2. CORE DESCRIPTION

In August 2019, the Department Higher Education, the Division of Workforce Development, and the Missouri Economic Research and Information Center merged, forming the Department of Higher Education and Workforce Development. DHEWD strives to empower every Missourian with the skills and education needed for success. The department achieves that vision by identifying higher education and labor force needs; research and analysis of labor market trends; wage analysis and studies of the state's targeted industries and economic development initiatives; working collaboratively with the Department of Elementary and Secondary Education as well as the Department of Economic Development; and encouraging more effective mutual support and coordination among institutions. The Coordinating Board for Higher Education (CBHE) which provides policy direction to DHEWD, was authorized by an amendment to the Missouri Constitution in 1972 and established by statute in the Omnibus State Reorganization Act of 1974.

The CBHE is authorized by Section 173.005.2 (12), RSMo, to charge and collect fees from out-of-state public institutions to cover costs of reviewing and ensuring the quality of programs offered by such institutions. DHEWD Out-of-State Program Fund helps provide the resources needed to support the out-of-state approval process, which is shown in a separate program description that follows the one for Coordination Administration. The fees are received from out-of-state public institutions seeking authorization to provide education to Missouri residents. The core request will provide the resources needed to support the out-of-state process.

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Coordination Administration
CORE - Coordination of Administration**

Budget Unit 150001B

Bill Section 03.005

The Quality Improvement Revolving Fund allows for the collection of revenue on a cost-recovery basis from workshops and conferences provided by DHEWD to be used to support future workshops and conferences. A core request of \$75,000 will allow for the continuation of this fund and support it provides to the department.

The core appropriation provides operating funding that is part of the department-wide federally approved cost allocation plan. This appropriation helps to provide oversight, direction and administrative support services including fiscal, budget, office services, and facilities for the six offices within DHEWD: Office of the Commissioner, Office of Communications and Outreach, Office of Postsecondary Policy, Office of Operations, Office of Performance and Strategy, Office of General Counsel, and Office of Workforce Development. The federal share, which is described in later items, is part of the grants authority provided through the Office of Workforce Development.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 15001B	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Coordination Administration	
HOUSE BILL SECTION: 3.005	DIVISION: Coordination Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue PS	197,945	5%
General Revenue E&E	24,254	5%
Other (Out-of-State Fund -0420) PS	2,446	5%
Other (Out-of-State Fund -0420) E&E	4,592	5%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only five percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2024.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

2. CORE DESCRIPTION

This program administered ten state student financial assistance programs that provided approximately \$159.3 million to just under 64,000 Missouri residents during FY 2024. The programs administered include: the Advanced Placement Incentive Grant, the Higher Education Academic Scholarship Program (Bright Flight), the Access Missouri Financial Assistance Program, the A+ Scholarship, the Fast Track Workforce Incentive Grant, the Dual Credit/Dual Enrollment Scholarship, the Public Service Officer Survivor Grant, the Minority and Underrepresented Environmental Literacy Program, the Wartime Veteran's Survivors Grant, and the Kids' Chance Scholarship.

This program will administer ten state student financial assistance programs in FY 2025 and FY 2026.

This core request is for general revenue funding of \$587,427 and 10.85 FTE necessary to administer the ten state-funded financial assistance programs

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 150003B	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Grant & Scholarship Administration	
HOUSE BILL SECTION: 3.005	DIVISION: Grant & Scholarship Administration

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue	PS	27,406	5%
General Revenue	E&E	1,965	5%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only five percent is allowed to flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2024.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

2. CORE DESCRIPTION

Data indicate the COVID-19 pandemic is a primary contributor to a decrease in filing the Free Application for Federal Student Aid (FAFSA) throughout the state over the last two years. FAFSA completion is often an indicator of college enrollment. The aid that is accessed through the FAFSA is the primary way many students pay for college since many financial aid programs (federal, state, and institutional) cannot be accessed without completing the FAFSA. Underserved populations in higher education need extra support to access and complete the form. DHEWD plans to increase partnerships with financial aid officers and counselors around Missouri to provide additional support and more access points to complete the FAFSA for high school seniors, current college students, and adults interested in enrolling in college. Increased FAFSA rates should result in increased enrollment and retention rates. Best practices, which were identified from other states in 2019, showed extra efforts are needed here in Missouri to increase filing rates. While the need for increased focus on FAFSA was an issue prior to the pandemic, the pandemic has substantively contributed to the decline in FAFSA filings.

3. PROGRAM LISTING (list programs included in this core funding)

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Coordination Administration
CORE - FAFSA Filing**

Budget Unit 150009B

Bill Section 03.005

Initially, DHEWD requested \$337,500 for a multi-year effort to address this need using ARPA funds. The Governor's recommendation was to provide \$75,000 per year in ongoing general revenue funding to help cover a variety of outreach strategies. These strategies include: 1) In-state travel for participating in local school district and other FAFSA events; 2) supplies for informational materials; 3) audio/Video charges for informational and outreach needs; 4) annual public relations services for Radio, TV and digital Public Service Announcements; and 5) other incentives for helping meet FAFSA goals.

Office of Post Secondary Policy
MoExcels Workforce Initiative
DI# NOP.15B.060**

Budget Unit 150016B

Bill Section 3.010

In 2020, the Departments of Higher Education and Workforce Development (DHEWD) and Economic Development (DED) compared Missouri to 13 of its Midwest peers on a number of metrics to measure the state's economic health. They found that Missouri is ranked last in GDP growth, 12th in labor productivity, 11th in per capita income, 9th in job growth, and 8th in wage growth. Although Missouri is above the national average in high school graduation rates, we are below average in students transitioning into and persisting through college, making the state's adult population less educated than the national average. In addition, this situation is exacerbated by the fact that Missouri's workforce participation rate is declining. As a result, Missouri needs to strategically increase its workforce to grow its economy. MoExcels is one mechanism to accomplish that growth.

The application process for FY 2026 MoExcels will run slightly different to reduce the time between application and award for institutions and improve project monitoring for department staff. The requested amount is a block request for consideration, as applications will not be solicited from institutions until later. Assuming the funding request is successful, the Coordinating Board for Higher Education will make award determinations at its June 2025 meeting.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The \$33 million amount was arrived at by taking the average appropriated dollar amount over the last five years to the MoExcels Workforce Initiative.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

A key responsibility of DHEWD is certifying and monitoring proprietary schools, including private out-of-state institutions, offering programs in Missouri or recruiting Missouri students. Fees collected from certified schools and those seeking certification or exemption are deposited into the Proprietary School Certification Fund.

3. PROGRAM LISTING (list programs included in this core funding)

NOTES:

The unit has had difficulty attracting and retaining staff in one of the program positions resulting in four different individuals over the last four years. These events resulted in a substantial amount of unused appropriation authority as certain key work functions (site visits, conference participation) were curtailed. The department has resumed most key functions and has staffing has stabilized, which will result in more close alignment between appropriation and spending.

