2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law. The American Rescue Plan Act (ARPA) provides support to children, families, and communities in response to the COVID pandemic and resulting economic downturn.

An additional \$250B has been made available to states for community-based child abuse prevention efforts. ARPA funding provides a comprehensive approach to transform the way we support children and families to meet communities where they are and address system inequalities. The goal of these activities is to develop, operate, expand, enhance, and coordinate community-based programs to prevent and strengthen families to reduce the likelihood of child abuse. Examples of services include family resource programs, parenting education programs, and respite care programs.

In FFY 2020, the actual pounds of food distributed was higher due to the availability of TEFAP Bonus and TEFAP Trade Mitigation foods made available to Missouri through the USDA. The total also includes food distributed through the Families First Coronavirus Response Act (FFCRA) and the Coronavirus Aid, Relief and Economic Security (CARES) Act.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

The award for Low Income Household Water Assistance Program (LIHWAP) is made available under the American Rescue Plan Act of 2021, Public Law 117-2. Missouri's allocation is \$9,687,425.

The obligation period for this award is from May 28, 2021 through the end of FFY 2023 (September 30, 2023). Obligations for allowable costs must occur during the authorized project period. All obligated federal funds awarded under this grant must be liquidated no later than 3 months after the end of the project period (i.e., December 31, 2023). Therefore, all funds obligated by the Project Period End Date must be drawn down from the Payment Management System (PMS) on or before December 30, 2023.

LIHWAP is a temporary emergency program that will help low-income households and families afford water and wastewater services during the COVID-19 pandemic. The funding is provided to help pay water bills, avoid shutoffs and support household water system reconnections related to non-payment.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

Section 1101(b) of the American Rescue Plan Act (ARPA) of 2021 provides an additional \$1.15 billion of appropriated funds for SNAP administrative expenses to assist State agencies in carrying out legislative provisions and administering SNAP. Missouri's allocation for FFY 2022/2023 is \$6,249,049. DSS will use this allocation to fund the SNAP portion of several projects. The SNAP portion is determined by the IM Random Moment Time Study (RMTS). The FFY 2022 funds are available at a 100 percent reimbursement rate through September 30, 2022. The FFY 2023 funds are available at a 100 percent reimbursement rate through September 30, 2023. There are three FY 2023 NDI requests for the Centralized Mail, Customer Kiosk and Income Maintenance (IM) document artificial intelligence (AI) projects, which if approved, will be funded partially by the available SNAP ARPA funds.

The Family Support Division (FSD) struggles to process postal mail and Resource Center drop-box documents timely to meet federal processing guidelines and causes delays in issuance of benefits which results in poor customer service. FSD seeks to gain efficiency and reliability in processing incoming and outgoing mail for IM by centralizing these processes through a contracted mail processing vendor. Customer kiosks are needed to provide our customers with an easy to use mechanism to provide applications for assistance or information needed to process their application or case action. The kiosks will also document the clients visiting the office to drop information off. Artificial Intelligence (AI) document indexing and software will improve timely and accurate processing of information submitted to the agency and the timeliness of notifications sent out from the agency. The current technology in use requires each document to be manually reviewed and identified prior to being placed into a processing queue. FSD receives and processes an average of 50,000 documents per week. It takes an average of two minutes to manually identify and label each document. Automating the identification process for these documents would equate to a savings of more than 1,500 work hours of effort each week allowing front line staff to be reassigned to more complex duties. FSD will be able to reduce temporary staff need by 75% with the combined approval for funding of these initiatives. This reduction is noted in the FY 2023 NDI Cost to Continue request for Centralized Mail.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

The American Rescue Plan Act of 2021, Public Law 117-2, amends section 403 of the Social Security Act to create a new \$1 billion Pandemic Emergency Assistance Fund (PEAF) to assist needy families impacted by the COVID-19 pandemic. Missouri's allocation is \$14,530,873.

Use of Funds: Grantees may use funds only to provide certain non-recurrent, short term (NRST) benefits. For the purposes of this Pandemic Emergency Assistance Fund, NRST benefits mean cash payments or other benefits that meet the regulatory definition (45 CFR 260.31(b)(1)). NRST benefits must be designed to deal with a specific crisis situation or episode of need, must not be intended to meet on-going needs, must not extend beyond four months, and must only include expenditures such as emergency assistance and diversion payments, emergency housing and short-term homelessness assistance, emergency food aid, short-term utilities payments, burial assistance, clothing allowances, and back-to-school payments. They may **not** include tax credits, child care, transportation, or short-term education and training. Grantees may use funds for administrative costs (up to a 15-percent cap for states and territories). Grantees must use funds to supplement, and not supplant, other federal, state, tribal, territorial, or local funds.

Timeline for Expending Funds: A grantee has from April 1, 2021 to September 30, 2022 to expend its initial allotment of funds. If a grantee has not expended all of its funds by that date, Health and Human Services (HHS) will reallocate any unused funds, to other states, territories, and tribes, which must expend them within 12 months of receipt, as specified in the legislation.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On January 26, 2021, the Training and Service Programs Division (TSPD) notified the State Licensing Agencies (SLAs) of the estimated amounts they would receive in accordance with the Randolph-Sheppard Financial Relief and Restoration Payments (FRRP) appropriated under the Consolidated Appropriations Act, 2021, P.L. 116-260, Division H, Title III, section 318. In FY 2022, additional appropriation and/or authority of \$268,757 was funded to cover departmental costs related to the Coronavirus Disease 2019 (COVID-19) pandemic through the Services for the Visually Impaired core appropriation. Due to some state's over reporting of the number of blind vendors operating a vending facility in its FFY 2019 Rehabilitation Services Administration (RSA)-15 report, Missouri's award increased to \$271,955. The Family Support Division is requesting increased federal stimulus authority to expend the amount made available to Missouri.

