December 26, 2017 through June 30, 2018	12/28/17	Initial issuance of new statewide contract

**PASSENGER AND CARGO VANS – 2018 MODEL YEAR
(Statewide)**

GENERAL INFORMATION

SAM 2 User Note: The state agency user will note that not all line item numbers on this notice and on SAM 2 are consecutively numbered. This is because the numbering herein follows the numbering from the RFP, which will also be the numbering the contractor will use for invoicing. For reasons of consistency between the RFP document and the contract, the line items herein follow the RFP even though they are not consecutive. SAM 2 line item numbering should match numbering on this statewide notice.

Vehicle specifications and prices, including options, are included herein.

BRAND AND MODEL

Contract Number	Line Item Description	Brand/Model Awarded	Contractor
CC180233001	Seven (7) Passenger Mini-Van; Alternative Fuel	Dodge Grand Caravan SE	Lou Fusz Dodge
CC180233002	Cargo Mini-Van	Ford Transit Connect XL LWB Cargo Van	Joe Machens Ford
CC180233003	Twelve (12) Passenger Full-Size Van	Chevrolet Express Passenger LS 2500	Putnam Chevrolet
CC180233004	Fifteen (15) Passenger Full-Size Van	Chevrolet Express 3500 15 Passenger	Don Brown Chevrolet
	Full-Size Cargo Van	Chevrolet Express Cargo 2500	

ORDERING

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre-approval form and submit to Stan Perkins, Acting State Fleet Manager. The pre-approval form can be found at the following website address:

<http://oa.mo.gov/general-services/state-fleet-management/vehicle-preapproval-process-and-vehicle-credits>

Once the state agency receives approval from the State Fleet Manager, the agency shall issue its own PGQ (Quick Price Agreement) order in SAMII or a requisition within MissouriBUYS. The contractor must not ship until they are in receipt of a hard copy PGQ order.

Cooperative Procurement Members Note: The Vehicle Pre-Approval Form does not apply to cooperative procurement members – only to State of Missouri agencies.

PASSENGER AND CARGO VANS – 2018 MODEL YEAR
(Statewide)

SPECIFIC CONTRACTUAL AND PERFORMANCE REQUIREMENTS OF THE CONTRACTORS:

General:

The contractor shall provide Model Year 2018 Fleet Passenger and Cargo Vans with all manufacturer standard equipment and any additional equipment required by the State of Missouri on an as needed, if needed basis. The base price on contract shall include all mandatory requirements and specifications presented herein.

All items of standard equipment which are normally provided with each vehicle by the manufacturer shall be furnished unless such items are expressly deleted or are specified to be other than standard.

All options and/or accessories stated herein must be manufacturer's original equipment. Aftermarket options and/or accessories shall not be acceptable.

As applicable, all options must be factory installed.

Each vehicle shall be clean, lubricated, serviced and ready for immediate service. This shall include installation of all required options and accessories and removal of all plastic and signage (e.g. window sticker) from the interior and exterior of the vehicle. The window sticker may be left in the "glove box" or included with other documentation.

Corporate Average Fuel Economy (CAFE) Standard Requirement:

The contractor shall only provide vehicles under contract from manufacturers that meet the federal government's Corporate Average Fuel Economy (CAFE) standard as established by the National Highway Traffic Safety Administration (NHTSA) for the respective class of vehicle stated in the RFP.

Single Point of Contact:

The contractor shall act for the state agency or public entity as a "single point of contact" regarding all contract use issues such as ordering, invoicing, delivery, and payment.

As the single point of contact, the contractor/subcontractor must provide a minimum of one (1) customer service representative assigned to the State of Missouri contract. It is highly desirable the contractor provide a back-up representative as well. The contractor's customer service representative and the backup, if provided, must promptly answer questions and resolve problems that arise. The customer service representative must be available to the State during the contractor's regular operating hours. Contract representatives shall be available to the state agencies by phone, fax, or email. The contractor/subcontractor shall provide all contact information to the Division of Purchasing and keep it maintained and updated through the duration of the contract.

Warranty:

The Manufacturer's Standard Factory Warranty shall apply to all vehicles. A properly executed warranty must be delivered with the vehicle. The warranty shall not become effective until the vehicle is delivered to and accepted by the state agency.

All warranty service must be performed in Missouri.