Bill Section 3.015

All organizations offering entry-level Class A and B CDL programs in Missouri must comply with the US Department of Transportation's Federal Motor Carrier Safety Administration's (FMCSA) requirements to follow all applicable state laws. The Missouri Department of Higher Education and Workforce Development (MDHEWD) authorizes training providers of entry-level Class A and B CDL programs. This federal requirement means MDHEWD needs to determine if CDL training entities on the Federal Training Provider Registry (TPR) are compliant, and if not, contact them to begin the certification or exemption process. The process identified between MDHEWD and FMCSA is currently that the department will review the TPR to determine which entities may be non-compliant, contact those providers, work with them through the certification or exemption process, and report providers that fail to comply to the FMCSA. As of June 27, there were over 1200 entities on the TPR that need a determination. While not all of these CDL programs will need to go through the certification or exemption process, managing the end-to-end process for a percentage of them, along with new providers that are added to the list monthly, represent a continuous workload that will require a new FTE.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The department currently employs two staff who work full-time on the initial certification of postsecondary education providers, and contracts with one part-time employee to review applications. The department determined that the volume of entities that will need to be reviewed justifies the addition of a staff person with specific knowledge of commercial driving. Further, the volume of CDL training providers that need to be reviewed and then annually recertified presents an ongoing stream of work that will justify the addition of a full-time staff person. The proposed salary aligns with similar positions at the DHEWD and with Compliance Auditors at other state agencies.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

Budget Unit 150018B

Bill Section 3.015

Section 173.020, RSMo, directs the Coordinating Board for Higher Education (CBHE) to design a coordinated plan for higher education in the state, the most recent of which was adopted in December 2021. In the plan, the CBHE set a goal to be the best in the midwestern region in educational attainment and labor force participation by 2030. Missouri will need to credential an additional 243,000 Missourians over the current trend to meet this goal.

According to data from the National Student Clearinghouse, there were nearly 700,000 Missourians who had earned some college credit but not a credential as of July 2022. Reengaging these individuals is key to meeting the state's educational attainment goal, thereby boosting the number of individuals in the labor market. This NDI would allow the department to develop a statewide campaign to reach, reengage, and support some college, no credential population in the state. In New Jersey, similar efforts resulted in 2,800 individuals reenrolled in less than one year.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The first year of funding of the initiative would allow the department to initiate a contract to support every public institution in the state with identifying individuals who started at their institution but did not earn a credential; running the institutional lists against national clearinghouses to determine whether the individuals completed at another institution; and conduct student outreach and coaching to help them return to an institution that is the best fit for them. Quotes from multiple vendors have estimated ongoing, annual costs to be \$3 million for such activities.

We believe 1.0 FTE at the Senior Program Specialist job classification will be sufficient to manage the contract with the vendor and coordinate a learning community with participating institutions. The proposed salary aligns with similar positions at the Department and with Senior Program Specialists at other state agencies.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

DHEWD holds a security deposit from each of the approximately 158 main campuses certified to operate or certified to recruit pursuant to Sections 173.600 through 173.619, RSMo. The deposit is to indemnify students in cases of malfeasance by a proprietary school or to assist with preservation and administration of student records if adequate provisions are not made by the school upon closure. The security deposit from each proprietary school ranges from a minimum of \$5,000 to a maximum of \$100,000 as required by statute. This appropriation is necessary to ensure the authority to access those monies for indemnification and record preservation purposes in cases of malfeasance by a proprietary school.

Bill Section 03.020

NOTES:

All funds received from security deposits are paid to students in the form of partial tuition and fee refunds. In FY 2024, some students were refunded for expenses paid to a school that closed. While no schools are currently expected to close precipitously in FY 2026, adequate spending authority is requested to ensure the department can respond in a timely manner. FY 2025 represents a \$200,000 Department Core Reduction Request of spending authority.

2. CORE DESCRIPTION

This request of \$115,000 is for membership dues in the Midwestern Higher Education Compact (MHEC). Pursuant to Section 173.700, RSMo, Missouri is a member of MHEC, a multi-state compact which is charged with promoting interstate cooperation and resource sharing in higher education, accomplishing this through four core functions: cost saving programs, reduced tuition, interstate reciprocity for distance education, and policy research. Missouri participates in the Midwest Student Exchange Program (MSEP) with other states allowing residents to participate in out-of-state instruction at no more than 150 percent of in-state tuition rates at public institutions. Private institutions offer a 10% reduction on their tuition rates. Missouri also benefits from its membership through participation in the State Authorization Reciprocity Agreement for distance education administered through MHEC. The commission is also active in forming joint purchasing agreements for obtaining property insurance, telecommunications products and services, and student health insurance.

According to the most recent annual report, Missouri colleges universities, school districts, and state and local governments realized about \$6.15M in cost savings through the MHEC's contracts and programs, while Missouri citizens saved nearly \$4.24M through the Midwest Student Exchange Program (MSEP).

2. CORE DESCRIPTION

This core request for a federal funds appropriation of \$500,000 is the place-holder for new federal grants as they become available to the department.

This appropriation supports the department's research and other public policy initiatives related to: (1) academic program, quality, and effectiveness (increased educational attainment, student success, transfer and articulation, efficiency); (2) linked longitudinal administrative data to support public policy research related to student enrollment and completion patterns, participation in postsecondary education and training programs; (3) integrating state financing policies for higher education (institutional appropriations, tuition and fees, and student financial aid); and (4) the impact of institutional, state, and federal student financial aid on student participation and success in postsecondary education and training programs, and successful participation in the state's labor force, especially for low-income, first-generation, minority, and working adult students.

2. CORE DESCRIPTION

In FY 2019, the General Assembly appropriated \$1 for transfer from the department's core budget to the State Legal Expense Fund for the payment of claims, premiums, and expenses provided by Sections 105.711 through 105.726, RSMo. In order to fund such expenses, the General Assembly also authorized three percent flexibility from the department's operating budget into the \$1 transfer appropriation.

Missouri was the first state to sign on to the nationwide Reentry 2030 initiative. Through this initiative, the Missouri Department of Corrections collaborates with both public and private partners to support incarcerated people and to assist justice involved individuals with finding and maintaining employment upon release. Each year, Missouri's Department of Corrections releases approximately 19,000 individuals back into communities across the state, creating a potential pipeline of workers for employers. Partnering with the Department of Corrections, OWD Job Center staff assist justice involved individuals prior to release. Job Center staff help individuals with creating resumes, staff help with developing proper interview and employability skills, career exploration, and most importantly, connect these new job seekers with employers who are hiring. These job seekers are also provided a warm referral to community-based Job Center career coaches. These coaches help people in the area where they are looking for work. Currently, staff members assigned to Job Centers are spending 1 day each week at correction facilities, and therefore, may only be available to assist a limited number of individuals. Funding this request will authorize 10 staff members to work full-time in the institutions, greatly increasing the number of individuals receiving services.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Missouri Higher Education Academic Scholarship Program (also known as "Bright Flight") provides scholarships based on academic achievement. Over the program's 38 year history, students and their families have come to view the full scholarship as a state commitment. The scholarship may be renewed until the first bachelor's degree is received or the scholarship has been received for ten semesters, whichever occurs first. There are two award levels based on ACT or SAT scores in the top three percent (a maximum award of \$3,000) and ACT or SAT scores in the top fourth and fifth percentiles (a maximum award of \$1,000). Students scoring in the top three percent must be awarded the \$3,000 maximum before students in the top fourth and fifth percentiles can be awarded. For the 2024-2025 academic year students must achieve an ACT score of 32 to qualify in the top three percent or an ACT score of 31 to qualify in the top fourth and fifth percentiles. Also for the 2024-2025 academic year ACT superscores will continue to be accepted as qualifying. Historically, less than one percent of eligible students qualify based on SAT scores. Based upon appropriations provided, in FY 2025 awards will be set at \$3,000 for students scoring in the top three percent and \$1,000 for students scoring in the top fourth and fifth percentiles; this will also be the case for FY 2026.

