## **Department Description**

### **Missouri National Guard**

The Missouri National Guard was established as a state department pursuant to Article IV, Section 54, of the Missouri Constitution. The Director of the National Guard is the Adjutant General. The Adjutant General shall provide for the state militia, uphold the Constitution of the United States, uphold the Constitution of Missouri, protect the constitutional rights and civil liberties of Missourians, and provide other defense and security mechanisms as may be required. The National Guard shall administer the militia and programs of the state relating to military forces. The militia of the state of Missouri, which includes the Adjutant General and his office, constitutes the military division of the executive department of the state government, under the direct control of the Governor.

**Pay Plan**  
**DI# SWO.GV.002**

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The appropriated amounts for the Fiscal Year 2026 pay plan are based on current time of state service for all full-time employees.

**5. BREAK DOWN THE REQUEST BY BUDGET ACCOUNT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.**

**2. CORE DESCRIPTION**

Funding supports the operations of the Office of the Adjutant General, the headquarters of the Missouri National Guard (MONG). Provides logistical, personnel, command and control in support of the MONG's dual state and federal missions. Key programs include: Military and Veterans Records management, accounting, human resources, contracting, military support to civilian authorities, property accountability, vehicle fleet management, marksmanship, and environmental. Funding supports custodial and maintenance requirements for the MONG headquarters, as well as the State Emergency Management Agency and the Missouri Intelligence Analysis Center which are co-located at the National Guard Headquarters. This funding also supports equipment/supplies specific to the drug eradication mission.

A Grants Specialist at \$65,000 per year. The current grant specialist is a federal employee, who will no longer be performing the grants management function after the federal fiscal year. This position manages \$19 million in PS and \$39 million in E&E funds in contract services grants. This position is vital to ensure financial integrity and viability, and foster accountability and transparency.

An Auditor at \$85,000 per year. Section 41.160 RSMo (12) states "The adjutant general shall direct the inspector general of state headquarters to conduct an annual inspection of the state militia fiscal and property account." The Inspector General is not legally allowed to conduct an inspection of state funds. An Internal Auditor position is needed to comply with the directive of the state statute. The Missouri National Guard receives and utilizes state and federal funding; it is critical that the newly formed department establishes a financial accountability foundation, to ensure compliance with state and federal funding requirements.

A Staff Development Training Specialist at \$80,000 per year. The Missouri National Guard is experiencing staffing challenges to accomplish existing Financial, Budget, Accounting, and Human Resource job functions while also fulfilling the responsibilities expected of our agency for the Missouri Vital Enterprises Resource System (MOVERS) project. While OA received funding for this project and have been posting jobs specific to the MOVERS project, agencies were not given funding and the Missouri National Guard is struggling to be successful with our limited resources both in day-to-day operations and the tasks expected with the MOVERS project. We are seeking one FTE, this position will be assigned to the financial, human resources and procurement phase implementation of the MOVERS project.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? The grant specialist is essential for maintaining public trust, complying with regulatory requirements, and achieving our long-term success. The state Auditor has advised that these grant management duties should be performed by a state employee and not a federal employee.

The internal auditor would help our newly formed department:

1. Ensure financial accountability and transparency.
2. Identify and correct errors, fraud, and noncompliance with financial regulations.
3. Provide independent assessments of the Missouri National Guard's financial health and internal controls.
4. Recommend improvements to financial management process and procedures. For example, pursuant to Sections 41.214 and 173.239 RSMo, the Missouri National Guard implements the educational assistance program. As part of that implementation, and as outlined in 11 CSR 10-3.015, "Accounting records will be maintained by the State Educational Assistance Program administrator to ensure that the State Military Educational Assistance Program is administered in accordance with state law and payments are made within appropriation limits." The internal auditor would be a key contributor to ensuring compliance with the State Educational Assistance Program.
5. Enhance public trust and confidence in the organization's financial reporting.
6. Monitor the effectiveness of internal controls and risk management systems.
7. Evaluate the accuracy and reliability of financial statements and reports.
8. Assist with the development of budgets and financial plans.
9. Collaborate with other auditors' management, and stakeholders to address financial and accounting issues.
10. Promote best practices and comply with professional standards in financial auditing.

The staff development training specialist will be required to learn our existing processes and then transfer that knowledge to the MOVERS project full-time. This position will be involved in agency specific data conversion, testing various transaction scenarios, learn how to extract data from MOVERS for reporting purposes, and bring back that knowledge by training MONG system users. We are a relatively small department and do not have an FTE to reallocate for this position.

One time funds request of \$23,000. This would be a one-time expenditure for office equipment, computers, supplies, etc. for the three new positions requested.

