2. CORE DESCRIPTION

The Office of Workforce Development (OWD) administers employment and training programs authorized and funded by the federal government. The funds are provided to carry out programs required by the Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, Veterans' Employment and Training Services, and other federal employment and training programs that complement the state workforce system. The programs and services provided through these funding sources include, but are not limited to, job search assistance to connect job seekers with employment opportunities, job preparation activities, work based learning and skill training for eligible adults, dislocated workers, veterans, unemployment insurance claimants, and youth. This core also includes funding for the Show-Me Heroes Program which promotes the hiring of veterans and provides on-the-job training opportunities to military and National Guard members returned from deployment or separated from active duty.

The FY 2023 one-time funds of \$1,500 have been removed from the FY 2024 budget request. Federal PSD includes \$500,000 Show-Me Heroes Program (Fund 0995).

Core Reallocation of 2 FTE has been completed. This FTE reallocation is for the two NDI FTE requests for the Agency Budget Analyst and Senior Accountant positions from federal funding to cost allocation split between federal and general revenue, 70/30 split.

3. PROGRAM LISTING (list programs included in this core funding)

| | (1) | (1) (2) (3) | (1) (3) | (4) |

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) Lapse due to vacancies and reductions in PS expenditures due to retirements.
- (2) Workforce Development experienced federal funding reductions.
- (3) A significant amount of operational expenses, including travel, were postponed due to the pandemic.
- (4) FY 2023 includes one-time appropriations of \$1,500 that have been removed from the FY 2024 budget request.

| PROGRAM DESCRIPTION | |
|--|----------------------|
| Department of Higher Education and Workforce Development | HB Section(s): 3.125 |
| Program Name: Workforce Administration | · , |
| Program is found in the following core budget(s): Workforce Development Administration | |
| 1a. What strategic priority does this program address? | |

Meaningful Work

1b. What does this program do?

Workforce Administration provides:

- Support for the day-to-day oversight and the administration of federal funded employment and training programs such as: Veterans Services, the Workforce Innovation and Opportunity Act, Trade Adjustment Assistance, and Wagner-Peyser.
- On-going implementation of new and expanding employment and training programs.
- The personal service and expense and equipment costs for the staff necessary to operate the job centers around the state.

HB Section(s):

3.125

Department of Higher Education and Workforce Development

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

2a. Provide an activity measure(s) for the program.

| | FY 2020 | | FY 2021 | | FY 2022 | | FY 2023 | FY 2024 | FY 2025 |
|-------------------------------|-----------|---------|-----------|--------|-----------|--------|-----------|-----------|-----------|
| | Projected | | Projected | Actual | Projected | Actual | Projected | Projected | Projected |
| Total Participants Served | 169,298 | 103,281 | 108,445 | 68,381 | 71,800 | 62,884 | 64,771 | 67,361 | 70,729 |
| Participants Served-In Person | 84,031 | 51,582 | 54,161 | 28,592 | 30,022 | 42,461 | 43,735 | 45,484 | 47,758 |
| Participants Served-On Line | 85,267 | 51,699 | 54,284 | 39,789 | 41,778 | 20,533 | 21,149 | 21,995 | 23,095 |

^{*}Number of individuals served represents customers receiving a service through the Missouri Job Centers and the self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. Due to the COVID-19 pandemic, office closures directly affected the number services provided during FY 2021.

Participant data was queried from customer data through MoPerforms.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2023 thru FY 2025 are estimated to increase by 3%, 4%, and 5% respectively.

| Hours of Compliance Monitoring | FY 2020 Projected | FY 2020 Actual | FY 2021 Projected | FY 2021 Actual | FY 2022 Projected | FY 2022 Actual | FY 2023 Projected | FY 2024 Projected | FY 2025 Projected |
|-----------------------------------|----------------------|-------------------|----------------------|-------------------|----------------------|-------------------|----------------------|----------------------|----------------------|
| Compliance & Administration | 4,849 | 3,359 | 3,527 | 12,051 | 12,413 | 10,687 | 12,909 | 13,425 | 13,962 |
| Financial | - | | | | See Below*** | | | | |

^{**}The sub-recipients are monitored on-site annually to ensure the funding is spent appropriately and program services are provided as prescribed by state and federal law, rules, and regulations. Various databases and source documentation are reviewed to determine compliance and to evaluate performance of sub-awards. Beginning in FY 2021, sub-recipient monitoring has been conducted quarterly rather than annually.

^{***}Beginning in FY 2020, financial monitoring will not be conducted by department staff but rather will be completed via contracted monitoring. As a result, the compliance and administration monitoring will increase in projected years.

3.125

HB Section(s):

Department of Higher Education and Workforce Development

Program Name: Workforce Administration

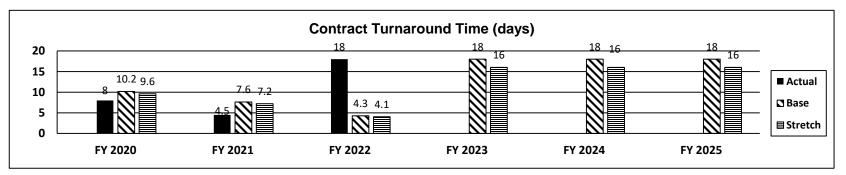

Program is found in the following core budget(s): Workforce Development Administration

2b. Provide a measure(s) of the program's quality.

| | FY 2020 | FY 2021 | FY 2021 | FY 2022 | FY 2023 | FY 2024 | FY 2025 |
|----------------------------------|-----------|-----------|-----------|-----------|-----------|-----------|-----------|
| | Projected |
| Sub-Recipient Satisfaction Rate: | 79% | 79% | 79% | 79% | 79% | 79% | 79% |

^{*}Note: The first sub-recipient survey will take place in FY 2023 and each year thereafter.

2c. Provide a measure(s) of the program's impact.

In FY2022, DHEWD implemented a new contract management system that captures data for all contracts such as annual agreements, sub-recipient contracts, memorandums of understanding, and purchase requests.

Data for FY2020 and F2021 measures the time to initiate, produce, and finalize contracts to enable sub-recipients the ability to carry-out the required activities of the sub-award.

^{**}A sub-recipient is an entity to whom Workforce Development sub-awards funding to execute programs offered through the Public Workforce System such as the Summer Youth Programs, Incumbent Worker Training, and Apprenticeship opportunities.

3.125

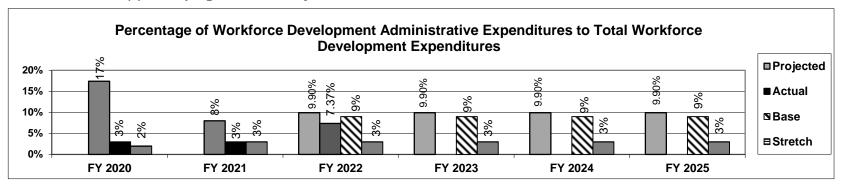

HB Section(s):

Department of Higher Education and Workforce Development

Program Name: Workforce Administration

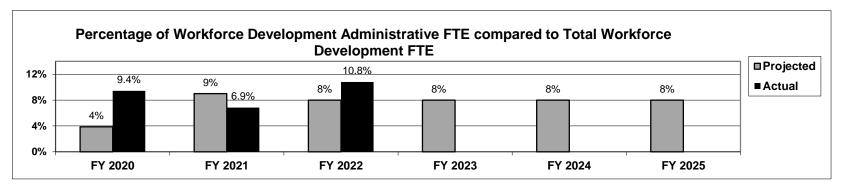

Program is found in the following core budget(s): Workforce Development Administration

2d. Provide a measure(s) of the program's efficiency.

^{*}Calculation is based on Workforce Development Administrative expenditures versus the total Office expenditures.

^{**}Base reflects the appropriated amounts for Workforce Development Administration and the total for Office of Workforce Development; stretch reflects lowest percentage of previous three years.

^{*}Calculation is based on Workforce Development Administration FTE versus the total Office FTE.

HB Section(s):

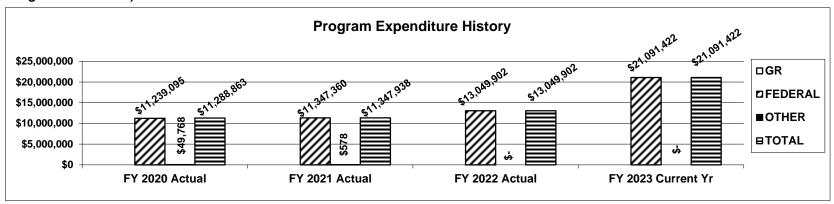

3.125

Department of Higher Education and Workforce Development

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Statute - Public Law 113-128 and Public Law 114-27 for Trade Adjustment Assistance Reauthorization Act (TAARA) of 2015

6. Are there federal matching requirements? If yes, please explain.

None

7. Is this a federally mandated program? If yes, please explain.

Workforce Innovation and Opportunity Act, Wagner-Peyser Act/Employment Services, Jobs for Veterans State Grants (JVSG), and Trade Adjustment Assistance Reauthorization Act of 2015 programs are federally mandated. These programs are designed to assist states, local communities, businesses and job seekers in developing a skilled workforce. These programs provide job seekers with employment and training services to include job search assistance, and training to acquire and retain jobs, and to provide employers with an exceptional workforce.

| Department of Higher Education and Workforce Development | HB Section(s): 3.125 |
| Program Name: Workforce Autism Project | · , |
| Program is found in the following core budget(s): Workforce Autism | |

1a. What strategic priority does this program address?

Meaningful Work

1b. What does this program do?

This program is designed for the autistic population in Southeast Missouri to gain workforce transition services, independent living skills, life skills training, and identifying career pathways through utilizing the assessment model developed by the Tailor Institute located in Southeast Missouri. The goal is to identify and find employment for the autistic population in Southeast Missouri.

2a. Provide an activity measure(s) for the program.

| | FY 2020* | | FY 2 | FY 2021* | | FY 2022* | | FY 2024 | FY 2025 |

2c. Provide a measure(s) of the program's impact.

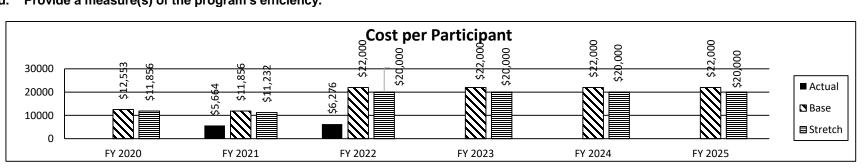

Note: The actual number was calculated as the quarterly average number of participants either employed or volunteering during the year.

*This program has participants who begin the program and exit the program at different stages and times. This program also places participants in employment.

*Data for FY 2021 was provided by the sub-recipient, Tailor Institute.

2d. Provide a measure(s) of the program's efficiency.

*Data was provided by the sub-recipient, Tailor Institute. Calculation divides expenditures by the average number served each quarter.

Note: The population targeted by this grant are harder to serve and require more intensive services; therefore, costs are expected to increase per participant.

2. CORE DESCRIPTION

Missouri employers, job seekers, policy makers, and service organizations require high-quality economic and labor market information to make decisions, identify areas of need, and support Missouri's overall economic growth. The Missouri Economic Research and Information Center (MERIC), as part of the Office of Performance and Strategy, serves those needs through data collection, applied research, innovative analysis, and reporting to the public and policymakers.

This research and analysis includes labor market trends, employment and unemployment rates, occupational studies and projections, economic conditions, studies of Missouri's industries, and the creation of data and analysis on jobs, education, and training that employers demand now and in the future. MERIC also works in cooperation with the U.S. Department of Labor as the state's labor market information agency to collect data, conduct research, and produce information on economic conditions and labor market trends on a monthly, quarterly, and annual basis. Through its website, MERIC.mo.gov, MERIC also provides interactive access to economic and workforce data for the state, and its regions and counties.

For occupation employment and wage statistics, employment trends, and industry and occupation projections, MERIC is the recognized originating source of this data. No other organization in the state is in a position to provide the same information. The branding of the work of these state staff members as "MERIC" has provided stability, reliability, and a trusted source of reputable information, even through a department merger and transition.

NOTE: FY 2023 one-time funds of \$13,030 have been removed from the FY 2024 Core.

Department of Higher Education and Workforce Development HB Section(s): 3.125

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1a. What strategic priority does this program address?

MERIC supports DHEWD's vision of "Every Missourian empowered with the skills and education needed for success" by filling a critical need in Missouri for high quality economic and labor market information to support decision-making. High quality information is essential for employers, job seekers, education and training providers, and other agencies that support Missourians and encourage economic stability and growth. Most directly tied to the department priority of "Raise Awareness of Options", the research and data provided is applicable to a variety of stakeholders as MERIC not only collects and provides a wide array of meaningful data and research, but also makes it easy to access and understand.

1b. What does this program do?

The Missouri Economic Research and Information Center (MERIC) performs data collection, applied research, and reporting of useful information to businesses, policymakers, jobseekers, educators, planners, and the general public to support making data-informed economic, workforce, and career planning decisions. Organizations such as chambers of commerce, community planners, and economic developers use this information for grant applications, promoting Missouri as a location for business expansion and retention, and supporting in-demand jobs.

Research includes: (1) collection, development and analysis of labor market data such as employment, unemployment, wages, and occupational information; (2) production of data and analysis on jobs, career planning, industry and occupation projections, and education and training that employers demand now and in the future; (3) studies of Missouri's industries, targeted sectors, and top occupations in those businesses; and (4) economic conditions and indicators for the state, regions, and counties.

MERIC also provides training, outreach, and support for all Missourians seeking research sources and insights in all of the above areas. With a variety of sources available, data can be difficult to find, understand, and properly interpret. MERIC helps bridge the gap between the data and those who need it.

2a. Provide an activity measure(s) for the program.

| | FY 2019 | FY 2020 | FY 2021 | FY 2022 | FY 2023 | FY 2024 |
|-------------------------------------|---------|---------|---------|---------|-----------|-----------|
| | Actual | Actual | Actual | Actual | Projected | Projected |
| Direct Activities | | | | | | |
| Customers in Training/Presentations | 2,501 | 1,585 | 1,843 | 1,843 | 891 | 1,750 |
| Customer Assistance | 996 | 1,247 | 1,281 | 1,281 | 959 | 978 |
| E-Newsletter Recipients | 2,955 | 3,420 | 7,821 | 9,822 | 10,018 | 10,219 |
| Indirect Activities | | | | | | |
| Website Page Views | 556,043 | 320,786 | 397,531 | 735,844 | 500,000 | 500,000 |

Lingering impacts from COVID continue to limit the number of customer presentations. As more users find the information the need on the MERIC website, the need for direct Customer Assistance should decline. The website page views show the number of pages on the MERIC website (meric.mo.gov) that were visited in the fiscal year. Some of the large growth in FY2022 was driven by a single report that may not have the same impact in future years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

2b. Provide a measure(s) of the program's quality.

| | FY 2019 | FY 2020 | FY 2021 | FY 2022* | FY 2023 | FY 2024 |
|---|---------|---------|---------|----------|-----------|-----------|
| | Actual | Actual | Actual | Actual | Projected | Projected |
| How helpful is the information you receive? | 79% | 79% | 74% | 81% | 81% | 81% |
| How satisfied are you with the assistance? | 60% | 62% | 52% | 63% | 63% | 63% |
| How satisfied are you with MERIC knowledge? | 76% | 79% | 80% | 100% | 80% | 80% |

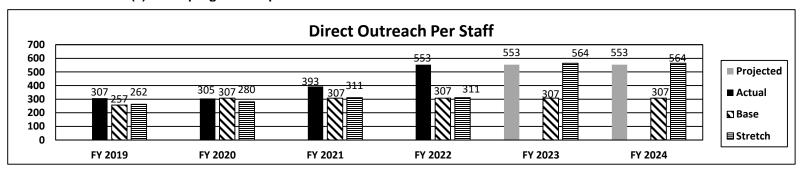

HB Section(s):

3.125

Customer satisfaction survey questions scored from 1-5 (1-Very Dissatisfied to 5-Very Satisfied). Responses in 4 or 5 totaled for percent of respondents that indicate *Very* to *Somewhat Satisfied* or *Always* to *Often Helpful*.

*The FY 2022 customer survey had very limited responses. Work is being done to improve the response rate for FY 2023.

2c. Provide a measure(s) of the program's impact.

- Direct Outreach per Staff: Sum of MERIC reported customers assisted, people trained or in presentations, and delivered newsletter recipients in the year divided by staff level. FY 2020 to FY 2022 increase is due in part to increase in weekly newsletter recipients.
- Calculated Stretch Goal of 2% over FY 2022 actual.
- Baseline is set to FY 2019 Actual.

PROGRAM DESCRIPTION

HB Section(s):

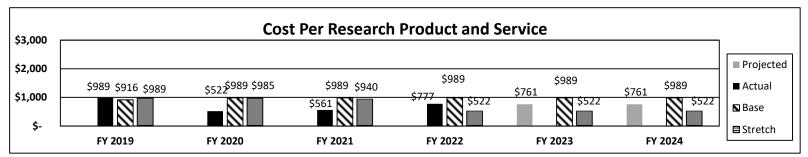

3.125

Department of Higher Education and Workforce Development

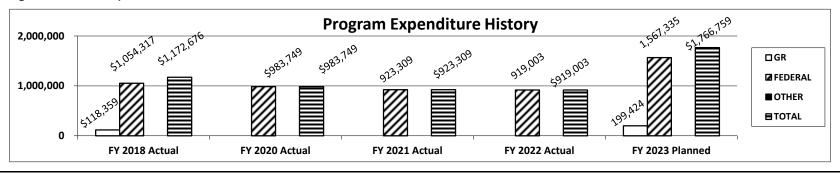

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

2d. Provide a measure(s) of the program's efficiency.

- Annual Cost Per Research Product & Service: Sum of MERIC total funding (federal grants and state revenue) divided by sum of new research products, presentations, and services in the year.
- Calculated stretch goal of reduced cost of 2% from FY 2022 actual year.
- FY 2020 and FY 2021 actual were lower due to unexpected changes in budget expenditures and staffing. That trend returned to more expected
- 3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

| PROGRAM DESCRIPTION | | | | | |
|---|---------------------------------------|--|--|--|--|
| Department of Higher Education and Workforce Development | HB Section(s): 3.125 | | | | |
| Program Name: Research Team - (MERIC) | · · · · · · · · · · · · · · · · · · · | | | | |
| Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC) | | | | | |
| 4 What are the courses of the "Other " fundo? | | | | | |

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics (BLS) and Employment and Training Administration (ETA). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

6. Are there federal matching requirements? If yes, please explain.

N/A

7. Is this a federally mandated program? If yes, please explain.

This program is partially federally mandated. The BLS uses a cooperative agreement to fund cooperative statistical data collection programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this Collective Income Group Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Grant to States.

However, the federal mandates associated with this program detail only a limited portion of the actual work activity and services provided. The program also provides for state-specific research needs, leveraging the unique access to data provided by the federal mandates. Types of state-specific support include economic research for recovery from the COVID-19 pandemic, critical research support in the state's effort to be the Best in the Midwest, and research assistance to legislative offices and other state-funded agencies in support of their missions.

CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This request would establish a P20W Research and Data Center within the Department of Higher Education and Workforce Development's Missouri Economic

This request would establish a P20W Research and Data Center within the Department of Higher Education and Workforce Development's Missouri Economic Research and Information Center (MERIC). P20W data allows users to analyze data linking Pre-school (and/or birth) through postsecondary education and training ("Grade 20") and into the Workforce to make informed decisions that:

- Support successful transitions through education and training into the workforce;
- Improve the impact and effectiveness of health and social services;
- Provide the data and means to more effectively measure the performance of Missouri's education, workforce, and socioeconomic investments. Although structures and organizational locations vary, many states have already established similar systems.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

DHEWD requests \$2.5 million, which will support five staff, organization and infrastructure, and data sharing, analysis, and oversight for the P20W Center. These staff will work with other state agencies, business and economic development stakeholders, ITSD, non-profit organizations, higher education, researchers, and others to: Identify and join key data sources, Establish data governance, Protect privacy and confidentiality, Prioritize research projects and products that support workforce and economic development, Improve education policy, Find efficiencies, and Enable better program evaluation across state government and other sectors.

FTE salaries are benchmarked against job classifications whose duties include senior data management, program management, and data analysis. The budget will support systems development work with ITSD and contracting for additional planning. DHEWD anticipates that most of the resources budgeted for contracting will shift in later years to supporting ongoing policy research, maintenance costs, and system improvements.

2. CORE DESCRIPTION

The Workforce Innovation and Opportunity Act (WIOA) provides the framework and funding for a national workforce preparation and employment system designed to meet the needs of businesses and job seekers. WIOA programs and services are delivered statewide through the Local Workforce Development Boards, in accordance with federal and state statutes. The State of Missouri is obligated to distribute WIOA funds to sub-recipients, including the Local Workforce Development Boards. The Wagner-Peyser Act of 1933 (WP) is also administered by the division. WP funds provide labor exchange services, which are no fee employment services to individuals seeking employment and employers recruiting workers. In addition, this core supports special projects related to labor exchange, including Missouri's Certified Work Ready Communities (CWRC) initiative. The CWRC initiative helps develop a workforce with the fundamental skills required to successfully support business in today's economy, attract new business and develop a strong talent pipeline for the state's growth nationally and globally. This core also includes other federal and employment and training funds that complement the workforce system. The department is subject to Chapter 34 of the revised statutes of Missouri and must competively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.

~General Revenue Depart Request includes: \$200,000 Launch KC and \$41,835 Future in Action. Governor's Recommendation removes Future in Action. ~FY 2023 one-time funds of \$3,730,000 have been removed from the FY 2024 budget request.

3. PROGRAM LISTING (list programs included in this core funding)

| PROGRAM DESCRIPTION | | |
|--|----------------|-------------|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.130 |
| Program Name: Workforce Programs | , , | |
| Program is found in the following core budget(s): Workforce Programs | | |

1a. What specific priority does this program address?

Meaningful Work

1b. What does this program do?