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$29,076,666 will provide scholarships in the amount of \$3,000 to an estimated 5,860 students qualifying in the top three percent and scholarships in the amount of \$1,000 to an estimated 1,640 students qualifying in the top fourth and fifth percentiles in FY 2026.

2. CORE DESCRIPTION

Transfer appropriations for: Access Missouri Financial Assistance Program

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This request is for a transfer from General Revenue, the Lottery Proceeds Fund, and private sources totaling \$75,421,052 to the Access Missouri Financial Assistance Program.

The Access Missouri Financial Assistance Program is also authorized by statute to receive \$5 million from the Gaming Commission Fund in House Bill 8. The appropriated transfer from all sources, including General Revenue, the Lottery Proceeds Fund, the Gaming Commission Fund, and other sources, totals \$80,421,052.

2. CORE DESCRIPTION

The Access Missouri Financial Assistance Program was created by SB 389 (2007). This program is designed to provide financial aid to eligible Missouri residents with the greatest financial need. A student's financial need is determined by their federal expected family contribution (EFC), which is calculated based on the Free Application for Federal Student Aid (FAFSA). Students with an EFC at or below \$12,000 are eligible for an award. Students with an EFC above \$12,000 may be considered for an award based on available funding. Award amounts are graduated, using the statutory formula, based on the student's EFC. Within available funding, eligible students receive the highest award possible, up to the maximum established by statute. For FY 2023, the EFC cutoff has been increased to \$15,000 and awards are set at the statutory maximum, ranging from \$300 to \$1,300 at public two-year institutions and from \$1,500 to \$2,850 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri. For FY 2022, the EFC cutoff was the standard \$12,000 and awards were set at 89 percent of the statutory maximum, ranging from \$300 to \$1,160 at public two-year institutions and from \$1,500 to \$2,540 at public four-year institutions, independent institutions, virtual institutions, and State Technical College of Missouri. There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This core request of \$83,960,000 will provide grants to an estimated 36,000 students in FY 2024.

2. CORE DESCRIPTION

The A+ program began as a school improvement initiative established by the Outstanding Schools Act of 1993 and described in Section 160.545, RSMo. The scholarship component of the A+ program was transferred to the legacy DHE pursuant to Executive Order 10-16. As a result of SB 638 in 2016, eligible graduates of designated private high schools are allowed to receive A+ reimbursement. As of the end of the 2023-2024 academic year, there were 643 designated public high schools and 108 designated private high schools.

The A+ Scholarship provides tuition and fee reimbursement to eligible graduates of designated high schools to attend community colleges, public vocational or technical schools, or private two-year vocational or technical schools that meet the criteria outlined in Section 160.545, RSMo. Over the program's 31 year history, students and their families have come to view the scholarship as a state commitment. In FY 2024 the average award was just under \$4,000.

CORE DECISION ITEM

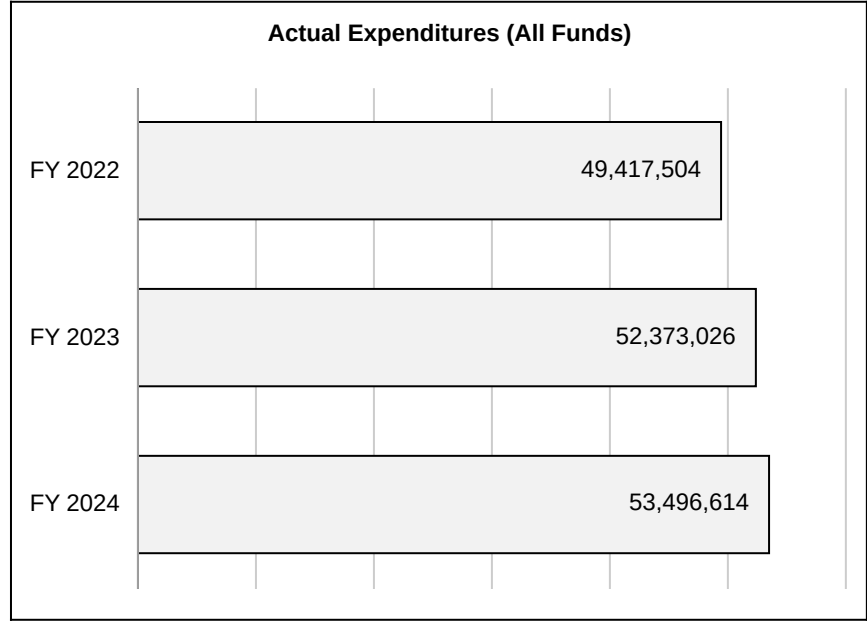

**Higher Education and Workforce Development
Division of Missouri Student Grants and Scholarships
CORE - A+ Schools Program - A+ Scholarship**

Budget Unit 150035B

Bill Section 03.065

NOTES:

The \$6.4 million unexpended in FY 2022 resulted from a four percent decrease in recipients that was not anticipated given the program's prior four years of increases ranging between one and three percent from FY 2017 and FY 2020, and a significant 10 percent increase from FY 2020 to FY 2021.

The \$9.5 million unexpended in FY 2023 resulted from a two percent decrease in recipients that was not anticipated give the program's prior history. The department needs a carryover balance of at least three million dollars to fund students enrolled in the summer term.

The 8.4 million undexpended in FY 2024 is a result of the decreased participation over the previous three fiscal years, which followed several years of growth. While tuition increases resulted in higher award amounts for FY 2024, the number of students remained largely unchanged from FY 2023.

2. CORE DESCRIPTION

Transfer Appropriation for: Fast Track Workforce Incentive Grant

There are two appropriations for this program. The core transfer appropriation provides the funds to be spent while the core appropriation provides the spending authority limit. This request is for a transfer from General Revenue and the Lottery Proceeds Fund totaling \$4,700,000.

3. PROGRAM LISTING (list programs included in this core funding)

Fast Track Workforce Incentive Grant

CORE DECISION ITEM

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Missouri Student Grants and Scholarships
CORE - Fast Track Workforce Incentive Grant - Transfer**

Budget Unit 150037B

Bill Section 03.070

NOTES:

The FY 2022 unexpended appropriation of \$1 million dollars is GEER funding. This was removed for FY 2023 as the use of the \$1 million in Governor's Emergency Education Relief (GEER) funds for the Fast Track Workforce Incentive Grant is prohibitive given the long-term nature of the grant's employment and repayment provisions and the stringent federal reporting requirements related to the GEER funds.

The FY 2024 unexpended appropriation includes \$388,000 Lottery funding that was allocated but not transferred.