Missouri's award is \$3,198 higher than the original estimate.

The impact of the program will be measured by the amount of losses each of the 14 blind vending managers found to have suffered in 2020. Each blind vendor will receive a 49.2% payout of their income losses and a payout for inventory losses up to 50% of their opening inventory with a \$5,000 cap.

5b. Provide a measure of the program's quality.

The quality of the program will be measured by the factors identified by the Blind Vending Managers Executive Committee (BVMEC) to ensure equitable distribution of funds including profit/loss statements, vendors receipt of any Paycheck Protection Plan Loan from the Small Business Administration, and inventory loss calculations.

5c. Provide a measure of the program's impact.

The impact of the program will be measured by the amount of losses each of the 14 blind vending managers found to have suffered in 2020. Each blind vendor will receive a 49.2% payout of their income losses and a payout for inventory losses up to 50% of their opening inventory with a \$5,000 cap.

5d. Provide a measure of the program's efficiency.

The efficiency of the program will be measured by timely disbursement of funds to each recipient. The funds will be obligated by September 20, 2021 and will be distributed no later than September 30, 2022.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Family First Prevention Services Act (FFPSA) was signed into law on February 9, 2018. The Act aims to prevent children from entering foster care by allowing federal reimbursement for mental health services, substance use treatment, and in-home parenting skill training to families and children who are at risk of entering the child welfare system. FFPSA, also, aims to ensure children already in foster care are placed in the least restrictive, most family-like setting appropriate to the child's specialized needs when foster care is needed, and incentivizes states to reinvest funds, currently used for residential care, into prevention funds.

Family First significantly changes federal reimbursement for residential treatment. Families first reduced the ability to claim IV-E (which provides federal reimbursement for room and board costs for Title IV-E eligible children). This Act also reduces the amount of Medicaid that can be claimed on Residential Facilities. This act may cause many of the current residential providers to be qualified as an Institution for Mental Diseases (IMD). This removes the ability to claim Medicaid on Residential Treatment costs if child is placed in an IMD instead of a residential treatment provider.

In addition, this Act creates the need for two additional provider types (Qualified Residential Treatment Program (QRTP) and Psychiatric Residential Treatment Facility (PRTF)) and corresponding rates for these providers. Overall, this Act has a significant impact on the federal funding for Residential Treatment Placements. This increases the amount of state funding needed to support these programs and changes how these programs are administered.

The Public Health Emergency (PHE) ends October 2021. DSS will be able to start closing out cases on January 1, 2022.

Funding is needed for FAMIS and MEDES to roll back the coding changes that were needed during Public Health emergency (PHE) to ensure Medicaid cases did not close. The call center contract will be expected to answer more calls due to changes in cases after PHE is rolled back. FSD will need assistance from contract staff to assist with Annual Renewals once PHE ends as the volume will be significant. Funding will be needed for the increase in notices that will be required to be mailed once PHE ends, these notices will notify participant of any change, closing notice or request for information associated with each case. 2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Based on actual MO HealthNet program expenditures through August 2021 and historical trends, it is anticipated that additional funding will be necessary to operate current MO HealthNet programs for Fiscal Year 2022. Programs with estimated shortfall are listed below. Lapse is being used to offset the total need. This supplemental request is based on the National Public Health Emergency continuing through December 2021.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

Based on actual expenditures through August 2021 and historical trends, it is estimated that additional funding will be needed in Fiscal Year 2022. The tables below outline the supplemental need by program.

This supplemental request assumes the National Public Health Emergency continues through December 2021. To qualify for the temporary 6.2% FMAP increase states must meet certain requirements. States must maintain eligibility standards, methodologies, or procedures no more restrictive than what the state had in place as of January 1, 2021. The state must also not terminate individuals from Medicaid if an individual was enrolled in the program as of the date of the beginning of the emergency period or becomes enrolled during the emergency period, as well as other requirements.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding request is due to the creation and guidance of the new CHIP Federal Fund (0159) in SFY22.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)

Due to the creation and guidance of the new CHIP Federal Fund (0159) for SFY22, DSS requires additional authority to expend CHIP earnings that are deposited into the fund. New appropriations will be needed for PS, EE, Medicaid expenditures, Health Homes, and authority in the Hospital FRA section. Funding out of the CHIP federal fund will be handled through reallocation for PS and EE, the remaining sections will require additional authority due to shortfall in the existing

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding is to support the rate increase provided for Home Health skilled nurse visits.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.

DHSS included Healthy Children and Youth (HCY) Home Health skilled nurse visits in the Mercer Rate Study. DHSS was directed in their FY22 budget to increase all rates included in the rate study that were at or above the lower bound rate by 5.29% above the January 1, 2020 rate if CMS approves the FMAP spending plan. HCY Home Health skilled nurse visit fell into that rate increase category. Although DHSS authorizes HCY Home Health skilled nurse visits, the appropriations for Home Health Program services are not included in the DHSS budget; those appropriations are in MO HealthNet's budget. Thus, the need for the supplemental to MHD appropriation.

