SECRETARY OF STATE'S OFFICE

The major divisions within the Secretary of State's office are: Administrative Rules, Business Services, Elections, Fiscal and Facilities, Human Resources, Information Technology, Records Services, Securities, and State Library.

The Administrative Rules Division publishes proposed rules and emergency rules in the *Missouri Register*. An agency may file an emergency rule if the agency finds an immediate danger to the public health, safety or welfare requiring emergency action or if the emergency rule is necessary to preserve a compelling governmental interest that requires an early effective date. The Division also publishes final rules monthly in the *Code of State Regulations*.

The Business Services Division is comprised of four units: Notaries and Commissions, Corporations, Uniform Commercial Code (UCC) and Safe at Home. The Commissions unit commissions notaries public and certifies notaries for foreign documents, elected officials and the State Registrar of Vital Records. It also authenticates acts of the Governor and maintains bonds and oaths of office for state officials. The Corporations unit is responsible for registration of Missouri and out-of-state businesses doing business in the state, including for profit and nonprofit corporations and specialized businesses. The UCC unit perfects personal property liens and other creditor interests under the UCC. The division also registers trademarks and service marks and keeps a registry of all marks. The division oversees the Safe at Home address confidentiality program, which helps protect survivors of sexual assault, rape, stalking, human trafficking, domestic violence or other crimes by providing a substitute mailing address to use on new records they create with government agencies and the courts.

The Elections Division oversees all statewide elections, for both candidates and issues, which are run at the local level by Missouri's 116 local election authorities (county clerks or election boards). Missouri has more than four million registered voters, and in the 2020 November general election, over 3 million voters went to the polls. Candidates for the six constitutional state offices, U.S. Congress, the General Assembly, and circuit judges not covered by the non-partisan court plan, file for election with the Secretary of State. The Secretary of State also certifies statewide ballot measures that are proposed by the General Assembly or through the referendum or the initiative petition process. It is the responsibility of the office to canvass, certify and publish election results.

The Fiscal and Facilities Division provides fiscal, budget, procurement, facilities management support, and general office services to the Secretary of State's office.

The Human Resources Division provides human resource services and personnel needs to the Secretary of State's office.

The Information Technology Services Division is responsible for developing, maintaining, and monitoring the information systems within the Secretary of State's office to ensure information is functional, accessible, and secured for use by the Secretary of State's office, other state departments, counties and the general public. The division is continually implementing cybersecurity measures to maintain and advance overall information security within the Office.

The Records Services Division has three sections: Missouri State Archives, Local Records and Records Management. It is responsible for managing both current and historical records of the state to ensure those records are accessible to Missouri citizens. It is also responsible for assisting local governments in records preservation and management. The Records Services Division, in conjunction with the Missouri State Library, oversees MissouriDigitalHeritage.com, a statewide program to expand historical information accessible on the Internet.

The Securities Division is responsible for protecting Missouri investors from fraud and for ensuring that firms and individuals that sell securities comply with the securities laws in the state. The division enforces the Missouri Securities Act of 2003. The division is organized into three sections: investor education, enforcement, and registration. The Securities Division also oversees the Missouri Investor Protection Center, which creates and promotes investor education initiatives designed to educate and assist both current and future investors.

The Missouri State Library provides library and reference services to Missouri state government, provides library services to the blind and physically disabled, and promotes the development and improvement of library services for citizens throughout the state. The Library Development section supports libraries through consulting, administration of grant programs, continuing education and statewide programs to improve the quality of library service for all Missouri citizens. The Reference Services section delivers library services, including access to research databases, to meet the needs of state government. Wolfner Talking Book and Braille Library serves as the public library for Missourians unable to use standard print because of a visual or physical disability.

NEW DECISION ITEM RANK: OF 2 Department: Secretary of State Budget Unit 23140C Division MCCCEO GA EO FY23 Pay Plan DI# 0000016 **HB** Section 12.055 4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.) The appropriated amount for the Fiscal Year 2023 pay plan for statewide elected officials and members of the General Assembly was based on personal service appropriations and the curently budgeted salaries for those officials. 5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS. PROGRAM DESCRIPTION Department Secretary of State HB Section(s): 12.055 Program Name Administrative Services Program is found in the following core budget(s): Operating Core 1a. What strategic priority does this program address? Assist in meeting the statutory and constitutional requirements of the Secretary of State. 1b. What does this program do? The core request is to allow continued service to the agency for staffing and expenditures with fiscal, human resources, facilities, publications, and central services. 2a. Provide an activity measure(s) for the program. The Administrative Services Division is responsible for the budget, procurement, accounts payable, accounts receivable, grants tracking, CAFR reporting, SEFA reporting, facilities requests, human resources, all statutorily required printing of publications, surplus property, mail delivery, fleet vehicles, and all other general administrative duties. Publications is responsible for the Official Manual, Constitution updates and printing, as well as the General Assembly roster, Election Law handbooks, and the Missouri roster. 2b. Provide a measure(s) of the program's quality. 2c. Provide a measure(s) of the program's impact. Without this appropriation, budgeting, vendor payments, procurement, financial reporting, mailroom, storeroom, publications, human resources, and fleet management at the current level for the Office of the Secretary of State would not be possible.

PROGRAM DESCRIPTION Department Secretary of State HB Section(s): 12.055 Program Name Administrative Services Program is found in the following core budget(s): Operating Core 2d. Provide a measure(s) of the program's efficiency. The process of ordering and distributing office supplies is centralized in the storeroom. This has not only saved money, but has made it much more efficient for the divisions. Also, five employees located in the field were assigned fleet vehicles that previously were being reimbursed at the standard mileage rate or renting a vehicle. This increased the use of these cars, while decreasing mileage paid to employees. 3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.) **Program Expenditure History** 1.100.000 42,759 1,000,000 158,307 N 900.000 800.000 700,000 600,000 500.000 FY 19 Actual FY 20 Actual FY 22 Planned FY 21 Actual □GR ØFEDERAL ■OTHER ■TOTAL

4. What are the sources of the "Other " funds?

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Financial and Procurement authority is derived from Chapter 33 and 34, revised statutes, and the agreements entered into between this office and the Office of Administration.

Department Secretary of State

Program Name Executive Services

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

The priority entails the effective oversight of services and programs to customers and clients, as well as the communication of the mission and scope of the Secretary of State's Office.

1b. What does this program do?

This core request is to maintain the current level of executive support for all divisions within the Office of the Secretary of State. This core request represents resources for the continued operation of agency programs and the production coordination of the various divisions. The Executive Staff included in this request are responsible for the development of policies and procedures and direction for implementation. This includes staff members in the Office of the General Counsel, which is responsible for representing the Office in legal matters, responding to open records requests, and administering the filing category of Professional Employee Organizations. The Communications Division is responsible for public outreach, media relations, social media communication and monitoring and promotion of programs and services. Capitol office employees respond to constituent questions by phone, email, and in person. Capitol staff also work with legislators on proposed legislation.

