About Us: The Missouri Department of Higher Education & Workforce Development develops, coordinates and implements a plan that outlines how the state's postsecondary education system and public workforce system can most effectively and efficiently provide higher education to students and meet the state's workforce needs. The Office of Workforce Development administers federal and state funded employment and training programs to develop a strong talent pipeline for the state's growth nationally and globally. The department's major functions include:

Fiscal

- Coordinates and submits unified higher education operating budgets and capital improvement funding requests for Missouri's public institutions of higher education (IHEs).
- Reviews public IHEs' tuition rates and oversees tuition stabilization under the Higher Education Student Funding Act, approved by the Missouri General Assembly in 2007.

Planning

- Develops and implements a coordinated plan for higher education under the direction of the CBHE.
- Reviews the missions of Missouri's IHEs.
- Collects and analyzes higher education data and prepares reports.
- Coordinates performance funding for higher education and establishes institution-specific performance measures.

Academic Programs

- Approves new academic degree programs, including off-site programs, offered by Missouri's public colleges and universities.
- Facilitates the reverse transfer of college credit.
- Maintains a library of courses that transfer among all public and participating independent institutions.
- Develops and promotes best practices in remedial education and other programs that aim to improve college completion rates.

Workforce Development

- Administers federal and state funded employment and training programs such as: The Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, the Veterans' Employment and Training Service, and the Show-Me Heroes Program.
- Coordinates services through a statewide network of Missouri Job Centers and a self-service website.
- Helps coordinate Registered Apprenticeships among apprentices, employers, and partners. Maintains the Missouri Apprentice Connect Portal (moapprenticeconnect.com).

College Access and Success

- Conducts programs and provides publications about planning and paying for college to Missouri students and their families.
- Coordinates programs to assist students with applying for federal and state financial aid and completing college applications.
- Coordinates default prevention efforts and promotes financial literacy programs to provide information to students about making responsible financial decisions.

State Financial Aid

- Administers grant and scholarship programs for undergraduate and graduate students, including the A+ Scholarship, Bright Flight Scholarship, Access Missouri and Fast Track Workforce Incentive Grant programs.

Employment and Higher Education data

- Provides analyses and assistance to policymakers and the public, including studies of the state's economic trends, targeted industries, and labor markets.
- Collects data at the student and aggregate levels using a variety of survey instruments.

Institutional Relationships

- Coordinates agreements with out-of-state higher education institutions to reduce cost of attendance for Missouri students.
- Promotes the development of cooperative agreements between public four-year institutions that allow those with graduate degree programs to offer those programs on the campuses of four-year public institutions that do not have graduate degree programs.
- Conducts binding dispute resolution for colleges and universities.

State Guaranty Agency for Student Loans

- Administers the Missouri Student Loan Program. Although the department no longer guarantees new loans issued by the federal government, it continues to service and maintain its existing portfolio of outstanding guaranteed loans.

Higher Education Licensure

- Certifies and oversees 129 private institutions, focusing on consumer protection for students.

DEPARTMENT OF HIGHER EDUCATION & WORKFORCE DEVELOPMENT

ORGANIZATIONAL INFORMATION: DEPARTMENT DUTIES

The CBHE (CBHE) and its administrative arm, the Missouri Department of Higher Education & Workforce Development (MDHEWD), have a varied portfolio of duties. The following provides a high-level summary of those duties.

Planning is one of the department's core functions. It is responsible for developing and overseeing implementation of a coordinated plan for higher education for the state and its subregions (§173.020(4)), identifying the state's higher education and workforce needs (§173.020(2)), and delineating each institution's areas of competence (§173.005.2(9)). The department reviews each public college's and university's mission periodically and has authority to approve applications from institutions seeking to establish a statewide mission (§173.030(8)). The department collects data to use in its decision-making processes and makes those data available in the Statistical Summary of Missouri Higher Education published on the MDHEWD website.

Academic program approval and review are closely linked to the department's planning function. The department reviews new degree program proposals offered by public colleges and universities (§173.005.2(1)) and has authority to make recommendations to institutions' governing boards regarding the development, consolidation, or elimination of programs, degree offerings, and facilities (§173.030(2)).

The department is also tasked with fostering **institutional relationships** that serve the state's higher education needs. Specific responsibilities in this area include encouraging the development of cooperative agreements for the offering of graduate degrees, as well as developing arrangements for more effective and economical specialization among institutions, and for more effective coordination and mutual support among institutions in the use of facilities, faculty, and other resources (§173.020(3)).

The department coordinates public colleges' and universities' core operating and capital projects **budget requests** by establishing guidelines for public universities' requests (§173.005.2(3)), approving a community college funding model (§163.191.1), and submitting a unified budget request for community colleges (§163.191.1). Requests for operating appropriations are made based on the performance funding model the department adopted in 2012 (§173.1006.1).

The department also develops budget requests for and oversees the state's **student financial aid** programs, the largest of which are Access Missouri (§173.1103.1); the Higher Education Academic Scholarship Program, commonly known as "Bright Flight" (§173.250.3); the A+ Scholarship Program (assigned to the department by Executive Order 10-16), and the Fast Track Workforce Incentive Grant (§173.2553 & 173.2445);

The department is required to collect information from each public institution of higher education in Missouri about the **percentage change in tuition** for each academic year. The department uses this information to calculate an average tuition cost for attending a public institution in Missouri. (§173.1003).

Proprietary school certification is another of the department's important responsibilities, focusing on consumer protection. The department certifies and oversees *for-profit* proprietary schools and some *not-for-profit* proprietary schools (§173.604.1 & 173.616.1).

The department offers resources that help students plan for and complete postsecondary programs. The department's Journey to College programs support high school students as they apply for college admission and financial aid, and celebrate students' choices about attending college and participating in military service.

The department has a long history of working with colleges and universities to develop guidelines that promote transfer between institutions; a statewide library of core courses that transfer from one institution to another; and a policy fostering "reverse transfer," which allows a student who transfers from a community college before earning enough credits to receive an associate degree to be awarded an associate degree when he or she earns the remaining needed credits at the university to which they have transferred (§ 173.005.2(8)).

Senate Bill 997, a higher education omnibus bill that became law on August 28, 2016, gave the department significant additional responsibilities, many of which strengthen the department's role in promoting transfer. The department is tasked with working with an advisory committee - the majority of which must be faculty members — to develop a core curriculum that is guaranteed to transfer to another institution and a common course numbering equivalency matrix (§ 178.780 2 (10)). These provisions essentially make mandatory practices that have been voluntary in the past. The law also requires the department to evaluate and maintain data on each institution's transfer practices (§178.788.1) and to resolve disputes about transfer (§ 178.788.2).

Senate Bill 997 requires the department to develop programs designed to promote on time completion, including "15 to Finish" (§ 173.2510) and guided pathways (§ 173.2515); to establish pilot program for "concurrent enrollment," which allows community college students to enroll in a public university,

take select university classes, and use the university's facilities (§ 173.2520); and to create a website that provides information about academic programs available at each institution, financial aid, and transfer of course credit (§ 173.035).

The department serves as a state – designated student loan guaranty agency in the Federal Family Education Loan Program (FFELP) for loans guaranteed prior to July 1, 2010. MDHEWD purchases defaulted student loans from lending institutions and is reimbursed for loan purchase by USDE (20 U.S.C. §1072a).

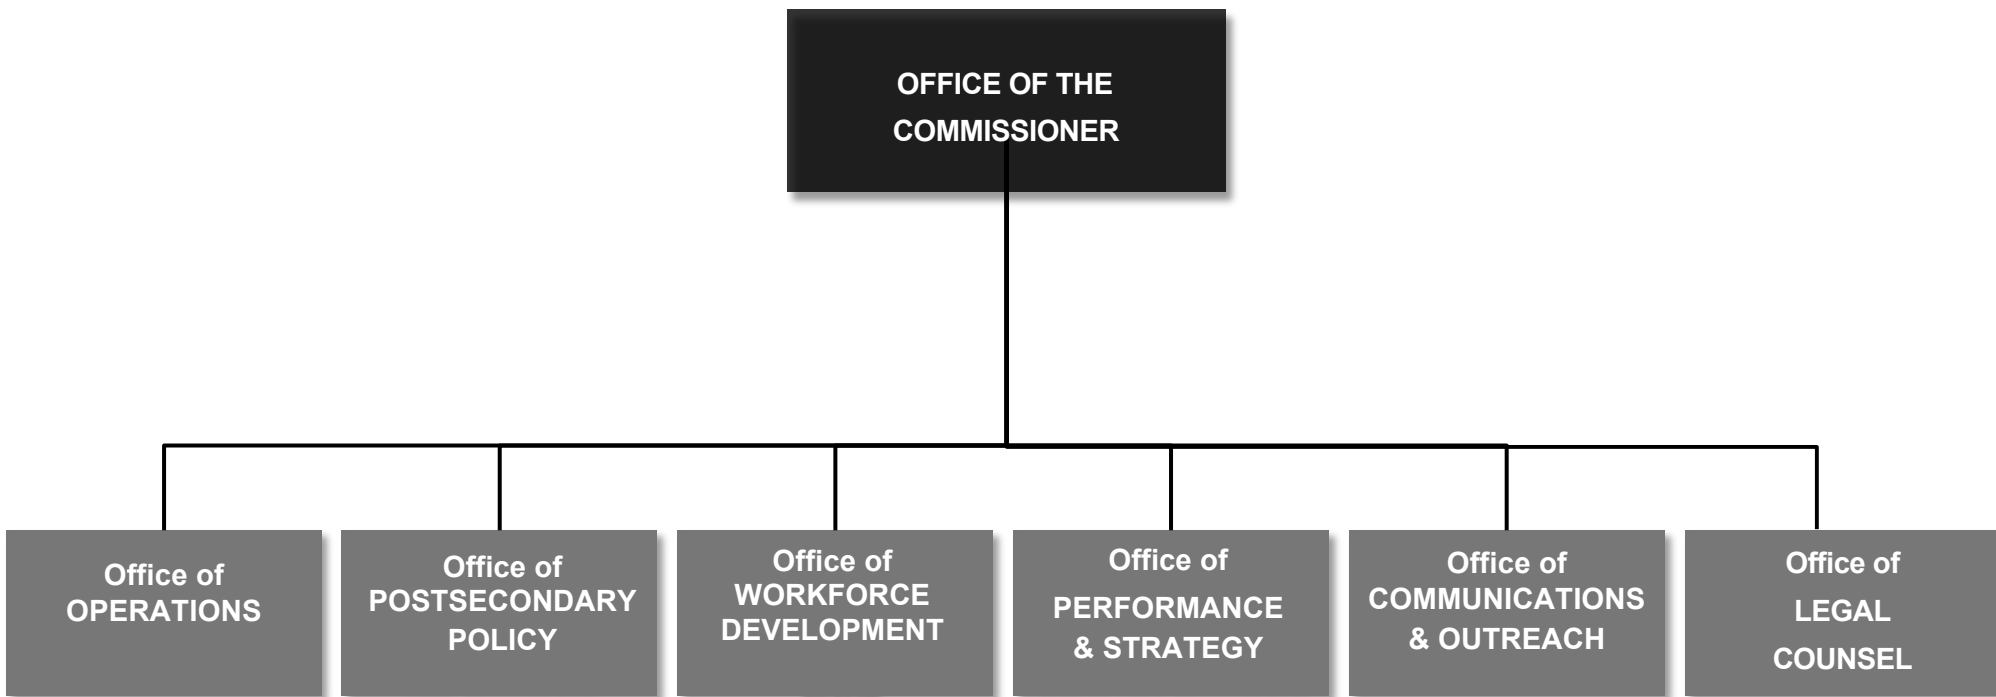

The department retains a portion of defaulted federal student loan collections and receives servicing fees from the U.S. Department of Education. These revenues are used to fund loan administration functions and other financial aid – related activities.

