Missouri Department of Mental Health Department Overview

The Missouri Department of Mental Health (DMH) was first established as a cabinet-level state agency by the Omnibus State Government Reorganization Act, effective July 1, 1974.

State law provides three principal missions for the department: (1) the prevention of mental disorders, developmental disabilities, substance use, and compulsive gambling; (2) the treatment, habilitation, and rehabilitation of Missourians who have those conditions; and (3) the improvement of public understanding and attitudes about mental disorders, developmental disabilities, substance use disorder, and compulsive gambling.

The seven-member Missouri Mental Health Commission serves as the principal policy advisory body to the department director. The department is composed of three divisions: the Division of Behavioral Health, the Division of Developmental Disabilities and the Division of Administrative Services, as well as seven support offices.

DMH serves approximately 170,000 Missourians annually through state-operated facilities and contracts with private organizations and individuals. The six state-operated psychiatric facilities include inpatient psychiatric care for adults and children, as well as sex offender rehabilitation and treatment services. In addition, four habilitation centers, three community waiver programs, two community-based crisis programs, five regional offices and six satellite regional offices serve individuals with developmental disabilities. Other services are purchased from a variety of privately operated programs statewide through approximately 1,300 contracts managed annually by DMH.

DEPARTMENT:	Department of Mental Health (DMH)
DIRECTOR:	Valerie Huhn
DEPARTMENT ASPIRATION:	DMH will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models, and improving total health-physical, mental, and emotional well-being of all Missourians.
HIGHLIGHTS FROM FY22-FY23	<ul style="list-style-type: none"> Utilized telehealth technology through StationMD to provide health assessments to prevent unnecessary hospitalizations. Addressing DD provider rate inequities as part of a four-year corrective action plan approved by the Centers for Medicaid and Medicare Services (CMS). Provide funding to eliminate the DD wait list for individuals in need of residential services and in-home services. The continuation of the Certified Community Behavioral Health Organization Prospective Payment System (CCBHO PPS) model continues to increase faster access to services. The CCBHO agencies are significant centers of employment in many communities and the PPS allows them to attract and retain more qualified staff. DBH expects to have statewide coverage by January 2023. Continue working with the case management contractor, FEI Systems, to develop an electronic case management system for DD. Addressing capacity concerns in state psychiatric facilities for individuals ordered to treatment and waiting in county jails. Continue to address the opioid epidemic and the disproportionate number of African American individuals who die in St. Louis by providing faith and community based recovery support services and treatment. Operationalized 10 of the 18 Behavioral Health Crisis Centers (BHCC), with the remaining expected to be up and running by December 2022. Youth Behavioral Health Liaisons (YBHL) were introduced to the state, providing stakeholders such as Children's Division (CD), courts, juvenile officers and schools a direct link to behavioral health. Currently, 23 YBHL positions are filled. Comprehensive Substance Use Treatment transformation implementation has begun, with the first provider transitioning to the new clinical and reimbursement approach, American Society for Addiction Medicine's (ASAM) patient placement model, on July 1, 2022. The remaining providers will follow suit over the next few years. The launch of 988 occurred on July 16th, 2022. The in-state answer rate has exceeded the national expectation. Develop a strategic plan for improving use of information technology including CIMOR replacement, development of a new enterprise data warehouse, and acquisition of an electronic health record system for use by state-operated facilities. Planning and development of procurement for the electronic health record system. Reduce state case manager caseloads by contracting for services. Provide support for capital improvement projects funded through the American Rescue Plan Act (ARPA) improving the health and well-being of Missourians.
FY24 PRIORITIES	<ul style="list-style-type: none"> Address the direct care workforce shortage by funding pay increases for state employees and increase provider pay. Identify and implement strategies to address waitlists for services. Expand access to Autism diagnosis and treatment for Missouri families awaiting services throughout Missouri and through funding for two new Autism services sites in under-served areas of the state. Continue to build capacity for 988 and crisis mobile team implementation to establish a full crisis continuum, so all Missourians in crisis, including those with complex diagnoses, have 24/7 access to someone to talk to, someone to respond, and somewhere to go that meets their needs. Encourage and support partnerships between our behavioral health service providers and federally qualified health centers to further integrate care. Implement and stabilize the DD case management system with the case management contractor, FEI Systems. Continue implementation to a new Comprehensive Substance Treatment and Rehabilitation (CSTAR) clinical and payment model (ASAM) that better supports use of evidence-based practices and better reimburses agencies for actual costs. Continue to modernize the DD service payment system through targeted VBP methodologies, focused on connecting provider reimbursement to key outcomes.