2a. Provide an activity measure(s) for the program.

Staff in Executive Services support employees in all divisions of the office, make policy recommendations, respond to open records requests, respond to inquiries from constituents and media and perform daily operations in both the Kirkpatrick Building and the Capitol office. The Office of General Counsel provides legal advice to all divisions, defends the SOS in lawsuits, and coordinates with the Attorney General's Office on litigation matters.

2b. Provide a measure(s) of the program's quality.

Open records requests are responded to within the time allotted by law. Constituent and media inquiries are consistently handled in a timely manner. Legislative staff have had success obtaining passage of certain priorities. The Office of General Counsel ensures the office complies with all statutory requirements.

2c. Provide a measure(s) of the program's impact.

Information is freely available to constituents, media and other interested parties who make such requests as the office prioritizes transparency.

PROGRAM DESCRIPTION Department Secretary of State HB Section(s): ______12.055 Program Name Elections Program is found in the following core budget(s): Operating Core Program is found in the following core budget(s): Operating Core 1a. What strategic priority does this program address? To better serve and inform current and potential Missouri voters and local election officials. 1b. What does this program do? The Secretary of State's Elections Division offers a myriad of services to both elected officials as well as the public. Specific Elections related tasks include preparing for and assisting local election authorities (LEAs) in conducting fair and efficient elections; planning for elections and statewide ballot issues including special elections and issues submitted to the people through initiative petitions, referendums, and joint resolutions passed by the legislature; reporting, counting and certifying election results; and ensuring the requirements of the Help America Vote Act of 2002 are met. In addition to

ensuring Missouri elections run smoothly, the Elections Division also serves as a resource to Missouri's 116 LEAs as well as the general public. In this role, the Division seeks to provide quality customer service by delivering responsive and timely services to meet increasing demand for answers to elections related questions from LEAs, elected officials, and the public; and maintaining statutory compliance in providing services to state and to local governments while also helping to educate the public about the elections process through the publishing of various informative elections materials and regional and statewide meetings with LEAs to ensure that all remain up-to-date on current election laws. Lastly, the Division is constantly looking for methods to enhance information access, utilizing the SOS website to inform voters as well as provide methods for voters to follow election results on Election Night.

2a. Provide an activity measure(s) for the program.

The Office of the Secretary of State mailed the following number of voter registration applications by calendar year: 2012 - 463,983, 2013 - 118,112, 2014 - 198,997, 2015 - 159,238, 2016 - 384,672, 2017 - 86,942, 2018 - 184,837 2019 - 95,724 2020 - 230,916

During the 2019-2020 petition cycle, 144 petitions were filed with the SOS office. One petition with signatures was submitted to the SOS office.

2b. Provide a measure(s) of the program's quality.

The number of registered voters and voter registration applications fluctuates from year to year. As of November 3, 2020 there were 4,318,758 registered voters in the state.

In 2018, Missouri became a member of the Electronic Registration Information Center (ERIC). NCOA reports are incorporated in this membership. Additionally, Missouri will conduct outreach to eligible but unregistered voters. This eligible but unregistered mailer was sent to Missourians who currently have a state issued driver license but are not currently registered to vote. In the initial outreach mailer, nearly 800,000 were sent to Missouri citizens who may need to update their registration information or register to vote. In September 2020, over 181,000 additional mailers were sent to Missourians who had a driver license and were not registered to vote.

Department Secretary of State

Program Name Records and Archives

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

The Missouri State Archives is the official repository for state records of permanent and historical value. Its mission is to foster an appreciation of Missouri history and illuminate public issues by preserving and making available the state's records to its citizens and their government.

1b. What does this program do?

The Records and Archives Division is comprised of the following three divisions:

<u>Archives</u>: The Missouri State Archives is the official repository for Missouri's records of permanent historical value. Among its holdings are land records from Missouri's colonial, territorial and early statehood periods; the Missouri State Constitutions; the Journals of the Missouri House and Senate; Supreme Court of Missouri case files; State Appeals Court case files; Circuit and Probate Court case files; and records for Missouri counties. As the home of the state's permanently valuable records, the Missouri State Archives identifies, collects, preserves and makes available to government officials, historians, students, family historians and other researchers the historically significant records of Missouri.

<u>Records Management:</u> Records Management directs the efficient and effective management of the official records of state government agencies by: establishing standards, procedures, and techniques for the management of records; developing schedules for the retention of records of continuing value; prompt and orderly destruction of records no longer possessing sufficient value to warrant future retention; and operating the State Records Center to provide secure cost-effective storage of paper records during retention. The program also evaluates the cost efficiency of microfilm and electronic records technologies and provides imaging, microfilming and microfilm storage services to state and local agencies.

Local Records: Through consultations, inventories, records processing projects and a competitive grant program, Local Records works with public officials to preserve the permanent and historically significant records of their offices. These local records are vital to the citizens of Missouri, documenting everything from marriages and property ownership to education and government expenditures. In addition, the program provides professional guidance on managing current records; everything from proper housing and storage of records to final disposition through the implementation of Local Records generated retention

2a. Provide an activity measure(s) for the program.

<u>Archives:</u> In FY21, the Missouri State Archives responded to 13,560 information requests. Of these, 2,838 were first-time customers. The Archives website had 19,644,293 hits in FY21.

PROGRAM DESCRIPTION Department Secretary of State 12.055 Program Name Administrative Rules 12.055 Program is found in the following core budget(s): Operating Core 18. What strategic priority does this program address? 1a. What does this program do? Administrative Rules accepts, edits, and publishes proposed rulemakings in *the Missouri Register* and the *Code of State Regulations* for the 191 state agencies/entities that promulgate rules. Rules or regulations have the force and effect of law and serve to implement and interpret the laws passed by the General Assembly and signed by the governor. Administrative Rules publishes rules material three times per month which includes two internet publications of the *Missouri Register* and one internet publication of the *Code of State Regulations*. Administrative Rules also post emergency rulemakings to our website and sends out an email notification within three business days of receiving them. Additionally, this year we have conitnued a page for suspended rules online and this contains a list of currently suspended rules with a link to each specific suspended rule information. 2a. Provide an activity measure(s) for the program.

For the 2021 Fiscal Year, the Administrative Rules processed the following: 68 - Emergency Rules 430 - Proposed rules 477 - Orders of Rulemaking

60 - In Additions

226 - Dissolutions and other filings

23 - Executive Orders

A total of 1,284 filings were published. 2,052 pages of the Missouri Register and 3,010 pages of Code were published.

2b. Provide a measure(s) of the program's quality.