- Workforce Programs provide skill development, workforce preparation and job placement services to unemployed and under-employed individuals to ensure they are no longer solely reliant on public assistance. The participant may visit one of the Missouri Job Centers or the self-serve website, jobs.mo.gov.
- Workforce Programs provide business services to employers, assisting them to develop and maintain a workforce.
- These funds are primarily federal pass through dollars distributed according to federal and state regulations to subrecipients, primarily the Local Workforce Development Boards.

2a. Provide an activity measure(s) for the program.

| | FY 2020 | | FY 2021 | | FY 2022 | | FY 2023 | FY 2024 | FY 2025 |
|-------------------------------|-----------|---------|-----------|--------|-----------|--------|-----------|-----------|-----------|
| | Projected | Actual | Projected | Actual | Projected | Actual | Projected | Projected | Projected |
| Total Participants Served | 169,298 | 103,281 | 108,445 | 68,381 | 71,800 | 62,884 | 64,771 | 67,361 | 70,729 |
| Participants Served-In Person | 84,031 | 51,582 | 54,161 | 28,592 | 30,022 | 42,461 | 43,735 | 45,484 | 47,758 |
| Participants Served-On Line | 85,267 | 51,699 | 54,284 | 39,789 | 41,778 | 20,533 | 21,149 | 21,995 | 23,095 |

^{*}Number of individuals served represents customers receiving a service through the Missouri Job Centers and our self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. COVID office closures directly affected the number services provided during FY 2021.

Participant data was queried from customer data through MoPerforms.

2b. Provide a measure(s) of the program's quality.

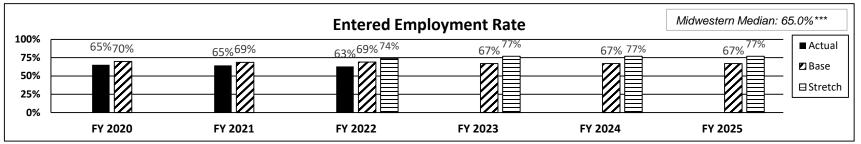

| | FY 2020 | | FY | FY 2021 | | FY 2022 | | FY 2024 | FY 2025 |
|----------------------------|-----------|--------|-----------|---------|-----------|---------|-----------|-----------|-----------|
| | Projected | Actual | Projected | Actual | Projected | Actual | Projected | Projected | Projected |
| Employer Satisfaction Rate | 98% | 93% | 98% | 96% | 98% | 91% | 98% | 98% | 98% |

^{*}Percentage of surveyed employers satisfied with the workforce services received through staff assistance. 930 employers participated in the survey for FY 2022.

^{**}Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2023 thru FY 2025 are estimated to increase by 3%, 4%, and 5% respectively.

PROGRAM DESCRIPTION Department of Higher Education and Workforce Development Program Name: Workforce Programs Program is found in the following core budget(s): Workforce Programs

Actual FY2022 employment is reported as of 4th Quarter FY2022, the most current data as of this submission. Updates reflecting final year-end performance will be made for the December budget submission.

*Percentage of job seekers enrolled in the Wagner Peyser program employed 6 months after receiving workforce services. The Wagner Peyser program establishes and supports the job centers and job center services.

**Workforce Development's federally negotiated rate for FY 2023-2024 is 67%.

*** FY2021 median employment rate (most recent) for 14 midwestern Missouri Job Center Connect Connect comparative states. Source: USDOL

PROGRAM DESCRIPTION

HB Section(s):

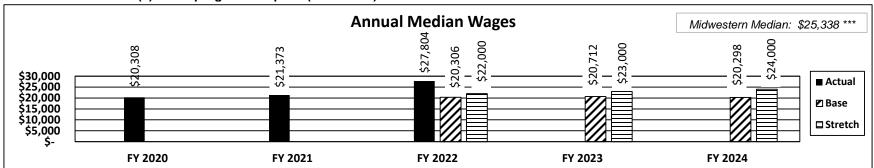

3.130

Department of Higher Education and Workforce Development

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

2c. Provide a measure(s) of the program's impact. (Continued)

Actual FY2022 wage is reported as of 4th Quarter FY2022, the most current data as of this submission. Updates reflecting final year-end performance will be made for the final budget submission.

* This graph represents participants' wages in the Wagner-Peyser program. The Wagner-Peyser program establishes and supports the job centers and job center services.

**To put a dollar value on these rankings, you have to depend on ranges. There are too many variables, including whether you're single or living with someone, whether you have kids, and other considerations. With that in mind, the average cost to live in the state of Missouri lies between \$2,202 and \$6,411 per month. Kansas City falls between \$2,281 and \$6,768. Living in St. Louis ranges roughly from \$2,307 to \$6,680.

*** FY 2021 median wage (most recent available) for program participants the 14 midwestern Missouri Job Center Connect comparative states. Data source is U.S. DOL.

PROGRAM DESCRIPTION

HB Section(s):

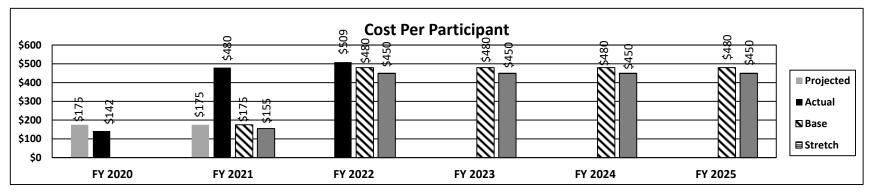

3.130

Department of Higher Education and Workforce Development

Program Name: Workforce Programs

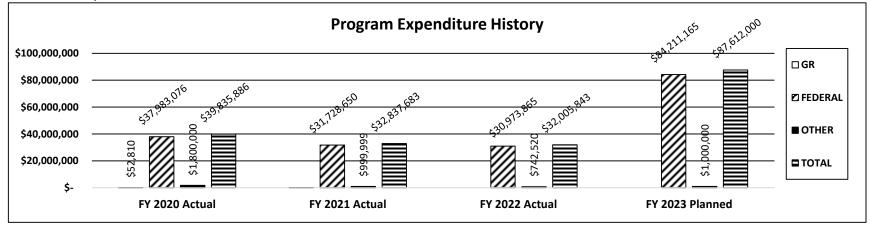

Program is found in the following core budget(s): Workforce Programs

2d. Provide a measure(s) of the program's efficiency.

^{*}Overall cost per person receiving workforce services (adult population).

Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*GR expenditures reflect statutory three percent reserve.

^{**}Our services are more intensive and with the changes made to the co-enrollment process, we anticipate a higher cost per participant in the future.

organizations to expand certified pre-apprenticeships and registered apprenticeships to 1,000 Missouri citizens. The primary pre-apprenticeship areas would be in IT,

public healthcare, education, public safety, emergency services, transportation, logistics, and local and state government occupations.

RANK: <u>5</u> OF <u>8</u>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Apprenticeship Missouri request is to change funding sources from competitive federal grants to budget stabilization funds. The FTE and funding requests are based on historic expenditures and staffing required to operate the program.

Missouri is recognized as a national leader in apprenticeships, achieving the rank of second in the nation for the number of new apprentices. A stable funding stream is required to continue growing and supporting apprenticeship programs in the state.

| 5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS. | | | | | | | | | |

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

| | 2019 | 2020 | 2021 | 2022* |
|-----------------------------------|------|-------|-------|-------|
| Actual New Apprentices | | 7,329 | 7,865 | 9,928 |
| Actual New Apprenticeshi ps | | 27 | 23 | 33 |

Data is reported on the federal fiscal year (Oct 1 - Sept 30)

The number of apprentices and apprenticeships decreased during the pandemic and is rebounding this fiscal year.

Provide a measure(s) of the program's impact. 6c.

| | 2019 | 2020 | 2021 | 2022* |
|------------------------------------|-------|-------|-------|-------|
| Actual Completed Apprentices | 3,889 | 3,542 | 3,247 | 2,828 |

Data is reported on the federal fiscal year (Oct 1 - Sept 30)

Missourians completing apprenticeships earn an industry recognized credential and are prepared to meet employer needs in the workplace.

6b. Provide a measure(s) of the program's quality.

| | 2019 | 2020 | 2021 | 2022* |
|------------------------------|------|--------|--------|--------|
| Actual Active Apprentices | | 13,559 | 14,194 | 16,511 |

Data is reported on the federal fiscal year (Oct 1 - Sept 30)

*Year to date - as of 9/19/2022

During 2020, many apprenticeships were placed on hold during the pandemic.

6d. Provide a measure(s) of the program's efficiency.

| | 2019 | 2020 | 2021 | 2022* |
|-------------------------|------|-------|------|-------|
| Cost per new apprentice | | \$130 | \$98 | \$44 |

Data is reported on the federal fiscal year (Oct 1 - Sept 30)

Apprenticeship Missouri has proven to be an efficient means to recruiting apprentices.

^{*}Year to date - as of 9/19/2022

^{*}Year to date - as of 9/19/2022

^{*}Year to date - as of 9/19/2022

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Strategies for growing apprenticeships in Missouri include -

- Expanding the Apprenticeship Summit from 1 day to 2. Presenters and panels share best practices for organizations to replicate and develop new apprenticehsip opportunities.
- Focus on in-demand occupations in both traditional and non-traditional apprenticeship environments.
- Continue partnering with community colleges, local workforce development boards, high schools, and community development organizations to expand certified pre-apprenticeships and registered apprenticeships
- Foster the growth of pre-apprenticeships in IT, public healthcare, education, public safety, emergency services, transportation, logistics, and local and state government occupations.

2. CORE DESCRIPTION

Funding will be used, through a vendor, to provide Missouri residents with computer programming and coding training that is free to the participant. This General Revenue appropriation authority will ensure the participants are career ready for computer programming jobs in the state. It is projected this funding will serve at approximately 100 participants. The department is subject to Chapter 34 of the revised statutes of Missouri and must competively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing. The FY 2023 one-time appropriation of \$250,000 has been removed from the FY 2024 budget request.

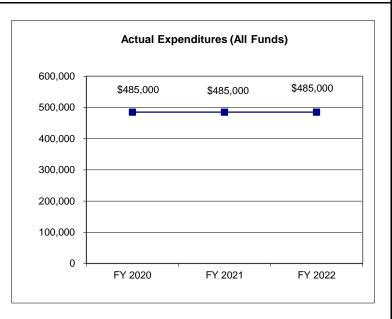

3. PROGRAM LISTING (list programs included in this core funding)

| PROGRAM DESCRIPTION | | | | | | | | | |
|---|----------------|-------|--|--|--|--|--|--|--|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.130 | | | | | | | |
| Program Name: Workforce Development | • • | | | | | | | | |
| Program is found in the following core budget(s): Computer Prog. Coding | | | | | | | | | |

1a. What specific priority does this program address?

Meaningful Work

1b. What does this program do?

Funding will be used, through a vendor, to provide Missouri residents with computer programming and coding training. This General Revenue appropriation authority will ensure the participants are career ready for computer programming jobs in the state. It is projected this funding will serve at approximately 220 participants.

2a. Provide an activity measure(s) for the program.

| | FY 2020 * | | FY 2021 * | | FY 2022 * | | FY 2023 | FY 2024 | FY 2025 |
|---------------------------|-----------|--------|-----------|--------|-----------|--------|-----------|-----------|-----------|
| | Projected | Actual | Projected | Actual | Projected | Actual | Projected | Projected | Projected |
| Total Participants Served | 100 | 221 | 220 | 160 | 220 | 285 | 222 | 224 | 226 |

Note 1: The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The COVID-19 pandemic directly affected the number of services provided during FY 2021.

Note 2: Projections are based on the assumption the economy will remain stable and fewer individuals will be in need of reemployment services.

^{*} Data was provided by the sub-recipient LauchCode.

Department of Higher Education and Workforce Development

2. CORE DESCRIPTION

This request is for continuation of the core funding for Missouri University of Science and Technology (Missouri S&T) to continue its partnership with southwest Missouri secondary schools to increase the number of school districts utilizing Project Lead the Way (PLTW) and to provide further information to students regarding the importance of STEM education and the potential for future careers. This funding also helps school districts offset the costs associated with this program and serves as a state match for potential federal grant money.

PLTW depends not only on rigorous and relevant pre-engineering and science curricula, but also on trained teachers to instruct the next generation of scientists and engineers. As a leading partner university, Missouri S&T will facilitate teacher training, provide supplemental professional development, and provide information on STEM education and careers for teachers, counselors and administrators throughout southwest Missouri. PLTW students (taught by PLTW teachers) are also exposed to STEM careers through professionals from local industries who supplement the curriculum through mentorships and workplace experiences.

| Department of Higher Education and Workforce Development | HB Section(s): | 3.135 | |
|---|----------------|----------|--|
| Program Name: University of Missouri | _ | <u> </u> | |
| Program is found in the following core budget(s): Missouri S&T Project Lead the Way | | | |

2a. Provide an activity measure(s) for the program.

In FY 2017, a \$400,000 line-item appropriation was provided to fund Project Lead the Way in a 10 county area (Carter, Douglas, Howell, Oregon, Ozark, Reynolds, Shannon, Texas, Wayne, and Wright). This \$400,000 was reduced to \$113,000 by state appropriation withholdings that year. Subsequent year funding has been unstable. However, as of May 2020, all 10 counties have received initial funding with 30 of 42 or 71% of the school districts receiving funds impacting 8,570 students.

EV 0000 * EV 0000 *

The national PLTW emphasis has changed. This will impact future data items to be used to measure participation:

| | FY 2022 " | FY 2023 " |
|--|-----------|-----------|
| Teachers & Counselors attending core training | 28-32 | 32-36 |
| Teachers pursuing graduate level credit | 28-32 | 32-36 |
| Teachers & Counselors attending professional development | 28-32 | 36-40 |
| Students Impacted | 8,000 | 9,900 |
| ** | | |

^{*}Target assumes fully funded.

2b. Provide a measure(s) of the program's quality.

Participants in both PLTW core training and who pursue supplemental professional development at Missouri S&T will be surveyed as to the quality of PLTW content, the quality of supplemental professional development through Missouri S&T, and knowledge gained through interactions with Missouri S&T.

A key measure of quality comes from progress in education as relayed to us by the school districts:

"Our district will purchase robotic kits, consumable supplies, engineering kits and greenhouse materials for our after school program for grades 3-5. Course materials for STEM classes will be purchased along with computer program technology, model engines, electrical circuits, DNA testing supplies, Math manipulatives and calculators for our 6-12 graders." Total impact 355 students Bunker Hill R-III School District \$10,000.

"High school math classes will integrate technology into the math classroom with a set of chrome books. Elementary science will purchase a 3D printer for use in science." Bakersfield R-IV School District \$10,000

"We would utilize the funding to implement the Project Lead the Way LAUNCH program in grades K-5. The money would be used to train 3 teachers as LAUNCH instructors. Following this, one of the teachers will implement instruction for students in grades 4 and 5 during the After School Stem Academy...STEM classes will be implemented on a rotational basis to students in grades K-5 by the remaining 2 teachers. An additional 2 teachers will receive PLTW LAUNCH lead teacher training the following year. Of course, supplies and equipment for the modules will also be purchased utilizing the grant monies." Thayer R-II School District, \$20,000

| Department of Higher Education and Workforce Development | HB Section(s): | 3.135 |
|---|----------------|-------|
| Program Name: University of Missouri | _ | |
| Program is found in the following core budget(s): Missouri S&T Project Lead the Way | | |

2c. Provide a measure(s) of the program's impact.

Participants in both PLTW core training and who pursue supplemental professional development at Missouri S&T will be surveyed as to the effectiveness and quality of PLTW content and knowledge gained through interactions with Missouri S&T.

Missouri S&T will seek input from other partner associations to measure the impact of what Missouri S&T is doing relative to this program. Partner associations will include the KC STEM Alliance, STEMSTL, and partner businesses associated with both PLTW and Missouri S&T.

Missouri S&T is also conducting research to show the impact of the PLTW curriculum on the success of students who were in PLTW in high school compared to their academic success, retention, and eventually completion rates at Missouri S&T, compared to students who did not have PLTW experience.

2d. Provide a measure(s) of the program's efficiency.

Number of teachers from new sponsored schools who took advantage of PLTW training because of newly sponsored PLTW membership, which will be measured as the number of teachers trained and dollar amount spent on sponsorship.

| | FY 2020 | FY 2021 |
|-------------------------------|-----------|-----------|
| New Teachers | 30 | 32 |
| Monies Spent on Sponsorship | \$180,000 | \$242,500 |
| * No funding in FY18 AND FY21 | | |

The number of PLTW core trained teachers seeking graduate level credit compared to the number of teachers in PLTW core training.

| | FY 2020 | FY 2021 |
|---|---------|---------|
| PLTW Core Trained Teachers | 590 | 610 |
| Teachers Expressing Interest in Graduate Level Credit | 112 | 180 |
| Teachers Completing Graduate Level Credit | 92 | 110 |

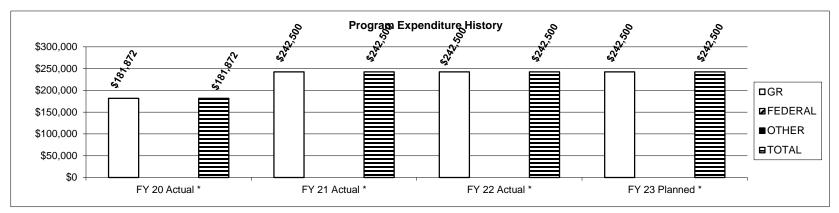

Department of Higher Education and Workforce Development

Program Name: University of Missouri

HB Section(s): 3.135

Program is found in the following core budget(s): Missouri S&T Project Lead the Way

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

^{*}Net of Governor's 3% withholding in FY 2019 - FY 2022 and extraordinary withholdings in FY 2020.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri University of Science and Technology is a component of the University of Missouri and falls under Section 172.010 - 172.950, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No, however the goal is to have this program provide matching funds to leverage federal grant support.

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The core appropriation provides aid to community colleges. This request is a continuation of the community college base state aid appropriation consisting of general revenue and lottery funds totaling \$161,863,323. Included in this core is \$4,396,718 for maintenance and repair (M&R) purposes. In order to be eligible for state funds for maintenance and repair, local matching funds must be provided on a 50/50 state/local match rate.

FY 2023 one-time funds of \$10,000,000 have been removed.

| | CORE DECISION ITEM |
|--|-------------------------|
| Department of Higher Education and Workforce Development | Budget Unit 55770C |
| Division of Community Colleges | |
| Core - Community College Appropriations | HB Section <u>3.140</u> |

Missouri's community colleges served 46,177 students in fall 2020 (full-time equivalent enrollment), and granted 16,511 degrees and certificates in 2019-2020. After graduation, 97.0 percent of graduates who took an exam for professional licensure or certification successfully passed.

| PROGRAM DESCRIPTION | | |
|--|----------------|-------|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.140 |
| Program Name: Community College Appropriations | _ | |
| Program is found in the following core budget(s): Community College Appropriations | | |

1a. What strategic priority does this program address?

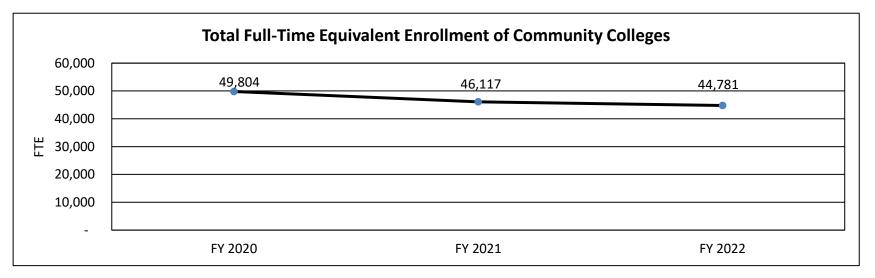

Affordability, Access and Success

1b. What does this program do?

State appropriations are allocated to each of Missouri's 12 public community college districts according to a distribution mo del agreed upon by the colleges and the Missouri Department of Higher Education and Workforce Development. State appropriations support community colleges in their mission to provide increased educational attainment, to increase the availability of skilled workers, and prepare students for transfer to four -year institutions. Community colleges award certificates and associate degrees as well as non-credit workforce training credentials, and are generally open admission, although certain programs may have additional pre-requisites. Beginning in 2021-2022, some community colleges began offering baccalaureate level programs in some subject areas as approved by the CBHE.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at Missouri community colleges.

Data from EMSAS

A decline has been occurring over the last decade due to Post-Great Recession and Missouri high school graduates has been declining in recent years.

HB Section(s):

3.140

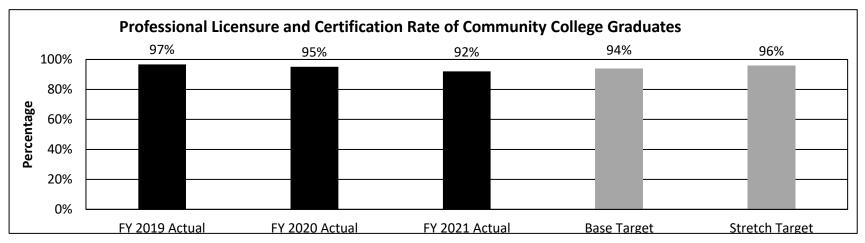

Department of Higher Education and Workforce Development

Program Name: Community College Appropriations

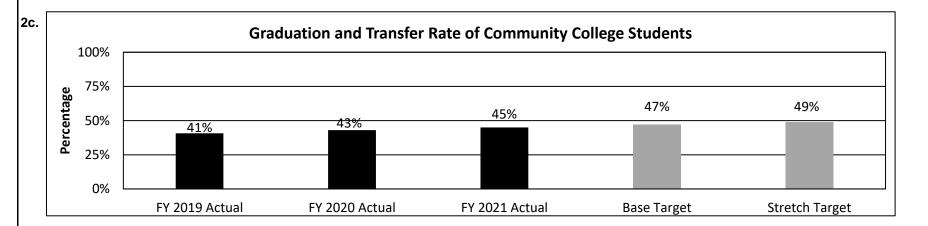

Program is found in the following core budget(s): Community College Appropriations

2b. Provide a measure(s) of the program's quality.