Department strategic overview: FY24 Budget	
DEPARTMENT:	Department of Mental Health (DMH)
FY24 PRIORITIES (con't.)	<ul style="list-style-type: none"> • Work with CMS to implement the HCBS FMAP Enhancement opportunity for DBH by expanding access, modernizing IT infrastructure, and training. • Continue to address capacity concerns in state psychiatric facilities for individuals ordered to treatment and waiting in county jails by opening a new 25-bed ward at FTC-North in St. Louis. • Continue to address the opioid epidemic and the disproportionate number of African American individuals who die in St. Louis by providing increased distribution of naloxone and creating a community grant program for local organizations who provide recovery-oriented services and outreach. • Begin implementation/developmental work for electronic health record system to be used in state-operated facilities. • Partner with DSS and the Children's Division to enhance placement and treatment opportunities to avoid unnecessary or lengthy hospitalizations. • Renovate and remodel group homes and cottages in DBH facilities to make them ADA compliant. • Address the acute shortage of mental health residential placements through reconceptualization of current DD space resources to maximize underutilized placement capacity. • Strengthen collaboration between DD and DBH with DMH providers to develop capacity and systems to support individuals with dual intellectual/developmental disabilities (I/DD) and behavioral health diagnoses. • Move toward a reimbursement model for DBH providers still under a fee-for-service payment methodology which will improve recruitment, provide quality evidence based practices and quicker access to care. • Modernize DD Service IT infrastructure and data interoperability to enhance quality oversight to successfully manage outcomes and costs relative to whole person health by capitalizing on the HCBS Enhanced FMAP opportunity. • Continue funding Recovery Community Centers as a low barrier/easily accessible service to promote recovery and reduce crime. • Provide ongoing support for Youth Behavioral Health Liaisons which will allow assistance in getting youth the assistance needed and will allow for increased care coordination. • Implement DD Health Home to serve Missourians with intellectual and developmental disabilities and treatable, chronic health conditions in order to live longer, healthier lives.
FY25 PREVIEW	<ul style="list-style-type: none"> • Continue addressing the direct care workforce shortage through VBP, tying key outcomes to rate levels to ensure access to quality care. • Modernize the DD and DBH service payment system through targeted VBP methodologies, focused on connecting provider reimbursement to key outcomes. • Close out implementation of the DD electronic case management system and begin operation and maintenance. • Continue modernizing DD Service IT infrastructure and quality oversight to successfully manage outcomes and costs relative to whole person health by capitalizing on the HCBS Enhanced FMAP opportunity. • Reduce the length of wait time for admission and overall length of stay for individuals found by the courts to be incompetent to proceed to trial. • Continue increased access to services that result in decreased hospital admissions, emergency room visits, and criminal justice involvement for individuals served by Certified Community Behavioral Health Organizations (CCBHO). • Convert any remaining fee-for-service reimbursement methodologies to alternative cost and value-based methods. • Continue to support 988 and a full crisis care continuum in the state. Ensure that individuals experiencing a crisis have the care they need through regional crisis call centers, crisis mobile team response, and Behavioral Health Crisis Centers facilities. • Continue improving access to Recovery Community Centers by increasing the services available statewide. • Continue implementation phase of electronic health records system. • Continue funding Recovery Community Centers as a low barrier/easily accessible service to promote recovery and reduce crime.

