This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amounts for the Fiscal Year 2026 pay plan are based on current time of state service for all full-time employees.

5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

A Grants Specialist at \$65,000 per year. The current grant specialist is a federal employee, who will no longer be performing the grants management function after the federal fiscal year. An Auditor at \$85,000 per year. Section 41.160 RSMo (12) states "The adjutant general shall direct the inspector general of state headquarters to conduct an annual inspection of the state militia fiscal and property account." The Inspector General is not legally allowed to conduct an inspection of state funds. An Internal Auditor position is needed to comply with the directive of the state statute. The Missouri National Guard receives and utilizes state and federal funding; it is critical that the newly formed department establishes a financial accountability foundation, to ensure compliance with state and federal funding requirements.

A Staff Development Training Specialist at \$80,000 per year. The Missouri National Guard is experiencing staffing challenges to accomplish existing Financial, Budget, Accounting, and Human Resource job functions while also fulfilling the responsibilities expected of our agency for the Missouri Vital Enterprises Resource System (MOVERS) project. While OA received funding for this project and have been posting jobs specific to the MOVERS project, agencies were not given funding and the Missouri National Guard is struggling to be successful with our limited resources both in day-to-day operations and the tasks expected with the MOVERs project. We are seeking one FTE, this position will be assigned to the financial, human resources and procurement phase implementation of the MOVERS project.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The grant specialist is essential for maintaining public trust, complying with regulatory requirements, and achieving our long-term success. The state Auditor has advised that these grant management duties should be performed by a state employee and not a federal employee.

The internal auditor would help our newly formed department:

2. CORE DESCRIPTION

House Bill, 1519 and 1165 established the Missouri National Guard (MONG) Trust Fund, Section 41.214 RSMo in FY98. The statute authorizes monies deposited to be used by the Office of the Adjutant General (OTAG)/Missouri National Guard for purposes pursuant to sections 41.010 to 41.1000 RSMo in support of the State Military Department and section 173.239 RSMo in support of the National Guard Tuition Assistance Program.

The National Guard Tuition Assistance Program: Core funding for the National Guard educational assistance program for MONG members authorized in section 173.239 RSMo. This program is the primary recruiting and retention tool for the Missouri National Guard as it builds troop strength and readiness. Maintaining Missouri's authorized Guard strength level is critical for the MONG to retain military units and related Federal Department of Defense funding. If Missouri is unable to maintain its authorized troop strength, then funding will be withdrawn and allocated to states demonstrating the ability to maintain troop strength. Missouri will lose the federal resources, jobs, and monies supporting those units, as well as the emergency response capability associated with them.

2. CORE DESCRIPTION

The USS Missouri, also known as the "Mighty Mo", is a historic battleship that played a significant role in World War II, the Korean War and the Persian Gulf War. It is one of the most famous and celebrated warships in American history. Throughout its active duty, the USS Missouri conducted various combat operations, shore bombardments, and acted as a deterrent force. Its involvement in the Korean War and the Persian Gulf War demonstrated its continued significance in modern conflicts.

Today, the USS MO is preserved as a museum ship, permanently docked at Pearl Harbor, Hawaii. It serves as a memorial to honor the history and sacrifices made by those who served on board. Visitors can explore the ship, learn about its storied past, and witness the location of the historic surrender ceremony.

The ship remains an enduring symbol of American naval power and the historical milestones it witnessed; it's legacy as a formidable battleship and its crucial role in World War II will forever be remembered.

2. CORE DESCRIPTION

This law authorized by section 42.170-42.222 RSMo, recognizes World War II, Korean Conflict, and Vietnam War veterans for their honorable service to our State. This entitles current Missouri Residents or former residents who entered or discharged from active duty service in Missouri during World War II (service between December 7, 1941 and December 31, 1946), Korean Conflict veterans (service between June 27, 1950 and January 31, 1955), and Vietnam veterans (service between February 28, 1961 and May 7, 1975) to receive a medallion, medal, and a certificate of appreciation. Any deceased Missouri veteran's surviving spouse/eldest survivor of a veteran who meet the qualifications may also apply. Senate Bill 600 (2014) created two new medallion programs, "Operation Desert Shield/Desert Storm (active service between August 7, 1990 and June 7, 1991) and the "Operation Iraqi Freedom/New Dawn" (service between March 19, 2003 and December 15, 2011) and broadened the eligibility requirements of Missouri National Guard to include members who served on active duty in a unit of the Missouri National Guard regardless of state residency.

2. CORE DESCRIPTION

The OTAG/MONG Field Support Program supports the operations and maintenance of the Missouri National Guard readiness centers and associated grounds. The OTAG operates 56 readiness centers in 54 locations; the average age of these facilities is in excess of 50 years, with 58% being over 40+ years of age.

These military facilities are state-owned and require recurring funding to support: operations, utilities, building, grounds maintenance and custodial requirements. Adequate Field Support program funding is critical to ensure members of the Missouri National Guard have sufficient facilities to conduct daily operations, to train, and to store, and maintain associated military equipment. These facilities are utilized during state emergency duty as operational staging areas, warming shelters, and distribution points for local communities. The facilities are also utilized by the Highway Patrol as driver testing sites. Failure to provide adequate operational support will ultimately result in a loss of federal funding and resources.

Other: Software updates

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri National Guard is requesting \$258,546 to perform software upgrades to its current stock of MONG owned Missouri Statewide Interoperability Network (MOSWIN) radios. Upgrading the current stock of APX8000/8500 radios will provide MONG with the level of encryption that is currently in use by many federal and state partners. It is essential that MONG is able to communicate with both federal and state partners during emergency response. MONG currently has 237 radios, and all need their encryption level updated.