Administrative Rules also assists agencies/entities on rulemaking through several features on the SOS homepage which allows state agencies to download current rules in MS Word for use in amending current rules; providing fillable rulemaking forms/templates on-line; permitting agencies to email electronic copies of proposed rules text changes to SOS Administrative Rules; and providing a timeline calculator to assist agencies in calculating key dates for rulemaking. The division also answers questions from agencies and the public regarding how rules are filed. The division further has published and maintains an updated rulemaking manual containing uniform standards and procedures called *Missouri State Rulemaking Manual*. Administrative Rules staff also assists agencies and the public in researching prior versions of a rule to accurately represent its history in legal proceedings. Additionally, Administrative Rules offers classes to any agency/entity in how to prepare and make rule filings. Administrative Rules also had a web page and assisted agencies in filing temporary suspension of rules as a result of Executive Orders 20-04, 20-10, 20-12, 20-19, and 21-07.

Department Secretary of State

Program Name Securities Division

HB Section(s):

12.055

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

The Securities Division implements the Missouri Securities Act of 2003, which seeks to protect Missouri investors and stop unlawful securities conduct in the state. Investor protection includes the registration of securities products, investment firms, and individuals, as well as investor education, which seeks to increase public awareness of investment risks and the prevention of harm to the public. The Division seeks compliance with securities laws by conducting examinations of broker dealers, investment advisors, and individuals. Potential violations are investigated and when appropriate, enforcement actions are initiated, with a focus on restitution for aggrieved investors and the termination of unlawful conduct.

1b. What does this program do?

The Securities Division seeks to protect Missouri investors from fraud and other unlawful conduct. It is organized into three sections: *Investor Education*, seeking to prevent and reduce investor harm by educating investors about the risks of investing, which includes the Vulnerable Citizens Services Unit; *Registration*, seeking to ensure that investment professionals are qualified and compliant with securities statutes and regulations and fostering capital formation through the review of securities offerings; and *Enforcement*, acting on complaints, tips and referrals, conducting investigations and initiating actions to remedy violations. Enforcement includes formal and informal investigations, issuance of administrative orders prohibiting violations, the commencement of civil actions in circuit court, and referrals of criminal matters to state and federal prosecutors, with an emphasis on restitution for aggrieved investors and the cessation of unlawful conduct. The Securities Division is also responsible for Family Trust Company filings.

2a. Provide an activity measure(s) for the program.

Activity measures for a securities compliance and enforcement program are reflected in the many ways the Securities Division interacts with the public. See below charts for several measurable compilations of the Division's operations and engagement with the public and the financial services industries operating within the state. Additionally, the Division, during 2019, participated in 88 investor protection and education outreach events throughout the state.

2b. Provide a measure(s) of the program's quality.

The Securities Division serves the citizens of Missouri on a responsive basis and a specific measure of quality is not discernible. Specific efforts to improve the service quality of the Division include formation of the Vulnerable Citizens Services Unit in 2017 and increased participation in investor outreach programs. See above chart for additional measures of the services provided by the Division.

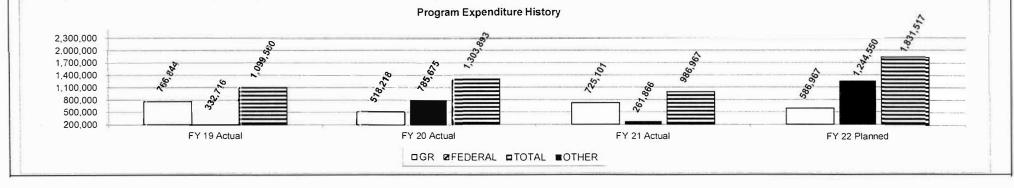

2c. Provide a measure(s) of the program's impact.

The Securities Division serves the citizens of Missouri on a responsive basis and a specific measure of impact is not discernible; some measures of the Division's impact can be seen in the above chart. Impact derives from the orders of restitution issued and the funds ordered to be returned to aggrieved investors. The Division investigates all complaints received from the public regarding alleged violations of the Missouri Securities Act.

2d. Provide a measure(s) of the program's efficiency.

The Securities Division serves the citizens of Missouri on a responsive basis and a specific measure of efficiency is not discernible. Efficiencies have been achieved in various ways, including ongoing cross training and the realignment of job responsibilities, while enhancing investor protection and education efforts.

Department Secretary of State

Program Name Business Services

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

Meeting the Constitutional mandate of Article IV Section 14 in respect to duties relating to corporations, attesting to acts of the governor and keeper of the "Great Seal of the State of Missouri". Providing third party services for those who are making and engaging in economic decisions.

1b. What does this program do?

The Business Services Division is comprised of four units: Notaries and Commissions, Corporations, Uniform Commercial Code and Safe at Home. The division oversees filing offices in Jefferson City, St. Louis, Kansas City and Springfield.

Commissions is responsible for receiving, filing and maintaining notary applications; documenting and providing certificates to gubernatorial appointees; processing certifications and apostilles for international documents; and handling foreign extraditions. Missouri has about 80,500 commissioned notaries.

Corporations is responsible for maintaining, receiving, and filing all corporate filings that are required by law for over 1,081,000 entities. In addition, Corporations handles service of process and filing and maintaining trademark and service mark registrations. Corporation's customers can access business records and images anytime through the Secretary of State's website.

Uniform Commercial Code is responsible for receiving, filing and maintaining notice filings for secured transactions as required by law.

The Safe at Home Program is an address confidentiality program which provides survivors of sexual assault, rape, stalking, human trafficking, domestic violence, or other crimes a substitute mailing address to use on new records they create with government agencies and the courts.

Each unit is responsible for answering customer inquiries timely and accurately whether by phone, in person, or through correspondence with the office.

2a. Provide an activity measure(s) for the program.

The Business Services Division tracks the number of phone calls received through the toll free 800 number provided to customers. A Business Services portal provides customers the ability to file corporation documents online, some with an instant response. Business Services tracks paper filing and electronic submissions. Business Services tracks notaries who utilize an online portal or paper to submit filings. Business Services tracks the number of authentications processed and in person visits by our customers in all four offices.

2b. Provide a measure(s) of the program's quality.

The Business Services Division measures the quality of work through customer compliments and comments. Business Services uses average call time on phone inquiries as a measure of quality.

Department Secretary of State

Program Name Information Technology Division

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

To support every division within the Secretary of State (SOS) and to accomplish the key missions for technology and infrastructure in information automation, protection, maintenance, technology, advancements and cyber security. The SOS monitors all its systems for any malicious activity and works daily to keep its systems secure. Additionally, the Department of Homeland Security has denoted elections systems as critical infrastructure.

1b. What does this program do?

The SOS Information Technology Division provides a full range of information systems management services to all sections of the office. Specific network infrastructure services provided to the SOS include basic help desk support; desktop, notebook and other computer peripheral installation, maintenance and management; printer installation management and maintenance; network design, installation, management and security, including routers, switches, firewalls and intrusion detection systems; and server installation, administration and management. Specific information system management services provided to the SOS include information system and business process analysis and design; information system development and maintenance; project management; and recovery and business continuity planning.

