SECRETARY OF STATE'S OFFICE

The major divisions within the Secretary of State's office are: Administrative Rules, Business Services, Elections, Fiscal and Facilities, Human Resources, Information Technology, Records Services, Securities, and State Library.

The Administrative Rules Division publishes proposed rules and emergency rules in the *Missouri Register*. An agency may file an emergency rule if the agency finds an immediate danger to the public health, safety or welfare requiring emergency action or if the emergency rule is necessary to preserve a compelling governmental interest that requires an early effective date. The Division also publishes final rules monthly in the *Code of State Regulations*.

The Business Services Division is comprised of four units: Notaries and Commissions, Corporations, Uniform Commercial Code (UCC) and Safe at Home. The Commissions unit commissions notaries public and certifies notaries for foreign documents, elected officials and the State Registrar of Vital Records. It also authenticates acts of the Governor and maintains bonds and oaths of office for state officials. The Corporations unit is responsible for registration of Missouri and out-of-state businesses doing business in the state, including for profit and nonprofit corporations and specialized businesses. The UCC unit perfects personal property liens and other creditor interests under the UCC. The division also registers trademarks and service marks and keeps a registry of all marks. The division oversees the Safe at Home address confidentiality program, which helps protect survivors of sexual assault, rape, stalking, human trafficking, domestic violence or other crimes by providing a substitute mailing address to use on new records they create with government agencies and the courts.

The Elections Division oversees all statewide elections, for both candidates and issues, which are run at the local level by Missouri's 116 local election authorities (county clerks or election boards). Missouri has more than four million registered voters, and in the 2020 November general election, over 3 million voters went to the polls. Candidates for the six constitutional state offices, U.S. Congress, the General Assembly, and circuit judges not covered by the non-partisan court plan, file for election with the Secretary of State. The Secretary of State also certifies statewide ballot measures that are proposed by the General Assembly or through the referendum or the initiative petition process. It is the responsibility of the office to canvass, certify and publish election results.

The Fiscal and Facilities Division provides fiscal, budget, procurement, facilities management support, and general office services to the Secretary of State's office.

The Human Resources Division provides human resource services and personnel needs to the Secretary of State's office.

The Information Technology Services Division is responsible for developing, maintaining, and monitoring the information systems within the Secretary of State's office to ensure information is functional, accessible, and secured for use by the Secretary of State's office, other state departments, counties and the general public. The division is continually implementing cybersecurity measures to maintain and advance overall information security within the Office.

The Records Services Division has three sections: Missouri State Archives, Local Records and Records Management. It is responsible for managing both current and historical records of the state to ensure those records are accessible to Missouri citizens. It is also responsible for assisting local governments in records preservation and management. The Records Services Division, in conjunction with the Missouri State Library, oversees MissouriDigitalHeritage.com, a statewide program to expand historical information accessible on the Internet.

The Securities Division is responsible for protecting Missouri investors from fraud and for ensuring that firms and individuals that sell securities comply with the securities laws in the state. The division enforces the Missouri Securities Act of 2003. The division is organized into three sections: investor education, enforcement, and registration. The Securities Division also oversees the Missouri Investor Protection Center, which creates and promotes investor education initiatives designed to educate and assist both current and future investors.

The Missouri State Library provides library and reference services to Missouri state government, provides library services to the blind and physically disabled, and promotes the development and improvement of library services for citizens throughout the state. The Library Development section supports libraries through consulting, administration of grant programs, continuing education and statewide programs to improve the quality of library service for all Missouri citizens. The Reference Services section delivers library services, including access to research databases, to meet the needs of state government. Wolfner Talking Book and Braille Library serves as the public library for Missourians unable to use standard print because of a visual or physical disability.

Program Name Administrative Services

Program is found in the following core budget(s): Operating Core

2d. Provide a measure(s) of the program's efficiency.