2. THIS REQUEST CAN BE CATEGORIZED AS:

Cost to Continue

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

After a few years of slow growth, the Fast Track Workforce Incentive Grant grew more rapidly than anticipated in FY 2024. Both the number of recipients and the total amount doubled from FY 2023, which nearly resulted in having to limit awards due to the level of spending authority. It is anticipated that the program will continue to grow during FY 2026 and the \$4,700,000 spending authority limit will not be adequate in FY 2026 to fund all eligible applicants for the program.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If

based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Legislative changes made to the program in 2022, including removing the loan component of the program and expanding participation to eligible training providers, caused significant growth in both FY 2023 and FY 2024; participation increased by 90% in FY 2024, and expenditures increased by 120% (in large part due to the inclusion of the eligible training providers) which far exceeded projections by the department. The department estimates that there will be 2,200 eligible students with an average award of \$4,500, and that an additional appropriation of \$5.3 million (for a total of \$10 million) will be sufficient to award all eligible students.

Budget Unit 150038B

Bill Section 03.075

NOTES:

Growth in this program was initially slower than anticipated, largely due to the promissory note requirement as part of the loan conversion piece in the original legislation. Since that component has been removed, the department has already seen larger growth in FY 2023 than previous years, and expects that growth to continue. Coupled with increases in credit hour rates at the University of Missouri, which impacts the tuition caps at 4-year independent institutions, the department anticipates that the unexpended funds will be utilized over the next couple of fiscal years.

based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Legislative changes made to the program in 2022, including removing the loan component of the program and expanding participation to eligible training providers, caused significant growth in both FY 2023 and FY 2024; participation increased by 90% in FY 2024, and expenditures increased by 120% (in large part due to the inclusion of the eligible training providers) which far exceeded projections by the department. The department anticipates continued growth in FY 2026, albeit less than in FY 2024 actuals and FY 2025 estimates. The department anticipates that the program will grow by 50 percent in FY 2025 (from \$5.3 million to \$8.1 million), and another 35 percent in FY 2026 (from 8.1 million to \$10.9 million). The department anticipates that an additional \$6 million in spending authority (\$12 million total), which would include around \$1 million for returns) would be adequate to fund all eligible applicants in FY 2026.

2. CORE DESCRIPTION

The Advanced Placement Incentive Grant was established pursuant to Section 173.1350, RSMo. This is a nonrenewable grant of \$500 available to any student who receives an Access Missouri Financial Assistance award or an A+ award, and in addition has received grades of three or higher on two advanced placement tests in mathematics or science while attending a Missouri public high school. MOHELA has agreed to donate \$1 million for distribution through this grant. MOHELA will provide the funds in installments of \$100,000 or less as needed.

2. CORE DESCRIPTION

Section 173.234, RSMo, establishes the Wartime Veteran's Survivors Grant Program to provide up to 25 grants annually to spouses or children of Missouri veterans who died or became disabled from combat. Applicants are ranked first by renewal status and then by earliest application received date. Renewal applicants have priority until May 1. Renewal applications received after May 1 are ranked by application received date with initial applicants. Once the 25 recipient maximum has been reached, applicants are placed on a waiting list. FY 2018 was the first year in which the waiting list was utilized. If the waiting list exceeds 50 applicants, the department may petition the General Assembly to expand the quota. Grants cover tuition (capped at the rate charged by the University of Missouri - Columbia), plus up to \$2,000 for room and board and \$500 for books per semester. In FY 2024 the average award was \$12,185.

This core request of \$495,000 from general revenue will provide grants to 25 students in FY 2026.

2. CORE DESCRIPTION

The Kids' Chance Scholarship Program, established in 1998 in Section 173.254, RSMo, authorizes the Coordinating Board for Higher Education to provide scholarships for the children of workers who were seriously injured or died in a work related accident or an occupational disease covered by workers' compensation and compensable pursuant to Chapter 287, RSMo. Eligible students can attend a Missouri college, university, or accredited vocational institution of their choice. Per the statute, the Division of Workers' Compensation deposited \$50,000 each year between 1999 and 2018 to build a \$1 million corpus in the Kids' Chance Scholarship Fund. Awards are the lesser of the student's actual tuition and fees, tuition at the University of Missouri for the same number of credit hours the student is enrolled in, or the amount of the Kids' Chance Inc. of Missouri private scholarship award. Awards can only be made using the interest earnings in the fund. In FY 2024 the average award was \$6,500.

This core request of \$15,000 from the Kids' Chance Scholarship Fund will provide scholarships to an estimated 2 students in FY 2026.

2. THIS REQUEST CAN BE CATEGORIZED AS:

Cost to Continue

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Disbursements for the Kids Chance scholarship are paid from the interest accrued from a \$1 million corpus established through deposits by the Division of Workers' Compensation. Because interest on the corpus has grown due to higher rates and in order to fund additional students and balance spending with the interest accrual, the department is requesting additional spending authority.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If

2. CORE DESCRIPTION

The Minority and Underrepresented Environmental Literacy Program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. The Minority Environmental Literacy Advisory Committee selects recipients and therefore determines the number of students served each year. The appropriation is divided among the selected recipients, with some recipients receiving a full award and some receiving one half of the full award, as determined by the committee. In FY 2024 the average award was \$5,976.

This core request of \$36,964 from general revenue will provide scholarships to an estimated 8 students in FY 2026.

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Missouri Student Grants and Scholarships
CORE - Minority and Underrep Environmental Literacy Program**

**Budget Unit 150050B
Bill Section 03.110**

The Minority Environmental Literacy Advisory Committee is comprised of the Commissioner of Higher Education and Workforce Development or the commissioner's designee, three representatives of universities and colleges, the director of the Department of Natural Resources or the director's designee, 5 at-large members appointed by the Governor with the advice and consent of the Senate, and the state affirmative action officer.

Budget Unit

Bill Section 3.100

The Missouri Returning Heroes Education Act, Section 173.900, RSMo., became law on August 28, 2008. This law provides that all public institutions of higher education that receive state appropriated funds shall limit the amount of tuition charged to combat veterans to fifty dollars per credit hour as long as the veteran achieves and maintains a grade point average of 2.5 on a 4.0 scale, is enrolled in a program leading to a certificate or degree, and is attending in the ten year period following the last discharge from service. In addition, the tuition charged of combat veterans enrolled in graduate programs, as defined in statute, must be limited to no more than 30 percent of the cost of tuition and fees. The law also provides that institutions may report the amount of tuition waived in a fiscal year and the department may include the amount in the following year's appropriation request. Without this funding, the institutions will have to absorb the difference between the reduced credit hour rate and the actual cost per credit hour. Since this legislation passed, institutions have provided \$16.2 million in Returning Heroes tuition reductions.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Department of Higher Education and Workforce Development sent out a survey asking each institution to report back number of eligible students and the associated costs for waiving a portion of tuition and fees for combat veterans. Out of those institutions who responded to the survey, Community Colleges reported 22 eligible students served with a cost of \$17,568 in tuition fees waived, State Tech reported one eligible student with a cost of \$4,929, and Public Universities reported 509 eligible students with a cost of \$1,364,099 in tuition fees waived for FY 2024. This gives a total number of eligible students of 532 and \$1,386,596 in total fees waived.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Missouri Student Loan Program was a guaranty agency that operated under the Federal Family Education Loan (FFEL) program. The appropriation allows the department to meet federal requirements to support outreach activities aimed at educating high school students, parents, and others about preparing for and paying for college, managing student loan debt, and increasing financial literacy. This request of \$640,001 is spending authority from the Guaranty Agency Operating Fund to close out the program and undertake other allowed expenditures.