Required Payment to OA ITSD for Productivity & Collaboration Tool.

Microsoft 365(M365) is the new productivity and collaboration suite being installed for the consolidated IT agencies. Microsoft 365 is a subscription service that looks to improve the integration and security between Microsoft products. It comes as a comprehensive package that offers: Office 365, Windows 10 Enterprise, Enterprise Mobility and Security. Microsoft 365 (M365) is designed in such a way as to allow organizations to function more efficiently in a secure environment. M365 is a product that the state is familiar with and it offers the tried and tested Word, Excel, PowerPoint, but adds the functionality of OneDrive, Teams, project management tools, user application tools and business intelligence capabilities. Having a platform like Microsoft 365 in place is critical to state business continuity.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

Advantages of M365: The State of Missouri's executive branch departments already use Microsoft based office programs. The Missouri National Guard has a unique dual mission, which means the Missouri National Guard can be activated by the President of the United States and Missouri's Governor, respectively. To achieve this dual mission, the Missouri National Guard needs software that allows employees to work together, from various locations, in a collaborative and secure way. M365 is the next step in the evolution of Microsoft based office products; it is a collection of productivity, collaboration, and cloud-based services. The flexibility, found in a package like M365, equips Missouri National Guard's employees to be able to do their job and respond to emergencies, from various locations, at various times, using various electronic devices. Furthermore, the collaboration possibilities will allow the Missouri National Guard to better work with other Missouri State Agencies and other stakeholders as needed.

Implementing M365 would result in relatively uninterrupted operations; M365 has automatic software updates, and because of its robustness, it reduces the need to buy, install, or subscribe to different common Microsoft products separately. This reduction may also allow members of the procurement and information technology teams, that are associated with buying, installing, and subscribing to software, to focus their limited time and resources on other important duties. Thus, this would lead to increased productivity and efficiency.

Requesting a core increase of \$44,500 in General Revenue E&E.

**Bill Section 8.500**

The Missouri National Guard is statutorily tasked with responding to domestic threats and emergencies in the State of Missouri.

Pursuant to Section 41.160 RSMo, part of the Adjutant General's duties includes the "supervision of all matters pertaining to the administration, discipline, mobilization, organization and training of the organized militia of the state."

Thus, in times of crisis, the Missouri National Guard needs a skilled senior public relations specialist that is equipped and able to communicate with internal leadership, elected officials, the citizens of the state, and the media. This specialist will act as a key liaison and communications strategist, that will help keep external stakeholders informed on programs/initiatives, crises, and departmental developments.

Hiring a senior public relations specialist can help the Missouri National Guard increase public awareness of programs and initiatives across communities, and effectively engage with external stakeholders during domestic threats and emergencies.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? Moreover, this request for funding for a senior public relations specialist for the Missouri National Guard can be beneficial for several reasons, some of which include:

1. Promoting a positive image of the Missouri National Guard, highlighting its contributions to the state and the nation, and addressing any misconceptions or negative perceptions.
2. Improving communication between the Missouri National Guard and its various stakeholders, including the media, elected officials, and the public.
3. Increasing awareness of the Missouri National Guard's programs and initiatives, such as youth programs, community outreach efforts, and emergency response training.
4. Developing, enhancing, and implementing crisis communication plans, ensuring that the Missouri National Guard can effectively communicate with stakeholders in the event of an emergency or crisis.
5. Improving and building relationships with the media, ensuring that Missouri National Guard can effectively communicate its message and respond to media inquiries in a timely and accurate manner.

Requesting a core increase of \$65,000 in General Revenue PS. One time funds request of \$7,500. This would be a one-time expenditure for office equipment, computers, supplies, etc.

**Bill Section 08.505**

House Bill, 1519 and 1165 established the Missouri National Guard (MONG) Trust Fund, Section 41.214 RSMo in FY98. The statute authorizes monies deposited to be used by the Office of the Adjutant General (OTAG)/Missouri National Guard for purposes pursuant to sections 41.010 to 41.1000 RSMo in support of the State Military Department and section 173.239 RSMo in support of the National Guard Tuition Assistance Program.

The National Guard Tuition Assistance Program: Core funding for the National Guard educational assistance program for MONG members authorized in section 173.239 RSMo. This program is the primary recruiting and retention tool for the Missouri National Guard as it builds troop strength and readiness. Maintaining Missouri's authorized Guard strength level is critical for the MONG to retain military units and related Federal Department of Defense funding. If Missouri is unable to maintain its authorized troop strength, then funding will be withdrawn and allocated to states demonstrating the ability to maintain troop strength. Missouri will lose the federal resources, jobs, and monies supporting those units, as well as the emergency response capability associated with them.

