**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The department has approximately 1,100 Probation and Parole staff who supervise offenders on community supervision. The department currently has 135 vehicles assigned to the field offices for those 1,100 staff to utilize for field visits, investigations, and other field work. The department has shifted the emphasis in community supervision from office visits to field work and expecting staff to spend more time supervising offenders in the field. With this relatively small number of vehicles, staff are often forced to use their personal vehicles for field work. The department feels this practice is not safe or appropriate and is requesting funding to increase the Probation and Parole vehicle fleet. Approximately 60% of field staff time is to be community based

supervision. Therefore the department is requesting a total fleet size of approximately 660 vehicles (60% of 1,100 field staff) minus 25 vehicles for vacant positions and staff completing training.

Given the supply chain shortages and delays, which have been particularly impactful on vehicle purchases, the department intends to utilize leasing (as opposed to direct purchase) for the fleet procurement. This request also contains funding to equip the entire department with telematics for vehicle location services, reporting on usage, and monitoring of type of use. This technology will improve staff safety, streamline the administrative duties of fleet management, and improve the department's ability to ensure that all state vehicles are being used and treated appropriately.

While a portion of the maintenance costs and fleet fees associated with the vehicle increase can be absorbed due to the reduction of mileage reimbursement paid to staff, a portion of this request is for the on-going costs associated with the fleet increase.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Beginning in FY2019, the department received an annual \$1,000,000 appropriation from the Volkswagen Settlement Trust. The appropriation was used to replace qualifying diesel vehicles in the department's vehicle fleet per the terms of the settlement agreement. FY2022 was the last year that these funds were to be available to the department, so the funds were core reduced in the FY2023 budget request. The last six vehicles ordered in FY 2022 did not come in due to supply chain issues and are not projected for delivery until FY2024. This request is for the spending authority to complete the purchase of the final six vehicles ordered in FY2022.

**2. CORE DESCRIPTION**

The Wage & Discharge appropriation is utilized to comply with statutory obligations of providing wages to approximately 23,000 incarcerated offenders and providing transportation services, clothing, and discharge monies to offenders, as necessary, upon release. These funds also support the wages of offenders performing specialized or semi-skilled work assignments across the institutions, especially in the areas of computer programming and facility maintenance. The decline in the offender population has allowed the department to revisit the pay structure for offender wages and increase the number of premium pay positions.

**2c. Provide a measure(s) of the program's impact.**

This was a new measure in FY20 related to the new risk reduction instrument. The first period of measurement is with FY20 actual. This measure is of Moderate, High, and Very High risk level offenders based on ORAS assessments and their enrollments in Pathway to Change and Impact on Crime Victims classes. This number is below target. We are targeting higher risk offenders who have more behavioral issues and as such are not available to attend in seat programs. In addition, we reduced the number of offenders in these classes due to social distancing for COVID.