2. CORE DESCRIPTION

The Missouri Student Loan Program ended in October 2022, which required the Department of Higher Education and Workforce Development (DHEWD) to process a core reduction of the funds to zero them out for the FY 2024 budget. For FY 2025, DHEWD processed a transfer to move the guarantor lost revenue reimbursement for amounts we should have earned through collections revenue, during the third quarter of 2022. This amount is based on the GA Collection Recovery Methodology provided by the MDHEWD servicer, ECMC, in response to Dear Colleague Letter GEN-21-03 published by the USDE on May 12, 2021.

With the transfer of remaining funds completed, the transfer authority is no longer needed and a core reduction of \$5 million has been completed.

2. CORE DESCRIPTION

The Office of Workforce Development (OWD) administers employment and training programs authorized and funded by the federal government. The funds are provided to carry out programs required by the Workforce Innovation and Opportunity Act, the Wagner-Peyser Act, the Trade Adjustment Assistance Act, Veterans' Employment and Training Services, and other federal employment and training programs that complement the state workforce system. The programs and services provided through these funding sources include, but are not limited to, job search assistance to connect job seekers with employment opportunities, job preparation activities, work based learning and skill training for eligible adults, dislocated workers, veterans, unemployment insurance claimants, and youth. This core also includes funding for the Show-Me Heroes Program which promotes the hiring of veterans and provides on-the-job training opportunities to military and National Guard members returned from deployment or separated from active duty.

Federal PSD includes \$500,000 Show-Me Heroes Program (Fund 1995).

3. PROGRAM LISTING (list programs included in this core funding)

NOTES:

FY 2022 and FY 2023 lapse due to vacancies and reductions in PS expenditures due to retirements.

FY 2023 lapse due to a significant amount of operational expenses, including travel, were postponed due to the pandemic.

FY 2023 includes one-time appropriations of \$1,500 that were removed for FY 2024.

FY 2024 includes one-time appropriations of \$15,257 that have been removed for FY 2025.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 150063B BUDGET UNIT NAME: Workforce Development Administration HOUSE BILL SECTION: 3.130	DEPARTMENT: Higher Education and Workforce Development DIVISION: Office of Workforce Development
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

Federal Fund (Fund 0155)	PS	1,291,101	10%
Federal Fund (Fund 0155)	E&E	291,024	10%

Flexibility will allow MDHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only ten percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2024	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

**Higher Education and Workforce Development
Workforce Development
Indirect Cost Rate
DI# NOP.15B.061**

Budget Unit 150063B

Bill Section 3.130

DHEWD currently has a federally approved Cost Allocation Plan (CAP) in which it allocates indirect costs across funding sources. DHEWD's primary federal funder, the U.S. Department of Labor, has indicated that they will soon be transitioning away from approving CAPs and are encouraging state agencies to pursue a Negotiated Indirect Cost Rate Agreement (NICRA) instead. DHEWD leadership supports this change because the indirect cost rate approach streamlines administrative processes by consolidating various overhead expenses. This efficiency will allow our team to focus more on core mission activities and reduce the administrative burden of cost allocation. In order to make this transition, DHEWD will need a specified fund for indirect costs and funding therein to finance indirect costs for the first three months of the transition, until DHEWD is able to build up the indirect cost pool. After that, the fund will be sustainable as we draw a (yet unknown) percentage of direct federal funds and deposit them into this specified fund.

No new FTE is being requested. This is to fund the current federal portion (approximately 31.01 FTE that's charged) of the cost allocated positions with general revenue funds for 3 months. After the 3 months, these positions will have their percentage of federal reapplied to the federal cost pool.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The requested amount was derived from reconciled actuals from previous DHEWD Cost Allocation Plans.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. THIS REQUEST CAN BE CATEGORIZED AS:

New Program

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

NEW DECISION ITEM

RANK: 007 OF 9

**Higher Education and Workforce Development
Workforce Development
Youth Work-Based Learning
DI# NOP.15B.073**

Budget Unit 150063B

Bill Section 3.130

The public workforce system assists employers with hiring skilled workers and prepares students, job seekers, and workers for family sustaining careers. These funds will be used to provide work-based learning skills, paid work experience, and apprenticeship opportunities to high school youth who are not pursuing traditional higher education career pathways in several high schools. Youth that participate in workforce development programs have improved employment opportunities, increased earnings potential over time, and enhanced career prospects. Youth will know what career pathways they want to pursue because they will have greater access to career information and a sense of empowerment about making career pathway decisions.

Funds will be leveraged with existing federal programs, as appropriate, however, Missouri has experienced significant decreases in federal public workforce funds in the past several years resulting in decreased funds to train youth entering into the workforce. By investing in youth workforce development, we are investing in the future of our communities and our nation.

1 FTE is included in this request. The individual will oversee the youth workforce development activities in participating high schools.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

OWD is requesting 1 FTE to provide oversight for the youth workforce development activities in participating high schools. The funding request considers funding required for students not pursuing training or education after high school to participate in paid, meaningful work-based learning opportunities, as well salary, equipment, professional development, and travel associated with the FTE. Personnel cost is minimized by partnering with existing resources and programs. One-time expenses are associated with things like equipment, more travel in year 1 for technical assistance in participating high schools, and professional development for program implementation.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This request is for the provision of workforce transition services, independent living skills, and life skills training for the autistic population in Southeast Missouri. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.

2. CORE DESCRIPTION

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Performance and Strategy
CORE - Research Team - MERIC**

Budget Unit 150062B

Bill Section 03.200

Missouri employers, job seekers, policy makers, and service organizations require high-quality economic and labor market information to make decisions, identify areas of need, and support Missouri's overall economic growth. The Missouri Economic Research and Information Center (MERIC), as part of the Office of Performance and Strategy, serves those needs through data collection, applied research, innovative analysis, and reporting to the public and policymakers.

This research and analysis includes labor market trends, employment and unemployment rates, occupational studies and projections, economic conditions, studies of Missouri's industries, and the creation of data and analysis on jobs, education, and training that employers demand now and in the future. MERIC also works in cooperation with the U.S. Department of Labor as the state's labor market information agency to collect data, conduct research, and produce information on economic conditions and labor market trends on a monthly, quarterly, and annual basis. Through its website, MERIC.mo.gov, MERIC also provides interactive access to economic and workforce data for the state, and its regions and counties. Coordination of the maintenance and secure use of longitudinal administrative data to conduct research on the education-to-workforce journey to support policymakers and decisionmakers around the state is also housed in MERIC as the P20W Research Data Center starting in FY 2024.

For occupation employment and wage statistics, employment trends, and industry and occupation projections, MERIC is the recognized originating source of this data for Missouri. No other organization in the state is in a position to provide the same information. The branding of the work of these state staff members as "MERIC" has provided stability, reliability, and a trusted source of reputable information for a variety of stakeholders and decisionmakers in the state.