- Updated shift differentials for staff working in 24/7 congregate care facilities to \$2 per hour for evening and overnight shifts; and,
- A market-based pay increase for non-commission based executive agency directors (based on the 2019 State of Missouri Compensation & Benefits Study commissioned by CBIZ, aged by 10.7% to July 2022, based on private and public sector data for neighboring states only; or a 4.33% COLA for directors already making the CBIZ rate, based on the lowest percent increase given to directors currently being paid under the CBIZ rate).

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amount for the Fiscal Year 2024 pay plan was based on an 8.7% pay increase for employees, updating shift differentials for staff working in 24/7 congregate care facilities to \$2 per hour for evening and overnight shifts, and adjustments to department director salaries based on the 2019 State of Missouri Compensation & Benefits Study commissioned by CBIZ.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding is requested to compensate for the change in the Federal Medical Assistance Percentage (FMAP). Each year the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. Effective October 1, 2023, the blended FMAP rate will increase from 65.948% to 66.005%. The enhanced FMAP rate for the CHIP children, the Women with Breast or Cervical Cancer program, and the Certified Community Behavioral Health Organization (CCBHO) Demonstration program will increase from 76.165% to 76.205%. This change will result in a net cost shift from GR to Federal funds for the Departments of Mental Health, Health and Senior Services, and Social Services. In order to realign the federal match, the Governor recommended an NDI for additional federal authority as well as corresponding core reductions in general revenue authority.

The Federal Authority is Social Security Act 1905(b).

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Since the federal fiscal year (FFY) does not begin until the second quarter of the state fiscal year (SFY), a SFY blended rate is applied to the SFY core funding. This blended rate is derived by adding the old FFY rate (65.81%) for three months (July thru September) and the new FFY rate (66.07%) for nine months (October thru June) and dividing by 12 months, resulting in a SFY blended rate of 66.005%. This same procedure is applied to the enhanced federal match for the CHIP program, the women with Breast or Cervical Cancer program, and the CCBHO Demonstration program. The enhanced old FFY rate of 76.07% for three months (July thru September) and the new FFY rate of 76.25% for nine months (October thru June) results in an enhanced SFY blended rate of 76.205%. In order to continue current core funding, these blended rates are applied to the SFY22 core funding resulting in a revised mix of federal and state shares while maintaining the same total. Additionally, for Foster Care the participation rate (# of children eligible for IV-E FMAP) dropped from 50.36% to 47.03%. Based on a review of all program cores and the change in FMAP, the below increases are needed to maintain total funding at the correct level.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Facilities are required by accreditation and certification to provide appropriate patient care as well as necessary medical care. Consumers in state facilities, like the general population, are facing growing costs for medical care. Additionally, facilities providing inpatient services are facing growing costs for food. State facilities must comply with dietary standards adopted by the federal government which require providing a minimum number of servings of fruits and vegetables per day. Increased costs have severely eroded facility expense and equipment budgets and make it difficult to meet the federal government requirements and special dietary needs of the population served. This decision item requests funding for the ongoing inflationary costs to provide medical care and provide food to consumers.

Well over half of the 170,000 individuals served by the Department of Mental Health are Medicaid-eligible. The percentage of existing Medicaid-eligible individuals accessing DMH Medicaid services continues to grow annually beyond overall Mo HealthNet caseload growth for reasons such as the following:

- Many adults experiencing first-break mental illness or children and youth experiencing severe emotional disorders are already Medicaid-eligible but have not previously sought DMH treatment;
- Medical health care providers are becoming more aware of the impact of mental illness and substance use disorders (SUD) on physical health conditions, and are becoming increasingly sophisticated in diagnosing them;
- The Division of Developmental Disabilities (DD) will fund waiver services for children transitioning out of the Children's Division in FY 2024;

PROGRAM DESCRIPTION**Department: Mental Health****HB Section(s): 10.005****Program Name: Administration (Director's Office)****Program is found in the following core budget(s): Director's Office****1a. What strategic priority does this program address?**

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

The Office of Director, with the advice of the Mental Health Commission, is responsible for the overall operations of the Department of Mental Health, its two clinical divisions and their facilities, one administrative division, support offices, and central office. The director's duties include planning, supervising, and evaluating the provision of mental health services for Missourians with mental disorders, developmental disabilities, and substance use disorders.

