Click on: Access our online inventory

Your login will be your email address if it is on file with our office and then lower case 'password'.

To change your password, click on Donee Profile and then Individual profile.

Our property is divided into two numbers: Line numbers and F numbers. The line numbers are our bigger items and are anything over the \$500 acquisition cost (what it cost the federal government).

We have pictures for these line items. Click on the inventory tab and then click on Federal Surplus Property.

You can search all records or search by description. For example: tools, medical, generators, etc.

At the bottom is how many records and the number of pages. Click on next to scroll through.

We do not have pictures for our F numbers which is anything below the \$500 acquisition cost (what it cost the federal government). F number include office supplies, office equipment, hand tools, power tools, furniture, medical etc. Examples of F number descriptions are under the Federal Surplus Property Program to the right and then click on F Number Inventory Info.
