## **Values:**

We Value Safer Work Environments, Improving the Workforce and Reducing Risk and Recidivism

We value our employees and respecting others.

We value integrity and teamwork.

We value supportive leadership.

We value the participation of all.

The Department of Corrections is an agency dedicated to public safety through the successful management and supervision of offenders in prison and on probation or parole. The department's responsibility is to administer the sentence set by the court in ways that promote public safety at the lowest cost. Offenders assigned to the department are managed by ensuring they are supervised at the appropriate custody or supervision level. A cadre of thousands of trained correctional professionals committed to the vision, mission, and values of the department assess each offender's criminal history, evaluate community and institutional conduct and enforce court orders and department rules. This mixture of on-going assessment, classification, referral to supervision strategies and assignment to basic habilitation interventions are several of the key methods used to promote sober, responsible, productive and law-abiding behavior. When offenders are held accountable for their actions, the public's safety is enhanced.

In all, the department is responsible for the care, custody and supervision of more than 84,000 adult offenders in Missouri. On June 30, 2021, there were more than 23,000 adult felons confined in Missouri's correctional facilities and over 61,000 probationers and parolees across the state.

The Department is composed of four divisions and the Office of the Director.

The Office of the Director coordinates the internal activities of all the divisions as well as with all external stakeholders such as the press, public and elected officials. The Office of the Director contains the Budget and Finance Unit; the Research, Planning and Process Improvement Unit; Victim Services Unit; Office of the General Counsel; Public Information Office/Constituent Services; and Legislative Services. The Office of Professional Standards, which reports directly to the department's director, is also within the Office of the Director. It is charged with examining department operations as it relates to employee conduct and professionalism.

The Division of Human Services (DHS) functions as the administrative division for the Department and contains the following support services: Personnel Office, to include recruitment; Staff Training Office; General Services Section, which includes food service, construction, and facilities repair and maintenance; Procedures and Forms Management Unit; and Employee Health, Wellness and Safety Section.

The Division of Adult Institutions (DAI) operates 20 adult correctional facilities (includes one decommissioned facility), which are responsible for ensuring offenders sentenced to the Department's custody are confined in a safe, secure and humane manner and have access to programs and services to assist them in becoming productive citizens. The Division also operates the Central Transfer Authority, which is responsible for approving offender transfers between institutions and scheduling treatment beds; the Central Transportation Unit, which is primarily responsible for the return of parole violators from across the state and country; the Offender Grievance Unit, which is responsible for processing offender grievance appeals; and the Security Intelligence Unit, which is responsible for the oversight of divisional and department-wide security issues and emergency management.

The Division of Offender Rehabilitative Services (DORS) provides programming and services to assist offenders in becoming productive citizens upon release from prison. Such programs include Reception and Diagnostic Center Assessment, Adult Education, Reentry Services, Substance Use and Recovery Services, Offender and Staff Drug Testing, Offender Health Care (Medical and Mental Health), Specialized Mental Health Units, Sexual Offender Assessment and Treatment, Mental Health Offender Assessment and Treatment, Work-based Education and the Missouri Vocational Enterprises.

The Division of Probation and Parole operates over 70 district, satellite and sub-offices, 22 institutional parole offices, six Community Supervision Centers and two Transition Centers in order to supervise offenders sentenced to a term of probation by the courts or released from incarceration on parole or conditional release by the Parole Board. It monitors offenders through direct supervision, which may include the use of Residential Facilities and Electronic Monitoring. The agency also uses supervision strategies including community-based substance use and mental health treatment services for offenders.

The appropriated amount for the Fiscal Year 2023 pay plan was based on a 5.5% pay increase for employees, raising the baseline wage of employees to \$15/hr, and adjustments related to compression issues as a result of the increases.  
 The 5.5 percent COLA increase is based on the average increase of four general structure adjustment economic indicators:

The Department is requesting funds for an Operational Excellence Coordinator and associated E&E to improve operational excellence. The coordinator position will work across all divisions and programs to identify and capture data and will serve as the Department's Tableau administrator. Better data analytics will improve fact-based decision making and efficiencies.

