About Us: The Missouri Department of Higher Education & Workforce Development develops, coordinates and implements a plan that outlines how the state's postsecondary education system and public workforce system can most effectively and efficiently provide higher education to students and meet the state's workforce needs. The Office of Workforce Development administers federal and state funded employment and training programs to develop a strong talent pipeline for the state's growth nationally and globally. The department's major functions include:

Fiscal

- Coordinates and submits unified higher education operating budgets and capital improvement funding requests for Missouri's public institutions of higher education (IHEs).
- Reviews public IHEs' tuition rates and oversees tuition stabilization under the Higher Education Student Funding Act, approved by the Missouri General Assembly in 2007.

Planning

- Develops and implements a coordinated plan for higher education under the direction of the CBHE.
- Reviews the missions of Missouri's IHEs.
- Collects and analyzes higher education data and prepares reports.
- Coordinates performance funding for higher education and establishes institution-specific performance measures.

Academic Programs

- Approves new academic degree programs, including off-site programs, offered by Missouri's public colleges and universities.
- Facilitates the reverse transfer of college credit.
- Maintains a library of courses that transfer among all public and participating independent institutions.
- Develops and promotes best practices in remedial education and other programs that aim to improve college completion rates.

Workforce Development

- Administers federal and state funded employment and training programs such as: The Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, the Veterans' Employment and Training Service, and the Show-Me Heroes Program.
- Coordinates services through a statewide network of Missouri Job Centers and a self-service website.
- Helps coordinate Registered Apprenticeships among apprentices, employers, and partners. Maintains the Missouri Apprentice Connect Portal (moapprenticeconnect.com).

College Access and Success

- Conducts programs and provides publications about planning and paying for college to Missouri students and their families.
- Coordinates programs to assist students with applying for federal and state financial aid and completing college applications.
- Coordinates default prevention efforts and promotes financial literacy programs to provide information to students about making responsible financial decisions.

State Financial Aid

- Administers grant and scholarship programs for undergraduate and graduate students, including the A+ Scholarship, Bright Flight Scholarship, Access Missouri and Fast Track Workforce Incentive Grant programs.

Employment and Higher Education data

- Provides analyses and assistance to policymakers and the public, including studies of the state's economic trends, targeted industries, and labor markets.
- Collects data at the student and aggregate levels using a variety of survey instruments.

Institutional Relationships

- Coordinates agreements with out-of-state higher education institutions to reduce cost of attendance for Missouri students.
- Promotes the development of cooperative agreements between public four-year institutions that allow those with graduate degree programs to offer those programs on the campuses of four-year public institutions that do not have graduate degree programs.
- Conducts binding dispute resolution for colleges and universities.

Higher Education Licensure

- Certifies and oversees 171 private institutions, focusing on consumer protection for students.

DEPARTMENT OF HIGHER EDUCATION & WORKFORCE DEVELOPMENT

ORGANIZATIONAL INFORMATION: DEPARTMENT DUTIES

The CBHE (CBHE) and its administrative arm, the Missouri Department of Higher Education & Workforce Development (MDHEWD), have a varied portfolio of duties. The following provides a high-level summary of those duties.

Planning is one of the department's core functions. It is responsible for developing and overseeing implementation of a coordinated plan for higher education for the state and its subregions (§173.020(4)), identifying the state's higher education and workforce needs (§173.020(2)), and delineating each institution's areas of competence (§173.005.2(9)). The department reviews each public college's and university's mission periodically and has authority to approve applications from institutions seeking to establish a statewide mission (§173.030(8)). The department collects data to use in its decision-making processes and makes those data available in the Statistical Summary of Missouri Higher Education published on the MDHEWD website.

Academic program approval and review are closely linked to the department's planning function. The department reviews new degree program proposals offered by public colleges and universities (§173.005.2(1)) and has authority to make recommendations to institutions' governing boards regarding the development, consolidation, or elimination of programs, degree offerings, and facilities (§ 173.030(2)).

The department is also tasked with fostering **institutional relationships** that serve the state's higher education needs. Specific responsibilities in this area include encouraging the development of cooperative agreements for the offering of graduate degrees, as well as_ developing arrangements for more effective and economical specialization among institutions, and for more effective coordination and mutual support among institutions in the use of facilities, faculty, and other resources (§173.020(3)).

The department coordinates public colleges' and universities' core operating and capital projects **budget requests** by establishing guidelines for public universities' requests (§173.005.2(3)), approving a community college funding model (§ 163.191.1), and submitting a unified budget request for community colleges (§ 163.191.1). Requests for operating appropriations are made based on the performance funding model the department adopted in 2012 (§173.1006.1).

The department also develops budget requests for and oversees the state's **student financial aid** programs, the largest of which are Access Missouri (§ 173.1103.1); the Higher Education Academic Scholarship Program, commonly known as "Bright Flight" (§ 173.250.3); the A+ Scholarship Program (assigned to the department by Executive Order 10-16), and the Fast Track Workforce Incentive Grant (§ 173.2553 & 173.2445);

The department is required to collect information from each public institution of higher education in Missouri about the **percentage change in tuition** for each academic year. The department uses this information to calculate an average tuition cost for attending a public institution in Missouri. (§173.1003).

Proprietary school certification is another of the department's important responsibilities, focusing on consumer protection. The department certifies and oversees *for-profit* proprietary schools and some *not-for-profit* proprietary schools (§173.604.1 & 173.616.1)

The department offers resources that help students plan for and complete postsecondary programs. The department's Journey to College programs support high school students as they apply for college admission and financial aid, and celebrate students' choices about attending college and participating in military service.

The department has a long history of working with colleges and universities to develop guidelines that promote transfer between institutions; a statewide library of core courses that transfer from one institution to another; and a policy fostering "reverse transfer," which allows a student who transfers from a community college before earning enough credits to receive an associate degree to be awarded an associate degree when he or she earns the remaining needed credits at the university to which they have transferred (§ 173.005.2(8)).

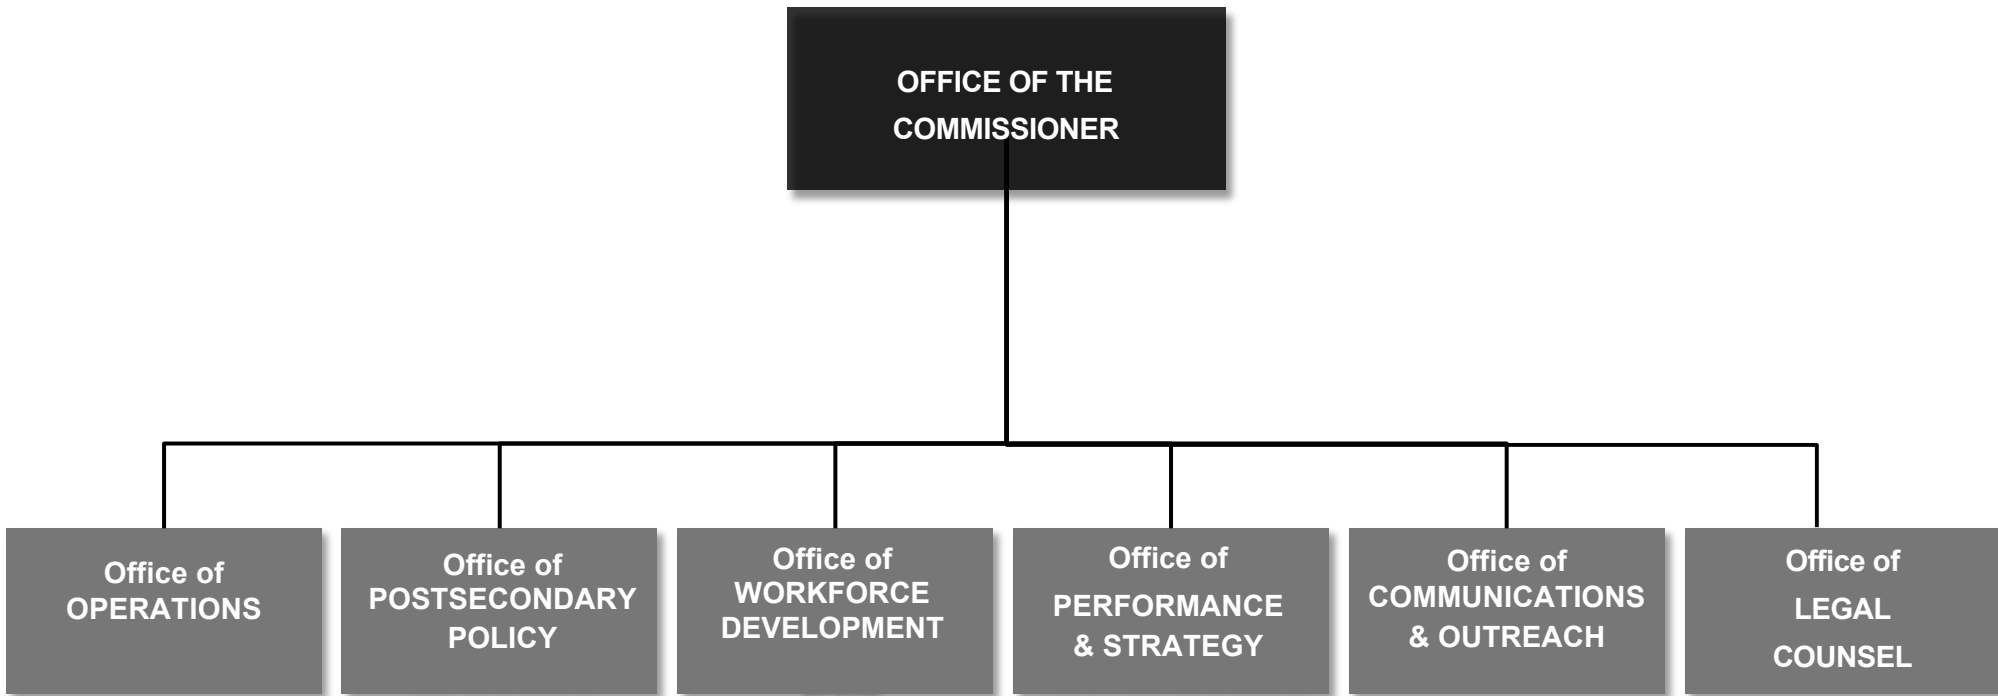

Senate Bill 997, a higher education omnibus bill that became law on August 28, 2016, gave the department significant additional responsibilities, many of which strengthen the department's role in promoting transfer. The department is tasked with working with an advisory committee - the majority of which must be faculty members — to develop a core curriculum that is guaranteed to transfer to another institution and a common course numbering equivalency matrix (§ 178.780 2 (10)). These provisions essentially make mandatory practices that have been voluntary in the past. The law also requires the department to evaluate and maintain data on each institution's transfer practices (§178.788.1) and to resolve disputes about transfer (§ 178.788.2).

Senate Bill 997 requires the department to develop programs designed to promote on time completion, including "15 to Finish" (§ 173.2510) and guided pathways (§ 173.2515); to establish pilot program for "concurrent enrollment," which allows community college students to enroll in a public university,

take select university classes, and use the university's facilities (§ 173.2520); and to create a website that provides information about academic programs available at each institution, financial aid, and transfer of course credit (§ 173.035).

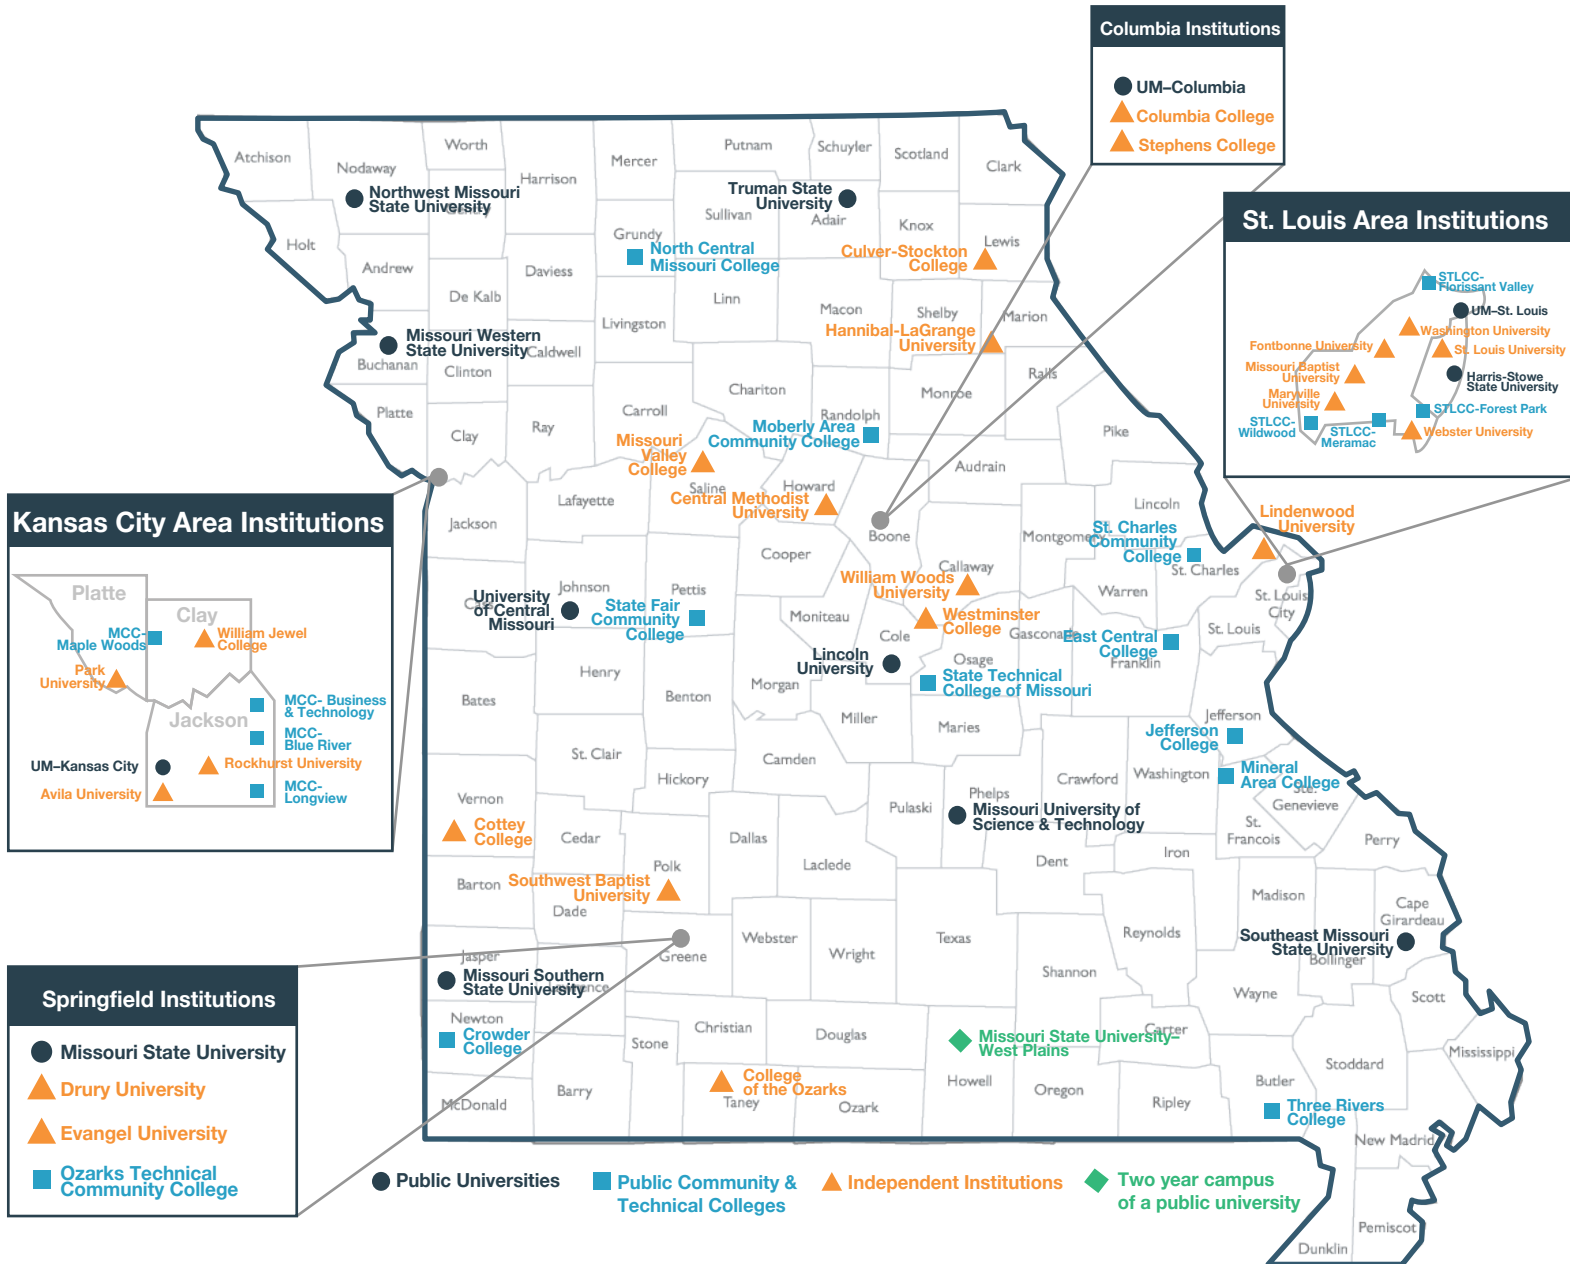

On August 28, 2019 the Missouri Department of Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center transformed to become one department. The transformation is a result of Executive Order 19–03 signed January 17, 2019 by Governor Mike Parson to realign Missouri's workforce development systems through a major restructuring of state government. In addition to the restructuring, the department name changed as a result of Executive Order 19–15. Signed August 28, 2019 by Governor Mike Parson to better reflect the full scope of the new department.

Missouri Sunset Act Report

Provide the following information on all programs subject to the Missouri Sunset Act.

Program	Enacting Statutes	Sunset Date	Review Status
University of Missouri Engineering Colleges	§ 172.287.4. (See note 1)	6/30/2017	No public hearing or formal review has been conducted
Fast Track Workforce Incentive Grant	§173.2553.	8/28/2029	No public hearing or formal review has been conducted

Notes:

1. This statute does not have the traditional Sunset Act language, but provides "The provisions of this section shall terminate on June 30, 2017."

Department Strategic Overview: FY 2025 Budget

DEPARTMENT:	<i>Department of Higher Education and Workforce Development</i>
DIRECTOR:	<i>Bennett Boggs, Commissioner of Higher Education</i>
DEPARTMENT ASPIRATION:	<i>Every Missourian empowered with the skills and education needed for success.</i>
HIGHLIGHTS FROM FY23-FY24	<ol style="list-style-type: none"> 1. Began implementation of the department’s strategic plan, “Building Missouri’s Future”. 2. Maintained increased accountability for federal workforce programs and expenditures. 3. Continued to fully implement expansion of the Fast Track Workforce Incentive Grant. 4. Continued to ramp up awareness of and participation in apprenticeship programs. 5. Implemented strategies to drive participation in and completion of “5 to Thrive” postsecondary pathways (apprenticeships and work-based learning, industry-recognized credentials, associate degrees, bachelor’s degrees, and graduate and professional degrees). 6. Launched strategies to begin to address gaps in postsecondary attainment, including gaps related to age, race, income, gender, and geography. 7. Complete various ITSD projects in order to streamline and improve access to department services. 8. Begin development and implementation of the P20W longitudinal data system in response to legislative authorization.
FY25 PRIORITIES	<ol style="list-style-type: none"> 1. Continue implementation of strategies to drive completion of “5 to Thrive” pathways for all Missourians. 2. Work with state and local partners to implement recommendations for modernizing the state workforce system through the Job Center Connect process. 3. Maintain award levels for grants and scholarships administered by DHEWD. 4. Continue to support institutions in their efforts to recruit and support adult learners. 5. Continue consideration of implementation of a new funding model for the public colleges and universities.
FY26 PREVIEW	<ol style="list-style-type: none"> 1. Align budget request with the merged organizational structure and new strategic plan. 2. Continue consideration of implementation of a new funding model for the public colleges and universities. 3. Launch strategies to strengthen emphasis on federal 203 Reconnect in partnership with the Department of Corrections, leading to enhanced educational workforce training opportunities for incarcerated student nearing parole. 4. Strengthen and accelerate implementation of the P20W longitudinal data system and the partnership with DESE, DOLIR, and other state agencies.

2. CORE DESCRIPTION

In August 2019, the Department Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center merged, forming the Department of Higher Education and Workforce Development. DHEWD strives to empower every Missourian with the skills and education needed for success. The department achieves that vision by identifying higher education and labor force needs; research and analysis of labor market trends; wage analysis and studies of the state's targeted industries and economic development initiatives; working collaboratively with the Department of Elementary and Secondary Education as well as the Department of Economic Development; and encouraging more effective mutual support and coordination among institutions. The Coordinating Board for Higher Education (CBHE) which provides policy direction to DHEWD, was authorized by an amendment to the Missouri Constitution in 1972 and established by statute in the Omnibus State Reorganization Act of 1974.

The CBHE is authorized by Section 173.005.2 (12), RSMo, to charge and collect fees from out-of-state public institutions to cover costs of reviewing and ensuring the quality of programs offered by such institutions. DHEWD Out-of-State Program Fund helps provide the resources needed to support the out-of-state approval process, which is shown in a separate program description that follows the one for Coordination Administration. The fees are received from out-of-state public institutions seeking authorization to provide education to Missouri residents. The core request will provide the resources needed to support the out-of-state process.

FY 2024 One-Time Funding of \$6,537 Expense and Equipment have been removed from the FY 2025 Core Request.

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit <u>55520C</u>
Division of Coordination Administration	
Core - Coordination Administration	HB Section <u>3.005</u>

The Quality Improvement Revolving Fund allows for the collection of revenue on a cost-recovery basis from workshops and conferences provided by DHEWD to be used to support future workshops and conferences. A core request of \$75,000 will allow for the continuation of this fund and support it provides to the department.

The core appropriation provides operating funding that is part of the department-wide federally approved cost allocation plan. This appropriation helps to provide oversight, direction and administrative support services including fiscal, budget, office services, and facilities for the six offices within DHEWD: Office of the Commissioner, Office of Communications and Outreach, Office of Postsecondary Policy, Office of Operations, Office of Performance and Strategy, Office of General Counsel, and Office of Workforce Development. The federal share, which is described in later items, is part of the grants authority provided through the Office of Workforce Development.

3. PROGRAM LISTING (list programs included in this core funding)

Coordination Administration, Out-of-State Program Approval

4. FINANCIAL HISTORY

	FY 2021	FY 2022	FY 2023	FY 2024
	Actual	Actual	Actual	Current Yr.
Appropriation (All Funds)	2,554,681	2,494,567	2,648,064	3,907,797
Less Reverted (All Funds)	(72,668)	(70,854)	0	(113,056)
Budget Authority (All Funds)	2,482,013	2,423,713	2,648,064	3,794,741
Actual Expenditures (All Funds)	\$2,228,277	\$2,274,811	\$2,488,662	N/A
Unexpended (All Funds)	253,736	148,902	159,402	N/A
Unexpended, by Fund:

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 55520C	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Coordination Administration	
HOUSE BILL SECTION: 3.005	DIVISION: Coordination Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue PS	163,847	5%
General Revenue E&E	24,254	5%
Other (Out-of-State Fund -0420)	2,370	5%
Other (Out-of-State Fund -0420)	843	5%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only five percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$98,993	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
<p>To pay for consulting services to describe the need, potential structure, organization and costs of a P20QW data system and office. P20W is an acronym for data systems or research encompassing Preschool to "Grade 20" (i.e., postsecondary graduate programs) and workforce data.</p>	<p>DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.</p>

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program is responsible for a variety of administrative functions such as reviewing institutional missions and academic programs, coordinating major statewide initiatives, making budget recommendations, coordinating transfer and articulation, and conducting research and policy analysis. Strategic priorities are focused on helping Missouri reach its educational attainment and workforce goals.

2a. Provide an activity measure(s) for the program.

As part of educational attainment goals, DHEWD seeks to increase the number of Missouri students filing the Free Application for Federal Student Aid (FAFSA), which is the first step to qualifying for most forms of federal and state financial aid, including Access Missouri and A+. DHEWD offers FAFSA Frenzy events across the state at many high schools, colleges, and community organizations to assist students and their families in completing the FAFSA. DHEWD also offers a FAFSA completion tool that gives local school districts the information they need to assist in increasing FAFSA completion rates. In the national FAFSA filing rankings for 2022-23 high school seniors, Missouri is 31st. Missouri is ranked 24th in percent change for completions.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

HB 1042 directed the CBHE to require public colleges and universities "to replicate best practices in remedial education." One of the best practices identified is developing alternative ways of delivering remedial education, such as the Corequisite Remediation Initiative. DHEWD's Corequisite Remediation Initiative in Missouri strives to increase college access and completion for underprepared students by placing them immediately in college-level coursework with additional academic support, rather than the multiple levels of traditional, non-credit remedial courses.

The Corequisite Remediation Initiative aims to increase gateway course completion within a student's first two years of college by enrolling entering students into college-level math and English courses. Corequisite remediation provides those who need additional help with a concurrent course or lab that offers academic support. This reduces the time to degree completion and thus also reduces costs to students.

* Incoming first-time full-time students (including transfers) who completed both gateway courses within two years of initial enrollment.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

2b. Provide a measure(s) of the program's quality.

The CBHE, in addition to its responsibility for the approval of new academic programs and program changes at public colleges and universities, is also charged with reviewing existing programs. The Department works with institutions to review programs that were provisionally approved to determine if the program is meeting the following criteria: contribution to institutional mission, addressing statewide needs, expenditures, productivity, and qualified graduates. Department staff update the CBHE on the actions taken on provisionally approved programs. The following data indicates the result of the provisional review for FY2023.

Program Status		Number	Percentage
Operating Under Provisional Approval		28	100%
Action Taken on Provisionally Approved Programs			
Granted Full Approval		11	39%
Retained on Provisional Status for Two years		16	57%
Inactivated or Deleted by the Institution		1	4%

Programs retaining their provisional status have two years to meet the criteria for full approval. Institutions have established program review cycles, during which they evaluate all existing program offerings based on CBHE guidelines and additional institutional criteria.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

2c. Provide a measure(s) of the program's impact.

Postsecondary education provides individuals with the knowledge and skills necessary to be economically independent and intellectually engaged.

- 10 public universities operating 13 public university campuses with an enrollment of 100,376 students (full-time equivalent)
- 13 public two-year colleges with an enrollment of 45,653 students (FTE)
- 1 public two-year technical college with an enrollment of 2,174 students (FTE)
- 24 independent colleges and universities with an enrollment of 75,143 students (FTE)
- 171 private career or proprietary schools certified to operate or recruit in Missouri

Total headcount enrollment at Missouri public institutions.

2808

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

2d. Provide a measure(s) of the program's efficiency.

One purpose of academic program review is to improve higher education efficiency in the delivery of academic programs to students in Missouri. To operationalize that purpose, the department developed a streamlined process for the review and approval of academic programs submitted by institutions. The prior structure for review of submitted programs required 35 days, with approvals for new programs and program changes being granted once every 4-5 months, to coincide with the CBHE meetings. This process often required more than 120 days. This new process reduced the timeline for review and approval of programs and program changes to 31 days so that institutions have the flexibility to meet workforce and student needs while also maintaining fidelity to their core missions. The new process involves a three-tiered framework - staff review (minor program changes), routine review (new programs meeting specific criteria for expedited review), and comprehensive review (unusually complex submissions meeting specific criteria that place the proposal outside of routine review and requiring a longer, more intense review).

Cycle time measures the level of efficiency in processing new program and program change requests at the staff and routine levels of review. For all requests at the staff and routine levels received by the first of the month, DHEWD staff will typically process, review, and report decisions back to the institutions by the end of that same month. Programs reviewed at the comprehensive level are not included in this cycle time due to the complexity of the review process. Base target = 31 days; stretch target = 31 days.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.005

Program Name: Coordination Administration

Program is found in the following core budget(s): Coordination Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Quality Improvement Revolving Fund (0537); DHEWD Out-of-State Program Fund (0420)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapters 172, 173, 174 and 178, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Out-of-State Program Approval

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

This program allows the Missouri Department of Higher Education and Workforce Development (DHEWD) to provide appropriate oversight of out-of-state public institutions offering postsecondary education to Missouri residents, as directed by Section 173.005.2(14), RSMo. The approved out-of-state institutions had increased significantly until 2016 but declined dramatically primarily due to Missouri's membership in the State Authorization Reciprocity Agreement (SARA), which allows out-of-state institutions who have joined SARA to be authorized to offer online education in all SARA-participating states without additional approval. However, some out-of-state public institutions that do not participate in SARA require DHEWD to authorize them to offer education in Missouri.

2a. Provide an activity measure(s) for the program.

Percent of initial applications meeting the standard. Out-of-state institutions' authorization to operate in Missouri is granted for one year only to ensure the quality of programs being offered. Out-of-state institutions are required to submit the following information to DHEWD yearly, for review and to receive authorization for the next year:

1. Good standing with their authorizing state agency: **100 percent of initial applications met the standard.**
2. Evidence of accreditation by a USDE recognized accrediting body: **100 percent of initial applications met the standard.**
3. The list of degree programs and projected number of Missouri residents enrolled: **100 percent of initial applications met the standard.**
4. Assurance from the institution that they are abiding by the CBHE Principles of Good Practice for Distance Learning and Web-based courses: **100 percent of initial applications met the standard.**

Forty-nine institutions were authorized during the 2016-2017 year and 12 during the 2017-2018 year. In the 2021-2022 academic year, DHEWD approved 6 California public institutions to offer programs in Missouri. In 2022-2023, DHEWD approved 4 California public institutions.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Out-of-State Program Approval

Program is found in the following core budget(s): Coordination Administration

2b. Provide a measure(s) of the program's quality.

All institutions must provide documentation of accreditation and assure that they are following the CBHE Principles of Good Practice for Distance Learning and Web-Based Courses. All students can file a formal complaint with the Missouri Department of Higher Education and Workforce Development if these schools are in violation of any of these practices as well as complaints of a more general nature. DHEWD has received no formal complaints on any of the approved schools.

2c. Provide a measure(s) of the program's impact.

In FY 2023, this program served a total of 23 Missouri students, 22 of whom were Master's Degrees students and one of whom was a graduate certificate student.

2d. Provide a measure(s) of the program's efficiency.

Percent of approvals completed within the established timeline. Data to measure efficiency is based on initial contact by the out-of-state institution through time of approval, based on the following parameters:

1. Date the application materials were sent from DHEWD to the institution goal was within 10 working days: **100% met.**
2. Date official authorization was issued goal was within 20 working days: **100% met.**

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.005

Program Name: Out-of-State Program Approval

Program is found in the following core budget(s): Coordination Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* There were no expenditures for FY 2022 or FY 2023.

4. What are the sources of the "Other " funds?

DHEWD Out-of-State Program Fund (0420)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 173.005.2(14). and 173.030(6), RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

This program administered ten state student financial assistance programs that provided approximately \$149.4 million to more than 59,500 Missouri residents during FY 2023. The programs administered include: the Advanced Placement Incentive Grant, the Higher Education Academic Scholarship Program (Bright Flight), the Access Missouri Financial Assistance Program, the A+ Scholarship, the Fast Track Workforce Incentive Grant, the Dual Credit/Dual Enrollment Scholarship, the Public Service Officer Survivor Grant, the Minority and Underrepresented Environmental Literacy Program, the Wartime Veteran's Survivors Grant, and the Kids' Chance Scholarship.

This program will administer ten state student financial assistance programs in FY 2024 and FY 2025.

This core request is for general revenue funding of \$570,432 and 10.85 FTE necessary to administer the ten state-funded financial assistance programs.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 55640C	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Grant & Scholarship Administration	
HOUSE BILL SECTION: 3.005	DIVISION: Grant & Scholarship Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue	PS	26,556	5%
General Revenue	E&E	1,965	5%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only five percent is allowed to flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2023.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: Grant and Scholarship Administration

Program is found in the following core budget(s): Grant/Scholarship Administration

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

This program should serve the maximum number of eligible students possible, effectively monitor student eligibility, and timely disburse state student financial aid funds. This unit administered ten state student financial assistance programs that provided approximately \$149.4 million to more than 59,500 Missouri residents during FY 2023. The programs administered in FY 2023 included: the Advanced Placement Incentive Grant, the Higher Education Academic Scholarship Program (Bright Flight), the Access Missouri Financial Assistance Program, the A+ Scholarship, the Fast Track Workforce Incentive Grant, the Dual Credit/Dual Enrollment Scholarship, the Public Service Officer Survivor Grant, the Minority and underrepresented Environmental Literacy Program, the Wartime Veteran's Survivors Grant, and the Kids' Chance Scholarship. The programs are administered through the FAMOUS database. FAMOUS houses the programs' application, eligibility, and payment information. FAMOUS is also the mechanism through which institutions certify student eligibility for the A+ Scholarship, Access Missouri Financial Assistance Program, Bright Flight Scholarship, the Dual Credit/Dual Enrollment Scholarship, and Fast Track Workforce Incentive Grant and DHEWD processes disbursements for the state student financial aid programs.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.005

Program Name: Grant and Scholarship Administration

Program is found in the following core budget(s): Grant/Scholarship Administration

2b. Provide a measure(s) of the program's quality.

DHEWD awards all of the state-appropriated funds only to eligible student aid applicants. Only students meeting all requirements of the program or programs for which they have applied receive awards.

2c. Provide a measure(s) of the program's impact.

Note: Disbursements may be delayed pending fund transfers or resolution of system issues.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.005

Program Name: Grant and Scholarship Administration

Program is found in the following core budget(s): Grant/Scholarship Administration

2d. Provide a measure(s) of the program's efficiency.

Note: Funds may be returned based on a change in eligibility status between payment request and delivery or to correct award amounts.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

2. CORE DESCRIPTION

Data indicate the COVID-19 pandemic is a primary contributor to a decrease in filing the Free Application for Federal Student Aid (FAFSA) throughout the state over the last two years. FAFSA completion is often an indicator of college enrollment. The aid that is accessed through the FAFSA is the primary way many students pay for college since many financial aid programs (federal, state, and institutional) cannot be accessed without completing the FAFSA. Underserved populations in higher education need extra support to access and complete the form. DHEWD plans to increase partnerships with financial aid officers and counselors around Missouri to provide additional support and more access points to complete the FAFSA for high school seniors, current college students, and adults interested in enrolling in college. Increased FAFSA rates should result in increased enrollment and retention rates. Best practices, which were identified from other states in 2019, showed extra efforts are needed here in Missouri to increase filing rates. While the need for increased focus on FAFSA was an issue prior to the pandemic, the pandemic has substantively contributed to the decline in FAFSA filings.

CORE DECISION ITEM

Department of Higher Education and Workforce Development
Division of Coordination Administration
Core - FAFSA Filing

Budget Unit 55536C
HB Section 3.005

3. PROGRAM LISTING (list programs included in this core funding)

Initially, DHEWD requested \$337,500 for a multi-year effort to address this need using ARPA funds. The Governor's recommendation was to provide \$75,000 per year in ongoing general revenue funding to help cover a variety of outreach strategies. These strategies include: 1) In-state travel for participating in local school district and other FAFSA events; 2) supplies for informational materials; 3) audio/Video charges for informational and outreach needs; 4) annual public relations services for Radio, TV and digital Public Service Announcements; and 5) other incentives for helping meet FAFSA goals.

4. FINANCIAL HISTORY

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

1a. What strategic priority does this program address?

Increased FAFSA filing contributes to DHEWD's two big goals of educational attainment and workforce participation by providing access and affordability to education and training options.

1b. What does this program do?

Provides additional resources and awareness to students about the free assistance available to complete the FAFSA, as well as the importance of completing the application. The FAFSA is the primary way many students pay for college and several financial aid programs cannot be accessed with completing the FAFSA. This program will target underserved populations. Partnering with financial aid officers and counselors around Missouri to provide incentives and more access points for high school seniors, current college students, and adults interested in enrolling in college, will increase enrollment and retention rates.

2a. Provide an activity measure(s) for the program.

Number of first-time FAFSA filers. 36,902
Number of FAFSA Frenzy events hosted. 283
Number of students attending FF events. 1,500

2b. Provide a measure(s) of the program's quality.

Number of FAFSA filers during FAFSA Frenzy events. 1,500

2c. Provide a measure(s) of the program's impact.

Number of first-time FAFSA filers. 36,902

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.005

Program Name: FAFSA Filing

Program is found in the following core budget(s): Coordination Administration

2d. Provide a measure(s) of the program's efficiency.

Increase in filers versus amount spent. We saw an 3.1% (1,111) increase of first-time filers and spent \$45,000 on a marketing campaign aimed at getting more students to complete their FAFSA.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*New in FY 2023; no prior year data is available.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

No statutory requirement associated with this program.

6. Are there federal matching requirements? If yes, please explain.

No.

7. Is this a federally mandated program? If yes, please explain.

No.

Department of Higher Education and Workforce Development	Budget Unit	55528C
Office of Post Secondary Policy		
MoExcels Competitive Projects	DI# 1555014	HB Section 3.010

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In 2020, the Departments of Higher Education and Workforce Development (DHEWD) and Economic Development (DED) compared Missouri to 13 of its Midwest peers on a number of metrics to measure the state's economic health. They found that Missouri is ranked last in GDP growth, 12th in labor productivity, 11th in per capita income, 9th in job growth, and 8th in wage growth. Although Missouri is above the national average in high school graduation rates, we are below average in students transitioning into and persisting through college, making the state's adult population less educated than the national average. In addition, this situation is exacerbated by the fact that Missouri's workforce participation rate is declining. As a result, Missouri needs to strategically increase its workforce to grow its economy. MoExcels is one mechanism to accomplish that growth.

The application process for FY 2025 MoExcels started on May 4, 2023 when the call for proposals was released against a deadline of July 3rd. Staff from MDHEWD and the Department of Economic Development reviewed and scored the submitted proposals on August 14th and 15th. Institutions submitted a total of 22 requests for new funds for a total of \$49.4 million. One request was submitted too late to be reviewed and ranked in time for the CBHE meeting on September 13, 2023. Because that project is contingent on action by the local community, the scoring/ranking of the project will be delayed until those results are known. On September 13, 2023, the Coordinating Board of Higher Education approved the 22 requested and scored proposals.

One request was submitted too late to be reviewed and ranked in time for the CBHE meeting. This project is contingent on action by the local community, the scoring/ranking of the project will be delayed until those results are known.

NEW DECISION ITEM

RANK: 5 **OF** 5

Department of Higher Education and Workforce Development	Budget Unit <u>55528C</u>
Office of Post Secondary Policy	
MoExcels Competitive Projects DI# 1555014	HB Section <u>3.010</u>

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

Anticipated activity measures to be reported:

- 1 - Number of projects funded
- 2 - Number of students participating in selected programs
- 3 - Number of jobs filled because of the initiative

6b. Provide a measure(s) of the program's quality.

Anticipated quality measures to be reported:

- 1 - Student persistence
- 2 - Program graduation
- 3 - Licensure or certifications obtained, where applicable

6c. Provide a measure(s) of the program's impact.

Anticipated impacts of this effort:

- 1 - Increase in overall degree and/or credential completion
- 2 - Increased workforce/labor participation rates

6d. Provide a measure(s) of the program's efficiency.

Anticipated efficiency measures to be reported:

- 1 - Cost per student served
- 2 - Programs are to be self-sustaining and articulate long-term impact
- 3 - 50% match required

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	<u>55528C</u>
Office of Post Secondary Policy		
MoExcels Competitive Projects	DI# 1555014	HB Section <u>3.010</u>

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Each proposal must include a complete description of the workforce need that will be met, including (1) identification of the specific quantitative workforce need to be addressed, validated by a credible data source, and must designate the geographic region in which the workforce need exists; (2) Identification of the specific qualitative workforce needs to be addressed, based on substantial feedback from employers in the industry sector to be served; and (3) statements of needs from employers in the geographic area to be served, including the specific and quantifiable magnitude of the workforce challenges they face and evidence of the meaningful commitment to the program, such as offering paid internships or agreeing to hire program completers.

Each proposal must also describe a plan to substantially increase postsecondary educational attainment of Missourians, including the number and type of credentials to be awarded and information about the students expected to participate in the program, with additional points awarded for serving underrepresented populations.

Finally, proposals must provide measurable objectives for each phase of the project and, if awarded, the higher education institution will be required to provide performance and project reports quarterly.

Other Funds:

2. CORE DESCRIPTION

A key responsibility of DHEWD is certifying and monitoring proprietary schools, including private out-of-state institutions, offering programs in Missouri or recruiting Missouri students. Fees collected from certified schools and those seeking certification or exemption are deposited into the Proprietary School Certification Fund.

3. PROGRAM LISTING (list programs included in this core funding)

Proprietary School Certification

CORE DECISION ITEM

*Current Year restricted amount is as of _____.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Prior year expenditures were lower due to the COVID-19 pandemic, which precluded in-person conference travel and site visits. Additionally, the unit restructured in FY2021 creating a vacancy that went unfilled for several months. The unit has had difficulty attracting and retaining staff in one of the program positions resulting in four different individuals over the last three years. These events resulted in a substantial amount of unused appropriation authority as certain key work functions (site visits, conference participation) were curtailed.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

1a. What strategic priority does this program address?

Increase quality attainment

1b. What does this program do?

This program is the mechanism by which the DHEWD certifies and monitors compliance with state regulations regarding the operation of postsecondary institutions in Missouri to ensure students receive training consistent with the published objectives of their program of study. Program staff complete an annual review of all certified schools and, as staff and funding allows, conduct periodic site visits to instructional locations.

2a. Provide an activity measure(s) for the program.

There was continuous turnover in staff that precluded any site visits in FY 2023. The department will seek to fill a vacancy in FY 2024 that will include site visits as a core job function.

The purpose of the site visit is to verify institutions are operating per their published policies, to meet with students and faculty to discuss issues or concerns, to provide technical assistance to administrators, and to ensure student and institutional records are maintained per state regulations.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

2b. Provide a measure(s) of the program's quality.

Statutes require new program reviews to be completed within 90 days; if not reviewed during the timeframe, the school is allowed to begin enrollment until such time as a review is completed. Staff turnover in the last three years has increased overall time to initial review as new staff required training. Continued turnover is anticipated in both FY 2024 and FY 2025 as veteran staff retire, which may also impact the cycle time.

The purpose of new program reviews is to evaluate compliance with certification standards to ensure such programs support the stated purpose of the school, the program areas are generally accepted in American higher education as a legitimate area of study for degrees or are legitimate preparation and training for vocational or academic objectives. There were 149 new programs submitted by certified schools in FY 2023.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

2c. Provide a measure(s) of the program's impact.

Chart reflects main locations. In FY 2023, the total is 171 when including satellite locations.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

2d. Provide a measure(s) of the program's efficiency.

The purpose of the initial review process is to ensure new postsecondary providers meet minimum standards related to program quality, financial stability, instructor qualifications, and administrative policies. This measure tracks the time from receipt of the application to the department's initial review and response to the proposed school. Due to continued staffing issues, the department anticipates longer times to review for the next two years or until staff turnover stabilizes.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary Schools Administration

Core: Proprietary Schools Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Proprietary School Certification Fund (0729)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 173.600 - 173.619, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

*Current Year restricted amount is as of _____.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Please enter a note here, explaining the unexpended funds in FY 2022 and FY 2023: Prior year expenditures were constrained due to several factors including the COVID-19 pandemic, unit restructuring, and staff turnover. We expect additional turnover in the next two years as experienced staff retire and new staff are hired and trained in the school closure process.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.015

Program Name: Proprietary School Closure

Core: Proprietary School Closure

1a. What strategic priority does this program address?

Increase quality attainment

1b. What does this program do?

The program acts as a clearinghouse for student transcripts from closed schools whose records are not otherwise maintained and administered by another school or approved records repository. Staff receive requests year-round for transcripts and must determine if the department holds those records or if the student must inquire elsewhere.

2a. Provide an activity measure(s) for the program.

Number of Official Student Transcripts Mailed

2b. Provide a measure(s) of the program's quality.

FY 2025 is the first year Proprietary School Closure is being reported separately from the Proprietary School Administration due to the requirements of the new MOVERS financial system. Therefore, we do not have measures in place regarding quality, impact, and/or efficiency, but will develop them for the next budget cycle and begin gathering the data.

2. CORE DESCRIPTION

This proposed **Core Reduction**, from \$400,000 to \$200,000, reflects that the majority of schools certified in Missouri hold security deposits far less than the maximum. DHEWD holds a security deposit from each of the approximately 158 main campuses certified to operate or certified to recruit pursuant to Sections 173.600 through 173.619, RSMo. The deposit is to indemnify students in cases of malfeasance by a proprietary school or to assist with preservation and administration of student records if adequate provisions are not made by the school upon closure. The security deposit from each proprietary school ranges from a minimum of \$5,000 to a maximum of \$100,000 as required by statute. This appropriation is necessary to ensure the authority to access those monies for indemnification and record preservation purposes in cases of malfeasance by a proprietary school.

The FY 2024 Core appropriation was \$400,000, this request is a reduction of \$200,000 in spending authority.

CORE DECISION ITEM

Federal	0	0	0	N/A
Other	329,187	251,034	400,000	N/A

Reverted includes the statutory three percent reserve amount (when applicable).
 Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: All funds received from security deposits are paid to students in the form of partial tuition and fee refunds. In FY 2023, a recurring vacancy and unit restructuring precluded staff from completing the investigation and documentation necessary to make payout to former students of one school. The department expects to finalize payments to those students in FY 2024. While no schools are currently expected to close precipitously in FY 2025, adequate spending authority is requested to ensure the department can respond in a timely manner.

2. CORE DESCRIPTION

This request of \$115,000 is for membership dues in the Midwestern Higher Education Compact (MHEC). Pursuant to Section 173.700, RSMo, Missouri is a member of MHEC, a multi-state compact which is charged with promoting interstate cooperation and resource sharing in higher education, accomplishing this through four core functions: cost saving programs, reduced tuition, interstate reciprocity for distance education, and policy research. Missouri participates in the Midwest Student Exchange Program (MSEP) with other states allowing residents to participate in out-of-state instruction at no more than 150 percent of in-state tuition rates at public institutions. Private institutions offer a 10% reduction on their tuition rates. Missouri also benefits from its membership through participation in the State Authorization Reciprocity Agreement for distance education administered through MHEC. The commission is also active in forming joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance.

According to the most recent MHEC report, Missouri Highlights 2021-2022, Missouri colleges universities, school districts, and state and local governments realized more than \$6.94M in cost savings through the MHEC's contracts and programs, while Missouri citizens save nearly \$5.46M through the MSEP.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.025

Program Name: Midwestern Higher Education Compact

Program is found in the following core budget(s): Midwestern Higher Education Compact

1a. What strategic priority does this program address?

Affordability, Communication

1b. What does this program do?

This program pays Missouri's membership dues in the Midwestern Higher Education Compact (MHEC). The purpose of the compact is to provide greater higher education opportunities and services in the Midwestern region with the aim of furthering regional access to, research in, and choice of higher education for citizens residing in the states which are party to this compact. Membership allows Missouri to participate in the Midwest Student Exchange Program (MSEP), which allows residents to receive out-of-state instruction at no more than 150 percent of the in-state resident tuition rates at public institutions; private institutions offer a 10% reduction on their tuition rates. The membership offers joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance. Additionally, MHEC conducts research that is valuable to the state, and convenes member states to collectively address pressing issues in higher education.

According to the most recent summary report, Missouri Highlights 2021-2022, Missouri colleges universities, school districts, and state and local governments realized more than \$6.94M in cost savings through the MHEC's contracts and programs, while Missouri citizens save nearly \$5.46M through the Midwest Student Exchange Program (MSEP).