The Military Veteran Funeral Honors Program: Authorized in section 41.958 RSMo., this statute gives the OTAG/MONG the mission of providing military honor services to all deceased MO veterans. It is estimated that 470,000 veterans currently reside in Missouri. In FY 23, Missouri Funeral Honor Program coordinated approximately 8,400 and conducted over 4,280 missions of those missions coordinated. The appropriation helps ensure that MO deceased military veterans receive proper military honors (Burial services) to which they are entitled based on their patriotic service to our nation and state.

**Bill Section 8.505**

The Missouri National Guard is statutorily tasked with providing Military Funeral Honors in the State of Missouri. Section 41.958 RSMo, states in part, "When requested by the commander of any recognized veterans' organization, military commander or by any friend or relative of a deceased person or the director of a funeral home for any deceased person who served in the Armed Forces of the United States during a time of war or is otherwise entitled to military honors at the person's burial, internment or memorial service, the adjutant general shall, subject to appropriation, order the appropriate requested uniformed honor detail to attend and render the appropriate services or request and coordinate the appropriate detail with a recognized veterans' organization." Military Funeral Honors are the ceremonial paying of respect and the final demonstration of the country's gratitude to those who, in times of war and peace, faithfully defended our nation. The ceremony consists of, at minimum, the folding and presentation of the American flag and the sounding of "Taps" by a detail of two uniformed members of the military services.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The Missouri National Guard does not have the personnel needed to be able to handle the volume of these military funerals throughout the State of Missouri. Funerals are held in urban, suburban, and rural parts of this state. In Fiscal Year 2023, the Funeral Honors Program coordinated 8,295 military funerals. To meet the statutory obligation, the Missouri National Guard pays Veteran Service Organizations (VSOs) to provide military funeral honors. There has not been an increased funding request for this purpose in decades; in that time, costs have risen due to inflation and other factors. VSO's currently receive \$100 per service. The Missouri National Guard needs to be able to pay the VSOs a reasonable rate, for their personnel, volunteers, and resources. The increased funding request, to support Military Funeral Honors, positions our department to be able to retain and pay the VSOs. The Missouri National Guard and veterans rely on the work of the VSOs, without them, the Missouri National Guard would be overburdened and would not be able to provide the veterans and their families with the honors that they have earned. Requesting a core increase of \$800,000 in General Revenue E&E.

**2. CORE DESCRIPTION**

The USS Missouri, also known as the "Mighty Mo", is a historic battleship that played a significant role in World War II, the Korean War and the Persian Gulf War. It is one of the most famous and celebrated warships in American history. Throughout its active duty, the USS Missouri conducted various combat operations, shore bombardments, and acted as a deterrent force. Its involvement in the Korean War and the Persian Gulf War demonstrated its continued significance in modern conflicts. Today, the USS MO is preserved as a museum ship, permanently docked at Pearl Harbor, Hawaii. It serves as a memorial to honor the history and sacrifices made by those who served on board. Visitors can explore the ship, learn about its storied past, and witness the location of the historic surrender ceremony. The ship remains an enduring symbol of American naval power and the historical milestones it witnessed; it's legacy as a formidable battleship and its crucial role in World War II will forever be remembered.

**2. CORE DESCRIPTION**

This law authorized by section 42.170-42.222 RSMo, recognizes World War II, Korean Conflict, and Vietnam War veterans for their honorable service to our State. This entitles current Missouri Residents or former residents who entered or discharged from active duty service in Missouri during World War II (service between December 7, 1941 and December 31, 1946), Korean Conflict veterans (service between June 27, 1950 and January 31, 1955), and Vietnam veterans (service between February 28, 1961 and May 7, 1975) to receive a medallion, medal, and a certificate of appreciation. Any deceased Missouri veteran's surviving spouse/eldest survivor of a veteran who meet the qualifications may also apply. Senate Bill 600 (2014) created two new medallion programs, "Operation Desert Shield/Desert Storm (active service between August 7, 1990 and June 7, 1991) and the "Operation Iraqi Freedom/New Dawn" (service between March 19, 2003 and December 15, 2011) and broadened the eligibility requirements of Missouri National Guard to include members who served on active duty in a unit of the Missouri National Guard regardless of state residency.

**2. CORE DESCRIPTION**

The OTAG/MONG Field Support Program supports the operations and maintenance of the Missouri National Guard readiness centers and associated grounds. The OTAG operates 56 readiness centers in 54 locations; the average age of these facilities is in excess of 50 years, with 58% being over 40+ years of age. These military facilities are state-owned and require recurring funding to support: operations, utilities, building, grounds maintenance and custodial requirements. Adequate Field Support program funding is critical to ensure members of the Missouri National Guard have sufficient facilities to conduct daily operations, to train, and to store, and maintain associated military equipment. These facilities are utilized during state emergency duty as operational staging areas, warming shelters, and distribution points for local communities. The facilities are also utilized by the Highway Patrol as driver testing sites. Failure to provide adequate operational support will ultimately result in a loss of federal funding and resources.