Cabinet members have identified Operational Excellence and data analytics as the most effective and useful addition to state government. The Operational Excellence initiative was introduced to State of Missouri agencies in 2017. Since that time, all Operational Excellence duties within the department have been absorbed by existing team members; however, an additional dedicated team member is necessary to continue improvements.

**1a. What strategic priority does this program address?**

Improving the Workforce; Safer Work Environment

**1b. What does this program do?**

Maintaining a work environment that fosters mutual respect and working relationships free from discrimination, harassment, retaliation, and unprofessional conduct is crucial to performing the mission of the Missouri Department of Corrections. The Office of Professional Standards, which reports directly to the department’s director, is charged with examining department operations as it relates to employee conduct and professionalism and the department’s compliance with the Prison Rape Elimination Act (PREA). This is accomplished through three units within the Office of Professional Standards known as the Civil Rights Unit, Employee Conduct Unit, and PREA Unit.

- The Civil Rights Unit conducts all investigations into allegations of discrimination, harassment, retaliation, and unprofessional conduct. The unit also is responsible for conducting statewide training for all employees and any outreach to employees who feel they have been subjected to discrimination, harassment, retaliation or unprofessional conduct.
- The Employee Conduct Unit conducts all investigations into employee violations of policy and procedure, which may include but are not limited to, theft, over-familiarity between an employee and an offender, contraband, and accessing of confidential records. Law enforcement may assist in certain investigations and cases. The unit also assists in investigations into unexpected offender deaths, suicides, and potential homicides.
- The PREA Unit is responsible for developing, implementing, investigating and overseeing the agency’s efforts to comply with the PREA standards in all of its facilities.

**2. CORE DESCRIPTION**

The Department of Corrections (DOC) requires spending authority to seek, accept and expend funds from federal and other authorized sources. Funds are used for a variety of purposes including education, substance use and recovery services, assessment and testing, offender reentry programs and information systems enhancements. The department utilizes federal grants to assist in the following areas:

- Special Education
- Carl Perkins grants
- Title I and Title II Education grants
- State Criminal Alien Assistance Program Grants
- Victims of Crime Act (VOCA) funds
- Second Chance Act Reentry grants
- Residential Substance Abuse Treatment Program (RSAT)
- and other grants that may become available.

This request also provides spending authority to accept cash donations for the Puppies for Parole (P4P) program within the state’s correctional centers. Offenders within the institutions train dogs from local animal shelters to improve the dog’s adoptability within the local community. The P4P program creates a partnership between a participating correctional facility and a local community animal shelter. The program operates at no cost to the state of Missouri or the DOC, although the department seeks donations to help care for the animals. Veterinary services are provided by the partnering agency. Animals normally remain in the program approximately 8-10 weeks, but no longer than six months. Offenders are screened and must meet eligibility requirements to participate in the program. Upon completion of the program, the dogs are adopted, which is facilitated by the partnering agency.

**2. CORE DESCRIPTION**

Justice Reinvestment is a data-driven approach to improve public safety and reinvest savings in strategies that can decrease crime and reduce recidivism. Investment in community-based recovery support services provides an alternative to costly incarceration and provides higher success. Currently, 86% of prison admissions are tied to either a) failures of people on community supervision or b) sentences to prison-based substance abuse or mental health treatment. Timely access to effective community treatment has the potential to dramatically reduce both types of prison admissions and is more cost effective.

Improving Community Treatment Success Program (ICTS), formerly known as the Justice Reinvestment Treatment Pilot (JRITP), is a collaborative program that requires the DOC and the DMH to work together to lower system costs, decrease crime, and create a safer and healthier Missouri. ICTS is a coordinated-care approach that focuses the highest intensity substance addiction services on the highest risk/highest need people on probation or parole supervision. This particular program is the first of its kind in the state. The ICTS program is a “pay for performance” model where treatment provider performance geared toward positive impact on desired outcomes is incentivized in five outcome areas:

- retention in treatment,
- housing stability,
- employment stability,
- no substance use resulting in a sanction, and
- no technical violations of supervision.