The process of ordering and distributing office supplies is centralized in the storeroom. This has not only saved money, but has made it much more efficient for the divisions. This increased the use of these cars, while decreasing mileage paid to employees.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Financial and Procurement authority is derived from Chapter 33 and 34, revised statutes, and the agreements entered into between this office and the Office of Administration.

6. Are there federal matching requirements? If yes, please explain.

1a. What strategic priority does this program address?

The Missouri State Archives is the official repository for state records of permanent and historical value. The Records Management and Local Records Divisions assist government agencies in meeting these preservation and access goals.

1b. What does this program do?

The Records and Archives Division is comprised of the following three divisions:

Archives: The Missouri State Archives is the official repository for Missouri's records of permanent historical value. Among its holdings are land records from Missouri's colonial, territorial and early statehood periods; the state constitutions; the Journals of the Missouri House and Senate; Supreme Court of Missouri case files; State Appeals Court case files; Circuit and Probate Court case files; and records for Missouri counties. The Missouri State Archives identifies, collects, preserves and makes available to government officials, historians, students, family historians and other researchers the historically significant records of Missouri.

Records Management: Records Management directs the efficient and effective management of the official records of state government agencies by: establishing standards, procedures, and techniques for the management of records; developing schedules for the retention of records of continuing value; prompt and orderly destruction of records no longer possessing sufficient value to warrant future retention; and operating the State Records Center to provide secure cost-effective storage of paper records during retention. The program also evaluates the cost efficiency of microfilm and electronic records technologies and provides imaging, microfilming and microfilm storage services to state and local agencies.

Local Records: Through consultations, inventories, records processing projects and a competitive grant program, Local Records works with public officials to preserve the permanent and historically significant records of their offices. In addition, the program provides professional guidance on managing current records; everything from proper housing and storage of records to final disposition through the implementation of Local Records generated retention schedules.

Library staff give consistently high ratings to training provided, whether in person or online.

The independent evaluators of Missouri's Library Services and Technology Act (LSTA) FY2013-2017 found that "training efforts are closely tied to needs and to specific initiatives. This fact, in turn, helps to ensure the success of the State's substantial sub-grant activity. The evaluators also find ample evidence that suggests that participants in training have internalized what they have learned and that they are using it on an ongoing basis."

Library Development

The independent evaluator of Missouri's Library Services and Technology ACT (LSTA) FY2013-2017 Plan stated: "In the opinion of the evaluators, the Missouri State Library has, using the measure of leveraging a small amount of money to accomplish major results by strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its five-year LSTA Plan for 2013 – 2017. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

6. Are there federal matching requirements? If yes, please explain.

Expenditures made from this appropriation are used to meet the 34% match required on the grants received from the Institute of Museum and Library Services (IMLS).

PROGRAM DESCRIPTION

HB Section(s): 12.055

Program Name Wolfner Library

Program is found in the following core budget(s): Operating Core

1a. What strategic priority does this program address?

The mission of Wolfner Talking Book and Braille Library is to provide informational and recreational materials in audio, braille and large print formats free of charge to Missourians who are unable to use standard print materials due to blindness, visual or physical impairment, or a reading disability. Wolfner Library also provides disability-related information to the public.

1b. What does this program do?

The Wolfner Talking Book and Braille Library is a free library service available to anyone in the State of Missouri certified by a qualifying authority as described in the application as unable to read standard print materials due to a visual, physical or organic disability. The library collection consists of more than 300,000 items in different formats: digital audio cartridges, braille, print/braille large print, games, and magazines. Wolfner Library staff also facilitate patron downloading of digital books from BARD (Braille and Audio Reading Download), a national repository of talking books for eligible citizens. The Library also provides the necessary digital players for using the recorded materials. Book, magazines, and machines are mailed via USPS to and from library patrons at no charge to the user. Currently, over 8,000 print disabled Missourians are registered to use Wolfner Library services. This represents about 10% of those eligible for services. The goal is to increase that to 15% through an energized outreach program. The Wolfner Recording Studio produces recorded books with Missouri connections (author, theme, location) and makes them available for circulation or for download on BARD, making the Wolfner collection available to patrons nationwide. Recording is done by volunteers; the actual audio processing is done by Wolfner staff. Wolfner has recorded over 1,000 titles. Wolfner offers many programs for patrons to participate in. Those programs include summer reading for youth and adults, an adult winter reading challenge, book clubs, and webinars to introduce statewide services. Wolfner also offers book club kits, STEM kits, and early literacy kits for use with groups of patrons.

