The Missouri National Guard requests Personnel Procurement and Talent Management initiatives to increase recruiting and retention:

1. Enlistment and Reenlistment Incentives to drive membership in both the Air and Army formations: This incentive will provide \$5,000 to new enlistees as a lump sum payment within 30 days of completion of Individual Entry Training/Basic Military Training. 2. The Joint Enlistment Enhancement Program (JEEP) to increase recruiting referrals throughout the state: This unique referral program will bolster Air and Army recruiting, retention, and sponsorship efforts. Once fully implemented, this program is anticipated to bring approximately 260 additional Army enlistments and 60 additional Air enlistments into the Missouri National Guard per year. Due to a variety of factors, the Missouri National Guard experienced a decrease of 32% in gains in 2022 from the previous 5 year average.

The increase in FY26 is due to expected increased accessions after program implementation. Reenlistment incentives will vary by amount, service, and job classification based on emerging needs; any underutilized enlistment incentive funds will be utilized to target critical job reenlistments.</p> <p>JEEP: The amount requested was derived from an expected program member utilization rate of 25%. 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding for an additional employee is needed because the Museum has seen a large uptick in walk-in visitors, tour groups, artifact donations, research requests, and traveling exhibit requests. This employee will ensure the Museum can properly staff for tour groups, off-site exhibit requests, speaking requests, and the proper care of donated artifacts. The Museum is inspected each year by U.S. Army Inspector General staff and without proper staffing the Museum may not be able to pass its annual inspection and meet the federal requirements contained in AR (Army Regulation) 870-20 for Army museums. The Museum is also inspected every third year by the Missouri National Guard's USPFO (United States Property and Fiscal Office). With current staffing of two full time employees, the Museum will have to cut back on programs, events, research, and otherwise decrease service to the public.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Museum has seen an increase in number of visitors from 8,000 in calendar year 2021 to 10,000 in calendar year 2022. From 1 January to 1 June, 2023 the Museum has had approximately 5,000 visitors. During calendar year 2021, the Museum received approximately 2,000 donated artifacts. In 2022, museum staff fulfilled several off-site display requests- MO State Fair, Veterans United Airshow among others. and additional employee will work on the donated artifacts to ensure they are cataloged, preserved, and displayed properly. The employee will also assist the Museum Director with day to day tasks such as scheduling tours, purchasing of supplies, taking and researching unit history requests, genealogical requests, artifact research requests, and assisting with large tour groups and events.

2. CORE DESCRIPTION									
House Bill 1519 and 1165 established the Missouri National Guard (MONG) Trust Fund, (RSMo 41.214) in FY98. The statute authorizes monies deposited to be used by the Office of the Adjutant General (OTAG)/Missouri National Guard for purposes pursuant to RSMo sections 41.010 to 41.1000 in support of the State Military Department and RSMo section 173.239 in support of the National Guard Tuition Assistance Program.									
The National Guard Tuition Assistance Program: Core funding for the National Guard educational assistance program for MONG members authorized in RSMo 173.239. This program is the primary recruiting and retention tool for the Missouri National Guard as it builds troop strength and readiness. Maintaining Missouri's authorized Guard strength level is critical for the MONG to retain military units and related Federal Department of Defense funding. If Missouri is unable to maintain its authorized troop strength, funding will be withdrawn and allocated to states demonstrating the ability to maintain strength. Missouri will lose the federal resources, jobs, and dollars supporting those units, as well as the emergency response capability associated with them.									
The Military Veteran Funeral Honors Program: Authorized in RSMo 41.958., this statute gives the OTAG/MONG the mission of providing military honor services to all deceased MO veterans. It is estimated that 470,000 veterans currently reside in Missouri. In FY 23, Missouri Funeral Honor Program coordinated approximately 8,400 and conducted over 4,280 missions of those missions coordinated. The appropriation helps ensure that MO deceased military veterans receive proper military honors.

2. CORE DESCRIPTION

The USS Missouri, also known as the “Mighty Mo”, is a historic battleship that played a significant role in World War II, the Korean War and the Persian Gulf War. It is one of the most famous and celebrated warships in American history. Throughout its active duty, the USS Missouri conducted various combat operations, shore bombardments, and acted as a deterrent force. Its involvement in the Korean War and the Persian Gulf War demonstrated its continued significance in modern conflicts.

Today the USS MO is preserved as a museum ship, permanently docked at Pearl Harbor, Hawaii. It serves as a memorial to honor the history and sacrifices made by those who served on board. Visitors can explore the ship, learn about its storied past, and witness the location of the historic surrender ceremony.

The USS MO remains an enduring symbol of American naval power and the historical milestones it witnessed. Its legacy as a formidable battleship and its crucial role in World War II will forever be remembered.