The pilot counties have been and will continue to be selected by analyzing crime rates, sentencing trends, and existing corrections and behavioral health treatment resources. Using this criteria the program began in FY2019 in Butler, Boone, and Buchanan Counties. In FY2020, the department expanded to the counties of Greene and Polk, and in FY2021 to Camden, Cole, Miller, Pettis, Phelps, Pulaski, and St. Francois counties using the stated criteria.

**2. CORE DESCRIPTION**

The Offender Population Growth Pool provides funds to pay for costs associated with operating the Missouri Department of Corrections and for managing the offender population. These funds provide Personal Services and/or Expense and Equipment in order to provide services for offenders in the most cost-effective and efficient manner.

In FY2020 thru FY2023, this section contains funding for transition costs related to the consolidation of Crossroads Correctional Center (CRCC) and Western Missouri Correctional Center (WMCC). Those costs include personal services for facility staff and necessary expense and equipment to cover travel and lodging expenses associated with having staff temporarily assigned to other institutions experiencing staffing shortages. Also included are funds to support the operations of the institutions, specifically related to managing a severe staffing shortage.

**2. CORE DESCRIPTION**

RSMo. 650.058 gives the Department of Corrections (DOC) the authority to make restitution payments to individuals convicted of a felony in a Missouri court who were later found to be "actually innocent" solely as a result of DNA profiling analysis. Individuals are paid up to \$100 per day restitution for every day of post-conviction incarceration for the crime for which the individual was found to be "actually innocent." These payments are capped at \$36,500 per year, which constitutes restitution for one year of wrongful incarceration, and are subject to appropriation.

In FY07, the department was appropriated sufficient funds to begin making these restitution payments to individuals who had been exonerated by the DNA profiling system to date. Since that time, the department has paid restitution for up to five offenders per year. In July 2021, the department received it's first new petition since FY 2017. The department only has core appropriation authority to pay one individual in FY 2023, therefore the department is requesting an FY 2022 supplemental and FY 2023 cost-to-continue for an additional \$36,500.

Section 650.058 RSMo. gives the Department of Corrections (DOC) the authority to make restitution payments to individuals convicted of a felony in a Missouri court who were later found to be "actually innocent" solely as a result of DNA profiling analysis. **2. CORE DESCRIPTION**

Ongoing Department of Corrections (DOC) operations require the procurement of sufficient telecommunications services and equipment for the administrative offices, 19 correctional centers, one decommissioned correctional center, two transition centers, six community supervision centers and over 70 P&P district, satellite and sub-offices. The Telecommunications Unit coordinates with the Office of Administration's Division of Information Technology, equipment vendors, and local and long-distance service providers to ensure that an adequate number of the correct type of phone/data lines and equipment are provided to department staff. This unit is also responsible for filing and maintaining the department's frequency licenses with the Federal Communication Commission. The utilization of a centralized funding source allows the department to manage costs more efficiently, accommodate regional and temporary fluctuations in prices, and provide standardization of phone and data lines throughout the Department of Corrections.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Ongoing operations require the procurement of sufficient telecommunication services and equipment for department administrative offices, 19 correctional centers, one decommissioned correctional center, two community transition centers, over 70 Probation and Parole offices, satellites and sub offices, and six community supervision centers. The Telecommunications Unit coordinates with the Office of Administration-Division of Information Technology (OA-ITSD), equipment vendors, and local and long-distance service providers to ensure that an adequate number of the correct type of phone/data lines and equipment are provided to department staff. Additionally, the department is continuing to work with OA-ITSD to transition to more Internet Protocol (IP) phone systems.

The utilization of a centralized funding source allows the department to manage costs more efficiently, accommodate regional and temporary fluctuations in prices and provide standardization of phone and data lines throughout the department. The current appropriation is not sufficient to cover the usage charges, system maintenance, and system transition. The department has a consistent shortfall in this appropriation of approx. \$200,000 annually. Previous new decision item requests have not been appropriated and the department has utilized appropriation flexibility to cover these expenses.

