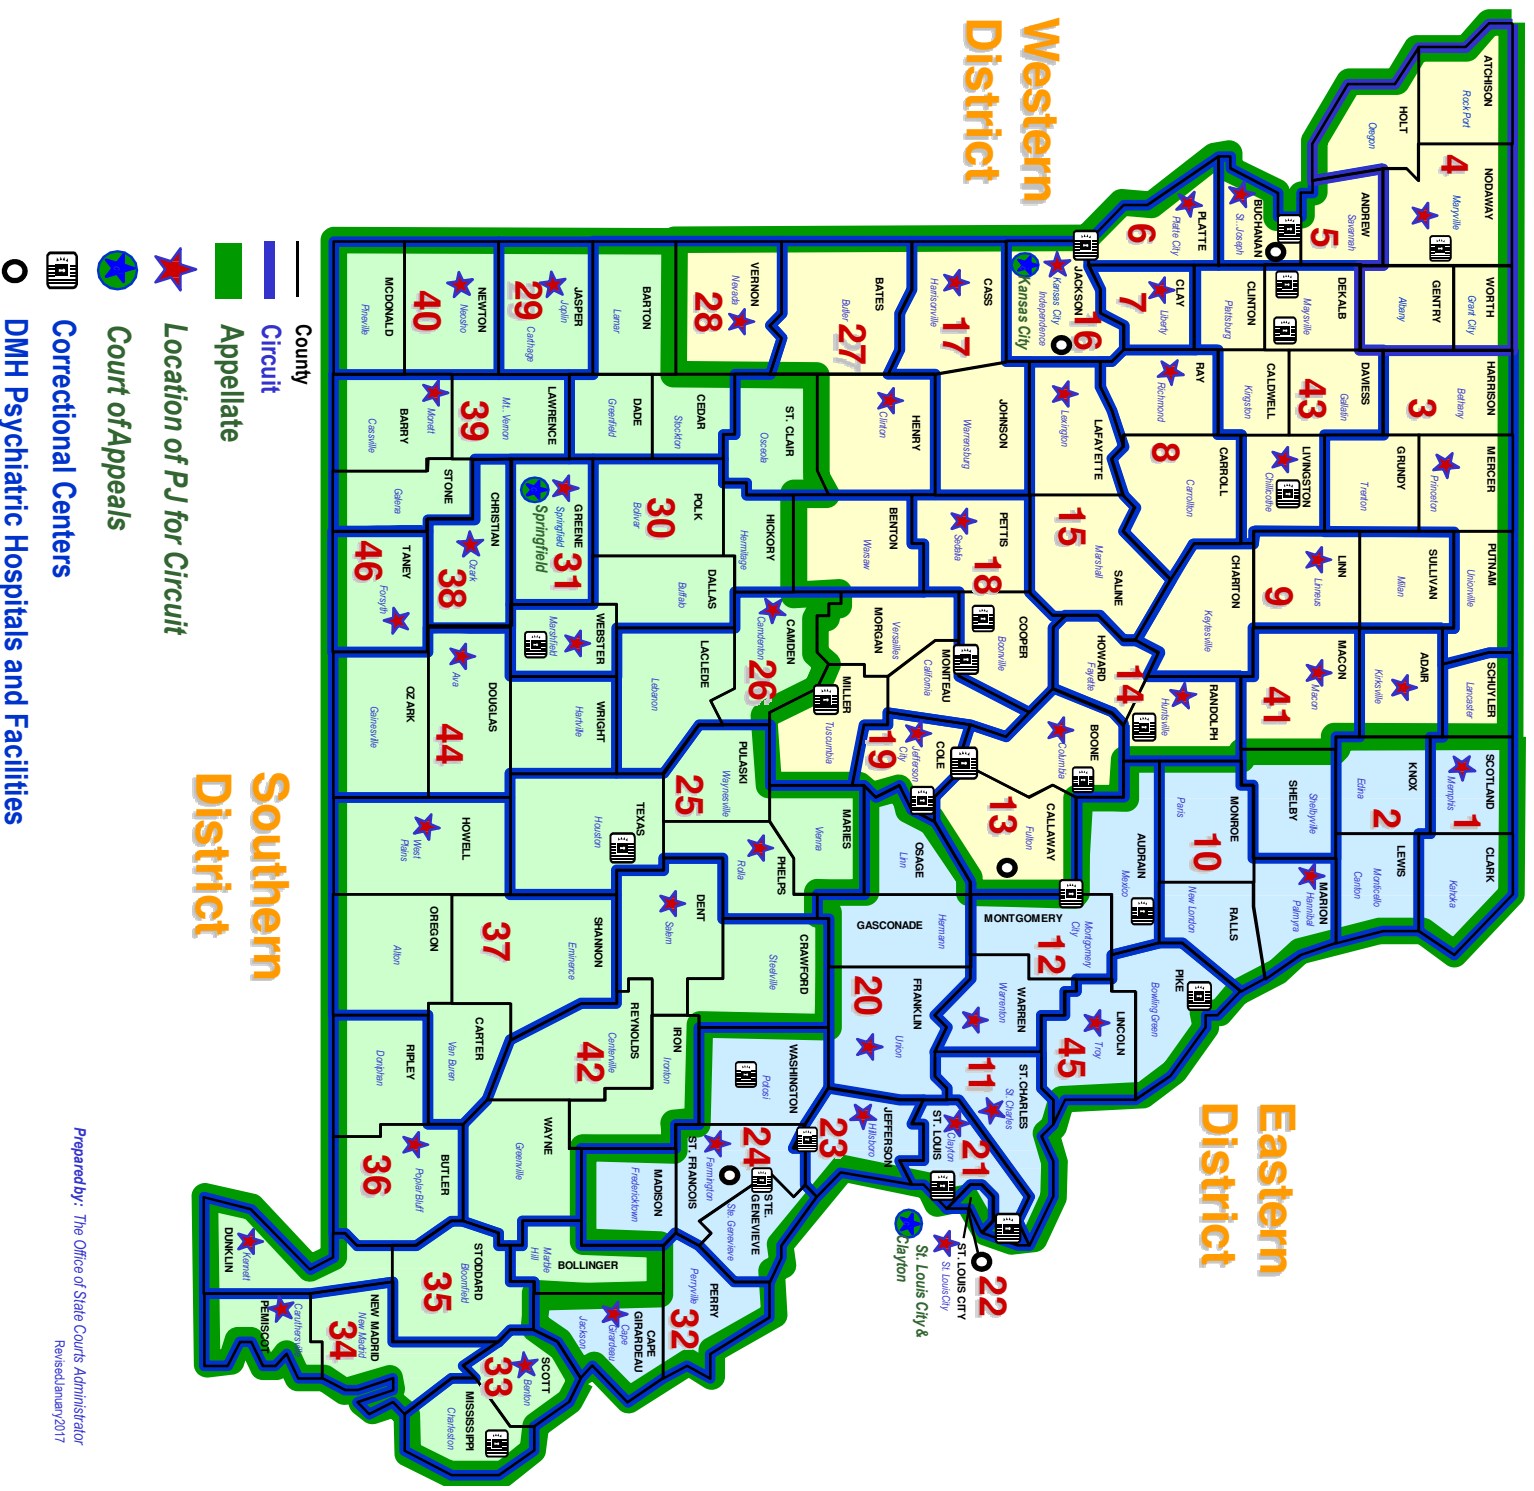

- The Basic Civil Legal Services Fund, passed in SB 447 (2003), funds the work of Missouri's four Legal Aid programs, which provide access to the civil justice system to low-income Missourians (who live at or below 125% of Federal Poverty Level) to protect their fundamental legal rights.
- One of the focuses of the Legal Aid programs is to ensure that adults and children have access to medical care through the MoHealthNet system. Access to these benefits reduces the number of emergency room visits and the cost of medical care for everyone.
- The Legal Aids win over 85% of the cases they bring to obtain access to medical care for their clients.

