STATEWIDE CONTRACT HISTORY

The following summarizes actions related to this Notification of Statewide Contract since its initial issuance. Any and all revisions have been incorporated into the attached document.

Contract Period	Issue Date	Summary of Changes
November 23, 2016 through June 30, 2017	04/11/17	Roll-over extension completed for Ford Fusion S and Ford Fusion S Hybrid through December 31, 2017. All other models still active through June 30, 2017 or their order cut-off date.
November 23, 2016 through June 30, 2017	03/13/17	Added cut-off date for Chevrolet Impala.
November 23, 2016 through June 30, 2017	02/22/17	Added cut-off dates for Ford Fusion and Dodge Charger.
November 23, 2016 through June 30, 2017	12/08/16	Added additional CAFÉ ratings.
November 23, 2016 through June 30, 2017	12/01/16	Added CAFÉ ratings to all models available. Will update notice at a later date when EPA information is updated.
November 23, 2016 through June 30, 2017	11/29/16	Updated statewide notice to remove regular fuel vehicles where there was an alternate fuel vehicle available in the same model and price.
November 23, 2016 through June 30, 2017	11/23/16	Initial issuance of new statewide contract

PASSENGER CARS – 2017 MODEL YEAR
(Statewide)

GENERAL INFORMATION

SAM 2 User Note: The state agency user will note that not all line item numbers on this notice and on SAM 2 are consecutively numbered. This is because the numbering herein follows the numbering from the RFP, which will also be the numbering the contractor will use for invoicing. For reasons of consistency between the RFP document and the contract, the line items herein follow the RFP even though they are not consecutive. SAM 2 line item numbering should match numbering on this statewide notice.

Vehicle specifications and prices, including options, are included herein.

ORDERING

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre-approval form and submit to Cindy Dixon, State Fleet Manager. The pre-approval form can be found at the following website address:

<http://oa.mo.gov/general-services/state-fleet-management/vehicle-preapproval-process-and-vehicle-credits>

Once the state agency receives approval from the State Fleet Manager, the agency shall issue its own PGQ (Quick Price Agreement) order. The contractor must not ship until they are in receipt of a hard copy PGQ order.

Cooperative Procurement Members Note: The Vehicle Pre-Approval Form does not apply to cooperative procurement members only to State of Missouri agencies.

SPECIFIC CONTRACTUAL AND PERFORMANCE REQUIREMENTS OF THE CONTRACTORS:

General:

The contractor shall provide 2017 model year fleet passenger cars with all manufacturer standard equipment and any additional equipment required by the State of Missouri on an as needed, if needed basis. The base price on contract shall include all mandatory requirements and specifications presented herein.

All items of standard equipment which are normally provided with each vehicle by the manufacturer shall be furnished unless such items are expressly deleted or are specified to be other than standard.

All options and/or accessories stated herein must be manufacturer's original equipment. Aftermarket options and/or accessories shall not be acceptable.

As applicable, all options must be factory installed.

Each vehicle shall be clean, lubricated, serviced and ready for immediate service. This shall include installation of all required options and accessories and removal of all plastic from interior and exterior of the vehicle.

Warranty:

The Standard Factory Warranty shall apply to all vehicles. A properly executed warranty must be delivered with the vehicle. The warranty shall not become effective until the unit is placed in service.

All warranty service must be performed in Missouri.

PASSENGER CARS – 2017 MODEL YEAR
(Statewide)

Order Documentation Requirement:

At no cost to the State of Missouri, and upon request of the state agency, the contractor must provide the state agency with a copy of the order documentation submitted to the manufacturer when ordering each vehicle.

Delivery:

Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, Central Time. Deliveries shall not be made on state holidays.

The contractor shall notify the state agency a minimum of twenty-four (24) hours prior to delivery of the vehicle to the state agency location.

The contractor must understand and plan accordingly that upon delivery the state agency representative must verify the vehicle delivered has all required equipment and options and that nothing was damaged during the delivery of the vehicle. If something is damaged during delivery of the vehicle the contractor shall be responsible for all costs associated with the repair of any such damage.

Each vehicle shall be delivered with the proper form to apply for Missouri title and license including the Manufacturer's Statement of Origin and invoice.

Each vehicle shall be delivered with the owner's manual.

The contractor shall comply with the manufacturer's recommended pre-delivery service.

In the event the contractor fails to deliver the vehicle by the stated ARO time, the State of Missouri reserves the right to find the same or similar vehicle from another source, and to charge the contractor the difference for the substitution. In assessing the applicability of this provision, the State of Missouri will consider the degree of contractor responsibility in the delay.

The contractor shall understand and agree that the delivery charges (line items 30 or 31) shall not be applied nor invoiced to vehicles purchased by and delivered to Missouri state agencies. Any delivery charges shall only apply to public entities making purchases through the Missouri Cooperative Procurement Program. The contractor shall be entitled to receive the per mile delivery price (line item 30) or the guaranteed, not-to-exceed total delivery price per vehicle (line item 31) which can only be assessed for delivery of a vehicle to any cooperative entity throughout the State of Missouri. If the contractor proposes both the per mile delivery price and the guaranteed, not-to-exceed total delivery price, the contractor shall understand that the total delivery price assessed by way of the per mile price (line item 30) shall not exceed the guaranteed-not-to-exceed total delivery price per vehicle (line item 31). The lesser of the two prices (line items 30 or 31) shall be charged to the public entity.

Potential Recall or Manufacturer Initiated Customer Service Action/Notification Requirement:

The contractor shall be responsible for accessing potential recall notices from the National Highway Traffic Safety Administration (NHTSA), as well as any manufacturer initiated customer service actions prior to delivering the vehicles to the state agency location. If a recall or customer service action is found for the vehicle being delivered to the state agency, the contractor should, to the best of their ability, complete the necessary action(s) prior to delivery. If the contractor is unable to address the required recall or customer

PASSENGER CARS – 2017 MODEL YEAR
(Statewide)

service action(s) prior to delivery, the contractor must inform the state agency of the “open” recall or customer service action upon delivery. The contractor shall then assist the state agency in getting the recall or customer service action(s) completed as quickly as possible.

Financial Responsibility:

The State of Missouri recognizes that dealerships may make financial arrangements that result in a finance company retaining a security interest in vehicles the State of Missouri purchases until such time as the dealership receives payment in full for those vehicles. The contractor shall understand and agree that a separate "Acknowledgement of Security Interest and Assignment" or similar document shall not be necessary and shall not be signed by the State of Missouri.

Substitutions:

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.

In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor’s failure to provide an acceptable substitute may result in cancellation or termination of the contract.

Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.

Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.

The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

Repair or Replacement of Damaged Product:

The contractor shall be responsible for repairing any item or components received in damaged condition at no cost to the State of Missouri. In the event the item cannot be repaired or if the repair would otherwise compromise the integrity of the vehicle and the manufacturer warranty, then the contractor must replace the item or component in its entirety at no additional cost to the state. This includes all delivery/transportation costs for returning non-functional items to the contractor for replacement.

NOTE: IF ANY OF THE ABOVE PERFORMANCE REQUIRMENTS ARE NOT MET AND/OR VEHICLE DELIVERED DOES NOT HAVE ALL NECESSARY EQUIPMENT, PLEASE CONTACT TERI SCHULTE AT (573) 522-3296 OR teri.schulte@oa.mo.gov.