Professional licensure and certification success rates

Data from institutional reporting

Data from institutional reporting

Note: A transfer is a student who did not graduate within three years of first-time enrollment, but did enroll in a four-year institution.

HB Section(s):

3.140

Department of Higher Education and Workforce Development

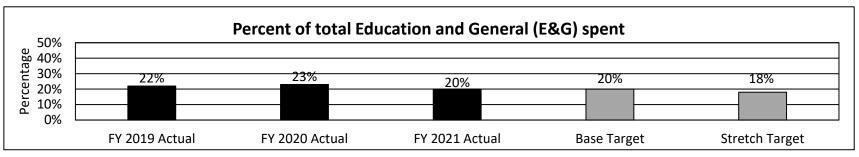

workforce Development

Program Name: Community College Appropriations

Program is found in the following core budget(s): Community College Appropriations

2d. Provide a measure(s) of the program's efficiency.

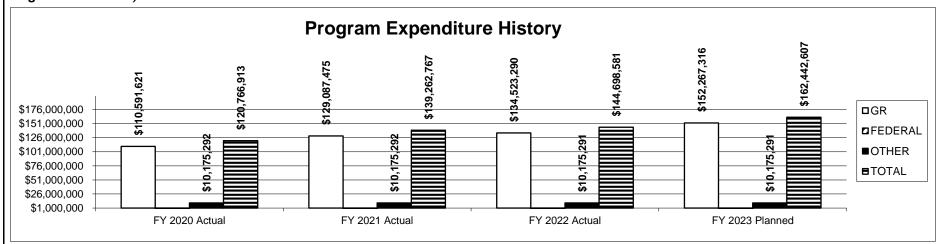

What percent of total Education and General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Maintenance and repair (M&R) expenditures are not reflected in these totals; they are included in the M&R Program Description that follows. The FY 2023 planned expenditures includes a \$10 million one-time appropriation.

| Community Colleges - Core CPI Increase DI#15 | 555009 | | HB Section | 3.140 | | |
| _ | - | | _ | | | |

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Rather, community colleges, while grateful for recent increases, remain below FY 2010 TAFP funding levels by 1.8% overall.

The increase in the official Consumer Price Index for all urban consumers (CPI-U) from July 1, 2021 until June 30, 2022 is 8.5 percent. The inflationary factor of 7 percent was approved by the Coordinating Board of Higher Education and is applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. A total of \$11,330,433 is recommended for community colleges; \$58,874,242 for public universities; and \$592,481 for the State Technical College of Missouri. The combined total new decision item for all three sectors is \$70,797,156.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based upon a 7 percent increase in the CPI-U, a total of \$11,330,433 is needed for community colleges; \$58,874,242 for public universities; and \$592,481 for the State Technical College of Missouri. The combined total for all three sectors is \$70,797,156.

| 7. STRATEGIES TO ACHIEVE THE PERFORMANCE N | IEASUREMENT TARGETS: | | | | |
| Inflationary increases for each sector will allow institution related to student retention, completion, and employmenthese areas. Examples include: | | | | | · |
| Best Practices in Remediation: Another encouraging English. The percentage of students requiring remedial English decreased from 10.1 to 7.2 percent. In addition complete before enrolling in the college-level course, or | math has decreased from 17, the types of remediation cou | 7.6 perce urses are | nt (fall 2017) to 12. changing. Instead | 5 percent (fal of a series of | 2021), and the percentage requiring remedial prerequisite remedial courses students need to |

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student's program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

receive supports in real time, as they are needed.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor's degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were up .8 percent from 2015-16 through 2020-21 notwithstanding a decline in full-time equivalent enrollment from fall 2015 to 2020. Minority completions were up 19.3 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.4 to 58.9 percent from 2015-16 through 2020-21, and the community colleges and State Technical College collectively increased from 24.2 percent to 33.0 percent.

2. CORE DESCRIPTION

The CBHE is responsible for reviewing the institutional budgets and preparing appropriation recommendations annually for the State Technical College of Missouri.

According to Missouri statutes, "State Technical College of Missouri shall be a special purpose institution that shall make available to students from all areas of the state exceptional educational opportunities through highly specialized and advanced technical education and training at the certificate and associate degree level in both emerging and traditional technologies with particular emphasis on technical and vocational programs not commonly offered by community colleges or area vocational technical schools." Primary consideration shall be placed on the industrial and technological manpower needs of the state. In addition, State Technical College of Missouri is authorized to assist the state in economic development initiatives and to facilitate the transfer of technology to Missouri business and industry directly through the graduation of technicians in advanced and emerging disciplines and through technical assistance provided to business and industry.

| | (1) | (2) | | |

For FY 2021, an initial restriction of \$219,665 was released on 1/6/21.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) FY 2020 appropriated funds include one-time supplemental federal funds of \$2,010,124 for COVID-19 related expenditures.
- (2) The FY 2021 appropriations included the federal stimulus funds for COVID-19 related expenditures. These funds were removed from the FY 2022 Budget Request as these funds are empty one-time appropriations.

|---|----------------|----------|--|--|--|--|--|--|--|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.145 | | | | | | | |
| Program Name: State Technical College of Missouri | _ | | | | | | | | |
| Program is found in the following core budget(s): State Aid for State Technical College of Missouri | | | | | | | | | |
| | <u> </u> | <u> </u> | | | | | | | |

1a. What strategic priority does this program address?

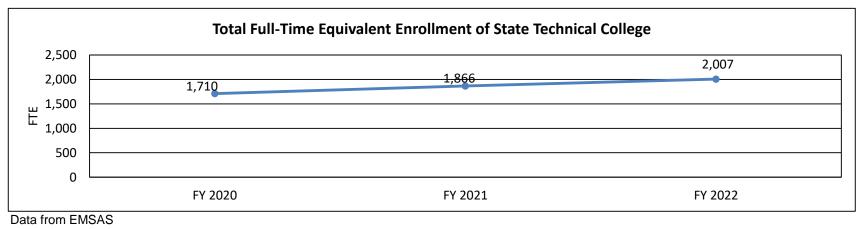

Affordability, Access and Success

1b. What does this program do?

State Technical College of Missouri is the state's only statutorily established statewide public technical college. State appropriations support the institution in its mission to provide increased educational attainment, increase the availability of skilled workers, and to provide training in specialized technical and industrial occupations. The State Technical College of Missouri is an associate degree and certificate granting institution with open admission and a mission focusing on access to highly specialized technical education in both emerging and traditional technologies. The State Technical College of Missouri prepares students for profitable employment and a life of learning. Profitable employment is self-employment and entrepreneurship as well as working for an employer.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at State Technical College of Missouri.

Department of Higher Education and Workforce Development

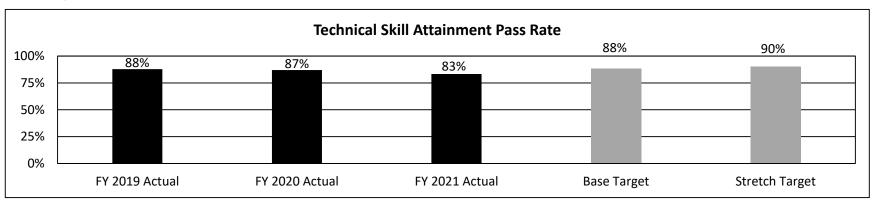

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2b. Provide a measure(s) of the program's quality.

Perkins Reported 1P1 Technical Skill Attainment

Data from institutional reporting

Note: Technical skills attainment is a measure of assessment in the field of concentration for students who have completed a program under the federal Carl D. Perkins Career and Technical Education Act, reauthorized in 2018.

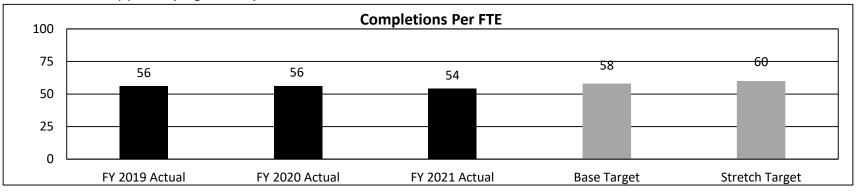

Department of Higher Education and Workforce Development

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completer's in a given year as a ratio of total full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a program would result in a ratio of 25 (25 students per 100). Completer's are weighted extra if they complete in selected STEM or health fields, or were Pell eligible. Some will have completed shorter-term certificates.

Department of Higher Education and Workforce Development

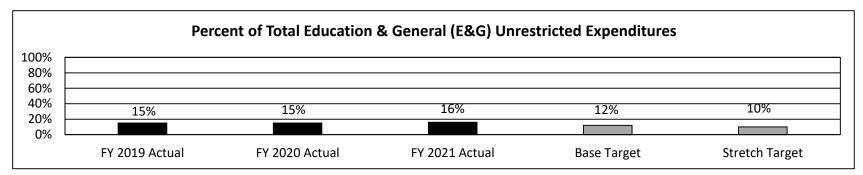

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2d. Provide a measure(s) of the program's efficiency.

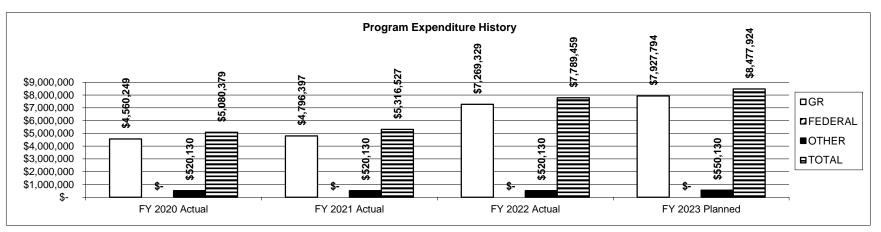

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

State Technical College of Missouri is not included in the mandatory increases the state has provided for health care, retirement, and information technology increases, nor have they received adjustments for salaries (standard or market increases) provided to the rest of state government. Additionally, they continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandator y increases which affects the quality of the education programs and facilities available to serve students. **State appropriations, for State Technical College of Missouri, as a percentage of total revenues, dropped from 32.0 percent in FY 2016 to 16.1% in FY 2021**. Although, due to enrollment trends in FY 2022, the institution received a 33.17% increase from FY 2021 (\$2 million increase), this increase was tied to additional enrollments and is unrelated to inflation.

State Technical College - Core CPI Increase

DI#1555010

Budget Unit 57502C

HB Section 3.145

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Total core appropriations to State Technical College have increased 49.0 percent since FY 2010, although FTE enrollment has increased 79.8 percent in the same period.

The increase in the official Consumer Price Index for all urban consumers (CPI-U) from July 1, 2021 until June 30, 2022 is 8.5 percent. The inflationary factor of 7 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. A total of \$11,330,433 is recommended for community colleges; \$58,874,242 for public universities; and \$592,481 for the State Technical College of Missouri. The combined total new decision item for all three sectors is \$70,797,156.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 7 percent increase in the CPI-U, a total of \$592,481 is needed for State Technical College of Missouri.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

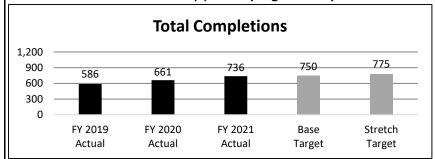

6b. Provide a measure(s) of the program's quality.

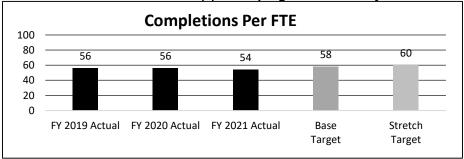

*Technical skills attainment is a measure of assessment in the field of concentration for students who have completed a program under the federal Carl D. Perkins Career and Technical Education Act, reauthorized in 2018.

6c. Provide a measure(s) of the program's impact.

6d. Provide a measure(s) of the program's efficiency.

*This measures degree attainment of all students as a ratio of enrollment unlike traditional graduation rates which only include first time full-time students.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Inflationary increases for each sector will allow institutions to stabilize investments and retain staff needed to maintain or continue to improve their performance on measures related to student retention, completion, and employment. DHEWD over the past several years has worked cooperatively with public institutions to improve performance in these areas. Examples include:

Best Practices in Remediation: Another encouraging success achieved through these efforts is that fewer students are identified as requiring remediation, for both math and English. The percentage of students requiring remedial math has decreased from 17.6 percent (fall 2017) to 12.5 percent (fall 2021), and the percentage requiring remedial English decreased from 10.1 to 7.2 percent. In addition, the types of remediation courses are changing. Instead of a series of prerequisite remedial courses students need to complete before enrolling in the college-level course, corequisite remediation (or just-in-time remediation) allows students to enroll directly in the college-level course and receive supports in real time, as they are needed.

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student's program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor's degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were up .8 percent from 2015-16 through 2020-21 notwithstanding a decline in full-time equivalent enrollment from fall 2015 to 2020. Minority completions were up 19.3 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.4 to 58.9 percent from 2015-16 through 2020-21, and the community colleges and State Technical College collectively increased from 24.2 percent to 33.0 percent.

2. CORE DESCRIPTION

This core appropriation provides funding for the public universities. This request is a continuation of the universities' appropriations consisting of general revenue, lottery funds, and debt offset totaling \$844,785,601. The FY 2023 one-time UM Graves-Chapple \$400,000 appropriation and the one-time UM Extension Increase \$5,000,000 have been removed from FY 2024 request.

The CBHE and the department work with the public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

Missouri's public universities served 102,825 students in fall 2021 (full-time equivalent enrollment), and granted 36,019 degrees and certificates in 2020-21. In 2019-20, 95 percent of graduates who took an exam for professional licensure or certification, 71 percent who took a comprehensive, nationally normed major field test, and 65 percent who took an assessment of general education passed or scored at or above the median (top 50th percentile).

| PROGRAM DESCRIPTION | | | |
|--|----------------|-------|--|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.150 | |
| Program Name: University of Central Missouri | _ | _ | |
| Program is found in the following core budget(s): Public Universities Appropriations | | | |

1a. What strategic priority does this program address?

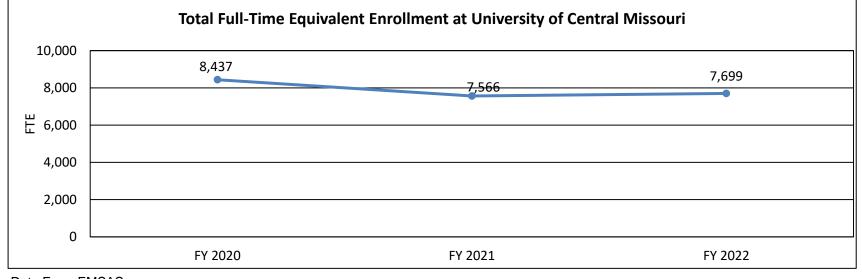

Affordability, Access and Success

1b. What does this program do?

The request is for core funding for the operation of the University of Central Missouri. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and provide additional training through gradu ate and professional programs.

The University of Central Missouri is a moderately selective public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include education, computer and information sciences, and health professions. As a moderately selective institution, the University of Central Missouri automatically admits students who achieved a 21 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the A CT or SAT percentile rank) that is greater than or equal to 100 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 99 or less.

2a. Provide an activity measure(s) for the program.

Data From EMSAS

HB Section(s):

3.150

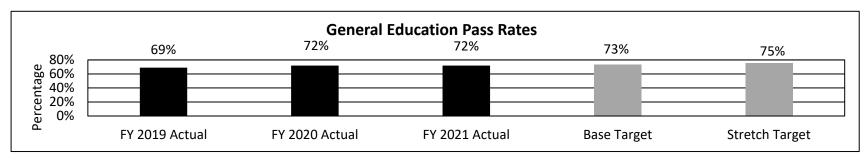

Department of Higher Education and Workforce Development

Program Name: University of Central Missouri

Program is found in the following core budget(s): Public Universities Appropriations

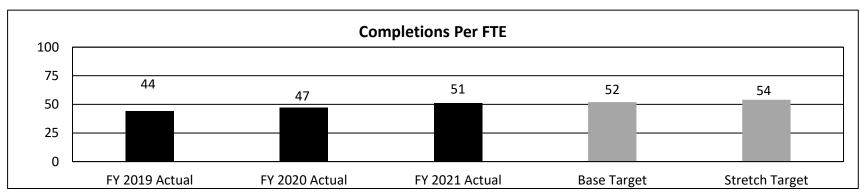

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enroallment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

HB Section(s):

3.150

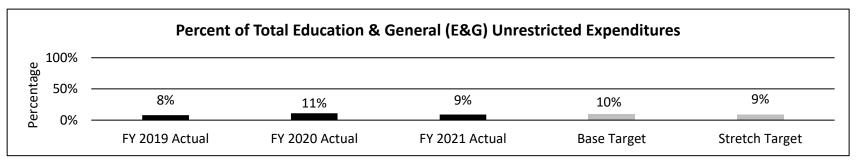

Department of Higher Education and Workforce Development

Program Name: University of Central Missouri

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

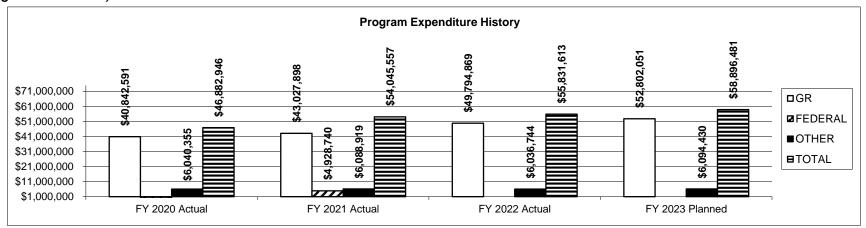

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

1a. What strategic priority does this program address?

Affordability, Access and Success

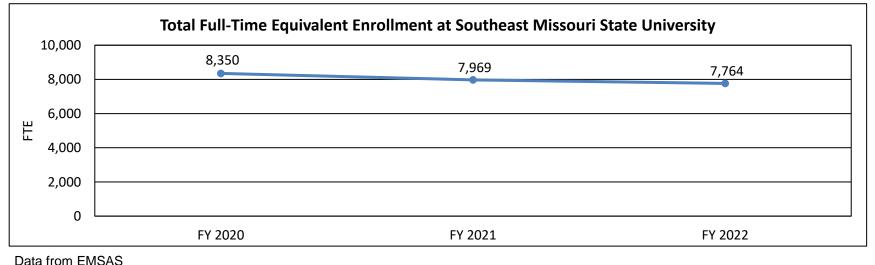

1b. What does this program do?

This request is for core funding for the operation of Missouri State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and provide additional training through graduate and professional programs.

Missouri State University is a selective public degree-granting institution that offers undergraduate, graduate and professional programs. Top areas of study include business management and marketing, education, and health professions. As a selective institution, Missouri State University automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at Missouri State University.

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or state-recognized assessment of professional or occupational licensure.

Data from institutional reporting

HB Section(s):

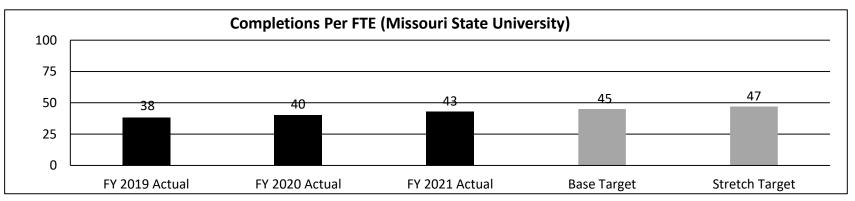

3.160

Department of Higher Education and Workforce Development

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

| PROGRAM DESCRIPTION | | |
|--|----------------|-------|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.165 |
| Program Name: Lincoln University Land-Grant Match | _ | |
| Program is found in the following core budget(s): Public Universities Appropriations | | |

1a. What strategic priority does this program address?

Strengthen the university's land-grant missions of agriculture & food research and extension and increase State land-grant match support

1b. What does this program do?

Lincoln University is an 1890 land-grant institution. The Code of Federal Regulations requires 1890 land-grant institutions to match 100% of the federal appropriations with state resources. These funds (federal and state) are to support food and agriculture research as well as various extension programs across the State of Missouri. Lincoln University Extension Office provides research-based educational programs to Missouri's hard to reach populations, socially vulnerable populations, many of whom are ethnic minorities, who slip through the safety net of educational and other services. Specifically, Extension serves areas such as St. Louis, Kansas City, Jefferson City, and Southeast Missouri. The Research Program conducts cutting-edge research and develop technologies to address emergent, critical issues facing Missouri agriculture industry and communities. Small, limited-resource farmers improve production and increase profits and add to the economy of Missouri. Many limited-resource, minority, socially disadvantaged and beginning farmers have had better access to technical advice on animal and crop production, pest management tools and strategies that a re simple, effective, and affordable.

2a. Provide an activity measure(s) for the program.

The identified critical issues and 5-year plan of work for the research and extension programs are required for the USDA-NIFA (National Institute of Food and Agriculture) review and approval. The proposed capacity research and extension projects associated with the critical issues must be submitted for the NIFA review and approval. Annual progress or final report of each research and extension project is required to be submitted. Currently, the Research Program has 28 active, NIFA-approved capacity (Evans-Allen) research projects. There are 29 capacity research projects and extramural grant projects conducted on our three farms. We track and report on a variety of outcomes for each program in operation. These include programs for farmers, Missouri seniors, childhood obesity reeducation and nutrition, youth development (e.g. 4H) an other areas.

2b. Provide a measure(s) of the program's quality.

The number of the research and extension projects approved by NIFA, the number of the research and extension articles published, the number of conference, workshop, seminar presentations, the number of conference, workshop, field day, seminar or outreach events organized, the number of people contacted or reached out, the number of extramural-funded grants and agreements received. We track a variety of quality measures such as small farmer satisfaction with our conferences, meetings and workshops, etc.

2c. Provide a measure(s) of the program's impact.

The number of the research and extension projects that address the state's critical needs, the number of the research and extension articles published in peer-reviewed journals, the number of people attending the research and extension events, the number of competitive grants received. There are a variety of measures such as the 39,906 farmers-to-families food boxes delivered by extension services.