The department helps students and families pay for a college education by:

- Providing information on postsecondary opportunities and financial aid directly to students and families (20 U.S.C § 1072b);
- Creating financial literacy materials and programs for students, families, and schools to help them better manage finances (§ 165.2 75)
- Helping borrowers resolve problems repaying their loans and restore their credit if they default (20 U.S.C. § 1072b)

On August 28, 2019 the Missouri Department of Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center transformed to become one department. The transformation is a result of Executive Order 19–03 signed January 17, 2019 by Governor Mike Parson to realign Missouri's workforce development systems through a major restructuring of state government. In addition to the restructuring, the department name changed as a result of Executive Order 19–15. Signed August 28, 2019 by Governor Mike Parson to better reflect the full scope of the new department.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amount for the Fiscal Year 2024 pay plan was based on an 8.7% pay increase for employees, updating shift differentials for staff working in 24/7 congregate care facilities to \$2 per hour for evening and overnight shifts, and adjustments to department director salaries based on the 2019 State of Missouri Compensation & Benefits Study commissioned by CBIZ.

2. CORE DESCRIPTION									
<p>In August 2019, the Department Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center merged, forming the Department of Higher Education and Workforce Development. DHEWD strives to empower every Missourian with the skills and education needed for success. The department achieves that vision by identifying higher education and labor force needs; research and analysis of labor market trends; wage analysis and studies of the state's targeted industries and economic development initiatives; working collaboratively with the Department of Elementary and Secondary Education as well as the Department of Economic Development; and encourage more effective mutual support and coordination among institutions. The Coordinating Board for Higher Education (CBHE) which provides policy direction to DHEWD, was authorized by an amendment to the Missouri Constitution in 1972 and established by statute in the Omnibus State Reorganization Act of 1974.</p> <p>The CBHE is authorized by Section 173.005.2 (12), RSMo, to charge and collect fees from out-of-state public institutions to cover costs of reviewing and ensuring the quality of programs offered by such institutions. DHEWD Out-of-State Program Fund helps provide the resources needed to support the out-of-state approval process, which is shown in a separate program description that follows the one for Coordination Administration. The fees are received from out-of-state institutions seeking authorization to provide education to Missouri residents and from Missouri institutions participating in the State Authorization Reciprocity Agreement (SARA). The core request of \$60,461 will provide the resources needed to support the out-of-state process.</p> <p>Note: FY 2023 one-time funds of \$851 have been removed from the FY 2024 Core.</p>									

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit	<u>55520C</u>
Division of Coordination Administration		
Core - Coordination Administration	HB Section	<u>3.005</u>

The Quality Improvement Revolving Fund allows for the collection of revenue on a cost-recovery basis from workshops and conferences provided by DHEWD to be used to support future workshops and conferences. A core request of \$75,000 will allow for the continuation of this fund and support it provides to the department.

The core appropriation provides operating funding that is part of the department-wide federally approved cost allocation plan. This appropriation helps to provide oversight, direction and administrative support services including fiscal, budget, office services, and facilities for the six offices within DHEWD: Office of the Commissioner, Office of Communications and Outreach, Office of Postsecondary Policy, Office of Operations, Office of Performance and Strategy, Office of General Counsel, and Office of Workforce Development. The federal share, which is described in later items, is part of the grants authority provided through the Office of Workforce Development.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER:	55520C	DEPARTMENT:	Higher Education and Workforce Development
BUDGET UNIT NAME:	Coordination Administration	DIVISION:	Coordination Administration
HOUSE BILL SECTION:	3.005		

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Other (Out-of-State Fund -0420)		2,181	5%
Other (Out-of-State Fund -0420)		843	5%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only five percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2022	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program is responsible for a variety of administrative functions such as reviewing institutional missions and academic programs, coordinating major statewide initiatives, making budget recommendations, coordinating transfer and articulation, and conducting research and policy analysis. Strategic priorities are focused on helping Missouri reach its educational attainment and workforce goals.

2a. Provide an activity measure(s) for the program.

As part of educational attainment goals, DHEWD seeks to increase the number of Missouri students filing the Free Application for Federal Student Aid (FAFSA), which is the first step to qualifying for most forms of federal and state financial aid, including Access Missouri and A+. DHEWD offers FAFSA Frenzy events across the state at many high schools, colleges, and community organizations to assist students and their families in completing the FAFSA. DHEWD also offers a FAFSA completion tool that gives local school districts the information they need to assist in increasing FAFSA completion rates. In the national FAFSA filing rankings for AY 2022 of high school seniors, Missouri is 32nd. FAFSA completions by high school seniors have increased 0.7% compared to last academic year. Missouri is ranked 35th in percent change for completions.

HB 1042 directed the CBHE to require public colleges and universities "to replicate best practices in remedial education." One of the best practices identified is developing alternative ways of delivering remedial education, such as the Corequisite Remediation Initiative. DHEWD's Corequisite Remediation Initiative in Missouri strives to increase college access and completion for underprepared students by placing them immediately in college-level coursework with additional academic support, rather than the multiple levels of traditional, non-credit remedial courses.

The Corequisite Remediation Initiative aims to increase gateway course completion within a student's first two years of college by enrolling entering students into college-level math and English courses. Corequisite remediation provides those who need additional help with a concurrent course or lab that offers academic support. This reduces the time to degree completion and thus also reduces costs to students.

* Incoming first-time full-time students (including transfers) who completed both gateway courses within two years of initial enrollment.

The CBHE, in addition to its responsibility for the approval of new academic programs and program changes at public colleges and universities, is also charged with reviewing existing programs. The Department works with institutions to review programs that were provisionally approved to determine if the program is meeting the following criteria: contribution to institutional mission, addressing statewide needs, expenditures, productivity, and qualified graduates. Department staff update the CBHE on the actions taken on provisionally approved programs. The following data indicates the result of the provisional review for FY2021.

Program Status	Number	Percentage
Operating Under Provisional Approval	44	100%
Action Taken on Provisionally Approved Programs		
Granted Full Approval	26	59.09%
Retained on Provisional Status for Two Years	10	22.73%
Inactivated or Deleted by the Institution	8	18.18%

Programs retaining their provisional status have two years to meet the criteria for full approval. Institutions have established program review cycles, during which they evaluate all existing program offerings based on CBHE guidelines and additional institutional criteria.

2d. Provide a measure(s) of the program's efficiency.

One purpose of academic program review is to improve higher education efficiency in the delivery of academic programs to students in Missouri. To operationalize that purpose, the department developed a streamlined process for the review and approval of academic programs submitted by institutions. The prior structure for review of submitted programs required 35 days, with approvals for new programs and program changes being granted once every 4-5 months, to coincide with the CBHE meetings. This process often required more than 120 days. This new process reduced the timeline for review and approval of programs and program changes to 31 days so that institutions have the flexibility to meet workforce and student needs while also maintaining fidelity to their core missions. The new process involves a three-tiered framework - staff review (minor program changes), routine review (new programs meeting specific criteria for expedited review), and comprehensive review (unusually complex submissions meeting specific criteria that place the proposal outside of routine review and requiring a longer, more intense review).

Cycle time measures the level of efficiency in processing new program and program change requests at the staff and routine levels of review. For all requests at the staff and routine levels received by the first of the month, DHEWD staff will typically process, review, and report decisions back to the institutions by the end of that same month. Programs reviewed at the comprehensive level are not included in this cycle time due to the complexity of the review process. Base target = 31 days; stretch target = 31 days.

Program Name: Out-of-State Program Approval

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program allows the Missouri Department of Higher Education and Workforce Development (DHEWD) to provide appropriate oversight of out-of-state public institutions offering postsecondary education to Missouri residents, as directed by Section 173.005.2(14), RSMo. The approved out-of-state institutions had increased significantly until 2016 but has declined dramatically primarily due to Missouri's membership in the State Authorization Reciprocity Agreement (SARA), which allows out-of-state institutions who have joined SARA to be authorized to offer online education in all SARA-participating states without additional approval. However, some out-of-state public institutions that have not joined SARA in their state require DHEWD to authorize them if they want to offer education in Missouri.

2a. Provide an activity measure(s) for the program.

Percent of initial applications meeting the standard. Out-of-state institutions' authorization to operate in Missouri is granted for one year only to ensure the quality of programs being offered. Out-of-state institutions are required to submit the following information to DHEWD yearly, for review and to receive authorization for the next year:

1. Good standing with their authorizing state agency: **100 percent of initial applications met the standard.**
2. Evidence of accreditation by a USDE recognized accrediting body: **100 percent of initial applications met the standard.**
3. The list of degree programs and projected number of Missouri residents enrolled: **100 percent of initial applications met the standard.**
4. Assurance from the institution that they are abiding by the CBHE Principles of Good Practice for Distance Learning and Web-based courses: **100 percent of initial applications met the standard.**

Forty-nine institutions were authorized during the 2016-2017 year and 12 during the 2017-2018 year. During the 2018-2019 and 2019-2020 academic years, only 5 institutions, all from the state of California (a non-SARA state), were authorized. In the 2020-2021 academic year, DHEWD approved 7 California public institutions to offer programs in Missouri. In 2021-2022, DHEWD approved 6 California public institutions.

2b. Provide a measure(s) of the program's quality.

All institutions must provide documentation of accreditation and assure that they are following the CBHE Principles of Good Practice for Distance Learning and Web-Based Courses. All students can file a formal complaint with the Missouri Department of Higher Education and Workforce Development if these schools are in violation of any of these practices as well as complaints of a more general nature. DHEWD has received no formal complaints on any of the approved schools.

2c. Provide a measure(s) of the program's impact.

This program served a total of 21 Missouri students, all of which were Master's Degrees from the approved California state institutions receiving certification in FY 2022.