This funding is for planning and capacity building activities to accelerate Long-Term care system transformation design and implementation, and to expand Home and Community-Based Capacity.

The Consolidated Appropriations Act (CAA) of 2021 extended funding for the MFP program through 2023, with all funding to be expended by September of 2025. It also made two changes to expand participant eligibility that are expected to increase the number of transitions into the community:

- First, the CAA of 2021 reduced the minimum length of time in an inpatient facility before an individual can qualify for MFP from 90 days to 60 days;
- Second, the days a person receives skilled nursing services or skilled rehabilitative services in a certified skilled nursing facility now can be counted toward the length-of-stay requirement.

The total grant award is \$3,847,338; this amount is to be expended over a 5 year period. MHD is requesting \$1,000,000 in on-going authority due to timing of payments within a given fiscal year.

Once enrolled, participants reside in the MFP program for 365 community days after which they seamlessly transition to the regular HCBS programs. Eligible individuals who transition from institutionalized settings to HCBS are eligible for enhanced federal match for community services for the first year after transition. After one year, community services provided to MFP participants earn the standard FMAP rate. The federal grant also provides up to \$2,400 for demonstration transition services to participants transitioning from a nursing facility, as a one-time assistance for transition costs to set up a home in the community.

DI Name: Child Welfare Subsidy DI# 2886020

Original FY 2022 House Bill Section, if applicable Various

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Funding shortfalls are projected in children's placement costs and services for Adoption Subsidy, Children's Treatment Services, Foster Care and Foster Care Case Management Contracts. There are several reasons for the shortfall.

First, the number of children moving to permanent homes through either adoption or guardianship has increased. With increased efforts through legislation expanding the definition of eligible guardians, CD has seen an increase in the number of children in guardianship. Children in Adoption Subsidy increased by 219 in FY 21 and 821 in FY 20. CD continues to place a concentrated effort to decrease the number of children in Foster Care by moving them to a permanent home in FY22. As a result, the number of children moving to permanency are expected to increase in FY22.

For Foster Care and Children's Treatment Services, there are insufficient funds in these appropriations. Although, CD will lapse in other areas, these funds are not in the correct section to fund these payments. Therefore a supplemental is needed. In FY 23, there are reallocations to cover these expenses

In FY 21, the Foster Care Case Management Contract was rebid. Additional funds are needed to cover the costs of these contracts.

CD is also requesting additional funding for Alternative Care Trust Fund to fully utilize these funds for children in care.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

House Bills 429 (2021) and 432 (2021) establish the Birth Match Program, which orders data sharing between the Departments of Social Services and Health and Senior Services and the courts to compare birth reports with reports of parents who have been convicted of certain crimes or have a termination of parental rights in order to ensure the safety of the child and provide services, if needed.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.

Based on the requirements of the bills, the number of Termination of Parental Rights (TPRs) was determined to be 530 from February 2020 to March 1, 2021. Of those 530 TPRs, we estimated a potential 75% had the required POE finding, which was determined to be 398 cases. As further required in the bill, looking at the numbers over a ten year period, it brings the calculation to 3,975 cases.

Per the current census, women of child bearing age (ages 18-40), totaled 1,735,000 women. Based on that population, there were 72,000 live births in Missouri; this information was obtained from the DHSS website. Based on these numbers, 4% of the population would have a child this year. 3,975 cases times 4% birth rate, equals an initiation of 165 additional contacts per year.

By dividing 365 days by the 45 day statute requirement that a report be concluded, and the twelve (12) investigations per worker ratio, a total of approximately 97 investigations per year would result from this legislation. This creates a requirement for two (2) additional FTEs .

It is estimated that this legislation may result in additional opening of Family Centered Services (FCS) cases. If 25% of the 165 initiated contacts result in a FCS case divided by the caseload ratio of 20 cases per caseload, it would result in two (2) additional FTEs being needed.

There is the assumption that this legislation could result in additional need for funding for Alternative Care. In the broad assumption that 10% (that would not have otherwise come into alternative care) of the 165 initiated reports resulted in an alternative care case being opened, calculated by the 165 cases divided by the 15 case ratio per worker, this would result in an additional FTE needed for case management.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

HB 432 (2021) amended Section 208.018 to extend the sunshine date for an additional six years of the pilot program for Supplemental Nutrition Assistance Program (SNAP) participants to purchase fresh food at farmers' markets with a dollar-for-dollar match up to ten dollars per week until August 28, 2027.

Previously, DSS FSD partnered with a nonprofit organization, who had a grant from the United States Department of Agriculture (USDA), to implement this program. If there is not a nonprofit organization administering this program, DSS FSD will assume the administration of the program directly.

State Statute: Section 208.018, RSMo.

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.

FSD currently utilizes a third party vendor to administer SNAP benefits to participants on Electronic Benefit Transfer (EBT) cards. The current EBT vendor estimates the necessary programming changes will cost approximately \$150,000 to implement and approximately \$6,500 per month to maintain. Due to necessary programming changes required, the EBT vendor estimates implementation would take approximately 2-3 months. The funding for this pilot program is subject to appropriations. With approval of the FY 2022 supplemental request, DSS FSD will work with the third party vendor to begin implementation with benefits anticipated to begin approximately July 2022. Therefore, FSD estimates that costs incurred during FY 2022 would only be one-time implementation costs. The ongoing EBT maintenance contract costs and additional benefits for SNAP participants would be incurred in FY 2023.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In FY 2021, the FSD MEDES Core was line-itemed into individual appropriations. Additional funds are being requested to cover projected MEDES MAGI costs for FY 2022. The projected overage in expenditures is based on additional software licenses and hardware needed to continue operations coming in at a higher cost than anticipated.

5. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

5a. Provide an activity measure of the program.

Beginning in SFY 2020, FSD implemented the ability to distinguish between initial applications and change in circumstance requests (actual cases with address or household changes).

*In SFY 2020 and 2021 COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases. The decrease in re-applications impacted the total number of MO HealthNet applications received. Projection figures are based upon a return to pre-COVID-19 processing standards.

**Projections in SFY 2023 and 2024 reflect an increase in MEDES applications to include the implementation of SNAP into MEDES.

5b. Provide a measure of the program's quality.

Since FSD could not separate applications from change in circumstances (active cases with address or household changes), the graph above indicates both.

COVID-19 flexibilities allowed FSD to accept participant's attestation on most eligibility factors during the Public Health Emergency. This resulted in a large increase in timeliness that may not be able to be maintained in SFY 2022.

*COVID-19 Public Health Emergency guidelines resulted in fewer closings of MO HealthNet cases.

SFY 2022 is reflective of the current caseload.

Future active participants are expected to increase with the implementation of more programs in MEDES.

5d. Provide a measure of the program's efficiency.

*In SFY 2021, there is a decrease due to changes in guidelines resulting from the COVID-19 pandemic.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In FY 2022, Division of Youth Services (DYS) fund 0610 appropriations were core reduced. DYS needs 0610 authority for DESE title 1, Public Law and USDA Reimbursements.

Title 1 - DYS receives Title I reimbursement as we are an approved educational provider through DESE. DYS utilizes these federal funds for personal service and expense/equipment for our educational staff and supplies

Public Law - DYS receives Public Law reimbursement, also known as Special Education, as we are an approved educational provider through DESE. DYS employs a statewide special education coordinator that oversees all IEP's for DYS youth in need of special education services.

USDA Reimbursements -DYS participates in the school breakfast and lunch program through DESE. DYS receives reimbursement through this program for a portion of the food costs associated meals that qualify under USDA guidelines.

For FY23 we will reallocate costs.

The FY 2022 budget includes appropriation authority for a 2% pay increase for employees beginning January 1, 2022. The remaining six months were unfunded, but the stated intent of the legislature was to provide the funding in FY 2023.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? The appropriated amount for the Fiscal Year 2022 pay plan was based on a 2% pay increase for employees beginning January 1, 2022. The Fiscal Year 2023 requested amount is equivalent to the remaining six months in order to provide the core funding necessary for a full fiscal year.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Family First Prevention Services Act (FFPSA) was signed into law on February 9, 2018. The Act aims to prevent children from entering foster care by allowing federal reimbursement for mental health services, substance use treatment, and in-home parenting skill training to families and children who are at risk of entering the child welfare system. FFPSA, also, aims to ensure children already in foster care are placed in the least restrictive, most family-like setting appropriate to the child's specialized needs when foster care is needed, and incentivizes states to reinvest funds, currently used for residential care, into prevention funds.

Family First significantly changes federal reimbursement for residential treatment. Family First significantly changes federal reimbursement for residential treatment. Families first reduced the ability to claim IV-E (which provides federal reimbursement for room and board costs for Title IV-E eligible children). This Act also reduces the amount of Medicaid that can be claimed on Residential Facilities. This act may cause many of the current residential providers to be qualified as an Institution for Mental Diseases (IMD). This removes the ability to claim Medicaid on Residential Treatment costs child is placed in an IMD instead of a residential treatment provider.

In addition, this Act creates two new provider types (Qualified Residential Treatment Program (QRTP) and Psychiatric Residential Treatment Facility (PRTF)) and corresponding rates for these providers. Overall, this Act has a significant impact on the federal funding for Residential Treatment Placements. This increases the amount of state funding needed to support these programs and changes how these programs are administered.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

House Bill 557 (2021) required changes to unlicensed residential care facilities, requiring background checks. The Department of Social Services will need additional staff to complete the tasks required by statute and ensure the safety of children.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Several of the provisions of the bill will require additional staff to complete the tasks. First, the bill requires background screenings for all staff of unlicensed residential care facilities who have access to children. The Division will be responsible for more investigations, resulting in a need for staff. The reporting requirements for licensed residential units will increase, resulting in a need for staff. Finally, a process for relief if a facility disagrees with a decision made by the Department of Social Services needs to be established. This process will require a hearings officer and litigation attorneys. This request lines up with the fiscal note in the number of staff requested. In preparing the fiscal note, the Department requested Social Services Specialists to do the work of background checks, but on further discussion, found the tasks could be accomplished using Administrative Support Assistants, at less cost to the state.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.008

Program Name: Office of the Director

Program is found in the following core budget(s): Childrens Division Residential Program Unit

1a. What strategic priority does this program address?

Safety, wellbeing, behavior support and rehabilitative treatment services for foster care youth.

1b. What does this program do?