2d. Provide a measure(s) of the program's efficiency.

The amounts of the capacity funds used to support the approved, impactful research and extension projects and activities, the amounts of extramural grant funding received to leverage federal and state funding in support of current research and extension programs.

| PROGRAM | DESCRIPTION |
|----------------|--------------------|

Program is found in the following core budget(s): Public Universities Appropriations

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

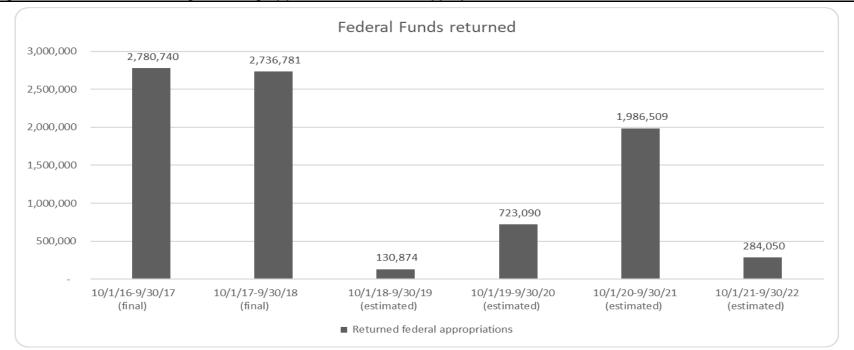

State match expenses are based on the 3% statutory reserve. Match amounts very and these are multi-year grants. Note: The notation of "estimated" is due to the fact that these awards were extended due to Covid and final reports are still pending.

Department of Higher Education and Workforce Development

Program Name: Lincoln University Land-Grant Match

Program is found in the following core budget(s): Public Universities Appropriations

As referenced in the chart above, Lincoln University has had to return federal allocations, earmarked for Lincoln University and the State of Missouri, because the University has not received funding from the state as required in the federal regulations. The university is required to match at 100% but can apply for a waiver. If the waiver is approved, the minimum match is 50%. Any unmatched federal allocations are returned to USDA/NIFA. To ensure that all available resources are fully utilized in the state, additional matching funds must be allocated to Lincoln University. The Federal Fun ds Returned chart is contingent upon approval of waiver requests. The amount needed to be fully funded is \$9,761,158 million, assuming that the federal allocation does not increase again in this year's federal budget cycle.

Historically the federal awards have a two year spending period. NIFA extended that timeline to 3 years for the award year 10/1/18-9/30/19, thus final expenses are due 9/30/21. Due to this extension, that year and subsequent years remain as estimated amounts. Effective in the 10/1/20-9/30/21 award year, the Extension award can be spent over a five year period, while the Research program remains a two year award allocation.

| PROGRAM DESCRIPTION | | |
|--|----------------|----------|
| | | |
| Department of Higher Education and Workforce Development | HB Section(s): | 3.170 |
| Program Name: Truman State University | | <u> </u> |
| Program is found in the following core budget(s): Public Universities Appropriations | | |

1a. What strategic priority does this program address?

Affordability, Access and Success

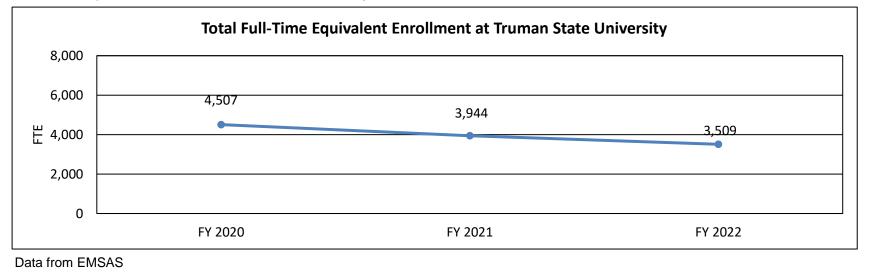

1b. What does this program do?

The request is for core funding for the operation of Truman State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Truman State University is a highly selective public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include business management and marketing, health professions, and parks and recreation and leisure and fitness studies. As a highly selective institution, Truman State University automatically admits students who achieved a 27 or better on the ACT (or SAT equivalent), and first -time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high sch ool and the ACT or SAT percentile rank) that is greater than or equal to 140 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 139 or less.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at Truman State University.

Department of Higher Education and Workforce Development

HB Section(s):

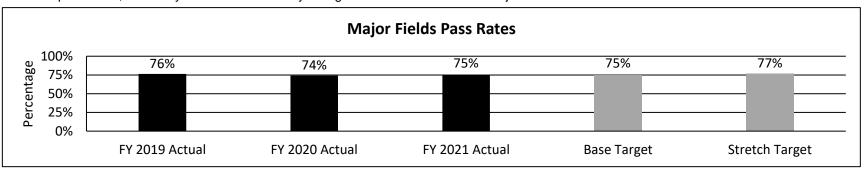

3.170

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

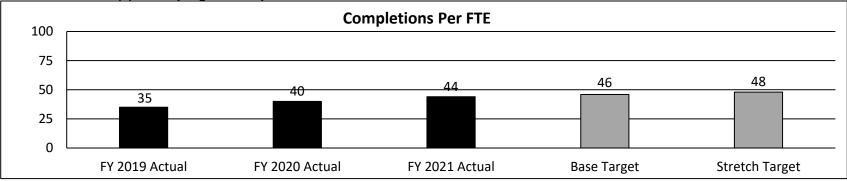

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment in the major field.

Data from institutional reporting

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell e ligible, and some will have completed shorter-term certificates.

HB Section(s):

3.170

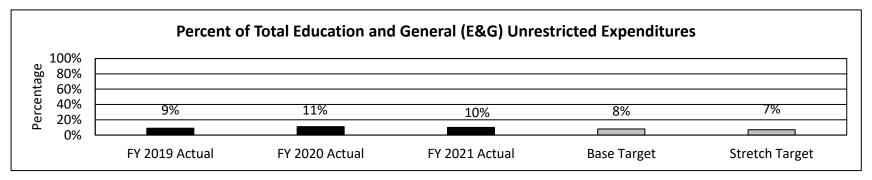

Department of Higher Education and Workforce Development

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

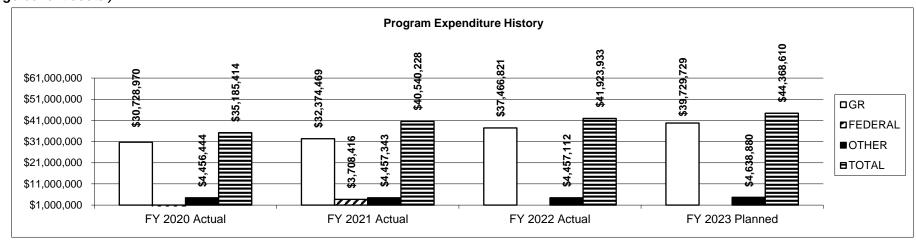

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

| PROGRAM DESCRIPTION | | |
|--|----------------|----------|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.185 |
| Program Name: Missouri Western State University | | <u> </u> |
| Program is found in the following core budget(s): Public Universities Appropriations | | |

1a. What strategic priority does this program address?

Affordability, Access and Success

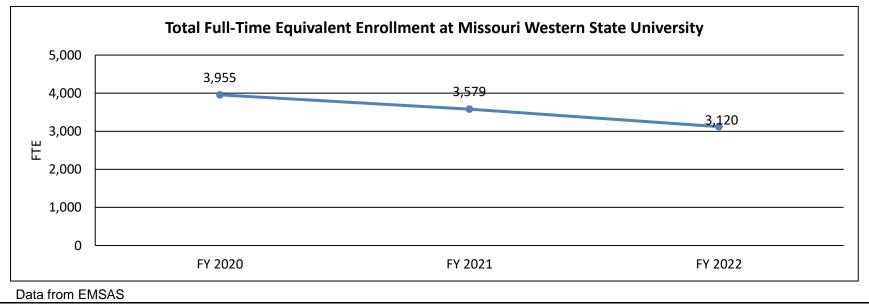

1b. What does this program do?

The request is for core funding for the operation of Missouri Western State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Missouri Western State University is an open enrollment public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include health professions, business management and marketing, and education. As an open enrollment institution, Missouri Western State University admits any Missouri resident with a high school diploma or its equivalent as a first time, full time degree-seeking freshman. Open access, however, does not guarantee access to selected programs that may have additional institutionally approved admission criteria.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at Missouri Western State University.

Department of Higher Education and Workforce Development

HB Section(s):

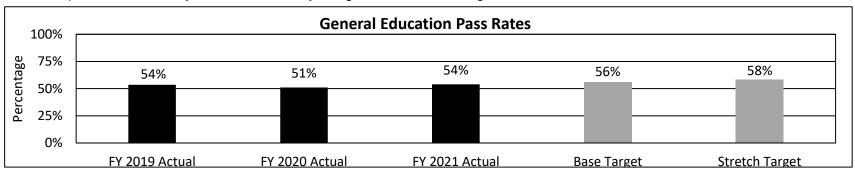

3.185

Program Name: Missouri Western State University

Program is found in the following core budget(s): Public Universities Appropriations

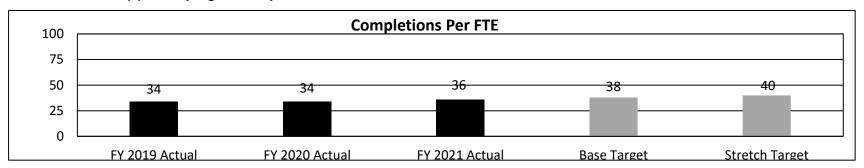

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

1a. What strategic priority does this program address?

Affordability, Access and Success

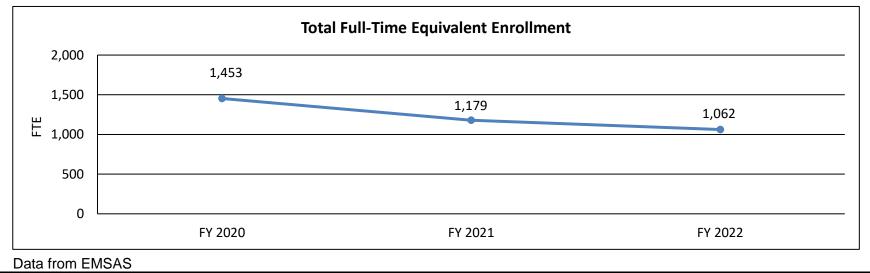

1b. What does this program do?

This program provides state appropriations funding for the operation of Harris-Stowe State University. State appropriations supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Harris-Stowe State University is an open enrollment public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include business management and marketing, homeland security, law enforcement and firefighting, and social sciences. As an open enrollment institution, Harris-Stowe State University admits any Missouri resident with a high school diploma or its equivalent as a first-time, full time degree-seeking freshman. Open access, however, does not guarantee access to selected programs that may have additional institutionally approved admission criteria.

| PROGRAM DESC | RIPTION |
|---|----------------------|
| Department: Higher Education Harris Stowe State University | HB Section(s): 3.190 |
| Program Name: Entrepreneurship and Entrepreneurial Skills | · , |
| Program is found in the following core budget(s): Public Universities Appropriati | ions |
| | |

1a. What strategic priority does this program address?

There is an urgent need to address the unmet needs of minority populations in the St. Louis region through an entrepreneurship center at Harris-Stowe State University by providing quality education, just-in-time consulting, and support activities for the small business and startup community.

1b. What does this program do?

To be a leader in small business development, innovation, and leadership development by catering to the needs of scholars and local and regional minority entrepreneurs, while focusing on advancing entrepreneurship education and programs across disciplines at Harris-Stowe State University

2a. Provide an activity measure(s) for the program.

Provide education, training, services, and internships that will assist scholars with planning and launching their businesses, managing personnel, creating financial and cash flow analysis, maintaining taxes, marketing their services and developing customer services. The MECCA will award a certificate of entrepreneurship for proprietary programming. The MECCA will establish several partnerships and joint events with local centers for entrepreneurship, including Network for Teaching Entrepreneurship (NFTE), Rise Collaborative Workspace, St. Louis Minority Business Development Office, St. Louis Small Business Development, Cortex, Arch Grants, Skandalis Center for Interdisciplinary Innovation and Entrepreneurship at Washington University and Chaifetz Center for Entrepreneurship at St. Louis University.

2b. Provide a measure(s) of the program's quality.

Provide or connect counseling services to existing, pre-venture and millennial entrepreneurs in developing markets. These services should lead to valuable experiences in global and intellectual entrepreneurship. Sponsor entrepreneurship workshops and educational seminars in collaboration with community partners such as St. Louis Minority Development Corporation, local Small Business Administration (SBA), banks such as PNC, Midwest BankCentre, and lenders both on-site and within the community.

2c. Provide a measure(s) of the program's impact.

The mission of the MECCA is to serve as a hub of entrepreneurial activities to foster the growth of emerging entrepreneurs and cultivating the next generation of entrepreneurs and leaders from underserved communities as future business owners. This will be realized by facilitating hands on educational training and services to complement formal classroom learning in a state-of-the-art entrepreneurship center for Harris-Stowe State University students and the community at large.

3.190

Department: Higher Education Harris Stowe State University

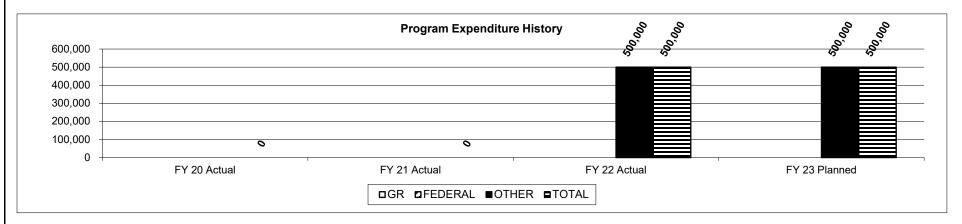

Program Name: Entrepreneurship and Entrepreneurial Skills

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

Assist entrepreneurs in establishing accounting and licensing procedures.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: This program was appropriated in FY 2022 as one-time funds. It was appropriated in FY 2023 as an ongoing program.

4. What are the sources of the "Other" funds?

Economic Development Advancement Fund (0783)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 620.1900, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

As part of their Urban Policing Program, HSSU is partnering with the St. Louis City Sheriff's Department, Missouri Department of Public Safety, and Lincoln University Law Enforcement Training Academy to sponsor the post commission certification program. This 10-month program will offer participants commission certification upon completion and aligns with higher education's goal of producing graduates with high-quality, post-secondary degrees and certificates that are valuable and relevant to individuals, employers, communities and the state. While pursuing a Bachelor's degree in Criminal Justice, students will gain real world practice through participation in a paid internship with the HSSU Department of Public Safety Cadet Program for 3 years. HSSU seeks to provide professional training that challenges racial, gender, sexuality and mental health biases while building inclusion and preventing harassment and bullying.

PROGRAM LISTING (list programs included in this core funding)

HSSU seeks to address the need for professionally trained law enforcement officers by implementing new initiatives including:

- LULETA (Lincoln University Law Enforcement Training Academy)-HSSU Partnership
- Law Enforcement (SLMPD and St. Louis City Sheriffs) Tuition Assistance Program
- Urban Policing Leadership Institute
- HSSU Law Enforcement Continuing Education Training

| PROGRAM DESCRIPTI | ION |
|--|----------------------|
| Department: Higher Education Harris Stowe State University | HB Section(s): 3.190 |
| Program Name: Criminal Justice - Urban Policing Program | |
| Program is found in the following core budget(s): Public Universities Appropriations | |

1a. What strategic priority does this program address?

A Blueprint for Higher Education's goal is to produce graduates with high-quality post-secondary degrees and certificates that are valuable and relevant to individuals, employers, communities and the state. Across the country, 86 percent of police departments are dealing with an officer shortage, and with the increasing desire to leave the career that percentage can be larger. HSSU seeks to address the need for professionally trained law enforcement officers.

1b. What does this program do?

Lincoln University and HSSU Partnership will continue to provide the training needed to St. Louis City Sheriffs to obtain their P.O.S.T. Certification. The very first academy class being held on HSSU campus began on September 6 2022, and has an estimated completion date in March 2023. Currently, this academy class has 24 recruits. Additionally, HSSU Law Enforcement Continuing Education Training will provide the mandatory ongoing training required by Missouri's Department of Public Safety at no costs to the officer or their department. Training classes will be taught on HSSU campus by high-skilled instructors and will be available to all law enforcement in the region.

2a. Provide an activity measure(s) for the program.

Activity measures will be determined by the successful implementation of all new initiatives. Success will be defined by the start and completion of initiatives. Outcomes will be defined quantitatively through the number of community participants, monies spent on initiatives and the amount of personnel needed to oversee initiatives.

2b. Provide a measure(s) of the program's quality.

Quality measures will be determined by assessments completed on all initiatives. Assessments shall be completed by external reviewers and participants to decide if the service provided enhances their professional developments or career advancement. This should determine the longevity of all initiatives.

2c. Provide a measure(s) of the program's impact.

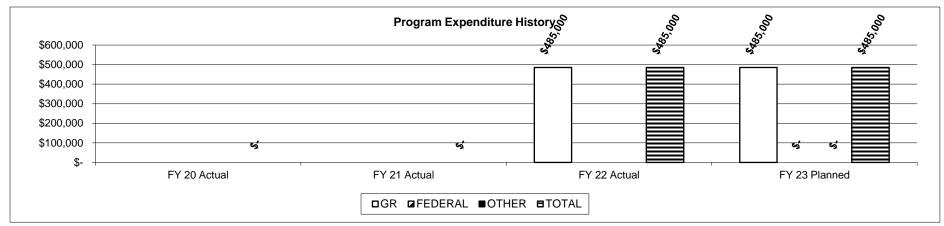

Offering de-escalation and racial bias training that is culturally sensitive for all police departments in the state of Missouri to fulfill continuing education requirements. HSSU seeks to provide professional training that challenges racial, gender, sexuality and mental health biases while building inclusion and preventing harassment and bullying.

|--|----------------------|
| Department of Higher Education and Workforce Development | HB Section(s): 3.195 |
| Program Name: University of Missouri Campuses | |
| Program is found in the following core budget(s): Public Universities Appropriations | |

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This request is for core funding for the operation of the University of Missouri System. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

The University of Missouri's vision is to advance the opportunities for success and well-being for Missourians through transformative teaching, research, innovation, engagement and inclusion. In enacting this vision, the University reaches Missourians in all 114 counties in the state with patient care, outreach and extension services. With this statewide emphasis, approximately \$30 million of appropriations provides match to Land Grant federal appropriations and provides for Extension Services in all Missouri counties. Additionally, University of Missouri is the state's only public research university providing a \$5.4 billion economic impact to the state each year. The addition of the NextGen Precision Health Initiative will be a state-of-the-art facility at the University of Missouri-Columbia available to all UM System researchers. The building is designed with a goal of rapid production of precision health technologies. Approximately \$60 million of the annual appropriation provides for important research and development opportunities to provide for Missouri citizen health and economic needs and advancement. The University educates more than 69,800 students conferring more than 18,100 degrees and certificates annually, which is over 50% of the Missouri four-year public institutions and represents the majority of high-earning degrees in the state most notably in the areas of health professions, business and engineering. Approximately \$90 million of annual appropriation provides funding for educating future doctors, dentists, pharmacists, optometrists, lawyers, and veterinarians.

There are four campuses in the University of Missouri System: University of Missouri - Columbia, Missouri University of Science & Technology, University of Missouri - Kansas City, and University of Missouri - St. Louis.

The University of Missouri - Columbia is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include business management and marketing, ethnic, cultural, and gender studies, health professions and education. As a selective institution, the University of Missouri - Columbia automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less.

| Department of Higher Education and Workforce Development | HB Section(s): 3.195 |
| Program Name: University of Missouri Campuses | · , <u></u> |
| Program is found in the following core budget(s): Public Universities Appropriations | |

Missouri University of Science & Technology is a highly selective public degree-granting institution that offers undergraduate, graduate, and doctoral programs. Top areas of study include engineering, engineering technologies and computer and information sciences. As a highly selective institution, Missouri University of Science & Technology automatically admits students who achieved a 27 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 140 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 139 or less.

The University of Missouri - Kansas City is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include health professions, business management and marketing, and computer and information sciences. As a selective institution, the University of Missouri - Kansas City automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman

The University of Missouri - Saint Louis is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include business management and marketing, education, and health professions. As a selective institution, the University of Missouri - Saint Louis automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less.

2a. Provide an activity measure(s) for the program.

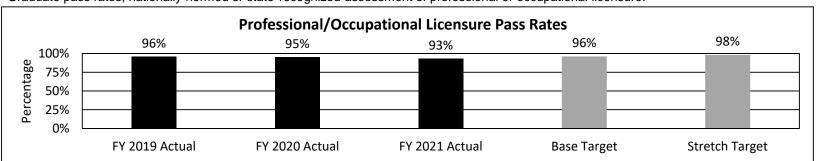

Total full-time equivalent enrollment at the University of Missouri System.

Data from EMSAS

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or state-recognized assessment of professional or occupational licensure.

Data from institutional reporting

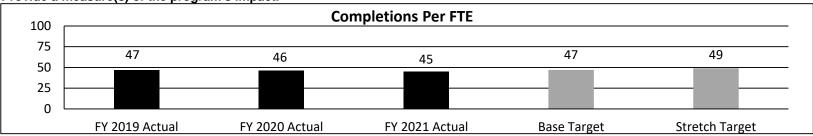

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

2c. Provide a measure(s) of the program's impact.

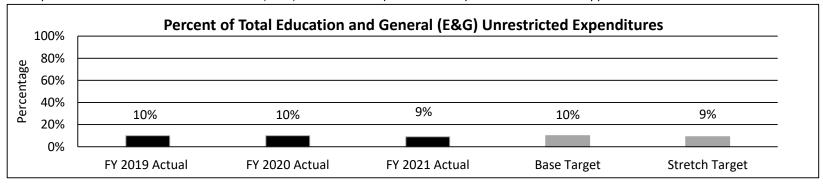

Data from IPEDS and institutional reporting

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education and General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

Initiative is no longer a separate line item; it was rolled into UM Core in FY 2019.