2. CORE DESCRIPTION

Article XII Section 2(b) and Section 116.260, RSMo. require the Office of the Secretary of State to publish in local newspapers the full text of each statewide ballot measure to be voted on at an election. The expenditure of this requirement is dependent upon how many measures are placed on the ballot by initiative petition or by a joint resolution passed by the General Assembly as well as the overall length of the proposal. This is an odd year and we will not print any ballot measures during this budget year.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.080

Program Name Elections Public Notice

Program is found in the following core budget(s): Elections

1a. What strategic priority does this program address?

This program provides a mechanism by which Missouri voters can make informed decisions on proposed ballot initiatives and amendments. By publishing the full-text of the proposed ballot measures, voters can read, in its entirety, the proposed changes or additions, and thus make a decision based on a full understanding of the issue, not merely on an abbreviated synopsis or sound bites.

1b. What does this program do?

This requirement provides for the publication in local newspapers of the full text of statewide ballot measures as required by the Missouri Constitution and Missouri law. The expenditure of this requirement is dependent upon how many measures are placed on the ballot by initiative petition or by a joint resolution passed by the General Assembly.

2a. Provide an activity measure(s) for the program.

Through this program, the full text of statewide ballot measures are printed in newspapers across Missouri.

2b. Provide a measure(s) of the program's quality.

2c. Provide a measure(s) of the program's impact.

Based on circulation numbers, millions of Missourians are serviced by the newspapers in which the full text of statewide ballot measures are printed. Therefore, millions of potential voters are provided an opportunity to review the full text of proposed issues before voting on those measures.

2. CORE DESCRIPTION

115.285, RSMo. requires mailing envelopes used for returning ballots to local election authorities (LEAs) to incorporate a business reply permit so that no ballot, returned by mail, requires postage. Moreover, Missouri law requires that all fees and costs for establishing and maintaining the business reply permit be covered by the Secretary of State. This core is to allow the Elections Division to pay LEAs for using business reply permits on absentee envelopes returned by voters in accordance with Missouri law.

In Calendar Year 2016, 417,096 absentee ballots were cast.
In Calendar Year 2018, 296,251 absentee ballots were cast.
In Calendar Year 2020, 1,181,592 absentee and mail in ballots were cast.

2b. Provide a measure(s) of the program's quality.

The quality measure of this program is to allow a voter to return their absentee ballot without personally incurring the cost of postage.

2c. Provide a measure(s) of the program's impact.

Missouri law provides for a six (6) week period during which voters who will be unable to vote in-person on Election Day can do so utilizing the absentee ballot process. During the last six general election cycles, 2,477,559 absentee ballots were cast. Through this program, voters returning their absentee ballots via the mail are not required to cover the costs of postage. 2. CORE DESCRIPTION									
This federal program provides funds to states to improve the administration of elections. This includes improving access to the elections process to those with disabilities, maintaining a statewide voter registration database with access by all local election authorities, and creating voter education and poll worker training programs. Federal funds have been received through guidelines of the United States Elections Assistance Commission (EAC) and interest has accrued. Prior to FY20, a transfer from the Elections Subsidy Fund was made annually that provided for federally required matching for maintenance requirements and supported other Help America Vote Act activities. Beginning in FY20, the annual transfer now comes directly from General Revenue and all special elections, as well as federally required matching for maintenance requirements, will be paid from this appropriation.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.090

Program Name Federal Election Reform (Elections Administration Improvement Fund)

Program is found in the following core budget(s): Elections

1a. What strategic priority does this program address?

