

Single Feasible Source Purchase

Title: Behavioral Healthcare Performance Management System (BHPMS) Services for ORYX

Description: The Missouri Department of Mental Health (DMH) psychiatric facilities have an ongoing need for the BHPMS data collection and submission services provided by NASMHPD Research Incorporated (NRI) as part of The Joint Commission accreditation process and Medicare and Medicaid Services accountability data submissions required for health care organizations receiving federal funding. NRI is the only vendor utilized by state-operated psychiatric facilities for these services. As a result, this represents a proprietary requirement that meets the criteria of a single feasible source under RSMo 34.044 and the State is pursuing this acquisition as a Single Feasible Source.