The Residential Program Unit personnel encompass two (2) distinct teams that are responsible for the licensing and regulatory oversight of licensed residential treatment agencies, notification requirements associated with license exempt residential care facilities (HB 557), the coordination of residential treatment services, residential contract development, management of child specific contracts, and monitoring specific to the services provided through the CD residential treatment program. The children served through the residential treatment program are those with needs that cannot be managed in a less restrictive setting, therefore, requiring placement in a safe, secure, 24/7 supervised setting. This program leads the effort in the coordination of residential rehabilitative services for children in care that may have delinquency histories, are medically fragile, are pregnant and/or parenting, have been abused or neglected, and/or who have emotional and/or psychological difficulties. Personnel working within this program have access to various levels of residential services depending on the specific needs of the child. Two basic federal funding streams partially help fund Residential Treatment: Title IV-E (Foster Care, and Adoption and Guardianship Assistance) and Title XIX (Medicaid). Residential contractors provide room and board, supervision, and therapeutic rehabilitative services to children within their programs. Rehabilitative services are necessary to address the behavioral needs of children and transition them to community-based settings through rehabilitative planning, evaluation, and service delivery. Children who receive such services have completed a Childhood Severity of Psychiatric Illness (CSPI) assessment to establish eligibility. A portion of the children and youth receive residential services as a result of an emergency need for placement, or are young women in need of maternity and infant care, rather than because of behavioral needs.

Residential treatment agencies are licensed and provide residential treatment services associated with the following levels of care:

- Emergency Shelter – temporary living arrangement other than their own home, which will assure a safe and protected environment.
- Level 2/Moderate/Residential – for children who are in need of twenty-four hour care for moderate behavioral needs.
- Level 3/Severe/Residential – for children who are in need of twenty-four hour care in a stable, structured, therapeutic environment that focuses on treatment.
- Level 4/Psychiatric/Intensive – for children previously in acute psychiatric hospital or children whose treatment needs are beyond severe.
- Therapeutic Foster Care Services – services provided to eligible youth consisting of highly intensive individual treatment in a family foster home setting and community environment.
- Aftercare Services – short term intensive services provided to eligible youth and their families to expedite the youth's return home from residential care.
- Maternity Residential Services – services are for pregnant adolescents for whom a family or family-like resource is not available.
- Maternity Residential Services with Infant – services for parenting adolescents and their newborn infants, for whom a family or family-like resource is not available.
- Infant/Toddler Residential Services – services directed toward children under the age of seven, including those who are medically fragile, drug/alcohol-affected, and/or severely emotionally disturbed for whom a family or family-like resource is not available.

The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match is around 65%.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.010

Program Name: Office of Director

Program is found in the following core budget(s): Federal Grants and Donations

1a. What strategic priority does this program address?

Centralized mechanism for new grants

1b. What does this program do?

This appropriation provides the department with a centralized administrative mechanism to receive and expend new grants as they become available during the fiscal year. The Division of Finance and Administrative Services coordinates the use of this authority for the department as divisions pursue sources other than General Revenue for funding. New grants and donations provide opportunities to sustain a level of service delivery and fund program development that will better serve Missourians. Without this appropriation, the department would be forced to delay use of new grants and donations until emergency or supplemental appropriations are approved.

This appropriation is primarily used for one-time and/or time-limited federal grants and may support a wide variety of expenditures, including staff, for effective administration of the grant or donation. House Bill 11 language for this appropriation requires the department to notify the General Assembly of any new funds and the purpose for which they will be expended. New grants spent through this appropriation are transferred to the grantee division's budget through the appropriation process when it is anticipated that funding will continue for years after the grant is first received. Exceptions to this rule are made in those cases when the department is acting in an administrative capacity.

Awards planned to utilize this appropriation:

1a. What strategic priority does this program address?

Provide investigation services.

The State Technical Assistance Team (STAT) assists in the investigation of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality cases upon the request of local, state or federal law enforcement, prosecuting officials, Department of Social Services staff, representatives of the family courts, medical examiners, coroners or juvenile officers. As commissioned by the Director of the Department of Social Services, STAT investigators are Peace Officer's Standards and Training (POST) licensed police officers and have powers of arrest limited to offenses involving child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality. STAT assists county multidisciplinary teams in the development and implementation of protocols for the investigation and prosecution of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality.

STAT also manages Missouri's Child Fatality Review Program with multidisciplinary panels in 114 counties and the City of St. Louis. Based on the child death information received, risks to children are identified and prevention strategies are developed to assist local Child Fatality Review Panels save children's lives.

DI Name: STAT PS & EE for 2 FTE

DI# 1886050

Budget Unit: 88750C

HB Section: 11.020

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

STAT has two FTE's that need PS and E&E to fulfill authorized strength.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This is the salary for one Senior Commissioned Investigator and one Police Dispatcher. These positions were previously funded through a DPS grant for STAT to work with the Missouri Internet Crimes Against Children Task Force (MOICAC). No additional FTE authority is being sought.

STAT Commissioned Investigators are Missouri POST licensed Police Officers who specialize in investigating all crimes against children. STAT cops are based in rural Missouri where they build relationships with local multidisciplinary teams to assist in protecting children. STAT cops focus only on crimes against children allowing them to specialize in things such as Abusive Impact injuries on small children, sexual abuse and exploitation of children of all ages and the production, distribution and collection of child pornography.