1a. What strategic priority does this program address?

Research, Outreach, Economic Development

1b. What does this program do?

The program works with neighborhood leaders, campus partners and community stakeholders to build the capacity of volunteer neighborhood leaders and organizations in the Kansas City region. The center partners with faculty, staff and students to increase access to data and information for local community organizations. This appropriation allows the UMKC Center for Neighborhoods (CFN) in the Department of Architecture, Urban Planning and Design, to meet the critical needs of neighborhoods through technical assistance, capacity building, neighborhood planning and organizational assistance. The center provides a one-stop location where leaders access the available resources and capacities of UMKC, including faculty, staff and students. Training, workshops, and other opportunities with UMKC faculty and students are available. UMKC faculty benefit from these partnerships with opportunities for applied research and engaged teaching. Students benefit through high impact learning activities, including experiential learning, internships, practicum, and community-based coursework. UM System benefits through transfer of research innovations to the public, including volunteer and elected decision-makers.

| Student participants (internships and classes) | 31 | 28 | 43 | 30 | 50 | 30 | 50 | |

2b. Provide a measure(s) of the program's quality.

The center tracks the number of neighborhood organizations in good standing with the state. The center also tracks grant applications by neighborhoods that have participated in our leadership training program and classes. Neighborhoods have received additional grants and public funding as a result of working with the center. Over the past five years, the neighborhoods that have attended classes have received more than \$2,000,000 in competitive small grant funds from locally available sources and infrastructure investments from KCMO.

|--|----------------------|---|
| Program Name: University of Missouri - UMKC/MSU Doctor of Pharmacy Program | · , | |

Program is found in the following core budget(s):

| | University of | Total |
|---------|---------------|-----------|
| | Missouri | |
| GR | 1,068,000 | 1,068,000 |
| Federal | | |
| Other | | |
| Total | 1,068,000 | 1,068,000 |

In FY 2020, there was an 8% core extraordinary withhold and 3% statutory withhold, which is \$1,068,000; these reductions continued into FY 2023.

1a. What strategic priority does this program address?

Access

1b. What does this program do?

This funding supports University of Missouri Kansas City's (UMKC) development of a satellite doctor of pharmacy program at Missouri State University(MSU). The staffing and distance education costs are part of UMKC's budget. The pharmacy students on the MSU campus are UMKC students, but receive student services at MSU. The satellite program admits up to 30 students per class. The first class of students was admitted in fall 2014. In FY 2014-15, the program completed renovation of a 15,000 square foot state-of-the-art distance education space on the MSU campus, and hired an associate dean to lead the site along with its first two faculty members and administrative support staff. In FY 2016, the school admitted the second class of students and hired additional faculty, administrative support staff, and IT specialist to assist with distance education. In subsequent years, the full cohort of faculty and staff were hired and are in place in FY 2022 including the associate dean for experiential learning, three additional faculty, and two full time administrative assistants. The appropriation supports the personnel and distance education costs for the program. The program is graduating highly knowledgeable and skilled pharmacists who are prepared to pass necessary board exams, achieve high placement rates in employment, and are skilled scientists who are ready to make contributions to new drug development, as well as drug delivery and understanding underlying health and disease.

2a. Provide an activity measure(s) for the program.

The program has been working since FY 2014-15 to recruit faculty and students and produce pharmacists, particularly in southwest Missouri with the UMKC/MSU joint expansion of UMKC's pharmacy program. Significant effort of faculty and staff in Kansas City, Columbia, and Springfield was required to deliver course work, establish and implement experiential education, and assess student learning. Execution of the Doctor of Pharmacy (PharmD) program in Springfield would not have been possible without the expertise of faculty in Kansas City and Columbia, as well as state-of-the-art distance education technology. The program saves the state money in that a totally separate, independently accredited, and fully staffed pharmacy program at MSU would cost approximately \$12-15 M/year in compensation and an additional \$1-3M in operational expenses. These costs do not include facilities, so the overall cost would be substantially higher yet.

Department of Higher Education and Workforce Development

Program Name: University of Missouri - UMKC/MSU Doctor of Pharmacy Program

HB Section(s): 3.195

2b. Provide a measure(s) of the program's quality.

- 92.9% of the 155 UMKC pharmacy students entering in the UMKC PharmD program in 2015 graduated on time in 2019
- 90.8% of the 141 UMKC pharmacy students entering in the UMKC PharmD program in 2016 graduated on time in 2020
- 88.3% of the 154 UMKC pharmacy students entering in the UMKC PharmD program in 2017 graduated on time in 2021
- 93.4% of the 151 UMKC pharmacy students entering in the UMKC PharmD program in 2018 graduated on time in 2022
- 30 students were admitted to the UMKC/MSU PharmD site in Springfield in 2018; 1 withdrew; 1 was delayed; 2 were academically dismissed; 86.7% graduated on time in 2022
- As of April 2022, 80% of 2022 UMKC pharmacy graduates reported being employed (31% community, 45% residency, 5% health systems, 2% fellowship).
- 65/73 UMKC PharmD grads who went into residency placement matched--89.0% match rate vs. 76.5% average national match rate
- 2022 data are pending, but 85% of 2021 graduates passed the national boards on first sitting

2c. Provide a measure(s) of the program's impact.

Additional students admitted to joint program to increase the number of licensed pharmacists:

| FY2020 | FY2021 | FY2022 | FY2023 | FY2024 | FY2025 | FY2026 |
|----------|----------|----------|---------|---------|---------|---------|
| Enrolled | Enrolled | Enrolled | Planned | Planned | Planned | Planned |
| 18 | 26 | 23 | 25 | 30 | 30 | 30 |

- In June of 2014, The Accreditation Council for Pharmacy Education (ACPE) confirmed the accreditation status of the satellite program.
- The first class of this satellite program admitted 30 students in fall 2014 and graduated in 2018; second class graduated in 2019, third in 2020, fourth in 2021, and the fifth in 2022.
- In April of 2022, 80% of students reported already having a job with 31% reporting community based jobs, 45% reporting post-doctoral residency training, 5% reporting a job in a health system, and 2% in post-doctoral fellowship training.
- Ten students in the graduating class from the Springfield-MSU campus were placed in post-doctoral residency training programs.

60% of previous \$10.0 million appropriation level provided in FY 2019, or \$6 million less 3% reserve was received

Starting in FY 2020, there was an 8% core extraordinary withhold and 3% statutory withhold of \$660,000; these reductions continued in FY 2023.

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

In response to the shortage of physicians in Missouri, the University of Missouri School of Medicine in Columbia, CoxHealth and Mercy Health Systems in Springfield increased medical school enrollment at MU by creating a clinical campus in Springfield, Missouri. At the University of Missouri School of Medicine in Columbia and most other medical schools, students complete four years of education to receive a medical degree and become a physician. Students primarily spend the first two years learning foundational aspects of medicine in educational facilities — such as classrooms, labs, libraries, and auditoriums — from a variety of biomedical scientists and physician educators. Students spend much of the final two years of medical school in patient-care facilities such as hospitals and clinics. This clinical component of medical student education involves directly interacting with patients under the supervision of physicians practicing in a variety of specialties, such as family and community medicine, internal medicine, pediatrics, surgery, neurology, psychiatry, obstetrics, and gynecology.

This past year, MU received more than 3,300 applications to medical school, but it only had the capacity, prior to the expansion, to accept 96 new medical students annually. The clinical campus in Springfield and expanded educational facilities in Columbia allows MU to accept additional medical students annually, with 30-35 students from each class completing the second two years of their medical education in Springfield, resulting in 128 students in the Springfield campus expansion. The first expanded medical school class admitted 8 students in FY 2015, FY 2016, and FY 2017 followed by 32 in FY 2018, and another 16 in FY 2019 and FY20. In FY 2021 the class expanded to full capacity at 32.

60% of the previous \$2.0 million appropriation level, or \$1.2 million provided in FY 2019 less 3% reserve

In FY 2020, there was an 8% core restriction and 3% statutory reserve, which is \$1,068,000. These reductions continued into FY 2022 and FY2023.

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

In 2008, Missouri University of Science & Technology (S&T) entered into a partnership with Missouri State University (MSU) to provide undergraduate degree programs in Civil Engineering and Electrical Engineering. In FY 2017, MSU and Missouri S&T jointly requested and received an expansion of the partnership to deliver undergraduate Mechanical Engineering programs. \$2.0 million was appropriated with each institution to receive \$1.0 million, but expenditure restrictions limited the funding to start this program. Appropriations for FY 2018 were reduced and then subject to expenditure restrictions of the full appropriation. Beginning in FY 2019, this program is no longer a separate line item but was rolled into UM and MSU Core at 60% of the previous \$2.0 million appropriation level.

This program will increase the accessibility of engineering education in Missouri and, in particular, the rapidly growing southwestern part of the state. This growth is driven in part by expanding technology-based industry in the region which requires more engineering graduates. By leveraging the existing partnership between Missouri S&T and MSU, a significant increase in engineering degrees delivered in Springfield can be realized in a cost-effective manner.

Staffing costs will be incurred by both institutions and distance education costs are part of S&T's budget. The engineering students on the MSU campus are S&T students but receive non-engineering courses and student services at MSU. The appropriation supports the personnel and distance education costs for the program as well as the student service costs.

| Department of Higher Education and Workforce Development | HB Section(s): 3.195 & 3.160 | |
|--|------------------------------|--|
| Program Name: Missouri S&T and MSU Engineering Expansion | | |

2a. Provide an activity measure(s) for the program.

Base Target: Additional students to be enrolled to this joint program to increase the number of mechanical engineers.

| FY 2022 | FY 2023 | FY 2024 | FY 2025 | FY 2026 | FY 2027 |
|---------|---------|---------|---------|---------|---------|
| Actuals | Planned | Planned | Planned | Planned | Planned |
| 97 | 75 | 100 | 100 | 100 | 100 |

Stretch Target: Additional students to be enrolled to this joint program to increase the number of mechanical engineers.

| FY 2022 | FY 2023 | FY 2024 | FY 2025 | FY 2026 | FY 2027 |
|---------|---------|---------|---------|---------|---------|
| Actuals | Planned | Planned | Planned | Planned | Planned |
| 97 | 100 | 140 | 180 | 180 | 180 |

In addition to these admitted students, it is anticipated there will be change of degree admits from other majors.

2b. Provide a measure(s) of the program's quality.

In accordance with CBHE Administrative Rule 6 CSR 10-4.010 Submission of Academic Information, Data and New Programs, this program has received provisional approval from the Commissioner of Higher Education and Workforce Development as an off-campus delivery of the existing S&T degree program. The program will be reviewed in five years by the CBHE board for consideration of moving from provisional to full approval.

This cooperative program is delivering the S&T mechanical engineering degree, and uses the same standards for admission, evaluation, assessment, and program delivery. Students from this program should attain similar graduation rates and job placement rates as students enrolled on the S&T campus. The S&T mechanical engineering degree is accredited by ABET. The off-campus delivery will be included as part of this accreditation, and must satisfy all of the ABET criteria. The regular six-year ABET evaluation is occurred in December 2020, with the final accreditation statement expected in summer 2021. The documentation and evaluation will provide evidence that the MSU cooperative is a delivery mode that is consistent with the oncampus delivery of the degree.

2c. Provide a measure(s) of the program's impact.

80% of graduating students will be employed or enrolled in graduate school within 6 months.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri University of Science and Technology is a component of the University of Missouri under State statutes Section 172.010 - 172.950, RSMo. Missouri State University is authorized in Section 174, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

^{**} No longer a separate line item, rolled into UM and MSU Core at 60% of previous \$2.0 million appropriation level in FY 2019, or \$1.2 million less 3% reserve. Core reductions of 8% and 3% withholds in FY 2020, FY 2021, FY 2022 and FY2023.

| PROGRAM DESCRIPTION | | | | |
|--|----------------------|--|--|--|
| Department of Higher Education and Workforce Development | HB Section(s): 3.195 | | | |
| Program Name Agriculture Extension Service | · , | | | |
| Program is found in the following core budget(s): University of Missouri | | | | |
| | | | | |

1a. What strategic priority does this program address?

Extension/ Outreach/ Engagement/ Education and support specifically designed to respond to current needs, including agriculture and the environment; business and community development; family and youth development; and health and safety

1b. What does this program do?

By design, from the inception of Cooperative Extension in 1914, Extension programs are joint efforts of multiple government, public and other entities. This fact is evidenced in the complicated funding matrix that supports Extension programs carried out in Missouri with funding from federal, state, and county sources.

University of Missouri Extension (MU Extension) helps citizens across the state gain practical knowledge, understand and adapt to change, solve problems and make informed decisions. Using University research-based knowledge, MU Extension addresses a wide range of needs that fall into three grand challenges for the state of Missouri: economic opportunity, educational excellence and healthy futures. Every year, more than 2.5M Missourians turn to MU Extension for education and support specifically designed to respond to current needs, including agriculture and the environment; business and community development; family and youth development; and health and safety.

2a. Provide an activity measure(s) for the program.

Every year more than 2.5 million Missourians turn to MU extension to gain practical knowledge, solve problems, and make informed decisions. The exchange of ideas and the opportunity to mutually promote initiatives encourages innovation and economic development throughout the state. MU Extension plays an integral role in the knowledge production and discovery needed to expand understanding of the world, improve how people live and work, and drive scientific and technological innovation. MU Extension programs are important contributors to maintaining a highly skilled workforce within Missouri. More than ever, MU Extension plays a vital role to help Missourians compete in a global economy, providing the next generation of innovators with a firm foundation. Extension programming in ag and environment served over 100,000 farmers and businesses, over 226,000 youth contacts were made via the 4-H program and continuing education was provided to over 50,000 police and firefighters.

2b. Provide a measure(s) of the program's quality.

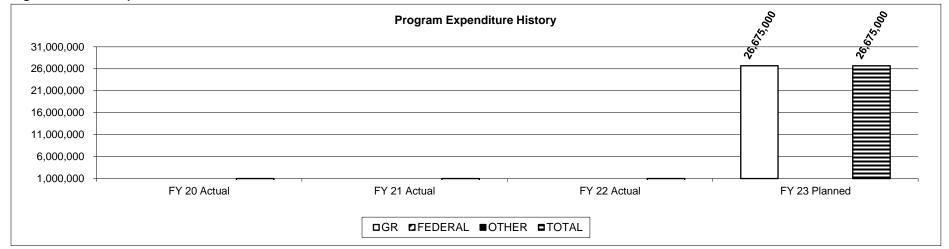

MU Extension operates across the state and drives a significant amount of economic activity. For every \$1 invested in MU Extension, \$13 of public value is returned. The total public value of MU extension is estimated at \$1.2 billion.

| Program Name Doctorate Degree | |
| Program is found in the following core budget(s): University of Missouri | |
| | |

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The University of Missouri is the state's only public university that may offer first-professional degrees, including dentistry, law, medicine, optometry, pharmacy, and veterinary medicine.

The University of Missouri-Columbia (MU) has been a significant contributor to Missouri's economy. Founded in 1839, MU is a public land-grant research university and the flagship of the UM System. The state's largest and most comprehensive university, MU is one of only six public universities nationwide that has a medical school, veterinary medicine college, and a law school on the same campus.

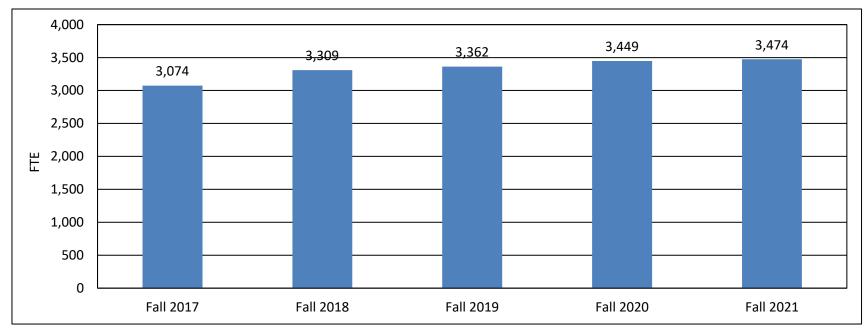

The University of Missouri - Kansas City (UMKC), originally chartered in 1929 as a private institution, is now the largest comprehensive, fully accredited university in the Kansas City area. UMKC's medical, dental, and pharmacy schools are anchors in the UMKC Health Sciences District. Although UMKC doesn't own a health system, its faculty operate specialty programs at University Health, formerly Truman Medical Centers/University Health; Saint Luke's Hospital; and Children's Mercy Medical Center.

<u>The University of Missouri - St. Louis (UMSL)</u>, the College of Optometry was established in 1980 to promote and provide improved eye and health care for people throughout the country by preparing the next generation of optometrists and vision researchers. UMSL has partnered with several clinics with the St. Louis area to provide comprehensive eye care.

1a. What strategic priority does this program address?

Research and Development

1b. What does this program do?

The University of Missouri - Columbia (MU), is Missouri's only state-supported member of the Association of American Universities, and is committed to provide all Missourians the benefits of a world-class research university. The Roy Blunt NextGen Precision Health building celebrated its grand opening in October 2021, ushering in a new era of leading-edge research in a facility that unites researchers, clinicians, and industry partners. NextGen is taking on society's biggest health care challenges and expanding collaborative research efforts to bring precision health to patients, no matter where they live. From major urban centers to underserved rural communities, NextGen investigators are dedicated to delivering the next generation of personalized health care solutions. MU is also home to the nation's most powerful university research reactor and is the only U.S. provider of 5 life-saving medical isotopes used in cancer and cardiac drugs. For more than 50 years, the faculty and staff of the University of Missouri Research Reactor (MURR) have promoted groundbreaking research and developed life-saving radiopharmaceuticals, benefitting people across the country and around the world. MURR operates at 10 megawatts, 6.5 days a week and 52 weeks a year. The MURR facility enables research across many disciplines – from investigating ancient cultures and how plants respond to their environment to analyzing industrial materials and developing radiopharmaceuticals that have lifesaving clinical applications. The MURR facility is a reliable resource for researchers, scientists, engineers, and students across the country.

Missouri University of Science & Technology, is known as a STEM-focused research university. The Missouri Protoplex, an advanced manufacturing research and development facility, will serve as the anchor building for Missouri S&T's planned manufacturing technology and innovation campus. Missouri S&T envisions the Protoplex Facility as headquarters for a statewide ecosystem where experts, innovators, small and large businesses, entrepreneurs, educators, and policymakers develop and adopt the technologies needed to create and sustain manufacturing jobs in Missouri. The Protoplex will house Missouri S&T's facilities operations, design, construction and space management, and environmental health and safety operations. The project is scheduled to be completed by June 2023. Both the Missouri Protoplex and manufacturing technology and innovation campus will support Missouri S&T's efforts will help Missouri manufacturers become more innovative and competitive in the global marketplace. Missouri S&T is also home to the Kummer Institute for Student Success, Research and Economic Development, which will transform Missouri S&T and the south central Missouri region by cultivating leadership and technological innovation; promoting an entrepreneurial mindset; fostering expansion of academic-industry partnerships to address emerging needs of industry; and creating jobs and economic growth.

The University of Missouri-Kansas City (UMKC), is the only comprehensive research institution in the Kansas City metropolitan area, with significant research strengths in: cellular basis of disease, data analytics, advance materials and biomaterials, equitable education, improving patient and population health, environmental sustainability, civic engagement, global cultures, history and diversity, and artistic and creative expression. UMKC unveiled its new \$32 million high-tech research center to hundreds of guests in October 2021. This five-story, 57,800-square-foot Robert W. Plaster Free Enterprise and Research Center features 11 state-of-the-art research labs. The privately funded capital project is the largest in UMKC history, with more than 25 donors and will be a resource for the Kansas City community. From independent makers to entrepreneurs and innovators, the lab spaces are available to experiment and explore new technology, new innovations in materials, and breakthroughs in application and design. Some of the technology within the labs is not available anywhere else in Kansas City, demonstrating UMKC's leadership in research and education, while helping community partners do the same.

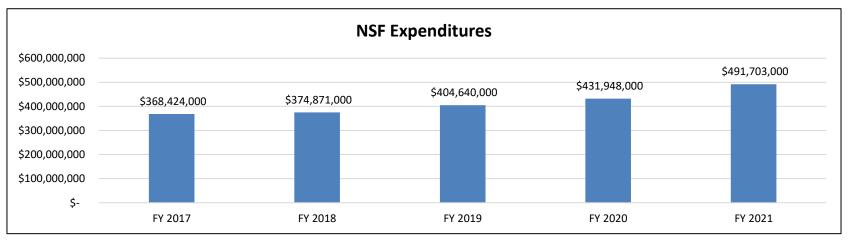

| PROGRAM DES | CRIPTION | |
|--|---------------------------------------|---|
| Department of Higher Education and Workforce Development | HB Section(s): 3.195 | _ |
| Program Name Public Research | · · · · · · · · · · · · · · · · · · · | |
| Program is found in the following core budget(s): University of Missouri | | |

The University of Missouri-St. Louis (UMSL), is the largest public research university in eastern Missouri. UMSL utilizes several research centers to collaborate within the state of Missouri and across the country. These facilities include the Center for Neurodynamics, Community Innovation & Action Center and the Missouri Institute of Mental Health (MIMH). MIMH has played a significant role in investigating and combating the crisis of substance abuse within Missouri and across the country.

The University of Missouri System has a statewide network of 10 research parks and business incubators, each designed to help faculty, entrepreneurs, and businesses collaborate to move innovative research to the marketplace. Because of these networks, startups and businesses across Missouri have access to innovative intellectual resources, a high-performance computing center, medical and advanced technology specialized facilities, cutting-edge plant science research, and much more.

2a. Provide an activity measure(s) for the program.