The department is requesting an appropriation increase of \$295,508, which is the amount of the FY 2021 shortfall.

**This NDI was not recommended by the Governor.**

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Request equals the appropriation shortfall in FY 2021.

**2. CORE DESCRIPTION**

This is the core request for the ongoing purchase of food and food-related supplies for 19 correctional facilities, two community transition centers, six community supervision centers, and two cook-chill production facilities operated by the Department of Corrections (DOC). Subsection 217.240.2 RSMo. requires that all offenders confined in a correctional facility be supplied with a sufficient quantity of wholesome food. The DOC provides three nutritionally-balanced daily meals to the offender population.

The use of a centralized funding pool for food provides the department with several benefits by:

- allowing the department to manage costs more efficiently.
- allowing the department to accommodate for emergencies.
- allowing for the management of temporary changes in institutional population.
- accommodating regional and temporary fluctuations in prices.
- allowing for the operations of the regional cook-chill facilities.
- providing savings from quantity discounts on purchases.

For the FY 2023 Budget Request, the department is requesting to reallocate all food service-related costs (PS, FTE, and E&E) to this section and requesting flexibility between appropriations within the section. This request is being made to accommodate the possibility of converting to a contracted food service model. The department is working through the competitive procurement process to determine whether or not a move to a contracted model is viable. That process will likely not be complete prior to the completion of the FY 2023 appropriation process.

**NOTES:**  
 The Food appropriation has an unavoidable lapse every year due to the period at the end of every fiscal year when SAM II is inaccessible due to its closing out one fiscal year and being loaded for the next fiscal year. This means that funds cannot be encumbered nor orders placed during this period. Because of the perishable nature of many food products, the department must place large orders prior to SAM II becoming inaccessible so products can be received during that time period. This product is paid for in the following year and this process generates lapse.

**FY21:**  
 Flexibility was used to meet year-end expenditure obligations. Food Purchases flexed \$1,800,000 to Institutional E&E for institutional secure perimeter repair and improvements including electronic fence detection system replacement and the purchase of razor wire for fencing due to funding shortfall.

**FY20:**  
 Flexibility was used to meet year-end expenditure obligations. Food Purchases flexed \$175,000 to Telecommunications due to funding shortfall. Lapse, in part, as a result of the DOC expenditure restriction plan due to the Coronavirus Pandemic.

**FY19:**  
 Federal food authority was reduced to \$0.

**1b. What does this program do?**

The Department of Corrections is required to supply all offenders confined in a correctional facility with a sufficient quantity of wholesome food. The DOC provides three nutritionally-balanced daily meals to the offender population. The use of a centralized funding pool for food provides the department with several benefits by:

- allowing the department to manage costs more efficiently.
- allowing the department to accommodate for emergencies.
- allowing for the management of temporary changes in institutional population.
- accommodating regional and temporary fluctuations in prices.
- allowing for the operations of the regional cook-chill facilities.
- providing savings from quantity discounts on purchases.

The DOC supplies 19 correctional facilities, two community transition centers, six community supervision centers, and two cook-chill production facilities.

In the past this measure accounted for all training. Beginning FY 2021, it only accounts for Basic Training. FY 2019 and FY 2020 are therefore not included in this measure. We were unable to make comparisons between other states in our region because the underlying costs are not comparable; while we utilize per diem to pay for participant expenses, other states (e.g., Illinois and Arkansas) have residential academies, and still others (e.g., Kansas and Iowa) conduct their basic training at each prison. We are projecting a 5% decline in cost figures based on the department's expansion of blended learning.

**2. CORE DESCRIPTION**

This is the core appropriation authority for retention-based pay for the Department of Corrections. Retention pay provides a 1% (of the employee's class induction rate) increase for every two (2) years of continuous department service, capped at 20 years. Executive level staff of the department and members of the Parole Board are not eligible for this pay plan. In FY22, these funds were reallocated to various personal services appropriations throughout the department.