2a. Provide an activity measure(s) for the program.

The following measures have been identified as important in determining, managing and improving the overall activity.

| | Actual |
|--|------------|
| Average Service Request Ticket Volume | 119/month |
| Number of Completed Projects/Initiatives | 9 |
| Office of Secretary of State Staff | Approx. 20 |
| Local Elections Authorities and Staff | 735 |

2b. Provide a measure(s) of the program's quality.

The following measures have been identified as important in determining, managing and improving the overall quality.

1a. What strategic priority does this program address?

The State Library works to improve library service throughout Missouri and for state government. It provides leadership and expertise in library and information services, promotes the establishment and development of stronger libraries, and maintains library service to the legislature and the executive branch agencies as well as other state and local governments.

1b. What does this program do?

Reference Services

The Reference Services Division of the Missouri State Library provides research services to Missouri state government employees, executive branch agencies, and members of the Missouri General Assembly. Resources used to provide these services include searchable collections of electronic journals, newspapers, and e-books, as well as print books, journals, and federal and state government publications. Reference Services also provides training to Missouri state government employees on the division's resources and useful workplace topics, publishes a monthly newsletter, maintains a digital library of Missouri state government publications, and contributes to MOBIUS, a statewide library consortium. Also, as a member of a global partnership of libraries and research institutions, Reference Services borrows materials for state employees from institutions across the world to help them serve Missouri's citizens.

Library Development

The Library Development Division of the Missouri State Library distributes state aid, federal and private grant funds and provides literacy and technical assistance, training and continuing education, and administrative guidance to local libraries. These programs strengthen and expand the quality and availability of library services appropriate to meet the educational, cultural, workforce, personal and social development needs of Missourians, particularly persons with difficulty using the library, those in underserved rural and urban areas, and those with limited functional literacy or information skills. Particular focus is given to assisting libraries in expanding early literacy activities to ensure children have the skills they need to learn to read; in providing summer reading programs to ensure children retain their reading skills over the summer; in implementing and expanding workforce development, small business and entrepreneurial services; resource sharing among libraries so that all library users can make use of materials in any library in the state; and technology assistance for the equipment and internet access needed to access information, support

Reference Services maintains an emphasis on instructing state government employees in the effective use of the digital research tools provided by the division, such as journal articles, eBooks, reports and data, as well as freely available tools, crucial to the work these employees do for Missourians.

Customer Satisfaction from Reference Services' Webinars & Trainings

525: The number of state employees who attended the 14 webinars Reference Services provided in FY21.

73%: The percentage of Missouri state agency divisions that had employees attend Reference Services webinars. State employees who attended these webinars were from the Office of Administration, Lieutenant Governor, Secretary of State, State Courts, Legislature, Health and Senior Services, Social Services, Elementary and Secondary Education, Transportation, Mental Health, Natural Resources, Labor and Industrial Relations, Public Safety, Corrections, Economic Development, Commerce and Insurance, Higher Education and Workforce Development, Conservation, and Consolidated Health Care.

94%: The percent of webinar attendees surveyed who agreed or strongly agreed the class instructor's presentation was effective.

96%: The percentage of webinar attendees surveyed who agreed or strongly agreed that the trainings would be helpful to their job performance.

*There was a large increase in FY2020 as library staff made expanded and online training opportunities during the early stages of the pandemic.

Library staff give consistently high ratings to training provided, whether in person or online.

The independent evaluators of Missouri's Library Services and Technology Act (LSTA) FY2013-2017 found that "training efforts are closely tied to needs and to specific initiatives. This fact, in turn, helps to ensure the success of the State's substantial sub-grant activity. The evaluators also find ample evidence that suggests that participants in training have internalized what they have learned and that they are using it on an ongoing basis."

strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its fiveyear LSTA Plan for 2013 – 2017. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

1a. What strategic priority does this program address?

The mission of Wolfner Talking Book and Braille Library is to provide informational and recreational materials in audio, braille and large print formats free of charge to Missourians who are unable to use standard print materials due to blindness, visual or physical impairment, or a reading disability. Wolfner Library also provides disability-related information to the public.

1b. What does this program do?

The Wolfner Talking Book and Braille Library is a free library service available to anyone in the State of Missouri certified by a qualifying authority as described in the application as unable to read standard print materials due to a visual, physical or organic disability. The library collection consists of more than 300,000 items in different formats: digital audio cartridges, braille, print/braille large print, games, and magazines. Wolfner Library staff also facilitate patron downloading of digital books from BARD (Braille and Audio Reading Download), a national repository of talking books for eligible citizens. The Library also provides the necessary digital players for using the recorded materials. Book, magazines, and machines are mailed via USPS to and from library patrons at no charge to the user. Currently, over 10,000 print disabled Missourians are registered to use Wolfner Library services. This represents about 10% of those eligible. The goal is to increase that to 15% through an energized outreach program. The Wolfner Recording Studio produces recorded books with Missouri connections (author, theme, location) and makes them available for circulation or for download on BARD, making the Wolfner collection to patrons nationwide. Recording is done by volunteers; the actual audio processing is done by Wolfner staff. Wolfner produces approximately 60 titles each year. Wolfner offers many programs for patrons to participate in. Those programs include summer reading for youth and adults, an adult winter reading challenge, five separate book clubs, and video conferences to introduce statewide services. Wolfner also offers book club kits, Science, Technology, Engineering and Mathematics (STEM) kits, and early literacy kits for use with groups of patrons.

Testimonials From the Patrons:

• Ms. Kelley says, "Thank you for all you do to make life better with your kind, patient services and great books."

• Mr. Smith shared that he is excited about receiving an entire series of books on the new cartridges. He states that it will be much easier to listen to his books in sequence.

• The Faynes thank the volunteers for the audio books. The books bring them much joy.

• "I am so grateful there are people like you to take time to make my days. It is wonderful to listen to the books I receive from the library. I am 83 years of age with M.D., I cannot see small print," writes Mrs. Strain.

• Mr. Twyman writes, "I salute all the volunteers that read the books for me. I have Alzheimer's so I need to repeat many times to comprehend what is being read. If I were reading, I would probably just put the book down because I would get frustrated."