2a. Provide an activity measure(s) for the program.

DHEWD does not have direct influence on the measures contained below, which are somewhat dependent on other state membership in the Midwestern Higher Education Compact. Thus, base and stretch targets are not applicable.

Note: FY 2023 Actual data will be available in December and updated in the January Budget Book.

2. CORE DESCRIPTION

This core request for a federal funds appropriation of \$500,000 is the place-holder for new federal grants as they become available to the department.

This appropriation supports the department's research and other public policy initiatives related to: (1) academic program, quality, and effectiveness (increased educational attainment, student success, transfer and articulation, efficiency); (2) linked longitudinal administrative data to support public policy research related to student enrollment and completion patterns, participation in postsecondary education and training programs; (3) integrating state financing policies for higher education (institutional appropriations, tuition and fees, and student financial aid); and (4) the impact of institutional, state, and federal student financial aid on student participation and success in postsecondary education and training programs, and successful participation in the state's labor force, especially for low-income, first-generation, minority, and working adult students.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.030

Program Name: New Federal Grants and Donation

Program is found in the following core budget(s): New Federal Grants and Donations

1a. What strategic priority does this program address?

Increase Quality Attainment

1b. What does this program do?

This program provides a holding place for new federal grants as they become available to the department.

This appropriation supports the department's research and other public policy initiatives related to: (1) academic program, quality, and effectiveness (increased educational attainment, student success, transfer and articulation, efficiency); (2) linked longitudinal administrative data to support public policy research related to student enrollment and completion patterns, participation in beyond high school education and training programs; (3) integrating state financing policies for higher education (institutional appropriations, tuition and fees, and student financial aid); and (4) the impact of institutional, state, and federal student financial aid on student participation and success in beyond high school education and training programs, and successful participation in the state's labor force, especially for low-income, first-generation, minority and working adult students.

2a. Provide an activity measure(s) for the program.

This would be established in accordance with the grant received.

2b. Provide a measure(s) of the program's quality.

This would be established in accordance with the grant received.

2c. Provide a measure(s) of the program's impact.

This would be established in accordance with the grant received.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.030

Program Name: New Federal Grants and Donation

Program is found in the following core budget(s): New Federal Grants and Donations

2d. Provide a measure(s) of the program's efficiency.

This would be established in accordance with the grant received.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

This would be established in accordance with the grant received.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 172, 173, 174, and 178, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

CORE DECISION ITEM

Other Funds:

2. CORE DESCRIPTION

This appropriation provides DHEWD with spending authority for receiving and expending donations and non-federal funds, provided that the General Assembly shall be notified of the source of any new funds and the purpose for which they shall be expended, in writing, prior to the expenditure of said funds and further provided that no funds shall be used to implement or support the Common Core Standards. For example in FY 2019, a grant was received from the Lumina Foundation to help the organization develop a new department vision through employee engagement efforts. A new vision was needed because of department restructuring. In FY 2020 and FY 2021, MOHELA provided grants to help the department market the Fast Track Workforce Incentive Grant.

CORE DECISION ITEM

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.035

Program Name: Other Grants and Donations

Program is found in the following core budget(s): Other Grants and Donations

1a. What strategic priority does this program address?

Increase Quality Attainment

1b. What does this program do?

This is a placeholder for grants for which the department might apply during the fiscal year. The precise focus of the program is dependent on the grantor's requirements. The department would only apply for grants that further its ability to meet its statutory obligations, enhance employment and training programs, augment data gathering and reporting labor market trends while improving higher education quality attainment in Missouri.

2a. Provide an activity measure(s) for the program.

This would be established in accordance with the grant received.

2b. Provide a measure(s) of the program's quality.

This would be established in accordance with the grant received.

2c. Provide a measure(s) of the program's impact.

This would be established in accordance with the grant received.

2. CORE DESCRIPTION

In FY 2019, the General Assembly appropriated \$1 for transfer from the department's core budget to the State Legal Expense Fund for the payment of claims, premiums, and expenses provided by Sections 105.711 through 105.726, RSMo. In order to fund such expenses, the General Assembly also authorized three percent flexibility from the department's operating budget into the \$1 transfer appropriation.

Total Amounts ¹ :	698		\$448,316.03

Schools with paid students: 34

Unduplicated Student Count²: 624

1 - Total Amounts: The student counts at the intersection of the Federal Payments, State Payments, Purdy Payments and Other Payments columns and the Program Total row contain duplication when transfer students received payment for a program at more than one institution. The student count at the intersection of the Total Students column and the Program Total row contains duplication when students received payments at more than one program at more than one institution or from more than one fund source (Federal, State, Purdy, Other).

2 - Unduplicated Student Count: The student counts in this row include a student only once, even if they were paid at more than one institution and/or from more than one fund source.

2. CORE DESCRIPTION

The Missouri Higher Education Academic Scholarship Program (also known as "Bright Flight") provides scholarships based on academic achievement. Over the program's 37 year history, students and their families have come to view the full scholarship as a state commitment. The scholarship may be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first. There are two award levels based on ACT or SAT scores in the top three percent (a maximum award of \$3,000) and ACT or SAT scores in the top fourth and fifth percentiles (a maximum award of \$1,000). Students scoring in the top three percent must be awarded the \$3,000 maximum before students in the top fourth and fifth percentiles can be awarded. For the 2023-2024 academic year students must achieve an ACT score of 32 to qualify in the top three percent or an ACT score of 31 to qualify in the top fourth and fifth percentiles. Also for the 2023-2024 academic year ACT superscores will be accepted as qualifying scores for the first time. Less than one percent of eligible students qualify based on SAT scores. Based upon appropriations provided, in FY 2024 awards were set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles; this will also be the case for FY 2025.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$29,076,666 will provide scholarships in the amount of \$3,000 to an estimated 5,860 students qualifying in the top three percent and scholarships in the amount of \$1,000 to an estimated 1,640 students qualifying in the top fourth and fifth percentiles in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.045

Program Name: Academic Scholarship Program (Bright Flight)

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program incentivizes academically talented Missouri students to attend a participating Missouri postsecondary institution by providing scholarships based on academic achievement. It encourages the best and brightest students to pursue and complete their education in Missouri rather than out of state. A high school senior must score in the top five percent on the ACT or SAT assessment to qualify. The scholarship award is up to \$3,000 annually for those in the top three percent and up to \$1,000 for those in the fourth and fifth percentiles. Students in the top three percent must be awarded the full \$3,000 before students in the fourth and fifth percentiles can be awarded. For FY 2023 the scholarship is fully funded for the first time since the tiered award structure was implemented in FY 2011, with awards set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles.

The scholarship can be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.045

Program Name: Academic Scholarship Program (Bright Flight)

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

2b. Provide a measure(s) of the program's quality.

This measure, including the FY 2024 and FY 2025 projections, will be updated when the Governor's Recommendation is added as FY 2023 completion data are not yet available.

Note: Calculated by dividing the total awards at public institutions in each fiscal year by the total recipients who graduated from public institutions in that year. This measure demonstrates the cost-per-student to achieve the program's purpose of encouraging students to pursue and complete a degree. The decrease for FY 2021 is a result of the \$3.5 million core cut that reduced the maximum award from \$3,000 to \$2,400.

2c. Provide a measure(s) of the program's impact.

Note: Percentages compare the total eligible applicants scoring in the top three percent (first tier) and the top fourth and fifth percentiles (second tier) to those who received, or are projected to receive, the scholarship at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. FY 2023 is the first year that the top fourth and fifth percentile were funded; this resulted in a larger pool of eligible students than in previous years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.045

Program Name: Academic Scholarship Program (Bright Flight)

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

2d. Provide a measure(s) of the program's efficiency.

This measure, including the FY 2025 projection, will be updated when the Governor's recommendation is added as FY 2024 tuition and fee data are not yet available.

Note: Average sector tuition compared to actual maximum award. Does not include public two-year institutions.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: The FY 2024 planned represents the transfer appropriation less the three percent statutory reserve.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.045

Program Name: Academic Scholarship Program (Bright Flight) _____

Program is found in the following core budget(s): Academic Scholarship Program (Bright Flight)

4. What are the sources of the "Other " funds?

Academic Scholarship Fund (0840)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 173.250, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Transfer appropriations for: Access Missouri Financial Assistance Program

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This request is for a transfer from General Revenue, the Lottery Proceeds Fund, and private sources totaling \$75,421,052 to the Access Missouri Financial Assistance Program.

The Access Missouri Financial Assistance Program is also authorized by statute to receive \$5 million from the Gaming Commission Fund in House Bill 8. The appropriated transfer from all sources, including General Revenue, the Lottery Proceeds Fund, the Gaming Commission Fund, and other sources, totals \$80,421,052.

2. CORE DESCRIPTION

The Access Missouri Financial Assistance Program was created by SB 389 (2007). This program is designed to provide financial aid to eligible Missouri residents with the greatest financial need. A student's financial need is determined by their federal expected family contribution (EFC), which is calculated based on the Free Application for Federal Student Aid (FAFSA). Students with an EFC at or below \$12,000 are eligible for an award. Students with an EFC above \$12,000 may be considered for an award based on available funding. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute. For FY 2023, the EFC cutoff has been increased to \$15,000 and awards are set at the statutory maximum, ranging from \$300 to \$1,300 at public two-year institutions and from \$1,500 to \$2,850 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri. For FY2024, the EFC cutoff has been increased to \$20,000 and awards are set at the statutory maximum.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$83,960,000 will provide grants to an estimated 36,000 students in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.055

Access Missouri Financial Assistance Program

Program is found in the following core budget(s): Access Missouri Financial Assistance Program

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This need-based program is designed to encourage low-income students to access and persist through higher education by reducing the cost of education. Within the pool of students determined to have financial need, award amounts are structured to provide the most assistance to the students with the greatest financial need. A student's financial need, as represented by their expected family contribution (EFC), is calculated based on the standard federal needs analysis formula. Students with an EFC at or below the established cutoff are eligible for an award amount. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute.

For FY 2023, based upon state appropriations received, the program provided average awards of \$897 for students attending public 2-year institutions and \$2,279 for students attending public 4-year institutions, independent institutions, virtual institutions and State Technical College of Missouri. In FY 2023 35,717 students were served.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.055

Access Missouri Financial Assistance Program

Program is found in the following core budget(s): Access Missouri Financial Assistance Program

2b. Provide a measure(s) of the program's quality.

Percent of funds spent on students in the lowest income categories.

Note: The total percent of recipients that are Pell-eligible is the sum of the lowest and Pell-eligible categories. For example, for FY 2022, 85 percent of the students served were eligible for Pell.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.055

Access Missouri Financial Assistance Program

Program is found in the following core budget(s): Access Missouri Financial Assistance Program

2d. Provide a measure(s) of the program's efficiency.

This measure, including the FY 2025 projection, will be updated when the Governor's recommendation is added as FY 2024 tuition and fee data are not yet available.

Note: Average sector tuition compared to actual maximum annual award for that fiscal year. The actual maximum is a percentage of the statutory maximum award when the program is not fully funded. Percent of statutory maximum awards were 89% for FY 2022. The program is fully funded at the statutory maximum awards in FY 2024.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.055

Access Missouri Financial Assistance Program

Program is found in the following core budget(s): Access Missouri Financial Assistance Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Notes: The FY 2024 planned represents the transfer appropriation less the three percent statutory reserve.

4. What are the sources of the "Other " funds?

Access Missouri Financial Assistance (0791)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 173.1101-173.1107, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The A+ program began as a school improvement initiative established by the Outstanding Schools Act of 1993 and described in Section 160.545, RSMo. The scholarship component of the A+ program was transferred to the legacy DHE pursuant to Executive Order 10-16. As a result of SB 638 in 2016, eligible graduates of designated private high schools are allowed to receive A+ reimbursement. As of the end of the 2022-2023 academic year, there were 643 designated public high schools and 108 designated private high schools.

The A+ Scholarship provides tuition and fee reimbursement to eligible graduates of designated high schools to attend community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. Over the program's 30 year history, students and their families have come to view the scholarship as a state commitment. In FY 2023 the average award was \$3,750.

4. FINANCIAL HISTORY

	FY 2021 Actual	FY 2022 Actual	FY 2023 Actual	FY 2024 Current Yr.
Appropriation (All Funds)	47,891,632	55,900,000	61,900,000	61,900,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	47,891,632	55,900,000	61,900,000	61,900,000
Actual Expenditures (All Funds)	45,226,816	49,417,504	52,373,026	N/A
Unexpended (All Funds)	2,664,816	6,482,496	9,526,974	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	0	0	0	N/A
Other	2,664,816	6,482,496	9,526,974	N/A
		(1)	(2)	

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) The \$6.4 million unexpended in FY 2022 resulted from a four percent decrease in recipients that was not anticipated given the program's prior history. This decrease followed four years of increases ranging between one and three percent from FY 2017 and FY 2020, and a significant 10 percent increase from FY 2020 to FY 2021.

(2) The \$9.5 million unexpended in FY 2023 resulted from a two percent decrease in recipients that was not anticipated give the program's prior history. The department needs a carryover balance of at least three million dollars to fund students enrolled in the summer term.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: A+ Schools Program - A+ Scholarship
Program is found in the following core budget(s): A+ Schools Program

HB Section(s): 3.065

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program provides tuition and fee reimbursement to eligible graduates of designated high schools to attend public community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. The student financial assistance received through this program increases students' persistence and completion at qualifying postsecondary institutions by covering a significant portion of students' cost of attendance. Students who qualify for federal non-repayable financial aid, such as Pell grants, will have their A+ reimbursement reduced by a corresponding amount.

2a. Provide an activity measure(s) for the program.

	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
	Actual	Actual	Actual	Projected	Projected
Number of Unduplicated A+ Students Paid	14,809	14,181	13,939	14,300	14,450
Number of designated schools*	633	645	752	752	752

*For informational purposes only - The Department of Elementary and Secondary Education, has statutory authority to designate A+ high schools.

First-Time, Full-Time Degree-Seeking A+ Recipients

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.065

Program Name: A+ Schools Program - A+ Scholarship

Program is found in the following core budget(s): A+ Schools Program

2b. Provide a measure(s) of the program's quality.

2c. Provide a measure(s) of the program's impact.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
 Program Name: A+ Schools Program - A+ Scholarship
 Program is found in the following core budget(s): A+ Schools Program

HB Section(s): 3.065

2d. Provide a measure(s) of the program's efficiency.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Notes:

* The FY 2021 expenditures exclude \$4,896,578 expended from Coronavirus Relief Funds allocated to the A+ Scholarship. Total FY 2021 expenditures were \$50,123,394.

**The FY 2024 planned represents the transfer appropriation less the three percent statutory reserve.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.065

Program Name: A+ Schools Program - A+ Scholarship

Program is found in the following core budget(s): A+ Schools Program

4. What are the sources of the "Other " funds?

A+ Schools Fund (0955)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 160.545, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Transfer Appropriation for: Fast Track Workforce Incentive Grant

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This request is for a transfer from General Revenue and the Lottery Proceeds Fund totaling \$4,700,000.

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit	<u>55683C</u>
Division of Missouri Student Grants and Scholarships		
Core Transfer - Fast Track Workforce Incentive Grant	HB Section	<u>3.070</u>

3. PROGRAM LISTING (list programs included in this core funding)

Fast Track Workforce Incentive Grant

4. FINANCIAL HISTORY

	FY 2021 Actual	FY 2022 Actual	FY 2023 Actual	FY 2024 Current Yr.
Appropriation (All Funds)	3,000,000	5,700,000	4,700,000	4,700,000
Less Reverted (All Funds)	(60,000)	(141,000)	(141,000)	(141,000)
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	2,940,000	5,559,000	4,559,000	4,559,000
Actual Expenditures (All Funds)	1,164,000	4,559,000	4,559,000	N/A
Unexpended (All Funds)	1,776,000	1,000,000	0	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	0	0	0	N/A
Other	1,776,000	1,000,000	0	N/A
	(1)	(2)		

Reverted includes the statutory three percent reserve amount (when applicable).
 Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) The unexpended appropriation includes \$1 million in GEER funding and \$388,000 GR and \$388,000 Lottery funding that was allocated but not transferred.
 (2) The unexpended appropriation of \$1 million dollars is GEER funding. This was removed for FY 2023 as the use of the \$1 million in Governor's Emergency Education Relief (GEER) funds for the Fast Track Workforce Incentive Grant is prohibitive given the long-term nature of the grant's employment and repayment provisions and the stringent federal reporting requirements related to the GEER funds.

2. CORE DESCRIPTION

The Fast Track Workforce Incentive Grant created by Senate Bill 68 (2019) provides assistance to adults who are seeking to upgrade or retool their skills in order to enter high demand, high wage occupations. Amendments to the program in Senate Bill 672 (2022) increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. Students in programs or apprenticeships in an area designated by the Coordinating Board for Higher Education as preparing individuals to enter these occupations and leading to receipt of a certificate, degree, or industry-recognized credential are eligible. The program includes a need component that limits eligibility to individuals with an adjusted gross income of \$80,000 or less if married filing jointly or \$40,000 or less for all other tax filing statuses. Students must be enrolled at least half-time and apprentices must be actively participating in an eligible apprenticeship to be eligible for the grant. Awards under the program cover the amount of tuition and fees remaining after all other governmental non-loan student assistance is applied or, for apprentices, the amount of related educational costs. For students, if all tuition and fee costs are covered by other aid, the award is up to \$500 per term or the remaining cost of attendance, whichever is lower. In FY 2023 the average award was \$3,692.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$6,000,000 will provide grants to an estimated 1,330 students in FY 2025.

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit <u>55684C</u>
Division of Missouri Student Grants and Scholarships	
Core - Fast Track Workforce Incentive Grant	HB Section <u>3.075</u>

3. PROGRAM LISTING (list programs included in this core funding)

Fast Track Workforce Incentive Grant

4. FINANCIAL HISTORY

	FY 2021 Actual	FY 2022 Actual	FY 2023 Actual	FY 2024 Current Yr.
Appropriation (All Funds)	3,500,000	6,200,000	6,000,000	6,000,000

General Revenue	0	0	0	N/A
Federal	0	0	0	N/A
Other	2,213,235	4,582,744	3,538,150	N/A

Reverted includes the statutory three percent reserve amount (when applicable).
 Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Growth in this program was initially slower than anticipated, largely due to the promissory note requirement as part of the loan conversion piece in the original legislation. Since that component has been removed, the department has already seen larger growth in FY 2023 than previous years, and expects that growth to continue. Coupled with increases in credit hour rates at the University of Missouri, which impacts the tuition caps at 4-year independent institutions, the department anticipates that the unexpended funds will be utilized over the next couple of fiscal years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.075

Program Name: Fast Track Workforce Incentive Grant

Program is found in the following core budget(s): Fast Track Workforce Incentive Grant

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

Implemented in FY 2020, this need-based program addresses workforce needs by encouraging adults who have not yet received a bachelor's degree to complete a certificate, degree, or industry-recognized credential in an area designated by the Coordinating Board for Higher Education as high need. Amendments to the program in 2022 increased the number of eligible training providers, expanded the grant to apprenticeships, and removed the loan-related requirements. For students, the award is based on remaining tuition and fees after all non-loan governmental sources of funding have been applied. If all tuition and fee costs are covered by other aid, the award is the lesser of \$500 or the student's remaining cost of attendance. For apprentices the award is based on the amount of related educational costs. Need is based on the individual's adjusted gross income.

2a.

Note: The number of recipients in FY 2023 and FY 2024 is expected to increase as a result of the program's expansion to include additional training providers and apprenticeships, and the removal of the loan requirements that created a barrier for students.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

2. CORE DESCRIPTION

Appropriation for: Dual Credit Dual Enrollment Scholarship

There are two appropriations for this program. The core transfer appropriations provide the funds to be spent, while the core appropriation provides the spending authority limit. This request is for a transfer of funds from General Revenue totaling \$7,000,000 to the Dual Credit/Dual Enrollment Scholarship to provide scholarships to an estimated 870 students in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.085

Program Name: Dual Credit Dual Enrollment Scholarship

Program is found in the following core budget(s): Dual Credit Dual Enrollment

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program, authorized by section 173.2505, RSMo in 2016, was funded for the first time in FY 2023. It replaces the Dual Credit/Dual Enrollment Scholarship authorized by section 160.545, RSMo that was administered in FY 2022 only.

The program provides tuition and fee reimbursement for dual credit or dual enrollment coursework to high school students who meet the criteria outlined in Section 173.2505, RSMo. Awards are based on financial need demonstrated by meeting one of several statutorily-defined criteria. The student financial assistance received through this program is intended to increase the number of low-income students taking dual credit or dual enrollment coursework by covering a significant portion of students' costs for those courses. Students who qualify for any other non-loan aid applicable to their dual credit or dual enrollment tuition and fee charges will have their Dual Credit/Dual Enrollment Scholarship reimbursement reduced by a corresponding amount.

2a. Provide an activity measure(s) for the program.

NOTE: FY 2023 projections are based on the number of students paid in FY 2022 through the initial Dual Credit/Dual Enrollment Scholarship program who had an adjusted gross income below the Free and Reduced Lunch maximum income level for a household of eight. It is assumed that the majority of students that will be paid in FY 2023 will also qualify for Free and Reduced Lunch regardless of the qualifying need criterion documented through their application. It is assumed that growth will increase by approximately three percent in FY 2025 and four percent in FY 2026 as this scholarship becomes established.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.085

Program Name: Dual Credit Dual Enrollment Scholarship

Program Name: Dual Credit Dual Enrollment Scholarship

Program is found in the following core budget(s): Dual Credit Dual Enrollment

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: The FY 2024 planned represents the transfer appropriation less the three percent statutory reserve. This program was new for FY 2023, no prior year data is available.

4. What are the sources of the "Other " funds?

Dual Credit Dual Enrollment (0541)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 173.2505, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

Other Funds: AP Incentive Grant (0983)

2. CORE DESCRIPTION

The Advanced Placement Incentive Grant was established pursuant to Section 173.1350, RSMo. This is a nonrenewable grant of \$500 available to any student who receives an Access Missouri Financial Assistance award or an A+ award, and in addition has received grades of three or higher on two advanced placement tests in mathematics or science while attending a Missouri public high school. MOHELA has agreed to donate \$1 million for distribution through this grant. MOHELA will provide the funds in installments of \$100,000 or less as needed.

CORE DECISION ITEM

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program is intended to increase the number of math and science Advanced Placement exams taken by providing a nonrenewable grant of \$500 available to any student who receives an Access Missouri Financial Assistance award or an A+ award, and in addition has received grades of three or higher on two advanced placement examinations in the fields of mathematics or science while attending a Missouri public high school.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.090

Program Name: Advanced Placement Incentive Grant

Program is found in the following core budget(s): Advanced Placement Incentive Grant

2b. Provide a measure(s) of the program's quality.

The College Board stopped providing this data on a state level in 2022. However, the data for FY 2023 will be available from DESE later this year.

Note: This measure represents the trend in the number of AP exams taken with grades of three or higher in the context of the total number of exams taken. Although the trend in the percent of tests with a score of three or higher is projected to remain stable based on historical data, the numbers behind the trend are unpredictable. As a result, only the percentage is projected.

2. CORE DESCRIPTION

This program is designed to provide educational grants to the children or spouses of certain public safety officers killed or permanently and totally disabled in the line of duty. The request is for \$160,500 from general revenue to continue grants to eligible students. In FY 2023 the average award was \$7,521.

This core request of \$160,500 from general revenue will provide grants to an estimated 15 students in FY 2025.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) Over the past several years, there has been a decline in the number of eligible applications and a 35 percent decrease in the number of recipients in FY 2023 from FY 2021 . Data is insufficient at this time to determine if this is an anomaly or the beginning of a new and unexpected trend.

(2) The FY 2024 application rates as of August 2023 suggest it may be a new trend as reflected in the projections in the activity measure (2a) in this program's Program Description form. The projections may be updated in December when more application information is available for this program that does not have an application deadline.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This program is designed to provide educational grants to the children or spouses of certain public safety officers killed or permanently and totally disabled in the line of duty. Children (natural, adopted or stepchild) of a Missouri Department of Transportation employee killed or permanently and totally disabled while engaged in the construction or maintenance of the state's highways, roads, and bridges, and public safety officers permanently and totally disabled in the line of duty are also eligible. The grant should reduce the cost of education for as many eligible students as possible whose families have suffered a significant personal and financial loss.

A public service officer includes any firefighter, uniformed employee of the office of the state fire marshal, emergency medical technician, police officer, capitol police officer, parole officer, probation officer, state correctional employee, water safety officer, park ranger, conservation officer, highway patrolman, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, air ambulance registered respiratory therapist, or flight crew member as defined in 173.260, RSMo.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Public Service Officer Survivor Grant in the prior and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for students who may have graduated.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year. This program does not have an application deadline in order to serve as many qualifying students as possible. This makes it difficult to project the number of eligible applicants who may receive a grant.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

2d. Provide a measure(s) of the program's efficiency.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.095

Program Name: Public Service Officer Survivor Grant Program

Program is found in the following core budget(s): Public Service Officer Survivor Grant Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Notes:

* The decrease in expenditures for FY 2022 resulted from a 25 percent decrease in the number of eligible applications and a 30 percent decrease in the number of recipients between FY 2021 and FY 2022. Data is insufficient at this time to determine if this is an anomaly or the beginning of a new and unexpected trend. However, FY 2023 application rates as of August 2022 suggest it may be a new trend as reflected in the projections in the activity measure (2a) above. The projections may be updated in December when more application information is available for this program that does not have an application deadline.

** The FY 2024 planned represents the core appropriation less the three percent statutory reserve.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 173.260, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Section 173.234, RSMo, establishes the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat. Applicants are ranked first by renewal status and then by earliest application received date. Renewal applicants have priority until May 1. Renewal applications received after May 1 are ranked by application received date with initial applicants. Once the 25 recipient maximum has been reached, applicants are placed on a waiting list. FY 2018 was the first year in which the waiting list was utilized. If the waiting list exceeds 50 applicants, the department may petition the General Assembly to expand the quota. Grants cover tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2023 the average award was \$12,683.

This core request of \$325,000 from general revenue will provide grants to 25 students in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.100

Program Name: Wartime Veteran's Survivors Grant Program

Program is found in the following core budget(s): Wartime Veterans Survivor Grant Program

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

Section 173.234 RSMo established the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat after 9/11/2001. The grant encourages persistence and completion by reducing the cost of education for the maximum number of recipients allowed by statute whose families have suffered significant personal and financial loss. Grants include tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2023 the average annual grant award was \$12,683. For FY 2025 it is projected to increase to approximately \$16,000 as a result of tuition increases.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.100

Program Name: **Wartime Veteran's Survivors Grant Program**

Program is found in the following core budget(s): **Wartime Veterans Survivor Grant Program**

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Wartime Veteran's Survivors Grant or other state award in the prior academic year and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for first-year freshmen or students who may have graduated.

2c. Provide a measure(s) of the program's impact.

To demonstrate the program's impact the number of students paid will be compared to the number of eligible applicants, including those on the waiting list, to determine the number of eligible applicants receiving the grant.

Note: Although there is a priority deadline for renewal students, applications can be filed year round, making projections difficult. At the end of FY 2022, all students on the waiting list who had maintained eligibility were paid. Six students with eligible applications were not certified by their postsecondary institutions as eligible and therefore were not funded.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.100

Program Name: Wartime Veteran's Survivors Grant Program

Program is found in the following core budget(s): Wartime Veterans Survivor Grant Program

2d. Provide a measure(s) of the program's efficiency.

This measure, including the FY 2023 actuals and FY 2024 estimates, will be updated when the Governor's recommendation is added, as FY 2023 graduation data are not yet available.

Note: Compares the total number of graduates in each fiscal year to the total amount each graduate received (initial and renewal awards) through the program. This measure demonstrates the average cost-per-student to achieve the program's purpose of encouraging completion.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

(Note: Amounts do not include fringe benefit costs.)

Note: The FY 2024 planned represents the core appropriation less the three percent statutory reserve.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Returning Heroes Education Act, Section 173.900, RSMo., became law on August 28, 2008. This law provides that all public institutions of higher education that receive state appropriated funds shall limit the amount of tuition charged to combat veterans to fifty dollars per credit hour as long as the veteran achieves and maintains a grade point average of 2.5 on a 4.0 scale, is enrolled in a program leading to a certificate or degree, and is attending in the ten year period following the last discharge from service. In addition, the tuition charged of combat veterans enrolled in graduate programs, as defined in statute, must be limited to no more than 30 percent of the cost of tuition and fees. The law also provides that institutions may report the amount of tuition waived in a fiscal year and the department may include the amount in the following year's appropriation request.

Without this funding, the institutions will have to absorb the difference between the reduced credit hour rate and the actual cost per credit hour. Since this legislation passed, institutions have provided \$14.8 million in Returning Heroes tuition reductions.

NEW DECISION ITEM

2. CORE DESCRIPTION

The Kids' Chance Scholarship Program, established in 1998 in Section 173.254, RSMo, authorizes the Coordinating Board for Higher Education to provide scholarships for the children of workers who were seriously injured or died in a work related accident or an occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Eligible students can attend a Missouri college, university, or accredited vocational institution of their choice. Per the statute, the Division of Workers' Compensation deposited \$50,000 each year between 1999 and 2018 to build a \$1 million corpus in the Kids' Chance Scholarship Fund. Awards are the lesser of the student's actual tuition and fees, tuition at the University of Missouri for the same number of credit hours the student is enrolled in, or the amount of the Kids' Chance Inc. of Missouri private scholarship award. Awards can only be made using the interest earnings in the fund. In FY 2023 the average award was \$7,000.

This core request of \$15,000 from the Kids' Chance Scholarship Fund will provide scholarships to an estimated 2 students in FY 2025.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.105

Program Name: Kids' Chance Scholarship Program

Program is found in the following core budget(s): Kids' Chance Scholarship Program

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

The Kids' Chance Scholarship Program, established in 1998, authorizes the Coordinating Board for Higher Education to partner with Kids' Chance Inc. of Missouri to provide scholarships for the children of workers who were seriously injured or died in a work related accident or occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Through the partnership, Kids' Chance Inc. of Missouri collects applications and awards a similar, private scholarship to applicants. DHEWD awards the state scholarship based on the number of applicants meeting the state eligibility criteria who can be supported by the interest earnings on the Kids' Chance Scholarship Fund. The partnership allows more students to be served at higher amounts than either organization could serve alone.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.105

Program Name: Kids' Chance Scholarship Program

Program is found in the following core budget(s): Kids' Chance Scholarship Program

2b. Provide a measure(s) of the program's quality.

Note: Persistence represents recipients who received a Kids' Chance Scholarship or other state aid award in the prior academic year and current academic year. This measure compares the recipients who persisted to the total recipients each year. It does not account for first-year freshman or students who may have graduated.

2c. Provide a measure(s) of the program's impact.

Note: Total eligible applicants compared to the eligible applicants who received, or are projected to receive, the grant at a participating Missouri postsecondary institution for at least one semester in the applicable academic year.

2. CORE DESCRIPTION

The Minority and Underrepresented Environmental Literacy Program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. The Minority Environmental Literacy Advisory Committee selects recipients and therefore determines the number of students served each year. The appropriation is divided among the selected recipients, with some recipients receiving a full award and some receiving one half of the full award, as determined by the committee. In FY 2023 the average award was \$7,171.

This core request of \$36,964 from general revenue will provide scholarships to an estimated 8 students in FY 2025.

The Minority Environmental Literacy Advisory Committee is comprised of the Commissioner of Higher Education and Workforce Development or the commissioner's designee, three representatives of universities and colleges, the director of the Department of Natural Resources or the director's designee, 5 at-large members appointed by the Governor with the advice and consent of the Senate, and the state affirmative action officer.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Minority and Underrepresented Environmental Literacy Program

Program is found in the following core budget(s): Minority and Underrepresented Environmental Literacy Program

1a. What strategic priority does this program address?

Affordability

1b. What does this program do?

The Minority and Underrepresented Environmental Literacy Program was established in 1996 by the Missouri legislature to create opportunities for students to explore areas of environmental science, provide funds for students contingent upon academic status and performance, and create a pool of applicants that reflects the cultural diversity of Missouri. The program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. This program should encourage applicants to work toward and complete an environmentally-related degree by providing financial assistance to reduce the cost of education.

2a. Provide an activity measure(s) for the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Minority and Underrepresented Environmental Literacy Program

Program is found in the following core budget(s): Minority and Underrepresented Environmental Literacy Program

2b. Provide a measure(s) of the program's quality.

This measure, including the FY 2024-2026 projections, will be updated when the Governor's Recommendation is added as FY 2023 completion data are not yet available.

Note: Compares the total number of graduates in each fiscal year to the total amount each graduate received (initial and renewal awards) through the program. This measure demonstrates the average cost-per-student to achieve the program's purpose of encouraging students to complete an environmentally-related degree.

2. CORE DESCRIPTION

The Missouri Student Loan Program was a guaranty agency that operated under the Federal Family Education Loan (FFEL) program. During the FY 2024 budget cycle, DHEWD completed a Core Reduction of 14.8 FTE, \$684,646 PS dollars and \$2,480,514 E&E dollars to zero out these funds due to the closure of this program. The remaining core request of \$640,001 is spending authority from the Guaranty Agency Operating Fund to close out the program and provide funding for services authorized by federal statute and regulation.

Reverted includes the statutory three percent reserve amount (when applicable).

*Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: (1) Per Dear Colleague Letter (DCL) GEN-21-03, issued by the United States Department of Education, guarantee agencies were told they must halt collections. This halt has now been in place for over three years, retroactive to March 13, 2020. In early 2022, DHEWD decided to begin the process of terminating the Loan Program. As a result, loan program staff has been reduced and less money is being spent on salaries, supplies, subscriptions, trainings, etc. Further, because the loan program is ending, no money was spent on outreach materials in order to conserve money in the operating fund. The spending authority is still required to complete the closure process.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The Missouri Student Loan Program (MSLP) was a guaranty agency for the Federal Family Education Loan (FFEL) program. As a guaranty agency, this program insured lenders of Federal Stafford, PLUS, and Consolidation student loans from losses due to default at 97 to 98 percent, depending on the loan disbursement date, and at 100 percent due to loan discharge. MSLP had total outstanding guaranteed loan balances of more than \$578 million as of June 30, 2022. The Healthcare and Education Affordability Reconciliation Act, enacted March 30, 2010 (Public Law 111-152), eliminated the department authority to make or insure loans under the FFEL Program as of June 30, 2010. However, DHEWD continued to act as the United States Department of Education's (USDE) agent by fulfilling responsibilities related to outstanding guarantees, which includes working with students, borrowers, schools, lenders, servicers, and the USDE to ensure compliance with applicable federal laws and regulations.

Funds generated by the program have supported the state aid programs and provide information to prospective students and their families regarding how to plan and pay for college through support of outreach that develops and implements public awareness of the value of postsecondary education, the options available and the importance of filing a Free Application for Federal Student Aid.

This program ended October 2022. The spending authority is needed to close the program and expend remaining funds pursuant to federal statute and regulation.

2a. Provide an activity measure(s) for the program.

This program ended October 2022. There is no updated data available.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

2b. Provide a measure(s) of the program's quality.

This program ended October 2022. There is no updated data available.

2c. Provide a measure(s) of the program's impact.

This measure demonstrates DHEWD's effectiveness in helping defaulted borrowers regain eligibility for Title IV financial assistance. Accounts are monitored each month to verify they have maintained eligibility. If a defaulted student loan borrower falls behind in their repayment, DHEWD makes additional efforts to contact the borrower to encourage them to continue making payments to maintain eligibility. DHEWD has established a baseline goal to keep 90% of borrowers approved for reinstatement eligible for aid each month, but hopes to keep an average of 96% of all borrowers eligible. This measure is no longer applicable effective July 1, 2022 as ECMC began processing reinstatement requests on behalf of

This program ended October 2022. There is no updated data available.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

2d. Provide a measure(s) of the program's efficiency.

DHEWD's call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. DHEWD has established a baseline goal for this measure of a 97% timely response rate. The FY 2021 reduction in timely letter response was due to a very large volume of written requests in response to mailings that DHEWD was required to send to borrowers as a result of the COVID-19 pandemic. These mailings also caused a large increase in calls, which made it difficult to respond timely to borrower requests.

This program ended October 2022. There is no updated data available.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.115

Program Name: Missouri Student Loan Administration

Program is found in the following core budget(s): Loan Program Administration

4. What are the sources of the "Other " funds?

Guaranty Agency Operating Fund (0880)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Higher Education Act of 1965, as amended, 20 U.S.C. 1071, et seq.; 34 C.F.R. Parts 658 and 682; Sections 173.095 - 173.187, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

<input type="checkbox"/> New Legislation	<input type="checkbox"/> New Program	<input type="checkbox"/> Fund Switch
<input type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input checked="" type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Student Loan Program ended in October 2022, which required the Department of Higher Education and Workforce Development (DHEWD) to process a core reduction of the funds to zero them out for the FY 2024 budget. Now, DHEWD needs a transfer appropriation so the current remaining funds can transferred to the spending authority line.

2. CORE DESCRIPTION

The Office of Workforce Development (OWD) administers employment and training programs authorized and funded by the federal government. The funds are provided to carry out programs required by the Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, Veterans' Employment and Training Services, and other federal employment and training programs that complement the state workforce system. The programs and services provided through these funding sources include, but are not limited to, job search assistance to connect job seekers with employment opportunities, job preparation activities, work based learning and skill training for eligible adults, dislocated workers, veterans, unemployment insurance claimants, and youth. This core also includes funding for the Show-Me Heroes Program which promotes the hiring of veterans and provides on-the-job training opportunities to military and National Guard members returned from deployment or separated from active duty.

Federal PSD includes \$500,000 Show-Me Heroes Program (Fund 0995).

One-time funds of \$15,257 have been removed for the FY 2025 budget request.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 55763C	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Workforce Development Administration	
HOUSE BILL SECTION: 3.125	DIVISION: Office of Workforce Development

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Federal Fund (Fund 0155)	PS	1,803,228	10%
Federal Fund (Fund 0155)	E&E	291,280	10%

Flexibility will allow MDHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only ten percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$824,000	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
DHEWD serves as a funding pass through agency for US Department of Labor's (DOL) federal Workforce Innovation and Opportunity Act dollars to local workforce development boards (LWDBs) around the state. In 2015, DOL issued significant monitoring finds against City of St. Louis' LWDB, St. Louis Agency for Training and Employment (SLATE) that resulted in over \$1 million in disallowed costs; Missouri is required to return the disallowed cost back to the federal agency. DHEWD worked with DOL and SLATE to negotiate down the necessary return amount to \$824,000. The DHEWD needs to use its flex authority to return this balance to DOL.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

1a. What strategic priority does this program address?

Meaningful Work

1b. What does this program do?

Workforce Administration provides:

- Support for the day-to-day oversight and the administration of federal funded employment and training programs such as: Veterans Services, the Workforce Innovation and Opportunity Act, Trade Adjustment Assistance, and Wagner-Peyser.
- On-going implementation of new and expanding employment and training programs.
- The personal service and expense and equipment costs for the staff necessary to operate the job centers around the state.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

2a. Provide an activity measure(s) for the program.

	FY 2021		FY 2022		FY 2023		FY 2024	FY 2025	FY 2026
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Total Participants Served	108,445	68,381	71,800	64,521	64,771	70,971	73,100	76,024	79,825
Participants Served-In Person	54,161	28,592	30,022	43,659	43,735	52,911	54,498	56,678	59,512
Participants Served-On Line	54,284	39,789	41,778	20,862	21,149	18,060	18,602	19,346	20,313

Actual FY 2023 data is reported as of 4th Quarter FY 2023, the most current data available as of this submission. Updates reflecting final year-end performance will be made for the December budget submission.

*Number of individuals served represents customers receiving a service through the Missouri Job Centers and the self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. Due to the COVID-19 pandemic, office closures directly affected the number services provided during FY 2021.

Participant data was queried from customer data through MoPerforms.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2024 thru FY 2026 are estimated to increase by 3%.

Hours of Compliance Monitoring	FY 2021 Projected	FY 2021 Actual	FY 2022 Projected	FY 2022 Actual	FY 2023 Projected	FY 2023 Actual	FY 2024 Projected	FY 2025 Projected	FY 2026 Projected
Compliance & Administration	3,527	12,051	12,413	10,687	12,909	9,202	13,425	13,962	14,521
Financial	See Below**								

**The sub-recipients are monitored on-site annually to ensure the funding is spent appropriately and program services are provided as prescribed by state and federal law, rules, and regulations. Various databases and source documentation are reviewed to determine compliance and to evaluate performance of sub-awards. Beginning in FY 2021, sub-recipient monitoring has been conducted quarterly rather than annually.

***Beginning in FY 2020, financial monitoring will not be conducted by department staff but rather will be completed via contracted monitoring. As a result, the compliance and administration monitoring will increase in projected years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

2b. Provide a measure(s) of the program's quality.

	FY 2021 Projected	FY 2021 Projected	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected	FY 2025 Projected	FY 2026 Projected
Sub-Recipient Satisfaction Rate:	79%	79%	79%	79%	79%	79%	79%

*Note: The first sub-recipient survey will take place in FY 2024, and each year thereafter.

**A sub-recipient is an entity to whom Workforce Development sub-awards funding to execute programs offered through the Public Workforce System such as the Summer Youth Programs, Incumbent Worker Training, and Apprenticeship opportunities.

2c. Provide a measure(s) of the program's impact.

In FY2022, DHEWD implemented a new contract management system that captures data for all contracts such as annual agreements, sub-recipient contracts, memorandums of understanding, and purchase requests.

Data for F2021 measures the time to initiate, produce, and finalize contracts to enable sub-recipients the ability to carry-out the required activities of the sub-award.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.125

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

2d. Provide a measure(s) of the program's efficiency.

*Calculation is based on Workforce Development Administrative expenditures versus the total Office expenditures.

**Base reflects the appropriated amounts for Workforce Development Administration and the total for Office of Workforce Development; stretch reflects lowest percentage of previous three years.

*Calculation is based on Workforce Development Administration FTE versus the total Office FTE.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.125

Program Name: Workforce Administration

Program is found in the following core budget(s): Workforce Development Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Statute - Public Law 113-128 and Public Law 114-27 for Trade Adjustment Assistance Reauthorization Act (TAARA) of 2015

6. Are there federal matching requirements? If yes, please explain.

None

7. Is this a federally mandated program? If yes, please explain.

Workforce Innovation and Opportunity Act, Wagner-Peyser Act/Employment Services, Jobs for Veterans State Grants (JVSG), and Trade Adjustment Assistance Reauthorization Act of 2015 programs are federally mandated. These programs are designed to assist states, local communities, businesses and job seekers in developing a skilled workforce. These programs provide job seekers with employment and training services to include job search assistance, and training to acquire and retain jobs, and to provide employers with an exceptional workforce.

2. THIS REQUEST CAN BE CATEGORIZED AS:

<input type="checkbox"/> New Legislation	<input type="checkbox"/> New Program	<input type="checkbox"/> Fund Switch
<input type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input checked="" type="checkbox"/> Other: <u>Switch to an Indirect Cost Rate</u>	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

DHEWD currently has a federally approved Cost Allocation Plan (CAP) in which it allocates indirect costs across funding sources. DHEWD's primary federal funder, the U.S. Department of Labor, has indicated that they will soon be transitioning away from approving CAPs and are encouraging state agencies to pursue a Negotiated Indirect Cost Rate Agreement (NICRA) instead. DHEWD leadership supports this change because the indirect cost rate approach streamlines administrative processes by consolidating various overhead expenses. This efficiency will allow our team to focus more on core mission activities and reduce the administrative burden of cost allocation. In order to make this transition, DHEWD will need a specified fund for indirect costs and funding therein to finance indirect costs for the first six months of the transition, until we are able to build up our indirect cost pool. After that, the fund will be sustainable as we draw a (yet unknown) percentage of direct federal funds and deposit them into this specified fund.

No new FTE is being requested. This is to fund the current federal portion (approximately 31.01 FTE that's charged) of the cost allocated positions with general revenue funds for 6 months. After the 6 months, these positions will have their percentage of federal reapplied to the federal cost pool.

NEW DECISION ITEM
RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit <u>55763C</u>
Division of Workforce Development	
Cost Allocation Plan Indirect Cost Rate <u>DI# 1555024</u>	HB Section <u>3.020</u>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The requested amount was derived from reconciled actuals from previous DHEWD Cost Allocation Plans.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

Cost Allocation Plan Indirect Cost Rate <u>DI# 1555024</u>	HB Section <u>3.020</u>

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

- | | |
|---|--|
| <p>6a. Provide an activity measure(s) for the program.</p> <ul style="list-style-type: none"> - Re-negotiate rate each year - Pooled costs are allocated back to programs/grants for reimbursement | <p>6b. Provide a measure(s) of the program's quality.</p> <ul style="list-style-type: none"> - Treats indirect costs equally and produces a percentage that is applied to a direct or programmatic functions - Rate and method are federally approved - Provide details of costs - Rate is approved by a federal negotiator |
| <p>6c. Provide a measure(s) of the program's impact.</p> <ul style="list-style-type: none"> - Less administrative burden - Provides for one method to allocate almost all administrative costs - Makes budgeting simpler and more efficient | <p>6d. Provide a measure(s) of the program's efficiency.</p> <ul style="list-style-type: none"> - Will allocate all costs in the cost pool - Time taken to complete annual cost allocation plan will decrease - Time taken to process administrative costs will decrease |

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

If approved, switching to an indirect cost rate will increase efficiency of allocating costs; making budgeting simpler and saving the department time and money. The amount of time needed to keep processing the way it is now will continue causing undue hardship, extensions, and delaying other required departmental duties. By providing one method to allocate administrative costs allows for consistency; treating each cost the same.

2. CORE DESCRIPTION

Missouri employers, job seekers, policy makers, and service organizations require high-quality economic and labor market information to make decisions, identify areas of need, and support Missouri's overall economic growth. The Missouri Economic Research and Information Center (MERIC), as part of the Office of Performance and Strategy, serves those needs through data collection, applied research, innovative analysis, and reporting to the public and policymakers.

This research and analysis includes labor market trends, employment and unemployment rates, occupational studies and projections, economic conditions, studies of Missouri's industries, and the creation of data and analysis on jobs, education, and training that employers demand now and in the future. MERIC also works in cooperation with the U.S. Department of Labor as the state's labor market information agency to collect data, conduct research, and produce information on economic conditions and labor market trends on a monthly, quarterly, and annual basis. Through its website, MERIC.mo.gov, MERIC also provides interactive access to economic and workforce data for the state, and its regions and counties.

For occupation employment and wage statistics, employment trends, and industry and occupation projections, MERIC is the recognized originating source of this data. No other organization in the state is in a position to provide the same information. The branding of the work of these state staff members as "MERIC" has provided stability, reliability, and a trusted source of reputable information, even through a department merger and transition. In FY 2024, funding and FTEs were added to the MERIC core budget for the P20W Research Data Center, which will securely maintain and use longitudinal administrative data to conduct research to support policymakers and decisionmakers around the state.

CORE DECISION ITEM

Department of Higher Education and Workforce Development

Budget Unit 55761C

Division: Performance and Strategy

Core: Research Team - Missouri's Economic Research and Information Center (MERIC)

HB Section 3.125

3. PROGRAM LISTING (list programs included in this core funding)

Specific areas of research supported by this funding include, but are not limited to, the following: 1) wages and employment by occupation for the state and regions; 2) the monthly Missouri Jobs Report; 3) county average wages; 4) industry and occupation projections; 5) real-time labor market analysis based on trends in job postings; 6) key economic indicators such as cost of living and personal income; 7) regional economic profiles; 8) career pathways; 9) current and historic trends in industry employment; and 10) support for the MoSCORES employment and wage outcomes website. These listed items are the top categories of information received visits to MERIC's website (MERIC.mo.gov). The P20W Research is expected to add to the list of programs and supports through FY 2024 and beyond.