3. PROGRAM LISTING (list programs included in this core funding)

Specific areas of research supported by this funding include, but are not limited to, the following: 1) wages and employment by occupation for the state and regions; 2) the monthly Missouri Jobs Report; 3) county average wages; 4) industry and occupation projections; 5) real-time labor market analysis based on trends in job postings; 6) key economic indicators such as cost of living and personal income; 7) regional economic profiles; 8) career pathways; 9) current and historic trends in industry employment; and 10) support for the MoSCORES employment and wage outcomes website. These listed items are among the top categories of information received visits to MERIC's website (MERIC.mo.gov).

NOTES:

In FY 2023, The U.S. Department of Labor, Employment and Training Administration Workforce Information Grant to States (WIGS) is one portion of MERIC's federal funding. This grant is awarded annually with the ability to carryover for three years. Due to staffing turnover and hiring challenges, along with changes of normal procedures during the COVID-19 pandemic, the grant is carrying a larger than normal balance. A more normal spending pace has resumed and it is expected for the grant to expend the majority of the carryover by FY 2027.

In FY 2024, funds were appropriated for the first time for the P20W Research Data Center. Hiring new staff and subsequent turnover, along with procurement and procedures associated with establishing a new unit and function take time. This ramping up period in FY 2024 resulted in unexpended funds for the first year of the program. It is expected for funds to be more fully utilized in FY 2025 and beyond.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 150062B	DEPARTMENT: Higher Education and Workforce Development
BUDGET UNIT NAME: Missouri's Economic Research and Information Center (MERIC)	
HOUSE BILL SECTION: 3.130	DIVISION: Performance and Strategy

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

General Revenue (Fund 0101)	PS	71,994	10%
General Revenue (Fund 0101)	E&E	166,830	10%
Federal Fund (Fund 0155)	PS	140,734	10%
Federal Fund (Fund 0155)	E&E	2,897	10%

Flexibility will allow DHEWD to reallocate these limited resources so they can be effectively administered to meet mandatory expenditures. Currently only ten percent is allowed for flex.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$0	\$0	\$0

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
No flexibility was used in FY 2024.	DHEWD does not anticipate using flexibility unless it is necessary to meet mandatory expenditures. If vacancies occur, it may be necessary to flex EE to PS to pay annual leave balances to retiring employees.

**Higher Education Funding FTE
DI# NOP.15B.072**

Bill Section 3.130

With the work of the House of Representatives Special Interim Committee on Higher Education Performance Funding and the increased need for data collection and analysis, research and insights, and public reports and visualizations about higher education trends, financial aid, and the value of higher education, the Postsecondary Education Research unit is unable to meet the existing and growing demand for data and research support. The current team of three staff collect and analyze data from Missouri's public and private 2- and 4-year institutions, meet state statutory reporting requirements such as the annual report of high school graduates and the Student Right to Know portal, provide data to policy and decision makers, evaluate high-priority topics in the higher education landscape, and support higher education institutions in meeting their reporting requirements to the state. The growth of requests and needs for this data and research needs an additional FTE to meet the demand, particularly with the additional responsibilities in evaluating potential higher education funding models for the state.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The team currently has three FTE – 1 director, 1 senior program specialist, and 1 associate research/data analyst. With the growing complexities around data management, analysis, and visualization, the skill and production level of a senior program specialist will meet the need for additional capacity on the team. The costs were developed based on the cost of the existing senior program special position in the unit and the ITSD and Other Expense and Equipment guidelines. Of the E&E costs, \$5,515 are one-time.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Workforce Innovation and Opportunity Act (WIOA) provides the framework and funding for a national workforce preparation and employment system designed to meet the needs of businesses and job seekers. WIOA programs and services are delivered statewide through the Local Workforce Development Boards, in accordance with federal and state statutes. The State of Missouri is obligated to distribute WIOA funds to sub-recipients, including the Local Workforce Development Boards. The Wagner-Peyser Act of 1933 (WP) is also administered by the division. WP funds provide labor exchange services, which are no fee employment services to individuals seeking employment and employers recruiting workers. In addition, this core supports special projects related to labor exchange, including Missouri's Certified Work Ready Communities (CWRC) initiative. The CWRC initiative helps develop a workforce with the fundamental skills required to successfully support business in today's economy, attract new business and develop a strong talent pipeline for the state's growth nationally and globally. This core also includes other federal and employment and training funds that complement the workforce system. The department is subject to Chapter 34 of the revised statutes of Missouri and must competitively bid any legislatively appropriated project through the Missouri Office of Administration's Division of Purchasing.

Launch KC, Computer Programming Apprenticeship and Apprenticeship Missouri each have their own Core Forms and are not included in this Core Form.

Office of Workforce Development
Workforce Programs Increase
DI# NOP.15B.070**

Budget Unit 150068B

Bill Section 3.135

Workforce Programs provide skill development, workforce preparation, and job placement services to unemployed and under-employed individuals to ensure they are no longer solely reliant on public assistance. Business services to employers, assisting them to develop and maintain a workforce is also included in the Workforce Programs. In FY 2025 budget process, Workforce Programs received a core reduction in spending authority of \$11,404,335 on top of the \$25.6 million the department had already requested to reduce spending authority. The Office of Workforce Development has become a nimble, in-demand agency for partnerships. This division needs the ability to apply for and receive federal funding beyond its usual allocation. For instance, OWD recently applied for a \$10 million grant from the U.S. Economic Development Administration (EDA) to partner with Missouri S&T, Mineral Area College, St. Charles Community College, Lincoln University, and other consortium members. While not awarded the funding, the project was set to train 500 individuals over 5 years to work as technicians, electricians, mechanics, construction workers and related occupations in the imminent critical minerals and materials supply chain. Should another round of EDA funding be opened, DHEWD would like to pursue funding again for this very important project and would need higher levels of federal spending authority than is currently available.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Requesting to restore the \$11,404,335 that was cut during the FY 2025 budget cycle.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Office of Workforce Development (OWD) has been building the apprenticeship model in Missouri for several years, achieving the status of #3 in the nation for the number of apprentices. Apprenticeships serve two purposes 1) providing training and work experience for individuals, leading to long-term employment and family-sustaining wages; and 2) ensuring employers will have workers with the skillsets to meet their business needs as they serve their customers.

The reference for Registered Apprenticeship Programs is 85 FR 14386.

For the FY 2024 budget, OWD requested general revenue funding to provide a stable funding stream rather than relying on competitive grants as done so in the past. Instead, the request was approved with the use of federal dollars, and while OWD had spending authority, limited funds were available.

2. CORE DESCRIPTION

The Precision Health and Agricultural Science-Science to Jobs (S2J) statewide program is designed to increase collaboration and workforce opportunities via industry immersion in precision health and agricultural sciences in collaboration with Missouri Southern State University (MSSU), Missouri Southern Center for Advanced Professional Studies (MOSO CAPS), Missouri Biotechnology Association (MOBIO), and Missouri Western State University (MWSU). The program will create connections and exposure for K12 students and classroom teachers to help educate the workforce of tomorrow through career-focused activities in high-skill, high-demand jobs, industry partner tours/experiences, and summer academies. Promoting acceptance and career opportunities among underserved populations, including inner city and rural Missouri, will increase awareness and advance workforce development and support of the life sciences industry.