The Director's Office has a leadership role in the department's efforts to establish state policies, standards, and outcomes for state programs that affect mental health. The Director's Office is active in the development of policies and standards in MO HealthNet and insurance as these relate to the population served by the department. The Department of Mental Health works with other agencies to define target populations, develop interagency agreements, needed legislation, and interagency funding strategies in collaboration with local entities and consumers.

The Mental Health Commission, composed of seven members, appoints the director of the Department of Mental Health with confirmation by the state Senate. Commissioners are appointed to four-year terms by the Governor, also confirmed by the Senate. The commissioners serve as principal policy advisers to the department director.

The Commission, by law, must include an advocate of community mental health services, a physician who is an expert in the treatment of mental illness, a physician concerned with developmental disabilities, a member with business expertise, an advocate of substance use disorder treatment, a citizen who represents the interests of consumers of psychiatric services, and a citizen who represents the interests of consumers of developmental disabilities services.

2. CORE DESCRIPTION

Senate Bill 367, passed in the 2005 legislative session, allows employees providing direct client care in state institutions that are operated 24 hours per day, 7 days per week to request payment in lieu of compensatory time off. These requests may be made and must be paid each month. This includes federal, state, and holiday time.

In FY 2008, a departmentwide overtime appropriation was created for greater flexibility across all facilities to meet the legislative requirements for overtime pay. To ensure payments are made as required, one-half of the new funding received in FY 2007 in each direct facility appropriation was reallocated into this new departmentwide HB Section.

 Restricted includes any extraordinary expenditure restrictions (when applicable).

NOTES:

- (1) Lapse amount for Federal funds occurred as a result of lower collections to support spending authority.
- (2) \$115,072 unexpended general revenue is due to reduced fourth quarter allotments.
- (3) FY 2020 increase in authority due to addition of Pandemic Stipend. Unexpended Pandemic Stipend funds in FY 2020 (\$8,175,000 GR and \$4,070,736 Federal Funds) and FY 2021 (\$8,175,000 Federal Funds) are due to the use of Federal COVID-19 Relief Fund in lieu of DMH funding.
- (4) FY 2022 appropriation increased to procure and implement an electronic health record system for use in all of the department's hospitals and facilities. The Pandemic Stipend was reduced from core for the FY 2022 budget. Unexpended Electronic Health Records (EHR) funds (\$2,661,509 GR) are due to the timing of procurement and implementation of the system.

PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.015

Program Name: Administration (Operational Support)

Program is found in the following core budget(s): Operational Support

1a. What strategic priority does this program address?

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

The Operational Support core budget includes the following offices and obligations:

Office of Public Affairs/Legislative Liaison supports the efforts of the program divisions to reduce stigma and raise awareness in the community about mental illness, substance use disorders, and developmental disabilities. This is achieved through education activities and media relations. The Legislative Liaison is responsible for the review and analysis of state and federal legislation that pertains to services provided by the Department of Mental Health. The Office monitors the progress of bills and other legislative activities, and provides legislative information to internal and external stakeholders.

Office of Disaster Services conducts planning and development activities to support a coordinated mental health response for Missourians in disaster situations. The office oversees the "Show Me Hope" program, a free crisis counseling program in response to federally declared disasters sponsored by the Federal Emergency Management Agency (FEMA) and the Substance Abuse and Mental Health Services Administration (SAMHSA).