4. FINANCIAL HISTORY

	FY 2021	FY 2022	FY 2023	FY 2024
	Actual	Actual	Actual	Current Yr.
Appropriation (All Funds)	1,475,745	1,487,777	1,772,927	4,502,249
Less Reverted (All Funds)	0	0	0	0
Budget Authority (All Funds)	1,475,745	1,487,777	1,772,927	4,502,249
Actual Expenditures (All Funds)	923,309	919,003	925,172	N/A
Unexpended (All Funds)	552,436	568,774	847,755	N/A
Unexpended, by Fund:				
General Revenue	0	0	16,388	N/A
Federal	552,436	568,774	825,199	N/A
Other	0	0	0	N/A

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES: 1) The .S. Department of Labor, Employment and Training Administration Workforce Information Grant to States (WIGS) is one portion of MERIC's federal funding. This grant is awarded annually with the ability to carryover for three years. Due to staffing turnover and hiring challenges, along with changes of normal procedures during the COVID-19 pandemic, the grant is carrying a larger than normal balance. A more normal spending pace has resumed and it is expected for the grant to expend the majority of the carryover by FY 2026.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 55761C	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Missouri's Economic Research and Information Center (MERIC)	
HOUSE BILL SECTION: 3.125	DIVISION: Performance and Strategy

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue (Fund 0101)	PS	65,397	10%
General Revenue (Fund 0101)	E&E	166,830	10%
Federal Fund (Fund 0155)	PS	140,734	10%
Federal Fund (Fund 0155)	E&E	24,367	10%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only ten percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2023.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

1a. What strategic priority does this program address?

MERIC supports DHEWD's vision of "Every Missourian empowered with the skills and education needed for success" by filling a critical need in Missouri for high quality economic and labor market information to support decision-making. High quality information is essential for employers, job seekers, education and training providers, and other agencies that support Missourians and encourage economic stability and growth. Most directly tied to the department priority of "Raise Awareness of Options", the research and data provided is applicable to a variety of stakeholders as MERIC not only collects and provides a wide array of meaningful data and research, but also makes it easy to access and understand.

1b. What does this program do?

The Missouri Economic Research and Information Center (MERIC) performs data collection, applied research, and reporting of useful information to businesses, policymakers, jobseekers, educators, planners, and the general public to support making data-informed economic, workforce, and career planning decisions. Organizations such as chambers of commerce, community planners, and economic developers use this information for grant applications, promoting Missouri as a location for business expansion and retention, and supporting in-demand jobs.

Research includes: (1) collection, development and analysis of labor market data such as employment, unemployment, wages, and occupational information; (2) production of data and analysis on jobs, career planning, industry and occupation projections, and education and training that employers demand now and in the future; (3) studies of Missouri's industries, targeted sectors, and top occupations in those businesses; (4) economic conditions and indicators for the state, regions, and counties, and (5) research on the education-to-workforce outcomes of Missourians.

MERIC also provides training, outreach, and support for all Missourians seeking research sources and insights in all of the above areas. With a variety of sources available, data can be difficult to find, understand, and properly interpret. MERIC helps bridge the gap between the data and those who need it.

2a. Provide an activity measure(s) for the program.

	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
	Actual	Actual	Actual	Actual	Projected	Projected
Direct Activities						
Customers in Training/Presentations	1,585	1,843	891	975	1,000	1,000
Customer Assistance	1,247	1,281	977	931	950	950
E-Newsletter Recipients	2,955	7,821	9,822	13,296	13,562	13,833
Indirect Activities						
Website Page Views	320,786	397,531	735,844	735,844	743,202	750,634

As more users find the information they need on the MERIC website, the need for direct Customer Assistance should decline. The website page views show the number of pages on the MERIC website (meric.mo.gov) that were visited in the fiscal year. There was significant growth in FY 2022, as more users found MERIC to be a resource.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

2b. Provide a measure(s) of the program's quality.

	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
	Actual	Actual	Actual	Actual	Projected	Projected
New Visitors	96,827	158,929	409,204	578,193	583,975	589,815
Returning Visitors	13,652	19,490	47,303	62,014	62,634	63,260

The MERIC website is the most popular and primary resource by which customers access and interact with MERIC's products and programs. The number of new visitors to the website recognizes the amount of users finding the MERIC website for the first time during the year. Many of these visitor reach the site through internet search of relevant topics for which MERIC is a resource. The number of returning visitors indicates the growing trend of users finding MERIC to be a resource to utilize repeatedly, which is a measure of quality.

2c. Provide a measure(s) of the program's impact.

- Direct Outreach per Staff: Sum of MERIC reported customers assisted, people trained or in presentations, and delivered newsletter recipients in the year divided by staff level. The FY 2021 to FY 2022 and FY 2023 increase is due in part to a significant increase in weekly newsletter recipients after the creation of the Department.
- Calculated Stretch Goal for FY 2024 of 2% over FY 2023 actual.
- Baseline is set to average of actual for the last five Fiscal Years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

2d. Provide a measure(s) of the program's efficiency.

- Annual Cost Per Research Product & Service: Sum of MERIC total funding (federal grants and state revenue) divided by sum of new research products, presentations, and services in the year.
- Calculated stretch goal of reduced cost of 2% from FY 2023 actual year.
- FY 2020 and FY 2021 actual were lower due to unexpected changes in budget expenditures and staffing. Expenditures per product and service returned to more expected levels in FY 2022 and FY 2023.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.125

Program Name: Research Team - (MERIC)

Program is found in the following core budget(s): Research Team - Missouri's Economic Research and Information Center (MERIC)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MERIC's federal funding from the U.S. Department of Labor comes from the Bureau of Labor Statistics (BLS) and Employment and Training Administration (ETA). The BLS is authorized to collect labor market information pursuant to the 1884 statute (29 USC 1), an Act to Establish the Bureau of Labor, as amended. Section 14 of the Wagner-Peyser Act (29 USC 49 f(a)(3)(D)) authorizes the Secretary of Labor to reimburse the States to provide data for national statistical programs. In addition, both BLS and ETA cite the Workforce Investment Act of 1998 which amended the Wagner-Peyser Act by adding a new section 15, "Employment Statistics," which authorizes the Secretary of Labor to "...oversee the development, maintenance, and continuous improvement of a nationwide system of economic statistics..." as authorization for their programs.

6. Are there federal matching requirements? If yes, please explain.

N/A

7. Is this a federally mandated program? If yes, please explain.

This program is partially federally mandated. The BLS uses a cooperative agreement to fund cooperative statistical data collection programs, pursuant to the Federal Grant and Cooperative Agreement Act of 1977 (31 USC 6301-08). The specific statistical programs and program requirements funded through this Collective Income Group Cooperative Agreement are described in ongoing work statements with the states. In a similar fashion, ETA instructions for use of its funding are detailed to states in the annual Training and Employment Guidance Letter for the Workforce Information Grant to States.

However, the federal mandates associated with this program detail only a limited portion of the actual work activity and services provided. The program also provides for state-specific research needs, leveraging the unique access to data provided by the federal mandates. Types of state-specific support include research support of various state-led task forces and initiatives, high-demand programs, critical research support in the state's effort to be the Best in the Midwest, and assistance to legislative offices and other state-funded agencies in support of their missions.

2. CORE DESCRIPTION

The Workforce Innovation and Opportunity Act (WIOA) provides the framework and funding for a national workforce preparation and employment system designed to meet the needs of businesses and job seekers. WIOA programs and services are delivered statewide through the Local Workforce Development Boards, in accordance with federal and state statutes. The State of Missouri is obligated to distribute WIOA funds to sub-recipients, including the Local Workforce Development Boards. The Wagner-Peyser Act of 1933 (WP) is also administered by the division. WP funds provide labor exchange services, which are no fee employment services to individuals seeking employment and employers recruiting workers. In addition, this core supports special projects related to labor exchange, including Missouri's Certified Work Ready Communities (CWRC) initiative. The CWRC initiative helps develop a workforce with the fundamental skills required to successfully support business in today's economy, attract new business and develop a strong talent pipeline for the state's growth nationally and globally. This core also includes other federal and employment and training funds that complement the workforce system. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.

- There are one-time funds of \$5.4 million that have been removed from the FY 2025 budget. This includes: \$1,000,000 St. Louis Job Training, \$300,000 MO Works Pre-Apprenticeship, \$100,000 Pre-Apprenticeship Kansas City, \$300,000 NGA Geospatial, and \$1,000,000 AccessPoint.

- A core reduction of \$25,595,665 of federal funds has been done to more accurately reflect available federal funds.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

Funding is intended for a nonprofit organization located in a city not within a county that provides youth and their families with mentorship as well as virtual or in-person educational opportunities relating to college preparedness, workforce development, and character preparation to foster academic success.

One-time funds for FY 2024 have been removed from the FY 2025 budget.

3. PROGRAM LISTING (list programs included in this core funding)

Future In Action offers education and training for youth and adult learners to gain the knowledge, skills, and abilities needed to achieve optimal success in their life endeavors. The goal is achieved in 3 ways.

- * College and Career Readiness - providing students and parents a structured approach to exploring the techniques and strategies to navigate high school and post-secondary education.
- * Professional Development - student-focused educators that combine leading technology with expert instruction, making high-quality education accessible to everyone.
- * Personal Enrichment - offers a variety of continuing education programs to foster personal advancement.

2. CORE DESCRIPTION

Funding will be used, through vendors, to provide Missouri residents with computer programming and coding training that is free to the participant. This General Revenue appropriation authority will ensure the participants are career ready for computer programming jobs in the state. Last year 205 participants were served, as self-reported by LaunchCode, the only recipient of this funding in FY 2023. In FY 2024, this appropriation was increased to \$1,000,000 provided the program be available to more than one vendor and payments to a single vendor shall not exceed \$500,000. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.

3. PROGRAM LISTING (list programs included in this core funding)

Computer Programming Apprenticeships

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit <u>55753C</u>
Office of Workforce Development	
Core: Computer Programming Apprenticeships	HB Section <u>3.130</u>

2. CORE DESCRIPTION

The Office of Workforce Development (OWD) has been building the apprenticeship model in Missouri for several years, achieving the status of #3 in the nation for the number of apprentices. Apprenticeships serve two purposes 1) providing training and work experience for individuals, leading to long-term employment and family-sustaining wages; and 2) ensuring employers will have workers with the skillsets to meet their business needs as they serve their customers. The OWD would distribute funds through community colleges, local workforce development boards, high schools, and community development organizations to expand certified pre-apprenticeships and registered apprenticeships to Missouri citizens. The focus would be in both traditional and nontraditional apprenticeships. Growth in target in-demand occupations will include construction trades, IT, manufacturing, and healthcare, including public health care. Due to limited federal funds, this program cannot operate to its fullest potential. The reference for Registered Apprenticeship Programs is 85 FR 14386.

For the FY 2024 budget, OWD requested general revenue funding to provide a stable funding stream rather than relying on competitive grants as done so in the past. Instead, the request was approved with the use of federal dollars, and while OWD had spending authority, the funds were not available.

An NDI for a fund switch from federal to general revenue is being requested for this program.

CORE DECISION ITEM

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s):

3.130

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

1a. What specific priority does this program address?

Meaningful Work

1b. What does this program do?

- Workforce Programs provide skill development, workforce preparation and job placement services to unemployed and under-employed individuals to ensure they are no longer solely reliant on public assistance. The participant may visit one of the Missouri Job Centers or the self-serve website, jobs.mo.gov.
- Workforce Programs provide business services to employers, assisting them to develop and maintain a workforce.
- These funds are primarily federal pass through dollars distributed according to federal and state regulations to subrecipients, primarily the Local Workforce Development Boards.

2a. Provide an activity measure(s) for the program.

	FY 2021		FY 2022		FY 2023		FY 2024	FY 2025	FY 2026
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Total Participants Served	108,445	68,381	71,800	64,521	64,771	70,971	73,100	76,024	79,825
Participants Served-In Person	54,161	28,592	30,022	43,659	43,735	52,911	54,498	56,678	59,512
Participants Served-On Line	54,284	39,789	41,778	20,862	21,149	18,060	18,602	19,346	20,313

Actual FY 2023 data is reported as of 4th Quarter FY 2022, the most current data available as of this submission. Updates reflecting final year-end performance will be made for the December budget submission.

*Number of individuals served represents customers receiving a service through the Missouri Job Centers and our self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. COVID office closures directly affected the number services provided during FY 2021.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2023 thru FY 2025 are estimated to increase by 3%, 4%, and 5% respectively.

Participant data was queried from customer data through MoPerforms.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.130

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

2b. Provide a measure(s) of the program's quality.

	FY 2021		FY 2022		FY 2023		FY 2024	FY 2025	FY 2026
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Employer Satisfaction Rate	98%	96%	98%	91%	98%	96%	98%	98%	98%

*Percentage of surveyed employers satisfied with the workforce services received through staff assistance. 662 employers participated in the survey for FY 2023.

2c. Provide a measure(s) of the program's impact.

Actual FY 2023 data is reported as of 4th Quarter FY 2023, the most current data available as of this submission. Updates reflecting final year-end performance will be made for the December budget submission.

*Percentage of job seekers enrolled in the Wagner Peyser program employed 6 months after receiving workforce services. The Wagner Peyser program establishes and supports the job centers and job center services.

**Workforce Development's federally negotiated rate for FY 2023-2024 is 67%.

*** FY2022 median employment rate (most recent) for program participants in the 14 Midwestern Missouri Job Center Connect Connect comparative states. Source: USDOL

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.130

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

2c. Provide a measure(s) of the program's impact. (Continued)

Actual FY2023 wage is reported as of 4th Quarter FY2023, the most current data as of this submission. Updates reflecting final year-end performance will be made for the final budget submission.

* This graph represents participants' wages in the Wagner-Peyser program. The Wagner-Peyser program establishes and supports the job centers and job center services.

**To put a dollar value on these rankings, you have to depend on ranges. There are too many variables, including whether you're single or living with someone, whether you have kids, and other considerations. With that in mind, the average cost to live in the state of Missouri lies between \$2,202 and \$6,411 per month. Kansas City falls between \$2,281 and \$6,768. Living in St. Louis ranges roughly from \$2,307 to \$6,680.

*** FY 2022 median wage (most recent) for program participants in the 14 Midwestern Missouri Job Center Connect comparative states. Source: USDOL

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s):

3.130

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

2d. Provide a measure(s) of the program's efficiency.

*Overall cost per person receiving workforce services (adult population).

**Our services are more intensive and with the changes made to the co-enrollment process, we anticipate a higher cost per participant in the future.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*GR expenditures reflect statutory three percent reserve.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s):

3.130

Program Name: Workforce Programs

Program is found in the following core budget(s): Workforce Programs

4. What are the sources of the "Other " funds?

Special Employment Security Fund (0949)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal Statute - Public Law 113-128 and Public Law 114-27 for Trade Adjustment Assistance Reauthorization Act (TAARA) of 2015.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

This program is federally mandated through the Workforce Innovation and Opportunities Act (WIOA) and the Trade Adjustment Assistance Reauthorization Act of 2015, and is designed to aid states and local communities in developing workforce investment systems that benefit both job seekers and employers.

Apprenticeship Missouri	DI# 1555025	HB Section <u>3.130</u>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of

The Apprenticeship Missouri request is to change funding sources from OWD's existing federal funds to General Revenue. Prior to FY24, funding for staff and outreach was achieved through competitive federal grants, and was changed to use OWD's existing federal budget authority beginning in FY24. While it may appear that OWD has federal funding available, the budget represents spending authority, not actual dollars. Federal funding for workforce programs has decreased over the past few years, and most of the funds are dispersed to the local workforce development boards and projects to support the workforce system. Funding Apprenticeship Missouri with GR would allow OWD to serve more Missourians that otherwise may not be eligible due to federal eligibility requirements.

The Apprenticeship Missouri request is based on historic expenditures and staffing required to operate the program. No new FTE are requested. This NDI will allow for a stable funding stream of General Revenue to continue the development and expansion of the Registered Apprenticeship training model for Missouri's citizens and employers.

<u>Office of Workforce Development</u>	
<u>Apprenticeship Missouri</u> <u>DI# 1555025</u>	<u>HB Section 3.130</u>

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

- * Number of new apprentices
- * Number of new apprenticeships

6b. Provide a measure(s) of the program's quality.

- * Number of active apprentices

6c. Provide a measure(s) of the program's impact.

- * Number of completed apprentices

6d. Provide a measure(s) of the program's efficiency.

- * Cost per participant

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Strategies for growing apprenticeships in Missouri include:

- Focus on in-demand occupation in both traditional and non-traditional apprenticeship environments.

- Foster growth of registered apprenticeships in construction trades, IT, manufacturing, and healthcare, including public healthcare.

- Continue partnering with higher education institutions, local workforce development boards, high schools and career and technical education centers, and community development organizations to expand access to registered apprenticeship career pathways.

2. THIS REQUEST CAN BE CATEGORIZED AS:

<input type="checkbox"/> New Legislation	<input checked="" type="checkbox"/> New Program	<input type="checkbox"/> Fund Switch
<input type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

As employers seek skilled workers and job seekers look for opportunities, Job Center services tend to be one of the best kept secrets across the state. Funding for outreach will support consistent messaging and increase the visibility of services offered to employers and job seekers as paid advertising reaches more individuals. Messaging in advertising campaigns will resonate and raise awareness of career pathways and the options for education and training for students and adult learners. One focus will be shorter-term credential attainment for Missourians to return to work or advance in high-demand occupations.

Office of Workforce Development		
Connecting Missourians to Work	DI# 1555023	HB Section
		3.130

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Office of Workforce Development, within DHEWD, will use the funds to develop social media, TV, radio ads, and Google ads stressing the importance of obtaining credentials after high school and the services available to Missourians to find work and training. Targeted credentials include shorter term education and training that does not require a 4-year degree. No additional FTE are requested as part of this initiative. Services from the internal DHEWD Communications Team will be utilized to develop content and formulate a plan to maximize the outreach to target audiences.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

- 6a. Provide an activity measure(s) for the program.**
- * Number of people reached via paid advertisement (reach, impressions, clicks, watch time for videos, bounce rates on web sites)
 - * Number of engagements on social media posts (shares, likes, clicks, comments)
 - * Number of people clicking on and completing inquiry forms on the Department website requesting Job Center services
 - * Number of people accessing Job Centers

- 6b. Provide a measure(s) of the program's quality.**
- * Increase in engagement on posts shows engaging and informative content
 - * An increase in the number of Job Center visits, downloads, and registration of the mobile application, and website inquiry forms submitted shows information is communicated accurately and driving people to take next steps

- 6c. Provide a measure(s) of the program's impact.**
- * Number of people enrolling in services at Missouri Job Centers

- 6d. Provide a measure(s) of the program's efficiency.**
- * Increase in Missouri labor force participation would indicate people are accessing information and entering or returning to the workforce
 - * Number of people enrolled in colleges and universities would show that learners of all age groups understand the importance of education/training (potentially due to awareness campaigns)

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Developing marketing campaigns around services offered to individuals, extra support in finding the right job for existing skillsets, and the training and education resources that may be available to Missourians is crucial in meeting the state's workforce needs. Advertising may be in many forms such as TV, radio, social media, and Google ads.

Funding will be used to deliver a consistent message about Job Center services offered statewide, as well as messaging targeted to the specific industry and occupational needs regionally.

2. CORE DESCRIPTION

This program established a nursing simulation laboratory facility to enhance and expand nursing education and development opportunities through an online statewide nursing education program.

The FY 2024 appropriation of \$1,000,000 was a re-appropriation of FY 2023 funds that were not fully expended due to construction and shipping delays. The one-time funds are being removed for FY 2025.

3. PROGRAM LISTING (list programs included in this core funding)

2. CORE DESCRIPTION

The Precision Health and Agricultural Science-Science to Jobs (S2J) statewide program is designed to increase collaboration and workforce opportunities via industry immersion in precision health and agricultural sciences in collaboration with Missouri Southern State University (MSSU), Missouri Southern Center for Advanced Professional Studies (MOSO CAPS), Missouri Biotechnology Association (MOBIO), and Missouri Western State University (MWSU). The program will create connections and exposure for K12 students and classroom teachers to help educate the workforce of tomorrow through career-focused activities in high-skill, high-demand jobs, industry partner tours/experiences, and summer academies. Promoting acceptance and career opportunities among underserved populations, including inner city and rural Missouri, will increase awareness and advance workforce development and support of the life sciences industry.

3. PROGRAM LISTING (list programs included in this core funding)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.133

Program Name: Precision Health and Agricultural Science Program

Core: Precision Health and Agricultural Sciences

1a. What strategic priority does this program address?

MDHEWD Strategic Initiative: Access: Expand opportunities for youth through partnership programs.

MDHEWD Strategic Initiative: Science, Technology, Engineering, and Mathematics (STEM): The Missouri Department of Higher Education and Workforce Development is committed to improving education and supporting development of industry in the critical mathematics, engineering, technology, and science (STEM) fields.

MSSU: Goal 3.1: Collaboration with community businesses and organizations will build reciprocal relationships to promote experiential learning for students and to meet professional needs.

1b. What does this program do?

The Precision Health and Agricultural Science-Science to Jobs (S2J) statewide program is designed to increase collaboration and workforce opportunities via industry immersion in precision health and agricultural sciences in collaboration with Missouri Southern State University (MSSU), Missouri Southern Center for Advanced Professional Studies (MOSO CAPS), Missouri Biotechnology Association (MOBIO), and Missouri Western State University (MWSU). The program will create connections and exposure for K12 students and classroom teachers to help educate the workforce of tomorrow through career-focused activities in high-skill, high-demand jobs, industry partner tours/experiences, and summer academies. Promoting acceptance and career opportunities among underserved populations, including inner city and rural Missouri, will increase awareness and advance workforce development and support of the life sciences industry.

2a. Provide an activity measure(s) for the program.

The program will engage participants with two to three touchpoints through the MOBIO Immersion Trailer, MOBIO Porta Labs, MOBIO Industry Bus Tours, Industry Partner Tour and Experiences, and/or MSSU Summer Academies to increase awareness in advanced workforce development and support of life sciences industry.

2b. Provide a measure(s) of the program's quality.

Provide quarterly narrative report on the outcomes of each collaborative partner's progress and impact. Provide equitable access to 100% of the K12 students and teachers in the career fields of precision health and agricultural science through profession-based learning opportunities based on academic research and guidance from experts in the field.

2c. Provide a measure(s) of the program's impact.

Track the number of participants at each S2J activity, event, and experience with a goal to increase the number of participants from the beginning to the end of the grant period. Throughout the project, assess and review activities and project outcomes with ongoing refinement of the program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.133

Program Name: Precision Health and Agricultural Science Program

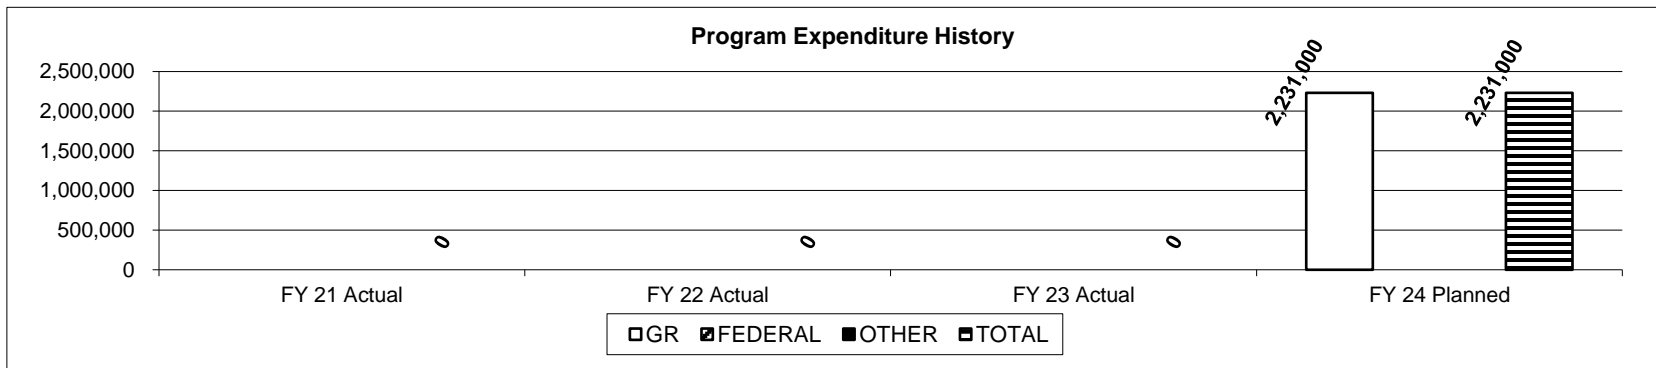

Core: Precision Health and Agricultural Sciences

2d. Provide a measure(s) of the program's efficiency.

Data driven analysis of the number of actual participants to the number of potential participants by region based on K12 student enrollment. Complete a statistical review of K12 faculty engagement.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

(Note: Amounts do not include fringe benefit costs.)

This program is new for FY 2024, no prior year data is available. The FY 2024 planned spending is net of the 3% statutory reserve.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

None

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

This request is for continuation of the core funding for Missouri University of Science and Technology (Missouri S&T) to continue its partnership with southwest Missouri secondary schools to increase the number of school districts utilizing Project Lead the Way (PLTW) and to provide further information to students regarding the importance of STEM education and the potential for future careers. This funding also helps school districts offset the costs associated with this program and serves as a state match for potential federal grant money.

PLTW depends not only on rigorous and relevant pre-engineering and science curricula, but also on trained teachers to instruct the next generation of scientists and engineers. As a leading partner university, Missouri S&T will facilitate teacher training, provide supplemental professional development, and provide information on STEM education and careers for teachers, counselors and administrators throughout southwest Missouri. PLTW students (taught by PLTW teachers) are also exposed to STEM careers through professionals from local industries who supplement the curriculum through mentorships and workplace experiences.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.135

Program Name: University of Missouri

Program is found in the following core budget(s): Missouri S&T Project Lead the Way

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

Missouri University of Science and Technology will partner with Missouri secondary schools to increase the number of school districts utilizing Project Lead the Way (PLTW). This will include sponsorship of selected economically disadvantaged schools to pay basic PLTW fees.

PLTW helps students understand that STEM education is relevant in their lives and see potential for future careers. PLTW depends not only on rigorous and relevant pre-engineering and science curricula, but also on trained teachers to instruct the next generation of scientists and engineers. As a leading partner university, Missouri S&T will facilitate teacher training, provide supplemental professional development, and provide information on STEM education and careers for teachers, counselors and administrators throughout the Midwest. PLTW students (taught by PLTW teachers) are also exposed to STEM careers through professionals from local industries who supplement the curriculum through mentorships and workplace experiences.

The national PLTW emphasis has changed from a rural STEM focus to metropolitan STEM requiring slight changes to the program . The new emphasis incorporates the previous focus of building successful partnerships with Missouri schools with the addition of partnerships with Kansas City area businesses who can support PLTW instruction. This program will help selected economically disadvantaged schools to either begin or continue to participate in PLTW.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.135

Program Name: University of Missouri

Program is found in the following core budget(s): Missouri S&T Project Lead the Way

2a. Provide an activity measure(s) for the program.

In FY 2017, a \$400,000 line-item appropriation was provided to fund Project Lead the Way in a 10 county area (Carter, Douglas, Howell, Oregon, Ozark, Reynolds, Shannon, Texas, Wayne, and Wright). This \$400,000 was reduced to \$113,000 by state appropriation withholdings that year. Subsequent year funding has been unstable. However, as of May 2023, all 10 counties have received initial funding with all 42 or 100% of the school districts receiving funds impacting 9,310 students.

The national PLTW emphasis has changed. This will impact future data items to be used to measure participation:

	<u>FY 2022 *</u>	<u>FY 2023 *</u>
Teachers & Counselors attending core training	28-32	32-36
Teachers pursuing graduate level credit	28-32	32-36
Teachers & Counselors attending professional development	28-32	36-40
Students Impacted	8,000	9,900

**Target assumes fully funded.*

2b. Provide a measure(s) of the program's quality.

Participants in both PLTW core training and who pursue supplemental professional development at Missouri S&T will be surveyed as to the quality of PLTW content, the quality of supplemental professional development through Missouri S&T, and knowledge gained through interactions with Missouri S&T.

A key measure of quality comes from progress in education as relayed to us by the school districts:

"Our district will purchase robotic kits, consumable supplies, engineering kits and greenhouse materials for our after school program for grades 3-5. Course materials for STEM classes will be purchased along with computer program technology, model engines, electrical circuits, DNA testing supplies, Math manipulatives and calculators for our 6-12 graders." Total impact 355 students Bunker Hill R-III School District \$10,000.

"High school math classes will integrate technology into the math classroom with a set of chrome books. Elementary science will purchase a 3D printer for use in science." Bakersfield R-IV School District \$10,000

"We would utilize the funding to implement the Project Lead the Way LAUNCH program in grades K-5. The money would be used to train 3 teachers as LAUNCH instructors. Following this, one of the teachers will implement instruction for students in grades 4 and 5 during the After School Stem Academy...STEM classes will be implemented on a rotational basis to students in grades K-5 by the remaining 2 teachers. An additional 2 teachers will receive PLTW LAUNCH lead teacher training the following year. Of course, supplies and equipment for the modules will also be purchased utilizing the grant monies." Thayer R-II School District, \$20,000

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.135</u>
Program Name: University of Missouri	
Program is found in the following core budget(s): Missouri S&T Project Lead the Way	

2c. Provide a measure(s) of the program's impact.

Participants in both PLTW core training and who pursue supplemental professional development at Missouri S&T will be surveyed as to the effectiveness and quality of PLTW content and knowledge gained through interactions with Missouri S&T.

Missouri S&T will seek input from other partner associations to measure the impact of what Missouri S&T is doing relative to this program. Partner associations will include the KC STEM Alliance, STEMSTL, and partner businesses associated with both PLTW and Missouri S&T.

Missouri S&T is also conducting research to show the impact of the PLTW curriculum on the success of students who were in PLTW in high school compared to their academic success, retention, and eventually completion rates at Missouri S&T, compared to students who did not have PLTW experience.

2d. Provide a measure(s) of the program's efficiency.

Number of teachers from new sponsored schools who took advantage of PLTW training because of newly sponsored PLTW membership, which will be measured as the number of teachers trained and dollar amount spent on sponsorship.

	FY 2020	FY 2021
New Teachers	30	32
Monies Spent on Sponsorship	\$180,000	\$242,500
* No funding in FY18 AND FY21		

The number of PLTW core trained teachers seeking graduate level credit compared to the number of teachers in PLTW core training.

	FY 2020	FY 2021
PLTW Core Trained Teachers	590	610
Teachers Expressing Interest in Graduate Level Credit	112	180
Teachers Completing Graduate Level Credit	92	110

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.135

Program Name: University of Missouri

Program is found in the following core budget(s): Missouri S&T Project Lead the Way

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*Net of 3% Statutory Reserve.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri University of Science and Technology is a component of the University of Missouri and falls under Section 172.010 - 172.950, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No, however the goal is to have this program provide matching funds to leverage federal grant support.

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The core appropriation provides aid to community colleges. This request is a continuation of the community college base state aid appropriation consisting of general revenue and lottery funds totaling \$173,193,756. Included in this core is \$4,396,718 for maintenance and repair (M&R) purposes. In order to be eligible for state funds for maintenance and repair, local matching funds must be provided on a 50/50 state/local match rate.

CORE DECISION ITEM

Department of Higher Education and Workforce Development
Division of Community Colleges
Core - Community College Appropriations

Budget Unit 55770C
HB Section 3.140

Missouri's community colleges served 44,637 students in the fall of 2022 (full-time equivalent enrollment), and granted 15,129 degrees and certificates in 2021-2022. After graduation, 92.0 percent of graduates who took an exam for professional licensure or certification successfully passed.

	(1)	(1)	(2)	(3)

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

- NOTES:**
- (1) The FY 2021 appropriations include the federal stimulus funds for COVID-19 related expenditures. These funds were removed from the FY 2022 Budget as these funds are empty one-time appropriations.
 - (2) FY 2023 includes a 5.4% CPI Core increase. FY 2023 also includes \$10 million one-time general revenue funds.
 - (3) FY 2024 appropriation includes a 7% CPI increase. FY 2023 one-time funds of \$10 million have been removed from the FY 2024 budget request.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.140

Program Name: Community College Appropriations

Program is found in the following core budget(s): Community College Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

State appropriations are allocated to each of Missouri's 12 public community college districts according to a distribution model agreed upon by the colleges and the Missouri Department of Higher Education and Workforce Development. State appropriations support community colleges in their mission to provide increased educational attainment, to increase the availability of skilled workers, and prepare students for transfer to four-year institutions. Community colleges award certificates and associate degrees as well as non-credit workforce training credentials, and are generally open admission, although certain programs may have additional pre-requisites. Beginning in 2021-2022, some community colleges began offering baccalaureate level programs in some subject areas as approved by the CBHE.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at Missouri community colleges.

Data from EMSAS

A decline has been occurring over the last decade due to Post-Great Recession and Missouri high school graduates has been declining in recent years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

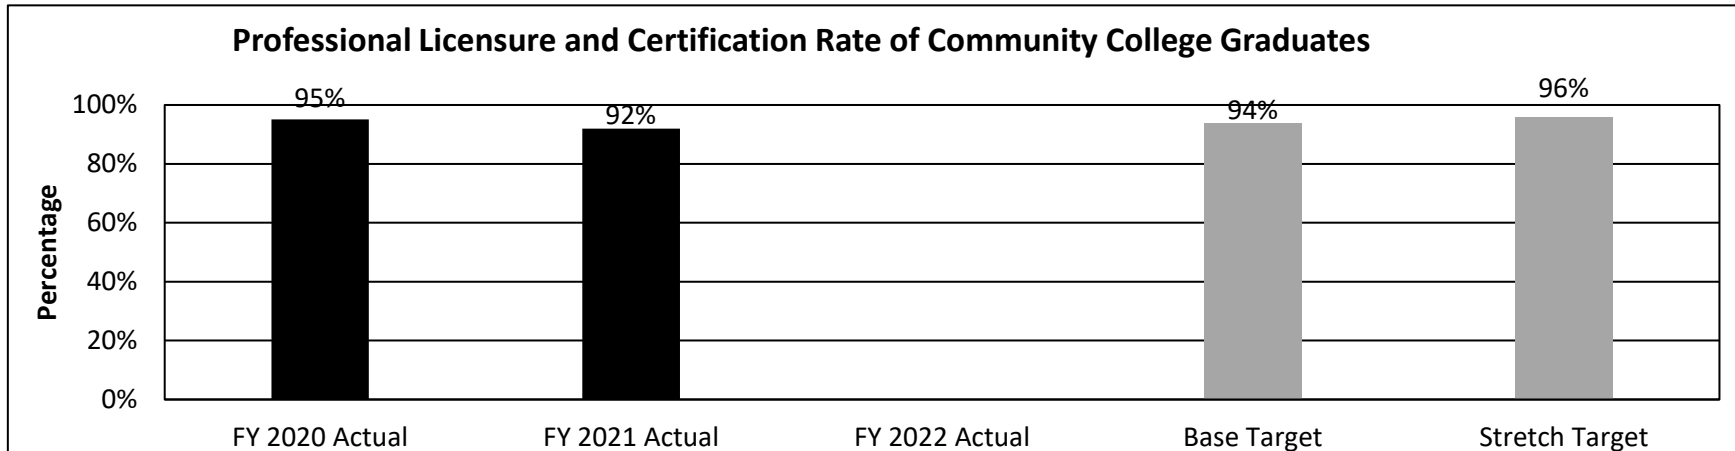

HB Section(s): 3.140

Program Name: Community College Appropriations

Program is found in the following core budget(s): Community College Appropriations

2b. Provide a measure(s) of the program's quality.

Professional licensure and certification success rates

Data from institutional reporting.
FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from institutional reporting.
FY 2022 data will not be available until December 2023.

Note: A transfer is a student who did not graduate within three years of first-time enrollment, but did enroll in a four-year institution.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.140

Program Name: Community College Appropriations

Program is found in the following core budget(s): Community College Appropriations

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education and General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting.

FY 2022 Data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.140

Program Name: Community College Appropriations

Program is found in the following core budget(s): Community College Appropriations

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Maintenance and repair (M&R) expenditures are not reflected in these totals; they are included in the M&R Program Description that follows. The FY 2023 expenditures include a 5.4% CPI increase plus a \$10 million one-time appropriation. The FY 2024 planned expenditures include a 7% CPI increase. Debt Offset has its own CORE sheet.

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 163.191.1, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.140

Program Name: Community Colleges Maintenance and Repair

Program is found in the following core budget(s): Maintenance and Repair for Community Colleges

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

Section 163.191.6, RSMo, directs the Coordinating Board for Higher Education (CBHE) to provide reimbursement for specific maintenance, repair, and equipment projects at specific community college districts, in an amount of fifty percent of the cost of a given project as approved by the CBHE. Only salaries or portions of salaries paid which are directly related to approved projects may be included as eligible maintenance and repair match. Each community college must provide proof that a fifty percent share of the cost for maintenance and repair projects has been provided by the district.

2a. Provide an activity measure(s) for the program.

N/A

2b. Provide a measure(s) of the program's quality.

N/A

2c. Provide a measure(s) of the program's impact.

N/A

2d. Provide a measure(s) of the program's efficiency.

N/A

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The community colleges are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, community colleges continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, community colleges must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. **State appropriations, as a percentage of total revenues for community colleges, dropped from 21.3 percent in FY 2017 to 18.9 percent in 2022.**

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development

Budget Unit 55770C

Division of Community Colleges

Community Colleges - Core CPI Increase **DI# 1555001**

HB Section 3.140

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Rather, community colleges, while grateful for recent increases, remain below FY 2010 TAFP funding levels by 1.8% overall.

The inflationary factor of 5 percent was approved by the Coordinating Board of Higher Education and is applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. **A total of \$8,659,688 is recommended for community colleges;** \$45,103,737 for public universities; and \$452,825 for the State Technical College of Missouri. The combined total new decision item for all three sectors is \$54,216,250.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 5 percent increase, **a total of \$8,659,688 is needed for community colleges;** \$45,103,737 for public universities; and \$452,825 for the State Technical College of Missouri. The combined total for all three sectors is \$54,216,250.

NAME	FY 2024 Core Budget	5% INFLATION	FY 2025 New Core*

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Inflationary increases for each sector will allow institutions to stabilize investments and retain staff needed to maintain or continue to improve their performance on measures related to student retention, completion, and employment. DHEWD over the past several years has worked cooperatively with public institutions to improve performance in these areas. Examples include:

Best Practices in Remediation: Another encouraging success achieved through these efforts is that fewer students are identified as requiring remediation, for both math and English. The percentage of students requiring remedial math has decreased from 17.6 percent (fall 2017) to 11.0 percent (fall 2022), and the percentage requiring remedial English decreased from 10.1 to 7.1 percent. In addition, the types of remediation courses are changing. Instead of a series of prerequisite remedial courses students need to complete before enrolling in the college-level course, corequisite remediation (or just-in-time remediation) allows students to enroll directly in the college-level course and receive supports in real time, as they are needed.

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student's program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor's degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were down 2.8 percent from 2016-17 through 2021-22, although full-time enrollment also declined significantly during the same period. Minority completions were up 19.4 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.7 to 58.6 percent from 2016-17 through 2021-22, and the community colleges and State Technical College collectively increased from 25.4 percent to 33.3 percent.

2. CORE DESCRIPTION

The CBHE is responsible for reviewing the institutional budgets and preparing appropriation recommendations annually for the State Technical College of Missouri.

According to Missouri statutes, "State Technical College of Missouri shall be a special purpose institution that shall make available to students from all areas of the state exceptional educational opportunities through highly specialized and advanced technical education and training at the certificate and associate degree level in both emerging and traditional technologies with particular emphasis on technical and vocational programs not commonly offered by community colleges or area vocational technical schools." Primary consideration shall be placed on the industrial and technological manpower needs of the state. In addition, State Technical College of Missouri is authorized to assist the state in economic development initiatives and to facilitate the transfer of technology to Missouri business and industry directly through the graduation of technicians in advanced and emerging disciplines and through technical assistance provided to business and industry.

	(1) (2)	(2)	(3)	

For FY 2021, an initial restriction of \$219,665 was released on 1/6/21.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

- NOTES:**
- (1) The FY 2021 appropriations included the federal stimulus funds for COVID-19 related expenditures. These funds were removed from the FY 2022 Budget Request as these funds are empty one-time appropriations.
 - (2) No debt offset was intercepted from student income tax refunds for State Technical College.
 - (3) Debt Offset spending authority exceeded actual intercepts.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

State Technical College of Missouri is the state's only statutorily established statewide public technical college. State appropriations support the institution in its mission to provide increased educational attainment, increase the availability of skilled workers, and to provide training in specialized technical and industrial occupations. The State Technical College of Missouri is an associate degree and certificate granting institution with open admission and a mission focusing on access to highly specialized technical education in both emerging and traditional technologies. The State Technical College of Missouri prepares students for profitable employment and a life of learning. Profitable employment is self-employment and entrepreneurship as well as working for an employer.

2a. Provide an activity measure(s) for the program.

Total full-time equivalent enrollment at State Technical College of Missouri.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

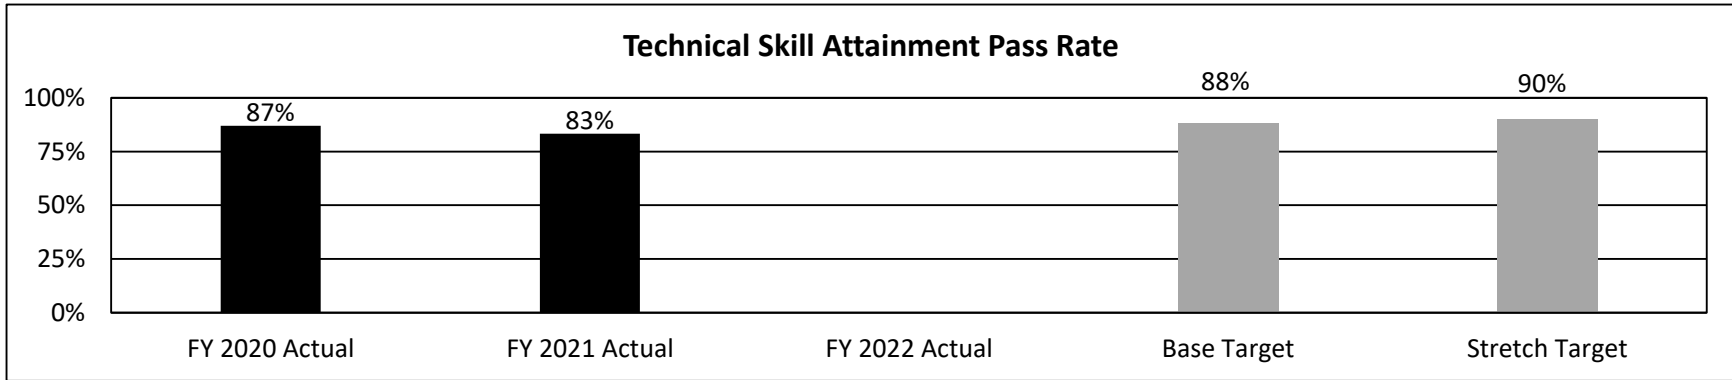

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2b. Provide a measure(s) of the program's quality.

Perkins Reported 1P1 Technical Skill Attainment

Data from institutional reporting
FY 2022 data will not be available until December 2023.

Note: Technical skills attainment is a measure of assessment in the field of concentration for students who have completed a program under the federal Carl D. Perkins Career and Technical Education Act, reauthorized in 2018.

PROGRAM DESCRIPTION

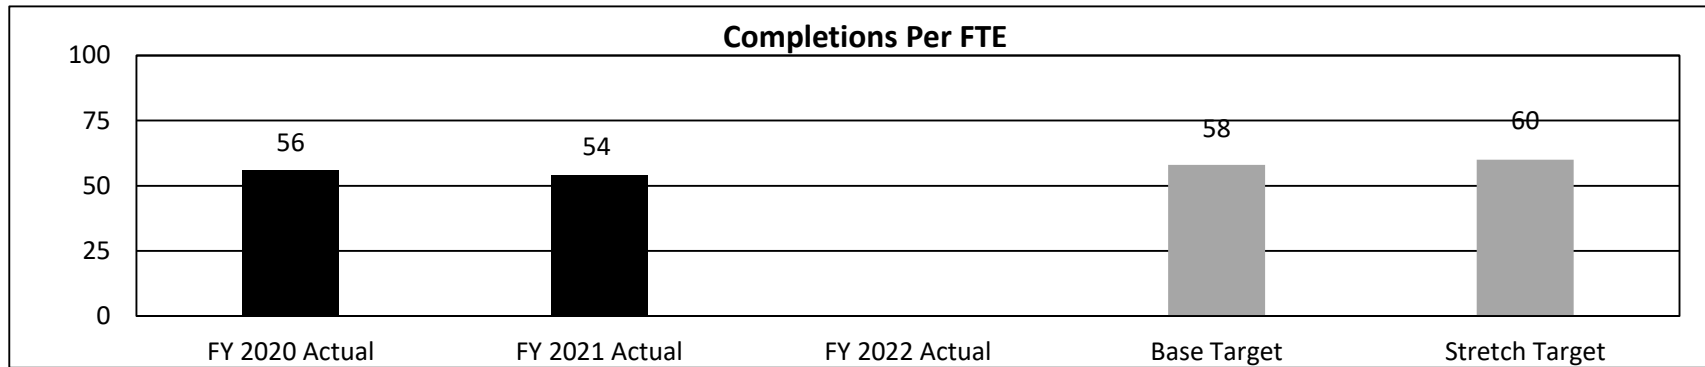

Department of Higher Education and Workforce Development

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completer's in a given year as a ratio of total full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a program would result in a ratio of 25 (25 students per 100). Completer's are weighted extra if they complete in selected STEM or health fields, or were Pell eligible. Some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.145

Program Name: State Technical College of Missouri

Program is found in the following core budget(s): State Aid for State Technical College of Missouri

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291), Debt Offset Escrow (0753)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 178.631, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

State Technical College of Missouri is not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, they continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. **State appropriations, for State Technical College of Missouri, as a percentage of total revenues, dropped from 30.1 percent in FY 2017 to 19.3% in FY 2022.** Although, due to enrollment trends in FY 2022, the institution received a 33.17% increase from FY 2021 (\$2 million increase), this increase was tied to additional enrollments and is unrelated to inflation.

NEW DECISION ITEM
RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	<u>57502C</u>
Division of State Technical College of Missouri		
State Technical College - Core CPI Increase DI# 1555002	HB Section	<u>3.145</u>

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Total core appropriations to State Technical College have increased 49.0 percent since FY 2010, although FTE enrollment has increased 94.8 percent from fall 2009 to fall 2022.

The inflationary factor of 5 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. A total of \$8,659,688 is recommended for community colleges; \$45,103,737 for public universities; and **\$452,825 for the State Technical College of Missouri**. The combined total new decision item for all three sectors is \$54,216,250.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 5 percent increase, a total of \$452,825 is needed for State Technical College of Missouri.

	FY 2023 Core	5% Inflation	FY 2024 New Core

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Inflationary increases for each sector will allow institutions to stabilize investments and retain staff needed to maintain or continue to improve their performance on measures related to student retention, completion, and employment. DHEWD over the past several years has worked cooperatively with public institutions to improve performance in these areas. Examples include:

Best Practices in Remediation: Another encouraging success achieved through these efforts is that fewer students are identified as requiring remediation, for both math and English. The percentage of students requiring remedial math has decreased from 17.6 percent (fall 2017) to 11.0 percent (fall 2022), and the percentage requiring remedial English decreased from 10.1 to 7.1 percent. In addition, the types of remediation courses are changing. Instead of a series of prerequisite remedial courses students need to complete before enrolling in the college-level course, corequisite remediation (or just-in-time remediation) allows students to enroll directly in the college-level course and receive supports in real time, as they are needed.