Total NSF Research & Development Expenditures for UM System

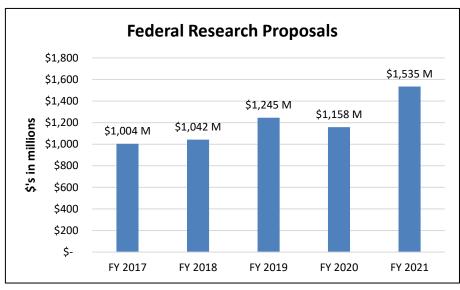

Department of Higher Education and Workforce Development

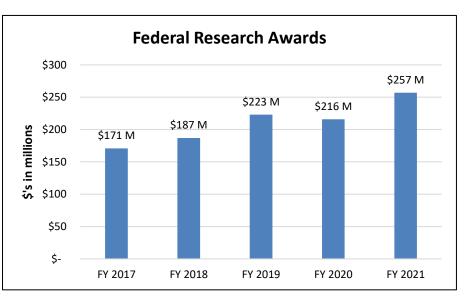

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

2b. Provide a measure(s) of the program's quality.

National research rankings are based on total research and development expenditures as reflected in program activity measure above. The ability to increase this basis stems from the university's ability to convert research proposals submitted to awards. The following charts reflect the University's growth in federal research proposals and awards over the past five years.

HB Section(s):

3.195

2c. Provide a measure(s) of the program's impact.

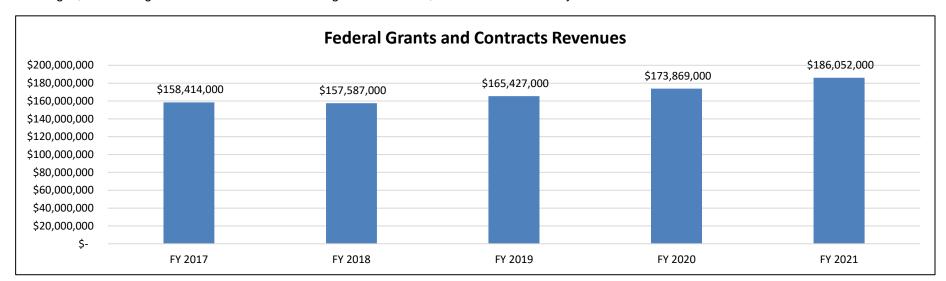

Research and innovation emanating from the UM System's research, graduate studies, and economic development activities are continually advanced by faculty, staff, and student innovation and scholarship. As a result of research activity and spending by the UM System across all four universities, significant economic, employment and government revenue is generated throughout the state. In FY21, the UM System's research enterprise generated \$1.5 billion in economic impact and supported and sustained more than 10,000 jobs while producing over \$81.1 million in state and local tax revenue.

| Program Name Public Research | · · · · · · · · · · · · · · · · · · · |
| Program is found in the following core budget(s): University of Missouri | |
| | |

2d. Provide a measure(s) of the program's efficiency.

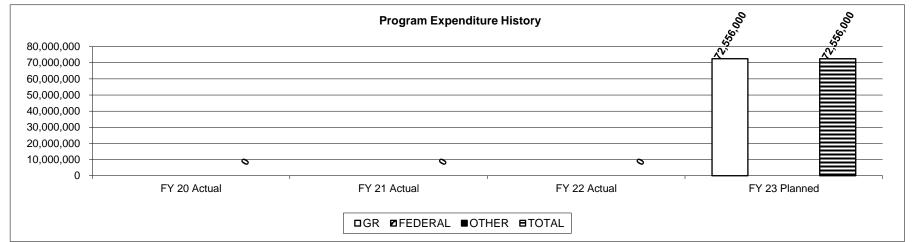

Research and medical innovation provide multiple benefits beyond the economic and employment impacts generated by UM System operations. Significant additional economic expansion and employment are created through the commercialization of research activities within Missouri executed by the UM System and its collaborating partners, the employment of world-class researchers, and the attraction of additional federal research funding.

The chart below reflects the federal research dollars brought into the state of Missouri. One example of this federal research funding in FY 2021 comes from The University of Missouri - Columbia (MU). Innovative students and faculty have taken on the challenge of researching a global pandemic from the heart of Missouri. Whether through harnessing a \$4 million grant from the National Institutes of Health to study wastewater, investigating COVID-19's effect on the clothing industry, developing a wearable bioelectronic device to monitor patients, identifying strategies used in nursing homes to overcome challenges, or breaking down the benefits and challenges of telehealth, MU has affected timely solutions.

2. CORE DESCRIPTION

Fresh water resources are an essential component of long-term sustainable agriculture production systems. Integrated cropping systems that improve water use efficiency and promote soil conservation are essential for long-term sustainability of rural communities. Missouri ranks 2nd to Alaska in the miles of streams within its borders and there are currently efforts underway to regulate these waters. Agricultural practices that promote both water quality and soil health are beneficial to both the producer and the environment. This facility allows for a unique and rare opportunity to implement large-scale water and soil conservation projects with the following objectives: 1) preserve and sustainably utilize water resources for agriculture by developing innovative systems that target reduced maintenance costs for conservation practices, 2) improve food production resiliency by integrating best management practices for water management, soil and nutrient management, and soil health in response to extreme weather events, 3) conserve water and soil resources by evaluating practices that ensure fertilizers stay in the right place for maximum yields, and 4) provide data so informed decisions can be made on cost-effective, innovative integrated water management systems while expanding science—based agriculture education opportunities.

|---|----------------|-------|
| Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri | | |
| Program is found in the following core budget(s): University of Missouri | | |

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

Fresh water resources are an essential component of long-term sustainable agriculture production systems. Integrated cropping systems that improve water use efficiency and promote soil conservation are essential for long-term sustainability of rural communities. Missouri ranks 2nd to Alaska in the miles of streams within its borders and there are currently efforts underway to regulate these waters. Agricultural practices that promote both water quality and soil health are beneficial to both the producer and the environment. This facility allows for a unique and rare opportunity to implement large-scale water and soil conservation projects with the following objectives: 1) preserve and sustainably utilize water resources for agriculture by developing innovative systems that target reduced maintenance costs for conservation practices, 2) improve food production resiliency by integrating best management practices for water management, soil and nutrient management, and soil health in response to extreme weather events, 3) conserve water and soil resources by evaluating practices that ensure fertilizers stay in the right place for maximum yields, and 4) provide data so informed decisions can be made on cost-effective, innovative integrated water management systems while expanding science—based agriculture education opportunities.

These funds will be used to support landscape based agriculture water management research, maintain long-term research, support personnel such as faculty and support staff associated with the program, and deliver educational related programs.

2a. Provide an activity measure(s) for the program.

Innovative integrated water management systems, crop diversification, integrated cropping systems, conservation, and value-added production research make the Greenley Research Center an essential component of the Agriculture Experiment Station in Missouri. For over 40 years, the facility has been successfully showcasing conservation research and demonstration. The facility featured the first terraces in the 1970s, the first long-term conservation tillage research (1970-1993), first long-term tillage/cover crop research (1994-current), first integrated drainage water management research (2001-present), and the first drip irrigation on sloping soils (2015-present) in Missouri. Long-term research is essential for understanding sustainable and profitable cropping systems, but support through grant agencies are short-term.

The facility has been actively supporting agriculture in Missouri with approximately 6,000 technical support calls/visits, 90 peer reviewed research papers, and 50 international and domestic graduate students advised by the Center.

This project showcases new conservation systems that are aimed at increased food production resiliency, improved water quality, and will evaluate these systems on a small-plot and large field scale. Long-term funding will also allow the expansion of research such as drip irrigation to cooperators with sloping soil in the region.

| Department of Higher Education and Workforce Development | HB Section(s): | 3.195 |
|---|----------------|-------|
| Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri | | |
| Program is found in the following core budget(s): University of Missouri | | |

2b. Provide a measure(s) of the program's quality.

- The program provides timely research-based information and recommendations on drainage water management (DWM) systems to producers, consumers, agribusiness representatives, extension specialists, and government agencies.
- DWM has reduced nitrate loss over 70% and phosphorus loss over 80% in water flow compared to free drainage systems.
- Corn and soybean production has increased over 20% with free drainage systems, while drainage water recycling has increased soybean production over 28% and corn production over 40% compared to current cropping systems.
- Improved agricultural water management is critical to help mitigate issues such as the droughts of 2012 and 2017, and extreme precipitation events experienced in 2008-2010, 2015, and 2021.
- Over 20 graduate and over 20 undergraduate students have studied enhanced crop management systems with this program and will be able to continue
 research to enhance the agriculture industry in Missouri.
- A new faculty member in Soil Science-Agroecology-Hydrology has been hired to serve as state specialist for Landscape Position Management which is essential to address the variable landscapes in Missouri.

2c. Provide a measure(s) of the program's impact.

Drainage workshops that utilize research based information from this program have trained over 400 farmer/contractors. In a survey of attendees, they have anticipated increasing installation of drainage 89%, controlled drainage 79%, and subirrigation 53% over the next three years. Contractors who attend training programs have installed on average over 150,000 ft. of drainage water management piping annually. The number of trained contractors impacts approximately 30,000 acres each year and adds \$1.3 to \$2.4 million to Missouri's economy annually. Depending on the extent of precipitation, yield losses (6 to 11 bu/acre/day) due to saturated conditions in corn alone could range from \$6.3 to \$80 million in a single year and improved management systems can reduce this loss. On average, over 2,000 producers attend programs and demonstrations on this technology annually.

2d. Provide a measure(s) of the program's efficiency.

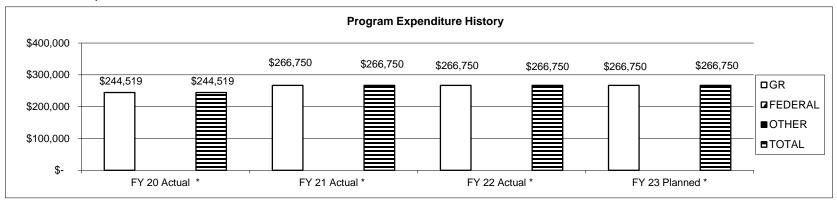

The efficiency of this program will be measured by the trained individuals and additional feedback from individuals with enhanced water management systems. Research will document the reductions in nutrient loss from fields and increased food production.

Department of Higher Education and Workforce Development

Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri

2. CORE DESCRIPTION

Research, Extension and Education Centers exist to support and facilitate the total research program of the Missouri Agricultural Experiment Station system. As such, they are an integral part of the Missouri Agricultural Experiment Station and unique contributors to MU's comprehensive land-grant responsibility.

We have a common goal of conducting high quality research that will respond to the needs of Missouri citizens, maintain and enhance our natural resource base, support a vital food and fiber system and help keep Missouri producers competitive. We will work with University extension, stat and federal agencies and Missouri agribusiness to support a reliable, safe supply of quality food supplied in a sustainable, profitable manner.

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

Research, Extension and Education Centers exist to support and facilitate the total research program of the Missouri Agricultural Experiment Station system. As such, they are an integral part of the Missouri Agricultural Experiment Station and unique contributors to MU's comprehensive land-grant responsibility.

We have a common goal of conducting high quality research that will respond to the needs of Missouri citizens, maintain and enhance our natural resource base, support a vital food and fiber system and help keep Missouri producers competitive. We will work with University extension, state and federal agencies and Missouri agribusiness to support a reliable, safe supply of quality food supplied in a sustainable, profitable manner.

The soils and topography of southeast Missouri offer researchers a unique opportunity to study cotton and rice production and irrigation. Researchers are also evaluating better soybean and corn cropping systems, and weed, insect and disease-control systems. Five locations make up this Center of 1,119 acres in a 12-county area that forms the Missouri Bootheel. Scientists at the Fisher Delta Research, Extension and Education Center have gained recognition for developing improved soybean varieties, especially those with soybean cyst nematode resistance.

These funds will be used to support landscape based agriculture management research, maintain long-term research, support personnel such as faculty and support staff associated with the program, and deliver educational related programs.

2a. Provide an activity measure(s) for the program.

This program is lead by six scientists conducting research in the following areas,

- Soybean Breeding and Genetics
- Weed Control
- Cotton Production
- Cropping Systems
- Rice Production
- Entomology
- Plant Pathology
- Irrigation

This research and development is conducted to improve production of corn, cotton, rice, soybeans and other crops grown in the southeast Missouri region.

2. CORE DESCRIPTION

The Mizzou Law Veterans Clinic 'Clinic' has been in existence since the spring semester 2014. Under the supervision of three experienced attorneys, law students act as a veterans advocate (at no charge) in claims with the Department of Veterans Affairs (VA), as well as discharge upgrades as necessary. This clinical opportunity provides students with experiential learning credit, required by the American Bar Association as part of the school's accreditation requirements.

Since tithe clinic's inception just 9 years ago the clinic has secured over \$10 million in federal money for veterans.

Department of Higher Education and Workforce Development

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

The Mizzou Law Veterans Clinic "Clinic" has been in existence since Spring Semester 2014. Under the supervision of three experienced attorneys, law students act as a veterans advocate (at no charge) in claims with the Department of Veterans Affairs (VA), as well as discharge upgrades as necessary. This clinical opportunity provides students with experiential learning credit, required by the American Bar Association as part of the school's accreditation requirements.

The VA system that provides veterans disability benefits is complicated, cumbersome, and confusing – fertile ground for learning and helping others. Veterans often know they deserve compensation, but they don't know what their first step should be or how to proceed after a denial. That's where the Veterans Clinic comes in who acts as the veteran's attorney and secures federal money for Missouri veterans.

Key Points:

- Since the Clinic's inception just 8 years ago, the Clinic has secured over \$10 million in federal money for veterans.
- At various points, including prior to funding from the General Assembly, the Veterans Clinic turns away 2-3 veterans per week due to a lack of resources. Now, the Clinic is engaged in a robust program which provides helpful referrals and assistance to attorneys throughout the state who help veterans on a pro bono basis, in addition to education future veterans advocates in the Clinic. Our full-time intake specialist is able to help these veterans daily thanks to funding from the General Assembly.

The Clinic also actively assists veterans and veterans' organizations in various other ways such as providing continuing legal education on veteran's issues for attorneys and service officers, supporting attorneys and service officers who are helping veterans and hosting annual Symposia. The clinic has also launched an initiative to provide assistance to veterans in rural Missouri which is called Tigers for Troops. Under this program, the Clinic is partnering with the University of Missouri Extension to have students and supervising attorneys visit extension offices throughout the State to assist them with disability claims, appeals and discharge upgrades as well as educate veterans about available resources. Through the Tigers for Troops program, Clinic personnel also train attorneys on veterans' law to increase the number of attorneys qualified to help veterans in Missouri's rural areas.

HB Section(s):

3.195

Department of Higher Education and Workforce Development

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

2a. Provide an activity measure(s) for the program.

The Clinic provides legal representation to veterans, free of charge. Because the Clinic does not charge their clients, the funding is provided by private donations and, most recently, the State. This funding provides for a small team of staff and attorneys that work to help as many veterans as possible. In the past, the Clinic has had to institute a freeze on taking in new clients because the Clinic could simply not handle the need that Veterans had for legal services. With recent funding, the clinic will be able to hire more staff and in turn, help more veterans.

| Amount of Federal Benefits Number of Veterans Assisted Since Secured for Veterans Since Clinic's | | | | | Number of Students Trained and | |
|---|---------|------------------------|--------------|---------------|-----------------------------------|-----|
| Number of Clients* | | the Clinic's Inception | Matriculated | | | |
| FY 2019 | FY 2020 | FY 2021 | FY2022 | - | - | |
| 55 | 105 | 105 | 108 | more than 950 | More than \$10,000,000 | 151 |

2b. Provide a measure(s) of the program's quality.

The Clinic is highly successful in achieving its mission to empower legal minds and provide our nation's veterans with compassionate and effective representation. The quality of the Clinic's program is demonstrated by the success rate in claims worked and discharge upgrades, the various advocacy and training opportunities the Clinic provides, as well as the confidence and trust that national organizations and individuals have placed in the Clinic.

The Mizzou Law Veterans Clinic is a nationally renowned Clinic. It is well known and respected within the Veterans Clinic community. Clinic attorneys have been selected to serve as the leaders of veterans organizations and speak at conferences. At our annual symposium, nationally known and respected veterans law advocates willingly attend and speak. Additionally, the Missouri Bar has provided grants to the Clinic and has requested that the Clinic train Missouri licensed attorneys.

Finally, the results in the awards the Clinic's clients are granted speak to the quality of the representation and service they receive at the Veterans Clinic. Clinic attorneys are held to a high standard, both as Mizzou Law faculty and as barred attorneys in Missouri.

Department of Higher Education and Workforce Development

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

2c. Provide a measure(s) of the program's impact.

COMPENSATION

Since the Clinic's inception in 2014, we have secured over \$10 million in federal disability compensation for veterans, and this number grows exponentially each year as benefits continue until the claimant passes away. These veterans receive both retroactive payments (which often results in tens of thousands of dollars) as well as monthly payments as high as \$3,000-\$8,000 per month which continue for the life of the veteran. Therefore, the amount of money that the Clinic brings in for Missouri veterans grows exponentially as clients age, in addition to the new clients the Clinic secures new compensation benefits for. The granting of these compensation benefits can provide benefits for the veteran including vocational and healthcare benefits, and in some cases, educational and healthcare benefits for the veteran's family as well.

DISCHARGE UPGRADES

The Clinic also helps the clients get their discharge upgraded to a higher classification. Getting a discharge classification upgraded from an "other than honorable characterization" can be life-changing for a veteran because of the stigma attached with the discharge classification and can act as a bar for benefits for the veteran. By getting a discharge upgraded for a veteran, they can often be granted access to life saving medical care, counseling, educational benefits, and job opportunities. The Clinic has been successful with discharge upgrades for the clients.

ADVOCACY

The Clinic has been a major player in veterans law advocacy that has led directly to positive outcomes for veterans and clients. Most importantly, the Clinic has written amicus briefs in higher level federal courts, including the United States Supreme Court. These briefs have been instrumental in advocating for positive systemic change for veterans. Recently, the Clinic was part of an amicus briefing effort to extend the Agent Orange Presumption Exposure to include Blue Water Navy Veterans which was granted and opened the door for thousands of service members to be eligible for compensation benefits. The Clinic has been involved in publishing law review articles and other academic materials.

The Clinic is also active within various veteran advocacy groups which entails partnership and collaboration. That collaboration has resulted in valuable knowledge and practices that has led to positive outcomes for the Clinic's clients and veterans across the nation.

SYMPOSIUM

Every year the Clinic holds a symposium highlighting updates in veteran's law as well as hot topic veteran's law issues. Through symposia, the Clinic has been able to provide hundreds of CLE hours to attorneys and education related to veteran's law so the attorneys can help veterans in their own practice.

| Department of Higher Education and Workforce Development | HB Section(s): 3.195 |
|---|-------------------------------|
| Program Name: University of Missouri - MU School of Law Veterans Clinic | |
| Program is found in the following core budget(s): University of Missouri - MU | School of Law Veterans Clinic |

2c. Provide a measure(s) of the program's impact. (continued)

TIGERS FOR TROOPS

Under our Tigers for Troops program, members of the Clinic travel to rural areas of Missouri where there are very few services for veterans. The Clinic partners with Mizzou Extension to get the word out to veterans that attorneys from the clinic will be in the area and will provide them with free legal consultations. Under the Tigers for Troops program, the Clinic's attorneys have traveled to 88 counties, consulted with 150 veterans, and trained more than 330 attorneys in veterans law.

STUDENT CLINICAL EXPERIENCE

The ABA requires that, as part of the a law student's education, the student receive some type of practical or clinical experience. The Veterans Clinic provides an opportunity for the law school to abide by this mandate from the ABA as well as provide law students with invaluable experience. By working with actual clients while in law school, students become imminently prepared upon graduation to step into the legal field with confidence. Additionally, because the opportunity to work with veterans is often extremely inspiring, the Clinic has produced many students who have gone through the Clinic that are now veteran advocates in private practice and have helped veterans themselves. The Veterans Clinic experience also instills in students (future attorneys) the value and worth of pro bono. Through the Clinical experience, hundreds of students have been impacted and have gone on to have a positive impact on

2d. Provide a measure(s) of the program's efficiency.

All of the work the Clinic does is accomplished with a small team of:

- one full time attorney, one fellow and one part-time attorney
- one full time administrative assistant and one part time
- one full time intake coordinator; and

Attorneys working in the Clinic often have teaching duties outside of the Clinic.. Additionally, attorneys have to spend a considerable amount of time fundraising in order to provide funding for yearly expenditures. With funding from a generous donor the Clinic has secured funding for two years for a Fellow who will help with client claims, appeals, and rural outreach.

With this small team, the Clinic has been able to accomplish what is described above and continue to push the envelope of veterans advocacy.

2. CORE DESCRIPTION

The University of Missouri Rice Agronomy Program focuses on agronomic research to improve rice yield and quality through practices that make rice producers more profitable. Our research includes an array of cultivar studies to identify those that perform best for our area, including commercially available cultivars and advanced breeder lines with potential to come to market in the near future. We also focus on fertility and irrigation studies to reduce environmental footprint while increasing crop performance, profitability, and overall way of life for those involved both directly and indirectly with the Missouri rice industry.

| PROGRAM DESCRIPTION | | |
|---|--------------------|-------|
| Department of Higher Education and Workforce Development | HB Section(s): | 3.195 |
| Program Name Fisher Delta Research Center for the Rice Breeders Association | · · · - | |
| Program is found in the following core budget(s): University of Missouri | - | |
| | | |

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

The University of Missouri Rice Agronomy Program focuses on agronomic research to improve rice yield and quality through practices that make rice producers more profitable. Our research includes an array of cultivar studies to identify those that perform best for our area, including commercially available cultivars and advanced breeder lines with potential to come to market in the near future. We also focus on fertility and irrigation studies to reduce environmental footprint while increasing crop performance, profitability, and overall way of life for those involved both directly and indirectly with the

2a. Provide an activity measure(s) for the program.