Election efficiency and security

1b. What does this program do?

The Help America Vote Act of 2002 (HAVA) along with the 2018 HAVA Election Security Grants provided federal funds to states to improve the administration of elections, with the most recent grants having an emphasis on election cybersecurity. The grants also included funding for upgrading equipment, improving access to the elections process for those with disabilities, updating a statewide voter registration database with access by all local election authorities (LEAs), election improvements, and creating voter education and poll worker training programs.

With the passage of SB592 in 2018, all special election costs will now be paid from this appropriation.

2a. Provide an activity measure(s) for the program.

A statewide voter registration database accessible to all election authorities was implemented and ongoing maintenance and enhancements are being made to better serve the needs of the LEAs; poll workers, including election judges, are receiving ongoing training to comply with HAVA regulations as well as changes in Missouri election laws; LEAs have been offered poll worker training; information on voter registration and polling place look up have been made available on the SOS website; complaint procedures have been implemented; initiative and referendum petitions submitted have been timely processed; \$3 million has been made available in the past three fiscal years for voter list maintenance activities.

2b. Provide a measure(s) of the program's quality.

The Secretary of State must comply with HAVA and state election laws to provide for the distribution and monitoring of federal funds, voter education, poll worker training, voting system qualification, maintenance of a statewide voter registration database, and other election related activities.

2c. Provide a measure(s) of the program's impact.

This program continues to assist 116 LEAs and over 4 million registered voters in the State of Missouri to continue to provide the resources to conduct elections.

2. CORE DESCRIPTION

Local Records Grants facilitate more secure storage of, and faster access to, records produced by local government entities (political subdivisions with taxing authority) to meet the information needs of public officials, private citizens, and general public interest. Public records security and access insures the preservation of public information of permanent intrinsic or historic value, and facilitates information access as required by state statutes, for both the record provider and the information seeker. Grant funds are available by means of dedicated user fees collected by county recorders of deeds. This fund provides financial resources beyond those of the awarded local entity to effectively maintain, manage, and preserve public records through sound records management policies and practices, archival preservation of long-term or historically significant records, as well as appropriate storage and access supplies.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.105

Program Name Records and Archives

Program is found in the following core budget(s): Local Records Grants

1a. What strategic priority does this program address?

Local Records Grants promote good records management practices and encourage local governments to actively address their recordkeeping.

1b. What does this program do?

Local Records Grants provide financial assistance and implementation guidance to local governments and political subdivisions with taxing authority for approved records management and/or preservation projects.

2a. Provide an activity measure(s) for the program.

The Local Records Grant Program has funded 1,126 grants. These include 469 grants to counties, 353 grants to cities, 279 grants to school districts, and an additional 26 grants were awarded to fire districts, water districts and other local government agencies. This total includes ongoing emergency grants made to Carter County to recover/stabilize and image records immersed in the courthouse flood of April 2017.

2b. Provide a measure(s) of the program's quality.

See 2a and 2c

2c. Provide a measure(s) of the program's impact.

The grant program provides funding, primarily, for reformatting records and improved storage. Through the program local government records are imaged and storage microfilm is created for preservation in the Records and Archives Division microfilm vault. This is a best practice for preservation and disaster preparedness. Through FY22, 22,839 rolls of microfilm have been produced through the grant program. These rolls contain approximately 33.1 million pages of local government records.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.110

Program Name Records and Archives

Program is found in the following core budget(s): Document Preservation

1a. What strategic priority does this program address?

The Document Preservation Fund was created in 1996 to allow the Missouri State Archives to accept donations for the specific purpose of preserving and making available to the public documents of importance to the State of Missouri.

1b. What does this program do?