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student’s program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor’s degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were down 2.8 percent from 2016-17 through 2021-22, although full-time enrollment also declined significantly during the same period. Minority completions were up 19.4 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.7 to 58.6 percent from 2016-17 through 2021-22, and the community colleges and State Technical College collectively increased from 25.4 percent to 33.3 percent.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.150

Program Name: University of Central Missouri

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The request is for core funding for the operation of the University of Central Missouri. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and provide additional training through graduate and professional programs.

The University of Central Missouri is a moderately selective public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include education, computer and information sciences, and health professions. As a moderately selective institution, the University of Central Missouri automatically admits students who achieved a 21 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 100 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 99 or less.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at the University of Central Missouri.

Data From EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.150

Program Name: University of Central Missouri

Program is found in the following core budget(s): Public Universities Appropriations

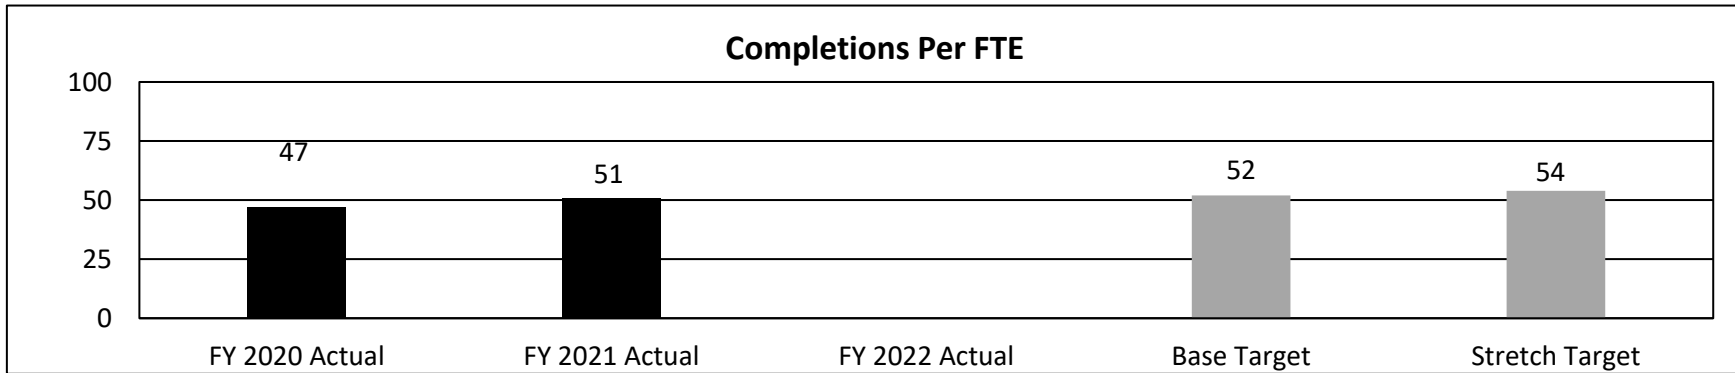

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting
 FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
 FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

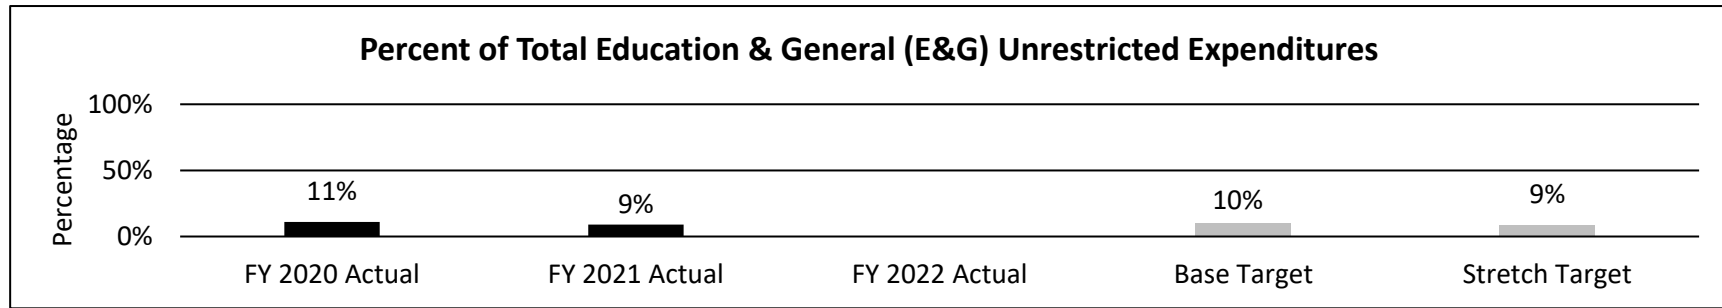

HB Section(s): 3.150

Program Name: University of Central Missouri

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting
FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$53,881,399.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

Section 143.781, RSMo.

Current appropriation authority for payment of income tax refunds set off against debt owed to Southeast Missouri State University (SEMO) by state taxpayers is \$225,000. In FY 2023, SEMO used all their appropriation authority; therefore, they were not able to collect on remaining funds at fiscal year end. Southeast Missouri State University anticipates increased growth in the amount of refunds intercepted and payable to the institution which may exceed the current \$225,000 appropriation threshold.

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	57531C
Division of Four-year Universities		
Tax Refund Offset - Southeast Missouri State Univ DI# 1555022	HB Section	3.155

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on SEMOs available collections in FY 2023 exceeding appropriation authority and the potential growth in the amount of refunds intercepted and payable to the institution, Southeast Missouri State University anticipates that an additional \$25,000 will be sufficient to cover reimbursements to the institution.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$110,434,978.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.160

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This request is for core funding for the operation of Missouri State University, which includes campuses in Springfield and West Plains. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and provide additional training through graduate and professional programs.

Missouri State University's Springfield campus is a selective public degree-granting institution that offers undergraduate, graduate and professional programs. Top areas of study include business management and marketing, education, and health professions. As a selective institution, Missouri State University automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less. The MSU-West Plains campus is a two-year institution that offers associate degrees, certificates, and non-credit workforce training credentials. MSU-West Plains is an open enrollment institution, although certain programs may have additional pre-requisites.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at Missouri State University.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.160

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or state-recognized assessment of professional or occupational licensure.

Data from institutional reporting
FY 2022 data will not be available until December 2023.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.160

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.160

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

2c. Provide a measure(s) of the program's impact. (Continued)

Data from IPEDS and institutional reporting
 FY 2022 data will not be available until December 2023.

Note: A transfer is a student who did not graduate within three years of first-time enrollment, but did enroll in a four-year institution.

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.160

Program Name: Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291); Debt Offset Escrow (0753)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 174, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 143.781, RSMo.

Current appropriation authority for payment of income tax refunds set off against debt owed to Missouri State University (MSU) by state taxpayers is \$500,000. In FY 2023, MSU used all their appropriation authority; therefore, they were not able to collect on remaining funds at fiscal year end. Missouri State University anticipates increased growth in the amount of refunds intercepted and payable to the institution which may exceed the current \$500,000 appropriation threshold.

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	57551C
Division of Four-year Universities		
Tax Refund Offset - Missouri State University	DI# 1555021	HB Section
		3.160

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on MSU in FY 2023 exceeding appropriation authority and the potential growth in the amount of refunds intercepted and payable to the institution, Missouri State University anticipates that an additional \$100,000 will be sufficient to cover reimbursements to the institution.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$22,908,026.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

CORE DECISION ITEM

Department of Higher Education and Workforce Development

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.165

Program Name: Lincoln University

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This request is for core funding for the operation of Lincoln University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Lincoln University is an open enrollment public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include business management and marketing, health professions, agriculture and education. As an open enrollment institution, Lincoln University admits any Missouri resident with a high school diploma or its equivalent as a first time, full time degree-seeking freshman. Open access, however, does not guarantee access to selected programs that may have additional institutionally approved admission criteria.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at Lincoln University.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.165

Program Name: Lincoln University

Program is found in the following core budget(s): Public Universities Appropriations

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting
FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.165

Program Name: Lincoln University

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting
FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.225

Program Name: Lincoln University Land-Grant Match

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Strengthen the university's land-grant missions of agriculture & food research and extension and Increase State land-grant match support

1b. What does this program do?

Lincoln University is an 1890 land-grant institution. The Code of Federal Regulations requires 1890 land-grant institutions to match 100% of the federal appropriations with state resources. These funds (federal and state) are to support food and agriculture research as well as various extension programs across the State of Missouri. Lincoln University Extension Office provides research-based educational programs to Missouri's hard to reach populations, socially vulnerable populations, many of whom are ethnic minorities, who slip through the safety net of educational and other services. Specifically, Extension serves areas such as St. Louis, Kansas City, Jefferson City, and Southeast Missouri. The Research Program conducts cutting-edge research and develop technologies to address emergent, critical issues facing Missouri agriculture industry and communities. Small, limited-resource farmers improve production and increase profits and add to the economy of Missouri. Many limited-resource, minority, socially disadvantaged and beginning farmers have had better access to technical advice on animal and crop production, pest management tools and strategies that are simple, effective, and affordable.

2a. Provide an activity measure(s) for the program.

The identified critical issues and 5-year plan of work for the research and extension programs are required for the USDA-NIFA (National Institute of Food and Agriculture) review and approval. The proposed capacity research and extension projects associated with the critical issues must be submitted for the NIFA review and approval. Annual progress or final report of each research and extension project is required to be submitted. Currently, the Research Program has 28 active, NIFA-approved capacity (Evans-Allen) research projects. There are 29 capacity research projects and extramural grant projects conducted on our three farms. We track and report on a variety of outcomes for each program in operation. These include programs for farmers, Missouri seniors, childhood obesity reduction and nutrition, youth development (e.g. 4H) and other areas.

2b. Provide a measure(s) of the program's quality.

The number of the research and extension projects approved by NIFA, the number of the research and extension articles published, the number of conference, workshop, seminar presentations, the number of conference, workshop, field day, seminar or outreach events organized, the number of people contacted or reached out, the number of extramural-funded grants and agreements received. We track a variety of quality measures such as small farmer satisfaction with our conferences, meetings and workshops, etc.

2c. Provide a measure(s) of the program's impact.

The number of the research and extension projects that address the state's critical needs, the number of the research and extension articles published in peer-reviewed journals, the number of people attending the research and extension events, the number of competitive grants received. There are a variety of measures such as the 39,906 farmers-to-families food boxes delivered by extension services.

2d. Provide a measure(s) of the program's efficiency.

The amounts of the capacity funds used to support the approved, impactful research and extension projects and activities, the amounts of extramural grant funding received to leverage federal and state funding in support of current research and extension programs.

HB Section(s): 3.225

Program Name: Lincoln University Land-Grant Match

Program is found in the following core budget(s): Public Universities Appropriations

Lincoln University Land Grant Funding

State match expenses are based on the 3% statutory reserve. Match amounts vary and these are multi-year grants.

NOTE: Those noted 'as of 9/30/2022' are estimated due to the fact these awards were extended and final reporting has not been completed.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.225

Program Name: Lincoln University Land-Grant Match

Program is found in the following core budget(s): Public Universities Appropriations

As referenced in the chart above, Lincoln University has had to return federal allocations, earmarked for Lincoln University and the State of Missouri, because the University has not received funding from the state as required in the CFR regulations. The university is required to match at 100% but can apply for a waiver. If the waiver is approved, the minimum match is 50%. Any unmatched federal allocations are returned to USDA/NIFA. To ensure that all available resources are fully utilized in the state, additional matching funds must be allocated to Lincoln University. The Federal Funds Returned chart is contingent upon approval of waiver requests. The amount needed to be fully funded is \$12,358,775 million, assuming that the federal allocation does not increase again during the federal budget cycle.

Historically the federal awards have a two year spending period. NIFA extended that timeline to 3 years for the award year 10/1/18-9/30/19, thus final expenses are due 9/30/21. Due to this extension, that year and subsequent years remain as estimated amounts. Effective in the 10/1/20-9/30/21 award year, the Extension award can be spent over a five year period, while the Research program remains a two year award allocation.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.225

Program Name: Lincoln University Land-Grant Match

Program is found in the following core budget(s): Public Universities Appropriations

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

This program is supported by federal appropriations based on the Second Morrill Act of 1890.

6. Are there federal matching requirements? If yes, please explain.

Yes, the land-grant appropriations require a 100% match; please reference CFR Title 7, part 3419. Within the definitions in section 3419.1, matching funds are defined as "cash contributions from non-Federal sources made available by the State to the eligible institutions".

7. Is this a federally mandated program? If yes, please explain.

Yes, according to the Code of Federal Regulations (CFR), Title 7, part 3419, 1890 Land-Grant Institutions are subject to matching requirements. This regulation was enacted in 2000 with a match requirement of 30%, increasing each year to a 100% match requirement in 2007. The CFR allows institutions to apply for a waiver of 50%, but is based on three criteria: 1) Natural disaster, flood, fire, etc. 2) State and/or institution facing a financial crisis or 3) Demonstration of good faith to obtain funds. While the institution has received waivers in the past, waivers are not guaranteed. Lincoln University is an 1890 Land-Grant Institution. The University receives an annual allocation around \$10,131,106. Thus, we must adhere to the matching requirement as specified in the CFR.

<input type="checkbox"/> New Legislation	<input type="checkbox"/> New Program	<input type="checkbox"/> Fund Switch
<input checked="" type="checkbox"/> Federal Mandate	<input type="checkbox"/> Program Expansion	<input type="checkbox"/> Cost to Continue
<input type="checkbox"/> GR Pick-Up	<input type="checkbox"/> Space Request	<input type="checkbox"/> Equipment Replacement
<input type="checkbox"/> Pay Plan	<input type="checkbox"/> Other: _____	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The 1890 Land-Grant Institutions National Program supports the delivery of high quality agricultural research, education, and extension programs and produces skilled graduates in agricultural sciences. Lincoln University (LU) is one of 19 historically black universities that were established as Land Grant Institutions under the Second Morrill Act of 1890. These institutions strengthen research, extension and teaching in the food and agricultural sciences, and attract more students into careers in agriculture, food, natural resources, and human sciences. The federal government is expected to appropriate \$12,358,775 in federal land grant funds to Lincoln University that require a 1:1 match. Currently, LU is appropriated \$10,131,106 in matching funds after the 3% reserve is deducted. That leaves a balance shown here as the necessary federal match required.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Beginning in federal fiscal year 2000, 1890 Land Grant institutions were required to match federal funding allocations with state resources. The Code of Federal Regulations (CFR), Title 7, Part 3419 outlines the matching requirements. LU is estimated to receive \$12,358,774 in federal funds in FY 2024. This would put the current state of \$10,131,106 short of the 1:1 match by \$2,227,668. This request assumes the federal grant amount would stay the same in FY 2025 as FY 2024.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

- 6a. Provide an activity measure(s) for the program.**
- (a) # of external competitive grants submitted by Researchers,
 - (b) # of Capacity Building Grants submitted to USDA/NIFA,
 - (c) # of journal manuscripts submitted for publication.

- 6b. Provide a measure(s) of the program's quality.**
- (a) # of competitive grant awarded,
 - (b) # of CBG awarded,
 - (c) # of manuscripts published

- 6c. Provide a measure(s) of the program's impact.**
- (a) Adaptable practices and change in policies,
 - (b) increase in external collaborations

- 6d. Provide a measure(s) of the program's efficiency.**
- (a) Self-sustaining projects and programming.
 - (b) Self-sustaining services.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$48,922,074.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.170

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The request is for core funding for the operation of Truman State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Truman State University is a highly selective public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include business management and marketing, health professions, and parks and recreation and leisure and fitness studies. As a highly selective institution, Truman State University automatically admits students who achieved a 27 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 140 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 139 or less.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at Truman State University.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

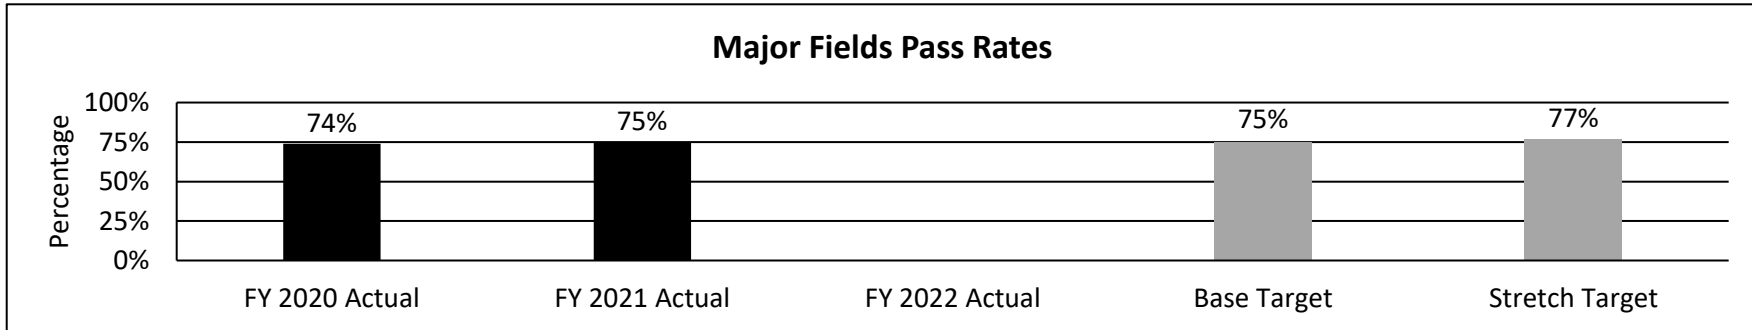

HB Section(s): 3.170

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment in the major field.

Data from institutional reporting
 FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
 FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.170

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting
 FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.170

Program Name: Truman State University

Program is found in the following core budget(s): Public Universities Appropriations

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291); Debt Offset Escrow (0753)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 174, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.175

Program Name: Northwest Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The request for core funding for the operation of Northwest Missouri State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Northwest Missouri State University is a moderately selective public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include education, computer and information sciences, and business management and marketing. As a moderately selective institution, Northwest Missouri State University automatically admits students who achieved a 21 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 100 points. Northwest began piloting test-optional admissions in Fall 2020 and the pilot continues today.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at Northwest Missouri State University.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.175

Program Name: Northwest Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

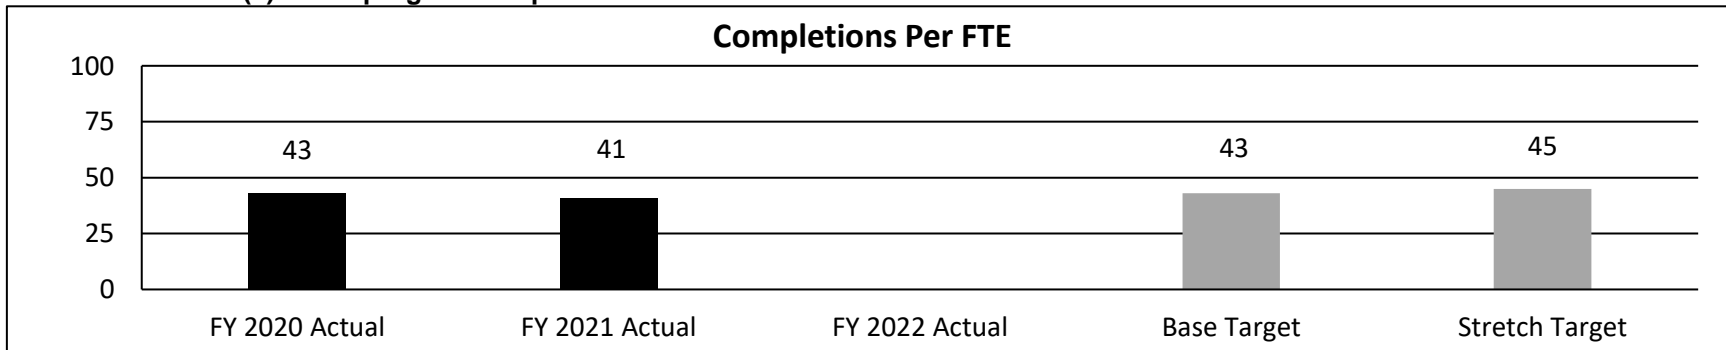

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting
FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

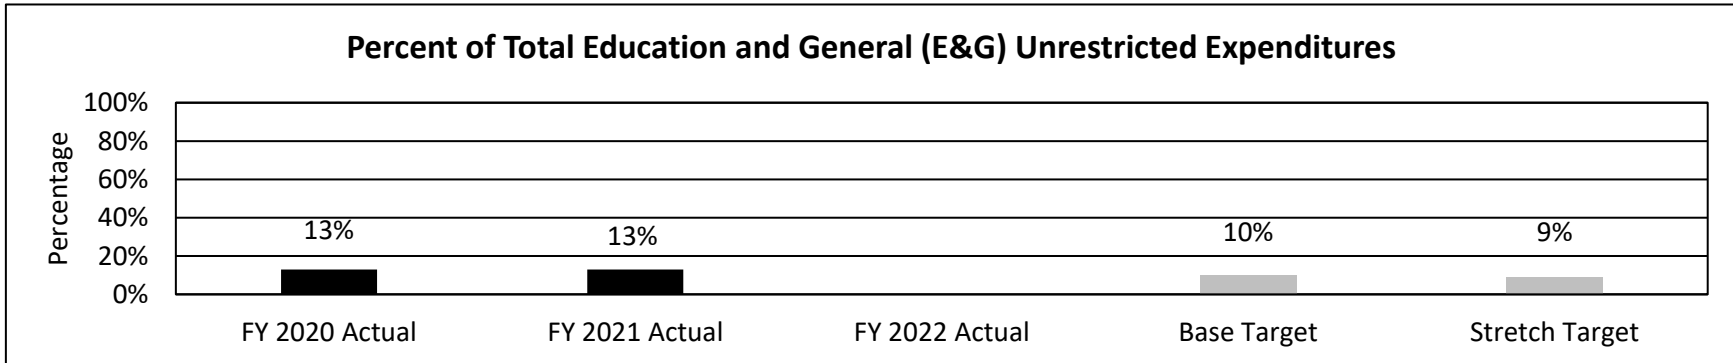

HB Section(s): 3.175

Program Name: Northwest Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education & General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting
FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.175

Program Name: Northwest Missouri State University

Program is found in the following core budget(s): Public Universities Appropriations

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291); Debt Offset Escrow (0753)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 174, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.185

Program Name: Missouri Western State University

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The request is for core funding for the operation of Missouri Western State University. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

Missouri Western State University is an open enrollment public degree-granting institution that offers both undergraduate and graduate programs. Top areas of study include health professions, business management and marketing, and education. As an open enrollment institution, Missouri Western State University admits any Missouri resident with a high school diploma or its equivalent as a first time, full time degree-seeking freshman. Open access, however, does not guarantee access to selected programs that may have additional institutionally approved admission criteria.

2a. Provide an activity measure(s) for the program.

Total fall semester full-time equivalent enrollment at Missouri Western State University.

Data from EMSAS

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

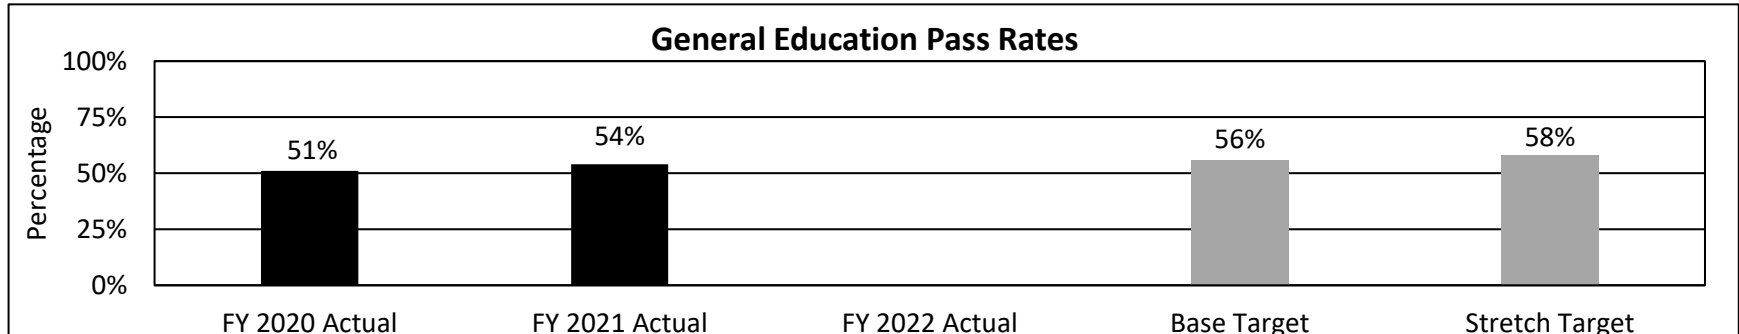

HB Section(s): 3.185

Program Name: Missouri Western State University

Program is found in the following core budget(s): Public Universities Appropriations

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or nationally recognized assessment of general education.

Data from institutional reporting
FY 2022 data will not be available until December 2023.

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

PROGRAM DESCRIPTION

Department: Higher Education Harris Stowe State University

HB Section(s): 3.190

Program Name: Criminal Justice - Urban Policing Program

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

A Blueprint for Higher Education's goal is to produce graduates with high-quality post-secondary degrees and certificates that are valuable and relevant to individuals, employers, communities and the state. Across the country, 86 percent of police departments are dealing with an officer shortage, and with the increasing desire to leave the career that percentage can be larger. HSSU seeks to address the need for professionally trained law enforcement officers.

1b. What does this program do?

Lincoln University and HSSU Partnership continue to provide the training needed for St. Louis City Sheriffs to obtain their Peace Officer Standards and Training (POST) Certification. There were 24 graduates in the first cohort ending May 24, 2022, and 25 graduates in the second cohort ending April 25, 2023. Additionally, HSSU Law Enforcement Continuing Education Training will provide the mandatory ongoing training required by Missouri's Department of Public Safety at no costs to the officer or their department. Training classes are taught on HSSU campus by high-skilled instructors and will be available to all law enforcement in the region.

2a. Provide an activity measure(s) for the program.

Activity measures will be determined by the successful implementation of all new initiatives. Success will be defined by the start and completion of initiatives. Outcomes will be defined quantitatively through the number of community participants, monies spent on initiatives and the amount of personnel needed to oversee initiatives.

2b. Provide a measure(s) of the program's quality.

Quality measures will be determined by assessments completed on all initiatives. Assessments shall be completed by external reviewers and participants to decide if the service provided enhances their professional developments or career advancement. This should determine the longevity of all initiatives.

2c. Provide a measure(s) of the program's impact.

Offering de-escalation and racial bias training that is culturally sensitive for all police departments in the state of Missouri to fulfill continuing education requirements. HSSU seeks to provide professional training that challenges racial, gender, sexuality and mental health biases while building inclusion and preventing harassment and bullying.

PROGRAM DESCRIPTION

Department: Higher Education Harris Stowe State University

HB Section(s): 3.190

Program Name: Criminal Justice - Urban Policing Program

Program is found in the following core budget(s): Public Universities Appropriations

2d. Provide a measure(s) of the program's efficiency.

Partnering with the St. Louis City Sheriff's Department, Missouri Department of Public Safety and Lincoln University Law Enforcement Training Academy to sponsor the post commission certification program. This is a 10 month program which will offer participants commission certification upon completion.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* This is a new program in FY 2022; therefore, prior year expenditures are not available.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.?

N/A

6. Are there federal matching requirements? If yes, please explain.

N/A

7. Is this a federally mandated program? If yes, please explain.

Federal	138,745,625	0	0	N/A
Other	450,006	695,792	455,827	N/A

Note: For FY 2021, an initial restriction was released on 1/6/21.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) The FY 2021 appropriation includes federal stimulus funds for COVID-19 related expenditures.
- (2) FY 2023 appropriation included a 5.4% CPI increase. FY 2023 included \$400,000 one-time Graves-Chapple and \$5,000,000 UM Extension increase appropriations, which were removed for FY 2024.
- (3) FY 2024 appropriation includes a 7% CPI increase and \$5,000,000 MU Extension Council appropriation.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This request is for core funding for the operation of the University of Missouri System. State aid supports public universities in their mission to provide increased educational attainment, increase the availability of skilled workers, and to provide additional training through graduate and professional programs.

The University of Missouri’s vision is to advance the opportunities for success and well-being for Missourians through transformative teaching, research, innovation, engagement and inclusion. In enacting this vision, the University reaches Missourians in all 114 counties in the state with patient care, outreach and extension services. With this statewide emphasis, approximately \$24 million of appropriations provides match to Land Grant federal appropriations and provides for Extension Services in all Missouri counties. Additionally, University of Missouri is the state’s only public research university providing a \$5.4 billion economic impact to the state each year. The addition of the NextGen Precision Health Initiative will be a state-of-the-art facility at the University of Missouri-Columbia available to all UM System researchers. The building is designed with a goal of rapid production of precision health technologies. Approximately \$80 million of the annual appropriation provides for important research and development opportunities to provide for Missouri citizen health and economic needs and advancement. The University educates more than 69,800 students conferring more than 17,900 degrees and certificates annually, which is over 49% of the Missouri four-year public institutions and represents the majority of degrees in the areas of health professions, business and engineering. \$101 million of annual appropriation provides funding for educating future doctors, dentists, pharmacists, optometrists, lawyers, and veterinarians.

There are four campuses in the University of Missouri System: University of Missouri - Columbia, Missouri University of Science & Technology, University of Missouri - Kansas City, and University of Missouri - St. Louis.

The University of Missouri - Columbia is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include business management and marketing, ethnic, cultural, and gender studies, health professions and education. As a selective institution, the University of Missouri - Columbia automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

Missouri University of Science & Technology is a highly selective public degree-granting institution that offers undergraduate, graduate, and doctoral programs. Top areas of study include engineering, engineering technologies and computer and information sciences. As a highly selective institution, Missouri University of Science & Technology automatically admits students who achieved a 27 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 140 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 139 or less.

The University of Missouri - Kansas City is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include health professions, business management and marketing, and computer and information sciences. As a selective institution, the University of Missouri - Kansas City automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman

The University of Missouri - Saint Louis is a selective public degree-granting institution that offers undergraduate, graduate, doctoral and professional programs. Top areas of study include business management and marketing, education, and health professions. As a selective institution, the University of Missouri - Saint Louis automatically admits students who achieved a 24 or better on the ACT (or SAT equivalent), and first-time, full time degree-seeking students and transfer students who have completed 23 or fewer credit hours and attained a combined percentile score (high school and the ACT or SAT percentile rank) that is greater than or equal to 120 points. No more than ten percent of the first time, full time degree-seeking freshman class will have a combined percentile score of 119 or less.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

2a. Provide an activity measure(s) for the program.

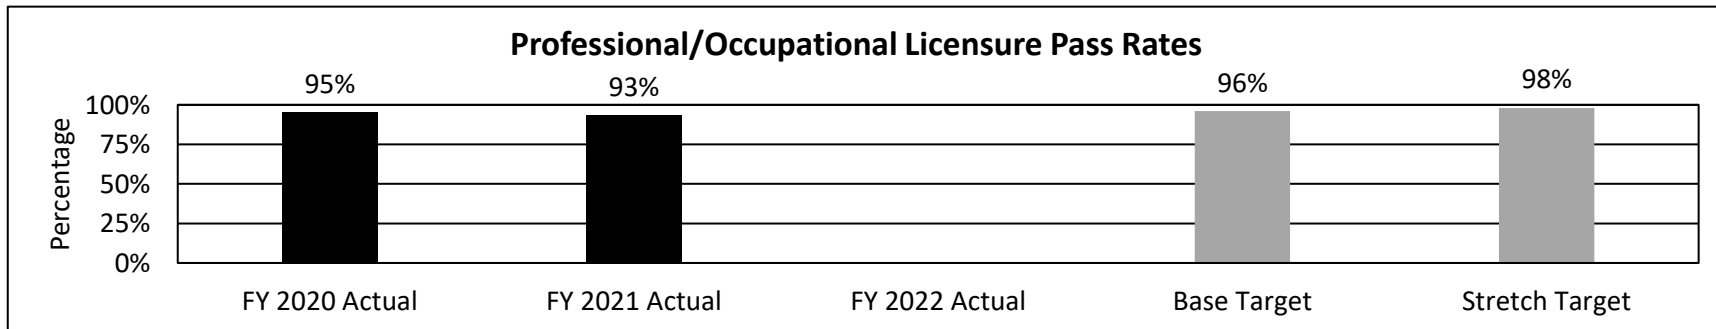

Total fall semester full-time equivalent enrollment at the University of Missouri System.

Data from EMSAS

2b. Provide a measure(s) of the program's quality.

Graduate pass rates, nationally normed or state-recognized assessment of professional or occupational licensure.

Data from institutional reporting
 FY 2022 data will not be available until December 2023.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

2c. Provide a measure(s) of the program's impact.

Data from IPEDS and institutional reporting
 FY 2022 data will not be available until December 2023.

Note: Completions Per FTE is a measure of the number of degree and certificate completers in a given year as a ratio of all student full-time equivalent enrollment, per 100 FTE. One-fourth of students completing a bachelor's degree every year at a four-year institution would result in a ratio of 25 (25 students per 100). Completers are weighted extra if they complete in selected STEM or health fields, or were Pell eligible, and some will have completed shorter-term certificates.

2d. Provide a measure(s) of the program's efficiency.

What percent of total Education and General (E&G) unrestricted expenditures is spent on institutional support?

Data from institutional reporting
 FY 2022 data will not be available until December 2023.

Note: Institutional support includes expenditures for planning and executive direction, such as the governing board, legal services, planning, budgeting, institutional research, and other central executive activities; fiscal operations, including the investment office; employee personnel and records; and support services to faculty and staff not operated as auxiliary enterprises.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.195

Program Name: University of Missouri Campuses

Program is found in the following core budget(s): Public Universities Appropriations

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.
 (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Lottery Proceeds Fund (0291); Debt Offset Escrow (0753)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 172, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.255

Program Name: UMKC Neighborhood Initiative

Program is found in the following core budget(s): University of Missouri - UMKC Neighborhood Initiative

Program is found in the following core budget(s):

	University of Missouri	Total
GR	388,000	388,000
Federal		
Other		
Total	388,000	388,000

Initiative is no longer a separate line item; it was rolled into UM Core in FY 2019.

1a. What strategic priority does this program address?

Research, Outreach, Economic Development

1b. What does this program do?

The program works with neighborhood leaders, campus partners and community stakeholders to build the capacity of volunteer neighborhood leaders and organizations in the Kansas City region. The center partners with faculty, staff and students to increase access to data and information for local community organizations. This appropriation allows the UMKC Center for Neighborhoods (CFN) in the Department of Architecture, Urban Planning and Design, to meet the critical needs of neighborhoods through technical assistance, capacity building, neighborhood planning and organizational assistance. The center provides a one-stop location where leaders access the available resources and capacities of UMKC, including faculty, staff and students. Training, workshops, and other opportunities with UMKC faculty and students are available. UMKC faculty benefit from these partnerships with opportunities for applied research and engaged teaching. Students benefit through high impact learning activities, including experiential learning, internships, practicum, and community-based coursework. UM System benefits through transfer of research innovations to the public, including volunteer and elected decision-makers.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.255

Program Name: UMKC Neighborhood Initiative

Program is found in the following core budget(s): University of Missouri - UMKC Neighborhood Initiative

2a. Provide an activity measure(s) for the program.

	<u>FY2020 Actual</u>	<u>FY2021 Actual</u>	<u>FY2022 Actual</u>	<u>FY2023 Actual</u>	<u>FY2024 Base</u>	<u>FY2024 Stretch</u>
Neighborhood participants in programs (leaders trained)	38	62	71	104	100	125
Neighborhood organizations served	41	79	52	100	80	200
Partnerships with community organizations	58	62	67	71	62	75
Workshop, conference and public event participants	632	762	1,951	1603	2000	2050

Student internships organized	2	21	5	5	5	10
Student participants (internships and classes)	31	28	43	50	30	50

2b. Provide a measure(s) of the program's quality.

The center tracks the number of neighborhood organizations in good standing with the state. The center also tracks grant applications by neighborhoods that have participated in our leadership training program and classes. Neighborhoods have received additional grants and public funding as a result of working with the center. Over the past five years, the neighborhoods that have attended classes have received more than \$2,000,000 in competitive small grant funds from locally available sources and infrastructure investments from KCMO.

	<u>FY2020 Actual</u>	<u>FY2021 Actual</u>	<u>FY2022 Actual</u>	<u>FY2023 Actual</u>	<u>FY2024 Base</u>	<u>FY2024 Stretch</u>
Percent of CFN graduate organizations in good standing with the State of Missouri	98.6%	93.0%	99.0%	98%	98%	100%

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.255

Program Name: UMKC Neighborhood Initiative

Program is found in the following core budget(s): University of Missouri - UMKC Neighborhood Initiative

2c. Provide a measure(s) of the program's impact.

FINANCIAL IMPACT & ROI: Neighborhoods that have completed our training have reported grants received of more than \$3.9 million (FY21) for public improvements and programs.

EXCELLENCE IN OUTREACH AND ENGAGEMENT: More than 1,950 participants in training, workshops and programs in FY22. Outreach expanded significantly due to our work promoting vaccinations and public health in cooperation with Jackson County Missouri and 13 neighborhood organizations.

HIGH IMPACT LEARNING/RESEARCH EXCELLENCE: The Center for Neighborhoods supports the high impact learning environment of UMKC. 43 students participated in internships and CFN-related coursework FY22, including students from UMKC and Washington University in St. Louis.

RESPONSE TO COVID 19: The Center for Neighborhoods staff worked with Jackson County on an \$10 million grant focused on the promotion of health equity and vaccination in partnership with 13 neighborhood organizations and the UMKC Medical School and Health Equity Institute.

	FY2020 Actual	FY2021 Actual	FY2022 Actual	FY2023 Actual	FY2024 Base	FY2024 Stretch
Volunteer neighborhood leaders trained for action	38	62	71	104	125	250

2d. Provide a measure(s) of the program's efficiency.

A key measure of efficiency is the number of neighborhood grants earned through the appropriation support.

	FY17 - 21 Cumulative Actual	FY22 Actual	FY23 Projection	FY24 Projection
Total Grant \$ Earned	\$3,976,739	\$1,159,562	\$2,000,000	\$3,000,000

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.255

Program Name: UMKC Neighborhood Initiative

Program is found in the following core budget(s): University of Missouri - UMKC Neighborhood Initiative

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

This program is part of the UM Core

In addition to the state funding reflected in the chart above, other sources of funding for the program include:

Ewing Marion Kauffman Foundation, Jackson County, City of KCMO, MODNR, and Kansas City LISC. \$254,498 in FY 2023 and \$240,000 in FY 2024.

4. What are the sources of the "Other " funds reflected in the chart above?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 172.010 - 172.750, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - UMKC/MSU Doctor of Pharmacy Program

Program is found in the following core budget(s):

	University of Missouri	Total
GR	1,068,000	1,068,000
Federal		
Other		
Total	1,068,000	1,068,000

In FY 2020, there was an 8% core extraordinary withhold and 3% statutory withhold, which is \$1,068,000; these reductions continued into FY 2024.

1a. What strategic priority does this program address?

Access

1b. What does this program do?

This funding supports University of Missouri Kansas City's (UMKC) development of a satellite doctor of pharmacy program at Missouri State University(MSU). The staffing and distance education costs are part of UMKC's budget. The pharmacy students on the MSU campus are UMKC students, but receive student services at MSU. The satellite program admits up to 30 students per class. The first class of students was admitted in fall 2014. In FY 2014-15, the program completed renovation of a 15,000 square foot state-of-the-art distance education space on the MSU campus, and hired an associate dean to lead the site along with its first two faculty members and administrative support staff. In FY 2016, the school admitted the second class of students and hired additional faculty, administrative support staff, and IT specialist to assist with distance education. In subsequent years, the full cohort of faculty and staff were hired and are in place in FY 2023 including the associate dean for experiential learning, one additional faculty, and two new full time administrative assistants, and two new staff members in the Office of Student Affairs. The appropriation supports the personnel and distance education costs for the program. The program is graduating highly knowledgeable and skilled pharmacists who are prepared to pass necessary board exams, achieve high placement rates in employment, and are skilled scientists who are ready to make contributions to new drug development, as well as drug delivery and understanding underlying health and disease.

2a. Provide an activity measure(s) for the program.

The program has been working since FY 2014-15 to recruit faculty and students and produce pharmacists, particularly in southwest Missouri with the UMKC/MSU joint expansion of UMKC's pharmacy program. Significant effort of faculty and staff in Kansas City, Columbia, and Springfield was required to deliver course work, establish and implement experiential education, and assess student learning. Execution of the Doctor of Pharmacy (PharmD) program in Springfield would not have been possible without the expertise of faculty in Kansas City and Columbia, as well as state-of-the-art distance education technology. The program saves the state money in that a totally separate, independently accredited, and fully staffed pharmacy program at MSU would cost approximately \$12-15 M/year in compensation and an additional \$1-3M in operational expenses. These costs do not include facilities, so the overall cost would be substantially higher yet.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: **University of Missouri - UMKC/MSU Doctor of Pharmacy Program**

2b. Provide a measure(s) of the program's quality.

- 90.8% of the 141 UMKC pharmacy students entering in the UMKC PharmD program in 2016 graduated on time in 2020
- 88.3% of the 154 UMKC pharmacy students entering in the UMKC PharmD program in 2017 graduated on time in 2021
- 93.4% of the 151 UMKC pharmacy students entering in the UMKC PharmD program in 2018 graduated on time in 2022
- 81.5% of the 146 UMKC pharmacy students entering in the UMKC PharmD program in 2019 graduated on time in 2023
- 22 students admitted to UMKC/MSU site in Springfield in 2019; 1 withdrew; 3 were delayed; 1 was academically dismissed; 77.2% graduated on time in 2023
- As of May 2023, 97.6% of 2023 UMKC pharmacy graduates reported being employed (55% community, 42% residency, 6% health systems (non-residency), 6% fellowship).
- 55/69 UMKC PharmD grads who went into residency/fellowship search - 79.7% overall placement rate (Match rate was 70.8%)
- 2022 first-attempt pass rates for NAPLEX for UMKC SOP were 85.7% (state average = 84.2% and national average = 79.6%); MPJE pass rates above national and state averages

2c. Provide a measure(s) of the program's impact.

Additional students admitted to joint program to increase the number of licensed pharmacists:

FY2020 Enrolled	FY2021 Enrolled	FY2022 Enrolled	FY2023 Enrolled	FY2024 Planned	FY2025 Planned	FY2026 Planned
18	26	23	15	30	30	30

- In June of 2014, The Accreditation Council for Pharmacy Education (ACPE) confirmed the accreditation status of the satellite program.
- The first class of this satellite program admitted 30 students in fall 2014 and graduated in 2018; second class graduated in 2019, third in 2020, fourth in 2021, fifth in 2022, and the sixth in 2023.
- In May of 2022, 97.6% of 2023 UMKC pharmacy graduates reported being employed (55% community, 42% residency, 6% health systems (non-residency), 6% fellowship).
- Four students in the 2023 graduating class from the Springfield-MSU campus were placed in post-doctoral residency training programs.

2d. Provide a measure(s) of the program's efficiency.

Number of student graduates from joint pharmacy program:

FY2022 Actual	FY2023 Actual	FY2024 Planned	FY2025 Planned	FY2026 Planned	FY2027 Planned	FY2028 Planned
28	18	27	23	30	30	30

Base target: Graduate 94% of students admitted

Stretch target: Graduate 98% of students admitted

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - UMKC/MSU Doctor of Pharmacy Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

** No longer a separate line item, rolled into University of Missouri core budget at 60% of previous funding in FY 2019. Core reductions of 8% and 3% withholds in FY 2020, FY 2021- FY 2024.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: **University of Missouri - UMKC/MSU Doctor of Pharmacy Program**

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

UMKC Pharmacy is a component of the University of Missouri and falls under these statutes Section 172.010 - 172.950.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development **HB Section(s):** 3.195
Program Name: University of Missouri - MU Medical School Residency Program Expansion

Program is found in the following core budget(s):

	University of Missouri	Total
GR	5,179,800	5,179,800
Federal		
Other		
Total	5,179,800	5,179,800

60% of previous \$10.0 million appropriation level provided in FY 2019, or \$6 million less 3% reserve was received
 Starting in FY 2020, there was an 8% core extraordinary withhold and 3% statutory withhold of \$660,000; these reductions continued in FY 2024.

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

In response to the shortage of physicians in Missouri, the University of Missouri School of Medicine in Columbia, CoxHealth and Mercy Health Systems in Springfield increased medical school enrollment at MU by creating a clinical campus in Springfield, Missouri. At the University of Missouri School of Medicine in Columbia and most other medical schools, students complete four years of education to receive a medical degree and become a physician. Students primarily spend the first two years learning foundational aspects of medicine in educational facilities — such as classrooms, labs, libraries, and auditoriums — from a variety of biomedical scientists and physician educators. Students spend much of the final two years of medical school in patient-care facilities such as hospitals and clinics. This clinical component of medical student education involves directly interacting with patients under the supervision of physicians practicing in a variety of specialties, such as family and community medicine, internal medicine, pediatrics, surgery, neurology, psychiatry, obstetrics, and gynecology.

This past year, MU received more than 3,300 applications to medical school, but it only had the capacity, prior to the expansion, to accept 96 new medical students annually. The clinical campus in Springfield and expanded educational facilities in Columbia allows MU to accept additional medical students annually, with 30-35 students from each class completing the second two years of their medical education in Springfield, resulting in 128 students in the Springfield campus expansion. The first expanded medical school class admitted 8 students in FY 2015, FY 2016, and FY 2017 followed by 32 in FY 2018, and another 16 in FY 2019 and FY20. In FY 2021 the class expanded to full capacity at 32.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - MU Medical School Residency Program Expansion

2a. Provide an activity measure(s) for the program.

The University of Missouri School of Medicine has invested substantial time and energy into ensuring that the clinical campus in Springfield is comparable in quality to the educational experiences in Columbia. To ensure and monitor quality, students participate in a comprehensive national survey graduation questionnaire as well as the United States Medical Licensing examinations. Both measure students' biomedical science knowledge after their second year and clinical knowledge learned during years three and four. Residency placement is the next step to continue their specialty training after graduation. University of Missouri School of Medicine students choose from a wide variety of specialty residency programs and consistently have a 95-100% match. The 2023 Springfield Expansion class distribution shows a wide range of specialty choices with 100 percent receiving a residency placement.

2b. Provide a measure(s) of the program's quality.

The following are results from student and national surveys depicting the program's quality:

USMLE Step 2 Scores (clinical knowledge)

Springfield	250.72	(n=18)	Columbia	247.91	(n=88)	National Average: 244
-------------	--------	--------	----------	--------	--------	-----------------------

Selected questions on a 5 point scale 2022-23:

1) The clerkship activities broadened my comprehension of how to deliver effective, patient-centered care through direct observation and active participation in that process.

Springfield: 4.33 Columbia (does not include Rural clerkships): 4.43 Columbia & Rural: 4.44

2) The knowledge and experiences gained from this clerkship will be valuable to future practice.

Springfield: 4.52 Columbia (does not include Rural clerkships): 4.51 Columbia & Rural: 4.53

3) The clerkship activities provided several opportunities for me to develop and apply effective communication skills with patients, families and health care providers.