2. Date official authorization was issued goal was within 20 working days: **100% met.**

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

In December 2021, the Coordinating Board for Higher Education adopted a new strategic plan called *Building Missouri's Future*. The plan sets a goal for the department to be the best in the midwest in educational attainment and workforce participation by 2030. To reach our attainment goal, 243,000 more Missourians will need to earn postsecondary degrees or credentials. We cannot get there by focusing only on traditional-aged students. We must also work to recruit more adults to our college campuses and provide the supports that will help them be successful. Student Journey Mapping is a tool that institutions can use to make their institutional processes and policies more efficient and to make their campuses more welcoming to adult learners, and Missouri can be on the forefront of this work.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

On May 25-26, 2022, the department hosted a Student Journey Mapping workshop for 12 institutions in the state to develop projects and action plans to better serve adult learners. The two-day workshop, which included a pre-training module and two follow-up calls, cost \$57,797.50. While the event was successful, we realized that it could have been more impactful if it was a longer-term cohort program that included coaching support, pre-meetings to better focus their project scope, follow-up conversations to provide support and better monitor progress in meeting their change efforts, and provide more opportunities for individuals to work across institutions. As a result, the department anticipates coaching/consultant fees, venue & supplies, and meals expenses totaling \$100,000.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

The Department of Higher Education & Workforce Development is working with a researcher to analyze the Student Journey Mapping process so we can improve the experience for future sessions and ensure more institutions are successful in their change efforts. The researchers will also identify common pain points that students experience as they enroll in and progress through higher education and provide innovative examples of how institutions are addressing those pain points. By doing so, institutions can lean on evidence-based practices that support adult learner access and success. Furthermore, contracting with a consultant and a coach will bring on experts who can guide and support participating institutions in a way that will maximize their success.

Lastly, we will speak at local, state, and national convening's about the Student Journey Mapping workshop experience and highlight institutional success stories to generate excitement about the efforts.

<p>The Office of Budget workload has continued to increase as the new agency has fully integrated its operations and functions. Before the merger, Budget's main duties were to be the liaison of the higher education institutions, review and process reimbursements to the higher education institutions, and prepare the department's budget books. Since the merger, there has been a significant increase in the amount of reimbursements to review and process, tracking of expenditures for the department and higher education institutions required to be done throughout the fiscal year. Budget is also monitoring the FY2020, FY2022, and FY2023 (and soon to be FY2024) MO Excels, the FY2022 GEER Excels programs, and the FY 2021 Federal Budget Stabilization Maintenance & Repair projects with quarterly reporting that has become a very time consuming process.</p> <p>Currently, Budget has only the Assistant Director of Budget and one Senior Agency Budget Analyst, plus two part-time staff members to handle the increasing workload. While trying to keep up with the increase in reimbursements and monitoring of programs, there is also the annual process of preparing the budget books and the department's Cost Allocation Plan reconciliation; which has had to have extensions over the past two fiscal years due to not only the difficulty in the reconciliation, but also not having enough time to give to this process due to other immediate needs of the department.</p>

<p>No new FTE is being requested. This request is asking to reallocate 1 FTE from Workforce Development and add to Coordination Administration for the addition of one Agency Budget Analyst and related supportive resources. This position is cost allocated between General Revenue and Federal Funds. Without the additional help, Budget will continue to struggle with maintaining the reviewing and processing of reimbursements and monitoring of programs while trying to provide supportive services to the higher education institutions.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri citizens and customers deserve high quality data to make informed decisions on budget and future expenditures to ensure that Federal and State laws are being properly followed. DHEWD, as it currently exists, was formed August 2019. As the department continues to mature and fully comprehend the duties that are needing to be done, this position would ensure general acceptable accounting standards (GAAP), government accountability standards board (GASB) statements, and ever changing reporting guidelines are being met. The Fiscal program is DHEWD's only source of oversight, monitoring, and ensuring data collected for outside sources (i.e. Federal Auditors and Departments, State Auditor Office, and required Annual Comprehensive Financial Report) is as accurate as possible. The current staffing level and position qualifications lack the appropriate skill set and available hours to produce quality reports, analysis, and responses for these higher level responsibilities. This request would provide the necessary resources to ensure DHEWD's Fiscal program has the capacity and training to handle the assigned responsibilities.

In addition to the duties and responsibilities above, DHEWD needs to be actively participating on the State of Missouri Enterprise Resource Planning project. The Enterprise Resource Planning project is beginning in fiscal year 2023 and will last for another 4-5 years. Department staff will be necessary for subject matter expertise, assistance with design (standard processes, workflow, security, etc.), system testing and training. This new position will participate in some of the items and will provide backfill while other program staff are assisting with the project. Backfill is a critical component so that citizens and customers do not see a reduction in services while the project is underway.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

No new FTE is being requested. This request is asking to reallocate 1 FTE from Workforce Development and add to Coordination Administration for the addition of one Senior Accountant and related supportive resources. This position is cost allocated between General Revenue and Federal Funds. With the combinations of both ongoing duties as well as the 5 year Enterprise Resource Planning project, a minimum of 1 fulltime FTE will be required. Due to the qualifications and skill sets necessary for a full time professional Senior Accountant (\$62,622) is required. Given the necessity of familiarity with the data and the permanent ongoing need, outsourcing and automation are not currently a viable option. This request follows the recommended split of ongoing \$3,195 and one time \$12,060 for a total of \$15,255 provided in the budget instructions for E&E.

Provide a measure(s) of the program's efficiency.</p> <p>DHEWD will be able to maintain an appropriate turnaround on payment processes for new programs to ensure the new programs are consistent with turnaround times for existing programs.</p>

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

The staffing and training of new staff is critical to support the department and even more important for succession planning with future retirements over the next several years. While contracts were considered, that would not have addressed the long-term needs for staff to do continuous monitoring and oversight of programs.

Free Application for Federal Student Aid (FAFSA). There is currently one person in this role right now, however the funding will be running out as the MDHEWD transfers its loan portfolio. This position helps coordinates FAFSA filing efforts statewide and is still a needed position. The FY 2023 budget included new funding to help support FAFSA filing efforts and this position is the primary person responsible for FAFSA programming and the use of those funds to help more underserved individuals access and complete the FAFSA. FAFSA filing is in direct correlation to college enrollments as it is the primary means by which students qualify for most forms of financial aid at the federal, state, and institutional level.

**6.
PERFORM**

6a. Provide an activity measure(s) for the program.

This position helps to increase FAFSA filing numbers statewide and serves constituents from both high schools and colleges to help coordinated FAFSA events and programs. They are the primary administrator for both the FAFSA Completion Project and the Show Me FAFSA Challenge.

6b. Provide a measure(s) of the program's quality.

- The number of participating schools in the FAFSA Completion Project.
- The number of schools participating in FAFSA Frenzy events.
- The number of schools submitting information for the Show Me FAFSA Challenge.

6c. Provide a measure(s) of the program's impact.

- The number of high school seniors filing a FAFSA.
- The number of returning college students filing a FAFSA.
- The number of students receiving financial aid through state financial aid programs due to filing the FAFSA.
- The number of students receiving federal financial aid as a result of filing the FAFSA.

6d. Provide a measure(s) of the program's efficiency.

- The number of schools and students served increasing each year.
- The timeline of how long it takes to award Show Me FAFSA Challenge schools with their winners.

2. CORE DESCRIPTION

This program administered ten state student financial assistance programs that provided approximately \$139.6 million to more than 59,500 Missouri residents during FY 2022. The programs administered include: the Advanced Placement Incentive Grant, the Higher Education Academic Scholarship Program (Bright Flight), the Access Missouri Financial Assistance Program, the A+ Scholarship, the Fast Track Workforce Incentive Grant, the Dual Credit/Dual Enrollment Scholarship, the Public Service Officer Survivor Grant, the Minority and Underrepresented Environmental Literacy Program, the Wartime Veteran's Survivors Grant, and the Kids' Chance Scholarship.

This program will administer ten state student financial assistance programs in FY 2023 and FY 2024.

This core request is for general revenue funding of \$527,922 and 10.85 FTE necessary to administer the ten state-funded financial assistance programs.

Note: FY 2023 one-time funds of \$168,512 have been removed from the FY 2024 Core.

Program Name: Grant and Scholarship Administration

Program is found in the following core budget(s): Grant/Scholarship Administration

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

This program should serve the maximum number of eligible students possible, effectively monitor student eligibility, and timely disburse state student financial aid funds. This unit administered ten state student financial assistance programs that provided approximately \$139.6 million to more than 59,500 Missouri residents during FY 2022. The programs administered in FY 2022 included: the Advanced Placement Incentive Grant, the Higher Education Academic Scholarship Program (Bright Flight), the Access Missouri Financial Assistance Program, the A+ Scholarship, the Fast Track Workforce Incentive Grant, the Dual Credit/Dual Enrollment Scholarship, the Public Service Officer Survivor Grant, the Minority and Underrepresented Environmental Literacy Program, the Wartime Veteran's Survivors Grant, and the Kids' Chance Scholarship. The programs are administered through the FAMOUS database, with the exception of the Dual Credit/Dual Enrollment Scholarship which is currently administered manually. FAMOUS houses the programs' application, eligibility, and payment information. FAMOUS is also the mechanism through which institutions certify student eligibility for the A+ Scholarship, Access Missouri Financial Assistance Program, Bright Flight Scholarship and Fast Track Workforce Incentive Grant and DHEWD processes disbursements for the state student financial aid programs.

2a. Provide an activity measure(s) for the program.

2. CORE DESCRIPTION

Data indicate the COVID-19 pandemic is a primary contributor to a decrease in filing the Free Application for Federal Student Aid (FAFSA) throughout the state over the last two years. FAFSA completion is often an indicator of college enrollment. The aid that is accessed through the FAFSA is the primary way many students pay for college since many financial aid programs (federal, state, and institutional) cannot be accessed without completing the FAFSA. Underserved populations in higher education need extra support to access and complete the form. DHEWD plans to increase partnerships with financial aid officers and counselors around Missouri to provide additional support and more access points to complete the FAFSA for high school seniors, current college students, and adults interested in enrolling in college. Increased FAFSA rates should result in increased enrollment and retention rates. Best practices, which were identified from other states in 2019, showed extra efforts are needed here in Missouri to increase filing rates. While the need for increased focus on FAFSA was an issue prior to the pandemic, the pandemic has substantively contributed to the decline in FAFSA filings.

3. PROGRAM LISTING (list programs included in this core funding)

Initially, DHEWD requested \$337,500 for a multi-year effort to address this need using ARPA funds. The Governor's recommendation is to provide \$75,000 per year in ongoing general revenue funding to help cover a variety of outreach strategies. These strategies include: 1) In-state travel for participating in local school district and other FAFSA events; 2) supplies for informational materials; 3) audio/Video charges for informational and outreach needs; 4) annual public relations services for Radio, TV and digital Public Service Announcements; 5) printer and communications equipment and maintenance; and 6) other incentives for helping meet FAFSA goals.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Increased FAFSA filing contributes to DHEWD's two big goals of educational attainment and workforce participation by providing access and affordability to education and training options.