2. CORE DESCRIPTION

This request is for continuation of the core funding for Missouri University of Science and Technology (Missouri S&T) to continue its partnership with southwest Missouri secondary schools to increase the number of school districts utilizing Project Lead the Way (PLTW) and to provide further information to students regarding the importance of STEM education and the potential for future careers. This funding also helps school districts offset the costs associated with this program and serves as a state match for potential federal grant money.

PLTW depends not only on rigorous and relevant pre-engineering and science curricula, but also on trained teachers to instruct the next generation of scientists and engineers. As a leading partner university, Missouri S&T will facilitate teacher training, provide supplemental professional development, and provide information on STEM education and careers for teachers, counselors and administrators throughout southwest Missouri. PLTW students (taught by PLTW teachers) are also exposed to STEM careers through professionals from local industries who supplement the curriculum through mentorships and workplace experiences.

RANK: 007 OF 9

**Higher Education and Workforce Development
Public Institutions of Higher Education
Deferred Maintenance
DI# NOP.15B.067**

Budget Unit 150136B

Bill Section 3.148

Both the 2009 and 2018 Facility Review Reports (available at DHEWD.mo.gov) identified significant maintenance and repair needs at each of Missouri's public colleges and universities, as well as critical needs at many institutions. Lack of funding for routine maintenance results in minor problems becoming more serious conditions. During difficult financial times, routine maintenance is often deferred in order to meet other fiscal requirements. The failure to take care of major repairs and/or restore building components that have reached the end of their useful lives results in an extensive deferred maintenance backlog. As of September 2024, deferred maintenance is \$13.6 billion for all sectors: Community Colleges \$2 billion, State Tech \$126.8 million, and Universities \$11.4 billion. Continuing to postpone deferred projects is resulting in a higher cost to the institutions/state and, ultimately, increasing capital improvement state funding requests.

Based upon the 2018 Facility Review, there are over 256 education and general buildings on the public community college campuses with 8,111,889 square feet spread across 2,995 acres that need to be maintained. This does not include the 60 auxiliary buildings on these campuses.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a small percent increase based on core institutional appropriations targeted to address deferred maintenance. A total of \$27,123,203 needed for all sectors: Community Colleges \$4 million, State Tech \$253,628, and the Universities \$22.8 million.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The core appropriation provides aid to community colleges. This request is a continuation of the community college base state aid appropriation consisting of general revenue and lottery funds totaling \$178,389,569. Included in this core is \$4,396,718 for maintenance and repair (M&R) purposes. In order to be eligible for state funds for maintenance and repair, local matching funds must be provided on a 50/50 state/local match rate.

Missouri's community colleges served 44,637 students in the fall of 2023 (full-time equivalent enrollment), and granted 15,129 degrees and certificates in 2021-2022. After graduation, 92.0 percent of graduates who took an exam for professional licensure or certification successfully passed.

3. PROGRAM LISTING (list programs included in this core funding)

DI# NOP.15B.057

Budget Unit 150095B

Bill Section 3.150

The community colleges are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, community colleges continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, community colleges must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for community colleges, increased from 20.3 percent in FY 2018 to 21.2 percent in 2023.

The inflationary factor of 3 percent was approved by the Coordinating Board of Higher Education and is applied to each four-year institution and State Technical College of Missouri's base core appropriation in order to determine the amount of the new decision item.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on information from the Bureau of Labor Statistics, the Consumer Price Index (CPI) for the 12 months early without June 2024 was 3%. Applying 3 percent increase to the Community Colleges total FY 2024 Core Budget \$178,389,569; increasing the total appropriated dollars by \$5,351,687, giving a new total core dollar of \$183,741,256.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The CBHE is responsible for reviewing the institutional budgets and preparing appropriation recommendations annually for the State Technical College of Missouri. According to Missouri statutes, "State Technical College of Missouri shall be a special purpose institution that shall make available to students from all areas of the state exceptional educational opportunities through highly specialized and advanced technical education and training at the certificate and associate degree level in both emerging and traditional technologies with particular emphasis on technical and vocational programs not commonly offered by community colleges or area vocational technical schools." Primary consideration shall be placed on the industrial and technological manpower needs of the state. In addition, State Technical College of Missouri is authorized to assist the state in economic development initiatives and to facilitate the transfer of technology to Missouri business and industry directly through the graduation of technicians in advanced and emerging disciplines and through technical assistance provided to business and industry.

Budget Unit 150098B

Bill Section 3.155

State Technical College of Missouri is not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, they continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, for State Technical College of Missouri, as a percentage of total revenues, dropped from 29.4 percent in FY 2018 to 19.2% in FY 2023.

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. The inflationary factor of 3 percent was approved by the Coordinating Board of Higher Education and has been applied to State Technical College of Missouri's base core appropriation.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Bureau of Labor Statistics reported the Consumer Price Index (CPI) for the 12 months ending in June 2024 was 3%. Applying a 3 percent increase of \$279,846 to State Technical College's FY 2025 base core of \$9,328,187, giving a new total base core of \$9,608,033 for FY 2026.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

Based on State Technical College's available collections in FY 2024 exceeding appropriation authority and the potential growth in the amount of refunds intercepted and payable to the institution, State Technical College anticipates that an additional \$2,000 will be sufficient to cover reimbursements to the institution.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$66,886,690.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

2. THIS REQUEST CAN BE CATEGORIZED AS:

Cost to Continue

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The inflationary factor of 3 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution's base core appropriation.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 143.781, RSMo.

Current appropriation authority for payment of income tax refunds set off against debt owed to University of Central Missouri (UCM) by state taxpayers is \$225,000. In FY 2024, UCM used all their appropriation authority; therefore, they were not able to collect on remaining funds at fiscal year-end. UCM anticipates increased growth in the amount of refunds intercepted and payable to the institution which may exceed the current \$225,000 appropriation threshold.

NEW DECISION ITEM

RANK: 007 OF 9

Higher Education and Workforce Development
 Four-Year Colleges and Universities
 Debt Offset Increase
 DI# NOP.15B.055

Budget Unit 150099B

Bill Section 3.160

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on UCMs available collections in FY 2024 exceeding appropriation authority and the potential growth in the amount of refunds intercepted and payable to the institution, UCM anticipates that an additional \$100,000 will be sufficient to cover reimbursements to the institution.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$55,541,091.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The inflationary factor of 3 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution.

Budget Unit 150101B

Bill Section 3.170

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions. The inflationary factor of 3 percent was approved by the Coordinating Board of Higher Education and has been applied to each four-year institution.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 3 percent increase of \$3,396,991 to Missouri State University's FY 2025 base core appropriation of \$113,233,027; giving FY 2026 a new base core appropriation of \$116,630,018.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

Section 143.781, RSMo.

Current appropriation authority for payment of income tax refunds set off against debt owed to Missouri State University (MSU) by state taxpayers is \$700,000. In FY 2024, MSU used all their appropriation authority; therefore, they were not able to collect on remaining funds at fiscal year-end. MSU anticipates increased growth in the amount of refunds intercepted and payable to the institution which may exceed the current \$700,000 appropriation threshold.