**2. CORE DESCRIPTION**

The Missouri National Guard operates several training sites across Missouri, including the Ike Skelton Training Site (ISTS) which houses the Office of the Adjutant General, Missouri State Emergency Management Agency and Missouri Information Analysis Center. Approximately 600 FTE are stationed at ISTS and Camp Clark training sites where military and general public employee training is conducted. The National Guard Training Site Fund authorized in Section 41.212 RSMo, allows the OTAG to charge for services provided at the training sites and to retain monies collected in the Training Site Revolving Fund to use as an offset to the cost of service.

**2. CORE DESCRIPTION**

The Office of the Adjutant General Contract Service Core Program, through Federal Government cooperative funding agreements with the National Guard Bureau (Washington, D.C.), provides funding necessary for the operation of Army and Air National Guard Facilities and activities including: facility minor maintenance and repair, military training, equipment maintenance, telecommunication, automated target ranges, facility security, fire protection, electronic security, environmental and aviation repair. The various cooperative agreements included in the program are supported with 50%, 75%, 84% and 100% federal funding/matching. The core general revenue and other portions included in this item, requests funding necessary for the 50%, 25% and 16% state match required to support Missouri's share of the cost of these agreements.

**Bill Section 8.540**

The Missouri National Guard is requesting \$258,546 to perform software upgrades to its current stock of MONG owned Missouri Statewide Interoperability Network (MOSWIN) radios. Upgrading the current stock of APX8000/8500 radios will provide MONG with the level of encryption that is currently in use by many federal and state partners. It is essential that MONG is able to communicate with both federal and state partners during emergency response. MONG currently has 237 radios, and all need their encryption level updated.

Radios will be located at Armories, Major Senior Commands, and Select Units, such as the Civil Support Team and Homeland Response Force, for operational use as part of the MONG Signal Operations Plan. A stock of radios will be maintained at the Ike Skelton Training Site, Jefferson City Blue Armory, and Fort Leonard Wood as part of the Emergency Communications (ECOMS) and Continuity of Operations (COOP) plan.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The Missouri Interoperability Center manages the MOSWIN, which allows local, state and federal response partners to communicate with each other across the state. MOSWIN is a network of communications towers, base stations, dispatch consoles and communications software with over 150 tower sites statewide interfacing with more than 55,000 radios used by more than 1,500 agencies for internal communications or as an interoperability platform with other users. Furthermore, communication is key to the Adjutant General's ability to fulfill his statutory duties. Specifically, Section 41.160.7 RSMo, says, "The adjutant general shall record, authenticate and communicate to troops and individuals of the militia all orders, instructions and regulations." The use of the radios is part of the tools that can be used to communicate sensitive and evolving orders, instructions, and regulations, in times of emergency. Requesting a one-time purchase of \$258,546.00 in General Revenue E&E.

**Bill Section 8.540**

After a federal program audit was completed of the Ike Skelton Training Site mailroom, the report recommended hiring two additional staff members to address identified deficiencies and improve the efficiency of the program's operations. Spending authority for federal dollars is requested for a Program Specialist at \$50,000 with \$33,654 in fringe benefits per year and Administrative Support Assistant at \$40,000 plus \$29,927 in fringe benefits per year. By investing in a program specialist for the mailroom, MONG can improve its mailroom operations, increase efficiency, and support the delivery of essential documents and communications to its staff and stakeholders. The efficient handling of mail contributes to the timely dissemination of information; this is essential for stakeholders to be able to meet deadlines, communicate with relevant partners, and receive time-sensitive information.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

The Mail Service Program is responsible for managing and coordinating various mailroom functions, such as mail sorting, delivery, and tracking. Funding is needed for a program specialist and administrative support assistant for the mailroom to:

1. Develop and implement mailroom policies and procedures, including processing and delivery of incoming and outgoing mail.
2. Manage and maintain mailroom equipment, such as sorting machines, postage meters, and packing materials.
3. Coordinate and manage mailroom schedules, including mail pickups, deliveries, and deadlines.
4. Provide customer service and support to mailroom users, including answering questions and resolving issues related to mail delivery.
5. Collaborate with other departments and stakeholders to ensure mailroom functions are aligned with the organization's goals.
6. Stay current on best practices and emerging trends in mailroom management and delivery.

Requesting a core increase of \$153,581 in Federal PS and 2.00 Federal FTE