1b. What does this program do?

Provides additional resources and awareness to students about the free assistance available to complete the FAFSA, as well as the importance of completing the application. The FAFSA is the primary way many students pay for college and several financial aid programs cannot be accessed with completing the FAFSA. This program will target underserved populations. Partnering with financial aid officers and counselors around Missouri to provide incentives and more access points for high school seniors, current college students, and adults interested in enrolling in college, will increase enrollment and retention rates.

2a. Provide an activity measure(s) for the program.

Number of first-time FAFSA filers.
Number of total FAFSA filers.
Number of FAFSA Frenzy events hosted.
Number of students attending FF events.

2b. Provide a measure(s) of the program's quality.

Number of FAFSA filers during FAFSA Frenzy events.
Survey results from students attending the events.

2c. Provide a measure(s) of the program's impact.

Number of first-time FAFSA filers.
Number of total FAFSA filers.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

2d. Provide a measure(s) of the program's efficiency.

Increase in filers versus amount spent.

Increase in FAFSA events versus amount spent.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*No prior year data; new for FY 2023

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

No statutory requirement associated with this program.

6. Are there federal matching requirements? If yes, please explain.

No.

7. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

The Governor's Emergency Education Relief (GEER) funds were part of the Federal CARES Act in response to the COVID-19 pandemic. GEER funds were awarded to the Department of Elementary and Secondary Education with DHEWD as a sub-recipient receiving \$12,000,000. These funds were appropriated as one-time funds in FY 2022. These funds are for institutions of higher education projects that allows them to continue to provide educational services to students, support the on-going functionality of the institution, and drive progress toward recovery from the economic impacts of the COVID-19 pandemic. Due to the supply chain issues, institutions were not able to complete their projects by fiscal year end 2022 and \$8,000,000 was re-appropriated for FY 2023. We expect institutions to complete their projects in FY 2023, therefore the \$8,000,000 is being removed as one-time funds.

These funds may be used for any expense that is supportive of the institutions' approved GEER Excels project so long as that expense provides educational services and supports the ongoing functionality of the institution.

3. PROGRAM LISTING (list programs included in this core funding)

This one-time reduction applies to the FY 2023 appropriations for GEER Excels in the amount of \$8,000,000.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In 2020, the Departments of Higher Education and Workforce Development (DHEWD) and Economic Development (DED) compared Missouri to 13 of its Midwest peers on a number of metrics to measure the state's economic health. They found that Missouri is ranked last in GDP growth, 12th in labor productivity, 11th in per capita income, 9th in job growth, and 8th in wage growth. Although Missouri is above the national average in high school graduation rates, we are below average in students transitioning into and persisting through college, making the state's adult population less educated than the national average. In addition, this situation is exacerbated by the fact that Missouri's workforce participation rate is declining. As a result, Missouri needs to strategically increase its workforce to grow its economy.

In FY 2020, institutions submitted 39 proposals requesting a total of \$74.8 million in state funds. That year, the Governor and General Assembly funded 18 proposals totaling \$16.3 million. In FY 2021, institutions submitted 24 requests for new funds and two requests for continued funding from FY 2020 for a total of \$37.8 million. While these projects were not funded that year, the Governor and General Assembly funded 17 proposals totaling \$21.8 million in FY 2022. In FY 2023, institutions submitted 26 requests for new funds and two requests for continued funding from FY 2022 for a total of \$50.8 million. The Governor and General Assembly funded 21 projects totaling \$31.5 million. For FY 2024, institutions submitted 25 requests for new funds for a total of \$50.3 million. On September 14, 2022, the Coordinating Board of Higher Education approved the 25 requested and scored proposals.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Each proposal must include a complete description of the workforce need that will be met, including (1) identification of the specific quantitative workforce need to be addressed, validated by a credible data source, and must designate the geographic region in which the workforce need exists; (2) Identification of the specific qualitative workforce needs to be addressed, based on substantial feedback from employers in the industry sector to be served; and (3) statements of needs from employers in the geographic area to be served, including the specific and quantifiable magnitude of the workforce challenges they face and evidence of the meaningful commitment to the program, such as offering paid internships or agreeing to hire program completers.

Each proposal must also describe a plan to substantially increase postsecondary educational attainment of Missourians, including the number and type of credentials to be awarded and information about the students expected to participate in the program, with additional points awarded for serving underrepresented populations.

Finally, proposals must provide measurable objectives for each phase of the project and, if awarded, the higher education institution will be required to provide performance and project reports quarterly.

2. CORE DESCRIPTION									
A key responsibility of DHEWD is certifying and monitoring proprietary schools, including private out-of-state institutions offering programs in Missouri or recruiting Missouri students. Fees collected from certified schools and those seeking certification or exemption are deposited into the Proprietary School Certification Fund. Proprietary school certification administration expenses are paid from the Proprietary School Certification Fund and the Proprietary School Bond Fund.									
Note: FY 2023 one-time funds of \$100 have been removed from the FY 2024 Core.

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Note:

(1) FY 2021 and some FY 2022 expenditures were lower due to the COVID-19 pandemic, which precluded in-person conference travel and site visits. Additionally, the unit restructured creating a vacancy that went unfilled for several months. These events resulted in a substantial amount of unused appropriation authority.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.020

Program Name: Proprietary Schools Administration

Program is found in the following core budget(s): Proprietary Schools Administration

1a. What strategic priority does this program address?

Increase quality attainment

1b. What does this program do?

This program is the mechanism by which the DHEWD certifies and monitors compliance with state regulations regarding the operation of non-exempt postsecondary institutions in Missouri to ensure students receive training consistent with the published objectives of their program of study, including a comprehensive annual review and periodic site visits to instructional locations.

The program also provides a clearinghouse for student transcripts from closed schools that are not otherwise maintained and administered by another school or approved records repository. New school applications and requests are evaluated for new programs or program revisions that increase the number of educational choices through which students may obtain certificates or degrees as well as credentials in critical workforce needs.

2a. Provide an activity measure(s) for the program.

The goal for FY 2022 was 10 site visits. As restrictions regarding in-person visits due to the COVID-19 pandemic lifted, staff were able to conduct more visits. There remains a vacancy within the unit that may affect the FY2023 goal.

The purpose of the site visit is to verify institutions are operating per their published policies, to meet with students and faculty to discuss issues or concerns, to provide technical assistance to administrators, and to ensure student and institutional records are maintained per state regulations.

2b. Provide a measure(s) of the program's quality.

Statutes require new program reviews to be completed within 90 days. The base goal for this measure is 3 days, and the stretch goal is 2 days. Staff turnover has increased overall time to initial review as new staff required training. Continued turnover is anticipated as veteran staff begin to retire, which may have an impact on the cycle time.

The purpose of new program reviews is to evaluate compliance with certification standards to ensure such programs support the stated purpose of the school, the program areas are generally accepted in American higher education as a legitimate area of study for degrees or are legitimate preparation and training for vocational or academic objectives. There were 66 new programs approved in FY 2022.

2d. Provide a measure(s) of the program's efficiency.

The purpose of the initial review process is to ensure new postsecondary providers meet minimum standards related to program quality, financial stability, instructor qualifications, and administrative policies. This measure tracks the time from receipt of the application to the department's initial review and response to the proposed school. Due to continued staffing issues, the department anticipates longer times to review for the next two years or until staff turnover stabilizes.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: FY 2021 and 2022 expenditures were lower due to the COVID-19 pandemic and the reduction of in-person site visits. Additionally, there was significant delay in onboarding a new staff member. These resulted in a substantial amount of unused appropriation authority.

4. What are the sources of the "Other " funds?

Proprietary School Certification Fund (0729), Proprietary School Bond Fund (0760)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 173.600 - 173.619, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

DHEWD holds a security deposit from each of the approximately 151 schools certified to operate pursuant to Sections 173.600 through 173.619, RSMo. The deposit is to indemnify students in cases of malfeasance by a proprietary school or to assist with preservation and administration of student records if adequate provisions are not made by the school upon closure. The security deposit from each proprietary school ranges from a minimum of \$5,000 to a maximum of \$100,000 as required by statute. This appropriation is necessary to ensure the authority to access those monies for indemnification and record preservation purposes in cases of malfeasance by a proprietary school.

2. CORE DESCRIPTION

This request of \$115,000 is for membership dues in the Midwestern Higher Education Compact (MHEC). Pursuant to Section 173.7 00, RSMo, Missouri is a member of MHEC, a multi-state compact which is charged with promoting interstate cooperation and resource sharing in higher education, accomplishing this through four core functions: cost saving programs, reduced tuition, interstate reciprocity for distance education, and policy research. Missouri participates in a student exchange program with other states allowing residents to participate in out-of-state instruction at no more than 150 percent of in-state tuition rates at public institutions. Private institutions offer a 10% reduction on their tuition rates. Missouri also benefits from its membership through participation in the State Authorization Reciprocity Agreement for distance education administered through MHEC. The commission is also active in forming joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance. According to MHEC's June 2021 report, Missouri paid \$115,000 in membership fees in 2019-2020 program year but realized \$15.4 million in annual savings for entities and citizens. This included savings in program and cooperative purchasing contracts. As of 2019, Missouri is reported to have expended a cumulative \$2.4 million but received a cumulative \$136.3 million in savings as a result of this membership (this data will be updated for January).

Program Name: Midwestern Higher Education Compact

Program is found in the following core budget(s): Midwestern Higher Education Compact

1a. What strategic priority does this program address?

Affordability, Communication

1b. What does this program do?

This program pays Missouri's membership dues in the Midwestern Higher Education Compact (MHEC). The purpose of the compact is to provide greater higher education opportunities and services in the Midwestern region with the aim of furthering regional access to, research in, and choice of higher education for citizens residing in the states which are party to this compact. Membership allows Missouri to participate in the Midwest Student Exchange Program (MSEP), which allows residents to receive out-of-state instruction at no more than 150 percent of the in-state resident tuition rates at public institutions; private institutions offer a 10% reduction on their tuition rates. The membership offers joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance. Additionally, MHEC conducts research that is valuable to the state, and convenes member states to collectively address pressing issues in higher education. Missouri also benefits from its membership through participation in the State Authorization Reciprocity Agreement for distance education administered through MHEC. According to MHEC's FY 2022 annual report, Missouri paid \$115,000 in membership fees in the 2021-2022 program year but realized \$12.4 million in annual savings for entities and citizens. This included savings in program and cooperative purchasing contracts.