Springfield: 4.33 Columbia (does not include Rural clerkships): 4.49 Columbia & Rural: 4.51

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.195</u>
Program Name: University of Missouri - MU Medical School Residency Program Expansion	

2c. Provide a measure(s) of the program's impact.

A measure of impact for this program is the Residency Match rate.

Base Target: 94% match rate

Stretch Target: 98% match rate

The 2023 Springfield expansion class had a wide range of specialty choices with a 100% residency placement.

2d. Provide a measure(s) of the program's efficiency.

A measure of efficiency success for this program is the graduation rate for medical students.

Base Target: 93% graduation rate

Stretch Target: 98% graduation rate

Percentage of students who graduate from expanded medical school program:

	FY2022 Actual	FY2023 Actual	FY2024 Planned	FY2025 Planned	FY2026 Planned	FY2027 Planned	FY2028 Planned
Graduation Rate of expanded class	100%	100%	98%	98%	98%	98%	98%

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - MU Medical School Residency Program Expansion

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

** No longer a separate line item, rolled into the University of Missouri's core budget at 60% of previous funding. In FY 2020 there was an 8% core extraordinary withhold plus a 3% reserve and these core restrictions continued in FY 2022.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MU Medical School is a component of the University of Missouri and falls under State statutes Section 172.010 - 172.950, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: Missouri S&T and MSU Engineering Expansion

HB Section(s): 3.195 & 3.160

Program is found in the following core budget(s):

	University of Missouri	Missouri State University	Total
GR	534,000	534,000	1,068,000
Federal			
Other			
Total	534,000	534,000	1,068,000

60% of the previous \$2.0 million appropriation level, or \$1.2 million provided in FY 2019 less 3% reserve

In FY 2020, there was an 8% core restriction and 3% statutory reserve, which is \$1,068,000. These reductions continued into FY2022 and FY2024.

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

In 2008, Missouri University of Science & Technology (S&T) entered into a partnership with Missouri State University (MSU) to provide undergraduate degree programs in Civil Engineering and Electrical Engineering. In FY 2017, MSU and Missouri S&T jointly requested and received an expansion of the partnership to deliver undergraduate Mechanical Engineering programs. \$2.0 million was appropriated with each institution to receive \$1.0 million, but expenditure restrictions limited the funding to start this program. Appropriations for FY 2018 were reduced and then subject to expenditure restrictions of the full appropriation. Beginning in FY 2019, this program is no longer a separate line item but was rolled into UM and MSU Core at 60% of the previous \$2.0 million appropriation level.

This program will increase the accessibility of engineering education in Missouri and, in particular, the rapidly growing southwestern part of the state. This growth is driven in part by expanding technology-based industry in the region which requires more engineering graduates. By leveraging the existing partnership between Missouri S&T and MSU, a significant increase in engineering degrees delivered in Springfield can be realized in a cost-effective manner.

Staffing costs will be incurred by both institutions and distance education costs are part of S&T's budget. The engineering students on the MSU campus are S&T students but receive non-engineering courses and student services at MSU. The appropriation supports the personnel and distance education costs for the program as well as the student service costs.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development **HB Section(s):** 3.195 & 3.160
Program Name: Missouri S&T and MSU Engineering Expansion

2a. Provide an activity measure(s) for the program.

Base Target: Additional students to be enrolled to this joint program to increase the number of mechanical engineers.

FY 2022 Actuals	FY 2023 Actual	FY 2024 Planned	FY 2025 Planned	FY 2026 Planned	FY 2027 Planned
97	130	130	130	130	130

Stretch Target: Additional students to be enrolled to this joint program to increase the number of mechanical engineers.

FY 2022 Actuals	FY 2023 Actual	FY 2024 Planned	FY 2025 Planned	FY 2026 Planned	FY 2027 Planned
97	130	150	180	180	180

In addition to these admitted students, it is anticipated there will be change of degree admits from other majors.

2b. Provide a measure(s) of the program's quality.

In accordance with CBHE Administrative Rule 6 CSR 10-4.010 Submission of Academic Information, Data and New Programs, this program has received provisional approval from the Commissioner of Higher Education and Workforce Development as an off-campus delivery of the existing S&T degree program. The program will be reviewed in five years by the CBHE board for consideration of moving from provisional to full approval.

This cooperative program is delivering the S&T mechanical engineering degree, and uses the same standards for admission, evaluation, assessment, and program delivery. Students from this program should attain similar graduation rates and job placement rates as students enrolled on the S&T campus. The S&T mechanical engineering degree is accredited by ABET. The off-campus delivery will be included as part of this accreditation, and must satisfy all of the ABET criteria. The regular six-year ABET evaluation is occurred in December 2020, with the final accreditation statement expected in summer 2021. The documentation and evaluation will provide evidence that the MSU cooperative is a delivery mode that is consistent with the on-campus delivery of the degree.

2c. Provide a measure(s) of the program's impact.

80% of graduating students will be employed or enrolled in graduate school within 6 months.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: Missouri S&T and MSU Engineering Expansion

HB Section(s): 3.195 & 3.160

2d. Provide a measure(s) of the program's efficiency.

Number of degrees awarded from joint mechanical engineer program based on stretch target:

FY 2026 Planned	FY 2027 Planned	FY 2028 Planned	FY 2029 Planned
40	40	40	40

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*Net of Governor's expenditure restriction. The expenditure data reflects equal appropriation to both institutions

** No longer a separate line item, rolled into UM and MSU Core at 60% of previous \$2.0 million appropriation level in FY 2019, or \$1.2 million less 3% reserve. Core reductions of 8% and 3% withholds in FY2020, FY2021 - FY2024.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Missouri University of Science and Technology is a component of the University of Missouri under State statutes Section 172.010 - 172.950, RSMo. Missouri State University is authorized in Section 174, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Agriculture Extension Service

Program is found in the following core budget(s): University of Missouri

1a. What strategic priority does this program address?

Extension/ Outreach/ Engagement/ Education and support specifically designed to respond to current needs, including agriculture and the environment; business and community development; family and youth development; and health and safety

1b. What does this program do?

By design, from the inception of Cooperative Extension in 1914, Extension programs are joint efforts of multiple government, public and other entities. This fact is evidenced in the complicated funding matrix that supports Extension programs carried out in Missouri with funding from federal, state, and county sources.

University of Missouri Extension (MU Extension) helps citizens across the state gain practical knowledge, understand and adapt to change, solve problems and make informed decisions. Using University research-based knowledge, MU Extension addresses a wide range of needs that fall into three grand challenges for the state of Missouri: economic opportunity, educational excellence and healthy futures. Every year, more than 2.5M Missourians turn to MU Extension for education and support specifically designed to respond to current needs, including agriculture and the environment; business and community development; family and youth development; and health and safety.

2a. Provide an activity measure(s) for the program.

Every year more than 2.5 million Missourians turn to MU extension to gain practical knowledge, solve problems, and make informed decisions. The exchange of ideas and the opportunity to mutually promote initiatives encourages innovation and economic development throughout the state. MU Extension plays an integral role in the knowledge production and discovery needed to expand understanding of the world, improve how people live and work, and drive scientific and technological innovation. MU Extension programs are important contributors to maintaining a highly skilled workforce within Missouri. More than ever, MU Extension plays a vital role to help Missourians compete in a global economy, providing the next generation of innovators with a firm foundation. Extension programming in ag and environment served over 100,000 farmers and businesses, over 226,000 youth contacts were made via the 4-H program and continuing education was provided to over 50,000 police and firefighters.

2b. Provide a measure(s) of the program's quality.

MU Extension operates across the state and drives a significant amount of economic activity. For every \$1 invested in MU Extension, \$13 of public value is returned. The total public value of MU extension is estimated at \$1.2 billion.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Agriculture Extension Service

Program is found in the following core budget(s): University of Missouri

2c. Provide a measure(s) of the program's impact.

- MU Extension operations support faculty working in all 114 counties of the state and the City of St. Louis
- Train over 50,000 first responders annually
- Serve over 100,000 farmers and related businesses annually
- Analyze over 26,000 soil samples annually
- Support youth 4-H program with over 226,000 participants annually

2d. Provide a measure(s) of the program's efficiency.

For the FY2021 budget, MU Extension spent 96% of funding on programmatic expenditures.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: Amounts reflected above are net of 3% Statutory Reserves. Prior to FY 2023 this line item was included as part of UM's operation of campus and program support

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

Program Name Agriculture Extension Service

Program is found in the following core budget(s): University of Missouri

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 262, RSMo

6. Are there federal matching requirements? If yes, please explain.

Federal USDA/NIFA Capacity funds require a 1:1 match (Smith Lever Extension Programs 1862 Land-Grant Institutions) totaling \$9.6M. Additional state funding is utilized to provide federal and other matching required for competitive grants and contracts, and multiple partnership agreements including local County Extension Councils.

7. Is this a federally mandated program? If yes, please explain.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Doctorate Degree

Program is found in the following core budget(s): University of Missouri

1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

The University of Missouri is the state's only public university that may offer first-professional degrees, including dentistry, law, medicine, optometry, pharmacy, and veterinary medicine.

The University of Missouri-Columbia (MU) has been a significant contributor to Missouri's economy. Founded in 1839, MU is a public land-grant research university and the flagship of the UM System. The state's largest and most comprehensive university, MU is one of only six public universities nationwide that has a medical school, veterinary medicine college, and a law school on the same campus.

The University of Missouri - Kansas City (UMKC), originally chartered in 1929 as a private institution, is now the largest comprehensive, fully accredited university in the Kansas City area. UMKC's medical, dental, and pharmacy schools are anchors in the UMKC Health Sciences District. Although UMKC doesn't own a health system, its faculty operate specialty programs at University Health, formerly Truman Medical Centers/University Health; Saint Luke's Hospital; and Children's Mercy Medical Center.

The University of Missouri - St. Louis (UMSL), the College of Optometry was established in 1980 to promote and provide improved eye and health care for people throughout the country by preparing the next generation of optometrists and vision researchers. UMSL has partnered with several clinics with the St. Louis area to provide comprehensive eye care.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Doctorate Degree

Program is found in the following core budget(s): University of Missouri

2a. Provide an activity measure(s) for the program.

Total professional full-time equivalent enrollment at the University of Missouri System.

2b. Provide a measure(s) of the program's quality.

Quality of the UM System's professional programs is reflected within the professional/occupational licensure pass rate included on the University of Missouri Campuses core program description. Professional examination pass rates exceed 95% on average across the University of Missouri System. This appropriation provides the additional funding to support program costs related to educating future doctors, dentists, pharmacists, optometrists, lawyers, and veterinarians.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Doctorate Degree

Program is found in the following core budget(s): University of Missouri

2c. Provide a measure(s) of the program's impact.

Total professional degrees awarded at the UM System. The majority of professional degree recipients remain in Missouri to meet Missourians medical, dental, pharmaceutical needs.

2d. Provide a measure(s) of the program's efficiency.

Institutional support as reflected on the University of Missouri Campuses core program description includes the support provided for professional programs.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

1a. What strategic priority does this program address?

Research and Development

1b. What does this program do?

The University of Missouri - Columbia (MU), is Missouri's only state-supported member of the Association of American Universities, and is committed to provide all Missourians the benefits of a world-class research university. The Roy Blunt NextGen Precision Health building celebrated its grand opening in October 2021, ushering in a new era of leading-edge research in a facility that unites researchers, clinicians, and industry partners. NextGen is taking on society's biggest health care challenges and expanding collaborative research efforts to bring precision health to patients, no matter where they live. From major urban centers to underserved rural communities, NextGen investigators are dedicated to delivering the next generation of personalized health care solutions. MU is also home to the nation's most powerful university research reactor and is the only U.S. provider of 5 life-saving medical isotopes used in cancer and cardiac drugs. For more than 50 years, the faculty and staff of the University of Missouri Research Reactor (MURR) have promoted groundbreaking research and developed life-saving radiopharmaceuticals, benefitting people across the country and around the world. MURR operates at 10 megawatts, 6.5 days a week and 52 weeks a year. The MURR facility enables research across many disciplines – from investigating ancient cultures and how plants respond to their environment to analyzing industrial materials and developing radiopharmaceuticals that have lifesaving clinical applications. The MURR facility is a reliable resource for researchers, scientists, engineers, and students across the country.

Missouri University of Science & Technology, is known as a STEM-focused research university. The Missouri Protoplex, an advanced manufacturing research and development facility, will serve as the anchor building for Missouri S&T's planned manufacturing technology and innovation campus. Missouri S&T envisions the Protoplex Facility as headquarters for a statewide ecosystem where experts, innovators, small and large businesses, entrepreneurs, educators, and policymakers develop and adopt the technologies needed to create and sustain manufacturing jobs in Missouri. The Protoplex will house Missouri S&T's facilities operations, design, construction and space management, and environmental health and safety operations. The project is scheduled to be completed by June 2023. Both the Missouri Protoplex and manufacturing technology and innovation campus will support Missouri S&T's efforts will help Missouri manufacturers become more innovative and competitive in the global marketplace. Missouri S&T is also home to the Kummer Institute for Student Success, Research and Economic Development, which will transform Missouri S&T and the south central Missouri region by cultivating leadership and technological innovation; promoting an entrepreneurial mindset; fostering expansion of academic-industry partnerships to address emerging needs of industry; and creating jobs and economic growth.

The University of Missouri-Kansas City (UMKC), is the only comprehensive research institution in the Kansas City metropolitan area, with significant research strengths in: cellular basis of disease, data analytics, advance materials and biomaterials, equitable education, improving patient and population health, environmental sustainability, civic engagement, global cultures, history and diversity, and artistic and creative expression. UMKC unveiled its new \$32 million high-tech research center to hundreds of guests in October 2021. This five-story, 57,800-square-foot Robert W. Plaster Free Enterprise and Research Center features 11 state-of-the-art research labs. The privately funded capital project is the largest in UMKC history, with more than 25 donors and will be a resource for the Kansas City community. From independent makers to entrepreneurs and innovators, the lab spaces are available to experiment and explore new technology, new innovations in materials, and breakthroughs in application and design. Some of the technology within the labs is not available anywhere else in Kansas City, demonstrating UMKC's leadership in research and education, while helping community partners do the same.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

The University of Missouri-St. Louis (UMSL), is the largest public research university in eastern Missouri. UMSL utilizes several research centers to collaborate within the state of Missouri and across the country. These facilities include the Center for Neurodynamics, Community Innovation & Action Center and the Missouri Institute of Mental Health (MIMH). MIMH has played a significant role in investigating and combating the crisis of substance abuse within Missouri and across the country.

The University of Missouri System has a statewide network of 10 research parks and business incubators, each designed to help faculty, entrepreneurs, and businesses collaborate to move innovative research to the marketplace. Because of these networks, startups and businesses across Missouri have access to innovative intellectual resources, a high-performance computing center, medical and advanced technology specialized facilities, cutting-edge plant science research, and much more.

2a. Provide an activity measure(s) for the program.

Total NSF Research & Development Expenditures for UM System

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

2b. Provide a measure(s) of the program's quality.

National research rankings are based on total research and development expenditures as reflected in program activity measure above. The ability to increase this basis stems from the university's ability to convert research proposals submitted to awards. The following charts reflect the University's growth in federal research proposals and awards over the past five years.

2c. Provide a measure(s) of the program's impact.

Research and innovation emanating from the UM System's research, graduate studies, and economic development activities are continually advanced by faculty, staff, and student innovation and scholarship. As a result of research activity and spending by the UM System across all four universities, significant economic, employment and government revenue is generated throughout the state. In FY21, the UM System's research enterprise generated \$1.5 billion in economic impact and supported and sustained more than 10,000 jobs while producing over \$81.1 million in state and local tax revenue.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

2d. Provide a measure(s) of the program's efficiency.

Research and medical innovation provide multiple benefits beyond the economic and employment impacts generated by UM System operations. Significant additional economic expansion and employment are created through the commercialization of research activities within Missouri executed by the UM System and its collaborating partners, the employment of world-class researchers, and the attraction of additional federal research funding.

The chart below reflects the federal research dollars brought into the state of Missouri. One example of this federal research funding in FY 2021 comes from The University of Missouri - Columbia (MU). Innovative students and faculty have taken on the challenge of researching a global pandemic from the heart of Missouri. Whether through harnessing a \$4 million grant from the National Institutes of Health to study wastewater, investigating COVID-19's effect on the clothing industry, developing a wearable bioelectronic device to monitor patients, identifying strategies used in nursing homes to overcome challenges, or breaking down the benefits and challenges of telehealth, MU has affected timely solutions.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Public Research

Program is found in the following core budget(s): University of Missouri

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: Amounts reflected above are net of 3% Statutory Reserve. Prior to FY 2023 this line item was included as part of UM's operation of campus and program support

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 172, RSMo

6. Are there federal matching requirements? If yes, please explain.

Federal USDA/NIFA capacity funds match required, Hatch (Hatch Act of 1887 and Multistate Research Fund) and McIntire-Stennis. These capacity grant funds require a match totaling \$7.3 million.

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s):	3.195
Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri		
Program is found in the following core budget(s): University of Missouri		
1a. What strategic priority does this program address? Coordination		
1b. What does this program do? <p>Fresh water resources are an essential component of long-term sustainable agriculture production systems. Integrated cropping systems that improve water use efficiency and promote soil conservation are essential for long-term sustainability of rural communities. Missouri ranks 2nd to Alaska in the miles of streams within its borders and there are currently efforts underway to regulate these waters. Agricultural practices that promote both water quality and soil health are beneficial to both the producer and the environment. This facility allows for a unique and rare opportunity to implement large-scale water and soil conservation projects with the following objectives: 1) preserve and sustainably utilize water resources for agriculture by developing innovative systems that target reduced maintenance costs for conservation practices, 2) improve food production resiliency by integrating best management practices for water management, soil and nutrient management, and soil health in response to extreme weather events, 3) conserve water and soil resources by evaluating practices that ensure fertilizers stay in the right place for maximum yields, and 4) provide data so informed decisions can be made on cost-effective, innovative integrated water management systems while expanding science-based agriculture education opportunities.</p> <p>These funds will be used to support landscape based agriculture water management research, maintain long-term research, support personnel such as faculty and support staff associated with the program, and deliver educational related programs.</p>		
2a. Provide an activity measure(s) for the program. <p>Innovative integrated water management systems, crop diversification, integrated cropping systems, conservation, and value-added production research make the Greenley Research Center an essential component of the Agriculture Experiment Station in Missouri. For over 40 years, the facility has been successfully showcasing conservation research and demonstration. The facility featured the first terraces in the 1970s, the first long-term conservation tillage research (1970-1993), first long-term tillage/cover crop research (1994-current), first integrated drainage water management research (2001-present), and the first drip irrigation on sloping soils (2015-present) in Missouri. Long-term research is essential for understanding sustainable and profitable cropping systems, but support through grant agencies are short-term.</p> <p>The facility has been actively supporting agriculture in Missouri with approximately 6,000 technical support calls/visits, 90 peer reviewed research papers, and 50 international and domestic graduate students advised by the Center.</p> <p>This project showcases new conservation systems that are aimed at increased food production resiliency, improved water quality, and will evaluate these systems on a small-plot and large field scale. Long-term funding will also allow the expansion of research such as drip irrigation to cooperators with sloping soil in the region.</p>		

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s):	3.195
Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri		
Program is found in the following core budget(s): University of Missouri		
<p>2b. Provide a measure(s) of the program's quality.</p> <ul style="list-style-type: none">• The program provides timely research-based information and recommendations on drainage water management (DWM) systems to producers, consumers, agribusiness representatives, extension specialists, and government agencies.• DWM has reduced nitrate loss over 70% and phosphorus loss over 80% in water flow compared to free drainage systems.• Corn and soybean production has increased over 20% with free drainage systems, while drainage water recycling has increased soybean production over 28% and corn production over 40% compared to current cropping systems.• Improved agricultural water management is critical to help mitigate issues such as the droughts of 2012 and 2017, and extreme precipitation events experienced in 2008-2010, 2015, and 2021.• Over 20 graduate and over 20 undergraduate students have studied enhanced crop management systems with this program and will be able to continue research to enhance the agriculture industry in Missouri.• A new faculty member in Soil Science-Agroecology-Hydrology has been hired to serve as state specialist for Landscape Position Management which is essential to address the variable landscapes in Missouri. <p>2c. Provide a measure(s) of the program's impact.</p> <p>Drainage workshops that utilize research based information from this program have trained over 400 farmer/contractors. In a survey of attendees, they have anticipated increasing installation of drainage 89%, controlled drainage 79%, and subirrigation 53% over the next three years. Contractors who attend training programs have installed on average over 150,000 ft. of drainage water management piping annually. The number of trained contractors impacts approximately 30,000 acres each year and adds \$1.3 to \$2.4 million to Missouri's economy annually. Depending on the extent of precipitation, yield losses (6 to 11 bu/acre/day) due to saturated conditions in corn alone could range from \$6.3 to \$80 million in a single year and improved management systems can reduce this loss. On average, over 2,000 producers attend programs and demonstrations on this technology annually.</p> <p>2d. Provide a measure(s) of the program's efficiency.</p> <p>The efficiency of this program will be measured by the trained individuals and additional feedback from individuals with enhanced water management systems. Research will document the reductions in nutrient loss from fields and increased food production.</p>		

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development HB Section(s): 3.195
 Program Name: Univ of Missouri Greenley Research Center Water Works for Agriculture in Missouri
 Program is found in the following core budget(s): University of Missouri

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Net of 3% Governor's statutory withholding for FY20 - FY 22. Decrease in actual expenditures in FY 2020 was due to the additional restrictions of \$22,231 by the Governor in response to the COVID-19 pandemic. Decrease in actual expenditures in FY 2023 was due to the unallotted funds.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Lee Greenley Jr. Memorial Research Center is a component of the University of Missouri and falls under Section 172.010 - 172.950, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.195</u>
---	------------------------------------

Program Name: Univ of Missouri Fisher Delta Research Center	
--	--

Program is found in the following core budget(s): University of Missouri	
---	--

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

Research, Extension and Education Centers exist to support and facilitate the total research program of the Missouri Agricultural Experiment Station system. As such, they are an integral part of the Missouri Agricultural Experiment Station and unique contributors to MU's comprehensive land-grant responsibility.

We have a common goal of conducting high quality research that will respond to the needs of Missouri citizens, maintain and enhance our natural resource base, support a vital food and fiber system and help keep Missouri producers competitive. We will work with University extension, state and federal agencies and Missouri agribusiness to support a reliable, safe supply of quality food supplied in a sustainable, profitable manner.

The soils and topography of southeast Missouri offer researchers a unique opportunity to study cotton and rice production and irrigation. Researchers are also evaluating better soybean and corn cropping systems, and weed, insect and disease-control systems. Five locations make up this Center of 1,119 acres in a 12-county area that forms the Missouri Bootheel. Scientists at the Fisher Delta Research, Extension and Education Center have gained recognition for developing improved soybean varieties, especially those with soybean cyst nematode resistance.

These funds will be used to support landscape based agriculture management research, maintain long-term research, support personnel such as faculty and support staff associated with the program, and deliver educational related programs.

2a. Provide an activity measure(s) for the program.

This program is lead by six scientists conducting research in the following areas,

- Soybean Breeding and Genetics
- Weed Control
- Cotton Production
- Cropping Systems
- Rice Production
- Entomology
- Plant Pathology
- Irrigation

This research and development is conducted to improve production of corn, cotton, rice, soybeans and other crops grown in the southeast Missouri region. Outcomes from this research will advance crop sustainability and increase profits for farmers locally and regionally.

PROGRAM DESCRIPTION

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

The Mizzou Law Veterans Clinic has been in existence since Spring Semester 2014. Under the supervision of three experienced attorneys, law students act as a veterans advocate (at no charge) in claims with the Department of Veterans Affairs (VA), as well as discharge upgrades as necessary. This clinical opportunity provides students with experiential learning credit, required by the American Bar Association as part of the school's accreditation requirements.

The VA system that provides veterans disability benefits is complicated, cumbersome, and confusing – fertile ground for learning and helping others. Veterans often know they deserve compensation, but they don't know what their first step should be or how to proceed after a denial. That's where the Veterans Clinic comes in who acts as the veteran's attorney and secures federal money for Missouri veterans.

Key Points:

- Since the Clinic's inception just 8 years ago, the Clinic has secured over **\$10 million in federal money for veterans.**
- At various points, including prior to funding from the General Assembly, the Veterans Clinic turns away 2-3 veterans per week due to a lack of resources. Now, the Clinic is engaged in a robust program which provides helpful referrals and assistance to attorneys throughout the state who help veterans on a pro bono basis, in addition to education future veterans advocates in the Clinic. Our full-time intake specialist is able to help these veterans daily thanks to funding from the General Assembly.

The Clinic also actively assists veterans and veterans' organizations in various other ways such as providing continuing legal education on veteran's issues for attorneys and service officers, supporting attorneys and service officers who are helping veterans and hosting annual Symposia. The clinic has also launched an initiative to provide assistance to veterans in rural Missouri which is called Tigers for Troops. Under this program, the Clinic is partnering with the University of Missouri Extension to have students and supervising attorneys visit extension offices throughout the State to assist them with disability claims, appeals and discharge upgrades as well as educate veterans about available resources. Through the Tigers for Troops program, Clinic personnel also train attorneys on veterans' law to increase the number of attorneys qualified to help veterans in Missouri's rural areas.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.195</u>
Program Name: University of Missouri - MU School of Law Veterans Clinic	
Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic	

2a. Provide an activity measure(s) for the program.

The Clinic provides legal representation to veterans, free of charge. Because the Clinic does not charge their clients, the funding is provided by private donations and, most recently, the State. This funding provides for a small team of staff and attorneys that work to help as many veterans as possible. In the past, the Clinic has had to institute a freeze on taking in new clients because the Clinic could simply not handle the need that Veterans had for legal services. With recent funding, the clinic will be able to hire more staff and in turn, help more veterans.

Number of Clients*				Number of Veterans Assisted Since the Clinic's Inception	Amount of Federal Benefits Secured for Veterans Since Clinic's Inception	Number of Students Trained and Matriculated
FY 2019	FY 2020	FY 2021	FY2022			
55	105	105	108	more than 950	More than \$10,000,000	151

2b. Provide a measure(s) of the program's quality.

The Clinic is highly successful in achieving its mission to empower legal minds and provide our nation's veterans with compassionate and effective representation. The quality of the Clinic's program is demonstrated by the success rate in claims worked and discharge upgrades, the various advocacy and training opportunities the Clinic provides, as well as the confidence and trust that national organizations and individuals have placed in the Clinic.

The Mizzou Law Veterans Clinic is a nationally renowned Clinic. It is well known and respected within the Veterans Clinic community. Clinic attorneys have been selected to serve as the leaders of veterans organizations and speak at conferences. At our annual symposium, nationally known and respected veterans law advocates willingly attend and speak. Additionally, the Missouri Bar has provided grants to the Clinic and has requested that the Clinic train Missouri licensed attorneys.

Finally, the results in the awards the Clinic's clients are granted speak to the quality of the representation and service they receive at the Veterans Clinic. Clinic attorneys are held to a high standard, both as Mizzou Law faculty and as barred attorneys in Missouri.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

2c. Provide a measure(s) of the program's impact.

COMPENSATION

Since the Clinic's inception in 2014, we have secured over \$10 million in federal disability compensation for veterans, and this number grows exponentially each year as benefits continue until the claimant passes away. These veterans receive both retroactive payments (which often results in tens of thousands of dollars) as well as monthly payments as high as \$3,000-\$8,000 per month which continue for the life of the veteran. Therefore, the amount of money that the Clinic brings in for Missouri veterans grows exponentially as clients age, in addition to the new clients the Clinic secures new compensation benefits for. The granting of these compensation benefits can provide benefits for the veteran including vocational and healthcare benefits, and in some cases, educational and healthcare benefits for the veteran's family as well.

DISCHARGE UPGRADES

The Clinic also helps the clients get their discharge upgraded to a higher classification. Getting a discharge classification upgraded from an "other than honorable characterization" can be life-changing for a veteran because of the stigma attached with the discharge classification and can act as a bar for benefits for the veteran. By getting a discharge upgraded for a veteran, they can often be granted access to life saving medical care, counseling, educational benefits, and job opportunities. The Clinic has been successful with discharge upgrades for the clients.

ADVOCACY

The Clinic has been a major player in veterans law advocacy that has led directly to positive outcomes for veterans and clients. Most importantly, the Clinic has written amicus briefs in higher level federal courts, including the United States Supreme Court. These briefs have been instrumental in advocating for positive systemic change for veterans. Recently, the Clinic was part of an amicus briefing effort to extend the Agent Orange Presumption Exposure to include Blue Water Navy Veterans which was granted and opened the door for thousands of service members to be eligible for compensation benefits. The Clinic has been involved in publishing law review articles and other academic materials.

The Clinic is also active within various veteran advocacy groups which entails partnership and collaboration. That collaboration has resulted in valuable knowledge and practices that has led to positive outcomes for the Clinic's clients and veterans across the nation.

SYMPOSIUM

Every year the Clinic holds a symposium highlighting updates in veteran's law as well as hot topic veteran's law issues. Through symposia, the Clinic has been able to provide hundreds of CLE hours to attorneys and education related to veteran's law so the attorneys can help veterans in their own practice.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name: University of Missouri - MU School of Law Veterans Clinic

Program is found in the following core budget(s): University of Missouri - MU School of Law Veterans Clinic

2c. Provide a measure(s) of the program's impact. (continued)

TIGERS FOR TROOPS

Under our Tigers for Troops program, members of the Clinic travel to rural areas of Missouri where there are very few services for veterans. The Clinic partners with Mizzou Extension to get the word out to veterans that attorneys from the clinic will be in the area and will provide them with free legal consultations. Under the Tigers for Troops program, the Clinic's attorneys have traveled to 88 counties, consulted with 150 veterans, and trained more than 330 attorneys in veterans law.

STUDENT CLINICAL EXPERIENCE

The ABA requires that, as part of the a law student's education, the student receive some type of practical or clinical experience. The Veterans Clinic provides an opportunity for the law school to abide by this mandate from the ABA as well as provide law students with invaluable experience. By working with actual clients while in law school, students become imminently prepared upon graduation to step into the legal field with confidence. Additionally, because the opportunity to work with veterans is often extremely inspiring, the Clinic has produced many students who have gone through the Clinic that are now veteran advocates in private practice and have helped veterans themselves. The Veterans Clinic experience also instills in students (future attorneys) the value and worth of pro bono. Through the Clinical experience, hundreds of students have been impacted and have gone on to have a positive impact on their client's lives.

2d. Provide a measure(s) of the program's efficiency.

All of the work the Clinic does is accomplished with a small team of:

- one full time attorney, one fellow and one part-time attorney
- one full time administrative assistant and one part time
- one full time intake coordinator; and

Attorneys working in the Clinic often have teaching duties outside of the Clinic.. Additionally, attorneys have to spend a considerable amount of time fundraising in order to provide funding for yearly expenditures. With funding from a generous donor the Clinic has secured funding for two years for a Fellow who will help with client claims, appeals, and rural outreach.

With this small team, the Clinic has been able to accomplish what is described above and continue to push the envelope of veterans advocacy.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Fisher Delta Research Center for the Rice Breeders Association

Program is found in the following core budget(s): University of Missouri

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

The University of Missouri Rice Agronomy Program focuses on agronomic research to improve rice yield and quality through practices that make rice producers more profitable. Our research includes an array of cultivar studies to identify those that perform best for our area, including commercially available cultivars and advanced breeder lines with potential to come to market in the near future. We also focus on fertility and irrigation studies to reduce environmental footprint while increasing crop performance, profitability, and overall way of life for those involved both directly and indirectly with the Missouri rice industry. In FY23, we also assumed responsibility for rice weed control studies, looking at new and existing technologies to control barnyard grass and other weeds that we have resistance issues with and that threaten farm viability.

2a. Provide an activity measure(s) for the program.

The Rice Agronomy Program has research in a wide variety of rice conditions, including groundbreaking research in furrow-irrigated rice production. We have undertaken research projects under the following topics in both flood-irrigated and furrow-irrigated rice:

- 1) Cultivar trials at multiple sites (research stations and on-farm) across southeast Missouri studying 30 commercial and advanced lines and over 100 pre-commercial lines. Encased within the commercial trials is a planting date study with 5 different planting dates designed to provide Missouri producers with unbiased information on cultivar selection based upon planting date.
- 2) Seeding rate trials to determine the optimal seeding rate to maximize on-farm profitability. A large component of this is seeding rate trials in furrow-irrigated rice. Last year's data suggested that we need to increase seeding rate in furrow-irrigated rice, so these trials are now on two research stations plus one on-farm site.
- 3) Multiple fertility trials studying rice response to nitrogen and phosphorus. The goals of these studies are to maximize economic yield while at the same time reducing negative environmental impact that is possible from applying excessive nutrients beyond what is needed by the crop.
- 4) A wide array of furrow-irrigated rice trials designed to increase yield potential for the furrow-irrigated system. Previous work done by the UM State Rice Extension Specialist and others shows that a 33% reduction in water use is a readily attainable goal when converting flood-irrigated rice acres to furrow irrigation.
- 5) Weed control trials which look at stand alone and program-type approaches to controlling hard to control weeds, including barnyard grass, coffee bean, and an ever increasing issue in white margin sedge.

2b. Provide a measure(s) of the program's quality.

Since the program's creation, rice yield has been at a record high in the state of Missouri. Yield averaged 8,040 and 7,800 pounds per acre in 2021 and 2022, respectively. While this is certainly coming from multiple factors, we feel that university information provides producers, consultants, and the industry as a whole with valuable information to grow profitability on their farms. Greater profitability to the farm provides a number of rural residents with better quality of life. Additionally, utilizing best management practices (BMPs) allows for our farms to be environmentally responsible, which protects both our health and the quality of our environment.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Fisher Delta Research Center for the Rice Breeders Association

Program is found in the following core budget(s): University of Missouri

2c. Provide a measure(s) of the program's impact.

The program started from the ground up in FY22 with one employee, therefore FY22 expenditures were very low (\$31,515). The program starts FY24 with 5 individuals, including the assistant professor, two full-time employees, and two part-time employees. Growth of the program allows for us to bring the potential of high quality jobs to the bootheel region.

At the 2022 Missouri Rice Field Day on August 23, 2022, over 100 attendees listened to presentations by those involved in rice research, including the UM Rice Agronomy Program. Attendees were briefed on what research is happening in Missouri and interacted with speakers including the Extension Rice Agronomist to express their interest in terms of future research plans and how our research can help their enterprise. At the Delta Center Field Day, over 500 participants were present. These field days are two of many meetings and trainings that the UM Rice Agronomy Program helps conduct throughout the year, both in group and one-on-one settings at the local, state, and national level.

In May 2023, a semi-monthly rice newsletter, The Bootheel Briefing, was created by the Rice program to discuss timely information for growers, consultants, and industry personnel. There are currently over 60 members of the rice industry on the mailing list and that number continues to grow as more issues are released.

2d. Provide a measure(s) of the program's efficiency.

The program increased expenditures in FY23 by 777% compared to FY22. While this was spurred by the recent creation of the program, we project an increase in expenditures of 10% in FY24.

The program takes the \$116,400 provided annually and multiplies its economic value. The last two years since the program was created, the average rice yield has been the top two years ever for Missouri rice producers. The average yield in 2021 was 8,040 pounds per acre and in 2022 was 7,800, whereas the 10-year average is 6,725 pounds per acre. Assuming a rice price of \$0.15 per pound, that yield increase represents \$161.25-\$197.25 per acre additional gross revenue for the rice farmer, which would average to be a total added value of over \$31.7 million per year to the state of Missouri's rice crop based on 10-year average rice acreage.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.195

Program Name Fisher Delta Research Center for the Rice Breeders Association

Program is found in the following core budget(s): University of Missouri

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Net of 3% Governor's statutory withholding .

** 'Other' funds include project funding from the Missouri Rice Research & Merchandising Council, Missouri Soybean Merchandising Council, university start-up funding, USDA NACA funding, and unrestricted gifts from industry partner. Industry partners, including numerous seed dealers and other input manufacturers, fund a large portfolio of research within the program. The only State Funds are the General Revenue Funds.

4. What are the sources of the "Other " funds?

No 'Other' State Funds. See Chart 3 footnote above for non-state funding.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

N/A

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2017 to 25.5 percent in FY 2022.

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	57511C, 57531C, 57551C, 57571C, 57725C, 57591C,
Division of Four-Year Colleges and Universities		57601C, 57621C, 57641C, 57661C, 57681C
Public Universities - Core CPI Increase	DI# 1555003-15550013	HB Section 3.150, 3.155, 3.160, 3.165, 3.170, 3.175, 3.180, 3.185, 3.190, 3.195

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. Rather, public universities, while grateful for recent increases, remain below FY 2010 TAFP funding levels by 5.7% overall.

The inflationary factor of 5 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item. For community colleges, the inflationary factor would be applied to the total core state appropriation to the sector, with the result constituting the related new decision item. A total of \$8,659,688 is recommended for community colleges; **\$45,103,737 for public universities**; and \$452,825 for the State Technical College of Missouri. The combined total new decision item for all three sectors is \$54,216,250.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 5 percent increase, a total of \$8,659,688 is needed for community colleges; **\$45,103,737 for public universities**; and \$452,825 for the State Technical College of Missouri. The combined total for all three sectors is \$54,216,250.

NEW DECISION ITEM
RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit 57511C, 57531C, 57551C, 57571C, 57725C, 57591C,
Division of Four-Year Colleges and Universities	57601C, 57621C, 57641C, 57661C, 57681C
Public Universities - Core CPI Increase DI# 1555003-15550013	HB Section 3.150, 3.155, 3.160, 3.165, 3.170, 3.175, 3.180, 3.185, 3.190, 3.195

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

6b. Provide a measure(s) of the program's quality.

**Institutions use different assessment measures based upon mission.

* FY 2022 Actual not available until late fall.

6c. Provide a measure(s) of the program's impact.

6d. Provide a measure(s) of the program's efficiency.

**This measures degree attainment of all students as a ratio of enrollment unlike traditional graduation rates which only include 1st time full-time students.

* FY 2022 Actual not available until late fall.

NEW DECISION ITEM

RANK: 5 OF 5

Department of Higher Education and Workforce Development	Budget Unit	57511C, 57531C, 57551C, 57571C, 57725C, 57591C,
Division of Four-Year Colleges and Universities		57601C, 57621C, 57641C, 57661C, 57681C
Public Universities - Core CPI Increase	DI# 1555003-15550013	HB Section 3.150, 3.155, 3.160, 3.165, 3.170, 3.175, 3.180, 3.185, 3.190, 3.195

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Inflationary increases for each sector will allow institutions to stabilize investments and retain staff needed to maintain or continue to improve their performance on measures related to student retention, completion, and employment. DHEWD over the past several years has worked cooperatively with public institutions to improve performance in these areas. Examples include:

Best Practices in Remediation: Another encouraging success achieved through these efforts is that fewer students are identified as requiring remediation, for both math and English. The percentage of students requiring remedial math has decreased from 17.6 percent (fall 2017) to 11.0 percent (fall 2022), and the percentage requiring remedial English decreased from 10.1 to 7.1 percent. In addition, the types of remediation courses are changing. Instead of a series of prerequisite remedial courses students need to complete before enrolling in the college-level course, corequisite remediation (or just-in-time remediation) allows students to enroll directly in the college-level course and receive supports in real time, as they are needed.

Missouri Math Pathways: Institutions are expanding general education math course offerings which align to a student's program of study. Since 2014, institutions have moved away from offering primarily College Algebra to students and increased offerings in Statistical Reasoning and Mathematical Reasoning & Modeling.

15 to Finish: The 15 to Finish initiative encourages full-time college students to take at least 15 credit hours a semester to put them on track to earn an associate degree in two years or a bachelor's degree in four years.

One indicator of the progress achieved through these efforts is completion and graduation rates. Total completions at public institutions were down 2.8 percent from 2016-17 through 2021-22, although full-time enrollment also declined significantly during the same period. Minority completions were up 19.4 percent.

In addition, many institutions have made significant advances in improving graduation rates. Graduation rates at public universities increased from 54.7 to 58.6 percent from 2016-17 through 2021-22, and the community colleges and State Technical College collectively increased from 25.4 percent to 33.3 percent.

Other Funds:					Other Funds:				

2. CORE DESCRIPTION

This request is for continuation of the core funding for the University of Missouri - St. Louis (UMSL) for purposes of increasing international collaboration and promoting economic opportunity to help attract and retain new economic activity to the St. Louis region. The centerpiece of the program is the GlobalSTL program (formerly known as St. Louis-Israel Innovation Connection), which connects the economies of St. Louis and targeted international locations (including Israel, Ireland, and other countries) with a robust pipeline that engages and links experienced professionals to identified international companies who are likely to be attracted by St. Louis' convergence of corporate, university, and entrepreneurial strengths. Specific business strategies will partner prospective international companies with St. Louis and the State of Missouri's resources that might lead to recruitment of a presence in St. Louis.

Programs included are: Biotech - \$550,000, Center for Defense Medicine - \$600,000, Center for National Pandemic Resiliency (Infectious Disease) - \$250,000, Rural Economic Vitality Initiative - \$1,000,000 (new for FY 2024).

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit	<u>57695C</u>
Division of Four-year Colleges and Universities		
Core - University of Missouri - St. Louis International Collaboration	HB Section	<u>3.200</u>

3. PROGRAM LISTING (list programs included in this core funding)

Biotech - \$550,000
 Center for Defense Medicine - \$600,000
 Center for National Pandemic Resiliency (Infectious Disease) - \$250,000
 Rural Economic Vitality Initiative - \$1,000,000

4. FINANCIAL HISTORY

	FY 2021	FY 2022	FY 2023	FY 2024
	Actual	Actual	Actual	Current Yr.
Appropriation (All Funds)	550,000	550,000	1,400,000	2,400,000
Less Reverted (All Funds)	(12,499)	(16,500)	(42,000)	(72,000)
Less Restricted (All Funds)*	0		0	0
Budget Authority (All Funds)	537,501	533,500	1,358,000	2,328,000
Actual Expenditures (All Funds)	404,123	533,500	1,358,000	N/A
Unexpended (All Funds)	133,378	0	0	N/A
	(1)			
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	133,378	0	0	N/A
Other	0	0	0	N/A

*For FY 2021, an initial restriction of \$416,622 was released on 1/6/21.

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) The FY 2021 appropriations include the federal stimulus funds of \$133,378 for COVID-19 related expenditures. These funds were removed from the FY 2022 Budget as these funds were empty one-time appropriations.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development HB Section(s): 3.200
Program Name: University of Missouri - St. Louis International Collaboration
Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

The purpose of this appropriation is to increase international collaboration and promote economic opportunity that helps attract and retain new economic activity to the St. Louis region. University of Missouri-St. Louis will work with BioSTL, a regional nonprofit dedicated to advancing prosperity in St. Louis through the growth of biosciences and other targeted innovation clusters. The centerpiece of the program is the GlobalSTL program (which connects Missouri corporations and health systems with a highly-curated pipeline of innovation from 15 countries that solve for their direct pain points and strategic priorities.) Specific business strategies will partner prospective international companies with St. Louis and Missouri resources that might lead to business deals that create competitive advantages for our Missouri corporations, recruitment of a physical presence/US headquarter in St. Louis for the innovative company, and economic activity of new investments and jobs in our region. BioSTL is providing matching funds.

2a. Provide an activity measure(s) for the program.

A key activity measure for this program is the number of active and actionable contacts that have been made. Starting in 2018, we refined the measure to focus on actionable companies that had solutions to material pain points of Missouri corporations and health systems. Historically, it counted all companies with whom discussions were held. Projections below for FY 2023 through FY 2025, account for anticipated momentum and growth enabled by possible, future funding increases.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.200</u>
Program Name: University of Missouri - St. Louis International Collaboration	
Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration	
2b. Provide a measure(s) of the program's quality.	
<p>This year we hosted the in-person 6th GlobalSTL Health Innovation Summit on August 17th in St. Louis.</p> <p>BioSTL's Early Adopter Grower Innovation Community in partnership with Missouri Soybean Association hosted the Inaugural MOSoy Beans Field day. We curate several innovations and bring them to the farmer to showcase realtime solutions to solve for farmers' needs.</p> <p>We also continued building out the Center for Rural Health Innovation and hired a center director. Part of the build out was planning for an upcoming August 2023 panel to be apart of that years Health Innovation Summit.</p>	

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri - St. Louis International Collaboration

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

2c. Provide a measure(s) of the program's impact.

A key measure of impact is the number of companies that are in formal discussions with developing a relationship with a Missouri company or establishing a presence in St. Louis.

Example: A Missouri-based healthcare organization engaged an international company that has a medical device that allows for revolutionary remote cardiac monitoring in the home. Using this device, numerous Missourians have had Atrial Fibrillations detected early enough to reduce the risk of serious health outcome (heart attack/death) and reduced their cost of care significantly.

2d. Provide a measure(s) of the program's efficiency.

A key measure of efficiency would be the related salaries per dollar of support through the appropriation.

	FY 2020 Actual	FY 2021 Actual	FY 2022 Actual	FY 2023 Actual	FY 2024 Planned	FY 2025 Planned
Number of jobs created	10	8	20	25	30	35
Dollar amount per job created	\$40,012	\$50,016	\$20,206	\$21,340	\$21,340	\$21,340
Dollar amount of support through appropriation	\$24,835	\$31,354	\$31,354	\$19,266	\$31,354	\$31,354

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development HB Section(s): 3.200
 Program Name: University of Missouri - St. Louis International Collaboration
 Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do include fringe benefit costs.)

Net of 3% Statutory Reserve and net of Governor's restrictions in FY 2021.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 172.010 - 172.750, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri - Defense Medicine Technologies

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

The Center for Defense Medicine (“Center”) will accelerate the path to market for early-stage defense medicine technologies by evaluating, de-risking, and advancing commercial viability – yielding stable, high-growth ventures that catalyze economic growth. The Center represents a scaling of BioSTL’s robust Proof of Concept/Commercialization Center programs by tapping into defense demand to diversify the risk profile of early-stage technology commercialization through inherent aspects of defense medicine markets: large awards of non-dilutive funding to substantially de-risk product development; a significant, regular customer in the Department of Defense (DOD) itself; and global demand from the defense industry. The Center will leverage St. Louis’ unique strengths as a global center for bioscience R&D; an untapped wealth of military-relevant medical technologies; and staff relationships with DOD.

2a. Provide an activity measure(s) for the program.

There was a total of 18 client technologies, innovators, or companies sourced & engaged this past reporting period. Within these CPR clients there are 6 patents currently being licensed with 13 patents pending as an indirect result to our work. We have made approximately 11 defense introductions this reporting period and about 83 overall. We are still working to change this and have a couple in the pipeline. We were able to attract or help create 1 new business to the region this period because of the center.

2b. Provide a measure(s) of the program's quality.

BioGenerator investments awarded \$363,334 of proof of concept funds to startups. In total, our CDM client companies were able to raise \$1,052,243 of grant funds total (EDA and BioGenerator direct Grants).

2c. Provide a measure(s) of the program's impact.

CDM client companies raised about \$56,784,003 in private investment capital this reporting period and created or retained 18 direct jobs.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri - Defense Medicine Technologies

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

2d. Provide a measure(s) of the program's efficiency.

This reporting period for every job created or retained, cost about \$54,837.88 in program expenses. One thing to note about this is that our annual survey is how we collect the data about number of jobs and not all of the clients complete the voluntary survey. This grant and the Center for Defense Medicine did not generate any revenue.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Program was new for FY 2023, so no prior year data is available. Amount is net of 3% Statutory Reserve

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

EDA Build to Scale (B2S) Program Awards are made under Section 27 of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. § 3722)

6. Are there federal matching requirements? If yes, please explain.

Yes, this state appropriation provides the cash match for a federal award made under the program authorization listed above.