• "When I initially volunteered at Wolfner, it was a way for me to relax and de-stress from a high-intensity career. As time passed, my thoughts gradually turned outward, recognizing the many people young and old who benefit from the wonderful service you provide. My mother instilled a love for reading all type of books, so I'm very grateful for the opportunity I had to help others access, explore and experience this wonderful world of books! Keep up the great work, and please let the other volunteers know how much I enjoyed working with them. I wish them well! A kinder, more amazing team of people can't be found! With sincere gratitude and warmest thanks, Kathy Hunt"

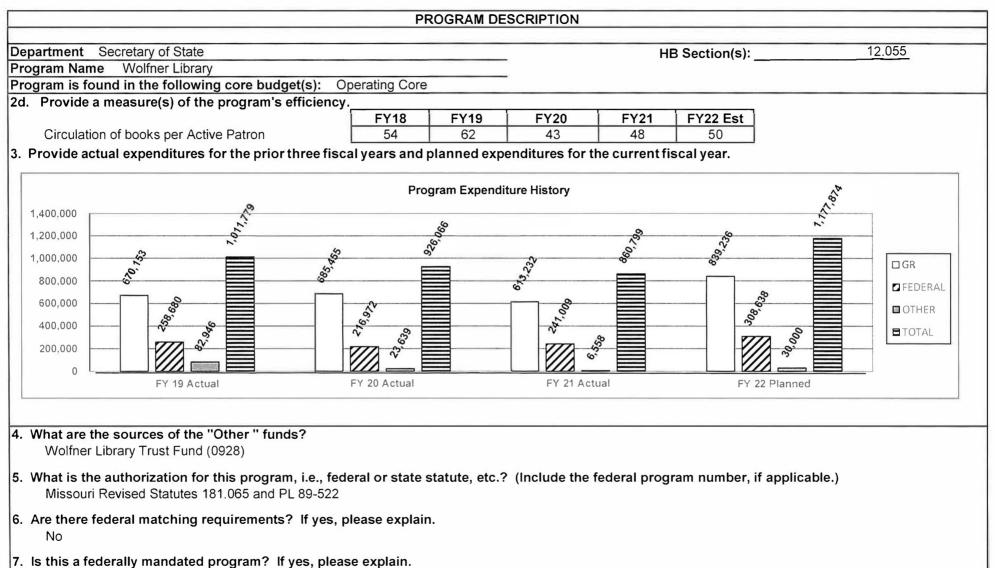

• Sharon wrote, "Really like the new system of getting the whole series at once. Great idea to who thought of it!"

• Gail wrote, "The books you send me have kept me going through a terrible year (decreasing vision, COVID isolation, death of friends and my partner of 35 years). I have had books as my favorite activity, pastime and escape for 80 years, and the large print novels you provide are pretty much my whole life. Thank you!"

• Christine wrote, "Thank you so much for the gift of literacy and hours of enjoyment this device provided my mother. She was so independent and resistant to using it in the beginning, but found it was such a valuable tool for her every single day"

PROGRAM DESCRIPTION

HB Section(s):

12.080

Program Name Elections Public Notice

Department Secretary of State

Program is found in the following core budget(s): Elections

1a. What strategic priority does this program address?

This program provides a mechanism by which Missouri voters can make informed decisions on proposed ballot initiatives and amendments. By publishing the full-text of the proposed ballot measures, voters can read, in its entirety, the proposed changes or additions, and thus make a decision based on a full understanding of the issue, not merely on an abbreviated synopsis or sound bites.

1b. What does this program do?

This requirement provides for the publication in local newspapers of the full text of statewide ballot measures as required by the Missouri Constitution and Missouri law. The expenditure of this requirement is dependent upon how many measures are placed on the ballot by initiative petition or by a joint resolution passed by the General Assembly.

2a. Provide an activity measure(s) for the program.

Through this program, the full text of statewide ballot measures are printed in newspapers across Missouri.

2b. Provide a measure(s) of the program's quality.

2c. Provide a measure(s) of the program's impact.

Based on circulation numbers, millions of Missourians are serviced by the newspapers in which the full text of statewide ballot measures are printed. Therefore, millions of potential voters are provided an opportunity to review the full text of proposed issues before voting on those measures.

PROGRAM DESCRIPTION

Department Secretary of State

Program Name Elections

HB Section(s):

12.085

Program is found in the following core budget(s): Absentee Ballots

1a. What strategic priority does this program address?

The priority for this program is to assure that the Secretary of State's office can be in compliance with the requirements of 115.285, RSMo.

1b. What does this program do?

This program allows voters to return their absentee ballots to their local election authority at no expense to the voter. The local election authority prints a business reply permit on absentee ballot envelopes. The Secretary of State, through this appropriation and in compliance with the requirements of 115.285, RSMo, reimburses the local election authority for the expenses incurred.

2a. Provide an activity measure(s) for the program.

116 local election authorities and thousands Missouri voters who cast absentee ballots.

In Calendar Year 2010, 173,639 absentee ballots were cast.

In Calendar Year 2012, 271,972 absentee ballots were cast.

In Calendar Year 2014, 137,006 absentee ballots were cast.

In Calendar Year 2016, 417,096 absentee ballots were cast.

In Calendar Year 2018, 296,251 absentee ballots were cast.

In Calendar Year 2020, 1,181,592 absentee and mail in ballots were cast.

2b. Provide a measure(s) of the program's quality.

The quality measure of this program is to allow a voter to return their absentee ballot without personally incurring the cost of postage.

2c. Provide a measure(s) of the program's impact.

Missouri law provides for a six (6) week period during which voters who will be unable to vote in-person can do so utilizing the absentee ballot process. During the last six general election cycles, 2,477,559 absentee ballots were cast. Through this program, voters returning their absentee ballots via the mail are not required to cover the costs of postage. Postage for first class flats was increased by 16 cents a piece effective August of 2021.

2. CORE DESCRIPTION

This federal program provides funds to states to improve the administration of elections. This includes improving access to the elections process to those with disabilities, maintaining a statewide voter registration database with access by all local election authorities, and creating voter education and poll worker training programs. Federal funds have been received through guidelines of the United States Elections Assistance Commission (EAC) and interest has accrued. Prior to FY20, a transfer from the Elections Subsidy Fund was made annually that provided for federally required matching for maintenance requirements and supported other Help America Vote Act activities. Beginning in FY20, the annual transfer now comes directly from General Revenue and all special elections, as well as federally required matching for maintenance requirements, will be paid from this appropriation.

| | | | |
| Pro | ogram is found in the following core budget(s): Elections | | |
| 1a. | . What strategic priority does this program address? Election efficiency and security | | |
| | . What does this program do? The Help America Vote Act of 2002 (HAVA) along with the 2018 HAVA Election Security Grants administration of elections, with the most recent grants having an emphasis on election cybersec equipment, improving access to the elections process for those with disabilities, updating a state election authorities (LEAs), election improvements, and creating voter education and poll worker | urity. The grants also included fu wide voter registration database v | unding for upgrading |

With the passage of SB592 in 2018, all special election costs will now be paid from this appropriation.

2a. Provide an activity measure(s) for the program.

A statewide voter registration database accessible to all election authorities was implemented and ongoing maintenance and enhancements are being made to better serve the needs of the LEAs; poll workers, including election judges, are receiving ongoing training to comply with HAVA regulations as well as changes in Missouri election laws; LEAs have been offered poll worker training; information on voter registration and polling place look up have been made available on the SOS website; complaint procedures have been implemented; initiative and referendum petitions submitted have been timely processed; \$3 million has been made available in the past three fiscal years for voter list maintenance activities.