The Rice Agronomy Program has undertaken research projects under the following topics in both flood-irrigated and furrow-irrigated rice:

- 1) Cultivar trials at multiple sites across southeast Missouri studying 25 commercial and advanced lines and over 150 pre-commercial lines. Encased within the commercial trials is a planting date study with 5 different planting dates designed to provide Missouri producers with unbiased information on cultivar selection based upon planting date,
- 2) Seeding rate trials to determine the optimal seeding rate to maximize on-farm profitability,
- 3) Multiple fertility trials studying rice response to nitrogen and phosphorus. The goals of these studies are to maximize economic yield while at the same time reducing negative environmental impact that is possible from applying excessive nutrients beyond what is needed by the crop.
- 4) A wide array of furrow-irrigated rice trials designed to increase yield potential for the furrow-irrigated system. Previous work done by the UM State Rice Extension Specialist and others shows that a 33% reduction in water use is a readily attainable goal when converting flood-irrigated rice acres to furrow irrigation.

2b. Provide a measure(s) of the program's quality.

Due to the program being created in FY 2022, there are very limited quality measures. More data will be provided for what is now being measured in FY 2023.

2c. Provide a measure(s) of the program's impact.

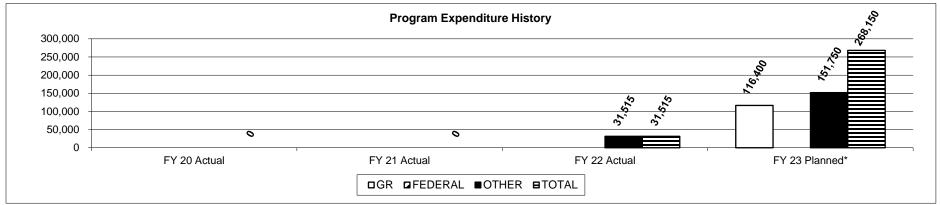

At the 2022 Missouri Rice Field Day on August 23, 2022, over 100 attendees listened to presentations by those involved in rice research, including the UM Rice Agronomy Program. Attendees were briefed on what research is happening in Missouri and interacted with speakers including the Extension Rice Agronomist to express their interested in terms of future research plans and how our research can help their enterprise. This Field Day is one of many meetings and trainings that the UM Rice Agronomy Program helps conduct throughout the year.

|---|---------------|-------------|---|---|
| Division of Four-Year Colleges and Universities | 3 | | 57601C, 57621C, 57641C, 57661C, 57681C | _ |
| Public Universities - Core CPI Increase | DI#555011 | HB Section | 3.150, 3.155, 3.160, 3.165, 3.170, 3.175, 3.180, 3.185, | |
| | | - | 3.190, 3.195 | _ |

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Rather, public universities, while grateful for recent increases, remain <u>below</u> FY 2010 TAFP funding levels by 5.7% overall.

The increase in the official Consumer Price Index for all urban consumers (CPI-U) from July 1, 2021 until June 30, 2022 is 8.5 percent. The inflationary factor of 7 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. A total of \$11,330,433 is recommended for community colleges; \$58,874,242 for public universities; and \$592,481 for the State Technical College of Missouri. The combined total new decision item for all three sectors is \$70,797,156.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 7 percent increase in the CPI-U, a total of \$11,330,433 is needed for community colleges; **\$58,874,242 for public universities**; and \$592,481 for the State Technical College of Missouri. The combined total for all three sectors is \$70,797,156.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

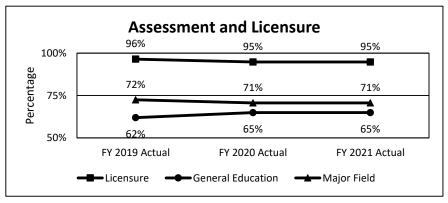

6a. Provide an activity measure(s) for the program.

6c. Provide a measure(s) of the program's impact.

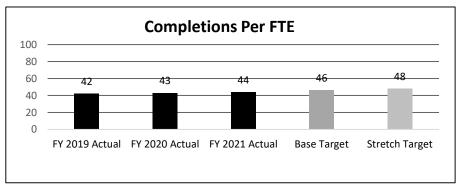

6b. Provide a measure(s) of the program's quality.

**Institutions use different assessment measures based upon mission.

6d. Provide a measure(s) of the program's efficiency.

**This measures degree attainment of all students as a ratio of enrollment unlike traditional graduation rates which only include 1st time full-time students.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Inflationary increases for each sector will allow institutions to stabilize investments and retain staff needed to maintain or continue to improve their performance on measures related to student retention, completion, and employment. DHEWD over the past several years has worked cooperatively with public institutions to improve performance in these areas. Examples include:

Best Practices in Remediation: Another encouraging success achieved through these efforts is that fewer students are identified as requiring remediation, for both math and English. The percentage of students requiring remedial math has decreased from 17.6 percent (fall 2017) to 12.5 percent (fall 2021), and the percentage requiring remedial English decreased from 10.1 to 7.2 percent. In addition, the types of remediation courses are changing. Instead of a series of prerequisite remedial courses students need to complete before enrolling in the college-level course, corequisite remediation (or just-in-time remediation) allows students to enroll directly in the college-level course and receive supports in real time, as they are needed.

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student's program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor's degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were up .8 percent from 2015-16 through 2020-21 notwithstanding a decline in full-time equivalent enrollment from fall 2015 to 2020. Minority completions were up 19.3 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.4 to 58.9 percent from 2015-16 through 2020-21, and the community colleges and State Technical College collectively increased from 24.2 percent to 33.0 percent.

2. CORE DESCRIPTION

This request is for continuation of the core funding for the University of Missouri - St. Louis (UMSL) for purposes of increasing international collaboration and promoting economic opportunity to help attract and retain new economic activity to the St. Louis region. The centerpiece of the program is the GlobalSTL program (formerly known as St. Louis-Israel Innovation Connection), which connects the economies of St. Louis and targeted international locations (including Israel, Ireland, and other countries) with a robust pipeline that engages and links experienced professionals to identified international companies who are likely to be attracted by St. Louis' convergence of corporate, university, and entrepreneurial strengths. Specific business strategies will partner prospective international companies with St. Louis and the State of Missouri's resources that might lead to recruitment of a presence in St. Louis.

Programs included are Biotech - \$550,000, Center for Defense Medicine - \$600,000, and Center for National Pandemic Resiliency (Infectious Disease) - \$250,000

HB Section(s):

3.200

Department of Higher Education and Workforce Development

Program Name: University of Missouri - St. Louis International Collaboration

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

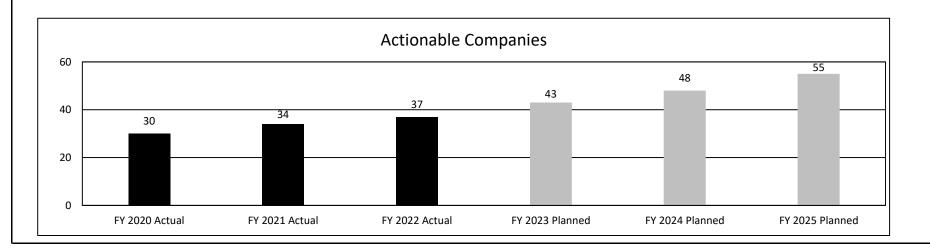

Coordination

1b. What does this program do?

The purpose of this appropriation is to increase international collaboration and promote economic opportunity that helps attract and retain new economic activity to the St. Louis region. University of Missouri-St. Louis will work with BioSTL, a regional nonprofit dedicated to advancing prosperity in St. Louis through the growth of biosciences and other targeted innovation clusters. The centerpiece of the program is the GlobalSTL program (which connects Missouri corporations and health systems with a highly-curated pipeline of innovation from 15 countries that solve for their direct pain points and strategic priorities.) Specific business strategies will partner prospective international companies with St. Louis and Missouri resources that might lead to business deals that create competitive advantages for our Missouri corporations, recruitment of a physical presence/US headquarter in St. Louis for the innovative company, and economic activity of new investments and jobs in our region. BioSTL is providing matching funds.

2a. Provide an activity measure(s) for the program.

A key activity measure for this program is the number of active and actionable contacts that have been made. Starting in 2018, we refined the measure to focus on actionable companies that had solutions to material pain points of Missouri corporations and health systems. Historically, it counted all companies with whom discussions were held. Actionable companies are those that have real potential to be recruited to St. Louis, generate business/economic activity and solve major pain points of our local partners. This is a running total, so a company could be in more than one year reported, if they remain active. Projections below for FY 2022 through FY 2024, account for anticipated momentum and growth enabled by possible, future funding increases.

| Department of Higher Education and Workforce Development | HB Section(s): | 3.200 |
|--|--------------------------------|-------|
| Program Name: University of Missouri - St. Louis International Collaboration | | |
| Program is found in the following core budget(s): University of Missouri - St. Lou | is International Collaboration | |

2b. Provide a measure(s) of the program's quality.

FY 2021 and FY 2022 have been impacted by the state budget cut. However, we are still moving forward and will have no problem ramping up our efforts once funding is restored.

This year we hosted the in-person 5th GlobalSTL Health Innovation Summit on November 17th in St. Louis.

We also hosted an in-person Inaugural Rural Health Symposium. Speakers included Gov. Parson, Lt. Gov. Kehoe, University of Missouri President Choi, Kirk Mathews, Missouri Medicaid Transformation, Missouri Director of Broadband, multiple rural stakeholders.

We also launched the Center for Rural Health Innovation with key Founding Partners that included Missouri Farm Bureau, University of Missouri Extension and Engagement, Association of Missouri Electric Cooperatives, Missouri Behavioral Health Council, Home State Health and T-Mobil.

HB Section(s):

3.200

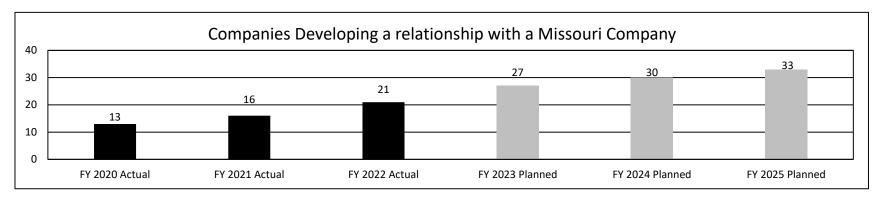

Department of Higher Education and Workforce Development

Program Name: University of Missouri - St. Louis International Collaboration

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

2c. Provide a measure(s) of the program's impact.

A key measure of impact is the number of companies that are in formal discussions with developing a relationship with a Missouri company or establishing a presence in St. Louis.

Example: A Missouri-based healthcare organization engaged an international company that has a medical device that allows for revolutionary remote cardiac monitoring in the home. Using this device, numerous Missourians have had Atrial Fibrillations detected early enough to reduce the risk of serious health outcome (heart attack/death) and reduced their cost of care significantly.

2d. Provide a measure(s) of the program's efficiency.

A key measure of efficiency would be the related salaries per dollar of support through the appropriation.

| | FY 2020 Actual | FY 2021 Actual | FY 2022 Actual | FY 2023 Planned | FY 2024 Planned | FY 2025 Planned |
|--|-------------------|-------------------|-------------------|--------------------|--------------------|--------------------|
| Number of jobs created | 10 | 8 | 20 | 24 | 30 | 35 |
| Dollar amount per job created | \$40,012 | \$50,016 | \$20,206 | \$22,229 | \$22,229 | \$22,229 |
| Dollar amount of support through appropriation | \$24,835 | \$31,354 | \$31,354 | \$20,069 | \$31,354 | \$31,354 |

| | | |

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

The Center for Defense Medicine ("Center") will accelerate the path to market for early-stage defense medicine technologies by evaluating, de-risking, and advancing commercial viability – yielding stable, high-growth ventures that catalyze economic growth. The Center represents a scaling of BioSTL's robust Proof of Concept/Commercialization Center programs by tapping into defense demand to diversify the risk profile of early-stage technology commercialization through inherent aspects of defense medicine markets: large awards of non-dilutive funding to substantially de-risk product development; a significant, regular customer in the Department of Defense (DOD) itself; and global demand from the defense industry. The Center will leverage St. Louis' unique strengths as a global center for bioscience R&D; an untapped wealth of military-relevant medical technologies; and staff relationships with DOD.

2a. Provide an activity measure(s) for the program.

The following measures will be assessed subsequent to the first year of program funding: technologies sourced; funding assessments completed to evaluate technologies and award POC grants; documented business plans submitted or in progress for forthcoming grant/contract submissions; introductions between clients and military medical experts

2b. Provide a measure(s) of the program's quality.

The following measures will be assessed subsequent to the first year of program funding:

Total # of businesses created; Total # of outside grants (SBIR or other) awarded to clients; Total \$ value of grants awarded to clients Total \$ value of 3rd party capital raised by clients (e.g., venture capital or other non-grant capital)

2c. Provide a measure(s) of the program's impact.

The following measures will be assessed subsequent to the first year of program funding: Total \$ of funding raised and/or revenue generated; Total Number of Direct Jobs Created/Retained

HB Section(s):

3.200

Department of Higher Education and Workforce Development

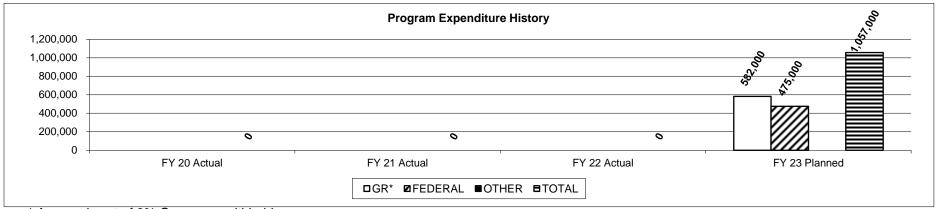

Program Name: University of Missouri - Defense Medicine Technologies

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

2d. Provide a measure(s) of the program's efficiency.

The following measures will be assessed subsequent to the first year of program funding: Program expense/Funding raised or revenue Generated; Program Expense/Job created or retained

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

^{*} Amount is net of 3% Governors withhold

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

EDA Build to Scale (B2S) Program Awards are made under Section 27 of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. § 3722)

6. Are there federal matching requirements? If yes, please explain.

Yes, this state appropriation provides the cash match for a federal award made under the program authorization listed above.

7. Is this a federally mandated program? If yes, please explain.

No.

PROGRAM DESCRIPTION Department of Higher Education and Workforce Development HB Section(s): 3.200 Program Name: University of Missouri - Center for National Pandemic Resiliency Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

The "Center for National Pandemic Resiliency in Biosciences" ("Center") will leverage St. Louis' strengths in basic bioscience research, clinical research and development, biotech research and development, commercialization, production, and logistics to ensure a resilient economy and strengthen the health care and food supply chain. By aligning and expanding regional assets and partners across four pillars – 1) development, adaptation, & commercialization of new technologies and new companies; 2) pilot facilities to scale manufacturing of new product candidates in development and testing; 3) workforce; and 4) growing domestic resiliency capacity, including by attracting relevant innovations (and associated economic activity) from abroad for piloting and scaling in a variety of U.S. environments, the Center will build capacity for future pandemic response and recovery while creating new economic opportunity, diversifying the economy, advancing health and economic equity, and building health and economic resiliency. Through the Center, the St. Louis region will serve as a laboratory for pandemic-related innovation that builds national health and economic resiliency.

2a. Provide an activity measure(s) for the program.

The following measures will be assessed subsequent to the first year of program funding:

Total # of client technologies/innovators/companies sourced & engaged; Total # of plans awarded Proof of Concept funding from Center; Total # of introductions to 3rd party experts (across all project steps); Total # of clients in introductory grant training (e.g., SBIR/STTR); Total # of grant or contract proposals submitted; Total # of pandemic-related pilot interventions launched in region

2b. Provide a measure(s) of the program's quality.

The following measures will be assessed subsequent to the first year of program funding:

Total # of businesses created/attracted to the region; Total # of outside grants (SBIR or other) awarded to clients; Total # of companies raising 3rd party capital

 $(e.g.,\,venture\,\,capital,\,other\,\,non-grant\,\,financing,\,or\,\,contracts);\,Total\,\,\$\,\,of\,\,funding\,\,raised\,\,and/or\,\,revenue\,\,generated$

2c. Provide a measure(s) of the program's impact.

The following measures will be assessed subsequent to the first year of program funding: Total \$ of Private Investment generated; Total Number of Direct Jobs Created/Retained

Department of Higher Education and Workforce Development

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The University of Missouri-Saint Louis will expand a program to ensure economic vitality on Missouri farms by sourcing world-leading technologies from an existing global network of innovation hubs and engaging statewide partners. This initiative includes working alongside the local workforce to support growers and producers in implementing innovation on the farm.

The BioSTL team will develop a list of innovations and leverage an existing and growing network of global innovation hubs to enable access to the best and most cost-effective innovation. Further, in many cases, this investment will position Missouri farmers as the 1st in the U.S. to: 1) deploy best-in-class technology; 2) significantly reduce the risk of new agtech innovations; 3) accelerate the adoption of farmer-focused new technologies; 4)and engage local workforce to help

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

BioSTL's rural economic vitality initiative has two synergistic components: agriculture and healthcare. Both leverage the same BioSTL international network (called "GlobalSTL") of innovators in Israel and around the world; both share the same Missouri rural and statewide partners. The first component funded will build foundational assets – including a broader global network and deeper relationships with Missouri strategic and workforce partners – that the second component funded will be able to capitalize on, even if funded later.

2. CORE DESCRIPTION

The Missouri Telehealth Network (MTN) gives patients in underserved areas access to University of Missouri Health Care specialists without leaving their communities. The network saves patients transportation, discomfort, and emotional costs. While all states have at least one telehealth network, Missouri has one of the most developed telehealth networks in the country. The MTN started out with nine sites in 1994 and has since expanded to more than 200 sites in 56 Missouri counties. Besides providing access to excellent healthcare for patients, MTN provides a mechanism for clinical research, continuing education opportunities for healthcare providers, and homeland security efforts related to disaster preparedness. This request is for a core appropriation of \$437,640 for Missouri Telehealth Network and \$1,500,000 for Show-Me Extension for Community Healthcare Outcomes (ECHO).

im_didetail

| Department of Higher Education and Workforce Development | HB Section(s): 3.205 | |
|--|--------------------------|--|
| Program Name: Division of Four-year Colleges and Universities | | |
| Program is found in the following core budget(s): University of Missouri - Mis | souri Telehealth Network | |

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

The Missouri Telehealth Network (MTN) increases access to patient-centered health care via telehealth for rural and underserved Missourians by providing technical assistance to health care organizations, partnering with key stakeholders, operating telehealth programs, and supporting and developing telehealth policies.

Missouri Telehealth Network provides expertise in key telehealth domains including technical, clinical, operational, legal and regulatory, and evaluation. It was established in 1994 as one of the nation's first public-private partnerships in telehealth. A 10-site network initially was developed with federal support from the Health Resource and Services Administration's Office of Rural Health Policy and from private support from telecommunication companies as well as each telehealth site.

Today, Missouri Telehealth Network has the experience and expertise to train start-up telemedicine programs and to manage new and existing telehealth programs. Currently, Missouri Telehealth Network partners with many types of health care organizations and manages several telehealth programs. It also operates Show-Me Extension for Community Healthcare Outcomes (ECHO). Show-Me ECHO connects community providers with experts, building virtual learning and mentoring collaborative efforts to increase capacity for care.

2a. Provide an activity measure(s) for the program.

MTN actively trains and educates Missourians about telehealth. In response to the COVID-19 crisis, MTN started a Telemedicine ECHO. This ECHO was initially offered twice each week with one session focused on general telemedicine and one focused on telebehavioral health. Currently, the Telemedicine ECHO is offered twice each month. Topics include: Technology, Telehealth Etiquette, Teledentistry, Telehealth addiction trea tment, Telebehavioral Health, Billing and Coding, Response to Trauma, School-based Telehealth and Post-Covid Telehealth.

| | Hours of Education received by participants FY22 |
|-------------------|--|
| Telemedicine ECHO | 313 |

2b. Provide a measure(s) of the program's quality.

The Telemedicine ECHO is an example of the programs and services that we provide at the Missouri Telehealth Network. Topics covered include regulation and reimbursement among others. One measure of quality is a rating of how satisfied participants were with sessions. How would you rate the Overall Telemedicine ECHO? On a scale of 0 to 5 where 0 = Poor and 5 = Excellent.

| Question | Poor | Fair | Average | Good | Excellent |
|----------------|------|------|---------|------|-----------|
| How Satisfied? | 0% | 0% | 4% | 54% | 42% |

| Department of Higher Education and Workforce Development | HB Section(s): | 3.205 | |
|---|--------------------------|-------|--|
| Program Name: Division of Four-year Colleges and Universities | _ | _ | |
| Program is found in the following core budget(s): University of Missouri - Miss | souri Telehealth Network | | |

2c. Provide a measure(s) of the program's impact.

The Missouri Telehealth Network's goal is to increase the use of telehealth in Missouri. One way to measure the impact of the educational programs is to ask what changes the learners will incorporate as a result of the educational programming. The following is a sampling of answers to the question: "What changes do you plan to incorporate into your practice as a result of attending this activity?" (activity is Telemedicine ECHO)

- 1 Growing telemedicine practice
- 2 More productive sessions
- 3 Using available resources
- 4 Structuring meaningful and sustainable telehealth solutions
- 5 Sharing what I have learned with others
- 6 Connecting the right people to the right project to increase telehealth in Southeast Missouri
- 7 Use the information with telehealth consulting clients

2d. Provide a measure(s) of the program's efficiency.

The work of the Missouri Telehealth Network including education, training, and support is designed to be efficient. Our programming has touched all 114 Missouri counties and the City of St. Louis. Missouri Telehealth Network demonstrates efficiency through their Show-Me ECHO program that allows small expert groups to mentor dozens to hundreds of learners in any given year. The efficiency is also felt by the learners who join remotely which minimizes travel time and expenses often experienced when partaking in similar learning experiences. In calendar year 2021, more than 3,300 individuals across all Missouri counties participated in a Show-Me ECHO program. When asked via survey, many participants say that they share what they learn with others in their workplace and larger community.

During the COVID-19 pandemic, telemedicine became a necessary tool in providing healthcare; however, most primary care providers have had no formal training in utilizing telemedicine. In response to the COVID 19 pandemic, the Missouri Telehealth Network leveraged its technical expertise and existing relationships to quickly organize a Telehealth ECHO to share the latest information regarding Telemedicine best practices, regulations, operations, and reimbursement. Few immersive telehealth opportunities were available before the pandemic, and many students and practitioners alike received limited exposure to telehealth in practice.