7. Is this a federally mandated program? If yes, please explain.

No.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri - Center for National Pandemic Resiliency

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

Coordination

1b. What does this program do?

The “Center for National Pandemic Resilience through Biosciences” (“Center”) will leverage St. Louis’ strengths in basic bioscience research, clinical research and development, biotech research and development, commercialization, production, and logistics to ensure a resilient economy and strengthen the health care and food supply chain. By aligning and expanding regional assets and partners across four pillars – 1) development, adaptation, & commercialization of new technologies and new companies; 2) pilot facilities to scale manufacturing of new product candidates in development and testing; 3) workforce; and 4) growing domestic resiliency capacity, including by attracting relevant innovations (and associated economic activity) from abroad for piloting and scaling in a variety of U.S. environments, the Center will build capacity for future pandemic response and recovery while creating new economic opportunity, diversifying the economy, advancing health and economic equity, and building health and economic resiliency. Through the Center, the St. Louis region will serve as a laboratory for pandemic-related innovation that builds national health and economic resiliency.

2a. Provide an activity measure(s) for the program.

There was a total of 51 client technologies, innovators, or companies sourced & engaged this past reporting period. Within these CPR clients there are 4 patents currently being licensed with 18 patents pending as an indirect result to our work. Unfortunately, outside of the proof of concept client companies we are trying to grow, we did not have any pandemic-related pilot interventions officially launch in the region. We are still working with GlobalSTL to attract new businesses and have a couple in the pipeline. We were able to attract or help create 10 businesses to the region.

2b. Provide a measure(s) of the program's quality.

BioGenerator investments awarded \$59,066 of proof of concept funds to startups. In total, our client companies were able to raise \$524,579 worth of grant funds total (EDA and BioGenerator direct Grants).

2c. Provide a measure(s) of the program's impact.

CPR client companies raised about \$12,691,598 in private investment capital this reporting period and created or retained 52 direct Jobs.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

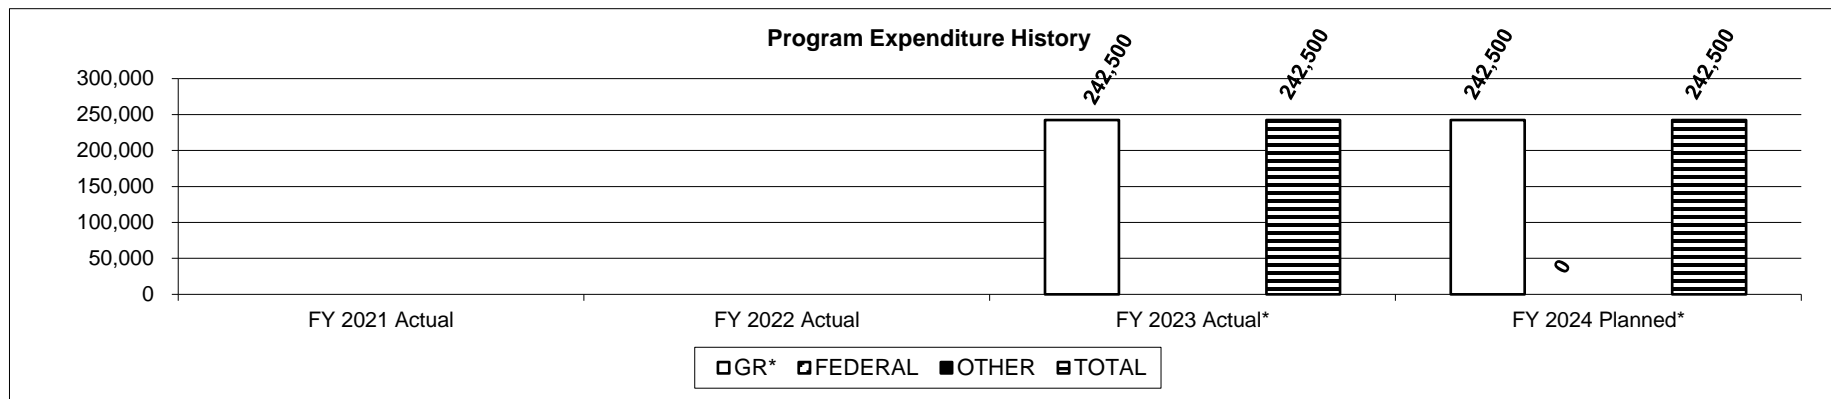

Program Name: University of Missouri - Center for National Pandemic Resiliency

Program is found in the following core budget(s): University of Missouri - St. Louis International Collaboration

2d. Provide a measure(s) of the program's efficiency.

For this reporting period for every job created or retained, it cost an estimated \$29,117.56 in program expenses. This is estimated because we are still working on our disbursement requests for the last three quarters of the reporting period time frame (October 22 - June 23). We used the first quarter and multiplied it out to get the current estimate. This grant and the Center for Pandemic Resilience did not generate any income.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Program was new for FY 2023, so no prior year data is available. Amount is net of 3% Statutory Reserve

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

CARES ACT NON-CONSTRUCTION PROJECTS: Economic Adjustment Assistance Program under Section 209 and 703 of the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. §3121 et seq.) (PWEDA)

6. Are there federal matching requirements? If yes, please explain.

Yes, this state appropriation provides the cash match for a federal award made under the program authorization listed above.

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri Rural Economic Vitality Initiative

Core: University of Missouri - St. Louis International Collaboration

1a. What strategic priority does this program address?

Promote the economic vitality of rural Missouri by sourcing the best innovation solutions to solve challenges prioritized by Missouri farmers.

1b. What does this program do?

Ensures economic vitality and resilience on Missouri farms by sourcing world-leading technologies from an existing, global network of innovation hubs and by engaging statewide partners and local workforce to support growers and producers in implementing innovation on the farm.

2a. Provide an activity measure(s) for the program.

BioSTL and its partners across rural Missouri are creating a new pathway for meaningful innovation to reach farmers. New technologies enable farmers to be more efficient and economically competitive – e.g., produce more output with the same or less inputs, using soil and water and feed more efficiently. But technological advances must be coupled with new ways to connect farmers to information to make good decisions when considering new technologies.

2b. Provide a measure(s) of the program's quality.

Along with our farmer-centric partners, the BioSTL team travels around the state of Missouri meeting with farmers to identify pain points they currently face and their struggles with properly evaluating solutions. For example, BioSTL co-organized "Crops and Conservation Field Day" Demo Days to hear directly from growers about their challenges and solicit feedback about specific innovation solutions. The BioSTL team has developed and continues to refine its "shopping list" of innovations, based on the needs of our farmers, and leverages our existing network of global innovation hubs to source the most effective, cost-efficient solutions. This positions Missouri farmers, in many cases, as the first in the US to deploy best-in-class technology.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.200

Program Name: University of Missouri Rural Economic Vitality Initiative

Core: University of Missouri - St. Louis International Collaboration

2c. Provide a measure(s) of the program's impact.

The following are examples of projects currently in the pipeline:

PastureBox/RenaissanceAg (Canada): Self-contained, fully automated hydroponic system that produces 2,000+ pounds of fresh sprouted premium livestock feed daily – 365 days a year – all while eliminating the need for pesticides, herbicides, or other chemicals. Scheduled to be tested in 2023 by our network of farmers including Garrett Hawkins, President of the Missouri Farm Bureau, who is a cattle farmer. Dr. Rod Barr at Northwest Mo. State is investigating a pilot for dairy and beef herds at R.T. Wright Farm near the University in Maryville.

AgroScout (Israel): Drone-enabled row crop scouting technology, providing insights to the farmer to improve input cost-efficiency. Partnering with Co-Mo Connect (addressing rural broadband issues) to establish a cluster of farmers in mid-Missouri to run a field trial during the 2023 growing season. Similar clusters in and around Nodaway County and Mississippi county. In each case, a local intern will be hired as a certified drone operator to help run this pilot process and help eliminate barriers to farmer adoption. Rob Kallenbach, University of Missouri Associate Dean of Extension, is considered for the MU Extension network around Missouri.

miRobot (Israel): Fully automatic milking robot designed for small to mid-sized dairies (well-suited for Missouri dairy producers) and the innovative hardware enables the use of existing dairy parlor infrastructure. Davin Althoff, MO Farm Bureau Dir of Marketing & Commodities, referred to Dr. Rod Barr at Northwest Missouri State to test this system; trial with on-campus dairy farm planned for late 2023 or early 2024 to fully test system prior to planned sales in the U.S. The trial will validate cow health and milk quality claims. It will also confirm labor savings and quality of life concerns faced by Missouri dairies.

2d. Provide a measure(s) of the program's efficiency.

The BioSTL program is deeply engaged with farmer-centric partners across the state to identify priority challenges facing Missouri farmers. Founding partners of the initiative include: Missouri Farm Bureau, Association of Electric Cooperatives, MoSoy, University of Missouri College of Agriculture Food & Natural Resources, and Missouri Dept. of Agriculture.

2. CORE DESCRIPTION

The Missouri Telehealth Network (MTN) gives patients in underserved areas access to University of Missouri Health Care specialists without leaving their communities. The network saves patients transportation, discomfort, and emotional costs. While all states have at least one telehealth network, Missouri has one of the most developed telehealth networks in the country. The MTN started out with nine sites in 1994 and has since expanded to more than 200 sites in 56 Missouri counties. Besides providing access to excellent healthcare for patients, MTN provides a mechanism for clinical research, continuing education opportunities for healthcare providers, and homeland security efforts related to disaster preparedness. This request is for a core appropriation of \$437,640 for Missouri Telehealth Network and \$1,500,000 for Show-Me Extension for Community Healthcare Outcomes (ECHO).

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.205</u>
Program Name: Division of Four-year Colleges and Universities	
Program is found in the following core budget(s): University of Missouri - Missouri Telehealth Network	

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

The Missouri Telehealth Network (MTN) increases access to patient-centered health care via telehealth for rural and underserved Missourians by providing technical assistance to health care organizations, partnering with key stakeholders, operating telehealth programs, and supporting and developing telehealth policies.

Missouri Telehealth Network provides expertise in key telehealth domains including technical, clinical, operational, legal and regulatory, and evaluation. It was established in 1994 as one of the nation's first public-private partnerships in telehealth. Today, Missouri Telehealth Network has the experience and expertise to train start-up telemedicine programs and to manage new and existing telehealth programs. Currently, Missouri Telehealth Network partners with many types of health care organizations and manages several telehealth programs. It also operates Show-Me Extension for Community Healthcare Outcomes (ECHO). [Show-Me ECHO](#) connects community providers with experts, building virtual learning and mentoring collaborative efforts to increase capacity for care.

MTN is partnered with Missouri Department of Health and Senior Services and the Missouri Department of Social Services on two statewide telehealth programs: Sexual Assault Forensic Exams- Telehealth (SAFE-T) and Rural Citizens Access to Telehealth (RCAT) respectively.

2a. Provide an activity measure(s) for the program.

MTN actively trains and educates Missourians about telehealth. MTN started a Telemedicine ECHO in 2020. This ECHO was initially offered twice each month with one session focused on general telemedicine and one focused on telebehavioral health. During fiscal year 2023, the Telemedicine ECHO was offered once a month. Topics include: Evaluating Your Program, Reimagining Reimbursement, Remote Patient Monitoring, Interstate Licensing, Keeping Momentum: With Connectivity, Teleretina in the Primary Care Setting, Keeping Momentum: Leadership, Boards, Staff (and Community), Keeping Momentum: Interprofessional Training Program, Telehealth and Disability.

	Hours of Education received by participants FY23
Telemedicine ECHO	167

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development **HB Section(s):** 3.205
Program Name: Division of Four-year Colleges and Universities
Program is found in the following core budget(s): University of Missouri - Missouri Telehealth Network

2b. Provide a measure(s) of the program's quality.

The Telemedicine ECHO is an example of the programs and services that we provide at the Missouri Telehealth Network. Topics covered include regulation and reimbursement among others. One measure of quality is a rating of how satisfied participants were with sessions. How would you rate the Overall Telemedicine ECHO? On a scale of 0 to 5 where 0 = Poor and 5 = Excellent.

Question	Poor	Fair	Average	Good	Excellent
How Satisfied?	0%	0%	7%	14%	79%

2c. Provide a measure(s) of the program's impact.

The Missouri Telehealth Network's goal is to increase the use of telehealth in Missouri. One way to measure the impact of the educational programs is to ask what changes the learners will incorporate as a result of the educational programming. The following is a sampling of participants' answers to the question: "What changes do you plan to incorporate into your practice as a result of attending this activity?" (activity is Telemedicine ECHO)

- 1 Review of our current Remote Patient Monitoring process.
- 2 Develop policies and procedures.
- 3 Establish effective telehealth privacy and security auditing and monitoring programs.
- 4 Gained more confidence on regulatory (issues) for providing virtual hospitalists to rural hospitals in MO.
- 5 Able to plan for telehealth/in-person visit breakdown based on expected regulatory and reimbursement changes.
- 6 Being a change agent for the pediatric telehealth within my organization.
- 7 Continued support to the birthing population I serve.
- 8 Regulatory guidelines have been updated.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.205

Program Name: Division of Four-year Colleges and Universities

Program is found in the following core budget(s): University of Missouri - Missouri Telehealth Network

2d. Provide a measure(s) of the program's efficiency.

Efficiency is inherent in the way the Missouri Telehealth Network (MTN) works to educate, train, and support professionals that promote the health and wellbeing of Missourians. Our programming has touched all 114 Missouri counties and the City of St. Louis. One example is MTN's Show-Me ECHO program that allows small expert groups to mentor thousands of participants per year. Learners who join remotely minimize travel time and expenses because of the virtual experience. In calendar year 2022, more than 3,100 individuals across Missouri participated in a Show-Me ECHO program. When asked via survey, many participants say that they share what they learn with others in their workplace and larger community.

During the COVID-19 pandemic, telemedicine became a necessary tool in providing healthcare; however, most primary care providers have had no formal training in utilizing telemedicine. In response to the COVID 19 pandemic, the Missouri Telehealth Network leveraged its technical expertise and existing relationships to quickly organize a Telehealth ECHO to share the latest information regarding Telemedicine best practices, regulations, operations, and reimbursement. Few immersive telehealth opportunities were available before the pandemic, and many students and practitioners alike received limited exposure to telehealth in practice.

Recognizing the need for such training, the Missouri Telehealth Network convened a committee of clinicians and telehealth experts from MU SOM Continuing Education, MU Sheldon Clinical Simulation Center, UMSL College of Optometry, MUHC Virtual Care, MU Family & Community Medicine, Sinclair School of Nursing and UMKC College of Pharmacy. Many telehealth training programs focus on only one profession; however, this effort is purposely interprofessional and aims to increase knowledge of telehealth best practices, consent, reimbursement/billing, and technology. This asynchronous training opportunity offers learners the convenience and efficiency of participating at a place and time that works best for them.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.205

Program Name: Division of Four-year Colleges and Universities

Program is found in the following core budget(s): University of Missouri - Missouri Telehealth Network

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Net of 3% statutory withholding

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

MTN is a component of the University of Missouri Healthcare and falls under these statutes Section 172.010 - 172.830, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: Division of Four-year Colleges and Universities

HB Section(s): 3.205

Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

1a. What strategic priority does this program address?

Access and success

1b. What does this program do?

Telemedicine increases access to specialty care, but it does not increase capacity of individual specialists. Show-Me Extension for Community Healthcare Outcome (ECHO) is a replication of the Project ECHO program developed at the University of New Mexico. Project ECHO is a lifelong learning and guided practice model that revolutionizes medical education and exponentially increases workforce capacity to provide best-practice specialty care and reduce health disparities. It links expert specialist teams at an academic 'hub' with primary care clinicians in local communities – the 'spokes' of the model. Show-Me ECHO has always educated physicians and other primary care providers; however, the application of the model has grown to include PK-12 educators and other professions contributing the health and wellbeing of Missourians.

Show-Me ECHO uses videoconferencing to connect a group of community clinicians and other service providers to a multidisciplinary group of specialists around a specific disease state or condition. Together, they participate in regularly scheduled Show-Me ECHO clinics, which include a short but high value lecture combined with mentoring through patient/client/student case presentations and discussions. As the community providers learn about the disease state or condition and with the mentorship of the specialists, they become a regional center of excellence that can help provide specialty care to patients/clients/students who might not otherwise be able to receive care. Show-Me ECHO increases the number of providers who will treat complex conditions. Relationships are created between specialists and community providers so that patients with chronic conditions can stay in their community for care without being referred to specialists unless completely necessary.

Show-Me ECHO facilitates comprehensive, best-practice care for patients with complex health conditions, within their local community. Show-Me ECHO enables collaboration between specialty and primary care that expands access to best-practice medical care across Missouri.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development HB Section(s): 3.205
 Program Name: Division of Four-year Colleges and Universities
 Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

2a. Provide an activity measure(s) for the program.

Chronic and General Medical: Adult Psych; Concussion Care; Dementia & Alzheimers, Dermatology; Diabetes; Disordered Eating/Eating Disorders; Hepatitis C; HIV; Hypertension; Kidney Disease; Opioid Use Disorder; Oral Health; Pain Management; Suicide Prevention in Health Care; Vaping, Tobacco, & Nicotine Treatment

Child Health: Asthma (3 ECHOs for different audiences); Autism; Child Psych; Developmental Disabilities; Foster Care; Missouri Moms & Babies; Mothers, Infants, & Neonatal Abstinence Syndrome (NAS); Newborn Medicine; Pediatric Sleep; Pediatric Weight Management; Show-Me Strong Kids

COVID: COVID-19; COVID-19 & Kids; Post-Acute/Long-Term Care.

Educator: Autism: Behavior Solutions in Schools; Cultivating Positive Classroom Climate – High School; Head Start

Other professions: Building Healthy Communities; Certified Peer Specialist; Community Health Worker; Telemedicine; Veterinary Education & Training

Potential ECHOs being added in FY 2024 include: Cardiac Care; Infectious Disease; Emergency Medical Services; Sexual Assault Nurse Examiner; Cancer Care; Wound Care

Calendar Year	Hours of Instruction	Unique Participants	Number of Cases
2016	3,654	573	246
2017	4,272	875	334
2018	5,461	1,242	355
2019	7,390	1,615	387
2020	20,720	3,200	360
2021	27,100	3,374	387
2022	21,628	3,139	429

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
 Program Name: Division of Four-year Colleges and Universities
 Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

HB Section(s): 3.205

2b. Provide a measure(s) of the program's quality.

For each ECHO, we measure self-efficacy of the providers. Self-efficacy is defined by Albert Bandura as an individual's belief in his or her ability to organize and execute goals. The following graph is a sample of data from the Community Health Worker ECHO which shows a statistically significant increase in participants' pre and post ECHO self-efficacy. (51 participant responses)

- Questions**
- 1 Serve as a link between health/social services and the community.
 - 2 Support proven ways to care for different health conditions.
 - 3 Detect and make referrals to treat community members' health concerns.
 - 4 Help my patients understand the reasons for their medications, the importance of taking them, and treatments for their medical conditions.
 - 5 Serve as a local expert in my setting and my part of the state for community health workers.
 - 6 Use what I have learned to help those in my community.

The variance value may vary by .1 due to rounding. Average n-size = 51.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
Program Name: Division of Four-year Colleges and Universities
Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

HB Section(s): 3.205

2c. Provide a measure(s) of the program's impact.

In 2022, participants from 110 Missouri counties brought their knowledge back to serve Missourians in their communities. One important role that Show-Me ECHO plays is contributing to our state's efforts to ensure that all children are safe, healthy and engaged by helping participants improve healthcare for children in the foster care system, address challenges in perinatal care, improved mental health access, increase cross community partnerships, maximize asthma treatment and outcomes, and support teachers and other school professionals. In calendar year 2022, child wellbeing topics included Asthma; Autism; Child Psych; Developmental Disabilities; Foster Care; Missouri Moms & Babies; Mothers, Infants, & Neonatal Abstinence Syndrome (NAS); Newborn Medicine; Pediatric Sleep; Pediatric Weight Management; and Show-Me Strong Kids. These ECHOs provided 6,800 person hours of instruction to 1,346 unique learners from 678 organizations in 97 Missouri counties and the City of St. Louis.

2d. Provide a measure(s) of the program's efficiency.

The Show-Me ECHO program's efficiencies lie in its virtual nature. In calendar year 2022 there were more than 3,100 participants from almost 900 organizations including healthcare, education, and other social services and government organizations. The maps below show where the Show-Me ECHO participants come from. Grey counties indicate provider participation. In addition, 99% of the 429 cases discussed during sessions were patients of participants serving in health professions shortage areas.

Calendar Year 2017
67 counties plus the City of St. Louis

1. St. Francois
2. Sainte Genevieve
3. Cape Girardeau
4. St. Louis City

Calendar Year 2022
110 counties plus the City of St. Louis

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
 Program Name: Division of Four-year Colleges and Universities
 Program is found in the following core budget(s): University of Missouri - Extension for Community Healthcare Outcomes

HB Section(s): 3.205

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Net of 3% statutory reserve in all years.

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 191.1140, RSMo.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The Spinal Cord Injury (SCI) fund, Section 304.027, RSMo, supports research in Missouri in the area of spinal cord injuries and congenital or acquired disease processes. Congenital spinal cord abnormalities, such as spinal bifida, include birth defects affecting the spinal cord. In addition to traumatic injuries to the spinal cord that lead to paralysis, acquired abnormalities could include Friedreich’s ataxia, which manifests itself in teenage years and appears to run in families, as well as paralysis due to multiple sclerosis, polio, etc. This funding is used for research awards, consistent with authorizing legislation, to investigators affiliated with a public or private educational, health care, voluntary health association, or research institution.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.210

Program Name: Spinal Cord Injury

Program is found in the following core budget(s): University of Missouri - Spinal Cord Injury

1a. What strategic priority does this program address?

Access and Success

1b. What does this program do?

This program provides support for research projects in Missouri that promote and advance knowledge in the areas of spinal cord injuries and congenital or acquired disease processes.

2a. Provide an activity measure(s) for the program.

*Used funds for prior year awards

*Used funds for prior year awards

The program has been very active in receiving and reviewing proposals, and then funding high-quality biomedical research.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.210

Program Name: Spinal Cord Injury

Program is found in the following core budget(s): University of Missouri - Spinal Cord Injury

2b. Provide a measure(s) of the program's quality.

Each Spinal Cord Injury/Disease Program (SCIDRP) proposal is reviewed by external reviewers and the Director. All of the external reviewers for SCIDRP proposals are well-established, highly successful, and well-published (h-index greater than 20) expert neuroscientists in the areas of spinal cord injury and congenital or acquired disease processes of the spinal cord. In the current round of reviews, all of the external reviewers were from outside of Missouri. These individuals have served on NIH study sections, foundation review panels, and international grant review forums within the neuromuscular space. In addition to providing comments on SCIDRP proposals, reviewers numerically score the proposals based on several specific categories as well as overall (1=highest, 10 - lowest). Reviewers follow the NIH scoring guide and a template similar to the NIH format, thereby allowing applicants to have a familiar review format, but also constructive criticism for future NIH submissions. All funded proposals have had an overall score of 3.0 or higher (excellent-to-outstanding). The program operation is designed to identify and fund very high-quality biomedical research proposals.

2c. Provide a measure(s) of the program's impact.

Many of the funded proposals have resulted in at least 1-2 publications. Several of the funded proposals have resulted in subsequent successful submissions of research grants to national or private funding agencies. Many of the rehabilitation-type proposals have resulted in improvements in the design or use of products (e.g. wheelchairs) for individuals with spinal cord-related disabilities.

2d. Provide a measure(s) of the program's efficiency.

The SCIDRP reviews proposals and makes funding decisions usually within 2 months of receipt. This turn around time is as good or better than those for National Institutes of Health (NIH), National Science Foundation (NSF), and most private biomedical funding agencies.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development _____

HB Section(s): 3.210

Program Name: Spinal Cord Injury

Program is found in the following core budget(s): University of Missouri - Spinal Cord Injury

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*Limited to funds available and would approximately expect \$600K in expenditures

4. What are the sources of the "Other " funds?

Spinal Cord Injury Fund (0578)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 304.027, RSMo

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

This is a request for core funding for the Missouri Kidney Program (MoKP). MoKP is a state funded program, administered by the University of Missouri School of Medicine, providing financial assistance to eligible Missourians who have kidney failure and are on dialysis, or have received a kidney transplant. The program supports education and research, partners with dialysis centers and transplant centers statewide, and has longstanding expertise in health insurance coverage for kidney disease, including MO HealthNet (Medicaid) and Medicare.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.215</u>
Program Name: <u>Missouri Kidney Program</u>	
Program is found in the following core budget(s): <u>University of Missouri - Missouri Kidney Program</u>	
1a. What strategic priority does this program address? Affordability, Access, and Success	
1b. What does this program do? The Missouri Kidney Program (MoKP) is a state funded program, administered by the University of Missouri School of Medicine, providing financial assistance with transportation to and from dialysis, medication assistance, and insurance premium assistance to eligible Missourians who have kidney failure and are on dialysis, or have received a kidney transplant. The program supports education and research, partners with dialysis centers and transplant centers statewide, and has longstanding expertise in health insurance coverage for kidney disease, including MO HealthNet (Medicaid) and Medicare. All participants must meet residency, citizenship, financial eligibility, and medical conditions requirements.	

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.215</u>
Program Name: Missouri Kidney Program	
Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program	

2a. Provide an activity measure(s) for the program.

Measure: The program will continue to serve as many eligible Missourians as funding allows, contract with all willing licensed dialysis and transplant facilities, and maintain expertise in Medicare and insurance for end stage kidney disease. The program relies on referrals from social workers at dialysis and transplant facilities to reach eligible patients, and thus to increase participation. The program does not market directly to patients. Social workers are made aware of the program's existence and assistance constantly through MoKP's listserv, through regular education and training webinars, and direct contact from the MoKP staff.

MoKP Participants Served

Number of Dialysis and Transplant Centers Contracted with MoKP

FY 2021	FY 2022	FY2023	FY 2024 Projected	FY 2025 Projected
1,242	1,181	1,170	1,181	1,192

FY 2021	FY 2022	FY 2023
182	188	186

Stretch Targets:

- Increase enrollment through revising and streamlining the MoKP application (not changing eligibility) by reducing the number of data fields, offering the options of digital signature, and web-based application access, to simplify and reduce work effort by social workers. We will also do reminders directly to patients that they may be eligible.
- Work with dialysis and transplant facilities that serve Missouri residents to continue informing renal social workers of both federal/state changes that could affect their patients and to inform them of resources available to their patient population.
- Continue to develop the resource of expert partners, to better target our assistance to serve those most in need. Expert partners with whom MoKP will continue to work with are National Kidney Foundation, Missouri Hospital Association, QSource ESRD Network 12, MO HealthNet, Missouri Primary Care Association, MO Department of Health and Senior Services Organ Donor Program, and MU Show Me ECHO.

The decline in the number of participants served during FY23 continues to reflect the ongoing, lingering impact of COVID pandemic. We continue to see turnover in renal social workers in dialysis and transplant facilities throughout the state. The program requires patients who apply for MoKP to be referred by renal social workers. We expect to see participant numbers begin to increase this year, as dialysis staffing stabilizes. Alarmingly, kidney damage/disease has emerged as the most common risk factor for serious COVID infection/hospitalization, and more than 30% of patients hospitalized with COVID19 developed kidney injury and more than 50% of COVID + patients in the ICU with kidney injury required dialysis - meaning that we expect to see more people diagnosed with late-stage kidney disease in the coming years.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.215

Program Name: Missouri Kidney Program

Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program

2b. Provide a measure(s) of the program's quality.

Measure: The impact of MoKP services on targeted populations including rural, low income, minority, high-risk, elderly and those with resulting ESRD due to serious COVID 19 infection.

The Program has a continuous improvement approach utilizing surveys of program participants, regular communications with contracted dialysis and transplant facilities, and external partners in the kidney disease space.

The survey had a 37% response rate with results including the following:

- The program enables patients to be more compliant with their medications. Dialysis and transplant patients have very complicated medication regimens.
- Patients on MoKP are more likely to get to their dialysis appointments regularly and maintain their weekly schedule for dialysis. Dialysis is the only treatment for End-Stage Renal Disease (ESRD), besides transplant.

Stretch targets:

- Continue to enhance partnerships with national and regional kidney organizations to elevate the program's quality, reach and expertise.
- Improve program design and procedures based on feedback from participants and facilities.

2c. Provide a measure(s) of the program's impact.

Measure: The impact of MoKP services on targeted populations –populations we serve include: rural, low income, minority, high-risk, and elderly Missourians.

Kidney disease is a leading cause of death among chronic diseases and the 9th leading cause of death overall for Missourians according to MODHSS Public Health Surveillance System. Like national trends, the prevalence of diabetes, untreated or poorly treated hypertension, and obesity are increasing in Missouri. Kidney disease is a disease of disparities, disproportionately affecting Black and Hispanic Missourians.

Rural - currently, 16% of the program's participants live in rural counties.

Minority - currently, 56% of the program's participants are African American.

Aging - currently, the majority of our program participants are between the ages of 39-80.

Stretch Target: The Program will continue to offer in-kind support the Kidney Disease ECHO, entering its 5th year offering a team of experts from around the state to advance the skills and educate on best practices for primary care providers treating CKD. Most participants in this ECHO are from rural primary care practices. The program is continuing its partnership with the national office of the National Kidney Foundation to effect change in the way primary care diagnoses and treats early-stage CKD. Missouri is the first state to implement this national NKF initiative. Missouri serves as a pilot state because of the longstanding reputation of MoKP and support from MODHSS. For more information about this NKF partnership please see <https://www.kidney.org/content/missouri-ending-disparities-ckd-leadership-summit-show-me-ckdintercept-initiative> and <https://www.kidney.org/ckd-intercept-national-leadership-summits>.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.215

Program Name: Missouri Kidney Program

Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program

2d. Provide a measure(s) of the program's efficiency.

Measure: Offer/deliver efficient, cost-effective pharmacy services to MoKP participants through a centralized drug program contract.

MoKP's single largest assistance program is the Centralized Drug Program which provides pharmacy services, including mail order covered drugs to MoKP participants statewide. The contracted pharmacy is required to bill Medicare Parts B, D, Mo HealthNet (Medicaid), MoRX, and Commercial insurance as available for each program participant before billing MoKP.

Base Target: 5% or less of the actual drug costs paid by the program. Cost paid by the program was below the base target set as presented in the chart below.

Stretch Target: Given the rising costs of pharmaceuticals, continue to stay below 5% of the actual drug costs paid by the program for participants enrolled in the Centralized Drug Program.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.215

Program Name: Missouri Kidney Program

Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program

2d. Provide a measure(s) of the program's efficiency (continued).

Measure: The number of MoKP participants for whom we maximize coverage under federally funded Medicare Savings Programs (QMB and SLMB) and Low-Income Subsidy (LIS).

The Qualified Medicare Beneficiary (QMB) is a Medicare Savings Program that pays for the Medicare Part A (hospital insurance) premium, the Medicare Part B (medical insurance) premium, and the Part B deductible. The program also pays Medicare cost-sharing expenses such as coinsurance and copayments (typically 20% of the approved amount). Part B also covers immunosuppressant medications required following a kidney transplant. The average cost savings for a hemodialysis patient is \$18,510 when enrolled in the QMB program. By ensuring eligible participants are enrolled in QMB, it shifts the cost burden from Medicaid and MoKP.

The Specified Low-Income Medicare Beneficiary (SLMB) Program helps pay for Medicare Part B premiums. The average cost savings per person is \$1,979/year.

Low Income Subsidy (LIS) provides full or partial waivers for many out-of-pocket cost-sharing including premiums, deductibles, and co-payments and provides full or partial coverage during the coverage gap for Medicare Part D plans. ** Immunosuppressant medications are covered under Medicare Part B**

MoKP Participants on QMB/SLMB Programs

FY 2023

QMB	319
SLMB	202

Stretch target:

-We will continue to coordinate with our program dedicated MODSS eligibility specialist on all MO HealthNet cases.

-We will continue to evaluate the impact on the program and our participants of the Inflation Reduction Act of 2022 (P.L. 117-169, passed August 2022) which makes significant improvements to Medicare by expanding benefits and lowering drug costs.

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development

HB Section(s): 3.215

Program Name: Missouri Kidney Program

Program is found in the following core budget(s): University of Missouri - Missouri Kidney Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

* Net of 3% Statutory Reserve

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable)

Administered by the University School of Medicine pursuant to sections 172.010-172.750, RSMO

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.220</u>
Program Name: Division of Four-year Colleges and Universities	
Program is found in the following core budget(s): University of Missouri - State Historical Society	
1a. What strategic priority does this program address? Communication	
1b. What does this program do? The State Historical Society of Missouri is the premier research center for the study of Missouri state and local history. The Society preserves Missouri history by collecting art, manuscripts, newspapers, photographs, and oral history collections. Public access to the collections is through research centers in Columbia, Kansas City, St. Louis, Rolla, Springfield, and Cape Girardeau located on the University of Missouri, Missouri State University, and Southeast Missouri State University campuses. Patrons include students from elementary school through graduate school, historians, genealogists, government staff, and members of the public. The Society promotes Missouri history by publishing Missouri history and research through a scholarly journal, the Missouri Historical Review, a membership magazine, books, websites, and social media. The Society is the sponsor for National History Day in Missouri educating Missouri students in grades 6-12 to research historical topics. The Society also provides public programming to promote Missouri history through art exhibitions, workshops, tours, and lectures.	

PROGRAM DESCRIPTION

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The State Historical Society of Missouri (SHSMO) is the premier research center for the study of Missouri state and local history. Founded in May 1898 by the Missouri Press Association and established as a trustee of the state a year later, SHSMO collects, preserves, and publishes materials that enhance research and support learning opportunities in the study of the history of Missouri and the Midwest. The SHSMO receives a general revenue core appropriation to support its operations. The University of Missouri is an agent for the Society.

Note: State Historical Society employees are not considered state employees, therefore they do not receive any additional increases in salary and benefits that state employees receive.

SHSMO requests recurring funds \$137,895 (\$100,455 in salary plus \$37,440 in benefits) which is needed for one new FTE for a strategic communications position.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The State Historical Society of Missouri (SHSMO) is the premier research center for the study of Missouri state and local history. Founded in May 1898 by the Missouri Press Association and established as a trustee of the state a year later, SHSMO collects, preserves, and publishes materials that enhance research and support learning opportunities in the study of the history of Missouri and the Midwest. The SHSMO receives a general revenue core appropriation to support its operations. The University of Missouri is an agent for the Society. Because SHSMO funding derives almost entirely from state general revenue, appropriation increases must be requested to cover any cost of living increases.

Note: State Historical Society employees are not considered state employees, therefore they do not receive any additional increases in salary and benefits that state employees receive.

SHSMO requests a 5% cost of living increase of \$277,999 based upon current staffing and one-time funds of \$145,513 to pay time-off leave payout.

2. CORE DESCRIPTION

The State Seminary Fund is authorized by Section 172.610, RSMo, and was created for the support of the University of Missouri's College of Agriculture and the School of Mines and Metallurgy. The State Treasurer is empowered to collect the interest on bonds when due, credit the Seminary Fund, and pay the Board of Curators the annual income received in the Seminary Fund upon requisition by the Board of Curators. This request is for \$275,000 in earnings from principal held in the Seminary Fund Investment Income. The \$3,000,000 in principal in Government Securities that were being held in the Seminary Fund Investments were removed due to changes in investment strategies as this fund is managed by the State Treasurer's Office and is no longer needed; therefore, was removed from the FY 2022 budget.

CORE DECISION ITEM

Department of Higher Education and Workforce Development	Budget Unit	<u>57795C</u>
Division of Four-year Colleges and Universities		
Core - University of Missouri - State Seminary Fund	HB Section	<u>3.225</u>

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development	HB Section(s): <u>3.290</u>
Program Name: Division of Four-year Colleges and Universities	
Program is found in the following core budget(s): University of Missouri - State Seminary Fund	
1a. What strategic priority does this program address? Access and success	
1b. What does this program do? This program provides income for the general operation of University of Missouri College of Agriculture and School of Mines and Metallurgy and for three scholarships that the Curators added to the Seminary Fund in 1909. Funding for the investments that distribute to Agriculture and Mines and Metallurgy were derived from four sources - the First and Second Morrill Acts of 1862 which granted acreage to fund "at least one college to teach agriculture and mechanical arts", US Congressional reimbursement to the state of Missouri for subsisting troops during the Civil War, and fees from the sale or lease of railway equipment in 1895. Funding for the scholarships was from gifts/bequests to the university and per Board of Curators decision these were added to the Seminary Fund. Per state statute the Seminary monies belong to the university, but the state must hold the securities.	
2a. Provide an activity measure(s) for the program. N/A	
2b. Provide a measure(s) of the program's quality. N/A	

PROGRAM DESCRIPTION

Department of Higher Education and Workforce Development
 Program Name: Division of Four-year Colleges and Universities
 Program is found in the following core budget(s): University of Missouri - State Seminary Fund

HB Section(s): 3.290

2c. Provide a measure(s) of the program's impact.

Measure: Utilize interest earned to fund scholarships and program administration

Base Measure: Maintain prior year distribution level

Stretch Measure: Receive increase adjustment on distribution based on increased market returns

Note: Due to the lack of interest earned on securities purchased, scholarships awarded declined in FY 2021
 The expenditures in the graph above include interest from investments made by the University. The interest is used to fund operations at the University of Missouri - Columbia (MU) and Missouri University of Science and Technology (S&T) and to fund some scholarships.

2d. Provide a measure(s) of the program's efficiency.

N/A

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Student Loan Program ended in October 2022, which required the Department of Higher Education and Workforce Development (DHEWD) to process a core reduction of the funds to zero them out. Now, DHEWD needs a supplemental transfer appropriation so the current remaining funds can transferred to the spending authority line.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The federal government appropriated \$12,358,775 in funds to support the land grant mission of Lincoln University (LU) in FY 2024 which was more than anticipated during the FY 2024 budgetary process. Those funds require a 1:1 match from the institution in order to be processed. Currently, LU is appropriated \$10,131,106 in matching funds after the 3% reserve is deducted. That leaves a balance shown here as the necessary institutional match required.

SUPPLEMENTAL NEW DECISION ITEM

Department of Higher Education and Workforce Development		House Bill Section <u>3.165</u>
Division of 4-Year Colleges and Universities		
Lincoln Land Grant Match	DI# 2555002	Original FY 2024 House Bill Section, if applicable <u>3.165</u>

3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.

Beginning in federal fiscal year 2000, 1890 Land Grant institutions were required to match federal funding allocations with non-federal resources. The Code of Federal Regulations (CFR), Title 7, Part 3419 outlines the matching requirements. LU is now estimated to receive \$12,358,774 in federal funds in FY24. This would put the current state match of \$10,131,106 short of the 1:1 match by \$2,227,669.

4. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE.

2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 143.781, RSMo

Missouri State University (MSU) has current appropriation authority of \$500,000 to cover unpaid debts owed to the institution by state taxpayers. In FY 2023, the university was not able to collect all of their unpaid debts as they exceeded appropriation authority. Due to the increase in unpaid debts owed and intercepted by DOR, MSU is also seeking an NDI for an increase in appropriation authority.

2. CORE DESCRIPTION

MoExcels facilitates development and expansion of employer-driven education and training programs and career opportunities for populations historically underserved by higher education. MoExcels was first funded in the FY 2020 budget and again in the FY 2022 and FY 2023 budget. Those appropriations were for projects at public colleges and universities.

Extending MoExcels to private, non-profit colleges and universities will enhance Missouri's efforts to address the economic and public health needs created by the pandemic and resulting economic disruption. These needs include, but are not limited to, healthcare, safety, and educational disparities.

DHEWD, with approval from the Coordinating Board for Higher Education (CBHE), issued a competitive request for proposals from accredited private, non-profit colleges and universities in Missouri. The RFP process was used to prioritize projects that establish or expand programs and initiatives that lead to work in high-wage, high-demand occupations and that address workforce needs related to COVID-19. Each institution was required to indicate that it can provide matching funds equal to at least 50% of the total project cost in order to be considered in the RFP process. DHEWD staff established a cap that represents the highest dollar amount an individual institution can request. Proposals were scored and ranked by staff from DHEWD and DED, and recommendations from the scoring committee were submitted to the CBHE for their review and consideration. The CBHE made final recommendations to the Governor.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.005

Public Health / Negative Economic Impact

DHEWD - MoExcels for Private Institutions

1a. What strategic priority does this program address?

Expansion of employer-driven education and training programs and career opportunities for populations historically underserved by higher education.

1b. What does this program do?

Enhance Missouri's efforts to address the economic and public health needs created by the pandemic and resulting economic disruption. These needs include, but are not limited to, healthcare, safety, and educational disparities.

2a. Provide an activity measure(s) for the program.

Number of projects funded
Number of students participating in selected programs

2b. Provide a measure(s) of the program's quality.

Student persistence rate
Program graduation rate
Employment rate of graduates
Licensure or certifications obtained, where applicable

2c. Provide a measure(s) of the program's impact.

Increase in overall degree and/or credential completion
Increased workforce/labor participation rates

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.005

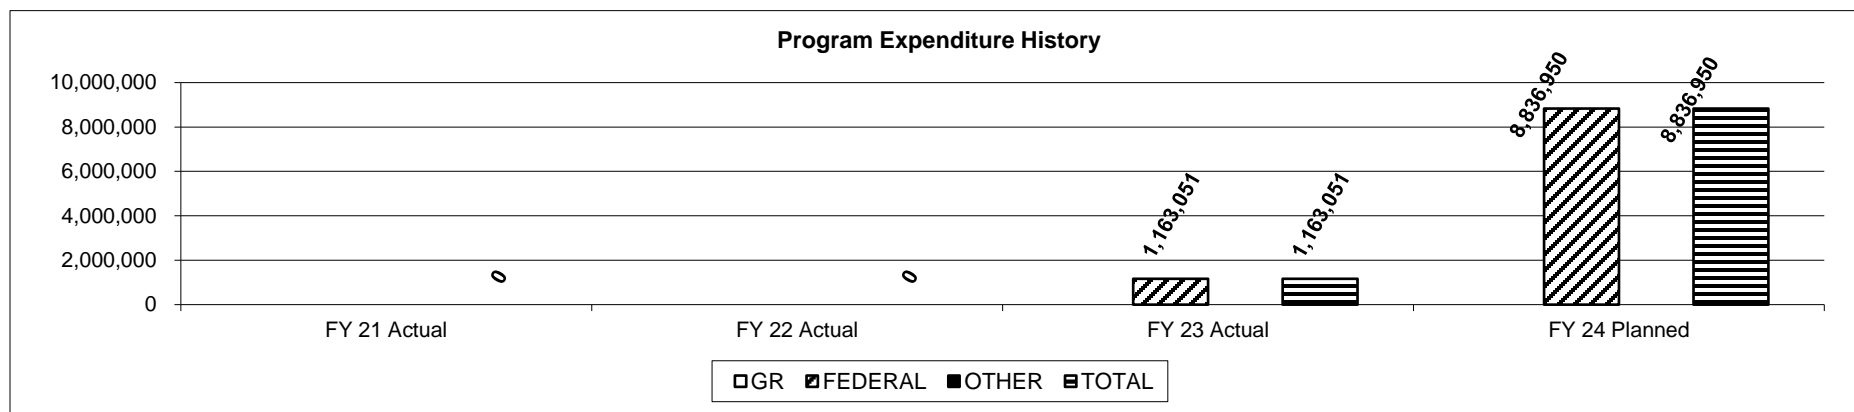

Public Health / Negative Economic Impact

DHEWD - MoExcels for Private Institutions

2d. Provide a measure(s) of the program's efficiency.

Cost per student served
 Programs are to be self-sustaining and articulate long-term impact
 50% match funds

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Missouri's 27 Job Centers provide critical services that include access to training and education, job readiness workshops, hiring events, and career services to citizens who are seeking to access the workforce, as well as those who wish to remain in the workforce. To do so, Missouri Job Centers must be updated to better serve our citizens and employers in the modern era. Having adaptive technology to serve citizens with disabilities, virtual delivery of services, including video conferencing, updated facilities with modern equipment and technologies, and consistent branding is necessary to cultivate a human-centered design approach to Missouri's Job Center Connect network. Job seekers and employers will benefit from expanded accessibility and modernized services that will be leveraged to support sustained growth in Missouri's labor force participation rate.

3. PROGRAM LISTING (list programs included in this core funding)

Investing \$100,000 in each of Missouri's 27 Job Centers, for a total investment of \$2,700,000. The \$2,700,000 includes this core amount and a new decision item for \$2,200,000. This would position the Office of Workforce Development to upgrade technology and accessibility for both citizens and employers who utilize the services of Missouri's public workforce system. Investments include updated publically accessible resource computers for citizens to apply for jobs and receive training, implementation of video conferencing services to expand access for virtual interviews, training enrollments, hiring events, and to upgrade ADA accessible adaptive technology for citizens. 0 FTE are needed for this investment.

*Number of individuals served represents customers receiving a service through the Missouri Job Centers and our self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. COVID office closures directly affected the number services provided during FY 2021. Participant data was queried from customer data through MoPerforms.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2023 thru FY 2025 are estimated to increase by 3%, 4%, and 5% respectively.

Additional measures:

Number of employers posting jobs through the Missouri Labor Exchange.

Number of citizens utilizing virtual hiring resources.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.010

Public Health / Negative Economic Impact

DHEWD - Modernize Missouri Job Centers

2b. Provide a measure(s) of the program's quality.

Number of downloads and registration of the mobile application.

Number of website inquiry forms submitted showing that information is getting across accurately and is driving people to take a next step.

2c. Provide a measure(s) of the program's impact.

Number of citizens accessing an employment opportunity as a result of Missouri Job Center services.

Number of people enrolling in career services and/or training services at Missouri Job Centers.

2d. Provide a measure(s) of the program's efficiency.

Missouri labor force participation increasing would show people are accessing the information and finding their way back into the workforce.

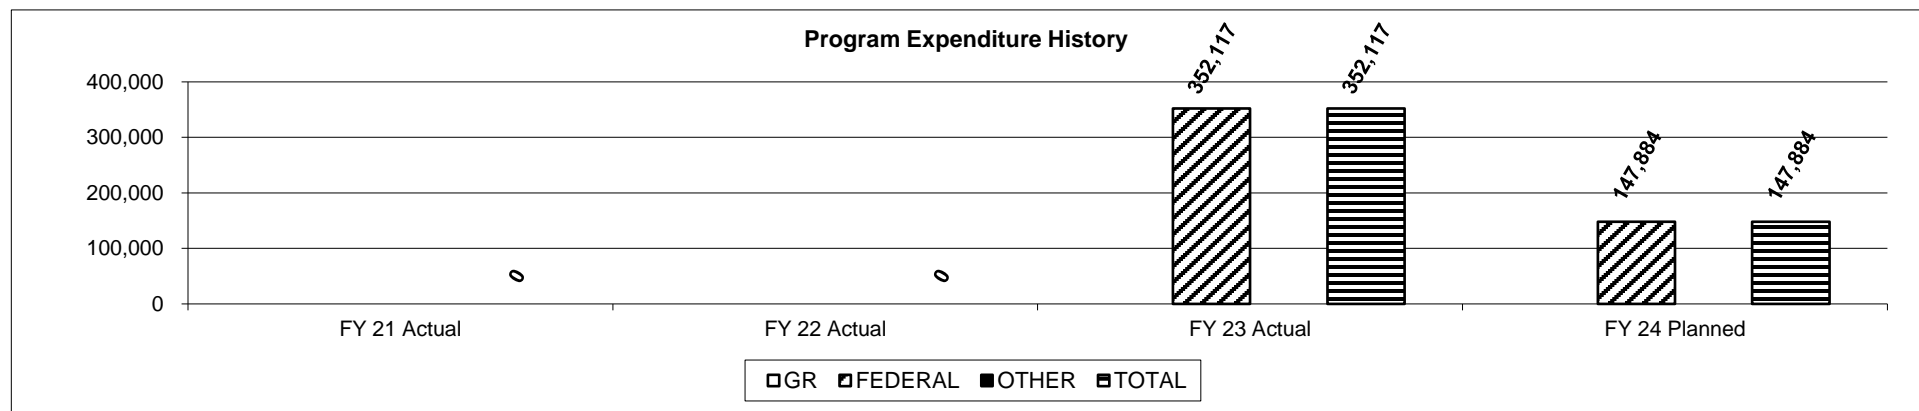

Number of people enrolled - increases, versus cost of investment.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.216

Public Health / Negative Economic Impact

DHEWD - UM - Thompson Autism Center

1a. What strategic priority does this program address?