NEW DECISION ITEM

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Based on MSUs available collections in FY 2024 exceeding appropriation authority and the potential growth in the amount of refunds intercepted and payable to the institution, MSU anticipates that an additional \$50,000 will be sufficient to cover reimbursements to the institution.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$23,589,267.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$12,616,351.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

DI# NOP.15B.018**

Budget Unit 150103B

Bill Section 3.175

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 3 percent increase of \$378,491 to the Lincoln Land Grant's FY 2025 base core appropriation of \$12,616,351; giving FY 2026 a new base core appropriation of \$12,994,842.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$37,816,580.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

DI# NOP.15B.021**

Budget Unit 150105B

Bill Section 3.185

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 3 percent increase of \$1,126,997 to the Northwest MO State University's FY 2025 base core appropriation of \$37,566,580; giving FY 2026 a new base core appropriation of \$38,693,577.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$31,471,095.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

2. CORE DESCRIPTION

This core appropriation provides funding for this public institution and is a continuation of the university's appropriations consisting of general revenue, lottery funds, and debt offset totaling \$27,123,288.

The Coordinating Board of Higher Education (CBHE) and the department work with public universities to develop and fund programs at the institutions, including new, targeted programs in addition to maintenance of core operating budgets and capital projects. The department is responsible for preparing consolidated appropriation recommendations annually for the public universities.

Cost to Continue

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

2. CORE DESCRIPTION

As part of their Urban Policing Program, HSSU is partnering with the St. Louis City Sheriff's Department, Missouri Department of Public Safety, and Lincoln University Law Enforcement Training Academy to sponsor the post commission certification program. This 10-month program will offer participants commission certification upon completion and aligns with higher education's goal of producing graduates with high-quality, post-secondary degrees and certificates that are valuable and relevant to individuals, employers, communities and the state. While pursuing a Bachelor's degree in Criminal Justice, students will gain real world practice through participation in a paid internship with the HSSU Department of Public Safety Cadet Program for 3 years. HSSU seeks to provide professional training that challenges racial, gender, sexuality and mental health biases while building inclusion and preventing harassment and bullying.

3. PROGRAM LISTING (list programs included in this core funding)

CORE DECISION ITEM

**Higher Education and Workforce Development
Division of Four-Year Colleges and Universities
CORE - Harris-Stowe State University - Urban Policing Program**

Budget Unit 150111B

Bill Section 03.450

HSSU seeks to address the need for professionally trained law enforcement officers by implementing new initiatives including:

- LULETA (Lincoln University Law Enforcement Training Academy)-HSSU Partnership
- Law Enforcement (SLMPD and St. Louis City Sheriffs) Tuition Assistance Program
- Urban Policing Leadership Institute
- HSSU Law Enforcement Continuing Education Training

Budget Unit 150112B

Bill Section 3.205

The public institutions of higher education (IHE) are not included in the mandatory increases the state has provided for health care, retirement, and information technology increases provided to the rest of state government. Additionally, IHEs continue to face other increases in property insurance premiums, utilities and other facility related costs. As a result, IHEs must absorb mandatory increases which affects the quality of the education programs and facilities available to serve students. State appropriations, as a percentage of total revenues for public universities, dropped slightly from 26.4 percent in FY 2018 to 26 percent in FY 2023.

The House Appropriations staff have documented the salary and benefit history for state employees generally as cost of living adjustments, within grade and increased medical contributions since 1996 in the "2021 Budget Fast Facts" (Page 103). Those increases have not been provided to public higher education institutions.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Applying a 3 percent increase of \$15,042,237 to the University of Missouri Campuses' FY 2025 base core appropriation of \$501,407,886; giving FY 2026 a new base core appropriation of \$516,450,123.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This request is for continuation of the core funding for the University of Missouri - St. Louis (UMSL) for purposes of increasing international collaboration and promoting economic opportunity to help attract and retain new economic activity to the St. Louis region. The centerpiece of the program is the GlobalSTL program (formerly known as St. Louis-Israel Innovation Connection), which connects the economies of St. Louis and targeted international locations (including Israel, Ireland, and other countries) with a robust pipeline that engages and links experienced professionals to identified international companies who are likely to be attracted by St. Louis' convergence of corporate, university, and entrepreneurial strengths. Specific business strategies will partner prospective international companies with St. Louis and the State of Missouri's resources that might lead to recruitment of a presence in St. Louis.

Programs included are: Biotech - \$550,000, Center for Defense Medicine - \$600,000, Center for National Pandemic Resiliency (Infectious Disease) - \$250,000, Rural Economic Vitality Initiative - \$1,000,000.

2. CORE DESCRIPTION

The Spinal Cord Injury (SCI) fund, Section 304.027, RSMo, supports research in Missouri in the area of spinal cord injuries and congenital or acquired disease processes. Congenital spinal cord abnormalities, such as spinal bifida, include birth defects affecting the spinal cord. In addition to traumatic injuries to the spinal cord that lead to paralysis, acquired abnormalities could include Friedreich's ataxia, which manifests itself in teenage years and appears to run in families, as well as paralysis due to multiple sclerosis, polio, etc. This funding is used for research awards, consistent with authorizing legislation, to investigators affiliated with a public or private educational, health care, voluntary health association, or research institution.

2. CORE DESCRIPTION

This is a request for core funding for the Missouri Kidney Program (MoKP). MoKP is a state funded program, administered by the University of Missouri School of Medicine, providing financial assistance to eligible Missourians who have kidney failure and are on dialysis, or have received a kidney transplant. The program supports education and research, partners with dialysis centers and transplant centers statewide, and has longstanding expertise in health insurance coverage for kidney disease, including MO HealthNet (Medicaid) and Medicare.

2. CORE DESCRIPTION

The State Historical Society of Missouri is a trustee of the state, supported by state funds, and is directed by statute to collect, preserve, make accessible, and publish materials pertaining to the history of the state and the Middle West. The artifacts and collections recognize the importance of Missouri as the gateway to the west. This request is for a core appropriation of \$4,596,472 from general revenue.

Bill Section 3.230

The State Historical Society of Missouri (SHSMO) is the premier research center for the study of Missouri state and local history. Founded in May 1898 by the Missouri Press Association and established as a trustee of the state a year later, SHSMO collects, preserves, and publishes materials that enhance research and support learning opportunities in the study of the history of Missouri and the Midwest. The SHSMO receives a general revenue core appropriation to support its operations. The University operates as a fiscal agent for the Society.

The State Historical Society of Missouri (SHSMO) funding derives almost entirely from state general revenue, appropriation increases must be requested to cover employee salary and benefit cost.

Note: State Historical Society employees are not considered state employees, therefore they do not receive any additional increases in salary and benefits that state employees receive.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

SHSMO requests recurring funds of \$127,342 for 3.4% inflationary costs increase and associated benefits increase. The SHSMO new request is recurring.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The State Seminary Fund is authorized by Section 172.610, RSMo, and was created for the support of the University of Missouri's College of Agriculture and the School of Mines and Metallurgy. The State Treasurer is empowered to collect the interest on bonds when due, credit the Seminary Fund, and pay the Board of Curators the annual income received in the Seminary Fund upon requisition by the Board of Curators. This request is for \$275,000 in earnings from principal held in the Seminary Fund Investment Income. The \$3,000,000 in principal in Government Securities that were being held in the Seminary Fund Investments were removed due to changes in investment strategies as this fund is managed by the State Treasurer's Office and is no longer needed.