The State Document Preservation Fund consists of all moneys received by the Missouri State Archives from gifts, bequests, or contributions for the specific purpose of preserving legal, historical, and genealogical materials and making them available to the public. The Document Preservation Fund allows the Archives to seek assistance from the private sector to help save state government documents, which might otherwise be lost, destroyed, or inaccessible to the public. Various projects include grant administration, work on Missouri State Archives-St. Louis projects and other special projects that make records available to the public as described in RSMo 109.005.

2a. Provide an activity measure(s) for the program.

During FY08 and FY09, funds from the Document Preservation Fund were spent making death certificates more accessible online. The effectiveness of this expenditure can be seen in the decline in physical death certificate requests from 15,455 in 2006 to almost none from 2009 to the present. More recent preservation and access projects include records for the Missouri Supreme Court, Union Veterans Home, and early Land Sales. In FY17, the photographic prints of Missouri's first state photographer, Gerald R. Massie (1911-1989), were digitized with funds from the document preservation fund for easier access.

2b. Provide a measure(s) of the program's quality.

See 2a and 2c.

2c. Provide a measure(s) of the program's impact.

In FY21, the Missouri State Archives website received 14,344,834 searches.

2. CORE DESCRIPTION

Under the Missouri Constitution and state statutes, the General Assembly appropriates funds to support public libraries. State aid is appropriated to libraries that have a minimum voted tax or local government support equal to \$.10 per \$100 of assessed valuation. Libraries use these funds to improve information access and develop stronger library services for Missouri citizens. Funds are distributed to public libraries on a per capita basis and to libraries in high poverty/low assessed valuation counties for equalization aid, and to other public libraries for purposes compliant with RSMo 181.060.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.115

Program Name State Aid for Public Libraries

Program is found in the following core budget(s): State Aid for Public Libraries

1a. What strategic priority does this program address?

State Aid for Public Libraries makes a vital contribution to improving public library services for Missourians. The program provides funds to public libraries that meet the requirements specified in the Missouri Constitution, Article IX, Section 10 and in RSMo 181.060. Public libraries having a minimum voted tax of local government support equal to ten cents per \$100 of assessed valuation are eligible to receive funds from this program. The average tax rate is set at \$.2066.

1b. What does this program do?

While public libraries in Missouri are funded primarily through property taxes, this program provides funds that help bridge local variations in funding due to differences in local property valuations and voted tax rates. In large cities and small towns alike, libraries serve as community anchors and provide baseline access to government services, economic opportunity, and support for students. In many communities, public libraries provide the only no cost high speed internet access, heavily used by people seeking jobs, filling out application forms, researching business opportunities, participating in online classes, or filing their taxes. For children, public libraries support early learning and education through storytimes, summer reading programs, and help with homework. State aid funds are used for computer technology or other equipment, Internet connectivity, print and digital resources, and library staff.

State aid applications are submitted annually for review and certification by the State Librarian. Once approved, local library boards of trustees decide how to allocate these funds according to the highest local needs and priorities. The Secretary of State and the State Library provide service guidelines through the Missouri Public Library Standards. These Standards provide benchmarks for per capita income, hours of service, amount of funds to be budgeted for library collections, and guidelines for determining current and future community technology needs. Many libraries in Missouri currently struggle to meet the Missouri Public Library Standards. State aid funding provides modest support for libraries moving to meet the benchmarks.

2a. Provide an activity measure(s) for the program.

Population Served:

	2022
Eligible library districts	159
Population	5,460,313

2b. Provide a measure(s) of the program's quality.

Individual libraries survey their users on satisfaction with services provided. In addition, program attendance and check out statistics are collected.

2c. Provide a measure(s) of the program's impact.

Most Missourians recognize the value of library service, and have a library card:

	2022
Number of Missourians with a library card, from statistical report	3,289,435
Percent of population of library districts	58.48%
Total materials borrowed from libraries	39,986,878

PROGRAM DESCRIPTION

Department: Secretary of State

HB Section(s): 12.120

Program Name: Remote Electronic Access for Libraries Program (REAL)

Program is found in the following core budget(s): REAL Program

1a. What strategic priority does this program address?