Office of the Department Deputy Director - Sections reporting to the Department Deputy Director include **Deaf Services** which provides direction and assistance in providing necessary services to hearing impaired consumers; **Constituent Services** which represents consumers and family viewpoints in decision and policy development and ensures client rights are not violated; and the **Investigations Unit** which is responsible for conducting abuse and neglect investigations.

Trauma Services focuses on preventing and responding to staff-involved critical incidents to reduce workplace trauma exposure, improve quality of care and retain and recruit the mental health workforce. Services include, but are not limited to implementation of MO Well-Being Playbook for state operated facilities and regional offices, developing resilience and wellness programming, inventory and expansion of evidence-based approaches, trauma literacy, establishing system-wide committee to further implement policy, procedure and practice changes consistent with trauma informed care.

Human Resources is responsible for personnel recruitment and retention, employee benefits, employee grievance resolutions, workers compensation and union relations.

General Counsel is responsible for handling legal opinions and interpretations, providing legal representation for the department, developing rules and department operating regulations and conducting administrative hearings related to actions taken by the department's administrators.

PROGRAM DESCRIPTION**Department: Mental Health****HB Section(s): 10.015****Program Name: Administration (Operational Support)****Program is found in the following core budget(s): Operational Support****1b. What does this program do? (Continued.)**

Children's System of Care supports DMH by leveraging the efforts of multiple agencies and organizations, within and without the DMH structure, to meet the needs of the children served by the Department. The unit brings together decision makers who can offer a range of supports to an individual and/or family based on the concept that lasting, positive mental health involves a more holistic approach than the clinical services offered through DMH can offer by themselves.

Division of Administrative Services is responsible for processing accounts payable for Central Office, financial management, reporting and control, budget development and budget control, central office general services, fleet management, procurement and contract management, revenue maximization, MO HealthNet, Medicare and other revenue billings and collections.

Operational Support core includes funding for procurement and implementation of an Electronic Health Records (EHR) System. The EHR will be used in all of the department's hospitals and facilities.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.025

Program Name: Staff Training

Program is found in the following core budget(s): Staff Training

1a. What strategic priority does this program address?

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

This program supports training and staff development strategies for Department of Mental Health (DMH) staff and community providers which:

- Improves direct care staff skills and competencies for active treatment through training in best practices of client and consumer safety;
- Establishes consistency in training on best practices of client and consumer safety for DMH employees and employees of other service providers (e.g. Senate Board 40s);
- Increases supervisory skill sets to provide effective supervision through hands-on, accountable oversight, and coaching of the direct care workforce; and
- Provides continuing professional education resources to demonstrate DMH commitment to talented and qualified clinical staff who want to make a career in public sector mental health.

In FY 2023, DMH will replace the MELS (Missouri Employee Learning System) training system with a new Learning Management System (LMS) platform to allow facilities to streamline training to better meet certification standards required by facility staff.

DMH also manages *Caring for Missourians' Mental Health*, an initiative that addresses the state's mental health workforce crisis through several training components contracted with Missouri's two-year colleges and four-year universities. DMH enters into contracts with higher education institutions to expand high-demand programs and offer financial support to students. DMH provides tuition reimbursement, loan forgiveness, and residency support to trainees in exchange for comparable years of employment at DMH or DMH-approved providers.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

2c. Provide a measure(s) of the program's impact.

2d. Provide a measure(s) of the program's efficiency.

On average, a DMH employee is required to take 12 courses annually, primarily through MELS. These department and division-wide safety programs ensure the department and its facilities' employees hold a measure of competency within their work environment. The online courses continue to be made available on all shifts and assigned as workload permits, so not only is there a significant cost savings when compared to external training vendors, but MELS also allows facilities to provide training in a more efficient manner. In addition, facilities are now utilizing in-house knowledge experts in the creation of trainings offering DMH workers more relevant trainings, further increasing overall efficiency and cost savings.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

* Due to COVID-related training cancellations and restrictions, FY 20, FY 21 and FY 22 expenditures were limited. FY 23 includes funding for a Learning Management System.