2. CORE DESCRIPTION

This appropriation provides DHEWD with spending authority for receiving and expending donations and non-federal funds, provided that the General Assembly shall be notified of the source of any new funds and the purpose for which they shall be expended, in writing, prior to the expenditure of said funds and further provided that no funds shall be used to implement or support the Common Core Standards. For example in FY 2019, a grant was received from the Lumina Foundation to help the organization develop a new department vision through employee engagement efforts. A new vision was needed because of department restructuring. In FY 2020 and FY 2021, MOHELA provided grants to help the department market the Fast Track Workforce Incentive Grant.

2. CORE DESCRIPTION

The Missouri Higher Education Academic Scholarship Program (also known as "Bright Flight") provides scholarships based on academic achievement. Over the program's 36 year history, students and their families have come to view the full scholarship as a state commitment. The scholarship may be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first. There are two award levels based on ACT or SAT scores in the top three percent (a maximum award of \$3,000) and ACT or SAT scores in the top fourth and fifth percentiles (a maximum award of \$1,000). Students scoring in the top three percent must be awarded the \$3,000 maximum before students in the top fourth and fifth percentiles can be awarded. For the 2022-2023 academic year students must achieve an ACT score of 31 to qualify in the top three percent or an ACT score of 30 to qualify in the top fourth and fifth percentiles. For the 2023-2024 academic years students must achieve an ACT score of 32 to qualify in the top three percent or an ACT score of 31 to qualify in the top fourth and fifth percentiles. Also for the 2023-2024 academic year ACT superscores will be accepted as qualifying scores for the first time. Less than one percent of eligible students qualify based on SAT scores. Based upon appropriations provided, in FY 2022 awards were set at \$3,000 for students scoring in the top three percent and \$0 for students scoring in the top fourth and fifth percentiles. For FY 2023 the scholarship is fully funded, with awards set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$29,076,666 will provide scholarships in the amount of \$3,000 to an estimated 7,266 students qualifying in the top three percent and scholarships in the amount of \$1,000 to an estimated 2,309 students qualifying in the top fourth and fifth percentiles in FY 2024.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.050

Program Name: Academic Scholarship Program (Bright Flight)

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program incentivizes academically talented Missouri students to attend a participating Missouri postsecondary institution by providing scholarships based on academic achievement. It encourages the best and brightest students to pursue and complete their education in Missouri rather than out of state. A high school senior must score in the top five percent on the ACT or SAT assessment to qualify. The scholarship award is up to \$3,000 annually for those in the top three percent and up to \$1,000 for those in the fourth and fifth percentiles. Students in the top three percent must be awarded the full \$3,000 before students in the fourth and fifth percentiles can be awarded. For FY 2023 the scholarship is fully funded for the first time since the tiered award structure was implemented in FY 2011, with awards set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles. For FY 2023, the top fourth and fifth percentiles includes students who graduated high school between 2018 and 2021 and have maintained their eligibility for the scholarship by remaining continuously enrolled since high school graduation, in addition to those who graduated high school in 2022.

The scholarship can be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

This measure, including the FY 2023 and FY 2024 projections, will be updated when the Governor's Recommendation is added as FY 2022 completion data are not yet available.

Note: Calculated by dividing the total awards at public institutions in each fiscal year by the total recipients who graduated from public institutions in that year. This measure demonstrates the cost-per-student to achieve the program's purpose of encouraging students to pursue and complete a degree. The decrease for FY 2021 is a result of the \$3.5 million core cut that reduced the maximum award from \$3,000 to \$2,400.

2c. Provide a measure(s) of the program's impact.

Note: Percentages compare the total eligible applicants scoring in the top three percent to those who received, or are projected to receive, the scholarship at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. They do not reflect the unfunded top fourth and fifth percentiles for FY 2021 and FY 2022. For FY 2023 it is projected that utilization will be 75 percent for both the top three percent and top fourth and fifth percentiles.

2. CORE DESCRIPTION

The Access Missouri Financial Assistance Program was created by SB 389 (2007). This program is designed to provide financial aid to eligible Missouri residents with the greatest financial need. A student's financial need is determined by their federal expected family contribution (EFC), which is calculated based on the Free Application for Federal Student Aid (FAFSA). Students with an EFC at or below \$12,000 are eligible for an award. Students with an EFC above \$12,000 may be considered for an award based on available funding. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute. For FY 2023, the EFC cutoff has been increased to \$15,000 and awards are set at the statutory maximum, ranging from \$300 to \$1,300 at public two-year institutions and from \$1,500 to \$2,850 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri. For FY 2022, the EFC cutoff was the standard \$12,000 and awards were set at 89 percent of the statutory maximum, ranging from \$300 to \$1,160 at public two-year institutions and from \$1,500 to \$2,540 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$83,960,000 will provide grants to an estimated 36,000 students in FY 2024.

Access Missouri Financial Assistance Program

Program is found in the following core budget(s): Access Missouri Financial Assistance Program

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This need-based program is designed to encourage low-income students to access and persist through higher education by reducing the cost of education. Within the pool of students determined to have financial need, award amounts are structured to provide the most assistance to the students with the greatest financial need. A student's financial need, as represented by their expected family contribution (EFC), is calculated based on the standard federal needs analysis formula. Students with an EFC at or below the established cutoff are eligible for an award amount. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute.

For FY 2022, based upon state appropriations received, the program provided average awards of \$805 for students attending public 2-year institutions and \$2,087 for students attending public 4-year institutions, independent institutions, virtual institutions and State Technical College of Missouri. In FY 2022 36,083 students were served.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

Percent of funds spent on students in the lowest income categories.

Note: The total percent of recipients that are Pell-eligible is the sum of the lowest and Pell-eligible categories. For example, for FY 2022, 85 percent of the students served were eligible for Pell.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year.

2. CORE DESCRIPTION

The A+ program began as a school improvement initiative established by the Outstanding Schools Act of 1993 and described in Section 160.545, RSMo. The scholarship component of the A+ program was transferred to the legacy DHE pursuant to Executive Order 10-16. As a result of SB 638 in 2016, eligible graduates of designated private high schools are allowed to receive A+ reimbursement. As of the end of the 2021-2022 academic year, there were 542 designated public high schools and 103 designated private high schools.

The A+ Scholarship provides tuition and fee reimbursement to eligible graduates of designated high schools to attend community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. Over the program's 29 year history, students and their families have come to view the scholarship as a state commitment. In FY 2022 the average award was \$3,476.

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) The \$6.4 million unexpended in FY 2022 resulted from a four percent decrease in recipients that was not anticipated given the program's prior history. This decrease followed four years of increases ranging between one and three percent from FY 2017 and FY 2020, and a significant 10 percent increase from FY 2020 to FY 2021.

HB Section(s): 3.065

Program Name: **A+ Schools Program - A+ Scholarship**

Program is found in the following core budget(s): **A+ Schools Program**

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program provides tuition and fee reimbursement to eligible graduates of designated high schools to attend public community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. The student financial assistance received through this program increases students' persistence and completion at qualifying postsecondary institutions by covering a significant portion of students' cost of attendance. Students who qualify for federal non-repayable financial aid, such as Pell grants, will have their A+ reimbursement reduced by a corresponding amount.

2a. Provide an activity measure(s) for the program.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) The unexpended appropriation includes \$1 million in GEER funding and \$388,000 GR and \$388,000 Lottery funding that was allocated but not transferred.
(2) The unexpended appropriation of \$1 million dollars is GEER funding. This was removed for FY 2023 as the use of the \$1 million in Governor's Emergency Education Relief (GEER) funds for the Fast Track Workforce Incentive Grant is prohibitive given the long-term nature of the grant's employment and repayment provisions and the stringent federal reporting requirements related to the GEER funds.

2. CORE DESCRIPTION

The Fast Track Workforce Incentive Grant created by Senate Bill 68 (2019) provides assistance to adults who are seeking to upgrade or retool their skills in order to enter high demand, high wage occupations. Amendments to the program in Senate Bill 672 (2022) increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. Students in programs or apprenticeships in an area designated by the Coordinating Board for Higher Education as preparing individuals to enter these occupations and leading to receipt of a certificate, degree, or industry-recognized credential are eligible. The program includes a need component that limits eligibility to individuals with an adjusted gross income of \$80,000 or less if married filing jointly or \$40,000 or less for all other tax filing statuses. Students must be enrolled at least half-time and apprentices must be actively participating in an eligible apprenticeship to be eligible for the grant. Awards under the program cover the amount of tuition and fees remaining after all other governmental non-loan student assistance is applied or, for apprentices, the amount of related educational costs. For students, if all tuition and fee costs are covered by other aid, the award is up to \$500 per term or the remaining cost of attendance, whichever is lower. In FY 2022 the average award was \$4,117.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$5,200,000 will provide grants to an estimated 1,330 students in FY 2024.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

Program Name: Fast Track Workforce Incentive Grant

Program is found in the following core budget(s): Fast Track Workforce Incentive Grant

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

Implemented in FY 2020, this need-based program addresses workforce needs by encouraging adults who have not yet received a bachelor's degree to complete a certificate, degree, or industry-recognized credential in an area designated by the Coordinating Board for Higher Education as high need. Amendments to the program in 2022 increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. For students, the award is based on remaining tuition and fees after all non-loan governmental sources of funding have been applied. If all tuition and fee costs are covered by other aid, the award is the lesser of \$500 or the student's remaining cost of attendance. For apprentices the award is based on the amount of related educational costs. Need is based on the individual's adjusted gross income.

2a.

Note: The number of recipients in FY 2023 and FY 2024 is expected to increase as a result of the program's expansion to include additional training providers and apprenticeships, and the removal of the loan requirements that created a barrier for students.

2b. Provide a measure(s) of the program's quality.

Recipients Achieving a Certificate, Degree, or Industry-Recognized Credential

Note: This measure represents the number of Fast Track recipients who have earned at least one credential in a high need field, one of the program's primary objectives. It includes completions reported to DHEWD for FY 2020 through FY 2022. An unduplicated count of the total number of students paid in the first three years of the program is not available at this time to provide additional context for this measure. Lower credentials include associates degrees, certificates, and industry recognized credentials.

2c. Provide a measure(s) of the program's impact.

2d. Provide a measure(s) of the program's efficiency.

Note: The average award is projected to decrease in FY 2023. Prior to FY 2023, the average award was based on tuition and fees for students only. In FY 2023, awards based on related educational costs for apprentices, which are expected to be less than awards based on tuition and fees for students, will be factored into the average award, decreasing it.