To provide Missourians with expanded services for learning and equity of access to quality library resources, services and technology to support individuals' needs for education, lifelong learning, and digital literacy skills.

1b. What does this program do?

The REAL Program provides internet access, network security, training, technical support, and peripheral services for public libraries, as well as licensing of shared electronic reference resources available to Missouri's participating public libraries, K-12 schools, higher education institutions and state agencies.

Public libraries serve as the sole source of high speed internet access for many Missourians, especially in our rural communities. In order for Missourians to compete in an online environment for jobs and business revenue, they need a basic level of computer skills and access to internet resources. Using local library's high speed internet access, patrons access government forms, apply for jobs and receive essential online training courses. As schools continue to increase their use of electronic resources in their curricula, public libraries often provide the only means for students to complete research and online assignments outside school hours, particularly for those who have no Internet-enabled device or lack reliable or affordable Internet access at home.

Beginning in March 2020 and continuing throughout the pandemic, public libraries have served an even more essential role, enabling access to wi-fi network connectivity outside their buildings (into the parking lot), providing hot spot/mi-fi device checkout to enable Internet connectivity in homes and other remote locations and wi-fi enabled devices for patron and community use, all in support of the immediate and ongoing shift to remote learning, working and health care.

To meet the ongoing demand for Internet access to serve their local communities, the three-year average bandwidth growth across all REAL Program participating library connections is nearly 24%. The American Library Association (ALA) currently recommends connections of 100 megabits per second (Mbps) for libraries serving populations of 50,000 or less and 1 gigabit per second (Gbps) for libraries serving populations larger than 50,000. Today, thirteen REAL participating library connections meets the ALA recommendations for 100 Mbps for a population of 50,000 or less.

The REAL Program appropriation includes funding for several types of database services including a general periodicals database, downloadable ebooks, K-12 research resources, genealogical and historical sources, as well as resources for health, business, and other popular research topics. These services are heavily used by all types of libraries and are also available to state agencies. Without this program, individually most public libraries and schools would be unable to afford access to electronic information resources. Those that are able to afford access would individually pay a considerably higher per capita cost for these resources, thus wasting scarce taxpayer dollars. For example, the fiscal year 2020 cost for one such statewide product license is \$667,182. If instead of a statewide license, every participating K-12 school, public library and higher education institution had to acquire its own individual license, the total combined cost to taxpayers would exceed an estimated \$10 million.

The Missouri Research and Education Network (MOREnet) offers essential technical services and maintains a high-capacity, high speed statewide telecommunications network in the State of Missouri. The Remote Electronic Access for Libraries (REAL) Program is one of the contractual programs for MOREnet.

PROGRAM DESCRIPTION

Department: Secretary of State

HB Section(s): 12.120

Program Name: Remote Electronic Access for Libraries Program (REAL)

Program is found in the following core budget(s): REAL Program

2a. Provide an activity measure(s) for the program.

	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022 FY 2020	Projected FY 2023
Number of libraries participating	121	122	121	121	135	137
Total eligible	151	148	150	149	148	149
Percent of eligible library districts	80.1%	82.4%	80.7%	81.2%	91.2%	91.9%

2b. Provide a measure(s) of the program's quality.

Participants contacting MOREnet's support team for assistance receive an electronic satisfaction survey following the resolution of their issue(s). This survey asks the participant to rate performance in six areas: Timeliness of Initial Response, Subject Matter Knowledge, Effectiveness of Solution, Time to Resolution, Frequency and Clarity of Staff Communication, and Customer Service. The data shown below is averaged across all public library participants, types of assistance and areas of performance. Since FY14, 97% of respondents report they are satisfied with the service received from the help desk.