Recognizing the need for such training, the Missouri Telehealth Network has convened a committee of clinicians and telehealth experts from MU SOM Continuing Education, MU Sheldon Clinical Simulation Center, UMSL College of Optometry, MUHC Virtual Care, MU Family & Community Medicine, Sinclair School of Nursing and UMKC College of Pharmacy. Many telehealth training programs focus on only one profession; however, this effort is purposely interprofessional and aims to increase knowledge of telehealth best practices, informed consent, reimbursement/billing, and technology. Portions of this training opportunity will be asynchronous offering learners the convenience and efficiency of participating at a pace and time that works best for them.

Department of Higher Education and Workforce Development

Program Name: Division of Four-year Colleges and Universities

Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

Telemedicine increases access to specialty care, but it does not increase capacity of individual specialists. Show-Me Extension for Community Healthcare Outcome (ECHO) is a replication of the Project ECHO program developed at the University of New Mexico. Project ECHO is a lifelong learning and guided practice model that revolutionizes medical education and exponentially increases workforce capacity to provide best-practice specialty care and reduce health disparities. It links expert specialist teams at an academic 'hub' with primary care clinicians in local communities – the 'spokes' of the model. Show-Me ECHO has always educated physicians and other primary care providers; however, the application of the model has grown to include PK-12 educators and other professions contributing the health and wellbeing of Missourians.

Show-Me ECHO uses videoconferencing to connect a group of community clinicians and other service providers to a multidisciplinary group of specialists around a specific disease state or condition. Together, they participate in regularly scheduled Show-Me ECHO clinics, which include a short but high value lecture combined with mentoring through patient/client/student case presentations and discussions. As the community providers learn about the disease state or condition and with the mentorship of the specialists, they become a regional center of excellence that can help provide specialty care to patients/clients/students who might not otherwise be able to receive care. Show-Me ECHO increases the number of providers who will treat complex conditions. Relationships are created between specialists and community providers so that patients with chronic conditions can stay in their community for care without being referred to specialists unless completely necessary.

Show-Me ECHO facilitates comprehensive, best-practice care for patients with complex health conditions, within their local community. Show-Me ECHO enables collaboration between specialty and primary care that expands access to best-practice medical care across Missouri.

Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

2c. Provide a measure(s) of the program's impact.

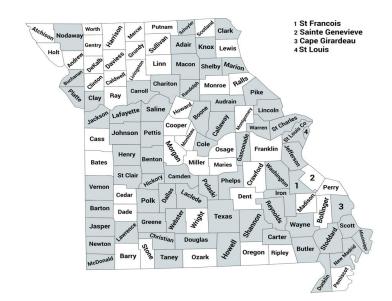

In calendar year 2021, Show-Me ECHO continued to share the most up-to-date information about COVID-19. ECHO topics included COVID-19, COVID-19 and Kids, Missouri Moms and Babies, Managing Hospital and Patients in a Pandemic, and Post-Acute Care/Long-Term Care. These ECHOs provided 11,863 person hours of COVID-19 instruction to 1,284 unique learners from 678 organizations in 105 Missouri counties and the City of Columbia.

The Opioid Use Disorder ECHO doubled the hours of instruction it delivered in calendar year 2021 to 1,045 hours earned by 276 individuals from 56 counties. The Suicide Prevention ECHO, new in 2021, provided 911 hours of instruction earned by 264 individuals from 45 counties. In 2021, participants from every Missouri county brought their knowledge back to serve Missourians in their communities.

2d. Provide a measure(s) of the program's efficiency.

The Show-Me ECHO program's efficiencies lie in its virtual nature. In calendar year 2021 there were more than 3,300 participants from over 1,000 organizations including healthcare, education, and other social services and government organizations. The maps below show where the Show-Me ECHO participants come from. Grey counties indicate provider participation. In addition, all the nearly 400 cases discussed during sessions were patients of participants serving in health professions shortage areas.

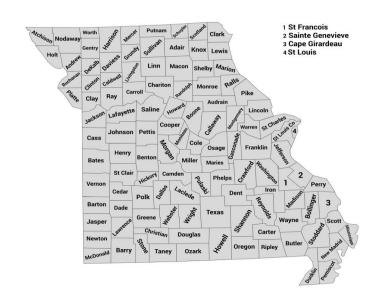

Calendar Year 2017 67 counties plus the City of St. Louis

Calendar Year 2021 114 counties plus the City of St. Louis

2. CORE DESCRIPTION

The Spinal Cord Injury (SCI) fund, Section 304.027, RSMo, supports research in Missouri in the area of spinal cord injuries and congenital or acquired disease processes. Congenital spinal cord abnormalities, such as spinal bifida, include birth defects affecting the spinal cord. In addition to traumatic injuries to the spinal cord that lead to paralysis, acquired abnormalities could include Friedreich's ataxia, which manifests itself in teenage years and appears to run in families, as well as paralysis due to multiple sclerosis, polio, etc. This funding is used for research awards, consistent with authorizing legis lation, to investigators affiliated with a public or private educational, health care, voluntary health association, or research institution.

HB Section(s):

3.210

Department of Higher Education and Workforce Development

Program Name: Spinal Cord Injury

Program is found in the following core budget(s): University of Missouri - Spinal Cord Injury

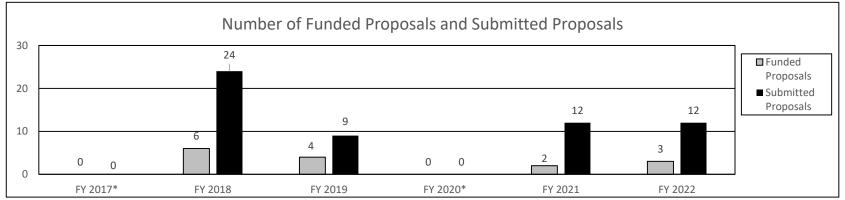

1a. What strategic priority does this program address?

Access and Success

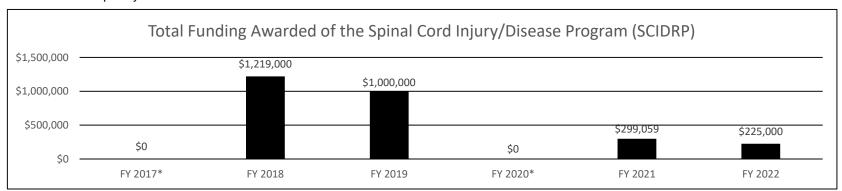

1b. What does this program do?

This program provides support for research projects in Missouri that promote and advance knowledge in the areas of spinal cord injuries and congenital or acquired disease processes.

2a. Provide an activity measure(s) for the program.

*Used funds for prior year awards

^{*}Used funds for prior year awards

The program has been very active in receiving and reviewing proposals, and then funding high-quality biomedical research.

| Department of Higher Education and Workforce Development | HB Section(s): 3.210 |
|---|----------------------|
| Program Name: Spinal Cord Injury | |
| Program is found in the following core budget(s): University of Missouri - Spin | al Cord Injury |

2b. Provide a measure(s) of the program's quality.

Each Spinal Cord Injury/Disease Program (SCIDRP) proposal is reviewed by external reviewers and the Director. All of the external reviewers for SCIDRP proposals are well-established, highly successful, and well-published (h-index greater than 20) expert neuroscientists in the areas of spinal cord injury and congenital or acquired disease processes of the spinal cord. In the current round of reviews, all of the external reviewers were from outside of Missouri. These individuals have served on NIH study sections, foundation review panels, and international grant review forums within the neuromuscular space. In addition to providing comments on SCIDRP proposals, reviewers numerically score the proposals based on several specific categories as well as overall (1=highest, 10 - lowest). Reviewers follow the NIH scoring guide and a template similar to the NIH format, thereby allowing applicants to have a familiar review format, but also constructive criticism for future NIH submissions. All funded proposals have had an overall score of 3.0 or higher (excellent-to-outstanding). The program operation is designed to identify and fund very high-quality biomedical research proposals.

2c. Provide a measure(s) of the program's impact.

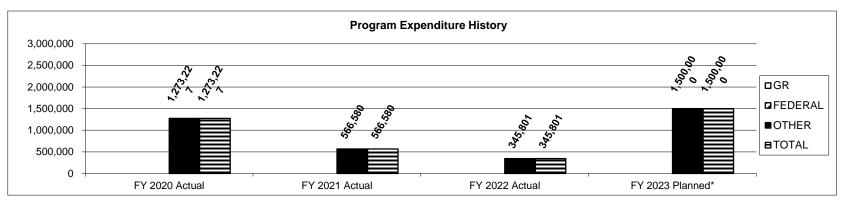

Many of the funded proposals have resulted in at least 1-2 publications. Several of the funded proposals have resulted in subsequent successful submissions of research grants to national or private funding agencies. Many of the rehabilitation-type proposals have resulted in improvements in the design or use of products (e.g. wheelchairs) for individuals with spinal cord-related disabilities.

2d. Provide a measure(s) of the program's efficiency.

The SCIDRP reviews proposals and makes funding decisions usually within 2 months of receipt. This turn around time is as good or better than those for National Institutes of Health (NIH), National Science Foundation (NSF), and most private biomedical funding agencies.

2. CORE DESCRIPTION

This is a request for core funding for the Missouri Kidney Program (MoKP). MoKP is a state funded program, administered by the University of Missouri School of Medicine, providing financial assistance to eligible Missourians who have kidney failure and are on dialysis, or have received a kidney transplant. The program supports education and research, partners with dialysis centers and transplant centers statewide, and has longstanding expertise in health insurance coverage for kidney disease, including MO HealthNet (Medicaid) and Medicare.

|-----|--|----------------------------------|
| Pro | gram Name: Missouri Kidney Program | <u></u> |
| Pro | gram is found in the following core budget(s): University of Mis | ssouri - Missouri Kidney Program |
| 1a. | What strategic priority does this program address? Affordability, Access, and Success | |
| 1b. | What does this program do? | |

The Missouri Kidney Program (MoKP) is a state funded program, administered by the University of Missouri School of Medicine, providing financial assistance with transportation to and from dialysis, medication assistance, and insurance premium assistance to eligible Missourians who have kidney failure and are on dialysis, or have received a kidney transplant. The program supports education and research, partners with dialysis centers and transplant centers statewide, and has longstanding expertise in health insurance coverage for kidney disease, including MO HealthNet (Medicaid) and Medicare. All participants must meet residency, citizenship, financial eligibility, and medical conditions requirements.

| Department of Higher Education and Workforce Development | HB Section(s): | 3.215 |
|---|---------------------------------|-------|
| Program Name: Missouri Kidney Program | | |
| Program is found in the following core budget(s): University of Mis | souri - Missouri Kidney Program | |
| | | |

2a. Provide an activity measure(s) for the program.

MoKP Participants Served

Measure: The program will continue to serve as many eligible Missourians as funding allows, contract with all willing licensed dialysis and transplant facilities, and maintain expertise in Medicare and insurance for kidney disease. The program relies on referrals from social workers at dialysis and transplant facilities to reach eligible patients, and thus to increase participation. The program does not market directly to patients. Social workers are made aware of the program's existence and assistance constantly through MoKP's listserv, education and training programs,

Number of Dialysis and Transplant Centers

contracted with MoKP FY 2023 FY 2024 FY 2020 FY 2021 FY 2022 FY 2020 FY 2021 FY 2022 **Projected Projected** 1.242 1.181 1.193 1,205 182 1.356 188 188

Stretch Targets:

- -Maximize appropriation by utilizing federal/other programs to increase the number of participants served by 1%.
- -Work with dialysis and transplant facilities that serve Missouri residents to continue informing renal social workers of both federal/state changes that could affect their patients and also to inform them of resources available to their patient population.
- -Collect and analyze more granular data when available with the help of expert partners, to better target our assistance to serve those most in need. Expert partners with whom MoKP will continue to work with are National Kidney Foundation, Missouri Hospital Association, QSource ESRD Network 12, MO HealthNet, Missouri Primary Care Association, MO Department of Health and Senior Services Organ Donor Program, and MU Show Me ECHO.

The decline in the number of participants served during FY 21 and 22 reflects the impact of the Covid pandemic. We saw unprecedented turnover in renal social workers in dialysis and transplant facilities throughout the state. The program requires patients who apply for MoKP to be referred by renal social workers. Covid restrictions also meant that social workers were working remotely, were distracted by Covid protocols, and were managing more hospitalizations and deaths. This meant that they were less likely to do the work required to make a referral to MoKP. We also lost participants due to death from Covid complications. We expect to see participant numbers begin to increase this year, as dialysis staffing stabilizes, and Covid hospitalizations and deaths decrease. Alarmingly, kidney damage/disease has emerged as the most common risk factor for serious Covid infection/hospitalization, and more than 30% of patients hospitalized with Covid 19 develop kidney injury and more than 50% of patients in the ICU with kidney injury may require dialysis.

| Department of Higher Education and Workforce Development | HB Section(s): 3.215 |
|---|-------------------------------|
| Program Name: Missouri Kidney Program | |
| Program is found in the following core budget(s): University of Misso | uri - Missouri Kidney Program |

2b. Provide a measure(s) of the program's quality.

Measure: The impact of MoKP services on targeted populations including rural, low income, minority, high-risk, elderly and those with resulting ESRD due to serious COVID 19 infection.

The Program has a continuous improvement approach utilizing surveys of program participants, regular communications with contracted dialysis and transplant facilities, and external partners in the kidney disease space.

The survey had a 25% response rate with results including the following:

- -The program enables patients to be more compliant with their medications. Dialysis and transplant patients have very complicated medication regimens.
- -Patients on MoKP are more likely to get to their dialysis appointments regularly and maintain their weekly schedule for dialysis. Dialysis is the only treatment for End-Stage Renal Disease (ESRD), besides transplant.

Stretch targets:

- -Increase partnerships with national and regional kidney organizations in order to elevate the program's quality, reach and expertise.
- -Improve program design and procedures based on feedback from participants and facilities.

2c. Provide a measure(s) of the program's impact.

<u>Measure:</u> The impact of MoKP services on targeted populations –populations we serve include: rural, low income, minority, high-risk, and elderly Missourians.

Kidney disease is a leading cause of death among chronic diseases and the 9th leading cause of death overall for Missourians according to MODHSS Public Health Surveillance System. Similar to national trends, the prevalence of diabetes, untreated or poorly treated hypertension, and obesity are increasing in Missouri. Kidney disease is a disease of disparities, disproportionately affecting more Black and Hispanic Missourians. COVID 19 research shows that Chronic Kidney Disease (CKD) is the most prevalent risk factor for severe COVID 19. Kidney disease accounts for 4 of the 9 risk factors associated with the highest rates of death from COVID 19.

Rural - currently, 17% of the program's participants live in rural counties.

Minority - currently, 55% of the program's participants are African American.

Aging - currently, the majority of our program participants are between the ages of 49-80.

High risk - All participants must have ESRD to qualify.

Low income - All participants must have limited income.

<u>Stretch Target</u>: The Program will continue to offer in-kind support the Kidney Disease ECHO, entering it's 4th year offering a team of experts from around the state to advance the skills and educate on best practices for primary care providers treating CKD. Most participants in this ECHO are from rural primary care practices.

The program is continuing its partnership with the national office of the National Kidney Foundation to effect change in the way primary care diagnoses and treats early-stage CKD. We co-hosted a statewide convening attended by over 130 individual experts from over 70 organizations. The Program and

HB Section(s): 3.215

Program Name: Missouri Kidney Program

Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program

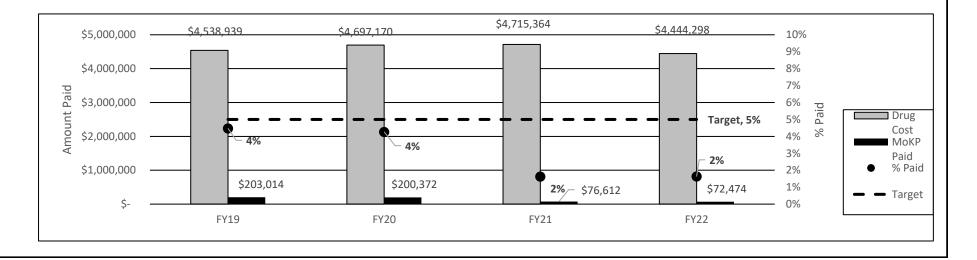

2d. Provide a measure(s) of the program's efficiency.

Measure: Offer/deliver efficient, cost-effective pharmacy services to MoKP participants through a centralized drug program contract.

MoKP's single largest assistance program is the Centralized Drug Program which provides pharmacy services, including mail order covered drugs to MoKP participants statewide. The contracted pharmacy is required to bill Medicare Parts B, D, Mo HealthNet (Medicaid), MoRX, and Commercial insurance as available for each program participant before billing MoKP.

Base Target: 5% or less of the actual drug costs paid by the program. Cost paid by the program was below the base target set as presented in chart below.

<u>Stretch Target</u>: Given the rising costs of pharmaceuticals, continue to stay below 5% of the actual drug costs paid by the program for participants enrolled in the Centralized Drug Program.

| Program Name: Missouri Kidney Program | _ | | |
| Program is found in the following core budget(s): University of Missouri - Missouri Kidne | y Program | | |

2d. Provide a measure(s) of the program's efficiency (continued).

Measure: The number of MoKP participants for whom we maximize coverage under Medicare Savings Programs (QMB and SLMB) and Low-Income Subsidy (LIS).

The Qualified Medicare Beneficiary (QMB) is a Medicare Savings Program that pays for the Medicare Part A (hospital insurance) premium, the Medicare Part B (medical insurance) premium, and the Part B deductible. The program also pays Medicare cost-sharing expenses such as coinsurance and copayments (typically 20% of the approved amount). Part B also covers immunosuppressant medications required following a kidney transplant. The average cost savings for a hemodialysis patient is \$21,088 when enrolled in the QMB program. By ensuring eligible participants are enrolled in QMB, it shifts the burden off Medicaid and MoKP.

The Specified Low-Income Medicare Beneficiary (SLMB) Program helps pay for Medicare Part B premiums. The average cost savings per person is \$2,041/year.

Low Income Subsidy (LIS) provides full or partial waivers for many out-of-pocket cost-sharing including premiums, deductibles, and co-payments and provides full or partial coverage during the coverage gap for Medicare Part D plans. ** Immunosuppressant medications are covered under

MoKP Participants on QMB/SLMB Programs

FY 2022 331

QMB 331 SLMB 212

Stretch target:

We will continue to coordinate with our program dedicated MODSS eligibility specialist on all MO HealthNet cases.

2. CORE DESCRIPTION

The State Historical Society of Missouri is a trustee of the state, supported by state funds, and is directed by statute to collect, preserve, make accessible, and publish materials pertaining to the history of the state and the Middle West. The artifacts and collections recognize the importance of Missouri as the gateway to the west. This request is for a core appropriation of \$3,781,128 from general revenue.

The FY 2023 one-time appropriation of \$120,000 has been removed from this FY 2024 budget request.

1a. What strategic priority does this program address?

Communication

1b. What does this program do?

The State Historical Society of Missouri is the premier research center for the study of Missouri state and local history. The Society preserves Missouri history by collecting art, manuscripts, newspapers, photographs, and oral history collections. Public access to the collections is through research centers in Columbia, Kansas City, St. Louis, Rolla, Springfield, and Cape Girardeau located on the University of Missouri, Missouri State University, and Southeast Missouri State University campuses. Patrons include students from elementary school through graduate school, historians, genealogists, government staff, and members of the public.

The Society promotes Missouri history by publishing Missouri history and research through a scholarly journal, the Missouri Historical Review, a membership magazine, books, websites, and social media. The Society is the sponsor for National History Day in Missouri educating Missouri students in grades 6-12 to research historical topics. The Society also provides public programming to promote Missouri history through art exhibitions, workshops, tours, and lectures.

| The State Historical Society of Missouri (SHSMO) is the premier research center for the study of Missouri state and local history. Founded in May 1898 by the Missouri Press Association and established as a trustee of the state a year later, SHSMO collects, preserves, and publishes materials that enhance research and support learning opportunities in the study of the history of Missouri and the Midwest. The SHSMO receives a general revenue core appropriation to support its operations. The University of Missouri is an agent for the Society. Because SHSMO funding derives almost entirely from state general revenue, appropriation increases must be requested to cover any cost of living increases. SHSMO is requesting a 9 percent cost of living increase. Note: State Historical Society employees are not considered state employees, therefore they do not receive any additional increases in salary and benefits | | | | | | | | | | |

2. CORE DESCRIPTION

The State Seminary Fund is authorized by Section 172.610, RSMo, and was created for the support of the University of Missouri's College of Agriculture and the School of Mines and Metallurgy. The State Treasurer is empowered to collect the interest on bonds when due, credit the Seminary Fund, and pay the Board of Curators the annual income received in the Seminary Fund upon requisition by the Board of Curators. This request is for \$275,000 in earnings from principal held in the Seminary Fund Investment Income. The \$3,000,000 in principal in Government Securities that were being held in the Seminary Fund Investments were removed due to changes in investment strategies as this fund is managed by the State Treasurer's Office and is no longer needed; therefore, was removed from the FY 2022 budget.

| Federal | 0 | 0 | 0 | N/A |
| Other | 217,604 | 264,088 | 267,767 | N/A |

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

Note: The University of Missouri has to invest in government securities. With the current market conditions, the earnings generated in a single year are small.

| Program Name: Division of Four-year Colleges and Universities | _ | |
| Program is found in the following core budget(s): University of Missouri - State Seminary Fund | | |

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: Interest earned on securities was significantly lower than prior fiscal years due to current market conditions

The expenditures in the graph above represent interest from investments made by the University. The interest is used to fund operations at the University of Missouri - Columbia (MU) and Missouri University of Science and Technology (S&T) and to fund some scholarships.

4. What are the sources of the "Other " funds?

State Seminary Fund (0872); State Money Fund (0623)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 172.610, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No