Core:	Refunds	HB Section	10.030

2. CORE DESCRIPTION				
<p>The department makes refunds for payments from third party payers from these appropriations. Mental health facilities may bill Medicare, MO HealthNet, private insurers and other financially responsible parties for client care. From time to time, facilities may overbill or collect duplicate payments from multiple payers. In these cases, it is necessary to pay refunds promptly. Separate appropriations are necessary so that these refunds will not adversely affect the facilities' operational appropriations.</p> <p>In addition, a separate appropriation for the Debt Offset Escrow Fund allows the Department the ability to intercept tax refunds to clear debts owed for services</p>

2. CORE DESCRIPTION

This appropriation allows the Department of Mental Health (DMH) to accept federal grant funding that becomes available during a current fiscal year. Procedures consistent with the provisions of Section 630.090, RSMo. are followed.

In order to maximize the federal funding received in a fiscal year, the department needs to be able to accept and expend federal funding when it becomes available. The department utilizes this appropriation to take advantage of federal grant opportunities in a timely manner. Federal funds received are used only for a given year and if the funding continues into the next fiscal year, a new decision item is requested. Section 33.812, RSMo. requires that the department submit all new grant applications to the Office of Administration, the Budget Committee of the Missouri House of Representatives, and the Appropriations Committee of the Missouri Senate for review before accepting the federal funding.

3. PROGRAM LISTING (list programs included in this core funding)

Disability is defined by HUD for this program as someone who is seriously mentally ill, has chronic substance use disorders, is developmentally disabled, or has acquired immunodeficiency syndrome (AIDS) and related diseases. The grants provide rental assistance for permanent housing and must be matched in the aggregate by supportive services that are equal in value to the amount of rental assistance. Goals for participants in the Shelter Plus Care program include obtaining and maintaining stable housing for at least one year, maintaining physical and mental wellness and/or sobriety, obtaining employment/income, and family reunification. This core item also includes a Veteran's Administration per diem grant and GR support for homeless veteran services in St. Louis.

This item has been reallocated to the Division of Behavioral Health, in House Bill Section, Community Treatment.

2. CORE DESCRIPTION									
Federal regulations permit a Medicaid claim based on an established maximum calculation using Medicare rules. The maximum amount that could be paid is called the Upper Payment Limit (UPL). This authority provides the mechanism that allows the State of Missouri to capture additional federal funds from the UPL claim on the state-operated ICF/IID facilities (DD habilitation centers).									
The Upper Payment Limit regulation was established in 1981 and was initially designed to:									
<ul style="list-style-type: none">• Set a maximum cap/ceiling on payments to facilities;• Allow states the flexibility to pay providers differently accounting for higher costs;• Set reasonable rates that reflect the volume and costs of Medicaid services; and• Ensure that safety net services would be sufficiently funded.

2. CORE DESCRIPTION

This authority provides multiple non-counted transfers between funds. Federal Regulation requires states to establish there are sufficient state dollars available in order to draw down federal matching dollars. The following transfers allow for reconciliation and a mechanism to show match.

- Reconciles disproportionate share payments for state run psychiatric hospitals and certifies state match for Community Psychiatric Rehabilitation (CPR), Comprehensive Substance Treatment and Rehabilitation (CSTAR) Program, and Certified Community Behavioral Health Organization (CCBHO) by transferring from GR to the Department of Social Services Intergovernmental Transfer Fund.
- The Department of Mental Health (DMH) Medicaid transfer to deposit state match received from the Department of Social Services (DSS) into DMH Federal funds and then transfer same funds to GR.
- Disproportionate Share Hospital (DSH) program transfers federal reimbursements to GR to leverage additional funds to ease the burden of the uninsured.