Outreach

1b. What does this program do?

Construct a new facility in Columbia, Missouri to comprehensively house all aspects of the Thompson Center under one roof including clinical diagnostic and intervention services, translational research, and training initiatives. Goals for the new facility include expanding access to appointments with additional clinic space to accommodate more clinicians, development of new types of spaces for observation to enhance research opportunities, and provide integrated training space in the facility that will serve both internal providers and others involved in the specialties of serving individuals, families, and communities.

2a. Provide an activity measure(s) for the program.

The number of patients served and research performed with the Thompson Center.

2b. Provide a measure(s) of the program's quality.

To expand the clinical service specialties, the Thompson Center will both recruit and train clinical professionals. The Center currently provides training for various clinical disciplines. From psychology to ABA, and medical residents to speech/language pathology students, the Center's training capabilities will help to meet needs. Also, in 2022, the Center will launch its own Developmental Behavioral Pediatrician Fellowship Program. This robust training program will serve as a pipeline for an important component of the Center's medical staff needs in the future. With more space, more providers can be recruited and the Thompson Center's program can grow.

2c. Provide a measure(s) of the program's impact.

Meeting a critical need for Missouri's Autism community. 1 in 54 children are born with autism. That means more than 113,000 Missourians with autism stand to benefit from the Thompson Center's services. Additionally, 1 in 6 US children has a developmental disability or delay. To meet the growing demand for services, the Thompson Center has increased its capacity by renovating existing buildings. Since 2008, Thompson Center clinicians have increased the number of autism diagnostic evaluations by more than 75% to over 880 evaluations a year.

Additionally, since 2013, Thompson Center providers from all 14 clinical subspecialties have increased total patient visits by 80% to more than 14,600 visits annually. While there has been a significant expansion in clinical services provided, the demand far exceeds the Thompson Center's current capacity. Growth at the current Thompson Center facility is limited by size; therefore, a future physical facility is necessary to meet the growing needs of those impacted by autism and other neurodevelopmental disorders.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.216

Public Health / Negative Economic Impact

DHEWD - UM - Thompson Autism Center

2d. Provide a measure(s) of the program's efficiency.

More than 1,100 children are waiting to receive a diagnostic evaluation at the Thompson Center, including 900 who are waiting for an autism specific evaluation. To address this serious delay, the Thompson Center plans to add pediatricians, psychologists, therapists, and psychology technicians. The additional space will help address some of the demand issues.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

2. CORE DESCRIPTION

This grant will provide funding to institutions of higher education to implement agriculture innovation and agriculture workforce programs supporting Missouri agriculture. Agriculture production, the food supply chain, and agriculture input and labor supply chains were all negatively impacted by COVID-19. Focus on innovation and workforce development will result in more resilient systems, resulting in fewer disruptions to agricultural production and food distribution as a result of COVID-19 or future global disturbances.

Projects of interest must demonstrate how funding directly alleviates negative economic impacts on agriculture production, the food supply chain, agriculture input, or labor supply chains. Eligible applicants are limited to institutions of higher education, but grantees may partner with K-12 or other entities. All projects will require a cash match. As a condition of the grant award, all projects must meet the timelines required by federal guidance, and funds must be expended by December 31, 2026.

Agriculture innovation and workforce development benefits all Missourians by promoting an abundant, affordable, and resilient source of food. The grant is intended to focus on large, transformational projects that will impact agriculture broadly. The grant will leverage other funding sources to spur shovel-ready projects that will support agriculture innovation and workforce development economic recovery.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.505

State Services

DHEWD - Agriculture Innovation & Workforce Grant

1a. What strategic priority does this program address?

Implement agriculture innovation and agriculture workforce programs supporting Missouri agriculture.

1b. What does this program do?

Focus on innovation and workforce development will result in more resilient systems, resulting in fewer disruptions to agricultural production and food distribution as a result of COVID-19 or future global disturbances.

2a. Provide an activity measure(s) for the program.

Subawardees will provide information regarding number of individuals served, or other meaningful impact statements that are tailored to the project. Appropriate reportable activity measures and key outcomes may include the number of additional students with access to workforce development training or the number of additional farmers with access to new technology or education.

2b. Provide a measure(s) of the program's quality.

DHEWD will monitor subawardees to ensure adequate progress is being made to meet program benchmarks and timelines. Subawardees will submit project status updates, and any noteworthy challenges or opportunities identified during the project.

2c. Provide a measure(s) of the program's impact.

Subawardees will report the impact of the project on targeted audiences. Measurables will vary depending on the scope of each project.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.505

2. CORE DESCRIPTION

The demand for skilled technicians is growing in southwest Missouri as many workers leave the skilled trades and fewer students enter these pathways each year. CC currently offers CNS, AMT, Advanced Welding, Drafting, & Healthcare certifications at the Joplin Advanced Training & Technology Center (ATTC). The center was started as a partnership between the Joplin Chamber of Commerce and Crowder College to address business and industries' need for skilled employees. During the first five years of this partnership (2016-2021), ATTC has experienced a dramatic enrollment increase of 788.24%. Through flexible class scheduling & accelerated training formats, students can complete a certification in 1 to 2 semesters. CC's customized/non-credit training unit (Training & Development Solutions (TDS)) is also housed at the ATTC. CC currently rents 30,687 sq. ft of 51,140 sq. ft from the Joplin Chamber of Commerce Foundation. Purchasing the facility would add another 20,453 sq. ft for expansion & new programs, provide unique educational & training opportunities in the area, and establish a permanent technical education training center. The requested funding will assist in minor renovations (reconfiguring classrooms, offices, etc.). CC will use the funds requested from the state to purchase the building and establish a permanent technical education training site in Joplin. Joplin is an ideal location for a technical education center due to its central location in the area to serve both students and businesses.

ARPA CORE DECISION ITEM

State Services	
DHEWD - Crowder College - Advanced Training & Technology Center (ATTC)	HB Section <u> 20.700 </u>

3. PROGRAM LISTING (list programs included in this core funding)

CC seeks funding to purchase the ATTC from the Joplin Chamber of Commerce Foundation. Faculty will be hired to create surgical technology (2), electrical (1), culinary arts/hospitality management (1), and engineering technology (1) programs. CC’s commitment to workforce education will be supported by adding a full-time workforce development director and administrative assistant. They will lead non-credit and credit customized professional development and technical training programs for regional business and industry partners. The current programs at the ATTC, welding technology, surgical technology, computer & network support, and advanced manufacturing, will be enhanced through the purchase and expansion of the site by creating opportunities for collaboration in high-demand areas like food manufacturing between culinary arts and advanced manufacturing.

NOTES:
 (1) This program is new for FY 2024, no prior year data available.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.700

State Services

DHEWD - Crowder College - Advanced Training and Technology Center (ATTC)

1a. What strategic priority does this program address?

Strategic Priority 1.1 Develop and expand training opportunities in high-demand areas to meet the region's workforce needs.

1b. What does this program do?

Crowder College currently rents 30,687 sq. ft of 51,140 sq. ft from the Joplin Chamber of Commerce Foundation. Purchasing the facility would add another 20,453 sq. ft for expansion & new programs, provide unique educational & training opportunities in the area, and establish a permanent technical education training center in the region.

2a. Provide an activity measure(s) for the program.

Activity measures include:

- Acquisition of the facility
- Renovation of the building
- Creation and approval of new academic programs
- Hiring of additional faculty and staff

2b. Provide a measure(s) of the program's quality.

Program quality will focus on 1) the financial stability of the expanded training center and 2) the quality of educational programs offered.

- 1) The college board of directors will evaluate the program's financial stability monthly during their regular board meeting.
- 2) Program quality will be evaluated through the college's program review process, which focuses on a) program learning outcomes, b) course learning outcomes, c) results of course/program learning assessments, and d) a summary of feedback from students about their experience in the program.

2c. Provide a measure(s) of the program's impact.

The program impact will be evaluated in terms of credentials earned by students completing programs at the Joplin ATTC with a certificate or degree. We anticipate the addition of 20,000 sq ft will allow Crowder College to award more than 1,000 credentials over the next four years. This is an annual increase of 130% from our current performance level.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.700

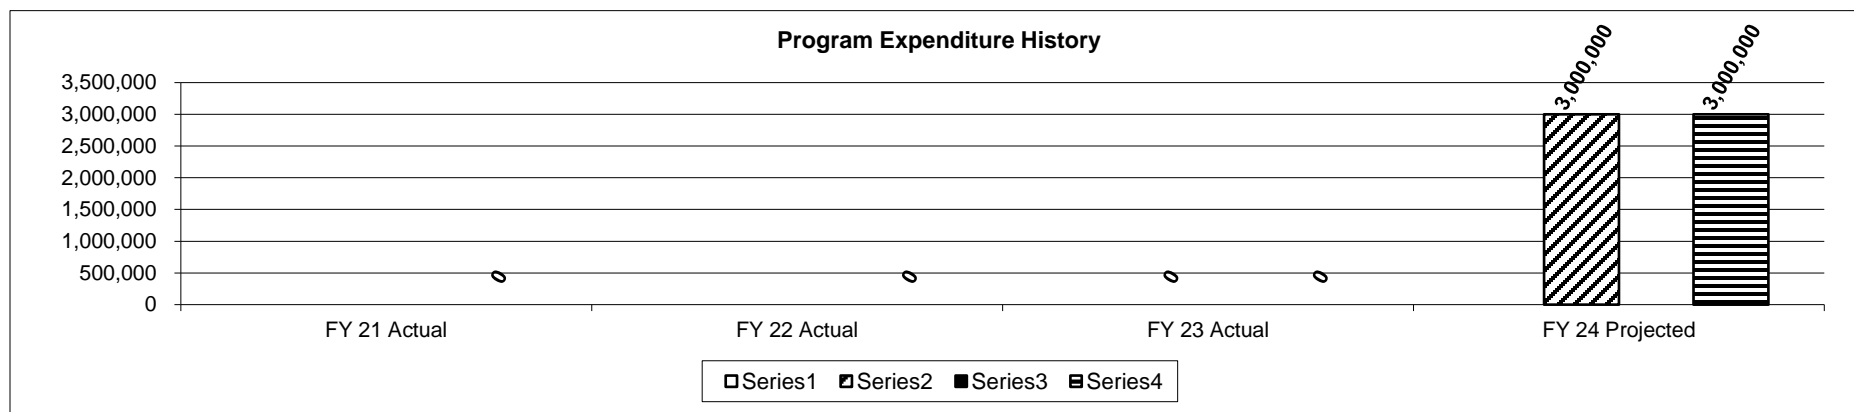

State Services

DHEWD - Crowder College - Advanced Training and Technology Center (ATTC)

2d. Provide a measure(s) of the program's efficiency.

Program efficiency will be evaluated in time to complete a credential. Some certificates can be completed as short as one 16-week semester, while others require as many as five semesters. The program will aim to have more than 90% of students complete in two years or less.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

2. CORE DESCRIPTION

East Central College (ECC) proposes the creation of a comprehensive campus in Rolla to transform the educational and workforce opportunities in the central region. Currently, the college is operating in two facilities in the Rolla area, leasing space from the Rolla public school district in the Rolla Technical Center (co-located) and a leased facility on the north side of town. The separated facilities are inadequate to meet the needs of students. Divided facilities pose significant challenges for students, limit program growth, and inadequately serve stakeholders in the region. ECC has performed remarkable work despite these limitations; a single, comprehensive facility will exponentially increase the impact on the area.

The facility will house a Health Sciences Academy to include Radiologic Technology, Licensed Practical Nursing, Nursing, Surgical Technology, Medical Assistant and Paramedic Technology/EMT programs. The new campus allows ECC the ability add a Respiratory Care program to meet the needs of health care systems in the Rolla area and throughout the state.

3. PROGRAM LISTING (list programs included in this core funding)

ECC estimates the total cost of the project to be \$13 million. The college will utilize multiple funding sources for matching funds, including the \$250,000 per year current expense of leasing the two Rolla facilities. In addition, the college will secure federal grants and loans, and private funds to complete the campus project. The transfer of lease obligations to debt service for a fully owned facility represents a better use of public funds.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.705

Public Health / Negative Economic Impact

DHEWD - East Central College - ECC Rolla Campus

1a. What strategic priority does this program address?

Better meet the needs of students

1b. What does this program do?

The new campus will allow ECC to add a Respiratory Care Program to meet the needs of health care systems in the Rolla area and throughout the state.

2a. Provide an activity measure(s) for the program.

Number of students in the offered programs

2b. Provide a measure(s) of the program's quality.

Program graduation rate
Employment rate of graduates
Licensure or certifications obtained, where applicable

2c. Provide a measure(s) of the program's impact.

Increase in overall degree and/or credential completion

PROGRAM DESCRIPTION

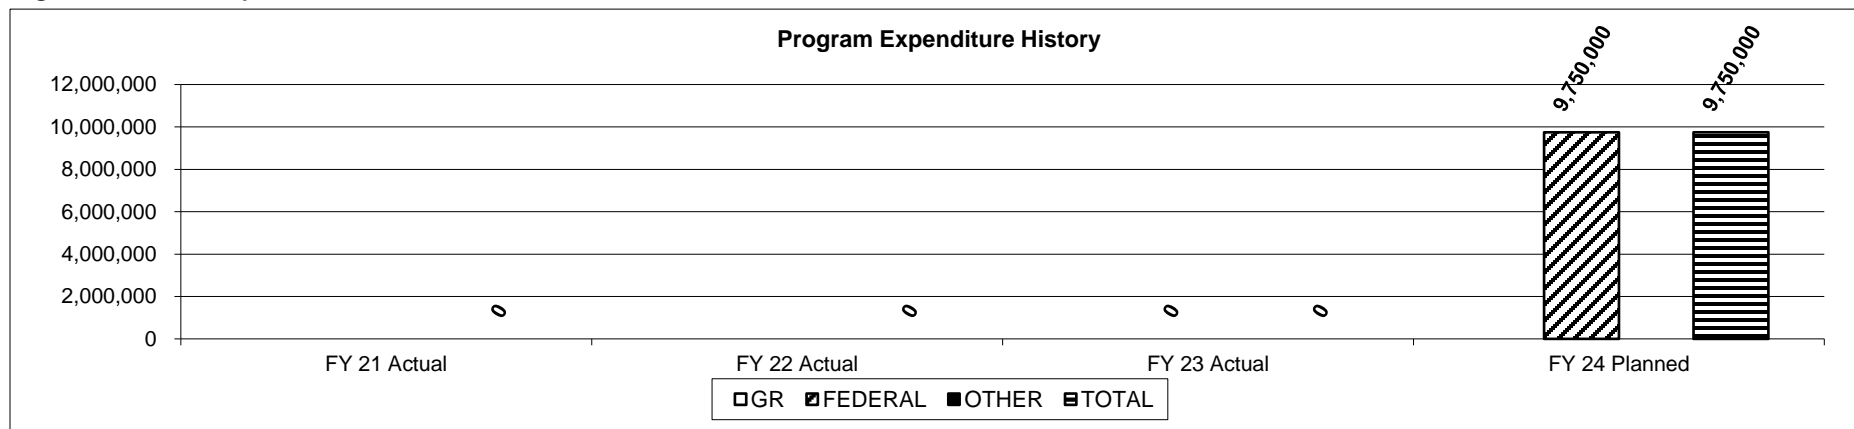

American Rescue Plan Act
Public Health / Negative Economic Impact
DHEWD - East Central College - ECC Rolla Campus

HB Section(s): 20.705

2d. Provide a measure(s) of the program's efficiency.

Number of adult populations served

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The Jefferson College (JC) Law Enforcement Academy (LEA) program is the only Commission on Accreditation for Law Enforcement Agencies (CALEA) accredited Peace Officer Standards and Training Program (POST) certified program in Missouri. JC requests funding for expansion and renovation to its Arnold campus (JCA), which will create a modern, attractive, and safe environment for our future first responders with simulation equipment updated to the latest industry standards. Currently, the programs are housed in a facility in the Jefferson College Imperial (JCI) campus that will require significant structural repairs, new HVAC, ventilation system repairs, and parking lot repairs soon. The college has continued to incur substantial expenses to keep the building operational over the last several years. In addition, this move will generate significant cost savings through improved efficiency and allocation of existing resources as well as utility cost savings.

3. PROGRAM LISTING (list programs included in this core funding)

Expansion and renovation of the JCA facility.

2. CORE DESCRIPTION

Metropolitan Community College (MCC) proposes a comprehensive upgrade/enhancement of identified areas within the teaching and learning environment. The plan includes an upgrade to MCC Blue River campus Career and Technical Education (CTE) and Public Safety programs (e.g. commercial driving license, Occupational Safety and Health Administration (OSHA), police, fire, emergency medical, cyber security) and all general instruction facilities to support these programs. In addition, this project involves infrastructure changes, including construction and renovations (IT, HVAC, security, lighting, roofs, signage, functional improvements, facilities' interiors & exteriors, electrical, plumbing, etc.).

All upgrades and improvements will allow MCC to continue to offer a welcoming, safe environment where state-of-the-art teaching and learning occur and meet critical occupation needs.

3. PROGRAM LISTING (list programs included in this core funding)

According to the Missouri Economic Research and Information Center, the state will need more than 1,700 law enforcement professionals, over 500 firefighting and prevention workers, 350 IT security analysts, and over 5,800 commercial vehicle operators in the next decade. The 21st Century Teaching and Learning project will significantly impact the state and regional economy by helping to address shortages in several high-priority occupations. MCC estimates the total cost of the initiative to be \$20 million.

2. CORE DESCRIPTION

Mineral Area College (MAC) proposes a Center for Excellence that will train the state's future workforce in an environment that simulates the workplace. Currently, students in southeast Missouri who wish to continue technical education beyond high school must relocate to other parts of the state and pay more in tuition than MAC. This building will transform the workforce of the 16 counties MAC serves and beyond for many years to come. The completed structure will be 80,500 square feet and initial programs offered will be Fiber Optic installation and programming, Construction Management, Industrial Maintenance, Machine Tool, and multiple workforce development training opportunities for industry. The facility will be adaptable to accommodate program changes as desired by local industry.

ARPA CORE DECISION ITEM

State Services	
DHEWD - MAC-Center for Excellence	HB Section <u> 20.720 </u>

3. PROGRAM LISTING (list programs included in this core funding)

The pandemic has increased the need for several high-demand occupations for which MAC can help produce workers.

- Fiber optic programming/technician.
 - Construction: The pandemic has resulted in many changes to facilities due to distancing and expenses of federal COVID funds.
 - Commercial HVAC Technician: Air quality is more important now than ever.
 - Industrial Maintenance Technician: Industrial Maintenance is critical to support construction and industry needs that are strained from the COVID-19 pandemic.
- With openings in this field throughout the nation, quality training programs are necessary to support this profession.

2. CORE DESCRIPTION

During the COVID-19 pandemic, one of the biggest challenges for citizens in our service region was access to reliable high speed internet. Moberly Area Community College (MACC) proposes a comprehensive transformation of network accessibility and performance across all 5 campus locations. Network infrastructure at each campus and in every building will be replaced with materials and equipment to allow maximum performance of broadband connectivity. This will include servers, routers, switches, Wi-Fi connections, and cabling to ensure robust high speed internet connections for every user on campus. Upgrades will also include establishing internet cafes at each location to provide free internet access to all citizens in the region.

3. PROGRAM LISTING (list programs included in this core funding)

This project is a component of the college's overall technology master plan. Over the past year, MACC has committed more than \$300,000 to other components of the plan. The \$1.5 million represents 50% of the total budget for the project.

As a community college serving a largely rural area, MACC provides educational opportunities to Missourians in 16 counties and 66% of the student body is eligible for Federal Pell Grants. Access to broadband internet service is an identified need in this population, and with this funding MACC will address this challenge and have a transformative impact on the communities of Northeast Missouri. MACC has upgraded to fiber optic internet connections at all campuses. This project will fulfill the integration of technology into the learning experience.

2. CORE DESCRIPTION

As the Missouri Community College Association's largest geographical service region and the most sparsely populated, North Central Missouri College (NCMC) serves an expansive 17-county rural region making commuting difficult for many students. NCMC is the only community college in Missouri without a dedicated student center. In a survey conducted by the NCMC Office of Admissions in 2019, prospective students identified additional student housing and a student center as the most pressing needs for the campus. As the college continues to add additional student housing, the construction of such a facility will transform the Trenton location into a true residential campus, attracting enrollment from currently underserved populations. This center will feature a cafeteria, bookstore/campus shop, student government and student activities offices, as well as information kiosks with charging stations, and a computer lab with expanded hours of operation to ensure that NCMC remains competitive and will highlight our commitment to student access and success.

3. PROGRAM LISTING (list programs included in this core funding)

Fifty-eight percent of NCMC students take on ground classes. They will be the primary users of the proposed student center. In addition, residential and commuter students in on-ground classes were most impacted by the pandemic as some NCMC programs are only available on-ground. As the pandemic evolved, these students made a transition to online classes in spring 2020. When they returned to campus for fall, social distancing made collaborative assignments difficult. Few public spaces are available for extended hours, to allow for academic and social interaction among on ground students. Total project cost is \$2.33 million, of which 50% is ARPA funded.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.730

State Services

DHEWD - NCMC-Student Center

1a. What strategic priority does this program address?

The construction of a Student Center, in conjunction with the student housing, will transform the Trenton location into a true residential campus, attracting enrollment from currently underserved populations.

1b. What does this program do?

This center will feature a cafeteria, bookstore/campus shop, student government and student activities offices, as well as information kiosks with charging stations, and a computer lab with expanded hours of operation to ensure that NCMC remains competitive and will highlight our commitment to student access and success.

2a. Provide an activity measure(s) for the program.

Construction progress

2b. Provide a measure(s) of the program's quality.

Overall enrollment

2c. Provide a measure(s) of the program's impact.

Increase number of underserved students enrolled

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.730

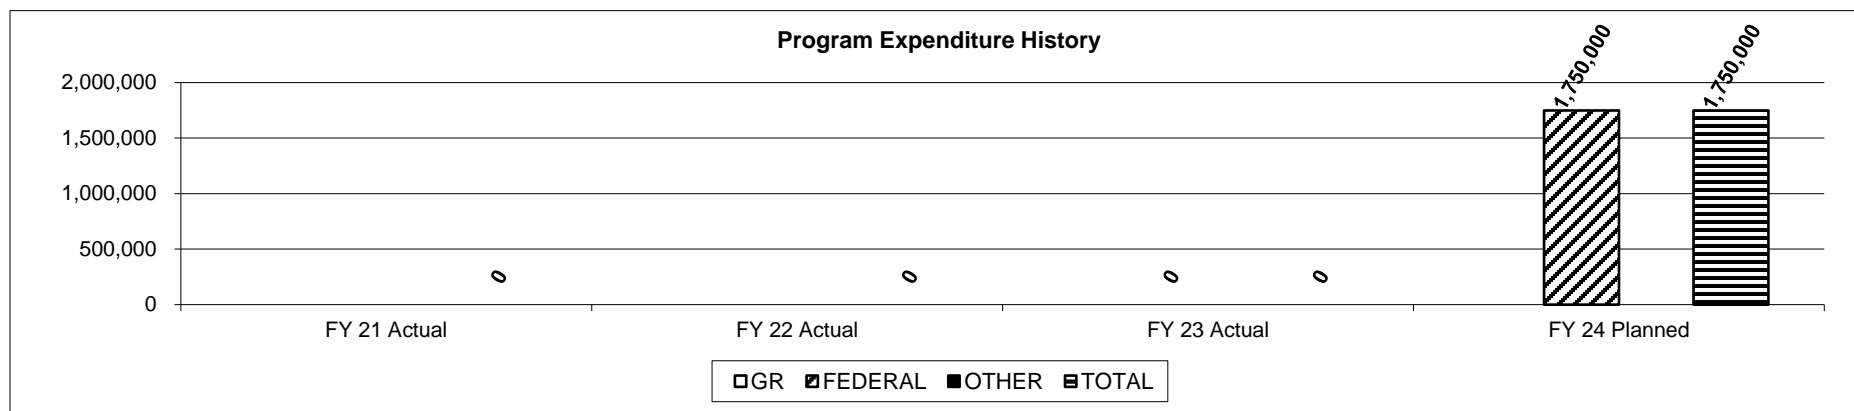

State Services

DHEWD - NCMC-Student Center

2d. Provide a measure(s) of the program's efficiency.

Self-sustaining and articulate long-term impact

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Ozark Technical Community College (OTC) proposes a partnership with the Springfield-Branson national Airport to provide an FAA-Certified Airframe and Powerplant Maintenance degree program to train airplane mechanics and service technicians. Demand for the program is already high and increasing with the recent decision by American Airlines to build a regional maintenance hub at the airport and the prospect of future expansions. This program would quickly connect students with high wage jobs and support future job expansions for the southwest Missouri region.

3. PROGRAM LISTING (list programs included in this core funding)

COVID-19 has affected the airline industry causing increased turnover and retirements in these positions, as well as strategic relocation of operations. This relocation has included the construction of a regional maintenance hub by American Airlines at the Springfield Branson-National Airport. Demand for these positions across the state significantly exceeds the existing number of annual graduates produced. The \$10 million project covers the construction of a training facility adjacent to OTC's existing pilot training program, and necessary equipment.

2. CORE DESCRIPTION

Ozarks Technical Community College (OTC) seeks to construct a Center for Workforce & Student Success on the Springfield campus. This facility would provide needed space for student support services and programming, including services that would lead to degree attainment and employment. These services are part of the college's model that provides comprehensive support from application through employment. It would also meet the college's need for space to hold student and community events, including job fairs for local employers and apprenticeship program outreach.

3. PROGRAM LISTING (list programs included in this core funding)

This facility would support the continuation and expansion of several critical OTC support services, including writing/language/math tutoring services, testing services, and other similar services. It would also facilitate partnerships with local employers for various offerings, including potential continuing education courses and seminars among others.

CORE DECISION ITEM

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.736

State Services

DHEWD - Ozarks Technical Community College - Workforce OTC Center

1a. What strategic priority does this program address?

This project helps the college meet all 3 tenets of the college's 2023-2028 strategic plan: student success, institutional excellence, and partnerships with local communities.

1b. What does this program do?

This facility would house various student support services that help students succeed and would allow for engagement with local employers, nonprofits, and other organizations. Currently, there is not such a focal point on the Springfield or another OTC campus or center that enables connection and interactions such as this building would allow. It should also be noted that students, through various feedback mechanisms, have expressed their desire for a place to connect with one another outside the classroom.

2a. Provide an activity measure(s) for the program.

Measures for the building could include:

- Facility usage/traffic
- Employer/nonprofit events hosted

2b. Provide a measure(s) of the program's quality.

Student, employee, and community feedback/reviews of the facility, offerings, etc.

2c. Provide a measure(s) of the program's impact.

Correlation with factors such as retention, graduation, student satisfaction, and possibly some metrics derived from events such as job fairs with individuals offered, hired, etc.

PROGRAM DESCRIPTION

2. CORE DESCRIPTION

St. Charles Community College's (SCCC) service area provides accessible opportunities for business, industry, and residents and includes three of the fastest-growing counties in the state: Lincoln, Warren, and St. Charles Counties. In collaboration with the area's economic development, business and industry, labor and professional organizations, and other regional stakeholders, SCCC proposes to create a campus focused on information technology, transportation/logistics, applied engineering/integrated technology, and advanced manufacturing/systems.

This program addresses the shortage of qualified workers in its region by creating a state-of-the-art Workforce Technical Innovation and Transformation Campus.

This facility will allow SCCC to:

- Develop new innovative approaches to economic development within the region and Missouri, by showcasing new technological innovations;
- Create timely, hands-on training through technical, skill-based training, including aspects of Registered Apprenticeship;
- Establishment of collaborative strategies for programming to support career pathway development including increased and expanded partnerships with industry and industry associations such as the National Tooling and Machining Association (NTMA), the American Welding Society (AWS), and the International Brotherhood of Electrical Workers (IBEW);
- Develop collaborative strategies for management and organizational program development and entrepreneurial success;
- Explore micro-enterprise opportunities with business and industry to encourage economic growth;
- Enhance outreach and engagement strategies to introduce emerging students and returning learners to opportunities within in-demand, highly skilled career pathways;
- Expand and create integrated education and training opportunities with K-12, colleges and universities, and business and industry.

2. CORE DESCRIPTION

St. Louis Community College (STLCC) requests funds to build and equip a Health Sciences Center at the Florissant Valley Campus, a 100,000 square foot building equipped with state-of-the-art learning facilities for many in-demand health career programs in the St. Louis region. The facility will house the recently approved four-year Respiratory Care Program, the campus Nursing Program, a functional dental clinic teaching Dental Assisting and Dental Hygiene, Emergency Medical Technology (EMT), Radiology Technology, Diagnostic Medical Sonography, and other health care programs. This building would leverage the college's experience creating the Center for Nursing and Health Sciences recently completed at the Forest Park Campus and expand it further at Florissant Valley's Campus with completion by December 2024. This project will be transformational to the St. Louis Region and have an exceptionally high impact by providing both opportunity and service to the underserved high-minority population of North St. Louis County.

2. CORE DESCRIPTION

This project will build and equip state-of-the-art learning facilities on STLCC's Wildwood Campus to provide the education and workforce training programs needed for in-demand healthcare and IT jobs in the St. Louis region. According to MERIC data, by 2030, there will be over 22,000 new jobs in these sectors, with an average of growth of 12.3%. The newly constructed Centers for Health Sciences and Technology Studies will significantly increase the capacity of the campus to serve some of the fastest growing areas of western St. Louis County and portions of Jefferson and Franklin Counties. Programs will be offered to meet the workforce needs of regional employers. This project will be transformational to the area, creating new and expanded education and training opportunities to benefit the surrounding communities.

3. PROGRAM LISTING (list programs included in this core funding)

The Health Sciences Center will offer several programs including: Nursing, Nuclear Medicine Technology, Magnetic Resonance Imaging, Computed Tomography, General and Vascular Ultrasound, Echocardiography, Clinical Laboratory Technology Patient Care Technician, and Medical Assistant. Program offerings in the Technology Studies Center will include several IT career pathways and stackable industry-recognized credentials and degrees that lead to good paying jobs.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.746

State Services

DHEWD - St. Louis Community College - Wildwood Campus

1a. What strategic priority does this program address?

1b. What does this program do?

This project will build and equip state-of-the-art learning facilities on STLCC's Wildwood Campus to provide the education and workforce training programs needed for in-demand healthcare and IT jobs in the St. Louis region. Programs will be offered to meet the workforce needs of regional employers. The Health Sciences Center will offer several programs including: Nursing, Nuclear Medicine Technology, Magnetic Resonance Imaging, Computed Tomography, General and Vascular Ultrasound, Echocardiography, Clinical Laboratory Technology Patient Care Technician, and Medical Assistant. Program offerings in the Technology Studies Center will include several IT career pathways and stackable industry-recognized credentials and degrees that lead to good paying jobs.

2a. Provide an activity measure(s) for the program.

Student enrollments in the programs.

2b. Provide a measure(s) of the program's quality.

Percentage of degrees, certifications and/or licensures in the respective training programs compared with enrollment rates.

2c. Provide a measure(s) of the program's impact.

Job placement numbers.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.746

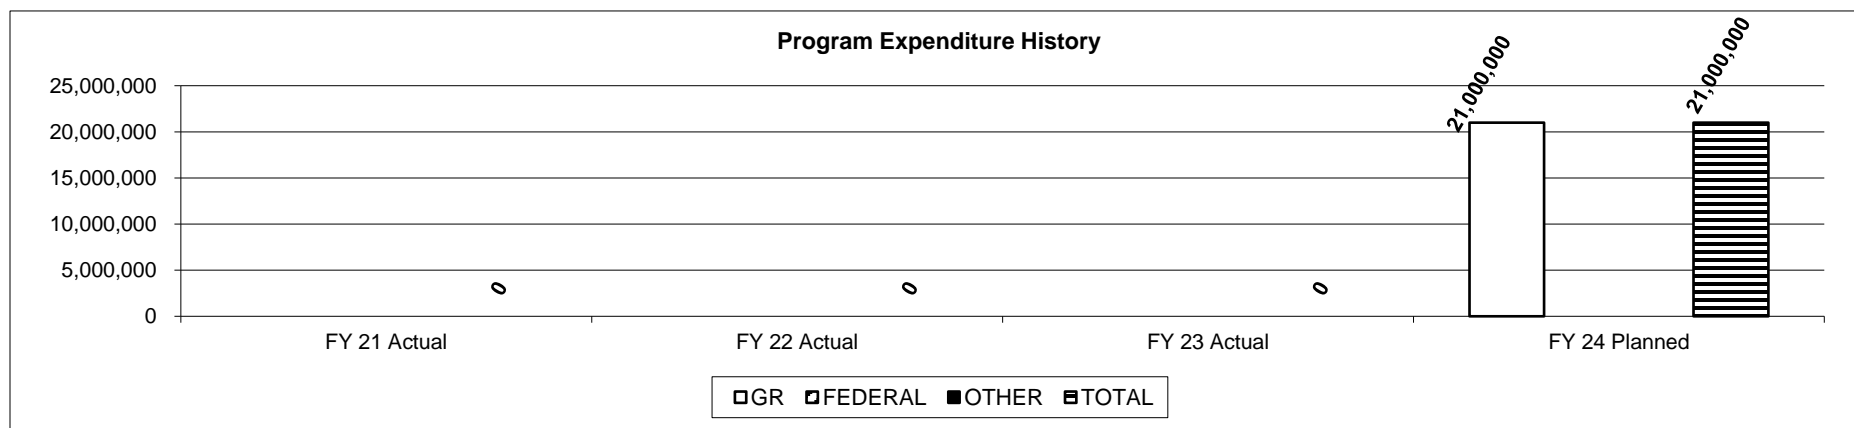

State Services

DHEWD - St. Louis Community College - Wildwood Campus

2d. Provide a measure(s) of the program's efficiency.

Student degrees, certifications and/or licensures in the respective training programs.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*This program is new for FY 2024. No prior data is available

4. What are the sources of the "Other " funds?

None

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act - FY 2024 HB20 Section 20.746 - General Revenue Fund

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

State Fair Community College’s (SFCC) Center for Advanced Agriculture and Transportation Technology (CAATT) will expand training programs and certifications that prepare technicians for the agriculture and transportation industries. The 36,780 square foot center will provide drive-in classrooms, simulation labs, and shop/lab spaces for new and expanded programs in ag mechanics, precision agriculture, transportation logistics, diesel technology, ASE accredited automotive technology, alternative/future fuels, and material handling equipment/technologies. Annual openings for automotive/diesel/ag equipment technicians in the service region is projected to total 510 by 2028 and much is needed to meet this growing demand.

ARPA CORE DECISION ITEM

American Rescue Plan Act	Budget Unit	<u>A0205C</u>
State Services		
DHEWD - SFCC - Center for Advanced Ag & Transportation Tech	HB Section	<u>20.750</u>

3. PROGRAM LISTING (list programs included in this core funding)

The new facility and added programs will complement SFCC's intended ag program expansion to include a 200-acre farm. Transportation and logistics are closely tied to the agriculture economy and food supply chain. On the production side, transportation and logistics are vital to moving products to market and supply production inputs like seed, feed, custom fertilizer, and herbicide/insecticide applications. Industries such as Tyson Foods, Cargill Inc., ConAgra Brands, Schreiber Foods, and Mid-Missouri Energy support the regional agriculture economy. The success of these industries relies on reliable transportation and logistics personnel which the facility will also develop-addressing needs of area manufacturers (Nucor, Gardner Denver, WireCo, Stanley Black & Decker) and distribution centers (Dollar Tree). The projected cost for the facility is \$10 million, of which 50% is funded with ARPA.

2. CORE DESCRIPTION

Three Rivers College (TRC) expansion of its main campus footprint by acquiring and improving land and building appropriate facilities to support the expansion of technical education programs.

Both transportation and construction industries were impacted by COVID-19 and educational/economic disruptions--areas which this project proposal would address. The negative impact on the workforce was due to various factors, including business closures, forced releases, supply-chain issues, and lack of available workers. According to the Bureau of Labor Statistics, the industries that had more transitions to temporary layoff as the number of COVID-19 cases grew were construction, transportation and warehousing, and management services. Layoffs increased in response to higher virus incidences and disproportionately affected employment in less telework-friendly industries, such as construction, transportation, and warehousing. Both the transportation and construction industries in the region have not rebounded well as a result of the pandemic and there are more jobs available than can be filled with skilled workers.

2. CORE DESCRIPTION

COVID-19 has exposed significant deficiencies in the nation's supply chain. The speed at which processes are automated is expected to increase significantly due to the pandemic. As a result, State Technical College of Missouri proposes construction of a facility where all the academic programs utilizing the space will educate technicians for roles in a highly automated workplace. Specifically, this project would renovate the Engineering Technology Center and Welding Technology Center and add a structure connecting the two buildings. Space that would become available will be renovated as well.

Project to construct or renovate approximately 160,000 square feet Engineering Technology Center and Welding Technology Center. This project would allow State Tech to grow from 2,000 students to 3,000 students and address the critical needs exacerbated by the pandemic.

2. CORE DESCRIPTION

The University of Central Missouri (UCM) Humphreys Building houses programs in Criminal Justice and Criminology, Safety Sciences, and Reserve Officers' Training Corps (ROTC), all of which have positive national reputations. The building also houses the institution's Division for Online and Learning Engagement, responsible for its non-credit and credit-based workforce training and continuing education. In addition, student support services, including the Mental Health Counseling Center, is in the facility. One of the oldest buildings on campus, this project allows UCM to meet workforce needs by attracting students and faculty and providing modernized resources--placing the university at the forefront of classroom and lab space design and enhancing the student services environment.

This project meets workforce needs by attracting students and faculty with modern resources--placing the university at the forefront of classroom and lab-space design and enhancing the student services environment.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.770

State Services

DHEWD - SEMO - Demolition, Construction, and Renovations

1a. What strategic priority does this program address?

This project will assist in Southeast Missouri State University's (SEMO) recruitment and retention efforts by providing facilities that meet industry and student needs and expectations.

1b. What does this program do?

In partnership with the City of Cape Girardeau, SEMO's dual role, multi-use, multi-facility comprehensive development will redefine the front porch of the SEMO campus and revitalize the gateway connecting the University and the City of Cape Girardeau's Downtown Business District resulting in a comprehensive development that will support events, improve ADA access and provide event space that will be an asset for business, civic, and other organizations that may wish to partner with SEMO for events, meetings, large community gatherings, or other activities.

2a. Provide an activity measure(s) for the program.

The facilities will help reclaim a vital area of Cape Girardeau – ultimately benefiting the city, the county, and the university. The work proposed here is part of the University Master Plan approved by Southeast's Board of Regents, now Board of Governors, in December 2018.

2b. Provide a measure(s) of the program's quality.

Completion of the project based on planned specifications.

2c. Provide a measure(s) of the program's impact.

This project will assist in SEMO's recruitment and retention efforts by providing facilities that meet industry and student needs and expectations. In addition, the facilities will help reclaim a vital area of Cape Girardeau – ultimately benefiting the city, the county, and the university. The work proposed here is part of the University Master Plan approved by Southeast's then Board of Regents, now Board of Governors, in December 2018.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.770

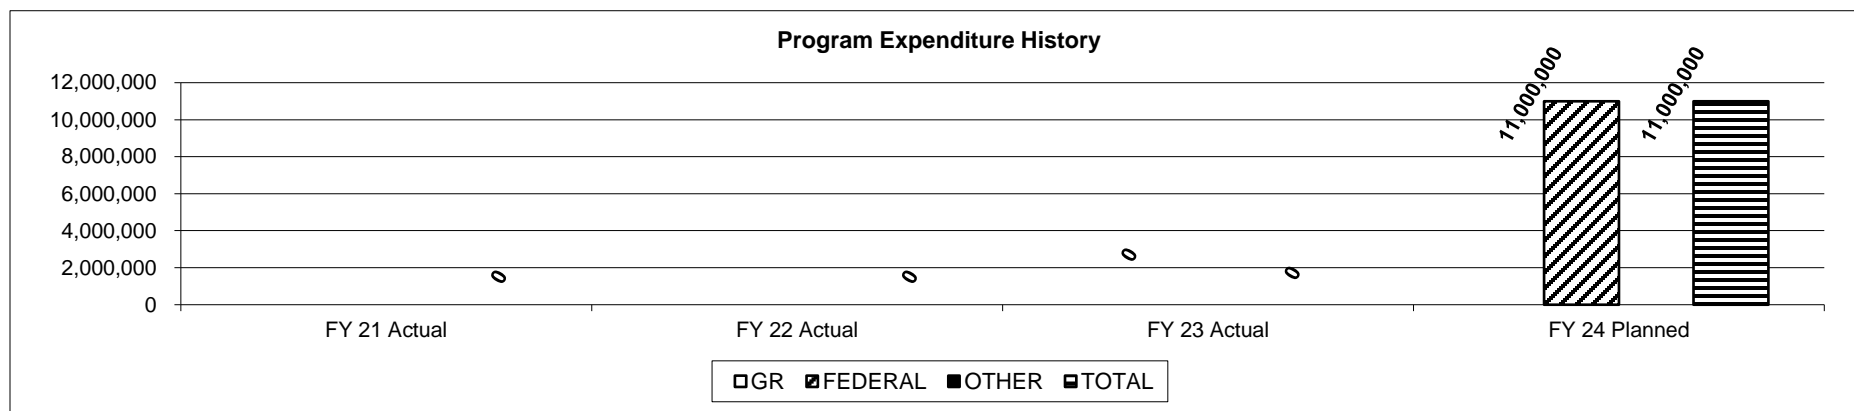

State Services

DHEWD - SEMO - Demolition, Construction, and Renovations

2d. Provide a measure(s) of the program's efficiency.

The project acts upon a recommendation in the University's 2018 Master Plan approved by SEMO's then Board of Regents, now Board of Governors, in December 2018.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

Southeast Missouri State University (SEMO) requests funding for demolition; construction; related planning, design, architecture and engineering services, and project management; fixtures, equipment, systems furniture, utility work including but not limited to underground utility tunnel repair and replacement and other utility needs, and related start-up costs to construct a new, multi-story, approximate 55,000-sf Health Sciences Building on an existing site owned by the University. The project site currently includes Dearmont Dormitory (Dearmont), a 63-year-old building that is off-line and is no longer utilized by the University. As part of the project, SEMO intends to demolish Dearmont to make way for the new Health Sciences Building. The new Health Sciences Building will include classrooms, laboratories, gymnasium, offices, and meeting venues to support STEM, health, life, and allied health sciences research and academic programs.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.771

State Services

DHEWD - Southeast Missouri State University - Health Sciences Bldg

1a. What strategic priority does this program address?

The Health Sciences Building will assist in Southeast Missouri State University's (SEMO) recruitment and retention efforts by providing facilities that meet industry and student needs and expectation, which will allow SEMO to enhance preprofessional and other training programs to meet existing and projected health workforce needs in Missouri and across the United States

1b. What does this program do?

SEMO will construct a new, multi-story, approximate 55,000-sf Health Sciences Building on an existing site owned by the University. The project site currently includes Dearmont Dormitory (Dearmont), a 63-year-old building that is off-line and is no longer utilized by the University. SEMO proposes to demolish Dearmont to make way for the new Health Sciences Building. The new Health Sciences Building will include classrooms, laboratories, gymnasium, offices, and meeting venues to support STEM, health, life, and allied health sciences research and academic programs.

2a. Provide an activity measure(s) for the program.

Increased student enrollment in STEM, health, life, and/or allied health sciences fields.

2b. Provide a measure(s) of the program's quality.

Increase graduation rates in STEM, health, life, and/or allied health sciences fields.

2c. Provide a measure(s) of the program's impact.

The Missouri Economic Research and Information Center (MERIC) projects that many of the programs that will be served by the Health Science Building will experience employment growth in Missouri between now and 2028. For example, dietitians and nutritionists (10.14% growth), food scientists and technologists (4.47%), physical therapists (18.87%), registered nurses (16.24%) and physiologists (10.7%), among other fields and areas of study. Overall, MERIC data project that Healthcare Support Occupations will grow by 12.77% and Healthcare Practitioners and Technical Occupation by 13.08% between now and 2028. The U.S. Bureau of Labor Statistics projects similar growth at the national level over the next decade. The Health Science Building will allow SEMO to help meet these workforce needs.

2. CORE DESCRIPTION

Missouri State University (MSU) proposes renovations and upgrades to its STEM buildings. Current facility space and outdated laboratories limit MSU's ability to grow enrollment and meet market needs in STEM-related fields. The students who graduate from the programs pursue careers in healthcare, biochemistry, pharmacology, immunology, statistics, software development, data analytics, math education, information security, and other STEM fields. In addition, research conducted in these fields will include immune system response to respiratory infections, pulsating stars, extrasolar planets, crystal engineering, pattern recognition and machine learning, microarray data analysis, damaged DNA, congenital heart and vascular defects, chemotherapeutic agents and cancer cells, and bioanalytical chemistry.

3. PROGRAM LISTING (list programs included in this core funding)

MSU proposes expanding and renovating STEM academic buildings on its campus and establishing the Center for Transformational Education for Life, Physical, and Health Sciences. These facilities will house the university's biology, chemistry, health, geography, geology, planning, mathematics, and computer science departments. An estimated budget for construction and related cost is between \$60 - \$100 million. MSU requests \$30 million from the state to assist with completing the project.

2. CORE DESCRIPTION

Lincoln University requests funding for the construction and related start-up costs for a 40,000 sq. foot facility. This Health Sciences and Crisis Center will house academic programs focused on counseling and medical services critical during emergencies and crises. Academic programs would include Nursing Science, pre-med programs, STEM programs, and the Security Science Institute. The Center will allow for full implementation of the licensed practical nurse to registered nurse bridge program, increased enrollment in the current bachelor of science in nursing program, and a masters of science in nursing program. In addition, the Center will house the proposed Security Sciences Institute that provides certification and licensing in five areas; law enforcement, cybersecurity, emergency management, geospatial information services, and criminal justice. The center will provide virtual and real-world learning in collaboration with local and state entities, including an Emergency Operations Training Center.

2. CORE DESCRIPTION

Truman State University (TSU) Kirk Student Access and Success Center implements a Collaborative Service Model (CSM) to better serve underrepresented students disproportionately affected by the impacts of COVID-19. These students being more likely to feel overwhelmed and less prepared academically and socially, they are also less likely to seek out help due to stereotype threat and self-stigma. In addition, students from marginalized communities often do not know what they should be getting from their college experience or how to get the resources they need.

To make student success a team effort requires a Collaborative Service Model (CSM). Individual student service departments do not simply co-locate and deliver their services nearby one another; instead, they work in coordination and front-line staff are cross-trained to assist students in determining their actual needs. The Kirk Student Access and Success Center will employ such a model, providing the staff the opportunity to meet students where they are (which is essential for students disparately impacted by the pandemic) and uncover opportunities to help meet their actual needs. As student needs vary throughout their college experiences, a coordinated, collaborative approach to providing support that addresses students' needs from entry to exit is invaluable and helps address the negative impacts of COVID, including on career pursuits.