2. CORE DESCRIPTION	
---------------------	--

The constitutional provisions establishing the parameters and responsibilities of the Missouri judicial system reflect the basic recognition of the need for a fair and timely system of justice for Missouri citizens. The Missouri Constitution charges the Missouri Court of Appeals, Western District, with appellate and original jurisdiction over cases that arise in 45 counties of northern, central, and western Missouri. In addition to its headquarters in downtown Kansas City, the Western District regularly holds court in locations throughout its 45 counties including Missouri Western State University; University of Central Missouri; Westminster College; William Jewell College; William Woods University; Truman State University; University of Missouri, Kansas City; and the University of Missouri, Columbia. The Western District also holds dockets yearly at both Boys State and Girls State. On average, the Western District hears cases at 20-25 traveling dockets per year. Twelve of the state's 21 correctional institutions are located in the Western District, which results in a large percentage of the writs regularly filed by inmates. In addition, Cole County is within the geographical jurisdiction of this court. Hence, appeals include virtually all cases for expedited elections matters; the Public Service Commission, the Labor and Industrial Relations Commission, the Administrative Hearing Commission, the Missouri Department of Transportation; and the Missouri Gaming Commission. Many of these appeals involve review of complicated and complex evidentiary and legal issues, requiring a great deal more judicial time than the average appeal. A total of 3,269 motions were filed in the Western District in FY 2020. Many of these presented novel and vexing problems uniquely because the center of state government and most of the state's correctional institutions are located in the Western District.

2. CORE DESCRIPTION																																																																																											
<p>The constitution and statutes of Missouri confer upon the Missouri Court of Appeals, Southern District, general appellate jurisdiction and general superintending control over all courts and tribunals within a 44-county territory across southern Missouri, as well as jurisdiction to review actions of administrative agencies as provided by law. The district's territory includes more than 38 percent of all counties of the state. By law, the southern district has seven judges, which is less than 22 percent of all judges of the court of appeals. The district's principal offices and courtroom are in the city of Springfield in Greene County, but it also has chambers and a courtroom in Poplar Bluff in Butler County in order to fulfill its duties under section 477.220 RSMo to hold sessions of court in Poplar Bluff. The southern district endeavors to provide greater public access to the court's proceedings by holding oral arguments at schools, courthouses, and other sites throughout the district.</p>

Non-Caseload Activity

In addition to handling cases filed in our courts, appellate judges are actively involved in improving the efficient and effective administration of justice throughout the state.

- Missouri's appellate judges contribute to judicial effectiveness through participation in and leading a number of statutory and Supreme Court committees, commissions, and taskforces, which are designed to promote the administration of justice. These include: Missouri Court Automation Committee, Records Committee, Judicial Education Committee, Appellate and Civil Rule committees, Committee on Criminal Procedures and Instructions, Commission on Racial and Ethnic Fairness, Civil Education Committee, Joint Commission on Women in the Profession, Family Law Committee, Commission on Retirement, Removal and Discipline, and Commission on Civil Justice Reform. Further, Missouri appellate judges serve on national committees and in organizations that seek to improve the administration of justice beyond the borders of our state, including the National Center for Courts and the National Conference of Bar Examiners.
- Missouri's appellate judges provide free and frequent civic education by speaking at community, civic, legal and educational functions. This public outreach compliments access to the courts initiatives such as Case.net and Track This Case.
- In 2012, the three districts of the Court of Appeals, through the efforts of the judges, court staff, and representatives of the Office of State Courts Administrator, implemented electronic filing. Since that time, we have continued to improve and refine the electronic filing system. For example, we have added popular features like "Track This Case," which allows approximately 100,000 citizens to follow cases of interest. In January 2018, we also implemented a new system that allows lawyers to use existing court records to electronically compile a legal file without having to copy and scan certified paper records. This saves taxpayers dollars by eliminating the need for circuit court personnel to assist in this process, and it reduces attorney's fees by dramatically decreasing the time to prepare a legal file.
- The chief judge of the Western District chairs the 6th, 7th and 16th Judicial Circuit commissions. The chief judge of the Eastern District chairs the 21st and 22nd Judicial Circuit commissions. The chief judge of the Southern District chairs the 31st Judicial Circuit Commission. These commissions submit panels to the Governor for appointment of associate and circuit court judges for the respective circuits.
- To increase accessibility to the judicial process, the three districts of the Court of Appeals conduct special dockets at dozens of locations outside of our respective courthouses. These dockets are conducted at colleges, universities, law schools, county courthouses, and other public places in our community. The goal is to serve the needs of our citizens who would not otherwise have the opportunity to see their appellate court in action.
