Article IV, Section 13 of the Missouri Constitution establishes qualifications and responsibilities of the State Auditor. The State Auditor's Office works to ensure the proper use of public funds by performing audits of state agencies, boards and commissions, the circuit court system, counties in Missouri that do not have a county auditor, and other political subdivisions upon petition by the voters. All audits are performed in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States. The audit reports are delivered to the Governor, the General Assembly, the auditee, and interested citizens. The State Auditor also provides an annual audit of the state's comprehensive annual financial report and federal grant programs administered by the state, reviews and registers general obligation bond issues of the state's political subdivisions, prepares fiscal notes for ballot initiatives, performs an Annual Forfeiture Report, and reviews property tax rates proposed by political subdivisions for compliance with state law.