2b. Provide a measure(s) of the program's quality.

The Secretary of State must comply with HAVA and state election laws to provide for the distribution and monitoring of federal funds, voter education, poll worker training, voting system qualification, maintenance of a statewide voter registration database, and other election related activities.

2c. Provide a measure(s) of the program's impact.

This program continues to assist 116 LEAs and over 4 million registered voters in the State of Missouri to continue to provide the resources to conduct elections.

| 2a. | . Provide an activity measure(s) for the program. | | |
| | | | |
| | From FY15-FY21, the MHRAB and State of Missouri, with financial assistance from | | |
| | Commission (NHPRC), has provided both professional development and public we | | |
| | Topics have included genealogy, records digitization, electronic records managem | ent, disaster preparedness, reference services an | id oral |
| | history. Total attendance for the 54 workshop offerings was 1200. | | |
| 1 | | | |

2b. Provide a measure(s) of the program's quality.

Many individuals attended more than one workshop, in some cases attending four or more.

2c. Provide a measure(s) of the program's impact.

Since FY15, the MHRAB has provided workshops for 1200 individuals from colleges/universities, historical societies, genealogical societies, local/state government, museums and religious organizations, as well as the general public.

2d. Provide a measure(s) of the program's efficiency.

One thousand two hundred (or ninety-three percent) of the 1285 available registrations in these 54 workshops were filled. Workshop attendance in urban areas tended to be higher.

PROGRAM DESCRIPTION Department Secretary of State HB Section(s): 12.105 Program Name Records and Archives Interface Program is found in the following core budget(s): Local Records Grants HB Section(s): 12.105 1a. What strategic priority does this program address? Local Records Preservation Grants promote good records management practices and encourage local governments to actively address their recordkeeping. 1b. What does this program do? Local Records Preservation Grants provide financial assistance and implementation guidance to local governments and political subdivisions with taxing authority for approved records management and/or preservation projects. 2a. Provide an activity measure(s) for the program. The Local Records Preservation Grant Program has funded 1,111 grants. These include 458 grants to counties, 349 grants to cities, 278 grants to school districts, and an additional 26 grants were awarded to fire districts, water districts and other local government agencies. This total includes ongoing emergency grants made to Carter County to recover/stabilize and image records immersed in the courthouse flood of April 2017.

2b. Provide a measure(s) of the program's quality.

See 2a and 2c

2c. Provide a measure(s) of the program's impact.

The grant program provides funding, primarily, for reformatting records and improved storage. Through the program, local government records are imaged, and storage microfilm is created for preservation in the Records and Archives Division microfilm vault. This is a best practice for preservation and disaster preparedness. Through FY21, 22,667 rolls of microfilm have been produced through the grant program. These rolls contain approximately 32.9 million pages of local government records.

PROGRAM DESCRIPTION

| Department Secretary of State | Н |
|-----------------------------------|---|
| Program Name Records and Archives | |

IB Section(s):

12.110

1a. What strategic priority does this program address?

Program is found in the following core budget(s): Document Preservation

The Document Preservation Fund was created in 1996 to allow the Missouri State Archives to accept donations for the specific purpose of preserving and making available to the public documents of importance to the State of Missouri.

1b. What does this program do?

The State Document Preservation Fund consists of all moneys received by the Missouri State Archives from gifts, bequests, or contributions for the specific purpose of preserving legal, historical, and genealogical materials and making them available to the public. The Document Preservation Fund allows the Archives to seek assistance from the private sector to help save state government documents, which might otherwise be lost, destroyed, or inaccessible to the public. Various projects include grant administration, work on the St. Louis Judicial Records Project, or other special projects that make records available to the public as described in RSMo 109.005.

2a. Provide an activity measure(s) for the program.

During FY08 and FY09, funds from the Document Preservation Fund were spent making death certificates more accessible online. The effectiveness of this expenditure can be seen in the decline in physical death certificate requests from 15,455 in 2006 to almost none from 2009 to the present. More recent preservation and access projects include records for the Missouri Supreme Court, Union Veterans Home, and early Land Sales. In FY17, the photographic prints of Missouri's first state photographer, Gerald R. Massie (1911-1989), were digitized with funds from the document preservation fund for easier access.

PROGRAM DESCRIPTION

Department Secretary of State

Program Name State Aid for Public Libraries

Program is found in the following core budget(s): State Aid for Public Libraries

1a. What strategic priority does this program address?

State Aid for Public Libraries makes a vital contribution to improving public library services for Missourians. The program provides funds to public libraries that meet the requirements specified in the Missouri Constitution, Article IX, Section 10 and in RSMo 181.060. Public libraries having a minimum voted tax of local government support equal to ten cents per \$100 of assessed valuation are eligible to receive funds from this program. The average tax rate is set at \$.2066.

1b. What does this program do?

While public libraries in Missouri are funded primarily through property taxes, this program provides funds that help bridge local variations in funding due to differences in local property valuations and voted tax rates. In large cities and small towns alike, libraries serve as community anchors and provide baseline access to government services, economic opportunity, and support for students. In many communities, public libraries provide the only no cost high speed internet access, heavily used by people seeking jobs, filling out application forms, researching business opportunities, participating in online classes, or filing their taxes. For children, public libraries support early learning and education through storytimes, summer reading programs, and help with homework. State aid funds are used for computer technology or other equipment, Internet connectivity, print and digital resources, and library staff.

State aid applications are submitted annually for review and certification by the State Librarian. Once approved, local library boards of trustees decide how to allocate these funds according to the highest local needs and priorities. The Secretary of State and the State Library provide service guidelines through the Missouri Public Library Standards. These Standards provide benchmarks for per capita income, hours of service, amount of funds to be budgeted for library collections, and guidelines for determining current and future community technology needs. Many libraries in Missouri currently struggle to meet the Missouri Public Library Standards. State aid funding provides modest support for libraries moving to meet the benchmarks.

2a. Provide an activity measure(s) for the program.

Population Served:

| | 2018 | 2019 | 2020 |
|----------------------------|-----------|-----------|-----------|
| Eligible library districts | 161 | 159 | 160 |
| Population | 5,481,977 | 5,460,313 | 5,457,118 |

2b. Provide a measure(s) of the program's quality.

Individual libraries survey their users on satisfaction with services provided. In addition, program attendance and check out statistics are collected.

2c. Provide a measure(s) of the program's impact.

Most Missourians recognize the value of library service, and have a library card:

| Number of Missourians with a library card, from statistical report |
|--|
| Percent of population of library districts |
| Total materials borrowed from libraries |

| 2018 | 2019 | 2020 |

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Please note: the FY20 budget includes \$1,000,000 that was paid to the Harry S. Truman Library.