The STAT Police Dispatcher position would be part of a Joint Communications Operation being proposed with the Capitol Police Department and several other small state level law enforcement units such as STAT and the State Fire Marshal's office. These investigative units have statewide radio communications capabilities but have no operational communications center with 24 hours a day access to other agencies or other emergency services such as Ambulance or Fire. This position will bring these state agencies up to basic officer and public safety standards. The Missouri Highway Patrol has declined to provide these radio services saying they are overwhelmed and unable to fulfil these duties.

6c. Provide a measure(s) of the program's impact.

6d. Provide a measure(s) of the program's efficiency.

Arrests made by STAT or as a result of STAT assistance.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Over the last 5 years STAT Criminal Investigators have been hired and based in rural areas of Missouri. This has allowed a significant increase in contact with the local multi-disciplinary child protection teams. This increased contact has resulted in an ever increasing positive influence in cases worked, cases prosecuted and convictions secured. The technical assistance these "out-based" investigators bring to these rural areas include access to experts in recovery of digital evidence thru STAT's high technology unit, investigative expertise and STAT's own medical expert. The results are a dramatic increase in successful investigations resulting in justice for children.

In the last 2 years STAT Child Fatality Review unit has increased the numbers of death reviews from 87% to 98%. This marked increase was the result of focusing current Program Specialists to cover the entire state rather than just focus on the two major metropolitan areas. This increase in reviewed deaths will increase the effectiveness for local multidisciplinary teams to identify prevention issues, where some counties may have never properly utilized the program's potential.

One of STAT's statutory obligations is Teaching, Training and Outreach in all areas of child protection. Now that a vaccine for COVID has been developed, STAT will renew opportunities to teach, train and communicate with our partners all across the state.

2. CORE DESCRIPTION

The mission of Missouri Medicaid Audit & Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program, and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error, or having been improperly billed to MO HealthNet. MMAC also protects the integrity of the Medicaid program by enrolling providers through a rigorous screening process. MMAC has cooperative agreements with the Department of Health and Senior Services and the Department of Mental Health, to enhance the integrity of the waiver programs through the same processes. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguarding taxpayer's dollars from fraud and abuse within the Medicaid program.

7. Is this a federally mandated program? If yes, please explain.

Yes. The Social Security Act requires states to report fraud and abuse information and have a method to verify whether services reimbursed by Medicaid were actually furnished to recipients.

The Provider Enrollment Unit (PEU) is responsible for processing new Medicaid enrollment applications and any updates to providers' information. Additionally, federal regulations require all Medicaid providers to undergo a complete revalidation of their enrollment at least every five years. Providers' enrollment can be administratively deactivated or terminated for cause for a variety of reasons.

During the past six state fiscal years, the number of authorized provider types that can enroll with Missouri Medicaid has increased from 58 to 63, representing an 8.6% increase. The 5 new provider types added an additional 2,255 individually enrolled providers.

The Centers for Medicare and Medicaid (CMS) continually adds new Medicaid provider enrollment requirements necessitating additional health care professionals to be enrolled. This requires more stringent, time consuming, or frequent background checks to be completed.

The number of authorized PEU staff has remained at 22 FTE since MMAC was created in 2011. The PEU has utilized temporary staff to address increased workloads, but lose those individuals shortly after they are fully trained and proficient. Continual training and monitoring of new temp staff decreases the productivity and efficiency of other PEU staff.

Over the past six state fiscal years, the PEU has implemented new technology to process revalidation applications and to conduct required background screenings. The automated processes helped the PEU maintain acceptable transaction processing times, but the overall volume of provider enrollment transactions is predicted to increase by 17% during SFY22 and SFY23.

Return on Investment was calculated by dividing MMAC recoveries by MMAC expenditures. Recoveries include checks received, Medicaid reimbursement offsets, and claims voided on-line through the adjustment process.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

The mission of Missouri Medicaid Audit & Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program, and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error, or having been improperly billed to MO HealthNet. MMAC also protects the integrity of the Medicaid program by enrolling providers through a rigorous screening process. MMAC has cooperative agreements with the Department of Health and Senior Services and the Department of Mental Health, to enhance the integrity of the waiver programs through the same processes. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguarding taxpayer's dollars from fraud and abuse within the Medicaid program.

2. CORE DESCRIPTION

This funding supports maintenance and operations for MMAC's Program Integrity (PI) Solution, implemented during October 2020. The PI Solution replaced the previous Fraud and Abuse Detection System (FADS), the Surveillance and Utilization Review System (SURS) and several other legacy PI databases that were outdated and no longer supported. The PI Solution, which includes a comprehensive electronic case management module, utilizes the most up-to-date technologies for the detection of provider and participant Medicaid fraud and abuse. The PI Solution provides enhanced capabilities for audit and investigations processes and allows for data mining, identification of claims outliers, and ad hoc query/reporting capabilities. This funding also supports continuing operation of a solution that conducts federally required eligibility screening and monthly monitoring of all enrolled Missouri Medicaid providers, as well as their owners and managing employees. This funding will also support system changes that allow the state to remain in compliance with changing federal requirements for the enrollment and monitoring of Medicaid providers.