1a. What strategic priority does this program address?

Truman State University (TSU) Kirk Student Access and Success Center implements a Collaborative Service Model (CSM) to better serve underrepresented students disproportionately affected by the impacts of COVID-19.

1b. What does this program do?

To make student success a team effort requires a Collaborative Service Model (CSM). Individual student service departments do not simply co-locate and deliver their services nearby one another; instead, they work in coordination and front-line staff are cross-trained to assist students in determining their actual needs. The Kirk Student Access and Success Center will employ such a model, providing the staff the opportunity to meet students where they are (which is essential for students disparately impacted by the pandemic) and uncover opportunities to help meet their actual needs. As student needs vary throughout their college experiences, a coordinated, collaborative approach to providing support that addresses students' needs from entry to exit is invaluable and helps address the negative impacts of COVID, including on career pursuits.

2a. Provide an activity measure(s) for the program.

Retention rates
Completion rates

2b. Provide a measure(s) of the program's quality.

Graduation Rates

2c. Provide a measure(s) of the program's impact.

Compare pre-program retention, completion and graduation rates to program rates.

2. CORE DESCRIPTION

Martindale Hall is home to the Northwest Missouri State University (Northwest) School of Health Science and Wellness (HSW). The aging structure originally opened in 1926 as the University gymnasium and was renovated and repurposed for academics in 1973-1975. The building serves as the central office location of HSW and includes four classrooms and learning activity spaces. Due to both growing demand and expanded healthcare offerings, HSW faculty and academic spaces are also housed in other locations across campus in a piecemeal fashion, reducing efficiencies and resulting in a decentralized faculty and student population.

2. CORE DESCRIPTION

Northwest Missouri State University is undertaking a Central Plant Modernization and Energy Infrastructure Efficiencies project. The project scope includes design and implementation of upgrades to the Northwest Central Plant, structures across campus, equipment, and the utility distribution system for improved energy efficiency, operations and maintenance reliability along with a reduction in emissions, utility costs, distribution losses and water consumption. The Central Plant provides cooling, steam heating and hot water to 75 percent of campus and the objective is to ensure the safe, adequate, reliable, and cost-effective operation for delivering heating and cooling utilities on a long-term and sustainable basis. The Energy Infrastructure addresses high priority upgrades including HVAC, electrical, distribution, domestic water, sanitary sewer and storm water management.

3. PROGRAM LISTING (list programs included in this core funding)

Central Plant and several structures and buildings across campus

2. CORE DESCRIPTION

Missouri Southern State University's (MSSU) Health Sciences, Technology, and Innovation Center will house new and expanded academic programs to support Joplin's strengths as a regional health care and manufacturing hub. The university currently offers an excellent engineering technology program as well as vital health sciences programs such as nursing, dental hygiene, and respiratory therapy. The Center will enable the university to expand robust partnerships with Freeman and Mercy Health Systems, Kansas City University (which in 2023 will add a dental school to its current medical school in Joplin), and many regional advanced manufacturing companies. The university envisions a "best in class" facility that includes advanced learning and innovation space, including virtual reality labs, an expanded cadaver lab, and a Smart Factory/robotics system. The Health Sciences, Technology, and Innovation Center would also include welcome and events space that would serve both campus and the broader Joplin area community.

American Rescue Plan Act	Budget Unit <u> A0110C </u>
Public Health / Negative Economic Impact	
DHEWD - MSSU - Health Sciences, Tech, and Innovation Ctr	HB Section <u> 20.795 </u>

3. PROGRAM LISTING (list programs included in this core funding)

This new investment will address and fill critical needs including the following areas and occupations:

- Registered Nurses (BSN): Frontline healthcare workers, such as registered nurses, were critical to the state's response to COVID-19. While a nurse shortage existed before the pandemic, the long hours and the resulting "burnout" heightened the workforce demand in this area.
- Registered Nurses (MSN): Senior and administrative nurses experienced burnout during the pandemic. The need for Master's prepared nurses is growing steadily, and the supply chain to fill these leadership roles is not in place.
- Radiologic Technicians: During the pandemic, the volume of outpatient images dropped significantly. The economic and training impact on radiologic technicians is just beginning to be understood.

2. CORE DESCRIPTION

The Convergent Technology Alliance Center (C-TAC), will be the home of collaborative educational programming featuring applied experiences in high-tech manufacturing utilizing content fundamental for their local industries along with innovative service technologies that are emerging within these industries such as artificial intelligence, information technologies, and security systems for critical infrastructure.

Missouri Western State University (MWSU) and North Central Missouri College (NCMC) are collaborating by aligning their educational priorities to launch a high-demand and sustainable workforce development initiative targeting St. Joseph and the Northwest Missouri communities. Northwest Missouri's manufacturers are in need of a diversified workforce. In St. Joseph, 25% of workers are employed with skilled positions in the creation and manufacture of food products, biotechnology and agriculture technology, industrial products, and heavy construction industries. St. Joseph is the third largest exporter in the state after Kansas City and St. Louis. The major industrial producers in the area have amplified requests to hire individuals with middle and advanced understanding of these technically based industries. By combining institutional resources through C-TAC, the center will be able to provide the services that are needed by local industries.

2. CORE DESCRIPTION

In 2010, Harris-Stowe State University (HSSU) established its first two STEM degree programs in Biology and Mathematics. Since then, HSSU has developed and launched 12 STEM-oriented majors, minors, and certificate programs. Currently, Biology and Mathematics are two of the fastest-growing programs at HSSU. In 2021, the Generally Assembly established a statewide mission for HSSU, designating it as a STEM-oriented institution. A key component of HSSU's mission change is to provide quality pathways for students to earn degrees in STEM as they seek to become vital members of our nation's STEM-skilled workforce.

3. PROGRAM LISTING (list programs included in this core funding)

In support of HSSU's mission as a STEM-oriented HBCU, HSSU seeks funding to erect a new academic building that will provide up-to-date STEM labs and classrooms for faculty and students. The structure will replace existing lab and classroom spaces in the 100-year-old H. Givens Administration building.

2. CORE DESCRIPTION

The University of Missouri (MU) requests state funding to invest in building research programs that support statewide economic growth for Missouri. This transformative investment (Developing Pillars in Radiopharmaceuticals and Animal Science and Health) will enhance Missouri's unique assets (Nuclear Research Reactor, College of Veterinary Medicine, Animal Resources Center, College of Agriculture, Food and Natural Resources), drive economic growth, and will be leveraged to attract industry partners to the state.

Additionally, this transformative investment will demonstrate a high commitment to research from MU and the state to support the institution's Association of American Universities (AAU) standing.

3. PROGRAM LISTING (list programs included in this core funding)

NextGen Precision Health

ARPA CORE DECISION ITEM

Reverted includes the statutory three percent reserve amount (when applicable).

Restricted includes any Governor's expenditure restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) Program was new for FY 2023; no prior year data available.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.815

State Services

DHEWD - UMC - NextGen Precision Health

1a. What strategic priority does this program address?

Research

1b. What does this program do?

This program will build research programs that support statewide economic growth for Missouri. This transformative investment (Developing Pillars in Radiopharmaceuticals and Animal Science and Health) will enhance Missouri's unique assets (Nuclear Research Reactor, College of Veterinary Medicine, Animal Resources Center, College of Agriculture, Food and Natural Resources), drive economic growth, and will be leveraged to attract industry partners to the state.

Additionally, this transformative investment will demonstrate a high commitment to research from MU and the state to support the institution's Association of American Universities (AAU) standing.

2a. Provide an activity measure(s) for the program.

Measure: Build state-of-the-art NextGen Precision Health Institute.

The grand opening of the Roy Blunt NextGen Precision Health Building was on October 19, 2021.

2b. Provide a measure(s) of the program's quality.

Measure: Recruit exceptional research faculty with proven track records of excellence in cancer, vascular and neurosciences research who will train the next generation of precision medicine scientists.

Nationally and internationally renowned researchers in our three NextGen core areas will be recruited to build out our precision health capabilities. These highly skilled scientists will integrate with UM System research teams to tackle the health challenges associated with cancer, vascular and neurological disease with the goal of creating personalized, revolutionary precision medicine. Productivity will be measured by the amount of funding received from federal and industry sources.

Missouri residents and students alike will reap the benefits of the initiative. As we educate the next generation of researchers and medical practitioners, the NextGen Institute will demonstrate the importance of working together across disciplines to better address the needs of our citizens as individuals. Students will train in the rich environment of a leading biomedical research facility, under renowned scientists. They will learn how to transfer research into the most promising drugs and technologies through collaborations between UM System universities and industry partners.

Ultimately, these efforts will provide valuable experience for future professionals and fuel the state's development of a highly skilled workforce.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.815

State Services

DHEWD - UMC - NextGen Precision Health

2c. Provide a measure(s) of the program's impact.

Measure: Increase in federal and sponsored grant funding will help address cancer, vascular and neurological disease improving the health of Missourians.

2d. Provide a measure(s) of the program's efficiency.

Measure: Shared state-of-the-art research technologies and expertise among UM System researchers will decrease redundancies while increasing research output.

Core facilities that will be located in the NextGen Institute are centralized, shared resources that provide access to instruments, equipment, technologies and expertise to UM System clinical and scientific researchers, as well as industry partners. Operating on a fee-for-service basis, the core facilities in the NextGen Institute will range from animal modeling to a 7-Tesla MRI. Also, provided in each core will be the experts needed to help researchers attain their scientific goals.

The building will include resources such as cores for electron microscopy, magnetic resonance imaging, single-photon emission computed tomography and more. These shared resources will create new opportunities across the UM system. For example, UMKC researchers do not currently have access to a well-equipped animal research facility, or vivarium. The NextGen Institute will provide this access to help develop therapies for companion animals and serve as an important step toward clinical trial evaluations for humans.

Additionally, the expertise needed to run and evaluate results from this highly specialized equipment will be conducted by faculty and staff recruited to the Institute. These high-paying jobs will contribute to the economic development of the region and state. We will continue to work with global industry partners, such as Siemens Healthiness, Roche, Cerner, and others, to offset the costs of these core facilities.

Base Target: Outfit the NextGen Institute with high-end, technologically advanced core facilities.

Stretch Target: Share resources and create research collaborations with other campus facilities.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.815

State Services

DHEWD - UMC - NextGen Precision Health

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The University of Missouri's four agricultural Research, Extension and Education Centers lead technology development and adoption for Missouri agriculture. These centers are integral to the land-grant missions of the Missouri Agricultural Experiment Station and MU Extension. The Fisher Delta Research, Extension and Education Center (FDREEC), headquartered in Portageville, Missouri, serves the 12-county area that forms the Missouri Bootheel. The unique soils, water resources and topography of southeast Missouri make it one of the most productive cropping regions in the world. Soil testing provides the foundation for advanced crop production and environmental protection. MU will use these funds to build a state-of-the-art soil testing laboratory at the Fisher Delta Research, Extension and Education Center (FDREEC). This new MU Extension testing facility positions the University of Missouri and the agriculture industry to use the latest in soil science to grow better corn, soybean, cotton, rice and specialty crops.

3. PROGRAM LISTING (list programs included in this core funding)

Fisher Delta Research, Extension and Education Center soil testing laboratory.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.816

State Services

DHEWD - DELTA Research Soils Lab

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

The University of Missouri's four agricultural Research, Extension and Education Centers lead technology development and adoption for Missouri agriculture. These centers are integral to the land-grant missions of the Missouri Agricultural Experiment Station and MU Extension. The Fisher Delta Research, Extension and Education Center (FDREEC), headquartered in Portageville, Missouri, serves the 12-county area that forms the Missouri Bootheel. The unique soils, water resources and topography of southeast Missouri make it one of the most productive cropping regions in the world. Soil testing provides the foundation for advanced crop production and environmental protection. MU will use these funds to build a state-of-the-art soil testing laboratory at the Fisher Delta Research, Extension and Education Center (FDREEC). This new MU Extension testing facility positions the University of Missouri and the agriculture industry to use the latest in soil science to grow better corn, soybean, cotton, rice and specialty crops.

2a. Provide an activity measure(s) for the program.

The Testing Laboratory at the FDREEC will initially offer soil testing and science-backed fertility recommendations. As the lab matures, new analyses such as precision fertilizer application maps, input-to-yield mapping, plant testing, water testing, soil health and additional features will likely be added. Additionally, the lab will serve the six faculty members at FDREEC conducting research, extension and education in the following areas: Soybean Breeding and Genetics, Weed Control, Cotton Production, Cropping Systems, Rice Production, Plant Protection, and Irrigation.

2b. Provide a measure(s) of the program's quality.

The program's core goal, as well as the goal of the research programs included in 2a. above, will be to provide answers and methods to improve crop management practices in southeast Missouri and regional areas. The results from this MU Extension Testing Lab will improve the efficient use of crop inputs and methods such as crop varieties, fertilizers, water management, weed control, tillage, cropping systems, disease control and other agronomic practices for local and regional farmers.

2c. Provide a measure(s) of the program's impact.

Applying soil testing results to Missouri farms will improve crop production and profits in the region. With this being the first year of State funding received for this program, the initial goal is establishing a working lab. We will provide the broader impact measure of improved crop production in SE Missouri in subsequent years.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.816

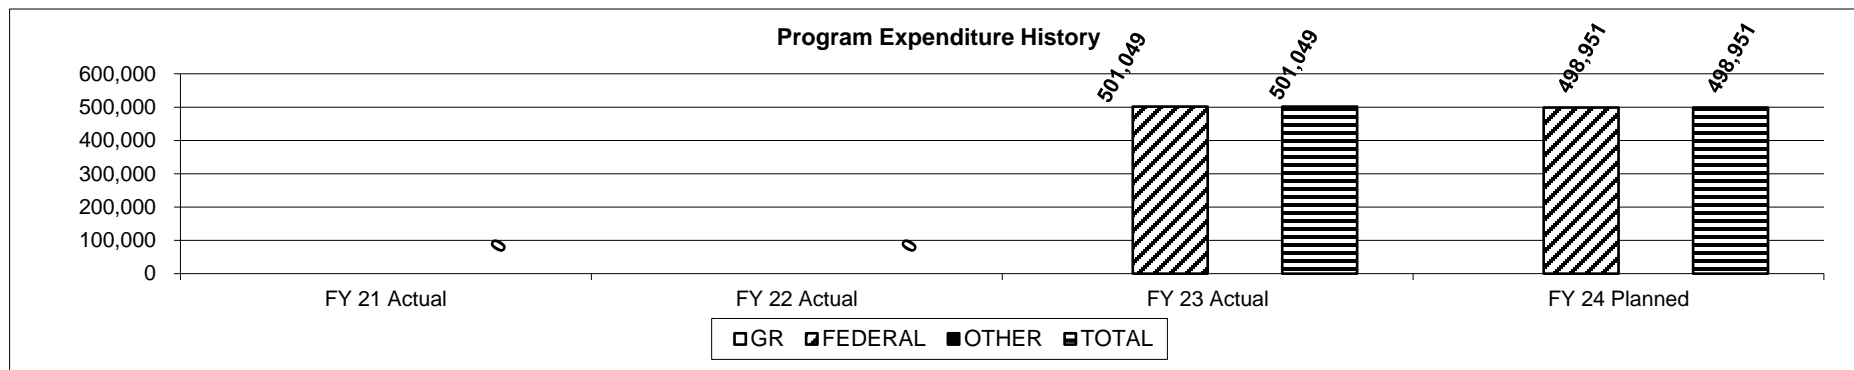

State Services

DHEWD - DELTA Research Soils Lab

2d. Provide a measure(s) of the program's efficiency.

Long term and short term testing results will improve efficient and sustainable crop production in SE Missouri.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The Missouri Protoplex will be the principal facility for a statewide initiative to drive economic activity around expanding manufacturing in Missouri. Known as the Manufacture Missouri Ecosystem (MME), this initiative will bring together academic and industry experts, innovators, small and large businesses, entrepreneurs, educators, and policy-makers to develop and adopt the technologies to make Missouri a national leader in manufacturing.

The Missouri Protoplex will be the hub where industry, local, state and federal government, and academia come together to research and develop new materials and methods, prototype and test new manufacturing processes, and solve multi-disciplinary problems. These activities will elevate the state's manufacturing sector and help make Missouri S&T a national leader in manufacturing engineering and science.

3. PROGRAM LISTING (list programs included in this core funding)

A recent survey of Missouri S&T graduates indicates that most students are going on to established companies upon graduation, showing little interest in smaller start-up companies. These results highlight a critical indicator that the campus lacks a culture of innovation and entrepreneurial thinking vital to a science and technology-focused institution. Missouri S&T's new Missouri Protoplex Facility will create a dynamic culture of innovation and entrepreneurialism. This new facility will be a place to forge and explore partnerships between academic research, entrepreneurial start-ups, and established companies. The types of research spaces envisioned will support Missouri S&T's goal of achieving the more research-intensive Carnegie R1 classification. The estimated budget for construction and related start-up cost is \$105 million.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.820

State Services

DHEWD -MS&T - Missouri Protoplex

1a. What strategic priority does this program address?

Research and Economic Development

1b. What does this program do?

The Missouri Protoplex will be the principal facility for a statewide initiative to drive economic activity around expanding manufacturing in Missouri. Known as the Manufacture Missouri Ecosystem (MME), this initiative will bring together experts and policy-makers to develop and adopt technologies to make Missouri a national leader in manufacturing. The Missouri Protoplex will be the hub where industry, government, and academia come together to research and develop new materials and methods, prototype and test new processes, and solve multi-disciplinary problems.

2a. Provide an activity measure(s) for the program.

Build a faculty connecting industry, state/federal leaders and academia to develop new manufacturing processes, further elevating S&T's standing as a national leader in manufacturing engineering.

2b. Provide a measure(s) of the program's quality.

The purpose behind Missouri S&T's new Missouri Protoplex Facility is to create a dynamic, campus-wide culture of innovation and entrepreneurialism. This new facility will be a place to forge and explore partnerships between academic research, entrepreneurial start-ups, and established companies. Additionally, the types of research spaces envisioned will support Missouri S&T's goal of achieving the more research-intensive Carnegie R1 classification.

2c. Provide a measure(s) of the program's impact.

Every \$1 spent on manufacturing generates \$1.48 in the economy, the highest of any sector. Manufacturing in MO accounts for 12% of GDP, 86% of exports.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.820

State Services

DHEWD -MS&T - Missouri Protoplex

2d. Provide a measure(s) of the program's efficiency.

The Missouri Protoplex Facility is conceived as a place where industry and academia come together to research new materials and methods, prototype and test new manufacturing processes, and solve multi-discipline problems required to bring integrated cyber-physical manufacturing systems into practical use. The collaborative work for which this new facility is intended and requires flexibility to move back and forth between suites of traditional lab, office, and conference spaces, and large, secure, well-appointed high-bay manufacturing lab spaces. Placing these dual work environments adjacent to one another in each discipline will allow fluidity of movement required for rapid prototyping, as well as visual transparency, to improve communication, coordination of the work, and safety for all occupants.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.821

State Services

DHEWD - University of Missouri Science & Technology - STEM Education

1a. What strategic priority does this program address?

Advancing STEM education and research for Missouri's future through creating world class research facilities while also reducing deferred maintenance and operational costs.

1b. What does this program do?

New addition and renovations of the Engineering Research Laboratory (ERL) and Shrenk Hall East will leverage existing, world-class assets at S&T to provide new economic opportunities for Missouri citizens and industries. The project also will expand S&T's geothermal energy infrastructure to address facility needs while furthering S&T's commitment to exceptional operational and environmental stewardship.

2a. Provide an activity measure(s) for the program.

Build a 33,000 gross square feet addition and renovate 43,421 gross square feet of the Engineering Research Laboratory (ERL) that supports the state's economic and workforce development goals by providing updated STEM education and research facilities.

Renovate 55,000 gross square feet of Schrenk Hall East to modernize classrooms and accommodate the academic departments that service our students.

Connect the newly constructed ERL addition, Schrenk Hall East and three additional buildings to the central geothermal plant, reducing operational and maintenance costs.

2b. Provide a measure(s) of the program's quality.

The purpose behind Missouri S&T's renovations in the areas of advanced manufacturing, materials science and engineering, and biological sciences and engineering, will significantly advance Missouri's position as a national leader. Missouri S&T is ranked #1 public university in Missouri for return on investment by Georgetown's Center on Education and Workforce, and this program builds upon S&T success as a premiere research institution. Additionally, the types of research spaces envisioned will support Missouri S&T's goal of achieving the more research-intensive Carnegie R1 classification.

2c. Provide a measure(s) of the program's impact.

The interdisciplinary research in these facilities will have broad state and national impact through educational programs, industry innovation, and the development of advanced materials, manufacturing, and a high-technology workforce.

The expansion of the central geothermal plant will yield significant reduction of utility costs for decades and further increase the more than \$2 million annual savings achieved by the S&T geothermal system.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.821

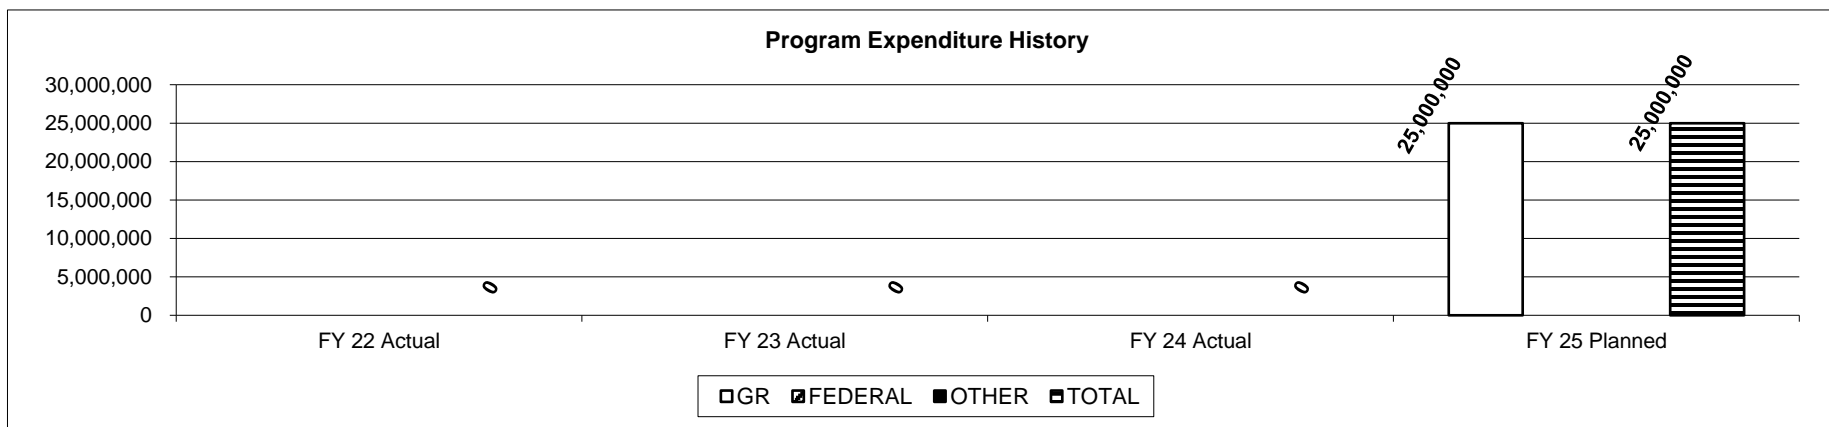

State Services

DHEWD - University of Missouri Science & Technology - STEM Education

2d. Provide a measure(s) of the program's efficiency.

Missouri S&T's strengths in computational science, environmental engineering, and materials science and engineering to advance medical, environmental, and biomedical research. The facility will be an integral component of the student experience at Missouri S&T, since almost every student will take at least one course in one or more important foundational area of biological sciences or chemistry taught in the Schrenk Hall facility.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

*This program is new for FY 2024. No prior data is available

2. CORE DESCRIPTION

As the first step in a vision for a multi-block, regional hub for state-of-the-art medical care and health sciences innovation, the University of Missouri - Kansas City (UMKC) will construct a 160,000 square foot clinical and teaching facility adjacent to its Schools of Medicine, Dentistry, Pharmacy, Nursing and Health Sciences. Situated near its clinical healthcare partners, Truman Medical Center and Children's Mercy Medical Center, the building will house UMKC' Dental clinic (the only public dental school and training clinic in the states of Missouri and Kansas), with the most advanced oral health intervention technology to serve the region. The building will create significantly more teaching capacity to expand the institution's School of Medicine programs, most notably the MD (both the six-year and traditional four-year tracks) and Physician Assistant programs. The facility will house an interdisciplinary biomedical engineering program in development and the new NextGen Data Science and Analytics Innovation Center.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.825

Public Health / Negative Economic Impact

DHEWD - UMKC Health Sciences District Development

1a. What strategic priority does this program address?

Outreach/Engagement

1b. What does this program do?

As the first step in a vision for a multi-block, regional hub for state-of-the-art medical care and health sciences innovation, the University of Missouri - Kansas City (UMKC) will construct a 120,000 square foot clinical and teaching facility adjacent to its Schools of Medicine, Dentistry, Pharmacy, Nursing and Health Sciences. Situated near its clinical healthcare partners, University Health (formerly, Truman Medical Center) and Children's Mercy Medical Center, the building will house new dental clinic space, medical simulation laboratory, and academic space. The UMKC Dental clinic (the only public dental school and training clinic in the states of Missouri and Kansas), with the most advanced oral health intervention technology to serve the region. The building will modernize teaching space and increase capacity to expand the institution's School of Medicine programs, most notably the MD (both the six-year and traditional four-year tracks) and Physician Assistant programs. The facility will house an interdisciplinary biomedical engineering program, in development, and the new NextGen Data Science and Analytics Innovation Center, and the Health Equities Institute.

2a. Provide an activity measure(s) for the program.

Build an interprofessional health faculty that allows for increased collaboration among health care fields, which creates a greater capacity for developing health solutions and providing patient care. UMKC is one of only 20 universities in the country where dentistry, medicine, nursing and health studies, and pharmacy share a single, walkable campus, which underscores the need to continue to provide opportunities for collaboration among the health sciences.

2b. Provide a measure(s) of the program's quality.

The building will allow UMKC to continue to deliver first-professional degrees in Dentistry, Medicine, and Pharmacy. The building will continue to support UMKC's strong licensure pass rates and graduates to support care delivery for Missourians.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.825

Public Health / Negative Economic Impact

DHEWD - UMKC Health Sciences District Development

2c. Provide a measure(s) of the program's impact.

School of Dentistry

These state-of-the-art clinics will attract some of the best students and faculty from the region, making UMKC competitive with top schools across the country. In addition, UMKC will have increased space to continue its important work in serving the underserved – delivering almost \$1 million in uncompensated care to those who otherwise might not get treatment. With a new interprofessional medical building, the next generation of dentists can be taught to deliver better dental care at a lower cost. Another benefit will be the expansion of dental emergency services, which will lower the number of dental emergencies seen at hospital emergency rooms and continue to make first-rate dental care more accessible to the community.

School of Medicine

The new building will provide state of the art educational facilities for UMKC medical students and programs, such as space for more simulation labs, which lead to better training for students and better care for the community. The expansion also will allow for necessary infrastructure changes to improve the school, including increased capacity for digitization with additional space for fiber optic cables, improved air flow throughout the building and expanded classroom space.

Biomedical Engineering

Proximity between doctors and developers of medical devices is paramount, and this new building will foster faster, more effective collaboration between engineers and medical professionals to accelerate product development in areas such as imaging technology, implants and microsurgery tools. UMKC will expand its ability for creating new technology, generating innovations for products and patents with the potential to work with companies to develop and produce them.

Data Science and Analytics Innovation Center

Through its expertise in data science, UMKC and its clinical partners are ushering forward a new era of personalized health care — one that will treat diseases based on individual variability in genes, environment and lifestyle, rather than a traditional one-size-fits-all approach. The data center’s work will drive innovation in a variety of domains, ranging from health care and business intelligence to agriculture and digital humanities.

PROGRAM DESCRIPTION

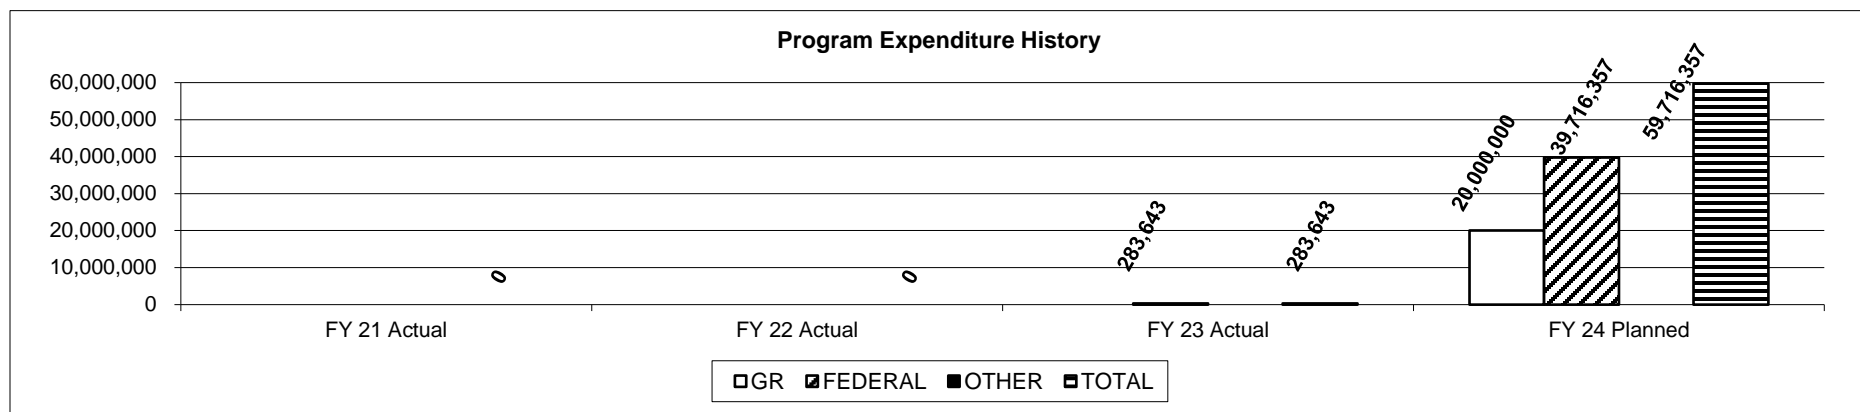

American Rescue Plan Act
Public Health / Negative Economic Impact
DHEWD - UMKC Health Sciences District Development

HB Section(s): 20.825

2d. Provide a measure(s) of the program's efficiency.

The project has broad and enthusiastic support from the City of Kansas City, Jackson County and multiple business, civic and economic development organizations. The project will add impact and momentum to the burgeoning growth underway in the district – including recent additions such as Children’s Mercy Kansas City’s \$200 million Research Institute tower, the \$70 million University Health 2 medical office building and the \$45 million University Health 1 building.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

The University of Missouri–St. Louis (UMSL) seeks to foster inclusive prosperity for its diverse student body by reimagining its campus infrastructure and enhancing access to leading-edge academic programs in high-demand fields, including biotechnology, cybersecurity, data science, education, engineering, entrepreneurship, nursing, and custom workforce development programs.

In addition, the proposal will involve consolidating academic programs, reducing the campus footprint, and deferred maintenance to focus critical operations on its North Campus. This process requires renovating several facilities and demolishing those with high capital needs inventory (CVI) values, resulting in a more vibrant, sustainable university that produces the state's most diverse workforce in a region that represents 44 percent of the state's GDP.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.830

State Services

DHEWD - UMSL - Campus of the Future

1a. What strategic priority does this program address?

Operational Efficiencies

1b. What does this program do?

The University of Missouri–St. Louis (UMSL) seeks to foster inclusive prosperity for its diverse student body by reimagining its campus infrastructure and enhancing access to leading-edge academic programs in high-demand fields, including biotechnology, cybersecurity, data science, education, engineering, entrepreneurship, nursing, and custom workforce development programs.

In addition, the proposal will involve consolidating academic programs, reducing the campus footprint, and deferred maintenance to focus critical operations on its North Campus. This process requires renovating several facilities and demolishing those with high capital needs inventory (CVI) values, resulting in a more vibrant, sustainable university that produces the state's most diverse workforce in a region that represents 44 percent of the state's GDP.

2a. Provide an activity measure(s) for the program.

Measure: Consolidate five programs into existing space on the North Campus.

2b. Provide a measure(s) of the program's quality.

Enrollment at UMSL has shifted to more class offerings online. While this is a popular and successful learning format for its students and increases the university's reach beyond the community, it has led to fewer students on campus and a lesser need for facilities. As a result of a shift in how some courses are delivered, the university has more land and facilities than is currently needed.

These changes provide an opportunity to consolidate facilities, right-size the campus, repurpose existing university assets at the edges and focus more intentionally on creating a vibrant campus core. UMSL is now at a critical juncture to reshape its physical campus and identity for the next generation of learners. Reframing the campus' identity, investing and planning for change in a targeted manner, and creating unique and welcoming spaces to enhance the campus experience will help to attract more students to the university and ensure its success and resiliency over time.

2c. Provide a measure(s) of the program's impact.

Measure: Eliminate \$36M in facilities needs and reduce operating cost by nearly \$1M

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.830

State Services

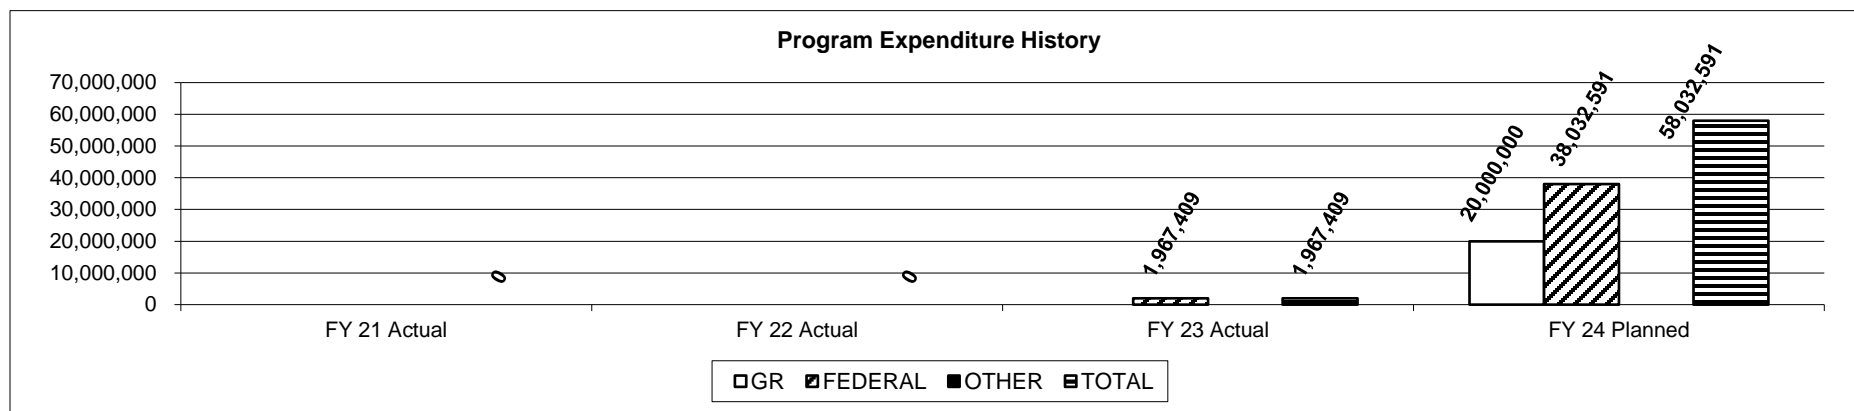

DHEWD - UMSL - Campus of the Future

2d. Provide a measure(s) of the program's efficiency.

Measure: Reduce assignable square footage (ASF) by 225,000.

The university plans to demolish about 125,000 ASF of existing space in the near term, and another 100,000 ASF is currently vacant. Meanwhile, surplus instructional space (nearly 75,000 ASF) provides an opportunity to realign UMSL's stock of instructional spaces to better serve its in person population. These space surpluses provide flexibility for the targeted reorganization of the physical campus to support the UMSL of the future.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.847

State Services

DHEWD - MU - Missouri Foundation Seed

1a. What strategic priority does this program address?

Agricultural Research

1b. What does this program do?

The purpose of the University's Missouri Foundation Seed program is to increase and distribute agronomically superior varieties of seed and propagating materials released by the University of Missouri and other universities for the benefit of Missouri agriculture and the citizens of this state and beyond. The program will focus on updating its infrastructure and equipment to modernize the program to better serve the citizens of the state.

2a. Provide an activity measure(s) for the program.

The Missouri Foundation Seed has identified the following activities related to updating its infrastructure and equipment: 20 Conical Grain Bins - multiple sizes - \$12,000/ea; Combine - Pneumatic cleaning - N. Holland, Win. Steiger, Zurn, Kincade; Case 12 Row Drum Style Planter - Used 2 Tractors (200 to 250 HP) Front Wheel Assist - \$200,000 each; Forklift; Hopper Bottom Trailer; Pickup Truck; GPS guidance for planting and harvest; Augers (2) - 1 swing away; Belted Conveyors (2); ALMACO Large Plot Thresher; Proboxes or Steel containers; Seed Cleaning Equipment; Seed Treatment Equipment; New Bagging Equipment; Delta Center MFS Improvements; Color Sorter; New Building for Cleaning Equipment; Costs for Construction & Design Planning

2b. Provide a measure(s) of the program's quality.

Missouri Foundation Seed is known in Missouri and beyond for their quality seeds. These seeds originate primarily based on the work of plant breeders in the College of Agriculture, Food and Natural Resources. More data will be provided for the activities under 2a in FY23.

2c. Provide a measure(s) of the program's impact.

Missouri Foundation Seed is working with Missouri Soybean Merchandizing Council in brining the non-GMO high Oleic soybean to the market. In addition, MFS brings out at least 10 new varieties of soybean seeds to the seed industry every year.

PROGRAM DESCRIPTION

American Rescue Plan Act

HB Section(s): 20.847

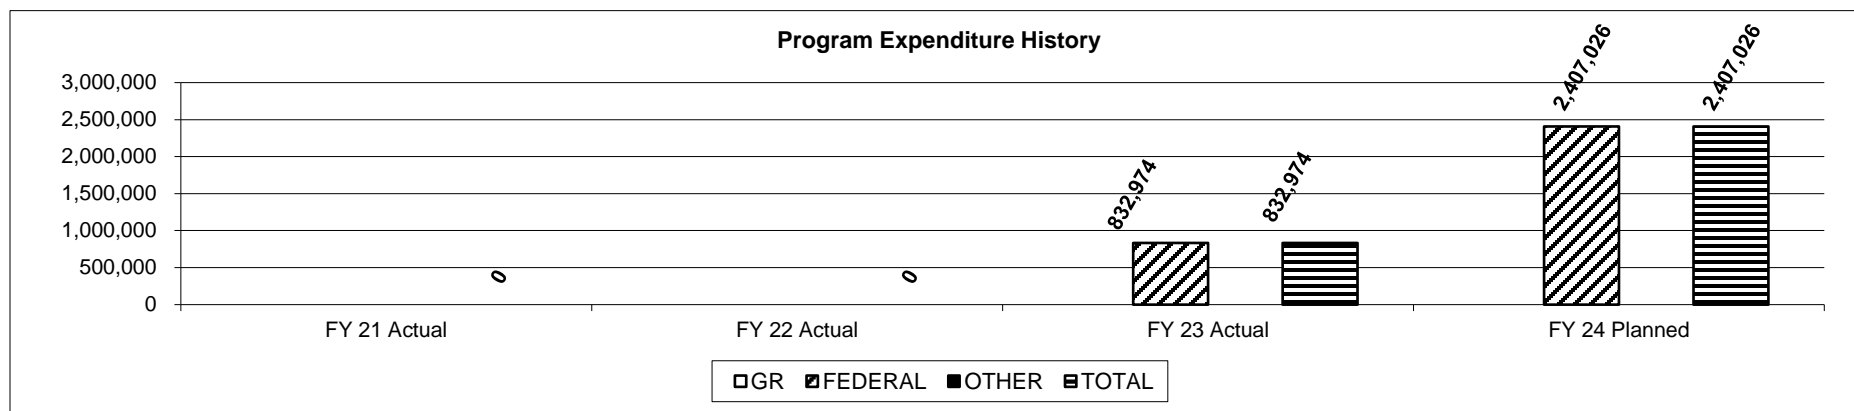

State Services

DHEWD - MU - Missouri Foundation Seed

2d. Provide a measure(s) of the program's efficiency.

The program accomplishes all of its success with outdated equipment and facilities and a small crew of two full-time and two part-time staff. The production of seeds is different from producing a grain crop. Quality (and purity) is extremely critical in being able to sell the crop as seeds. Care should be taken in every step of the way, in planting, rouging, harvesting, cleaning, treating, bagging and shipping the seeds to customers. The small crew does it with precision and efficiency.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

American Rescue Plan Act of 2021, Section 9901, established the State and Local Fiscal Recovery Fund.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION

For the planning, design, maintenance, or construction of an agency that connects job seekers to training programs and employment, helps employers diversify their workforce, and assists youth with career skills.

The Metropolitan Employment and Training Center (MET Center) is a strategic partnership between the St. Louis Economic Development Partnership, which manages the building's owner, the Land Clearance for Redevelopment Authority; St. Louis County, which leases the building; and the non-profit Family & Workforce Centers of America, which coordinates the numerous partnerships to provide the programming and training opportunities. The purpose of the MET Center is to stimulate the economic self-sufficiency of individuals in low-income communities throughout the St. Louis region. The purpose of the appropriation is to address outstanding facility repair and improvements designed to maximize use of the space and services.

Public Health / Negative Economic Impact

DHEWD - STL Metropolitan Employment and Training Center

1a. What strategic priority does this program address?

Diversify employer workforce and assists youth with career skills.

1b. What does this program do?

The MET Center offers numerous short- and long-term academic skills enhancement and GED programs. In order to continue its work, major repairs and renovations to the facility are necessary.

2a. Provide an activity measure(s) for the program.

- Addition of a second elevator and tuckpointing of the building's brick façade.
- A new roof is needed over a portion of the high bay area with needed upgrades to the high bay lighting.
- New LED lighting will significantly reduce the electric costs for the Center.
- Needed repairs and restriping to the parking lot are warranted.
- Upgrades to the HVAC systems and the establishment of consistent Wi-Fi connectivity are part of the need to provide a quality learning/training environment.
- Updates to flooring and painting.

2b. Provide a measure(s) of the program's quality.

Completion of necessary improvements to the facility.

PROGRAM DESCRIPTION

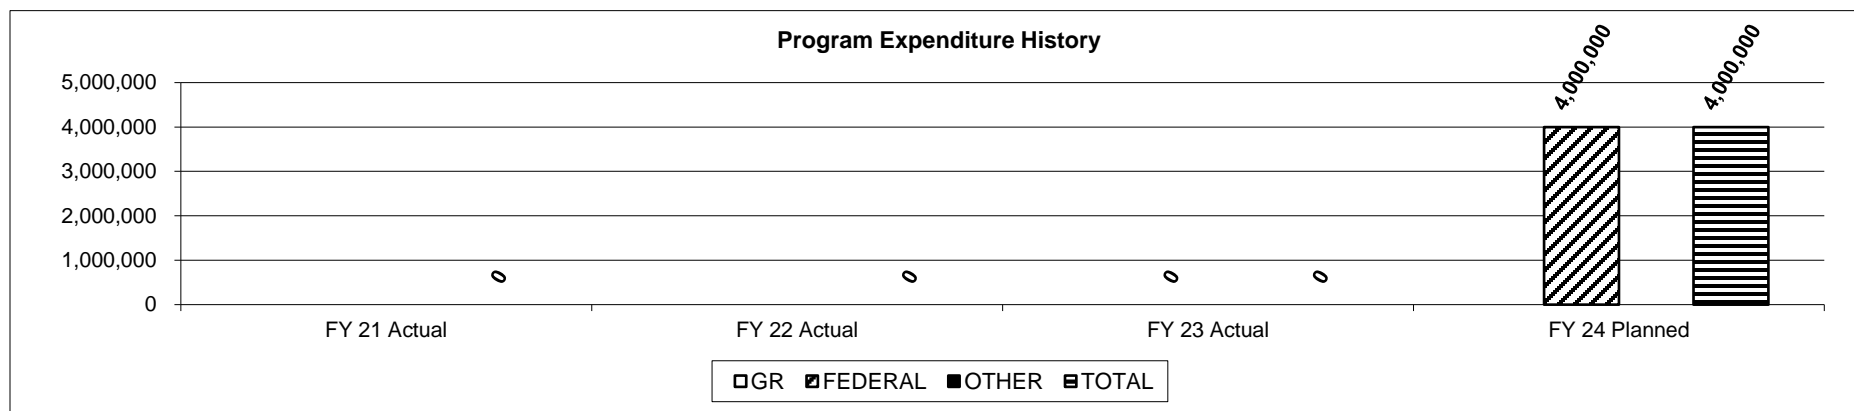

American Rescue Plan Act

HB Section(s): 20.862

Public Health / Negative Economic Impact

DHEWD - S. KC Chamber Workforce Development Center

1a. What strategic priority does this program address?

The program will address the workforce and economic needs of businesses in the South Kansas City, MO area through:

Job Seeking Assistance

- Onsite staff and resources will allow prospective employees to market themselves to prospective employers. Case managers, primarily from the Full Employment Council (FEC), will be available onsite several days per week to provide guidance and direction to community members interested in finding a job.
- Computer equipment will be available 5 days per week to allow community members to register to be in the FEC employee database, sign up for counseling assistance, and register for community job fairs and other employment events, and to learn about and enroll in training programs.

Training

- Training and education programs will be offered onsite by various partner organizations, including colleges and job training organizations.
- Training opportunities will be available in areas such as leadership training, skills training (both industry specific and general), and soft skills (such as communications, collaboration). The facility will also be available for customized training specific to individual businesses.
- Training programs that provide Industry Recognized Credentials will also be provided through partnerships with local colleges.

Entrepreneurship

Support programs will be provided for entrepreneurs including training programs and mentoring opportunities.

The program will address the workforce and economic needs of businesses in the South Kansas City, MO area through:

Job Seeking Assistance

- Onsite staff and resources will allow prospective employees to market themselves to prospective employers. Case managers, primarily from the FEC, will be available onsite several days per week to provide guidance and direction to community members interested in finding a job.
- Computer equipment will be available 5 days per week to allow community members to register to be in the FEC employee database, sign up for counseling assistance, and register for community job fairs and other employment events, and to learn about and enroll in training programs.

Training

- Training and education programs will be offered onsite by various partner organizations, including colleges and job training organizations.
- Training opportunities will be available in areas such as leadership training, skills training (both industry specific and general), and soft skills (such as communications, collaboration). The facility will also be available for customized training specific to individual businesses.
- Training programs that provide Industry Recognized Credentials will also be provided through partnerships with local colleges.

Entrepreneurship

Support programs will be provided for entrepreneurs including training programs and mentoring opportunities.

Companies in the area will be able to take advantage of general and customized training for their employees. Individuals looking for employment will be able to come in and get help with resume writing, job applications and other opportunities to help them find suitable jobs, and community organizations will be able to use the facility for community meetings.

2a. Provide an activity measure(s) for the program.

1. With these funds SKC will purchase the first third of the audio/visual equipment needed for the facility by January 2024.
2. Purchase the second third of the audio/visual equipment needed for the facility by the end of February 2024.
3. SKC will submit funding request mid-February to purchase the second third of the audio/visual equipment needed for the facility.
4. SKC will submit funding request in March to implement security and purchase signage for the facility.