The OTAG/MONG Field Support Program supports the operations and maintenance of the Missouri National Guard readiness centers and associated grounds. The MONG operates 56 readiness centers in 54 locations; the average age of these facilities is in excess of 50 years with 58% being over 40+ years of age. These military facilities are state-owned and require recurring funding to support readiness center operations, utilities, building, grounds maintenance and custodial requirements. Adequate Field Support program funding is critical to ensure members of the Missouri National Guard have adequate facilities to conduct daily operations, training, store, and maintain associated military equipment. These facilities are utilized during state emergency duty as operational staging areas, warming shelters, and distribution points for local communities. The facilities are also utilized by the Highway Patrol as driver testing sites. Failure to provide adequate operational support will ultimately result in a loss of federal funding and resources.

2c. Provide a measure(s) of the program's impact.

The State Mission: is to provide trained and disciplined forces for domestic emergencies or as otherwise required by state law under the authority of the governor. Our role has expanded since 9/11, with Guard members continually serving around the world and around our country helping during floods, tornadoes, civil disturbances, winter storms, hurricane responses, and most recently, the COVID-19 pandemic; that stateside mission is still a major part of what we do.

The Federal Mission: is to maintain properly trained and equipped units for prompt mobilization for war, national emergency, or as otherwise directed by the president. Missouri National Guard members must always be ready for any mission from the president, including peacekeeping missions and overseas contingency operations.

2d. Provide a measure(s) of the program's efficiency.

Housekeeping/Custodial Support

- OTAG Housekeeping staff maintain 1,528,865 total sq. ft. across the state
- OTAG has 33 FTE maintaining 56 readiness centers across the state
- OTAG averages a 0.5 FTE at each readiness center

*The Facilities Program - Personnel Allocation Standard (FP-PAS) summarizes the authorized federally reimbursed State Employees who work in support of the Facilities Program. The "Authorized Positions" are the unconstrained requirements, and not the funded positions. The Total Cost information is entered into the Annual Work Plan which NGB I&E (Installations and Environment) uses to build the budget plan. Currently there are 77 FP-PAS positions out of 848 authorized positions.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Office of the Adjutant General and the Missouri National Guard are organized under the State Constitution in accordance with directives promulgated by the federal military department, pursuant to RSMo 41.010. Section 46 of Article III of the Missouri Constitution established the responsibility of the legislature to maintain an adequate militia. National Guard Regulation (NGR) 420-10 defines the responsibilities, organization, functions, and personnel for State Construction and Facilities Management Offices. The regulation includes guidance for establishing facility maintenance and repair standards and policies for planning and executing facilities projects. The relationship between the National Guard Bureau (NGB) and the State Military Department is governed by the fact that all Army National Guard (ARNG) facilities are owned by, leased for, or licensed to the States. As a result the States, and not the Federal government, operate and maintain all ARNG facilities.

6. Are there federal matching requirements? If yes, please explain.

No federal matching requirements

7. Is this a federally mandated program? If yes, please explain.

NGR 420-10 defines the basis of operation for all ARNG real estate. States agree to maintain facilities to "required minimum standards" under the Master Cooperative Agreement.

The MO-AVCRAD requires two additional full-time employees to help facilitate additional workload directed from National Guard Bureau (NGB) and Army Aviation Missile Command (AMCOM). We have been tasked with building UH-60V wire harnesses to offset the cost of purchasing new UH-60M helicopters. The goal for the UH-60V program is to build 760 aircraft wire bundles within about a 15-year window. Each UH-60V wire bundle takes roughly 2500-man hours to complete. Converting current National Guard UH-60L aircraft to a UH-60V in lieu of purchasing new UH-60M aircraft provides a cost savings to the Army National Guard in excess of 12 million dollars per aircraft.

Each UH-60V wire bundle takes roughly 2500-man hours to complete. Therefore, two additional FTE are required.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

- * Increased workload requires increased manpower
- * Increased workload produces increased revenue entering the state
- * Increased workload produces increased savings to taxpayers

6b. Provide a measure(s) of the program's quality.

The conversion of our current UH-60L aircraft to UH-60V aircraft produces an aircraft that is similar to the new UH-60M with a significantly lower cost to the government.

6c. Provide a measure(s) of the program's impact.

Converting current National Guard UH-60L aircraft to a UH-60V in lieu of purchasing new UH-60M aircraft provides a cost savings in excess of \$12 million dollars per aircraft. Upon conversion of all 760 aircraft the total cost savings would be approximately \$9.1 billion.

6d. Provide a measure(s) of the program's efficiency.

- *Our average cost to produce a UH-60V wire harness is \$225,000.
- *The cost to purchase a base model UH-60M is \$21.2 million.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Cost to Continue- Funding to provide OSHA and organizationally required annual testing programs for some of our aircraft mechanics due to certain hazards they may be exposed to within their work areas. Examples of this testing include fit testing of respirators, eye exams if involved with aircraft laser systems, or audiometric testing for those employees whose exposures equal or exceed an 8-hour time-weighted average of 85 decibels.

Previously, testing was performed as a group with federal & state employees. New guidance has clarified that federal monies may not be used for the testing of state employees, therefore GR is needed to continue this mandatory testing.