	FY 2019	FY 2020	FY 2021	FY 2022	Projected FY 2023
Percent of users satisfied with MOREnet service	96.1%	98.5%	95.0%	97.0%	98.0%

2c. Provide a measure(s) of the program's impact.

Electronic Resource Usage

The electronic resources provided by the REAL Program provide important reference information to residents throughout the state. Not only are these services heavily used by public libraries and the people they serve, these resources are essential to K-12 and higher education libraries and classrooms and the students they serve. Without these shared resources, most public libraries and schools will not be able to afford access to electronic information resources, and the few able to afford to pay for individual access would pay more in total.

Electronic Resources Usage

2d. Provide a measure(s) of the program's efficiency.

Demand Growth and Cost Efficiency: Capacity and Cost per Megabit (Mbps)

The demand for internet connectivity at public libraries continues to grow. Additional workstations, wireless devices, and greater use of electronic resources and communications by library patrons and staff continue to push demands for capacity higher and higher. By leveraging collective purchasing power, per Mb costs are lower than if each library district were to negotiate individually. In addition, the continual pursuit of additional connectivity savings has allowed REAL to meet the ongoing demand for increased bandwidth capacity with existing resources.

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.125

Program Name Federal Aid for Public Libraries

Program is found in the following core budget(s): Federal Aid for Public Libraries

1a. What strategic priority does this program address?

The purpose of the Library Services and Technology Act Fund (LSTA) is to promote literacy, education and lifelong learning and to enhance and expand the services and resources provided by libraries, including those services and resources relating to workforce development, 21st century skills and digital literacy skills.

1b. What does this program do?

The Missouri State Library is the State Library Administrative Agency for LSTA funds awarded annually to Missouri. Based on needs identified by Missouri libraries and a formal evaluation of the 2018-2022 State Five Year Plan, approved by the Institute of Museum and Library Services (IMLS), the federal agency which administers the LSTA funds, the Missouri State Library developed a Five Year Plan for 2023-2027. As required, the Plan was reviewed and approved by IMLS.

To implement the 2023-2027 Five Year Plan, the Missouri State Library developed programs to:

1. Build and sustain information resources
2. Target library and information services
3. Strengthen the library workforce

2a. Provide an activity measure(s) for the program.

Number and grant award amounts to local libraries:

	FY2019	FY2020	FY2021	FY2022
Local Library Project Grants	188	194	220	197
Amount Awarded	\$1,521,036	\$1,907,719	\$1,961,450	\$2,738,316

Early literacy initiatives:

	FY2019	FY2020	FY2021	FY2022
Participating public libraries	119	125	125	126
Library Service Population	5,127,976	5,237,260	5,248,113	5,537,323

2b. Provide a measure(s) of the program's quality.

Library staff consistently give high ratings to training provided. Survey results from the annual continuing education survey show that CE training events are perceived by most participants as being an effective tool for increasing understanding of new library practices and procedures. Furthermore, most participants report sharing information with other staff and applying what they have learned to programming and services.**During the pandemic, libraries more than ever, took advantage of the Missouri State Library's webinars and other online training opportunities because many libraries were closed to the public and staff had additional time and motivation for continuing education opportunities.

Attendance	2,932	69,270	25,371	18,422

2c. Provide a measure(s) of the program's impact.

The Missouri State Library has continued to be responsive to libraries needs as the return to more normal post-pandemic operations. While LSTA grants still are focused heavily on early literacy/summer reading program and technology, some libraries have incorporated some of their COVID-related services to be come "normal" library offerings, such as checking out of wifi hotspots and making self-checkout machines available. The Missouri State Library will continue to monitor trends and needs and offer grant opportunities to meet this needs, when possible.

2d. Provide a measure(s) of the program's efficiency.