2. CORE DESCRIPTION

Federal law requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. This appropriation funds contractor contingency payments for overpayment recoveries. DSS received a 2 year waiver (exemption) from the Centers for Medicare and Medicaid Services (CMS) for RAC services. In September 2016, DSS was granted the RAC wavier that was effective 1/1/2016 to 12/31/2017. This waiver covered calendar years 2016 and 2017. The waiver exempted Missouri from the requirement to have a RAC, as long as certain provisions are met. In the request, the provisions included MMAC continuing to provide audit and investigation services for the state, as well as utilizing another contractor to complete credit balance audits of long term care facilities and hospitals. On May 7, 2020, DSS requested renewal/extension of the waiver (exemption). In June 2020, the waiver was approved through 03/31/2022.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.035

Program Name: Office of Director

Program is found in the following core budget(s): Recovery Audit Contract (RAC)

1a. What strategic priority does this program address?

Identify/recoup Medicaid provider overpayments

1b. What does this program do?

The federal government requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments and to recoup overpayments. Payments to Medicaid RACs are contingency-based and linked to overpayments the contracts identify. Missouri's RAC contract ended November 30, 2015. The Department of Social Services worked with the Office of Administration to issue two Requests for Proposals (RFPs) to execute a new contract. No bidders responded to either RFP. Following the lead of other states in the same circumstance, DSS submitted a State Plan Amendment (SPA) to request a waiver of the requirement for Medicaid state agencies to have a RAC contract. CMS granted the exemption, and DSS currently has a wavier through 03/31/2022.

Missouri Medicaid Audit and Compliance (MMAC) works with a contractor to verify recoupment and/or payments. Once 100% of the payment has been received for the audits conducted, an invoice is submitted by the contractor for the contingency fee percentage related to the amount of recoveries.

Contingency Fee Percentages

Total Amount of Overpayment Recoveries	Contingency Percentage of Total Overpayments Recovered
\$0 to \$10,000,000	12.0%
\$10,000,000.01 to \$20,000,000	9.5%
\$20,000,000.01 to \$50,000,000	8.0%
\$50,000,000.01 to \$60,000,000	9.0%
> \$60,000,000.01	12.0%

No performance measures are included for this program as it is an accounting mechanism.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

House Bill 430 (2021) changed the limit for the Domestic Violence Shelter and Rape Crisis Center and the Maternity Home tax credits. This change is expected to result in an increased number of tax credits.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

House Bill 430 changed two major things about the tax credits. First, it lifted the annual cap off both the Domestic Violence Shelter and Rape Crisis Center tax credit, and the Maternity Home tax credit. Further, it changed the amount of tax credit from 50% of the donation to 70% of the donation. These changes are expected to result in an increase in the number of tax credit certificates issued. If there is a 10% increase in the number of tax credit certificates issued, it will result in approximately 400 more tax credit certificates issued annually. One FTE is needed to assist in the issuing of tax credits. This request is the same as the fiscal note associated with House Bill 430.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.050

Program Name: Division of Finance and Administrative Services

Program is found in the following core budget(s): Receipt and Disbursement - Refunds

1a. What strategic priority does this program address?

Timely deposits of receipts

1b. What does this program do?

These appropriations allow the department to make timely deposits of all receipts, and to make refunds or corrections when necessary. Pursuing this method creates additional interest earnings for the state treasury. Delaying the deposit of funds increases the chance that funds will be incorrectly used. The State Auditor, who routinely reviews the cash receipt function of the department for accuracy and timeliness, endorses prompt deposit of all funds received. The appropriations also affords the department the authority to make correcting payments in the event funds were originally deposited to an inappropriate fund or when refunds to the payer are required due to an original overpayment.

The Department of Social Services receives hundreds of checks daily. Fiscal integrity and internal controls over cash receipts call for prompt deposit of all funds until a determination can be made as to proper deposit or distribution of the funds. A typical transaction would be when insurance companies and/or other parties liable for medical bills of clients reimburse Medicaid for the entire cost of the care rather than only the portion paid by Medicaid. Later, when the proper amount is determined, a refund is issued from this account for the difference. Another frequent use of this appropriation is to refund a portion of the premium paid by a family when they leave the program.

No performance measures are included for this program as it is an accounting mechanism.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The increased authority for these appropriations is needed for the purpose of refunding incorrectly deposited receipts, refunding payments due to participant overpayments, changes in coverage, and yearly income reconciliation.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The authority allows DSS to make correcting payments in the event funds were originally deposited to an inappropriate fund, or when refunds to the payer are required due to an original overpayment. By the nature of MO HealthNet expenses, one refund could utilize a large portion of authority.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.055

Program Name: Division of Finance and Administrative Services

Program is found in the following core budget(s): County Detention Payments

1a. What strategic priority does this program address?

Provide payments to youth county detention centers

1b. What does this program do?

Provides payments to approximately 25 county youth detention programs for juveniles detained in the juvenile justice system. Payments are made in accordance with Section 211.156, RSMo. at a daily rate between \$14 and \$37 established by appropriation. The General Assembly appropriated funds for FY20 to provide a daily reimbursement rate of \$14 as authorized by law.

County detention facilities administered locally by the counties and circuit courts are part of the continuum of services designed to protect Missourians from youth that have entered the juvenile justice system. Counties submit reimbursement requests to the Division of Finance and Administrative Services (DFAS) monthly. The DFAS requires the counties to certify in writing that the child for whom reimbursement is requested has been detained in accordance with state statute.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.060

Program Name: Division of Legal Services

Program is found in the following core budget(s): Division of Legal Services

1a. What strategic priority does this program address?

Providing legal and investigation services

1b. What does this program do?

The Division of Legal Services (DLS) provides comprehensive legal support to all program and support divisions in the Department of Social Services (DSS) to division staff with accomplishing the Department's goals and objectives.