<p>As a result, expenditures for the first three years of the program were significantly less than the amount transferred, resulting in almost \$11.7 million available to spent in FY 2023. However, the current FY 2024 core appropriation will only support \$5.2 million in expenditures. It is expected that utilization will increase significantly beginning in FY 2023 given the changes enacted in 2022. The current projected increase is based on the best information available at this time but is likely not precise. Although, FY 2024 projected expenditures of \$5 million are less than the \$5.2 million core appropriation, it is possible scholarship expenditures could exceed the core appropriation. This request is for an increase to the core appropriation of \$800,000 to ensure all eligible Fast Track applicants will continue to be awarded.</p>	
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)	
<p>This request assumes approval of the \$800,000 FY 2023 supplemental appropriation request. FY 2023 expenditures are estimated to be \$5,008,800. This is based on an anticipated 1,330 eligible students receiving an average award of \$3,760. Based on the current core appropriation of \$5.2 million, less than \$200,000 in spending authority would be available if expenditures exceed estimates. This new decision item request would provide an additional \$800,000, bringing the FY 2024 core appropriation to \$6 million and making it possible to spend approximately \$1 million above projected expenditures in the event actual expenditures exceed projections.</p>

For apprentices the award is based on the amount of related educational costs. Need is based on the individual's adjusted gross income.

2a.

Note: The number of recipients in FY 2023 and FY 2024 is expected to increase as a result of the program's expansion to include additional training providers and apprenticeships, and the removal of the loan requirements that created a barrier for students.

PROGRAM DESCRIPTION

Program is found in the following core budget(s): Fast Track Workforce Incentive Grant

2b. Provide a measure(s) of the program's quality.

Recipients Achieving a Certificate, Degree, or Industry-Recognized Credential

Note: This measure represents the number of Fast Track recipients who have earned at least one credential in a high need field, one of the program's primary objectives. It includes completions reported to DHEWD for FY 2020 through FY 2022. An unduplicated count of the total number of students paid in the first three years of the program is not available at this time to provide additional context for this measure. Lower credentials include associates degrees, certificates, and industry recognized credentials.

2c. Provide a measure(s) of the program's impact.

2d. Provide a measure(s) of the program's efficiency.

Note: The average award is projected to decrease in FY 2023. Prior to FY 2023, the average award was based on tuition and fees for students only. In FY 2023, awards based on related educational costs for apprentices, which are expected to be less than awards based on tuition and fees for students, will be factored into the average award, decreasing it.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.085

Program Name: Dual Credit Dual Enrollment Scholarship

Program is found in the following core budget(s): Dual Credit Dual Enrollment

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program, authorized by section 173.2505, RSMo in 2016, was funded for the first time in FY 2023. It replaces the Dual Credit/Dual Enrollment Scholarship authorized by section 160.545, RSMo that was administered in FY 2022 only.

The program provides tuition and fee reimbursement for dual credit or dual enrollment coursework to high school students who meet the criteria outlined in Section 173.2505, RSMo. Awards are based on financial need demonstrated by meeting one of several statutorily-defined criteria. The student financial assistance received through this program is intended to increase the number of low-income students taking dual credit or dual enrollment coursework by covering a significant portion of students' costs for those courses. Students who qualify for any other non-loan aid applicable to their dual credit or dual enrollment tuition and fee charges will have their Dual Credit/Dual Enrollment Scholarship reimbursement reduced by a corresponding amount.

2a. Provide an activity measure(s) for the program.

NOTE: FY 2023 projections are based on the number of students paid in FY 2022 through the initial Dual Credit/Dual Enrollment Scholarship program who had an adjusted gross income below the Free and Reduced Lunch maximum income level for a household of eight. It is assumed that the majority of students that will be paid in FY 2023 will also qualify for Free and Reduced Lunch regardless of the qualifying need criterion documented through their application. The FY 2023 projection will likely vary from the FY 2023 actual as the projection is based on the performance of a different program that had a slow roll out in the one year it was available. It is assumed that growth will increase by approximately three percent in FY 2024 and four percent in FY 2025 as this scholarship becomes established.

2b. Provide a measure(s) of the program's quality.

Increase in the number of high school graduates who have completed dual credit or dual enrollment coursework provided by a public postsecondary institution.

This measure will be updated when data become available for this new program.

Note: Information about completed dual credit or dual enrollment coursework provided by independent postsecondary institutions is not available.

2c. Provide a measure(s) of the program's impact.

Number of eligible applications funded.

This measure will be updated when data becomes available for this new program.

2d. Provide a measure(s) of the program's efficiency.

Average Award:

2. CORE DESCRIPTION

The Advanced Placement Incentive Grant was established pursuant to Section 173.1350, RSMo. This is a nonrenewable grant of \$500 available to any student who receives an Access Missouri Financial Assistance award or an A+ award, and in addition has received grades of three or higher on two advanced placement tests in mathematics or science while attending a Missouri public high school. MOHELA has agreed to donate \$1 million for distribution through this grant. MOHELA will provide the funds in installments of \$100,000 or less as needed.

Prior to FY 2021, the Marguerite Ross Barnett Scholarship Program, the Advanced Placement Incentive Grant, the Public Service Officer Survivor Grant Program, and the Wartime Veteran's Survivors Grant Program were combined into a single line item appropriation. The combined appropriation allowed any unexpended funds from those programs, after awards were made to all eligible applicants, to be used in the Marguerite Ross Barnett Scholarship Program and other programs in this group that had more applicants than available funding. With the phase out of the Marguerite Ross Barnett Program complete in FY 2021, the single appropriation was replaced with individual appropriations for each program.

2b. Provide a measure(s) of the program's quality.

This data for FY 2022 is not available from the College Board. They stopped providing this data on a state level in 2022.

Note: This measure represents the trend in the number of AP exams taken with grades of three or higher in the context of the total number of exams taken. Although the trend in the percent of tests with a score of three or higher is projected to remain stable based on historical data, the numbers behind the trend are unpredictable. As a result, only the percentage is projected.

2. CORE DESCRIPTION

This program is designed to provide educational grants to the children or spouses of certain public safety officers killed or permanently and totally disabled in the line of duty. The request is for \$160,500 from general revenue to continue grants to eligible students. In FY 2022 the average award was \$6,382.

This core request of \$160,500 from general revenue will provide grants to an estimated 15 students in FY 2024.

Prior to FY 2021, the Marguerite Ross Barnett Scholarship Program, the Advanced Placement Incentive Grant, the Public Service Officer Survivor Grant Program, and the Wartime Veteran's Survivors Grant Program were combined into a single line item appropriation. The combined appropriation allowed any unexpended funds from those programs, after awards were made to all eligible applicants, to be used in the Marguerite Ross Barnett Scholarship Program and other programs in this group that had more applicants than available funding. With the phase out of the Marguerite Ross Barnett Program complete in FY 2021, the single appropriation was replaced with individual appropriations for each program.

NOTES: (1) For FY 2020, the full \$116,789 was disbursed to Public Service Officer Survivor Grant students.

(2) For FY 2021, the combined appropriation was not applicable due to the phase out of the Marguerite Ross Barnett Program.

(3) The decrease in expenditures for FY 2022 resulted from a 25 percent decrease in the number of eligible applications and a 30 percent decrease in the number of recipients between FY 2021 and FY 2022. Data is insufficient at this time to determine if this is an anomaly or the beginning of a new and unexpected trend. However, FY 2023 application rates as of August 2022 suggest it may be a new trend as reflected in the projections in the activity measure (2a) in this program's Program Description form. The projections may be updated in December when more application information is available for this program that does not have an application deadline.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program is designed to provide educational grants to the children or spouses of certain public safety officers killed or permanently and totally disabled in the line of duty. Children (natural, adopted or stepchild) of a Missouri Department of Transportation employee killed or permanently and totally disabled while engaged in the construction or maintenance of the state's highways, roads, and bridges, and public safety officers permanently and totally disabled in the line of duty are also eligible. The grant should reduce the cost of education for as many eligible students as possible whose families have suffered a significant personal and financial loss.

A public service officer includes any firefighter, uniformed employee of the office of the state fire marshal, emergency medical technician, police officer, capitol police officer, parole officer, probation officer, state correctional employee, water safety officer, park ranger, conservation officer, highway patrolman, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, air ambulance registered respiratory therapist, or flight crew member as defined in 173.260, RSMo.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Public Service Officer Survivor Grant in the prior and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for students who may have graduated.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. This program does not have an application deadline in order to serve as many qualifying students as possible. This makes it difficult to project the number of eligible applicants who may receive a grant.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Notes:

* The decrease in expenditures for FY 2022 resulted from a 25 percent decrease in the number of eligible applications and a 30 percent decrease in the number of recipients between FY 2021 and FY 2022. Data is insufficient at this time to determine if this is an anomaly or the beginning of a new and unexpected trend. 2. CORE DESCRIPTION

Section 173.234, RSMo, establishes the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat. Applicants are ranked first by renewal status and then by earliest application received date. Renewal applicants have priority until May 1. Renewal applications received after May 1 are ranked by application received date with initial applicants. Once the 25 recipient maximum has been reached, applicants are placed on a waiting list. FY 2018 was the first year in which the waiting list was utilized. If the waiting list exceeds 50 applicants, the department may petition the General Assembly to expand the quota. Grants cover tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2022 the average award was \$11,155.

This core request of \$325,000 from general revenue will provide grants to 25 students in FY 2024.

Prior to FY 2021, the Marguerite Ross Barnett Scholarship Program, the Advanced Placement Incentive Grant, the Public Service Officer Survivor Grant Program, and the Wartime Veteran's Survivors Grant Program were combined into a single line item appropriation. The combined appropriation allowed any unexpended funds from those programs, after awards were made to all eligible applicants, to be used in the Marguerite Ross Barnett Scholarship Program and other programs in this group that had more applicants than available funding. With the phase out of the Marguerite Ross Barnett Program complete in FY 2021, the single appropriation was replaced with individual appropriations for each program.

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

Section 173.234 RSMo established the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat after 9/11/2001. The grant encourages persistence and completion by reducing the cost of education for the maximum number of recipients allowed by statute whose families have suffered significant personal and financial loss. Grants include tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2022 the average annual grant award was \$11,155. For FY 2023 it is projected to increase to approximately \$11,500 as a result of tuition increases.

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Wartime Veteran's Survivors Grant or other state award in the prior academic year and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for first-year freshmen or students who may have graduated.

2c. Provide a measure(s) of the program's impact.

To demonstrate the program's impact the number of students paid will be compared to the number of eligible applicants, including those on the waiting list, to determine the number of eligible applicants receiving the grant.

Note: Although there is a priority deadline for renewal students, applications can be filed year round, making projections difficult. At the end of FY 2022, all students on the waiting list who had maintained eligibility were paid. Six students with eligible applications were not certified by their postsecondary institutions as eligible and therefore were not funded.