4. What are the sources of the "Other " funds?

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMo Ch. 181.060; Mo Constitution, Article IX, Section 10

6. Are there federal matching requirements? If yes, please explain.

Expenditures made from this appropriation are used to meet the 34% match required on the grants received from the Institute of Museum and Library Services.

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

| Department: Secretary of State | HB Section(s): | 12.120 |
|---|----------------|--------|
| Program Name: Remote Electronic Access for Libraries Program (REAL) | | |
| Program is found in the following core budget(s): REAL Program | | |
| | | |

1a. What strategic priority does this program address?

To provide Missourians with expanded services for learning and equity of access to quality library resources, services and technology to support individuals' needs for education, lifelong learning, and digital literacy skills.

1b. What does this program do?

The REAL Program provides internet access, network security, training, technical support, and peripheral services for public libraries, as well as licensing of shared electronic reference resources available to Missouri's participating public libraries, K-12 schools, higher education institutions and state agencies.

Public libraries serve as the sole source of high speed internet access for many Missourians, especially in our rural communities. In order for Missourians to compete in an online environment for jobs and business revenue, they need a basic level of computer skills and access to internet resources. Using local library's high speed internet access, patrons access government forms, apply for jobs and receive essential online training courses. As schools continue to increase their use of electronic resources in their curricula, public libraries often provide the only means for students to complete research and online assignments outside school hours, particularly for those who have no Internet-enabled device or lack reliable or affordable Internet access at home.

Beginning in March 2020 and continuing throughout the pandemic, public libraries have served an even more essential role, enabling access to wi-fi network connectivity outside their buildings (into the parking lot), providing hot spot/mi-fi device checkout to enable Internet connectivity in homes and other remote locations and wi-fi enabled devices for patron and community use, all in support of the immediate and ongoing shift to remote learning, working and health care.

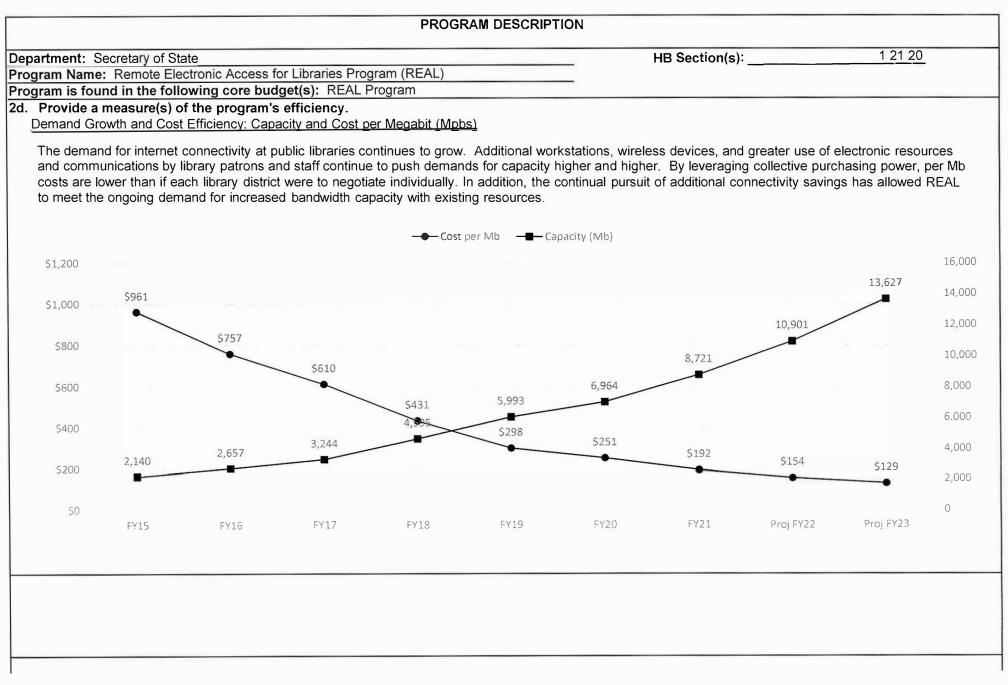

To meet the ongoing demand for Internet access to serve their local communities, the three-year average bandwidth growth across all REAL Program participating library connections is nearly 24%. The American Library Association (ALA) currently recommends connections of 100 megabits per second (Mbps) for libraries serving populations of 50,000 or less and 1 gigabit per second (Gbps) for libraries serving populations larger than 50,000. Today, thirteen REAL participating library connections meets the ALA recommendations for 100 Mbps for a population of 50,000 or less.

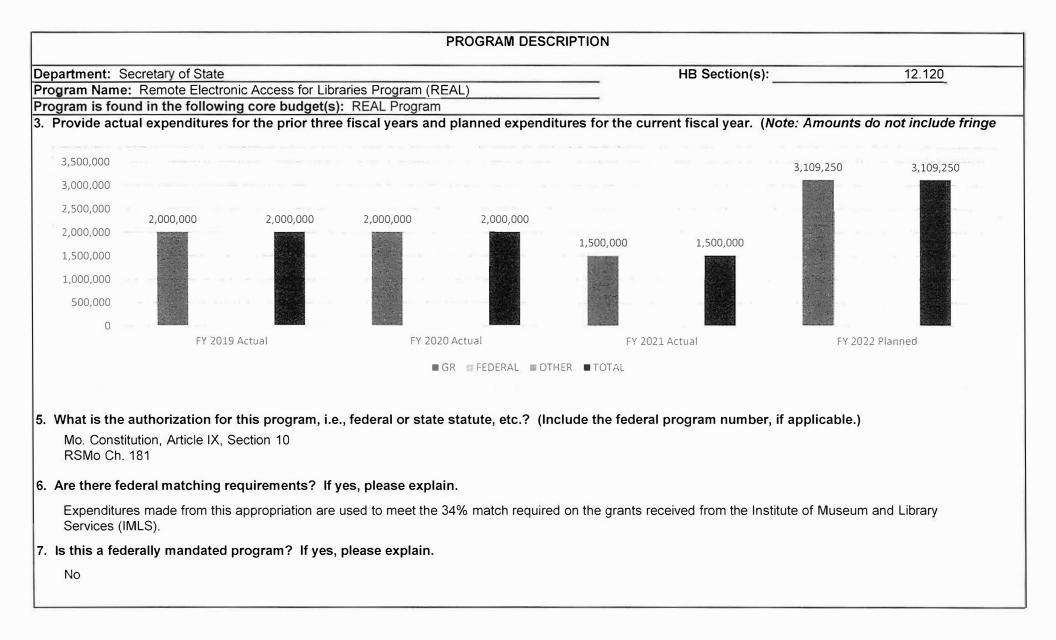

The REAL Program appropriation includes funding for several types of database services including a general periodicals database, downloadable ebooks, K-12 research resources, genealogical and historical sources, as well as resources for health, business, and other popular research topics. These services are heavily used by all types of libraries and are also available to state agencies. Without this program, individually most public libraries and schools would be unable to afford access to electronic information resources. Those that are able to afford access would individually pay a considerably higher per capita cost for these resources, thus wasting scarce taxpayer dollars. For example, the fiscal year 2020 cost for one such statewide product license is \$667,182. If instead of a statewide license, every participating K-12 school, public library and higher education institution had to acquire its own individual license, the total combined cost to taxpayers would exceed an estimated \$10 million.