PASSENGER AND CARGO VANS – 2018 MODEL YEAR
(Statewide)

Order Documentation Requirement:

At no cost to the State of Missouri, and upon request of the state agency, the contractor must provide the state agency with a copy of the order documentation submitted to the manufacturer when ordering each vehicle.

Delivery:

Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, Central Time. Deliveries shall not be made on state holidays.

The contractor shall notify the state agency a minimum of twenty-four (24) hours prior to delivery of the vehicle to the state agency location.

The contractor must understand and plan accordingly that upon delivery the state agency representative must verify the vehicle delivered has all required equipment and options and that nothing was damaged during the delivery of the vehicle. If something is damaged during delivery of the vehicle, the contractor shall address in accordance with the paragraphs below relating to repair or replacement of damaged product.

Each vehicle shall be delivered with the proper form to apply for Missouri title and license including the Manufacturer's Statement of Origin and invoice.

- a. The invoice/title for all alternative fuel vehicles must clearly indicate the vehicle is alternative fuel (flex fuel (FFV) or E-85).

Each vehicle shall be delivered with the owner's manual.

The contractor shall comply with the manufacturer's recommended pre-delivery service.

In the event the contractor fails to deliver the vehicle by the stated ARO time, the State of Missouri reserves the right to find the same or similar vehicle from another source, and to charge the contractor the difference for the substitution. In assessing the applicability of this provision, the State of Missouri will consider the degree of contractor responsibility in the delay.

The contractor shall understand and agree that the delivery charges (line items 67 and 68) shall not be applied nor invoiced to vehicles purchased by and delivered to Missouri state agencies. Any delivery charges shall only apply to public entities making purchases through the Missouri Cooperative Procurement Program. The contractor shall be entitled to receive the per mile delivery price (line item 67) or the guaranteed, not-to-exceed total delivery price per vehicle (line item 68) which can only be assessed for delivery of a vehicle to any cooperative entity throughout the State of Missouri. If the contractor proposes both the per mile delivery price and the guaranteed, not-to-exceed total delivery price, the contractor shall understand that the total delivery price assessed by way of the per mile price (line item 67) shall not exceed the guaranteed-not-to-exceed total delivery price per vehicle (line item 68). The lesser of the two prices (line items 67 or 68) shall be charged to the public entity.

Repair or Replacement of Damaged Product:

The contractor shall be responsible for repairing any item or components received in damaged condition at no cost to the State of Missouri. In the event the item cannot be repaired or if the repair would otherwise compromise the integrity of the commodity and the manufacturer warranty, then the contractor must replace the item or component in its entirety at no additional cost to the state. This includes all delivery/transportation costs for returning non-functional items to the contractor for replacement.

PASSENGER AND CARGO VANS – 2018 MODEL YEAR
(Statewide)

Potential Recall or Manufacturer Initiated Customer Service Action/Notification Requirement:

The contractor shall be responsible for accessing potential recall notices from the National Highway Traffic Safety Administration (NHTSA), as well as any manufacturer initiated customer service actions prior to delivering the vehicles to the state agency location. If a recall or customer service action is found for the vehicle being delivered to the state agency, the contractor should, to the best of their ability, complete the necessary action(s) prior to delivery. If the contractor is unable to address the required recall or customer service action(s) prior to delivery, the contractor must inform the state agency of the “open” recall or customer service action upon delivery. The contractor shall then assist the state agency in getting the recall or customer service action(s) completed as quickly as possible.

Financial Responsibility:

The State of Missouri recognizes that dealerships may make financial arrangements that result in a finance company retaining a security interest in vehicles the State of Missouri purchases until such time as the dealership receives payment in full for those vehicles. The contractor shall understand and agree that a separate "Acknowledgement of Security Interest and Assignment" or similar document shall not be necessary and shall not be signed by the State of Missouri.

Substitutions:

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing.

In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing shall be the final authority as to acceptability of any proposed substitution.

Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing prior to the state acquiring the substitute item under the contract.

The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

NOTE: IF ANY OF THE ABOVE PERFORMANCE REQUIRMENTS ARE NOT MET AND/OR VEHICLE DELIVERED DOES NOT HAVE ALL NECESSARY EQUIPMENT, PLEASE CONTACT TERI SCHULTE AT (573) 522-3296 OR teri.schulte@oa.mo.gov.