Note: Compares the total number of graduates in each fiscal year to the total amount each graduate received (initial and renewal awards) through the program. This measure demonstrates the average cost-per-student to achieve the program's purpose of encouraging completion.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Returning Heroes Education Act, Section 173.900, RSMo., became law on August 28, 2008. This law provides that all public institutions of higher education that receive state appropriated funds shall limit the amount of tuition charged to combat veterans to fifty dollars per credit hour as long as the veteran achieves and maintains a grade point average of 2.5 on a 4.0 scale, is enrolled in a program leading to a certificate or degree, and is attending in the ten year period following the last discharge from service. In addition, the tuition charged of combat veterans enrolled in graduate programs, as defined in statute, must be limited to no more than 30 percent of the cost of tuition and fees. The law also provides that institutions may report the amount of tuition waived in a fiscal year and the department may include the amount in the following year's appropriation request.

Without this funding, the institutions will have to absorb the difference between each \$50 credit hour and the actual cost per credit hour. Since this legislation passed, institutions have provided \$12.5 million in Returning Heroes tuition reductions.

2. CORE DESCRIPTION

The Kids' Chance Scholarship Program, established in 1998 in Section 173.254, RSMo, authorizes the Coordinating Board for Higher Education to provide scholarships for the children of workers who were seriously injured or died in a work related accident or an occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Eligible students can attend a Missouri college, university, or accredited vocational institution of their choice. Per the statute, the Division of Workers' Compensation deposited \$50,000 each year between 1999 and 2018 to build a \$1 million corpus in the Kids' Chance Scholarship Fund. Awards are the lesser of the student's actual tuition and fees, tuition at the University of Missouri for the same number of credit hours the student is enrolled in, or the amount of the Kids' Chance Inc. of Missouri private scholarship award. Awards can only be made using the interest earnings in the fund. In FY 2022 the average award was \$5,000.

This core request of \$15,000 from the Kids' Chance Scholarship Fund will provide scholarships to an estimated 2 students in FY 2024.

The Kids' Chance Scholarship Program, established in 1998, authorizes the Coordinating Board for Higher Education to partner with Kids' Chance Inc. of Missouri to provide scholarships for the children of workers who were seriously injured or died in a work related accident or occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Through the partnership, Kids' Chance Inc. of Missouri collects applications and awards a similar, private scholarship to applicants. DHEWD awards the state scholarship based on the number of applicants meeting the state eligibility criteria who can be supported by the interest earnings on the Kids' Chance Scholarship Fund. The partnership allows more students to be served at higher amounts than either organization could serve alone.

2. CORE DESCRIPTION

The Minority and Underrepresented Environmental Literacy Program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. The Minority Environmental Literacy Advisory Committee selects recipients and therefore determines the number of students served each year. The appropriation is divided among the selected recipients, with some recipients receiving a full award and some receiving one half of the full award, as determined by the committee. In FY 2022 the average award was \$4,162.

This core request of \$36,964 from general revenue will provide scholarships to an estimated 8 students in FY 2024.

The Minority Environmental Literacy Advisory Committee is comprised of the Commissioner of Higher Education and Workforce Development or the commissioner's designee, three representatives of universities and colleges, the director of the Department of Natural Resources or the director's designee, 5 at-large members appointed by the Governor with the advice and consent of the Senate, and the state affirmative action officer.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Minority and Underrepresented Environmental Literacy Program

Program is found in the following core budget(s): Minority and Underrepresented Environmental Literacy Program

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

The Minority and Underrepresented Environmental Literacy Program was established in 1996 by the Missouri legislature to create opportunities for students to explore areas of environmental science, provide funds for students contingent upon academic status and performance, and create a pool of applicants that reflects the cultural diversity of Missouri. The program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. This program should encourage applicants to work toward and complete an environmentally-related degree by providing financial assistance to reduce the cost of education.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

This measure, including the FY 2023-2025 projections, will be updated when the Governor's Recommendation is added as FY 2022 completion data are not yet available.

Note: Compares the total number of graduates in each fiscal year to the total amount each graduate received (initial and renewal awards) through the program. This measure demonstrates the average cost-per-student to achieve the program's purpose of encouraging students to complete an environmentally-related degree.

2. CORE DESCRIPTION

The Missouri Student Loan Program is a guaranty agency that operates under the Federal Family Education Loan (FFEL) program. As of June 30, 2021, the program had total outstanding guaranteed loan balances of more than \$736 million. This appropriation is necessary to pay the operating expenses related to managing the portfolio. The appropriation also allows the department to meet federal requirements to support outreach activities aimed at educating high school students, parents, and others about preparing for and paying for college, managing student loan debt, and increasing financial literacy. Due to the loan program ending, DHEWD has completed a Core Reduction of 14.8 FTE, \$684,646 PS dollars and \$2,480,514 E&E dollars to zero out these funds. The remaining core request of \$640,001 is spending authority from the Guaranty Agency Operating Fund to close out the program.

A core reallocation of 1 FTE has been completed. This FTE reallocation is for the FASFA Coordinator position that is currently funded by Loan and moving to General Revenue funds.

*Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) Per Dear Colleague Letter (DCL) GEN-21-03, issued by the United States Department of Education, guarantee agencies were told they must halt collections. This halt has now been in place for over two years, retroactive to March 13, 2020. In early 2022, DHEWD decided to begin the process of terminating the Loan Program. As a result, loan program staff has been reduced and less money is being spent on salaries, supplies, subscriptions, trainings, etc. Further, because the loan program is ending, no money was spent on outreach materials in order to conserve money in the operating fund.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The Missouri Student Loan Program (MSLP) is a guaranty agency for the Federal Family Education Loan (FFEL) program. As a guaranty agency, this program insures lenders of Federal Stafford, PLUS, and Consolidation student loans from losses due to default at 97 to 98 percent, depending on the loan disbursement date, and at 100 percent due to loan discharge. MSLP had total outstanding guaranteed loan balances of more than \$578 million as of June 30, 2022. The Healthcare and Education Affordability Reconciliation Act, enacted March 30, 2010 (Public Law 111-152), eliminated the department authority to make or insure loans under the FFEL Program as of June 30, 2010. However, DHEWD must continue to act as the United States Department of Education's (USDE) agent by fulfilling responsibilities related to outstanding guarantees, which includes working with students, borrowers, schools, lenders, servicers, and the USDE to ensure compliance with applicable federal laws and regulations.

Also of critical importance to the outstanding FFEL portfolio is the guaranty agency's efforts with respect to default prevention and aversion, as well as default collection. As required by federal statute, the agency provides collections assistance to loan holders and counseling assistance to borrowers when a borrower becomes more than 60 days delinquent on their student loan. During FY 2022, DHEWD received over 10,000 default assistance requests from lenders. The DHEWD averted default on 65 percent of delinquent loans.

The loan program also provides postsecondary institutions with regulatory resources and ensures laws promulgated under the Higher Education Act for the FFEL Program are accurately interpreted and enforced.

Funds generated by the program have supported the state aid programs and provide information to prospective students and their families regarding how to plan and pay for college through support of outreach that develops and implements public awareness of the value of postsecondary education, the options available and the importance of filing a Free Application for Federal Student Aid.

Finally, the department collects on defaulted student loans to keep the cost of the FFEL program as low as possible. DHEWD uses a variety of collection methods to recover defaulted loans, including administrative wage garnishment, state tax refund offset, US Treasury offset, borrower payments, rehabilitation, and consolidation. However, per Dear Colleague Letter GEN-21-03, issued by USDE May 12, 2021 in response to the COVID-19 pandemic, DHEWD was directed to halt collections and the accrual of interest on defaulted accounts, retroactive to March 13, 2020.

2c. Provide a measure(s) of the program's impact.

This measure demonstrates DHEWD's effectiveness in helping defaulted borrowers regain eligibility for Title IV financial assistance. Accounts are monitored each month to verify they have maintained eligibility. If a defaulted student loan borrower falls behind in their repayment, DHEWD makes additional efforts to contact the borrower to encourage them to continue making payments to maintain eligibility. DHEWD has established a baseline goal to keep 90% of borrowers approved for reinstatement eligible for aid each month, but hopes to keep an average of 96% of all borrowers eligible. This measure is no longer applicable effective July 1, 2022 as ECMC began processing reinstatement requests on behalf of DHEWD on this date.

2d. Provide a measure(s) of the program's efficiency.

DHEWD's call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. DHEWD has established a baseline goal for this measure of a 97% timely response rate. The FY 2021 reduction in timely letter response was due to a very large volume of written requests in response to mailings that DHEWD was required to send to borrowers as a result of the COVID-19 pandemic. These mailings also caused a large increase in calls, which made it difficult to respond timely to borrower requests.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

2. CORE DESCRIPTION

U.S. Department of Education regulations require all guaranty agencies to deposit all funds collected from defaulted borrowers into the Federal Student Loan Reserve Fund within 48 hours of collection or reimburse the federal government for interest that should have accrued to the Guaranty Agency Operating Fund. DHEWD contracts with a loan servicer who subcontracts with collection agencies to recover defaulted loans. DHEWD pays the loan servicer a percentage of the amount collected using the Guaranty Agency Operating Fund share of collection revenues described in the Collection Payments Transfer appropriation authority request. Industry specific conditions make it difficult to predict what contingency fees DHEWD may be required to pay for collections. However, DHEWD must continue to meet federal requirements for collecting federal student loans.

Due to the loan program ending, for FY 2024, DHEWD has completed a Core Reduction of \$8,500,000 to zero out the funds.

NOTES: (1) Federal Loan Compliance is mostly used to pay our servicer (ECMC). Our contract with ECMC requires DHEWD to pay a flat percentage of whatever collections were for each month. Per Dear Colleague Letter (DCL) GEN-21-03, issued by the United States Department of Education, guaranty agencies were told they must halt collections. This halt has now been in place for over two years, retroactive to March 13, 2020. The DCL also mandated that GA's return all forced payments such as garnishment and tax offset, as well as voluntary payments if a borrower requested a refund. Additionally, GA's were required to return interest and a portion of collection costs on loans that had previously been rehabilitated or consolidated. This resulted in a very large amount of money sent to ECMC for them to refund on our behalf in FY2022.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: Federal Loan Compliance
Program is found in the following core budget(s): Federal Loan Compliance

HB Section(s): 3.115

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

As part of its statutory requirements, the Missouri Student Loan Program contracts with a loan servicer, which subcontracts with collection agencies to collect on defaulted loans. The program pays the loan servicer a percentage of the amount collected by the collection agencies. The Guaranty Agency Operating Fund share of collection revenues is described in the Collection Payments Transfer appropriation authority request.

Dear Colleague Letter (DCL) GEN-21-03 was issued by the United States Department of Education May 12, 2021 in response to the COVID-19 pandemic. The DCL directed DHEWD to **halt** collections and the accrual of interest on defaulted accounts, retroactive to March 13, 2020. This directive lasts through December 31, 2022. As a result, the program experienced a decline in collections rate from defaulted borrowers during FY 2021 and FY 2022. The loan program is ending effective October 1, 2022, so there will also be a decline during FY 2023.