DLS is functionally organized into four major sections:

General Counsel

The General Counsel and Director of the Division of Legal Services is responsible for supervising the functions of the Division of Legal Services and for providing legal advice to the Directors of the Department and the Divisions within the Department. The General Counsel also directly supervises the Special Counsels for each of the program divisions who provide legal research and advice on the individual programs; work with the Attorney General's office in defending complex litigation involving DSS; prepare fiscal notes and legal analysis on pending legislation; review and draft contracts; review and draft administrative regulations; assist the Communications Director in administering DSS' compliance with the Sunshine law; and ensuring DSS' compliance with privacy laws.

Litigation

The Litigation Section provides legal counsel and representation to the Department of Social Services and its divisions. The Chief Counsel for Litigation administers the section and assists the General Counsel in providing legal assistance and advice to the DSS Director to ensure that the programs and policies of the Department are implemented in the manner provided by law. Litigation attorneys are based in offices in Jefferson City, St. Louis, Raytown, and Springfield. The Permanency Attorney Initiative (PAI) unit is managed by the Chief Counsel for Litigation and consists of 12 full time attorneys who are embedded in Children's Division offices in Kansas City, St. Louis, and some rural circuits. The PAI unit was created to address institutional and cultural barriers to swift and safe permanency and the attorneys provide legal advice and representation exclusively to the Children's Division. In addition, contract attorneys assist in providing legal services in permanency work.

Litigation attorneys provide legal representation to DSS in many tribunals including circuit courts, juvenile courts, administrative hearings, and benefits appeals. Duties include, but are not limited to:

- Providing legal advice and representation to Children's Division and the Division of Youth Services in juvenile court;
- Defending hotline cases in circuit courts and providing legal advice to the child abuse and neglect system;
- Providing legal advice and representation to the Division of Youth Services to assist its mission of addressing the needs of delinquent youth;
- Providing legal advice and representation on matters involving compliance with laws governing the confidentiality of records including subpoenas and discovery requests; and
- Serving as a liaison between the Department and its divisions, and the Missouri Attorney General's Office on cases involving routine litigation.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.060

Program Name: Division of Legal Services

Program is found in the following core budget(s): Division of Legal Services

Documents Management Unit (DMU)

The DMU is the redaction unit for Children's Division documents. This unit consists of 5 full time employees, including the supervisor. Documents are provided to the DMU by Children's Division workers, DLS attorneys, and direct requests from constituents. DMU employees are highly trained to redact all confidential and privileged information from documents prior to releasing to the requestor or to the court.

Administrative Hearings

The Administrative Hearings Section is comprised of hearing officers based in Jefferson City, St. Louis and Raytown who conduct hearings related to child support enforcement and public benefits. The attorneys who conduct hearings are qualified and trained to provide fair hearings.

Hearing officers assigned to child support hearings provide full and fair hearings in all aspects of the child support process, including establishment, enforcement, and modification of administrative child support orders.

Hearing officers assigned to public benefits hearings provide full and fair hearings related to over sixty different programs, including hearings for public benefit and service recipients who are challenging a decision of the Family Support Division, Children's Division or the MO HealthNet Division. These due process hearings provide a forum for determining whether the denial, modification or termination of public benefits or services was justified. These hearing officers provide due process to all participants expeditiously and promote the integrity of state programs, including food stamps, cash assistance, and medical assistance programs.

Hearing Officers also hear provider appeals of Children's Divisions' decisions to deny or revoke the registration of child care providers from the state's childcare subsidy program and conduct hearings on adoption and foster home licensure.

Hearing Officers may process hearings for other Departments under particular programs.

Investigations

The Investigation Section is divided into three units: Welfare Investigations Unit (WIU), Claims and Restitution Unit (C&R), and the Special Assignment Unit (SAU).

The Welfare Investigations Unit (WIU) conducts welfare fraud and abuse investigations committed by public assistance recipients. These investigations can result in the criminal prosecution of offenders, civil collections of inappropriately paid benefits, deter fraud and increase cost avoidance. Additionally WIU investigators are responsible for:

- Staffing four regional welfare fraud/abuse hotlines;
- Conducting all collections interviews and procuring promissory notes;
- Conducting all DSS employee threat investigations; and
- Preparing for and testifying in administrative hearings and criminal court proceedings.

Claims and Restitution Unit (C&R) is responsible for collection efforts for all claims in the public assistance programs administer by DSS. C&R operates and manages the Claims Accounting Restitution System (CARS) and administers the Treasury Offset Program. The C&R unit also conducts background investigations on prospective DSS employees and research in support of DLS Investigations.

The Special Assignment Unit (SAU) is responsible for conducting criminal, personnel and internal investigations involving DSS, its employees and contracted vendors. This unit also furnishes technical support and investigative assistance to the various DSS divisions in their administration and control of departmental programs. The SAU conducts research in support of DLS data analytic investigations projects.

DLS also coordinates the department's compliance with the federal Health Insurance Portability and Accountability Act (HIPPA) and other state and federal privacy mandates. HIPPA requires that the Department have a privacy officer to oversee the Department's implementation of HIPPA standards within the Department and training of Department employees on HIPPA standards and the continuous compliance with the rules.

Recent studies from other states have shown that children in foster care gain better and faster outcomes when the child and parents are effectively represented by legal counsel in dependency cases.