The Missouri Research and Education Network (MOREnet) offers essential technical services and maintains a high-capacity, high speed statewide telecommunications network in the State of Missouri. The Remote Electronic Access for Libraries (REAL) Program is one of the contractual programs for MOREnet.

NOTES:

LSTA funds may be spent over a two-year period. Sufficient appropriation authority is needed to allow for fund management during periods when funds are encumbered from two grant allocations.

PROGRAM DESCRIPTION

Department Secretary of State

Program Name Federal Aid for Public Libraries

Program is found in the following core budget(s): Federal Aid for Public Libraries

1a. What strategic priority does this program address?

The purpose of the Library Services and Technology Act Fund (LSTA) is to promote literacy, education and lifelong learning and to enhance and expand the services and resources provided by libraries, including those services and resources relating to workforce development, 21st century skills and digital literacy skills.

1b. What does this program do?

The Missouri State Library is the State Library Administrative Agency for LSTA funds awarded annually to Missouri. Based on needs identified by Missouri libraries and a formal evaluation of the 2013-2017 State Five Year Plan, approved by the Institute of Museum and Library Services (IMLS), the federal agency which administers the LSTA funds, the Missouri State Library developed a Five Year Plan for 2018-2022. As required, the Plan was reviewed and approved by IMLS.

To implement the 2018-2022 Five Year Plan, the Missouri State Library developed programs to:

- 1. Build and sustain information resources
- 2. Target library and information services
- 3. Strengthen the library workforce

2a. Provide an activity measure(s) for the program.

Number and grant award amounts to local libraries:

| | FY2018 | FY2019 | FY2020 | FY2021 |
|------------------------------|-------------|-------------|-------------|-------------|
| Local Library Project Grants | 180 | 188 | 194 | 220 |
| Amount Awarded | \$1,536,298 | \$1,521,036 | \$1,907,719 | \$1,961,450 |

Statewide early literacy initiative:

| | FY2018 | FY2019 | FY2020 | FY2021 |
|--------------------------------|-----------|-----------|-----------|-----------|
| Participating public libraries | 117 | 119 | 125 | 125 |
| Library Service Population | 5,212,597 | 5,127,976 | 5,237,260 | 5,248,113 |

2b. Provide a measure(s) of the program's quality.

Library staff consistently give high ratings to training provided. Survey results from the annual continuing education survey show that CE training events are perceived by most participants as being an effective tool for increasing understanding of new library practices and procedures. Furthermore, most participants report sharing information with other staff and applying what they have learned to programming and services.

2c. Provide a measure(s) of the program's impact.

All grant applications require detailed evaluation plans. For state FY21, 220 of 268 grant applications were awarded LSTA funding. This indicates most libraries submitting applications were able to follow grant guidelines and propose projects that met requirements for appropriate use of funds in their communities. Grantees are required to report impact of their individual projects and describe how services are improved through acquisition of up-to-date technology or programs to reach populations with difficulty using libraries due to transportation or other barriers.

2d. Provide a measure(s) of the program's efficiency.

The independent evaluator of Missouri's LSTA FY2013-2017 Plan stated: "In the opinion of the evaluators, the Missouri State Library has, using the measure of leveraging a small amount of money to accomplish major results by strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its five-year LSTA Plan for 2013 – 2017. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

PROGRAM DESCRIPTION Department Secretary of State HB Section(s): _____12.135 Program Name Library Networking Fund Transfer Program is found in the following core budget(s): Library Networking Fund Transfer 1a. What strategic priority does this program address? This program provides funds to Missouri public libraries and is to be used to purchase materials for the library collections. The materials purchased can be for adult, teens and children and can be in print, audio, visual or electronic format.

1b. What does this program do?

State statute (143.183 RSMo) requires the transfer of ten percent of the estimated revenues generated by the income tax on out-of-state athletes and entertainers to the Library Networking Fund for distribution to public libraries for purchase of library materials, adding to the funding used to meet Missourians' need for accurate and reliable information from libraries. In addition to this transfer, monies received from gifts, contributions, grants or bequests from federal, private or other sources may also be deposited to the Library Networking Fund (RSMo182.812) and used according to the purposes of the gift or grant. Special reporting categories are put in place to track all expenditures. Interest accrued to the Library Networking Fund may also be spent for the purposes of the fund.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION Department Secretary of State 12.135 Program Name Library Networking Fund Transfer 12.135 Program is found in the following core budget(s): Library Networking Fund Transfer 12.135 2d. Provide a measure(s) of the program's efficiency. Research studies show that children and teens who read over the summer months suffer less learning loss. These funds allow libraries to boost the availability of appealing reading materials for youth. Electronic books (eBooks) have helped libraries increase their circulation totals. Increasing the number of e-titles a library has helps it serve their entire community and reach new library users. Students and adults find accurate, reliable information in their local libraries. Information in rapidly changing fields such as health and consumer information is accessed to make informed decisions, search for jobs, plan career changes, and inform themselves as citizens.

PROGRAM DESCRIPTION Department Secretary of State HB Section(s): 12.130 Program Name Library Networking Fund Program is found in the following core budget(s): Library Networking Fund 1a. What strategic priority does this program address? This program provides funds to Missouri public libraries for materials in any format to meet citizens' needs. 1b. What does this program do? In fields where information changes rapidly, such as health, sciences, business, and consumer information, new items must be purchased regularly to avoid incorrect and sometimes harmful information. Families need interesting, well-written, attractive materials to develop children's interest in reading and learning, whether or not they can afford to purchase them. Reading aloud to young children has been found to be a major factor in school readiness and later reading achievement. Students and adults find accurate, reliable information in their local libraries. Information in rapidly changing fields such as health and consumer information is accessed to make informed decisions, search for jobs, plan career changes, and inform themselves as citizens. In accordance with 143.183 RSMo, ten percent of the annual estimate of taxes generated from the nonresident entertainer and professional athlete income tax is to be allocated and transferred to the Library Networking Fund for distribution to public libraries. In addition, gifts, contributions, grants and beguests from federal, private, or other sources may also be deposited to the Library Networking Fund and used according to the purpose of the gift or grant. Interest accrued to the Library Networking Fund may also be spent for the purposes of the fund.

2a. Provide an activity measure(s) for the program.