2a. Provide an activity measure(s) for the program.

The recovery rate represents the percentage (%) of DHEWD's outstanding defaulted loan balances recovered through collections in a given year.

*The FY 2021 & FY2022 declines were due to the USDE order to halt collections as a result of the COVID-19 pandemic. The FY 2023 projected recovery rate is affected by DHEWD's decision to exit the loan program.

2b. Provide a measure(s) of the program's quality.

*Data regarding guaranty agency (GA) collections are compiled by the USDE and then distributed to GA's. Due to USDE's order to halt collections as a result of the COVID-19 pandemic, data regarding collections are not available for FY 2021, FY 2022, and FY 2023.

2c. Provide a measure(s) of the program's impact.

DHEWD provides collections assistance to lenders for loans that become 60 days or more delinquent to try to avert default of the loan.

Default Aversion Assistance Requests (DAARs) Process by DHEWD

2d. Provide a measure(s) of the program's efficiency.

DHEWD's call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. DHEWD has established a baseline goal for this measure of a 97% timely response rate. The FY 2021 reduction in timely response was a direct result of a large volume of written requests received in our office. These written requests were in response to several required COVID-19 mailings sent to borrowers by DHEWD. These mailings also caused a large increase in calls, which made it difficult to respond timely to borrower requests.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Federal Loan Compliance is mostly used to pay our servicer (ECMC). The contract with ECMC requires DHEWD to pay a flat percentage of whatever collections were for each month. Per Dear Colleague Letter GEN-21-03, issued by the United States Department of Education, guaranty agencies were told they must halt collections, retroactive to March 13, 2020. This resulted in a very large amount of money sent to ECMC for them to refund on our behalf.

4. What are the sources of the "Other " funds?

Guaranty Agency Operating Fund (0880)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Higher Education Act of 1965, as amended, 20 U.S.C. 1071, et seq.; 34 C.F.R. Parts 658 and 682; Sections 173.095 - 173.187, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

2. CORE DESCRIPTION

The Higher Education Act requires guaranty agencies to deposit certain percentages of payments received from defaulted borrowers into the Federal Student Loan Reserve Fund and the Guaranty Agency Operating Fund. It also requires the guaranty agencies to transfer default aversion fees from the Federal Student Loan Reserve Fund to the Guaranty Agency Operating Fund. This request for \$15,000,000 in transfer authority is necessary to enable DHEWD to transfer the appropriate amount of collections from and on behalf of defaulted borrowers, initially deposited in the Federal Student Loan Reserve Fund, to the Guaranty Agency Operating Fund as required by the Federal Law. This request actually relates to revenues from collection activity performed by the guaranty agency. However, because collection revenues must first be deposited in the Federal Fund, which is property of the federal government, the portion earned by the guaranty agency must be transferred to the Guaranty Agency Operating Fund. The appropriation also allows DHEWD to transfer one percent of the principal and interest of delinquent loans from the Federal Student Loan Reserve Fund to the Guaranty Agency Operating Fund. This money is used to provide default aversion assistance to lenders when a loan becomes more than 60 days delinquent.

Due to the loan program ending, DHEWD has completed a Core Reduction of \$15,000,000 to zero out the funds.

NOTES: (1) Transfers typically happen three times per year. Due to the collections pause mandated in Dear Colleague Letter (DCL) GEN-21-03, the United States Department of Education (USDE) has allowed guaranty agencies to transfer money from the federal fund to the operating fund to reimburse agencies for lost revenue. These additional transfers caused an increase in expenditures for FY22.

2. CORE DESCRIPTION

This fund is used to purchase loans from lenders and reimburse monies to the federal government as necessary. The United States Department of Education (USDE) requires DHEWD to purchase eligible loans from lenders within 45 to 90 days of the date a lender submits the purchase request. If DHEWD cannot purchase loans timely due to inadequate appropriation authority, the USDE will not reimburse DHEWD for the loan purchases and may revoke DHEWD's authority to act as a guaranty agency for the Federal Family Education Loan Program (FFEL).

Because of the Healthcare and Education Affordability Reconciliation Act, enacted March 30, 2010 (Public Law 111-152), the authority to make or insure new loans under the FFEL Program ended June 30, 2010, as all subsequent loans are disbursed through the Federal Direct Loan Program. DHEWD will continue to purchase existing DHEWD-guaranteed loans held by FFEL Program lenders through September 29, 2022. The loan program will end effective October 1, 2022. The fund is the property of the federal government.

Due to the loan program ending, for FY 2024, DHEWD has completed a Core Reduction of \$120,000,000 has been completed to zero out the funds.

This resulted in a significant drop in the number of default claims paid during those years. DHEWD will continue to purchase existing DHEWD-guaranteed loans held by FFEL Program lenders through September 29, 2022. The loan program will end effective October 1, 2022.

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This appropriation request is part of the Missouri Student Loan Program. These requested funds will be needed to purchase defaulted and discharged student loans from lenders and to return or reimburse monies to the federal government as necessary. The fund balance related to this appropriation is the property of the federal government.

As an agent of the United States Department of Education (USDE), the Student Loan Program insures private commercial banks against loss from defaulted and discharged student loans. Lenders are insured at 97 to 98 percent of the outstanding principal and interest at time of default for defaulted loans, depending on the loan disbursement date, and 100 percent for loans discharged due to death, disability, closed school, and bankruptcy. DHEWD must review each claim filed by a lender to ensure the lender has complied with all federal laws and regulations throughout the life of the loan to that point. If the lender fails to comply with all federal and DHEWD guidelines, the insurance claim will be denied and the lender loses the federal loan guarantee and must try to collect the loan. In FY 2022, the program reviewed and paid approximately 4,800 claims. The program is reinsured by the federal government at 100 percent for all claim types.

After purchasing defaulted loans, DHEWD attempts to recover the defaulted debt through various collection efforts. The proceeds from defaulted student loan collections are deposited into the Federal Student Loan Reserve Fund, and the portion due to the Guaranty Agency Operating Fund is subsequently transferred to that fund.

The enactment of the Healthcare and Education Affordability Reconciliation Act of 2010 (Public Law 111-152) makes it difficult for DHEWD to predict future claim volume. As a result of the law, DHEWD no longer has authority to guarantee new federal student loans effective June 30, 2010, as those loans are now disbursed through the Federal Direct Loan Program. In FY 2020 and FY 2021, Federal Student Aid provided Disaster Guidance to FFEL lenders related to the COVID-19 pandemic, allowing cessation of payments on loans they hold. This resulted in a significant drop in the number of default claims paid during those years. DHEWD will continue to purchase existing DHEWD-guaranteed loans held by FFEL Program lenders through September 29, 2022. The loan program will end effective October 1, 2022.

2a. Provide an activity measure(s) for the program.

DHEWD measures the number of claims paid to lenders in a given year. There is no baseline goal as all claims received, if properly filed, must be paid from this fund. This count reflects what gets into our default inventory for us to recover.

2b. Provide a measure(s) of the program's quality.

Each month DHEWD staff review a sample of claims to verify claims are paid timely. This measure demonstrates DHEWD's efforts to monitor and verify all our claim types are paid accurately, completely and timely, within required federal regulations.

2c. Provide a measure(s) of the program's impact.

This measure demonstrates DHEWD's impact in helping defaulted borrowers regain eligibility for Title IV financial assistance. Accounts are monitored each month to verify they have maintained eligibility. If a defaulted student loan borrower falls behind in their repayment, DHEWD makes additional efforts to contact the borrower to encourage them to continue making payments to maintain eligibility. DHEWD has established a baseline goal to keep 90% of borrowers approved for reinstatement eligible for aid each month. This measure is no longer applicable effective July 1, 2022 as ECMC began processing reinstatement requests on behalf of DHEWD on this date.

2d. Provide a measure(s) of the program's efficiency.

The DHEWD call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. DHEWD has established a baseline goal for this measure of a 97% timely response rate. The FY 2021 reduction in timely response was a direct result of a large volume of written requests received in our office. These written requests were in response to several required COVID-19 mailings sent to borrowers by DHEWD. These mailings also caused a large increase in calls, which made it difficult to respond timely to borrower requests.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: In FY 2020 and FY 2021, Federal Aid provided Disaster Guidance to FFEL lenders related to the COVID-19 pandemic, allowing cessation of payments on loans they hold. This resulted in a significant drop in the number of default claims paid during those years. DHEWD will continue to purchase existing DHEWD-guaranteed loans held by FFEL Program lenders through September 29, 2022. The loan program will end effective October 1, 2022.

4. What are the sources of the "Other " funds?

Federal Student Loan Reserve Fund (0881)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Higher Education Act of 1965, as amended, 20 U.S.C. 1071, et seq.; 34 C.F.R. Parts 658 and 682; Sections 173.095 - 173.187, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The Debt Offset Escrow fund enabled DHEWD to transfer state income tax refunds of defaulted borrowers' whose loans were guaranteed by the DHEWD Student Loan Program to its Federal Fund. This appropriation request was part of the DHEWD Student Loan Program. Section 143.781, RSMo, authorizes DHEWD to make tax refund offsets against debts owed to the state agency.

Due to the loan program ending, for FY 2024, DHEWD has completed a Core Reduction of \$500,000 to zero out the funds.

NOTES: (1) In FY 2021, the United State Department of Education, in response to the pandemic, ordered guaranty agencies to halt collections, retroactive to March 13, 2020. This resulted in a reduction of funds collected through state tax offset for FY 2020 and FY 2021. It also resulted in no funds being collected during FY 2022.

2. CORE DESCRIPTION

The Higher Education Amendments (HEA) of 1998 requires guaranty agencies to deposit certain percentages of payments received from defaulted borrowers into the Federal Reserve Fund, which is the property of the federal government. All amounts collected from defaulted borrowers are first deposited into the Federal Reserve Fund, with DHEWD's portion transferred out into the Guaranty Agency Operating Fund. Due to reconciling items, it is sometimes necessary to transfer funds back to the Federal Fund. In addition, the HEA also requires DHEWD to ensure that the Federal Reserve Fund has cash flow sufficient to pay claims to lenders and meet federally mandated reserve levels. At times it may be necessary to transfer an amount from the Guaranty Agency Operating Fund (0880) to the Federal Fund to maintain the minimum reserve level.

This appropriation was infrequently used, but was necessary to ensure federal compliance in the event that DHEWD was required to transfer money to the Federal Reserve Fund from the Guaranty Operating Fund in order to make adjustments to collections from defaulted borrowers, and to ensure that the Federal Fund has sufficient cash flow to meet obligations and minimum reserve levels.

Due to the loan program ending, for FY 2024, DHWED has completed a Core Reduction of \$1,000,000 to zero out the funds.