The independent evaluator of Missouri's LSTA 5 year Plan stated: "In the opinion of the evaluators, the Missouri State Library has, using the measure of leveraging a small amount of money to accomplish major results by strategically deploying funds, accomplished a great deal by very methodically and effectively carrying out the specific goals contained in its five-year LSTA Plan for 2018-2022. In the evaluators' considerable experience, few, if any, states have been as diligent in the implementation of their five-year plans. Furthermore, having worked with several dozen states on LSTA evaluations over the course of more than a decade, in our opinion, Missouri is exemplary in its management of a large and complex sub-grant program. The Missouri State Library has done what it said it would do in its five-year Plan and the state library agency's tracking of the outcome targets contained in the Plan is second to none."

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.135

Program Name Library Networking Fund Transfer

Program is found in the following core budget(s): Library Networking Fund Transfer

1a. What strategic priority does this program address?

This program provides funds to Missouri public libraries and is to be used to purchase materials for the library collections. The materials purchased can be for adult, teens and children and can be in print, audio, visual or electronic format.

1b. What does this program do?

State statute (143.183 RSMo) requires the transfer of ten percent of the estimated revenues generated by the income tax on out-of-state athletes and entertainers to the Library Networking Fund for distribution to public libraries for purchase of library materials, adding to the funding used to meet Missourians' need for accurate and reliable information from libraries. In addition to this transfer, monies received from gifts, contributions, grants or bequests from federal, private or other sources may also be deposited to the Library Networking Fund (RSMo182.812) and used according to the purposes of the gift or grant. Special reporting categories are put in place to track all expenditures. Interest accrued to the Library Networking Fund may also be spent for the purposes of the fund.

2a. Provide an activity measure(s) for the program.

Libraries Served:

	2022
Eligible library districts	160
Population	5,624,642

2b. Provide a measure(s) of the program's quality.

Individual libraries survey their users on satisfaction with services provided.

2c. Provide a measure(s) of the program's impact.

Materials circulated:

	2022
Total materials circulated, per statistical report	39,986,878
Materials circulated per person	7.10

Department Secretary of State

HB Section(s): 12.135

Program Name Library Networking Fund Transfer

Program is found in the following core budget(s): Library Networking Fund Transfer

2d. Provide a measure(s) of the program's efficiency.

Research studies show that children and teens who read over the summer months suffer less learning loss. These funds allow libraries to boost the availability of appealing reading materials for youth.

Electronic books (eBooks) have helped libraries increase their circulation totals. Increasing the number of e-titles a library has helps it serve their entire community and reach new library users.

Students and adults find accurate, reliable information in their local libraries. Information in rapidly changing fields such as health and consumer information is accessed to make informed decisions, search for jobs, plan career changes, and inform themselves as citizens.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

PROGRAM DESCRIPTION

Department Secretary of State

HB Section(s): 12.130

Program Name Library Networking Fund

Program is found in the following core budget(s): Library Networking Fund

1a. What strategic priority does this program address?

This program provides funds to Missouri public libraries for materials in any format to meet citizens' needs.

1b. What does this program do?

In fields where information changes rapidly, such as health, sciences, business, and consumer information, new items must be purchased regularly to avoid incorrect and sometimes harmful information. Families need interesting, well-written, attractive materials to develop children's interest in reading and learning, whether or not they can afford to purchase them. Reading aloud to young children has been found to be a major factor in school readiness and later reading achievement. Students and adults find accurate, reliable information in their local libraries. Information in rapidly changing fields such as health and consumer information is accessed to make informed decisions, search for jobs, plan career changes, and inform themselves as citizens. In accordance with 143.183 RSMo, ten percent of the annual estimate of taxes generated from the nonresident entertainer and professional athlete income tax is to be allocated and transferred to the Library Networking Fund for distribution to public libraries. In addition, gifts, contributions, grants and bequests from federal, private, or other sources may also be deposited to the Library Networking Fund and used according to the purpose of the gift or grant. Interest accrued to the Library Networking Fund may also be spent for the purposes of the fund.

2a. Provide an activity measure(s) for the program.
